

1

00:00:00,000 --> 00:00:04,000

As a nation celebrates, a UFO swoops.

2

00:00:04,000 --> 00:00:07,000

We don't know how it works, we don't know where they're from, we don't know their intentions.

3

00:00:07,000 --> 00:00:11,000

Are the occupants interested in the British royal family?

4

00:00:11,000 --> 00:00:15,000

Prince Philip had a sizable collection of books on UFOs,

5

00:00:15,000 --> 00:00:20,000

and he was also a regular subscriber to Flying Sousa Review.

6

00:00:21,000 --> 00:00:27,000

A UFO attacks an Amazon village and leaves a trail of victims.

7

00:00:31,000 --> 00:00:36,000

And on the red planet, something incredible appears.

8

00:00:37,000 --> 00:00:40,000

A mysterious opening caught on camera.

9

00:00:40,000 --> 00:00:45,000

Could this photograph be an entryway into a base?

10

00:00:46,000 --> 00:00:52,000

UFOs, once the staff of science fiction, now caught on camera.

11

00:00:52,000 --> 00:00:56,000

Finally forcing governments to reveal what they know.

12

00:00:56,000 --> 00:01:00,000

UAPs aren't unexplained, but they are real.

13

00:01:02,000 --> 00:01:06,000

Many of these phenomena have been cited in training ranges.

14

00:01:06,000 --> 00:01:08,000

We're very much concerned about safety of flight.

15

00:01:08,000 --> 00:01:15,000

So let's just speculate for one moment that these things, whatever they are, are here to do not very good things.

16

00:01:15,000 --> 00:01:22,000

Impossible engineering, terrifying encounters, sinister cover-ups.

17

00:01:23,000 --> 00:01:27,000

This is evidence of the unexplained.

18

00:01:40,000 --> 00:01:44,000

June 2nd, 2022, London.

19

00:01:44,000 --> 00:01:48,000

Just three months before the death of Queen Elizabeth II,

20

00:01:48,000 --> 00:01:53,000

Britain is celebrating her 70 years on the throne, her platinum jubilee.

21

00:01:55,000 --> 00:02:01,000

Overhead, the world-famous red arrows display team salutes the monarch with a flight past.

22

00:02:01,000 --> 00:02:07,000

Thousands of people, including the royal family, standing on the balcony of Buckingham Palace,

23

00:02:07,000 --> 00:02:10,000

are outside and they're all looking up.

24

00:02:10,000 --> 00:02:16,000

Everyone's attention is on the nine jets that are flying past in a V-formation

25

00:02:16,000 --> 00:02:21,000

with red, white and blue smoke trailing in their wake.

26

00:02:23,000 --> 00:02:28,000

If you look closely, however, what you can actually see is something else flying.

27

00:02:30,000 --> 00:02:34,000

A strange sphere suddenly emerges from the right of the frame

28

00:02:34,000 --> 00:02:38,000

at a speed that seems to match the RAF jets.

29

00:02:38,000 --> 00:02:42,000

Just as the jets are flying directly over Buckingham Palace,

30

00:02:42,000 --> 00:02:48,000

an object appears just behind them, seems to follow and then accelerate off-screen.

31

00:02:48,000 --> 00:02:53,000

The prospect of a UFO practically buzzing a royal flight past

32

00:02:53,000 --> 00:02:57,000

watched by thousands is sensational, if it's real.

33

00:02:57,000 --> 00:03:01,000

Could this have been an optical illusion created by the camera?

34

00:03:03,000 --> 00:03:09,000

One typical illusion is created by our presumptions about the size and distance of objects in view.

35

00:03:10,000 --> 00:03:14,000

Through forced perspective, a small object which is close to the lens

36

00:03:14,000 --> 00:03:19,000

can appear to be relatively larger and moving faster than it actually is.

37

00:03:20,000 --> 00:03:25,000

If you use forced perspective, that of course makes an object appear farther away or closer,

38

00:03:25,000 --> 00:03:27,000

or larger than smaller than it really is.

39

00:03:27,000 --> 00:03:32,000

And of course that's a trick that filmmakers have been using almost ever since film began.

40

00:03:32,000 --> 00:03:36,000

Is it possible that the white object is a static balloon,

41

00:03:36,000 --> 00:03:40,000

much closer to the camera than the jets in the background,

42

00:03:40,000 --> 00:03:46,000

giving the effect that it's travelling super fast when recorded from a helicopter?

43

00:03:47,000 --> 00:03:51,000

For my money, I don't think it's a balloon because it seems to be moving really very quickly

44

00:03:51,000 --> 00:03:56,000

and it doesn't seem to get deflected by all the wash coming out the back of those red arrows.

45

00:03:56,000 --> 00:04:02,000

So I'm also wondering whether it could actually be a drone filming the Jubilee celebrations.

46

00:04:02,000 --> 00:04:07,000

Over 8 million pounds were spent on security for the Queen's Platinum Jubilee.

47

00:04:08,000 --> 00:04:13,000

A rogue drone crashing the party could devastate Britain's first family.

48

00:04:14,000 --> 00:04:18,000

Military drones can be terrifying weapons of war.

49

00:04:20,000 --> 00:04:24,000

And some have fallen into the hands of terrorists.

50

00:04:24,000 --> 00:04:30,000

That would be an incredible breach of security at one of the biggest royal events in UK history.

51

00:04:31,000 --> 00:04:35,000

Security measures were at maximum level on that day.

52

00:04:35,000 --> 00:04:41,000

So it really beggars belief that something unauthorised would have been in the skies.

53

00:04:42,000 --> 00:04:46,000

And while some military drones can reach twice the speed of sound,

54

00:04:46,000 --> 00:04:49,000

this object seems even faster.

55

00:04:49,000 --> 00:04:54,000

Its performance puts it closer to the observed capabilities of UFOs.

56

00:04:55,000 --> 00:05:01,000

There are several unidentified aerial phenomena encountered by military and civilian aircraft

57

00:05:01,000 --> 00:05:07,000

and they've all been reported to exhibit what's called typically impossible flight characteristics.

58

00:05:08,000 --> 00:05:14,000

Witnesses have described seeing UAPs that can reach up to 60 times the speed of sound.

59

00:05:15,000 --> 00:05:18,000

They can even hover motionless for extended periods of time.

60

00:05:18,000 --> 00:05:22,000

These craft appear to violate the laws of physics.

61

00:05:23,000 --> 00:05:27,000

The potential threat posed by such technology is huge.

62

00:05:27,000 --> 00:05:31,000

You're talking about things that can outmaneuver and outperform anything that we have.

63

00:05:31,000 --> 00:05:33,000

There's nothing we can do about it. We don't know how it works.

64

00:05:33,000 --> 00:05:35,000

We don't know where they're from. We don't know their intentions.

65

00:05:35,000 --> 00:05:42,000

If you have the ability to warp space-time, you have enough energy to vaporise a human being. No

problem.

66

00:05:44,000 --> 00:05:49,000

That scenario would have both horrified and fascinated one member of the royal family

67

00:05:49,000 --> 00:05:51,000

who was missing from the balcony.

68

00:05:51,000 --> 00:05:59,000

The Queen's late husband, Prince Philip, was a trained pilot and he had a deep interest in UFOs.

69

00:05:59,000 --> 00:06:03,000

Prince Philip had a sizable collection of books on UFOs

70

00:06:03,000 --> 00:06:08,000

and he was also a regular subscriber to Flying Saurcer Review.

71

00:06:09,000 --> 00:06:16,000

Prince Philip's interest in UFOs was first sparked by his uncle, Admiral of the Fleet, Lord Mountbatten.

72

00:06:16,000 --> 00:06:26,000

In his book, *The UFO Files*, David Clark quotes a letter from Lord Mountbatten to a newspaper editor saying that UFOs were real.

73

00:06:26,000 --> 00:06:30,000

Lord Mountbatten seems to have passed this conviction onto his nephew, Prince Philip,

74

00:06:30,000 --> 00:06:34,000

with the Queen's consort actively conducting his own research.

75

00:06:36,000 --> 00:06:39,000

The Prince had given his former assistant, Sir Peter Horsley,

76

00:06:39,000 --> 00:06:43,000

carte blanche to collect stories about UFOs from the RAF.

77

00:06:44,000 --> 00:06:52,000

In his autobiography, Sir Peter Horsley actually says he was asked to bring witnesses to Buckingham Palace for quite private discussions.

78

00:06:52,000 --> 00:07:01,000

And on one occasion, the assistant claims to have come close to arranging an interview with someone who was much more than just a simple UFO witness.

79

00:07:02,000 --> 00:07:10,000

Horsley claims that in November 1954, he had an encounter with an alien called Mr. Janus who could read his mind.

80

00:07:11,000 --> 00:07:19,000

According to Horsley, Mr. Janus was telepathic and had an in-depth knowledge of Britain's atomic capabilities.

81

00:07:21,000 --> 00:07:29,000

Sir Peter Horsley said that Mr. Janus wanted to meet Prince Philip, who he described as a man of great vision.

82

00:07:30,000 --> 00:07:35,000

Intrigued, the Prince's assistant arranged a follow-up meeting at the same rendezvous.

83

00:07:36,000 --> 00:07:43,000

Horsley returned to the flat and he says that it was completely stripped and empty.

84

00:07:45,000 --> 00:07:52,000

Some ufologists suspect that the British Secret Service, rather than aliens, may have been behind Mr. Janus,

85

00:07:52,000 --> 00:07:56,000

probing to find the depth of Prince Philip's interest in UFOs.

86

00:07:57,000 --> 00:08:04,000

And it appears the British establishment does have a long history of stifling UFO-related stories.

87

00:08:05,000 --> 00:08:17,000

In 2010, the Ministry of Defence released a letter from a man who claimed that his grandfather was in the same room with Winston Churchill, Britain's wartime Prime Minister.

88

00:08:18,000 --> 00:08:27,000

The man in the letter claimed that Churchill had been told about a crew that encountered a UFO on their way back to Britain after a bombing raid in Germany.

89

00:08:28,000 --> 00:08:38,000

The crew of the bomber say that they even managed to get an actual photograph of the metallic object and that sadly was not released along with the letter.

90

00:08:39,000 --> 00:08:48,000

Churchill, normally considered a crusader for freedom, on this occasion insisted that the information be censored.

91

00:08:48,000 --> 00:08:52,000

He was apparently concerned at mass public panic.

92

00:08:55,000 --> 00:09:00,000

For decades, the British government has gathered information on UFOs.

93

00:09:01,000 --> 00:09:08,000

If there was a civilization behind them, the authorities would want to know about its power structures and leadership models.

94

00:09:09,000 --> 00:09:13,000

But that's exactly what the UFOs might want to know about us.

95

00:09:15,000 --> 00:09:22,000

Perhaps the UFOs are as interested in the royal family as the royal family is interested in them.

96

00:09:22,000 --> 00:09:29,000

The Amazon rainforest, two and a half million square miles of dense jungle.

97

00:09:29,000 --> 00:09:34,000

July 30th, 2014, in the Brazilian state of Acre.

98

00:09:35,000 --> 00:09:44,000

So far, it's been an unremarkable day for the remote Ache-Ninca tribe, a people who live in close harmony with nature.

99

00:09:44,000 --> 00:09:51,000

This is the Amazon jungle. It's hot and it's humid and there are enormous trees that really obscure the light.

100

00:09:51,000 --> 00:09:59,000

There are no street lights. This is literally a clearing in the jungle and it's illuminated pretty much only by the fires of the village.

101

00:10:00,000 --> 00:10:07,000

But in the evening, as visiting anthropologist Paula Calari's relaxing and relaxing night,

102

00:10:07,000 --> 00:10:10,000

something suddenly shatters the peace.

103

00:10:13,000 --> 00:10:19,000

At around 7pm, Calari says they spot a large dish-shaped object in the sky above them.

104

00:10:19,000 --> 00:10:23,000

It descends and hovers over the village.

105

00:10:23,000 --> 00:10:29,000

Instinctively, the villages gather together as Calari's videos the business of the village.

106

00:10:29,000 --> 00:10:34,000

You can hear the panic response in the tribe's people.

107

00:10:34,000 --> 00:10:41,000

One member of the tribe even tries to shoot down the flying object.

108

00:10:41,000 --> 00:10:47,000

And everyone's desperate for Calari's to capture it on video.

109

00:10:47,000 --> 00:10:51,000

That's because they've seen this object before.

110

00:10:54,000 --> 00:11:02,000

In 2021, Brazilian investigator Roni Vannette uncovered a large-scale federal investigation into the strange sightings and experiences of the Ache-Ninca tribe.

111

00:11:03,000 --> 00:11:08,000

The Ache-Ninca tribe is now in the middle of the desert.

112

00:11:08,000 --> 00:11:15,000

The documents reveal countless UAP sightings by the Ache-Ninca, including disturbing eye-witness accounts of close encounters.

113

00:11:16,000 --> 00:11:23,000

They said that on the 24th of July 2014, just six months after the Ache-Ninca tribe was captured,

114

00:11:23,000 --> 00:11:28,000

the Ache-Ninca tribe was called to the Ache-Ninca tribe.

115

00:11:28,000 --> 00:11:33,000

The Ache-Ninca tribe was called to the Ache-Ninca tribe.

116

00:11:34,000 --> 00:11:40,000

They said that on the 24th of July 2014, just six days before Paolo arrived,

117

00:11:40,000 --> 00:11:44,000

they had their first violent encounter with the object.

118

00:11:44,000 --> 00:11:52,000

The testimony of the tribe's people described the UAP as being able to move very fast and silently.

119

00:11:52,000 --> 00:11:59,000

This is why on the night of the 24th, they weren't able to notice the object approaching.

120

00:11:59,000 --> 00:12:05,000

The testimonies claim that the flying object focused on the faces of the people in the house

121

00:12:05,000 --> 00:12:10,000

and then very suddenly directed a huge amount of light at them.

122

00:12:11,000 --> 00:12:17,000

According to the victims, speaking through a translator from the tribe, this was no ordinary light.

123

00:12:29,000 --> 00:12:34,000

She said that she saw something in her life in seconds.

124

00:12:34,000 --> 00:12:38,000

And then her all deal got even worse.

125

00:12:51,000 --> 00:12:56,000

One woman who was three months pregnant ended up losing her child the next day.

126

00:12:56,000 --> 00:13:04,000

Documents state that for days afterwards, spectators were left with swollen faces and bloodshot eyes.

127

00:13:06,000 --> 00:13:09,000

A series of similar encounters followed.

128

00:13:09,000 --> 00:13:15,000

In one reported incident, when a tribesman hit back, he paid a heavy price.

129

00:13:17,000 --> 00:13:21,000

The report goes that the man tried to attack the object,

130

00:13:21,000 --> 00:13:26,000

but in retaliation, the UAP fired a directed beam of light.

131

00:13:27,000 --> 00:13:29,000

The man had to be hospitalized.

132

00:13:30,000 --> 00:13:34,000

And others are said to have suffered an even more chilling fate.

133

00:13:34,000 --> 00:13:39,000

The leader of the Ashuninka, Benki Piakko, claims that after one of these encounters,

134

00:13:39,000 --> 00:13:45,000

four of the tribe's most important leaders disappeared and they still haven't been found.

135

00:13:46,000 --> 00:13:55,000

But it's possible there could be dark, earthly forces behind the disappearance of the elders and the strange lights in the sky.

136

00:13:55,000 --> 00:14:00,000

They link the events to the rapidly expanding logging industry.

137

00:14:00,000 --> 00:14:09,000

In January 2022 alone, something like 430 square kilometers of the Amazon jungle were hacked down.

138

00:14:09,000 --> 00:14:13,000

And that's seven times the size of Manhattan.

139

00:14:16,000 --> 00:14:25,000

The state of Akri, where the tribe's village is sited, has been protected from deforestation since 1999.

140

00:14:26,000 --> 00:14:35,000

But illegal logging and criminal activity is common in the Amazon, which could explain the disappearance of the elders.

141

00:14:36,000 --> 00:14:45,000

In 2019, a group of indigenous people calling themselves the guardian of the forest patrolled an area in Meringue State.

142

00:14:45,000 --> 00:14:51,000

They got ambushed and Paolo Polinu Quachajera got shot and killed.

143

00:14:54,000 --> 00:15:01,000

As for the object the tribe's people witnessed, a key tool in the exploitation of this vast natural resource is the drone.

144

00:15:02,000 --> 00:15:13,000

A lot of different groups use drones, land surveillance, dropping seas on newly cleared farmland and environmental groups use them to patrol areas.

145

00:15:16,000 --> 00:15:23,000

In theory, criminal gangs could use drones fitted with a powerful searchlight to try and intimidate the Asheninka.

146

00:15:25,000 --> 00:15:28,000

But to do so would be underestimating the tribe.

147

00:15:29,000 --> 00:15:38,000

The Asheninka don't have access to a lot of modern equipment, but they're not as unaware of modern technology as one might suspect.

148

00:15:40,000 --> 00:15:44,000

They have contemporary dealings with the Brazilian state, a few mobile phones.

149

00:15:44,000 --> 00:15:51,000

They even have a tribe Instagram account to promote the preservation of the Amazon and their way of life.

150

00:15:52,000 --> 00:15:55,000

The Asheninka would know a drone if they saw one.

151

00:15:56,000 --> 00:16:05,000

But there is one vital aspect of the Asheninka lifestyle that could lead them to wildly misinterpret the arrival of an illegal drone at their village.

152

00:16:07,000 --> 00:16:14,000

Their shamanic rituals include seeking spiritual insight through a herbal concoction called ayahuasca.

153

00:16:15,000 --> 00:16:22,000

The tribe has deliberately and actively retained a lot of its way of life, its traditions and cultures.

154

00:16:22,000 --> 00:16:27,000

This includes also its spiritual and healing culture of shamanism.

155

00:16:27,000 --> 00:16:32,000

They believe in good versus evil, spirits, demons and witchcraft.

156

00:16:36,000 --> 00:16:39,000

Ayahuasca has DMT in it. It's also known as a dimethyltryptamine.

157

00:16:39,000 --> 00:16:45,000

DMT is natural. It can be found in many plant species in South America.

158

00:16:46,000 --> 00:16:52,000

But ingesting DMT is also known to have a dramatic impact on human perception.

159

00:16:53,000 --> 00:16:58,000

DMT is a powerful psychotropic drug that can cause hallucinations.

160

00:16:58,000 --> 00:17:04,000

Couldn't it be possible that these sightings were just part of a hallucinogenic spiritual experience?

161

00:17:06,000 --> 00:17:12,000

But there is no indication of any such ceremony taking place at the time of the encounters.

162

00:17:13,000 --> 00:17:18,000

And crucially, we know that the object behind all these stories was real.

163

00:17:19,000 --> 00:17:24,000

One of the witnesses was University-trained academic Paula Kalari.

164

00:17:24,000 --> 00:17:28,000

She caught part of the UAP encounter on her phone.

165

00:17:28,000 --> 00:17:32,000

So this wasn't just the testimony of the Asheninka tribe.

166

00:17:33,000 --> 00:17:37,000

And in close-up, what she filmed looks nothing like a drone.

167

00:17:37,000 --> 00:17:43,000

If there is a non-human intelligence secretly at work on Earth, it wouldn't need a base.

168

00:17:43,000 --> 00:17:50,000

Some investigators say it could be beneath Antarctica, in our oceans, or even on the Moon.

169

00:17:50,000 --> 00:17:54,000

But the jungles of the Amazon would offer an impenetrable hideaway

170

00:17:54,000 --> 00:17:59,000

with a ready supply of humans for covert experimentation.

171

00:18:00,000 --> 00:18:04,000

Undoubtedly, something very strange happened to this tribe.

172

00:18:04,000 --> 00:18:08,000

But as to what that is, well, the jury is still out.

173

00:18:09,000 --> 00:18:13,000

Meanwhile, the Asheninka are desperate for answers.

174

00:18:13,000 --> 00:18:17,000

She's even asking how we're going to end these phenomena

175

00:18:17,000 --> 00:18:21,000

if we can't understand what that is.

176

00:18:25,000 --> 00:18:28,000

June 22, 2007.

177

00:18:29,000 --> 00:18:31,000

Istanbul, Turkey.

178

00:18:31,000 --> 00:18:35,000

It's the dead of night in the popular seaside resort of Kumbagaz.

179

00:18:35,000 --> 00:18:39,000

But it seems something is stirring in the skies above.

180

00:18:39,000 --> 00:18:44,000

A lot of people in Kumbagaz and in the surrounding area in the city of Istanbul

181

00:18:44,000 --> 00:18:48,000

reported UAP sightings around this time.

182

00:18:49,000 --> 00:18:54,000

Suddenly, a night watchman spots an unfamiliar shape on the horizon.

183

00:18:54,000 --> 00:18:59,000

Instinctively, 49-year-old Yeltsin Yalman reaches for his video camera.

184

00:18:59,000 --> 00:19:06,000

He captures something very strange, hovering in the skies above the Sea of Marmara.

185

00:19:06,000 --> 00:19:11,000

Yaltsin records footage of a metallic, disc-shaped object

186

00:19:11,000 --> 00:19:14,000

that seems to be hovering over the sea.

187

00:19:15,000 --> 00:19:18,000

He uses a teleconverter to reach a 200-time zoom,

188

00:19:18,000 --> 00:19:21,000

getting as large an image as possible.

189

00:19:21,000 --> 00:19:26,000

It seems to reveal a moon-lit craft unlike anything he's ever seen.

190

00:19:27,000 --> 00:19:32,000

It is often regarded as some of the most intriguing UAP footage in existence.

191

00:19:33,000 --> 00:19:40,000

The kind of UFO sighting that usually happens once in a lifetime, but this is different.

192

00:19:40,000 --> 00:19:45,000

This is just the beginning of what comes to be known as the Kumbagaz case.

193

00:19:45,000 --> 00:19:48,000

And remarkably, over the next two summers,

194

00:19:48,000 --> 00:19:53,000

Yeltsin manages to capture more footage of what seems to be the same object.

195

00:19:57,000 --> 00:20:04,000

Some footage in the series shows the object emanating red lights at around daybreak,

196

00:20:04,000 --> 00:20:11,000

and very eerily, a dog is barking nervously in the foreground at this object in the sky.

197

00:20:12,000 --> 00:20:19,000

But the most disturbing footage of all comes from the early hours of May 13th, 2009.

198

00:20:20,000 --> 00:20:25,000

Yeltsin is filming handheld, at the full extent of his powerful film.

199

00:20:27,000 --> 00:20:34,000

The footage is shaky, but it looks as though there's some kind of movement inside one of the craft's windows.

200

00:20:36,000 --> 00:20:40,000

Is it possible a biological organism can be incited?

201

00:20:40,000 --> 00:20:47,000

Intelligence controlling, manipulating and reacting to the environment around the vehicle.

202

00:20:48,000 --> 00:20:54,000

The night watchman from Kumbagaz appears to have stumbled upon the Holy Grail of UFO sightings.

203

00:20:54,000 --> 00:20:59,000

A craft with living entities inside it, caught on camera.

204

00:21:00,000 --> 00:21:07,000

But the footage seems so out of this world that many think that it could be some kind of hoax.

205

00:21:08,000 --> 00:21:13,000

With some claiming that the craft is a model, another saying it's some kind of CGI.

206

00:21:15,000 --> 00:21:19,000

But many other witnesses were present from the residential complex.

207

00:21:19,000 --> 00:21:27,000

And on several occasions in 2009, Dr. Roger Lear, a podiatric surgeon from the US who had become invested in the case,

208

00:21:27,000 --> 00:21:30,000

was present while Yeltsin was filming the phenomenon.

209

00:21:31,000 --> 00:21:37,000

The recordings become so well known locally that Turkish officials ask to analyse them.

210

00:21:38,000 --> 00:21:44,000

Footages handed over to the Scientific and Technological Research Council of Turkey,

211

00:21:45,000 --> 00:21:51,000

otherwise known as TÜB■TAK, based in Antalya to verify whether or not it's true.

212

00:21:52,000 --> 00:21:58,000

TÜB■TAK concluded that the object in the images had not been manipulated by any special effects or CGI,

213

00:21:58,000 --> 00:22:00,000

nor had it been filmed in a studio.

214

00:22:01,000 --> 00:22:05,000

The footage was deemed neither to be a mock-up, nor a hoax.

215

00:22:06,000 --> 00:22:13,000

The video may be genuine, but the supposed figures in the image are indistinct.

216

00:22:16,000 --> 00:22:24,000

Until on the 2nd of August 2010, they are examined by Mario Valdez Santiago, a photo analyst from Chile.

217

00:22:25,000 --> 00:22:32,000

In a bid to try and identify the two shapes in the craft, Mario examines the footage frame by frame.

218

00:22:33,000 --> 00:22:38,000

He also adjusts the light levels, allowing for the extraction of the most amount of data possible

219

00:22:38,000 --> 00:22:41,000

captured by the camera without distorting the image.

220

00:22:42,000 --> 00:22:49,000

Mario picks out details of the shapes. It appears to be two beings, with relatively large heads,

221

00:22:49,000 --> 00:22:53,000

small slender bodies and huge dark eyes.

222

00:22:54,000 --> 00:22:59,000

The humanoid shapes are uncannily familiar to UFO researchers.

223

00:22:59,000 --> 00:23:01,000

The eyes are grey.

224

00:23:02,000 --> 00:23:08,000

The classic short humanoids that have been described by eyewitnesses since at least the 1960s.

225

00:23:09,000 --> 00:23:18,000

The characteristics of these two large-headed beings corresponds to something called type 2 ebis,

226

00:23:18,000 --> 00:23:26,000

that is extraterrestrial biological entities, according to a document which is purported to have been issued

227

00:23:26,000 --> 00:23:30,000

by a special group called Majestic 12.

228

00:23:31,000 --> 00:23:39,000

Majestic 12 allegedly was established by the US government to handle the recovery of materials, objects and biological matter,

229

00:23:39,000 --> 00:23:42,000

living or dead, of extraterrestrial origin.

230

00:23:43,000 --> 00:23:50,000

And Mario interprets the video as showing these supposed aliens engaged in a chilling procedure.

231

00:23:50,000 --> 00:23:55,000

The figures appear to be in constant movement, interacting with each other.

232

00:23:55,000 --> 00:24:00,000

And they seem to be potentially manipulating another figure laid out in front of them.

233

00:24:01,000 --> 00:24:08,000

What he appears to uncover is one of the most troubling aspects of the phenomenon, human abduction.

234

00:24:10,000 --> 00:24:17,000

And as Mario examines the video further, it seems to reveal an even weirder and darker secret.

235

00:24:17,000 --> 00:24:25,000

It also detects a third being and this one appears to be more insectoid, something like a praying mantis.

236

00:24:26,000 --> 00:24:35,000

In numerous extraterrestrial reports, abductees also report witnessing large mantis-like creatures aboard the craft.

237

00:24:36,000 --> 00:24:40,000

Could this be real footage of these fabled creatures?

238

00:24:41,000 --> 00:24:51,000

Professor Gary Nolan of Stanford University says it's possible that the classic humanoid grey aliens are really some kind of biological robot,

239

00:24:51,000 --> 00:25:00,000

purposefully designed to look like us, while their controllers, who are the real aliens, stay hidden from our sight.

240

00:25:01,000 --> 00:25:08,000

But there are reasons to be cautious when presented with apparent video evidence of aliens from

extraterrestrial craft.

241

00:25:08,000 --> 00:25:20,000

There's the famous alien autopsy tape, which purports to show three government medical staff conducting an autopsy on the very pale body of an extraterrestrial

242

00:25:20,000 --> 00:25:26,000

that had been taken to the Roswell facility after crashing to Earth in 1947.

243

00:25:26,000 --> 00:25:32,000

Now that tape emerged in 1995 and sparked a huge amount of debate.

244

00:25:33,000 --> 00:25:41,000

And in 2018, filmmaker Spiros Milaris came forward and said he had faked it.

245

00:25:44,000 --> 00:25:55,000

And around the same time as Mario's video analysis purporting to show aliens was produced, a rival theory emerged that put the entire Kumbagas video into doubt.

246

00:25:56,000 --> 00:26:05,000

Maybe the recording wasn't a hoax, but a case of mistaken identity. What we were really seeing was

some kind of boat.

247

00:26:05,000 --> 00:26:14,000

Captain Alejandro Franz, who is a UAP investigator, proposed an alternative theory on his website in 2010.

248

00:26:15,000 --> 00:26:29,000

By imposing images of cruise ships over the footage from the 13th of May 2009, he argues that what we're actually seeing is the top deck of a cruise ship, and the rest of the ship is hidden behind the horizon.

249

00:26:30,000 --> 00:26:33,000

But something doesn't make sense with this theory.

250

00:26:34,000 --> 00:26:41,000

AIS, automatic identification system, is a short-range tracking system used in ships.

251

00:26:41,000 --> 00:26:47,000

It's used to identify ships, help in search and rescue operations, and exchange information.

252

00:26:47,000 --> 00:26:57,000

All passenger ships, regardless of size, must be fitted with it, and it cannot be turned off except in very exceptional circumstances.

253

00:26:58,000 --> 00:27:09,000

According to AIS data from the 13th of May 2009, between 2 a.m. and 4 a.m., there were no ships reported in the vicinity.

254

00:27:11,000 --> 00:27:18,000

And even if its AIS is off, any ship at sea should be illuminated at night.

255

00:27:19,000 --> 00:27:23,000

The object in the video often appears lit purely by moonlight.

256

00:27:24,000 --> 00:27:32,000

To this day, no plausible explanation has been offered for what we're seeing in the Cumbagas case.

257

00:27:33,000 --> 00:27:41,000

Why is everybody not talking about this? I mean, surely this is strong evidence for the existence of extraterrestrial life.

258

00:27:41,000 --> 00:27:49,000

The US government right now is not very willing to discuss the idea or notion of occupants inside this crap.

259

00:27:50,000 --> 00:27:59,000

The Cumbagas videos remain compelling, but while some authorities around the globe now publicly accept that UFOs are real,

260

00:27:59,000 --> 00:28:05,000

the nature of the intelligence that controls them remains a subject that's out of bounds.

261

00:28:05,000 --> 00:28:09,000

Our sub-Illeworlds government's trying to keep it under wraps.

262

00:28:10,000 --> 00:28:16,000

Mars, the fourth planet from the sun.

263

00:28:17,000 --> 00:28:20,000

May the 7th, 2022.

264

00:28:21,000 --> 00:28:29,000

The Curiosity rover, a robotic probe sent by NASA, is on day 3466 of its exploratory mission on the

red planet.

265

00:28:30,000 --> 00:28:37,000

As it makes its way across the barren lands of the Cumbagas,

266

00:28:37,000 --> 00:28:43,000

the rover takes photos using its on-board, masked camera.

267

00:28:44,000 --> 00:28:52,000

The rover focuses on a mound of rock known as the East Cliffs, and when it snaps, something incredible appears.

268

00:28:53,000 --> 00:29:02,000

In the corner of the image, amongst the rounded contours of the weathered Martian landscape, is a strangely angular architectural shape.

269

00:29:03,000 --> 00:29:09,000

It does look like some sort of constructed opening, a doorway, but a doorway to what?

270

00:29:09,000 --> 00:29:15,000

Could Martians be the source of strange UFO activity on Earth after all?

271

00:29:16,000 --> 00:29:22,000

This isn't the first time supposed signs of life have been discovered on the red planet.

272

00:29:23,000 --> 00:29:28,000

In 1877, Giovanni Schiaparelli, the director of the Brera Observatory in Milan,

273

00:29:28,000 --> 00:29:35,000

observed what he thought looked like a formation of channels crisscrossing the Martian landscape.

274

00:29:36,000 --> 00:29:42,000

He named these canali, which should be translated as channels. However, they were mistranslated as canals.

275

00:29:43,000 --> 00:29:54,000

In 1894, American astronomer Percival Lowell mapped hundreds of these canals, believing they were artificial waterways created by intelligent Martians.

276

00:29:55,000 --> 00:30:00,000

These turned out to be nothing but optical illusions.

277

00:30:01,000 --> 00:30:07,000

But in the 1970s, excitement was rekindled as mankind sent its first mission to Mars.

278

00:30:08,000 --> 00:30:18,000

In 1975, the Viking probes set out on their 34 million mile journey, and the next year, the orbiter began returning global images of the red planet.

279

00:30:19,000 --> 00:30:27,000

On July 20, 1976, they actually landed a robot craft on the planet's surface.

280

00:30:28,000 --> 00:30:41,000

They sent back blurry, but eerie pictures of what seemed to be pyramidal structures and disintegrated city, mostly clustered around the Sidonia area of the planet.

281

00:30:42,000 --> 00:30:48,000

One of the most famous photos taken was the so-called Face on Mars.

282

00:30:49,000 --> 00:30:59,000

NASA dismissed this as another optical illusion, but the weirdness continues upon Mars' moon, Phobos, which orbits the planet every seven hours.

283

00:31:00,000 --> 00:31:09,000

In 1998, an image of an apparent monolith casting an enormous shadow across Phobos was captured by the Mars Global Surveyor.

284

00:31:10,000 --> 00:31:20,000

Buzz Aldrin, the second man to walk on Earth's moon, claimed the bizarre angular feature was some kind of puzzle placed here to test humanity.

285

00:31:21,000 --> 00:31:31,000

It was the subject of intense speculation on the origins and purpose of potential artificial structures on the red planet.

286

00:31:32,000 --> 00:31:46,000

Could Mars support life? The red planet, like Earth, has seasons, polar ice caps, complex weather systems and volcanoes that could have pumped life-supporting chemicals into the atmosphere.

287

00:31:47,000 --> 00:31:57,000

Images from the Mars orbiter seem to show geological features typically sculpted over time by the action of large volumes of water.

288

00:31:57,000 --> 00:32:08,000

Enormous river valleys were found in many areas, and in the southern hemisphere, a network of streams suggesting that rain might have once fallen.

289

00:32:09,000 --> 00:32:17,000

As the saying goes, where there's water, there's life. Could civilization have once existed on Mars?

290

00:32:18,000 --> 00:32:25,000

One former NASA physicist certainly thinks it's possible, but that civilization was wiped out.

291

00:32:27,000 --> 00:32:35,000

Dr. John Brandenburg believes the red planet suffered a catastrophic extinction event, but not through any natural causes.

292

00:32:36,000 --> 00:32:45,000

The evidence comes from nearly 50 years after Voyager, when a mobile Martian probe touched down on the surface of the planet for the first time.

293

00:32:46,000 --> 00:32:58,000

The Curiosity rover landed on Mars in 2012 and analyzed its chemical composition. It found a significant amount of a radioactive isotope known as Xenon-129.

294

00:32:59,000 --> 00:33:06,000

This was a particularly puzzling discovery because Xenon-129 is a byproduct of nuclear explosions.

295

00:33:08,000 --> 00:33:12,000

The man from NASA drew a dramatic conclusion from the findings.

296

00:33:13,000 --> 00:33:23,000

Brandenburg believes that the isotopic evidence on Mars points to nuclear explosions some 300 million years ago.

297

00:33:24,000 --> 00:33:30,000

There are two hotspots in the northern hemisphere where radiation levels are higher than anywhere else on the planet.

298

00:33:31,000 --> 00:33:38,000

And the lack of visible craters at the site seemed to indicate that the explosions happened at mid-air above the surface.

299

00:33:39,000 --> 00:33:47,000

Nuclear air blasts were the type of detonations that flattened Hiroshima and Nagasaki in World War II.

300

00:33:48,000 --> 00:33:56,000

And on Mars, Dr. Brandenburg suggests an alien intelligence may have used them to even more

devastating effect.

301

00:33:57,000 --> 00:34:02,000

Could their weapons have wiped out civilization and destroyed the biosphere?

302

00:34:03,000 --> 00:34:10,000

Anomalies in the landscape could be interpreted as scattered relics that survived an alien Armageddon.

303

00:34:15,000 --> 00:34:19,000

But this doorway into the rock looks like an entrance to a bunker.

304

00:34:20,000 --> 00:34:27,000

Could it be that life continues on Mars, albeit not on the arid surface, but deep below?

305

00:34:28,000 --> 00:34:37,000

Could this photograph of what seems like a door on the surface of Mars actually be an entryway into a base?

306

00:34:39,000 --> 00:34:46,000

But experts believe the regular lines of the shape apparently carved in the Martian rock are

misleading.

307

00:34:47,000 --> 00:34:54,000

Some geologists say the door in the photograph is just an example of rock shear, a no natural process.

308

00:34:54,000 --> 00:35:00,000

An analysis of the scale of the feature also casts doubt on its presence as a doorway.

309

00:35:00,000 --> 00:35:08,000

If this is a door, it's a very small door. It's only about 30 centimeters tall and about 40 centimeters wide.

310

00:35:09,000 --> 00:35:13,000

So it's really only big enough for maybe a small dog to fit through.

311

00:35:14,000 --> 00:35:22,000

Mars may or may not have had indigenous life on it in the past, but its status as an Earth-like planet

312

00:35:22,000 --> 00:35:29,000

so comparatively close to our own world might make it attractive to explore us from further afield.

313

00:35:30,000 --> 00:35:35,000

Perhaps smaller in stature for whom this opening is the perfect size.

314

00:35:37,000 --> 00:35:46,000

Let's suppose that these UFOs are of extraterrestrial origin, then it would make perfect sense for them to have their base on a nearby planet.

315

00:35:53,000 --> 00:35:58,000

May 31, 2022.

316

00:35:59,000 --> 00:36:01,000

Mugeant, southern France.

317

00:36:02,000 --> 00:36:10,000

A mysterious flying object appears overhead and an eyewitness video seems to show it constantly changing shape.

318

00:36:11,000 --> 00:36:15,000

UAP moves very strangely, not like a man-made craft.

319

00:36:15,000 --> 00:36:30,000

For some, there is a strange beauty to the shape-shifting object, but others fear it could signal a return to terrifying recent events that they believe are linked to UFOs.

320

00:36:31,000 --> 00:36:35,000

Like the horrifying report from western France, nine months earlier.

321

00:36:36,000 --> 00:36:43,000

Melanie Sedan-Habour, a stunt farmer, had found one of her foals dead.

322

00:36:44,000 --> 00:36:49,000

The right eye and right ear had been rather gruesomely removed.

323

00:36:50,000 --> 00:36:57,000

Reports said that the foal corpse had been dragged through the grass and the blood was still fresh when it was found.

324

00:36:58,000 --> 00:37:02,000

Melanie claims that the French police told her not to publicly say what had happened to her foal.

325

00:37:03,000 --> 00:37:10,000

Melanie's case was just one of multiple French horse mutilations over the course of three years.

326

00:37:11,000 --> 00:37:22,000

And the belief that they are connected to UFOs stems from an incident in January 2020 when the sighting of something strange in the skies was followed by a gruesome discovery.

327

00:37:23,000 --> 00:37:28,000

Pauline Sarazanne found her beloved horse, Lady, dying in a field.

328

00:37:29,000 --> 00:37:34,000

Lady's ear had been cut off and some of the skin on the horse's face had been peeled away.

329

00:37:35,000 --> 00:37:36,000

She called the police immediately.

330

00:37:37,000 --> 00:37:42,000

Since then, nearly 500 animal mutilations have been reported in France.

331

00:37:43,000 --> 00:37:46,000

Animals have had ears cut off and their eyes gouged out.

332

00:37:46,000 --> 00:37:53,000

Sex organs mutilated, parts of bone missing, blood drained, organs removed.

333

00:37:54,000 --> 00:38:02,000

French police described the particular cruelty and savagery of these attacks which they had rarely seen before.

334

00:38:04,000 --> 00:38:13,000

As UFO sightings and mutilation cases increased, the French Ministry of Agriculture ordered the authorities to act.

335

00:38:14,000 --> 00:38:22,000

The French police have opened over 150 investigations into these attacks and they're taking them very seriously.

336

00:38:23,000 --> 00:38:35,000

After one recent incident, a 40-member team of gendarmes, that's a military force within law enforcement in France, investigated, backed up by police dogs and a helicopter.

337

00:38:36,000 --> 00:38:38,000

But nothing was found of significance.

338

00:38:38,000 --> 00:38:50,000

But while there seems to be a connection between the mutilations and UFOs, it's possible these unfortunate animals fell victim to a predator from Earth.

339

00:38:51,000 --> 00:39:02,000

Wolves have been migrating to France in their hundreds since the 1990s from the Alsace-Lorraine region between France and Germany and the Italian Alps.

340

00:39:03,000 --> 00:39:06,000

And it's not just large creatures that eat livestock.

341

00:39:07,000 --> 00:39:18,000

Once dead, small scavengers like birds or insects attack the soft areas, eyes, lips and anus, which are often reported to be removed in mutilation cases.

342

00:39:20,000 --> 00:39:25,000

But government investigators have found clues that seem to undermine a natural explanation.

343

00:39:26,000 --> 00:39:30,000

The incisions seem to have been made with a sharp, clean instrument.

344

00:39:30,000 --> 00:39:37,000

And as Julien Denormandie, the French agricultural minister says, there's a level of professionalism, a certain level of technique.

345

00:39:38,000 --> 00:39:40,000

Wild animals don't attack like that.

346

00:39:41,000 --> 00:39:48,000

The precision suggests an intelligence behind the attacks. If it's human, the purpose seems perverse.

347

00:39:49,000 --> 00:39:57,000

The French police and the public have speculated that these might be part of some kind of satanic ritual or rite or maybe some kind of cult.

348

00:39:57,000 --> 00:40:03,000

Some think that it could be a kind of horrible internet challenge, some kind of grim trophy hunt.

349

00:40:04,000 --> 00:40:13,000

But France's anti-sect agency, La Muvirlude, has found no evidence of satanic rituals, of cult activity or of a dark web challenge.

350

00:40:14,000 --> 00:40:21,000

What's worrying about this is that cruelty to animals is often a precursor to cruelty to humans.

351

00:40:22,000 --> 00:40:28,000

Investigators looking for answers cast their net beyond Europe in the search for an explanation.

352

00:40:29,000 --> 00:40:32,000

And what they find is chilling.

353

00:40:33,000 --> 00:40:41,000

There seems to be quite a bit of overlap between UAP sightings and animal mutilations of this kind across the globe.

354

00:40:42,000 --> 00:40:52,000

In 2021, around the same time as the mutilations in France hit their peak, there were reports of eerily similar incidents in rural America.

355

00:40:53,000 --> 00:41:02,000

Cattle ranchers in Oregon reported several dead, mutilated cattle in their fields. Oftentimes, the carcasses were completely drained of blood.

356

00:41:03,000 --> 00:41:07,000

And these are not isolated incidents.

357

00:41:08,000 --> 00:41:14,000

America has a long history of mysteriously mutilated livestock, apparently linked to UFOs.

358

00:41:15,000 --> 00:41:20,000

And again, investigators report telltale clues that rule out attacks by other animals.

359

00:41:21,000 --> 00:41:26,000

What we're seeing are very precision effects on a biological organism.

360

00:41:26,000 --> 00:41:38,000

And that is being recorded by trained veterinarians, in some cases US Department of Agriculture representatives, looking at these particular bovine samples.

361

00:41:39,000 --> 00:41:44,000

He said it was predators doing it, but that definitely wasn't a predator wound there.

362

00:41:44,000 --> 00:41:58,000

There's no tissue vitrification. In essence, the tissue has been instantly cauterized by some sort of unknown source, which stops or minimizes bleeding altogether.

363

00:41:59,000 --> 00:42:02,000

And furthermore, only certain organs have been harvested.

364

00:42:03,000 --> 00:42:12,000

There were no animal or human tracks leading away from the corpse. So that would imply that there's no human or animal involvement. What could be making this happen?

365

00:42:12,000 --> 00:42:16,000

Looks like a real incised wound. The ground looks as definitely cut.

366

00:42:18,000 --> 00:42:25,000

As in France, the American animal killings never produced any convictions, nor any convincing earthly suspects.

367

00:42:26,000 --> 00:42:34,000

Also, as in France, the animal killings tended to coincide with UAP sightings. This was not lost on investigators.

368

00:42:35,000 --> 00:42:49,000

In one incident in New Mexico in 1976, police followed up reports of a cattle mutilation occurring around the same time as an unidentified bright orange object appeared in the sky.

369

00:42:50,000 --> 00:42:55,000

And they found physical evidence that seemed to compellingly link the two events.

370

00:42:55,000 --> 00:43:08,000

Officer Gabe Valdez commented on triangular pod marks found around the mutilated body. There was also scorched grass and an oily substance that the lab couldn't identify.

371

00:43:09,000 --> 00:43:22,000

72 hours later, Valdez had scientists check the radiation levels in the area, and they found that they were twice as high as expected. Several people who visited the mutilation sites complained of nausea and headaches.

372

00:43:26,000 --> 00:43:35,000

These baffling events on both sides of the Atlantic hint at a sophisticated and sinister coordinated global program.

373

00:43:39,000 --> 00:43:52,000

For many, the strange sightings, the radiation, the scorched earth, the lack of any suspects meant that these animal mutilations were being carried out by extraterrestrials.

374

00:43:53,000 --> 00:44:02,000

An American government investigation from 1979 found over 10,000 cattle had been reported mutilated in the United States alone.

375

00:44:03,000 --> 00:44:12,000

The sheer number of cases suggests a vast and systematic program undertaken for reasons that are difficult to rationally explain.

376

00:44:13,000 --> 00:44:16,000

Why on earth would extraterrestrials be interested in animals?

377

00:44:17,000 --> 00:44:33,000

Might the motivation be counter-intuitively fairly human? Could extraterrestrials be interested in non-human organs for medical research? Could it be that cattle organs are closer to theirs than human organs?

378

00:44:34,000 --> 00:44:44,000

Xenotransplantation is the increasingly popular procedure of using non-human animal tissue or organs in human bodies. Think pig hearts, for example.

379

00:44:46,000 --> 00:44:49,000

Or maybe there's a different scientific motivation at play.

380

00:44:51,000 --> 00:45:05,000

Could planet Earth be a giant curiosity project for extraterrestrials? Are they zoologists who are conducting all kinds of experiments on animals to expand their range of knowledge?

381

00:45:05,000 --> 00:45:17,000

Either way, farmers around the world hope a means can be found to stop whoever, or whatever, is behind these cruel attacks.
