[Music]

3
00:00:15,709 --> 00:00:12,840
they were complex narratives of being

4
00:00:19,510 --> 00:00:15,719
taken by alien beings into UFOs on beams

5
00:00:30,349 --> 00:00:22,550
the Air Force is trying to cover up with

6
00:00:35,270 --> 00:00:32,749
from my own point of view I'm going to

7
00:00:37,069 --> 00:00:35,280
be very disappointed if UFOs turn out to

8
00:00:38,330 --> 00:00:37,079
be nothing more of them visit us from

9
00:00:41,709 --> 00:00:38,340
another planet because I think there

10
00:00:46,130 --> 00:00:44,330
thank you

11
00:00:49,820 --> 00:00:46,140

00:01:10,130 --> 00:01:07,969

welcome back to the channel guys thank

14

00:01:12,170 --> 00:01:10,140

you so much to everyone that's here in

15

00:01:13,969 --> 00:01:12,180

the live chat I really appreciate it

16

00:01:15,950 --> 00:01:13,979

this is going to be an interesting

17

00:01:19,490 --> 00:01:15,960

conversation as it always is with my

18

00:01:22,249 --> 00:01:19,500

guest uh today so Matt Ford is uh

19

00:01:24,050 --> 00:01:22,259

actually joining us from he's out of

20

00:01:26,690 --> 00:01:24,060

town traveling so this will be a bit of

21

00:01:29,510 --> 00:01:26,700

a shorter interview than normal so we'll

22

00:01:30,950 --> 00:01:29,520

be looking at sort of 30 to 45 minutes

23

00:01:32,270 --> 00:01:30,960

um I just really appreciate Matt being

24

00:01:34,429 --> 00:01:32,280

able to join us

25

00:01:35,749 --> 00:01:34,439

so um as always guys if you have any

26

00:01:37,429 --> 00:01:35,759

questions that you'd like me to ask

27

00:01:39,890 --> 00:01:37,439

during the the conversation please pop

28

00:01:42,830 --> 00:01:39,900

them in capital letters it helps me uh

29

00:01:44,630 --> 00:01:42,840

sort of see them better and yeah please

30

00:01:47,330 --> 00:01:44,640

keep the the chat cool calm and

31

00:01:49,550 --> 00:01:47,340

collected and respectful

32

00:01:51,770 --> 00:01:49,560

and it'll be great it'll go smoothly so

33

00:01:53,690 --> 00:01:51,780

let's not waste any more time uh let's

34

00:01:56,870 --> 00:01:53,700

welcome back my good friend

35

00:01:59,030 --> 00:01:56,880

Matt Ford Jenny how are you man I'm good

36

00:02:01,130 --> 00:01:59,040

man how are you I'm very well I'm coming

37

00:02:04,630 --> 00:02:01,140

uh to you from an undisclosed location

38

00:02:07,990 --> 00:02:04,640

so I can't tell you where I'm at

39

00:02:10,850 --> 00:02:08,000

let's get them all talking

40

00:02:12,650 --> 00:02:10,860

but no I I do appreciate you joining me

41

00:02:14,750 --> 00:02:12,660

it's always always a pleasure to chat

42

00:02:17,210 --> 00:02:14,760

with you man likewise yeah I'm always

43

00:02:19,430 --> 00:02:17,220

always happy uh as I so I think I told

44

00:02:20,990 --> 00:02:19,440

everybody a bajillion times you were I

45

00:02:23,030 --> 00:02:21,000

think or actually I don't think I know

46

00:02:25,610 --> 00:02:23,040

you were the very first uh interview

47

00:02:27,229 --> 00:02:25,620

that I ever did on this topic uh when

48

00:02:29,210 --> 00:02:27,239

you came on the good trouble show and I

49

00:02:31,369 --> 00:02:29,220

would I have to tell you I was I was so

50

00:02:34,670 --> 00:02:31,379

freaking nervous I was like oh my God I

51
00:02:37,190 --> 00:02:34,680
hope I don't uh F this up so uh uh

52
00:02:40,550 --> 00:02:37,200
anyway yeah man so it's uh so good uh to

53
00:02:43,910 --> 00:02:40,560
come back on with this topic it is such

54
00:02:46,369 --> 00:02:43,920
a team effort and that's why I I love

55
00:02:50,449 --> 00:02:46,379
the collaboration and supporting of each

56
00:02:52,970 --> 00:02:50,459
other's uh podcasts and and uh YouTube

57
00:02:55,490 --> 00:02:52,980
shows and whatnot and and the more the

58
00:02:57,050 --> 00:02:55,500
more quality content like uh there is

59
00:02:59,210 --> 00:02:57,060
with your show that's out there and the

60
00:03:01,729 --> 00:02:59,220
more people that are not exposed or

61
00:03:04,670 --> 00:03:01,739
tracked the subject it's it's it's it's

62
00:03:07,009 --> 00:03:04,680
great for getting the word out on what's

63
00:03:08,930 --> 00:03:07,019

going on yeah I couldn't agree more and

64

00:03:10,910 --> 00:03:08,940

and you mentioned yeah was great to be

65

00:03:13,490 --> 00:03:10,920

be the first guest on your on your show

66

00:03:15,589 --> 00:03:13,500

and to have been on since then but you

67

00:03:17,330 --> 00:03:15,599

know the caliber of guest has certainly

68

00:03:19,369 --> 00:03:17,340

increased since since you spoke with me

69

00:03:21,589 --> 00:03:19,379

that first time and you know you've had

70

00:03:23,470 --> 00:03:21,599

recently some absolutely Stellar

71

00:03:26,030 --> 00:03:23,480

interviews so I'd just like to sort of

72

00:03:28,250 --> 00:03:26,040

reflect on some of those first of all if

73

00:03:31,070 --> 00:03:28,260

you don't mind okay of course starting

74

00:03:33,229 --> 00:03:31,080

off with your interview with uh Senator

75

00:03:38,149 --> 00:03:33,239

Kirsten gillibrand which you know to

76

00:03:40,789 --> 00:03:38,159

have a a senator on a UAP podcast is

77

00:03:42,350 --> 00:03:40,799

unheard of and you know I think it says

78

00:03:44,690 --> 00:03:42,360

a lot about the seriousness of it as

79

00:03:48,410 --> 00:03:44,700

well so did you have any kind of um

80

00:03:50,089 --> 00:03:48,420

major issues arranging the interview and

81

00:03:51,410 --> 00:03:50,099

putting it all together was it was it a

82

00:03:55,430 --> 00:03:51,420

lot of work

83

00:03:58,369 --> 00:03:55,440

took quite a long time you know what

84

00:03:59,750 --> 00:03:58,379

most people don't know uh is that you

85

00:04:03,110 --> 00:03:59,760

know we also have an organization where

86

00:04:06,170 --> 00:04:03,120

we we uh do political messaging for

87

00:04:09,770 --> 00:04:06,180

Democrats and uh and that we started

88

00:04:13,070 --> 00:04:09,780

doing that in in 20 uh during the 2020

89

00:04:14,750 --> 00:04:13,080
election cycle so it was uh being

90

00:04:16,670 --> 00:04:14,760
involved with that and I think we were

91

00:04:19,670 --> 00:04:16,680
probably like the fourth largest media

92

00:04:23,210 --> 00:04:19,680
producer uh especially on Twitter so

93

00:04:25,610 --> 00:04:23,220
with that that opened up a a lot of

94

00:04:27,530 --> 00:04:25,620
doors uh politically

95

00:04:31,310 --> 00:04:27,540
um sort of being involved in political

96

00:04:33,050 --> 00:04:31,320
influencer groups and uh so this was

97

00:04:36,409 --> 00:04:33,060
something that had been in discussion

98

00:04:37,610 --> 00:04:36,419
for a very long time and I think a lot

99

00:04:40,490 --> 00:04:37,620
of it was

100

00:04:42,710 --> 00:04:40,500
just for them finding the right when

101

00:04:44,390 --> 00:04:42,720

they felt was the sort of right time for

102

00:04:45,950 --> 00:04:44,400

her to you know come and talk about it

103

00:04:47,770 --> 00:04:45,960

and

104

00:04:50,749 --> 00:04:47,780

um but yeah it was it was great you know

105

00:04:52,790 --> 00:04:50,759

this this country well you know the

106

00:04:55,129 --> 00:04:52,800

world really owes a huge debt of

107

00:04:56,689 --> 00:04:55,139

gratitude to her herself and her her

108

00:04:58,550 --> 00:04:56,699

staff and what they've done on this

109

00:05:00,350 --> 00:04:58,560

particular topic

110

00:05:03,350 --> 00:05:00,360

um I know a lot of the debunkers will

111

00:05:05,330 --> 00:05:03,360

say ah you know this I think uh

112

00:05:07,490 --> 00:05:05,340

um you know one one gentleman we all

113

00:05:10,550 --> 00:05:07,500

know said something that it was along

114

00:05:12,890 --> 00:05:10,560

the lines that uh her staff got snowed

115

00:05:15,350 --> 00:05:12,900

under or uh oh what's the word you know

116

00:05:18,409 --> 00:05:15,360

fooled into thinking that that this uh

117

00:05:21,050 --> 00:05:18,419

UFO thing was all hype and or it got

118

00:05:22,909 --> 00:05:21,060

them convinced and then they convinced

119

00:05:24,950 --> 00:05:22,919

the senator and these staffers didn't

120

00:05:27,590 --> 00:05:24,960

know what they were doing and you know I

121

00:05:28,550 --> 00:05:27,600

I the thing that these these staffers

122

00:05:47,990 --> 00:05:28,560

they

123

00:05:54,170 --> 00:05:48,000

to

124

00:05:56,390 --> 00:05:54,180

sending them on some Wild Goose goose

125

00:05:59,390 --> 00:05:56,400

chase uh these staffers are very

126

00:06:02,510 --> 00:05:59,400

involved they're very very smart

127

00:06:04,430 --> 00:06:02,520

um uh in particular Senator gillibrand's

128

00:06:06,890 --> 00:06:04,440

staff they're they're amazing people and

129

00:06:09,170 --> 00:06:06,900

they're engaged and and they're doing

130

00:06:10,850 --> 00:06:09,180

what what um they're doing you know

131

00:06:12,590 --> 00:06:10,860

really good things on the for the

132

00:06:14,270 --> 00:06:12,600

country and the Really the world on this

133

00:06:16,189 --> 00:06:14,280

particular topic

134

00:06:17,629 --> 00:06:16,199

yeah absolutely I mean I thought the

135

00:06:18,590 --> 00:06:17,639

interview was great and I know there was

136

00:06:21,409 --> 00:06:18,600

some

137

00:06:23,150 --> 00:06:21,419

uh negativity let's say shared about

138

00:06:25,370 --> 00:06:23,160

maybe sort of a certain line of

139

00:06:26,749 --> 00:06:25,380

questioning and and stuff is there

140

00:06:27,710 --> 00:06:26,759

anything you can kind of say towards

141

00:06:30,469 --> 00:06:27,720

that

142

00:06:32,930 --> 00:06:30,479

yeah so

143

00:06:35,629 --> 00:06:32,940

all of these politicians you know with

144

00:06:37,850 --> 00:06:35,639

the exception of uh Congressman Tim

145

00:06:39,890 --> 00:06:37,860

Burchette who we've tried to get on our

146

00:06:42,409 --> 00:06:39,900

show uh

147

00:06:46,249 --> 00:06:42,419

they have to be very careful about how

148

00:06:48,650 --> 00:06:46,259

they talk about this and in particular

149

00:06:50,689 --> 00:06:48,660

um in my personal opinion Senator

150

00:06:52,969 --> 00:06:50,699

gillibrand is not going to do something

151

00:06:56,990 --> 00:06:52,979

that's going to get in front of the

152

00:06:59,210 --> 00:06:57,000

White House or or you know it's these

153

00:07:00,830 --> 00:06:59,220

are all it's it's a sticky it's a sticky

154

00:07:02,809 --> 00:07:00,840

subject I mean if you think about it if

155

00:07:06,110 --> 00:07:02,819

you're the U.S government and you're

156

00:07:08,870 --> 00:07:06,120

aware that for 80 years the government

157

00:07:10,670 --> 00:07:08,880

has been lying to the American public

158

00:07:13,850 --> 00:07:10,680

you have to you have to sit in their

159

00:07:16,930 --> 00:07:13,860

shoes and go okay how are we going to

160

00:07:19,909 --> 00:07:16,940

unwind this ball of yarn and not do

161

00:07:24,050 --> 00:07:19,919

damage to

162

00:07:27,650 --> 00:07:24,060

in government and of course we all know

163

00:07:30,469 --> 00:07:27,660

that that that is uh has uh is an issue

164

00:07:33,770 --> 00:07:30,479

right now anyway so it's it's it's a

165

00:07:35,570 --> 00:07:33,780

really complex issue in my opinion so

166

00:07:37,969 --> 00:07:35,580

yeah so you know so for instance going

167

00:07:40,550 --> 00:07:37,979

back to our interview so what you know

168

00:07:44,150 --> 00:07:40,560

what I did is I gave them a heads up of

169

00:07:47,749 --> 00:07:44,160

of General topics I wanted to talk about

170

00:07:51,890 --> 00:07:47,759

that I felt confident that she would be

171

00:07:54,290 --> 00:07:51,900

able to answer so yeah saying hey do you

172

00:07:56,689 --> 00:07:54,300

think there's a crashed off-world

173

00:08:01,510 --> 00:07:56,699

vehicle in Area 51 she's not going to

174

00:08:05,390 --> 00:08:01,520

answer that so the point was to get as

175

00:08:08,809 --> 00:08:05,400

covers much of the topic that I I was

176

00:08:11,570 --> 00:08:08,819

confident she could discuss and

177

00:08:12,950 --> 00:08:11,580

um yeah so it it's I think it's like

178

00:08:14,809 --> 00:08:12,960

with anything and of course everybody

179

00:08:18,589 --> 00:08:14,819

wants to know everything and they want

180

00:08:21,110 --> 00:08:18,599

to know it now and and uh uh and if they

181

00:08:23,629 --> 00:08:21,120

if they you know if they're disappointed

182

00:08:25,430 --> 00:08:23,639

in in what somebody answers they're

183

00:08:28,909 --> 00:08:25,440

gonna you know go rage tweet on Twitter

184

00:08:31,249 --> 00:08:28,919

and and all of that and and uh it's uh

185

00:08:33,949 --> 00:08:31,259

you know there are questions I wanted to

186

00:08:37,250 --> 00:08:33,959

answer excuse me I wanted to ask but I

187

00:08:39,709 --> 00:08:37,260

knew it just wasn't going to happen so

188

00:08:41,149 --> 00:08:39,719

we all want to we all wanna we all want

189

00:08:42,889 --> 00:08:41,159

the keys to the kingdom and want to know

190

00:08:45,650 --> 00:08:42,899

everything right away and I'm certainly

191

00:08:49,490 --> 00:08:45,660

certainly one of them but uh our hope is

192

00:08:51,889 --> 00:08:49,500

that this will be there will be other

193

00:08:56,030 --> 00:08:51,899

um appearances by her on our show yeah

194

00:08:59,509 --> 00:08:56,040

we are huge huge fans and and her her

195

00:09:03,410 --> 00:08:59,519

staff they are they are fantastic and

196

00:09:05,810 --> 00:09:03,420

they are well of well aware that

197

00:09:07,670 --> 00:09:05,820

something's going on I would say yeah

198

00:09:10,130 --> 00:09:07,680

absolutely and it's good to build these

199

00:09:12,650 --> 00:09:10,140

relationships and not like Scupper them

200

00:09:14,210 --> 00:09:12,660

at the first chance you know and again

201
00:09:16,190 --> 00:09:14,220
it was limit you were limited for time

202
00:09:18,650 --> 00:09:16,200
and it would have been you know awful to

203
00:09:20,870 --> 00:09:18,660
just have a full interview of no comment

204
00:09:23,509 --> 00:09:20,880
or I can't answer that just say I

205
00:09:26,750 --> 00:09:23,519
understand and yeah I know one criticism

206
00:09:28,310 --> 00:09:26,760
that I saw somewhat uh was that you know

207
00:09:31,850 --> 00:09:28,320
why didn't you ask follow-up questions

208
00:09:34,610 --> 00:09:31,860
so the risk you know everybody wants a

209
00:09:36,290 --> 00:09:34,620
piece of the uh the Senators any Senator

210
00:09:38,750 --> 00:09:36,300
or congressman's time you know they're

211
00:09:42,949 --> 00:09:38,760
very very busy people with topics

212
00:09:46,490 --> 00:09:42,959
outside of UAP right so the last thing

213
00:09:49,009 --> 00:09:46,500

you want to do is ask a question and

214

00:09:50,810 --> 00:09:49,019

then do one or two follow-ups and before

215

00:09:52,730 --> 00:09:50,820

you know it your time's over and then

216

00:09:55,970 --> 00:09:52,740

you know you haven't really covered it

217

00:09:58,430 --> 00:09:55,980

so it was it was important that we

218

00:10:01,910 --> 00:09:58,440

get through as much

219

00:10:03,590 --> 00:10:01,920

it covers much ground as as we were able

220

00:10:06,130 --> 00:10:03,600

to in the allotted time that we had with

221

00:10:08,870 --> 00:10:06,140

her yeah absolutely

222

00:10:10,370 --> 00:10:08,880

yeah and you know and again it was you

223

00:10:14,630 --> 00:10:10,380

know as you mentioned this was the first

224

00:10:19,550 --> 00:10:14,640

time a United States Senator has come on

225

00:10:23,090 --> 00:10:19,560

a it on any uh media program to discuss

226

00:10:25,250 --> 00:10:23,100

UAP at length so

227

00:10:27,230 --> 00:10:25,260

um you know so that that I I think that

228

00:10:29,150 --> 00:10:27,240

was uh it was certainly a win for us but

229

00:10:32,509 --> 00:10:29,160

I think moreover it was a win for the

230

00:10:36,050 --> 00:10:32,519

for the community and the

231

00:10:38,810 --> 00:10:36,060

when other people in politics see that

232

00:10:41,150 --> 00:10:38,820

someone of her stature was willing to

233

00:10:43,910 --> 00:10:41,160

come on and discuss this difficult topic

234

00:10:46,610 --> 00:10:43,920

that hopefully will make it easier for

235

00:10:47,990 --> 00:10:46,620

other politicians to you know come to

236

00:10:49,490 --> 00:10:48,000

the same decision and realize you know

237

00:10:50,449 --> 00:10:49,500

what this is a good thing to come and

238

00:10:52,430 --> 00:10:50,459

talk about

239

00:10:54,050 --> 00:10:52,440

yeah absolutely and she certainly isn't

240

00:10:56,329 --> 00:10:54,060

doesn't show any signs of slowing down

241

00:10:58,610 --> 00:10:56,339

either she's she's on the ball keeping a

242

00:11:01,730 --> 00:10:58,620

very close eye on on Arrow and and what

243

00:11:03,590 --> 00:11:01,740

doctor Patrick's doing and speaking of

244

00:11:06,590 --> 00:11:03,600

Arrow you know you've had a couple of

245

00:11:09,710 --> 00:11:06,600

the uh whistleblowers I still don't like

246

00:11:11,870 --> 00:11:09,720

using that word but uh both Mario woods

247

00:11:14,090 --> 00:11:11,880

and Robert Salas you've spoken to so

248

00:11:15,650 --> 00:11:14,100

let's just talk about the uh the

249

00:11:17,329 --> 00:11:15,660

conversation you had with Mario Woods

250

00:11:19,550 --> 00:11:17,339

are you able to just give us a first of

251
00:11:22,009 --> 00:11:19,560
all a brief overview of of what happened

252
00:11:23,449 --> 00:11:22,019
to him and and any kind of takeaways

253
00:11:26,930 --> 00:11:23,459
from that conversation

254
00:11:28,550 --> 00:11:26,940
sure yeah that his was uh you know one

255
00:11:31,329 --> 00:11:28,560
of our favorite interviews as well so

256
00:11:35,470 --> 00:11:31,339
Mario Woods was an above ground security

257
00:11:38,329 --> 00:11:35,480
uh police officer at um at a Minuteman

258
00:11:41,150 --> 00:11:38,339
nuclear ICBM base I'm blanking on on

259
00:11:45,290 --> 00:11:41,160
which one he was stationed at uh and I

260
00:11:48,470 --> 00:11:45,300
believe it was either 1977 or 1978 and

261
00:11:50,690 --> 00:11:48,480
you know these guys so

262
00:11:51,769 --> 00:11:50,700
um the way these bases are laid out you

263
00:11:55,430 --> 00:11:51,779

have what's called a launch control

264

00:11:59,990 --> 00:11:55,440

center or LCC and down below 60 feet

265

00:12:02,030 --> 00:12:00,000

below are two people in a capsule and

266

00:12:05,090 --> 00:12:02,040

they have under their control 10

267

00:12:06,590 --> 00:12:05,100

Minuteman ICBM intercontinental

268

00:12:09,949 --> 00:12:06,600

ballistic missiles nuclear tipped

269

00:12:13,090 --> 00:12:09,959

missiles uh so in the there's a shack at

270

00:12:18,290 --> 00:12:13,100

the top of this uh you know above ground

271

00:12:20,210 --> 00:12:18,300

where the security force uh is uh

272

00:12:21,530 --> 00:12:20,220

station I think it's like six people I

273

00:12:24,050 --> 00:12:21,540

believe

274

00:12:27,110 --> 00:12:24,060

um and these are the people that would

275

00:12:29,870 --> 00:12:27,120

uh are are in charge of protecting the

276

00:12:32,090 --> 00:12:29,880

LCC and then the launch facility or the

277

00:12:34,730 --> 00:12:32,100

uh where the where the missiles are so

278

00:12:38,449 --> 00:12:34,740

if if somebody's banging on a missile

279

00:12:40,370 --> 00:12:38,459

door they get deployed to go and and

280

00:12:43,850 --> 00:12:40,380

figure out what the threat is and

281

00:12:48,590 --> 00:12:43,860

neutralize it if need be so uh so yeah

282

00:12:53,569 --> 00:12:48,600

so he was on um he was on on do Duty one

283

00:12:55,430 --> 00:12:53,579

night and he saw he went outside and saw

284

00:12:57,889 --> 00:12:55,440

this light in the distance and at first

285

00:12:59,810 --> 00:12:57,899

he he thought it was a helicopter but

286

00:13:02,930 --> 00:12:59,820

then he noticed the light wasn't moving

287

00:13:05,030 --> 00:13:02,940

and it was just stationary and out where

288

00:13:06,410 --> 00:13:05,040

he was at there's literally nothing out

289

00:13:09,769 --> 00:13:06,420

there so it's not like you see city

290

00:13:14,810 --> 00:13:09,779

lights or or uh drones it was before

291

00:13:16,550 --> 00:13:14,820

drones uh anyway so he the there are all

292

00:13:19,370 --> 00:13:16,560

these floodlights that surround the

293

00:13:21,889 --> 00:13:19,380

launch control centers um

294

00:13:24,470 --> 00:13:21,899

so he goes in and he flips the switch

295

00:13:27,710 --> 00:13:24,480

several times I you know X number of

296

00:13:30,110 --> 00:13:27,720

times and he walks outside and the

297

00:13:32,990 --> 00:13:30,120

object flashes the equal number of times

298

00:13:36,470 --> 00:13:33,000

back I think he said he did it a a

299

00:13:38,990 --> 00:13:36,480

couple more times uh and he he had one

300

00:13:41,269 --> 00:13:39,000

of his fellow police officers come out

301
00:13:42,829 --> 00:13:41,279
and and look at the thing and the guy

302
00:13:45,949 --> 00:13:42,839
kind of like blew it off

303
00:13:49,069 --> 00:13:45,959
uh so if I recall correctly a couple

304
00:13:50,509 --> 00:13:49,079
hours later you know he around midnight

305
00:13:52,310 --> 00:13:50,519
or so or something like that you know he

306
00:13:54,230 --> 00:13:52,320
had been in after the thing I think the

307
00:13:55,850 --> 00:13:54,240
lady said went away or something like

308
00:13:58,190 --> 00:13:55,860
that so he goes in for a couple hours

309
00:14:00,769 --> 00:13:58,200
watches some TV and back in those days

310
00:14:03,530 --> 00:14:00,779
there was no cable or anything like that

311
00:14:05,870 --> 00:14:03,540
you only had three main channels and at

312
00:14:07,610 --> 00:14:05,880
midnight that's when program the

313
00:14:08,870 --> 00:14:07,620

programming within you know they played

314

00:14:10,250 --> 00:14:08,880

the national anthem and then it would

315

00:14:14,629 --> 00:14:10,260

just be

316

00:14:17,030 --> 00:14:14,639

um uh noise uh anyway he gets a uh his

317

00:14:19,730 --> 00:14:17,040

alert phone or whatever goes off

318

00:14:21,949 --> 00:14:19,740

from and this is connected uh down to

319

00:14:25,190 --> 00:14:21,959

the the two launch control officers and

320

00:14:28,009 --> 00:14:25,200

they they tell them that a that internal

321

00:14:31,310 --> 00:14:28,019

and external intrusion alarms have gone

322

00:14:33,530 --> 00:14:31,320

off at one of the launch facilities so

323

00:14:36,050 --> 00:14:33,540

you know so around these silos they're

324

00:14:38,750 --> 00:14:36,060

fenced off and there's an array of

325

00:14:41,389 --> 00:14:38,760

sensors that that warn that something

326

00:14:43,730 --> 00:14:41,399

has gone on to the property you know and

327

00:14:45,490 --> 00:14:43,740

it's not that big of a footprint but

328

00:14:48,050 --> 00:14:45,500

from what I understand things like

329

00:14:50,990 --> 00:14:48,060

jackrabbits or whatever can set this off

330

00:14:53,389 --> 00:14:51,000

so that's it was a somewhat common thing

331

00:14:56,030 --> 00:14:53,399

they would still have to go in and look

332

00:15:00,470 --> 00:14:56,040

at what was causing the alarm but what

333

00:15:04,430 --> 00:15:00,480

what uh what also went off was a

334

00:15:07,069 --> 00:15:04,440

internal intrusion alarm so a series of

335

00:15:09,410 --> 00:15:07,079

sensors within the within the missile

336

00:15:13,430 --> 00:15:09,420

silos itself that indicates that somebody

337

00:15:15,949 --> 00:15:13,440

or something is walking around uh and

338

00:15:19,129 --> 00:15:15,959

that is that never happens from what he

339

00:15:20,990 --> 00:15:19,139

said so he was sent out to to him and

340

00:15:23,930 --> 00:15:21,000

his partner were sent out to go look at

341

00:15:25,610 --> 00:15:23,940

this this was considered one of the the

342

00:15:29,150 --> 00:15:25,620

most serious

343

00:15:31,009 --> 00:15:29,160

um alarms for anything anyone out there

344

00:15:32,210 --> 00:15:31,019

they drove out there um I think it was

345

00:15:33,889 --> 00:15:32,220

like a five minute drive or something

346

00:15:36,050 --> 00:15:33,899

like that and they're picked up and they

347

00:15:39,050 --> 00:15:36,060

came out there and there was a large

348

00:15:41,389 --> 00:15:39,060

spherical uh I think it was red glowing

349

00:15:43,189 --> 00:15:41,399

object right above the launch facility

350

00:15:44,110 --> 00:15:43,199

that the Civil is like the size of a

351
00:15:48,350 --> 00:15:44,120
Walmart

352
00:15:51,050 --> 00:15:48,360
and uh following so his his partner was

353
00:15:53,870 --> 00:15:51,060
just frozen in Terror and next thing he

354
00:15:56,090 --> 00:15:53,880
knows he looks out to the left of

355
00:15:59,990 --> 00:15:56,100
um at his driver's window and he sees

356
00:16:01,250 --> 00:16:00,000
these three beings uh in approaching the

357
00:16:04,250 --> 00:16:01,260
truck and then

358
00:16:06,949 --> 00:16:04,260
he blacks out next thing he remembers

359
00:16:09,530 --> 00:16:06,959
um he him and his partner are located

360
00:16:11,870 --> 00:16:09,540
about five miles away next to a dam

361
00:16:13,610 --> 00:16:11,880
their truck had been completely moved

362
00:16:19,730 --> 00:16:13,620
and

363
00:16:22,670 --> 00:16:19,740

said I'm gonna uh recommend Mario come

364

00:16:25,490 --> 00:16:22,680

on your show but it is one of the most

365

00:16:28,129 --> 00:16:25,500

compelling stories I have ever heard and

366

00:16:32,030 --> 00:16:28,139

when you listen to him talk

367

00:16:35,449 --> 00:16:32,040

um it is just I don't know how anyone

368

00:16:36,829 --> 00:16:35,459

would disbelieve what what this guy says

369

00:16:39,170 --> 00:16:36,839

and

370

00:16:40,310 --> 00:16:39,180

the thing to keep in mind about a lot of

371

00:16:44,269 --> 00:16:40,320

these whistleblowers there's no

372

00:16:45,710 --> 00:16:44,279

incentive for them to come forward just

373

00:16:48,829 --> 00:16:45,720

um the amount of ridicule they open

374

00:16:51,829 --> 00:16:48,839

themselves up to sure is really kind of

375

00:16:53,210 --> 00:16:51,839

no yeah um uh so I don't want to spoil

376

00:16:55,430 --> 00:16:53,220

the whole thing but I definitely

377

00:16:58,249 --> 00:16:55,440

recommend people check it out absolutely

378

00:16:59,870 --> 00:16:58,259

and he obviously he's spoken to to Arrow

379

00:17:02,090 --> 00:16:59,880

do you are you away did he speak

380

00:17:03,710 --> 00:17:02,100

directly with Sean Kirkpatrick and what

381

00:17:06,530 --> 00:17:03,720

was this kind of General takeaway from

382

00:17:09,289 --> 00:17:06,540

the the interaction uh he did not speak

383

00:17:12,470 --> 00:17:09,299

to Sean Kirkpatrick uh I can't say who

384

00:17:13,610 --> 00:17:12,480

he spoke to or spoke with Excuse me

385

00:17:17,510 --> 00:17:13,620

um

386

00:17:20,350 --> 00:17:17,520

I think he I would definitely uh

387

00:17:24,590 --> 00:17:20,360

characterize what he is

388

00:17:27,110 --> 00:17:24,600

my impression of of his experience was

389

00:17:29,510 --> 00:17:27,120

that it was not particularly that great

390

00:17:31,250 --> 00:17:29,520

uh at the end of our interview he had

391

00:17:33,350 --> 00:17:31,260

some pretty pointed words I don't want

392

00:17:35,090 --> 00:17:33,360

to put words in his mouth

393

00:17:37,250 --> 00:17:35,100

um but you know this this guy he's an

394

00:17:37,850 --> 00:17:37,260

American Patriot and

395

00:17:45,370 --> 00:17:37,860

um

396

00:17:49,870 --> 00:17:45,380

and I I I would say that overall the

397

00:17:53,270 --> 00:17:49,880

the interactions that I've been privy to

398

00:17:55,610 --> 00:17:53,280

with with the arrow office by some of

399

00:17:59,270 --> 00:17:55,620

these whistleblowers it's not been good

400

00:18:02,750 --> 00:17:59,280

uh and I think the the statement by Dr

401
00:18:04,549 --> 00:18:02,760
Sean kirpatrick during the the Senate uh

402
00:18:07,730 --> 00:18:04,559
thing really

403
00:18:09,950 --> 00:18:07,740
deflated and had a net negative effect

404
00:18:11,750 --> 00:18:09,960
on whistleblowers so you know if you

405
00:18:13,430 --> 00:18:11,760
think about it so these guys like I said

406
00:18:14,870 --> 00:18:13,440
they have no there's no incentive for

407
00:18:18,529 --> 00:18:14,880
them to go do this not like they're

408
00:18:20,930 --> 00:18:18,539
getting paid to to show up or or talk on

409
00:18:23,990 --> 00:18:20,940
a or you know have a phone call with

410
00:18:25,730 --> 00:18:24,000
these guys and for them to go through

411
00:18:28,990 --> 00:18:25,740
and

412
00:18:30,710 --> 00:18:29,000
have their conduct have their interview

413
00:18:32,690 --> 00:18:30,720

sort of

414

00:18:36,289 --> 00:18:32,700

in a way be blown off by what

415

00:18:38,330 --> 00:18:36,299

Kirkpatrick uh seemed what he said about

416

00:18:40,210 --> 00:18:38,340

there's no credible evidence uh I don't

417

00:18:42,950 --> 00:18:40,220

have the exact quote of anything

418

00:18:46,370 --> 00:18:42,960

extraterrestrial yeah really deflated

419

00:18:48,049 --> 00:18:46,380

these guys and and I know that there are

420

00:18:51,110 --> 00:18:48,059

some that

421

00:18:53,990 --> 00:18:51,120

it's it's dissuaded them people that

422

00:18:56,029 --> 00:18:54,000

that have data to share it's dissuaded

423

00:18:58,010 --> 00:18:56,039

them from coming forward because I'm

424

00:18:59,570 --> 00:18:58,020

sure you know their in their shoes would

425

00:19:02,750 --> 00:18:59,580

be like well you know what's the point

426

00:19:04,850 --> 00:19:02,760

yeah um I I

427

00:19:07,370 --> 00:19:04,860

um yeah there's one particular

428

00:19:11,570 --> 00:19:07,380

whistleblower that that I had a very

429

00:19:13,430 --> 00:19:11,580

long uh debriefing with and and this

430

00:19:17,409 --> 00:19:13,440

whistleblower

431

00:19:20,630 --> 00:19:17,419

um you know he's he just he he felt that

432

00:19:23,870 --> 00:19:20,640

they weren't prepared they didn't ask

433

00:19:26,090 --> 00:19:23,880

questions to sort of verify you know

434

00:19:29,870 --> 00:19:26,100

like well who is the base commander or

435

00:19:32,650 --> 00:19:29,880

things like that and the sense from this

436

00:19:36,230 --> 00:19:32,660

whistleblower was that

437

00:19:39,110 --> 00:19:36,240

that that they were just kind of going

438

00:19:41,090 --> 00:19:39,120

through the motions doing Gathering his

439

00:19:43,730 --> 00:19:41,100

testimony just because

440

00:19:45,049 --> 00:19:43,740

um you know it was they were required to

441

00:19:48,730 --> 00:19:45,059

there was just

442

00:19:51,169 --> 00:19:48,740

this person felt a general lack of of

443

00:19:52,669 --> 00:19:51,179

genuine interest

444

00:19:54,409 --> 00:19:52,679

um and this person

445

00:19:57,049 --> 00:19:54,419

was ready to offer up more information

446

00:19:59,690 --> 00:19:57,059

and said you want to know about this and

447

00:20:02,150 --> 00:19:59,700

they would say you know now and then

448

00:20:02,990 --> 00:20:02,160

they would move on so

449

00:20:05,990 --> 00:20:03,000

um

450

00:20:08,210 --> 00:20:06,000

yeah this this whistleblower was it was

451
00:20:10,909 --> 00:20:08,220
not a a good

452
00:20:12,650 --> 00:20:10,919
ex exp he didn't walk away from that

453
00:20:14,810 --> 00:20:12,660
feeling like it had been worth this time

454
00:20:16,789 --> 00:20:14,820
I I would that's how I would my

455
00:20:18,289 --> 00:20:16,799
impression of it would would be yeah

456
00:20:20,270 --> 00:20:18,299
that's quite disheartening you know and

457
00:20:21,950 --> 00:20:20,280
it seems to be from various

458
00:20:22,850 --> 00:20:21,960
conversations I've had with people who

459
00:20:24,289 --> 00:20:22,860
have spoken to some of these

460
00:20:26,270 --> 00:20:24,299
whistleblowers it all kind of they're

461
00:20:28,190 --> 00:20:26,280
all painting the same or very similar

462
00:20:30,049 --> 00:20:28,200
kind of picture

463
00:20:31,610 --> 00:20:30,059

um well let's move on to your recent

464

00:20:34,310 --> 00:20:31,620

conversation with Bob Salas now

465

00:20:36,650 --> 00:20:34,320

everybody knows Bob's story so we won't

466

00:20:39,770 --> 00:20:36,660

spend too much or we won't go over that

467

00:20:41,690 --> 00:20:39,780

but I did want to um play the recording

468

00:20:44,450 --> 00:20:41,700

because he actually recorded his

469

00:20:46,250 --> 00:20:44,460

conversation with arrow and then he

470

00:20:47,270 --> 00:20:46,260

shared this this short section with you

471

00:20:50,390 --> 00:20:47,280

so

472

00:20:52,010 --> 00:20:50,400

let me just bring this up because

473

00:20:54,770 --> 00:20:52,020

yeah I think for anyone that hasn't

474

00:20:58,669 --> 00:20:54,780

heard it it's certainly uh interesting

475

00:20:58,679 --> 00:21:03,049

there we go

476

00:21:07,730 --> 00:21:06,110

right anyone in the live chat and if you

477

00:21:09,529 --> 00:21:07,740

have any issues with the sound please

478

00:21:12,650 --> 00:21:09,539

let me know in the comments thank you

479

00:21:16,070 --> 00:21:12,660

very very interesting here we go

480

00:21:18,470 --> 00:21:16,080

uh can I ask will you be sending

481

00:21:21,770 --> 00:21:18,480

inquiries to the air force uh about the

482

00:21:27,890 --> 00:21:24,169

I just heard of Kevin on this one

483

00:21:30,289 --> 00:21:27,900

uh well like for example like which one

484

00:21:34,370 --> 00:21:30,299

well

485

00:21:36,890 --> 00:21:34,380

uh whether or not uh they concur that

486

00:21:46,669 --> 00:21:36,900

both Echo and Oscar Flight launch

487

00:21:53,210 --> 00:21:49,010

it's already inquired with Air Force

488

00:21:56,930 --> 00:21:53,220

several things even less specific like

489

00:21:59,270 --> 00:21:56,940

where is all the Youtube footage

490

00:22:01,370 --> 00:21:59,280

literally where'd that film go where is

491

00:22:03,649 --> 00:22:01,380

it stored was it ever digitized where

492

00:22:05,470 --> 00:22:03,659

are my copies of it be I'm still trying

493

00:22:10,010 --> 00:22:05,480

to run down questions like that because

494

00:22:12,110 --> 00:22:10,020

some form of pilots who told us about

495

00:22:14,990 --> 00:22:12,120

events that they've witnessed and their

496

00:22:19,370 --> 00:22:15,000

airplanes may have captured and

497

00:22:21,830 --> 00:22:19,380

um testing Crews security policemen

498

00:22:24,110 --> 00:22:21,840

in all these different places where the

499

00:22:26,390 --> 00:22:24,120

Air Force may have

500

00:22:28,730 --> 00:22:26,400

some kind of audio visual recording of

501
00:22:32,270 --> 00:22:28,740
it or and part of the problem is we're

502
00:22:33,289 --> 00:22:32,280
talking about things that happened

503
00:22:35,090 --> 00:22:33,299
um

504
00:22:37,669 --> 00:22:35,100
obviously long before any of the people

505
00:22:41,090 --> 00:22:37,679
currently serving in the Air Force were

506
00:22:42,950 --> 00:22:41,100
serving and so and there are a couple of

507
00:22:44,090 --> 00:22:42,960
generations removed and when you go talk

508
00:22:47,630 --> 00:22:44,100
to them about

509
00:22:50,210 --> 00:22:47,640
where you know where are the afro-tech

510
00:22:54,169 --> 00:22:50,220
films from the atlas rocket launches in

511
00:22:56,810 --> 00:22:54,179
the early 1960s from Vandenberg

512
00:22:58,730 --> 00:22:56,820
I can't find anybody that knows

513
00:23:01,370 --> 00:22:58,740

um and it could have been that they were

514

00:23:03,590 --> 00:23:01,380

disposed of so long ago that it's not

515

00:23:06,470 --> 00:23:03,600

even in the corporate memory anymore or

516

00:23:08,630 --> 00:23:06,480

maybe they are stored somewhere

517

00:23:10,190 --> 00:23:08,640

um so we're still working on trying to

518

00:23:14,029 --> 00:23:10,200

get answers to a bunch of basic

519

00:23:18,590 --> 00:23:17,029

yeah so you know I tell you you know the

520

00:23:22,510 --> 00:23:18,600

Common Thread that you hear over and

521

00:23:25,490 --> 00:23:22,520

over again and you know my sources of

522

00:23:28,909 --> 00:23:25,500

reinforced that this is very true is

523

00:23:32,690 --> 00:23:28,919

that the Air Force has has historically

524

00:23:35,870 --> 00:23:32,700

not been cooperative and you know still

525

00:23:38,750 --> 00:23:35,880

continue to obfuscate and yeah and I

526

00:23:40,310 --> 00:23:38,760

just I I don't know if I I would say

527

00:23:43,610 --> 00:23:40,320

that they have a lot to hide in

528

00:23:46,970 --> 00:23:43,620

particular the the long history of

529

00:23:48,649 --> 00:23:46,980

tampering with our land-based strategic

530

00:23:49,789 --> 00:23:48,659

nuclear deterrent

531

00:23:52,909 --> 00:23:49,799

um you know there's

532

00:23:57,169 --> 00:23:52,919

there's a very long history of that and

533

00:23:59,390 --> 00:23:57,179

and most of these guys uh including

534

00:24:00,430 --> 00:23:59,400

um I'm pretty sure Mario was but I know

535

00:24:03,409 --> 00:24:00,440

Salas

536

00:24:05,029 --> 00:24:03,419

afosi actually yeah uh Mario Woods it

537

00:24:08,990 --> 00:24:05,039

was the same thing because Richard Doty

538

00:24:12,890 --> 00:24:09,000

was one of the afosi agents uh in the

539

00:24:15,770 --> 00:24:12,900

room uh debriefing Mario woods and and

540

00:24:18,049 --> 00:24:15,780

just like Salas they were required to

541

00:24:19,250 --> 00:24:18,059

sign a national security non-disclosure

542

00:24:22,669 --> 00:24:19,260

agreement

543

00:24:25,250 --> 00:24:22,679

and excuse me I know Robert had said the

544

00:24:29,750 --> 00:24:25,260

big thing that stuck out in his mind

545

00:24:31,630 --> 00:24:29,760

was um uh you know was the the part

546

00:24:34,610 --> 00:24:31,640

about Leavenworth on there so it's like

547

00:24:36,350 --> 00:24:34,620

you know and uh yeah that's a that's a

548

00:24:38,210 --> 00:24:36,360

big thing but yeah one of the things I

549

00:24:40,610 --> 00:24:38,220

found that was really interesting is I

550

00:24:43,430 --> 00:24:40,620

want to know about this you too footage

551
00:24:46,850 --> 00:24:43,440
and why was that part of the

552
00:24:49,610 --> 00:24:46,860
conversation now Robert describes his

553
00:24:52,370 --> 00:24:49,620
interview as being around two hours long

554
00:24:54,710 --> 00:24:52,380
of course we only heard a few minutes of

555
00:24:56,390 --> 00:24:54,720
it but yeah I want to know about this

556
00:24:58,610 --> 00:24:56,400
you Youtube footage you know and the

557
00:24:59,930 --> 00:24:58,620
other thing too there is no freaking way

558
00:25:03,890 --> 00:24:59,940
that

559
00:25:06,649 --> 00:25:03,900
footage related to this topic just hit

560
00:25:08,690 --> 00:25:06,659
the shredder I can't imagine that happen

561
00:25:12,649 --> 00:25:08,700
you know I don't know I don't have any

562
00:25:15,350 --> 00:25:12,659
visibility into that but I yeah I just

563
00:25:18,710 --> 00:25:15,360

don't don't think that's uh that's uh

564

00:25:20,930 --> 00:25:18,720

that is you know that's that's the case

565

00:25:23,990 --> 00:25:20,940

absolutely I mean I was surprised when

566

00:25:26,090 --> 00:25:24,000

he you know openly discussed other cases

567

00:25:28,970 --> 00:25:26,100

with with Bob just Freedia either you

568

00:25:30,529 --> 00:25:28,980

two and and the other ones I thought you

569

00:25:33,049 --> 00:25:30,539

know that's

570

00:25:35,870 --> 00:25:33,059

and it's not in a skiff it's not a you

571

00:25:37,490 --> 00:25:35,880

know it's right it's strange yeah yeah

572

00:25:39,289 --> 00:25:37,500

so um

573

00:25:42,049 --> 00:25:39,299

uh oh there's a point I was gonna make

574

00:25:45,169 --> 00:25:42,059

I've kind of all this traveling and a

575

00:25:46,370 --> 00:25:45,179

bit not mentally as sharp as I like to

576

00:25:48,649 --> 00:25:46,380

think I am

577

00:25:50,990 --> 00:25:48,659

um but you know one of the you were

578

00:25:53,450 --> 00:25:51,000

talking about earlier about the threats

579

00:25:56,149 --> 00:25:53,460

of physical uh violence in intimidation

580

00:25:59,510 --> 00:25:56,159

you know he shared a story where I

581

00:26:01,970 --> 00:25:59,520

believe it was early on when he first

582

00:26:05,029 --> 00:26:01,980

came out he was he had some kind of

583

00:26:06,409 --> 00:26:05,039

presentation at some conference and of

584

00:26:08,690 --> 00:26:06,419

course after his presentation people

585

00:26:10,850 --> 00:26:08,700

were coming up and shaking his hand and

586

00:26:14,210 --> 00:26:10,860

getting photos taken I'm sure that kind

587

00:26:16,430 --> 00:26:14,220

of thing and he said uh these two I

588

00:26:18,950 --> 00:26:16,440

think he called them big uglies uh came

589

00:26:22,310 --> 00:26:18,960

up to him and shook his hand but when

590

00:26:26,029 --> 00:26:22,320

they shook his hand it was they shook it

591

00:26:28,010 --> 00:26:26,039

with such strength he felt that they

592

00:26:30,890 --> 00:26:28,020

were trying to impart a message there's

593

00:26:33,230 --> 00:26:30,900

two men that were together and uh he

594

00:26:37,010 --> 00:26:33,240

didn't say what they said but but what

595

00:26:39,710 --> 00:26:37,020

he said after he he knew right away that

596

00:26:42,049 --> 00:26:39,720

he was being given a message and when he

597

00:26:44,510 --> 00:26:42,059

left the wherever this place was and he

598

00:26:46,730 --> 00:26:44,520

was walking out to his car those two men

599

00:26:49,190 --> 00:26:46,740

were standing together by their car

600

00:26:51,590 --> 00:26:49,200

staring at him as he as he you know as

601
00:26:54,289 --> 00:26:51,600
he got into his his vehicle he said that

602
00:26:56,049 --> 00:26:54,299
was the only that was the only

603
00:27:00,169 --> 00:26:56,059
um

604
00:27:03,649 --> 00:27:00,179
excuse me that was the only kind of

605
00:27:06,409 --> 00:27:03,659
intimidation I think he he uh he you

606
00:27:09,950 --> 00:27:06,419
know he ever ever felt

607
00:27:11,810 --> 00:27:09,960
um but um you know another thing that's

608
00:27:14,149 --> 00:27:11,820
the point that I wanted to make

609
00:27:16,130 --> 00:27:14,159
many of all of the whistleblowers that

610
00:27:19,370 --> 00:27:16,140
I've spoken with one of the questions

611
00:27:21,350 --> 00:27:19,380
that they asked Midstream in their

612
00:27:23,870 --> 00:27:21,360
interview with arrow was are you

613
00:27:26,390 --> 00:27:23,880

recording this call because you know you

614

00:27:28,310 --> 00:27:26,400

think about it for instance Mario Woods

615

00:27:30,470 --> 00:27:28,320

he was on the phone with arrow for I

616

00:27:32,510 --> 00:27:30,480

think was four hours discussing

617

00:27:34,850 --> 00:27:32,520

everything that went that went down and

618

00:27:37,850 --> 00:27:34,860

halfway through the call he said hey are

619

00:27:40,010 --> 00:27:37,860

you guys are you guys recording this and

620

00:27:43,010 --> 00:27:40,020

and they said no we're just we're taking

621

00:27:44,810 --> 00:27:43,020

notes that is a very common thread with

622

00:27:46,669 --> 00:27:44,820

all of these Arrow interviews so you

623

00:27:48,350 --> 00:27:46,679

have to sit and ask yourself if these

624

00:27:50,210 --> 00:27:48,360

guys are taking sort of witness

625

00:27:52,190 --> 00:27:50,220

testimony

626
00:27:54,289 --> 00:27:52,200
um or whistleblower whatever you want to

627
00:27:56,029 --> 00:27:54,299
refer to him as but uh or taking any

628
00:28:00,110 --> 00:27:56,039
sort of historical record and they're

629
00:28:02,269 --> 00:28:00,120
just writing stuff down to me that begs

630
00:28:05,930 --> 00:28:02,279
to question how much are they writing

631
00:28:08,090 --> 00:28:05,940
down to what level of detail uh because

632
00:28:09,710 --> 00:28:08,100
I listen to these guys speak and recount

633
00:28:11,990 --> 00:28:09,720
their stories there's a lot of

634
00:28:15,190 --> 00:28:12,000
information packed in there so then the

635
00:28:18,350 --> 00:28:15,200
question you have to ask is

636
00:28:19,970 --> 00:28:18,360
what then is Arrow passing up the chain

637
00:28:21,950 --> 00:28:19,980
of if you want to call it chain of

638
00:28:23,690 --> 00:28:21,960

command passing up the Congress and with

639

00:28:26,810 --> 00:28:23,700

what level of

640

00:28:29,390 --> 00:28:26,820

um detail about these particular uh

641

00:28:31,669 --> 00:28:29,400

testimonies um you know there there have

642

00:28:32,330 --> 00:28:31,679

been people that

643

00:28:34,549 --> 00:28:32,340

um

644

00:28:36,710 --> 00:28:34,559

uh Whistler again whatever term you want

645

00:28:39,769 --> 00:28:36,720

to use that have testified to Arrow

646

00:28:44,149 --> 00:28:39,779

about about Legacy crash retrieval

647

00:28:46,970 --> 00:28:44,159

programs to a great level of detail and

648

00:28:50,690 --> 00:28:46,980

you know the one thing I have had no

649

00:28:54,169 --> 00:28:50,700

visibility visibility into is how much

650

00:28:57,409 --> 00:28:54,179

is being shared with with Congress it

651

00:29:01,789 --> 00:28:57,419

just to me it's odd if you're gonna go

652

00:29:06,049 --> 00:29:01,799

to the effort of getting these people on

653

00:29:08,690 --> 00:29:06,059

the phone uh or in person in particular

654

00:29:09,649 --> 00:29:08,700

in this case getting whistleblowers on

655

00:29:11,510 --> 00:29:09,659

the phone

656

00:29:14,690 --> 00:29:11,520

and there's you don't have like a court

657

00:29:16,970 --> 00:29:14,700

reporter uh transcribing it and they're

658

00:29:21,049 --> 00:29:16,980

just taking notes I I don't understand

659

00:29:24,110 --> 00:29:21,059

that yeah that's strange isn't it

660

00:29:25,490 --> 00:29:24,120

doesn't give a lot of confidence in what

661

00:29:28,970 --> 00:29:25,500

they're actually doing really does it

662

00:29:30,409 --> 00:29:28,980

well and and I I would say with the

663

00:29:32,450 --> 00:29:30,419

whistleblowers that I've spoken with

664

00:29:35,930 --> 00:29:32,460

there is

665

00:29:39,230 --> 00:29:35,940

by and large there has not been

666

00:29:42,549 --> 00:29:39,240

um and I think a lot of this was was uh

667

00:29:45,409 --> 00:29:42,559

tied to uh the the the

668

00:29:47,870 --> 00:29:45,419

hearing with Senator gillibrand they're

669

00:29:51,110 --> 00:29:47,880

just there isn't a lot of confidence in

670

00:29:54,049 --> 00:29:51,120

the process there is a lot of uh

671

00:29:55,430 --> 00:29:54,059

questioning I think on their part

672

00:29:57,409 --> 00:29:55,440

by

673

00:30:00,769 --> 00:29:57,419

you know what Kirkpatrick's motivations

674

00:30:03,590 --> 00:30:00,779

are or if he's being his hands are being

675

00:30:06,769 --> 00:30:03,600

tied behind his back because of it being

676

00:30:09,950 --> 00:30:06,779

under moultrie's purview but it just in

677

00:30:13,610 --> 00:30:09,960

general it's it has had a net it has had

678

00:30:17,810 --> 00:30:13,620

a detrimental effect on these veterans

679

00:30:19,310 --> 00:30:17,820

or or people involved with these Legacy

680

00:30:20,750 --> 00:30:19,320

programs

681

00:30:23,149 --> 00:30:20,760

um

682

00:30:25,610 --> 00:30:23,159

it just I don't think it's been good

683

00:30:27,289 --> 00:30:25,620

yeah and things seem to have died down a

684

00:30:29,330 --> 00:30:27,299

little bit at the moment as well you

685

00:30:31,190 --> 00:30:29,340

know I don't know if that's a general

686

00:30:32,990 --> 00:30:31,200

feeling but certainly for me it feels

687

00:30:34,070 --> 00:30:33,000

that way but then the one thing that we

688

00:30:37,250 --> 00:30:34,080

did get was that you know obviously

689

00:30:40,070 --> 00:30:37,260

we've got the NASA live uh event coming

690

00:30:41,269 --> 00:30:40,080

up on the 31st of May which um I am just

691

00:30:43,490 --> 00:30:41,279

going to share my screen because I just

692

00:30:44,810 --> 00:30:43,500

wanted to quickly share the uh the

693

00:30:47,029 --> 00:30:44,820

schedule because it's been announced

694

00:30:49,730 --> 00:30:47,039

that that Dr Kirkpatrick is going to

695

00:30:51,649 --> 00:30:49,740

present there which yes I think was a

696

00:30:53,930 --> 00:30:51,659

bit of a surprise so let's

697

00:30:57,289 --> 00:30:53,940

let's bring that up so yeah here we are

698

00:30:58,909 --> 00:30:57,299

so four hour live event uh which will be

699

00:31:01,669 --> 00:30:58,919

certainly be interesting so we've got

700

00:31:04,190 --> 00:31:01,679

the full excuse me full breakdown here

701
00:31:05,930 --> 00:31:04,200
and there we are 11 till 11 30. so only

702
00:31:08,149 --> 00:31:05,940
30 minutes uh

703
00:31:10,250 --> 00:31:08,159
you know Dr Kirkpatrick talking about

704
00:31:13,310 --> 00:31:10,260
Arrow but I think

705
00:31:14,930 --> 00:31:13,320
that's good it is it is it is you know

706
00:31:17,510 --> 00:31:14,940
there's a few other standout bits here

707
00:31:19,909 --> 00:31:17,520
that the FAA are going to be discussing

708
00:31:21,710 --> 00:31:19,919
something or other

709
00:31:25,070 --> 00:31:21,720
um but one this this keeps getting me

710
00:31:27,169 --> 00:31:25,080
this uapist whatever what is that yeah I

711
00:31:29,510 --> 00:31:27,179
have no idea is that like the new the

712
00:31:31,450 --> 00:31:29,520
new version of the ufologist or what's

713
00:31:34,370 --> 00:31:31,460

uh yeah

714

00:31:36,769 --> 00:31:34,380

well B yeah cause we've got here uaps

715

00:31:40,190 --> 00:31:36,779

panelists presentations and discussions

716

00:31:42,590 --> 00:31:40,200

yeah so yeah I mean it's certainly

717

00:31:45,289 --> 00:31:42,600

good that we're getting a public access

718

00:31:46,669 --> 00:31:45,299

to a four-hour event covering what you

719

00:31:49,070 --> 00:31:46,679

know what they've been up to and what

720

00:31:51,649 --> 00:31:49,080

they may consider doing further down the

721

00:31:53,930 --> 00:31:51,659

line so that's certainly going to be you

722

00:31:56,029 --> 00:31:53,940

know interesting I find any any further

723

00:31:57,830 --> 00:31:56,039

thoughts on that one from you yeah I you

724

00:32:00,230 --> 00:31:57,840

know I'm really excited about this and

725

00:32:01,789 --> 00:32:00,240

and I think I mean I I've been very

726

00:32:05,269 --> 00:32:01,799

skeptical of Kirkpatrick from the

727

00:32:07,430 --> 00:32:05,279

beginning and um I've not understood why

728

00:32:10,930 --> 00:32:07,440

there's been no you know front-facing

729

00:32:15,070 --> 00:32:10,940

mechanism you know no uh uh

730

00:32:17,269 --> 00:32:15,080

easily accessible way of contacting them

731

00:32:20,330 --> 00:32:17,279

now in the interview with Senator

732

00:32:23,810 --> 00:32:20,340

gillibrand she said if people were not

733

00:32:26,330 --> 00:32:23,820

interested in or didn't want to go

734

00:32:28,730 --> 00:32:26,340

directly to Arrow she gave an email

735

00:32:33,889 --> 00:32:28,740

address to her office at whistleblowers

736

00:32:38,269 --> 00:32:33,899

can go directly to her office and I've

737

00:32:41,750 --> 00:32:38,279

referred quite a few uh to a separate

738

00:32:44,810 --> 00:32:41,760

channel into her her office as well

739

00:32:46,490 --> 00:32:44,820

um but yeah you know

740

00:32:48,409 --> 00:32:46,500

you just you never do know you know when

741

00:32:50,510 --> 00:32:48,419

I watched the the Kirkpatrick thing one

742

00:32:52,730 --> 00:32:50,520

of the one of the you know the things

743

00:32:55,130 --> 00:32:52,740

that I think kind of stood out to me was

744

00:33:00,529 --> 00:32:55,140

that it felt like

745

00:33:03,970 --> 00:33:00,539

he was having having to that being under

746

00:33:06,830 --> 00:33:03,980

ousdi and S was maybe hampering things

747

00:33:08,690 --> 00:33:06,840

budgetarily and and

748

00:33:10,370 --> 00:33:08,700

um the fact that there still wasn't a

749

00:33:12,230 --> 00:33:10,380

website which is you know blows me away

750

00:33:15,289 --> 00:33:12,240

but on the other side you know you look

751

00:33:17,330 --> 00:33:15,299

at I think um I forgot what his SCS

752

00:33:20,090 --> 00:33:17,340

number is but you know Kirkpatrick is

753

00:33:22,789 --> 00:33:20,100

like essentially the civilian equivalent

754

00:33:25,690 --> 00:33:22,799

of say like a two-star general so

755

00:33:28,430 --> 00:33:25,700

if if I were the director of a program

756

00:33:31,190 --> 00:33:28,440

who's one of the main goals is to

757

00:33:33,710 --> 00:33:31,200

collect data from various people in the

758

00:33:34,970 --> 00:33:33,720

military either directly or either

759

00:33:36,590 --> 00:33:34,980

through direct reporting or indirect

760

00:33:40,070 --> 00:33:36,600

reporting that'd be the first thing I

761

00:33:41,690 --> 00:33:40,080

would do is put up uh you know how to

762

00:33:44,210 --> 00:33:41,700

get get a hold of him and get a hold of

763

00:33:45,049 --> 00:33:44,220

them through uh through jwix or or some

764

00:33:48,350 --> 00:33:45,059

other

765

00:33:51,110 --> 00:33:48,360

um thing so I I just have not understood

766

00:33:52,490 --> 00:33:51,120

why that has not occurred

767

00:33:54,470 --> 00:33:52,500

um I understand from what he said that

768

00:33:57,350 --> 00:33:54,480

it's in the works but

769

00:33:58,430 --> 00:33:57,360

you know uh but yeah I do think yeah so

770

00:34:01,730 --> 00:33:58,440

sorry

771

00:34:03,350 --> 00:34:01,740

um it's my add in full effect yeah I

772

00:34:06,889 --> 00:34:03,360

think the NASA thing is I think it's

773

00:34:09,109 --> 00:34:06,899

great and hopefully Dr Kirkpatrick has

774

00:34:12,589 --> 00:34:09,119

um some good stuff to share I I hope so

775

00:34:14,990 --> 00:34:12,599

it'd be a great way to kind of uh uh

776

00:34:17,030 --> 00:34:15,000

turn the the tie to public opinion

777

00:34:19,010 --> 00:34:17,040

um if he you know really came to the

778

00:34:21,589 --> 00:34:19,020

conference with with some good

779

00:34:24,230 --> 00:34:21,599

information and I I certainly hope he uh

780

00:34:26,810 --> 00:34:24,240

you know he does to whatever extent he's

781

00:34:29,990 --> 00:34:26,820

allowed but um

782

00:34:31,790 --> 00:34:30,000

you know with this the thing the thing I

783

00:34:34,310 --> 00:34:31,800

think to kind of keep in mind too is

784

00:34:36,770 --> 00:34:34,320

like all of the excuse me

785

00:34:40,250 --> 00:34:36,780

all of us have been tracking this topic

786

00:34:42,710 --> 00:34:40,260

in in everyone in your most people I

787

00:34:45,050 --> 00:34:42,720

would say in your audience and and to a

788

00:34:46,970 --> 00:34:45,060

lesser degree probably in my audience

789

00:34:48,409 --> 00:34:46,980

because it's a lot of political

790

00:34:50,030 --> 00:34:48,419

followers

791

00:34:52,070 --> 00:34:50,040

um but you have to keep in mind that

792

00:34:53,930 --> 00:34:52,080

there there are a lot of people that

793

00:34:55,369 --> 00:34:53,940

just don't know a whole lot about this

794

00:34:57,710 --> 00:34:55,379

other than what they've seen in movies

795

00:35:05,630 --> 00:34:57,720

or or

796

00:35:09,230 --> 00:35:05,640

whatever so I think that it is a a

797

00:35:13,250 --> 00:35:09,240

process to acclimate the public to it

798

00:35:16,250 --> 00:35:13,260

um to legitimize uh Congressional

799

00:35:18,410 --> 00:35:16,260

efforts or programs so to ensure for

800

00:35:21,530 --> 00:35:18,420

instance that that Arrow has the proper

801
00:35:22,670 --> 00:35:21,540
funding so part of that and I think

802
00:35:25,430 --> 00:35:22,680
that's a challenge for Senator

803
00:35:26,450 --> 00:35:25,440
gillibrand and these others is is

804
00:35:28,250 --> 00:35:26,460
um

805
00:35:30,650 --> 00:35:28,260
people in Congress

806
00:35:32,750 --> 00:35:30,660
that maybe don't track this topic or

807
00:35:34,910 --> 00:35:32,760
know very little about it

808
00:35:37,069 --> 00:35:34,920
you gotta sort of

809
00:35:38,450 --> 00:35:37,079
ease him into it I think to a certain

810
00:35:39,770 --> 00:35:38,460
extent

811
00:35:45,109 --> 00:35:39,780
so

812
00:35:46,069 --> 00:35:45,119
this press thing with NASA I mean I

813
00:35:49,910 --> 00:35:46,079

don't think they're going to be rolling

814

00:35:51,950 --> 00:35:49,920

out any uh biological entities or uh or

815

00:35:54,770 --> 00:35:51,960

going outside for a big Flying Saucer

816

00:35:58,490 --> 00:35:54,780

reveal uh but it the fact that it's

817

00:36:00,170 --> 00:35:58,500

being treated with seriousness is I

818

00:36:02,870 --> 00:36:00,180

think is I think is really significant

819

00:36:05,510 --> 00:36:02,880

and you know we all know there are there

820

00:36:07,310 --> 00:36:05,520

are encounters that they could be flares

821

00:36:09,829 --> 00:36:07,320

or or

822

00:36:12,410 --> 00:36:09,839

um uh or drones you know there are

823

00:36:14,630 --> 00:36:12,420

certainly things that have prosaic

824

00:36:16,970 --> 00:36:14,640

explanations

825

00:36:19,310 --> 00:36:16,980

um you know balloons any sort you know

826

00:36:23,630 --> 00:36:19,320

various surveillance collection

827

00:36:25,730 --> 00:36:23,640

platforms but when you when you you know

828

00:36:27,530 --> 00:36:25,740

so you'll have people like Mick West and

829

00:36:30,650 --> 00:36:27,540

some of these other

830

00:36:32,030 --> 00:36:30,660

um professional debunkers uh you know

831

00:36:35,930 --> 00:36:32,040

saying you know oh it's it's all just

832

00:36:36,829 --> 00:36:35,940

balloons or seagulls or or or whatever

833

00:36:38,930 --> 00:36:36,839

um

834

00:36:41,089 --> 00:36:38,940

and certainly there are occasions where

835

00:36:43,670 --> 00:36:41,099

there is there are prosaic explanations

836

00:36:46,010 --> 00:36:43,680

for it but you have to sit and ask

837

00:36:49,130 --> 00:36:46,020

yourself the question would NASA be

838

00:36:50,089 --> 00:36:49,140

doing this this length of of

839

00:36:54,109 --> 00:36:50,099

um

840

00:36:57,170 --> 00:36:54,119

a discussion to only talk about Airborne

841

00:36:58,609 --> 00:36:57,180

trash or Airborne clutter or balloons or

842

00:36:59,569 --> 00:36:58,619

or

843

00:37:02,230 --> 00:36:59,579

um

844

00:37:04,790 --> 00:37:02,240

or you know

845

00:37:08,150 --> 00:37:04,800

Senators on both sides of the aisle and

846

00:37:10,970 --> 00:37:08,160

I'm I'm a raging liberal but I I am

847

00:37:13,069 --> 00:37:10,980

always happy to promote and acknowledge

848

00:37:14,930 --> 00:37:13,079

good work that Republicans are doing on

849

00:37:17,870 --> 00:37:14,940

this as well this particular topic it

850

00:37:21,050 --> 00:37:17,880

transcends transcends party

851
00:37:23,450 --> 00:37:21,060
the fact that what was a 32-33 pages of

852
00:37:26,089 --> 00:37:23,460
legislation regarding the UAP went into

853
00:37:28,430 --> 00:37:26,099
National Defense authorization act it

854
00:37:31,849 --> 00:37:28,440
completely blows out of the water

855
00:37:33,290 --> 00:37:31,859
um like Mick West's argument about it

856
00:37:36,530 --> 00:37:33,300
um or you know are any of these

857
00:37:38,569 --> 00:37:36,540
professional debunkers so you just you

858
00:37:39,710 --> 00:37:38,579
have and and the other thing is what I

859
00:37:42,290 --> 00:37:39,720
want to point out you know Senator

860
00:37:44,210 --> 00:37:42,300
gillibrand Senator Rubio you have to

861
00:37:47,450 --> 00:37:44,220
read in between the lines about what

862
00:37:49,370 --> 00:37:47,460
with what they're saying listen to if

863
00:37:52,069 --> 00:37:49,380

they're having if they're talking to the

864

00:37:53,270 --> 00:37:52,079

press for a three-minute sound by or

865

00:37:55,910 --> 00:37:53,280

three minute

866

00:37:58,609 --> 00:37:55,920

um thing listen to the very last thing

867

00:38:00,349 --> 00:37:58,619

that Senator Rubio might say and you

868

00:38:02,990 --> 00:38:00,359

just you have to do a lot of reading

869

00:38:04,670 --> 00:38:03,000

between the lines yeah yeah

870

00:38:06,589 --> 00:38:04,680

um I got a shout out to everyone in the

871

00:38:08,150 --> 00:38:06,599

chat here so uapist is actually just

872

00:38:10,970 --> 00:38:08,160

unidentified aerial phenomena

873

00:38:13,010 --> 00:38:10,980

independent study team which okay I

874

00:38:14,510 --> 00:38:13,020

don't know why I didn't see that but I

875

00:38:16,430 --> 00:38:14,520

could always count on these guys so

876

00:38:17,630 --> 00:38:16,440

thank you everyone there uh I'm just

877

00:38:19,849 --> 00:38:17,640

good I just want to highlight a couple

878

00:38:21,829 --> 00:38:19,859

of um donations that have come in so

879

00:38:23,329 --> 00:38:21,839

uplifting tweets thank you so much and

880

00:38:25,310 --> 00:38:23,339

he says just thanks for all that you two

881

00:38:27,230 --> 00:38:25,320

do so yeah Matt I know you've been

882

00:38:29,390 --> 00:38:27,240

accused of being uplifting tweets so

883

00:38:31,370 --> 00:38:29,400

yeah yeah well I mean so that's if it

884

00:38:34,730 --> 00:38:31,380

looked like I was typing that was me

885

00:38:38,450 --> 00:38:34,740

actually uh uh sending you the donation

886

00:38:41,089 --> 00:38:38,460

and um uh so uh yeah you know I am

887

00:38:44,930 --> 00:38:41,099

uplifting tweets and uh you know I do

888

00:38:48,589 --> 00:38:44,940

hey I'm a I'm a podcast uh host uh Slash

889

00:38:51,470 --> 00:38:48,599

uh maker of really great graphics so um

890

00:38:52,310 --> 00:38:51,480

yeah so uh I you're welcome for that ten

891

00:38:54,410 --> 00:38:52,320

dollars

892

00:38:56,089 --> 00:38:54,420

no that's that's hilarious but I've

893

00:38:58,370 --> 00:38:56,099

literally uplifted tweets thank you so

894

00:39:00,530 --> 00:38:58,380

much man and then uh also I want to

895

00:39:02,150 --> 00:39:00,540

shout out Robbie Delaney and he asks uh

896

00:39:04,370 --> 00:39:02,160

do you feel that arrow is nothing more

897

00:39:07,430 --> 00:39:04,380

than a modern day Project Blue Book with

898

00:39:09,650 --> 00:39:07,440

a predetermined agenda I don't know I

899

00:39:13,069 --> 00:39:09,660

sir I certainly hope not

900

00:39:15,530 --> 00:39:13,079

um I would say

901
00:39:18,589 --> 00:39:15,540
I would say that there is a significant

902
00:39:21,050 --> 00:39:18,599
Congressional Awareness on this topic uh

903
00:39:23,510 --> 00:39:21,060
awareness that

904
00:39:25,970 --> 00:39:23,520
um there's a non-prosaic significant

905
00:39:28,550 --> 00:39:25,980
National Security

906
00:39:32,930 --> 00:39:28,560
issue to be looking into all of this

907
00:39:34,730 --> 00:39:32,940
um so I would with that in mind I I am

908
00:39:38,390 --> 00:39:34,740
skeptical that it will go down that

909
00:39:41,329 --> 00:39:38,400
route but you know Never Say Never the

910
00:39:43,490 --> 00:39:41,339
the thing to keep in mind is this whole

911
00:39:45,710 --> 00:39:43,500
thing it is it's always a fluid

912
00:39:47,150 --> 00:39:45,720
situation so you know for a period of

913
00:39:49,430 --> 00:39:47,160

time you're hearing from your sources

914

00:39:52,310 --> 00:39:49,440

hey something is about to happen or

915

00:39:55,310 --> 00:39:52,320

around the corner and then you know that

916

00:39:57,829 --> 00:39:55,320

timeline might shift it's it's you're

917

00:40:01,010 --> 00:39:57,839

moving at the speed of government uh

918

00:40:03,770 --> 00:40:01,020

geopolitical things occur

919

00:40:06,290 --> 00:40:03,780

um it's it's it's hard to predict I do

920

00:40:07,849 --> 00:40:06,300

feel confident that by the end of summer

921

00:40:09,230 --> 00:40:07,859

or the end of the year I think it'll be

922

00:40:11,930 --> 00:40:09,240

a different we'll be having a different

923

00:40:14,089 --> 00:40:11,940

conversation but nothing is ever set in

924

00:40:15,710 --> 00:40:14,099

style yeah and do you think between now

925

00:40:18,349 --> 00:40:15,720

and this summer we'll have any more

926

00:40:20,210 --> 00:40:18,359

hearings because there was talk a few

927

00:40:22,390 --> 00:40:20,220

weeks ago that we were going to get some

928

00:40:25,910 --> 00:40:22,400

in June with them

929

00:40:27,410 --> 00:40:25,920

you know potential people speaking

930

00:40:28,970 --> 00:40:27,420

publicly you know

931

00:40:30,470 --> 00:40:28,980

um again I don't want to use the term

932

00:40:33,109 --> 00:40:30,480

whistleblowers but people maybe even

933

00:40:35,690 --> 00:40:33,119

getting subpoenaed and anything on that

934

00:40:38,030 --> 00:40:35,700

that you've heard I you know I have not

935

00:40:40,370 --> 00:40:38,040

you know I I know no more about that

936

00:40:43,010 --> 00:40:40,380

than I think what everyone else has seen

937

00:40:44,089 --> 00:40:43,020

now I want to bring up an important

938

00:40:47,750 --> 00:40:44,099

Point

939

00:40:50,089 --> 00:40:47,760

um you know to my fellow citizens you

940

00:40:53,270 --> 00:40:50,099

know everybody

941

00:40:56,210 --> 00:40:53,280

it is it it's you don't have to be a

942

00:40:58,130 --> 00:40:56,220

rocket scientist to find out find the

943

00:41:00,410 --> 00:40:58,140

numbers of these committees find the

944

00:41:01,609 --> 00:41:00,420

numbers of these uh congressmen and

945

00:41:03,710 --> 00:41:01,619

senators

946

00:41:06,470 --> 00:41:03,720

and you know call them up especially

947

00:41:09,290 --> 00:41:06,480

people that are that your Senator or

948

00:41:11,150 --> 00:41:09,300

your Congress men or women

949

00:41:13,670 --> 00:41:11,160

when you know when you call from your

950

00:41:16,010 --> 00:41:13,680

District that carries so much weight and

951
00:41:17,930 --> 00:41:16,020
and talk to these staffers and say this

952
00:41:22,190 --> 00:41:17,940
this is an important

953
00:41:26,810 --> 00:41:22,200
subject it is it is

954
00:41:29,750 --> 00:41:26,820
it is wrong on so many levels for

955
00:41:32,990 --> 00:41:29,760
unelected

956
00:41:35,870 --> 00:41:33,000
people to be controlling this

957
00:41:39,050 --> 00:41:35,880
um that's not a democracy that's not the

958
00:41:41,270 --> 00:41:39,060
way uh any democracy should work and

959
00:41:42,109 --> 00:41:41,280
it's not their place

960
00:41:47,030 --> 00:41:42,119
um

961
00:41:49,130 --> 00:41:47,040
to have control over this thing I mean I

962
00:41:50,810 --> 00:41:49,140
totally understand their elements

963
00:41:54,589 --> 00:41:50,820

um I would say probably with historical

964

00:41:56,329 --> 00:41:54,599

crash retrieval programs and and uh you

965

00:41:58,069 --> 00:41:56,339

know let's say that we do have off-world

966

00:42:00,170 --> 00:41:58,079

vehicles there are going to be certain

967

00:42:02,210 --> 00:42:00,180

elements of that that that for National

968

00:42:06,770 --> 00:42:02,220

Security should remain classified

969

00:42:11,390 --> 00:42:06,780

indefinitely but but what I would say is

970

00:42:12,230 --> 00:42:11,400

that the the the the people that I speak

971

00:42:15,710 --> 00:42:12,240

with

972

00:42:17,990 --> 00:42:15,720

and it's multiple people in in the

973

00:42:21,290 --> 00:42:18,000

intelligence community and in in defense

974

00:42:24,410 --> 00:42:21,300

they are all of the opinion that there

975

00:42:26,390 --> 00:42:24,420

is nothing that that just telling people

976

00:42:28,550 --> 00:42:26,400

that we are being interacted with by

977

00:42:30,470 --> 00:42:28,560

non-human intelligence that is not going

978

00:42:32,690 --> 00:42:30,480

to jeopardize National Security and

979

00:42:35,390 --> 00:42:32,700

there's no reason not to level with the

980

00:42:37,609 --> 00:42:35,400

public about that yeah yeah

981

00:42:39,650 --> 00:42:37,619

um got a great question Diego Thank you

982

00:42:41,630 --> 00:42:39,660

so much for the kind donation and he

983

00:42:43,430 --> 00:42:41,640

asks why he says much love from uh

984

00:42:45,829 --> 00:42:43,440

Albuquerque has there been any talks

985

00:42:47,829 --> 00:42:45,839

about the historical side of Arrow's

986

00:42:52,550 --> 00:42:47,839

Mission dating back to 45

987

00:42:55,849 --> 00:42:52,560

and UFO HRC would be the ideal partner

988

00:42:57,829 --> 00:42:55,859

I I don't know who uh and you uh the

989

00:42:59,210 --> 00:42:57,839

long acronym and the bottom is but I

990

00:43:02,990 --> 00:42:59,220

haven't heard anything

991

00:43:06,910 --> 00:43:03,000

um at all now I do know that what has

992

00:43:09,530 --> 00:43:06,920

been stated is that is that um uh

993

00:43:10,970 --> 00:43:09,540

Kirkpatrick they only had title 10

994

00:43:13,970 --> 00:43:10,980

Authority they don't have title 50

995

00:43:17,450 --> 00:43:13,980

Authority which is what Lou had

996

00:43:21,589 --> 00:43:17,460

um so it is probably not probably I'm

997

00:43:24,710 --> 00:43:21,599

sure it's restricted uh his access

998

00:43:27,829 --> 00:43:24,720

um you know there was uh as valdo posted

999

00:43:31,790 --> 00:43:27,839

this this great video uh a while back of

1000

00:43:34,910 --> 00:43:31,800

him uh talking to Senator gillibrand and

1001
00:43:36,890 --> 00:43:34,920
and not confronting him confronting Iran

1002
00:43:39,349 --> 00:43:36,900
and I you know his intentions were good

1003
00:43:42,710 --> 00:43:39,359
obviously but you know she she said that

1004
00:43:44,569 --> 00:43:42,720
he has had problems getting access to

1005
00:43:47,150 --> 00:43:44,579
historical information

1006
00:43:49,190 --> 00:43:47,160
and I there's no reason to doubt that

1007
00:43:51,530 --> 00:43:49,200
because that's how they've operated in

1008
00:43:53,750 --> 00:43:51,540
the past for you know for decades that's

1009
00:43:55,130 --> 00:43:53,760
not a surprise at all so I haven't heard

1010
00:43:57,589 --> 00:43:55,140
anything

1011
00:44:01,130 --> 00:43:57,599
um from any of my sources about it so

1012
00:44:02,750 --> 00:44:01,140
yeah I don't know yeah hopefully you

1013
00:44:04,309 --> 00:44:02,760

know we do hear something about that in

1014

00:44:06,349 --> 00:44:04,319

the future because you know it's

1015

00:44:07,910 --> 00:44:06,359

something that we've all wanted for such

1016

00:44:10,490 --> 00:44:07,920

a long time we're in the last few years

1017

00:44:12,710 --> 00:44:10,500

considering everything's just been 2004

1018

00:44:14,630 --> 00:44:12,720

onwards and we really do want them to go

1019

00:44:18,109 --> 00:44:14,640

back to some of these compelling

1020

00:44:19,690 --> 00:44:18,119

cases that are you know are quite old so

1021

00:44:21,950 --> 00:44:19,700

um

1022

00:44:24,890 --> 00:44:21,960

yeah there's a lot yeah sorry no yeah

1023

00:44:29,930 --> 00:44:24,900

now there's there's a lot to to I would

1024

00:44:34,609 --> 00:44:32,210

people involved in historical crash

1025

00:44:37,370 --> 00:44:34,619

retrieval programs have testified to

1026

00:44:41,750 --> 00:44:37,380

Arrow under oath

1027

00:44:45,530 --> 00:44:41,760

and so you know what else do you want to

1028

00:44:47,510 --> 00:44:45,540

know you know uh and and I just I hope

1029

00:44:55,430 --> 00:44:47,520

that

1030

00:44:57,650 --> 00:44:55,440

uh on any of these intelligence or uh

1031

00:44:59,750 --> 00:44:57,660

Appropriations committees or armed

1032

00:45:03,890 --> 00:44:59,760

services committees that they are being

1033

00:45:05,569 --> 00:45:03,900

given they are being told uh what what

1034

00:45:07,250 --> 00:45:05,579

they are what arrow is hearing from

1035

00:45:09,530 --> 00:45:07,260

these people I

1036

00:45:11,510 --> 00:45:09,540

can't you know people like Senator

1037

00:45:14,270 --> 00:45:11,520

gillibrand she suffers no fool she is

1038

00:45:18,470 --> 00:45:14,280

one smart lady and she

1039

00:45:21,890 --> 00:45:18,480

um you know uh you know she's amazing so

1040

00:45:23,870 --> 00:45:21,900

I I'm skeptical that that they are not

1041

00:45:26,270 --> 00:45:23,880

hearing stuff but you just don't know to

1042

00:45:28,250 --> 00:45:26,280

what extent and if they're just sitting

1043

00:45:30,349 --> 00:45:28,260

there taking notes on a notepad how much

1044

00:45:32,270 --> 00:45:30,359

detail are they writing down and then

1045

00:45:34,370 --> 00:45:32,280

how what is that report that they're

1046

00:45:35,990 --> 00:45:34,380

putting together and sending up uh

1047

00:45:38,329 --> 00:45:36,000

sending up to Congress

1048

00:45:40,190 --> 00:45:38,339

yeah hopefully we do get some clarity on

1049

00:45:42,770 --> 00:45:40,200

that at some point in the future yeah

1050

00:45:44,630 --> 00:45:42,780

yeah for sure well listen Matt thank you

1051
00:45:46,370 --> 00:45:44,640
so much I'm conscious of the time before

1052
00:45:48,730 --> 00:45:46,380
Before I Let You Go please let us know

1053
00:45:52,069 --> 00:45:48,740
about anything that you've got coming up

1054
00:45:53,630 --> 00:45:52,079
uh actually I don't

1055
00:45:56,270 --> 00:45:53,640
um I wish I did

1056
00:45:58,010 --> 00:45:56,280
um so you'll you'll be the uh the first

1057
00:46:01,069 --> 00:45:58,020
uh first to hear about it I'm I've

1058
00:46:04,370 --> 00:46:01,079
worked as as uh it got me a little busy

1059
00:46:08,569 --> 00:46:04,380
in the day job and um and I'm you know

1060
00:46:11,089 --> 00:46:08,579
uh uh doing uh some traveling right now

1061
00:46:14,690 --> 00:46:11,099
um uh from various undisclosed locations

1062
00:46:16,790 --> 00:46:14,700
I'm just joking by the way uh uh so you

1063
00:46:20,210 --> 00:46:16,800

know visiting family that sort of thing

1064

00:46:23,030 --> 00:46:20,220

um yeah uh so uh yeah so I'll I would

1065

00:46:25,609 --> 00:46:23,040

say in in June hopefully we'll have some

1066

00:46:28,790 --> 00:46:25,619

uh great interviews uh coming up uh

1067

00:46:30,170 --> 00:46:28,800

we're always working uh on them uh and

1068

00:46:32,569 --> 00:46:30,180

you know these things these things take

1069

00:46:34,430 --> 00:46:32,579

time obviously but my hope is

1070

00:46:37,250 --> 00:46:34,440

um you know probably our next big

1071

00:46:39,109 --> 00:46:37,260

episode will be after this NASA hearing

1072

00:46:41,390 --> 00:46:39,119

so or whatever you want to call that

1073

00:46:42,829 --> 00:46:41,400

thing so let's hope uh let's hope some

1074

00:46:44,990 --> 00:46:42,839

good things come out of that and and

1075

00:46:47,150 --> 00:46:45,000

that we all have lots of good things to

1076

00:46:48,470 --> 00:46:47,160

talk about yeah couldn't agree more it's

1077

00:46:50,390 --> 00:46:48,480

certainly going to be a lot of eyes on

1078

00:46:52,670 --> 00:46:50,400

that on that yeah on that day on that

1079

00:46:54,410 --> 00:46:52,680

event so for everybody who's here

1080

00:46:56,450 --> 00:46:54,420

watching live thank you so much and

1081

00:46:58,309 --> 00:46:56,460

everybody that's listening early or

1082

00:46:59,930 --> 00:46:58,319

watching at a later date if you'd go

1083

00:47:01,790 --> 00:46:59,940

down into the description you can go and

1084

00:47:03,470 --> 00:47:01,800

find all of Matt's links if you're not

1085

00:47:05,890 --> 00:47:03,480

already following him

1086

00:47:11,650 --> 00:47:05,900

um again thank you

1087

00:47:17,569 --> 00:47:14,630

Melissa Matt thank you again so much and

1088

00:47:19,609 --> 00:47:17,579

uh I really appreciate you uh you know

1089

00:47:22,130 --> 00:47:19,619

1090

00:47:24,890 --> 00:47:22,140

yeah guys we'll see you on the next one

1091

00:47:28,970 --> 00:47:24,900

thanks call your call your Senators call
