

1

00:00:00,000 --> 00:00:27,100

We first moved here in March of 2020.

2

00:00:27,100 --> 00:00:31,400

The very first time that I saw something in the sky,

3

00:00:31,400 --> 00:00:34,200

I really hesitated to say anything to anybody.

4

00:00:34,200 --> 00:00:37,000

But it happened repetitively, maybe three, four times,

5

00:00:37,000 --> 00:00:39,400

before I mentioned it to somebody down in Dublin,

6

00:00:39,400 --> 00:00:44,400

they said, well, you know that this place is famous for that.

7

00:00:44,400 --> 00:00:46,100

Do you know who Ezekiel was?

8

00:00:46,100 --> 00:00:47,000

Prophet.

9

00:00:47,000 --> 00:00:48,100

Ezekiel was a prophet.

10

00:00:48,100 --> 00:00:49,100

You're right.

11

00:00:49,100 --> 00:00:51,800

And it was a long time ago.

12

00:00:51,800 --> 00:00:52,400

All right?

13

00:00:52,400 --> 00:00:54,300

As a Homeland Security consultant,

14

00:00:54,300 --> 00:00:56,800

I do a lot of threat analyst work.

15

00:00:56,800 --> 00:01:02,200

Before the government, I've seen the government flat out lie,

16

00:01:02,200 --> 00:01:06,400

where I was standing in the location they were lying about.

17

00:01:06,400 --> 00:01:10,600

What I am seeing here is similar to the sightings

18

00:01:10,600 --> 00:01:12,200

that they had by the guys in the Air Force.

19

00:01:17,200 --> 00:01:19,300

It's the movement that catches your attention.

20

00:01:19,300 --> 00:01:22,300

And that fast movement, that's exactly how we're seeing it here.

21

00:01:23,300 --> 00:01:24,300

Oh, jeez.

22

00:01:24,300 --> 00:01:26,300

You're no right spooky.

23

00:01:26,300 --> 00:01:28,300

It's something otherworldly.

24

00:01:28,300 --> 00:01:30,300

There's no other way to describe that.

25

00:01:30,300 --> 00:01:34,300

And the star they had seen guided them to Bethlehem.

26

00:01:34,300 --> 00:01:36,300

One of the reasons why a lot of people don't believe

27

00:01:36,300 --> 00:01:39,300

is because they haven't seen it.

28

00:01:39,300 --> 00:01:43,300

And it messes with their concept of who we are

29

00:01:43,300 --> 00:01:45,300

in relation to the universe.

30

00:01:45,300 --> 00:01:48,300

And it guided them so I knew where it was going.

31

00:01:48,300 --> 00:01:49,300

Right?

32

00:01:49,300 --> 00:01:50,300

Mm.

33

00:01:50,300 --> 00:01:52,300

That means it was...

34

00:01:52,300 --> 00:01:53,300

UFO.

35

00:01:53,300 --> 00:01:54,300

UFO?

36

00:01:58,300 --> 00:01:59,300

Do I believe there's life on other planets?

37

00:01:59,300 --> 00:02:00,300

Yes.

38

00:02:00,300 --> 00:02:02,300

But I don't think these are people from another planet.

39

00:02:02,300 --> 00:02:05,300

I still think these are what people call the angels.

40

00:02:05,300 --> 00:02:07,300

I think they're messengers.

41

00:02:07,300 --> 00:02:10,300

I mean, I'm dying to know what they've got to say.

42

00:02:10,300 --> 00:02:12,300

From the beginning of recorded time,

43

00:02:12,300 --> 00:02:15,300

men have been seen unexplainable things in the sky.

44

00:02:15,300 --> 00:02:17,300

Are we alone in the universe?

45

00:02:17,300 --> 00:02:21,300

Somewhere in the data will be something worth real inquiry.

46

00:02:21,300 --> 00:02:23,300

We have not been hiding anything.

47

00:02:23,300 --> 00:02:25,300

There are such things as interplanetary.

48

00:02:25,300 --> 00:02:27,300

I'm standing with an avian and yet big eyes.

49

00:02:27,300 --> 00:02:30,300

There's something profoundly important going on here

50

00:02:30,300 --> 00:02:32,300

that is authentic and authentic.

51

00:02:32,300 --> 00:02:35,300

And I'm not saying that we're not going to be hiding anything.

52

00:02:35,300 --> 00:02:37,300

We're not going to be hiding anything.

53

00:02:37,300 --> 00:02:40,300

There's something profoundly important going on here

54

00:02:40,300 --> 00:02:42,300

that is authentic and real.

55

00:03:07,300 --> 00:03:10,300

How much of your work is classified?

56

00:03:10,300 --> 00:03:12,300

All of it.

57

00:03:12,300 --> 00:03:15,300

All of... everything I did all day long was classified.

58

00:03:15,300 --> 00:03:17,300

All of it.

59

00:03:17,300 --> 00:03:19,300

My name is Matthew Roberts.

60

00:03:19,300 --> 00:03:22,300

I was a cryptologic technician

61

00:03:22,300 --> 00:03:25,300

in the U.S. Navy for 16 years.

62

00:03:25,300 --> 00:03:30,300

I was present on the USS Theodore Roosevelt

63

00:03:30,300 --> 00:03:32,300

for the Gimbal event.

64

00:03:32,300 --> 00:03:37,300

So, that was the first time I saw the Gimbal footage.

65

00:03:40,300 --> 00:03:42,300

I don't... I can't even describe the shape.

66

00:03:42,300 --> 00:03:45,300

I mean, it looks a little bit disc-like.

67

00:03:45,300 --> 00:03:50,300

It's flying along, and then it kind of tilts up onto its side.

68

00:03:50,300 --> 00:03:52,300

I don't know if you can see it,

69

00:03:52,300 --> 00:03:54,300

but it's a little bit disc-like.

70

00:03:54,300 --> 00:03:56,300

It's a little bit disc-like.

71

00:03:56,300 --> 00:03:58,300

It's a little bit disc-like.

72

00:03:58,300 --> 00:04:00,300

It tilts up onto its side.

73

00:04:02,300 --> 00:04:04,300

I was watching this footage,

74

00:04:04,300 --> 00:04:08,300

and I could see no kind of aviation surfaces

75

00:04:08,300 --> 00:04:10,300

that you would expect to see.

76

00:04:10,300 --> 00:04:13,300

Wings, tail, you know, rudder.

77

00:04:13,300 --> 00:04:15,300

There was none of that.

78

00:04:15,300 --> 00:04:17,300

So, I couldn't really make sense of why this thing

79

00:04:17,300 --> 00:04:20,300

was kind of up in the air like it was.

80

00:04:20,300 --> 00:04:23,300

And I just...

81

00:04:23,300 --> 00:04:27,300

I had this kind of emotional response to it.

82

00:04:28,300 --> 00:04:31,300

And at the time, I didn't understand that.

83

00:04:34,300 --> 00:04:36,300

I knew that it wasn't ours, right?

84

00:04:36,300 --> 00:04:39,300

I knew that it wasn't anybody else's.

85

00:04:43,300 --> 00:04:49,300

So, I mean, that only leaves one other option, I think.

86

00:04:50,300 --> 00:04:52,300

Which is what.

87

00:04:52,300 --> 00:04:55,300

And that's non-human tech,

88

00:04:55,300 --> 00:04:58,300

non-human intelligence technology.

89

00:05:02,300 --> 00:05:04,300

Because my job was classified

90

00:05:04,300 --> 00:05:07,300

and I had access to classified,

91

00:05:07,300 --> 00:05:13,300

I was kind of aware this was not a one-off event

92

00:05:13,300 --> 00:05:15,300

for the Navy.

93

00:05:15,300 --> 00:05:19,300

These things happen frequently.

94

00:05:20,300 --> 00:05:22,300

All the time.

95

00:05:22,300 --> 00:05:24,300

They happen all the time.

96

00:05:25,300 --> 00:05:27,600

All those types

97

00:05:55,300 --> 00:05:59,300

It's like the taste of milk with everything you eat.

98

00:05:59,300 --> 00:06:01,300

It's just a natural.

99

00:06:09,300 --> 00:06:11,300

Stephenville, Texas.

100

00:06:11,300 --> 00:06:13,300

The milk capital of the world.

101

00:06:13,300 --> 00:06:16,300

They put out quite a bit of milk over there.

102

00:06:16,300 --> 00:06:19,300

Something very strange about this area.

103

00:06:19,300 --> 00:06:22,300

I look at the sky quite often.

104

00:06:22,300 --> 00:06:24,300

I wonder what all is out there.

105

00:06:24,300 --> 00:06:26,300

I wonder what we don't know about.

106

00:06:29,300 --> 00:06:31,300

I grew up around here.

107

00:06:34,300 --> 00:06:36,300

Nothing to do in these small towns.

108

00:06:36,300 --> 00:06:38,300

You want a fight? Sure.

109

00:06:38,300 --> 00:06:40,300

We'd have a fight.

110

00:06:40,300 --> 00:06:43,300

That same night we'd go camping or go fishing on the river down there.

111

00:06:43,300 --> 00:06:46,300

It's innocent fun. We'd have a good time.

112

00:06:46,300 --> 00:06:51,300

You know, I've been fascinated with engines of all types since I can remember.

113

00:06:52,300 --> 00:06:55,300

So much to where I started a trucking company.

114

00:06:55,300 --> 00:06:59,300

It became quite large. Had quite a few people working for me.

115

00:07:03,300 --> 00:07:09,300

I've always owned quite a few motorcycles, boats, airplanes.

116

00:07:09,300 --> 00:07:13,300

Just to see how it all works is just simply fascinating.

117

00:07:13,300 --> 00:07:18,300

In 2008, I had a great life. I had a successful business.

118

00:07:18,300 --> 00:07:22,300

I guess I'd been married 16, 17 years at that time.

119

00:07:22,300 --> 00:07:25,300

Very blessed is all I can say.

120

00:07:25,300 --> 00:07:30,300

But what I saw in the sky that night changed everything.

121

00:07:38,300 --> 00:07:41,300

It's been a long, cold winter, bad winter.

122

00:07:41,300 --> 00:07:44,300

That was the first day we had a decent day.

123

00:07:44,300 --> 00:07:48,300

So we came out here to the top of the hill to have a campfire.

124

00:07:48,300 --> 00:07:53,300

It was myself, my coat and Lance Jones.

125

00:07:53,300 --> 00:07:58,300

Then all of a sudden I see some real bright, high intensity lights.

126

00:07:58,300 --> 00:08:02,300

Off to the east, headed our way at a high velocity of speed.

127

00:08:02,300 --> 00:08:06,300

The lights was so bright it was unlike anything I'd ever seen.

128

00:08:06,300 --> 00:08:09,300

It was almost blinding to look at them.

129

00:08:09,300 --> 00:08:14,300

What amazed me is there was no wind noise, no engine noise.

130

00:08:14,300 --> 00:08:16,300

There was silence.

131

00:08:18,300 --> 00:08:25,300

When it came past us, I'd developed the most peaceful, easy feeling I think I've ever had in my life.

132

00:08:25,300 --> 00:08:29,300

It was almost like a religious experience.

133

00:08:29,300 --> 00:08:32,300

Like I was at one with whatever it was.

134

00:08:32,300 --> 00:08:37,300

Something I've never had before or since then. It was unreal.

135

00:08:38,300 --> 00:08:41,300

And then another brief second, it just simply disappeared.

136

00:08:41,300 --> 00:08:45,300

It didn't streak off or anything. It just disappeared.

137

00:08:45,300 --> 00:08:51,300

And then you could count one second, two seconds, three seconds, and two F-16s came in hot pursuit,

138

00:08:51,300 --> 00:08:54,300

full afterburner hanging out.

139

00:08:54,300 --> 00:09:00,300

And in my head I'm wondering, is it war of the worlds or what was going on?

140

00:09:00,300 --> 00:09:05,300

I got in my car and I went back to my house and my wife says, what happened?

141

00:09:05,300 --> 00:09:07,300

She could tell I was visibly shaking.

142

00:09:07,300 --> 00:09:12,300

I told her what happened and she says, whatever you do, don't tell anybody about it.

143

00:09:12,300 --> 00:09:14,300

And she says, people think we're crazy.

144

00:09:14,300 --> 00:09:20,300

And I said, actually I don't care what people think about us all, I know what I saw.

145

00:09:20,300 --> 00:09:26,300

That next day I called the newspaper, Stephenville Empire Tribune, E.T.

146

00:09:26,300 --> 00:09:31,300

It had been a slow news day, the day that the UFO story broke.

147

00:09:32,300 --> 00:09:36,300

Angel Joyner was working in the newsroom and she had gotten a call from Steve Allen.

148

00:09:36,300 --> 00:09:41,300

He was a local pilot and he told her that he saw something strange in the sky.

149

00:09:41,300 --> 00:09:47,300

He said something like, okay, I really need to tell you something, but I don't want you to think I'm crazy.

150

00:09:47,300 --> 00:09:52,300

And he began telling me a story that I found pretty incredible.

151

00:09:52,300 --> 00:09:57,300

And Angel had a brief conversation with him and came to my office and said, you're never going to believe this,

152

00:09:57,300 --> 00:10:01,300

but it was late in the afternoon and we really had our stories together.

153

00:10:01,300 --> 00:10:05,300

So I was like, yeah, sure, check it out and we'll talk about it tomorrow when I get to the office.

154

00:10:09,300 --> 00:10:15,300

I grew up in California, I got engaged and my husband was in the dairy business and his family had come out here.

155

00:10:15,300 --> 00:10:17,300

So we got married and we moved.

156

00:10:18,300 --> 00:10:21,300

It was a startling change for me.

157

00:10:22,300 --> 00:10:28,300

As a managing editor, I was responsible for all of the content and I had a lot to prove.

158

00:10:28,300 --> 00:10:33,300

I was the youngest editor that had ever been hired to be the managing editor of the paper.

159

00:10:33,300 --> 00:10:37,300

I was the second female and I was still seen as an outsider.

160

00:10:37,300 --> 00:10:42,300

So inside I was dealing with a lot of insecurity, I think.

161

00:10:42,300 --> 00:10:53,300

The next morning, I picked up my paper and saw UFO in huge font across the top of the paper.

162

00:10:53,300 --> 00:10:57,300

I just felt like the wind was just completely knocked out of me.

163

00:10:57,300 --> 00:11:00,300

I thought this is the end of my career.

164

00:11:00,300 --> 00:11:07,300

Steve Allen, Mike Odom and Lance Jones were out admiring a beautiful Texas sunset Tuesday evening when they saw something none of them can explain.

165

00:11:07,300 --> 00:11:13,300

I had a publisher at the time and she was the one that told Angela, you're going with this tonight and she changed the whole front page.

166

00:11:13,300 --> 00:11:16,300

She was the boss, she was the top dog, so she did whatever she wanted.

167

00:11:16,300 --> 00:11:21,300

But I was in charge of the newsroom and so I felt like people were going to question my credibility.

168

00:11:21,300 --> 00:11:22,300

My news judgment.

169

00:11:22,300 --> 00:11:25,300

The ship wasn't really visible and was totally silent.

170

00:11:25,300 --> 00:11:29,300

But the light spanned about a mile and a half long and a mile and a half wide.

171

00:11:29,300 --> 00:11:31,300

That really sent me over the edge too.

172

00:11:31,300 --> 00:11:33,300

I mean aside from the headline, just the ship.

173

00:11:33,300 --> 00:11:38,300

Like we were naturally assuming that this was some kind of a spaceship out there.

174

00:11:38,300 --> 00:11:41,300

When I walked through those doors, I was like a crazy woman.

175

00:11:41,300 --> 00:11:42,300

I was furious.

176

00:11:42,300 --> 00:11:46,300

I remember walking into the publisher's office and I was screaming and crying.

177

00:11:46,300 --> 00:11:48,300

Like you have, what have you done?

178

00:11:48,300 --> 00:11:50,300

She was like, well, you're wrong.

179

00:11:50,300 --> 00:11:52,300

You are, you're absolutely wrong about all of this.

180

00:11:52,300 --> 00:11:55,300

We've sold out every newspaper in the county.

181

00:11:55,300 --> 00:12:01,300

When I start reading the story, my brain just goes to 100 miles an hour.

182

00:12:01,300 --> 00:12:05,300

I thought to myself, man, what I saw, other people saw it.

183

00:12:05,300 --> 00:12:08,300

You know, do I tell anybody what I do?

184

00:12:08,300 --> 00:12:19,300

It was my wife's birthday and we wanted to run a movie.

185

00:12:19,300 --> 00:12:25,300

And I came outside to my squad car to get my credit card.

186

00:12:25,300 --> 00:12:30,300

As I'm walking back, something caught my attention.

187

00:12:30,300 --> 00:12:33,300

I saw what appeared.

188

00:12:33,300 --> 00:12:36,300

I call it a bubble or an orb.

189

00:12:36,300 --> 00:12:41,300

It was a reddish orange, fiery looking color, really big.

190

00:12:41,300 --> 00:12:43,300

And I focused in on it.

191

00:12:43,300 --> 00:12:47,300

And that's when I noticed.

192

00:12:47,300 --> 00:12:51,300

My little boy and he said, look dad.

193

00:12:51,300 --> 00:12:56,300

It was these bright lights flashing like a pulsating thing.

194

00:12:56,300 --> 00:12:58,300

Like that.

195

00:12:58,300 --> 00:13:00,300

They had spread out.

196

00:13:00,300 --> 00:13:04,300

There was 11 or 12 lights that I was able to count.

197

00:13:04,300 --> 00:13:09,300

All of a sudden, these things just shoot off at a blazing speed.

198

00:13:09,300 --> 00:13:13,300

Well, it was probably what seemed to me maybe a minute or two.

199

00:13:13,300 --> 00:13:17,300

I hear jets coming.

200

00:13:17,300 --> 00:13:23,300

They were flying in the same direction, the same path as these lights.

201

00:13:23,300 --> 00:13:29,300

You know, I think those jets were the same ones that Steve Allen saw.

202

00:13:29,300 --> 00:13:34,300

After the newspaper came out, I get the call from Leroy Gaten.

203

00:13:34,300 --> 00:13:37,300

I didn't know him at the time, but he told me his story,

204

00:13:37,300 --> 00:13:41,300

which time wise matched exactly what ours did.

205

00:13:41,300 --> 00:13:45,300

And I said, Leroy, can you help us out with this a little bit?

206

00:13:45,300 --> 00:13:48,300

He said, no, I can't. I'm sorry.

207

00:13:48,300 --> 00:13:52,300

I'm voted in by my peers to protect them.

208

00:13:52,300 --> 00:13:54,300

You're just like the sheriff is.

209

00:13:54,300 --> 00:13:58,300

What are they going to think that I'm one of the guys that said I saw these lights?

210

00:13:58,300 --> 00:14:00,300

I thought he was going to ruin me.

211

00:14:00,300 --> 00:14:02,300

And I said, I understand.

212

00:14:02,300 --> 00:14:03,300

But I said, come on, Leroy.

213

00:14:03,300 --> 00:14:06,300

I need somebody with a little credibility to add to it.

214

00:14:06,300 --> 00:14:09,300

He said, I saw something special that he ruined you too.

215

00:14:09,300 --> 00:14:12,300

And I think the world needs to know.

216

00:14:12,300 --> 00:14:17,300

Somebody like Leroy Gatlen has a lot to lose.

217

00:14:17,300 --> 00:14:22,300

I have a lot of respect for him because when I called, he hesitated a little bit.

218

00:14:22,300 --> 00:14:24,300

Then he said, no, I think it's important.

219

00:14:24,300 --> 00:14:27,300

He said, well, what we saw was really different.

220

00:14:27,300 --> 00:14:31,300

I just saw some strange lights traveling at a high rate of speed,

221

00:14:31,300 --> 00:14:34,300

doing some things that I've never seen anything before in my life.

222

00:14:34,300 --> 00:14:39,300

That was, I think, the first big county official that she was able to get

223

00:14:39,300 --> 00:14:44,300

that went on the record with it gave really the story a lot of credibility.

224

00:14:51,300 --> 00:14:55,300

When I first heard about these reports, the first thing that went through my mind was,

225

00:14:55,300 --> 00:14:57,300

OK, something significant happened.

226

00:14:57,300 --> 00:15:00,300

Now, as to what happened at that point, I didn't know.

227

00:15:00,300 --> 00:15:03,300

But it was definitely worth investigating.

228

00:15:03,300 --> 00:15:08,300

My degrees in chemistry, I was an engineering manager in the semi-conditioning department.

229

00:15:08,300 --> 00:15:11,300

I was an engineer in the semiconductor field.

230

00:15:11,300 --> 00:15:17,300

And for the last 16 years, I have spent my time studying the UFO phenomenon.

231

00:15:17,300 --> 00:15:22,300

And my goal has always been to try to bring science to this subject.

232

00:15:22,300 --> 00:15:26,300

MUFON stands for the Mutual UFO Network.

233

00:15:26,300 --> 00:15:31,300

It's an organization that investigates UFO sightings.

234

00:15:31,300 --> 00:15:36,300

In 2008, I was the director of research at MUFON.

235

00:15:36,300 --> 00:15:40,300

And I remember I was monitoring reports as they came in,

236

00:15:40,300 --> 00:15:46,300

and I suddenly saw over 20 reports in one geographic area, Stephenville and Dublin.

237

00:15:46,300 --> 00:15:51,300

And I knew then that something unusual had happened.

238

00:15:51,300 --> 00:15:55,300

My view at that point in time was, we need to get there as soon as possible

239

00:15:55,300 --> 00:16:01,300

and investigate this while everyone's memory is fresh.

240

00:16:01,300 --> 00:16:05,300

We were contacted by MUFON, and I never heard of MUFON,

241

00:16:05,300 --> 00:16:08,300

but they wanted to set up an investigation.

242

00:16:08,300 --> 00:16:14,300

And so we said, well, we've got the rotary building, and you're welcome to come in here.

243

00:16:14,300 --> 00:16:19,300

I'm the chairman of the board of the First National Bank of Dublin.

244

00:16:19,300 --> 00:16:27,300

My grandfather was mayor of Dublin in the 30s, and then my dad was mayor.

245

00:16:27,300 --> 00:16:29,300

My brother was mayor.

246

00:16:29,300 --> 00:16:34,300

So, yeah, we've been in Erath County in this area for a long time.

247

00:16:34,300 --> 00:16:41,300

Investigators from the Mutual UFO Network plan to look into the Stephenville sightings this weekend.

248

00:16:41,300 --> 00:16:45,300

I was setting things up, and the guy said, 35 is probably max.

249

00:16:45,300 --> 00:16:48,300

I don't know if we've ever had that many show up.

250

00:16:48,300 --> 00:16:57,300

We set up 35, 40 chairs there, and then the door opens up, and it's like it just filled up.

251

00:16:57,300 --> 00:17:01,300

Hundreds of people crowded Dublin's rotary club to share their stories.

252

00:17:01,300 --> 00:17:05,300

What I saw was a very large blue light.

253

00:17:05,300 --> 00:17:07,300

They threw big round objects.

254

00:17:07,300 --> 00:17:09,300

You can't see through it. You can't see in it.

255

00:17:09,300 --> 00:17:12,300

It was going so fast that it didn't make any noise.

256

00:17:15,300 --> 00:17:19,300

The building was packed. There were people even outside on the sidewalk.

257

00:17:19,300 --> 00:17:23,300

Some of the people who had come, they just turned around and walked off.

258

00:17:23,300 --> 00:17:26,300

They didn't even want to deal with the number of people there.

259

00:17:26,300 --> 00:17:30,300

At least 500 people filled the room, witnesses who saw the light.

260

00:17:30,300 --> 00:17:35,300

The Mufon folks were kind of just taking back because they've never seen anything like this.

261

00:17:35,300 --> 00:17:40,300

There are an extremely small number of cases where we get a mass sighting like this.

262

00:17:40,300 --> 00:17:45,300

We put all those chairs out, and there was still people standing around the room.

263

00:17:45,300 --> 00:17:48,300

I'd like to see a show of hands who the witnesses are.

264

00:17:48,300 --> 00:17:51,300

It was like everybody there had seen something.

265

00:17:51,300 --> 00:17:56,300

We're approaching 100 people probably that have seen something in regard to this.

266

00:17:56,300 --> 00:18:01,300

The Houston papers that are there, the Dallas papers, the papers from outside of Texas.

267

00:18:01,300 --> 00:18:04,300

The best way I can describe it was a media circus.

268

00:18:04,300 --> 00:18:09,300

The next day or two we were just inundated with media from all over the country.

269

00:18:09,300 --> 00:18:14,300

Dozens of people in a small Texas town are talking about some unexpected visitors.

270

00:18:14,300 --> 00:18:15,300

Do you guys believe in UFOs?

271

00:18:15,300 --> 00:18:16,300

Yes.

272

00:18:16,300 --> 00:18:17,300

They get possible.

273

00:18:17,300 --> 00:18:18,300

Yes.

274

00:18:18,300 --> 00:18:21,300

I realized that the entire city had totally transformed.

275

00:18:22,300 --> 00:18:29,300

The skies over Stevenville haven't looked the same since a UFO reportedly made tracks across it January 8th.

276

00:18:29,300 --> 00:18:33,300

Stevenville, the North Texas town is swept up in UFO mania.

277

00:18:33,300 --> 00:18:36,300

They had Japanese film crews, Brazilian film crews.

278

00:18:36,300 --> 00:18:40,300

The Japanese film crews asked, why does it keep coming to Stevenville?

279

00:18:40,300 --> 00:18:44,300

Then jokingly I said, well, it's the milk capital of the world.

280

00:18:44,300 --> 00:18:46,300

They said, oh, they like milk.

281

00:18:46,300 --> 00:18:49,300

Ah, eerie.

282

00:18:49,300 --> 00:18:54,300

I wonder their kind of gray and sickly looking vitamin D deficiencies.

283

00:18:54,300 --> 00:18:55,300

Got milk.

284

00:18:55,300 --> 00:19:01,300

The high school science club designed a t-shirt and made \$4,000.

285

00:19:01,300 --> 00:19:03,300

I can't even believe it.

286

00:19:03,300 --> 00:19:06,300

Aluminum foil hats to ward off alien minicrobes.

287

00:19:06,300 --> 00:19:07,300

Nice look, guy.

288

00:19:07,300 --> 00:19:10,300

People are really having a good time with this thing.

289

00:19:10,300 --> 00:19:12,300

It's the most excitement Stevenville's had in a long time.

290

00:19:12,300 --> 00:19:13,300

Yeah.

291

00:19:13,300 --> 00:19:14,300

So we probably won't end here.

292

00:19:14,300 --> 00:19:22,300

One evening my husband and I happened to go out to dinner at a restaurant and it was packed.

293

00:19:22,300 --> 00:19:27,300

And all of a sudden the TVs came on and there was, there they were.

294

00:19:27,300 --> 00:19:31,300

They were dancing around and they were flickering.

295

00:19:31,300 --> 00:19:35,300

Tonight's strange sights in the night sky is over Texas fuel.

296

00:19:35,300 --> 00:19:37,300

Other worldly questions.

297

00:19:37,300 --> 00:19:40,300

When that came on, there was just a hush.

298

00:19:40,300 --> 00:19:42,300

Everybody just was riveted.

299

00:19:42,300 --> 00:19:46,300

Angela joined her staff writer for the Empire Tribune who has talked to several witnesses.

300

00:19:46,300 --> 00:19:51,300

Very similar stories from people that have called in and emailed me.

301

00:19:51,300 --> 00:19:55,300

So I think there's been a lot of consistency in the spottings.

302

00:19:55,300 --> 00:19:59,300

Angela did not treat the story like it was a fun and game story.

303

00:19:59,300 --> 00:20:01,300

She, she took it serious from the very beginning.

304

00:20:01,300 --> 00:20:05,300

After doing the first story, I did get a little spooked.

305

00:20:05,300 --> 00:20:11,300

I thought, oh my gosh, this is bigger than, than what I even dreamed it could be.

306

00:20:12,300 --> 00:20:21,300

It was nice that people were calling me going, hey, I saw the front page and it was saying Dublin and it's kind of like, wow, that's great.

307

00:20:21,300 --> 00:20:25,300

But then at the same time, people, there's some that just love to ridicule.

308

00:20:25,300 --> 00:20:28,300

They love to kind of knock somebody off their horse.

309

00:20:28,300 --> 00:20:36,300

There was some radio stations out of Fort Worth came down and, and basically just to make fun, you know.

310

00:20:36,300 --> 00:20:40,300

They took my job, they took my wife, but they're not getting my pickup truck.

311

00:20:40,300 --> 00:20:44,300

It was people that showed up just to try to discredit these folks.

312

00:20:44,300 --> 00:20:48,300

When one of those old green monsters start walking up here, then I'll believe it.

313

00:20:48,300 --> 00:20:56,300

And so when these sightings started taking place, we saw it, but we didn't really say a whole lot about it.

314

00:21:03,300 --> 00:21:05,300

You know, it was starting to get a little dark.

315

00:21:05,300 --> 00:21:07,300

It was about this time of night.

316

00:21:07,300 --> 00:21:13,300

My friend Kent was telling us this story about something that he saw a few days before.

317

00:21:13,300 --> 00:21:18,300

I looked up and I'm saying, yeah, that's just not normal for me.

318

00:21:18,300 --> 00:21:24,300

He saw this, this huge, he called it a Dorito.

319

00:21:24,300 --> 00:21:28,300

It looked like a triangle or I said originally a Dorito.

320

00:21:28,300 --> 00:21:35,300

He stands up and he's stretching his back and all of a sudden he goes, they're back.

321

00:21:35,300 --> 00:21:38,300

And I said, who's back?

322

00:21:38,300 --> 00:21:46,300

And he just points, I see this big triangular vessel, but what's amazing is there's no sound.

323

00:21:46,300 --> 00:21:48,300

There is no sound whatsoever.

324

00:21:48,300 --> 00:21:53,300

I couldn't process what I was seeing because it was huge.

325

00:21:53,300 --> 00:21:58,300

And you just look and you think, what is that thing?

326

00:21:58,300 --> 00:22:04,300

And then all of a sudden it's gone, almost like it just vanished.

327

00:22:04,300 --> 00:22:11,300

I was not scared, but it was almost where I'm thinking, beginning to doubt myself.

328

00:22:11,300 --> 00:22:13,300

Did I even see anything?

329

00:22:13,300 --> 00:22:18,300

And it was like the next day it's like, don't tell anybody.

330

00:22:18,300 --> 00:22:25,300

When you sit there and you say, yeah, I just saw this, this vessel or I saw these lights.

331

00:22:25,300 --> 00:22:27,300

Well, who do we tell about it?

332

00:22:27,300 --> 00:22:31,300

And if we did, what kind of flak are we going to take?

333

00:22:36,300 --> 00:22:41,300

What we don't understand, we try to explain it on that side.

334

00:22:41,300 --> 00:22:49,300

But also our culture is very open to accepting things that we don't necessarily see or understand.

335

00:22:49,300 --> 00:22:54,300

We don't spend all the time in the facts, like here in the United States.

336

00:22:54,300 --> 00:22:59,300

What is inexplicable doesn't necessarily mean that it's not a reality or a fact.

337

00:23:01,300 --> 00:23:05,300

In 2008, what I saw were lights in the sky.

338

00:23:05,300 --> 00:23:11,300

The neat thing about it was that when I saw those, I remembered that they were exactly the same as the first time I saw them.

339

00:23:11,300 --> 00:23:13,300

Because I saw them the first time as a teenager.

340

00:23:22,300 --> 00:23:24,300

We were originally from Mexico.

341

00:23:24,300 --> 00:23:27,300

And for Christmas break, we were getting ready to travel.

342

00:23:27,300 --> 00:23:30,300

See, we trucked on in Mexico with our family.

343

00:23:30,300 --> 00:23:34,300

My mother, the evening before, was on the dairy farm.

344

00:23:34,300 --> 00:23:40,300

And she says, I was out there feeding the calves and these lights were appearing up in the sky like bubbles.

345

00:23:40,300 --> 00:23:43,300

You know, could it be evil spirits or something?

346

00:23:43,300 --> 00:23:46,300

Because we tend to be a very superstitious culture.

347

00:23:46,300 --> 00:23:50,300

And so when she saw those, she was very much startled and she was afraid.

348

00:23:50,300 --> 00:23:56,300

That next day that we were on our way to travel to Mexico, we were in our vehicle already loaded up and headed out.

349

00:23:56,300 --> 00:24:02,300

And these lights started coming up and my mom said, those are the ones I saw yesterday.

350

00:24:02,300 --> 00:24:06,300

And me and my sister and my other sibling saw those at that time.

351

00:24:07,300 --> 00:24:09,300

It wasn't something that we could explain.

352

00:24:09,300 --> 00:24:15,300

All I know is that what I saw in 1989 was the same thing that I saw in 2008.

353

00:24:19,300 --> 00:24:21,300

We were coming back from Fort Worth, me and my husband.

354

00:24:21,300 --> 00:24:27,300

About this time in the evening, we could see the lights up in this area.

355

00:24:27,300 --> 00:24:31,300

It was like they would bubble in one spot and then bubble in another spot.

356

00:24:31,300 --> 00:24:37,300

And it was too fast for any airplane or helicopter to do.

357

00:24:39,300 --> 00:24:45,300

As we're looking up, I'm hanging out the door with my camera trying to take pictures of it.

358

00:24:45,300 --> 00:24:50,300

But the camera, it just wasn't fast enough to be able to take those pictures.

359

00:24:50,300 --> 00:24:52,300

Then they were gone.

360

00:24:55,300 --> 00:24:59,300

I do believe that when people come to our area, it's for a reason.

361

00:24:59,300 --> 00:25:01,300

If they're here, why are they here?

362

00:25:03,300 --> 00:25:07,300

Today we're going to be talking about Don Quixote. Who's familiar with Don Quixote?

363

00:25:07,300 --> 00:25:11,300

I love working with students. I've always told them, you have a mind of your own.

364

00:25:11,300 --> 00:25:14,300

You need to see what information A and information B has.

365

00:25:14,300 --> 00:25:20,300

Not going against their parents or going against any type of doctrine, but just to be informed.

366

00:25:22,300 --> 00:25:25,300

We was very driven to find out what it was that we saw.

367

00:25:26,300 --> 00:25:31,300

The more we dug into it, I kept developing more questions and answers.

368

00:25:32,300 --> 00:25:36,300

I don't have enough nerve to call the NAS, the Naval Air Station.

369

00:25:36,300 --> 00:25:41,300

Angela, she did. She'd called in there and talked to Major Carl Lewis.

370

00:25:42,300 --> 00:25:47,300

I called him to check out were there F-16s in the area.

371

00:25:47,300 --> 00:25:51,300

He said, no, we did not have any F-16s in the area.

372

00:25:52,300 --> 00:25:56,300

The Air Force says none of its planes were in the area at the time of the sightings.

373

00:25:56,300 --> 00:26:02,300

Angela told me that and he'd come back with all kinds of excuses what we thought we might have seen.

374

00:26:02,300 --> 00:26:06,300

One excuse was a reflection off of a high altitude jet airliner.

375

00:26:06,300 --> 00:26:11,300

And she says, what do you think about that? And I said, is it reflection off of my shiny white ass?

376

00:26:13,300 --> 00:26:17,300

I was really worried about Steve Allen. You could tell he was just haggard.

377

00:26:17,300 --> 00:26:27,300

His wife told me he was on the internet constantly looking for pictures, trying to find something that looked like what he had seen.

378

00:26:30,300 --> 00:26:34,300

I told my wife that several of us was going to get our airplanes and go look for it.

379

00:26:34,300 --> 00:26:41,300

And she, of course, didn't like that idea, but it's like telling a kid to do something. We're going to do what we want to.

380

00:26:47,300 --> 00:26:52,300

Our first thought was we hoped we would find where it was based out of, because it appeared out of nowhere.

381

00:26:54,300 --> 00:26:58,300

We explored all possibilities. We combed the whole area.

382

00:26:59,300 --> 00:27:05,300

Then on about the third night, we was talking to each other on the radio.

383

00:27:05,300 --> 00:27:09,300

I said, do you guys ever feel like you're looking for a needle in a haystack?

384

00:27:12,300 --> 00:27:16,300

What I saw happen in Steve's is the same thing I've seen happen in a lot of witnesses.

385

00:27:16,300 --> 00:27:19,300

You've got this feeling of control.

386

00:27:19,300 --> 00:27:27,300

And then suddenly you see something close to you and it does something that is so impoverished.

387

00:27:28,300 --> 00:27:35,300

It's impossible that it just shakes the underpinnings of what they have always thought the world was.

388

00:27:35,300 --> 00:27:42,300

Ricky Surrell's was deer hunting in these woods when he says the UFO stopped and hovered just over his head.

389

00:27:42,300 --> 00:27:45,300

And I did just like this and I could see it.

390

00:27:45,300 --> 00:27:54,300

Ricky Surrell has a very interesting story. Ricky actually had a UFO sighting almost two weeks, roughly, before the Stephen Bill Mints.

391

00:27:59,300 --> 00:28:04,300

I met Ricky personally and he told me the story of what happened.

392

00:28:04,300 --> 00:28:11,300

He was out deer hunting. All of a sudden, everything got dark like clouds had come over it.

393

00:28:11,300 --> 00:28:15,300

Well, he looked up and there was an object above him.

394

00:28:15,300 --> 00:28:23,300

He couldn't tell its size or its shape because it was so large that just covered everything above him.

395

00:28:23,300 --> 00:28:29,300

He raised his rifle up and looked at it through the scope so he could get a better view of it.

396

00:28:29,300 --> 00:28:35,300

And he says I looked it over and there was no bolts, no rivets, and it just seemed seamless all over it.

397

00:28:35,300 --> 00:28:37,300

And that's all he could see.

398

00:28:37,300 --> 00:28:43,300

And he says I started to go ahead and shoot it, but he got to thinking that wasn't the smartest thing I'd ever done.

399

00:28:43,300 --> 00:28:46,300

Surrell's didn't want to start an interstellar war.

400

00:28:46,300 --> 00:28:51,300

And when it took off, it took off so fast, I would have blinked. I would have thought it vanished.

401

00:28:52,300 --> 00:29:00,300

He said, you know, the amazing thing is that this huge object that took off at such a high speed, it should have just sucked me right along with it.

402

00:29:00,300 --> 00:29:04,300

And he said there was nothing, no sound, no wind, nothing.

403

00:29:04,300 --> 00:29:09,300

Somehow that object didn't interact with the atmosphere.

404

00:29:14,300 --> 00:29:19,300

There was one morning Ricky came to my house and Ricky is in tears.

405

00:29:19,300 --> 00:29:24,300

Me and I asked him, man, what's going on? He said, Leroy people are harassing me at my own house.

406

00:29:26,300 --> 00:29:32,300

Who's harassing you? He said, I don't know. He said they tell me that they work for the government.

407

00:29:34,300 --> 00:29:37,300

Ricky was definitely being intimidated.

408

00:29:37,300 --> 00:29:41,300

He found a bullet. It was definitely military grade.

409

00:29:41,300 --> 00:29:46,300

He thinks they may have left that on purpose to persuade him not to be speaking about it.

410

00:29:46,300 --> 00:29:50,300

The next thing I know, he is calling me. He said something's going on. Somebody's bothering me.

411

00:29:50,300 --> 00:29:54,300

I'm having all these helicopters flying over my place.

412

00:29:54,300 --> 00:29:58,300

They are, they're just trying to get me out of here.

413

00:29:58,300 --> 00:30:01,300

I'm trying to get them out of here.

414

00:30:01,300 --> 00:30:06,300

I'm having all these helicopters flying over my place.

415

00:30:06,300 --> 00:30:10,300

They are running my cattle to death.

416

00:30:10,300 --> 00:30:14,300

And he came to me out of concern for my safety.

417

00:30:14,300 --> 00:30:20,300

Angela assuming that Ricky is not nuts. What do you make of this?

418

00:30:20,300 --> 00:30:30,300

Well, I feel that perhaps Ricky might have been singled out simply because he was the one that had

a daytime sighting.

419

00:30:30,300 --> 00:30:37,300

He had more detail than anyone else and I wondered if that might be why he was singled out.

420

00:30:37,300 --> 00:30:42,300

Suddenly Ricky starts talking to everybody.

421

00:30:42,300 --> 00:30:47,300

I think Ricky saw a lot more than what the rest of us saw.

422

00:30:47,300 --> 00:30:57,300

Ricky has said he saw some sort of something inside the aircraft and it resembles some sort of insect or maybe even a praying mantis.

423

00:30:57,300 --> 00:31:12,300

I think that Ricky was possibly approached by someone and offered a monetary agreement. They wanted him quiet.

424

00:31:12,300 --> 00:31:18,300

A military colonel called me one afternoon at my house and talked to me about an hour and 45

minutes.

425

00:31:18,300 --> 00:31:23,300

He says we've had a lot of discussion about you and what to do with you.

426

00:31:23,300 --> 00:31:27,300

You're kind of a high profile guy if you just was happened to come up missing there.

427

00:31:27,300 --> 00:31:31,300

It kind of looks suspicious.

428

00:31:31,300 --> 00:31:36,300

They're all going against the wind. The wind's 100.0.

429

00:31:36,300 --> 00:31:45,300

I found myself watching the footage over and over again almost obsessively.

430

00:31:46,300 --> 00:31:53,300

I had no awareness of what the upper chain of command was doing with this information.

431

00:31:53,300 --> 00:32:00,300

In 2017 I transferred to the office of Naval Intelligence. I was going to be an analyst there.

432

00:32:00,300 --> 00:32:14,300

Shortly after I arrived I started to have these follow on experiences with the phenomenon.

433

00:32:14,300 --> 00:32:20,300

That was like the beginning of seeing non-human entities in my room at night.

434

00:32:21,300 --> 00:32:35,300

I would wake up several times a week and I would feel my body kind of sliding across the bed.

435

00:32:35,300 --> 00:32:38,300

I knew that they were taking me.

436

00:32:38,300 --> 00:32:46,300

I woke up because I felt a hand grab my arm right here.

437

00:32:46,300 --> 00:32:52,300

I went to try and raise my hands to my face to wipe the sleep away.

438

00:32:52,300 --> 00:32:55,300

I realized I couldn't move.

439

00:32:55,300 --> 00:33:08,300

I could just see this outline of a shadowy figure with a torso, two arms and a head standing over me.

440

00:33:09,300 --> 00:33:15,300

When I was in the Navy and I saw this footage I knew that there was something out there.

441

00:33:15,300 --> 00:33:18,300

I knew there was something non-human out there.

442

00:33:18,300 --> 00:33:24,300

So I knew when they started showing up in my room that all of this was real.

443

00:33:24,300 --> 00:33:29,300

I had the luxury of knowing that I wasn't going crazy.

444

00:33:29,300 --> 00:33:32,300

I knew what it was.

445

00:33:39,300 --> 00:33:44,300

There's all kinds of sensor evidence, radar evidence.

446

00:33:44,300 --> 00:33:51,300

I think that there's enough footage that if they just released all of it and said, hey, this is what we have,

447

00:33:51,300 --> 00:33:53,300

they don't even have to give an explanation.

448

00:33:53,300 --> 00:33:57,300

They just say, we don't know. This is what we got.

449

00:33:57,300 --> 00:34:06,300

There would be no doubt as to whether or not the phenomenon is real. Everyone would know it.

450

00:34:07,300 --> 00:34:11,300

The U.S. military is now saying it was fighter jets, not UFOs,

451

00:34:11,300 --> 00:34:14,300

that folks were seeing in the Stephenville area earlier this month.

452

00:34:14,300 --> 00:34:19,300

The military now says it was training in the area after all.

453

00:34:19,300 --> 00:34:23,300

10 F-16s over the Brownwood Military Operating Area.

454

00:34:23,300 --> 00:34:28,300

The military spokesman blames an internal communications error for giving out false information.

455

00:34:29,300 --> 00:34:32,300

There was no more news sightings.

456

00:34:32,300 --> 00:34:36,300

We were clearly not going to get an answer from the government or what this could have been.

457

00:34:36,300 --> 00:34:42,300

So unless we have something new and significant to report about it, we need to get on to other things.

458

00:34:42,300 --> 00:34:49,300

It was a hard thing for Angela. She really had a hard time letting go of it and breaking away from it.

459

00:34:49,300 --> 00:34:52,300

I just couldn't abandon those witnesses.

460

00:34:52,300 --> 00:35:02,300

They were thrust into the limelight just like I was. Plus, it was shaking them to their very core about what they had seen.

461

00:35:04,300 --> 00:35:08,300

I had given her an assignment and I had this feeling that she wasn't doing it that day.

462

00:35:08,300 --> 00:35:15,300

And she left and I got on her computer and discovered some emails that she had sent saying that the newspaper and the management here,

463

00:35:15,300 --> 00:35:22,300

specifically, I had gotten pressured to shut it down from the government and the city officials.

464

00:35:22,300 --> 00:35:27,300

And I was pretty upset about that because none of that was true.

465

00:35:27,300 --> 00:35:33,300

A very strange story with Angela. She came into work one morning and her computer was gone.

466

00:35:33,300 --> 00:35:39,300

And she says, hey, what happened to my computer and my stuff? And I told her she didn't work there anymore.

467

00:35:39,300 --> 00:35:44,300

Was it a termination? Yes, but also she didn't want to be there anymore. She wanted to continue this.

468

00:35:44,300 --> 00:35:48,300

And that was a story that I was happy to move on from.

469

00:35:49,300 --> 00:35:56,300

If you look at the UFO phenomenon, it's gone on for 75 years in the modern era.

470

00:35:56,300 --> 00:36:02,300

And yet today, we still don't know much more than we knew 75 years ago.

471

00:36:04,300 --> 00:36:12,300

That's troubling for many in the field of science because there's no crystal clear solid evidence.

472

00:36:12,300 --> 00:36:18,300

And that's the mystery of this phenomenon is like, where is the evidence?

473

00:36:34,300 --> 00:36:39,300

Three o'clock in the morning, I'd been out working a moonlighting job in Stephenville.

474

00:36:40,300 --> 00:36:43,300

There's an alarm call at this business.

475

00:36:44,300 --> 00:36:48,300

I went ahead and advised the State Department that I was close by, I would take the call.

476

00:36:48,300 --> 00:36:56,300

And when I get out of the car, I look and I see a post-saturday nore up in the sky.

477

00:36:56,300 --> 00:37:02,300

Got my dash cam and positioned it trying to videotape this object.

478

00:37:03,300 --> 00:37:09,300

I took the video home. Back then it was VHS and put it in my player at home.

479

00:37:18,300 --> 00:37:24,300

It was not a clear video. It was something was interfering the quality.

480

00:37:25,300 --> 00:37:29,300

I said, man, why is this tape missing up right now of all times?

481

00:37:30,300 --> 00:37:34,300

I'd never had a problem before that with any video.

482

00:37:34,300 --> 00:37:39,300

After that, I used that camera at least another year and a half while in digital.

483

00:37:39,300 --> 00:37:41,300

Never had a problem like that.

484

00:37:42,300 --> 00:37:49,300

Whatever this thing was, whoever was responsible for it did not want clear footage of it.

485

00:37:50,300 --> 00:38:03,300

I wanted to find corroboration for the object seen by Leroy and Steve and all the other witnesses in Stephenville on January 2008.

486

00:38:04,300 --> 00:38:10,300

I had the witness statements. I knew the when and the where and the direction they were looking.

487

00:38:11,300 --> 00:38:19,300

At the Mufon event, I met a guy from Colorado, Glenn Schultz, and Glenn was a former Army radar expert.

488

00:38:21,300 --> 00:38:26,300

Anything that flies in the sky is caught with what's called primary radar data.

489

00:38:28,300 --> 00:38:33,300

So I wanted radar data to support what to the witnesses, it told me.

490

00:38:33,300 --> 00:38:37,300

The FAA won't volunteer those returns because they say nothing happened.

491

00:38:37,300 --> 00:38:42,300

So you have to send a Freedom of Information Act request in and force them to release the data.

492

00:38:43,300 --> 00:38:52,300

I sent foyers to every police department, to every military base, and the one foyer that panned out the best was the foyer to the FAA,

493

00:38:52,300 --> 00:38:58,300

which provided me with radar data from five different radar antenna across the state of Texas.

494

00:38:59,300 --> 00:39:04,300

Glenn Schultz and I went four months to go through the radar data.

495

00:39:04,300 --> 00:39:10,300

Before I went looking for any unknowns, first thing I did was track the F-16s.

496

00:39:10,300 --> 00:39:13,300

Two F-16s came in hot pursuit.

497

00:39:13,300 --> 00:39:16,300

They were flying in the same direction as these lights.

498

00:39:16,300 --> 00:39:21,300

These are the two that flew down to Comanche, Dublin, and Stephenville.

499

00:39:21,300 --> 00:39:28,300

So once I identified where the F-16s were, I wanted to start looking for objects that did not have transponders.

500

00:39:28,300 --> 00:39:38,300

So I wanted to see everything that was not supposed to be in the sky, get to where Steve is, so I'm looking there.

501

00:39:38,300 --> 00:39:43,300

And do I see any unknowns that are popping up that match what he described?

502

00:39:44,300 --> 00:39:53,300

What I find is radar data that confirms what Steve Allen and Leroy Gatton have told me.

503

00:39:53,300 --> 00:40:01,300

I came out here to have a campfire, and all of a sudden I see some high intensity lights at a high velocity of speed.

504

00:40:01,300 --> 00:40:03,300

Steve is located here.

505

00:40:03,300 --> 00:40:09,300

There are two radar points that showed an object moving without a transponder.

506

00:40:09,300 --> 00:40:13,300

When we first saw the ship, it was just a few minutes after six.

507

00:40:13,300 --> 00:40:20,300

The two data points match the time and the geographical location.

508

00:40:20,300 --> 00:40:25,300

Does its flame job over Stephenville just simply disappears?

509

00:40:25,300 --> 00:40:32,300

This is outside of the military operating area, so it should have a transponder if it is military aircraft, but it doesn't.

510

00:40:32,300 --> 00:40:41,300

In the case of Leroy, I had about five data points on the radar indicating there is this object south of his home.

511

00:40:41,300 --> 00:40:48,300

I came outside, something caught my attention, off to the southwest sky.

512

00:40:48,300 --> 00:40:57,300

All of a sudden, these things just shoot off at a blazing speed and they travel what I say

northeast.

513

00:40:57,300 --> 00:41:08,300

When he says it moves to the northeast, I get a data point ten seconds later that's to the northeast and is moving in extreme rate of speed.

514

00:41:08,300 --> 00:41:18,300

It's not very off that you get radar data that just corroborates exactly what a witness said in terms of geographic location and time.

515

00:41:18,300 --> 00:41:29,300

It showed in black and white that there was something flying out there and that the speeds that these things are traveling are like speeds that we cannot do here on Earth.

516

00:41:29,300 --> 00:41:39,300

These stories check out with the radar data, so there's absolutely no doubt that there's an object in the sky and that the object that's in the sky does not have a transponder code.

517

00:41:39,300 --> 00:41:44,300

That tells you that you're dealing with something real, whatever it is.

518

00:41:48,300 --> 00:41:50,300

When you need a boost, try it, Mel.

519

00:41:50,300 --> 00:41:51,300

Okay.

520

00:41:51,300 --> 00:41:57,300

With all the attention the youth are signing, Stephen will no longer be an alien to the rest of the world.

521

00:41:57,300 --> 00:41:59,300

Now it's done!

522

00:41:59,300 --> 00:42:01,300

We'll give a natural...

523

00:42:01,300 --> 00:42:04,300

Hundreds of UFO sightings are reported to authorities.

524

00:42:04,300 --> 00:42:08,300

I'm interested to see what both of you might want to come on out.

525

00:42:08,300 --> 00:42:09,300

Yeah, yeah.

526

00:42:10,300 --> 00:42:16,300

Is any of this stuff real? I don't know.

527

00:42:16,300 --> 00:42:29,300

I think UFOs are just as real as the lights in this room or the cameras that are in front of me.

528

00:42:29,300 --> 00:42:38,300

I think they are very real, but I think what is your idea of reality? That's the question.

529

00:42:38,300 --> 00:42:52,300

You see that the DoD and NASA even they're all hiring physicists to work on this UFO issue, and that's not where the truth of this lies.

530

00:42:52,300 --> 00:43:04,300

This lies more within the realm of the humanities, within the realm of psychology, philosophy, religious studies.

531

00:43:04,300 --> 00:43:07,300

That's where you're going to find the truth of this.

532

00:43:07,300 --> 00:43:12,300

No physicist is going to be able to tell you what this is.

533

00:43:12,300 --> 00:43:23,300

Because the physicist maybe can tell you how physical matter might behave, but the humanities will tell you why.

534

00:43:23,300 --> 00:43:28,300

It's not a department of defense issue.

535

00:43:28,300 --> 00:43:31,300

It's a human issue, is what it is.

536

00:43:34,300 --> 00:43:39,300

And that's why I could not justify being quiet.

537

00:43:44,300 --> 00:43:46,300

I've got eight children.

538

00:43:48,300 --> 00:43:52,300

We homeschool our kids and we've really seen fruit from that.

539

00:43:52,300 --> 00:43:54,300

Alright, ready? Oh!

540

00:43:54,300 --> 00:43:56,300

Okay, which one first?

541

00:43:56,300 --> 00:43:59,300

Every day starts out with some type of Bible lesson.

542

00:43:59,300 --> 00:44:01,300

Zika was a prophet, you're right.

543

00:44:01,300 --> 00:44:02,300

It was the Old Testament.

544

00:44:02,300 --> 00:44:04,300

It was the Old Testament in the Old Testament.

545

00:44:04,300 --> 00:44:05,300

So, check this out.

546

00:44:23,300 --> 00:44:26,300

What was it that Zika was seeing?

547

00:44:26,300 --> 00:44:29,300

Not the message part, I get the message part.

548

00:44:29,300 --> 00:44:31,300

I know what he saw.

549

00:44:32,300 --> 00:44:44,300

Well, suddenly came to the earth and the rims were full of, translate this for me, eyes all the way around.

550

00:44:44,300 --> 00:44:46,300

Eyes or lights.

551

00:44:46,300 --> 00:44:48,300

Lights or...

552

00:44:48,300 --> 00:44:49,300

Nothing really.

553

00:44:49,300 --> 00:44:51,300

Windows or, right?

554

00:44:51,300 --> 00:45:00,300

To me, I think the talking about UFOs with my kids, even the littlest ones, is making scripture a lot more real for them than just a bunch of stories.

555

00:45:00,300 --> 00:45:03,300

This was Switzerland and some guy just got this on video.

556

00:45:03,300 --> 00:45:05,300

It's a UFO.

557

00:45:05,300 --> 00:45:07,300

What does that look like right there?

558

00:45:07,300 --> 00:45:08,300

It's a wheel within a wheel.

559

00:45:08,300 --> 00:45:09,300

And that was two days ago.

560

00:45:09,300 --> 00:45:18,300

The Christian populace does not want to believe that any of this is real because if it does, it changes all of their reality.

561

00:45:18,300 --> 00:45:20,300

You know, then is the Bible just for us?

562

00:45:20,300 --> 00:45:23,300

Or is it for them too?

563

00:45:23,300 --> 00:45:34,300

That's a million dollar question is where does life and other planets and religion fit together?

564

00:45:34,300 --> 00:45:43,300

Somebody would ask me, did God make other creatures?

565

00:45:43,300 --> 00:45:45,300

I'd say yes.

566

00:45:46,300 --> 00:45:57,300

When Kent was telling us this story, I was the typical jerk giving him a hard time saying, here's a guy that just saw a flying Dorito.

567

00:45:57,300 --> 00:46:08,300

And when we all looked up and saw this thing, all of a sudden it changed us in a way that we look at both sides of the story more.

568

00:46:08,300 --> 00:46:14,300

Now when I hear people tell stories of things they see, I am not doubting Thomas.

569

00:46:14,300 --> 00:46:17,300

I'm thinking, you know, they saw something.

570

00:46:17,300 --> 00:46:18,300

I know they did.

571

00:46:18,300 --> 00:46:21,300

Or why would they be saying this?

572

00:46:21,300 --> 00:46:32,300

Of course psychology today would tell you that, hey, if you're experiencing these things, you're seeing things in your room at night that you're schizophrenic.

573

00:46:32,300 --> 00:46:37,300

Or you have some kind of other severe mental illness.

574

00:46:37,300 --> 00:46:42,300

And to me, that's not correct. That's not right.

575

00:46:42,300 --> 00:47:01,300

When I made the decision to talk about this, to leave the Navy, I was four years away from retirement, which would have meant, you know, a pension health insurance for the rest of my life, you know, and I left that all on the table and I walked away from it.

576

00:47:01,300 --> 00:47:10,300

Because this isn't just about me, right? It's not about me at all. It's about all of us.

577

00:47:10,300 --> 00:47:16,300

It's about everybody.

578

00:47:16,300 --> 00:47:21,300

Don Quixote is one of my favorite novels, and in it, Don Quixote is a madman.

579

00:47:21,300 --> 00:47:24,300

And everything that he sees, he sees in a different light.

580

00:47:24,300 --> 00:47:31,300

Don Quixote sees these windmills, but in his mind, they're not windmills. They're giants.

581

00:47:31,300 --> 00:47:39,300

We know that we're not mad. We know that there is something credible to this because too many people saw these lights in the sky.

582

00:47:39,300 --> 00:47:46,300

And so we're not a Don Quixote. There's more to this.

583

00:47:46,300 --> 00:47:51,300

You can argue, well, it was some secret U.S. black project, right?

584

00:47:51,300 --> 00:48:04,300

But our technologies don't just suddenly leap across a hundred years of technology. They're gradually created.

585

00:48:04,300 --> 00:48:15,300

In this case, I think whatever people saw was intelligently controlled, and it was not manufactured by the United States or any other nation, for that matter.

586

00:48:15,300 --> 00:48:28,300

So about nine months later, I was driving my daughter to gymnastics in Dublin, and I saw some lights.

587

00:48:28,300 --> 00:48:38,300

I pulled over to the side of the road, and I just stopped and looked out my front window, and they kind of were blinking or kind of coming in and out of focus.

588

00:48:38,300 --> 00:48:43,300

And then they kind of came together cohesively and just sort of disappeared.

589

00:48:44,300 --> 00:48:53,300

I just was so shaken and so shocked. I thought, my gosh, I'm seeing what everybody's been talking about for all this time.

590

00:48:53,300 --> 00:49:10,300

It felt like the universe was sort of playing a trick on me. I balked at the story so hard in the beginning and for so long, and then, you know, months later, you know, it was sort of like, well, you know, here it is.

591

00:49:10,300 --> 00:49:22,300

I can't believe all of the wonderful people I've met, and that's the good of UFO reporting. I've loved every minute of it, and I hope that I'm going to be doing this for a long time. Thank you.

592

00:49:22,300 --> 00:49:42,300

I could talk to Angela again. I would tell her how brave she was for understanding that there was a story there to be told, and I certainly wish that we had parted ways differently.

593

00:49:42,300 --> 00:49:44,300

My biggest regret of all is that.

594

00:49:52,300 --> 00:50:03,300

Our business suffered because I was chasing the unidentified object that we saw. So it put an undue strain on our relationship and her as well.

595

00:50:03,300 --> 00:50:09,300

And after 17 years of being together and married, we ended up getting a divorce.

596

00:50:09,300 --> 00:50:19,300

My relationship suffered. My company suffered. I suffered. I still consider it a blessing that I did see it, and it's forever in my mind.

597

00:50:20,300 --> 00:50:25,300

I'm still on my quest still to this day. I will find out what happened.

598

00:50:26,300 --> 00:50:39,300

This is a great big open secret. Nothing I am saying is anything new. It's just a matter of, are you going to believe it or not?

599

00:51:20,300 --> 00:51:22,300

I'm not sure.

600

00:51:38,300 --> 00:51:40,300

I'm sorry.

601

00:51:46,300 --> 00:51:48,300

I'm sorry.

602

00:51:49,300 --> 00:51:51,300

I'm sorry.

603

00:52:14,300 --> 00:52:16,300

I'm sorry.

604

00:52:19,300 --> 00:52:21,300

I'm sorry.
