**DISCLOSURE  
TEAM**

1  
00:00:08,570 --> 00:00:06,190

[Music]

2  
00:00:16,870 --> 00:00:08,580

one realizes very quickly we've been

3  
00:00:16,880 --> 00:00:25,270

I had access to to all those programs

4  
00:00:43,369 --> 00:00:39,650

[Music]

5  
00:00:45,410 --> 00:00:43,379

40 feet long no windows no no real wings

6  
00:00:47,690 --> 00:00:45,420

or control surfaces no obvious signs of

7  
00:00:49,369 --> 00:00:47,700

propulsion and yet this object is

8  
00:00:51,630 --> 00:00:49,379

witnessed Now by four separate

9  
00:01:00,529 --> 00:00:51,640

individuals in two separate aircraft

10  
00:01:04,009 --> 00:01:00,539

[Music]

11  
00:01:06,649 --> 00:01:04,019

hey guys welcome back to another live

12  
00:01:08,149 --> 00:01:06,659

interview here on the disclosure team

13  
00:01:09,530 --> 00:01:08,159

## YouTube channel

14

00:01:11,149 --> 00:01:09,540

um but quickly before I bring on my

15

00:01:13,310 --> 00:01:11,159

guest I just want to say please keep the

16

00:01:15,350 --> 00:01:13,320

chat nice and polite and it's okay to

17

00:01:17,750 --> 00:01:15,360

have difference of opinion but just you

18

00:01:19,730 --> 00:01:17,760

know keep it cool if you do have any

19

00:01:21,770 --> 00:01:19,740

questions please pop them in capital

20

00:01:23,929 --> 00:01:21,780

letters but I cannot guarantee I will

21

00:01:25,550 --> 00:01:23,939

get to ask them all because we've got

22

00:01:27,830 --> 00:01:25,560

quite a lot of notes and things to go

23

00:01:29,510 --> 00:01:27,840

through here with John so let's jump

24

00:01:31,850 --> 00:01:29,520

straight into it guys again thank you

25

00:01:33,890 --> 00:01:31,860

for being here so John Burriss is a

26

00:01:37,010 --> 00:01:33,900

native of Illinois entered the U.S Air

27

00:01:39,410 --> 00:01:37,020

Force in 1979 and served over 26 years

28

00:01:42,710 --> 00:01:39,420

he was assigned to RAF bent Waters in

29

00:01:45,289 --> 00:01:42,720

June of 1979 as a base policeman in

30

00:01:47,870 --> 00:01:45,299

December 1980 John and others witnessed

31

00:01:51,109 --> 00:01:47,880

unusual lights in renderson Forest guys

32

00:01:53,450 --> 00:01:51,119

please welcome John Burriss John how are

33

00:01:55,010 --> 00:01:53,460

you good how are you tonight I'm really

34

00:01:56,450 --> 00:01:55,020

good thank you again for doing this I

35

00:01:57,710 --> 00:01:56,460

really appreciate it well thank you for

36

00:02:00,050 --> 00:01:57,720

having me on

37

00:02:02,090 --> 00:02:00,060

so John I know rendersham's obviously a

38

00:02:04,010 --> 00:02:02,100

huge case a huge story that a lot of

39

00:02:05,450 --> 00:02:04,020

people are aware of but if it's okay

40

00:02:08,270 --> 00:02:05,460

with you I'd like you to sort of just

41

00:02:10,669 --> 00:02:08,280

talk us through the the event uh over

42

00:02:11,809 --> 00:02:10,679

those three nights in 1980 from your

43

00:02:14,449 --> 00:02:11,819

perspective

44

00:02:16,010 --> 00:02:14,459

um and who was where and when and then

45

00:02:17,089 --> 00:02:16,020

that just so we can sort of piece it

46

00:02:19,430 --> 00:02:17,099

together

47

00:02:22,309 --> 00:02:19,440

sure um one of the things I want to give

48

00:02:24,650 --> 00:02:22,319

a little bit of access to is that before

49

00:02:26,390 --> 00:02:24,660

I go on to the three nights that you

50

00:02:28,729 --> 00:02:26,400

want to talk about is there have been

51  
00:02:30,410 --> 00:02:28,739  
stuff seen prior to these three nights

52  
00:02:32,270 --> 00:02:30,420  
different things that have gone on

53  
00:02:35,390 --> 00:02:32,280  
around the base in December maybe even

54  
00:02:37,729 --> 00:02:35,400  
earlier than that and even a year before

55  
00:02:40,369 --> 00:02:37,739  
somebody had an interesting sighting at

56  
00:02:42,470 --> 00:02:40,379  
the end of the runway and then after our

57  
00:02:43,430 --> 00:02:42,480  
event there was other things that took

58  
00:02:46,610 --> 00:02:43,440  
place

59  
00:02:48,770 --> 00:02:46,620  
um over the next series of weeks so this

60  
00:02:50,809 --> 00:02:48,780  
wasn't like just a three-night event

61  
00:02:53,630 --> 00:02:50,819  
which is kind of rare in the first place

62  
00:02:56,150 --> 00:02:53,640  
you usually don't see things go on but

63  
00:02:57,830 --> 00:02:56,160

you have a short maybe Encounter of

64

00:03:00,949 --> 00:02:57,840

siding or something and that's it it

65

00:03:02,869 --> 00:03:00,959

never happens again for us the people

66

00:03:05,570 --> 00:03:02,879

that were involved it was a three-night

67

00:03:08,150 --> 00:03:05,580

you know I call it Fiasco

68

00:03:10,369 --> 00:03:08,160

so it started

69

00:03:11,630 --> 00:03:10,379

um we came on duty on our last midnight

70

00:03:14,869 --> 00:03:11,640

shift which would have been Christmas

71

00:03:17,270 --> 00:03:14,879

night because if you if you go back and

72

00:03:18,589 --> 00:03:17,280

you want to research this the hot memo

73

00:03:19,850 --> 00:03:18,599

that got released to the news of the

74

00:03:21,589 --> 00:03:19,860

world was wrong

75

00:03:23,390 --> 00:03:21,599

it was

76

00:03:25,610 --> 00:03:23,400

um I've never been able to narrow him

77

00:03:28,550 --> 00:03:25,620

down totally on why he did it but

78

00:03:29,990 --> 00:03:28,560

there's speculation but he said in

79

00:03:32,630 --> 00:03:30,000

interviews over the years that he wrote

80

00:03:34,610 --> 00:03:32,640

it off our statements blotters and

81

00:03:36,350 --> 00:03:34,620

everything else was interesting enough

82

00:03:38,390 --> 00:03:36,360

the blotters disappeared shortly

83

00:03:42,530 --> 00:03:38,400

afterwards they were classified

84

00:03:45,830 --> 00:03:42,540

and then years later he um he released

85

00:03:48,410 --> 00:03:45,840

our statements and it verified that it

86

00:03:51,649 --> 00:03:48,420

happened at 0300 on the 26th of December

87

00:03:54,050 --> 00:03:51,659

we were I was on duty on patrol with my

88

00:03:55,610 --> 00:03:54,060

supervisor just been newly assigned to

89

00:03:57,589 --> 00:03:55,620

the base it was a dead night a

90

00:03:59,330 --> 00:03:57,599

Woodbridge so they wanted to ride around

91

00:04:02,149 --> 00:03:59,340

for an hour or two together just to talk

92

00:04:07,309 --> 00:04:02,159

about stuff and there was another caveat

93

00:04:10,610 --> 00:04:07,319

that never came out until now when uh an

94

00:04:13,610 --> 00:04:10,620

individual that worked inside OSI openly

95

00:04:16,550 --> 00:04:13,620

stated that the OSI was running a drug

96

00:04:19,009 --> 00:04:16,560

bust sting up at the dorms up by the

97

00:04:21,949 --> 00:04:19,019

main gate and they wanted us also

98

00:04:24,230 --> 00:04:21,959

completely out of that area where they

99

00:04:26,390 --> 00:04:24,240

didn't want to seam any patrol car any

100

00:04:28,370 --> 00:04:26,400

law enforcement activity so we were

101  
00:04:30,050 --> 00:04:28,380  
staying away from that whole area we

102  
00:04:33,110 --> 00:04:30,060  
were down by the flight line in that

103  
00:04:35,210 --> 00:04:33,120  
area so we were out driving around and

104  
00:04:37,129 --> 00:04:35,220  
as we went down the Flatland road

105  
00:04:39,890 --> 00:04:37,139  
towards the east gate

106  
00:04:42,230 --> 00:04:39,900  
there was uh he saw my supervisor saw it

107  
00:04:44,210 --> 00:04:42,240  
at first he saw some strange lights it

108  
00:04:46,189 --> 00:04:44,220  
looked like he said what he said is he

109  
00:04:48,170 --> 00:04:46,199  
got my attention was he saw them above

110  
00:04:50,930 --> 00:04:48,180  
the tree line going into the tree line

111  
00:04:52,670 --> 00:04:50,940  
so he got my attention to look at it I

112  
00:04:54,350 --> 00:04:52,680  
looked at it and I'd been there a year

113  
00:04:56,270 --> 00:04:54,360

and a half and I've been down at that

114

00:04:58,070 --> 00:04:56,280

gate at night before even stationed when

115

00:04:59,870 --> 00:04:58,080

it was open and he said have you seen

116

00:05:02,150 --> 00:04:59,880

anything like that in the forest and

117

00:05:04,249 --> 00:05:02,160

they go no so we opened up the gate

118

00:05:05,749 --> 00:05:04,259

drove down to the road where there was a

119

00:05:07,430 --> 00:05:05,759

t where you could go left towards bent

120

00:05:10,370 --> 00:05:07,440

Waters or right I forget the village

121

00:05:12,469 --> 00:05:10,380

there's a British Village to write and

122

00:05:13,969 --> 00:05:12,479

he kind of did a u-turn in the middle of

123

00:05:15,890 --> 00:05:13,979

the road

124

00:05:18,110 --> 00:05:15,900

um and I opened the door so I could get

125

00:05:19,969 --> 00:05:18,120

out I looked into the forest as soon as

126

00:05:22,090 --> 00:05:19,979

I opened the door it didn't feel right

127

00:05:25,430 --> 00:05:22,100

it was like an electricity in the air

128

00:05:27,110 --> 00:05:25,440

stagnant I wouldn't say it felt totally

129

00:05:28,969 --> 00:05:27,120

like slow motion but it just felt like

130

00:05:32,150 --> 00:05:28,979

your body wasn't

131

00:05:34,969 --> 00:05:32,160

acting feeling right so we both kind of

132

00:05:36,590 --> 00:05:34,979

got spooked and we were off base we were

133

00:05:38,990 --> 00:05:36,600

off base and nobody knew we were there

134

00:05:40,850 --> 00:05:39,000

because we decided to take a closer look

135

00:05:43,070 --> 00:05:40,860

before we even let anybody know because

136

00:05:44,390 --> 00:05:43,080

probably once we caught in something

137

00:05:47,689 --> 00:05:44,400

like that it was going to cause a

138

00:05:50,629 --> 00:05:47,699

problem and it did so we went back up to

139

00:05:52,610 --> 00:05:50,639

the gate called on the direct line so it

140

00:05:54,710 --> 00:05:52,620

wouldn't go over the frequencies it was

141

00:05:57,650 --> 00:05:54,720

Christmas night early Boxing Day morning

142

00:05:59,810 --> 00:05:57,660

uh they were it was mostly it was very

143

00:06:01,850 --> 00:05:59,820

relaxed for the type of Base we had they

144

00:06:04,430 --> 00:06:01,860

even had one of the channels playing

145

00:06:07,370 --> 00:06:04,440

Christmas music kind of to keep people

146

00:06:09,469 --> 00:06:07,380

you know it's it's a bummer when you're

147

00:06:10,730 --> 00:06:09,479

stationed overseas from your family if

148

00:06:12,890 --> 00:06:10,740

you don't get in there with you you're

149

00:06:13,730 --> 00:06:12,900

married and stuff so I called on the

150

00:06:17,210 --> 00:06:13,740

phone

151  
00:06:18,890 --> 00:06:17,220  
and try to explain to the the law

152  
00:06:20,150 --> 00:06:18,900  
enforcement death Sergeant who I was

153  
00:06:22,189 --> 00:06:20,160  
friends with but I played practical

154  
00:06:24,050 --> 00:06:22,199  
jokes on what we were seeing he didn't

155  
00:06:26,689 --> 00:06:24,060  
have nothing to do with it he figured we

156  
00:06:28,689 --> 00:06:26,699  
were yanking his chain so my supervisor

157  
00:06:32,749 --> 00:06:28,699  
tried to convince him and he wouldn't

158  
00:06:35,930 --> 00:06:32,759  
accept it so he transferred us from the

159  
00:06:37,309 --> 00:06:35,940  
desk to the CSC who he then my

160  
00:06:39,230 --> 00:06:37,319  
supervisor explained to him what was

161  
00:06:41,029 --> 00:06:39,240  
going on and he sat down the Security

162  
00:06:43,610 --> 00:06:41,039  
Supervisor for Woodbridge which was

163  
00:06:45,409 --> 00:06:43,620

Sergeant Venison and he came down to the

164

00:06:48,110 --> 00:06:45,419

gate and saw the same strange things in

165

00:06:49,430 --> 00:06:48,120

the woods it was lit up it was like at

166

00:06:50,990 --> 00:06:49,440

one point it looked like there was a

167

00:06:52,370 --> 00:06:51,000

bright white light that was in the

168

00:06:54,950 --> 00:06:52,380

forest that might have been even coming

169

00:06:57,110 --> 00:06:54,960

towards the road down towards the road

170

00:06:58,730 --> 00:06:57,120

from where we were at and there was

171

00:06:59,990 --> 00:06:58,740

different colored lights in it I've said

172

00:07:02,749 --> 00:07:00,000

over the years it looked like almost

173

00:07:07,129 --> 00:07:02,759

like a Christmas light display like blue

174

00:07:11,330 --> 00:07:07,139

red green and um so peniston confirmed

175

00:07:13,129 --> 00:07:11,340

it and then there was a discussion and

176

00:07:15,529 --> 00:07:13,139

this is our second hand or whatever

177

00:07:18,110 --> 00:07:15,539

second hand I wasn't on the phone this

178

00:07:20,290 --> 00:07:18,120

is what relayed to us and even there was

179

00:07:22,790 --> 00:07:20,300

a brief radio transmission at one point

180

00:07:25,689 --> 00:07:22,800

they they made some phone calls they

181

00:07:29,150 --> 00:07:25,699

called rapcon which was our radar system

182

00:07:31,189 --> 00:07:29,160

they called Eastern radar which was the

183

00:07:35,270 --> 00:07:31,199

radar system was in charge of the entire

184

00:07:38,029 --> 00:07:35,280

UK air defense and somehow Heathrow

185

00:07:38,749 --> 00:07:38,039

Tower got involved I don't know but the

186

00:07:43,309 --> 00:07:38,759

the

187

00:07:45,529 --> 00:07:43,319

spotted something that was on radar

188

00:07:48,710 --> 00:07:45,539

above the forest in that area that

189

00:07:51,110 --> 00:07:48,720

disappeared off a radar so people always

190

00:07:53,029 --> 00:07:51,120

question why we want our base and that's

191

00:07:54,950 --> 00:07:53,039

always been kind of tried to be

192

00:07:58,010 --> 00:07:54,960

pushed under the rug by our shift

193

00:08:00,170 --> 00:07:58,020

commander who did talk one time he

194

00:08:02,629 --> 00:08:00,180

I don't know who he talked to behind the

195

00:08:04,610 --> 00:08:02,639

scenes in our chain of command but after

196

00:08:06,529 --> 00:08:04,620

the radar confirmation we were seeing

197

00:08:08,450 --> 00:08:06,539

strange lights in the woods he

198

00:08:10,850 --> 00:08:08,460

authorized us to go off base to

199

00:08:13,070 --> 00:08:10,860

investigate the British authorities were

200

00:08:15,290 --> 00:08:13,080

notified the British police and the fire

201  
00:08:17,990 --> 00:08:15,300  
department now there's been stories that

202  
00:08:19,610 --> 00:08:18,000  
I've read that I don't have a handle

203  
00:08:21,170 --> 00:08:19,620  
even the fire department the British

204  
00:08:23,869 --> 00:08:21,180  
fire department did come out to the area

205  
00:08:26,450 --> 00:08:23,879  
at one point while we were out there

206  
00:08:29,330 --> 00:08:26,460  
but so we went down there was three of

207  
00:08:31,369 --> 00:08:29,340  
us that went uh pennison kabansack who

208  
00:08:33,649 --> 00:08:31,379  
was his writer and believe it or not it

209  
00:08:35,209 --> 00:08:33,659  
was his first night on duty wow and he

210  
00:08:37,250 --> 00:08:35,219  
actually thought maybe there was a

211  
00:08:39,170 --> 00:08:37,260  
practical joke going on himself because

212  
00:08:42,469 --> 00:08:39,180  
we always used to they always used to

213  
00:08:45,290 --> 00:08:42,479

screw at the movies and and then stefans

214

00:08:47,389 --> 00:08:45,300

didn't want to go number one he didn't

215

00:08:49,610 --> 00:08:47,399

like the feeling of any of it but two

216

00:08:50,570 --> 00:08:49,620

one of the two sergeants had to stay

217

00:08:52,790 --> 00:08:50,580

behind

218

00:08:54,470 --> 00:08:52,800

anyway because he had to leave somebody

219

00:08:56,690 --> 00:08:54,480

in charge at least until the calvary

220

00:08:59,150 --> 00:08:56,700

came which eventually more people showed

221

00:08:59,990 --> 00:08:59,160

up so the three of us went off into the

222

00:09:03,110 --> 00:09:00,000

woods

223

00:09:04,310 --> 00:09:03,120

and we went down a service road a Forest

224

00:09:07,250 --> 00:09:04,320

Road

225

00:09:08,630 --> 00:09:07,260

um the lights seemed to get closer uh we

226

00:09:11,030 --> 00:09:08,640

got to a point where we couldn't go in

227

00:09:13,430 --> 00:09:11,040

the vehicle anymore and we had to get

228

00:09:15,410 --> 00:09:13,440

out and go on foot it did play like cat

229

00:09:17,090 --> 00:09:15,420

and mouse with this a little bit at one

230

00:09:18,530 --> 00:09:17,100

point it was like maybe we thought it

231

00:09:20,449 --> 00:09:18,540

was one pot spot and then all of a

232

00:09:23,630 --> 00:09:20,459

sudden maybe it was behind us but

233

00:09:25,250 --> 00:09:23,640

eventually when we got close to it and

234

00:09:27,829 --> 00:09:25,260

this is where all this Lighthouse stuff

235

00:09:29,810 --> 00:09:27,839

comes up which always gets played up

236

00:09:31,970 --> 00:09:29,820

into but I will tell you the lighthouse

237

00:09:34,070 --> 00:09:31,980

was involved through research we found

238

00:09:35,509 --> 00:09:34,080

out it was and I'll tell you why in a

239

00:09:38,509 --> 00:09:35,519

minute but

240

00:09:40,310 --> 00:09:38,519

we had some kind of interaction when we

241

00:09:42,470 --> 00:09:40,320

were coming up to it there was like a

242

00:09:44,990 --> 00:09:42,480

burn as we came up to the top of the

243

00:09:47,509 --> 00:09:45,000

berm all of a sudden there was these

244

00:09:51,710 --> 00:09:47,519

lights that were there and it got really

245

00:09:54,949 --> 00:09:51,720

bright white and then we hit the ground

246

00:09:57,470 --> 00:09:54,959

and basically all I remember at that

247

00:09:59,870 --> 00:09:57,480

point from that point on me personally

248

00:10:02,570 --> 00:09:59,880

and kabansack has done an interview for

249

00:10:05,030 --> 00:10:02,580

James Fox at one point he stated that

250

00:10:07,490 --> 00:10:05,040

when we got close to the Drew as well I

251

00:10:09,230 --> 00:10:07,500

drew my weapon I don't remember I I

252

00:10:11,630 --> 00:10:09,240

thought I left my weapon up the gate but

253

00:10:14,930 --> 00:10:11,640

he his memory was I had my weapon and I

254

00:10:18,829 --> 00:10:14,940

drew it and then we all blacked out now

255

00:10:20,269 --> 00:10:18,839

by all he said he did which I don't

256

00:10:21,650 --> 00:10:20,279

remember anything from that point but

257

00:10:24,650 --> 00:10:21,660

pennison has a completely different

258

00:10:27,590 --> 00:10:24,660

story yeah from that point on but

259

00:10:29,990 --> 00:10:27,600

basically then all of a sudden what I

260

00:10:32,150 --> 00:10:30,000

remember seeing is it kind of dimmed

261

00:10:36,170 --> 00:10:32,160

lifted up something lifted up through

262

00:10:38,269 --> 00:10:36,180

the forest and shot off to the Cubs at

263

00:10:41,389 --> 00:10:38,279

that point I remember getting up with

264

00:10:44,449 --> 00:10:41,399

kabansack and peniston and we went

265

00:10:46,430 --> 00:10:44,459

forward across the the fence that went

266

00:10:48,290 --> 00:10:46,440

into the farmer's field and went out

267

00:10:50,150 --> 00:10:48,300

into the two different fields heading

268

00:10:51,130 --> 00:10:50,160

towards the coast where I actually

269

00:10:53,870 --> 00:10:51,140

remember

270

00:10:55,790 --> 00:10:53,880

capacity pennison split off from us for

271

00:10:58,069 --> 00:10:55,800

a little bit went to the left and we

272

00:11:00,290 --> 00:10:58,079

went straight and I remember getting out

273

00:11:03,530 --> 00:11:00,300

by the coast where we could see a

274

00:11:05,329 --> 00:11:03,540

lighthouse now in our statements Ed and

275

00:11:07,970 --> 00:11:05,339

I wrote that we could see a beacon at

276

00:11:11,449 --> 00:11:07,980

one point but we saw the beacon after

277

00:11:13,430 --> 00:11:11,459

the initial interaction sure and we

278

00:11:15,829 --> 00:11:13,440

didn't see the lighthouse Beacon until

279

00:11:17,630 --> 00:11:15,839

we got down by the road from the one

280

00:11:20,090 --> 00:11:17,640

Farmersville Crossing it by these

281

00:11:22,550 --> 00:11:20,100

Cottages were down there and contrary to

282

00:11:25,910 --> 00:11:22,560

some people's speculation I'd been there

283

00:11:28,550 --> 00:11:25,920

but I wasn't really from the gate you

284

00:11:30,350 --> 00:11:28,560

couldn't see the lighthouse period And

285

00:11:33,889 --> 00:11:30,360

I'd never been out in the forest like

286

00:11:35,150 --> 00:11:33,899

that before so I really you'd heard

287

00:11:36,710 --> 00:11:35,160

there's a lighthouse out there but I'd

288

00:11:38,990 --> 00:11:36,720

never seen it before that night right

289

00:11:41,449 --> 00:11:39,000

and Ed had just gotten there so he

290

00:11:43,730 --> 00:11:41,459

didn't know so I can only say Ed and I

291

00:11:45,410 --> 00:11:43,740

what we did we saw a beacon but we

292

00:11:48,350 --> 00:11:45,420

clearly identified it when we got to

293

00:11:50,870 --> 00:11:48,360

this ledge looking down as the beaker

294

00:11:53,509 --> 00:11:50,880

but along the way we also saw some other

295

00:11:56,329 --> 00:11:53,519

strings lights first by the cottages at

296

00:11:58,790 --> 00:11:56,339

the end of the um the first field and

297

00:12:00,350 --> 00:11:58,800

then farther out we saw a brief streak

298

00:12:03,889 --> 00:12:00,360

of light

299

00:12:06,050 --> 00:12:03,899

um up in the sky so

300

00:12:08,930 --> 00:12:06,060

so that was the first night and we came

301  
00:12:11,389 --> 00:12:08,940  
back to the base uh there was people

302  
00:12:14,990 --> 00:12:11,399  
there they asked us you know kind of

303  
00:12:16,790 --> 00:12:15,000  
what happened I I did I was fortunate in

304  
00:12:19,610 --> 00:12:16,800  
some ways I didn't have to say much I

305  
00:12:22,670 --> 00:12:19,620  
wasn't in charge I just kind of got my

306  
00:12:25,130 --> 00:12:22,680  
mouth shut so that was the first night

307  
00:12:27,590 --> 00:12:25,140  
um the second night I wasn't involved

308  
00:12:29,210 --> 00:12:27,600  
but the uh shift commander and the on

309  
00:12:31,850 --> 00:12:29,220  
duty security fight Chief this was the

310  
00:12:32,990 --> 00:12:31,860  
new flight we went on break Saturday

311  
00:12:36,710 --> 00:12:33,000  
morning

312  
00:12:38,769 --> 00:12:36,720  
night the shift commander and the

313  
00:12:41,210 --> 00:12:38,779

security flight Chief had an interaction

314

00:12:44,449 --> 00:12:41,220

and it actually one of the blue lights

315

00:12:47,210 --> 00:12:44,459

shot the shift Commander's Jeep off

316

00:12:48,769 --> 00:12:47,220

shut it down she got relieved the duty

317

00:12:53,389 --> 00:12:48,779

and

318

00:12:55,910 --> 00:12:53,399

what happened to her afterwards but

319

00:12:58,610 --> 00:12:55,920

Holland said that she she was removed

320

00:13:00,949 --> 00:12:58,620

from the base right afterwards she left

321

00:13:02,449 --> 00:13:00,959

and she had just gotten there and she

322

00:13:05,090 --> 00:13:02,459

actually should have been on duty night

323

00:13:07,250 --> 00:13:05,100

three which was the famous night with

324

00:13:09,110 --> 00:13:07,260

halt being out there with the team

325

00:13:12,230 --> 00:13:09,120

in the forest

326

00:13:14,509 --> 00:13:12,240

you know the tape was made yeah I met up

327

00:13:17,509 --> 00:13:14,519

with his team I actually found out about

328

00:13:19,970 --> 00:13:17,519

night two in the morning of the third

329

00:13:22,430 --> 00:13:19,980

day before the third night happened when

330

00:13:24,530 --> 00:13:22,440

I go I was up on the base and I went to

331

00:13:26,509 --> 00:13:24,540

the dorm because I lived that base and

332

00:13:28,129 --> 00:13:26,519

talked to a couple guys I was with that

333

00:13:29,690 --> 00:13:28,139

were involved with me not they weren't

334

00:13:32,150 --> 00:13:29,700

out there when it happened but they were

335

00:13:33,889 --> 00:13:32,160

around afterwards and with the first

336

00:13:34,790 --> 00:13:33,899

night so we decided to go out there on

337

00:13:36,949 --> 00:13:34,800

our own

338

00:13:39,050 --> 00:13:36,959

just to go out in the forest to sit down

339

00:13:41,870 --> 00:13:39,060

and figure out

340

00:13:44,090 --> 00:13:41,880

what was going on when we got out there

341

00:13:46,009 --> 00:13:44,100

it was already all kinds of stuff going

342

00:13:47,690 --> 00:13:46,019

on they had they had people out in the

343

00:13:50,090 --> 00:13:47,700

forest saying Lighthouse set up in the

344

00:13:52,190 --> 00:13:50,100

staging area halt was out front of the

345

00:13:53,870 --> 00:13:52,200

the lighthouse with that team that's

346

00:13:56,870 --> 00:13:53,880

where the tape was made

347

00:13:58,670 --> 00:13:56,880

he alleges that was where he made the

348

00:14:00,710 --> 00:13:58,680

tape was well we had our first encounter

349

00:14:02,990 --> 00:14:00,720

you know I don't know I wasn't there

350

00:14:06,050 --> 00:14:03,000

when he was recording it and eventually

351

00:14:07,970 --> 00:14:06,060

I got before I met with him and it's I

352

00:14:10,550 --> 00:14:07,980

didn't hear he didn't talk about it on

353

00:14:11,990 --> 00:14:10,560

the radio but on the tape he says there

354

00:14:13,550 --> 00:14:12,000

was a beam of light coming in his feet

355

00:14:15,949 --> 00:14:13,560

and then it shot off towards the base

356

00:14:17,210 --> 00:14:15,959

well right I think right in there

357

00:14:18,530 --> 00:14:17,220

because if you coordinate right before

358

00:14:20,750 --> 00:14:18,540

we met up with them and they were

359

00:14:23,030 --> 00:14:20,760

starting to come back they actually a

360

00:14:24,410 --> 00:14:23,040

beam a blue light Shot Through the Trees

361

00:14:26,810 --> 00:14:24,420

in front of us where the staging area

362

00:14:28,190 --> 00:14:26,820

was swooped down through the staging

363

00:14:30,230 --> 00:14:28,200

area and lit up the lighthouse that

364

00:14:32,870 --> 00:14:30,240

hadn't been working

365

00:14:34,910 --> 00:14:32,880

wow and then uh they went through the

366

00:14:36,829 --> 00:14:34,920

truck that were one of the guys that

367

00:14:38,449 --> 00:14:36,839

came out with me you know that we came

368

00:14:40,250 --> 00:14:38,459

out together and he jumped in the truck

369

00:14:43,610 --> 00:14:40,260

and it went through the truck shot up

370

00:14:46,250 --> 00:14:43,620

into the sky and disappeared so then

371

00:14:47,930 --> 00:14:46,260

um I went forward and all this can be

372

00:14:50,090 --> 00:14:47,940

verified on the halt tape you'll hear

373

00:14:51,530 --> 00:14:50,100

that they'll say Airman Bros and two

374

00:14:53,389 --> 00:14:51,540

other Personnel were out and want to

375

00:14:54,769 --> 00:14:53,399

come to your location sard ball comes on

376

00:14:56,509 --> 00:14:54,779

and says that at this time we'll let

377

00:14:58,790 --> 00:14:56,519

them know when they can come out now

378

00:15:00,710 --> 00:14:58,800

over the years Hall it first started to

379

00:15:05,210 --> 00:15:00,720

deny the bestenza and I were never

380

00:15:07,129 --> 00:15:05,220

involved then once the um the the tape

381

00:15:08,930 --> 00:15:07,139

got cleaned up and released the stints

382

00:15:11,269 --> 00:15:08,940

is all over the tape and then my name's

383

00:15:13,610 --> 00:15:11,279

mentioned then he tried to deny the

384

00:15:15,410 --> 00:15:13,620

Stinson I went in front of him but we

385

00:15:17,269 --> 00:15:15,420

came up with evidence and support we

386

00:15:19,550 --> 00:15:17,279

were with the interview he did and he

387

00:15:21,590 --> 00:15:19,560

slipped up and said we were so then he's

388

00:15:23,689 --> 00:15:21,600

openly in his book admitted that the

389

00:15:25,250 --> 00:15:23,699

stenz and I once I met up with the party

390

00:15:27,230 --> 00:15:25,260

there were some strange lights that were

391

00:15:29,629 --> 00:15:27,240

out in front of us that came down into

392

00:15:31,370 --> 00:15:29,639

the that was part of the forest from the

393

00:15:33,290 --> 00:15:31,380

field we were standing and then and then

394

00:15:36,470 --> 00:15:33,300

let Adrian and I go forward

395

00:15:37,490 --> 00:15:36,480

and we we took off started going towards

396

00:15:41,389 --> 00:15:37,500

it

397

00:15:44,389 --> 00:15:41,399

seemed to be coming towards us the um I

398

00:15:46,370 --> 00:15:44,399

was in we had one radio and as it was

399

00:15:48,430 --> 00:15:46,380

getting closer to us we asked for

400

00:15:51,889 --> 00:15:48,440

permission to go right up on top of it

401  
00:15:54,889 --> 00:15:51,899  
and the the whiskey Tower gave us

402  
00:15:56,509 --> 00:15:54,899  
permission and we started running as we

403  
00:15:57,530 --> 00:15:56,519  
were running but Stinson went down to

404  
00:16:00,170 --> 00:15:57,540  
the ground

405  
00:16:02,750 --> 00:16:00,180  
and I seem to be getting really close to

406  
00:16:04,509 --> 00:16:02,760  
it and then the next thing I know I'm

407  
00:16:07,550 --> 00:16:04,519  
standing there and it's gone

408  
00:16:09,710 --> 00:16:07,560  
and I turn back and look at the stenza's

409  
00:16:12,230 --> 00:16:09,720  
starting to stand back up now in our

410  
00:16:14,269 --> 00:16:12,240  
book weaponization of the UAP Adrian

411  
00:16:16,610 --> 00:16:14,279  
wrote what he saw happen and what he

412  
00:16:18,170 --> 00:16:16,620  
said happened was I went into it and

413  
00:16:20,930 --> 00:16:18,180

disappeared

414

00:16:23,329 --> 00:16:20,940

and it actually part of it came over him

415

00:16:24,470 --> 00:16:23,339

and touched part of his body his hand

416

00:16:27,590 --> 00:16:24,480

his arm

417

00:16:30,410 --> 00:16:27,600

and um then I reappeared

418

00:16:32,090 --> 00:16:30,420

so that's the essence of the first three

419

00:16:33,050 --> 00:16:32,100

nights the three nights that I was

420

00:16:35,150 --> 00:16:33,060

involved

421

00:16:36,889 --> 00:16:35,160

and I appreciate that thank you for sort

422

00:16:38,269 --> 00:16:36,899

of clearing that up because it's so

423

00:16:40,610 --> 00:16:38,279

blurry out there when you read different

424

00:16:42,230 --> 00:16:40,620

things online it's I find it a very

425

00:16:44,509 --> 00:16:42,240

difficult case to kind of research and

426

00:16:46,910 --> 00:16:44,519

piece together so I do appreciate that

427

00:16:48,949 --> 00:16:46,920

and and what I'd like to come back to is

428

00:16:50,569 --> 00:16:48,959

the the lighthouse but not specifically

429

00:16:53,090 --> 00:16:50,579

the lighthouse but where it is Orford

430

00:16:55,370 --> 00:16:53,100

Ness and I'd like to sort of talk about

431

00:16:57,829 --> 00:16:55,380

what's what was going on at orfordness

432

00:17:00,410 --> 00:16:57,839

and had been for decades before

433

00:17:01,790 --> 00:17:00,420

um Cobra mist and radar things like that

434

00:17:04,789 --> 00:17:01,800

so if you could kind of well they

435

00:17:07,010 --> 00:17:04,799

actually if you if to look at the

436

00:17:08,689 --> 00:17:07,020

history which is in our book they

437

00:17:11,030 --> 00:17:08,699

actually radar was developed off the

438

00:17:13,370 --> 00:17:11,040

death row and that's the Death Race

439

00:17:15,530 --> 00:17:13,380

lasers and they were working on lasers

440

00:17:18,350 --> 00:17:15,540

that um

441

00:17:19,909 --> 00:17:18,360

that that's how they discovered radar so

442

00:17:22,909 --> 00:17:19,919

they were working on that they also did

443

00:17:24,350 --> 00:17:22,919

nuclear stuff down there and I I don't

444

00:17:25,610 --> 00:17:24,360

have it in front of me so I don't want

445

00:17:27,409 --> 00:17:25,620

to screw it up so somebody could say

446

00:17:29,030 --> 00:17:27,419

he's wrong about something but they were

447

00:17:31,310 --> 00:17:29,040

also doing some kind of nuclear work

448

00:17:34,190 --> 00:17:31,320

down there I forget what it was some

449

00:17:35,810 --> 00:17:34,200

testing and stuff so but when I brought

450

00:17:38,150 --> 00:17:35,820

up the lighthouse what was interesting

451  
00:17:39,350 --> 00:17:38,160  
was the black power which we talked

452  
00:17:42,590 --> 00:17:39,360  
about in the book

453  
00:17:45,289 --> 00:17:42,600  
is was the original radar that they

454  
00:17:47,990 --> 00:17:45,299  
developed and they actually still is

455  
00:17:50,270 --> 00:17:48,000  
operational and they had taken cables

456  
00:17:52,130 --> 00:17:50,280  
and ran it to the lighthouse and they

457  
00:17:53,510 --> 00:17:52,140  
were using the lighthouse as an em

458  
00:17:55,130 --> 00:17:53,520  
frequency

459  
00:17:58,430 --> 00:17:55,140  
um blasting the forest with em

460  
00:18:01,610 --> 00:17:58,440  
frequencies during our

461  
00:18:02,990 --> 00:18:01,620  
so that involves some of the technology

462  
00:18:05,510 --> 00:18:03,000  
they're working never mind you had

463  
00:18:08,570 --> 00:18:05,520

Martin Heath that during that very frame

464

00:18:10,970 --> 00:18:08,580

same time which again people like people

465

00:18:12,590 --> 00:18:10,980

will hear an explanation and somebody

466

00:18:15,770 --> 00:18:12,600

will say well SDI didn't start till

467

00:18:17,870 --> 00:18:15,780

Reagan no that's not true SDI was being

468

00:18:21,049 --> 00:18:17,880

developed in the 70s worked on maybe

469

00:18:23,210 --> 00:18:21,059

even earlier than that and after MK

470

00:18:25,010 --> 00:18:23,220

Ultra happened in the states and all

471

00:18:26,450 --> 00:18:25,020

that stuff with the CIA and the mind

472

00:18:28,730 --> 00:18:26,460

control and all that that was going on

473

00:18:30,950 --> 00:18:28,740

all that stuff was being shut down by

474

00:18:34,070 --> 00:18:30,960

Carter and it got moved over to an sap

475

00:18:36,169 --> 00:18:34,080

program over to the UK where they were

476  
00:18:39,350 --> 00:18:36,179  
working Marston Heath at the time was a

477  
00:18:41,750 --> 00:18:39,360  
joint Air Force British facility

478  
00:18:44,330 --> 00:18:41,760  
and Marconi was on the British side

479  
00:18:46,370 --> 00:18:44,340  
working with the Americans and they were

480  
00:18:49,070 --> 00:18:46,380  
actually working on SDI

481  
00:18:50,270 --> 00:18:49,080  
and if you go deep into this several of

482  
00:18:53,450 --> 00:18:50,280  
the scientists that were there during

483  
00:18:55,549 --> 00:18:53,460  
our time frame later on mysteriously

484  
00:18:58,490 --> 00:18:55,559  
committed suicide

485  
00:19:01,549 --> 00:18:58,500  
that were working on drones the EM

486  
00:19:03,110 --> 00:19:01,559  
frequencies and stuff like that and they

487  
00:19:05,210 --> 00:19:03,120  
mysteriously committed suicide and

488  
00:19:08,270 --> 00:19:05,220

speculation was the Soviets knocked them

489

00:19:10,070 --> 00:19:08,280

off because we there were the Americans

490

00:19:12,169 --> 00:19:10,080

and the British were getting catching up

491

00:19:14,570 --> 00:19:12,179

and going ahead of the Soviets who at

492

00:19:17,029 --> 00:19:14,580

the time actually had an advancement

493

00:19:18,950 --> 00:19:17,039

when this all started they figured out

494

00:19:21,049 --> 00:19:18,960

the Soviets have been working on plasmas

495

00:19:22,970 --> 00:19:21,059

and this kind of stuff and they were way

496

00:19:25,970 --> 00:19:22,980

ahead of us and then we were catching up

497

00:19:28,130 --> 00:19:25,980

if not maybe moving ahead of them

498

00:19:30,529 --> 00:19:28,140

so all this was going on with Arya

499

00:19:32,450 --> 00:19:30,539

bowsey and their radar systems it's all

500

00:19:34,370 --> 00:19:32,460

described in the book

501  
00:19:36,770 --> 00:19:34,380  
um and and marlson Heath and what they

502  
00:19:39,289 --> 00:19:36,780  
were working on never mind there was a

503  
00:19:41,510 --> 00:19:39,299  
scientist down there working with a

504  
00:19:43,010 --> 00:19:41,520  
university that they had identified an

505  
00:19:44,870 --> 00:19:43,020  
energy phenomenon which goes back to

506  
00:19:46,970 --> 00:19:44,880  
what you asked about Cobra Miss which

507  
00:19:49,970 --> 00:19:46,980  
gets misconstrued Cobra must have been

508  
00:19:52,130 --> 00:19:49,980  
shut down by that time but it got shut

509  
00:19:54,350 --> 00:19:52,140  
down because of an inland anomaly that

510  
00:19:56,270 --> 00:19:54,360  
was interfering with the system it's

511  
00:19:58,430 --> 00:19:56,280  
right in the write-up of it in the

512  
00:20:00,590 --> 00:19:58,440  
documents and they brought in a team

513  
00:20:03,049 --> 00:20:00,600

from Sri which is Stanford Research

514

00:20:05,390 --> 00:20:03,059

Institute to figure out what was going

515

00:20:07,789 --> 00:20:05,400

on because and they actually identified

516

00:20:10,070 --> 00:20:07,799

the anomaly and eventually they shut

517

00:20:11,390 --> 00:20:10,080

down the radar and it may have been too

518

00:20:13,130 --> 00:20:11,400

because they had better systems

519

00:20:14,630 --> 00:20:13,140

developed by that too but you don't

520

00:20:16,430 --> 00:20:14,640

spend that kind of money in at least

521

00:20:20,029 --> 00:20:16,440

operation they couldn't make it work

522

00:20:22,190 --> 00:20:20,039

right so but the SRA team stayed and

523

00:20:25,130 --> 00:20:22,200

they stayed at Marta samith and at bat

524

00:20:26,990 --> 00:20:25,140

Waters so they were all there most

525

00:20:28,909 --> 00:20:27,000

likely working on including the

526  
00:20:29,870 --> 00:20:28,919  
phenomena itself whatever the anomaly

527  
00:20:31,909 --> 00:20:29,880  
was

528  
00:20:33,950 --> 00:20:31,919  
yeah so debate just so I got it right so

529  
00:20:35,630 --> 00:20:33,960  
the Inland anomaly

530  
00:20:38,210 --> 00:20:35,640  
is pretty much what we're saying the

531  
00:20:40,490 --> 00:20:38,220  
phenomenon is well that's what the if

532  
00:20:42,650 --> 00:20:40,500  
you looked at the condo report the guy

533  
00:20:45,890 --> 00:20:42,660  
that wrote it said some of us were

534  
00:20:48,470 --> 00:20:45,900  
exposed to UAP radiation well

535  
00:20:50,930 --> 00:20:48,480  
they identified he never identified what

536  
00:20:53,210 --> 00:20:50,940  
a UAP was other than unidentified aerial

537  
00:20:55,490 --> 00:20:53,220  
phenomenon but he identified we were

538  
00:20:58,370 --> 00:20:55,500

exposed to UAP radiation so therefore

539

00:21:00,590 --> 00:20:58,380

yes you could probably say that the

540

00:21:02,810 --> 00:21:00,600

birdies were looking at it as a UAP back

541

00:21:04,730 --> 00:21:02,820

then and even when he wrote the report

542

00:21:07,130 --> 00:21:04,740

because he would have had to look at

543

00:21:09,289 --> 00:21:07,140

documents from back then to correlate

544

00:21:10,789 --> 00:21:09,299

this with UAP radiation and all the

545

00:21:13,730 --> 00:21:10,799

other stuff he was working on for the

546

00:21:15,710 --> 00:21:13,740

report but the Americans didn't really

547

00:21:17,810 --> 00:21:15,720

change it from UFOs

548

00:21:19,789 --> 00:21:17,820

tell uaps

549

00:21:21,710 --> 00:21:19,799

you know and tell Hillary Clinton

550

00:21:23,930 --> 00:21:21,720

started making it more famous you know

551  
00:21:26,830 --> 00:21:23,940  
along with to the stars but interesting

552  
00:21:29,690 --> 00:21:26,840  
enough identify with the mod

553  
00:21:31,490 --> 00:21:29,700  
and they actually admitted they held

554  
00:21:34,610 --> 00:21:31,500  
back a bunch of files

555  
00:21:36,649 --> 00:21:34,620  
and when I got

556  
00:21:38,750 --> 00:21:36,659  
some of it they looked like the mod

557  
00:21:41,990 --> 00:21:38,760  
started calling it uaps I believe in

558  
00:21:43,850 --> 00:21:42,000  
2000. yeah they actually identified and

559  
00:21:45,230 --> 00:21:43,860  
then the report I believe was and I'm

560  
00:21:47,029 --> 00:21:45,240  
just saying this Off the Cuffs I don't

561  
00:21:49,610 --> 00:21:47,039  
may have the dates kind of wrong I think

562  
00:21:52,010 --> 00:21:49,620  
the report was written in six and then

563  
00:21:53,870 --> 00:21:52,020

David Clark got it released because he

564

00:21:56,870 --> 00:21:53,880

founded this for a flight he did

565

00:21:58,549 --> 00:21:56,880

identified something about a report that

566

00:22:00,590 --> 00:21:58,559

he actually did a Foy on and they

567

00:22:03,049 --> 00:22:00,600

admitted they had to report but a lot of

568

00:22:06,169 --> 00:22:03,059

it was redacted still so a lot of the

569

00:22:07,610 --> 00:22:06,179

report was still classified even after

570

00:22:11,450 --> 00:22:07,620

they released what they did and

571

00:22:13,430 --> 00:22:11,460

classified about uaps this and it says

572

00:22:15,230 --> 00:22:13,440

in condyn there's there's a energy

573

00:22:17,330 --> 00:22:15,240

forces out there it's intelligent

574

00:22:19,850 --> 00:22:17,340

control it's able to do different things

575

00:22:23,330 --> 00:22:19,860

and the engineer that wrote it leaves it

576  
00:22:25,490 --> 00:22:23,340  
with we need to weaponize it yeah now it

577  
00:22:27,110 --> 00:22:25,500  
was 2 000 the condyn was first published

578  
00:22:29,210 --> 00:22:27,120  
prior you know

579  
00:22:31,430 --> 00:22:29,220  
classified version David didn't find it

580  
00:22:32,870 --> 00:22:31,440  
until 2006 you're right and one thing

581  
00:22:35,090 --> 00:22:32,880  
that we've been trying to do recently is

582  
00:22:37,250 --> 00:22:35,100  
trying to foyer for the unclassified

583  
00:22:40,130 --> 00:22:37,260  
version which we have been told multiple

584  
00:22:42,890 --> 00:22:40,140  
times has been destroyed they've not got

585  
00:22:44,210 --> 00:22:42,900  
a copy they're great crazy no you've

586  
00:22:46,250 --> 00:22:44,220  
just seen that you bring that up I don't

587  
00:22:48,110 --> 00:22:46,260  
know if you remember this but when they

588  
00:22:50,810 --> 00:22:48,120

were releasing their files

589

00:22:53,090 --> 00:22:50,820

the time from rendelson going forward I

590

00:22:55,669 --> 00:22:53,100

forget how many years was all gone

591

00:22:57,610 --> 00:22:55,679

and they came back and said oh it was

592

00:23:00,350 --> 00:22:57,620

accidentally destroyed

593

00:23:02,210 --> 00:23:00,360

they that that was the thing Clark even

594

00:23:04,250 --> 00:23:02,220

wrote about it it actually came out and

595

00:23:06,409 --> 00:23:04,260

said that the files that what had to do

596

00:23:08,450 --> 00:23:06,419

with reynoldsom had been destroyed

597

00:23:10,970 --> 00:23:08,460

so it seems like a lot of stuff with

598

00:23:13,190 --> 00:23:10,980

rental some is supposedly been destroyed

599

00:23:14,930 --> 00:23:13,200

and it went against their protocol which

600

00:23:16,490 --> 00:23:14,940

they had to say why it was destroyed and

601  
00:23:18,830 --> 00:23:16,500  
identified who did it and there's no

602  
00:23:20,930 --> 00:23:18,840  
record anywhere of what happened with it

603  
00:23:23,210 --> 00:23:20,940  
so basically what they're telling you is

604  
00:23:25,490 --> 00:23:23,220  
it's still classified but if we tell you

605  
00:23:27,110 --> 00:23:25,500  
that that draws more attention than they

606  
00:23:29,149 --> 00:23:27,120  
just tell you oops we accidentally

607  
00:23:30,950 --> 00:23:29,159  
destroyed it yeah because they didn't

608  
00:23:32,690 --> 00:23:30,960  
admit that it was still classified they

609  
00:23:33,710 --> 00:23:32,700  
just told you it's just no longer

610  
00:23:35,690 --> 00:23:33,720  
available

611  
00:23:38,149 --> 00:23:35,700  
yeah you're right and we've got appeals

612  
00:23:40,070 --> 00:23:38,159  
ongoing but it seems like we're just not

613  
00:23:42,169 --> 00:23:40,080

going to get anywhere with that but I

614

00:23:43,909 --> 00:23:42,179

mean let's stick with condyn because and

615

00:23:45,770 --> 00:23:43,919

if it's okay with you talk about your

616

00:23:47,810 --> 00:23:45,780

medical effects

617

00:23:50,810 --> 00:23:47,820

um because there's a correlation between

618

00:23:52,669 --> 00:23:50,820

the the lists you know uh Professor

619

00:23:54,890 --> 00:23:52,679

Simon Holland covered it in a recent

620

00:23:57,049 --> 00:23:54,900

interview he did with you that

621

00:23:58,970 --> 00:23:57,059

so let's jump to how how long after the

622

00:24:01,430 --> 00:23:58,980

your the first night did you start

623

00:24:02,690 --> 00:24:01,440

feeling strange effects okay well I want

624

00:24:05,810 --> 00:24:02,700

to go into a little bit about the

625

00:24:09,230 --> 00:24:05,820

professor I I appreciate what he's doing

626

00:24:11,029 --> 00:24:09,240

okay but he's not sourcing where he's

627

00:24:13,250 --> 00:24:11,039

getting the most of his information from

628

00:24:15,590 --> 00:24:13,260

right most of his information is coming

629

00:24:18,230 --> 00:24:15,600

out of the book we wrote and through the

630

00:24:21,409 --> 00:24:18,240

research of when Keach and James Worrell

631

00:24:23,149 --> 00:24:21,419

you know and he's he's drawing a lot of

632

00:24:25,789 --> 00:24:23,159

that out of the book and he's never he

633

00:24:28,789 --> 00:24:25,799

uses the word Source but the source is

634

00:24:31,190 --> 00:24:28,799

the book and it's what he's doing with

635

00:24:33,110 --> 00:24:31,200

it is giving you a brief outlay if you

636

00:24:35,930 --> 00:24:33,120

really want a lot of the details office

637

00:24:38,270 --> 00:24:35,940

videos which I'm buying with is go to

638

00:24:40,010 --> 00:24:38,280

the book but here's the kicker though he

639

00:24:43,130 --> 00:24:40,020

upset me when he said you heard it from

640

00:24:45,169 --> 00:24:43,140

him first which is not true this a lot

641

00:24:47,810 --> 00:24:45,179

of this stuff was found out by James

642

00:24:49,370 --> 00:24:47,820

world and when Keach already knew about

643

00:24:51,830 --> 00:24:49,380

because he had actually worked he

644

00:24:53,870 --> 00:24:51,840

actually had been a pilot in the RAF and

645

00:24:55,130 --> 00:24:53,880

he actually worked for the mod he

646

00:24:57,110 --> 00:24:55,140

actually is one of the few people people

647

00:24:59,690 --> 00:24:57,120

that holds a dual engineering degree

648

00:25:01,370 --> 00:24:59,700

which was only one time offered and it

649

00:25:03,590 --> 00:25:01,380

was so complicated and hard to pass

650

00:25:06,529 --> 00:25:03,600

harder than anybody did so they've

651  
00:25:08,990 --> 00:25:06,539  
actually split it up so he owns a degree

652  
00:25:11,149 --> 00:25:09,000  
that most people don't even own and he

653  
00:25:13,490 --> 00:25:11,159  
did a full analysis of the area the

654  
00:25:14,990 --> 00:25:13,500  
equipment what it would all mean so

655  
00:25:16,909 --> 00:25:15,000  
going forward with your question on

656  
00:25:19,909 --> 00:25:16,919  
conducting okay

657  
00:25:22,669 --> 00:25:19,919  
right after the event I didn't feel good

658  
00:25:25,669 --> 00:25:22,679  
and went to the hospital the clinic you

659  
00:25:27,769 --> 00:25:25,679  
know I felt felt crappy and they just

660  
00:25:29,510 --> 00:25:27,779  
kind of rolled it off as you got the flu

661  
00:25:31,970 --> 00:25:29,520  
or cold or something they didn't really

662  
00:25:34,250 --> 00:25:31,980  
know and at the time I finally started

663  
00:25:36,890 --> 00:25:34,260

feeling better but the thing that

664

00:25:39,590 --> 00:25:36,900

happened to me before the heart problem

665

00:25:42,409 --> 00:25:39,600

was discovered after I PCS back to the

666

00:25:44,390 --> 00:25:42,419

States was my gums turned white at one

667

00:25:45,230 --> 00:25:44,400

point we're bleeding a little bit and

668

00:25:47,330 --> 00:25:45,240

then

669

00:25:50,029 --> 00:25:47,340

going forward from there I came back to

670

00:25:52,130 --> 00:25:50,039

the states after my two years and that's

671

00:25:53,930 --> 00:25:52,140

always been misconstrued I did get

672

00:25:55,669 --> 00:25:53,940

reassigned somewhere at one point

673

00:25:57,710 --> 00:25:55,679

because of randlesome but I didn't get

674

00:25:59,450 --> 00:25:57,720

yanked out of rendez from early I got

675

00:26:01,970 --> 00:25:59,460

yanked and put somewhere I got put over

676

00:26:04,430 --> 00:26:01,980

in Asia and Korea after the news of the

677

00:26:06,470 --> 00:26:04,440

world story broke they wanted to hide me

678

00:26:08,990 --> 00:26:06,480

over there they had me hidden over there

679

00:26:11,810 --> 00:26:09,000

in Korea with Hall halt was the base

680

00:26:13,970 --> 00:26:11,820

commander at kunsan I was at Osan and

681

00:26:16,250 --> 00:26:13,980

Williams is the pacques commander so

682

00:26:17,510 --> 00:26:16,260

they stashed us in a spot where none of

683

00:26:19,909 --> 00:26:17,520

the three of us could be talked to

684

00:26:21,769 --> 00:26:19,919

because CNN wanted to come over and talk

685

00:26:24,350 --> 00:26:21,779

to us and they weren't allowed go ahead

686

00:26:26,390 --> 00:26:24,360

afterwards so anyway I didn't feel good

687

00:26:28,549 --> 00:26:26,400

when I came back to the States I was

688

00:26:30,649 --> 00:26:28,559

home I only lived about two hours away

689

00:26:32,630 --> 00:26:30,659

so every but I want some of that come

690

00:26:34,789 --> 00:26:32,640

home just to see the family hang out for

691

00:26:36,710 --> 00:26:34,799

the weekend with my friends I came home

692

00:26:38,210 --> 00:26:36,720

on a Saturday after I worked I worked

693

00:26:40,070 --> 00:26:38,220

Friday night and I got back and I woke

694

00:26:42,830 --> 00:26:40,080

up Saturday afternoon early evening

695

00:26:44,570 --> 00:26:42,840

really sick I knew I was sick enough it

696

00:26:46,370 --> 00:26:44,580

was going to be more than a few hours it

697

00:26:47,930 --> 00:26:46,380

was going to be a dare so so had to go

698

00:26:49,190 --> 00:26:47,940

back the next day so I called the base

699

00:26:50,630 --> 00:26:49,200

and said I'm not really not going to be

700

00:26:51,710 --> 00:26:50,640

able to come back so we'll go to the

701  
00:26:54,529 --> 00:26:51,720  
emergency room so I went to the

702  
00:26:56,450 --> 00:26:54,539  
emergency room and when they verified I

703  
00:26:58,909 --> 00:26:56,460  
was sick the doctor started listening to

704  
00:27:00,289 --> 00:26:58,919  
my heart and he says

705  
00:27:02,269 --> 00:27:00,299  
what's the Air Force say about your

706  
00:27:03,649 --> 00:27:02,279  
heart murmur and I'm like

707  
00:27:05,450 --> 00:27:03,659  
what heart murmur I don't have a heart

708  
00:27:07,730 --> 00:27:05,460  
murmur he goes oh yeah you do you got a

709  
00:27:09,769 --> 00:27:07,740  
really distinguished distinct one you

710  
00:27:12,350 --> 00:27:09,779  
can hear he brought the whole emergency

711  
00:27:13,909 --> 00:27:12,360  
room nurses all that in to listen to it

712  
00:27:15,590 --> 00:27:13,919  
so there's been people that have

713  
00:27:17,870 --> 00:27:15,600

speculated well they missed it when I

714

00:27:19,190 --> 00:27:17,880

came in the Air Force well number one I

715

00:27:21,169 --> 00:27:19,200

couldn't have come in the Air Force if

716

00:27:23,390 --> 00:27:21,179

they identified it number two they

717

00:27:25,190 --> 00:27:23,400

wouldn't have missed it because this guy

718

00:27:27,769 --> 00:27:25,200

picked it up within a matter of

719

00:27:29,630 --> 00:27:27,779

listening just depending on my my chest

720

00:27:34,010 --> 00:27:29,640

right and it was that loud and

721

00:27:35,570 --> 00:27:34,020

distinctive and the fact is is that it

722

00:27:37,610 --> 00:27:35,580

wasn't there when I came in and I've got

723

00:27:40,010 --> 00:27:37,620

an entry physical to prove that that was

724

00:27:42,230 --> 00:27:40,020

part of my settlement so I wasn't sick

725

00:27:43,490 --> 00:27:42,240

with it before then magically I had this

726  
00:27:46,549 --> 00:27:43,500  
heart issue

727  
00:27:48,350 --> 00:27:46,559  
you know afterwards so what I did know

728  
00:27:50,990 --> 00:27:48,360  
at the time was I went back to the base

729  
00:27:53,450 --> 00:27:51,000  
and I came in

730  
00:27:55,250 --> 00:27:53,460  
um I think it was Monday I went back and

731  
00:27:57,289 --> 00:27:55,260  
I checked in I took my records to the

732  
00:27:59,330 --> 00:27:57,299  
hospital they verified that the arm was

733  
00:28:01,789 --> 00:27:59,340  
involved Tuesday I had to go see a

734  
00:28:04,190 --> 00:28:01,799  
doctor that came in from Ray Patterson

735  
00:28:06,230 --> 00:28:04,200  
and he did an examination on me and he

736  
00:28:07,850 --> 00:28:06,240  
immediately told me that he was issuing

737  
00:28:10,490 --> 00:28:07,860  
orders for me to go to Wright-Patterson

738  
00:28:13,909 --> 00:28:10,500

the next day to have a full Bank of

739

00:28:15,649 --> 00:28:13,919

tests done and and he said pack to stay

740

00:28:17,990 --> 00:28:15,659

for a while you may not be coming back

741

00:28:21,289 --> 00:28:18,000

for a while and he wouldn't elaborate

742

00:28:23,570 --> 00:28:21,299

anymore so I went up there the next day

743

00:28:25,669 --> 00:28:23,580

and they did Echoes and a bunch of other

744

00:28:28,070 --> 00:28:25,679

test blood work and everything else

745

00:28:29,450 --> 00:28:28,080

and that was in the morning and then I

746

00:28:31,070 --> 00:28:29,460

went to lunch and I came back in the

747

00:28:33,169 --> 00:28:31,080

afternoon and he came back in he says

748

00:28:34,909 --> 00:28:33,179

well the good news is I thought you had

749

00:28:36,710 --> 00:28:34,919

the thickening the left heart wall we

750

00:28:40,010 --> 00:28:36,720

were gonna have to do surgery on you

751

00:28:42,710 --> 00:28:40,020

because so you don't he says but you

752

00:28:45,289 --> 00:28:42,720

have a valve issue with your heart that

753

00:28:48,169 --> 00:28:45,299

we don't know what caused it and he said

754

00:28:51,049 --> 00:28:48,179

we're going to have to monitor it you

755

00:28:53,690 --> 00:28:51,059

know and so that was that and I didn't

756

00:28:55,549 --> 00:28:53,700

know at the time Roy Patterson is where

757

00:28:57,289 --> 00:28:55,559

they look at all this exotic technology

758

00:28:59,690 --> 00:28:57,299

and everything that might have happened

759

00:29:02,269 --> 00:28:59,700

but you find that out years later went

760

00:29:04,130 --> 00:29:02,279

back to my base everything was fine a

761

00:29:07,669 --> 00:29:04,140

couple years later I started having eye

762

00:29:10,070 --> 00:29:07,679

problems at Arizona so I went in to see

763

00:29:12,289 --> 00:29:10,080

the eye doctor sent me to Wilford Hall

764

00:29:14,390 --> 00:29:12,299

to a specialist I can't remember what

765

00:29:18,289 --> 00:29:14,400

exactly was but it wasn't just a regular

766

00:29:20,389 --> 00:29:18,299

eye doctor it was a colonel high up in

767

00:29:22,610 --> 00:29:20,399

that thing and the first thing he did

768

00:29:24,769 --> 00:29:22,620

when he looked at my eyes was have you

769

00:29:27,769 --> 00:29:24,779

been exposed to radiation before

770

00:29:30,889 --> 00:29:27,779

and at the time I didn't put bent Waters

771

00:29:32,570 --> 00:29:30,899

as radiation based sure I just said not

772

00:29:34,970 --> 00:29:32,580

that I'm aware of he says well you have

773

00:29:37,250 --> 00:29:34,980

what I found out later was I have a hole

774

00:29:39,830 --> 00:29:37,260

in the back of my eye wall

775

00:29:42,230 --> 00:29:39,840

something damaged my eye wall it's a

776

00:29:45,529 --> 00:29:42,240

hole it's not a tear it's a hole so

777

00:29:47,330 --> 00:29:45,539

anyway they sent me to um him he

778

00:29:49,190 --> 00:29:47,340

actually said with what I had I

779

00:29:51,409 --> 00:29:49,200

shouldn't go to Korea I had orders but

780

00:29:53,090 --> 00:29:51,419

in the Korea and he tried to cancel them

781

00:29:55,130 --> 00:29:53,100

and they wouldn't let him

782

00:29:56,630 --> 00:29:55,140

he said they had to work he had to do

783

00:29:58,850 --> 00:29:56,640

the best he could to figure out what it

784

00:30:01,310 --> 00:29:58,860

was what the treatment would be and for

785

00:30:04,549 --> 00:30:01,320

me to be deal with the flight surgeon on

786

00:30:06,169 --> 00:30:04,559

my issues with my heart and my eyes when

787

00:30:08,450 --> 00:30:06,179

I got over there you should have seen

788

00:30:09,769 --> 00:30:08,460

the flight surgeons looking at me I

789

00:30:11,149 --> 00:30:09,779

walked in there with my records because

790

00:30:13,610 --> 00:30:11,159

when you get to Korea you have to check

791

00:30:15,470 --> 00:30:13,620

in right away because it's a war zone

792

00:30:17,269 --> 00:30:15,480

it's still considered a combat zombie

793

00:30:19,070 --> 00:30:17,279

it's just in it you know it's not a

794

00:30:21,110 --> 00:30:19,080

peace treaty it was ever a signed it's a

795

00:30:22,970 --> 00:30:21,120

truce so I had to go in there and I had

796

00:30:25,070 --> 00:30:22,980

to go to the hospital and they said well

797

00:30:27,289 --> 00:30:25,080

let's have your records I go here's the

798

00:30:28,909 --> 00:30:27,299

note I got to see the flight surgeon so

799

00:30:30,590 --> 00:30:28,919

I went in and he looked at all my stuff

800

00:30:33,049 --> 00:30:30,600

and he says

801  
00:30:35,570 --> 00:30:33,059  
I can't treat you for this because what

802  
00:30:37,610 --> 00:30:35,580  
are you here for I said I don't really

803  
00:30:39,590 --> 00:30:37,620  
know doc other than they said he

804  
00:30:42,049 --> 00:30:39,600  
actually the colonel was told back at

805  
00:30:43,850 --> 00:30:42,059  
Wilford Hall that I was going to Korea

806  
00:30:46,190 --> 00:30:43,860  
there was no

807  
00:30:48,830 --> 00:30:46,200  
withdrawing the orders I was going to go

808  
00:30:50,810 --> 00:30:48,840  
to Korea so and I missed the other part

809  
00:30:53,269 --> 00:30:50,820  
of the story was I'll do real quick

810  
00:30:55,130 --> 00:30:53,279  
when you see the world Brook story

811  
00:30:56,570 --> 00:30:55,140  
all these people started looking into it

812  
00:30:58,010 --> 00:30:56,580  
starting I got calls from everywhere

813  
00:31:00,110 --> 00:30:58,020

don't know how they found my phone

814

00:31:02,090 --> 00:31:00,120

number because I wasn't even in the

815

00:31:03,590 --> 00:31:02,100

phone book by my name I was had a

816

00:31:05,510 --> 00:31:03,600

roommate that was in his name but they

817

00:31:08,269 --> 00:31:05,520

found me but the guy that found me was

818

00:31:10,909 --> 00:31:08,279

Chuck deCaro CNN called me I had to tell

819

00:31:11,990 --> 00:31:10,919

the base about it long story short I had

820

00:31:15,950 --> 00:31:12,000

to

821

00:31:17,810 --> 00:31:15,960

thing I know the next day I'm in

822

00:31:19,370 --> 00:31:17,820

um on the battles in the battle Sapphire

823

00:31:21,110 --> 00:31:19,380

on the secure line talking to the

824

00:31:23,510 --> 00:31:21,120

Pentagon about how I was supposed to

825

00:31:25,190 --> 00:31:23,520

handle the interview with zacaro they

826

00:31:27,169 --> 00:31:25,200

wanted me to do it because the cat was

827

00:31:28,789 --> 00:31:27,179

out of the bag with the memo being out

828

00:31:29,930 --> 00:31:28,799

and something happened so they didn't

829

00:31:31,789 --> 00:31:29,940

want to look like it was being totally

830

00:31:33,470 --> 00:31:31,799

covered up but they didn't want me to go

831

00:31:36,130 --> 00:31:33,480

into any detail other than to stick to

832

00:31:38,870 --> 00:31:36,140

the memo which was wrong anyway

833

00:31:41,269 --> 00:31:38,880

so that was part of it so then going

834

00:31:43,010 --> 00:31:41,279

forward with my orders when I got them I

835

00:31:45,049 --> 00:31:43,020

had a friend in outbound that tried to

836

00:31:47,450 --> 00:31:45,059

get me out of him he ended up in front

837

00:31:49,310 --> 00:31:47,460

of his uh Commander being threatened

838

00:31:52,250 --> 00:31:49,320

with an Article 15 for interfering with

839

00:31:54,110 --> 00:31:52,260

my orders and the thing was is that he

840

00:31:55,730 --> 00:31:54,120

looked at the commander and he said why

841

00:31:57,769 --> 00:31:55,740

am I in here we've done this before he

842

00:31:59,570 --> 00:31:57,779

doesn't want him doesn't want them and

843

00:32:01,730 --> 00:31:59,580

he was just looking in inquiring into

844

00:32:04,130 --> 00:32:01,740

how he could possibly get out of him and

845

00:32:06,049 --> 00:32:04,140

he says this is so above he said he told

846

00:32:08,269 --> 00:32:06,059

me this was so above above his prey

847

00:32:10,669 --> 00:32:08,279

grade that he crossed the line with me

848

00:32:12,169 --> 00:32:10,679

so not only that but the doctor could

849

00:32:15,110 --> 00:32:12,179

keep me out of career which I found out

850

00:32:18,169 --> 00:32:15,120

later why which I told you earlier

851  
00:32:20,330 --> 00:32:18,179  
so you know so yeah there was all kinds

852  
00:32:22,669 --> 00:32:20,340  
of issues early on with my health which

853  
00:32:24,649 --> 00:32:22,679  
later on led to my medical records being

854  
00:32:26,990 --> 00:32:24,659  
classified which I can go into a little

855  
00:32:29,630 --> 00:32:27,000  
bit if after down the road a little bit

856  
00:32:30,950 --> 00:32:29,640  
as you go along with this yes I mean at

857  
00:32:33,289 --> 00:32:30,960  
that point

858  
00:32:35,269 --> 00:32:33,299  
I mean well so go forward a bit further

859  
00:32:37,070 --> 00:32:35,279  
and this may fit in with what you just

860  
00:32:38,870 --> 00:32:37,080  
said but am I right and saying kit green

861  
00:32:41,570 --> 00:32:38,880  
got involved and maybe even call him

862  
00:32:43,909 --> 00:32:41,580  
Kelleher and possibly Robert Bigelow so

863  
00:32:45,710 --> 00:32:43,919

you know they're wanting your DNA and

864

00:32:49,130 --> 00:32:45,720

things well yeah if you want to be good

865

00:32:52,549 --> 00:32:49,140

honest like okay all right so it started

866

00:32:54,830 --> 00:32:52,559

with when I got sick in 10 early 11 it

867

00:32:57,470 --> 00:32:54,840

was actually early 11. my heart was

868

00:33:00,350 --> 00:32:57,480

acting up like it never had before and

869

00:33:02,450 --> 00:33:00,360

the doctor when I went in they found it

870

00:33:05,090 --> 00:33:02,460

at the urgent care that I was in afib

871

00:33:07,850 --> 00:33:05,100

sent me to the hospital they eventually

872

00:33:09,830 --> 00:33:07,860

uh shocked my heart back into Rhythm and

873

00:33:11,930 --> 00:33:09,840

I had some congestive heart failure but

874

00:33:13,850 --> 00:33:11,940

the doctor said how long have you had

875

00:33:16,549 --> 00:33:13,860

this and I said well this is the first

876

00:33:18,830 --> 00:33:16,559

time I've had an issue like this but

877

00:33:20,930 --> 00:33:18,840

I've had the heart murmur since 1980 he

878

00:33:23,210 --> 00:33:20,940

goes where are your records with that I

879

00:33:26,930 --> 00:33:23,220

said well I was injured

880

00:33:28,730 --> 00:33:26,940

in in the Air Force he goes did they do

881

00:33:31,430 --> 00:33:28,740

any tests and stuff I said well yeah in

882

00:33:33,710 --> 00:33:31,440

81. he said I need you to request the

883

00:33:36,169 --> 00:33:33,720

records and he wrote up a request

884

00:33:37,789 --> 00:33:36,179

through the military I need to look at

885

00:33:39,470 --> 00:33:37,799

these to better understand what's going

886

00:33:41,110 --> 00:33:39,480

on because he said what you're going

887

00:33:43,610 --> 00:33:41,120

through doesn't fit the symptoms

888

00:33:45,769 --> 00:33:43,620

normally of what you would have the

889

00:33:47,630 --> 00:33:45,779

damage just didn't have the symptoms

890

00:33:50,149 --> 00:33:47,640

were worse than the damage appeared to

891

00:33:52,490 --> 00:33:50,159

him so

892

00:33:55,190 --> 00:33:52,500

I requested them and didn't get a

893

00:33:57,590 --> 00:33:55,200

response what to my first Senator he

894

00:33:59,570 --> 00:33:57,600

requested him God told my records were

895

00:34:02,330 --> 00:33:59,580

where where they weren't where they

896

00:34:04,490 --> 00:34:02,340

usually would be the aid and most people

897

00:34:06,769 --> 00:34:04,500

the Senators don't do the work the age

898

00:34:09,290 --> 00:34:06,779

do they just use the power of the office

899

00:34:10,849 --> 00:34:09,300

so she figured out really fast that my

900

00:34:13,250 --> 00:34:10,859

records were classified

901  
00:34:14,810 --> 00:34:13,260  
so she wrote me a letter saying they

902  
00:34:15,950 --> 00:34:14,820  
were and she said I had to go file for

903  
00:34:18,889 --> 00:34:15,960  
disability

904  
00:34:20,470 --> 00:34:18,899  
to force them to look at my records and

905  
00:34:23,270 --> 00:34:20,480  
admit what's in my records what's wrong

906  
00:34:25,310 --> 00:34:23,280  
so we went ahead and I went and filed a

907  
00:34:27,349 --> 00:34:25,320  
disability and came back gave her all

908  
00:34:29,810 --> 00:34:27,359  
the information he was getting ready to

909  
00:34:31,970 --> 00:34:29,820  
retire his term was coming up and he was

910  
00:34:34,250 --> 00:34:31,980  
going to retire they got nowhere from

911  
00:34:36,050 --> 00:34:34,260  
that point on all the way till the

912  
00:34:38,210 --> 00:34:36,060  
elections were over and he retired so

913  
00:34:40,010 --> 00:34:38,220

what he did was she said you could give

914

00:34:42,109 --> 00:34:40,020

it to the it was a republican that got

915

00:34:43,430 --> 00:34:42,119

elected I forget his name now and she

916

00:34:45,050 --> 00:34:43,440

was going to work with him or I

917

00:34:45,770 --> 00:34:45,060

recommend you give the senator Kane's

918

00:34:47,690 --> 00:34:45,780

office

919

00:34:50,629 --> 00:34:47,700

you know he's he's farther up the chain

920

00:34:53,210 --> 00:34:50,639

especially with this new Senator and so

921

00:34:55,190 --> 00:34:53,220

what the McCain he got me into at least

922

00:34:57,290 --> 00:34:55,200

get a physical when I went in to be

923

00:35:00,050 --> 00:34:57,300

looked at to evaluate whether I was

924

00:35:02,210 --> 00:35:00,060

disabled from in the line of duty the

925

00:35:04,010 --> 00:35:02,220

doctor starts to ask me questions they

926  
00:35:06,050 --> 00:35:04,020  
start identifying what happened and I

927  
00:35:07,670 --> 00:35:06,060  
saw an eye doctor too I'll go into that

928  
00:35:09,410 --> 00:35:07,680  
in a second but she said well

929  
00:35:11,870 --> 00:35:09,420  
interesting everything you're applying

930  
00:35:13,370 --> 00:35:11,880  
you weren't in the Air Force when you

931  
00:35:15,050 --> 00:35:13,380  
when you said that's when you were

932  
00:35:17,030 --> 00:35:15,060  
injured and that was the first time I

933  
00:35:19,190 --> 00:35:17,040  
found out that they were actually trying

934  
00:35:21,950 --> 00:35:19,200  
to cover up I was not in the Air Force

935  
00:35:23,510 --> 00:35:21,960  
until 1982. so I looked at her and I

936  
00:35:25,130 --> 00:35:23,520  
said well I've got I pulled out a pay

937  
00:35:27,770 --> 00:35:25,140  
record I said you see I was being paid

938  
00:35:30,589 --> 00:35:27,780

in 79 and came in and she goes looked at

939

00:35:32,030 --> 00:35:30,599

it looks at me and says I I can only go

940

00:35:34,849 --> 00:35:32,040

with what I've got here in front of me

941

00:35:36,470 --> 00:35:34,859

I'll write it up as such and we'll take

942

00:35:39,710 --> 00:35:36,480

it from there so

943

00:35:41,810 --> 00:35:39,720

a Sinai doctor and now that's when I

944

00:35:43,849 --> 00:35:41,820

first saw I think I saw my records again

945

00:35:45,530 --> 00:35:43,859

because there was this envelope of

946

00:35:47,810 --> 00:35:45,540

vanilla envelope with records that were

947

00:35:50,030 --> 00:35:47,820

huge and I'm pretty sure he had those

948

00:35:52,370 --> 00:35:50,040

but he was a specialist that came out of

949

00:35:54,470 --> 00:35:52,380

um the dod he looked at my eyes and he

950

00:35:56,569 --> 00:35:54,480

came back and he says nothing's changed

951  
00:35:58,970 --> 00:35:56,579  
since 1980 he says we'll continue to

952  
00:36:02,089 --> 00:35:58,980  
monitor I go what do I go that's all you

953  
00:36:04,370 --> 00:36:02,099  
need to know get out of here so then in

954  
00:36:05,630 --> 00:36:04,380  
the summer I got denied which you know

955  
00:36:08,870 --> 00:36:05,640  
I've got all the paperwork I've actually

956  
00:36:11,930 --> 00:36:08,880  
shot it in um presentations I got denied

957  
00:36:14,450 --> 00:36:11,940  
my disability because I wasn't in the

958  
00:36:18,349 --> 00:36:14,460  
Air Force in 1979.

959  
00:36:20,930 --> 00:36:18,359  
so they did initially denied that so we

960  
00:36:23,329 --> 00:36:20,940  
were able to finangle through and

961  
00:36:24,770 --> 00:36:23,339  
eventually prove what there's a lot of

962  
00:36:26,930 --> 00:36:24,780  
stuff that went on behind the scenes to

963  
00:36:30,230 --> 00:36:26,940

get approved that was in 79 because even

964

00:36:31,849 --> 00:36:30,240

afrpc denied I was in even though they

965

00:36:33,950 --> 00:36:31,859

showed that I was in but I found out by

966

00:36:35,270 --> 00:36:33,960

going through retirements because I

967

00:36:37,910 --> 00:36:35,280

technically couldn't have been retired

968

00:36:40,730 --> 00:36:37,920

if I hadn't had those for years so

969

00:36:44,810 --> 00:36:40,740

anyway yeah so anyway we got that

970

00:36:45,910 --> 00:36:44,820

changed and then they made an offer to

971

00:36:49,370 --> 00:36:45,920

um

972

00:36:52,849 --> 00:36:49,380

to settle everything based on the new DD

973

00:36:55,550 --> 00:36:52,859

Form 214 that somehow that got pulled

974

00:36:58,010 --> 00:36:55,560

and and they said that because I had to

975

00:37:00,050 --> 00:36:58,020

drop the initial appeal which when I did

976

00:37:01,849 --> 00:37:00,060

that the there's an agency the state

977

00:37:03,829 --> 00:37:01,859

looks at it and he could see they'd

978

00:37:05,390 --> 00:37:03,839

denied our foyers hadn't given the

979

00:37:10,190 --> 00:37:05,400

proper documentation they were covered

980

00:37:12,410 --> 00:37:10,200

all that up so then we put the denial in

981

00:37:14,510 --> 00:37:12,420

the or the withdrawal and just on new

982

00:37:16,550 --> 00:37:14,520

information I got a letter after that

983

00:37:17,270 --> 00:37:16,560

saying thank you for quote thank you for

984

00:37:19,069 --> 00:37:17,280

the

985

00:37:22,730 --> 00:37:19,079

um canceling your appeal your case is

986

00:37:24,349 --> 00:37:22,740

now closed so that's when it got really

987

00:37:25,970 --> 00:37:24,359

ugly because McKay personally got

988

00:37:28,970 --> 00:37:25,980

involved he actually threatened to hold

989

00:37:30,470 --> 00:37:28,980

hearings and the doj got involved in a

990

00:37:33,230 --> 00:37:30,480

bunch of stuff put on I eventually got

991

00:37:36,230 --> 00:37:33,240

my settlement now during all this time

992

00:37:37,970 --> 00:37:36,240

frame we testified in front of the

993

00:37:40,910 --> 00:37:37,980

citizens hearing the lawyer Pat

994

00:37:42,829 --> 00:37:40,920

presconia that was working with me and

995

00:37:46,430 --> 00:37:42,839

at the time at that very moment peniston

996

00:37:48,710 --> 00:37:46,440

was involved and so was I and um we went

997

00:37:51,290 --> 00:37:48,720

up there and testified you know in front

998

00:37:53,690 --> 00:37:51,300

of a mock hearing and about I don't know

999

00:37:55,430 --> 00:37:53,700

several days later Kent Green calls him

1000

00:37:57,770 --> 00:37:55,440

and wants to meet with him

1001  
00:37:58,970 --> 00:37:57,780  
so he comes in meets with Pat in Jackson

1002  
00:38:00,890 --> 00:37:58,980  
Mississippi

1003  
00:38:02,870 --> 00:38:00,900  
talk to him about a bunch of stuff and

1004  
00:38:04,849 --> 00:38:02,880  
wants to evaluate me

1005  
00:38:07,550 --> 00:38:04,859  
personally do an evaluation and talking

1006  
00:38:09,349 --> 00:38:07,560  
to you about some stuff So eventually he

1007  
00:38:11,150 --> 00:38:09,359  
flew out I was in Sedona at the time

1008  
00:38:13,130 --> 00:38:11,160  
flew out to Sedona brought Pat and his

1009  
00:38:15,230 --> 00:38:13,140  
wife who's also an attorney and a nurse

1010  
00:38:19,010 --> 00:38:15,240  
brought us bought us all together in

1011  
00:38:21,829 --> 00:38:19,020  
Sedona and um did an examination

1012  
00:38:23,990 --> 00:38:21,839  
and came back and said well

1013  
00:38:25,670 --> 00:38:24,000

you definitely have problems that don't

1014

00:38:27,230 --> 00:38:25,680

look very good you didn't explain it to

1015

00:38:28,730 --> 00:38:27,240

me like you did Pat behind the scenes he

1016

00:38:31,609 --> 00:38:28,740

said I didn't have any much longer to

1017

00:38:33,890 --> 00:38:31,619

live is what he told path so he said

1018

00:38:36,770 --> 00:38:33,900

what I would like to do is I would like

1019

00:38:39,349 --> 00:38:36,780

to get a sample of your DNA we're doing

1020

00:38:42,290 --> 00:38:39,359

a study of a hundred people that I have

1021

00:38:44,870 --> 00:38:42,300

known to be exposed to uaps and I said

1022

00:38:46,430 --> 00:38:44,880

100 people he says he said to me he says

1023

00:38:48,770 --> 00:38:46,440

well you're one of the few cases that

1024

00:38:50,510 --> 00:38:48,780

ever got leaked out so there's a lot of

1025

00:38:52,670 --> 00:38:50,520

other stuff that's gone on where we've

1026

00:38:57,589 --> 00:38:52,680

got confirmed military activity with

1027

00:39:00,650 --> 00:38:57,599

uaps and we're studying their DNA on the

1028

00:39:02,569 --> 00:39:00,660

effects so whenever I said I I said and

1029

00:39:03,589 --> 00:39:02,579

he says then we want to do an MRI of

1030

00:39:06,050 --> 00:39:03,599

your brain

1031

00:39:08,810 --> 00:39:06,060

he says we want to look at the brain and

1032

00:39:10,849 --> 00:39:08,820

see what's going on with it and it was

1033

00:39:12,589 --> 00:39:10,859

just a loose imply that they wanted to

1034

00:39:14,810 --> 00:39:12,599

see if the brain of mine was a lot like

1035

00:39:16,849 --> 00:39:14,820

some of the other guys which meant that

1036

00:39:19,370 --> 00:39:16,859

we were getting having this contact more

1037

00:39:21,950 --> 00:39:19,380

because of that over or wasn't we

1038

00:39:24,890 --> 00:39:21,960

damaged later well couldn't do the MRI

1039

00:39:26,870 --> 00:39:24,900

because I have a pacemaker because some

1040

00:39:28,250 --> 00:39:26,880

of the stuff they did before they

1041

00:39:29,510 --> 00:39:28,260

finally figured out which I'll tell you

1042

00:39:31,970 --> 00:39:29,520

in a minute they figured out what was

1043

00:39:33,410 --> 00:39:31,980

going on and why was they didn't need to

1044

00:39:35,930 --> 00:39:33,420

do that so they really couldn't do the

1045

00:39:37,670 --> 00:39:35,940

MRI it was an MRI that they could but

1046

00:39:40,670 --> 00:39:37,680

they just couldn't justify it medically

1047

00:39:42,950 --> 00:39:40,680

to go in on a on a theory it hadn't been

1048

00:39:46,130 --> 00:39:42,960

a serious medical issue

1049

00:39:48,770 --> 00:39:46,140

um the DNA I told them no but he didn't

1050

00:39:51,230 --> 00:39:48,780

listen and when he left Sedona he

1051  
00:39:53,510 --> 00:39:51,240  
actually they flew Gary Nolan in from

1052  
00:39:55,670 --> 00:39:53,520  
San Francisco that next morning into

1053  
00:39:58,609 --> 00:39:55,680  
Vegas and him and Colin kalahar drove

1054  
00:40:00,530 --> 00:39:58,619  
down and met with us and Flagstaff that

1055  
00:40:02,690 --> 00:40:00,540  
afternoon and they tried to get my DNA

1056  
00:40:05,210 --> 00:40:02,700  
and I told him no I said I'm not playing

1057  
00:40:07,130 --> 00:40:05,220  
I said I'm sick I can't get anywhere at

1058  
00:40:10,250 --> 00:40:07,140  
the VA I can't get any kind of treatment

1059  
00:40:12,950 --> 00:40:10,260  
this is a work this is off limits until

1060  
00:40:15,650 --> 00:40:12,960  
something gets done they were mad kit

1061  
00:40:18,890 --> 00:40:15,660  
green was mad but Pat toolkit we told

1062  
00:40:21,050 --> 00:40:18,900  
you no yesterday he goes but you try but

1063  
00:40:23,870 --> 00:40:21,060

you know so then you turned back around

1064

00:40:26,810 --> 00:40:23,880

and he wrote a letter that ended up

1065

00:40:29,329 --> 00:40:26,820

being classified after the fact that he

1066

00:40:31,790 --> 00:40:29,339

gave to Pat for me to give to the to the

1067

00:40:34,370 --> 00:40:31,800

VA and the department which I ended up

1068

00:40:38,089 --> 00:40:34,380

with the Department of Defense also and

1069

00:40:40,250 --> 00:40:38,099

as soon as that came in to play because

1070

00:40:43,010 --> 00:40:40,260

McCain now I was at least being seen by

1071

00:40:46,010 --> 00:40:43,020

the VA all of a sudden the dod showed up

1072

00:40:47,930 --> 00:40:46,020

VA doctors and they immediately within

1073

00:40:49,790 --> 00:40:47,940

about three months I got the surgery I

1074

00:40:52,190 --> 00:40:49,800

needed because they figured out what was

1075

00:40:54,589 --> 00:40:52,200

damaged in my valve that wasn't normal

1076  
00:40:57,170 --> 00:40:54,599  
for what is explained to me was you have

1077  
00:40:59,990 --> 00:40:57,180  
two leaflets in your valve the inside

1078  
00:41:02,390 --> 00:41:00,000  
leaflets never damaged the outside one

1079  
00:41:05,089 --> 00:41:02,400  
showed some damage but not enough damage

1080  
00:41:07,430 --> 00:41:05,099  
to create the issues I was having but

1081  
00:41:09,109 --> 00:41:07,440  
the inside one was shredded now what

1082  
00:41:10,910 --> 00:41:09,119  
they told me and I had the records

1083  
00:41:13,790 --> 00:41:10,920  
approve it is I actually had two

1084  
00:41:16,069 --> 00:41:13,800  
leaflets on the inside part and when I

1085  
00:41:17,870 --> 00:41:16,079  
was injured I would have probably died

1086  
00:41:20,510 --> 00:41:17,880  
if I hadn't had that medical condition

1087  
00:41:22,190 --> 00:41:20,520  
which is rare so the two of them were

1088  
00:41:26,030 --> 00:41:22,200

both damaged but they were damaged

1089

00:41:28,370 --> 00:41:26,040

enough together to kill me on the spot

1090

00:41:30,890 --> 00:41:28,380

so that all got done that was handled by

1091

00:41:33,290 --> 00:41:30,900

a doctor the whole time they took my

1092

00:41:35,150 --> 00:41:33,300

blood they took all my tissue which I

1093

00:41:38,390 --> 00:41:35,160

found out later was studied

1094

00:41:40,310 --> 00:41:38,400

okay for all of this stuff and it was

1095

00:41:43,250 --> 00:41:40,320

done in the study that they wanted but

1096

00:41:44,750 --> 00:41:43,260

the dod was running this one not well

1097

00:41:47,089 --> 00:41:44,760

they were actually their contract was

1098

00:41:49,430 --> 00:41:47,099

through the dod anyway but I found out

1099

00:41:51,470 --> 00:41:49,440

that they got all that stuff anyway so

1100

00:41:53,930 --> 00:41:51,480

they got it through the surgery so

1101  
00:41:56,030 --> 00:41:53,940  
that's how Kent Green showed up in

1102  
00:41:57,589 --> 00:41:56,040  
Keller her and Nolan

1103  
00:41:59,510 --> 00:41:57,599  
that's fast and then we dealt with him

1104  
00:42:02,450 --> 00:41:59,520  
all the way through because at one point

1105  
00:42:04,250 --> 00:42:02,460  
we were actually getting ready to file a

1106  
00:42:06,710 --> 00:42:04,260  
lawsuit during all this stuff going on

1107  
00:42:09,170 --> 00:42:06,720  
to force the government to admit why my

1108  
00:42:10,790 --> 00:42:09,180  
number one we couldn't even get a flying

1109  
00:42:13,250 --> 00:42:10,800  
answer because we identified the classic

1110  
00:42:15,589 --> 00:42:13,260  
the classified record section which they

1111  
00:42:17,210 --> 00:42:15,599  
have but we couldn't even get to admit

1112  
00:42:19,790 --> 00:42:17,220  
my records were there

1113  
00:42:21,109 --> 00:42:19,800

and why they refused to answer that for

1114

00:42:23,030 --> 00:42:21,119

you they brought the law on that they

1115

00:42:25,730 --> 00:42:23,040

refused to deal with the Senator's

1116

00:42:28,250 --> 00:42:25,740

office on any of that also and stuff and

1117

00:42:30,109 --> 00:42:28,260

then so after I got my surgery I just

1118

00:42:32,810 --> 00:42:30,119

got a a letter

1119

00:42:34,790 --> 00:42:32,820

um my surgery wasn't 13 I got the

1120

00:42:37,130 --> 00:42:34,800

settlement in 15 when we got all this

1121

00:42:38,930 --> 00:42:37,140

taken care of and they got a letter from

1122

00:42:41,030 --> 00:42:38,940

him saying we're taking responsibility

1123

00:42:42,829 --> 00:42:41,040

for your injuries because my settlement

1124

00:42:44,810 --> 00:42:42,839

which people want to argue about which I

1125

00:42:47,329 --> 00:42:44,820

have a lot of documentation which I gave

1126  
00:42:50,270 --> 00:42:47,339  
to Billy Cox as a journalist who wrote

1127  
00:42:52,250 --> 00:42:50,280  
an article on it he verified that my

1128  
00:42:55,510 --> 00:42:52,260  
setup was based off of being injured in

1129  
00:43:00,829 --> 00:42:58,910  
now what what they and part of the part

1130  
00:43:02,690 --> 00:43:00,839  
of the documents presented were conduct

1131  
00:43:05,030 --> 00:43:02,700  
documents the classified documents some

1132  
00:43:07,370 --> 00:43:05,040  
other stuff but what they didn't say was

1133  
00:43:10,490 --> 00:43:07,380  
what it what it was and I got told that

1134  
00:43:11,930 --> 00:43:10,500  
by different I got told by Kyle staffer

1135  
00:43:14,390 --> 00:43:11,940  
you were injured but you're never going

1136  
00:43:16,309 --> 00:43:14,400  
to know uh McCain's people said the same

1137  
00:43:17,750 --> 00:43:16,319  
thing no doubt you were injured but

1138  
00:43:19,730 --> 00:43:17,760

you're never going to get an answer why

1139

00:43:22,430 --> 00:43:19,740

and when they finally settled with me

1140

00:43:23,870 --> 00:43:22,440

we're taking responsibility for you but

1141

00:43:26,990 --> 00:43:23,880

we're not going to tell you why or

1142

00:43:29,210 --> 00:43:27,000

what's going on and uh that but my

1143

00:43:31,130 --> 00:43:29,220

medical records are still classified so

1144

00:43:33,829 --> 00:43:31,140

my Personnel files having to do with

1145

00:43:35,450 --> 00:43:33,839

Reynolds them and

1146

00:43:39,050 --> 00:43:35,460

um I have to see certain doctors inside

1147

00:43:41,329 --> 00:43:39,060

the dod for my heart my eyes because I

1148

00:43:42,890 --> 00:43:41,339

can't even like the VA allows you to do

1149

00:43:44,569 --> 00:43:42,900

community and care and where I live

1150

00:43:46,430 --> 00:43:44,579

there's not a lot that you have to drive

1151  
00:43:48,410 --> 00:43:46,440  
to Indianapolis

1152  
00:43:50,450 --> 00:43:48,420  
um right I can't be treated by a

1153  
00:43:52,130 --> 00:43:50,460  
civilian doctor they tried once but they

1154  
00:43:54,349 --> 00:43:52,140  
wouldn't give them any information so

1155  
00:43:55,670 --> 00:43:54,359  
they had to kick me back for the VA in

1156  
00:43:58,550 --> 00:43:55,680  
fact now I I have to go to Indianapolis

1157  
00:44:00,589 --> 00:43:58,560  
and deal with the chief of Cardiology on

1158  
00:44:02,390 --> 00:44:00,599  
my heart so

1159  
00:44:04,130 --> 00:44:02,400  
I mean I

1160  
00:44:05,809 --> 00:44:04,140  
I can see that it's great that you

1161  
00:44:08,030 --> 00:44:05,819  
finally got there even though it took

1162  
00:44:10,550 --> 00:44:08,040  
way too long to get you know the VA and

1163  
00:44:13,430 --> 00:44:10,560

all that sorted out but well actually it

1164

00:44:17,870 --> 00:44:13,440

didn't really because from the time I I

1165

00:44:21,710 --> 00:44:17,880

never correlated all this totally yeah I

1166

00:44:24,410 --> 00:44:21,720

I knew that I got sick but I never

1167

00:44:26,930 --> 00:44:24,420

really did all the the correlation with

1168

00:44:29,390 --> 00:44:26,940

the weapon systems the the radiation all

1169

00:44:31,010 --> 00:44:29,400

that until I started getting sick and I

1170

00:44:32,750 --> 00:44:31,020

started researching some of this stuff

1171

00:44:34,609 --> 00:44:32,760

and working with other people then

1172

00:44:36,349 --> 00:44:34,619

Greece showed up because what he said

1173

00:44:38,390 --> 00:44:36,359

and he did this on the buff top secret

1174

00:44:39,950 --> 00:44:38,400

because that's when I knew I was in

1175

00:44:42,170 --> 00:44:39,960

trouble that it was going to be payback

1176  
00:44:43,690 --> 00:44:42,180  
time I was told that they were never

1177  
00:44:46,250 --> 00:44:43,700  
going to talk about their involvement

1178  
00:44:49,010 --> 00:44:46,260  
know this was going to come out the DNA

1179  
00:44:50,870 --> 00:44:49,020  
stuff none of it and it ends up he goes

1180  
00:44:53,870 --> 00:44:50,880  
on a dub top secret when I just told

1181  
00:44:55,849 --> 00:44:53,880  
everybody Hey listen I got a settlement

1182  
00:44:58,130 --> 00:44:55,859  
um the lawyer loaded up as uh you know

1183  
00:45:00,290 --> 00:44:58,140  
de facto that they admitted that uaps

1184  
00:45:03,710 --> 00:45:00,300  
are real because the event was labeled a

1185  
00:45:05,690 --> 00:45:03,720  
UAP event by the by the old memo and

1186  
00:45:07,609 --> 00:45:05,700  
then that they gave me conversation for

1187  
00:45:09,530 --> 00:45:07,619  
it well green goes on to buff top secret

1188  
00:45:11,930 --> 00:45:09,540

rights two paragraphs on what it was

1189

00:45:14,569 --> 00:45:11,940

terahertz radiation all these different

1190

00:45:16,130 --> 00:45:14,579

things that went on so and then I knew

1191

00:45:18,050 --> 00:45:16,140

that there was more to this coming down

1192

00:45:20,990 --> 00:45:18,060

the road then they work with Annie

1193

00:45:22,730 --> 00:45:21,000

Jacobson who they she's a correspondent

1194

00:45:25,069 --> 00:45:22,740

or correspondent or writer or whatever

1195

00:45:27,770 --> 00:45:25,079

and they talk about the DNA the DNA

1196

00:45:29,510 --> 00:45:27,780

study how this all plays together so

1197

00:45:31,790 --> 00:45:29,520

that's been down a whole different Road

1198

00:45:34,550 --> 00:45:31,800

having to deal with them to the Stars

1199

00:45:36,170 --> 00:45:34,560

Lou Elizondo I got taken down to how

1200

00:45:38,750 --> 00:45:36,180

put-offs

1201

00:45:41,150 --> 00:45:38,760

um facility got briefed on uh Stargate

1202

00:45:43,730 --> 00:45:41,160

and a bunch of other stuff so this has

1203

00:45:45,230 --> 00:45:43,740

been ongoing even on the side and

1204

00:45:47,510 --> 00:45:45,240

there's definitely interest by the

1205

00:45:49,970 --> 00:45:47,520

government in people that have been in

1206

00:45:51,950 --> 00:45:49,980

had some kind of encounter with whatever

1207

00:45:53,809 --> 00:45:51,960

a UAP is

1208

00:45:56,270 --> 00:45:53,819

so do you think this this anomalous

1209

00:45:57,770 --> 00:45:56,280

phenomena whatever it may be do you

1210

00:46:00,530 --> 00:45:57,780

think that is what we people are seeing

1211

00:46:01,910 --> 00:46:00,540

and have been seeing for you know as

1212

00:46:03,170 --> 00:46:01,920

long as they've been reported or do you

1213

00:46:04,790 --> 00:46:03,180

think there may be multiple phenomena

1214

00:46:06,950 --> 00:46:04,800

out there

1215

00:46:08,150 --> 00:46:06,960

wow that one's a tough one to answer

1216

00:46:09,230 --> 00:46:08,160

okay

1217

00:46:12,109 --> 00:46:09,240

um

1218

00:46:13,550 --> 00:46:12,119

there is a phenomenon condone says there

1219

00:46:16,609 --> 00:46:13,560

is

1220

00:46:19,309 --> 00:46:16,619

so that's been identified United the

1221

00:46:22,430 --> 00:46:19,319

British changed it to UAP the Americans

1222

00:46:24,410 --> 00:46:22,440

Now call it a UAP so that's clearly

1223

00:46:27,470 --> 00:46:24,420

something going on that they're working

1224

00:46:29,809 --> 00:46:27,480

with involves plasmas intelligence and

1225

00:46:31,370 --> 00:46:29,819

all that so that's there

1226

00:46:33,170 --> 00:46:31,380

um then you have to look at Roswell

1227

00:46:36,890 --> 00:46:33,180

which I don't know much about other than

1228

00:46:38,329 --> 00:46:36,900

they supposed to uncover the craft so if

1229

00:46:40,730 --> 00:46:38,339

that's the case

1230

00:46:43,309 --> 00:46:40,740

then there's something else possibly

1231

00:46:45,829 --> 00:46:43,319

going on too but what I can tell you is

1232

00:46:48,410 --> 00:46:45,839

there definitely is some kind of a

1233

00:46:51,470 --> 00:46:48,420

phenomenon that they're aware of they've

1234

00:46:55,370 --> 00:46:51,480

been studying it for probably decades it

1235

00:46:58,130 --> 00:46:55,380

involves radiation frequencies you know

1236

00:47:01,069 --> 00:46:58,140

intelligence and they definitely have

1237

00:47:03,410 --> 00:47:01,079

figured out how to start modulating you

1238

00:47:05,690 --> 00:47:03,420

have to use it in weapon systems which

1239

00:47:07,910 --> 00:47:05,700

are currently active and they're

1240

00:47:10,190 --> 00:47:07,920

expanding on it you know going forward

1241

00:47:12,470 --> 00:47:10,200

so is there more than one thing going on

1242

00:47:14,450 --> 00:47:12,480

there's a good chance but I don't know

1243

00:47:17,990 --> 00:47:14,460

enough about the crafts and all that

1244

00:47:20,150 --> 00:47:18,000

other stuff and if you go into the

1245

00:47:21,589 --> 00:47:20,160

phenomena itself it can throw it can

1246

00:47:24,410 --> 00:47:21,599

make you think you're seeing something

1247

00:47:27,109 --> 00:47:24,420

you're not it can it can it can mess

1248

00:47:30,290 --> 00:47:27,119

with your memory and and it can modulate

1249

00:47:32,089 --> 00:47:30,300

Radars it can it can you know do all

1250

00:47:34,370 --> 00:47:32,099

kinds of things which we've explained in

1251

00:47:36,109 --> 00:47:34,380

our book that maybe a lot of what people

1252

00:47:38,270 --> 00:47:36,119

seen they thought were craft weren't

1253

00:47:40,730 --> 00:47:38,280

necessarily craft to include what they

1254

00:47:43,069 --> 00:47:40,740

talked about the indentations in the

1255

00:47:44,930 --> 00:47:43,079

ground at rendelson the phenomenon

1256

00:47:47,210 --> 00:47:44,940

plasma can actually create those

1257

00:47:50,210 --> 00:47:47,220

indentations in the ground

1258

00:47:52,910 --> 00:47:50,220

and the thing is is that lights that

1259

00:47:54,650 --> 00:47:52,920

they talk about halt probably and I'm

1260

00:47:56,510 --> 00:47:54,660

just going to barely just throw this out

1261

00:47:59,750 --> 00:47:56,520

because we're going to expand on it down

1262

00:48:01,609 --> 00:47:59,760

the road with all the facts was there's

1263

00:48:04,910 --> 00:48:01,619

a report of satellite being brought down

1264

00:48:06,410 --> 00:48:04,920

during our event that was going on and

1265

00:48:09,109 --> 00:48:06,420

that probably had something to do with

1266

00:48:11,990 --> 00:48:09,119

some lasers and tracking plasmas that

1267

00:48:14,569 --> 00:48:12,000

were either created from the phenomenon

1268

00:48:17,089 --> 00:48:14,579

or we were able to do it and it's I've

1269

00:48:19,550 --> 00:48:17,099

got a Declassified top secret document

1270

00:48:21,890 --> 00:48:19,560

that I've uncovered from the British

1271

00:48:24,170 --> 00:48:21,900

themselves the mod that myths they've

1272

00:48:27,050 --> 00:48:24,180

been working on this back in the 50s or

1273

00:48:28,970 --> 00:48:27,060

even 40s but they they'd expand on this

1274

00:48:30,589 --> 00:48:28,980

with the Americans where that may have

1275

00:48:33,230 --> 00:48:30,599

been involved with possibly bringing

1276

00:48:35,150 --> 00:48:33,240

down that satellite that came down in

1277

00:48:37,790 --> 00:48:35,160

the forest during our event on top of

1278

00:48:39,650 --> 00:48:37,800

everything else that was going on hmm

1279

00:48:41,270 --> 00:48:39,660

that's interesting as well I mean one

1280

00:48:42,770 --> 00:48:41,280

thing that just came to mind then was

1281

00:48:45,770 --> 00:48:42,780

there was a obviously an incident at

1282

00:48:48,290 --> 00:48:45,780

lakenheath bent Waters in 56 and I just

1283

00:48:49,490 --> 00:48:48,300

wonder if that somehow has a similar I'm

1284

00:48:52,130 --> 00:48:49,500

glad you brought that up I'm glad you

1285

00:48:54,470 --> 00:48:52,140

brought that up okay the first time the

1286

00:48:56,750 --> 00:48:54,480

incident 56 happened at belt Waters

1287

00:48:59,390 --> 00:48:56,760

shortly after that they had an incident

1288

00:49:01,069 --> 00:48:59,400

Kirkland Air Force Base it was a few

1289

00:49:04,670 --> 00:49:01,079

months later where they had some stuff

1290

00:49:07,430 --> 00:49:04,680

that went on down there fast forward to

1291

00:49:10,849 --> 00:49:07,440

our event prior to our event in the

1292

00:49:14,210 --> 00:49:10,859

spring of 80 they had a major event at

1293

00:49:15,589 --> 00:49:14,220

um Coyote Canyon at Kirkland and then we

1294

00:49:18,650 --> 00:49:15,599

had our event

1295

00:49:20,990 --> 00:49:18,660

in December so both times there was

1296

00:49:23,809 --> 00:49:21,000

major events that Ben bent Waters there

1297

00:49:25,730 --> 00:49:23,819

was major events down at uh Kirkland Air

1298

00:49:26,690 --> 00:49:25,740

Force Base where does that department of

1299

00:49:28,250 --> 00:49:26,700

energy

1300

00:49:31,130 --> 00:49:28,260

hmm

1301

00:49:32,750 --> 00:49:31,140

how convenient and coincidental

1302

00:49:34,430 --> 00:49:32,760

and that you could just look that up

1303

00:49:36,290 --> 00:49:34,440

people will try to say that's not true

1304

00:49:38,750 --> 00:49:36,300

just look up the bentwater's incident

1305

00:49:43,910 --> 00:49:41,870

the time frame and then look up the fact

1306

00:49:45,710 --> 00:49:43,920

that Coyote Canyon took place and it was

1307

00:49:47,750 --> 00:49:45,720

around a nuclear storage area

1308

00:49:49,490 --> 00:49:47,760

it's got a bunch of stuff went on and

1309

00:49:52,370 --> 00:49:49,500

then down there where DOD works and all

1310

00:49:54,829 --> 00:49:52,380

that stuff goes on and then boom in

1311

00:49:57,410 --> 00:49:54,839

December we had our events so both times

1312

00:49:59,569 --> 00:49:57,420

they were there and I think and this is

1313

00:50:01,370 --> 00:49:59,579

just speculation on mine because I can't

1314

00:50:05,089 --> 00:50:01,380

get a full

1315

00:50:08,630 --> 00:50:05,099

um induction on the the engineer that

1316

00:50:10,550 --> 00:50:08,640

wrote the paper condying but I bet if

1317

00:50:11,870 --> 00:50:10,560

you push the foyer hard enough because I

1318

00:50:13,970 --> 00:50:11,880

can't do foyers with the British

1319

00:50:16,250 --> 00:50:13,980

government anymore they won't let me

1320

00:50:18,290 --> 00:50:16,260

because when I got too close to some of

1321

00:50:19,550 --> 00:50:18,300

the stuff they sanctioned me it's what

1322

00:50:22,190 --> 00:50:19,560

they called and they're not going to

1323

00:50:24,230 --> 00:50:22,200

answer my questions anymore but I think

1324

00:50:26,030 --> 00:50:24,240

the guy that wrote the paper could have

1325

00:50:29,030 --> 00:50:26,040

been one of the pilots was involved in

1326

00:50:31,250 --> 00:50:29,040

the 1956 incident because he was a pilot

1327

00:50:33,109 --> 00:50:31,260

in the RAF during that time he was a

1328

00:50:35,150 --> 00:50:33,119

Navy pilot it was Dr Ron Hadley that

1329

00:50:36,890 --> 00:50:35,160

wrote condyn right but he may have been

1330

00:50:39,170 --> 00:50:36,900

one of the pilots that was involved in

1331

00:50:40,790 --> 00:50:39,180

the 56 incident I'm just trying to think

1332

00:50:42,230 --> 00:50:40,800

because I spoke to Dr Clark who

1333

00:50:44,690 --> 00:50:42,240

interviewed some of the pilots from the

1334

00:50:46,609 --> 00:50:44,700

56 incident and the names never came

1335

00:50:49,670 --> 00:50:46,619

never came together they never there was

1336

00:50:51,109 --> 00:50:49,680

no correlation there but I think Hado

1337

00:50:52,790 --> 00:50:51,119

was in the Navy and that was the air

1338

00:50:55,210 --> 00:50:52,800

force that was based that was involved

1339

00:50:58,190 --> 00:50:55,220

with the 56 case

1340

00:51:00,950 --> 00:50:58,200

well I just wondered because of some of

1341

00:51:02,510 --> 00:51:00,960

the comments in the condom report and

1342

00:51:05,150 --> 00:51:02,520

stuff different things I just wondered

1343

00:51:06,710 --> 00:51:05,160

if he may have not or at the least he

1344

00:51:08,809 --> 00:51:06,720

interviewed and talked to those Pilots

1345

00:51:10,670 --> 00:51:08,819

sure yeah you know because he was a

1346

00:51:12,890 --> 00:51:10,680

pilot before he was in or maybe he was

1347

00:51:15,890 --> 00:51:12,900

an engineer at the same time but he was

1348

00:51:17,930 --> 00:51:15,900

definitely a pilot in the RAF so

1349

00:51:19,490 --> 00:51:17,940

absolutely now listen John I want to get

1350

00:51:21,770 --> 00:51:19,500

on to some viewer questions and that

1351

00:51:23,089 --> 00:51:21,780

before but just before that is there

1352

00:51:25,430 --> 00:51:23,099

anything that you feel like I may have

1353

00:51:26,990 --> 00:51:25,440

missed on that's important well have you

1354

00:51:29,089 --> 00:51:27,000

covered your list have you covered

1355

00:51:29,870 --> 00:51:29,099

yourself yeah but I jumped around so I

1356

00:51:31,309 --> 00:51:29,880

could could have missed something

1357

00:51:33,349 --> 00:51:31,319

because I mean there's like something

1358

00:51:35,930 --> 00:51:33,359

I'll think of later but let's take some

1359

00:51:37,309 --> 00:51:35,940

questions Maybe yeah yeah I mean one

1360

00:51:38,870 --> 00:51:37,319

thing that a lot of people have been

1361

00:51:40,970 --> 00:51:38,880

asking me about is your views on Jim

1362

00:51:42,470 --> 00:51:40,980

peniston's binary codes part of the

1363

00:51:43,910 --> 00:51:42,480

story and

1364

00:51:45,890 --> 00:51:43,920

you know if you're happy to talk about

1365

00:51:48,950 --> 00:51:45,900

that I'd love to hear about what I'll

1366

00:51:52,849 --> 00:51:48,960

keep I'll keep it brief okay okay um

1367

00:51:56,210 --> 00:51:52,859

I work with peniston um I I met him back

1368

00:51:58,010 --> 00:51:56,220

in the early 90s we did a a documentary

1369

00:52:00,770 --> 00:51:58,020

from England called strange but true

1370

00:52:03,109 --> 00:52:00,780

okay when we did that there was no

1371

00:52:05,270 --> 00:52:03,119

notebook at all no mention of a notebook

1372

00:52:07,309 --> 00:52:05,280

no nothing now he tried to come back

1373

00:52:08,870 --> 00:52:07,319

when they brought that up and say well I

1374

00:52:11,089 --> 00:52:08,880

had it but they didn't want to look at

1375

00:52:12,349 --> 00:52:11,099

it back then I said wait a minute I was

1376

00:52:14,030 --> 00:52:12,359

there for all the production meetings

1377

00:52:15,589 --> 00:52:14,040

you never brought up the notebook you

1378

00:52:17,089 --> 00:52:15,599

never brought it up to them nor did you

1379

00:52:19,130 --> 00:52:17,099

bring it up to halter eye because we all

1380

00:52:20,870 --> 00:52:19,140

had breakfast together lunch everything

1381

00:52:23,030 --> 00:52:20,880

all the time because we were filming the

1382

00:52:24,770 --> 00:52:23,040

whole time we were over there so no

1383

00:52:25,790 --> 00:52:24,780

mention at all and I was already out of

1384

00:52:28,190 --> 00:52:25,800

the military

1385

00:52:29,270 --> 00:52:28,200

so is excuse me forwards you didn't talk

1386

00:52:32,329 --> 00:52:29,280

about it because he was in the military

1387

00:52:33,890 --> 00:52:32,339

it was he was he was retired he talked

1388

00:52:35,990 --> 00:52:33,900

about the incident never brought the

1389

00:52:38,210 --> 00:52:36,000

notebook up first time I found out about

1390

00:52:40,670 --> 00:52:38,220

the notebook was the 20-year anniversary

1391

00:52:43,250 --> 00:52:40,680

when he did that documentary with Brian

1392

00:52:45,290 --> 00:52:43,260

Gumbel I forget what it was called but

1393

00:52:47,030 --> 00:52:45,300

they did it him and Hall did a document

1394

00:52:49,069 --> 00:52:47,040

it was a 20-year anniversary document

1395

00:52:50,930 --> 00:52:49,079

that him and holler involved

1396

00:52:53,390 --> 00:52:50,940

he introduced The Notebook but the

1397

00:52:55,190 --> 00:52:53,400

notebook had the wrong date in it so in

1398

00:52:57,109 --> 00:52:55,200

other words the 90s said it happened it

1399

00:52:59,569 --> 00:52:57,119

said the 26th

1400

00:53:00,890 --> 00:52:59,579

you know I wrote 27th I think was the

1401

00:53:03,349 --> 00:53:00,900

eighth I'd have to go back and look at

1402

00:53:05,870 --> 00:53:03,359

the pages now it wasn't the 26th it was

1403

00:53:07,910 --> 00:53:05,880

the 27 28 which was highlighted by some

1404

00:53:09,530 --> 00:53:07,920

Skeptics so well why would you have the

1405

00:53:12,650 --> 00:53:09,540

wrong date in when statements and

1406

00:53:14,450 --> 00:53:12,660

British logs was the 26. well one of the

1407

00:53:16,370 --> 00:53:14,460

speculations was he just wrote The

1408

00:53:19,549 --> 00:53:16,380

Notebook later because he took it off

1409

00:53:22,069 --> 00:53:19,559

the whole Hall the hall memo which had I

1410

00:53:25,069 --> 00:53:22,079

believe the 27th in it so that was the

1411

00:53:27,109 --> 00:53:25,079

first time I saw the the notebook and

1412

00:53:30,049 --> 00:53:27,119

nor did I ever see him walk around it or

1413

00:53:32,630 --> 00:53:30,059

anything else he tried to take cabinsek

1414

00:53:35,089 --> 00:53:32,640

out of the story but later like a year

1415

00:53:36,650 --> 00:53:35,099

ago maybe less he didn't do Jimmy church

1416

00:53:38,630 --> 00:53:36,660

and church kind of caught him off guard

1417

00:53:41,030 --> 00:53:38,640

he said so when you got to the berm and

1418

00:53:42,470 --> 00:53:41,040

you came over what did you guys do and

1419

00:53:44,870 --> 00:53:42,480

he identified both Ed and I being

1420

00:53:46,549 --> 00:53:44,880

together with him when we came up on it

1421

00:53:49,130 --> 00:53:46,559

before he'd always said Ed wasn't even

1422

00:53:51,710 --> 00:53:49,140

there so he slipped up with a question

1423

00:53:53,390 --> 00:53:51,720

so the three of us were together The

1424

00:53:55,609 --> 00:53:53,400

Notebook shows up at 20-year Mark with

1425

00:53:57,530 --> 00:53:55,619

the glyphs who later some people did

1426

00:53:59,630 --> 00:53:57,540

some research and found a glisson some

1427

00:54:01,309 --> 00:53:59,640

equipment that the German company sells

1428

00:54:04,790 --> 00:54:01,319

that does underground detection work

1429

00:54:08,210 --> 00:54:04,800

okay now nothing about the binary or

1430

00:54:10,670 --> 00:54:08,220

anything else until the was it the 30th

1431

00:54:12,290 --> 00:54:10,680

Anniversary or the 2010 so that would

1432

00:54:15,170 --> 00:54:12,300

have been what a

1433

00:54:17,390 --> 00:54:15,180

30th Anniversary yeah that all Pops in

1434

00:54:19,609 --> 00:54:17,400

when we're in Phoenix filming for

1435

00:54:22,670 --> 00:54:19,619

Ancient Aliens which by the way was

1436

00:54:24,470 --> 00:54:22,680

penithius which fit perfectly in it he

1437

00:54:26,210 --> 00:54:24,480

claims that he didn't really want it out

1438

00:54:27,890 --> 00:54:26,220

but why did he because everybody had

1439

00:54:29,930 --> 00:54:27,900

handled the notebook prior to this which

1440

00:54:32,030 --> 00:54:29,940

I never had said they've looked at a

1441

00:54:33,950 --> 00:54:32,040

notebook and never saw binary in it was

1442

00:54:36,950 --> 00:54:33,960

excuses well I'd always kept it out

1443

00:54:39,950 --> 00:54:36,960

right well okay so fair enough but why

1444

00:54:42,049 --> 00:54:39,960

did he put it in for Ancient Aliens okay

1445

00:54:43,549 --> 00:54:42,059

why did he put it in there knowing we

1446

00:54:45,530 --> 00:54:43,559

were going to handle the notebook and

1447

00:54:46,970 --> 00:54:45,540

look at it when every other time he

1448

00:54:49,069 --> 00:54:46,980

didn't want people to see it including

1449

00:54:50,750 --> 00:54:49,079

James Fox who he did a bunch of work

1450

00:54:52,069 --> 00:54:50,760

with and they actually studied the

1451

00:54:54,829 --> 00:54:52,079

glyphs right

1452

00:54:56,930 --> 00:54:54,839

so then bam all of a sudden they see the

1453

00:54:58,849 --> 00:54:56,940

binary and then they want to talk about

1454

00:55:01,309 --> 00:54:58,859

it well he claims that he didn't want to

1455

00:55:03,650 --> 00:55:01,319

and that he didn't right away well no if

1456

00:55:05,089 --> 00:55:03,660

you look at the hour piece they did he

1457

00:55:07,069 --> 00:55:05,099

immediately went back in and talked

1458

00:55:09,049 --> 00:55:07,079

about it openly on his own record no one

1459

00:55:12,170 --> 00:55:09,059

forced him so he talked about all this

1460

00:55:14,210 --> 00:55:12,180

he gave them some of the pages but he

1461

00:55:16,490 --> 00:55:14,220

never could get the pages straight at

1462

00:55:18,710 --> 00:55:16,500

first whether it was 12 15 16 or

1463

00:55:21,770 --> 00:55:18,720

whatever so they looked at some of the

1464

00:55:24,290 --> 00:55:21,780

pages they identified an area off of the

1465

00:55:26,210 --> 00:55:24,300

coast of Ireland and but that was only

1466

00:55:29,329 --> 00:55:26,220

because they put the decimal point in a

1467

00:55:32,390 --> 00:55:29,339

certain place oh that's like starts to

1468

00:55:34,130 --> 00:55:32,400

get strange then he turns around and

1469

00:55:35,809 --> 00:55:34,140

they did some more research on it so

1470

00:55:38,450 --> 00:55:35,819

people did and they found out these all

1471

00:55:41,030 --> 00:55:38,460

these codes were all on an ancient site

1472

00:55:43,809 --> 00:55:41,040

that was available three years before he

1473

00:55:47,049 --> 00:55:43,819

introduced the codes in the first place

1474

00:55:50,690 --> 00:55:47,059

so there is a quite a bit of controversy

1475

00:55:52,790 --> 00:55:50,700

behind the codes this is all factual I'm

1476

00:55:55,250 --> 00:55:52,800

not making it up their excuse was the

1477

00:55:57,589 --> 00:55:55,260

site had been hacked

1478

00:56:00,349 --> 00:55:57,599

um to modify it to make him look bad

1479

00:56:01,490 --> 00:56:00,359

will produce the evidence then do you

1480

00:56:04,010 --> 00:56:01,500

know what I mean it's just like he's

1481

00:56:06,650 --> 00:56:04,020

gone on now and says you can't draw a

1482

00:56:08,390 --> 00:56:06,660

pension Air Force pension and VA

1483

00:56:11,569 --> 00:56:08,400

disability it's double dipping you can't

1484

00:56:13,609 --> 00:56:11,579

you can't draw both I'm doing both he's

1485

00:56:16,670 --> 00:56:13,619

doing both because he openly said in the

1486

00:56:18,710 --> 00:56:16,680

hearing that he did with when we did

1487

00:56:21,650 --> 00:56:18,720

with Bassett he said he was drawing VA

1488

00:56:23,569 --> 00:56:21,660

disability so you can but then he wants

1489

00:56:25,190 --> 00:56:23,579

to apply to people like Adrian Stenson

1490

00:56:27,410 --> 00:56:25,200

which oh that was the one thing I didn't

1491

00:56:30,470 --> 00:56:27,420

talk to you about Adrian's getting 100

1492

00:56:32,750 --> 00:56:30,480

or 95 or whatever compensation for

1493

00:56:34,609 --> 00:56:32,760

injuries at Randall's from also I was

1494

00:56:36,589 --> 00:56:34,619

able to help him with documentation get

1495

00:56:38,569 --> 00:56:36,599

the conversation he was the one who had

1496

00:56:41,390 --> 00:56:38,579

a close interaction which people say

1497

00:56:43,549 --> 00:56:41,400

well wait a minute why did penicillin

1498

00:56:45,650 --> 00:56:43,559

not get injured like YouTube well in the

1499

00:56:49,130 --> 00:56:45,660

hearings he said he had art issues

1500

00:56:51,530 --> 00:56:49,140

okay but Adrian and I were clearly had

1501

00:56:54,349 --> 00:56:51,540

issues from this when we got close to

1502

00:56:56,329 --> 00:56:54,359

whatever it was and if he wants to now

1503

00:56:59,270 --> 00:56:56,339

say he didn't have any injuries from it

1504

00:57:00,829 --> 00:56:59,280

why did he get it if we did in the VA

1505

00:57:02,930 --> 00:57:00,839

recognized it and so does the government

1506

00:57:05,690 --> 00:57:02,940

and yet he claims he touched it and

1507

00:57:07,190 --> 00:57:05,700

walked around it so leave it for

1508

00:57:09,290 --> 00:57:07,200

yourself folks whatever you want to

1509

00:57:11,630 --> 00:57:09,300

believe but if you really want to do

1510

00:57:13,130 --> 00:57:11,640

some digging there's a lot all that I

1511

00:57:15,530 --> 00:57:13,140

just talked about is out there for

1512

00:57:17,450 --> 00:57:15,540

public consumption yeah now I appreciate

1513

00:57:18,650 --> 00:57:17,460

you talking about that because yeah I

1514

00:57:21,710 --> 00:57:18,660

probably would have got crucified for

1515

00:57:24,410 --> 00:57:21,720

not to be honest with you I don't

1516

00:57:26,870 --> 00:57:24,420

believe here's how I feel about it

1517

00:57:28,370 --> 00:57:26,880

because he did do a hypnosis at one

1518

00:57:30,170 --> 00:57:28,380

point and he did kind of come under

1519

00:57:32,510 --> 00:57:30,180

hypnosis talk a little bit about some of

1520

00:57:34,790 --> 00:57:32,520

that so I'm not saying something didn't

1521

00:57:37,790 --> 00:57:34,800

happen to him and some people speculated

1522

00:57:39,770 --> 00:57:37,800

the government planted it in them or or

1523

00:57:42,230 --> 00:57:39,780

maybe he had felt something and then he

1524

00:57:44,630 --> 00:57:42,240

just tried to take advantage of it by

1525

00:57:46,910 --> 00:57:44,640

the making the notebook because he did

1526  
00:57:48,890 --> 00:57:46,920  
get compensated each time they used the

1527  
00:57:50,990 --> 00:57:48,900  
notebook in these documentaries but all

1528  
00:57:52,490 --> 00:57:51,000  
I'm getting at is it's not cut and dry

1529  
00:57:54,950 --> 00:57:52,500  
how's that I don't want to leave it at

1530  
00:57:57,290 --> 00:57:54,960  
that do some research before you accept

1531  
00:58:00,109 --> 00:57:57,300  
everything that you've been told yeah

1532  
00:58:01,670 --> 00:58:00,119  
that's always a good rule absolutely

1533  
00:58:04,250 --> 00:58:01,680  
um I got a question here from Richard he

1534  
00:58:07,190 --> 00:58:04,260  
says Sedona has apparently been a UFO

1535  
00:58:09,049 --> 00:58:07,200  
hotspot for decades and Jim peniston's

1536  
00:58:11,870 --> 00:58:09,059  
alleged binary code message contains

1537  
00:58:14,270 --> 00:58:11,880  
location coordinates for Sedona plus

1538  
00:58:15,650 --> 00:58:14,280

you've even lived there yourself John do

1539

00:58:18,170 --> 00:58:15,660

you think or know if there is something

1540

00:58:20,089 --> 00:58:18,180

special about Sedona Linda Martin Howe

1541

00:58:22,490 --> 00:58:20,099

Linda Martin said that she was contacted

1542

00:58:24,710 --> 00:58:22,500

in the early 80s by an engineer from

1543

00:58:26,510 --> 00:58:24,720

Martin Marietta who claims that he was

1544

00:58:29,870 --> 00:58:26,520

involved in constructing a windowless

1545

00:58:31,790 --> 00:58:29,880

building around a device in Sedona that

1546

00:58:33,290 --> 00:58:31,800

was there to prevent magnetic fields

1547

00:58:36,049 --> 00:58:33,300

from collapsing

1548

00:58:37,970 --> 00:58:36,059

okay well let's let's leave the Linda

1549

00:58:39,410 --> 00:58:37,980

part out and when I'm saying that I

1550

00:58:41,930 --> 00:58:39,420

that's the first I've heard of that but

1551  
00:58:44,210 --> 00:58:41,940  
whatever okay well about that part I've

1552  
00:58:47,150 --> 00:58:44,220  
never heard about that there is there is

1553  
00:58:49,849 --> 00:58:47,160  
or was a facility up in Sedona and I'll

1554  
00:58:52,430 --> 00:58:49,859  
tell you why there was a facility out in

1555  
00:58:55,730 --> 00:58:52,440  
the desert right outside of town called

1556  
00:58:59,750 --> 00:58:55,740  
Maricopa and they identified it as a

1557  
00:59:01,609 --> 00:58:59,760  
NORAD site okay but it was there and the

1558  
00:59:05,329 --> 00:59:01,619  
cover story for was it involved the

1559  
00:59:07,309 --> 00:59:05,339  
shuttle but it stayed active many years

1560  
00:59:09,890 --> 00:59:07,319  
afterwards when the shuttle program sat

1561  
00:59:11,569 --> 00:59:09,900  
down okay I know about this because I

1562  
00:59:13,490 --> 00:59:11,579  
lived in Maricopa and I drove by it all

1563  
00:59:15,230 --> 00:59:13,500

the time it had microwave antennas

1564

00:59:16,970 --> 00:59:15,240

behind it you could see it on the

1565

00:59:20,329 --> 00:59:16,980

satellite if you look at the satellite

1566

00:59:22,789 --> 00:59:20,339

of it but when I was at Williams they

1567

00:59:24,890 --> 00:59:22,799

had the site security manager was

1568

00:59:27,230 --> 00:59:24,900

responsible for that facility so it was

1569

00:59:32,450 --> 00:59:27,240

under the Air Force when I was at Luke

1570

00:59:33,069 --> 00:59:32,460

the Sedona facility was under Luke's

1571

00:59:36,770 --> 00:59:33,079

um

1572

00:59:38,390 --> 00:59:36,780

her view for security up there so there

1573

00:59:40,730 --> 00:59:38,400

was a facility somewhere up in the

1574

00:59:42,589 --> 00:59:40,740

Sedona out in the forest area and when

1575

00:59:45,109 --> 00:59:42,599

Williams closed Luke took over the

1576

00:59:47,390 --> 00:59:45,119

Maricopa site exactly what they were

1577

00:59:49,849 --> 00:59:47,400

doing I don't know other than I did find

1578

00:59:52,010 --> 00:59:49,859

a link one time that said both the mer

1579

00:59:55,430 --> 00:59:52,020

the Maricopa site and the Sedona site

1580

00:59:57,530 --> 00:59:55,440

were tied into microwave that monitored

1581

01:00:00,289 --> 00:59:57,540

the low frequencies of the Earth

1582

01:00:02,030 --> 01:00:00,299

right that was they identified those two

1583

01:00:03,950 --> 01:00:02,040

sites plus a bunch of other sites around

1584

01:00:06,530 --> 01:00:03,960

the world does that have anything to do

1585

01:00:08,870 --> 01:00:06,540

with UFOs and stuff I don't know but

1586

01:00:10,730 --> 01:00:08,880

they were real and they were being

1587

01:00:13,069 --> 01:00:10,740

utilized and the Air Force was involved

1588

01:00:15,530 --> 01:00:13,079

in the security Outlet okay now I lived

1589

01:00:16,670 --> 01:00:15,540

there for two years Bradshaw Ranch I

1590

01:00:18,109 --> 01:00:16,680

don't know if you've heard of that but

1591

01:00:20,089 --> 01:00:18,119

it's like still Walker the government

1592

01:00:22,730 --> 01:00:20,099

took it over the whole thing

1593

01:00:25,069 --> 01:00:22,740

I had a weird strange encounter on more

1594

01:00:26,750 --> 01:00:25,079

than one occasion when I went out there

1595

01:00:28,789 --> 01:00:26,760

two or three different times I think it

1596

01:00:31,490 --> 01:00:28,799

was three where I went out there with

1597

01:00:36,170 --> 01:00:31,500

some people where we actually one night

1598

01:00:38,569 --> 01:00:36,180

we had the EMA meter Peg we had uh the

1599

01:00:40,430 --> 01:00:38,579

again like 10 degrees colder and we had

1600

01:00:41,450 --> 01:00:40,440

weird lights in the sky all over the

1601  
01:00:44,150 --> 01:00:41,460

place

1602  
01:00:46,190 --> 01:00:44,160

and then a couple other times we had

1603  
01:00:47,990 --> 01:00:46,200

some stuff I can't think of the name of

1604  
01:00:50,030 --> 01:00:48,000

the town it's above Cottonwood you cut

1605  
01:00:51,289 --> 01:00:50,040

between Cottonwood and Prescott there's

1606  
01:00:53,450 --> 01:00:51,299

a mountain up there I can't remember

1607  
01:00:55,910 --> 01:00:53,460

what it's called and from that side of

1608  
01:00:57,829 --> 01:00:55,920

Bradshaw we could see stuff flying

1609  
01:00:59,450 --> 01:00:57,839

around in the sky up there where people

1610  
01:01:02,750 --> 01:00:59,460

had seen stuff before

1611  
01:01:04,430 --> 01:01:02,760

so personally I could tell you there's

1612  
01:01:08,030 --> 01:01:04,440

all kinds of forklow there there's a

1613  
01:01:09,530 --> 01:01:08,040

there's a parcel portal you there's also

1614

01:01:12,589 --> 01:01:09,540

something else that's interesting which

1615

01:01:15,589 --> 01:01:12,599

most people aren't aware of Buddha put a

1616

01:01:18,230 --> 01:01:15,599

Time trap they're only they have a site

1617

01:01:20,089 --> 01:01:18,240

there that's dedicated to time travel

1618

01:01:22,609 --> 01:01:20,099

and it's right there in Sedona on the

1619

01:01:25,250 --> 01:01:22,619

west side of town and they have these

1620

01:01:27,770 --> 01:01:25,260

different I can't remember it's a stupa

1621

01:01:29,750 --> 01:01:27,780

they have a stupa that's dedicated to

1622

01:01:30,890 --> 01:01:29,760

time travel right out there by bratzal

1623

01:01:33,530 --> 01:01:30,900

Rams

1624

01:01:34,970 --> 01:01:33,540

hmm that's active and they actually have

1625

01:01:35,990 --> 01:01:34,980

a medicine wheel they built out there

1626

01:01:39,589 --> 01:01:36,000

too

1627

01:01:41,450 --> 01:01:39,599

so is Sedona weird yes is this nice

1628

01:01:43,730 --> 01:01:41,460

things that I've seen there yes have

1629

01:01:46,069 --> 01:01:43,740

other people said seen things there yes

1630

01:01:48,109 --> 01:01:46,079

what exactly is it I don't know are

1631

01:01:50,750 --> 01:01:48,119

there were there at least there was at

1632

01:01:52,910 --> 01:01:50,760

one point facility out there yes was it

1633

01:01:55,069 --> 01:01:52,920

what Linda Moulton Howe that Guy brought

1634

01:01:56,630 --> 01:01:55,079

up I don't know that part I really don't

1635

01:01:58,069 --> 01:01:56,640

know I've never heard that before that

1636

01:02:00,470 --> 01:01:58,079

was one that kind of caught me off guard

1637

01:02:02,630 --> 01:02:00,480

so no no I appreciate your answer that

1638

01:02:04,970 --> 01:02:02,640

was the first time I'd heard that as

1639

01:02:07,549 --> 01:02:04,980

well if you want to get a weird

1640

01:02:09,049 --> 01:02:07,559

experience go to Sedona yeah you're

1641

01:02:11,150 --> 01:02:09,059

probably going to see something strange

1642

01:02:13,010 --> 01:02:11,160

you know if you if you go out there by

1643

01:02:15,470 --> 01:02:13,020

the Bradshaw Ranch area there's an area

1644

01:02:17,150 --> 01:02:15,480

out there that's very bizarre I can't

1645

01:02:19,190 --> 01:02:17,160

deny that so

1646

01:02:21,589 --> 01:02:19,200

excellent I'll keep that in mind if I'm

1647

01:02:23,150 --> 01:02:21,599

ever out that way but listen John we've

1648

01:02:24,349 --> 01:02:23,160

just hit over the hour mark before I go

1649

01:02:26,750 --> 01:02:24,359

I just want to give a couple of thank

1650

01:02:28,849 --> 01:02:26,760

yous uh this one here actually John if

1651

01:02:31,069 --> 01:02:28,859

you wouldn't mind Davey says can you

1652

01:02:33,770 --> 01:02:31,079

give my daughter Rudy a shout out she is

1653

01:02:36,950 --> 01:02:33,780

reading everything she can on rendersham

1654

01:02:38,510 --> 01:02:36,960

so I have to say hey Rudy thanks make

1655

01:02:40,789 --> 01:02:38,520

sure you read the weaponization book

1656

01:02:42,589 --> 01:02:40,799

there's a lot of stuff in there that'll

1657

01:02:43,970 --> 01:02:42,599

open your eyes to what we were dealing

1658

01:02:46,430 --> 01:02:43,980

with

1659

01:02:49,069 --> 01:02:46,440

there you go shout out Davey good friend

1660

01:02:52,190 --> 01:02:49,079

of mine and uh yeah you got a good

1661

01:02:53,809 --> 01:02:52,200

daughter there and finally Jimmy says

1662

01:02:55,910 --> 01:02:53,819

thanks Vinnie one day I'll have a

1663

01:02:57,650 --> 01:02:55,920

question well Jimmy that's okay I'll

1664

01:03:00,530 --> 01:02:57,660

always be here when you're ready thank

1665

01:03:03,289 --> 01:03:00,540

you for the five dollar donation

1666

01:03:05,690 --> 01:03:03,299

all right then there we go guys thank

1667

01:03:08,270 --> 01:03:05,700

you so much John that was a a brilliant

1668

01:03:10,430 --> 01:03:08,280

interview and uh yeah I can't thank you

1669

01:03:12,289 --> 01:03:10,440

enough so yeah oh and one last thing is

1670

01:03:14,390 --> 01:03:12,299

there more to chat with randlesome I can

1671

01:03:15,710 --> 01:03:14,400

almost guarantee you there'll be more

1672

01:03:18,349 --> 01:03:15,720

things coming out

1673

01:03:20,450 --> 01:03:18,359

um in fact we're going to expand on the

1674

01:03:22,549 --> 01:03:20,460

satellite stuff next year more stuff

1675

01:03:24,890 --> 01:03:22,559

that we've uncovered and and are working

1676  
01:03:27,289 --> 01:03:24,900  
on then and police thought one thing

1677  
01:03:28,210 --> 01:03:27,299  
folks don't just because people may

1678  
01:03:30,829 --> 01:03:28,220  
start

1679  
01:03:33,470 --> 01:03:30,839  
supporting the the weapon technology

1680  
01:03:35,210 --> 01:03:33,480  
that was being worked on out there and

1681  
01:03:36,950 --> 01:03:35,220  
the satellite could have been brought

1682  
01:03:38,809 --> 01:03:36,960  
down which we're going to try to go into

1683  
01:03:41,210 --> 01:03:38,819  
deeper there's still something else out

1684  
01:03:42,950 --> 01:03:41,220  
there too yeah and if you unfortunately

1685  
01:03:45,230 --> 01:03:42,960  
Andrew Pike's book got pulled and it's

1686  
01:03:47,210 --> 01:03:45,240  
hard to find but he laid out a lot of

1687  
01:03:49,789 --> 01:03:47,220  
stuff they were studying out there that

1688  
01:03:52,130 --> 01:03:49,799

ties into this and there's a lot more to

1689

01:03:54,289 --> 01:03:52,140

it than just a a satellite that could

1690

01:03:56,150 --> 01:03:54,299

have been brought down you know and

1691

01:03:58,549 --> 01:03:56,160

everything else in weapon technology

1692

01:04:00,650 --> 01:03:58,559

being worked on there is a phenomenon

1693

01:04:03,049 --> 01:04:00,660

out there and people stood this day

1694

01:04:04,910 --> 01:04:03,059

still see strange things floating around

1695

01:04:07,490 --> 01:04:04,920

in the forest out there

1696

01:04:09,589 --> 01:04:07,500

wonderful thank you so much and listen

1697

01:04:10,789 --> 01:04:09,599

everyone thank you and everyone watching

1698

01:04:12,589 --> 01:04:10,799

thank you so much for the great

1699

01:04:14,990 --> 01:04:12,599

questions keeping the chat core deal

1700

01:04:16,490 --> 01:04:15,000

I'll be back next week for now guys take
