

Phenomenology

Season 2 Behind the Scenes with Dan Zetterstrom

**DISCLOSURE
TEAM**

1
00:00:33,430 --> 00:00:23,290

[Music]

2
00:00:37,790 --> 00:00:36,350
this is so weird it's been like three

3
00:00:40,490 --> 00:00:37,800
weeks since I've done a video on this

4
00:00:41,869 --> 00:00:40,500
channel obviously been in Colombia feels

5
00:00:43,490 --> 00:00:41,879
a little bit strange but I'm excited to

6
00:00:45,830 --> 00:00:43,500
be back and I thought we would start

7
00:00:47,690 --> 00:00:45,840
with just something a little bit mellow

8
00:00:48,529 --> 00:00:47,700
you know no interview it's just me and

9
00:00:50,510 --> 00:00:48,539
Dan

10
00:00:53,690 --> 00:00:50,520
checking out our kind of holiday photos

11
00:00:55,369 --> 00:00:53,700
as you wear so I'll you know if you if

12
00:00:57,529 --> 00:00:55,379
you're expecting a big hard-hitting

13
00:00:59,330 --> 00:00:57,539

interview or lots of information on a

14

00:01:01,310 --> 00:00:59,340

case or UFOs this isn't going to be the

15

00:01:03,229 --> 00:01:01,320

video for you this is just going to be

16

00:01:04,609 --> 00:01:03,239

us having fun reminiscing showing some

17

00:01:06,590 --> 00:01:04,619

of the cool stuff that we got up to

18

00:01:09,410 --> 00:01:06,600

behind the scenes while filming

19

00:01:11,570 --> 00:01:09,420

phenomenology season two

20

00:01:13,730 --> 00:01:11,580

um and I'll also say that we are not

21

00:01:15,170 --> 00:01:13,740

allowed to share kind of some of the

22

00:01:17,630 --> 00:01:15,180

investigative stuff that we did

23

00:01:22,130 --> 00:01:17,640

obviously we want to kind of save that

24

00:01:23,990 --> 00:01:22,140

for the season premiere in June so let's

25

00:01:26,570 --> 00:01:24,000

um I've got a few things to talk about

26
00:01:28,190 --> 00:01:26,580
before we share the photos and stuff so

27
00:01:30,770 --> 00:01:28,200
first of all I'm going to bring in Dan

28
00:01:34,090 --> 00:01:30,780
so please welcome

29
00:01:37,749 --> 00:01:34,100
Dan you're mute by the way

30
00:01:39,710 --> 00:01:37,759
I'm sorry I was on mute classic

31
00:01:41,690 --> 00:01:39,720
glad to be here thank you for having me

32
00:01:42,890 --> 00:01:41,700
man it's nice to it's nice to have to be

33
00:01:44,690 --> 00:01:42,900
back like

34
00:01:46,310 --> 00:01:44,700
first you're back technically and like

35
00:01:48,590 --> 00:01:46,320
you said we just get to chill and relax

36
00:01:50,510 --> 00:01:48,600
and I see you have a new background

37
00:01:52,190 --> 00:01:50,520
I do yeah you know I've been using a

38
00:01:54,530 --> 00:01:52,200

green screen since for the entire time

39

00:01:56,030 --> 00:01:54,540

I've been doing this show and it's you

40

00:01:57,889 --> 00:01:56,040

know it's cool and stuff but I thought

41

00:01:59,990 --> 00:01:57,899

you know let's just set up a few things

42

00:02:02,569 --> 00:02:00,000

that are sort of important to me and

43

00:02:04,670 --> 00:02:02,579

mean something and change things up a

44

00:02:07,429 --> 00:02:04,680

little bit so yeah new little background

45

00:02:09,169 --> 00:02:07,439

I'm digging it so yeah and people might

46

00:02:12,010 --> 00:02:09,179

recognize that skateboard from Lou's

47

00:02:14,510 --> 00:02:12,020

background it is

48

00:02:17,449 --> 00:02:14,520

that's right yes

49

00:02:19,250 --> 00:02:17,459

but yeah so before we show our and I'll

50

00:02:21,410 --> 00:02:19,260

call them holiday snaps because like I

51
00:02:23,089 --> 00:02:21,420
said it isn't the the the meat and

52
00:02:25,010 --> 00:02:23,099
potatoes of the investigations and

53
00:02:26,990 --> 00:02:25,020
things it's more kind of the downtime

54
00:02:29,210 --> 00:02:27,000
and things like that so we'll we'll get

55
00:02:32,470 --> 00:02:29,220
into that in a minute but first of all

56
00:02:36,530 --> 00:02:32,480
phenomenology season one was February of

57
00:02:39,589 --> 00:02:36,540
2022 and it was released on Vimeo in I

58
00:02:42,650 --> 00:02:39,599
think it was June of 2022 so I'm going

59
00:02:44,750 --> 00:02:42,660
to share my screen and show everyone

60
00:02:46,430 --> 00:02:44,760
what I'm on about oh no I've just

61
00:02:48,470 --> 00:02:46,440
stopped sharing my screen bear with me

62
00:02:51,410 --> 00:02:48,480
everyone see this is what happens when

63
00:02:53,570 --> 00:02:51,420

you're away for a while yeah inches yeah

64

00:02:57,589 --> 00:02:53,580

that's it so season one is now half

65

00:03:01,009 --> 00:02:57,599

price it is only 9.99 or you can buy

66

00:03:03,770 --> 00:03:01,019

each episode for 1.49 an episode episode

67

00:03:06,050 --> 00:03:03,780

one is still free and this is a rental

68

00:03:07,610 --> 00:03:06,060

but you have a whole year for the rental

69

00:03:10,070 --> 00:03:07,620

so you can watch as many times as you

70

00:03:12,110 --> 00:03:10,080

want in a year but it is only 9.99 now

71

00:03:13,430 --> 00:03:12,120

the link is in the description of this

72

00:03:14,210 --> 00:03:13,440

video if you want to go and check that

73

00:03:17,930 --> 00:03:14,220

out

74

00:03:20,570 --> 00:03:17,940

that's cool but also season two that we

75

00:03:24,410 --> 00:03:20,580

just filmed the pre-order is live now as

76

00:03:28,250 --> 00:03:24,420

well that one is 19.99 but

77

00:03:30,290 --> 00:03:28,260

um I do have a 20 discount code

78

00:03:31,550 --> 00:03:30,300

um again the details for that are in the

79

00:03:33,890 --> 00:03:31,560

description of this video if you wanted

80

00:03:36,110 --> 00:03:33,900

to pre-order it the season premiere is

81

00:03:39,050 --> 00:03:36,120

going to be June of this year

82

00:03:41,270 --> 00:03:39,060

so there's that and for anybody that

83

00:03:43,309 --> 00:03:41,280

does want more information on the work

84

00:03:45,949 --> 00:03:43,319

that we do out there you can go to the

85

00:03:47,990 --> 00:03:45,959

UAP Columbia website to project wiker

86

00:03:50,630 --> 00:03:48,000

and that kind of just explains a lot of

87

00:03:52,729 --> 00:03:50,640

the stuff we did mostly um from last

88

00:03:54,949 --> 00:03:52,739

year at the moment we've got all the raw

89

00:03:56,270 --> 00:03:54,959

footage from the lights which is great

90

00:03:57,770 --> 00:03:56,280

people should definitely check that out

91

00:04:00,289 --> 00:03:57,780

just to see the lights kind of dancing

92

00:04:01,430 --> 00:04:00,299

all over the mountain and then uh for

93

00:04:03,050 --> 00:04:01,440

the beginning of the season two at least

94

00:04:04,970 --> 00:04:03,060

you'll get a really good idea of what it

95

00:04:07,130 --> 00:04:04,980

is well it's not and so and so forth

96

00:04:09,530 --> 00:04:07,140

there you go so yeah there you go guys

97

00:04:11,690 --> 00:04:09,540

season one only 9.99 season two

98

00:04:13,729 --> 00:04:11,700

pre-orders and then more information on

99

00:04:16,670 --> 00:04:13,739

UAP Colombia

100

00:04:18,409 --> 00:04:16,680

so I think we've covered that so

101
00:04:21,349 --> 00:04:18,419
anything we should cover before we get

102
00:04:23,030 --> 00:04:21,359
into the the holiday snaps maybe like a

103
00:04:25,909 --> 00:04:23,040
graphic warning for your mankini but

104
00:04:28,610 --> 00:04:25,919
apart from that I think

105
00:04:31,370 --> 00:04:28,620
no let's just surprise everyone but yeah

106
00:04:33,590 --> 00:04:31,380
I think so so I guess the one thing we

107
00:04:36,710 --> 00:04:33,600
can caveat is that you were actually in

108
00:04:38,629 --> 00:04:36,720
Mexico for four months before you

109
00:04:41,090 --> 00:04:38,639
arrived in Colombia yeah a long time

110
00:04:43,969 --> 00:04:41,100
then you were you headed to Bogota in

111
00:04:47,030 --> 00:04:43,979
Colombia a couple of weeks before the uh

112
00:04:49,730 --> 00:04:47,040
the team got there so this is going to

113
00:04:52,010 --> 00:04:49,740

be a combination of Dan's photos and my

114

00:04:53,689 --> 00:04:52,020

photos from the trip and let's just jump

115

00:04:55,210 --> 00:04:53,699

right in so the first one which is

116

00:04:57,290 --> 00:04:55,220

awesome

117

00:04:59,810 --> 00:04:57,300

that was a good one to open with this

118

00:05:01,909 --> 00:04:59,820

was me meeting an anomalous life form on

119

00:05:03,350 --> 00:05:01,919

the on the streets of Bogota

120

00:05:05,629 --> 00:05:03,360

um you might recognize this one from

121

00:05:08,150 --> 00:05:05,639

such movies as Alien vs Predator and

122

00:05:10,370 --> 00:05:08,160

predator and Predator too and the rest

123

00:05:12,050 --> 00:05:10,380

that's all right Predator this time is

124

00:05:13,129 --> 00:05:12,060

personal but uh yeah I had to get a

125

00:05:14,749 --> 00:05:13,139

picture with them I thought it was a

126

00:05:16,909 --> 00:05:14,759

good way to start

127

00:05:18,770 --> 00:05:16,919

no it's great man and you're in control

128

00:05:21,230 --> 00:05:18,780

of flicking through this is this is on

129

00:05:24,529 --> 00:05:21,240

you so please feel free to uh move

130

00:05:26,150 --> 00:05:24,539

forward whenever you like yeah and

131

00:05:29,830 --> 00:05:26,160

this

132

00:05:32,450 --> 00:05:29,840

obligatory airplane shot yeah yeah yeah

133

00:05:34,610 --> 00:05:32,460

originally I was kind of cataloging my

134

00:05:36,590 --> 00:05:34,620

journey and capturing b-roll and

135

00:05:39,230 --> 00:05:36,600

photographs to potentially make a video

136

00:05:40,850 --> 00:05:39,240

but all in all it just worked out better

137

00:05:42,770 --> 00:05:40,860

to just share everything so there's

138

00:05:45,170 --> 00:05:42,780

going to be stuff that may have made it

139

00:05:47,990 --> 00:05:45,180

into a final video

140

00:05:53,390 --> 00:05:50,210

it was an absolute Mission getting from

141

00:05:55,490 --> 00:05:53,400

England to Colombia it was almost a

142

00:05:57,170 --> 00:05:55,500

day's travel it was a lot did you travel

143

00:06:00,590 --> 00:05:57,180

direct or were you

144

00:06:02,510 --> 00:06:00,600

no so I thought I flew to Amsterdam and

145

00:06:05,090 --> 00:06:02,520

then from Amsterdam to Bogota but the

146

00:06:08,029 --> 00:06:05,100

journey on the way was like over nearly

147

00:06:09,830 --> 00:06:08,039

12 hours so airplane food some people

148

00:06:11,150 --> 00:06:09,840

love it some people hate it I'm not a

149

00:06:13,670 --> 00:06:11,160

huge fan but that's the important bit

150

00:06:15,469 --> 00:06:13,680

there does the wine taste the same up in

151
00:06:16,730 --> 00:06:15,479
the air at least do you know what I

152
00:06:18,350 --> 00:06:16,740
actually got a little bit light-headed

153
00:06:20,350 --> 00:06:18,360
after that small bottle

154
00:06:23,689 --> 00:06:20,360
I was like this is cool

155
00:06:25,309 --> 00:06:23,699
yeah cheap day on the airplane

156
00:06:28,249 --> 00:06:25,319
this should be a video but the things

157
00:06:30,110 --> 00:06:28,259
are coming up boo oh no way never mind

158
00:06:31,430 --> 00:06:30,120
that's just me sipping the red wine I

159
00:06:33,890 --> 00:06:31,440
think people have seen that enough on

160
00:06:36,110 --> 00:06:33,900
this channel it's a rare sight

161
00:06:38,629 --> 00:06:36,120
there we go look looking like a I don't

162
00:06:40,790 --> 00:06:38,639
know Mother Teresa or something wait

163
00:06:41,809 --> 00:06:40,800

this is this is a live photo so I can

164

00:06:44,830 --> 00:06:41,819

like

165

00:06:47,570 --> 00:06:44,840

oh that's probably not a good idea

166

00:06:49,969 --> 00:06:47,580

yeah I mean you might get things in that

167

00:06:51,650 --> 00:06:49,979

people don't want to see this was this

168

00:06:52,969 --> 00:06:51,660

is actually a really cool video I don't

169

00:06:55,309 --> 00:06:52,979

think they sound but this was literally

170

00:06:57,170 --> 00:06:55,319

Vinny it arrived in the airport

171

00:06:59,510 --> 00:06:57,180

um and he was on Wi-Fi and we were doing

172

00:07:01,189 --> 00:06:59,520

FaceTime trying to find each other so

173

00:07:03,170 --> 00:07:01,199

you'll you'll see our first moment I

174

00:07:05,450 --> 00:07:03,180

actually walked past him and missed look

175

00:07:08,150 --> 00:07:05,460

how excited I am on a guitar and the toy

176

00:07:10,550 --> 00:07:08,160

shop where's Dan

177

00:07:12,710 --> 00:07:10,560

laughs

178

00:07:14,570 --> 00:07:12,720

I've been sitting with Priscilla for a

179

00:07:18,730 --> 00:07:14,580

little bit by this point

180

00:07:23,990 --> 00:07:22,309

there we go yeah

181

00:07:25,670 --> 00:07:24,000

yeah this is just so Priscilla would

182

00:07:27,529 --> 00:07:25,680

arrived like maybe maybe about an hour

183

00:07:29,450 --> 00:07:27,539

and a half before you

184

00:07:32,150 --> 00:07:29,460

um but both of your flights were kind of

185

00:07:33,890 --> 00:07:32,160

delayed in customs was was busy so it

186

00:07:35,930 --> 00:07:33,900

worked out that we just wait and all

187

00:07:39,290 --> 00:07:35,940

three of us could go up to uh to tabio

188

00:07:41,689 --> 00:07:39,300

together then which was nice it was nice

189

00:07:43,430 --> 00:07:41,699

this was the first time I met me and

190

00:07:45,110 --> 00:07:43,440

Priscilla in person as well so that was

191

00:07:46,850 --> 00:07:45,120

you know that was amazing it was really

192

00:07:48,890 --> 00:07:46,860

I forget that because we all talk so

193

00:07:51,110 --> 00:07:48,900

much like in our groups and stuff

194

00:07:53,330 --> 00:07:51,120

um and yeah like sis from another mister

195

00:07:54,469 --> 00:07:53,340

you know I met her in New York by this

196

00:07:56,150 --> 00:07:54,479

point

197

00:07:57,290 --> 00:07:56,160

um but yeah this is your first time

198

00:08:00,529 --> 00:07:57,300

meeting her

199

00:08:03,550 --> 00:08:00,539

knives Good As Nice in person as over

200

00:08:05,870 --> 00:08:03,560

the Internet of course of course yeah

201
00:08:08,150 --> 00:08:05,880
yeah it was good it was nice meeting you

202
00:08:10,490 --> 00:08:08,160
guys finally uh there I'd been on my own

203
00:08:12,710 --> 00:08:10,500
for like a while and whilst kind of

204
00:08:14,450 --> 00:08:12,720
solitude and travel is real nice it was

205
00:08:16,249 --> 00:08:14,460
real nice to just you know have a hug

206
00:08:19,610 --> 00:08:16,259
from some of my besties

207
00:08:21,650 --> 00:08:19,620
now people in the live chat now if these

208
00:08:23,270 --> 00:08:21,660
videos play and you don't hear any sound

209
00:08:25,670 --> 00:08:23,280
if you could let me know because it was

210
00:08:28,129 --> 00:08:25,680
working beforehand but who knows

211
00:08:31,909 --> 00:08:28,139
yeah let's see

212
00:08:32,949 --> 00:08:31,919
we made it and I found a Priscilla and a

213
00:08:36,889 --> 00:08:32,959

Dan

214

00:08:38,949 --> 00:08:36,899

what's Edwin and we are just leaving the

215

00:08:42,909 --> 00:08:38,959

airport headed to phenomenology

216

00:08:45,710 --> 00:08:42,919

headquarters no sounds

217

00:08:48,050 --> 00:08:45,720

no sound that was a mission for the

218

00:08:50,750 --> 00:08:48,060

Priscilla probably can you hear a sound

219

00:08:53,269 --> 00:08:50,760

up still I can hear it oh that's so

220

00:08:57,370 --> 00:08:53,279

weird isn't it it's it's weird so we'll

221

00:09:02,210 --> 00:09:00,170

wait Davey's saying there is sound okay

222

00:09:04,190 --> 00:09:02,220

okay so maybe just 60 Seconds come

223

00:09:07,430 --> 00:09:04,200

through okay

224

00:09:10,430 --> 00:09:07,440

that's fine yeah so that was us thanks

225

00:09:11,810 --> 00:09:10,440

for going up to going up to tabio you

226

00:09:13,490 --> 00:09:11,820

can see my little Axolotl from Mexico

227

00:09:16,550 --> 00:09:13,500

City there

228

00:09:18,889 --> 00:09:16,560

um Priscilla peeking over the back

229

00:09:21,410 --> 00:09:18,899

this was so people that have seen

230

00:09:23,090 --> 00:09:21,420

phenomenology season one if it would let

231

00:09:25,850 --> 00:09:23,100

me hold on

232

00:09:26,930 --> 00:09:25,860

there you go uh we'll know about the

233

00:09:29,150 --> 00:09:26,940

fireflies

234

00:09:30,769 --> 00:09:29,160

and uh

235

00:09:33,230 --> 00:09:30,779

it was actually great because Hayden

236

00:09:35,509 --> 00:09:33,240

said to us I've never seen the Firefly

237

00:09:38,470 --> 00:09:35,519

and within like two minutes he got to

238

00:09:42,350 --> 00:09:38,480

see a firefly which is really sweet

239

00:09:46,509 --> 00:09:42,360

like oh my God firefighters

240

00:09:52,009 --> 00:09:48,170

okay

241

00:09:53,449 --> 00:09:52,019

I'll just let it run and yeah because

242

00:09:54,829 --> 00:09:53,459

they take a second for the audio to

243

00:09:57,650 --> 00:09:54,839

re-sync I think that's just a connection

244

00:10:01,550 --> 00:09:57,660

thing with us everyone

245

00:10:04,070 --> 00:10:01,560

okay playing in three two one

246

00:10:05,990 --> 00:10:04,080

hey everyone so the last time you saw us

247

00:10:09,050 --> 00:10:06,000

we were in the back of the car leaving

248

00:10:11,329 --> 00:10:09,060

Bogota Airport headed to phenomenology

249

00:10:13,730 --> 00:10:11,339

headquarters which it's the next morning

250

00:10:16,310 --> 00:10:13,740

so yeah we just crashed so hard when we

251
00:10:18,410 --> 00:10:16,320
got back and yeah it's like ten to seven

252
00:10:25,090 --> 00:10:18,420
in the morning now here and it's a

253
00:10:29,630 --> 00:10:27,710
mountain and there's Mists rolling over

254
00:10:31,370 --> 00:10:29,640
at the moment

255
00:10:33,170 --> 00:10:31,380
um everyone got here safe I think we're

256
00:10:37,570 --> 00:10:33,180
just waiting on one person whose flight

257
00:10:42,829 --> 00:10:40,009
but pretty much everyone experienced the

258
00:10:44,269 --> 00:10:42,839
leaves coming in it's crazy I was like

259
00:10:47,329 --> 00:10:44,279
guys you should have gone here three

260
00:10:49,250 --> 00:10:47,339
weeks early like me nice and prepped but

261
00:10:50,630 --> 00:10:49,260
yeah this is headquarters beautiful

262
00:10:53,150 --> 00:10:50,640
house

263
00:10:57,290 --> 00:10:53,160

so yeah see you soon

264

00:11:01,730 --> 00:10:59,269

there you go it's front gate there yeah

265

00:11:03,590 --> 00:11:01,740

white is just kind of if it was clear

266

00:11:05,470 --> 00:11:03,600

you'd see it probably about here right

267

00:11:11,150 --> 00:11:05,480

that's right yeah

268

00:11:15,290 --> 00:11:13,670

so this was us going into tabio briefly

269

00:11:17,509 --> 00:11:15,300

I can't remember what for I guess I'll

270

00:11:19,069 --> 00:11:17,519

tell people about it but we'll see

271

00:11:26,509 --> 00:11:19,079

hopefully I don't spoil anything when I

272

00:11:26,519 --> 00:11:35,690

science

273

00:11:39,829 --> 00:11:38,210

yeah so you Hayden and Stefan were going

274

00:11:42,170 --> 00:11:39,839

up you were actually going to climb the

275

00:11:45,170 --> 00:11:42,180

mountain and where we saw the lights

276

00:11:47,509 --> 00:11:45,180

last year and then I was gonna get my

277

00:11:48,889 --> 00:11:47,519

drone fly up and see what we could see

278

00:11:51,550 --> 00:11:48,899

because by the time you got up there it

279

00:11:54,230 --> 00:11:51,560

was going to be dark night time so

280

00:11:55,490 --> 00:11:54,240

that's exciting I won't go into too much

281

00:11:57,590 --> 00:11:55,500

detail on that because I think that's

282

00:11:59,449 --> 00:11:57,600

something we kind of have to save for

283

00:12:01,550 --> 00:11:59,459

the series yeah for sure like you're not

284

00:12:02,930 --> 00:12:01,560

going to see shots of like the images we

285

00:12:05,210 --> 00:12:02,940

took and stuff like that you'll see the

286

00:12:06,710 --> 00:12:05,220

process but that's about it um I think

287

00:12:08,030 --> 00:12:06,720

it was important there's a few things I

288

00:12:09,710 --> 00:12:08,040

put in here just to show people how

289

00:12:11,569 --> 00:12:09,720

treacherous this climb was especially

290

00:12:13,130 --> 00:12:11,579

since we were doing at night

291

00:12:16,430 --> 00:12:13,140

um and yeah hopefully hopefully you guys

292

00:12:18,470 --> 00:12:16,440

get a good idea of of the the challenges

293

00:12:19,670 --> 00:12:18,480

that will present themselves if you were

294

00:12:21,889 --> 00:12:19,680

just going out

295

00:12:23,750 --> 00:12:21,899

uh to put lights on this year we had

296

00:12:26,509 --> 00:12:23,760

radios we had a lot of phone with these

297

00:12:30,710 --> 00:12:28,430

so Spanish for words never been so

298

00:12:32,509 --> 00:12:30,720

entertaining I'll just say that no it

299

00:12:34,370 --> 00:12:32,519

was really good because a lot of the

300

00:12:36,949 --> 00:12:34,380

time we were we were traveling as a

301

00:12:39,710 --> 00:12:36,959

group uh from location to location in

302

00:12:41,210 --> 00:12:39,720

vehicles so we had three car convoys and

303

00:12:43,910 --> 00:12:41,220

we could use these radios to just

304

00:12:45,350 --> 00:12:43,920

communicate between the cars and and

305

00:12:46,850 --> 00:12:45,360

obviously when we were doing the

306

00:12:48,230 --> 00:12:46,860

investigations on the mountains and

307

00:12:51,290 --> 00:12:48,240

stuff we were using them they were

308

00:12:53,449 --> 00:12:51,300

absolutely amazing so so good wasn't it

309

00:12:55,970 --> 00:12:53,459

yeah really good so and they reach real

310

00:12:58,970 --> 00:12:55,980

far as well like I think they had like a

311

00:13:00,290 --> 00:12:58,980

was it a 3K range or something yeah I

312

00:13:02,090 --> 00:13:00,300

mean it must have been substantial there

313

00:13:04,069 --> 00:13:02,100

was only one time that I tried them and

314

00:13:05,210 --> 00:13:04,079

you guys didn't respond

315

00:13:07,009 --> 00:13:05,220

um but that was probably more because

316

00:13:08,870 --> 00:13:07,019

I've been singing down them as opposed

317

00:13:11,569 --> 00:13:08,880

to using them for official business so

318

00:13:13,430 --> 00:13:11,579

you like just switch them off

319

00:13:15,050 --> 00:13:13,440

but yeah they were they were good they

320

00:13:16,490 --> 00:13:15,060

were reliable and and they helped us

321

00:13:17,930 --> 00:13:16,500

kind of get organized and and

322

00:13:20,030 --> 00:13:17,940

communicate to be like what are you

323

00:13:22,250 --> 00:13:20,040

seeing blah blah blah you know yeah no

324

00:13:24,650 --> 00:13:22,260

it was amazing excellent addition good

325

00:13:26,990 --> 00:13:24,660

job Ash yeah

326

00:13:28,370 --> 00:13:27,000

so this is team weiker this is us going

327

00:13:30,290 --> 00:13:28,380

up

328

00:13:33,110 --> 00:13:30,300

um so it was myself on the left there

329

00:13:36,470 --> 00:13:33,120

Stefan just behind me uh from Germany

330

00:13:39,230 --> 00:13:36,480

and uh just to the right there is Hayden

331

00:13:41,210 --> 00:13:39,240

uh Calvin from Australia highly

332

00:13:44,030 --> 00:13:41,220

recommend listening to his music it's

333

00:13:46,009 --> 00:13:44,040

pretty good but um yeah both of them

334

00:13:47,750 --> 00:13:46,019

were machines uh when Ashley were like

335

00:13:48,889 --> 00:13:47,760

who wants to go up like pretty much all

336

00:13:51,290 --> 00:13:48,899

three of us were like yeah we're gonna

337

00:13:53,329 --> 00:13:51,300

go kind of sorted itself out you know

338

00:13:55,670 --> 00:13:53,339

yeah and the mountain um you know it's

339

00:13:58,190 --> 00:13:55,680

been closed a lot uh in recent months

340

00:14:00,050 --> 00:13:58,200

because in the dry weather people

341

00:14:02,569 --> 00:14:00,060

um aren't allowed up due to the police

342

00:14:04,370 --> 00:14:02,579

and the locals worried about fire

343

00:14:06,829 --> 00:14:04,380

starting from you know drop cigarettes

344

00:14:09,170 --> 00:14:06,839

and stuff so you were lucky enough to

345

00:14:11,210 --> 00:14:09,180

have a police escort all the way up the

346

00:14:12,889 --> 00:14:11,220

mountain which was pretty yeah and it

347

00:14:14,509 --> 00:14:12,899

was it was their day off too so they

348

00:14:16,550 --> 00:14:14,519

were coming to help us go up and down

349

00:14:17,870 --> 00:14:16,560

the mountain and as you'll see in some

350

00:14:19,670 --> 00:14:17,880

videos that are coming up they weren't

351
00:14:22,009 --> 00:14:19,680
like us where we were able to you know

352
00:14:24,110 --> 00:14:22,019
go up in a T-shirt and strip off layers

353
00:14:25,370 --> 00:14:24,120
they had all of their peace jackets and

354
00:14:27,470 --> 00:14:25,380
stuff and

355
00:14:28,850 --> 00:14:27,480
Troopers absolute Troopers thank you

356
00:14:32,810 --> 00:14:28,860
guys they're probably not listening but

357
00:14:37,550 --> 00:14:35,389
so this was as we started our Ascent

358
00:14:40,009 --> 00:14:37,560
um just perfect absolutely perfect like

359
00:14:41,750 --> 00:14:40,019
we looked back uh through the back

360
00:14:43,250 --> 00:14:41,760
window of the car down at the valley to

361
00:14:45,110 --> 00:14:43,260
kind of see in this rainbow was just

362
00:14:46,670 --> 00:14:45,120
over it and we were just like this bodes

363
00:14:48,650 --> 00:14:46,680

well I think this is going to be a good

364

00:14:50,030 --> 00:14:48,660

trip yeah and that's a beautiful shot

365

00:14:52,610 --> 00:14:50,040

but that's actually quite near the

366

00:14:55,310 --> 00:14:52,620

bottom isn't it yeah yeah absolutely you

367

00:14:57,710 --> 00:14:55,320

can kind of see these houses down here

368

00:14:59,689 --> 00:14:57,720

uh you can see my mask on the right I

369

00:15:01,490 --> 00:14:59,699

can yeah I assume everyone else can yeah

370

00:15:03,350 --> 00:15:01,500

so these houses there they're not that

371

00:15:05,090 --> 00:15:03,360

far away yeah you know a few minutes

372

00:15:06,350 --> 00:15:05,100

away almost

373

00:15:08,629 --> 00:15:06,360

um so we're quite near the bottom here

374

00:15:11,329 --> 00:15:08,639

and we were driving up to where we were

375

00:15:12,470 --> 00:15:11,339

starting the walk okay so I took some

376

00:15:14,090 --> 00:15:12,480

videos on the way up so I'll kind of

377

00:15:15,530 --> 00:15:14,100

share these if anyone I've seen these as

378

00:15:17,090 --> 00:15:15,540

well um and there might be some things

379

00:15:18,350 --> 00:15:17,100

with videos included that I haven't seen

380

00:15:20,810 --> 00:15:18,360

because we were in different locations

381

00:15:22,310 --> 00:15:20,820

at the time so uh so yeah I'll just play

382

00:15:25,370 --> 00:15:22,320

this

383

00:15:27,290 --> 00:15:25,380

who are sentenced

384

00:15:28,850 --> 00:15:27,300

the cement of Walker

385

00:15:31,009 --> 00:15:28,860

you can really see how there's not much

386

00:15:32,689 --> 00:15:31,019

of a path here this is just

387

00:15:34,550 --> 00:15:32,699

Aruba

388

00:15:38,269 --> 00:15:34,560

the try

389

00:15:38,279 --> 00:15:41,689

we have so many people with us

390

00:15:46,430 --> 00:15:43,910

so that that's kind of towards the

391

00:15:48,230 --> 00:15:46,440

bottom as well so yeah you know there's

392

00:15:50,689 --> 00:15:48,240

no there's no concrete path there's no

393

00:15:51,650 --> 00:15:50,699

steps going up it's not an easy thing to

394

00:15:52,850 --> 00:15:51,660

climb

395

00:15:54,710 --> 00:15:52,860

um you've really gotta put a lot of

396

00:15:56,150 --> 00:15:54,720

effort in and it's really taxing you can

397

00:15:59,629 --> 00:15:56,160

probably hear me out of breath there

398

00:16:02,569 --> 00:15:59,639

like I know it's not

399

00:16:05,870 --> 00:16:04,550

um and then this is I mean this is a

400

00:16:08,689 --> 00:16:05,880

classic example of the kind of stuff

401
00:16:11,509 --> 00:16:08,699
that's just up there like this is part

402
00:16:13,370 --> 00:16:11,519
of the path up there yeah

403
00:16:15,710 --> 00:16:13,380
you know if this was in the UK you would

404
00:16:18,470 --> 00:16:15,720
just have you know steps going up but no

405
00:16:19,910 --> 00:16:18,480
it's it's physically taxing you have to

406
00:16:22,370 --> 00:16:19,920
properly climb

407
00:16:23,990 --> 00:16:22,380
uh this was I think about halfway up I

408
00:16:25,129 --> 00:16:24,000
found a plug socket and put my finger in

409
00:16:27,350 --> 00:16:25,139
it

410
00:16:29,509 --> 00:16:27,360
um and we were just we were all sweaty

411
00:16:31,269 --> 00:16:29,519
messes Hayden's rocking it though he was

412
00:16:33,829 --> 00:16:31,279
just a machine

413
00:16:36,410 --> 00:16:33,839

and Andre says in the chat how many feet

414

00:16:38,990 --> 00:16:36,420

above sea level I think even on the

415

00:16:41,509 --> 00:16:39,000

ground level we were about nine yeah

416

00:16:44,689 --> 00:16:41,519

nine thousand feet above sea level and

417

00:16:46,730 --> 00:16:44,699

then the mountains are good just over 3

418

00:16:49,310 --> 00:16:46,740

000 uh foot climb as well so you're

419

00:16:51,829 --> 00:16:49,320

looking at what 12 000 something like

420

00:16:53,990 --> 00:16:51,839

that would you say that yeah round about

421

00:16:56,329 --> 00:16:54,000

there I'm trying to find I did take a

422

00:16:58,370 --> 00:16:56,339

compass reading when we were at the top

423

00:17:00,410 --> 00:16:58,380

it's high anyway that's all I can say

424

00:17:01,569 --> 00:17:00,420

it's very high up and the air is very

425

00:17:05,329 --> 00:17:01,579

thin

426

00:17:08,569 --> 00:17:05,339

3220 meters above several yeah oh okay

427

00:17:11,510 --> 00:17:08,579

okay cool yeah so it was quite um quite

428

00:17:12,650 --> 00:17:11,520

high up there was then

429

00:17:14,929 --> 00:17:12,660

web

430

00:17:18,590 --> 00:17:14,939

I am sweating dripping was wet my

431

00:17:18,600 --> 00:17:22,610

and you can see

432

00:17:26,630 --> 00:17:24,289

all the way to the bottom but

433

00:17:28,069 --> 00:17:26,640

it's untouched checking my hair I found

434

00:17:32,570 --> 00:17:28,079

a plug socket on my way up and just step

435

00:17:36,169 --> 00:17:34,130

it's a great look I think I should

436

00:17:37,909 --> 00:17:36,179

maintain that look but look at look at

437

00:17:39,830 --> 00:17:37,919

what will weight you at the top when you

438

00:17:42,950 --> 00:17:39,840

like make that chunk you know how you

439

00:17:45,110 --> 00:17:42,960

feeling hidden so good

440

00:17:48,890 --> 00:17:45,120

sweaty shoulder breast up here this

441

00:17:54,549 --> 00:17:48,900

altitude yeah no you're good

442

00:18:01,789 --> 00:17:56,810

you speak human they made him better

443

00:18:06,409 --> 00:18:04,430

and Hayden's right there as well like as

444

00:18:08,570 --> 00:18:06,419

you moved you would get worn out really

445

00:18:10,130 --> 00:18:08,580

quickly but once you stop the recovery

446

00:18:11,510 --> 00:18:10,140

was pretty fast and then you'd stop

447

00:18:12,470 --> 00:18:11,520

moving again you'd be like oh yeah I can

448

00:18:13,669 --> 00:18:12,480

make it up there and you'd just be

449

00:18:17,409 --> 00:18:13,679

[h__h] by the time you got there and

450

00:18:20,990 --> 00:18:20,090

again that's not at the top either is it

451

00:18:24,230 --> 00:18:21,000

no

452

00:18:25,930 --> 00:18:24,240

so we're kind of nearing the top here

453

00:18:28,549 --> 00:18:25,940

look at those smiles

454

00:18:30,650 --> 00:18:28,559

like never mind this was this was the

455

00:18:32,690 --> 00:18:30,660

first proper day all right so like these

456

00:18:33,890 --> 00:18:32,700

guys we have a map

457

00:18:35,750 --> 00:18:33,900

um and we're just going through this

458

00:18:39,830 --> 00:18:35,760

together and uh yeah they will have it

459

00:18:46,909 --> 00:18:44,870

so this now Maya was nearest the top

460

00:18:49,010 --> 00:18:46,919

and you can see straight down off the

461

00:18:50,230 --> 00:18:49,020

edge there man I get vertigo just

462

00:18:52,430 --> 00:18:50,240

watching it

463

00:18:53,990 --> 00:18:52,440

probably gives Ash a heart attack that

464

00:18:56,330 --> 00:18:54,000

but they're just seeing how close I am

465

00:18:58,070 --> 00:18:56,340

to the edge

466

00:19:00,289 --> 00:18:58,080

so like there was a there was a small

467

00:19:01,789 --> 00:19:00,299

area by here that you could stand on but

468

00:19:03,710 --> 00:19:01,799

that was it apart from that this is just

469

00:19:06,049 --> 00:19:03,720

a straight drop down

470

00:19:07,850 --> 00:19:06,059

um so yeah this is this is where

471

00:19:10,370 --> 00:19:07,860

supposedly the lights appear on this

472

00:19:11,810 --> 00:19:10,380

sheer Cliff face so uh so yeah the next

473

00:19:13,970 --> 00:19:11,820

time someone says to you yeah no there's

474

00:19:15,110 --> 00:19:13,980

people absailing with LED lights showing

475

00:19:16,789 --> 00:19:15,120

them off

476

00:19:18,650 --> 00:19:16,799

keep this in mind

477

00:19:20,450 --> 00:19:18,660

yeah and that is the thing this was the

478

00:19:24,049 --> 00:19:20,460

whole purpose of having a team climb up

479

00:19:25,970 --> 00:19:24,059

there a team down on the ground

480

00:19:28,970 --> 00:19:25,980

and you guys were like

481

00:19:31,010 --> 00:19:28,980

that's that's HQ there I think so rash's

482

00:19:32,450 --> 00:19:31,020

house is going to be about here that's

483

00:19:34,190 --> 00:19:32,460

right that's where we were so we had a

484

00:19:36,710 --> 00:19:34,200

team looking at the mountain from two

485

00:19:38,750 --> 00:19:36,720

locations in that area we had two uh two

486

00:19:41,690 --> 00:19:38,760

hqs let's say

487

00:19:43,250 --> 00:19:41,700

um and then myself I actually came to

488

00:19:44,870 --> 00:19:43,260

the bottom of the mountain when it when

489

00:19:46,789 --> 00:19:44,880

it came dark and I launched the Drone

490

00:19:49,010 --> 00:19:46,799

and was filming in thermal and stuff but

491

00:19:50,870 --> 00:19:49,020

I won't go into too much detail on that

492

00:19:52,490 --> 00:19:50,880

but yeah we had a lot of it was a proper

493

00:19:54,529 --> 00:19:52,500

experiment to see if we could recreate

494

00:19:56,090 --> 00:19:54,539

What was seen last year and it was

495

00:19:57,830 --> 00:19:56,100

interesting seeing your drum come up as

496

00:19:59,570 --> 00:19:57,840

well because I didn't put it in here but

497

00:20:02,390 --> 00:19:59,580

I've got a video of us like Hayden and I

498

00:20:05,270 --> 00:20:02,400

spotted your drone and pretty much like

499

00:20:06,830 --> 00:20:05,280

we couldn't hear it at all but we could

500

00:20:08,270 --> 00:20:06,840

see these blinking lights and then you

501
00:20:10,610 --> 00:20:08,280
said you switched the lights off and we

502
00:20:12,890 --> 00:20:10,620
totally lost it you know so

503
00:20:14,870 --> 00:20:12,900
in terms of you know kind of anomalous

504
00:20:16,370 --> 00:20:14,880
sightings uh there was probably someone

505
00:20:19,370 --> 00:20:16,380
looking at that going what the hell is

506
00:20:22,010 --> 00:20:19,380
that you know

507
00:20:23,330 --> 00:20:22,020
but you guys had uh torches so you had

508
00:20:25,190 --> 00:20:23,340
head torch oh there you go there's

509
00:20:27,409 --> 00:20:25,200
that's you can tell us what torch that

510
00:20:28,909 --> 00:20:27,419
is good cue did you practice that uh

511
00:20:32,150 --> 00:20:28,919
that that is a

512
00:20:33,830 --> 00:20:32,160
um 120 000 Lumen torch

513
00:20:36,529 --> 00:20:33,840

so we would just shining it basically

514

00:20:38,870 --> 00:20:36,539

like say HQ HQ is down here so we're

515

00:20:40,370 --> 00:20:38,880

shining it out into the valley the

516

00:20:42,230 --> 00:20:40,380

brightest consumer torch we could find

517

00:20:43,549 --> 00:20:42,240

on Amazon because we wanted it

518

00:20:45,110 --> 00:20:43,559

accessible you know like people aren't

519

00:20:46,190 --> 00:20:45,120

going to be using specialist equipment

520

00:20:48,230 --> 00:20:46,200

here

521

00:20:49,669 --> 00:20:48,240

and we just wanted to see what it would

522

00:20:52,370 --> 00:20:49,679

look like in comparison to what we

523

00:20:54,049 --> 00:20:52,380

filmed last year so uh so yeah and we we

524

00:20:55,909 --> 00:20:54,059

had also had headlights that changed

525

00:20:57,830 --> 00:20:55,919

colors um like when I say headlights

526

00:20:59,630 --> 00:20:57,840

like head torches not car headlights

527

00:21:01,730 --> 00:20:59,640

just carried with us

528

00:21:03,590 --> 00:21:01,740

um and yeah so we had like some red

529

00:21:04,850 --> 00:21:03,600

lights some white lights and we were

530

00:21:06,950 --> 00:21:04,860

able to kind of play with them and try

531

00:21:09,770 --> 00:21:06,960

and recreate what we saw last year so we

532

00:21:14,930 --> 00:21:09,780

can get a good a good comparison

533

00:21:19,909 --> 00:21:18,470

obligatory meditation show absolutely I

534

00:21:21,650 --> 00:21:19,919

have so many of these from my travels

535

00:21:23,210 --> 00:21:21,660

what I'm doing is actually bringing the

536

00:21:24,590 --> 00:21:23,220

weather in you know that's just the

537

00:21:26,690 --> 00:21:24,600

thing I can do

538

00:21:28,310 --> 00:21:26,700

and is Hayden looking out as well in

539

00:21:31,549 --> 00:21:28,320

another Direction I should send him this

540

00:21:33,289 --> 00:21:31,559

photo it's a nice photo yeah definitely

541

00:21:34,789 --> 00:21:33,299

so this is just a demonstration of how

542

00:21:36,289 --> 00:21:34,799

bright the torch was obviously here

543

00:21:40,010 --> 00:21:36,299

you're reflecting

544

00:21:41,750 --> 00:21:40,020

off the off the foliage but then up here

545

00:21:45,110 --> 00:21:41,760

this is kind of like Misty just normal

546

00:21:47,390 --> 00:21:45,120

air and here it is just forming this

547

00:21:49,430 --> 00:21:47,400

circle like that's how bright it was it

548

00:21:51,470 --> 00:21:49,440

was ridiculous it was very helpful on

549

00:21:54,909 --> 00:21:51,480

the climb down the mountain

550

00:21:58,669 --> 00:21:56,750

so

551

00:22:01,190 --> 00:21:58,679

there we go

552

00:22:03,529 --> 00:22:01,200

so you can kind of see how

553

00:22:05,090 --> 00:22:03,539

treacherous this is and by this point as

554

00:22:06,890 --> 00:22:05,100

well it rained a little bit so

555

00:22:09,230 --> 00:22:06,900

everything was actually slippery and a

556

00:22:10,970 --> 00:22:09,240

few of us had like Falls coming down

557

00:22:13,190 --> 00:22:10,980

um including the the police lady here

558

00:22:14,630 --> 00:22:13,200

that's coming she she had a bit of a

559

00:22:16,669 --> 00:22:14,640

fall and literally had to like take a

560

00:22:19,490 --> 00:22:16,679

knee for a minute you know like geez

561

00:22:25,930 --> 00:22:19,500

yeah it wasn't she's a tough tough

562

00:22:29,450 --> 00:22:27,710

good

563

00:22:33,529 --> 00:22:29,460

congratulations you reached the flat

564

00:22:38,330 --> 00:22:36,230

so literally to the right of us is the

565

00:22:40,190 --> 00:22:38,340

the flat path that you walk up on an

566

00:22:43,130 --> 00:22:40,200

event yeah at a certain point right at

567

00:22:45,409 --> 00:22:43,140

the bottom it turns from nice comfy path

568

00:22:49,370 --> 00:22:45,419

to treacherous breaking neck path you

569

00:22:54,350 --> 00:22:51,950

so we're back at the bottom

570

00:22:56,090 --> 00:22:54,360

mirror door uh you're gonna see me

571

00:22:59,029 --> 00:22:56,100

going in and out of Darkness because I'm

572

00:23:01,010 --> 00:22:59,039

checking for steps uh it was successful

573

00:23:02,690 --> 00:23:01,020

we filmed seemingly everything we wanted

574

00:23:04,430 --> 00:23:02,700

to film really looking forward to

575

00:23:06,830 --> 00:23:04,440

getting back to the bottom in HQ and

576

00:23:08,870 --> 00:23:06,840

seeing what that looked like we tried to

577

00:23:11,390 --> 00:23:08,880

mimic some of the lights uh some of the

578

00:23:12,950 --> 00:23:11,400

patterns that we saw last time so we

579

00:23:14,390 --> 00:23:12,960

should know if there are hikers

580

00:23:16,610 --> 00:23:14,400

and the way down we saw a couple of

581

00:23:18,289 --> 00:23:16,620

groups of hikers uh going up and they

582

00:23:21,590 --> 00:23:18,299

seem to have like mattresses or tents or

583

00:23:22,669 --> 00:23:21,600

stuff with them but they only were using

584

00:23:25,730 --> 00:23:22,679

um

585

00:23:30,169 --> 00:23:25,740

iPhone flashlights which I'm nearly as

586

00:23:32,630 --> 00:23:30,179

bright as our 120 000 women torch that

587

00:23:34,250 --> 00:23:32,640

we got to try out so if we see any

588

00:23:35,750 --> 00:23:34,260

Superbike lights up there tonight we

589

00:23:38,029 --> 00:23:35,760

know it's not bad

590

00:23:39,350 --> 00:23:38,039

which will be curious

591

00:23:40,789 --> 00:23:39,360

anyway

592

00:23:45,470 --> 00:23:40,799

peace out I'm gonna watch my floating

593

00:23:50,090 --> 00:23:48,110

and everything and uh yeah catch you

594

00:23:52,190 --> 00:23:50,100

back at HQ doodles

595

00:23:53,750 --> 00:23:52,200

it's funny it's funny because the group

596

00:23:55,909 --> 00:23:53,760

that you mentioned that was passing you

597

00:23:58,909 --> 00:23:55,919

up to waika we actually later found out

598

00:24:01,669 --> 00:23:58,919

that it was a ce5 group going to spend

599

00:24:04,490 --> 00:24:01,679

the night on The Mountaintop to do ce5

600

00:24:06,350 --> 00:24:04,500

which uh was was quite interesting and

601
00:24:07,909 --> 00:24:06,360
and from an outpost outside perspective

602
00:24:10,490 --> 00:24:07,919
we should say we we saw nothing

603
00:24:12,590 --> 00:24:10,500
descending on the mountain so if you see

604
00:24:15,529 --> 00:24:12,600
that group saying that that night they

605
00:24:15,539 --> 00:24:19,310
it didn't happen

606
00:24:23,810 --> 00:24:21,230
So This Is Us feeling accomplished or

607
00:24:25,430 --> 00:24:23,820
sweaty heading back to HQ

608
00:24:26,990 --> 00:24:25,440
um there's something to be said for for

609
00:24:28,789 --> 00:24:27,000
doing these physical tasks right when

610
00:24:30,890 --> 00:24:28,799
you finish it's just really satisfying

611
00:24:33,649 --> 00:24:30,900
as tired as you are it was just like ah

612
00:24:36,230 --> 00:24:33,659
it's great and when we got back down we

613
00:24:37,850 --> 00:24:36,240

had uh Elena had arrived as well

614

00:24:41,510 --> 00:24:37,860

so we had a whole other group member to

615

00:24:46,730 --> 00:24:44,810

so this is a nice little dinner scene

616

00:24:47,810 --> 00:24:46,740

yeah that was nice every evening so

617

00:24:48,950 --> 00:24:47,820

everyone's sitting around the table

618

00:24:51,590 --> 00:24:48,960

together

619

00:24:53,350 --> 00:24:51,600

yeah it's really good not a knob just

620

00:24:56,690 --> 00:24:53,360

before I knew it says

621

00:24:58,730 --> 00:24:56,700

is that light glow

622

00:25:01,130 --> 00:24:58,740

um yeah Elena came with many many gifts

623

00:25:05,149 --> 00:25:01,140

of sweets American candies

624

00:25:08,570 --> 00:25:07,130

so yeah this is an was that a bit of

625

00:25:09,890 --> 00:25:08,580

footage yeah so I think I did actually

626

00:25:11,930 --> 00:25:09,900

post this on Twitter at the time but

627

00:25:13,970 --> 00:25:11,940

this was we had two drones so we had the

628

00:25:15,770 --> 00:25:13,980

thermal drone and we had a phantom 4 so

629

00:25:18,350 --> 00:25:15,780

I just wanted to see what the Drone

630

00:25:21,169 --> 00:25:18,360

would look like in thermal so

631

00:25:22,669 --> 00:25:21,179

here we go you know it was just a a lot

632

00:25:24,110 --> 00:25:22,679

of little tests and experiments we were

633

00:25:26,810 --> 00:25:24,120

doing just to see what things look like

634

00:25:29,029 --> 00:25:26,820

in different you know in video and in

635

00:25:30,350 --> 00:25:29,039

thermal and stuff

636

00:25:32,029 --> 00:25:30,360

and we were straight on it as well

637

00:25:34,010 --> 00:25:32,039

because this was day one like I said so

638

00:25:35,510 --> 00:25:34,020

yeah all of those most pertinent

639

00:25:38,210 --> 00:25:35,520

questions that people had after season

640

00:25:39,769 --> 00:25:38,220

one it felt so good to just run head

641

00:25:41,090 --> 00:25:39,779

first at them on the first date you know

642

00:25:42,409 --> 00:25:41,100

instead of kind of going yeah weekend

643

00:25:44,269 --> 00:25:42,419

we'll go do this

644

00:25:46,789 --> 00:25:44,279

yeah absolutely because we were moving

645

00:25:50,029 --> 00:25:46,799

around the country we only had two to

646

00:25:51,289 --> 00:25:50,039

three days at this uh first headquarters

647

00:25:52,789 --> 00:25:51,299

before we knew we were going to be on

648

00:25:54,649 --> 00:25:52,799

the road so we wanted to just get as

649

00:25:56,570 --> 00:25:54,659

much done in the first few days as

650

00:25:58,669 --> 00:25:56,580

possible to just to keep get the ball

651
00:25:59,750 --> 00:25:58,679
rolling and really start uh start doing

652
00:26:02,870 --> 00:25:59,760
some work

653
00:26:04,610 --> 00:26:02,880
yeah yeah because I mean we're saying

654
00:26:07,789 --> 00:26:04,620
holiday picks but we're out here doing

655
00:26:09,769 --> 00:26:07,799
work right 100 helping Ash make a TV

656
00:26:14,210 --> 00:26:09,779
show but as well as that like trying to

657
00:26:17,810 --> 00:26:16,010
I like this this peaceful sound I'm

658
00:26:31,490 --> 00:26:17,820
gonna just be quiet for 15 seconds

659
00:26:36,289 --> 00:26:32,930
and you can see the mountain in the

660
00:26:37,909 --> 00:26:36,299
background there get there

661
00:26:39,890 --> 00:26:37,919
yeah the weather was funny because it

662
00:26:42,289 --> 00:26:39,900
was just at the turn from the dry season

663
00:26:43,970 --> 00:26:42,299

coming into the wet season so the

664

00:26:45,230 --> 00:26:43,980

weather was kind of all over the place a

665

00:26:46,970 --> 00:26:45,240

little bit you know it was warm

666

00:26:48,710 --> 00:26:46,980

sometimes and it would rain and switch

667

00:26:50,930 --> 00:26:48,720

back and you know this is the kind of

668

00:26:53,930 --> 00:26:50,940

reason why we were out at this time of

669

00:26:55,909 --> 00:26:53,940

year Not only was it Holy Week Easter

670

00:26:58,310 --> 00:26:55,919

which is obviously a huge celebration

671

00:27:00,049 --> 00:26:58,320

out there and historically the time

672

00:27:02,510 --> 00:27:00,059

where the anomalous lights have been

673

00:27:03,890 --> 00:27:02,520

seen the most but also with this these

674

00:27:05,810 --> 00:27:03,900

weather fronts coming in and changing

675

00:27:07,909 --> 00:27:05,820

over the mountains you know it kind of

676

00:27:10,669 --> 00:27:07,919

can ionize the air it can potentially

677

00:27:13,430 --> 00:27:10,679

make things happen uh geologically so

678

00:27:15,409 --> 00:27:13,440

that was another reason why this was the

679

00:27:17,510 --> 00:27:15,419

time we were there and and that was

680

00:27:19,730 --> 00:27:17,520

something you identified when the day

681

00:27:21,049 --> 00:27:19,740

that you saw the lights last year right

682

00:27:23,090 --> 00:27:21,059

um I remember you saying like you could

683

00:27:24,830 --> 00:27:23,100

just feel it in the air it was thick you

684

00:27:26,870 --> 00:27:24,840

know

685

00:27:29,269 --> 00:27:26,880

the only says Ashley has a beautiful

686

00:27:31,430 --> 00:27:29,279

home this isn't actually Ash's home this

687

00:27:33,190 --> 00:27:31,440

is like a big house that we rented for

688

00:27:36,230 --> 00:27:33,200

the team last year and this year

689

00:27:39,350 --> 00:27:36,240

Ashley's house we will see a bit later

690

00:27:41,450 --> 00:27:39,360

on he's got a lodge next to his house

691

00:27:43,610 --> 00:27:41,460

um we had multiple kind of headquarters

692

00:27:46,370 --> 00:27:43,620

so

693

00:27:48,830 --> 00:27:46,380

yeah this was all just rental

694

00:27:50,750 --> 00:27:48,840

this was the domain of devil dog a

695

00:27:53,330 --> 00:27:50,760

really tiny dog that would not shut up

696

00:27:54,590 --> 00:27:53,340

barking for the whole time he just he

697

00:27:56,990 --> 00:27:54,600

just wants to be loved something

698

00:28:00,789 --> 00:27:57,000

Something's Happened to him in the past

699

00:28:04,029 --> 00:28:00,799

I do have footage and audio of devil dog

700

00:28:07,190 --> 00:28:04,039

I'll play it another time

701
00:28:08,450 --> 00:28:07,200
uh so this was um I'm gonna mess the

702
00:28:09,710 --> 00:28:08,460
name of this up actually I'm gonna it's

703
00:28:10,990 --> 00:28:09,720
on the back of my laptop because I have

704
00:28:15,590 --> 00:28:11,000
a sticker give me a second

705
00:28:17,029 --> 00:28:15,600
you can see your crotch dude I mean only

706
00:28:17,630 --> 00:28:17,039
dance

707
00:28:21,710 --> 00:28:17,640
um

708
00:28:24,409 --> 00:28:21,720
yeah Reserve uh uh that's what this was

709
00:28:28,190 --> 00:28:24,419
called and it was a beautiful place like

710
00:28:30,409 --> 00:28:28,200
the so here is Marjorie she made it and

711
00:28:32,029 --> 00:28:30,419
her partner and basically it was the

712
00:28:34,250 --> 00:28:32,039
space they rent out that the people can

713
00:28:36,769 --> 00:28:34,260

go stay and the view from here was right

714

00:28:38,810 --> 00:28:36,779

over the valley so for holy night we

715

00:28:40,490 --> 00:28:38,820

again split up into two teams it was me

716

00:28:42,890 --> 00:28:40,500

with Hayden

717

00:28:44,149 --> 00:28:42,900

Danny the production assistant and Elena

718

00:28:45,950 --> 00:28:44,159

here

719

00:28:48,289 --> 00:28:45,960

um and then the rest of the team we were

720

00:28:51,529 --> 00:28:48,299

looking at mohoy and the rest of the

721

00:28:52,789 --> 00:28:51,539

team were looking at uh waika and the

722

00:28:54,950 --> 00:28:52,799

whole point of that is that basically

723

00:28:57,049 --> 00:28:54,960

they are they are considered male and

724

00:28:59,090 --> 00:28:57,059

female so the one mountain would see the

725

00:29:00,529 --> 00:28:59,100

other mountain and there's meant to be

726

00:29:03,049 --> 00:29:00,539

interaction with these balls of light

727

00:29:04,970 --> 00:29:03,059

between them so for holy night we both

728

00:29:06,950 --> 00:29:04,980

wanted to be in separate teams looking

729

00:29:08,570 --> 00:29:06,960

at different parts of each Mountain so

730

00:29:10,370 --> 00:29:08,580

that we could see any activity that was

731

00:29:12,710 --> 00:29:10,380

happening

732

00:29:14,450 --> 00:29:12,720

uh just I've got a comment from Walter

733

00:29:16,850 --> 00:29:14,460

here who was part of the team says mini

734

00:29:19,990 --> 00:29:16,860

muddy bear I think that's in reference

735

00:29:22,610 --> 00:29:20,000

to devil dog and um

736

00:29:24,350 --> 00:29:22,620

we'll explain in a little bit what that

737

00:29:27,769 --> 00:29:24,360

means because yeah you'll see my boat

738

00:29:32,269 --> 00:29:30,169

good to see you Walter

739

00:29:38,450 --> 00:29:32,279

ah

740

00:29:40,190 --> 00:29:38,460

see Vinnie rocking his drone Vinnie's

741

00:29:42,110 --> 00:29:40,200

drone skills by the way are just

742

00:29:43,850 --> 00:29:42,120

phenomenal like you you clearly have

743

00:29:46,149 --> 00:29:43,860

been practicing in the big district and

744

00:29:48,350 --> 00:29:46,159

you were away

745

00:29:49,909 --> 00:29:48,360

every time it just felt like you were

746

00:29:51,529 --> 00:29:49,919

smoother and smoother and smoother and

747

00:29:52,610 --> 00:29:51,539

all the footage you caught like I'm

748

00:29:54,710 --> 00:29:52,620

really excited for people to see it

749

00:29:56,690 --> 00:29:54,720

because it's just beautiful

750

00:29:58,310 --> 00:29:56,700

yeah I'd got a lot of footage I mean

751

00:30:00,110 --> 00:29:58,320

this is the thing I had my drone Walter

752

00:30:02,029 --> 00:30:00,120

had his drone and between us we were

753

00:30:03,950 --> 00:30:02,039

capturing absolutely everything we spent

754

00:30:06,950 --> 00:30:03,960

so much time with it with them in the

755

00:30:11,330 --> 00:30:06,960

air together separate it's yeah we got

756

00:30:15,110 --> 00:30:13,909

that's actually oh okay it went out of

757

00:30:17,630 --> 00:30:15,120

frame I was gonna say I can't see the

758

00:30:19,250 --> 00:30:17,640

Drone but it went up it's kind of it's

759

00:30:20,930 --> 00:30:19,260

kind of hard to see you know it's fairly

760

00:30:22,490 --> 00:30:20,940

close but it's small

761

00:30:24,649 --> 00:30:22,500

um yeah yeah

762

00:30:26,210 --> 00:30:24,659

maybe a good reference pick so this was

763

00:30:28,909 --> 00:30:26,220

yeah this was our view over the valley

764

00:30:30,049 --> 00:30:28,919

this was our little fire

765

00:30:33,409 --> 00:30:30,059

um

766

00:30:35,690 --> 00:30:33,419

and then this is mahoy yeah there we go

767

00:30:38,450 --> 00:30:35,700

I was gonna say let's explain so that is

768

00:30:40,430 --> 00:30:38,460

opposite where this is being shot from

769

00:30:42,350 --> 00:30:40,440

is actually the same range as the the

770

00:30:44,450 --> 00:30:42,360

high peak that you climbed further down

771

00:30:46,430 --> 00:30:44,460

range yeah looking across the valley

772

00:30:47,590 --> 00:30:46,440

again to this which is the other

773

00:30:50,149 --> 00:30:47,600

Mountain

774

00:30:55,549 --> 00:30:50,159

so this is the valley that the light

775

00:31:00,769 --> 00:30:57,169

um you can see us we kind of settle by

776

00:31:05,450 --> 00:31:03,830

and then this was this was fire crew

777

00:31:06,889 --> 00:31:05,460

I just all chill in with some nice

778

00:31:08,210 --> 00:31:06,899

herbal teas and things like that

779

00:31:12,769 --> 00:31:08,220

actually I say herbal tea I'm pretty

780

00:31:12,779 --> 00:31:16,789

um

781

00:31:23,510 --> 00:31:21,289

it was just so so so so so so relaxing

782

00:31:25,430 --> 00:31:23,520

and these were kind of can't quite see

783

00:31:27,529 --> 00:31:25,440

it but you know looking out all the

784

00:31:29,330 --> 00:31:27,539

lights of the valley and I mean you what

785

00:31:32,510 --> 00:31:29,340

you can see here is how low all the

786

00:31:34,610 --> 00:31:32,520

lights are and there is an airport near

787

00:31:36,110 --> 00:31:34,620

um so you kind of have to spend a little

788

00:31:37,250 --> 00:31:36,120

while figuring out what was the plane

789

00:31:39,289 --> 00:31:37,260

what wasn't

790

00:31:41,990 --> 00:31:39,299

um but it was fairly apparent after a

791

00:31:44,269 --> 00:31:42,000

little bit you know yeah for sure um in

792

00:31:50,870 --> 00:31:47,630

this one excited us but it was a plane

793

00:31:52,789 --> 00:31:50,880

so just uh you know

794

00:31:54,950 --> 00:31:52,799

in it what what happened was I think the

795

00:31:56,090 --> 00:31:54,960

plane was coming towards us so for a

796

00:31:57,710 --> 00:31:56,100

while we were like what light is that

797

00:31:59,149 --> 00:31:57,720

and it was like Rising slowly behind

798

00:32:01,669 --> 00:31:59,159

this mountain and yeah then it turned

799

00:32:03,710 --> 00:32:01,679

and it went and we we figured it out but

800

00:32:04,970 --> 00:32:03,720

uh it just speaks to how easy it is to

801
00:32:06,889 --> 00:32:04,980
kind of trick yourself when you get

802
00:32:08,330 --> 00:32:06,899
excited about lights right and that's

803
00:32:09,710 --> 00:32:08,340
the nice thing about having a team there

804
00:32:11,029 --> 00:32:09,720
is you'd be like wait what's that and

805
00:32:13,070 --> 00:32:11,039
you all kind of sit and figure out and

806
00:32:15,169 --> 00:32:13,080
share theories and eventually you do

807
00:32:17,149 --> 00:32:15,179
figure it out

808
00:32:19,010 --> 00:32:17,159
this is the moon I included this because

809
00:32:20,690 --> 00:32:19,020
I I love this shot

810
00:32:22,370 --> 00:32:20,700
phone cameras are really bad at taking

811
00:32:24,169 --> 00:32:22,380
pictures of the Moon and before anyone

812
00:32:26,450 --> 00:32:24,179
says Samsung

813
00:32:28,970 --> 00:32:26,460

they superimpose a picture

814

00:32:30,409 --> 00:32:28,980

um but this is what it looks like on the

815

00:32:32,389 --> 00:32:30,419

iPhone and it kind of came out like a

816

00:32:33,529 --> 00:32:32,399

yin yang shape uh so I included it

817

00:32:37,430 --> 00:32:33,539

because it was cool it's one of my

818

00:32:41,570 --> 00:32:39,830

so I think this is when we'll go back uh

819

00:32:43,070 --> 00:32:41,580

this is just the the range with Orion

820

00:32:45,529 --> 00:32:43,080

over the top of it

821

00:32:47,029 --> 00:32:45,539

it's like her up here

822

00:32:48,950 --> 00:32:47,039

um spent a lot of time this was like

823

00:32:50,810 --> 00:32:48,960

from the viewing spot the viewing spot

824

00:32:54,649 --> 00:32:50,820

it was there was a bunch of HQ we'd all

825

00:32:57,529 --> 00:32:54,659

sit there and chat and yeah just relax

826

00:33:01,850 --> 00:33:00,470

this isn't a mad bat but this is a dog

827

00:33:04,149 --> 00:33:01,860

that loved me

828

00:33:06,049 --> 00:33:04,159

um and yeah another one

829

00:33:09,110 --> 00:33:06,059

yeah that's the thing as well in

830

00:33:11,630 --> 00:33:09,120

Colombia there's cows dogs and horses

831

00:33:13,669 --> 00:33:11,640

kind of everywhere especially dogs and

832

00:33:15,889 --> 00:33:13,679

you you certainly weren't afraid to make

833

00:33:17,750 --> 00:33:15,899

friends with them no like all through

834

00:33:19,430 --> 00:33:17,760

Mexico and stuff I was just I find it as

835

00:33:21,409 --> 00:33:19,440

long as you let them smell your hand but

836

00:33:23,149 --> 00:33:21,419

I did get chased by one dog gang of dogs

837

00:33:25,610 --> 00:33:23,159

at various sizes all the way from Tiny

838

00:33:30,470 --> 00:33:25,620

to big and it was I I was laughing as I

839

00:33:35,570 --> 00:33:32,630

so this is yeah Hayden's trying to get

840

00:33:35,580 --> 00:33:38,870

this is the morning after

841

00:33:45,470 --> 00:33:40,909

kind of coming down

842

00:33:50,090 --> 00:33:47,450

so that was a this is now to a different

843

00:33:51,889 --> 00:33:50,100

location but it is yeah we won't go into

844

00:33:53,690 --> 00:33:51,899

too much detail because that's that

845

00:33:56,470 --> 00:33:53,700

forms part of the investigation yeah

846

00:34:02,269 --> 00:33:59,210

kind of watching the birds fly around

847

00:34:04,430 --> 00:34:02,279

high up oh yeah I think they are Andy

848

00:34:06,289 --> 00:34:04,440

and Condors aren't they yeah that's

849

00:34:08,149 --> 00:34:06,299

right it was super relaxing to just

850

00:34:09,230 --> 00:34:08,159

watch them Circle in circle

851
00:34:11,690 --> 00:34:09,240
um and as you can hear in the audio

852
00:34:14,510 --> 00:34:11,700
ashes suggesting that the bird is uh it

853
00:34:17,810 --> 00:34:14,520
spotted food and the food's name is Dan

854
00:34:19,609 --> 00:34:17,820
so also I had my drone up at this point

855
00:34:21,349 --> 00:34:19,619
as well and one of them literally just

856
00:34:23,329 --> 00:34:21,359
flew straight towards it they just were

857
00:34:26,450 --> 00:34:23,339
not put off by the drones and they're a

858
00:34:28,310 --> 00:34:26,460
lot bigger than the Drone as well

859
00:34:30,889 --> 00:34:28,320
imagine you lost your drone because it

860
00:34:33,190 --> 00:34:30,899
was taken out by a bird I know man I was

861
00:34:36,109 --> 00:34:33,200
scared for a second

862
00:34:39,230 --> 00:34:36,119
so this is your video where was this

863
00:34:41,149 --> 00:34:39,240

so this was we were now on the road this

864

00:34:43,190 --> 00:34:41,159

was a journey

865

00:34:46,070 --> 00:34:43,200

and we stopped at a small town basically

866

00:34:47,990 --> 00:34:46,080

on route to our first destination and

867

00:34:50,510 --> 00:34:48,000

there's this church ceremony happening

868

00:34:52,430 --> 00:34:50,520

so I just stuck my phone in and recorded

869

00:34:53,810 --> 00:34:52,440

a little bit you know things like this

870

00:34:55,730 --> 00:34:53,820

are really interesting to see because

871

00:34:57,650 --> 00:34:55,740

it's a lot different to what it's like

872

00:35:01,190 --> 00:34:57,660

in the UK so

873

00:35:04,310 --> 00:35:01,200

yeah just curious does that sound say no

874

00:35:06,589 --> 00:35:04,320

recording you Rebel yeah but I'm I'm not

875

00:35:08,450 --> 00:35:06,599

in the building I'm outside filming in

876

00:35:13,730 --> 00:35:08,460

that's nice oh nice I like it you got

877

00:35:17,930 --> 00:35:15,950

yeah I think it's probably two or three

878

00:35:20,210 --> 00:35:17,940

they're all just

879

00:35:22,970 --> 00:35:20,220

pack them isn't it it is well this was

880

00:35:24,950 --> 00:35:22,980

still holy week so Easter time I guess

881

00:35:26,170 --> 00:35:24,960

it's the small town everybody goes to

882

00:35:29,569 --> 00:35:26,180

church and

883

00:35:32,329 --> 00:35:29,579

gathers so yeah pretty pretty impressive

884

00:35:36,829 --> 00:35:34,550

and I think this was yeah this is the

885

00:35:41,329 --> 00:35:39,290

again just you know this is I can't even

886

00:35:44,210 --> 00:35:41,339

remember how far we traveled we traveled

887

00:35:46,250 --> 00:35:44,220

a good few hours north of Bogota where

888

00:35:48,470 --> 00:35:46,260

we were so we were hitting small towns

889

00:35:50,150 --> 00:35:48,480

and Villages and

890

00:35:54,829 --> 00:35:50,160

we were just uh

891

00:35:58,069 --> 00:35:54,839

you know being curious was

892

00:35:59,870 --> 00:35:58,079

um I guess the place names they did yeah

893

00:36:02,270 --> 00:35:59,880

yeah and I actually stood on it by

894

00:36:04,490 --> 00:36:02,280

accident and it ran off we also had a

895

00:36:05,750 --> 00:36:04,500

good breakfast uh here after a bit of

896

00:36:09,310 --> 00:36:05,760

travel so

897

00:36:11,870 --> 00:36:09,320

it was good yo you always

898

00:36:14,270 --> 00:36:11,880

I think it's backwards that's the place

899

00:36:16,310 --> 00:36:14,280

name there

900

00:36:17,990 --> 00:36:16,320

we go

901
00:36:21,290 --> 00:36:18,000
I was like a Disney princess but with

902
00:36:24,050 --> 00:36:22,490
and then these were just some of the

903
00:36:26,210 --> 00:36:24,060
views like we were treated to as we were

904
00:36:28,609 --> 00:36:26,220
driving around just absolutely stunning

905
00:36:30,349 --> 00:36:28,619
and all of these greenhouses here I want

906
00:36:32,150 --> 00:36:30,359
to copy his biggest experts as flowers

907
00:36:34,130 --> 00:36:32,160
roses so

908
00:36:35,930 --> 00:36:34,140
um that's that's what's contained in

909
00:36:37,250 --> 00:36:35,940
these just hundreds and hundreds and

910
00:36:41,030 --> 00:36:37,260
hundreds of them it's quite amazing

911
00:36:45,790 --> 00:36:43,390
yeah this made me laugh

912
00:36:49,010 --> 00:36:45,800
this was just during some down time

913
00:36:51,710 --> 00:36:49,020

everyone was just chilling on on uh

914

00:36:55,069 --> 00:36:51,720

hammocks and things yeah this was uh

915

00:36:57,470 --> 00:36:55,079

that was our first uh sorry our second

916

00:36:59,810 --> 00:36:57,480

uh headquarters so we'd arrived in the

917

00:37:01,849 --> 00:36:59,820

town of vija De Laver and had this

918

00:37:03,890 --> 00:37:01,859

immense house I think he had like 15

919

00:37:05,329 --> 00:37:03,900

bedrooms didn't it yeah with like two

920

00:37:08,450 --> 00:37:05,339

beds in each

921

00:37:10,069 --> 00:37:08,460

yeah it was incredible so yeah it was a

922

00:37:11,930 --> 00:37:10,079

beautiful Town it was a lot like Spain

923

00:37:13,370 --> 00:37:11,940

it felt a lot like Spain to me and the

924

00:37:15,650 --> 00:37:13,380

weather the weather the weather had

925

00:37:17,329 --> 00:37:15,660

changed it had got a lot more uh milder

926
00:37:19,370 --> 00:37:17,339
and warmer up in this part of the

927
00:37:22,010 --> 00:37:19,380
country and here I am sat down with Ash

928
00:37:24,050 --> 00:37:22,020
filming a one-on-one interview for for

929
00:37:25,130 --> 00:37:24,060
the series so yeah we got a lot of work

930
00:37:29,390 --> 00:37:25,140
done still

931
00:37:35,690 --> 00:37:31,849
this was the

932
00:37:39,950 --> 00:37:37,550
yeah I think didn't we when we told it

933
00:37:42,829 --> 00:37:39,960
that's the largest plow open air open

934
00:37:44,329 --> 00:37:42,839
air Plaza in South America or Colombia

935
00:37:45,950 --> 00:37:44,339
or something oh yeah it was something

936
00:37:46,849 --> 00:37:45,960
that there wasn't it yeah it was a huge

937
00:37:48,770 --> 00:37:46,859
place

938
00:37:50,270 --> 00:37:48,780

yeah and we had a really lovely you'll

939

00:37:51,950 --> 00:37:50,280

see some dinner shots that took place

940

00:37:53,810 --> 00:37:51,960

here

941

00:37:55,609 --> 00:37:53,820

um soon enough but yeah this is amazing

942

00:37:57,109 --> 00:37:55,619

Plaza and there were a whole bunch of

943

00:37:58,910 --> 00:37:57,119

like kids toys as well that were being

944

00:38:00,349 --> 00:37:58,920

shot into the air and again if you

945

00:38:01,910 --> 00:38:00,359

didn't know any better you'd be like

946

00:38:03,890 --> 00:38:01,920

what's that I'm probably filming it you

947

00:38:07,849 --> 00:38:03,900

know there's something anomalous but no

948

00:38:14,210 --> 00:38:10,430

I think this was before dinner

949

00:38:14,220 --> 00:38:22,030

uh

950

00:38:27,710 --> 00:38:25,609

full Squad full Squad hold on let me let

951
00:38:29,089 --> 00:38:27,720
me pause it so we can intro the full

952
00:38:31,069 --> 00:38:29,099
Squad

953
00:38:34,310 --> 00:38:31,079
so this dude you know obviously the king

954
00:38:38,210 --> 00:38:34,320
of England and this is Priscilla

955
00:38:40,430 --> 00:38:38,220
the king of the quantum realm oh Queen

956
00:38:42,250 --> 00:38:40,440
um we've got Natty this is uh Ash's

957
00:38:44,569 --> 00:38:42,260
partner uh help him with production

958
00:38:46,430 --> 00:38:44,579
Danny is next

959
00:38:49,010 --> 00:38:46,440
all right Danny was another production

960
00:38:50,990 --> 00:38:49,020
assistant then you've got Jen kind of

961
00:38:53,569 --> 00:38:51,000
nodding there

962
00:38:56,089 --> 00:38:53,579
then Walter ignoring the camera and just

963
00:38:59,089 --> 00:38:56,099

getting on business very efficient

964

00:39:02,150 --> 00:38:59,099

Stephan is Hayden there's me it's

965

00:39:04,730 --> 00:39:02,160

Priscilla oh sorry uh Elena hello yeah

966

00:39:07,970 --> 00:39:04,740

and then Ash did he oh yeah he turned

967

00:39:09,650 --> 00:39:07,980

around there there's Ashley our uh

968

00:39:11,030 --> 00:39:09,660

a Shepherd I guess

969

00:39:23,089 --> 00:39:11,040

yeah

970

00:39:27,050 --> 00:39:23,099

lots of wine was had lots of merrymans

971

00:39:32,089 --> 00:39:29,870

there we go oh here we go I did film did

972

00:39:35,650 --> 00:39:32,099

you do you film the food it was like

973

00:39:38,690 --> 00:39:35,660

meat platters wasn't it it was yeah

974

00:39:40,430 --> 00:39:38,700

blood sausage and stuff it's really good

975

00:39:43,250 --> 00:39:40,440

I was plantain with cheese in there the

976

00:39:46,910 --> 00:39:43,260

salads were really good

977

00:39:48,710 --> 00:39:46,920

it's just awesome tasty

978

00:39:50,810 --> 00:39:48,720

the best the UK has to offer is like

979

00:39:54,890 --> 00:39:50,820

beans on toast and as banging as that is

980

00:39:58,310 --> 00:39:54,900

it's not that you know yeah yeah

981

00:40:00,410 --> 00:39:58,320

so this was then in the evening uh I

982

00:40:01,790 --> 00:40:00,420

remember Ash saying don't don't go up to

983

00:40:03,710 --> 00:40:01,800

the astronomical

984

00:40:04,849 --> 00:40:03,720

you know platform on the Mountain at

985

00:40:06,349 --> 00:40:04,859

night and I was like well that's when

986

00:40:08,630 --> 00:40:06,359

you go up to the astronomical platform

987

00:40:10,670 --> 00:40:08,640

to see the stars so Elena and I took a

988

00:40:12,710 --> 00:40:10,680

walkie-talkie and we traversed this

989

00:40:15,470 --> 00:40:12,720

mountain and we were hoping to get here

990

00:40:17,870 --> 00:40:15,480

and when we got about halfway up

991

00:40:19,790 --> 00:40:17,880

or I thought we were halfway up we

992

00:40:21,950 --> 00:40:19,800

checked and we actually realized we were

993

00:40:24,050 --> 00:40:21,960

just down by here and it was like that

994

00:40:25,849 --> 00:40:24,060

it was worse than waikato climb it was

995

00:40:27,470 --> 00:40:25,859

ridiculous so yeah we didn't get all the

996

00:40:29,089 --> 00:40:27,480

way to the top but this little field

997

00:40:31,310 --> 00:40:29,099

down here was full of fireflies and

998

00:40:32,930 --> 00:40:31,320

stuff so it was a really nice trip and

999

00:40:36,290 --> 00:40:32,940

we were greeted with these kind of views

1000

00:40:38,750 --> 00:40:36,300

you know just seeing a city amazing it

1001

00:40:40,849 --> 00:40:38,760

was beautiful

1002

00:40:43,130 --> 00:40:40,859

there you go

1003

00:40:46,790 --> 00:40:43,140

that's why I'll proper must be Milky Way

1004

00:40:48,410 --> 00:40:46,800

is there it's beautiful really beautiful

1005

00:40:56,140 --> 00:40:48,420

um and then whilst we were doing that

1006

00:41:00,829 --> 00:40:58,210

[Music]

1007

00:41:03,589 --> 00:41:00,839

so this is Hayden dancing with Danny

1008

00:41:05,930 --> 00:41:03,599

Danny was showing him uh you know how to

1009

00:41:07,609 --> 00:41:05,940

keep the the upper body straight

1010

00:41:09,470 --> 00:41:07,619

um there's nothing wrong with these on

1011

00:41:11,870 --> 00:41:09,480

so that is true Ashley I'm sorry it's a

1012

00:41:14,410 --> 00:41:11,880

ears it should be on the

1013

00:41:17,450 --> 00:41:14,420

you know worldwide delicacy list

1014

00:41:19,490 --> 00:41:17,460

good to see you guys yes great see you

1015

00:41:21,109 --> 00:41:19,500

question is actually you have like being

1016

00:41:24,829 --> 00:41:21,119

parents or cheese in it or do you just

1017

00:41:29,150 --> 00:41:24,839

go naked beans on toast and embrace it

1018

00:41:32,990 --> 00:41:30,950

yeah the salsa was really good and and

1019

00:41:35,390 --> 00:41:33,000

Hayden had one of the quotes of the

1020

00:41:36,530 --> 00:41:35,400

whole trip for me where uh where after a

1021

00:41:39,290 --> 00:41:36,540

little while and he was kind of starting

1022

00:41:41,150 --> 00:41:39,300

to get it he looked at Danny and said oh

1023

00:41:43,310 --> 00:41:41,160

I see so it's all about like eye contact

1024

00:41:45,770 --> 00:41:43,320

right and she's just meant yeah exactly

1025

00:41:47,750 --> 00:41:45,780

it's all about eye contact and you know

1026

00:41:49,190 --> 00:41:47,760

the rest of the world isn't as Brazen

1027

00:41:50,990 --> 00:41:49,200

about eye contact clearly because

1028

00:41:55,250 --> 00:41:51,000

Hayden's next response was just to say

1029

00:42:00,170 --> 00:41:58,069

that's amazing brilliant

1030

00:42:01,910 --> 00:42:00,180

you know that was a good night is this a

1031

00:42:03,829 --> 00:42:01,920

video it is a video it's just a little

1032

00:42:06,410 --> 00:42:03,839

sort of pan around from the courtyard of

1033

00:42:10,849 --> 00:42:06,420

the the house we were staying at

1034

00:42:17,089 --> 00:42:14,810

so all these rooms here along I just um

1035

00:42:20,270 --> 00:42:17,099

just bedrooms basically with multiple

1036

00:42:22,130 --> 00:42:20,280

beds and stuff yeah amazing great great

1037

00:42:26,870 --> 00:42:22,140

place for a sleepover

1038

00:42:31,550 --> 00:42:28,730

and then where is this I think this is

1039

00:42:32,870 --> 00:42:31,560

your video here yeah this is this is

1040

00:42:34,609 --> 00:42:32,880

something I'm not gonna We're not gonna

1041

00:42:41,829 --> 00:42:34,619

show much of this because we're going to

1042

00:42:50,270 --> 00:42:44,650

telescopes and Aliens

1043

00:42:53,569 --> 00:42:51,770

yeah that was a that was a real interest

1044

00:42:55,849 --> 00:42:53,579

in place

1045

00:42:58,130 --> 00:42:55,859

yeah but again we'll uh

1046

00:43:02,170 --> 00:42:58,140

yeah Ash is here Ash is worse than Kevin

1047

00:43:05,329 --> 00:43:02,180

feige off-screen there's just guns

1048

00:43:07,130 --> 00:43:05,339

found a new friend see the poor on the

1049

00:43:09,290 --> 00:43:07,140

foot but he's for life that's that's

1050

00:43:10,849 --> 00:43:09,300

what that means but this is also the

1051
00:43:12,230 --> 00:43:10,859
place where there was that a French

1052
00:43:14,870 --> 00:43:12,240
Bulldog

1053
00:43:17,990 --> 00:43:14,880
um who you you know gave lots of nice

1054
00:43:19,670 --> 00:43:18,000
cuddles to but this is the phrase from

1055
00:43:21,230 --> 00:43:19,680
earlier comes in because after you've

1056
00:43:24,230 --> 00:43:21,240
finished stroking him he just waddled

1057
00:43:26,270 --> 00:43:24,240
off yeah and we realized where the the

1058
00:43:28,450 --> 00:43:26,280
phrase mudbuck comes from and I'll leave

1059
00:43:31,970 --> 00:43:28,460
it at that because he was he was all

1060
00:43:34,430 --> 00:43:31,980
yeah I mean I had the control of the

1061
00:43:37,970 --> 00:43:34,440
back and dribbles McGee over there but

1062
00:43:39,829 --> 00:43:37,980
yeah there's no one he's no andrax puppy

1063
00:43:44,450 --> 00:43:39,839

no

1064

00:43:50,450 --> 00:43:44,460

a different one um maybe in the

1065

00:43:54,349 --> 00:43:52,670

okay this was actually in the town

1066

00:43:56,809 --> 00:43:54,359

um the Vega de Laver this was just down

1067

00:43:59,450 --> 00:43:56,819

the road from our house again very

1068

00:44:02,030 --> 00:43:59,460

Spanish looking just a stunning stunning

1069

00:44:05,210 --> 00:44:03,530

surrounded by mountains we were

1070

00:44:07,130 --> 00:44:05,220

literally slap bang in the center of the

1071

00:44:09,170 --> 00:44:07,140

valley weren't we yeah yeah absolutely

1072

00:44:13,390 --> 00:44:09,180

it was gorgeous yeah it was good it was

1073

00:44:17,809 --> 00:44:15,770

it was an incredible musician that was

1074

00:44:18,650 --> 00:44:17,819

playing during this whole thing uh this

1075

00:44:20,150 --> 00:44:18,660

whole dinner

1076

00:44:21,770 --> 00:44:20,160

um and the musician wasn't even on

1077

00:44:23,990 --> 00:44:21,780

Spotify we asked him and he was like no

1078

00:44:25,069 --> 00:44:24,000

no no I don't have any CDs to sell or

1079

00:44:26,870 --> 00:44:25,079

anything and we would have mentioned it

1080

00:44:28,130 --> 00:44:26,880

because he was fantastic it just makes

1081

00:44:30,230 --> 00:44:28,140

you wonder how many other people are out

1082

00:44:32,270 --> 00:44:30,240

there there's just ridiculously talented

1083

00:44:34,370 --> 00:44:32,280

like that but it just now playing my

1084

00:44:37,010 --> 00:44:34,380

Local Tavern that's that's I just do it

1085

00:44:38,450 --> 00:44:37,020

because I enjoy it you know

1086

00:44:39,890 --> 00:44:38,460

and like we said at the start you could

1087

00:44:41,630 --> 00:44:39,900

be forgiven for thinking that all we did

1088

00:44:43,550 --> 00:44:41,640

was go to Columbia and have a party and

1089

00:44:45,950 --> 00:44:43,560

just go out for dinner all the time but

1090

00:44:47,630 --> 00:44:45,960

again as we said this was just the down

1091

00:44:49,730 --> 00:44:47,640

time in the hour or two in the evening

1092

00:44:51,410 --> 00:44:49,740

where we had free after we'd done a busy

1093

00:44:54,170 --> 00:44:51,420

day of work or whatever and

1094

00:44:56,030 --> 00:44:54,180

investigating so we did get work done

1095

00:45:00,410 --> 00:44:56,040

and you will be able to see it in season

1096

00:45:04,630 --> 00:45:02,150

of me trying to steal a bigger heart

1097

00:45:06,530 --> 00:45:04,640

like the Tin Man

1098

00:45:08,270 --> 00:45:06,540

it was really weird that this was

1099

00:45:10,250 --> 00:45:08,280

Netflix sponsored I don't know why they

1100

00:45:12,230 --> 00:45:10,260

must be doing something

1101
00:45:14,390 --> 00:45:12,240
yeah strange because every town had a

1102
00:45:16,750 --> 00:45:14,400
sign like in the class or in the in the

1103
00:45:19,010 --> 00:45:16,760
sort of center of town

1104
00:45:20,809 --> 00:45:19,020
and there was a heartbeat to this one as

1105
00:45:22,010 --> 00:45:20,819
well but I swear it was a regular we

1106
00:45:24,170 --> 00:45:22,020
would stood there for a while like wait

1107
00:45:31,250 --> 00:45:24,180
is that that's not our regular heartbeat

1108
00:45:36,430 --> 00:45:32,450
okay

1109
00:45:41,930 --> 00:45:39,530
it's a little walking through the town

1110
00:45:43,130 --> 00:45:41,940
I'm not sure who's got my phone with you

1111
00:45:45,109 --> 00:45:43,140
from in this

1112
00:45:47,030 --> 00:45:45,119
I know because there's me over there

1113
00:45:49,609 --> 00:45:47,040

cool so I've given my phone to someone

1114

00:45:51,710 --> 00:45:49,619

at this point hey it's who's not in

1115

00:45:54,829 --> 00:45:51,720

Elena probably oh look I found a dog

1116

00:45:59,210 --> 00:45:56,510

we've all got our bottles of wine into

1117

00:46:03,050 --> 00:45:59,220

our Brown Bags yeah walking around all

1118

00:46:07,010 --> 00:46:04,970

nice it's really nice to roll into this

1119

00:46:08,809 --> 00:46:07,020

town yeah it's beautiful great

1120

00:46:10,370 --> 00:46:08,819

atmosphere great people

1121

00:46:13,430 --> 00:46:10,380

really friendly

1122

00:46:19,370 --> 00:46:16,870

there you go down the back

1123

00:46:20,990 --> 00:46:19,380

people with uh eagle eyes might be able

1124

00:46:22,550 --> 00:46:21,000

to spot this in the show we forgot to

1125

00:46:24,710 --> 00:46:22,560

wipe it off so there's a number of drone

1126
00:46:26,390 --> 00:46:24,720
shots that you know actually may not be

1127
00:46:28,250 --> 00:46:26,400
able to use because of this stuff on the

1128
00:46:33,290 --> 00:46:28,260
back but yeah

1129
00:46:38,990 --> 00:46:35,150
all right chilling getting ready to move

1130
00:46:43,550 --> 00:46:41,630
oh look Elena's here as well

1131
00:46:45,470 --> 00:46:43,560
good to see so many of the team in the

1132
00:46:47,210 --> 00:46:45,480
chat as well hope everyone's settled

1133
00:46:49,790 --> 00:46:47,220
back into normal life

1134
00:46:51,829 --> 00:46:49,800
yeah everyone's kind of catching up

1135
00:46:53,990 --> 00:46:51,839
these what are these These are

1136
00:46:55,670 --> 00:46:54,000
chichirons so it's like pork rinds but

1137
00:46:58,550 --> 00:46:55,680
you know we get them in the UK but I'm

1138
00:47:01,849 --> 00:46:58,560

just a Deadman to them so addicted to

1139

00:47:03,290 --> 00:47:01,859

them so that was my uh my go-to snack

1140

00:47:06,230 --> 00:47:03,300

hahaha

1141

00:47:08,390 --> 00:47:06,240

yeah they do look pretty good

1142

00:47:10,790 --> 00:47:08,400

now this is another location now right

1143

00:47:13,010 --> 00:47:10,800

this was yeah this is Lake totter so

1144

00:47:15,770 --> 00:47:13,020

this is again steeped in history and

1145

00:47:17,390 --> 00:47:15,780

folklore and anomalous lights so this

1146

00:47:19,370 --> 00:47:17,400

was another place we went to investigate

1147

00:47:21,650 --> 00:47:19,380

we weren't again go into too much detail

1148

00:47:23,690 --> 00:47:21,660

about what we did we'll uh we'll save

1149

00:47:25,970 --> 00:47:23,700

that for for the summer premiere this

1150

00:47:28,010 --> 00:47:25,980

this was where we had no Wi-Fi and no

1151

00:47:32,470 --> 00:47:28,020

phone signal so it was it was nice to

1152

00:47:37,970 --> 00:47:34,790

again another beautiful house that we

1153

00:47:41,089 --> 00:47:37,980

all stayed in and yeah it was amazing

1154

00:47:45,650 --> 00:47:41,099

yeah absolutely gorgeous

1155

00:47:50,030 --> 00:47:47,630

this was the rickety Pier at the end of

1156

00:47:53,150 --> 00:47:50,040

our garden over that Lake he was a bit

1157

00:47:56,569 --> 00:47:53,160

sketchy are you going out or coming in

1158

00:47:56,579 --> 00:48:00,829

oh yeah the there's the boat

1159

00:48:04,250 --> 00:48:02,569

and there's the house yeah it was just

1160

00:48:06,230 --> 00:48:04,260

oh it was beautiful man

1161

00:48:08,990 --> 00:48:06,240

great for drone shots it's some amazing

1162

00:48:12,410 --> 00:48:09,000

drone work done

1163

00:48:15,050 --> 00:48:12,420

yeah stunning

1164

00:48:16,490 --> 00:48:15,060

there's a nice panorama

1165

00:48:18,530 --> 00:48:16,500

beautiful

1166

00:48:19,790 --> 00:48:18,540

again because we had mountains over the

1167

00:48:21,349 --> 00:48:19,800

far side of the lake and when the

1168

00:48:22,790 --> 00:48:21,359

evening started coming in and there was

1169

00:48:24,230 --> 00:48:22,800

lightning flashing above the mountain

1170

00:48:25,430 --> 00:48:24,240

and there were different weather fronts

1171

00:48:27,410 --> 00:48:25,440

depending which direction you were

1172

00:48:30,470 --> 00:48:27,420

looking in it was just absolutely

1173

00:48:32,390 --> 00:48:30,480

stunning oh I can see I can

1174

00:48:34,430 --> 00:48:32,400

so you've got you got clear sky there

1175

00:48:35,870 --> 00:48:34,440

you got big white clouds and then you've

1176

00:48:37,430 --> 00:48:35,880

got the gray at the top it was like it

1177

00:48:40,130 --> 00:48:37,440

looks like a painting

1178

00:48:42,170 --> 00:48:40,140

it's amazing it wasn't yeah it's just uh

1179

00:48:43,970 --> 00:48:42,180

unbelievable

1180

00:48:46,670 --> 00:48:43,980

it's gorgeous

1181

00:48:50,450 --> 00:48:46,680

then this was a phenomena that we were

1182

00:48:53,750 --> 00:48:50,460

both Amazed by and introduced to here uh

1183

00:48:55,089 --> 00:48:53,760

people will see blue Sparks oh yeah this

1184

00:48:58,430 --> 00:48:55,099

is weird

1185

00:49:01,190 --> 00:48:58,440

this like all I'm doing here is running

1186

00:49:03,230 --> 00:49:01,200

my hand over the bed sheet real fast and

1187

00:49:04,609 --> 00:49:03,240

it's creating these blue little Sparks

1188

00:49:06,370 --> 00:49:04,619

and you could kind of see like they're

1189

00:49:09,349 --> 00:49:06,380

too quickly let's see but you could see

1190

00:49:12,109 --> 00:49:09,359

uh essentially you know An Origin point

1191

00:49:13,910 --> 00:49:12,119

and then like uh a kind of almost like a

1192

00:49:16,010 --> 00:49:13,920

hand shape kind of where the Sparks you

1193

00:49:17,450 --> 00:49:16,020

jump in and everyone was like oh yeah

1194

00:49:19,609 --> 00:49:17,460

we've experienced that before and Phoebe

1195

00:49:21,290 --> 00:49:19,619

and I were like nope never and people

1196

00:49:23,990 --> 00:49:21,300

said that it would happen back at HQ me

1197

00:49:25,030 --> 00:49:24,000

tried and it didn't so what's up with

1198

00:49:28,130 --> 00:49:25,040

that

1199

00:49:30,290 --> 00:49:28,140

this is weird strange phenomena

1200

00:49:31,970 --> 00:49:30,300

it was nice to just while away the hour

1201
00:49:34,370 --> 00:49:31,980
Sat by the lake there and these were the

1202
00:49:36,770 --> 00:49:34,380
stars overhead just yeah beautiful

1203
00:49:40,990 --> 00:49:36,780
beautiful spot to just

1204
00:49:47,510 --> 00:49:42,790
cheers dude

1205
00:49:50,390 --> 00:49:49,309
you you were just drawing on the fence

1206
00:49:51,950 --> 00:49:50,400
right

1207
00:49:55,190 --> 00:49:51,960
um yeah yeah

1208
00:49:57,530 --> 00:49:55,200
and what we're doing here we would yeah

1209
00:49:59,150 --> 00:49:57,540
we took a boat out on the lake again we

1210
00:50:00,290 --> 00:49:59,160
won't say too much

1211
00:50:02,510 --> 00:50:00,300
um the reasons behind everything

1212
00:50:04,430 --> 00:50:02,520
unfortunately guys so yeah it was a

1213
00:50:05,569 --> 00:50:04,440

great boat Journey that's for sure yeah

1214

00:50:08,809 --> 00:50:05,579

it really was

1215

00:50:14,930 --> 00:50:11,150

some Walter deep in thought yeah doing

1216

00:50:20,690 --> 00:50:18,109

and then these these jukeboxes

1217

00:50:22,430 --> 00:50:20,700

like you can never there's something

1218

00:50:24,650 --> 00:50:22,440

about adults drinking juice boxes that's

1219

00:50:27,170 --> 00:50:24,660

just hilarious but Priscilla was telling

1220

00:50:30,109 --> 00:50:27,180

me a story where like all four guys like

1221

00:50:31,490 --> 00:50:30,119

I think it was me you Hayden

1222

00:50:33,290 --> 00:50:31,500

um and staff were just stood drinking

1223

00:50:35,809 --> 00:50:33,300

juice boxes and she was just in stitches

1224

00:50:39,710 --> 00:50:35,819

like four adult men just with these tiny

1225

00:50:43,010 --> 00:50:41,750

this again it was one of our guides like

1226

00:50:44,750 --> 00:50:43,020

relaxing

1227

00:50:49,010 --> 00:50:44,760

while waiting for us

1228

00:50:51,829 --> 00:50:49,020

his Vinnie flying the Drone some more

1229

00:50:53,630 --> 00:50:51,839

we go to strip

1230

00:50:58,069 --> 00:50:53,640

I think there's our video yeah there's a

1231

00:51:06,430 --> 00:51:00,109

this is that we've done the heist and

1232

00:51:10,910 --> 00:51:09,410

yeah that was fun I was so so scared

1233

00:51:13,609 --> 00:51:10,920

that I was gonna get like seasick or

1234

00:51:15,950 --> 00:51:13,619

something because I you know you're okay

1235

00:51:17,450 --> 00:51:15,960

that was absolutely fine yeah no

1236

00:51:18,890 --> 00:51:17,460

problems at all but I always get that

1237

00:51:21,349 --> 00:51:18,900

little thing in my head and I start

1238

00:51:22,870 --> 00:51:21,359

winding myself up like am I gonna puke I

1239

00:51:25,069 --> 00:51:22,880

hope not

1240

00:51:27,349 --> 00:51:25,079

I would say thanks to you I'm glad that

1241

00:51:30,650 --> 00:51:27,359

you didn't puke it's the first time

1242

00:51:30,660 --> 00:51:38,470

uh also video yeah

1243

00:51:44,150 --> 00:51:40,990

the captain's standing up

1244

00:51:45,589 --> 00:51:44,160

yeah oh and that's a similar flag to

1245

00:51:47,750 --> 00:51:45,599

what you have behind you though

1246

00:51:51,109 --> 00:51:47,760

it is yeah I had to pick up a flag while

1247

00:51:55,730 --> 00:51:53,150

it holds a dear place in my heart that

1248

00:51:56,870 --> 00:51:55,740

country it really does now this was on

1249

00:51:59,870 --> 00:51:56,880

the way

1250

00:52:02,150 --> 00:51:59,880

we took a four or five hour Journey back

1251
00:52:03,890 --> 00:52:02,160
to our original headquarters and just

1252
00:52:05,690 --> 00:52:03,900
going through these towns so I just you

1253
00:52:08,150 --> 00:52:05,700
know thought I'd just film and see what

1254
00:52:11,030 --> 00:52:08,160
we did we stopped at some Roadside Cafe

1255
00:52:12,650 --> 00:52:11,040
for food as well uh along along this

1256
00:52:14,270 --> 00:52:12,660
time I thought I thought this was

1257
00:52:15,950 --> 00:52:14,280
actually where we found I was looking

1258
00:52:17,630 --> 00:52:15,960
here to see if the Roadside Cafe was

1259
00:52:20,270 --> 00:52:17,640
there but I guess it's not

1260
00:52:21,470 --> 00:52:20,280
it's near very near here yeah it was

1261
00:52:24,290 --> 00:52:21,480
near but not

1262
00:52:26,270 --> 00:52:24,300
right there maybe this one

1263
00:52:28,390 --> 00:52:26,280

no this is again just around the car I

1264

00:52:31,730 --> 00:52:28,400

was just trying to capture

1265

00:52:34,309 --> 00:52:31,740

yeah just amazing so colorful like this

1266

00:52:36,170 --> 00:52:34,319

a white wall is is not a completed wall

1267

00:52:37,910 --> 00:52:36,180

there it's a it's a canvas ready for

1268

00:52:40,490 --> 00:52:37,920

like life to just do its thing and

1269

00:52:41,990 --> 00:52:40,500

exactly

1270

00:52:45,170 --> 00:52:42,000

there we go that's what we had it was

1271

00:52:47,390 --> 00:52:45,180

like beans and rice and meat but the hot

1272

00:52:50,990 --> 00:52:47,400

sauce was absolutely banging it was so

1273

00:52:52,609 --> 00:52:51,000

good yeah it's very good they they have

1274

00:52:54,589 --> 00:52:52,619

a habit of like

1275

00:52:56,510 --> 00:52:54,599

seeing the wig gringos and just being

1276

00:52:58,930 --> 00:52:56,520

like no no spicy things for you but

1277

00:53:03,650 --> 00:52:58,940

actually the spicy stuff was amazing

1278

00:53:08,230 --> 00:53:06,589

oh here we go this is actually where we

1279

00:53:14,410 --> 00:53:08,240

and look at you

1280

00:53:16,549 --> 00:53:14,420

wait where am I oh dogs see

1281

00:53:18,110 --> 00:53:16,559

I'm just in the background of so many

1282

00:53:21,230 --> 00:53:18,120

shots with dogs

1283

00:53:23,750 --> 00:53:21,240

[Laughter]

1284

00:53:25,490 --> 00:53:23,760

so funny what is this

1285

00:53:28,790 --> 00:53:25,500

I think that's just back at the original

1286

00:53:30,950 --> 00:53:28,800

HQ oh yeah it has a military helicopter

1287

00:53:32,450 --> 00:53:30,960

came over that's right black helicopter

1288

00:53:38,930 --> 00:53:32,460

is this when you went missing for like

1289

00:53:44,450 --> 00:53:41,710

so this was we would drive into another

1290

00:53:47,150 --> 00:53:44,460

undisclosed location

1291

00:53:48,710 --> 00:53:47,160

um and yeah this was just the team Steph

1292

00:53:53,329 --> 00:53:48,720

pose in there that make a great album

1293

00:53:58,430 --> 00:53:55,730

and this was class wasn't it seeing this

1294

00:54:00,170 --> 00:53:58,440

that's amazing yep never seen a sun l

1295

00:54:02,870 --> 00:54:00,180

think it's sun halo isn't it uh

1296

00:54:05,329 --> 00:54:02,880

perihelion done with that okay cool

1297

00:54:07,190 --> 00:54:05,339

basically the sun halo you get it with

1298

00:54:08,750 --> 00:54:07,200

the moon and stuff as well but uh yeah

1299

00:54:10,430 --> 00:54:08,760

it's amazing kind of just seeing that

1300

00:54:11,450 --> 00:54:10,440

massive Circle hanging in the air and

1301
00:54:13,549 --> 00:54:11,460
again

1302
00:54:15,950 --> 00:54:13,559
if you didn't know any better you know

1303
00:54:18,910 --> 00:54:15,960
like I can imagine hundreds of years ago

1304
00:54:21,710 --> 00:54:18,920
people would just be like uh what's that

1305
00:54:23,690 --> 00:54:21,720
oh God yeah for sure almost looks like a

1306
00:54:25,309 --> 00:54:23,700
giant eye with a white pupil

1307
00:54:27,589 --> 00:54:25,319
yeah it was amazing never seen anything

1308
00:54:29,809 --> 00:54:27,599
like it

1309
00:54:32,690 --> 00:54:29,819
so these were like little pieces of art

1310
00:54:34,430 --> 00:54:32,700
that are done one of our walks and it

1311
00:54:37,250 --> 00:54:34,440
kind of all speaks to the creation myths

1312
00:54:39,170 --> 00:54:37,260
of the moisture and just the beliefs in

1313
00:54:41,030 --> 00:54:39,180

local cultures and and the

1314

00:54:43,910 --> 00:54:41,040

representation is just incredible I

1315

00:54:47,270 --> 00:54:45,770

I wonder you know seeing those meetings

1316

00:54:48,829 --> 00:54:47,280

there you gotta wonder you know was

1317

00:54:50,870 --> 00:54:48,839

there was there a tragedy the befell

1318

00:54:52,430 --> 00:54:50,880

people in past times and if anyone's

1319

00:54:53,809 --> 00:54:52,440

into kind of the younger drier stuff and

1320

00:54:55,430 --> 00:54:53,819

things like that you'll you'll probably

1321

00:54:58,670 --> 00:54:55,440

your ears will be pricking up kind of

1322

00:55:02,390 --> 00:55:00,829

yeah they were stunning

1323

00:55:04,430 --> 00:55:02,400

and we have the lights over the mountain

1324

00:55:06,950 --> 00:55:04,440

again

1325

00:55:09,349 --> 00:55:06,960

is this dude dancing and running away

1326

00:55:11,109 --> 00:55:09,359

uh I think he's gonna rugby tackle that

1327

00:55:14,150 --> 00:55:11,119

naked dude

1328

00:55:15,770 --> 00:55:14,160

to like get off my property type thing

1329

00:55:17,390 --> 00:55:15,780

but if you look at those lights are in

1330

00:55:19,309 --> 00:55:17,400

the triangle which I think represents

1331

00:55:21,170 --> 00:55:19,319

the Trinity

1332

00:55:22,849 --> 00:55:21,180

um Ash knows all the ins and outs of

1333

00:55:24,710 --> 00:55:22,859

what it actually represents but it's all

1334

00:55:26,930 --> 00:55:24,720

really meaningful to the local area with

1335

00:55:29,390 --> 00:55:26,940

regards to the lights being seen for

1336

00:55:31,730 --> 00:55:29,400

hundreds of years and things so so much

1337

00:55:34,730 --> 00:55:31,740

to Folklore and history steeped in these

1338

00:55:36,470 --> 00:55:34,740

photos and these images yeah absolutely

1339

00:55:38,450 --> 00:55:36,480

there we go me just chilling and you

1340

00:55:40,849 --> 00:55:38,460

looking over the edge as always yeah

1341

00:55:48,790 --> 00:55:40,859

just like should I jump this is the call

1342

00:55:52,430 --> 00:55:51,049

this is the fun thing about sharing I

1343

00:55:54,349 --> 00:55:52,440

thought it was like this like literally

1344

00:55:55,549 --> 00:55:54,359

this is the first time I've seen it I

1345

00:55:56,630 --> 00:55:55,559

was like there's a rock face on my

1346

00:55:58,849 --> 00:55:56,640

climate

1347

00:56:00,410 --> 00:55:58,859

um we saw some things up there what we

1348

00:56:04,130 --> 00:56:00,420

thought we did so I was like yeah I'll

1349

00:56:07,370 --> 00:56:05,750

near is actually trying to capture all

1350

00:56:09,049 --> 00:56:07,380

of our Antics as we're all climbing up

1351

00:56:11,930 --> 00:56:09,059

these rocks trying to

1352

00:56:13,250 --> 00:56:11,940

find things absolutely more beautiful

1353

00:56:16,069 --> 00:56:13,260

views though

1354

00:56:18,049 --> 00:56:16,079

it is and then I gotta say ashes has a

1355

00:56:20,870 --> 00:56:18,059

hard job to try and you know

1356

00:56:22,490 --> 00:56:20,880

climb and carry equipment and film get

1357

00:56:25,329 --> 00:56:22,500

shots you know because you a lot of

1358

00:56:29,210 --> 00:56:25,339

times you can't do they get shot

1359

00:56:30,950 --> 00:56:29,220

get you know the good shot you can't do

1360

00:56:32,329 --> 00:56:30,960

a lot of things a second time it's

1361

00:56:34,490 --> 00:56:32,339

either you either get it or you don't

1362

00:56:35,750 --> 00:56:34,500

get it because you know you don't do a

1363

00:56:37,730 --> 00:56:35,760

lot of these things more than once

1364

00:56:40,250 --> 00:56:37,740

because of the just how difficult it is

1365

00:56:41,930 --> 00:56:40,260

so you know shout out hats off dash it's

1366

00:56:43,190 --> 00:56:41,940

not the kind of documentary either where

1367

00:56:44,750 --> 00:56:43,200

like

1368

00:56:46,010 --> 00:56:44,760

you know filming with Ancient Aliens

1369

00:56:47,630 --> 00:56:46,020

they were like can you repeat this can

1370

00:56:50,329 --> 00:56:47,640

you say that yada yada yada Ash didn't

1371

00:56:52,130 --> 00:56:50,339

do that once once everything you see on

1372

00:56:54,049 --> 00:56:52,140

screen is completely natural so he's

1373

00:56:55,549 --> 00:56:54,059

running ahead of us at times and then

1374

00:56:56,990 --> 00:56:55,559

we'll just hear a call like down the

1375

00:56:58,430 --> 00:56:57,000

mountain over the radio like okay come

1376

00:57:02,089 --> 00:56:58,440

up and we'll go the wrong way and spoil

1377

00:57:04,309 --> 00:57:02,099

the shot you know yeah it's tough yeah

1378

00:57:06,470 --> 00:57:04,319

but good good fun always good fun yeah

1379

00:57:09,170 --> 00:57:06,480

great fun and and I think that kind of

1380

00:57:11,270 --> 00:57:09,180

stuff shows in in what Ash produces in

1381

00:57:12,710 --> 00:57:11,280

terms of the edit and things like that

1382

00:57:14,089 --> 00:57:12,720

um it comes across as genuine and that's

1383

00:57:17,990 --> 00:57:14,099

because he really does put the work in

1384

00:57:24,170 --> 00:57:21,049

beautiful views

1385

00:57:27,230 --> 00:57:24,180

this is on someone on the mohoy Range

1386

00:57:29,690 --> 00:57:27,240

oh yeah so again you know one of the

1387

00:57:31,730 --> 00:57:29,700

opposing mountain ranges where the light

1388

00:57:35,210 --> 00:57:31,740

phenomena has been you know reported

1389

00:57:38,270 --> 00:57:35,220

again for hundreds of years so

1390

00:57:40,730 --> 00:57:38,280

yeah that's all we'll say about that

1391

00:57:43,069 --> 00:57:40,740

chilling chilling those boots look real

1392

00:57:45,589 --> 00:57:43,079

comfy they were they were God send them

1393

00:57:47,450 --> 00:57:45,599

boots they've seen seen me up quite a

1394

00:57:50,270 --> 00:57:47,460

few mountains and stuff now so I'm

1395

00:57:52,790 --> 00:57:50,280

really pleased my Dr Martins were heavy

1396

00:57:53,930 --> 00:57:52,800

and my sketches were a bit thin but I've

1397

00:57:56,690 --> 00:57:53,940

been through like

1398

00:57:58,309 --> 00:57:56,700

five pairs of shoes until this point

1399

00:57:59,870 --> 00:57:58,319

over like four months like they just

1400

00:58:07,010 --> 00:57:59,880

fell apart around my feet because I just

1401

00:58:12,049 --> 00:58:09,829

oh and this is I'd like to cooling

1402

00:58:13,990 --> 00:58:12,059

invite everyone to come do this this is

1403

00:58:17,450 --> 00:58:14,000

this is horses and alcohol

1404

00:58:20,170 --> 00:58:17,460

is around with their descriptions so a

1405

00:58:22,670 --> 00:58:20,180

random Point Elena and I just hear like

1406

00:58:24,410 --> 00:58:22,680

and it's like okay it's Vinnie Raven or

1407

00:58:27,349 --> 00:58:24,420

something else is going on so we come

1408

00:58:28,970 --> 00:58:27,359

out to have a look and uh yeah we hear

1409

00:58:30,290 --> 00:58:28,980

the sound coming on so I was like I'm

1410

00:58:32,150 --> 00:58:30,300

not gonna film it I don't think I got

1411

00:58:33,829 --> 00:58:32,160

filmed with it last time and basically

1412

00:58:36,970 --> 00:58:33,839

what happens is

1413

00:58:40,190 --> 00:58:36,980

where you or I would go out to a club

1414

00:58:42,530 --> 00:58:40,200

uh these guys just kind of gather a

1415

00:58:44,750 --> 00:58:42,540

bunch of people on horses and bring some

1416

00:58:46,549 --> 00:58:44,760

alcohol and just rock around the town

1417

00:58:48,650 --> 00:58:46,559

having a good time

1418

00:58:51,710 --> 00:58:48,660

this is literally kind of what you see

1419

00:58:53,450 --> 00:58:51,720

paint my right plus horses and alcohol

1420

00:58:55,549 --> 00:58:53,460

so cool

1421

00:58:57,349 --> 00:58:55,559

I was like do I just go join like if I

1422

00:58:58,549 --> 00:58:57,359

if I want to get on there with them do I

1423

00:59:00,589 --> 00:58:58,559

bring a bottle of wine and just get on

1424

00:59:02,690 --> 00:59:00,599

that truck if what happens do I need to

1425

00:59:04,970 --> 00:59:02,700

buy a ticket yeah

1426

00:59:07,490 --> 00:59:04,980

all right so look at the horse

1427

00:59:08,870 --> 00:59:07,500

the horse's legs go in there it's the

1428

00:59:11,270 --> 00:59:08,880

way they train them isn't it to walk

1429

00:59:16,430 --> 00:59:11,280

that way it's so strange all the horses

1430

00:59:20,990 --> 00:59:17,809

yeah

1431

00:59:23,589 --> 00:59:21,000

so again Orion right overweiger to some

1432

00:59:27,230 --> 00:59:23,599

beautiful really Serene moments

1433

00:59:29,390 --> 00:59:27,240

it was like my favorite shot talking to

1434

00:59:31,370 --> 00:59:29,400

beautiful Serene moments this is gonna

1435

00:59:32,870 --> 00:59:31,380

be in the Louvre we need to be careful

1436

00:59:37,930 --> 00:59:32,880

putting this online we might break the

1437

00:59:41,270 --> 00:59:40,309

yeah I do believe that I said to you

1438

00:59:43,250 --> 00:59:41,280

like do you have a drink from the ball

1439

00:59:45,710 --> 00:59:43,260

and this was your response so just be

1440

00:59:47,390 --> 00:59:45,720

like yeah yeah and there wasn't enough

1441

00:59:49,130 --> 00:59:47,400

for a full glass if I remember correct

1442

00:59:52,990 --> 00:59:49,140

me too I think I'd already had quite a

1443

00:59:54,950 --> 00:59:53,000

few I've definitely all by this

1444

00:59:58,250 --> 00:59:54,960

laughs

1445

01:00:00,950 --> 00:59:58,260

so this is the classic googly eyes

1446

01:00:02,150 --> 01:00:00,960

they were they were put everywhere uh

1447

01:00:04,789 --> 01:00:02,160

certain members of our team are still

1448

01:00:06,470 --> 01:00:04,799

finding them uh in their stuff

1449

01:00:08,270 --> 01:00:06,480

um Hayden haven't heard from you so I

1450

01:00:11,349 --> 01:00:08,280

don't think you've found yours yet

1451

01:00:14,630 --> 01:00:11,359

um but yeah we put them around

1452

01:00:17,450 --> 01:00:14,640

they improve things sometimes

1453

01:00:19,849 --> 01:00:17,460

that's such a silly one I love it

1454

01:00:21,950 --> 01:00:19,859

great idea probably like Blasphemous to

1455

01:00:23,690 --> 01:00:21,960

do that but probably yeah it would

1456

01:00:27,650 --> 01:00:23,700

inspire me if someone's removed them but

1457

01:00:31,789 --> 01:00:29,690

um was this the last day

1458

01:00:33,650 --> 01:00:31,799

this is now getting towards the end of

1459

01:00:35,690 --> 01:00:33,660

the trip I think yeah just more

1460

01:00:37,370 --> 01:00:35,700

beautiful shots of the gardens and the

1461

01:00:39,890 --> 01:00:37,380

area that this is the garden of the

1462

01:00:41,569 --> 01:00:39,900

house yeah yeah it was and in this patio

1463

01:00:43,190 --> 01:00:41,579

like down here it's not in the shop but

1464

01:00:45,289 --> 01:00:43,200

there are plug points facing out that

1465

01:00:52,010 --> 01:00:45,299

aren't covered like imagine that in the

1466

01:00:58,130 --> 01:00:54,650

here we go it's a nice team shot from uh

1467

01:01:00,950 --> 01:00:58,140

that's from Veges yeah

1468

01:01:02,510 --> 01:01:00,960

yeah absolutely wait who took this

1469

01:01:08,089 --> 01:01:02,520

uh

1470

01:01:10,789 --> 01:01:08,099

in the shot Danny

1471

01:01:12,470 --> 01:01:10,799

oh yeah that's right we should we'll

1472

01:01:14,450 --> 01:01:12,480

Photoshop Danny in like here there's

1473

01:01:16,010 --> 01:01:14,460

some there's some space over here just

1474

01:01:21,289 --> 01:01:16,020

pop her in there like really tiny

1475

01:01:27,950 --> 01:01:25,670

uh this is a video is it no that's just

1476

01:01:31,789 --> 01:01:27,960

Walter and his huge bowl of chocolate

1477

01:01:33,230 --> 01:01:31,799

ice cream wait there was ice cream

1478

01:01:34,970 --> 01:01:33,240

um yeah where were you that night I

1479

01:01:38,210 --> 01:01:34,980

think you'd gone off in another another

1480

01:01:40,490 --> 01:01:38,220

area man this this happens sometimes you

1481

01:01:41,690 --> 01:01:40,500

you go off for a walk and suddenly

1482

01:01:43,069 --> 01:01:41,700

everyone's got ice cream and you miss

1483

01:01:46,309 --> 01:01:43,079

out and you don't realize until you get

1484

01:01:46,319 --> 01:01:49,190

yeah

1485

01:01:56,770 --> 01:01:53,569

devil dog this is a video devil dog it's

1486

01:02:02,089 --> 01:01:59,569

when you're trying to film stuff

1487

01:02:05,450 --> 01:02:02,099

and this dog just doesn't stop it's

1488

01:02:06,829 --> 01:02:05,460

possessed it's just possessed and it was

1489

01:02:08,750 --> 01:02:06,839

just it was like it was just trying to

1490

01:02:10,490 --> 01:02:08,760

wind people up as well right oh for sure

1491

01:02:13,789 --> 01:02:10,500

like it would just keep his distance it

1492

01:02:16,130 --> 01:02:13,799

would long range us and just back

1493

01:02:17,750 --> 01:02:16,140

yeah you can't really see but it's kind

1494

01:02:20,690 --> 01:02:17,760

of like almost like bog eyed a bit as

1495

01:02:22,789 --> 01:02:20,700

well like a bit a bit demonic definitely

1496

01:02:27,710 --> 01:02:22,799

demonic this was the one dog I couldn't

1497

01:02:32,210 --> 01:02:30,049

I tried I did a whole lap of the house

1498

01:02:33,410 --> 01:02:32,220

going like I love you come here I just

1499

01:02:35,140 --> 01:02:33,420

wouldn't have anything that was

1500

01:02:39,190 --> 01:02:35,150

hilarious

1501

01:02:42,770 --> 01:02:39,200

[Laughter]

1502

01:02:46,250 --> 01:02:42,780

too nice

1503

01:02:48,289 --> 01:02:46,260

So This was oh this was the Maui place

1504

01:02:50,630 --> 01:02:48,299

um a few of us went up there

1505

01:02:52,970 --> 01:02:50,640

and yeah really beautiful Marjorie just

1506

01:02:55,010 --> 01:02:52,980

such a such a kind soul so so kind of

1507

01:02:57,890 --> 01:02:55,020

welcoming

1508

01:03:00,049 --> 01:02:57,900

oh I had to get a shot this was a that

1509

01:03:01,609 --> 01:03:00,059

looks really some ash took some of us to

1510

01:03:03,470 --> 01:03:01,619

a burger joint and I had this Philly

1511

01:03:04,670 --> 01:03:03,480

cheesesteak thing and it was it was

1512

01:03:07,130 --> 01:03:04,680

amazing because you know we've been

1513

01:03:09,049 --> 01:03:07,140

eating food in quite rural locations too

1514

01:03:12,049 --> 01:03:09,059

so to actually go to like a burger joint

1515

01:03:16,190 --> 01:03:12,059

was like yes it was amazing

1516

01:03:21,589 --> 01:03:18,950

and this was how I spent my last night

1517

01:03:23,809 --> 01:03:21,599

like people had started going home here

1518

01:03:25,490 --> 01:03:23,819

um so not everyone was at HQ and this

1519

01:03:28,069 --> 01:03:25,500

was I think about three in the morning

1520

01:03:29,990 --> 01:03:28,079

and Hayden had released half of his new

1521

01:03:31,250 --> 01:03:30,000

album but not the second half

1522

01:03:33,230 --> 01:03:31,260

um and he sent me a link to the second

1523

01:03:34,730 --> 01:03:33,240

half so I just sat here I watched all

1524

01:03:36,410 --> 01:03:34,740

this missed pour over the mountains and

1525

01:03:37,789 --> 01:03:36,420

listened to the full album and it was it

1526

01:03:39,170 --> 01:03:37,799

was beautiful thank you Hayden thank you

1527

01:03:41,750 --> 01:03:39,180

for giving that to me it's a it's a

1528

01:03:45,470 --> 01:03:41,760

special memory and uh yeah it was just

1529

01:03:49,490 --> 01:03:47,870

oh that's amazing the Mist rolling in

1530

01:03:53,150 --> 01:03:49,500

over over

1531

01:03:55,010 --> 01:03:53,160

and the birds going past too beautiful

1532

01:03:56,870 --> 01:03:55,020

just yeah I could live in that like

1533

01:03:59,210 --> 01:03:56,880

moment you know

1534

01:04:06,230 --> 01:03:59,220

oh Priscilla in the chat hey Priscilla

1535

01:04:10,670 --> 01:04:08,270

this isn't devil dog this is Ashley's

1536

01:04:11,990 --> 01:04:10,680

dog cheer who's just beautiful I'm the

1537

01:04:13,910 --> 01:04:12,000

last night in the cabinet she fell

1538

01:04:17,329 --> 01:04:13,920

asleep just with her head tucked into me

1539

01:04:19,849 --> 01:04:17,339

and uh yeah probably special

1540

01:04:22,490 --> 01:04:19,859

laughs

1541

01:04:24,049 --> 01:04:22,500

yes this is this is here let me explain

1542

01:04:25,490 --> 01:04:24,059

so the main house that you've been

1543

01:04:27,530 --> 01:04:25,500

seeing throughout this is actually about

1544

01:04:30,289 --> 01:04:27,540

a mile down the road this is Ashley's

1545

01:04:33,170 --> 01:04:30,299

house but this this uh building here is

1546

01:04:35,390 --> 01:04:33,180

a separate cabinet which is kind of like

1547

01:04:37,490 --> 01:04:35,400

a UFO viewing place it's got two little

1548

01:04:39,230 --> 01:04:37,500

bedrooms and then we literally watch the

1549

01:04:41,089 --> 01:04:39,240

mountain whoever's there that night we

1550

01:04:43,309 --> 01:04:41,099

were splitting up and taking turns but

1551

01:04:45,530 --> 01:04:43,319

it's a perfect shot we can have cameras

1552

01:04:47,990 --> 01:04:45,540

astronomical telescopes set up all the

1553

01:04:49,549 --> 01:04:48,000

equipment so if anything was to pop off

1554

01:04:51,710 --> 01:04:49,559

on the mountain we were there ready with

1555

01:04:54,049 --> 01:04:51,720

equipment to film it

1556

01:04:56,270 --> 01:04:54,059

um so yeah great great place Ash has

1557

01:04:59,990 --> 01:04:56,280

really got a good setup there so

1558

01:05:02,569 --> 01:05:00,000

yeah yeah that was good

1559

01:05:04,609 --> 01:05:02,579

it was good this is um Elena and I did a

1560

01:05:05,809 --> 01:05:04,619

wheelie board on our night and we were

1561

01:05:07,549 --> 01:05:05,819

watching the mountain which is

1562

01:05:10,849 --> 01:05:07,559

interesting to kind of mix the mix the

1563

01:05:23,170 --> 01:05:13,730

that's the building it's beautiful yeah

1564

01:05:29,809 --> 01:05:26,510

yeah we'll meet again don't know where

1565

01:05:31,430 --> 01:05:29,819

well in the UK sometime

1566

01:05:33,440 --> 01:05:31,440

uh but this is me saying goodbye to

1567

01:05:34,549 --> 01:05:33,450

Vinnie as he went through the gate

1568

01:05:37,430 --> 01:05:34,559

[Music]

1569

01:05:40,370 --> 01:05:37,440

yeah and I sat there and I cried for

1570

01:05:44,569 --> 01:05:42,410

yeah it's never good is it's never good

1571

01:05:48,109 --> 01:05:44,579

saying goodbye this was my mood after

1572

01:05:50,030 --> 01:05:48,119

you all went just great and rainy no

1573

01:05:55,250 --> 01:05:50,040

they're tears aren't they they are yeah

1574

01:05:59,329 --> 01:05:57,829

and I was always like being on flights

1575

01:06:00,710 --> 01:05:59,339

offers opportunities to just see some

1576

01:06:03,109 --> 01:06:00,720

amazing sites this was one of my

1577

01:06:05,210 --> 01:06:03,119

favorites uh it was just two volcanoes

1578

01:06:06,950 --> 01:06:05,220

or an island and a volcano

1579

01:06:08,990 --> 01:06:06,960

um coming up through Guatemala I forget

1580

01:06:12,410 --> 01:06:09,000

what the lake is called but uh yeah I

1581

01:06:14,390 --> 01:06:12,420

went up to I went Columbia to Mexico

1582

01:06:16,130 --> 01:06:14,400

and then Mexico to UK but that kind of

1583

01:06:18,230 --> 01:06:16,140

felt like a book end to my trip because

1584

01:06:20,329 --> 01:06:18,240

I'd come I started a Mexico City yeah

1585

01:06:22,190 --> 01:06:20,339

worked my way down you know so in fact

1586

01:06:22,809 --> 01:06:22,200

it felt right to go back there

1587

01:06:25,010 --> 01:06:22,819

um

1588

01:06:27,170 --> 01:06:25,020

you go I think there are some pictures

1589

01:06:29,450 --> 01:06:27,180

of where you went right oh yeah it is

1590

01:06:32,329 --> 01:06:29,460

yeah but I actually started in Bogota

1591

01:06:35,150 --> 01:06:32,339

and then the plane flew to Medellin

1592

01:06:37,069 --> 01:06:35,160

and let people off and I had to stay on

1593

01:06:39,069 --> 01:06:37,079

the plane for the to then have a I bet

1594

01:06:41,329 --> 01:06:39,079

that was weird

1595

01:06:43,910 --> 01:06:41,339

oh it was so frustrating and then I had

1596

01:06:46,970 --> 01:06:43,920

another 10 11 hour flight to Amsterdam

1597

01:06:49,549 --> 01:06:46,980

and then I had a 22 hour Connection in

1598

01:06:51,589 --> 01:06:49,559

Amsterdam so I booked a hotel I met up

1599

01:06:53,450 --> 01:06:51,599

with a friend for coffee and slept a lot

1600

01:06:55,370 --> 01:06:53,460

basically because it was just I was just

1601

01:06:57,589 --> 01:06:55,380

exhausted wiped out

1602

01:06:59,450 --> 01:06:57,599

that Amsterdam's just beautiful I always

1603

01:07:01,670 --> 01:06:59,460

loved being in that city

1604

01:07:04,549 --> 01:07:01,680

um yeah it's great did you find any of

1605

01:07:06,650 --> 01:07:04,559

my stickers I had a really good look at

1606

01:07:09,109 --> 01:07:06,660

this posts outside the Central Station

1607

01:07:10,670 --> 01:07:09,119

and I couldn't see it man so that it was

1608

01:07:12,410 --> 01:07:10,680

the one as you go over the bridge I mean

1609

01:07:13,730 --> 01:07:12,420

they might remove them but as you go

1610

01:07:15,470 --> 01:07:13,740

over the bridge from Central Station

1611

01:07:19,069 --> 01:07:15,480

like one of those lamp posts right right

1612

01:07:20,630 --> 01:07:19,079

over the river but also I I did like a a

1613

01:07:22,250 --> 01:07:20,640

perimeter check at the city essentially

1614

01:07:23,630 --> 01:07:22,260

and just put stickers everywhere so

1615

01:07:25,010 --> 01:07:23,640

there'll be other ones but it would

1616

01:07:26,450 --> 01:07:25,020

definitely take a bit of tracking to get

1617

01:07:28,010 --> 01:07:26,460

to the other ones solid like hour

1618

01:07:29,529 --> 01:07:28,020

outside the city where you know where

1619

01:07:31,670 --> 01:07:29,539

I'm like with my walking I'm just like

1620

01:07:35,029 --> 01:07:31,680

five minutes down the road two hours

1621

01:07:36,710 --> 01:07:35,039

later yeah so now

1622

01:07:39,549 --> 01:07:36,720

I think we're coming right to the end

1623

01:07:43,430 --> 01:07:39,559

now aren't we yeah yeah

1624

01:07:45,890 --> 01:07:43,440

there's a tube yeah man just everyone

1625

01:07:49,789 --> 01:07:45,900

looking at the floor depressed

1626

01:07:51,710 --> 01:07:49,799

just I I was weird for saying hello

1627

01:07:53,630 --> 01:07:51,720

oh I don't like it was the strange thing

1628

01:07:56,150 --> 01:07:53,640

and and I was just like I'm just gonna

1629

01:07:57,829 --> 01:07:56,160

carry on and make you you the feel bad

1630

01:08:00,109 --> 01:07:57,839

for making me feel like an idiot for

1631

01:08:02,029 --> 01:08:00,119

being polite like

1632

01:08:04,150 --> 01:08:02,039

never apologize for kindness this is

1633

01:08:06,770 --> 01:08:04,160

what I look like when I got to Josh

1634

01:08:08,690 --> 01:08:06,780

like a right State

1635

01:08:09,650 --> 01:08:08,700

um Josh was in season one so I stayed

1636

01:08:12,049 --> 01:08:09,660

with him

1637

01:08:13,549 --> 01:08:12,059

once once I got back and then in the

1638

01:08:15,049 --> 01:08:13,559

background here you can see how Olaf

1639

01:08:16,550 --> 01:08:15,059

Rock does there's two pictures there the

1640

01:08:19,309 --> 01:08:16,560

dashboard when we went to his exhibition

1641

01:08:22,150 --> 01:08:19,319

in Stockholm which was amazing so yeah

1642

01:08:24,890 --> 01:08:22,160

but Excuse excuse my disheveled look

1643

01:08:28,430 --> 01:08:24,900

it's authenticity you know

1644

01:08:30,890 --> 01:08:28,440

so this is Amsterdam at like five and no

1645

01:08:33,349 --> 01:08:30,900

four in the morning I was headed back to

1646

01:08:36,650 --> 01:08:33,359

the airport to get my final flight back

1647

01:08:38,870 --> 01:08:36,660

to the UK but it just looked amazing

1648

01:08:43,430 --> 01:08:38,880

at that early just dead because that is

1649

01:08:47,150 --> 01:08:45,709

absolutely is in fact you know I said to

1650

01:08:48,650 --> 01:08:47,160

you the Lamppost was like halfway over

1651

01:08:51,349 --> 01:08:48,660

the river and fairly short is this one

1652

01:08:53,510 --> 01:08:51,359

here oh okay you can kind of see

1653

01:08:55,370 --> 01:08:53,520

stickers on them uh the recent Ted lasso

1654

01:08:56,570 --> 01:08:55,380

was in Amsterdam and I just spent I need

1655

01:08:57,590 --> 01:08:56,580

to watch it again because I spent the

1656

01:09:01,849 --> 01:08:57,600

whole episode looking in the background

1657

01:09:11,030 --> 01:09:04,669

and uh there we go listen suspiciously

1658

01:09:15,349 --> 01:09:13,430

oh this was my time lapse final Landing

1659

01:09:20,829 --> 01:09:15,359

into I was about to say that's a that's

1660

01:09:25,249 --> 01:09:23,209

there we are finally back but even after

1661

01:09:28,970 --> 01:09:25,259

that I had like two trains to get before

1662

01:09:31,430 --> 01:09:28,980

I eventually got home it was a a mission

1663

01:09:33,110 --> 01:09:31,440

and then and then next is my count I did

1664

01:09:34,729 --> 01:09:33,120

I made like a little Macro for my phone

1665

01:09:37,249 --> 01:09:34,739

with the help of chat gbt actually I

1666

01:09:39,950 --> 01:09:37,259

told it to to basically um

1667

01:09:41,689 --> 01:09:39,960

add all of my days of walking as I've

1668

01:09:44,030 --> 01:09:41,699

been traveling since like the first of

1669

01:09:46,430 --> 01:09:44,040

December and since the first of December

1670

01:09:49,249 --> 01:09:46,440

I found out that I'd actually walked 777

1671

01:09:50,990 --> 01:09:49,259

miles which I I was coming up with all

1672

01:09:52,669 --> 01:09:51,000

these like comparisons of like you know

1673

01:09:54,830 --> 01:09:52,679

I could start at the northernmost point

1674

01:09:56,810 --> 01:09:54,840

of the UK and walk south and I could get

1675

01:09:59,390 --> 01:09:56,820

to Paris with a little bit left over

1676

01:10:02,689 --> 01:09:59,400

but I think the best example is that my

1677

01:10:04,370 --> 01:10:02,699

mum said to me uh I'm driving her car at

1678

01:10:07,070 --> 01:10:04,380

the moment because mine has a battery

1679

01:10:09,290 --> 01:10:07,080

issue and she was like I only do 900

1680

01:10:14,750 --> 01:10:09,300

miles a year in mine so officially I

1681

01:10:19,790 --> 01:10:17,150

and then there's a yeah there's a nice

1682

01:10:21,830 --> 01:10:19,800

shot of us to finish their dashboard up

1683

01:10:23,689 --> 01:10:21,840

yeah and then there's a message here Ash

1684

01:10:25,010 --> 01:10:23,699

says thank you thanks so much the pair

1685

01:10:26,810 --> 01:10:25,020

of you for holding back the good stuff

1686

01:10:31,010 --> 01:10:26,820

and for towing the line with delicacy

1687

01:10:33,649 --> 01:10:31,020

Ash absolutely a pleasure to uh you know

1688

01:10:35,510 --> 01:10:33,659

for everything and yeah thank you you

1689

01:10:38,870 --> 01:10:35,520

know we're so

1690

01:10:42,350 --> 01:10:38,880

excited and proud and can't wait for the

1691

01:10:44,689 --> 01:10:42,360

season premiere of of season two

1692

01:10:46,250 --> 01:10:44,699

um just so excited here we go Helen just

1693

01:10:47,229 --> 01:10:46,260

pre-ordered season two thanks for the

1694

01:10:49,370 --> 01:10:47,239

discount

1695

01:10:51,350 --> 01:10:49,380

on your adventures and listen to the

1696

01:10:53,450 --> 01:10:51,360

gorgeous soundtrack night night or thank

1697

01:10:54,229 --> 01:10:53,460

you so much Helen really do appreciate

1698

01:10:58,130 --> 01:10:54,239

it

1699

01:10:59,570 --> 01:10:58,140

and I should say as well you know I

1700

01:11:01,310 --> 01:10:59,580

mentioned earlier that Hayden was an

1701

01:11:03,649 --> 01:11:01,320

amazing musician but you might you might

1702

01:11:05,270 --> 01:11:03,659

hear a track or two from him uh in the

1703

01:11:07,010 --> 01:11:05,280

upcoming season he was filming things

1704

01:11:08,870 --> 01:11:07,020

and recording sounds

1705

01:11:10,790 --> 01:11:08,880

um as we were going around there was an

1706

01:11:13,430 --> 01:11:10,800

amazing bit on Mojo where we had his

1707

01:11:15,649 --> 01:11:13,440

microphone Insider Tibetan singing bowl

1708

01:11:17,510 --> 01:11:15,659

and we were recording it just it was

1709

01:11:20,090 --> 01:11:17,520

making these really otherworldly kind of

1710

01:11:21,890 --> 01:11:20,100

one one sounds

1711

01:11:24,229 --> 01:11:21,900

um so yeah I'm excited for everyone to

1712

01:11:26,149 --> 01:11:24,239

hear those yeah it's going to be so good

1713

01:11:27,890 --> 01:11:26,159

so for thank you everyone who's who's

1714

01:11:29,990 --> 01:11:27,900

been here live but just a reminder to

1715

01:11:33,590 --> 01:11:30,000

1719

01:11:43,130 --> 01:11:40,980

a dollar 49.69 149 I think it was yeah

1720

01:11:44,570 --> 01:11:43,140

and then pre-orders for season two you

1721

01:11:46,970 --> 01:11:44,580

01:11:47,930 --> 01:11:46,980

for 19.99 but if you use the discount

1723

01:11:50,870 --> 01:11:47,940

code

1724

01:11:52,250 --> 01:11:50,880

S2 I think it is again it's in the

1725

01:11:54,590 --> 01:11:52,260

description below

1726

01:11:57,709 --> 01:11:54,600

um go and check that out use the 20 off

1727

01:12:00,410 --> 01:11:57,719

and any support is much appreciated

1728

01:12:02,209 --> 01:12:00,420

and I think that's pretty much it for

1729

01:12:03,890 --> 01:12:02,219

this show anything you want to you want

1730

01:12:06,229 --> 01:12:03,900

to say before we end down

1731

01:12:08,689 --> 01:12:06,239

uh I guess just a thank you to to Ashley

1732

01:12:10,430 --> 01:12:08,699

and Natty and Danny for just putting

1733

01:12:12,890 --> 01:12:10,440

together such an amazing time for us all

1734

01:12:14,750 --> 01:12:12,900

an amazing production and I'm really

1735

01:12:16,910 --> 01:12:14,760

excited for the world to kind of to see

1736

01:12:19,010 --> 01:12:16,920

what they they have in store because

1737

01:12:21,110 --> 01:12:19,020

certainly from you know series one was

1738

01:12:22,550 --> 01:12:21,120

great but I noticed a difference being

1739

01:12:25,250 --> 01:12:22,560

back there this year in terms of like

1740

01:12:26,810 --> 01:12:25,260

planning and the you know the the what

1741

01:12:29,270 --> 01:12:26,820

they were aspiring to create as well was

1742

01:12:31,310 --> 01:12:29,280

just bigger and better so yeah really

1743

01:12:33,709 --> 01:12:31,320

excited for everyone to see it and thank

1744

01:12:36,110 --> 01:12:33,719

you yeah thank you Ashley so much to

1745

01:12:39,530 --> 01:12:36,120

Ashley Natty and Danny on the production

1746

01:12:42,590 --> 01:12:39,540

and amaroo as well little amaroo

1747

01:12:44,030 --> 01:12:42,600

absolutely yeah to the whole team so

1748

01:12:46,130 --> 01:12:44,040

many of you here in the live chat right

1749

01:12:48,410 --> 01:12:46,140

now uh thank you so much for being such

1750

01:12:49,910 --> 01:12:48,420

a great team and it was just an honor

1751

01:12:50,990 --> 01:12:49,920

and pleasure to work with you all meet

1752

01:12:53,570 --> 01:12:51,000

you all

1753

01:12:55,390 --> 01:12:53,580

uh yeah we're going to do it all tried

1754

01:12:57,830 --> 01:12:55,400

forever yeah we are

1755

01:12:59,750 --> 01:12:57,840

but again for this channel

1756

01:13:01,669 --> 01:12:59,760

um I do have some interviews lined up so

1757

01:13:03,530 --> 01:13:01,679

next Sunday which I think is April the

1758

01:13:07,310 --> 01:13:03,540

30th I'm going to be live for the first

1759

01:13:09,590 --> 01:13:07,320

time with John Ramirez so uh be sure to

1760

01:13:11,209 --> 01:13:09,600

come along and check that out then the

1761

01:13:12,770 --> 01:13:11,219

following week I'm going to be live uh

1762

01:13:14,330 --> 01:13:12,780

with a returning guest Dr Michael

1763

01:13:16,010 --> 01:13:14,340

Masters

1764

01:13:19,970 --> 01:13:16,020

um always a pleasure speaking with Mike

1765

01:13:22,550 --> 01:13:19,980

so essentially talking about a new

1766

01:13:23,990 --> 01:13:22,560

you never know you never know the cover

1767

01:13:26,870 --> 01:13:24,000

should be pretty nice for that I think

1768

01:13:31,430 --> 01:13:29,390

but yeah Dan thank you so much for

1769

01:13:33,290 --> 01:13:31,440

everything thank you man I appreciate

1770

01:13:35,870 --> 01:13:33,300

you everything you do for me uh you're

1771

01:13:37,250 --> 01:13:35,880

such a good friend so thank you thank

1772

01:13:39,649 --> 01:13:37,260

you man brother from another mother

1773

01:13:41,209 --> 01:13:39,659

that's it man that's it so guys we're

1774

01:13:45,050 --> 01:13:41,219

gonna end this here thank you so much

1775

01:13:46,729 --> 01:13:45,060

for for for being here and you know like

1776

01:13:48,950 --> 01:13:46,739

we said at the start these were behind

1777

01:13:50,450 --> 01:13:48,960

the scenes but it doesn't give any kind

1778

01:13:52,790 --> 01:13:50,460

of scope of the work that was actually

1779

01:13:55,189 --> 01:13:52,800

done so I really do implore you to check

1780

01:13:57,229 --> 01:13:55,199

out season two when it comes out yeah on

1781

01:13:59,030 --> 01:13:57,239

that note guys thank you so much before

1782

01:14:00,649 --> 01:13:59,040

you go before you rap can I just ask are

1783

01:14:02,270 --> 01:14:00,659

you going to be closer to the launcher

1784

01:14:04,490 --> 01:14:02,280

series two are you gonna have Ashley on

1785

01:14:06,470 --> 01:14:04,500

to kind of elaborate a bit and talk

1786

01:14:08,630 --> 01:14:06,480

about it yeah we will do we'll I mean

1787

01:14:10,430 --> 01:14:08,640

it's gonna be I assume correct me if I'm

1788

01:14:13,189 --> 01:14:10,440

a wrong Ash but I think it's going to be

1789

01:14:14,750 --> 01:14:13,199

you know episode one will Premiere and

1790

01:14:17,810 --> 01:14:14,760

then I think it'll be a weekly release

1791

01:14:18,890 --> 01:14:17,820

so you know we'll see when Ash comes on

1792

01:14:22,550 --> 01:14:18,900

whether he wants to come on before

1793

01:14:25,070 --> 01:14:22,560

during or after the whole series talk

1794

01:14:27,709 --> 01:14:25,080

about it all we'll see how it goes we

1795

01:14:29,990 --> 01:14:27,719

will be premiering episode one in

1796

01:14:32,930 --> 01:14:30,000

Roswell at the Roswell incident Festival

1797

01:14:34,189 --> 01:14:32,940

that myself and you are speaking at and

1798

01:14:36,770 --> 01:14:34,199

we're going to be discussing our work

1799

01:14:38,810 --> 01:14:36,780

that we did in Colombia so there's that

1800

01:14:40,370 --> 01:14:38,820

if anybody is going to be in Roswell at

1801

01:14:41,330 --> 01:14:40,380

the end of June

1802

01:14:43,250 --> 01:14:41,340

um

1803

01:14:44,870 --> 01:14:43,260

it'd be great to meet you guys if you

1804

01:14:47,810 --> 01:14:44,880

want to know more about that you can go

1805

01:14:49,430 --> 01:14:47,820

to roswellincident.com I think it is uh

1806

01:14:51,470 --> 01:14:49,440

check out the ticket prices for that

1807

01:14:52,790 --> 01:14:51,480

event it's going to be awesome so many

1808

01:14:54,830 --> 01:14:52,800

people are going to be there so many

1809

01:14:58,189 --> 01:14:54,840

friends and members of the community

1810

01:14:59,990 --> 01:14:58,199

that we're all very familiar with so uh

1811
