00:13:22,040 --> 00:13:24,920

170

00:13:33,120 --> 00:13:37,800

UFOs and aliens and the whole question of outer space

171

00:13:37,800 --> 00:13:41,800

were depicted in various ways in Japanese popular culture

172

00:13:41,800 --> 00:13:46,040

and many anime and manga stories take place in outer space

173

00:13:46,760 --> 00:13:50,680

You know when people ask me about Astro Boy

174

00:13:50,680 --> 00:13:53,320

like how could they create this hero

175

00:13:53,320 --> 00:13:58,400

powered by atomic energy so soon after the nation was

176

00:13:58,400 --> 00:14:02,400

devastated by nuclear bomb

177

00:14:02,400 --> 00:14:05,000

and then the other more important aspect is that

178

00:14:05,000 --> 00:14:09,120

Astro Boy is half-boy half-robot

179

00:14:10,120 --> 00:14:14,120

and his father the doctor created Astro Boy

180

00:14:14,120 --> 00:14:18,120

because his own son was killed

181

00:14:18,120 --> 00:14:20,600

so it doesn't take a very big leap to say

182

00:14:20,600 --> 00:14:24,600

the father's family members were killed in the war

183

00:14:24,600 --> 00:14:30,600

and so let's use technology to create something new

184

00:14:30,600 --> 00:14:33,600

and give us a future

185

00:14:33,600 --> 00:14:36,600

so there was an enormous faith in technology

186

00:14:36,600 --> 00:14:39,600

born out of trauma

187

00:14:43,600 --> 00:14:48,600

in a way that was the expression of the subconscious

188

00:14:48,600 --> 00:14:51,600

of Japanese in the post-war period

189

00:14:51,600 --> 00:14:55,600

and what you see you know starting with Astro Boy

190

00:14:55,600 --> 00:14:58,600

is these characters that are half this half that

191

00:15:06,600 --> 00:15:10,600

Ultraman's character is so wonderful because

192

00:15:10,600 --> 00:15:13,600

Ultraman is from a planet, another planet

193

00:15:13,600 --> 00:15:18,600

and he screws up and has an accident

194

00:15:18,600 --> 00:15:22,600

and he crashes into a human ship

195

00:15:22,600 --> 00:15:25,600

which is piloted by this science patrol guy

196

00:15:25,600 --> 00:15:27,600

and Ultraman decides

197

00:15:27,600 --> 00:15:29,600

I'm so ashamed that I hit this guy's ship

198

00:15:29,600 --> 00:15:31,600

I'm gonna merge with him

199

00:15:31,600 --> 00:15:33,600

so they merge together

200

00:15:33,600 --> 00:15:35,600

and that becomes Ultraman

201

00:15:36,600 --> 00:15:38,600

Ultraman

202

00:15:41,600 --> 00:15:43,600

It's an alien merging with a human

203

00:15:43,600 --> 00:15:45,600

and of course Ultraman embodies that notion

204

00:15:45,600 --> 00:15:48,600

that some aliens are really good

205

00:15:48,600 --> 00:15:51,600

they're actually trying to protect people

206

00:15:51,600 --> 00:15:54,600

and as a kid I loved that idea
