TEAM**

1
00:00:13,970 --> 00:00:10,870

[Music]

2
00:00:16,849 --> 00:00:13,980

they were complex narratives of being

3
00:00:20,950 --> 00:00:16,859

taken by alien beings into UFOs on beams

4
00:00:30,650 --> 00:00:23,870

the Air Force is trying to cover up with

5
00:00:36,410 --> 00:00:33,950

yeah from my own point of view I'm going

6
00:00:38,270 --> 00:00:36,420

to be very disappointed if UFOs turn out

7
00:00:39,590 --> 00:00:38,280

to be nothing more than visitors from

8
00:00:45,530 --> 00:00:39,600

another planet because I think there

9
00:00:51,020 --> 00:00:47,270

I'm not telling you the United States

10
00:01:09,050 --> 00:01:05,450

[Music]

11
00:01:12,109 --> 00:01:09,060

hey guys how's it going Happy New Year

12
00:01:14,570 --> 00:01:12,119

to you all and welcome back to the first

13
00:01:17,810 --> 00:01:14,580

show of 2023 here on the disclosure team

14

00:01:20,090 --> 00:01:17,820

Channel now this is my first show back

15

00:01:21,530 --> 00:01:20,100

in the new year but it's also my first

16

00:01:24,830 --> 00:01:21,540

ever

17

00:01:25,910 --> 00:01:24,840

Solo YouTube show I have no interview I

18

00:01:28,550 --> 00:01:25,920

have no

19

00:01:31,910 --> 00:01:28,560

guest to interview I might have a guest

20

00:01:33,109 --> 00:01:31,920

jumping in at some point but um I don't

21

00:01:35,929 --> 00:01:33,119

know how this is going to go I don't

22

00:01:38,270 --> 00:01:35,939

know how long it's gonna go but I wanted

23

00:01:40,130 --> 00:01:38,280

to do like a more chilled show for the

24

00:01:42,109 --> 00:01:40,140

start of the year just talk about some

25

00:01:43,730 --> 00:01:42,119

of the stuff that we got up to in 2022

26

00:01:47,690 --> 00:01:43,740

but then really focus on what's coming

27

00:01:50,810 --> 00:01:47,700

up in 2023 more for myself disclosure

28

00:01:53,210 --> 00:01:50,820

team a little bit UAP media UK and and

29

00:01:55,670 --> 00:01:53,220

other things like that so

30

00:01:58,670 --> 00:01:55,680

along with all of that I wanted to kind

31

00:02:01,130 --> 00:01:58,680

of open up the the questions so if any

32

00:02:02,149 --> 00:02:01,140

of you guys want to ask me anything at

33

00:02:04,069 --> 00:02:02,159

all

34

00:02:06,649 --> 00:02:04,079

as long as it's pretty much UFO related

35

00:02:08,930 --> 00:02:06,659

then pop your questions in the comments

36

00:02:11,210 --> 00:02:08,940

in capital letters and then I can see

37

00:02:12,949 --> 00:02:11,220

them but uh this is probably going to be

38

00:02:15,050 --> 00:02:12,959

a little bit more interactive with the

39

00:02:16,910 --> 00:02:15,060

chat than any of my previous shows that

40

00:02:19,850 --> 00:02:16,920

I've done before because you know I had

41

00:02:22,729 --> 00:02:19,860

to focus on the guests the interviews so

42

00:02:26,030 --> 00:02:22,739

before we get into anything let's jump

43

00:02:28,550 --> 00:02:26,040

into the live chat so the first comment

44

00:02:30,710 --> 00:02:28,560

I had before we went live was from

45

00:02:35,210 --> 00:02:30,720

someone who says the UFO bubble Goes Pop

46

00:02:37,610 --> 00:02:35,220

there is no F in uh UAP report well we

47

00:02:39,170 --> 00:02:37,620

haven't got the UAP report yet there is

48

00:02:42,229 --> 00:02:39,180

a UAP report

49

00:02:44,750 --> 00:02:42,239

from what I've heard from the people

50

00:02:47,509 --> 00:02:44,760

I've spoken to up until only a couple of

51
00:02:50,330 --> 00:02:47,519
days ago it's just late and yes it's two

52
00:02:52,910 --> 00:02:50,340
and um plus months late but it'll come

53
00:02:55,369 --> 00:02:52,920
whether it's any good I don't know I

54
00:02:57,110 --> 00:02:55,379
just don't know that but we'll get it so

55
00:02:59,809 --> 00:02:57,120
I'm not worried about the UAP report

56
00:03:02,030 --> 00:02:59,819
whatever we get we get and that's it but

57
00:03:04,369 --> 00:03:02,040
I'm not arresting all of my hopes and

58
00:03:06,589 --> 00:03:04,379
the future of this year on the UAP

59
00:03:09,770 --> 00:03:06,599
report it's just something else that we

60
00:03:11,210 --> 00:03:09,780
can incorporate into going forward so I

61
00:03:12,410 --> 00:03:11,220
don't think the UFO bubble's gone pop

62
00:03:15,229 --> 00:03:12,420
but

63
00:03:18,589 --> 00:03:15,239

hey we're all different

64
00:03:22,130 --> 00:03:18,599
um Anderson 2K thank you so much for I'm

65
00:03:23,509 --> 00:03:22,140
going to bring this up a 22 Norwegian

66
00:03:26,089 --> 00:03:23,519

super sticker thank you so much I really

68
00:03:30,890 --> 00:03:28,260
appreciate that

69
00:03:32,869 --> 00:03:30,900

Instagram live I'm gonna be doing a lot

74
00:03:43,610 --> 00:03:41,040

75
00:03:45,170 --> 00:03:43,620

77

00:03:49,550 --> 00:03:47,700

Dutch UAP disclosure Wilfred Happy New

78

00:03:52,729 --> 00:03:49,560

81

00:03:59,390 --> 00:03:57,180

we've got UAP experiences Steph Steph

82

00:04:02,630 --> 00:03:59,400

how are you always good to see you thank

83

00:04:06,710 --> 00:04:03,649

um

84

00:04:09,229 --> 00:04:06,720

who we got here stargaze uh stargaze

85

00:04:11,929 --> 00:04:09,239

Eternal star yeah Stark

86

00:04:13,009 --> 00:04:11,939

Stargazer Eternal one thank you for

87

00:04:15,170 --> 00:04:13,019

being here and everyone else that's

88

00:04:16,550 --> 00:04:15,180

watching that hasn't commented thank you

89

00:04:19,849 --> 00:04:16,560

so much for being here I really do

90

00:04:22,430 --> 00:04:19,859

appreciate it uh after all like a

91

00:04:23,930 --> 00:04:22,440

hundred and 120 roughly interviews that

92

00:04:24,890 --> 00:04:23,940

I've done over the past kind of year and

93

00:04:26,270 --> 00:04:24,900

a half

94

00:04:27,890 --> 00:04:26,280

I'd say this is probably the most

95

00:04:29,629 --> 00:04:27,900

nerve-racking show that I've done you

96

00:04:31,310 --> 00:04:29,639

know I don't know what to do because I

97

00:04:34,010 --> 00:04:31,320

can't just like ask a question and sit

98

00:04:36,710 --> 00:04:34,020

back and wait for a response and you

99

00:04:37,790 --> 00:04:36,720

know counter that with more questions so

100

00:04:39,830 --> 00:04:37,800

uh

101

00:04:41,450 --> 00:04:39,840

please bear with me

102

00:04:43,010 --> 00:04:41,460

um but what we are going to do is talk

103

00:04:45,830 --> 00:04:43,020

about a few things like I said from last

104

00:04:47,510 --> 00:04:45,840

year this year and go from there and so

105

00:04:49,370 --> 00:04:47,520

I'm gonna do bring up a lot of things on

106

00:04:51,770 --> 00:04:49,380

screen to talk about and I'm going to

107

00:04:54,710 --> 00:04:51,780

bring the first thing up now that I

108

00:05:01,010 --> 00:04:54,720

really want to talk about is our ongoing

109

00:05:05,390 --> 00:05:03,290

um as you can see

110

00:05:07,969 --> 00:05:05,400

here we go you can win a call with Lou

111

00:05:12,710 --> 00:05:07,979

Elizondo and

112

00:05:14,570 --> 00:05:12,720

as well as many many other prizes we

113

00:05:16,490 --> 00:05:14,580

have the skies above map from Dan and

114

00:05:19,010 --> 00:05:16,500

Andy at that UFO podcast we have Ryan

115

00:05:21,350 --> 00:05:19,020

Sprague's book John greenwald's book a

116

00:05:22,850 --> 00:05:21,360

copy of estimate of the situation these

117

00:05:26,210 --> 00:05:22,860

are all signed all the books as well

118

00:05:29,570 --> 00:05:26,220

we've got some artwork by Olaf rockner

119

00:05:32,150 --> 00:05:29,580

and we all remember this uh strange logo

120

00:05:33,890 --> 00:05:32,160

that appeared earlier in 2022 where they

121

00:05:35,450 --> 00:05:33,900

did release some patches and we've

122

00:05:36,590 --> 00:05:35,460

looking we've been lucky enough to get

123

00:05:37,610 --> 00:05:36,600

hold of one that we're going to give

124

00:05:40,430 --> 00:05:37,620

away

125

00:05:41,749 --> 00:05:40,440

we have assigned Bob Lazar sports model

126

00:05:44,629 --> 00:05:41,759

print

127

00:05:47,510 --> 00:05:44,639

we have a a beautiful piece of artwork

128

00:05:49,550 --> 00:05:47,520

of the mountain in Colombia that myself

129

00:05:52,249 --> 00:05:49,560

and Dan and Ashley and the team

130

00:05:53,990 --> 00:05:52,259

investigated earlier in 2022

131

00:05:55,550 --> 00:05:54,000

Lara's just look at that it's just

132

00:05:57,230 --> 00:05:55,560

beautiful if you can look here you can

133

00:05:58,810 --> 00:05:57,240

see this you might not be able to see it

134

00:06:01,129 --> 00:05:58,820

the three little sort of orb lights

135

00:06:05,150 --> 00:06:01,139

we've got a full collection of Graham

136

00:06:08,450 --> 00:06:05,160

rendell's signed UFO books a copy of

137

00:06:12,290 --> 00:06:08,460

goblin Problems by Sean Cahill this

138

00:06:16,370 --> 00:06:12,300

crazy 3D UFO smart lamp by Demon House

139

00:06:18,830 --> 00:06:16,380

designed it's just a serious bit of kit

140

00:06:22,129 --> 00:06:18,840

um we've got a signed first edition copy

141

00:06:24,890 --> 00:06:22,139

of Dr David Clark's Dr David Clark's

142

00:06:26,689 --> 00:06:24,900

book the UFO files

143

00:06:28,909 --> 00:06:26,699

um this one was actually published by

144

00:06:31,730 --> 00:06:28,919

the National Archives themselves

145

00:06:33,290 --> 00:06:31,740

uh set Christmas decorations they are

146

00:06:35,150 --> 00:06:33,300

incredible I've got a set I had a set

147

00:06:36,830 --> 00:06:35,160

last year and they're just amazing the

148

00:06:38,930 --> 00:06:36,840

Christmas cards that we released just

149

00:06:40,850 --> 00:06:38,940

before Christmas so you can win them and

150

00:06:41,990 --> 00:06:40,860

obviously they'd be great for next

151
00:06:44,350 --> 00:06:42,000
Christmas if you want to hand them out

152
00:06:46,610 --> 00:06:44,360
to friends I know the majority of people

153
00:06:48,230 --> 00:06:46,620
kept them and didn't want to hand them

154
00:06:49,909 --> 00:06:48,240
out at all because

155
00:06:52,189 --> 00:06:49,919
every single one is done by a different

156
00:06:53,990 --> 00:06:52,199
artist within the UFO community and my

157
00:06:55,969 --> 00:06:54,000
goodness there are so many talented

158
00:06:58,189 --> 00:06:55,979
talented people

159
00:07:01,309 --> 00:06:58,199
uh in the community we have a signed

160
00:07:03,170 --> 00:07:01,319
copy of the Calvin photograph signed by

161
00:07:05,450 --> 00:07:03,180
Dr David Clark who is kind of the head

162
00:07:07,309 --> 00:07:05,460
of our little team that discovered and

163
00:07:09,950 --> 00:07:07,319

released the photograph

164

00:07:12,830 --> 00:07:09,960

um this print was printed by the

165

00:07:16,129 --> 00:07:12,840

forensic analysis at Sheffield Hallam

166

00:07:20,089 --> 00:07:16,139

University so it's the first ever print

167

00:07:22,129 --> 00:07:20,099

of the Calvin photograph since it was in

168

00:07:24,830 --> 00:07:22,139

new hands so

169

00:07:27,110 --> 00:07:24,840

that's pretty special it was given to me

170

00:07:28,129 --> 00:07:27,120

by Dr David Clark and I I just like this

171

00:07:29,809 --> 00:07:28,139

has got to go into the community

172

00:07:32,629 --> 00:07:29,819

somewhere so

173

00:07:35,270 --> 00:07:32,639

uh we have a signed copy of the book

174

00:07:38,330 --> 00:07:35,280

covers uh from Graham's books done by

175

00:07:40,370 --> 00:07:38,340

Dan zestrom and Olaf rochner and these

176
00:07:42,710 --> 00:07:40,380
are incredible these are like

177
00:07:44,150 --> 00:07:42,720
bigger than no they're probably about as

178
00:07:46,850 --> 00:07:44,160
wide as what you can see my hands now

179
00:07:49,070 --> 00:07:46,860
they are beautiful beautiful prints I've

180
00:07:51,409 --> 00:07:49,080
got a copy of each

181
00:07:54,110 --> 00:07:51,419
um they will look beautiful on a wall we

182
00:07:57,110 --> 00:07:54,120
have this beautiful Eric stit art print

183
00:07:58,790 --> 00:07:57,120
signed by the artist and finally a bunch

184
00:08:01,129 --> 00:07:58,800
of holographic stickers by Dan

185
00:08:03,170 --> 00:08:01,139
zettelstrom himself and what I'm going

186
00:08:04,909 --> 00:08:03,180
to do now is if you want to be in for a

187
00:08:08,570 --> 00:08:04,919
chance of winning one of those we'll

188
00:08:09,730 --> 00:08:08,580

discuss how you can do that so to win

189

00:08:13,070 --> 00:08:09,740

the

190

00:08:15,650 --> 00:08:13,080

private Zoom call with lu Elizondo that

191

00:08:18,830 --> 00:08:15,660

goes to the highest bidder the highest

192

00:08:21,350 --> 00:08:18,840

bid as of the 16th of December so that's

193

00:08:24,050 --> 00:08:21,360

some time ago a few weeks ago

194

00:08:27,050 --> 00:08:24,060

um I'd have to get the updated bid for

195

00:08:28,510 --> 00:08:27,060

that but it was 110 pounds which I think

196

00:08:32,449 --> 00:08:28,520

is about

197

00:08:34,310 --> 00:08:32,459

140 150 dollars to the highest bid and

198

00:08:37,130 --> 00:08:34,320

that's like a 20 minute roughly Zoom

199

00:08:40,130 --> 00:08:37,140

call one-on-one with Luella zondo for

200

00:08:42,649 --> 00:08:40,140

everything else if you look there is an

201
00:08:44,630 --> 00:08:42,659
enter here button there there's an enter

202
00:08:47,150 --> 00:08:44,640
here button there and it will take you

203
00:08:49,009 --> 00:08:47,160
to this page where you can buy your

204
00:08:51,290 --> 00:08:49,019
tickets to enter

205
00:08:53,090 --> 00:08:51,300
now you can enter once for one pound

206
00:08:57,110 --> 00:08:53,100
fifty I think that's about two dollars

207
00:08:59,150 --> 00:08:57,120
uh or you can buy multiples of just by

208
00:09:03,290 --> 00:08:59,160
adding the quantity you can buy 10

209
00:09:05,269 --> 00:09:03,300
tickets 30 60 120 and so on and so forth

210
00:09:07,190 --> 00:09:05,279
um and it's a Shopify

211
00:09:10,090 --> 00:09:07,200
and

212
00:09:12,530 --> 00:09:10,100
payment system so it's completely legit

213
00:09:13,790 --> 00:09:12,540

all and this is the most important bit

214

00:09:15,949 --> 00:09:13,800

that I probably should have said at the

215

00:09:19,130 --> 00:09:15,959

start is that all proceeds will be split

216

00:09:21,350 --> 00:09:19,140

between cash for kids and the Humane

217

00:09:24,170 --> 00:09:21,360

Society International so a hundred

218

00:09:27,290 --> 00:09:24,180

percent of proceeds goes to these two

219

00:09:29,750 --> 00:09:27,300

Charities split completely 50 50. nobody

220

00:09:31,870 --> 00:09:29,760

else sees a penny of it it goes directly

221

00:09:34,490 --> 00:09:31,880

to them so

222

00:09:37,850 --> 00:09:34,500

uh it's an amazing cause you know we did

223

00:09:39,769 --> 00:09:37,860

it last year we raised 24 000 uh We've

224

00:09:41,509 --> 00:09:39,779

not raised as much this year

225

00:09:45,290 --> 00:09:41,519

um I mean cost of living has gone up

226

00:09:46,790 --> 00:09:45,300

ridiculously globally so that every

227

00:09:48,949 --> 00:09:46,800

little helps doesn't it when it comes to

228

00:09:50,570 --> 00:09:48,959

charity so I need to get the updated

229

00:09:54,050 --> 00:09:50,580

figures because it hasn't been updated

230

00:09:57,350 --> 00:09:54,060

since the 16th of December but I wanted

231

00:09:59,630 --> 00:09:57,360

to start off by sharing this charity

232

00:10:01,490 --> 00:09:59,640

fundraiser because the beautiful thing

233

00:10:04,370 --> 00:10:01,500

about being in this community is that we

234

00:10:07,550 --> 00:10:04,380

can use it to do good for

235

00:10:10,370 --> 00:10:07,560

the world and Charities and anybody and

236

00:10:12,050 --> 00:10:10,380

and that's in need really I'm a big

237

00:10:14,210 --> 00:10:12,060

proponent for charity I've done a lot of

238

00:10:17,150 --> 00:10:14,220

charity work this year and

239

00:10:18,710 --> 00:10:17,160

you know it's it's it's for good causes

240

00:10:20,990 --> 00:10:18,720

so what can I say

241

00:10:23,030 --> 00:10:21,000

so yeah

242

00:10:24,710 --> 00:10:23,040

um if anybody has any questions about it

243

00:10:26,150 --> 00:10:24,720

pop it in the live chat even if we've

244

00:10:28,970 --> 00:10:26,160

moved on to something else I'll still

245

00:10:32,090 --> 00:10:28,980

try and cover it uh what is the link for

246

00:10:35,030 --> 00:10:32,100

the Lou call auction so if you go into

247

00:10:40,730 --> 00:10:35,040

the description of this show right now

248

00:10:46,069 --> 00:10:43,910

um and it's the highest donation

249

00:10:48,829 --> 00:10:46,079

so it's a guessing game at the moment on

250

00:10:51,050 --> 00:10:48,839

this it says 110 pounds is the highest

251
00:10:52,610 --> 00:10:51,060
that might have changed I don't do the

252
00:10:54,829 --> 00:10:52,620
updating unfortunately on this site I

253
00:10:57,110 --> 00:10:54,839
think Dan does it and he's in Mexico so

254
00:10:59,930 --> 00:10:57,120
you kind of have to bid you know if it's

255
00:11:02,569 --> 00:10:59,940
110 pounds now you may offer 150 let's

256
00:11:05,329 --> 00:11:02,579
say but the next person might offer 200

257
00:11:07,009 --> 00:11:05,339
I think last year the highest bid was

258
00:11:09,170 --> 00:11:07,019
six thousand

259
00:11:11,329 --> 00:11:09,180
dollars or pounds I can't remember which

260
00:11:12,769 --> 00:11:11,339
now we're not expecting to go that high

261
00:11:14,750 --> 00:11:12,779
this year obviously it'd be great if we

262
00:11:16,850 --> 00:11:14,760
did but it's kind of

263
00:11:19,009 --> 00:11:16,860

however many bids you put in for that

264

00:11:20,930 --> 00:11:19,019

loot call still enters you in with loads

265

00:11:23,449 --> 00:11:20,940

of bids to win one of the other prizes

266

00:11:25,610 --> 00:11:23,459

below so even if you miss out on that

267

00:11:28,190 --> 00:11:25,620

high bid for the Lou thing you still

268

00:11:31,610 --> 00:11:28,200

have way more chances of winning

269

00:11:33,710 --> 00:11:31,620

these prizes as well so thank you so

270

00:11:36,290 --> 00:11:33,720

much Steph has just popped that in there

271

00:11:38,269 --> 00:11:36,300

the chat thank you so much Steph I I

272

00:11:40,850 --> 00:11:38,279

love my moderators

273

00:11:43,250 --> 00:11:40,860

thank you so much

274

00:11:46,430 --> 00:11:43,260

um I do see questions popping up as well

275

00:11:48,710 --> 00:11:46,440

for the uh AMA so I will get to them

276

00:11:50,449 --> 00:11:48,720

probably towards the end of this this

277

00:11:52,610 --> 00:11:50,459

video

278

00:11:54,829 --> 00:11:52,620

um so yeah like I said guys this is

279

00:11:58,430 --> 00:11:54,839

really strange for me I really do

280

00:11:59,630 --> 00:11:58,440

appreciate you guys being here and uh

281

00:12:02,449 --> 00:11:59,640

yeah

282

00:12:05,389 --> 00:12:02,459

so I'm gonna stop sharing my screen

283

00:12:08,569 --> 00:12:05,399

and so I didn't want to spend too much

284

00:12:10,730 --> 00:12:08,579

on 2022 uh but there's a couple of big

285

00:12:13,310 --> 00:12:10,740

things for me which was obviously going

286

00:12:16,069 --> 00:12:13,320

to Colombia and filming for season one

287

00:12:18,110 --> 00:12:16,079

of phenomenology but rather than going

288

00:12:20,090 --> 00:12:18,120

over what we did in season one because

289

00:12:21,889 --> 00:12:20,100

we've done that in previous interviews

290

00:12:23,810 --> 00:12:21,899

and videos on this channel what I'm

291

00:12:25,670 --> 00:12:23,820

going to do is in a little while I'm

292

00:12:27,949 --> 00:12:25,680

gonna talk about what we're going to be

293

00:12:29,810 --> 00:12:27,959

doing a bit more in season two but again

294

00:12:30,889 --> 00:12:29,820

only briefly because again I've covered

295

00:12:34,190 --> 00:12:30,899

that on this channel in my interview

296

00:12:35,990 --> 00:12:34,200

with Ashley Cowie but we are going to

297

00:12:37,550 --> 00:12:36,000

announce some new team members who are

298

00:12:40,670 --> 00:12:37,560

going to be joining us in Colombia this

299

00:12:42,470 --> 00:12:40,680

is the first time that we've

300

00:12:46,370 --> 00:12:42,480

said who they are and it's you know I've

301

00:12:52,610 --> 00:12:48,410

this is all uh

302

00:12:55,129 --> 00:12:52,620

a bit of a new reveal for me as well

303

00:12:56,569 --> 00:12:55,139

um and another huge thing for me last

304

00:12:58,790 --> 00:12:56,579

year was being involved in the release

305

00:13:01,490 --> 00:12:58,800

of the Calvin photograph you know I was

306

00:13:04,129 --> 00:13:01,500

very lucky to be involved with a small

307

00:13:06,769 --> 00:13:04,139

team of four people

308

00:13:08,389 --> 00:13:06,779

with Dr David Clark on the you know the

309

00:13:10,850 --> 00:13:08,399

reveal of that photograph that had been

310

00:13:13,730 --> 00:13:10,860

missing from the public eye for 32 years

311

00:13:16,250 --> 00:13:13,740

now we could argue till the cows come

312

00:13:17,810 --> 00:13:16,260

home about what it shows but I think the

313

00:13:20,150 --> 00:13:17,820

one thing that I was really proud of was

314

00:13:24,050 --> 00:13:20,160

being involved in a team that worked so

315

00:13:26,329 --> 00:13:24,060

hard in their investigations and

316

00:13:28,069 --> 00:13:26,339

the work that it took to get that

317

00:13:30,949 --> 00:13:28,079

photograph and then get it out to the

318

00:13:33,290 --> 00:13:30,959

public so I have to give a huge shout

319

00:13:37,310 --> 00:13:33,300

out to the team as well

320

00:13:39,889 --> 00:13:37,320

um David myself Matthew Ilesley and Gile

321

00:13:41,329 --> 00:13:39,899

Stevens with the core team but then on

322

00:13:44,210 --> 00:13:41,339

the back of that we had all the guys at

323

00:13:46,009 --> 00:13:44,220

UAP media UK who really helped with

324

00:13:48,110 --> 00:13:46,019

everything and supported us all the way

325

00:13:49,150 --> 00:13:48,120

through

326

00:13:51,050 --> 00:13:49,160

um

327

00:13:57,290 --> 00:13:51,060

so

328

00:13:59,090 --> 00:13:57,300

uh moving on

329

00:14:00,410 --> 00:13:59,100

I'm looking at your guys questions and

330

00:14:02,269 --> 00:14:00,420

stuff to see what I should talk about

331

00:14:03,710 --> 00:14:02,279

next I've actually got a Word document

332

00:14:07,670 --> 00:14:03,720

as well

333

00:14:09,530 --> 00:14:07,680

uh the UAP report I mean

334

00:14:12,710 --> 00:14:09,540

I guess that was something that we were

335

00:14:14,269 --> 00:14:12,720

expecting uh October 31st and would

336

00:14:17,569 --> 00:14:14,279

probably be talking about still to this

337

00:14:19,490 --> 00:14:17,579

day yet it hasn't come and

338

00:14:21,110 --> 00:14:19,500

it's frustrating for some people more

339

00:14:23,090 --> 00:14:21,120

than others I

340

00:14:26,750 --> 00:14:23,100

um I don't put all my eggs in one basket

341

00:14:28,190 --> 00:14:26,760

so for me the UAP report was it's always

342

00:14:29,210 --> 00:14:28,200

going to be an added bonus to this

343

00:14:31,550 --> 00:14:29,220

subject

344

00:14:33,170 --> 00:14:31,560

depending on what it shows

345

00:14:35,449 --> 00:14:33,180

um if you guys remember I think it was

346

00:14:37,790 --> 00:14:35,459

early December Chris sharp and Josh

347

00:14:39,829 --> 00:14:37,800

Boswell of Daily Mail

348

00:14:42,769 --> 00:14:39,839

they had spoken to some people within

349

00:14:46,069 --> 00:14:42,779

Arrow or the Pentagon somewhere

350

00:14:49,430 --> 00:14:46,079

and they realized or they were told that

351
00:14:51,650 --> 00:14:49,440
there were about 400 okay no about 360

352
00:14:53,750 --> 00:14:51,660
odd cases that had been looked at in the

353
00:14:56,210 --> 00:14:53,760
last year

354
00:14:58,910 --> 00:14:56,220
leading up to October and I think half

355
00:15:00,530 --> 00:14:58,920
of them had been unexplained you know

356
00:15:03,170 --> 00:15:00,540
we've heard about drones in the Middle

357
00:15:05,269 --> 00:15:03,180
East with orbs

358
00:15:06,410 --> 00:15:05,279
so I'd say swarming but I think there

359
00:15:08,569 --> 00:15:06,420
was like three orbs or something

360
00:15:09,889 --> 00:15:08,579
swarming around these Reaper drones in

361
00:15:11,569 --> 00:15:09,899
the Middle East and things like that

362
00:15:14,389 --> 00:15:11,579
which really you know intrigued me

363
00:15:16,250 --> 00:15:14,399

they'll be getting reports like that now

364

00:15:17,810 --> 00:15:16,260

if that's contained within the UAP

365

00:15:21,350 --> 00:15:17,820

report that we see then that's really

366

00:15:23,449 --> 00:15:21,360

gonna ask some questions but it's really

367

00:15:25,610 --> 00:15:23,459

hard to judge isn't it when we consider

368

00:15:28,189 --> 00:15:25,620

that June 2021 we had

369

00:15:31,009 --> 00:15:28,199

nine pages to kind of

370

00:15:32,810 --> 00:15:31,019

Cherry Picked and really try and pull

371

00:15:35,629 --> 00:15:32,820

some information from something so

372

00:15:36,769 --> 00:15:35,639

minute so it might be like that again we

373

00:15:38,750 --> 00:15:36,779

don't know we don't know if it's going

374

00:15:41,389 --> 00:15:38,760

to be short if it's going to be more in

375

00:15:43,430 --> 00:15:41,399

depth yeah it's going to be hard to

376
00:15:46,730 --> 00:15:43,440
to kind of

377
00:15:49,189 --> 00:15:46,740
understand let's say so

378
00:15:50,870 --> 00:15:49,199
we'll see we'll see

379
00:15:52,990 --> 00:15:50,880
um

380
00:15:57,290 --> 00:15:53,000
let's talk about

381
00:15:58,730 --> 00:15:57,300
2023 For Me Disclosure team UAP media UK

382
00:16:01,310 --> 00:15:58,740
going forward

383
00:16:06,170 --> 00:16:01,320
um it's no secret that I'm going to be

384
00:16:08,569 --> 00:16:06,180
out in Colombia again in April I think

385
00:16:10,490 --> 00:16:08,579
it's tomorrow is the 5th of January so

386
00:16:12,710 --> 00:16:10,500
three months tomorrow I fly back out to

387
00:16:15,829 --> 00:16:12,720
Colombia and this is where we continue

388
00:16:17,689 --> 00:16:15,839

our investigation into this mysterious

389

00:16:21,170 --> 00:16:17,699

light phenomena

390

00:16:25,730 --> 00:16:23,509

um I'm gonna I've shown this on a

391

00:16:27,889 --> 00:16:25,740

previous video but this time we're gonna

392

00:16:29,389 --> 00:16:27,899

um we've got a little bit extra to add

393

00:16:31,850 --> 00:16:29,399

to it so

394

00:16:34,189 --> 00:16:31,860

let me just get rid of some tabs

395

00:16:35,810 --> 00:16:34,199

here we go so we're still looking for

396

00:16:37,069 --> 00:16:35,820

team members this team this year is

397

00:16:38,870 --> 00:16:37,079

going to be a lot bigger than last year

398

00:16:40,730 --> 00:16:38,880

we've got

399

00:16:42,769 --> 00:16:40,740

um two new members confirm three new

400

00:16:44,689 --> 00:16:42,779

members confirmed to the team that we

401
00:16:46,730 --> 00:16:44,699
had last year and I think we got another

402
00:16:50,090 --> 00:16:46,740
couple of team members to announce next

403
00:16:52,249 --> 00:16:50,100
week so if anybody is interested and

404
00:16:54,710 --> 00:16:52,259
coming out to Colombia and joining the

405
00:16:58,910 --> 00:16:54,720
team you can head here to UAP

406
00:17:01,430 --> 00:16:58,920
columbia.com forward slash PS2 again the

407
00:17:04,069 --> 00:17:01,440
link is in the description of this video

408
00:17:07,189 --> 00:17:04,079
and you'll hit this page which will give

409
00:17:09,230 --> 00:17:07,199
us a season two overview dates for the

410
00:17:11,510 --> 00:17:09,240
trip which is the 6th of April till the

411
00:17:14,689 --> 00:17:11,520
14th I'm actually going to be there

412
00:17:15,949 --> 00:17:14,699
a day early and possibly a day later I

413
00:17:18,230 --> 00:17:15,959

can't remember I booked the flight a

414

00:17:20,750 --> 00:17:18,240

while back but this is the current team

415

00:17:22,610 --> 00:17:20,760

which is going to be added to so Ashley

416

00:17:24,770 --> 00:17:22,620

Cowie a lot of you may have seen from

417

00:17:29,630 --> 00:17:24,780

season one obviously he's the kind of

418

00:17:31,970 --> 00:17:29,640

the head honcho let's say of uh the team

419

00:17:34,370 --> 00:17:31,980

next up we have one of our new members

420

00:17:36,529 --> 00:17:34,380

Elena Loftus for anybody on UFO Twitter

421

00:17:39,169 --> 00:17:36,539

you may well be familiar with Elena

422

00:17:41,570 --> 00:17:39,179

she's a writer and a UAP investigator

423

00:17:43,789 --> 00:17:41,580

but she comes with so much knowledge of

424

00:17:46,310 --> 00:17:43,799

the subject that she's going to be such

425

00:17:48,730 --> 00:17:46,320

an amazing addition to the team and you

426

00:17:52,190 --> 00:17:48,740

have myself uh

427

00:17:55,250 --> 00:17:52,200

Natalia is Ashley's wife returning now

428

00:17:57,350 --> 00:17:55,260

this guy Hayden Calvin Hayden is a new

429

00:17:59,090 --> 00:17:57,360

team member as well from Australia he's

430

00:18:01,730 --> 00:17:59,100

coming all the way from Australia which

431

00:18:03,770 --> 00:18:01,740

is amazing he is a composer songwriter

432

00:18:06,169 --> 00:18:03,780

and a producer who obviously has an

433

00:18:07,610 --> 00:18:06,179

interest in the subject

434

00:18:08,750 --> 00:18:07,620

um I've not met him yet this is

435

00:18:10,970 --> 00:18:08,760

something we're going to be doing next

436

00:18:12,590 --> 00:18:10,980

week but obviously he's met Ashley he's

437

00:18:15,169 --> 00:18:12,600

vetted him and made sure that he's a

438

00:18:17,510 --> 00:18:15,179

he's cool and all that good stuff I

439

00:18:18,890 --> 00:18:17,520

can't wait to meet Hayden uh then we're

440

00:18:21,110 --> 00:18:18,900

coming down to the next line we have

441

00:18:23,150 --> 00:18:21,120

Stefan Muller from Germany he's in again

442

00:18:25,549 --> 00:18:23,160

another new team member he is an

443

00:18:27,350 --> 00:18:25,559

archaeologist and language specialist so

444

00:18:28,669 --> 00:18:27,360

that skill set is really going to play

445

00:18:30,770 --> 00:18:28,679

into the kind of work that we're going

446

00:18:32,990 --> 00:18:30,780

to be doing in season two which is

447

00:18:34,909 --> 00:18:33,000

bigger and better than season one we'll

448

00:18:38,690 --> 00:18:34,919

get to that in a minute

449

00:18:41,450 --> 00:18:38,700

next up we have returning Mr Walter

450

00:18:43,430 --> 00:18:41,460

Payne the space analyst and drone pilot

451
00:18:44,750 --> 00:18:43,440
Walter is

452
00:18:47,570 --> 00:18:44,760
um

453
00:18:51,169 --> 00:18:47,580
amazing he is connected in military

454
00:18:53,029 --> 00:18:51,179
Realms within the dod the Pentagon and

455
00:18:54,890 --> 00:18:53,039
all that kind of stuff with people he's

456
00:18:56,510 --> 00:18:54,900
just incredible the knowledge that that

457
00:18:59,690 --> 00:18:56,520
guy has

458
00:19:01,190 --> 00:18:59,700
um very very data driven very analytical

459
00:19:03,409 --> 00:19:01,200
just

460
00:19:05,150 --> 00:19:03,419
inspirational I'll put it out you know

461
00:19:07,669 --> 00:19:05,160
when I we were having conversations in

462
00:19:09,409 --> 00:19:07,679
Colombia earlier in 2022 Walter kind of

463
00:19:10,970 --> 00:19:09,419

puts you on that level that you need to

464

00:19:13,370 --> 00:19:10,980

be at when you're thinking about things

465

00:19:16,250 --> 00:19:13,380

in it in you know

466

00:19:19,310 --> 00:19:16,260

in an analytical way you don't jump the

467

00:19:21,529 --> 00:19:19,320

gun you take steps in your investigation

468

00:19:23,570 --> 00:19:21,539

I learned an awful lot from that man and

469

00:19:26,750 --> 00:19:23,580

I can't wait to work with him again this

470

00:19:29,510 --> 00:19:26,760

year next up there we have everybody's

471

00:19:32,750 --> 00:19:29,520

favorite Mr Danza Strom the signal from

472

00:19:35,710 --> 00:19:32,760

that UFO podcast and and all that stuff

473

00:19:38,270 --> 00:19:35,720

Dan obviously is in Mexico right now

474

00:19:40,909 --> 00:19:38,280

traveling he is going to be meeting us

475

00:19:43,850 --> 00:19:40,919

in Colombia he's not coming back over to

476
00:19:46,610 --> 00:19:43,860
these Shores between now and then next

477
00:19:48,169 --> 00:19:46,620
up we have Natalia Castellanos she is

478
00:19:51,409 --> 00:19:48,179
the film producer who worked on season

479
00:19:54,529 --> 00:19:51,419
one uh absolutely amazing and then

480
00:19:56,510 --> 00:19:54,539
finally it says you so if you are

481
00:19:59,990 --> 00:19:56,520
interested and want to be a part of it

482
00:20:02,090 --> 00:20:00,000
then you can the details are again the

483
00:20:03,529 --> 00:20:02,100
link is below for this document where

484
00:20:04,850 --> 00:20:03,539
you can

485
00:20:07,549 --> 00:20:04,860
apply

486
00:20:09,049 --> 00:20:07,559
or and stuff like that I'm not going to

487
00:20:10,490 --> 00:20:09,059
go over this itinerary because I went

488
00:20:13,010 --> 00:20:10,500

over it in my interview with Ashley

489

00:20:14,930 --> 00:20:13,020

Cowie a week or two ago but I will tell

490

00:20:17,270 --> 00:20:14,940

you we're going to be there in April

491

00:20:19,190 --> 00:20:17,280

which is holy week which is when the

492

00:20:21,890 --> 00:20:19,200

lights are said to be most prominent

493

00:20:24,230 --> 00:20:21,900

over the over the years and so we're

494

00:20:26,510 --> 00:20:24,240

kind of aiming for that that Peak when

495

00:20:28,310 --> 00:20:26,520

you know it's it's when the seasons

496

00:20:29,870 --> 00:20:28,320

change from the really dry period to the

497

00:20:30,590 --> 00:20:29,880

wet

498

00:20:32,150 --> 00:20:30,600

um

499

00:20:34,430 --> 00:20:32,160

which is very interesting you know we're

500

00:20:35,870 --> 00:20:34,440

trying to do it strategically

501
00:20:41,810 --> 00:20:35,880
and

502
00:20:44,210 --> 00:20:41,820
I'm just not used to being the The

503
00:20:47,690 --> 00:20:44,220
prominent speaker on these kind of uh

504
00:20:48,850 --> 00:20:47,700
videos so please bear with me guys thank

505
00:20:52,549 --> 00:20:48,860
you

506
00:20:55,310 --> 00:20:52,559
uh this this thing here is here here

507
00:20:58,789 --> 00:20:55,320
Lake guadavita this is what I'm really

508
00:21:01,010 --> 00:20:58,799
excited about Lake guadavita featured in

509
00:21:03,650 --> 00:21:01,020
an episode of expedition and known with

510
00:21:07,669 --> 00:21:03,660
Josh Gates which Ashley was a part of

511
00:21:12,650 --> 00:21:07,679
and lake guadavita is the the basis and

512
00:21:13,909 --> 00:21:12,660
the origins of the myth of

513
00:21:16,789 --> 00:21:13,919

um

514

00:21:18,350 --> 00:21:16,799

I always forget it velocity of gold

515

00:21:19,190 --> 00:21:18,360

come on someone in the chat helped me

516

00:21:21,110 --> 00:21:19,200

out

517

00:21:26,090 --> 00:21:21,120

what's it called the lost city of gold I

518

00:21:29,930 --> 00:21:27,830

it always just jumps out of my head at

519

00:21:33,470 --> 00:21:29,940

the last minute but anyway this Lake

520

00:21:37,250 --> 00:21:33,480

that you can see here is is historically

521

00:21:39,350 --> 00:21:37,260

said to have UFOs going in and out of

522

00:21:41,210 --> 00:21:39,360

the water so obviously this is somewhere

523

00:21:43,130 --> 00:21:41,220

we I'm really interested in going and

524

00:21:46,370 --> 00:21:43,140

it's absolutely beautiful thank you

525

00:21:48,409 --> 00:21:46,380

Walter and Miss Danger and Davey El

526

00:21:49,970 --> 00:21:48,419

Dorado I don't know why you know

527

00:21:51,230 --> 00:21:49,980

sometimes things just pop out of your

528

00:21:53,570 --> 00:21:51,240

head

529

00:21:55,370 --> 00:21:53,580

El Dorado thank you yes so late

530

00:21:59,210 --> 00:21:55,380

guadavita is said to be the origins of

531

00:22:01,610 --> 00:21:59,220

of the uh the myth of El Dorado an awful

532

00:22:05,210 --> 00:22:01,620

lot of gold has been found in this Lake

533

00:22:06,649 --> 00:22:05,220

like an awful uh huge amount including

534

00:22:08,510 --> 00:22:06,659

some of these things that you see up

535

00:22:10,310 --> 00:22:08,520

here on the screen we're going to be

536

00:22:12,470 --> 00:22:10,320

visiting the gold Museum to look at the

537

00:22:14,750 --> 00:22:12,480

history of artifacts as well so we're

538

00:22:17,990 --> 00:22:14,760

really connecting the kind of ancient

539

00:22:19,730 --> 00:22:18,000

history of the UFO sightings in this

540

00:22:21,710 --> 00:22:19,740

area of Colombia with

541

00:22:24,350 --> 00:22:21,720

you know things that we've seen we saw

542

00:22:26,029 --> 00:22:24,360

in 2022 so

543

00:22:28,010 --> 00:22:26,039

that's kind of what we're doing there's

544

00:22:29,810 --> 00:22:28,020

lots of stuff coming up

545

00:22:31,430 --> 00:22:29,820

so if you head to this page if you are

546

00:22:33,169 --> 00:22:31,440

interested in possibly joining the team

547

00:22:35,810 --> 00:22:33,179

then tells you what you'll need to bring

548

00:22:38,210 --> 00:22:35,820

how fit you need to be there's the

549

00:22:40,070 --> 00:22:38,220

interview I did with Ashley and then if

550

00:22:42,470 --> 00:22:40,080

you are interested still in joining the

551
00:22:44,029 --> 00:22:42,480
team you can fill out this form and get

552
00:22:46,010 --> 00:22:44,039
in touch with

553
00:22:49,370 --> 00:22:46,020
with Ashley who will talk you through

554
00:22:52,490 --> 00:22:49,380
everything obviously the trip isn't free

555
00:22:55,310 --> 00:22:52,500
um but it's very very reasonably priced

556
00:22:56,210 --> 00:22:55,320
for what you get to be involved in

557
00:22:59,149 --> 00:22:56,220
um

558
00:23:07,850 --> 00:23:00,950
we'll see you know we'll see how the

559
00:23:10,549 --> 00:23:09,350
I'm gonna I'm gonna highlight this

560
00:23:12,770 --> 00:23:10,559
question now because it relates to

561
00:23:14,930 --> 00:23:12,780
phenomenology so Dan Williams says for

562
00:23:16,669 --> 00:23:14,940
Phenom season two any thoughts on

563
00:23:19,070 --> 00:23:16,679

replicating the UAP Expedition

564

00:23:21,409 --> 00:23:19,080

instrument set up for detection

565

00:23:24,049 --> 00:23:21,419

man if you look at the equipment that

566

00:23:26,930 --> 00:23:24,059

uapx had in things like Terror in the

567

00:23:29,690 --> 00:23:26,940

sky I mean it would be a dream to have

568

00:23:31,610 --> 00:23:29,700

that kind of equipment uh we don't

569

00:23:33,770 --> 00:23:31,620

unfortunately you know some of the

570

00:23:37,190 --> 00:23:33,780

scientists that they had or that are

571

00:23:39,169 --> 00:23:37,200

part of UAP X they develop this

572

00:23:40,490 --> 00:23:39,179

equipment themselves we don't have that

573

00:23:44,390 --> 00:23:40,500

kind of expertise in our team

574

00:23:45,470 --> 00:23:44,400

unfortunately what we do have though is

575

00:23:47,570 --> 00:23:45,480

foreign

576

00:23:49,370 --> 00:23:47,580

the equipment we used last year so

577

00:23:51,409 --> 00:23:49,380

drones and cameras and stuff like that

578

00:23:53,750 --> 00:23:51,419

this year

579

00:23:56,149 --> 00:23:53,760

um I'm actually going to be taking out a

580

00:23:58,909 --> 00:23:56,159

very expensive drone with thermal

581

00:24:01,669 --> 00:23:58,919

capabilities infrared capabilities long

582

00:24:05,210 --> 00:24:01,679

range flight times and stuff so

583

00:24:07,130 --> 00:24:05,220

if we see these lights appear on the

584

00:24:09,529 --> 00:24:07,140

mountain from our position which is

585

00:24:11,210 --> 00:24:09,539

located two to three miles I think it is

586

00:24:13,610 --> 00:24:11,220

or kilometers in front of the mountain

587

00:24:15,230 --> 00:24:13,620

this drone will then just go straight up

588

00:24:18,529 --> 00:24:15,240

and out within five to ten minutes

589

00:24:20,330 --> 00:24:18,539

hopefully with thermals and Infrareds

590

00:24:23,270 --> 00:24:20,340

um it's a it's an expensive bit of Kit

591

00:24:25,370 --> 00:24:23,280

we've luckily been provided this from a

592

00:24:26,750 --> 00:24:25,380

a drone company who we're going to lend

593

00:24:28,610 --> 00:24:26,760

this to us I'm actually going to be sent

594

00:24:31,450 --> 00:24:28,620

on a drone course to learn how to fly it

595

00:24:34,250 --> 00:24:31,460

and all this stuff I'm nervous as hell

596

00:24:37,070 --> 00:24:34,260

uh so yeah it's you know we we've got

597

00:24:38,210 --> 00:24:37,080

that we've taken trail cameras out so at

598

00:24:39,350 --> 00:24:38,220

the peak of the mountain where the

599

00:24:41,570 --> 00:24:39,360

lights have been seen we're going to be

600

00:24:44,570 --> 00:24:41,580

placing trail cams in multiple positions

601
00:24:46,549 --> 00:24:44,580
to see what occurs and then on top of

602
00:24:48,590 --> 00:24:46,559
that just old school boots on the ground

603
00:24:50,570 --> 00:24:48,600
you know we're going to be going up the

604
00:24:51,830 --> 00:24:50,580
mountain again like we did in season one

605
00:24:53,149 --> 00:24:51,840
but this time we're going to be going up

606
00:24:55,190 --> 00:24:53,159
at night

607
00:24:56,870 --> 00:24:55,200
which I'm a little bit anxious about

608
00:24:59,750 --> 00:24:56,880
because it was hard enough in the

609
00:25:00,710 --> 00:24:59,760
daytime to scale a high peak but night

610
00:25:03,230 --> 00:25:00,720
time

611
00:25:04,370 --> 00:25:03,240
we'll see it's going to be interesting

612
00:25:06,409 --> 00:25:04,380
but

613
00:25:08,990 --> 00:25:06,419

the good thing is that the team that we

614

00:25:10,789 --> 00:25:09,000

had last year were so inspirational and

615

00:25:13,549 --> 00:25:10,799

we kind of really helped each other that

616

00:25:16,669 --> 00:25:13,559

this year with a bigger team it's just

617

00:25:17,570 --> 00:25:16,679

going to be amazing as well look Elena's

618

00:25:23,450 --> 00:25:17,580

here

619

00:25:25,250 --> 00:25:23,460

says join us what an opportunity I'll be

620

00:25:29,690 --> 00:25:25,260

bringing my trifield meter and tuning

621

00:25:33,110 --> 00:25:29,700

Forks takes all kinds absolutely

622

00:25:36,169 --> 00:25:33,120

there we go there we go I can't wait to

623

00:25:37,909 --> 00:25:36,179

meet Elena and do the amazing work that

624

00:25:38,750 --> 00:25:37,919

we're gonna do and have a great time at

625

00:25:41,269 --> 00:25:38,760

all

626
00:25:42,049 --> 00:25:41,279
at the same time and Walter's here as

627
00:25:44,210 --> 00:25:42,059
well

628
00:25:48,590 --> 00:25:44,220
Walter says the rth button is your

629
00:25:50,570 --> 00:25:48,600
lifeline I guess that's return to home

630
00:25:53,149 --> 00:25:50,580
well that this new drone that I've got

631
00:25:55,430 --> 00:25:53,159
apparently is like really it does a lot

632
00:25:57,470 --> 00:25:55,440
for itself and I know that the Drone we

633
00:25:59,810 --> 00:25:57,480
had last time did but this one I think

634
00:26:01,789 --> 00:25:59,820
it's like an idiots drone and I'm

635
00:26:04,730 --> 00:26:01,799
I'd like to think I'd be good at it but

636
00:26:06,529 --> 00:26:04,740
you just never know do you so yeah I

637
00:26:09,049 --> 00:26:06,539
guess that rth button better be pretty

638
00:26:10,390 --> 00:26:09,059

big in the center like a bang and I need

639

00:26:12,490 --> 00:26:10,400

to hear

640

00:26:15,230 --> 00:26:12,500

so yeah

641

00:26:16,850 --> 00:26:15,240

Colombia is going to be awesome

642

00:26:19,010 --> 00:26:16,860

um we've pretty much covered that um

643

00:26:21,289 --> 00:26:19,020

Ashley was meant to join me

644

00:26:23,210 --> 00:26:21,299

now to talk about that but he hasn't

645

00:26:25,370 --> 00:26:23,220

made it we were on Instagram live before

646

00:26:28,250 --> 00:26:25,380

I sent in the link he might be having

647

00:26:30,289 --> 00:26:28,260

Tech issues with his computer

648

00:26:32,390 --> 00:26:30,299

it doesn't matter it doesn't matter

649

00:26:33,590 --> 00:26:32,400

we're we're winging it we're winging it

650

00:26:34,730 --> 00:26:33,600

here

651
00:26:36,230 --> 00:26:34,740
um so yeah

652
00:26:37,850 --> 00:26:36,240
so

653
00:26:40,850 --> 00:26:37,860
only really leaves me a couple of more

654
00:26:42,470 --> 00:26:40,860
things that I want to talk about

655
00:26:46,070 --> 00:26:42,480
and

656
00:26:48,049 --> 00:26:46,080
what I am going to do I'm gonna take a

657
00:26:49,669 --> 00:26:48,059
break for two minutes I'm gonna give

658
00:26:52,370 --> 00:26:49,679
Ashley a call to see if he can join it

659
00:26:54,890 --> 00:26:52,380
so I'm gonna play the new intro which

660
00:26:57,470 --> 00:26:54,900
you might have seen at the start

661
00:27:07,850 --> 00:26:57,480
and I will be back in two minutes guys

662
00:27:10,850 --> 00:27:07,860
[Music]

663
00:27:13,730 --> 00:27:10,860

they were complex narratives of being

664

00:27:17,950 --> 00:27:13,740

taken by alien beings into UFOs on beams

665

00:27:28,490 --> 00:27:20,870

the Air Force is trying to cover up with

666

00:27:33,409 --> 00:27:30,890

from my own point of view I'm going to

667

00:27:35,149 --> 00:27:33,419

be very disappointed if UFOs turn out to

668

00:27:36,409 --> 00:27:35,159

be nothing more than visitors from

669

00:27:41,830 --> 00:27:36,419

another planet because I think there

670

00:27:47,029 --> 00:27:44,149

I'm not telling you the United States

671

00:27:47,960 --> 00:27:47,039

government is telling you that

672

00:28:06,610 --> 00:27:47,970

foreign

673

00:28:09,710 --> 00:28:06,620

[Music]

674

00:28:11,269 --> 00:28:09,720

guys thank you for that

675

00:28:13,250 --> 00:28:11,279

just try ringing Ashley and I couldn't

676

00:28:15,169 --> 00:28:13,260

get through so

677

00:28:16,310 --> 00:28:15,179

let's move on

678

00:28:18,470 --> 00:28:16,320

um

679

00:28:20,269 --> 00:28:18,480

your nose comment here this is quite

680

00:28:22,430 --> 00:28:20,279

cool so she says we should do a Dutch

681

00:28:26,029 --> 00:28:22,440

meet up in Amsterdam when Vinnie has his

682

00:28:27,769 --> 00:28:26,039

layover So for anybody who is in Holland

683

00:28:29,990 --> 00:28:27,779

I am actually going to be on my return

684

00:28:32,510 --> 00:28:30,000

from Colombia in April

685

00:28:33,830 --> 00:28:32,520

because I have to fly and have all these

686

00:28:35,870 --> 00:28:33,840

different changes to get back to England

687

00:28:39,529 --> 00:28:35,880

I am going to be in Amsterdam for a day

688

00:28:41,350 --> 00:28:39,539

slash night so if anybody in Holland

689

00:28:43,669 --> 00:28:41,360

wants to come and meet up in Amsterdam

690

00:28:45,350 --> 00:28:43,679

that'll be cool

691

00:28:47,029 --> 00:28:45,360

um at the moment I plan on just kind of

692

00:28:50,269 --> 00:28:47,039

mooching around

693

00:28:52,130 --> 00:28:50,279

and walking around and sleeping at the

694

00:28:54,110 --> 00:28:52,140

airport you know just having a late

695

00:28:55,669 --> 00:28:54,120

night in Amsterdam

696

00:28:58,070 --> 00:28:55,679

seeing the place it'd be great to meet

697

00:29:00,110 --> 00:28:58,080

anybody that wants to come and hang out

698

00:29:01,190 --> 00:29:00,120

um so yeah bear that in mind but again

699

00:29:02,570 --> 00:29:01,200

these are the kind of things that I'm

700

00:29:05,269 --> 00:29:02,580

going to announce a lot nearer to the

701

00:29:07,669 --> 00:29:05,279

time to do kind of things like that so

702

00:29:09,890 --> 00:29:07,679

that's a great point though yornay

703

00:29:11,630 --> 00:29:09,900

all right I see a few questions have

704

00:29:13,310 --> 00:29:11,640

come in I've put them in the the kind of

705

00:29:17,330 --> 00:29:13,320

little star section where I can go back

706

00:29:18,950 --> 00:29:17,340

over them after I've covered things

707

00:29:20,510 --> 00:29:18,960

um I guess the next thing I want to talk

708

00:29:23,029 --> 00:29:20,520

about is

709

00:29:26,149 --> 00:29:23,039

um 2022 was the first year where I

710

00:29:28,669 --> 00:29:26,159

really got to experience UFO conferences

711

00:29:31,070 --> 00:29:28,679

now you know we all know that with the

712

00:29:34,730 --> 00:29:31,080

pandemic that these kind of things shut

713

00:29:36,590 --> 00:29:34,740

down for two three years and so I never

714

00:29:38,990 --> 00:29:36,600

went to conferences in the past I was

715

00:29:41,210 --> 00:29:39,000

more kind of a researcher so spent a

716

00:29:43,190 --> 00:29:41,220

decade sat in front of this computer and

717

00:29:45,289 --> 00:29:43,200

and other computers just late night

718

00:29:47,930 --> 00:29:45,299

researching so I never did the whole

719

00:29:49,490 --> 00:29:47,940

conference thing so 2022 really allowed

720

00:29:52,610 --> 00:29:49,500

me to really experience that here in the

721

00:29:53,450 --> 00:29:52,620

UK for the first time with

722

00:29:55,970 --> 00:29:53,460

um

723

00:29:56,990 --> 00:29:55,980

two conferences in Manchester one in

724

00:29:58,430 --> 00:29:57,000

Blackpool

725

00:30:00,350 --> 00:29:58,440

and

726

00:30:02,149 --> 00:30:00,360

it was incredible I got I just really

727

00:30:03,649 --> 00:30:02,159

understand that

728

00:30:05,630 --> 00:30:03,659

when you go to conferences it's not

729

00:30:07,250 --> 00:30:05,640

necessarily about the speakers being on

730

00:30:09,110 --> 00:30:07,260

stage and presenting

731

00:30:11,029 --> 00:30:09,120

you know Talking Heads talking about the

732

00:30:13,669 --> 00:30:11,039

same thing over and over again can get a

733

00:30:16,669 --> 00:30:13,679

little bit monotonous let's say

734

00:30:18,889 --> 00:30:16,679

uh so the one thing that I really found

735

00:30:20,750 --> 00:30:18,899

was that

736

00:30:22,250 --> 00:30:20,760

the connections that you make when

737

00:30:23,930 --> 00:30:22,260

you're just talking to the everyone else

738

00:30:26,269 --> 00:30:23,940

that's there but you know when it's a

739

00:30:28,430 --> 00:30:26,279

down time and then the breaks between

740

00:30:29,990 --> 00:30:28,440

speakers was just simply incredible so

741

00:30:31,669 --> 00:30:30,000

I'm actually going to be doing the whole

742

00:30:33,590 --> 00:30:31,679

UK

743

00:30:34,970 --> 00:30:33,600

conference circuit again this year but

744

00:30:37,370 --> 00:30:34,980

I'm actually going to be speaking myself

745

00:30:39,649 --> 00:30:37,380

at two conferences

746

00:30:40,430 --> 00:30:39,659

both in the US

747

00:30:42,169 --> 00:30:40,440

um

748

00:30:43,250 --> 00:30:42,179

so I'm going to go over the two

749

00:30:46,250 --> 00:30:43,260

conferences that I'm going to be

750

00:30:51,110 --> 00:30:48,889

this is Ashley so phenomenology says hi

751
00:30:53,930 --> 00:30:51,120
mate sorted I don't see you in the green

752
00:30:55,430 --> 00:30:53,940
room though dude you can come in but we

753
00:30:56,630 --> 00:30:55,440
pretty much have covered it if you want

754
00:30:59,330 --> 00:30:56,640
to jump in

755
00:31:00,889 --> 00:30:59,340
jump into the green room but we I think

756
00:31:02,630 --> 00:31:00,899
we've pretty much covered phenomenology

757
00:31:04,070 --> 00:31:02,640
it's up to you man it's totally up to

758
00:31:07,970 --> 00:31:04,080
you

759
00:31:09,950 --> 00:31:07,980
um I am gonna sort of move on to

760
00:31:11,690 --> 00:31:09,960
the first conference that I'm going to

761
00:31:13,970 --> 00:31:11,700
be speaking at which is in fact I'm

762
00:31:19,010 --> 00:31:13,980
going to do it like this which is UFO

763
00:31:22,549 --> 00:31:19,020

expert Expo which is uh arranged by Tom

764

00:31:25,490 --> 00:31:22,559

Reed who is from the 1969 Berkshire UFO

765

00:31:26,810 --> 00:31:25,500

sighting this is his event

766

00:31:28,970 --> 00:31:26,820

I'm not going to spend a lot of time

767

00:31:30,590 --> 00:31:28,980

talking about the event but it is at

768

00:31:32,330 --> 00:31:30,600

this amazing Convention Center in

769

00:31:36,289 --> 00:31:32,340

Roswell

770

00:31:37,130 --> 00:31:36,299

um it is March the 10th 11th and 12th is

771

00:31:38,750 --> 00:31:37,140

um

772

00:31:40,549 --> 00:31:38,760

it's it's a big event you know it's

773

00:31:43,130 --> 00:31:40,559

going to be I think there's a

774

00:31:45,950 --> 00:31:43,140

it's here it says it here UFO mixer and

775

00:31:47,810 --> 00:31:45,960

Film Festival as well so some of the

776

00:31:51,409 --> 00:31:47,820

speakers you've got Mike Barra Tom Reed

777

00:31:55,070 --> 00:31:51,419

himself Travis Walton James Fox Rhiannon

778

00:31:57,830 --> 00:31:55,080

Ali Ben Hansen Mark d'antonio Daryl Sims

779

00:31:59,990 --> 00:31:57,840

Frank render then we've got Toby Shane

780

00:32:03,409 --> 00:32:00,000

and Mike from the Roswell UFO Symposium

781

00:32:04,610 --> 00:32:03,419

podcast there's a UFO Museum these are

782

00:32:07,010 --> 00:32:04,620

the movies that are going to be showing

783

00:32:07,909 --> 00:32:07,020

so you know moment of contact here in

784

00:32:10,970 --> 00:32:07,919

the sky

785

00:32:13,610 --> 00:32:10,980

all the ones that you can see there

786

00:32:15,590 --> 00:32:13,620

then these are the virtual guests so you

787

00:32:18,830 --> 00:32:15,600

know Caroline Corey Don Schmidt Jesse

788

00:32:21,430 --> 00:32:18,840

Marcel III so many so many and look down

789

00:32:24,169 --> 00:32:21,440

here at the bottom who's this guy

790

00:32:26,810 --> 00:32:24,179

so yeah I'm gonna be speaking there

791

00:32:29,450 --> 00:32:26,820

along with my colleague at UAP media UK

792

00:32:31,909 --> 00:32:29,460

who is the Orion Sprague and above me is

793

00:32:33,649 --> 00:32:31,919

my good friend Brittany Barbieri

794

00:32:36,110 --> 00:32:33,659

so this is going to be like an amazing

795

00:32:37,370 --> 00:32:36,120

experience for me my first ever sort of

796

00:32:40,909 --> 00:32:37,380

speaking

797

00:32:42,950 --> 00:32:40,919

uh conference thing it's going to be

798

00:32:45,529 --> 00:32:42,960

like short though I think and virtual so

799

00:32:46,250 --> 00:32:45,539

it's not going to be like majorly

800

00:32:49,070 --> 00:32:46,260

um

801

00:32:51,230 --> 00:32:49,080

stressful let's say or

802

00:32:53,870 --> 00:32:51,240

or all that you know I I know I keep

803

00:32:55,370 --> 00:32:53,880

thinking to myself I have been hosting a

804

00:32:56,750 --> 00:32:55,380

podcast for a year and a half and done

805

00:32:59,330 --> 00:32:56,760

so many interviews with so many big

806

00:33:02,269 --> 00:32:59,340

names but I tell this that people all

807

00:33:04,130 --> 00:33:02,279

the time the nerves never go away

808

00:33:05,750 --> 00:33:04,140

you know there's a thing to be said

809

00:33:07,970 --> 00:33:05,760

about throwing yourself and putting

810

00:33:10,130 --> 00:33:07,980

yourself out there I spent so long

811

00:33:11,149 --> 00:33:10,140

behind the scenes in the background of

812

00:33:13,130 --> 00:33:11,159

this

813

00:33:14,870 --> 00:33:13,140

subject that

814

00:33:16,549 --> 00:33:14,880

to say I've been doing a podcast for a

815

00:33:18,110 --> 00:33:16,559

year and a half and maybe social media

816

00:33:20,870 --> 00:33:18,120

for two years

817

00:33:23,149 --> 00:33:20,880

add that to the 10 plus years that I was

818

00:33:25,370 --> 00:33:23,159

researching it's it's like a

819

00:33:27,590 --> 00:33:25,380

I'm still not used to it and so I'm kind

820

00:33:29,990 --> 00:33:27,600

of I'm all in I just jump in at the deep

821

00:33:33,529 --> 00:33:30,000

end with everything I do so

822

00:33:36,169 --> 00:33:33,539

there we go you know but again all the

823

00:33:37,789 --> 00:33:36,179

information if you are interested in

824

00:33:40,310 --> 00:33:37,799

attending

825

00:33:42,529 --> 00:33:40,320

UFO Expo

826
00:33:44,269 --> 00:33:42,539
in March

827
00:33:45,289 --> 00:33:44,279
the link is in the description of this

828
00:33:47,149 --> 00:33:45,299
video

829
00:33:49,430 --> 00:33:47,159
you know I know conferences aren't for

830
00:33:53,210 --> 00:33:49,440
everyone and it's you know some people

831
00:33:54,710 --> 00:33:53,220
you may kind of dislike let's say and

832
00:33:57,950 --> 00:33:54,720
and other you know this is the thing

833
00:33:59,810 --> 00:33:57,960
with conferences that there I find Value

834
00:34:02,090 --> 00:33:59,820
in it where

835
00:34:03,710 --> 00:34:02,100
the value comes from for me you know

836
00:34:06,049 --> 00:34:03,720
there are speakers at these conferences

837
00:34:08,389 --> 00:34:06,059
that don't interest me and that's fine

838
00:34:10,609 --> 00:34:08,399

but I'll always be respectful to those

839

00:34:12,950 --> 00:34:10,619

people and and stuff like that you know

840

00:34:15,470 --> 00:34:12,960

so

841

00:34:17,810 --> 00:34:15,480

yeah it's it's difficult in this subject

842

00:34:21,829 --> 00:34:17,820

as you all know if you're on UFO Twitter

843

00:34:25,750 --> 00:34:21,839

that it can get very very nasty and I do

844

00:34:28,430 --> 00:34:25,760

my utmost to stay above that level of

845

00:34:30,470 --> 00:34:28,440

nonsense and it is nonsense because it

846

00:34:31,970 --> 00:34:30,480

doesn't help the subject and that's what

847

00:34:34,609 --> 00:34:31,980

we're here for so

848

00:34:36,169 --> 00:34:34,619

so yeah so that's the UFO Expo hosted by

849

00:34:37,550 --> 00:34:36,179

Tom Reed I have to give a massive shout

850

00:34:39,889 --> 00:34:37,560

out to Tom Reed he's going to be a guest

851
00:34:41,869 --> 00:34:39,899
on this show in I think two weeks time

852
00:34:46,129 --> 00:34:41,879
we're going to be talking about his

853
00:34:48,770 --> 00:34:46,139
incident 1969 Berkshire UFO incident it

854
00:34:50,930 --> 00:34:48,780
is covered in an episode of

855
00:34:53,089 --> 00:34:50,940
um Unexplained Mysteries I think it is

856
00:34:55,190 --> 00:34:53,099
on Netflix if you haven't seen it it's

857
00:34:56,990 --> 00:34:55,200
season one

858
00:34:59,270 --> 00:34:57,000
I figure out which episode but if you

859
00:35:00,650 --> 00:34:59,280
have Netflix look for Unexplained

860
00:35:01,370 --> 00:35:00,660
Mysteries I think that's what it's

861
00:35:04,370 --> 00:35:01,380
called

862
00:35:08,450 --> 00:35:04,380
and you'll see Berkshire UFO 1969 it's a

863
00:35:09,109 --> 00:35:08,460

fantastic episode go and check it out

864

00:35:11,930 --> 00:35:09,119

um

865

00:35:13,190 --> 00:35:11,940

next up is I mean I'm not going to be

866

00:35:15,170 --> 00:35:13,200

able to show much because the website

867

00:35:18,230 --> 00:35:15,180

isn't really built yet but this is like

868

00:35:20,569 --> 00:35:18,240

the big one for me no no offense to the

869

00:35:22,849 --> 00:35:20,579

other ones but the Roswell incident com

870

00:35:25,490 --> 00:35:22,859

which is a conference again this is put

871

00:35:27,109 --> 00:35:25,500

on by the Roswell Daily Record newspaper

872

00:35:29,810 --> 00:35:27,119

this is the newspaper that broke the

873

00:35:34,130 --> 00:35:29,820

Roswell story in 1947.

874

00:35:36,829 --> 00:35:34,140

so this is from I think it's the I might

875

00:35:41,690 --> 00:35:36,839

don't hold me to this I think it's June

876

00:35:43,430 --> 00:35:41,700

30th to July 2nd I believe so it's a

877

00:35:47,990 --> 00:35:43,440

three day

878

00:35:51,230 --> 00:35:48,000

conference this one I am actually going

879

00:35:53,990 --> 00:35:51,240

to be at in person I am flying out a

880

00:35:56,750 --> 00:35:54,000

couple of days earlier to fly into Texas

881

00:35:59,390 --> 00:35:56,760

I'm going to spend some a day in or a

882

00:36:01,849 --> 00:35:59,400

night in Lubbock checking out kind of

883

00:36:03,650 --> 00:36:01,859

the Lubbock lights when not that they're

884

00:36:06,109 --> 00:36:03,660

a thing anymore that was like

885

00:36:07,910 --> 00:36:06,119

decades back but gonna spend a night in

886

00:36:10,310 --> 00:36:07,920

Lubbock with the guys from the Roswell

887

00:36:12,589 --> 00:36:10,320

Daily Record then we're gonna make the

888

00:36:14,150 --> 00:36:12,599

journey up to Roswell spend three days

889

00:36:17,050 --> 00:36:14,160

at the conference I'm actually going to

890

00:36:19,730 --> 00:36:17,060

be doing a a full on stage presentation

891

00:36:21,950 --> 00:36:19,740

on all my work

892

00:36:23,750 --> 00:36:21,960

I'm not going to say too much

893

00:36:25,609 --> 00:36:23,760

um

894

00:36:27,349 --> 00:36:25,619

yeah so this is like the big one for me

895

00:36:30,410 --> 00:36:27,359

this is the full in-person big

896

00:36:32,030 --> 00:36:30,420

conference where I have to stand up on a

897

00:36:33,710 --> 00:36:32,040

stage

898

00:36:35,089 --> 00:36:33,720

yeah

899

00:36:37,130 --> 00:36:35,099

it's gonna be good it's gonna be fun

900

00:36:40,069 --> 00:36:37,140

because I get to meet so many people in

901
00:36:42,109 --> 00:36:40,079
person and that's what I thrive on um I

902
00:36:43,670 --> 00:36:42,119
Know Dan is going to be coming up and

903
00:36:45,109 --> 00:36:43,680
Dan's going to be with me in Colombia

904
00:36:47,390 --> 00:36:45,119
with Ashley and that and then Dan's

905
00:36:49,130 --> 00:36:47,400
gonna come up to meet me in Roswell I

906
00:36:51,530 --> 00:36:49,140
already know Toby from the Roswell Daily

907
00:36:53,569 --> 00:36:51,540
Record and Shane and some of the guys

908
00:36:54,770 --> 00:36:53,579
from the Roswell Symposium podcast are

909
00:36:59,990 --> 00:36:54,780
going to be there

910
00:37:02,450 --> 00:37:00,000
many friends that I've made online are

911
00:37:04,010 --> 00:37:02,460
going to be there that I know already

912
00:37:05,390 --> 00:37:04,020
so to meet them for the first time is

913
00:37:07,730 --> 00:37:05,400

going to be incredible but also just to

914

00:37:09,290 --> 00:37:07,740

meet everybody else because you know

915

00:37:12,109 --> 00:37:09,300

being a speaker they kind of throw you

916

00:37:13,430 --> 00:37:12,119

at a table and you get to people get to

917

00:37:16,130 --> 00:37:13,440

come up to you and meet you and I just

918

00:37:18,950 --> 00:37:16,140

can't wait to meet so many people I'm

919

00:37:21,650 --> 00:37:18,960

all about making connections and just

920

00:37:24,109 --> 00:37:21,660

talking UFOs I could talk UFOs day in

921

00:37:26,569 --> 00:37:24,119

day out but I just love that

922

00:37:28,010 --> 00:37:26,579

face-to-face interaction as I'm sure a

923

00:37:29,870 --> 00:37:28,020

lot of you probably

924

00:37:32,150 --> 00:37:29,880

feel the same you know in my everyday

925

00:37:34,550 --> 00:37:32,160

life away from this desk

926
00:37:35,630 --> 00:37:34,560
that way and that way if I go away from

927
00:37:36,950 --> 00:37:35,640
this show

928
00:37:38,450 --> 00:37:36,960
I don't really get a lot of

929
00:37:40,130 --> 00:37:38,460
opportunities to talk about it because

930
00:37:42,470 --> 00:37:40,140
you know there aren't many people around

931
00:37:44,030 --> 00:37:42,480
here in the north of England that want

932
00:37:45,589 --> 00:37:44,040
to have the kind of conversations that I

933
00:37:47,990 --> 00:37:45,599
want to have this is why I spend a lot

934
00:37:50,750 --> 00:37:48,000
of time researching online on social

935
00:37:52,910 --> 00:37:50,760
media on these channels on this channel

936
00:37:54,470 --> 00:37:52,920
having interviews with people so that I

937
00:37:58,430 --> 00:37:54,480
can just have that conversation it's

938
00:38:01,670 --> 00:37:58,440

it's it's a passion it's um it's full

939

00:38:03,530 --> 00:38:01,680

time it's everything to me so

940

00:38:07,910 --> 00:38:03,540

there we go

941

00:38:10,069 --> 00:38:07,920

this is only the start of you know we're

942

00:38:11,990 --> 00:38:10,079

on the 4th of January

943

00:38:14,569 --> 00:38:12,000

I know there's other things in the works

944

00:38:16,310 --> 00:38:14,579

that I can't talk about right now for

945

00:38:18,530 --> 00:38:16,320

2023

946

00:38:19,730 --> 00:38:18,540

and

947

00:38:24,290 --> 00:38:19,740

yeah

948

00:38:26,510 --> 00:38:24,300

uh Elena says you'll be so close to Area

949

00:38:29,030 --> 00:38:26,520

51 Skinwalker and Mount Wilson ranches

950

00:38:31,130 --> 00:38:29,040

and the Grand Canyon and he any plans to

951
00:38:33,589 --> 00:38:31,140
travel around the Roswell area

952
00:38:35,569 --> 00:38:33,599
this is the thing Elena we had to base

953
00:38:37,310 --> 00:38:35,579
this on flying in I could have flown

954
00:38:39,530 --> 00:38:37,320
into Albuquerque in New Mexico or

955
00:38:42,410 --> 00:38:39,540
Lubbock Texas both about three hours

956
00:38:44,030 --> 00:38:42,420
away from Roswell so we chose Lubbock

957
00:38:45,589 --> 00:38:44,040
because it's famous for the Lubbock

958
00:38:48,710 --> 00:38:45,599
lights I get to spend a night there

959
00:38:51,770 --> 00:38:48,720
that's amazing then

960
00:38:54,290 --> 00:38:51,780
in Roswell at the conference

961
00:38:56,870 --> 00:38:54,300
three days of Awesomeness doing that I

962
00:39:00,230 --> 00:38:56,880
guess if I have any spare time away from

963
00:39:02,870 --> 00:39:00,240

the conference it'll be visiting

964

00:39:04,730 --> 00:39:02,880

areas around Roswell potentially the

965

00:39:05,990 --> 00:39:04,740

crash site I know it's private property

966

00:39:08,690 --> 00:39:06,000

but we

967

00:39:11,089 --> 00:39:08,700

fingers crossed maybe able to get access

968

00:39:13,310 --> 00:39:11,099

to the possible crash site and stuff

969

00:39:14,930 --> 00:39:13,320

like that and things like that so I

970

00:39:17,150 --> 00:39:14,940

doubt I'll be able to go further afield

971

00:39:19,190 --> 00:39:17,160

to Area 51 and that I'll save that for

972

00:39:20,630 --> 00:39:19,200

another trip another year

973

00:39:22,490 --> 00:39:20,640

because there are going to be many many

974

00:39:24,829 --> 00:39:22,500

more

975

00:39:26,630 --> 00:39:24,839

so uh I I don't want to be on the road a

976

00:39:30,230 --> 00:39:26,640

lot you know the flights

977

00:39:31,910 --> 00:39:30,240

from the UK out even out there are 20

978

00:39:34,550 --> 00:39:31,920

plus hours and I'm only going to be

979

00:39:37,310 --> 00:39:34,560

there for five days so

980

00:39:39,829 --> 00:39:37,320

yeah we'll see we'll see I'm just

981

00:39:41,510 --> 00:39:39,839

I've just got so much going on and I'm

982

00:39:43,190 --> 00:39:41,520

just so excited

983

00:39:45,349 --> 00:39:43,200

and I'm the one thing I am going to do

984

00:39:47,530 --> 00:39:45,359

that I haven't said at all is for every

985

00:39:50,089 --> 00:39:47,540

trip I take this year so be it Columbia

986

00:39:51,410 --> 00:39:50,099

Roswell I'm going to be filming the

987

00:39:53,450 --> 00:39:51,420

whole thing

988

00:39:56,150 --> 00:39:53,460

kind of behind the scenes to put

989

00:39:58,849 --> 00:39:56,160

together a full like video to put out on

990

00:40:01,069 --> 00:39:58,859

YouTube so you know like a behind the

991

00:40:03,050 --> 00:40:01,079

scenes Vlog let's say it's something I

992

00:40:05,210 --> 00:40:03,060

didn't do last year in Colombia which I

993

00:40:07,490 --> 00:40:05,220

really wanted to do but I didn't and

994

00:40:08,810 --> 00:40:07,500

regretted it so this time I'm going to

995

00:40:10,310 --> 00:40:08,820

do it in Colombia

996

00:40:11,750 --> 00:40:10,320

I'm not going to give away any of the

997

00:40:13,190 --> 00:40:11,760

secrets of what's actually happening in

998

00:40:14,569 --> 00:40:13,200

the documentary series but I'm going to

999

00:40:18,290 --> 00:40:14,579

be giving a

1000

00:40:20,150 --> 00:40:18,300

just a an everyday kind of me behind the

1001

00:40:23,030 --> 00:40:20,160

scenes chilling and

1002

00:40:24,890 --> 00:40:23,040

weird places in mountains and stuff and

1003

00:40:26,510 --> 00:40:24,900

then in Roswell you know in Lucky in

1004

00:40:28,490 --> 00:40:26,520

Lubbock Texas and

1005

00:40:30,230 --> 00:40:28,500

when we're not at you know doing

1006

00:40:31,970 --> 00:40:30,240

important things at the conference just

1007

00:40:34,730 --> 00:40:31,980

hanging out with people

1008

00:40:36,829 --> 00:40:34,740

I'll be filming it so uh I'm gonna put

1009

00:40:38,870 --> 00:40:36,839

out some pretty cool videos there

1010

00:40:40,450 --> 00:40:38,880

just need a good editor

1011

00:40:42,950 --> 00:40:40,460

I'm not the best

1012

00:40:45,530 --> 00:40:42,960

but that's it guys for what's coming up

1013

00:40:48,290 --> 00:40:45,540

for me so far in 2023 obviously I'm

1014

00:40:51,710 --> 00:40:48,300

working still for UAP media UK we're

1015

00:40:53,390 --> 00:40:51,720

such a tight-knit group that

1016

00:40:55,490 --> 00:40:53,400

the plans for that are just to keep

1017

00:40:57,230 --> 00:40:55,500

doing what we're doing we're liaising

1018

00:40:59,089 --> 00:40:57,240

with the mainstream media here in the UK

1019

00:41:01,069 --> 00:40:59,099

that's gone really well this past year

1020

00:41:02,870 --> 00:41:01,079

it's only going to get better we're

1021

00:41:04,370 --> 00:41:02,880

still trying to break down the

1022

00:41:05,390 --> 00:41:04,380

communications within the ministry of

1023

00:41:08,230 --> 00:41:05,400

Defense

1024

00:41:10,670 --> 00:41:08,240

stop getting these bullet bullet

1025

00:41:12,530 --> 00:41:10,680

boilerplate responses to all our Freedom

1026
00:41:14,510 --> 00:41:12,540
of Information requests and and anything

1027
00:41:16,609 --> 00:41:14,520
like that

1028
00:41:19,310 --> 00:41:16,619
we'll get there in the end

1029
00:41:20,810 --> 00:41:19,320
um I think a lot of you if you are in

1030
00:41:22,370 --> 00:41:20,820
any of the European cities you'll

1031
00:41:25,010 --> 00:41:22,380
understand that the conversation is

1032
00:41:26,930 --> 00:41:25,020
really difficult to have you know when

1033
00:41:28,550 --> 00:41:26,940
it comes to the government and the media

1034
00:41:30,650 --> 00:41:28,560
but we're trying to break down those

1035
00:41:32,930 --> 00:41:30,660
barriers and we'll continue to do so um

1036
00:41:35,150 --> 00:41:32,940
and as you know all of my colleagues at

1037
00:41:38,150 --> 00:41:35,160
UAP media UK are doing their own thing

1038
00:41:40,310 --> 00:41:38,160

away from from the UAP media thing Dan

1039

00:41:42,829 --> 00:41:40,320

and Andy doing that UFO podcast Dan's

1040

00:41:45,710 --> 00:41:42,839

got his podcast he's traveling the world

1041

00:41:48,170 --> 00:41:45,720

Graham Randall's just an absolute

1042

00:41:50,930 --> 00:41:48,180

writing machine whether it be articles

1043

00:41:52,730 --> 00:41:50,940

or his incredible books that he puts out

1044

00:41:54,470 --> 00:41:52,740

Dave as well is doing the podcast with

1045

00:41:56,210 --> 00:41:54,480

Graham and he's just one of the most

1046

00:41:58,550 --> 00:41:56,220

knowledge knowledgeable

1047

00:42:00,890 --> 00:41:58,560

guys you know in the subject he's just

1048

00:42:02,329 --> 00:42:00,900

amazing and I can't wait to to actually

1049

00:42:03,470 --> 00:42:02,339

do more with Dave

1050

00:42:07,069 --> 00:42:03,480

um

1051

00:42:08,990 --> 00:42:07,079

just such a cool guy uh Ryan as well

1052

00:42:11,450 --> 00:42:09,000

Ryan Sprague is now a part of the team

1053

00:42:13,250 --> 00:42:11,460

since he's moved over here to the UK and

1054

00:42:16,210 --> 00:42:13,260

Ryan's just amazing everybody you know

1055

00:42:18,410 --> 00:42:16,220

you know you you gotta love Ryan's break

1056

00:42:20,270 --> 00:42:18,420

he's a good dude

1057

00:42:21,829 --> 00:42:20,280

uh you know he's so experienced in this

1058

00:42:24,230 --> 00:42:21,839

field when it comes to the work uh

1059

00:42:27,109 --> 00:42:24,240

whether we research whether it be on

1060

00:42:29,270 --> 00:42:27,119

screen podcast everything and then

1061

00:42:31,310 --> 00:42:29,280

obviously finally Dr David Clark

1062

00:42:32,450 --> 00:42:31,320

just amazing you know the work that I've

1063

00:42:34,190 --> 00:42:32,460

been able to do with him and the

1064

00:42:38,930 --> 00:42:34,200

friendship that we formed because we

1065

00:42:42,950 --> 00:42:41,390

there we go so let's move on to the

1066

00:42:44,450 --> 00:42:42,960

questions that I have from you guys if

1067

00:42:46,370 --> 00:42:44,460

anybody else has any other questions

1068

00:42:48,890 --> 00:42:46,380

about anything

1069

00:42:52,670 --> 00:42:48,900

um I'll do my best to get to them so

1070

00:42:56,329 --> 00:42:52,680

first up Fifi Barbara or Barbara says

1071

00:42:59,630 --> 00:42:56,339

favorite book on the UFO subject man

1072

00:43:02,030 --> 00:42:59,640

really difficult really really difficult

1073

00:43:04,130 --> 00:43:02,040

the one thing I will say is I I can't

1074

00:43:05,930 --> 00:43:04,140

answer that with one book there are so

1075

00:43:07,609 --> 00:43:05,940

many influential books for me over the

1076

00:43:11,390 --> 00:43:07,619

past year or two

1077

00:43:14,150 --> 00:43:11,400

my my recommendation would be to go over

1078

00:43:18,050 --> 00:43:14,160

to Priscilla's channel so Quantum witch

1079

00:43:20,750 --> 00:43:18,060

Cafe check out UAP book club and look at

1080

00:43:23,809 --> 00:43:20,760

the books that we read last year and

1081

00:43:26,210 --> 00:43:23,819

we all give really good views on on the

1082

00:43:27,950 --> 00:43:26,220

a wide spectrum of topics within the UFO

1083

00:43:29,089 --> 00:43:27,960

subject you know we looked at all sorts

1084

00:43:31,970 --> 00:43:29,099

of different things from the books that

1085

00:43:34,309 --> 00:43:31,980

we read so I'm gonna kind of skip that

1086

00:43:35,809 --> 00:43:34,319

one a little bit

1087

00:43:37,010 --> 00:43:35,819

um the book I'm reading I'll tell you

1088

00:43:39,470 --> 00:43:37,020

what the book I'm reading at the moment

1089

00:43:41,569 --> 00:43:39,480

is earthlight Revelation by Paul

1090

00:43:45,050 --> 00:43:41,579

Devereaux so it's about

1091

00:43:46,250 --> 00:43:45,060

UFOs and Earth lights and that kind of

1092

00:43:48,829 --> 00:43:46,260

thing the kind of stuff that we're

1093

00:43:50,630 --> 00:43:48,839

studying in in Colombia as well so

1094

00:43:52,370 --> 00:43:50,640

that's a great book

1095

00:43:53,990 --> 00:43:52,380

um and I have to give a shout out

1096

00:43:56,569 --> 00:43:54,000

um a lot of you are aware that I

1097

00:44:00,890 --> 00:43:56,579

interviewed the 747 cargo pilots

1098

00:44:03,829 --> 00:44:00,900

Christian van Heist and in November and

1099

00:44:06,290 --> 00:44:03,839

since then Christian's been

1100

00:44:08,990 --> 00:44:06,300

let's say very um

1101
00:44:11,569 --> 00:44:09,000
ingrained in the UFO subject speaking

1102
00:44:14,450 --> 00:44:11,579
some very influential people which will

1103
00:44:16,010 --> 00:44:14,460
all become clear this year and I can't

1104
00:44:18,470 --> 00:44:16,020
wait because

1105
00:44:21,050 --> 00:44:18,480
that interview Broke Free a lot of

1106
00:44:22,370 --> 00:44:21,060
things for pilots and so I want to just

1107
00:44:24,230 --> 00:44:22,380
give a shout out because he sent me a

1108
00:44:26,690 --> 00:44:24,240
copy of his book which is called cargo

1109
00:44:29,809 --> 00:44:26,700
pilot and it's just amazing photography

1110
00:44:30,890 --> 00:44:29,819
taken from the cockpit of his 747. so I

1111
00:44:34,490 --> 00:44:30,900
wanted to give shout out to Christian

1112
00:44:35,990 --> 00:44:34,500
for for that as well so great book

1113
00:44:38,690 --> 00:44:36,000

thank you for that question Fifi I'm

1114

00:44:40,790 --> 00:44:38,700

sorry I kind of uh dodged that one

1115

00:44:42,230 --> 00:44:40,800

I don't you know favorite book is like

1116

00:44:44,450 --> 00:44:42,240

say a much favorite movie what's your

1117

00:44:47,630 --> 00:44:44,460

favorite song of all time I find those

1118

00:44:49,550 --> 00:44:47,640

really really difficult uh next up Paul

1119

00:44:51,050 --> 00:44:49,560

Morgan says any news on the search for

1120

00:44:52,510 --> 00:44:51,060

the photographers of the Caribbean

1121

00:44:54,829 --> 00:44:52,520

incident

1122

00:44:57,710 --> 00:44:54,839

I mean I think I've given a couple of

1123

00:44:59,270 --> 00:44:57,720

updates here briefly very very briefly

1124

00:45:02,390 --> 00:44:59,280

and on Instagram and I've done a few

1125

00:45:04,970 --> 00:45:02,400

Instagram lives I've had people asking

1126

00:45:08,210 --> 00:45:04,980

the same question we have been working

1127

00:45:09,770 --> 00:45:08,220

our butts off since the August since the

1128

00:45:11,450 --> 00:45:09,780

release of the Caribbean photograph to

1129

00:45:14,990 --> 00:45:11,460

track down the photographers

1130

00:45:16,550 --> 00:45:15,000

it is so difficult mainly because of the

1131

00:45:19,010 --> 00:45:16,560

time that's gone by you know we've had

1132

00:45:21,109 --> 00:45:19,020

people go up to archives in small

1133

00:45:23,690 --> 00:45:21,119

villages and towns in Scotland to flick

1134

00:45:26,870 --> 00:45:23,700

through physical documents from 30 years

1135

00:45:28,730 --> 00:45:26,880

ago to try and track down leads we

1136

00:45:30,470 --> 00:45:28,740

we then feel like we're making Headway

1137

00:45:33,770 --> 00:45:30,480

for a few weeks before hitting a brick

1138

00:45:35,950 --> 00:45:33,780

wall and then back to square one and

1139

00:45:41,030 --> 00:45:35,960

and

1140

00:45:43,490 --> 00:45:41,040

will just reiterate what I've said

1141

00:45:46,490 --> 00:45:43,500

before is that when and if we have any

1142

00:45:48,770 --> 00:45:46,500

major progress we will

1143

00:45:50,750 --> 00:45:48,780

provide an update on this channel with

1144

00:45:53,030 --> 00:45:50,760

Dr Clark and possibly the other guys in

1145

00:45:54,589 --> 00:45:53,040

the team but at this moment we don't we

1146

00:45:57,050 --> 00:45:54,599

can't give anything conclusive other

1147

00:45:59,030 --> 00:45:57,060

than the fact that it is ongoing

1148

00:46:01,970 --> 00:45:59,040

you know it took David

1149

00:46:03,109 --> 00:46:01,980

14 years to get to the photograph and

1150

00:46:05,210 --> 00:46:03,119

we're what

1151

00:46:07,309 --> 00:46:05,220

not even six months since it's been

1152

00:46:09,109 --> 00:46:07,319

released to get to get the

1153

00:46:11,089 --> 00:46:09,119

to who we want to talk to which is the

1154

00:46:12,530 --> 00:46:11,099

photographer so unfortunately these

1155

00:46:13,730 --> 00:46:12,540

things take time

1156

00:46:15,530 --> 00:46:13,740

um

1157

00:46:17,329 --> 00:46:15,540

that's all I can say I wish I could give

1158

00:46:19,250 --> 00:46:17,339

you more positive kind of answers than

1159

00:46:20,630 --> 00:46:19,260

that

1160

00:46:22,250 --> 00:46:20,640

I'm trying to think if I'm missing

1161

00:46:24,230 --> 00:46:22,260

anything because like I said there have

1162

00:46:26,510 --> 00:46:24,240

been so many leads that we've and

1163

00:46:29,150 --> 00:46:26,520

avenues we've spoken to people that knew

1164

00:46:30,770 --> 00:46:29,160

the photographers

1165

00:46:34,970 --> 00:46:30,780

there are there are so many little

1166

00:46:37,430 --> 00:46:34,980

nuanced weird aspects to this story that

1167

00:46:40,370 --> 00:46:37,440

you write a book on it it's not just

1168

00:46:42,170 --> 00:46:40,380

straightforward it's it's like a a crime

1169

00:46:44,270 --> 00:46:42,180

scene drama series you'd see on

1170

00:46:45,589 --> 00:46:44,280

mainstream TV or something it's so

1171

00:46:47,510 --> 00:46:45,599

bizarre

1172

00:46:49,309 --> 00:46:47,520

uh but that's neither here nor there

1173

00:46:50,870 --> 00:46:49,319

when it comes to what we want and in the

1174

00:46:53,270 --> 00:46:50,880

UFO subjects and that's kind of answers

1175

00:46:55,130 --> 00:46:53,280

from Witnesses and photographs blah blah

1176

00:46:59,870 --> 00:46:55,140

blah so

1177

00:47:11,150 --> 00:47:03,109

resi tuber says who is the most credible

1178

00:47:15,829 --> 00:47:13,730

how do you define credibility does

1179

00:47:17,450 --> 00:47:15,839

credibility is that backed up by

1180

00:47:18,950 --> 00:47:17,460

evidence as in

1181

00:47:24,589 --> 00:47:18,960

data

1182

00:47:26,870 --> 00:47:24,599

UFO subject we talk about military

1183

00:47:29,390 --> 00:47:26,880

Witnesses and there's radar data and

1184

00:47:31,010 --> 00:47:29,400

sensor systems but

1185

00:47:33,410 --> 00:47:31,020

maybe you guys can help me in the chat

1186

00:47:37,190 --> 00:47:34,910

who do you think's the most credible

1187

00:47:41,990 --> 00:47:37,200

person that I've spoken to

1188

00:47:42,000 --> 00:47:48,050

because I don't know

1189

00:47:54,530 --> 00:47:50,329

credible

1190

00:47:56,510 --> 00:47:54,540

people in 2022

1191

00:47:58,790 --> 00:47:56,520

you know I spoke to Avi lobe a few times

1192

00:48:02,770 --> 00:47:58,800

I think he's credible Harvard Professor

1193

00:48:07,849 --> 00:48:05,569

luellizondo I mean

1194

00:48:09,589 --> 00:48:07,859

James Fox I mean

1195

00:48:11,390 --> 00:48:09,599

it's what's credible to me might not be

1196

00:48:12,710 --> 00:48:11,400

credible to someone else and you know I

1197

00:48:14,870 --> 00:48:12,720

don't want to obviously get involved in

1198

00:48:15,770 --> 00:48:14,880

that kind of argument or conversation

1199

00:48:17,150 --> 00:48:15,780

but

1200

00:48:19,910 --> 00:48:17,160

I've been lucky enough to speak to some

1201
00:48:21,589 --> 00:48:19,920
of the best people in this subject and I

1202
00:48:23,329 --> 00:48:21,599
never really

1203
00:48:25,010 --> 00:48:23,339
you can see how bad with what's your

1204
00:48:26,450 --> 00:48:25,020
best book who's your best this who's

1205
00:48:30,470 --> 00:48:26,460
your but don't ask me those questions

1206
00:48:34,490 --> 00:48:32,329
so yeah I guess the ones I've named that

1207
00:48:37,069 --> 00:48:34,500
you know Gary the Gary Nolans the Avi

1208
00:48:39,530 --> 00:48:37,079
lobes and and people like that you know

1209
00:48:42,050 --> 00:48:39,540
I'm just

1210
00:48:43,910 --> 00:48:42,060
David Marla that's a good one I just saw

1211
00:48:46,490 --> 00:48:43,920
Diego Diaz says have you considered into

1212
00:48:49,069 --> 00:48:46,500
David Marler I have I've interviewed

1213
00:48:51,230 --> 00:48:49,079

David Marler I interviewed him

1214

00:48:53,750 --> 00:48:51,240

I think it was about summertime 2022

1215

00:48:55,430 --> 00:48:53,760

Diego go and check it out on this

1216

00:48:57,589 --> 00:48:55,440

channel it was an incredible again that

1217

00:48:59,390 --> 00:48:57,599

was one of my favorite interviews and I

1218

00:49:01,550 --> 00:48:59,400

hate saying that because I don't want to

1219

00:49:04,010 --> 00:49:01,560

make anybody think that their interviews

1220

00:49:05,809 --> 00:49:04,020

weren't as good but David is a I'm a big

1221

00:49:06,710 --> 00:49:05,819

fan of his work and have been for a long

1222

00:49:08,630 --> 00:49:06,720

time

1223

00:49:10,490 --> 00:49:08,640

for years back from when I was just

1224

00:49:11,930 --> 00:49:10,500

doing research behind the scenes before

1225

00:49:14,210 --> 00:49:11,940

I even became

1226
00:49:15,890 --> 00:49:14,220
known in this subject in any way shape

1227
00:49:17,930 --> 00:49:15,900
or form David Marla was a huge

1228
00:49:19,609 --> 00:49:17,940
inspiration so to have an interview with

1229
00:49:21,589 --> 00:49:19,619
him was a was an honor

1230
00:49:25,190 --> 00:49:21,599
um so yeah

1231
00:49:27,230 --> 00:49:25,200
there we go uh

1232
00:49:28,670 --> 00:49:27,240
Zach Wallace says how soon do you expect

1233
00:49:32,690 --> 00:49:28,680
to start hearing details about

1234
00:49:34,250 --> 00:49:32,700
whistleblower testimony to Arrow uh to

1235
00:49:37,849 --> 00:49:34,260
be brutally honest

1236
00:49:40,490 --> 00:49:37,859
if at all not for a long time the

1237
00:49:42,230 --> 00:49:40,500
language in the ndaa really sort of

1238
00:49:45,230 --> 00:49:42,240

spoke to people being able to come

1239

00:49:47,930 --> 00:49:45,240

forward to the committee's privately you

1240

00:49:51,050 --> 00:49:47,940

know behind closed doors in in that kind

1241

00:49:53,089 --> 00:49:51,060

of closed setting aspect so

1242

00:49:55,069 --> 00:49:53,099

to hear anything from it from the public

1243

00:49:56,870 --> 00:49:55,079

officially

1244

00:50:00,410 --> 00:49:56,880

I'm not putting any hope in that in

1245

00:50:03,530 --> 00:50:00,420

anytime soon possibly not even for a few

1246

00:50:05,930 --> 00:50:03,540

years I don't know I I don't like to be

1247

00:50:08,270 --> 00:50:05,940

that kind of negative person I'm usually

1248

00:50:11,690 --> 00:50:08,280

quite positive but based on the language

1249

00:50:12,890 --> 00:50:11,700

and the 33 pages of UAP related

1250

00:50:15,170 --> 00:50:12,900

um

1251
00:50:16,490 --> 00:50:15,180
content in the ndaa I just don't see

1252
00:50:19,250 --> 00:50:16,500
anything like that becoming public

1253
00:50:21,290 --> 00:50:19,260
anytime soon officially not to say it

1254
00:50:23,150 --> 00:50:21,300
won't come out by leaks and stuff but

1255
00:50:25,550 --> 00:50:23,160
the thing is with leaks is that you

1256
00:50:29,450 --> 00:50:25,560
can't verify them because they're leaks

1257
00:50:32,510 --> 00:50:29,460
so I I hope that answers your question

1258
00:50:35,390 --> 00:50:32,520
next question Jos says Vinnie Lu

1259
00:50:38,089 --> 00:50:35,400
Elizondo said that 2023 will bring a

1260
00:50:42,470 --> 00:50:38,099
breakthrough but not 100 disclosure any

1261
00:50:45,530 --> 00:50:42,480
inside info on this from him uh

1262
00:50:48,950 --> 00:50:45,540
no there's no inside info I am lucky

1263
00:50:50,390 --> 00:50:48,960

enough to speak to Lou on a very regular

1264

00:50:52,490 --> 00:50:50,400

basis

1265

00:50:54,829 --> 00:50:52,500

um

1266

00:50:57,109 --> 00:50:54,839

there's nothing other than that that he

1267

00:50:58,190 --> 00:50:57,119

said to me that it's you know I'm just

1268

00:50:59,870 --> 00:50:58,200

going to be happy with the fact that

1269

00:51:01,309 --> 00:50:59,880

we're going to keep continue progressing

1270

00:51:04,250 --> 00:51:01,319

this subject

1271

00:51:06,109 --> 00:51:04,260

in in the new you know in this year 2023

1272

00:51:08,329 --> 00:51:06,119

is you know

1273

00:51:09,890 --> 00:51:08,339

I'm starting to learn to stop relying on

1274

00:51:11,510 --> 00:51:09,900

and focusing so much on this government

1275

00:51:13,329 --> 00:51:11,520

aspect you know that's something that I

1276

00:51:15,650 --> 00:51:13,339

really put a lot of weight in in 2022

1277

00:51:17,690 --> 00:51:15,660

this year not so much I'm going to be

1278

00:51:18,890 --> 00:51:17,700

focused on a lot more aspects

1279

00:51:20,690 --> 00:51:18,900

um

1280

00:51:22,190 --> 00:51:20,700

there's a lot of new studies coming soon

1281

00:51:24,530 --> 00:51:22,200

as well which are going to be announced

1282

00:51:26,630 --> 00:51:24,540

from people that I know on other aspects

1283

00:51:28,010 --> 00:51:26,640

of the phenomena which I think I'm going

1284

00:51:29,630 --> 00:51:28,020

to try and sort of get involved in as

1285

00:51:33,230 --> 00:51:29,640

well I'm so I'm spreading my wings even

1286

00:51:36,109 --> 00:51:33,240

further this year to not just sit and

1287

00:51:38,089 --> 00:51:36,119

wait for one thing to happen that there

1288

00:51:39,470 --> 00:51:38,099

are multiple avenues that I could be

1289

00:51:41,750 --> 00:51:39,480

working on because

1290

00:51:43,790 --> 00:51:41,760

nobody likes a quiet period in this

1291

00:51:45,950 --> 00:51:43,800

subject it's boring it's frustrating

1292

00:51:48,109 --> 00:51:45,960

when there's down time and like when

1293

00:51:50,270 --> 00:51:48,119

something gonna happen so what I've

1294

00:51:51,770 --> 00:51:50,280

decided to do is just if I can't do

1295

00:51:53,690 --> 00:51:51,780

anything on this I'm going to do

1296

00:51:54,650 --> 00:51:53,700

something with this if I go and do

1297

00:51:56,089 --> 00:51:54,660

something with this I'm going to do

1298

00:51:57,770 --> 00:51:56,099

something do you see what I mean I want

1299

00:52:01,730 --> 00:51:57,780

to keep working in all in multiple

1300

00:52:01,740 --> 00:52:03,950

yeah

1301

00:52:10,430 --> 00:52:06,349

fingers in uh

1302

00:52:13,069 --> 00:52:10,440

multiple pies as they say here in the UK

1303

00:52:18,650 --> 00:52:13,079

uh

1304

00:52:23,089 --> 00:52:18,660

thank you for all you do what do you

1305

00:52:24,589 --> 00:52:23,099

think will come of the new ndaa in 2023

1306

00:52:25,849 --> 00:52:24,599

pretty much kind of similar to what I

1307

00:52:29,150 --> 00:52:25,859

said I don't think we're going to learn

1308

00:52:31,549 --> 00:52:29,160

too much publicly but the fact that

1309

00:52:34,370 --> 00:52:31,559

Congress who have been

1310

00:52:37,430 --> 00:52:34,380

asking for information for the past year

1311

00:52:40,010 --> 00:52:37,440

or two with previous ndaa

1312

00:52:42,290 --> 00:52:40,020

uh

1313

00:52:43,849 --> 00:52:42,300

legislation they've been asking in you

1314

00:52:46,130 --> 00:52:43,859

know I think it's three years in in a

1315

00:52:48,589 --> 00:52:46,140

row now we've had UFO language UAP

1316

00:52:50,329 --> 00:52:48,599

language in the ndaa so

1317

00:52:51,770 --> 00:52:50,339

as long as that keeps progressing and

1318

00:52:54,230 --> 00:52:51,780

the people in Congress are starting to

1319

00:52:56,510 --> 00:52:54,240

get people talking to them uh about

1320

00:52:57,829 --> 00:52:56,520

what's been going on you know this year

1321

00:53:00,230 --> 00:52:57,839

they've really asked again a lot they're

1322

00:53:03,109 --> 00:53:00,240

asking to the RO office to start looking

1323

00:53:04,430 --> 00:53:03,119

into stuff going back as far as 1945 I

1324

00:53:07,910 --> 00:53:04,440

mean

1325

00:53:09,470 --> 00:53:07,920

if we get anything it'll be good or not

1326

00:53:11,930 --> 00:53:09,480

so much we if we get anything but if

1327

00:53:14,930 --> 00:53:11,940

Congress gets something then it's a good

1328

00:53:16,609 --> 00:53:14,940

thing it's just progression I still

1329

00:53:18,829 --> 00:53:16,619

always think to the the statement that

1330

00:53:20,870 --> 00:53:18,839

luellenzondo says is that if you can't

1331

00:53:22,970 --> 00:53:20,880

be patient come back in five years and

1332

00:53:24,470 --> 00:53:22,980

I'm willing to wait another five years I

1333

00:53:27,770 --> 00:53:24,480

know people then say yeah but we've been

1334

00:53:29,809 --> 00:53:27,780

waiting 75 80 years well we have as a

1335

00:53:31,970 --> 00:53:29,819

community I haven't

1336

00:53:34,010 --> 00:53:31,980

it's all good you know everyone's

1337

00:53:36,290 --> 00:53:34,020

different in their threshold and levels

1338

00:53:38,390 --> 00:53:36,300

of patience I can wait a little bit

1339

00:53:39,530 --> 00:53:38,400

longer

1340

00:53:41,270 --> 00:53:39,540

um

1341

00:53:43,910 --> 00:53:41,280

it's frustrating for some more than

1342

00:53:47,390 --> 00:53:43,920

others I get it this subject isn't the

1343

00:53:51,049 --> 00:53:49,010

it so

1344

00:53:52,910 --> 00:53:51,059

it is what it is

1345

00:53:54,109 --> 00:53:52,920

everyone's different everyone's opinion

1346

00:53:56,150 --> 00:53:54,119

is different and this is what I keep

1347

00:53:58,549 --> 00:53:56,160

realizing I had a really really

1348

00:54:00,890 --> 00:53:58,559

interesting um

1349

00:54:02,210 --> 00:54:00,900

thread on Instagram earlier I was

1350

00:54:03,430 --> 00:54:02,220

talking about exactly the same thing

1351

00:54:05,930 --> 00:54:03,440

it's like

1352

00:54:07,970 --> 00:54:05,940

I've spoken to so many people in this

1353

00:54:10,309 --> 00:54:07,980

subject not just on on my channel but

1354

00:54:12,530 --> 00:54:10,319

privately that you realize that very

1355

00:54:14,630 --> 00:54:12,540

very few people have the same outlook on

1356

00:54:15,650 --> 00:54:14,640

this subject and that the only way that

1357

00:54:17,510 --> 00:54:15,660

we can move forward is just by

1358

00:54:19,490 --> 00:54:17,520

respecting the differences of opinion in

1359

00:54:21,109 --> 00:54:19,500

this subject and the moment we start

1360

00:54:22,970 --> 00:54:21,119

eating ourselves alive from the inside

1361

00:54:25,370 --> 00:54:22,980

like we see on Twitter all the time

1362

00:54:27,770 --> 00:54:25,380

that's that's that's when failure starts

1363

00:54:30,290 --> 00:54:27,780

to happen we fail as researchers we fail

1364

00:54:32,210 --> 00:54:30,300

as human beings you know

1365

00:54:34,250 --> 00:54:32,220

difference of opinion happen in every

1366

00:54:36,589 --> 00:54:34,260

aspect of our life

1367

00:54:42,170 --> 00:54:36,599

why can't people realize that I find it

1368

00:54:45,410 --> 00:54:42,180

crazy but here we are here we are

1369

00:54:48,230 --> 00:54:45,420

um last question I've got here is from

1370

00:54:51,170 --> 00:54:48,240

vorak any behind the scenes words on any

1371

00:54:53,210 --> 00:54:51,180

new documentaries in the work

1372

00:54:55,130 --> 00:54:53,220

it's a good question I hear about things

1373

00:54:57,049 --> 00:54:55,140

all the time but

1374

00:54:58,490 --> 00:54:57,059

people like to talk don't they oh I'm

1375

00:55:00,290 --> 00:54:58,500

making a documentary there's this coming

1376
00:55:02,390 --> 00:55:00,300
out and that and until I see something

1377
00:55:04,130 --> 00:55:02,400
or you know you I

1378
00:55:07,069 --> 00:55:04,140
you know James Fox has announced he's

1379
00:55:08,630 --> 00:55:07,079
working on something new already

1380
00:55:10,609 --> 00:55:08,640
um

1381
00:55:13,430 --> 00:55:10,619
there's always something in the works

1382
00:55:15,890 --> 00:55:13,440
this the Leslie Kane documentary series

1383
00:55:17,809 --> 00:55:15,900
that was meant to air on CNN

1384
00:55:19,910 --> 00:55:17,819
in I think that was meant to be a in

1385
00:55:21,829 --> 00:55:19,920
late 2022 which I think is now not even

1386
00:55:24,109 --> 00:55:21,839
going to go out on CNN it's going to be

1387
00:55:26,510 --> 00:55:24,119
out on another Network or

1388
00:55:29,210 --> 00:55:26,520

streaming service or something in 2023

1389

00:55:29,870 --> 00:55:29,220

that that's going to be interesting

1390

00:55:32,150 --> 00:55:29,880

um

1391

00:55:34,130 --> 00:55:32,160

now my focus is on phenomenology

1392

00:55:35,870 --> 00:55:34,140

obviously that's all I really know about

1393

00:55:37,790 --> 00:55:35,880

oh wait

1394

00:55:40,670 --> 00:55:37,800

that's reminded me I did an interview

1395

00:55:42,170 --> 00:55:40,680

with UK researcher Paul Sinclair

1396

00:55:45,349 --> 00:55:42,180

um he's working on a documentary called

1397

00:55:49,670 --> 00:55:45,359

wolf lands which is going to be out

1398

00:55:50,270 --> 00:55:49,680

early 2023 Springtime maybe

1399

00:55:52,130 --> 00:55:50,280

um

1400

00:55:53,329 --> 00:55:52,140

that's going to be an interesting that's

1401
00:55:55,490 --> 00:55:53,339
for sure

1402
00:55:57,650 --> 00:55:55,500
uh so yeah you know

1403
00:55:58,849 --> 00:55:57,660
there's always always stuff to keep us

1404
00:56:02,030 --> 00:55:58,859
uh

1405
00:56:06,170 --> 00:56:03,109
so yeah

1406
00:56:09,109 --> 00:56:06,180
you know I'm surprised I managed 55 56

1407
00:56:10,609 --> 00:56:09,119
minutes doing this solo show I am not

1408
00:56:12,950 --> 00:56:10,619
one for

1409
00:56:15,049 --> 00:56:12,960
this kind of stuff I get nervous I get

1410
00:56:16,430 --> 00:56:15,059
anxiety

1411
00:56:18,170 --> 00:56:16,440
um you guys have been awesome in the

1412
00:56:20,089 --> 00:56:18,180
live chat I really do appreciate great

1413
00:56:22,010 --> 00:56:20,099

questions

1414

00:56:23,270 --> 00:56:22,020

um

1415

00:56:26,270 --> 00:56:23,280

yeah

1416

00:56:27,890 --> 00:56:26,280

I'm sorry if I missed a lot of your

1417

00:56:29,510 --> 00:56:27,900

I'm just gonna say here like have you

1418

00:56:32,870 --> 00:56:29,520

seen the moment of contact documentary

1419

00:56:34,370 --> 00:56:32,880

what do you think absolutely yeah I'm

1420

00:56:35,809 --> 00:56:34,380

lucky enough to be in a position now

1421

00:56:37,250 --> 00:56:35,819

where I get to see most documentaries

1422

00:56:40,250 --> 00:56:37,260

and I thought moment of contact was

1423

00:56:42,049 --> 00:56:40,260

great it James went out to Brazil he

1424

00:56:43,970 --> 00:56:42,059

interviewed a load of people he put it

1425

00:56:46,010 --> 00:56:43,980

in a documentary and presented it to the

1426
00:56:47,990 --> 00:56:46,020
world everyone can take from that what

1427
00:56:50,210 --> 00:56:48,000
they want people saying that he's a

1428
00:56:52,370 --> 00:56:50,220
grifter or he's he's not giving us

1429
00:56:54,890 --> 00:56:52,380
anything new I don't care about that I

1430
00:56:57,109 --> 00:56:54,900
found it interesting

1431
00:57:01,270 --> 00:56:57,119
um he's getting out there he's doing the

1432
00:57:06,770 --> 00:57:04,069
inspiring and then luckily I've spoken

1433
00:57:09,829 --> 00:57:06,780
to James and he's just a cool guy

1434
00:57:11,390 --> 00:57:09,839
just a cool guy so yeah and the thing

1435
00:57:12,710 --> 00:57:11,400
one thing as I will say as well is that

1436
00:57:14,450 --> 00:57:12,720
it's really good I try and watch

1437
00:57:18,710 --> 00:57:14,460
everything I can on this subject whether

1438
00:57:21,829 --> 00:57:18,720

it be from stuff that is considered

1439

00:57:23,390 --> 00:57:21,839

not good and I watch the good stuff I I

1440

00:57:25,370 --> 00:57:23,400

like to have a

1441

00:57:27,290 --> 00:57:25,380

an overall picture of everything that's

1442

00:57:29,270 --> 00:57:27,300

happening in this subject so you've got

1443

00:57:31,910 --> 00:57:29,280

to take the bad with the good you've got

1444

00:57:34,730 --> 00:57:31,920

to watch the bad and watch the good

1445

00:57:37,849 --> 00:57:34,740

if you only focus on this and and you

1446

00:57:40,190 --> 00:57:37,859

never focus on this other side and how

1447

00:57:42,890 --> 00:57:40,200

are you ever going to have a

1448

00:57:46,130 --> 00:57:42,900

a good overview of the entire subject

1449

00:58:01,329 --> 00:57:49,609

so

1450

00:58:05,569 --> 00:58:03,470

I just saw this where'd you get all

1451
00:58:07,609 --> 00:58:05,579
those dope threads your field wardrobe

1452
00:58:10,130 --> 00:58:07,619
is a specially fire up

1453
00:58:11,809 --> 00:58:10,140
takes months of prep J it takes months

1454
00:58:13,849 --> 00:58:11,819
of preparation you've got to look good

1455
00:58:15,410 --> 00:58:13,859
on the camera and I'm absolutely kidding

1456
00:58:17,290 --> 00:58:15,420
man

1457
00:58:20,930 --> 00:58:17,300
there's something to be said for plain

1458
00:58:23,030 --> 00:58:20,940
tops plain tops

1459
00:58:26,329 --> 00:58:23,040
go plane

1460
00:58:28,190 --> 00:58:26,339
that's that's my secret oh that's

1461
00:58:29,569 --> 00:58:28,200
hilarious good to see you Jay man I

1462
00:58:31,970 --> 00:58:29,579
think you just did a show with Sean

1463
00:58:33,290 --> 00:58:31,980

which I'm going to go and check out uh

1464

00:58:35,089 --> 00:58:33,300

later on

1465

00:58:36,470 --> 00:58:35,099

but listen guys we've we're just

1466

00:58:38,569 --> 00:58:36,480

literally coming up to an hour I just

1467

00:58:42,589 --> 00:58:38,579

wanted to do a bit more of a a

1468

00:58:46,849 --> 00:58:42,599

light-hearted kind of start to the year

1469

00:58:48,530 --> 00:58:46,859

um on this channel you know uh

1470

00:58:50,750 --> 00:58:48,540

I'm looking forward to another great

1471

00:58:52,730 --> 00:58:50,760

year I don't know what to do

1472

00:58:54,770 --> 00:58:52,740

maybe you guys can answer this that you

1473

00:58:56,690 --> 00:58:54,780

know I've been doing

1474

00:58:58,370 --> 00:58:56,700

interviews and nothing pretty much

1475

00:59:00,770 --> 00:58:58,380

nothing but interviews on this channel

1476

00:59:02,690 --> 00:59:00,780

since I started it and I kind of like to

1477

00:59:04,190 --> 00:59:02,700

do more stuff on this channel but I

1478

00:59:07,910 --> 00:59:04,200

don't know what to do

1479

00:59:10,910 --> 00:59:07,920

I don't have the time to spend a week or

1480

00:59:13,190 --> 00:59:10,920

two or longer researching a specific UFO

1481

00:59:14,450 --> 00:59:13,200

case to then present it as a video on

1482

00:59:16,370 --> 00:59:14,460

this channel

1483

00:59:17,750 --> 00:59:16,380

so

1484

00:59:20,210 --> 00:59:17,760

I don't know what do you think maybe I

1485

00:59:21,530 --> 00:59:20,220

should look for a co-host

1486

00:59:24,109 --> 00:59:21,540

that's something I've been thinking

1487

00:59:25,910 --> 00:59:24,119

about for a while now is it time to you

1488

00:59:28,069 --> 00:59:25,920

know Sean Rash did it we got the the

1489

00:59:30,349 --> 00:59:28,079

wonderful J Christopher King

1490

00:59:32,030 --> 00:59:30,359

as the co-host Ryan Sprague did it last

1491

00:59:34,069 --> 00:59:32,040

year he got Chrissy Newton in as a

1492

00:59:37,609 --> 00:59:34,079

co-host

1493

00:59:41,030 --> 00:59:37,619

maybe it's time for me to kind of uh

1494

00:59:44,089 --> 00:59:41,040

to do that as well so

1495

00:59:47,329 --> 00:59:44,099

hmm interesting

1496

00:59:50,030 --> 00:59:47,339

I want to do it it's just finding uh

1497

00:59:51,829 --> 00:59:50,040

finding the right person

1498

00:59:53,870 --> 00:59:51,839

Carolina says we want more of these

1499

00:59:56,089 --> 00:59:53,880

Vinnie seriously did you not see how

1500

01:00:00,170 --> 00:59:56,099

nervous and that that I was through the

1501
01:00:03,950 --> 01:00:02,089
I felt really awkward through that whole

1502
01:00:06,049 --> 01:00:03,960
hour as much as I enjoyed it and talking

1503
01:00:09,170 --> 01:00:06,059
about it I don't feel natural like I'm

1504
01:00:13,849 --> 01:00:09,180
I'm not a natural host of a solo panel

1505
01:00:15,410 --> 01:00:13,859
like a solo show I normally have I get a

1506
01:00:17,270 --> 01:00:15,420
question then I get to sit back and wait

1507
01:00:19,490 --> 01:00:17,280
while the the guest answers for like

1508
01:00:21,950 --> 01:00:19,500
five minutes you know

1509
01:00:23,990 --> 01:00:21,960
um but thank you I mean it's nice to

1510
01:00:25,970 --> 01:00:24,000
know that you guys are

1511
01:00:27,410 --> 01:00:25,980
saying those cool things and nice things

1512
01:00:35,450 --> 01:00:27,420
so

1513
01:00:39,650 --> 01:00:37,069

Awakening to reality says good to push

1514

01:00:41,450 --> 01:00:39,660

your comfort zone absolutely

1515

01:00:43,069 --> 01:00:41,460

absolutely I mean the whole Channel

1516

01:00:44,770 --> 01:00:43,079

started because I went out in my comfort

1517

01:00:47,809 --> 01:00:44,780

zone

1518

01:00:50,150 --> 01:00:47,819

uh I'm not gonna bring up all your kind

1519

01:00:52,190 --> 01:00:50,160

comments because I don't you know

1520

01:00:55,850 --> 01:00:52,200

I don't want to cringe at that that ego

1521

01:01:00,230 --> 01:00:55,860

boost but thank you guys

1522

01:01:00,240 --> 01:01:04,569

oh Ashley Ashley Ashley

1523

01:01:09,349 --> 01:01:06,770

and you stepped way less of the good

1524

01:01:10,430 --> 01:01:09,359

stuff tonight too more focused I guess

1525

01:01:16,309 --> 01:01:10,440

so

1526

01:01:18,650 --> 01:01:16,319

of sit back and like yeah yeah have a

1527

01:01:20,690 --> 01:01:18,660

little sippity sippy sippy

1528

01:01:25,010 --> 01:01:20,700

uh

1529

01:01:26,510 --> 01:01:25,020

Point that's where you grow out of your

1530

01:01:27,770 --> 01:01:26,520

comfort zone cheers Vinnie thank you

1531

01:01:30,289 --> 01:01:27,780

your name and that's right you know

1532

01:01:32,150 --> 01:01:30,299

maybe I do another one of these I do a

1533

01:01:33,490 --> 01:01:32,160

five of these and then ten of these you

1534

01:01:35,690 --> 01:01:33,500

know

1535

01:01:37,250 --> 01:01:35,700

you guys that's this is the thing you

1536

01:01:38,930 --> 01:01:37,260

guys are so inspirational thank you so

1537

01:01:41,210 --> 01:01:38,940

much it gives me food for thought going

1538

01:01:43,010 --> 01:01:41,220

forward because

1539

01:01:44,930 --> 01:01:43,020

there are so many channels out there

1540

01:01:46,130 --> 01:01:44,940

doing the the interviews of all the big

1541

01:01:49,309 --> 01:01:46,140

names and

1542

01:01:51,289 --> 01:01:49,319

I love love having those opportunities

1543

01:01:53,089 --> 01:01:51,299

but I don't want to get lost in that

1544

01:01:54,710 --> 01:01:53,099

it's just another show doing an

1545

01:01:56,329 --> 01:01:54,720

interview with the same Talking Heads I

1546

01:01:59,150 --> 01:01:56,339

don't want to get lost in that so I want

1547

01:01:59,930 --> 01:01:59,160

to evolve into something else

1548

01:02:01,970 --> 01:01:59,940

um

1549

01:02:03,230 --> 01:02:01,980

which is difficult because what else can

1550

01:02:05,410 --> 01:02:03,240

you talk about in the UFO Community

1551
01:02:08,510 --> 01:02:05,420
besides speaking with you know

1552
01:02:10,849 --> 01:02:08,520
experienced researchers experiences and

1553
01:02:12,170 --> 01:02:10,859
other people in the field and

1554
01:02:13,730 --> 01:02:12,180
you know

1555
01:02:16,250 --> 01:02:13,740
you look there's a lot of channels that

1556
01:02:17,870 --> 01:02:16,260
do solo content but

1557
01:02:19,250 --> 01:02:17,880
I don't know I didn't think I had it in

1558
01:02:27,530 --> 01:02:19,260
me

1559
01:02:29,390 --> 01:02:27,540
red wine line

1560
01:02:31,010 --> 01:02:29,400
I need to stop drinking

1561
01:02:32,450 --> 01:02:31,020
I certainly don't have a problem but

1562
01:02:34,130 --> 01:02:32,460
it's not the best thing to be known for

1563
01:02:36,530 --> 01:02:34,140

is it alcohol

1564

01:02:38,390 --> 01:02:36,540

ah it's all good it's all good

1565

01:02:41,150 --> 01:02:38,400

so guys look we've just hit an hour and

1566

01:02:42,789 --> 01:02:41,160

two minutes I I'm gonna um I'm gonna end

1567

01:02:45,710 --> 01:02:42,799

the show here

1568

01:02:47,750 --> 01:02:45,720

and I'm actually gonna head over back

1569

01:02:49,849 --> 01:02:47,760

over to Instagram and do another

1570

01:02:51,829 --> 01:02:49,859

Instagram live

1571

01:02:54,890 --> 01:02:51,839

so if you're interested and you're here

1572

01:02:58,010 --> 01:02:54,900

now do that if not and you're listening

1573

01:03:00,170 --> 01:02:58,020

or watching this after the fact

1574

01:03:02,510 --> 01:03:00,180

then thank you so much I really do

1575

01:03:05,329 --> 01:03:02,520

appreciate everything I hope to bring

1576

01:03:07,190 --> 01:03:05,339

you some amazing amazing content in 2023

1577

01:03:10,430 --> 01:03:07,200

but all I can say is that I'll do my

1578

01:03:13,130 --> 01:03:10,440

best and that's all I can do I um pride

1579

01:03:16,130 --> 01:03:13,140

myself on putting in the effort

1580

01:03:18,109 --> 01:03:16,140

and if somebody else likes it then yeah

1581

01:03:20,210 --> 01:03:18,119

if just one person likes it then I'm

1582

01:03:22,069 --> 01:03:20,220

happy so thank you guys and happy New

1583

01:03:24,950 --> 01:03:22,079

Year I hope you all had a great

1584

01:03:27,470 --> 01:03:24,960

Christmas and that January is a is good

1585

01:03:28,849 --> 01:03:27,480

for you going into the the busy year and

1586

01:03:32,150 --> 01:03:28,859

an exciting year that I think we're

1587

01:03:34,010 --> 01:03:32,160

gonna have so guys thank you so much I'm

1588

01:03:36,410 --> 01:03:34,020

gonna end it with my new little intro

1589

01:03:38,569 --> 01:03:36,420

and I will hopefully see some of you on

1590

01:03:40,730 --> 01:03:38,579

Instagram if not I'll be back next week

1591

01:03:43,069 --> 01:03:40,740

with Cheryl Lynn Carter to talk about

1592

01:03:45,589 --> 01:03:43,079

her work around a Skinwalker Ranch and

1593

01:03:51,530 --> 01:03:45,599

remote viewing so if I don't see you I

1594

01:03:58,030 --> 01:03:54,040

foreign

1595

01:04:01,010 --> 01:03:58,040

[Music]

1596

01:04:03,890 --> 01:04:01,020

they were complex narratives of being

1597

01:04:07,870 --> 01:04:03,900

taken by alien beings into UFOs on beams

1598

01:04:18,530 --> 01:04:10,730

the Air Force is trying to cover up with

1599

01:04:23,450 --> 01:04:20,930

from my own point of view I'm going to

1600

01:04:25,250 --> 01:04:23,460

be very disappointed if UFOs turn out to

1601

01:04:26,510 --> 01:04:25,260

be nothing more than visit us from

1602

01:04:30,170 --> 01:04:26,520

another planet because I think there
