[Music]

2
00:00:17,230 --> 00:00:08,880

one realizes very quickly we've been

3
00:00:17,240 --> 00:00:25,630

I had access to to all those programs

4
00:00:28,790 --> 00:00:27,830

[Music]

5
00:00:39,369 --> 00:00:28,800

thank you

6
00:00:43,670 --> 00:00:39,379

[Music]

7
00:00:45,709 --> 00:00:43,680

40 feet long no windows no no real wings

8
00:00:47,990 --> 00:00:45,719

or control surfaces no obvious signs of

9
00:00:49,610 --> 00:00:48,000

repulsion and yet this object is

10
00:00:53,900 --> 00:00:49,620

witnessed Now by four separate

11
00:01:04,310 --> 00:01:01,369

[Music]

12
00:01:06,289 --> 00:01:04,320

hey guys how's it going welcome back to

13
00:01:09,289 --> 00:01:06,299

the channel good to see a lot of people

14

00:01:10,910 --> 00:01:09,299

here in the live chat as always

15

00:01:12,770 --> 00:01:10,920

um if you guys have any questions as

16

00:01:15,710 --> 00:01:12,780

always put them in capital letters keep

17

00:01:17,510 --> 00:01:15,720

the chat nice and polite even if we have

18

00:01:20,210 --> 00:01:17,520

differences of opinions we don't need to

19

00:01:22,370 --> 00:01:20,220

be horrible

20

00:01:23,749 --> 00:01:22,380

um yeah I think one thing I'd like to

21

00:01:25,910 --> 00:01:23,759

mention before we bring on my guest

22

00:01:29,030 --> 00:01:25,920

today is uh I'm sure you're all aware of

23

00:01:31,249 --> 00:01:29,040

Andy mcgrillin and that UFO podcast well

24

00:01:33,230 --> 00:01:31,259

uh he's a part of UAP media UK along

25

00:01:35,450 --> 00:01:33,240

with myself and a few other good folk

26

00:01:38,330 --> 00:01:35,460

and we are about to launch our annual

27

00:01:39,830 --> 00:01:38,340

fundraiser raffle which we do each year

28

00:01:41,630 --> 00:01:39,840

at this time

29

00:01:44,210 --> 00:01:41,640

um and Andy has already released the

30

00:01:46,550 --> 00:01:44,220

first kind of um way of supporting it

31

00:01:48,649 --> 00:01:46,560

and that is Sean Cahill's track Goblin

32

00:01:51,050 --> 00:01:48,659

problems which is used at the end of

33

00:01:53,929 --> 00:01:51,060

each show on that UFO podcast you can

34

00:01:55,429 --> 00:01:53,939

now own the entire track

35

00:01:56,749 --> 00:01:55,439

um the link is in the description you

36

00:01:58,850 --> 00:01:56,759

can go and I think it's a three pound

37

00:02:01,069 --> 00:01:58,860

minimum you can pay what you want after

38

00:02:03,770 --> 00:02:01,079

that if you want to donate more and it

39

00:02:06,289 --> 00:02:03,780

all goes to cash for Kids Charity so

40

00:02:06,950 --> 00:02:06,299

we're going to announce the big uh the

41

00:02:08,809 --> 00:02:06,960

full

42

00:02:10,370 --> 00:02:08,819

fundraiser in the next few days and

43

00:02:12,830 --> 00:02:10,380

there's some incredible prizes up for

44

00:02:16,130 --> 00:02:12,840

grabs so look out on my social medias

45

00:02:18,110 --> 00:02:16,140

that you have a podcast UAP media UK and

46

00:02:20,570 --> 00:02:18,120

you'll see how you can kind of take part

47

00:02:22,490 --> 00:02:20,580

and support two good charities

48

00:02:24,530 --> 00:02:22,500

so with that out the way guys thank you

49

00:02:27,290 --> 00:02:24,540

for being here um my guest tonight is

50

00:02:29,210 --> 00:02:27,300

Paul Sinclair I met Paul back in June in

51
00:02:31,369 --> 00:02:29,220
Blackpool uh The Awakening conference

52
00:02:33,410 --> 00:02:31,379
and I said Paul I need to interview on

53
00:02:35,210 --> 00:02:33,420
the show and it's took till the end of

54
00:02:36,290 --> 00:02:35,220
November but we're here today and it's

55
00:02:39,229 --> 00:02:36,300
going to be a really fascinating

56
00:02:40,369 --> 00:02:39,239
conversation so please welcome Paul

57
00:02:43,250 --> 00:02:40,379
Sinclair

58
00:02:45,170 --> 00:02:43,260
I'm gilvini great to be here and uh

59
00:02:46,970 --> 00:02:45,180
we'll just share a few bits of

60
00:02:49,910 --> 00:02:46,980
information with your yourself and your

61
00:02:51,949 --> 00:02:49,920
guests I really appreciate it really do

62
00:02:53,150 --> 00:02:51,959
appreciate having you on

63
00:02:54,650 --> 00:02:53,160

um

64

00:02:56,390 --> 00:02:54,660

now I think the best place to start

65

00:02:59,030 --> 00:02:56,400

would just be your background you know

66

00:03:01,910 --> 00:02:59,040

and what kind of got you into the whole

67

00:03:03,949 --> 00:03:01,920

UFO paranormal Cryptid the whole sort of

68

00:03:07,550 --> 00:03:03,959

uh mysterious subject if you don't mind

69

00:03:10,009 --> 00:03:07,560

yeah not a problem Cryptids no idea how

70

00:03:11,570 --> 00:03:10,019

I got into it well we're writing first

71

00:03:15,830 --> 00:03:11,580

book there weren't an interest there

72

00:03:19,190 --> 00:03:15,840

until probably 2015. uh none at all uh

73

00:03:20,990 --> 00:03:19,200

not so I've locked into UFOs always had

74

00:03:23,809 --> 00:03:21,000

an interest due to

75

00:03:26,930 --> 00:03:23,819

my own experiences in childhood

76

00:03:27,949 --> 00:03:26,940

and uh I don't even think I don't even

77

00:03:30,949 --> 00:03:27,959

think you know you've got an interest

78

00:03:33,350 --> 00:03:30,959

it's just there it just it just comes

79

00:03:36,110 --> 00:03:33,360

with you from childhood kind of throwing

80

00:03:38,210 --> 00:03:36,120

all that all that stopped probably

81

00:03:39,530 --> 00:03:38,220

at the age of about

82

00:03:42,949 --> 00:03:39,540

I don't know

83

00:03:46,369 --> 00:03:42,959

17 18 and then

84

00:03:48,729 --> 00:03:46,379

for some reason no idea why and and then

85

00:03:51,530 --> 00:03:48,739

as soon as I moved to Bridlington in

86

00:03:52,490 --> 00:03:51,540

1993 stroke four I'd never get it quite

87

00:03:55,309 --> 00:03:52,500

right

88

00:03:57,410 --> 00:03:55,319

it it it it it literally started

89

00:03:59,030 --> 00:03:57,420

again and I don't mean it started again

90

00:04:01,309 --> 00:03:59,040

that year or two years after it

91

00:04:04,309 --> 00:04:01,319

literally started within days of Mo

92

00:04:06,649 --> 00:04:04,319

buying this property which was strange

93

00:04:08,869 --> 00:04:06,659

it kind of people the people think I

94

00:04:10,429 --> 00:04:08,879

wonder if your last mapped out

95

00:04:12,470 --> 00:04:10,439

I'm not one of the subscriber to that

96

00:04:14,089 --> 00:04:12,480

but it does make you wonder you know it

97

00:04:16,729 --> 00:04:14,099

did start again

98

00:04:18,710 --> 00:04:16,739

so yeah UFOs I mean yeah I don't know

99

00:04:20,930 --> 00:04:18,720

how old I would be probably five or six

100

00:04:23,270 --> 00:04:20,940

years old lived in a little Council

101
00:04:24,050 --> 00:04:23,280
house in a place called Old Dana Bay a

102
00:04:27,890 --> 00:04:24,060
village

103
00:04:29,870 --> 00:04:27,900
and it overlooked mexborough the town

104
00:04:31,490 --> 00:04:29,880
and you've got the Metro Power Station

105
00:04:33,650 --> 00:04:31,500
to the right hand side you've got two

106
00:04:35,990 --> 00:04:33,660
big cooling towers and you've got this

107
00:04:38,270 --> 00:04:36,000
pasture cattle in it and Reeds and swamp

108
00:04:40,490 --> 00:04:38,280
land there's about a mile look into

109
00:04:42,469 --> 00:04:40,500
mexborough or street lights for some

110
00:04:44,930 --> 00:04:42,479
reason on this particular night that I'm

111
00:04:47,810 --> 00:04:44,940
I'm in this back bedroom my dad came and

112
00:04:49,909 --> 00:04:47,820
woke me up really unusual he got me up

113
00:04:52,189 --> 00:04:49,919

and he showed me this he didn't so this

114

00:04:53,990 --> 00:04:52,199

is a UFO he wanted to show me this

115

00:04:56,510 --> 00:04:54,000

sphere of light

116

00:04:58,610 --> 00:04:56,520

turning it looked like it would it would

117

00:05:01,249 --> 00:04:58,620

it would just turning within itself it

118

00:05:03,110 --> 00:05:01,259

were a lemony lemony white color and it

119

00:05:04,730 --> 00:05:03,120

wore lower than Power Station cooling

120

00:05:08,210 --> 00:05:04,740

towers about halfway up them but at

121

00:05:09,590 --> 00:05:08,220

Cyber bun and from that it traveled and

122

00:05:11,090 --> 00:05:09,600

they've got some really good binoculars

123

00:05:12,770 --> 00:05:11,100

still got them I mean by today's

124

00:05:13,490 --> 00:05:12,780

standards they're not good but then they

125

00:05:16,070 --> 00:05:13,500

were

126

00:05:17,749 --> 00:05:16,080

and uh this thing just traveled along

127

00:05:20,270 --> 00:05:17,759

rooftops and express above them

128

00:05:23,570 --> 00:05:20,280

obviously and disappeared towards

129

00:05:24,830 --> 00:05:23,580

Swinton we've since found out now thanks

130

00:05:27,110 --> 00:05:24,840

to a good friend who lives in area

131

00:05:28,969 --> 00:05:27,120

there's a newspaper report 1966 so

132

00:05:31,189 --> 00:05:28,979

that's when it were an album born in 62.

133

00:05:33,409 --> 00:05:31,199

so don't ask me yeah and I'm gonna have

134

00:05:37,010 --> 00:05:33,419

to get down I only found out this year

135

00:05:39,290 --> 00:05:37,020

so and get this it was a guy who saw the

136

00:05:41,029 --> 00:05:39,300

who claimed to have took the photographs

137

00:05:44,390 --> 00:05:41,039

of the UFOs at connersburg don't they've

138

00:05:45,830 --> 00:05:44,400

ever seen that picture probably it's out

139

00:05:47,450 --> 00:05:45,840

there aren't that it's a famous picture

140

00:05:49,610 --> 00:05:47,460

a lot of people said it's fake I don't

141

00:05:51,590 --> 00:05:49,620

know I didn't know the guy till he

142

00:05:54,290 --> 00:05:51,600

started corresponding with me and this

143

00:05:57,290 --> 00:05:54,300

other one with like three objects yeah

144

00:05:58,730 --> 00:05:57,300

yeah yeah and he just got in touch and

145

00:06:01,550 --> 00:05:58,740

it turned out that's the that's the guy

146

00:06:04,189 --> 00:06:01,560

who took him and uh Stephen Pratt I

147

00:06:06,950 --> 00:06:04,199

think they called him and uh

148

00:06:08,689 --> 00:06:06,960

yeah there we go so that's 1966 so we're

149

00:06:10,370 --> 00:06:08,699

assuming that's the same one because it

150

00:06:12,890 --> 00:06:10,380

was described as being seen outside at

151
00:06:14,629 --> 00:06:12,900
cooling towers at Mexico power station

152
00:06:16,129 --> 00:06:14,639
I don't know from there there's just

153
00:06:18,650 --> 00:06:16,139
been odd sightings throughout years and

154
00:06:21,469 --> 00:06:18,660
then when we got to Bridlington up on

155
00:06:23,029 --> 00:06:21,479
the walls East Yorkshire walls farmers

156
00:06:26,689 --> 00:06:23,039
and different people were getting in

157
00:06:30,290 --> 00:06:28,730
voicing an opinion or showing that

158
00:06:31,490 --> 00:06:30,300
you've got an interest in this subject I

159
00:06:32,770 --> 00:06:31,500
don't mean people just come out of the

160
00:06:35,450 --> 00:06:32,780
woodwork but

161
00:06:38,390 --> 00:06:35,460
like-minded people do seem to attract

162
00:06:40,189 --> 00:06:38,400
and it's like a magnet they're drawn to

163
00:06:41,990 --> 00:06:40,199

you or you're drawn to them and and

164

00:06:43,730 --> 00:06:42,000

that's basically how it works I think

165

00:06:45,290 --> 00:06:43,740

we're all doing it that's probably why

166

00:06:47,150 --> 00:06:45,300

there'll be people wanted to look for

167

00:06:49,010 --> 00:06:47,160

for this podcast at some point you know

168

00:06:51,409 --> 00:06:49,020

not because of Paul just because of the

169

00:06:53,809 --> 00:06:51,419

UFO phenomena the Cryptids whatever

170

00:06:55,550 --> 00:06:53,819

so yeah I mean

171

00:07:00,710 --> 00:06:55,560

it's non-stop we had this brilliant

172

00:07:03,170 --> 00:07:00,720

sighting in 2000 I think it was 2002.

173

00:07:05,330 --> 00:07:03,180

uh that's a place called sledmere maybe

174

00:07:07,790 --> 00:07:05,340

about 12 15 miles away from where I'm

175

00:07:09,830 --> 00:07:07,800

sat now traveling home from York

176

00:07:11,390 --> 00:07:09,840

uh I think it would I think it was June

177

00:07:13,850 --> 00:07:11,400

I'd got this we were in a van I would

178

00:07:16,249 --> 00:07:13,860

have been another Joiner called shorty

179

00:07:17,990 --> 00:07:16,259

and I also say it was on some kind of

180

00:07:19,450 --> 00:07:18,000

comedian but I'm sure to answer this guy

181

00:07:21,650 --> 00:07:19,460

was six foot five

182

00:07:23,270 --> 00:07:21,660

so I don't know we're driving up to that

183

00:07:25,129 --> 00:07:23,280

base and it's a little village and it's

184

00:07:27,589 --> 00:07:25,139

at a fire station just one fire engine

185

00:07:29,029 --> 00:07:27,599

in it the reason we stopped there that's

186

00:07:31,189 --> 00:07:29,039

where we stopped because as we're

187

00:07:33,050 --> 00:07:31,199

driving up this hill to back home to

188

00:07:36,050 --> 00:07:33,060

Bridlington

189

00:07:38,210 --> 00:07:36,060

above trees there's a huge tube I call

190

00:07:41,089 --> 00:07:38,220

it I likened it to a breadstick that's

191

00:07:43,790 --> 00:07:41,099

the chicken and it was literally above

192

00:07:45,890 --> 00:07:43,800

the trees saw stopped the van

193

00:07:48,290 --> 00:07:45,900

and we got out we're looking at this

194

00:07:50,270 --> 00:07:48,300

thing and I'm saying to shorty because

195

00:07:52,370 --> 00:07:50,280

he's not very interesting subject at all

196

00:07:53,870 --> 00:07:52,380

you know so you can't say it worked

197

00:07:57,050 --> 00:07:53,880

tomorrow that we you've not seen this

198

00:07:58,490 --> 00:07:57,060

you and is it one of them UFO I can hear

199

00:07:59,950 --> 00:07:58,500

him saying is it one of them UFO

200

00:08:02,930 --> 00:07:59,960

thingies

201
00:08:05,870 --> 00:08:02,940
it's a minute you could feel this thing

202
00:08:08,150 --> 00:08:05,880
oh wow really it was my pulsing it was

203
00:08:09,950 --> 00:08:08,160
strange we looked at each other

204
00:08:13,309 --> 00:08:09,960
and said where's it gone

205
00:08:15,110 --> 00:08:13,319
it didn't fly away it had just gone

206
00:08:17,029 --> 00:08:15,120
I went to Bridlington Free Press and

207
00:08:19,670 --> 00:08:17,039
said what we'd seen and the following

208
00:08:22,369 --> 00:08:19,680
week another couple well a couple got in

209
00:08:25,430 --> 00:08:22,379
touch they'd seen it as well which were

210
00:08:27,770 --> 00:08:25,440
interesting so that well that

211
00:08:30,010 --> 00:08:27,780
that I don't know what yeah someone

212
00:08:32,709 --> 00:08:30,020
tells me it was 2002.

213
00:08:35,089 --> 00:08:32,719

2014 just over the brow

214

00:08:37,010 --> 00:08:35,099

as you come over sled me you go to a

215

00:08:39,709 --> 00:08:37,020

place called cotton all these are up on

216

00:08:41,870 --> 00:08:39,719

walls uh the walls is like an ancient

217

00:08:43,909 --> 00:08:41,880

term for the Wilds it's just it's just

218

00:08:46,070 --> 00:08:43,919

Barren landed no good for

219

00:08:47,509 --> 00:08:46,080

anything really about grazing sheep and

220

00:08:49,750 --> 00:08:47,519

you know and there's not many trees

221

00:08:52,310 --> 00:08:49,760

there because it's just it's a bit wild

222

00:08:55,910 --> 00:08:52,320

and so

223

00:08:57,949 --> 00:08:55,920

I got going to a few farms in area get

224

00:09:01,370 --> 00:08:57,959

get to know them and up at cotton

225

00:09:03,050 --> 00:09:01,380

there's this particular Farm there and I

226

00:09:04,850 --> 00:09:03,060

got a phone call to say that they've

227

00:09:08,090 --> 00:09:04,860

seen a UFO they've seen this strange

228

00:09:10,130 --> 00:09:08,100

object this one this was 2014 I think

229

00:09:11,570 --> 00:09:10,140

and there's some great big Gates big

230

00:09:13,009 --> 00:09:11,580

enough for combines to go in and

231

00:09:14,449 --> 00:09:13,019

everything we used to park there they

232

00:09:17,329 --> 00:09:14,459

got to know me because I looked

233

00:09:20,030 --> 00:09:17,339

suspicious you know but it's true and

234

00:09:23,449 --> 00:09:20,040

they came up the two farmers literally

235

00:09:25,070 --> 00:09:23,459

are the guy called Steve ashbridge and

236

00:09:26,769 --> 00:09:25,080

uh what are you doing and when as soon

237

00:09:29,389 --> 00:09:26,779

as we told him

238

00:09:30,829 --> 00:09:29,399

everything softened they'd seen these

239

00:09:32,389 --> 00:09:30,839

things they'd seen these strange lights

240

00:09:34,190 --> 00:09:32,399

but they're after all they're in the

241

00:09:36,769 --> 00:09:34,200

middle of nowhere these Farms

242

00:09:38,329 --> 00:09:36,779

so in in and we I don't think we became

243

00:09:39,829 --> 00:09:38,339

great friends but he'd say we were

244

00:09:41,930 --> 00:09:39,839

friends he'd said to me like what you

245

00:09:43,850 --> 00:09:41,940

come up don't pack on road just pull off

246

00:09:46,250 --> 00:09:43,860

onto the farm make sure it Gates shut

247

00:09:49,130 --> 00:09:46,260

when you've gone so anyway he told me

248

00:09:51,410 --> 00:09:49,140

he'd seen this object and I went up to

249

00:09:53,509 --> 00:09:51,420

speak to him and he's great big Gates he

250

00:09:55,190 --> 00:09:53,519

says my son and my wife he said we've

251

00:09:59,150 --> 00:09:55,200

just come home

252

00:10:01,790 --> 00:09:59,160

summertime sorry the late evening summer

253

00:10:03,590 --> 00:10:01,800

time but not quite dark and

254

00:10:05,509 --> 00:10:03,600

they've just had a mass to put up at the

255

00:10:06,829 --> 00:10:05,519

bottom they're they're Cottage or their

256

00:10:08,690 --> 00:10:06,839

Farmhouse should I say it doesn't even

257

00:10:10,550 --> 00:10:08,700

you can't even see it from Rolling sort

258

00:10:12,889 --> 00:10:10,560

of goes down into a little Valley

259

00:10:15,650 --> 00:10:12,899

and in the valley that had a mass to put

260

00:10:18,829 --> 00:10:15,660

up to measure wind speed tall thin Mast

261

00:10:21,590 --> 00:10:18,839

it says and sun gets out of care to shut

262

00:10:23,030 --> 00:10:21,600

the gate and then I'm not sure which

263

00:10:25,310 --> 00:10:23,040

ones saw it I think you've got some show

264

00:10:28,970 --> 00:10:25,320

it and said Dad look look and coming up

265

00:10:32,030 --> 00:10:28,980

below the the brow of this this sort of

266

00:10:34,730 --> 00:10:32,040

all old out area this Valley is like a

267

00:10:36,850 --> 00:10:34,740

huge civil it sounds like what we saw

268

00:10:39,650 --> 00:10:36,860

and it's literally probably a mile away

269

00:10:42,769 --> 00:10:39,660

quite he described it as a jumbo jet

270

00:10:45,710 --> 00:10:42,779

without wings on its side just coming up

271

00:10:47,449 --> 00:10:45,720

he said it was in front of the Mast so

272

00:10:49,490 --> 00:10:47,459

that yeah and it's coming up towards him

273

00:10:51,410 --> 00:10:49,500

they could see when there was three

274

00:10:54,470 --> 00:10:51,420

people two of them could see windows in

275

00:10:56,150 --> 00:10:54,480

it the the the farmer he couldn't they

276

00:10:58,490 --> 00:10:56,160

all did me drawings for it just little

277

00:11:01,370 --> 00:10:58,500

rough sketches and it's coming towards

278

00:11:03,230 --> 00:11:01,380

him he's slowly coming towards him and

279

00:11:05,269 --> 00:11:03,240

the panicking and then all of a sudden

280

00:11:07,610 --> 00:11:05,279

they said where's he gone

281

00:11:10,130 --> 00:11:07,620

and it had just vanished

282

00:11:12,230 --> 00:11:10,140

so I wonder if we were dealing with same

283

00:11:14,509 --> 00:11:12,240

thing there's there's 10 or 12 years in

284

00:11:16,310 --> 00:11:14,519

between you know but yeah it's

285

00:11:18,550 --> 00:11:16,320

interesting and and up around the East

286

00:11:20,690 --> 00:11:18,560

Yorkshire walls and North Yorkshire

287

00:11:22,970 --> 00:11:20,700

these things have been seen for years

288

00:11:25,670 --> 00:11:22,980

there's a farmer up there

289

00:11:29,449 --> 00:11:25,680

and I I believe he's probably got more

290

00:11:31,970 --> 00:11:29,459

UFO footage than certainly anybody in

291

00:11:36,829 --> 00:11:31,980

the United Kingdom he's got he's got

292

00:11:40,790 --> 00:11:36,839

cameras on cams in every window every

293

00:11:42,530 --> 00:11:40,800

upstairs window just sweeping the day

294

00:11:44,630 --> 00:11:42,540

and night and collecting this

295

00:11:46,190 --> 00:11:44,640

information and you know who knows about

296

00:11:47,870 --> 00:11:46,200

it obviously I know and I'm talking

297

00:11:51,350 --> 00:11:47,880

about it I'm not going to say who he is

298

00:11:52,850 --> 00:11:51,360

but nobody really is it just is just

299

00:11:55,550 --> 00:11:52,860

obsessed

300

00:11:57,769 --> 00:11:55,560

is you know he's watching all the time I

301

00:12:01,310 --> 00:11:57,779

will say that is is with is he is within

302

00:12:03,590 --> 00:12:01,320

a shot of RF staxton world right uh

303

00:12:04,910 --> 00:12:03,600

literally very close to RF stop

304

00:12:08,329 --> 00:12:04,920

stepstone world

305

00:12:09,650 --> 00:12:08,339

seen lots of unusual things bear in mind

306

00:12:11,509 --> 00:12:09,660

there's no Landing

307

00:12:13,310 --> 00:12:11,519

stripper outage that's the wall it's not

308

00:12:14,930 --> 00:12:13,320

so you can't land aircraft there or

309

00:12:17,210 --> 00:12:14,940

anything like that and they've seen lots

310

00:12:21,170 --> 00:12:17,220

of aerial phenomena and we have as well

311

00:12:23,210 --> 00:12:21,180

up around there I mean some some unusual

312

00:12:24,829 --> 00:12:23,220

things we need I don't know what you'd

313

00:12:27,670 --> 00:12:24,839

even turn them as I mean it could be

314

00:12:30,470 --> 00:12:27,680

Earth Earth related phenomena you know

315

00:12:32,389 --> 00:12:30,480

as Earth lights even because

316

00:12:34,370 --> 00:12:32,399

I was up there

317

00:12:36,350 --> 00:12:34,380

once again I can't remember a day but

318

00:12:39,170 --> 00:12:36,360

with probably 2015 with Steve ashbridge

319

00:12:42,050 --> 00:12:39,180

back of staxton world the radar base and

320

00:12:44,990 --> 00:12:42,060

a guy called Joe Dahmer who run the UFO

321

00:12:46,430 --> 00:12:45,000

Society UFO Society he didn't drive and

322

00:12:48,590 --> 00:12:46,440

we went and picked him up at Scarborough

323

00:12:52,069 --> 00:12:48,600

and he came through with us and I've got

324

00:12:54,110 --> 00:12:52,079

a Sony VX 2100 camcorder big digital

325

00:12:55,370 --> 00:12:54,120

thing you know and uh I'm stuck there

326

00:12:56,690 --> 00:12:55,380

with this camcorder and we're looking

327

00:12:58,670 --> 00:12:56,700

around

328

00:13:01,310 --> 00:12:58,680

in the distance we can see the village

329

00:13:03,170 --> 00:13:01,320

of driftfield and I suddenly became

330

00:13:05,949 --> 00:13:03,180

animated because from the ground

331

00:13:08,210 --> 00:13:05,959

covering a monstrous area this huge

332

00:13:09,170 --> 00:13:08,220

mushroom-shaped turquoise light just

333

00:13:11,990 --> 00:13:09,180

went

334

00:13:13,730 --> 00:13:12,000

just snapped into existence didn't light

335

00:13:15,410 --> 00:13:13,740

the scale pictures

336

00:13:17,629 --> 00:13:15,420

and I'm telling Steve I'm telling Joe

337

00:13:19,730 --> 00:13:17,639

instead of putting the camera on it had

338

00:13:21,829 --> 00:13:19,740

gone it was there in an instant it's

339

00:13:23,690 --> 00:13:21,839

gone so I'm not I should have put my

340

00:13:25,430 --> 00:13:23,700

camera on and just filmed the area I'm

341

00:13:27,470 --> 00:13:25,440

trying to tell and I'm trying to bet I'm

342

00:13:29,509 --> 00:13:27,480

trying to sort of I'm wanting them to

343

00:13:31,129 --> 00:13:29,519

believe me because I've no proof of it

344

00:13:32,569 --> 00:13:31,139

other than what I'm saying

345

00:13:35,269 --> 00:13:32,579

you know what I'm trying to describe

346

00:13:37,610 --> 00:13:35,279

what I said he almost had like tentacles

347

00:13:40,790 --> 00:13:37,620

in it it were really strange like a like

348

00:13:42,710 --> 00:13:40,800

a jellyfish ground

349

00:13:45,650 --> 00:13:42,720

anyway as we're talking about it it did

350

00:13:48,410 --> 00:13:45,660

it again so then to saw it with Steve

351
00:13:51,290 --> 00:13:48,420
were convinced it were going to be local

352
00:13:54,230 --> 00:13:51,300
papers the next day it covered such a

353
00:13:56,690 --> 00:13:54,240
large area we talked we were looking at

354
00:13:58,490 --> 00:13:56,700
it from our perspective up at Stats to

355
00:14:00,590 --> 00:13:58,500
wall down towards driffield it looked

356
00:14:04,670 --> 00:14:00,600
like it covered like a mile area it was

357
00:14:06,650 --> 00:14:04,680
huge wow nobody said a word I'm not

358
00:14:09,290 --> 00:14:06,660
saying that we're UFO related but it's

359
00:14:11,269 --> 00:14:09,300
unusual phenomena even if it's natural

360
00:14:12,230 --> 00:14:11,279
phenomena I've never seen anything like

361
00:14:14,509 --> 00:14:12,240
it

362
00:14:17,389 --> 00:14:14,519
and once again in that zone

363
00:14:19,629 --> 00:14:17,399

so so me and Steve we probably stayed up

364

00:14:21,710 --> 00:14:19,639

on the walls

365

00:14:23,030 --> 00:14:21,720

intermittently you know probably three

366

00:14:24,949 --> 00:14:23,040

or four times a week would go up there

367

00:14:27,050 --> 00:14:24,959

and observe because our work time as

368

00:14:29,210 --> 00:14:27,060

well all the time and Steve is someone

369

00:14:30,650 --> 00:14:29,220

still is and uh we'd go up three or four

370

00:14:33,230 --> 00:14:30,660

times a week and get to all these

371

00:14:35,509 --> 00:14:33,240

unusual places where unusual things were

372

00:14:38,690 --> 00:14:35,519

happening like langtuffed and cotton and

373

00:14:39,829 --> 00:14:38,700

sled me and it really is renowned for it

374

00:14:41,810 --> 00:14:39,839

if you'd have gone if you look at old

375

00:14:43,129 --> 00:14:41,820

UFO reports on net and you do a bit of

376

00:14:45,470 --> 00:14:43,139

digging around Yorkshire you'll see

377

00:14:48,230 --> 00:14:45,480

these locations come up and they come up

378

00:14:49,610 --> 00:14:48,240

in folklore as well for or just just

379

00:14:51,230 --> 00:14:49,620

very close to it there's a valley called

380

00:14:52,850 --> 00:14:51,240

the bees and Dale Valium they talk about

381

00:14:54,889 --> 00:14:52,860

the Phantom lights at the in the

382

00:14:56,930 --> 00:14:54,899

visendale valley but they're all obscure

383

00:14:59,389 --> 00:14:56,940

things that you'd have to find in local

384

00:15:00,590 --> 00:14:59,399

archives that that have never kind of

385

00:15:03,470 --> 00:15:00,600

Hit the internet you know what I mean

386

00:15:05,329 --> 00:15:03,480

yeah yeah I wrote about this stuff in

387

00:15:07,370 --> 00:15:05,339

trust Grove one and Truth through the

388

00:15:09,829 --> 00:15:07,380

first two books and that kind of moved

389

00:15:12,110 --> 00:15:09,839

away not from the walls

390

00:15:14,810 --> 00:15:12,120

I think it's like all these areas the

391

00:15:16,550 --> 00:15:14,820

activity started to decrease

392

00:15:18,230 --> 00:15:16,560

and then we found out that there were a

393

00:15:20,750 --> 00:15:18,240

lot of activity being seen along the

394

00:15:22,670 --> 00:15:20,760

coastline of eastern North Yorkshire so

395

00:15:24,170 --> 00:15:22,680

we moved do you know what I mean we sort

396

00:15:26,329 --> 00:15:24,180

of fell out wit walls then for a little

397

00:15:30,110 --> 00:15:26,339

bit

398

00:15:31,670 --> 00:15:30,120

yeah so yeah so you know it's just the

399

00:15:33,769 --> 00:15:31,680

way it goes and then like you said we

400

00:15:35,210 --> 00:15:33,779

moved on on to the eastern North

401
00:15:37,069 --> 00:15:35,220
Yorkshire Coastline which is on

402
00:15:40,069 --> 00:15:37,079
literally 500 yards from where I'm sat

403
00:15:42,050 --> 00:15:40,079
now you know from and

404
00:15:44,210 --> 00:15:42,060
there's not stuff seen every day myself

405
00:15:45,949 --> 00:15:44,220
and Bob Brown and Steve occasionally we

406
00:15:48,170 --> 00:15:45,959
can go four or five times a week we were

407
00:15:50,689 --> 00:15:48,180
up there last night

408
00:15:53,930 --> 00:15:50,699
so I've called the ILS the intelligent

409
00:15:56,210 --> 00:15:53,940
life forms about two weeks ago so two

410
00:15:57,829 --> 00:15:56,220
I I went up specifically because the day

411
00:15:59,569 --> 00:15:57,839
before someone was at a place called

412
00:16:01,790 --> 00:15:59,579
hunmanby

413
00:16:03,889 --> 00:16:01,800

six miles down the coast and they rang

414

00:16:05,569 --> 00:16:03,899

me up he said where are you boss as well

415

00:16:07,670 --> 00:16:05,579

I'm at home he said well I'm I'm on

416

00:16:10,009 --> 00:16:07,680

Cliff tops with my wife they're sat in a

417

00:16:12,829 --> 00:16:10,019

car I think he says in the seven spheres

418

00:16:14,750 --> 00:16:12,839

of light out of sea in a lot of orange

419

00:16:16,610 --> 00:16:14,760

spheres of light says that he said

420

00:16:19,670 --> 00:16:16,620

they've just gone off and now they're on

421

00:16:22,970 --> 00:16:19,680

on top of cliffs when I say on top

422

00:16:24,769 --> 00:16:22,980

above the cliffs but you know they look

423

00:16:26,629 --> 00:16:24,779

like they're sort of not far very far

424

00:16:28,129 --> 00:16:26,639

above the cliff tops of Benton and speed

425

00:16:29,810 --> 00:16:28,139

and this one earlier this one early

426

00:16:32,090 --> 00:16:29,820

evening it was dark

427

00:16:33,710 --> 00:16:32,100

it was strange because myself and Bob

428

00:16:35,449 --> 00:16:33,720

had said we were going to go up there 11

429

00:16:37,009 --> 00:16:35,459

till 1.

430

00:16:38,629 --> 00:16:37,019

normally would have gone up earlier but

431

00:16:40,310 --> 00:16:38,639

we realized we're not getting a lot of

432

00:16:42,530 --> 00:16:40,320

successful as you know and as everyone

433

00:16:44,810 --> 00:16:42,540

else knows unexplained phenomena does

434

00:16:48,410 --> 00:16:44,820

not present to order you know when you

435

00:16:50,389 --> 00:16:48,420

expect it and and if if as I believe and

436

00:16:52,370 --> 00:16:50,399

maybe other people believe there's there

437

00:16:53,749 --> 00:16:52,380

is awareness to to a lot of what we're

438

00:16:55,550 --> 00:16:53,759

looking at

439

00:16:57,590 --> 00:16:55,560

you're not going to see it anyway I go

440

00:16:58,610 --> 00:16:57,600

out there with a bag of tricks and a lot

441

00:16:59,990 --> 00:16:58,620

of people so we're not going to get

442

00:17:01,910 --> 00:17:00,000

these things because you're taking your

443

00:17:03,650 --> 00:17:01,920

cameras with you true you know it's

444

00:17:06,710 --> 00:17:03,660

possibly true it's not going to stop me

445

00:17:09,530 --> 00:17:06,720

because otherwise all I'm doing is sat

446

00:17:11,689 --> 00:17:09,540

here looking at this computer screen

447

00:17:13,970 --> 00:17:11,699

doing what I'm doing now I want to

448

00:17:16,189 --> 00:17:13,980

present some proof to somebody you know

449

00:17:18,530 --> 00:17:16,199

I I if I listen to Somebody's account

450

00:17:21,230 --> 00:17:18,540

I'm hoping to see a little bit more than

451
00:17:22,730 --> 00:17:21,240
just that yeah that's why first under

452
00:17:24,590 --> 00:17:22,740
counts are all as preferable I don't

453
00:17:27,829 --> 00:17:24,600
really bother with you know second-hand

454
00:17:29,870 --> 00:17:27,839
Accounts at all really but yeah so we're

455
00:17:32,750 --> 00:17:29,880
up there not time and it's basically

456
00:17:34,490 --> 00:17:32,760
it's not happening but it's 24 hours in

457
00:17:36,470 --> 00:17:34,500
a day you know and there's a there's a

458
00:17:39,529 --> 00:17:36,480
lot you're not there

459
00:17:41,510 --> 00:17:39,539
so yeah that's just brief sort of

460
00:17:43,130 --> 00:17:41,520
outline of the activity

461
00:17:45,350 --> 00:17:43,140
no that's fantastic and you mentioned

462
00:17:47,090 --> 00:17:45,360
the Earth lights or that kind of type of

463
00:17:49,310 --> 00:17:47,100

phenomena that is something I'm actually

464

00:17:51,049 --> 00:17:49,320

personally invested in I was out in

465

00:17:54,169 --> 00:17:51,059

Colombia this year looking at something

466

00:17:55,430 --> 00:17:54,179

along those lines strange orbs

467

00:17:57,230 --> 00:17:55,440

um and then I've been researching things

468

00:17:59,150 --> 00:17:57,240

like the londondale lights scene just

469

00:18:01,549 --> 00:17:59,160

off the snake pass near Manchester and

470

00:18:03,049 --> 00:18:01,559

yeah but you mentioned the the coastline

471

00:18:06,650 --> 00:18:03,059

where you are I spend a lot of time up

472

00:18:08,090 --> 00:18:06,660

at flambora and cleethorpe yeah yeah

473

00:18:09,890 --> 00:18:08,100

um probably four or five times in the

474

00:18:12,409 --> 00:18:09,900

last 18 months and there is something

475

00:18:14,570 --> 00:18:12,419

about that area yeah I don't know what

476

00:18:15,770 --> 00:18:14,580

it is but I've always I always when it

477

00:18:17,150 --> 00:18:15,780

goes dark I'm out on the edge of the

478

00:18:19,010 --> 00:18:17,160

Cliffs at Flanberry just looking out

479

00:18:21,830 --> 00:18:19,020

over the sea so what do you think it is

480

00:18:24,289 --> 00:18:21,840

about that sort of Coastline I don't

481

00:18:25,909 --> 00:18:24,299

know I mean I've gone back excuse me

482

00:18:27,650 --> 00:18:25,919

I've gone back into Coast Guard logs and

483

00:18:29,330 --> 00:18:27,660

light bulb logs I don't mean every year

484

00:18:32,210 --> 00:18:29,340

I've not been privy to every year in

485

00:18:34,370 --> 00:18:32,220

every Coast Guard Station but what do I

486

00:18:36,529 --> 00:18:34,380

think it is about the coastline

487

00:18:38,330 --> 00:18:36,539

what is it about any place is it just

488

00:18:40,010 --> 00:18:38,340

because they've got somebody who's

489

00:18:41,450 --> 00:18:40,020

investing time in it that these things

490

00:18:43,970 --> 00:18:41,460

are being seen and they could be being

491

00:18:46,610 --> 00:18:43,980

seen in all parts of the United Kingdom

492

00:18:49,130 --> 00:18:46,620

you know if if you were willing to spend

493

00:18:50,750 --> 00:18:49,140

that time you know I packed in work as

494

00:18:52,549 --> 00:18:50,760

in I've worked really out for a living

495

00:18:56,270 --> 00:18:52,559

and I packed in doing joinery when I was

496

00:18:57,890 --> 00:18:56,280

48. uh so I've and I look at this like a

497

00:19:01,010 --> 00:18:57,900

full-time job even though it pays

498

00:19:04,130 --> 00:19:01,020

absolutely zilch but but us I invent

499

00:19:06,049 --> 00:19:04,140

invested so much time in it that that's

500

00:19:08,210 --> 00:19:06,059

what it's like you see I woke up at five

501
00:19:10,730 --> 00:19:08,220
this morning and you know if something

502
00:19:13,190 --> 00:19:10,740
was seen and it it required me to go out

503
00:19:15,289 --> 00:19:13,200
for a morning five in morning I would go

504
00:19:17,750 --> 00:19:15,299
what is it about the coastline I I

505
00:19:20,390 --> 00:19:17,760
really don't know but location is key to

506
00:19:21,529 --> 00:19:20,400
these things and you know that's not a

507
00:19:23,210 --> 00:19:21,539
contradiction when I've just said it

508
00:19:25,549 --> 00:19:23,220
could be being seen all around the UK

509
00:19:27,710 --> 00:19:25,559
because I do believe certain areas are a

510
00:19:30,770 --> 00:19:27,720
lot more prolific for unexplained

511
00:19:32,630 --> 00:19:30,780
phenomena and I seriously believe not

512
00:19:35,690 --> 00:19:32,640
just because I live here seriously

513
00:19:38,029 --> 00:19:35,700

believe that Benson and Speeten are

514

00:19:40,870 --> 00:19:38,039

primary locations probably speak to more

515

00:19:44,210 --> 00:19:40,880

than Benton because it's so unpopulated

516

00:19:45,289 --> 00:19:44,220

and it's a beach that's fair you know

517

00:19:47,810 --> 00:19:45,299

because you'll have been there it's

518

00:19:50,210 --> 00:19:47,820

fairly odd to access you can only get to

519

00:19:52,250 --> 00:19:50,220

it from the speed and church and it's a

520

00:19:54,890 --> 00:19:52,260

you're dropping down into a ravine which

521

00:19:56,750 --> 00:19:54,900

is 400 foot it's and it's really steep I

522

00:19:59,750 --> 00:19:56,760

mean locals call it killer Hill not

523

00:20:01,270 --> 00:19:59,760

because it's just because it's it's a

524

00:20:03,529 --> 00:20:01,280

killer to get back up

525

00:20:06,110 --> 00:20:03,539

so what I'm saying is

526

00:20:08,450 --> 00:20:06,120

for the for their lack of footfall it's

527

00:20:10,669 --> 00:20:08,460

receiving lots and lots of reports of

528

00:20:13,610 --> 00:20:10,679

unexplained phenomena and there's no

529

00:20:17,150 --> 00:20:13,620

footfall Hardware so you realize that

530

00:20:20,450 --> 00:20:17,160

this place is is a special place when it

531

00:20:22,430 --> 00:20:20,460

comes to sightings of UFOs and sightings

532

00:20:25,130 --> 00:20:22,440

of Lights beneath the surface of the sea

533

00:20:28,730 --> 00:20:25,140

and I mean I'll not go into detail about

534

00:20:31,250 --> 00:20:28,740

Ben walgate's report because it's been

535

00:20:32,810 --> 00:20:31,260

somebody spoke to Bennett flambora I

536

00:20:34,370 --> 00:20:32,820

hope I can get to speak to him and told

537

00:20:36,350 --> 00:20:34,380

him about an 8 A.M

538

00:20:38,270 --> 00:20:36,360

early morning Saturday night bright

539

00:20:40,610 --> 00:20:38,280

sunny day of an object leaving the sea

540

00:20:43,010 --> 00:20:40,620

near the lighthouse at flumbra myself

541

00:20:46,010 --> 00:20:43,020

yeah myself and Jason Davis who has done

542

00:20:50,990 --> 00:20:46,020

the artwork on uh night people

543

00:20:54,289 --> 00:20:51,000

uh we saw multiple spheres of light over

544

00:20:56,390 --> 00:20:54,299

the sea of flambre head when Jason came

545

00:21:00,049 --> 00:20:56,400

up for a few days we filmed them with

546

00:21:02,690 --> 00:21:00,059

psionics cameras unfortunately uh

547

00:21:04,370 --> 00:21:02,700

and I preferred my Sony's 4k camera to

548

00:21:05,750 --> 00:21:04,380

be honest but they don't cope with

549

00:21:07,490 --> 00:21:05,760

lights as well as a psionics but a

550

00:21:09,590 --> 00:21:07,500

psionics does not give you a proper

551

00:21:11,990 --> 00:21:09,600

representation of the color

552

00:21:13,310 --> 00:21:12,000

you know yeah you can see in the dark

553

00:21:14,870 --> 00:21:13,320

where they can't but it doesn't be a

554

00:21:16,190 --> 00:21:14,880

proper representation of the color and

555

00:21:18,169 --> 00:21:16,200

these were bright orange with the

556

00:21:19,190 --> 00:21:18,179

psionics they've come out white but you

557

00:21:20,750 --> 00:21:19,200

know we've got them I mean I'm not

558

00:21:24,049 --> 00:21:20,760

really showing footage we've put some in

559

00:21:26,029 --> 00:21:24,059

for Wolf lands actually so yeah yeah but

560

00:21:27,470 --> 00:21:26,039

I found a couple of photographs on

561

00:21:29,330 --> 00:21:27,480

Facebook of yours and if you don't mind

562

00:21:30,950 --> 00:21:29,340

I'd like to just ask you about these and

563

00:21:33,169 --> 00:21:30,960

show them well I can't see them actually

564

00:21:35,810 --> 00:21:33,179

but so if I bring them up on the screen

565

00:21:37,070 --> 00:21:35,820

please I'll bring them up if let's have

566

00:21:39,049 --> 00:21:37,080

a look because these really stood out

567

00:21:42,529 --> 00:21:39,059

and I didn't know if they had a prosaic

568

00:21:43,730 --> 00:21:42,539

explanation no they were filmed uh with

569

00:21:46,669 --> 00:21:43,740

Jason Davis

570

00:21:48,110 --> 00:21:46,679

uh now these these frame captures are

571

00:21:49,690 --> 00:21:48,120

they

572

00:21:52,130 --> 00:21:49,700

yes

573

00:21:53,750 --> 00:21:52,140

I can assure you if anybody gets to

574

00:21:55,850 --> 00:21:53,760

watch Wolf lands you'll see these things

575

00:21:57,950 --> 00:21:55,860

just appearing and disappearing they're

576

00:22:00,770 --> 00:21:57,960

not they're not flying they're just

577

00:22:03,649 --> 00:22:00,780

literally just switching on and that's

578

00:22:06,890 --> 00:22:03,659

that's the way these things operate uh

579

00:22:08,870 --> 00:22:06,900

we took a I took a Old Rock angler up

580

00:22:11,270 --> 00:22:08,880

onto Cliff tops

581

00:22:13,490 --> 00:22:11,280

oh about two years ago called Mick

582

00:22:14,750 --> 00:22:13,500

sigson and he's Keen to tell he's a

583

00:22:17,149 --> 00:22:14,760

great guy but he's Keen to tell you he's

584

00:22:20,090 --> 00:22:17,159

fished these Cliffs man and boy 50 years

585

00:22:21,950 --> 00:22:20,100

you know he's in his 70s Mick and he

586

00:22:23,690 --> 00:22:21,960

dropped on us this the particular night

587

00:22:26,270 --> 00:22:23,700

so if you want I'll just tell you

588

00:22:27,590 --> 00:22:26,280

briefly please well we're on the cliff

589

00:22:29,330 --> 00:22:27,600

tops

590

00:22:31,430 --> 00:22:29,340

Pitch Black Knight there's no buildings

591

00:22:33,710 --> 00:22:31,440

anywhere it's devoid of everything and

592

00:22:35,990 --> 00:22:33,720

there's a lone rock Angler

593

00:22:38,149 --> 00:22:36,000

about a mile down Coast we can see his

594

00:22:39,590 --> 00:22:38,159

headlight his torch and these guys

595

00:22:41,149 --> 00:22:39,600

literally have said it many times they

596

00:22:42,710 --> 00:22:41,159

literally climb over the fence stand on

597

00:22:46,789 --> 00:22:42,720

the edge of these Cliffs three to four

598

00:22:49,010 --> 00:22:46,799

hundred foot cast out on the fishing so

599

00:22:50,450 --> 00:22:49,020

he starts walking towards us after half

600

00:22:52,250 --> 00:22:50,460

an hour three quarts of an hour I said

601
00:22:53,570 --> 00:22:52,260
to Bob when he comes it gets a bit

602
00:22:55,669 --> 00:22:53,580
closer I'm gonna put a light on I don't

603
00:22:57,710 --> 00:22:55,679
want to start film and that's what I did

604
00:23:00,289 --> 00:22:57,720
so he stops he's got his rod and his bag

605
00:23:02,510 --> 00:23:00,299
and he's having a Nutter to us and he

606
00:23:05,330 --> 00:23:02,520
knew who I was even though I didn't know

607
00:23:07,970 --> 00:23:05,340
him and uh because he knew that this guy

608
00:23:10,250 --> 00:23:07,980
coming up here speaking to rock handlers

609
00:23:12,950 --> 00:23:10,260
and speaking to people around there see

610
00:23:14,330 --> 00:23:12,960
trying to gather information yeah and I

611
00:23:15,830 --> 00:23:14,340
asked him if he'd seen these spheres of

612
00:23:17,630 --> 00:23:15,840
light what you're on about that's the

613
00:23:19,190 --> 00:23:17,640

psionics image that so they they're

614

00:23:22,549 --> 00:23:19,200

bright orange what you can see in that

615

00:23:26,090 --> 00:23:22,559

picture oh right okay they're a vivid

616

00:23:28,850 --> 00:23:26,100

orange but this that's the letdown of of

617

00:23:30,169 --> 00:23:28,860

that camera you know yeah they're

618

00:23:31,610 --> 00:23:30,179

they're bright orange and the lights

619

00:23:33,830 --> 00:23:31,620

that you can see on the horizon are

620

00:23:36,590 --> 00:23:33,840

fishing boat so you can see and from

621

00:23:38,690 --> 00:23:36,600

that altitude you've probably got 18

622

00:23:40,070 --> 00:23:38,700

miles because that's at Lighthouse then

623

00:23:43,310 --> 00:23:40,080

Cliff Santa's eye so you're looking at

624

00:23:46,669 --> 00:23:43,320

18 miles to Horizon right on Horizon

625

00:23:48,590 --> 00:23:46,679

that you can see in bottom so what am I

626
00:23:50,810 --> 00:23:48,600
saying here so yeah this mixing some uh

627
00:23:53,029 --> 00:23:50,820
he said he'd never seen these lights and

628
00:23:54,770 --> 00:23:53,039
he fished in all these years he said but

629
00:23:57,230 --> 00:23:54,780
I have seen a spaceship

630
00:23:59,210 --> 00:23:57,240
I said really and there's a hill at the

631
00:24:02,810 --> 00:23:59,220
back of us where we were stuck so it

632
00:24:04,850 --> 00:24:02,820
landed on that hill in 1998 November in

633
00:24:06,830 --> 00:24:04,860
a club match you said because our

634
00:24:08,750 --> 00:24:06,840
fishing matches the fire fishing globe

635
00:24:10,430 --> 00:24:08,760
and the various ones that like to fish

636
00:24:11,990 --> 00:24:10,440
these Cliff tops so he went on to

637
00:24:13,909 --> 00:24:12,000
explain

638
00:24:15,350 --> 00:24:13,919

I already knew story but I had a

639

00:24:17,330 --> 00:24:15,360

second-hand account so I'd never written

640

00:24:19,490 --> 00:24:17,340

about it I knew the son of one of the

641

00:24:21,289 --> 00:24:19,500

Anglers who were there that night and he

642

00:24:23,149 --> 00:24:21,299

told me that his dad saw this spaceship

643

00:24:25,610 --> 00:24:23,159

land he didn't say on that Hill because

644

00:24:26,630 --> 00:24:25,620

he's just relating it to me away from

645

00:24:29,450 --> 00:24:26,640

that setting

646

00:24:31,370 --> 00:24:29,460

and they were all frightened and some of

647

00:24:33,169 --> 00:24:31,380

them left the fishing tackle and did a

648

00:24:35,510 --> 00:24:33,179

runner so he's telling me about this

649

00:24:38,210 --> 00:24:35,520

thing he said I turned round he said my

650

00:24:40,250 --> 00:24:38,220

first impression was what's a what's a

651
00:24:42,590 --> 00:24:40,260
combine harvester doing up on hill at

652
00:24:44,570 --> 00:24:42,600
that this time of year then I realized I

653
00:24:47,090 --> 00:24:44,580
could see between the hill and the

654
00:24:49,789 --> 00:24:47,100
object I can see sky

655
00:24:53,390 --> 00:24:49,799
so he said would this he starts to

656
00:24:55,549 --> 00:24:53,400
descend it's just a Big Blob of yellowy

657
00:24:59,270 --> 00:24:55,559
orange light all lights flashing all

658
00:25:02,029 --> 00:24:59,280
over on it you said silent and this hill

659
00:25:04,370 --> 00:25:02,039
is about 150 yards away from where we

660
00:25:07,430 --> 00:25:04,380
were stunned but that's basically where

661
00:25:09,590 --> 00:25:07,440
we're at we are all time yeah when we me

662
00:25:12,169 --> 00:25:09,600
and Bob go up there he said and then as

663
00:25:13,850 --> 00:25:12,179

it started to land all Sparks started to

664

00:25:16,909 --> 00:25:13,860

come off it around it and when it landed

665

00:25:18,409 --> 00:25:16,919

a ring of flames came around it he said

666

00:25:21,830 --> 00:25:18,419

that what it were left

667

00:25:23,930 --> 00:25:21,840

we won't stay no no more but what I'm

668

00:25:25,310 --> 00:25:23,940

what I'm getting at here so I'm just

669

00:25:27,890 --> 00:25:25,320

sort of rambling on a little bit here

670

00:25:29,990 --> 00:25:27,900

very sorry no that's good I asked him

671

00:25:33,649 --> 00:25:30,000

about the orange lights and I've got Bob

672

00:25:36,110 --> 00:25:33,659

Brown stood with me

673

00:25:38,590 --> 00:25:36,120

and as we're stood there talking

674

00:25:41,210 --> 00:25:38,600

two orange lights appear above us

675

00:25:44,149 --> 00:25:41,220

seriously I've got the camcorder out

676
00:25:45,590 --> 00:25:44,159
Sony nx80 half decent

677
00:25:48,350 --> 00:25:45,600
Switched Off

678
00:25:51,110 --> 00:25:48,360
stand there

679
00:25:53,029 --> 00:25:51,120
with waiting for it to happen again it

680
00:25:56,090 --> 00:25:53,039
didn't happen put the camera away the

681
00:25:57,470 --> 00:25:56,100
come back on again and it really

682
00:25:59,570 --> 00:25:57,480
happened like I'm walking down the

683
00:26:01,250 --> 00:25:59,580
cliffs that back back to the car park

684
00:26:03,169 --> 00:26:01,260
that's how it was happening I took a guy

685
00:26:05,390 --> 00:26:03,179
up there called Lee Haywood

686
00:26:07,669 --> 00:26:05,400
please sort of familiar with everything

687
00:26:09,470 --> 00:26:07,679
that's in Sky bolts out on so you could

688
00:26:10,970 --> 00:26:09,480

have told you the lot is real switched

689

00:26:12,470 --> 00:26:10,980

on guy

690

00:26:14,210 --> 00:26:12,480

if

691

00:26:16,130 --> 00:26:14,220

I don't want to put it yeah that's his

692

00:26:17,930 --> 00:26:16,140

name so anybody that wants to look fully

693

00:26:20,149 --> 00:26:17,940

ask him about it he'll find him on

694

00:26:21,830 --> 00:26:20,159

social media real really articulate

695

00:26:24,769 --> 00:26:21,840

switched on guy came to give me an

696

00:26:26,810 --> 00:26:24,779

explanation to what I was seeing an

697

00:26:29,210 --> 00:26:26,820

earth-based explanation and I didn't

698

00:26:31,130 --> 00:26:29,220

mind because Lisa you don't come at it

699

00:26:33,649 --> 00:26:31,140

with a you're talking a lot of rubbish

700

00:26:36,350 --> 00:26:33,659

Paul you know and I'll tell you what it

701
00:26:38,090 --> 00:26:36,360
is it comes out it's just a decent blow

702
00:26:39,350 --> 00:26:38,100
we're driving down Cliff Lane to the

703
00:26:42,409 --> 00:26:39,360
cliff tops

704
00:26:44,870 --> 00:26:42,419
ask me what the lights looked like

705
00:26:46,250 --> 00:26:44,880
and that sounds like a cliché or

706
00:26:47,750 --> 00:26:46,260
something like that and there's one

707
00:26:50,630 --> 00:26:47,760
there

708
00:26:52,669 --> 00:26:50,640
over the coast course of that night

709
00:26:55,250 --> 00:26:52,679
when we got set up I set a camera up

710
00:26:57,230 --> 00:26:55,260
these lights presented

711
00:27:00,230 --> 00:26:57,240
five or six times at different intervals

712
00:27:03,830 --> 00:27:00,240
you can't when you try to film them

713
00:27:05,930 --> 00:27:03,840

you you well it's it's virtually

714

00:27:08,390 --> 00:27:05,940

impossible we got them with the psionics

715

00:27:09,710 --> 00:27:08,400

that night uh Chris Turner came up with

716

00:27:12,350 --> 00:27:09,720

me and Jerry Denning you'll know Jerry

717

00:27:15,710 --> 00:27:12,360

they're both good cameramen right yeah

718

00:27:17,330 --> 00:27:15,720

so so you you know anybody in chat ask

719

00:27:19,430 --> 00:27:17,340

them if they managed to film them I

720

00:27:21,049 --> 00:27:19,440

managed to film them and I got some

721

00:27:22,269 --> 00:27:21,059

footage of them I think I got I think I

722

00:27:25,190 --> 00:27:22,279

got about

723

00:27:27,649 --> 00:27:25,200

three five to ten second segments but

724

00:27:29,210 --> 00:27:27,659

big time you you're looking and you

725

00:27:30,350 --> 00:27:29,220

can't quite believe what you're looking

726

00:27:32,750 --> 00:27:30,360

at and you're just putting your camera

727

00:27:35,570 --> 00:27:32,760

on they've gone Jerry from you know

728

00:27:37,070 --> 00:27:35,580

Chris didn't get him Jerry's Jerry

729

00:27:40,909 --> 00:27:37,080

wasn't interesting because he he will

730

00:27:43,430 --> 00:27:40,919

measuring the 118 is it Calvin's uh and

731

00:27:45,830 --> 00:27:43,440

he said it were a really unusual way too

732

00:27:49,070 --> 00:27:45,840

it was it'd be better qualified to speak

733

00:27:50,510 --> 00:27:49,080

about this life than me right and and I

734

00:27:52,250 --> 00:27:50,520

think he is qualified to speak about it

735

00:27:54,470 --> 00:27:52,260

as well so

736

00:27:55,970 --> 00:27:54,480

um yeah interesting that as I say we

737

00:27:58,850 --> 00:27:55,980

taught Mick season and these things were

738

00:28:01,130 --> 00:27:58,860

turning off so I don't know what they

739

00:28:02,870 --> 00:28:01,140

are intelligent light forms is what I

740

00:28:04,669 --> 00:28:02,880

call them ilfs

741

00:28:05,810 --> 00:28:04,679

yeah they're fascinating and you

742

00:28:07,070 --> 00:28:05,820

mentioned that you've got some footage

743

00:28:08,930 --> 00:28:07,080

coming up in your new documentary

744

00:28:11,029 --> 00:28:08,940

wolfland so let's talk about the

745

00:28:13,250 --> 00:28:11,039

documentary um what it's kind of about

746

00:28:15,049 --> 00:28:13,260

the gist of it and and then we can go

747

00:28:16,490 --> 00:28:15,059

into kind of the the process of actually

748

00:28:19,010 --> 00:28:16,500

putting it together if you don't mind

749

00:28:21,169 --> 00:28:19,020

yeah well it's evolved more than put

750

00:28:23,810 --> 00:28:21,179

together I'm doing the documentary 50

751

00:28:26,210 --> 00:28:23,820

50. well let's Drake it's all my

752

00:28:27,590 --> 00:28:26,220

research and all my work sorry for

753

00:28:30,470 --> 00:28:27,600

putting it like that people but it is

754

00:28:33,529 --> 00:28:30,480

but Les is the guy that's editing it Liz

755

00:28:35,570 --> 00:28:33,539

is is worked tirelessly wolf funds we've

756

00:28:37,490 --> 00:28:35,580

been doing it through years it's a it's

757

00:28:39,590 --> 00:28:37,500

a new thing for Les because lizard

758

00:28:41,810 --> 00:28:39,600

filmed you're not Miami saying weddings

759

00:28:43,850 --> 00:28:41,820

and things like that before but he'd had

760

00:28:46,610 --> 00:28:43,860

an interest in unexplained phenomena so

761

00:28:48,710 --> 00:28:46,620

we became friends and

762

00:28:50,269 --> 00:28:48,720

I said look I'd like to do this

763

00:28:52,970 --> 00:28:50,279

documentary I'd like to do something

764

00:28:55,789 --> 00:28:52,980

with this and it just grew it just

765

00:28:58,669 --> 00:28:55,799

evolved and I'd already got some

766

00:29:01,430 --> 00:28:58,679

incredible witness accounts so we've

767

00:29:03,890 --> 00:29:01,440

just we've traveled from flixton in the

768

00:29:05,630 --> 00:29:03,900

film in the documentary it's an hour and

769

00:29:07,190 --> 00:29:05,640

27 minutes at the moment and there's a

770

00:29:09,289 --> 00:29:07,200

little that's what it's all about finish

771

00:29:11,149 --> 00:29:09,299

out so it's not sort of you know

772

00:29:13,250 --> 00:29:11,159

something like a 30 minute job is

773

00:29:14,930 --> 00:29:13,260

there's a tons of work going into it and

774

00:29:17,029 --> 00:29:14,940

we started in flixton

775

00:29:19,250 --> 00:29:17,039

because that's where the first stories

776

00:29:21,769 --> 00:29:19,260

of the flixton werewolf came to me back

777

00:29:23,389 --> 00:29:21,779

in 2014 2015 writing the first book

778

00:29:26,570 --> 00:29:23,399

that's the cover of the first child

779

00:29:29,570 --> 00:29:26,580

group or behind me and uh

780

00:29:31,370 --> 00:29:29,580

you know we're getting reports of people

781

00:29:34,909 --> 00:29:31,380

just claiming to see a fur covered

782

00:29:37,730 --> 00:29:34,919

bipedal animal in and around the area of

783

00:29:39,230 --> 00:29:37,740

flixtion and Caton and it's impossible

784

00:29:43,130 --> 00:29:39,240

Vinnie and I think a lot of your

785

00:29:44,450 --> 00:29:43,140

listeners and people realize that I

786

00:29:46,430 --> 00:29:44,460

don't think we've got the landmass to

787

00:29:49,190 --> 00:29:46,440

support anything like that or hide it

788

00:29:51,110 --> 00:29:49,200

not around flixton you know we talk

789

00:29:53,090 --> 00:29:51,120

about flixton Wald and staxton world and

790

00:29:55,789 --> 00:29:53,100

the Woodland but it's not massive the

791

00:29:58,250 --> 00:29:55,799

forests of North Yorkshire we've got 525

792

00:30:00,230 --> 00:29:58,260

square miles of forest and more and lots

793

00:30:03,070 --> 00:30:00,240

of it's on trod but I still don't

794

00:30:05,450 --> 00:30:03,080

believe that we've got something that's

795

00:30:06,950 --> 00:30:05,460

permanently living and breathing in

796

00:30:08,930 --> 00:30:06,960

those areas I just can't get my head

797

00:30:11,710 --> 00:30:08,940

around how it could be

798

00:30:14,389 --> 00:30:11,720

but we've got these reports from

799

00:30:16,730 --> 00:30:14,399

independent people unconnected to one

800

00:30:19,669 --> 00:30:16,740

another describing

801
00:30:21,529 --> 00:30:19,679
seeing something akin to what we will

802
00:30:23,930 --> 00:30:21,539
describe as a werewolf or if you want to

803
00:30:25,010 --> 00:30:23,940
call it a dog man I think a camp seems

804
00:30:26,990 --> 00:30:25,020
splitting

805
00:30:29,510 --> 00:30:27,000
or somebody wants to call it a dog man

806
00:30:32,810 --> 00:30:29,520
and it's almost as though we can't call

807
00:30:34,789 --> 00:30:32,820
it that who cares it's it's a fur

808
00:30:36,769 --> 00:30:34,799
covered bipedal creature and regardless

809
00:30:38,389 --> 00:30:36,779
of what you want to call it and I do

810
00:30:40,549 --> 00:30:38,399
believe that these people have seen this

811
00:30:41,750 --> 00:30:40,559
what they claim to have seen you know we

812
00:30:47,409 --> 00:30:41,760
go back

813
00:30:53,510 --> 00:30:49,730

1084 years ago

814

00:30:56,090 --> 00:30:53,520

and you've got the king then having the

815

00:30:58,669 --> 00:30:56,100

Refuge built at flixton

816

00:31:01,010 --> 00:30:58,679

for the protection of travelers from

817

00:31:02,690 --> 00:31:01,020

wolves so we know that wolves would have

818

00:31:05,090 --> 00:31:02,700

been prevalent don't we that was without

819

00:31:07,549 --> 00:31:05,100

saying what do you come there's that

820

00:31:11,269 --> 00:31:07,559

other line tagged on to it and an

821

00:31:12,830 --> 00:31:11,279

infestation of savage beasts so I don't

822

00:31:14,870 --> 00:31:12,840

know is it a play on words is Paul

823

00:31:16,690 --> 00:31:14,880

trying to say oh that's what they were

824

00:31:19,610 --> 00:31:16,700

I don't know

825

00:31:21,470 --> 00:31:19,620

the writing is there and then throughout

826

00:31:24,169 --> 00:31:21,480

that time I've got reports from the 50s

827

00:31:28,070 --> 00:31:24,179

Not a thousand and 84 years ago sorry

828

00:31:29,810 --> 00:31:28,080

from the 1940s the 1950s 60s 70s right

829

00:31:31,730 --> 00:31:29,820

up to present day

830

00:31:33,710 --> 00:31:31,740

and they're not doing it for kicks most

831

00:31:35,810 --> 00:31:33,720

a lot of the reports will never get to a

832

00:31:37,789 --> 00:31:35,820

documentary like wolf lands they might

833

00:31:39,350 --> 00:31:37,799

get in a book with a name change because

834

00:31:42,350 --> 00:31:39,360

people

835

00:31:43,970 --> 00:31:42,360

are afraid of the stigma that's attached

836

00:31:47,510 --> 00:31:43,980

to saying they've seen something like

837

00:31:50,389 --> 00:31:47,520

this you know there's a forest not far

838

00:31:51,710 --> 00:31:50,399

from uh flixton and there's got there's

839

00:31:53,210 --> 00:31:51,720

a Watercourse the Riverdale once

840

00:31:55,010 --> 00:31:53,220

everything seems to follow the Darwin

841

00:31:56,510 --> 00:31:55,020

which is interesting

842

00:31:59,450 --> 00:31:56,520

but there's a forest up there called

843

00:32:03,710 --> 00:31:59,460

broxa Forest there's three men from

844

00:32:05,529 --> 00:32:03,720

Rotherham Who Loved wild camping and

845

00:32:08,269 --> 00:32:05,539

they'd

846

00:32:10,430 --> 00:32:08,279

basically Jim would pick an area he

847

00:32:13,490 --> 00:32:10,440

would he was sort of the leader great

848

00:32:17,029 --> 00:32:13,500

guy and uh they'd go somewhere remote

849

00:32:18,769 --> 00:32:17,039

take a few beers maybe a lot enough food

850

00:32:20,330 --> 00:32:18,779

for what they wanted and they'd just set

851

00:32:23,090 --> 00:32:20,340

up camp and they'd do it a couple of

852

00:32:25,430 --> 00:32:23,100

times a year and they chose brought sir

853

00:32:27,409 --> 00:32:25,440

and we've got two of them gone on film

854

00:32:30,289 --> 00:32:27,419

they've spent nights in forest with us

855

00:32:32,570 --> 00:32:30,299

since 2018 that they claimed to have

856

00:32:34,490 --> 00:32:32,580

seen this thing but the witnesser won't

857

00:32:37,130 --> 00:32:34,500

go on film and that's fair

858

00:32:39,470 --> 00:32:37,140

he knew it were there before they saw it

859

00:32:40,850 --> 00:32:39,480

the defendant it's an 800 foot Ravine

860

00:32:42,710 --> 00:32:40,860

into the bottom of the Ravine and you've

861

00:32:44,690 --> 00:32:42,720

got the river Darwin to the set Camp up

862

00:32:46,549 --> 00:32:44,700

they've not been they're not looking for

863

00:32:48,529 --> 00:32:46,559

an unexplained phenomena they're not

864

00:32:50,690 --> 00:32:48,539

looking for anything weird they're there

865

00:32:53,750 --> 00:32:50,700

to just have a weekend

866

00:32:57,350 --> 00:32:53,760

in Wild this is an old old Woodland Old

867

00:32:58,490 --> 00:32:57,360

Forest and he's saying we've got to go I

868

00:33:00,169 --> 00:32:58,500

don't like it we're being watched

869

00:33:01,549 --> 00:33:00,179

something's watching us

870

00:33:03,049 --> 00:33:01,559

and they're looking at him and they

871

00:33:06,289 --> 00:33:03,059

can't work it out because it's just out

872

00:33:08,090 --> 00:33:06,299

of character it's getting dark and this

873

00:33:09,710 --> 00:33:08,100

Ravine you come down on your backside in

874

00:33:12,830 --> 00:33:09,720

places I mean we've been in it we've

875

00:33:15,649 --> 00:33:12,840

spent nights in it and uh

876

00:33:18,049 --> 00:33:15,659

it's I don't like it I don't like it and

877

00:33:20,210 --> 00:33:18,059

then this went on and on and on and then

878

00:33:22,669 --> 00:33:20,220

Jim said and Steve they said we'd been

879

00:33:25,730 --> 00:33:22,679

sat there for a while and suddenly

880

00:33:28,149 --> 00:33:25,740

a few pair of Amber eyes lit up in

881

00:33:29,990 --> 00:33:28,159

darkness no light on

882

00:33:31,610 --> 00:33:30,000

self-illuminating Now where's this

883

00:33:34,789 --> 00:33:31,620

bioluminescence come from that's nothing

884

00:33:36,649 --> 00:33:34,799

normal to Animal Kingdom when all the

885

00:33:38,509 --> 00:33:36,659

marine life have it but what I'm saying

886

00:33:40,789 --> 00:33:38,519

is not not some

887

00:33:43,070 --> 00:33:40,799

living breathing mammal without a torch

888

00:33:45,049 --> 00:33:43,080

sticking on it and highlighting eyes

889

00:33:46,310 --> 00:33:45,059

so he said all the time he's getting

890

00:33:47,630 --> 00:33:46,320

he's frightened now and they're trying

891

00:33:49,310 --> 00:33:47,640

to contain him they think he's going to

892

00:33:51,529 --> 00:33:49,320

run off into the darkness

893

00:33:52,789 --> 00:33:51,539

he said in the end

894

00:33:55,009 --> 00:33:52,799

stood up

895

00:33:56,750 --> 00:33:55,019

and I made a few took a few steps

896

00:33:59,029 --> 00:33:56,760

towards it he says I didn't know what it

897

00:34:01,490 --> 00:33:59,039

wanted about three foot off ground

898

00:34:04,610 --> 00:34:01,500

but they were huge eyes he likened them

899

00:34:07,610 --> 00:34:04,620

to the size of a cow's eyes apart and

900

00:34:10,190 --> 00:34:07,620

right he said met a few hissing sounds

901
00:34:12,649 --> 00:34:10,200
and it disappeared so that turned around

902
00:34:15,230 --> 00:34:12,659
and when I looked at we'll call him

903
00:34:17,750 --> 00:34:15,240
witness C or B whatever you want and

904
00:34:20,570 --> 00:34:17,760
Steve he said just literally Jaws have

905
00:34:22,490 --> 00:34:20,580
dropped so when I turn back and these

906
00:34:24,829 --> 00:34:22,500
are these words I can we've been so

907
00:34:26,750 --> 00:34:24,839
interested in wolfland he said I went I

908
00:34:28,570 --> 00:34:26,760
just went oh my God he said I've never

909
00:34:31,430 --> 00:34:28,580
felt fear like that before

910
00:34:33,530 --> 00:34:31,440
I'm going three footing ground off in

911
00:34:36,609 --> 00:34:33,540
off the ground these eyes are now seven

912
00:34:39,649 --> 00:34:36,619
foot in air and they can see this thing

913
00:34:41,690 --> 00:34:39,659

I find that incredible it watched them

914

00:34:43,909 --> 00:34:41,700

all night it stood watching them all

915

00:34:45,550 --> 00:34:43,919

night terrifying them didn't Advance

916

00:34:48,290 --> 00:34:45,560

towards them

917

00:34:49,730 --> 00:34:48,300

they turned to one side a few times they

918

00:34:52,070 --> 00:34:49,740

could see a muzzle Steve said if you'd

919

00:34:54,169 --> 00:34:52,080

have asked me to draw a werewolf I would

920

00:34:57,609 --> 00:34:54,179

not have drawn that he said it looked

921

00:35:00,349 --> 00:34:57,619

ridiculous he said its ears were so big

922

00:35:01,310 --> 00:35:00,359

pointed and stuck up the muzzle was so

923

00:35:03,230 --> 00:35:01,320

long

924

00:35:05,390 --> 00:35:03,240

they said buddy but just built

925

00:35:07,430 --> 00:35:05,400

incredible he said you couldn't have fit

926

00:35:10,069 --> 00:35:07,440

two men into its size

927

00:35:11,450 --> 00:35:10,079

so then we've got seven miles away

928

00:35:13,190 --> 00:35:11,460

in a neighboring Forest because

929

00:35:16,069 --> 00:35:13,200

everything's linked just but it's just

930

00:35:18,589 --> 00:35:16,079

altered by name yeah with cropton and

931

00:35:21,589 --> 00:35:18,599

stape and there's a Game Keeper who'll

932

00:35:24,349 --> 00:35:21,599

see something very similar in 2002

933

00:35:27,130 --> 00:35:24,359

and he's he's using an abandoned

934

00:35:29,510 --> 00:35:27,140

Farmhouse as he's uh as his base camp

935

00:35:32,329 --> 00:35:29,520

like his exact words he said I've gone a

936

00:35:35,569 --> 00:35:32,339

bit feral you know Farmhouse have been

937

00:35:38,210 --> 00:35:35,579

abandoned since 1956 I think

938

00:35:39,650 --> 00:35:38,220

and he came across it and he's laid in a

939

00:35:42,109 --> 00:35:39,660

sleeping bag one night

940

00:35:44,329 --> 00:35:42,119

he says doors bolted up other doors

941

00:35:47,990 --> 00:35:44,339

barricaded up because they don't doesn't

942

00:35:49,849 --> 00:35:48,000

lock yeah Fire's dead

943

00:35:52,190 --> 00:35:49,859

there's only glowing numbers

944

00:35:53,810 --> 00:35:52,200

he said no locked up and this thing just

945

00:35:58,910 --> 00:35:53,820

comes that window and it's looking in at

946

00:36:01,609 --> 00:35:58,920

me and seven miles away say but

947

00:36:04,310 --> 00:36:01,619

if we if we remove the names it's just

948

00:36:05,510 --> 00:36:04,320

all one area yeah you know you know

949

00:36:07,490 --> 00:36:05,520

you'll have a bit of more land in

950

00:36:10,970 --> 00:36:07,500

between and rivers and streams

951
00:36:13,250 --> 00:36:10,980
and uh but what's interesting Vinnie the

952
00:36:14,329 --> 00:36:13,260
night or the a few nights before I'm not

953
00:36:16,310 --> 00:36:14,339
gonna say the night because I don't

954
00:36:18,410 --> 00:36:16,320
think we're all a bit loose on the at

955
00:36:21,050 --> 00:36:18,420
the exact time frame before but he's

956
00:36:22,550 --> 00:36:21,060
walking back to The Farmhouse where his

957
00:36:24,230 --> 00:36:22,560
cousin old come to stay with him for a

958
00:36:26,210 --> 00:36:24,240
few days his cousin went the following

959
00:36:28,370 --> 00:36:26,220
day and as they're walking along one of

960
00:36:29,270 --> 00:36:28,380
these logging roads between 10 and 11 at

961
00:36:32,030 --> 00:36:29,280
night

962
00:36:34,430 --> 00:36:32,040
a sphere of light just sprung from the

963
00:36:36,710 --> 00:36:34,440

ground at the side of them he said about

964

00:36:39,109 --> 00:36:36,720

baseball size he says I immediately

965

00:36:41,630 --> 00:36:39,119

dropped my cousin to the floor and got

966

00:36:43,730 --> 00:36:41,640

down he says ex-marine this guy he says

967

00:36:46,069 --> 00:36:43,740

I thought we'd caught a tripway affleur

968

00:36:48,109 --> 00:36:46,079

this is expected squatties to come out

969

00:36:51,230 --> 00:36:48,119

because we're only a few miles from

970

00:36:53,690 --> 00:36:51,240

filing Dales yeah and what have you he

971

00:36:56,210 --> 00:36:53,700

said but nothing absolutely nothing he

972

00:36:57,589 --> 00:36:56,220

says the next day I got up so Danny went

973

00:36:58,910 --> 00:36:57,599

told me says and I knew exactly where

974

00:37:00,470 --> 00:36:58,920

we'd seen it it says I look for

975

00:37:02,630 --> 00:37:00,480

magnesium Burns anything he said there

976
00:37:04,010 --> 00:37:02,640
are nothing but after that sphere of

977
00:37:07,310 --> 00:37:04,020
light

978
00:37:08,810 --> 00:37:07,320
he said Jeff's words every if everything

979
00:37:11,630 --> 00:37:08,820
foretold after that that's what he said

980
00:37:13,910 --> 00:37:11,640
he said I'd be walking around doing jobs

981
00:37:15,470 --> 00:37:13,920
around forests I don't got thousands of

982
00:37:17,450 --> 00:37:15,480
acres to maintain so I don't know what

983
00:37:18,770 --> 00:37:17,460
they were doing he said but I couldn't

984
00:37:20,089 --> 00:37:18,780
hear voices

985
00:37:22,730 --> 00:37:20,099
like

986
00:37:24,170 --> 00:37:22,740
near me And he says it were unnerving it

987
00:37:25,609 --> 00:37:24,180
was strange

988
00:37:27,349 --> 00:37:25,619

me and the other one of other game

989

00:37:29,750 --> 00:37:27,359

Keepers we could hear a baby crying now

990

00:37:31,910 --> 00:37:29,760

that sounds Bigfoot related to some of

991

00:37:34,250 --> 00:37:31,920

the things that we've been talked about

992

00:37:36,650 --> 00:37:34,260

in the past but regardless Bigfoot

993

00:37:38,329 --> 00:37:36,660

whatever it's it's Cryptid related yeah

994

00:37:39,349 --> 00:37:38,339

because when we walked to where we could

995

00:37:43,310 --> 00:37:39,359

hear

996

00:37:46,010 --> 00:37:43,320

the perceived infant crane to stop and

997

00:37:48,349 --> 00:37:46,020

it said start deeper into the forest

998

00:37:50,329 --> 00:37:48,359

so there were lots of things happening

999

00:37:52,430 --> 00:37:50,339

after the sphere of light and then that

1000

00:37:54,410 --> 00:37:52,440

this particular night is laid there

1001
00:37:56,690 --> 00:37:54,420
and this thing comes he says he stood at

1002
00:38:00,230 --> 00:37:56,700
the window he says um this guy's huge

1003
00:38:02,210 --> 00:38:00,240
massive man Jeff and he said

1004
00:38:03,530 --> 00:38:02,220
twice as broad as me says it was just

1005
00:38:05,089 --> 00:38:03,540
incredibly I'm not saying that he

1006
00:38:06,170 --> 00:38:05,099
weren't about his head I said we sat

1007
00:38:08,630 --> 00:38:06,180
there because we've done all this for

1008
00:38:11,089 --> 00:38:08,640
Wolf lands just how big was it this

1009
00:38:15,230 --> 00:38:11,099
thing's head and he went

1010
00:38:17,630 --> 00:38:15,240
estimated 15 inches you know what and it

1011
00:38:19,970 --> 00:38:17,640
was stopping down it was it was it was

1012
00:38:21,650 --> 00:38:19,980
taller than the window and then right

1013
00:38:23,990 --> 00:38:21,660

we've measured this so we know it was

1014

00:38:27,349 --> 00:38:24,000
over seven foot tall and then the

1015

00:38:29,569 --> 00:38:27,359
following the following night that he

1016

00:38:32,030 --> 00:38:29,579
didn't stay after that he what he

1017

00:38:33,349 --> 00:38:32,040
decided to do he said I'm gonna get the

1018

00:38:35,569 --> 00:38:33,359
drop on it and he didn't mean they were

1019

00:38:37,390 --> 00:38:35,579
going to wrestle this thing people he it

1020

00:38:39,710 --> 00:38:37,400
was it was he says I were that curious

1021

00:38:43,069 --> 00:38:39,720
and I didn't drive he said I've got a

1022

00:38:44,210 --> 00:38:43,079
quad bike but if to to go back home my

1023

00:38:47,390 --> 00:38:44,220
parents would have to come and pick me

1024

00:38:49,329 --> 00:38:47,400
up he said so I wasn't going nowhere he

1025

00:38:53,750 --> 00:38:49,339
said so

1026

00:38:56,510 --> 00:38:53,760

back in in 2002 You've Got The Farmhouse

1027

00:38:59,390 --> 00:38:56,520

and you've got 40 foot pounds to the

1028

00:39:01,190 --> 00:38:59,400

edge of it sides and at the back and

1029

00:39:03,530 --> 00:39:01,200

you've got a clearing of about 30 foot

1030

00:39:04,790 --> 00:39:03,540

in front of it the next 40 foot packs

1031

00:39:07,190 --> 00:39:04,800

it's all cleared now it's all being

1032

00:39:10,069 --> 00:39:07,200

filled it's all clear fell

1033

00:39:13,670 --> 00:39:10,079

so I set a tap down on the ground in

1034

00:39:16,609 --> 00:39:13,680

front of it 30 35 foot away under these

1035

00:39:18,890 --> 00:39:16,619

these sort of pine branches and I waited

1036

00:39:20,690 --> 00:39:18,900

and I sat there it says and in early

1037

00:39:23,450 --> 00:39:20,700

hours at morning I'm not sure what time

1038

00:39:26,450 --> 00:39:23,460

it says it came out this isn't it came

1039

00:39:28,609 --> 00:39:26,460

out from from the left-hand side

1040

00:39:31,690 --> 00:39:28,619

he says and it went outside at Farmhouse

1041

00:39:35,109 --> 00:39:31,700

he says his head what above the gutter

1042

00:39:37,730 --> 00:39:35,119

now we're not talking that this is a ban

1043

00:39:40,190 --> 00:39:37,740

normal standardized single story and

1044

00:39:42,109 --> 00:39:40,200

then you've got The Farmhouse so let's

1045

00:39:44,210 --> 00:39:42,119

not you know so we're looking at seven

1046

00:39:46,010 --> 00:39:44,220

seven over seven foot taller says

1047

00:39:47,870 --> 00:39:46,020

he said but they were all tough to Grass

1048

00:39:49,609 --> 00:39:47,880

this thing were abandoned they were

1049

00:39:52,069 --> 00:39:49,619

nothing level there's no paths or

1050

00:39:54,050 --> 00:39:52,079

anything he says but it it just came

1051
00:39:56,329 --> 00:39:54,060
down in one small motion it didn't right

1052
00:39:58,730 --> 00:39:56,339
it went up he said I didn't see no leg

1053
00:40:01,430 --> 00:39:58,740
movement it's arrived

1054
00:40:03,890 --> 00:40:01,440
and then he stood looking in the window

1055
00:40:05,870 --> 00:40:03,900
he says I'd packed my sleeping bag with

1056
00:40:07,730 --> 00:40:05,880
the fire so all that would die down

1057
00:40:09,829 --> 00:40:07,740
again he says I'm in the sleeping bag

1058
00:40:13,370 --> 00:40:09,839
but I'm not he says and it's still

1059
00:40:15,950 --> 00:40:13,380
looking in he says but I knew he knew I

1060
00:40:17,270 --> 00:40:15,960
were here I said don't ask me out he

1061
00:40:19,849 --> 00:40:17,280
says either that or there were another

1062
00:40:24,050 --> 00:40:19,859
one watching me he says so I'm it's

1063
00:40:25,310 --> 00:40:24,060

watching me while I'm watching it from a

1064

00:40:27,410 --> 00:40:25,320

distance he said and it just stood

1065

00:40:29,329 --> 00:40:27,420

looking in he said I didn't see no ears

1066

00:40:31,010 --> 00:40:29,339

I didn't see no gnashing teeth I saw no

1067

00:40:34,730 --> 00:40:31,020

glowing eyes I just saw this monstrous

1068

00:40:36,710 --> 00:40:34,740

head the huge shoulders and arms and I

1069

00:40:38,270 --> 00:40:36,720

don't recall seeing legs because he just

1070

00:40:40,310 --> 00:40:38,280

arrived which is odd

1071

00:40:41,930 --> 00:40:40,320

stayed there for five to ten minutes and

1072

00:40:43,849 --> 00:40:41,940

then it went back into the forest he

1073

00:40:44,630 --> 00:40:43,859

said he waited for 20 minutes half an

1074

00:40:46,190 --> 00:40:44,640

hour

1075

00:40:47,870 --> 00:40:46,200

and then went round the back of the farm

1076

00:40:49,970 --> 00:40:47,880

I was actually terrified I've got to

1077

00:40:52,870 --> 00:40:49,980

admit I really I think I'd have just

1078

00:40:55,130 --> 00:40:52,880

stayed where I want all night

1079

00:40:56,569 --> 00:40:55,140

he says going into The Farmhouse well

1080

00:40:58,910 --> 00:40:56,579

the unnerving because he didn't know

1081

00:41:00,890 --> 00:40:58,920

whether there were anything inside so he

1082

00:41:03,109 --> 00:41:00,900

had an uneasy night he said and after

1083

00:41:05,630 --> 00:41:03,119

that he left and he you know and he's

1084

00:41:06,890 --> 00:41:05,640

we've been back we've spent a few nights

1085

00:41:09,650 --> 00:41:06,900

in not

1086

00:41:11,510 --> 00:41:09,660

exact area but in and around the area

1087

00:41:14,870 --> 00:41:11,520

you know because I think to do these

1088

00:41:18,410 --> 00:41:14,880

Witnesses Justice I've got to put myself

1089

00:41:20,450 --> 00:41:18,420

where they are yeah and and uh it's it's

1090

00:41:22,849 --> 00:41:20,460

easy you see all these documentaries of

1091

00:41:24,170 --> 00:41:22,859

anywhere they'll sit in a cafe having a

1092

00:41:25,490 --> 00:41:24,180

coffee and Witnesses telling them what

1093

00:41:27,589 --> 00:41:25,500

they saw and then you get this

1094

00:41:30,829 --> 00:41:27,599

reconstructed flashback of this thing

1095

00:41:32,569 --> 00:41:30,839

let's get to the location and seriously

1096

00:41:34,510 --> 00:41:32,579

I sound like a boast but I don't think

1097

00:41:36,710 --> 00:41:34,520

there's a documentary like wolf lands

1098

00:41:40,609 --> 00:41:36,720

certainly never been made in the in this

1099

00:41:42,890 --> 00:41:40,619

country right you know but time will

1100

00:41:44,569 --> 00:41:42,900

tell only absolutely and when we're

1101
00:41:47,810 --> 00:41:44,579
looking for the release date of this

1102
00:41:49,430 --> 00:41:47,820
documentary we're finished with uh you

1103
00:41:50,630 --> 00:41:49,440
know because I've been talking about oh

1104
00:41:52,910 --> 00:41:50,640
we're very close we're very close for

1105
00:41:55,849 --> 00:41:52,920
ages we're finished it's gone it's gone

1106
00:41:57,890 --> 00:41:55,859
to Mick park now uh who's who's kindly

1107
00:42:00,890 --> 00:41:57,900
doing the music for us and you know I

1108
00:42:03,290 --> 00:42:00,900
mean if you're looking to what makes

1109
00:42:05,270 --> 00:42:03,300
does and has done you'll see that his

1110
00:42:07,730 --> 00:42:05,280
credentials and so we're really lucky

1111
00:42:09,290 --> 00:42:07,740
and my daughter's an opera singer well

1112
00:42:11,569 --> 00:42:09,300
one of my daughters is so she's doing

1113
00:42:13,010 --> 00:42:11,579

the harmonies so I don't know what first

1114

00:42:15,050 --> 00:42:13,020

trailer and you whether you heard

1115

00:42:18,109 --> 00:42:15,060

anything you know and so Jess is doing

1116

00:42:21,230 --> 00:42:18,119

harmonies mix wrote the lyrics for it so

1117

00:42:22,970 --> 00:42:21,240

we've he'll just put all build up to it

1118

00:42:25,430 --> 00:42:22,980

I mean it's been on watching it because

1119

00:42:27,109 --> 00:42:25,440

we've we've ripped all music out of it

1120

00:42:29,329 --> 00:42:27,119

we've had music as we've been doing it

1121

00:42:31,849 --> 00:42:29,339

just to give us some kind of person to

1122

00:42:33,410 --> 00:42:31,859

help Liz yeah I mean editing we've

1123

00:42:34,849 --> 00:42:33,420

ripped all the music out all the sound

1124

00:42:36,470 --> 00:42:34,859

effects because it's gone to some

1125

00:42:38,750 --> 00:42:36,480

professionals to have that done now do

1126

00:42:40,490 --> 00:42:38,760

you know yeah and I don't know we're

1127

00:42:43,849 --> 00:42:40,500

gonna start pushing it like mad I

1128

00:42:46,190 --> 00:42:43,859

suppose we're pushing it now but uh New

1129

00:42:48,109 --> 00:42:46,200

Year January you know what I mean and uh

1130

00:42:49,790 --> 00:42:48,119

I've already contacted a few people to

1131

00:42:52,490 --> 00:42:49,800

do that and I don't know where we'll go

1132

00:42:55,550 --> 00:42:52,500

with it Vinnie we're uh we're we're

1133

00:42:57,170 --> 00:42:55,560

hopeful that it can be quite successful

1134

00:42:59,569 --> 00:42:57,180

that's all I can say really it could be

1135

00:43:00,890 --> 00:42:59,579

I'm looking ah no I'm sure it'll be

1136

00:43:01,809 --> 00:43:00,900

great I'm looking forward to it I really

1137

00:43:05,569 --> 00:43:01,819

am

1138

00:43:08,630 --> 00:43:05,579

sorry no no please carry on well no I

1139

00:43:10,910 --> 00:43:08,640

was just going to say you know it it is

1140

00:43:13,430 --> 00:43:10,920

Les has put a lot of work into it you

1141

00:43:15,829 --> 00:43:13,440

know we've had arguments that can be as

1142

00:43:19,010 --> 00:43:15,839

awkward as anybody there really can and

1143

00:43:21,230 --> 00:43:19,020

and so can he but basically for amount

1144

00:43:22,970 --> 00:43:21,240

of time that we've invested we've kind

1145

00:43:25,069 --> 00:43:22,980

of rubbed along okay and he's put

1146

00:43:29,050 --> 00:43:25,079

himself in them places when we went into

1147

00:43:31,609 --> 00:43:29,060

broxter Forest 800 foot ravine this is

1148

00:43:33,230 --> 00:43:31,619

briefly this is this is how this is how

1149

00:43:36,410 --> 00:43:33,240

good these Witnesses were the ones from

1150

00:43:38,390 --> 00:43:36,420

Rotherham the very first I I received

1151

00:43:40,190 --> 00:43:38,400

the story it got looking for answers

1152

00:43:42,589 --> 00:43:40,200

Steve they were looking after they'd

1153

00:43:44,329 --> 00:43:42,599

seen it he said they couldn't close my

1154

00:43:45,950 --> 00:43:44,339

eyes without saying this thing

1155

00:43:47,210 --> 00:43:45,960

and he appeared on one of our live

1156

00:43:49,010 --> 00:43:47,220

streams and there were a comment Came

1157

00:43:50,750 --> 00:43:49,020

Upon Truth live stream you know I've

1158

00:43:52,430 --> 00:43:50,760

seen something in North Forest in North

1159

00:43:56,829 --> 00:43:52,440

Yorkshire so I contacted him we got

1160

00:44:02,150 --> 00:43:59,870

me saying that it would absolutely he

1161

00:44:04,670 --> 00:44:02,160

said apart from Jim I couldn't talk to

1162

00:44:06,890 --> 00:44:04,680

anybody he said nobody I could talk to

1163

00:44:09,890 --> 00:44:06,900

about this he said I just didn't know

1164

00:44:12,290 --> 00:44:09,900

where to turn but my point is the very

1165

00:44:14,690 --> 00:44:12,300

first time that they agreed to meet us

1166

00:44:17,270 --> 00:44:14,700

we met at a place called ristibank which

1167

00:44:19,190 --> 00:44:17,280

means rancid basically uh and which is

1168

00:44:21,230 --> 00:44:19,200

just below blocks of forest and broxa

1169

00:44:23,390 --> 00:44:21,240

means In some cultures is a shapeshifter

1170

00:44:25,670 --> 00:44:23,400

a shape-shifting demon so they're in a

1171

00:44:28,370 --> 00:44:25,680

forest called broxa so you know you know

1172

00:44:31,130 --> 00:44:28,380

so anyway let me get to my point they

1173

00:44:34,430 --> 00:44:31,140

drove straight from work an hour and

1174

00:44:36,890 --> 00:44:34,440

three quarter drive without any food the

1175

00:44:38,630 --> 00:44:36,900

metals at Rusty bank went down into the

1176

00:44:40,609 --> 00:44:38,640

800-foot ravine

1177

00:44:42,829 --> 00:44:40,619

just to show us where they've seen it

1178

00:44:44,870 --> 00:44:42,839

not to do any filming

1179

00:44:48,650 --> 00:44:44,880

climb back up the river

1180

00:44:50,390 --> 00:44:48,660

and and went home so they were and now

1181

00:44:52,430 --> 00:44:50,400

that's that kind of tells you that

1182

00:44:55,550 --> 00:44:52,440

they're not in it just to

1183

00:44:57,170 --> 00:44:55,560

for some kind of Romancing story but my

1184

00:44:59,450 --> 00:44:57,180

bigger point is let's get just get back

1185

00:45:01,609 --> 00:44:59,460

to less Les went out that night

1186

00:45:03,710 --> 00:45:01,619

those would have been 65

1187

00:45:06,410 --> 00:45:03,720

it collapsed at top on night we were all

1188

00:45:08,990 --> 00:45:06,420

stood around him it were out it was that

1189

00:45:10,730 --> 00:45:09,000

arduous we all carried the kids up for

1190

00:45:12,410 --> 00:45:10,740

him we knew he weren't well you know

1191

00:45:13,490 --> 00:45:12,420

he's probably laughing I really might

1192

00:45:15,530 --> 00:45:13,500

not be laughing if he's listening to

1193

00:45:16,849 --> 00:45:15,540

this but I don't feel right well guys I

1194

00:45:19,670 --> 00:45:16,859

don't feel well so we carried it all up

1195

00:45:21,829 --> 00:45:19,680

because we're at work gets to top we

1196

00:45:23,690 --> 00:45:21,839

thought thank God he's got up we are as

1197

00:45:26,270 --> 00:45:23,700

you know what I mean having to carry him

1198

00:45:28,130 --> 00:45:26,280

up yeah I don't feel well and just

1199

00:45:30,829 --> 00:45:28,140

literally just fell over and that was it

1200

00:45:32,390 --> 00:45:30,839

we thought he were dead we wish now we'd

1201
00:45:35,690 --> 00:45:32,400
have filmed him for a bit of drama for

1202
00:45:38,270 --> 00:45:35,700
Phil oh god seriously

1203
00:45:40,910 --> 00:45:38,280
so we were putting water in his mouth

1204
00:45:45,109 --> 00:45:40,920
we're just running outside so no we've

1205
00:45:46,849 --> 00:45:45,119
got his clothes off of top claws and uh

1206
00:45:49,609 --> 00:45:46,859
it overated it when he takes you off

1207
00:45:52,130 --> 00:45:49,619
exhausted right so we're at laboring

1208
00:45:54,109 --> 00:45:52,140
Point Let's just put feet on the ground

1209
00:45:55,910 --> 00:45:54,119
and got stuck in he's not just sat

1210
00:45:58,510 --> 00:45:55,920
behind a keyboard looking at film that

1211
00:46:02,030 --> 00:45:58,520
we've done he's had a go yeah

1212
00:46:03,349 --> 00:46:02,040
that's amazing wow dedication and there

1213
00:46:04,730 --> 00:46:03,359

is something to be said I think and I've

1214

00:46:06,530 --> 00:46:04,740

always said this that boots on the

1215

00:46:08,329 --> 00:46:06,540

ground research there's nothing like it

1216

00:46:10,609 --> 00:46:08,339

you can sit in front of a computer and

1217

00:46:12,349 --> 00:46:10,619

research and look at dig deep into

1218

00:46:13,910 --> 00:46:12,359

documents and that and that's great but

1219

00:46:15,770 --> 00:46:13,920

there's nothing better than being boots

1220

00:46:17,569 --> 00:46:15,780

on the ground really getting it getting

1221

00:46:19,130 --> 00:46:17,579

stuck in this location so that's

1222

00:46:20,569 --> 00:46:19,140

fantastic

1223

00:46:22,010 --> 00:46:20,579

um before we finish up I wanted to speak

1224

00:46:23,750 --> 00:46:22,020

to you about because we met at a

1225

00:46:25,849 --> 00:46:23,760

conference and you know the conference

1226

00:46:28,010 --> 00:46:25,859

scene was you know with the the pandemic

1227

00:46:30,109 --> 00:46:28,020

that was non-existent

1228

00:46:31,550 --> 00:46:30,119

um so I'm quite new to that but you know

1229

00:46:32,990 --> 00:46:31,560

I get the idea that you've been doing it

1230

00:46:34,970 --> 00:46:33,000

for some time so I just wanted to know

1231

00:46:37,190 --> 00:46:34,980

kind of when you first started hitting

1232

00:46:38,569 --> 00:46:37,200

the conference scene and has it evolved

1233

00:46:42,230 --> 00:46:38,579

since then

1234

00:46:44,210 --> 00:46:42,240

well I I first one I did and I get asked

1235

00:46:46,430 --> 00:46:44,220

to do loads and I turn them down and

1236

00:46:48,410 --> 00:46:46,440

then I really I really do and it's not

1237

00:46:49,970 --> 00:46:48,420

because of the people the great people

1238

00:46:52,609 --> 00:46:49,980

uh

1239

00:46:55,430 --> 00:46:52,619

I prefer to be sat listening to people

1240

00:46:57,349 --> 00:46:55,440

rather or just Milling around at a

1241

00:46:58,730 --> 00:46:57,359

conference I said I don't know I think I

1242

00:47:01,250 --> 00:46:58,740

think it's I think there's a good bunch

1243

00:47:03,230 --> 00:47:01,260

of people within the conference scene at

1244

00:47:06,589 --> 00:47:03,240

the moment I've not had any kind of bad

1245

00:47:09,230 --> 00:47:06,599

experiences or you know you get we every

1246

00:47:11,329 --> 00:47:09,240

with that with every past time if that's

1247

00:47:13,250 --> 00:47:11,339

not till of Connie a thing to call

1248

00:47:14,930 --> 00:47:13,260

unexplained phenomenon people have an

1249

00:47:16,609 --> 00:47:14,940

interest in it there's a lot of

1250

00:47:18,710 --> 00:47:16,619

different factions and people who

1251
00:47:21,470 --> 00:47:18,720
disagree and you know what but it's my

1252
00:47:23,390 --> 00:47:21,480
way or no way kind of thing but I don't

1253
00:47:25,609 --> 00:47:23,400
I don't really come across that I mean I

1254
00:47:27,650 --> 00:47:25,619
bet it's there but I've not really come

1255
00:47:30,410 --> 00:47:27,660
across it and uh there's some great

1256
00:47:33,589 --> 00:47:30,420
conferences I really enjoy the Awakening

1257
00:47:36,349 --> 00:47:33,599
yeah like you know the treaders really

1258
00:47:39,230 --> 00:47:36,359
well you know you know you know content

1259
00:47:42,230 --> 00:47:39,240
con conference organizers and they did

1260
00:47:44,510 --> 00:47:42,240
that mini the mini awaiting earlier in

1261
00:47:47,210 --> 00:47:44,520
the year and uh then there's the other

1262
00:47:50,270 --> 00:47:47,220
one the Minicon the one we had recently

1263
00:47:53,030 --> 00:47:50,280

with uh Manchester yeah oh no the

1264

00:47:54,530 --> 00:47:53,040

Minicon in uh yes yeah I missed that I I

1265

00:47:56,870 --> 00:47:54,540

had covert at the time so I was meant to

1266

00:47:57,890 --> 00:47:56,880

be honest they throw everything at it

1267

00:47:59,690 --> 00:47:57,900

really

1268

00:48:01,069 --> 00:47:59,700

and he said well what I took away from

1269

00:48:03,829 --> 00:48:01,079

it is a really friendly atmosphere

1270

00:48:05,630 --> 00:48:03,839

really good and then then I spoke at

1271

00:48:07,670 --> 00:48:05,640

Outer Limits conference

1272

00:48:10,550 --> 00:48:07,680

four times now I'm not I'm not going to

1273

00:48:12,410 --> 00:48:10,560

speak at it this year uh but enough

1274

00:48:15,349 --> 00:48:12,420

there's a few that I've been asked to do

1275

00:48:18,550 --> 00:48:15,359

and I'm not doing I I think it basically

1276

00:48:20,770 --> 00:48:18,560

Vinnie it's time you know

1277

00:48:22,910 --> 00:48:20,780

you

1278

00:48:25,490 --> 00:48:22,920

stand there for an hour

1279

00:48:27,109 --> 00:48:25,500

and I want I don't want to be scratching

1280

00:48:28,370 --> 00:48:27,119

me I don't think you know what just wait

1281

00:48:31,069 --> 00:48:28,380

a minute I'll just get that bit of paper

1282

00:48:34,490 --> 00:48:31,079

and I'll tell you I want it to flow so

1283

00:48:36,650 --> 00:48:34,500

and you can't do that everybody can talk

1284

00:48:38,390 --> 00:48:36,660

but when you stood in front of quite a

1285

00:48:39,710 --> 00:48:38,400

few people you've got to be as

1286

00:48:41,990 --> 00:48:39,720

professional as possible and that takes

1287

00:48:44,390 --> 00:48:42,000

time and I don't and it's time that I

1288

00:48:47,329 --> 00:48:44,400

don't want to devote every time if I'm

1289

00:48:49,490 --> 00:48:47,339

being truthful plus I'm you're not for a

1290

00:48:52,450 --> 00:48:49,500

lot of these conferences you're not yeah

1291

00:48:55,490 --> 00:48:52,460

not getting a bean for doing it um

1292

00:48:57,230 --> 00:48:55,500

really well so no com no complaints at

1293

00:48:58,849 --> 00:48:57,240

all but a lot of them you'll not get

1294

00:49:01,010 --> 00:48:58,859

paid a bill and so you're investing a

1295

00:49:03,470 --> 00:49:01,020

lot of time for that for zilch do you

1296

00:49:07,010 --> 00:49:03,480

know and uh although you do get a chance

1297

00:49:08,329 --> 00:49:07,020

to sell your books uh but I'm not

1298

00:49:10,069 --> 00:49:08,339

putting a negative slant on it they're

1299

00:49:12,230 --> 00:49:10,079

all good I've I've had some good

1300

00:49:14,390 --> 00:49:12,240

experiences from from from all of them

1301
00:49:17,390 --> 00:49:14,400
really yeah and that's one thing I'd say

1302
00:49:19,069 --> 00:49:17,400
is you know it's the ones I've been to

1303
00:49:20,750 --> 00:49:19,079
there's an array of speakers they might

1304
00:49:22,609 --> 00:49:20,760
not all be yours or cup of tea when it

1305
00:49:24,410 --> 00:49:22,619
comes to what they're talking about but

1306
00:49:25,670 --> 00:49:24,420
it's those in between moments when

1307
00:49:27,770 --> 00:49:25,680
you're networking and you're meeting

1308
00:49:30,170 --> 00:49:27,780
people and and talking you know between

1309
00:49:32,089 --> 00:49:30,180
the speak the speakers they're just

1310
00:49:33,349 --> 00:49:32,099
Priceless because you know I've met so

1311
00:49:35,690 --> 00:49:33,359
many good people that way yourself

1312
00:49:37,370 --> 00:49:35,700
included so do you know you're

1313
00:49:39,770 --> 00:49:37,380

absolutely spot on and that's why when I

1314

00:49:41,990 --> 00:49:39,780

got to conferences I'm I find that I'm

1315

00:49:44,030 --> 00:49:42,000

not sat listening to anybody and it's

1316

00:49:46,670 --> 00:49:44,040

not because they're not interesting hey

1317

00:49:50,210 --> 00:49:46,680

I've got attention span of a fly but I

1318

00:49:52,490 --> 00:49:50,220

like speaking to people it's great it's

1319

00:49:54,550 --> 00:49:52,500

really good and funny you should say

1320

00:49:56,690 --> 00:49:54,560

that and I'm not naming any names here

1321

00:49:58,790 --> 00:49:56,700

they're seriously are not going to do

1322

00:50:00,530 --> 00:49:58,800

that but there's there are certain

1323

00:50:01,790 --> 00:50:00,540

people or speakers who have I wouldn't

1324

00:50:03,829 --> 00:50:01,800

be bothered if I never saw them again

1325

00:50:06,349 --> 00:50:03,839

because of the arrogance

1326
00:50:09,650 --> 00:50:06,359
feeling so Superior to everybody else

1327
00:50:11,990 --> 00:50:09,660
anybody comes up to me at a conference

1328
00:50:14,030 --> 00:50:12,000
they'll get what they give me and if

1329
00:50:15,650 --> 00:50:14,040
they give if they're warm and kind

1330
00:50:17,750 --> 00:50:15,660
that's all that's all they'll get back

1331
00:50:19,130 --> 00:50:17,760
from me do you know what I mean yeah you

1332
00:50:20,990 --> 00:50:19,140
see other people walking about and

1333
00:50:23,270 --> 00:50:21,000
they're too far too important

1334
00:50:26,630 --> 00:50:23,280
to talk to people and you can see people

1335
00:50:28,970 --> 00:50:26,640
wanting to talk to them and and and

1336
00:50:30,250 --> 00:50:28,980
they just want to avoid them I don't I

1337
00:50:32,870 --> 00:50:30,260
don't get that do you know what I mean

1338
00:50:35,750 --> 00:50:32,880

we're all we're all the same aren't we

1339

00:50:37,849 --> 00:50:35,760

at end at day we're all equal and uh

1340

00:50:39,530 --> 00:50:37,859

seriously I put that out there now see

1341

00:50:41,089 --> 00:50:39,540

me at a conference come up and talk I'm

1342

00:50:43,730 --> 00:50:41,099

happy to talk it's great that's what

1343

00:50:45,829 --> 00:50:43,740

it's all about absolutely you know thank

1344

00:50:47,210 --> 00:50:45,839

you so much for for being so you know

1345

00:50:48,829 --> 00:50:47,220

good with your time and that when I

1346

00:50:50,450 --> 00:50:48,839

first met you because I'm new to the

1347

00:50:51,890 --> 00:50:50,460

conference scene so it was you know it

1348

00:50:54,290 --> 00:50:51,900

was nerve-wracking at first you know

1349

00:50:56,089 --> 00:50:54,300

what's the etiquette but no you were you

1350

00:50:58,069 --> 00:50:56,099

were totally welcome in it and uh yeah

1351
00:51:00,290 --> 00:50:58,079
so thank you for that well listen Paul

1352
00:51:02,690 --> 00:51:00,300
that's that's everything for tonight

1353
00:51:04,730 --> 00:51:02,700
um I'm so excited for Wolf lens I will

1354
00:51:06,230 --> 00:51:04,740
keep my eye out I will keep pushing you

1355
00:51:08,750 --> 00:51:06,240
know any material that you put out

1356
00:51:10,549 --> 00:51:08,760
trailers and and promotional materials

1357
00:51:12,049 --> 00:51:10,559
you know and then maybe next year when

1358
00:51:13,730 --> 00:51:12,059
it's been out for a while we can have

1359
00:51:15,349 --> 00:51:13,740
you back on and see how it's gone and

1360
00:51:18,250 --> 00:51:15,359
and talk about it then that'd be

1361
00:51:21,589 --> 00:51:18,260
fantastic thank you yeah appreciate that

1362
00:51:23,270 --> 00:51:21,599
thank you thank you and everyone in the

1363
00:51:25,430 --> 00:51:23,280

live chat you guys were great as awesome

1364

00:51:27,290 --> 00:51:25,440

and as always sorry

1365

00:51:29,450 --> 00:51:27,300

um I'm gonna be back this Saturday

1366

00:51:31,730 --> 00:51:29,460

um as part of uh crash retrieval week

1367

00:51:33,349 --> 00:51:31,740

run by James iron dolia engaging the

1368

00:51:36,710 --> 00:51:33,359

phenomena I'm going to be speaking with

1369

00:51:38,630 --> 00:51:36,720

Nicole said catch about uh her work uh

1370

00:51:40,849 --> 00:51:38,640

looking into crass retrievals the Wilson

1371

00:51:43,549 --> 00:51:40,859

Davis memo and more so come and join us

1372

00:51:45,470 --> 00:51:43,559

on Saturday for now guys thank you so
