PODCASTING PLATFORM

1
00:00:02,790 --> 00:00:09,110

[Music]

2
00:00:13,509 --> 00:00:11,110

hello and welcome to the second edition

3
00:00:14,950 --> 00:00:13,519

of the point of convergence podcast

4
00:00:17,029 --> 00:00:14,960

this week we're going to be talking

5
00:00:19,349 --> 00:00:17,039

about richard dolan's new book

6
00:00:22,550 --> 00:00:19,359

titled the alien agendas a speculative

7
00:00:24,150 --> 00:00:22,560

analysis of those visiting earth

8
00:00:26,630 --> 00:00:24,160

for those of you not so familiar with

9
00:00:28,390 --> 00:00:26,640

richard he's been a major figure in

10
00:00:31,669 --> 00:00:28,400

ufology for decades now

11
00:00:33,910 --> 00:00:31,679

ever since the 90s when he discovered

12
00:00:35,750 --> 00:00:33,920

sort of by accident that ufos seemed to

13
00:00:36,950 --> 00:00:35,760

be a part of us history

14

00:00:39,190 --> 00:00:36,960

even though it wasn't officially

15

00:00:40,389 --> 00:00:39,200

acknowledged so he began a decades-long

16

00:00:41,750 --> 00:00:40,399

journey into

17

00:00:44,549 --> 00:00:41,760

trying to see that acknowledgement

18

00:00:46,229 --> 00:00:44,559

happen only in more recent years has he

19

00:00:47,910 --> 00:00:46,239

really delved into the

20

00:00:49,350 --> 00:00:47,920

question of what intelligence or

21

00:00:52,470 --> 00:00:49,360

intelligences

22

00:00:53,990 --> 00:00:52,480

might be behind these ufos and

23

00:00:56,389 --> 00:00:54,000

this leads him to this book where he

24

00:00:59,349 --> 00:00:56,399

actually uh does some speculation about

25

00:01:00,709 --> 00:00:59,359

who might be involved

26

00:01:02,790 --> 00:01:00,719

now there are six groups that he

27

00:01:03,990 --> 00:01:02,800

identifies in this book we'll be going

28

00:01:06,710 --> 00:01:04,000

through each one of them

29

00:01:07,590 --> 00:01:06,720

discuss what the group is like what the

30

00:01:10,950 --> 00:01:07,600

evidence suggests

31

00:01:11,990 --> 00:01:10,960

might be their agenda etc the first

32

00:01:15,510 --> 00:01:12,000

group is

33

00:01:17,670 --> 00:01:15,520

an ancient and advanced human group so

34

00:01:19,830 --> 00:01:17,680

that's actually comprised of two groups

35

00:01:21,749 --> 00:01:19,840

a species that visited the earth

36

00:01:23,350 --> 00:01:21,759

a long time ago or perhaps was already

37

00:01:24,390 --> 00:01:23,360

here that's something we'll address

38

00:01:27,749 --> 00:01:24,400

later

39

00:01:29,510 --> 00:01:27,759

and then some modification they did to

40

00:01:31,270 --> 00:01:29,520

those humans at that time

41

00:01:33,749 --> 00:01:31,280

and so now the group might be comprised

42

00:01:35,830 --> 00:01:33,759

of this initial alien species as well as

43

00:01:39,590 --> 00:01:35,840

some humans who were engineered

44

00:01:43,270 --> 00:01:39,600

back then the second group is the mantid

45

00:01:45,510 --> 00:01:43,280

slash gray group and this would involve

46

00:01:47,749 --> 00:01:45,520

not only the mantids but also the short

47

00:01:49,670 --> 00:01:47,759

grays and the tall grays

48

00:01:51,109 --> 00:01:49,680

the third group he identifies is the

49

00:01:53,590 --> 00:01:51,119

reptilian group

50

00:01:55,350 --> 00:01:53,600

those are the large lizard-like looking

51
00:01:57,109 --> 00:01:55,360
creatures that are quite imposing for

52
00:01:59,830 --> 00:01:57,119
many people

53
00:02:02,469 --> 00:01:59,840
the fourth group is less talked about he

54
00:02:04,630 --> 00:02:02,479
refers them as evens

55
00:02:05,990 --> 00:02:04,640
and these are a separate short humanoid

56
00:02:07,510 --> 00:02:06,000
group

57
00:02:09,270 --> 00:02:07,520
he also identifies one or more

58
00:02:11,029 --> 00:02:09,280
additional groups that's sort of like

59
00:02:12,630 --> 00:02:11,039
everyone else that we haven't addressed

60
00:02:14,229 --> 00:02:12,640
already that some of the

61
00:02:16,150 --> 00:02:14,239
evidence seems to suggest there are some

62
00:02:18,309 --> 00:02:16,160
other groups involved as well

63
00:02:19,990 --> 00:02:18,319

and number six is the potential

64

00:02:22,869 --> 00:02:20,000

trickster intelligence

65

00:02:28,150 --> 00:02:22,879

like what we might discuss around

66

00:02:32,949 --> 00:02:29,990

so let's start with the first one an

67

00:02:35,430 --> 00:02:32,959

ancient and advanced human group

68

00:02:37,190 --> 00:02:35,440

now richard writes in terms of attitude

69

00:02:39,430 --> 00:02:37,200

and actions there doesn't appear to be

70

00:02:41,270 --> 00:02:39,440

any hostility coming from this group

71

00:02:42,949 --> 00:02:41,280

the approach seems to have been to

72

00:02:46,630 --> 00:02:42,959

standoffishly monitor

73

00:02:48,470 --> 00:02:46,640

human activity and here richard

74

00:02:50,630 --> 00:02:48,480

points to the outstanding work of

75

00:02:51,270 --> 00:02:50,640

someone named dr colleen clements who

76

00:02:54,150 --> 00:02:51,280

has since

77

00:02:55,910 --> 00:02:54,160

passed she was a friend of richards for

78

00:02:57,509 --> 00:02:55,920

about a decade i think

79

00:03:00,229 --> 00:02:57,519

she worked both at the university of

80

00:03:01,430 --> 00:03:00,239

rochester and the rochester institute of

81

00:03:05,030 --> 00:03:01,440

technology

82

00:03:07,910 --> 00:03:05,040

and this is what richard says about her

83

00:03:09,910 --> 00:03:07,920

quote dr colleen clements argued that

84

00:03:12,949 --> 00:03:09,920

humans are a hybrid race

85

00:03:14,350 --> 00:03:12,959

our species she suggested was probably

86

00:03:15,830 --> 00:03:14,360

genetically enhanced by

87

00:03:18,790 --> 00:03:15,840

extraterrestrials

88

00:03:20,790 --> 00:03:18,800

sometime around 40 thousand years ago

89

00:03:22,790 --> 00:03:20,800

she based her case on several factors

90

00:03:24,149 --> 00:03:22,800

the two most prominent being genetic and

91

00:03:25,910 --> 00:03:24,159

mythological

92

00:03:27,910 --> 00:03:25,920

the genetic argument comes down to

93

00:03:30,390 --> 00:03:27,920

something known as the d allele

94

00:03:32,309 --> 00:03:30,400

of our microcephaly gene the

95

00:03:34,630 --> 00:03:32,319

microcephaly gene turns out to be

96

00:03:35,910 --> 00:03:34,640

crucial for the development and size of

97

00:03:37,670 --> 00:03:35,920

our brain

98

00:03:39,910 --> 00:03:37,680

genes have parts of them known as

99

00:03:41,509 --> 00:03:39,920

alleles and the particular allele known

100

00:03:43,670 --> 00:03:41,519

as the deal allele

101
00:03:45,589 --> 00:03:43,680
of that gene is very important to our

102
00:03:48,630 --> 00:03:45,599
story to the story of modern human

103
00:03:53,030 --> 00:03:50,949
so let me touch uh on the high points of

104
00:03:54,710 --> 00:03:53,040
this hypothesis

105
00:03:57,030 --> 00:03:54,720
the idea is that at some point

106
00:03:57,910 --> 00:03:57,040
interbreeding was responsible for this d

107
00:04:01,110 --> 00:03:57,920
allele

108
00:04:03,910 --> 00:04:01,120
uh that is so key to our modern brain

109
00:04:05,350 --> 00:04:03,920
and our ability to learn to extrapolate

110
00:04:07,190 --> 00:04:05,360
to create

111
00:04:08,470 --> 00:04:07,200
is really it's really focused on this

112
00:04:10,630 --> 00:04:08,480
particular gene

113
00:04:11,750 --> 00:04:10,640

which came into our species at some

114

00:04:14,470 --> 00:04:11,760

point again

115

00:04:14,869 --> 00:04:14,480

it varies exactly when could be as few

116

00:04:18,150 --> 00:04:14,879

as

117

00:04:18,949 --> 00:04:18,160

10 12 000 years ago up to 50 000 years

118

00:04:20,870 --> 00:04:18,959

ago

119

00:04:22,790 --> 00:04:20,880

uh there seems to be evidence that 40

120

00:04:25,670 --> 00:04:22,800

000 is a fair number to pick

121

00:04:26,070 --> 00:04:25,680

and that's what richard does um and so

122

00:04:27,830 --> 00:04:26,080

if

123

00:04:29,189 --> 00:04:27,840

interbreeding is responsible for this

124

00:04:31,189 --> 00:04:29,199

gene the question is

125

00:04:32,550 --> 00:04:31,199

where does this come from where do we

126

00:04:34,710 --> 00:04:32,560

inherit this from

127

00:04:36,469 --> 00:04:34,720

and initially the thoughts were it would

128

00:04:38,230 --> 00:04:36,479

be either the neanderthals

129

00:04:39,990 --> 00:04:38,240

or a group that was later identified

130

00:04:43,909 --> 00:04:40,000

around 2008 which is

131

00:04:47,430 --> 00:04:43,919

the denisovians what's interesting is

132

00:04:50,950 --> 00:04:47,440

uh so far we have not found that

133

00:04:52,230 --> 00:04:50,960

gene uh in either of those groups um

134

00:04:55,110 --> 00:04:52,240

and there's been a lot of work done on

135

00:04:55,749 --> 00:04:55,120

both of them and yet we have not found

136

00:04:57,590 --> 00:04:55,759

that there

137

00:04:59,510 --> 00:04:57,600

so that means perhaps it didn't come

138

00:05:01,029 --> 00:04:59,520

from there and if that's the case it

139

00:05:03,990 --> 00:05:01,039

comes from somewhere else

140

00:05:05,990 --> 00:05:04,000

so perhaps there's a fourth human group

141

00:05:08,070 --> 00:05:06,000

that has not been identified yet

142

00:05:10,310 --> 00:05:08,080

but what dr colleen clemens is

143

00:05:12,790 --> 00:05:10,320

suggesting and hypothesizing is this

144

00:05:14,390 --> 00:05:12,800

could be an extraterrestrial source

145

00:05:17,430 --> 00:05:14,400

and that this happened about 40 000

146

00:05:19,189 --> 00:05:17,440

years ago so that's the genetic part

147

00:05:22,230 --> 00:05:19,199

notice we also said key to this

148

00:05:25,749 --> 00:05:22,240

hypothesis is the mythological component

149

00:05:27,430 --> 00:05:25,759

this is what this is about so even prior

150

00:05:29,590 --> 00:05:27,440

to the gilgamesh much

151
00:05:30,629 --> 00:05:29,600
epic much older than that there was a

152
00:05:33,830 --> 00:05:30,639
mongolian

153
00:05:36,870 --> 00:05:33,840
uh truth story a creation story

154
00:05:40,950 --> 00:05:36,880
about a skydiver god known as air leak

155
00:05:43,110 --> 00:05:40,960
khan and the idea is that this

156
00:05:46,230 --> 00:05:43,120
figure a god-like figure came from the

157
00:05:49,029 --> 00:05:46,240
sky and was responsible for

158
00:05:51,029 --> 00:05:49,039
this gift to human beings and so that

159
00:05:53,350 --> 00:05:51,039
might be the mythological

160
00:05:54,469 --> 00:05:53,360
interpretation of this event that

161
00:05:57,909 --> 00:05:54,479
actually happened

162
00:06:02,070 --> 00:05:59,749
let's move on to the second major group

163
00:06:04,870 --> 00:06:02,080

that richard identifies in his book

164

00:06:05,430 --> 00:06:04,880

the alien agendas this is the mantid

165

00:06:08,550 --> 00:06:05,440

slash

166

00:06:09,830 --> 00:06:08,560

grey group and interestingly richard has

167

00:06:11,110 --> 00:06:09,840

grouped these together and there's a

168

00:06:13,029 --> 00:06:11,120

reason for that

169

00:06:15,189 --> 00:06:13,039

he he sees the evidence of suggesting

170

00:06:18,070 --> 00:06:15,199

these groups actually do work together

171

00:06:19,110 --> 00:06:18,080

and so their agenda therefore is uh in

172

00:06:21,029 --> 00:06:19,120

common

173

00:06:23,270 --> 00:06:21,039

this is what richard has to say about

174

00:06:24,390 --> 00:06:23,280

the mantid slash grey group and just to

175

00:06:26,629 --> 00:06:24,400

be clear too

176

00:06:28,710 --> 00:06:26,639

the manta group are the large like

177

00:06:31,189 --> 00:06:28,720

praying mantis type looking

178

00:06:32,950 --> 00:06:31,199

insectoid uh they can be seven eight

179

00:06:33,430 --> 00:06:32,960

feet tall but they look basically like

180

00:06:35,590 --> 00:06:33,440

large

181

00:06:37,029 --> 00:06:35,600

insects and the grays of course we're

182

00:06:39,510 --> 00:06:37,039

all familiar with

183

00:06:41,830 --> 00:06:39,520

kind of the gray grayish palette of skin

184

00:06:43,830 --> 00:06:41,840

the large black wrap around eyes

185

00:06:45,189 --> 00:06:43,840

sometimes the reporter is being small

186

00:06:46,870 --> 00:06:45,199

and that group is known sort of as a

187

00:06:48,230 --> 00:06:46,880

subgroup as a small graze and then we

188

00:06:51,430 --> 00:06:48,240

have the tall graves

189

00:06:53,350 --> 00:06:51,440

who often look to be in charge this is

190

00:06:56,550 --> 00:06:53,360

what richard has to say

191

00:06:57,350 --> 00:06:56,560

this group seems interplanetary and to

192

00:06:59,830 --> 00:06:57,360

have arrived

193

00:07:00,950 --> 00:06:59,840

recently in our history their appearance

194

00:07:03,749 --> 00:07:00,960

is too different

195

00:07:05,670 --> 00:07:03,759

as are their behaviors and psychology

196

00:07:08,309 --> 00:07:05,680

also their technology and science

197

00:07:10,070 --> 00:07:08,319

seems to be orders of magnitude beyond

198

00:07:11,510 --> 00:07:10,080

what we have been able to contemplate in

199

00:07:13,110 --> 00:07:11,520

our own society

200

00:07:15,430 --> 00:07:13,120

and there are indications it might be

201
00:07:16,790 --> 00:07:15,440
beyond the advanced human group that is

202
00:07:19,270 --> 00:07:16,800
here as well

203
00:07:20,150 --> 00:07:19,280
although that is not a sure thing by

204
00:07:22,150 --> 00:07:20,160
their actions

205
00:07:24,390 --> 00:07:22,160
especially the secret operation of

206
00:07:25,909 --> 00:07:24,400
abduction and hybridization

207
00:07:28,230 --> 00:07:25,919
this group has to be considered

208
00:07:29,990 --> 00:07:28,240
dangerous some researchers don't see

209
00:07:32,390 --> 00:07:30,000
this group as malevolent

210
00:07:34,070 --> 00:07:32,400
but any group that engages in a massive

211
00:07:35,110 --> 00:07:34,080
program with such a degree of deep

212
00:07:36,870 --> 00:07:35,120
secrecy

213
00:07:39,510 --> 00:07:36,880

should cause rational people to be

214

00:07:41,749 --> 00:07:39,520

suspicious at the very least

215

00:07:44,469 --> 00:07:41,759

richard continues but these actions or

216

00:07:46,550 --> 00:07:44,479

by these actions the mantid slash grey

217

00:07:48,469 --> 00:07:46,560

group appears to be opportunistically

218

00:07:50,550 --> 00:07:48,479

trying to influence a world

219

00:07:51,990 --> 00:07:50,560

that is developing scientifically at an

220

00:07:54,550 --> 00:07:52,000

exponential rate

221

00:07:56,070 --> 00:07:54,560

at least currently that's an easy

222

00:07:58,390 --> 00:07:56,080

motivation to understand

223

00:07:59,990 --> 00:07:58,400

whether it be for profit in some way or

224

00:08:01,029 --> 00:08:00,000

simply as a perceived measure of

225

00:08:02,629 --> 00:08:01,039

self-defense

226

00:08:04,070 --> 00:08:02,639

from a volatile and potentially

227

00:08:06,070 --> 00:08:04,080

dangerous species

228

00:08:07,189 --> 00:08:06,080

he's referring to us there and he

229

00:08:09,029 --> 00:08:07,199

continues

230

00:08:10,469 --> 00:08:09,039

this group has been able to act with

231

00:08:12,230 --> 00:08:10,479

complete security

232

00:08:14,629 --> 00:08:12,240

world government's most critically the

233

00:08:16,550 --> 00:08:14,639

united states have knowledge of them

234

00:08:18,070 --> 00:08:16,560

and even probably know the location of

235

00:08:19,189 --> 00:08:18,080

at least some of their bases of

236

00:08:21,670 --> 00:08:19,199

operation

237

00:08:27,189 --> 00:08:21,680

yet as far as anyone can tell they do

238

00:08:29,029 --> 00:08:27,199

nothing about this

239

00:08:30,230 --> 00:08:29,039

now just to touch on something richard

240

00:08:32,550 --> 00:08:30,240

said here again

241

00:08:34,469 --> 00:08:32,560

quote he said some reachers don't see

242

00:08:36,389 --> 00:08:34,479

this group as malevolent but any group

243

00:08:38,469 --> 00:08:36,399

that engages in a massive program with

244

00:08:40,149 --> 00:08:38,479

such a degree of deep secrecy

245

00:08:42,949 --> 00:08:40,159

should cause rational people to be

246

00:08:45,190 --> 00:08:42,959

suspicious at the very least

247

00:08:46,310 --> 00:08:45,200

now i understand that that thinking that

248

00:08:47,990 --> 00:08:46,320

mentality

249

00:08:49,670 --> 00:08:48,000

i think it is rational in a way you can

250

00:08:51,590 --> 00:08:49,680

look at it that way

251
00:08:52,710 --> 00:08:51,600
but i also would argue that you could

252
00:08:54,710 --> 00:08:52,720
say rationally

253
00:08:55,750 --> 00:08:54,720
we are an incredibly self-destructive

254
00:08:57,829 --> 00:08:55,760
species

255
00:08:59,430 --> 00:08:57,839
and we pose a danger to ourselves and

256
00:09:00,870 --> 00:08:59,440
potentially to others and we'll touch on

257
00:09:02,470 --> 00:09:00,880
that later

258
00:09:03,910 --> 00:09:02,480
to a degree that we haven't in our

259
00:09:06,310 --> 00:09:03,920
history beforehand

260
00:09:07,910 --> 00:09:06,320
when we were using spears and clubs to

261
00:09:11,030 --> 00:09:07,920
attack each other

262
00:09:13,590 --> 00:09:11,040
you know we might wipe out a tribe

263
00:09:15,350 --> 00:09:13,600

or a few people from that tribe now we

264

00:09:19,350 --> 00:09:15,360

have thermonuclear weapons

265

00:09:21,750 --> 00:09:19,360

of uh just an absolutely insane degree

266

00:09:22,630 --> 00:09:21,760

that could blow up millions and millions

267

00:09:25,590 --> 00:09:22,640

of people

268

00:09:26,389 --> 00:09:25,600

and could cause nuclear winter and

269

00:09:28,470 --> 00:09:26,399

destroy

270

00:09:29,350 --> 00:09:28,480

much of the biosphere of the planet so

271

00:09:30,150 --> 00:09:29,360

when you look at it from that

272

00:09:32,470 --> 00:09:30,160

perspective

273

00:09:33,990 --> 00:09:32,480

we are such a danger that i think you

274

00:09:35,430 --> 00:09:34,000

could to some degree

275

00:09:37,670 --> 00:09:35,440

make the argument that it's a

276

00:09:41,750 --> 00:09:37,680

justifiable case of intervention

277

00:09:45,350 --> 00:09:43,910

so just to clarify i'm saying there's

278

00:09:46,230 --> 00:09:45,360

there's points on both sides of the

279

00:09:48,949 --> 00:09:46,240

argument

280

00:09:50,550 --> 00:09:48,959

and i think rationality lands on both

281

00:09:52,310 --> 00:09:50,560

sides of that argument as well

282

00:09:54,070 --> 00:09:52,320

we'll touch on that more later let's

283

00:09:54,710 --> 00:09:54,080

move on to the next group the third

284

00:09:57,110 --> 00:09:54,720

group that

285

00:09:58,230 --> 00:09:57,120

richard identifies as having a separate

286

00:10:00,550 --> 00:09:58,240

agenda

287

00:10:02,389 --> 00:10:00,560

this is the reptilian group and this is

288

00:10:04,710 --> 00:10:02,399

what richard has to say

289

00:10:06,790 --> 00:10:04,720

quote this is a hard group to figure out

290

00:10:09,269 --> 00:10:06,800

like the gray slash mantid group

291

00:10:09,829 --> 00:10:09,279

they seem to be recent arrivals and like

292

00:10:11,350 --> 00:10:09,839

them

293

00:10:13,190 --> 00:10:11,360

they have access to exceptional

294

00:10:14,710 --> 00:10:13,200

technology

295

00:10:17,350 --> 00:10:14,720

the experience of danny's bedroom

296

00:10:19,030 --> 00:10:17,360

encounter this is a reference that he

297

00:10:20,790 --> 00:10:19,040

makes in the book to someone who had an

298

00:10:23,910 --> 00:10:20,800

encounter with one of these

299

00:10:25,350 --> 00:10:23,920

reptilians the experience of danny's

300

00:10:26,790 --> 00:10:25,360

bedroom encounter with one of these

301
00:10:29,190 --> 00:10:26,800

beings shows that

302
00:10:30,470 --> 00:10:29,200

they can somehow phase into and out of

303
00:10:32,389 --> 00:10:30,480

our reality

304
00:10:35,670 --> 00:10:32,399

by everything that we can determine the

305
00:10:37,350 --> 00:10:35,680

grays and mantids share this capability

306
00:10:39,110 --> 00:10:37,360

one conclusion is that they may be

307
00:10:40,710 --> 00:10:39,120

interdimensional in some way

308
00:10:43,509 --> 00:10:40,720

but the reality is that we don't really

309
00:10:44,949 --> 00:10:43,519

understand how that actually works

310
00:10:47,670 --> 00:10:44,959

and it could be that they exist at

311
00:10:51,670 --> 00:10:47,680

another place as some scientists put it

312
00:10:54,150 --> 00:10:51,680

a theoretical brain that is b r a and e

313
00:10:55,990 --> 00:10:54,160

world slightly removed from our own

314

00:10:56,790 --> 00:10:56,000

which somehow they have learned how to

315

00:10:59,350 --> 00:10:56,800

navigate

316

00:10:59,990 --> 00:10:59,360

between the two humans continuing

317

00:11:02,389 --> 00:11:00,000

continuing

318

00:11:04,630 --> 00:11:02,399

richard says we don't have the science

319

00:11:06,310 --> 00:11:04,640

that fully explains how this could be

320

00:11:09,110 --> 00:11:06,320

but it would help to explain many of the

321

00:11:11,509 --> 00:11:09,120

events that otherwise seem inexplicable

322

00:11:13,509 --> 00:11:11,519

the story of ramon the u.s marine who

323

00:11:14,949 --> 00:11:13,519

saw intimidating reptilians working with

324

00:11:17,590 --> 00:11:14,959

the us military

325

00:11:19,750 --> 00:11:17,600

back in the 1960s is one of many that

326

00:11:21,269 --> 00:11:19,760

indicate communication and collaboration

327

00:11:23,590 --> 00:11:21,279

between reptilians

328

00:11:25,350 --> 00:11:23,600

and elements of the u.s government the

329

00:11:26,150 --> 00:11:25,360

reason why any government would want to

330

00:11:28,310 --> 00:11:26,160

maintain

331

00:11:29,509 --> 00:11:28,320

tight secrecy over this is easy to

332

00:11:31,990 --> 00:11:29,519

understand

333

00:11:32,949 --> 00:11:32,000

stories of abductions by reptilians do

334

00:11:34,710 --> 00:11:32,959

exist

335

00:11:36,230 --> 00:11:34,720

but are not as common as those that

336

00:11:37,990 --> 00:11:36,240

include graves

337

00:11:39,590 --> 00:11:38,000

they can be frightening and it's not

338

00:11:44,870 --> 00:11:39,600

clear that they are friendly

339

00:11:48,550 --> 00:11:47,030

now there's a lot to swallow with this

340

00:11:51,590 --> 00:11:48,560

reptilian group

341

00:11:53,269 --> 00:11:51,600

some people just off hand rejected

342

00:11:55,509 --> 00:11:53,279

this group because they just look so

343

00:11:57,750 --> 00:11:55,519

bizarre and people have a hard time

344

00:11:58,550 --> 00:11:57,760

picturing these giant lizards walking

345

00:12:01,910 --> 00:11:58,560

around

346

00:12:05,030 --> 00:12:01,920

that look kind of humanoid muscular

347

00:12:06,790 --> 00:12:05,040

but scaly lizard-like skin uh

348

00:12:08,550 --> 00:12:06,800

very intimidating sounds like bad

349

00:12:10,870 --> 00:12:08,560

science fiction to some people

350

00:12:12,710 --> 00:12:10,880

and yet there are many many accounts

351
00:12:13,670 --> 00:12:12,720
that attest to people having experiences

352
00:12:15,829 --> 00:12:13,680
with this group

353
00:12:17,110 --> 00:12:15,839
so we have to look into it and then

354
00:12:18,949 --> 00:12:17,120
there's the issue of the us

355
00:12:21,509 --> 00:12:18,959
military's involvement what is that

356
00:12:24,069 --> 00:12:21,519
about we'll touch on that later as well

357
00:12:24,870 --> 00:12:24,079
for now let's move on to the next group

358
00:12:27,269 --> 00:12:24,880
that is this

359
00:12:29,190 --> 00:12:27,279
the separate short humanoid group known

360
00:12:30,790 --> 00:12:29,200
as the evens

361
00:12:32,230 --> 00:12:30,800
we'll just touch on this briefly because

362
00:12:34,389 --> 00:12:32,240
there's less information about this

363
00:12:36,310 --> 00:12:34,399

group

364

00:12:38,470 --> 00:12:36,320

richard writes to start with there may

365

00:12:40,470 --> 00:12:38,480

not be a single type of these beings

366

00:12:41,670 --> 00:12:40,480

the physical varieties reported seem to

367

00:12:43,750 --> 00:12:41,680

preclude that

368

00:12:45,750 --> 00:12:43,760

a number of these entities were reported

369

00:12:47,750 --> 00:12:45,760

as looking very similar to grays

370

00:12:49,190 --> 00:12:47,760

with large bald heads and generally

371

00:12:51,350 --> 00:12:49,200

short of stature

372

00:12:53,110 --> 00:12:51,360

only the lack of large black eyes

373

00:12:55,030 --> 00:12:53,120

prevents us from lumping them into the

374

00:12:56,710 --> 00:12:55,040

category of short grays

375

00:12:58,069 --> 00:12:56,720

yet they seem to be a distinct group

376

00:13:00,230 --> 00:12:58,079

from the graves

377

00:13:02,470 --> 00:13:00,240

other variations have been reported

378

00:13:04,550 --> 00:13:02,480

including some that seem dubious

379

00:13:05,990 --> 00:13:04,560

one example is the very hairy short

380

00:13:07,990 --> 00:13:06,000

humanoids reported during

381

00:13:10,310 --> 00:13:08,000

the wave of sightings in south america

382

00:13:11,990 --> 00:13:10,320

in nineteen fifty four

383

00:13:14,150 --> 00:13:12,000

also if they really are separate from

384

00:13:15,990 --> 00:13:14,160

the grays it's difficult to ascertain

385

00:13:18,470 --> 00:13:16,000

their agenda or motives

386

00:13:19,670 --> 00:13:18,480

stories of evens living as guests of the

387

00:13:21,430 --> 00:13:19,680

us government exist

388

00:13:24,870 --> 00:13:21,440

going right back to crash retrieval

389

00:13:27,190 --> 00:13:24,880

stories of the 1940s and 1950s

390

00:13:28,710 --> 00:13:27,200

these may or may not be grey aliens

391

00:13:30,470 --> 00:13:28,720

there is a lot of smoke here

392

00:13:35,350 --> 00:13:30,480

but that smoke makes it very difficult

393

00:13:37,829 --> 00:13:35,360

to see clearly

394

00:13:39,110 --> 00:13:37,839

moving on from the evens group which as

395

00:13:41,990 --> 00:13:39,120

richard pointed out

396

00:13:42,710 --> 00:13:42,000

is difficult to pin down uh his fifth

397

00:13:45,750 --> 00:13:42,720

grouping

398

00:13:46,870 --> 00:13:45,760

is sort of a meta group uh one or more

399

00:13:48,790 --> 00:13:46,880

additional groups that have

400

00:13:49,910 --> 00:13:48,800

have been reported people had

401
00:13:51,750 --> 00:13:49,920
experiences with

402
00:13:53,269 --> 00:13:51,760
but they don't fit the above any of the

403
00:13:55,110 --> 00:13:53,279
above

404
00:13:57,430 --> 00:13:55,120
then finally there's this sixth group

405
00:13:59,030 --> 00:13:57,440
this is the trickster intelligence

406
00:14:01,030 --> 00:13:59,040
this is what richard has to say about

407
00:14:02,790 --> 00:14:01,040
this group

408
00:14:04,710 --> 00:14:02,800
quote we have only had a limited

409
00:14:06,710 --> 00:14:04,720
discussion of this possibility

410
00:14:09,269 --> 00:14:06,720
another way i sometimes characterize

411
00:14:11,269 --> 00:14:09,279
this is as a meta intelligence

412
00:14:12,310 --> 00:14:11,279
by this i mean there appears at times to

413
00:14:14,949 --> 00:14:12,320

be an intelligence

414

00:14:17,750 --> 00:14:14,959

operating in our world that is of such a

415

00:14:20,150 --> 00:14:17,760

high order that it seems to be prescient

416

00:14:22,310 --> 00:14:20,160

and richard continues it operates in

417

00:14:22,949 --> 00:14:22,320

ways that seem uncanny and many moves

418

00:14:25,509 --> 00:14:22,959

ahead of us

419

00:14:27,189 --> 00:14:25,519

at every step the phenomena recorded at

420

00:14:29,509 --> 00:14:27,199

the skinwalker ranch

421

00:14:30,550 --> 00:14:29,519

some of the most baffling 4-1-1 missing

422

00:14:33,350 --> 00:14:30,560

persons cases

423

00:14:35,189 --> 00:14:33,360

investigated by david pallidz or the

424

00:14:37,350 --> 00:14:35,199

synchronicities reported by

425

00:14:38,790 --> 00:14:37,360

mike clelland in his messenger's books

426
00:14:40,790 --> 00:14:38,800
speak to this

427
00:14:42,790 --> 00:14:40,800
many of these cases make it appear that

428
00:14:44,470 --> 00:14:42,800
there is a crossover between some of the

429
00:14:46,710 --> 00:14:44,480
ufo phenomenon

430
00:14:48,949 --> 00:14:46,720
with other parts of our reality

431
00:14:55,910 --> 00:14:48,959
including the mysteries of consciousness

432
00:15:00,389 --> 00:14:58,470
so just as we discussed last week here

433
00:15:02,870 --> 00:15:00,399
richard is pointing to

434
00:15:04,710 --> 00:15:02,880
various elements of high strangeness

435
00:15:05,110 --> 00:15:04,720
different categories of high strangeness

436
00:15:07,430 --> 00:15:05,120
that

437
00:15:08,629 --> 00:15:07,440
might somehow all be connected points of

438
00:15:11,189 --> 00:15:08,639

convergence

439

00:15:12,310 --> 00:15:11,199

he mentioned consciousness dimensions

440

00:15:15,990 --> 00:15:12,320

time death

441

00:15:18,790 --> 00:15:16,000

and the afterlife now what i would say

442

00:15:20,710 --> 00:15:18,800

about this trickster intelligence

443

00:15:22,310 --> 00:15:20,720

is that uh first of all it doesn't

444

00:15:24,389 --> 00:15:22,320

appear to be extraterrestrial

445

00:15:26,150 --> 00:15:24,399

uh there's no sign that it's you know

446

00:15:27,750 --> 00:15:26,160

tied to that necessarily

447

00:15:30,069 --> 00:15:27,760

uh that doesn't mean it's not the case

448

00:15:32,790 --> 00:15:30,079

but it doesn't seem to be that way

449

00:15:35,189 --> 00:15:32,800

there are uh there's evidence that going

450

00:15:37,269 --> 00:15:35,199

far back into human history

451
00:15:38,550 --> 00:15:37,279
even indian tribes in the area of

452
00:15:42,150 --> 00:15:38,560
skinwalker ranch

453
00:15:43,829 --> 00:15:42,160
reported seeing this entity in entities

454
00:15:46,230 --> 00:15:43,839
far back in history and that's where the

455
00:15:49,110 --> 00:15:46,240
name originally came from

456
00:15:50,870 --> 00:15:49,120
and while it's the case that usually

457
00:15:53,749 --> 00:15:50,880
technology

458
00:15:53,990 --> 00:15:53,759
is involved in somehow interacting with

459
00:15:56,629 --> 00:15:54,000
us

460
00:15:57,910 --> 00:15:56,639
on earth perhaps from some other place

461
00:16:00,470 --> 00:15:57,920
it also occurs to me

462
00:16:01,749 --> 00:16:00,480
that there may be groups that have an

463
00:16:05,189 --> 00:16:01,759

evolutionary

464

00:16:07,509 --> 00:16:05,199

ability to what i call dimension hop

465

00:16:09,430 --> 00:16:07,519

they just even at a an early point in

466

00:16:12,710 --> 00:16:09,440

their history might be able to

467

00:16:15,670 --> 00:16:12,720

transverse the barriers between what we

468

00:16:17,509 --> 00:16:15,680

consider dimensions or different worlds

469

00:16:18,870 --> 00:16:17,519

and that might be what's happening with

470

00:16:21,829 --> 00:16:18,880

this entity

471

00:16:23,670 --> 00:16:21,839

slash entities and this may also

472

00:16:26,949 --> 00:16:23,680

indicate they're not necessarily

473

00:16:29,189 --> 00:16:26,959

that advanced morally ethically and

474

00:16:30,230 --> 00:16:29,199

such and such but they nevertheless have

475

00:16:32,550 --> 00:16:30,240

the ability to

476

00:16:36,870 --> 00:16:32,560

dimension hob to interact with us in

477

00:16:39,430 --> 00:16:36,880

bizarre and uncanny ways

478

00:16:41,350 --> 00:16:39,440

now that we've identified the six major

479

00:16:44,389 --> 00:16:41,360

groups that richard points to the six

480

00:16:46,150 --> 00:16:44,399

major agendas that can be identified

481

00:16:47,590 --> 00:16:46,160

let's jump to a discussion of the broad

482

00:16:49,670 --> 00:16:47,600

strokes the groups

483

00:16:51,829 --> 00:16:49,680

that are supposedly here to help versus

484

00:16:53,430 --> 00:16:51,839

those maybe you who are here to harm

485

00:16:55,430 --> 00:16:53,440

and some people see the same group

486

00:16:56,310 --> 00:16:55,440

differently and richard acknowledges

487

00:16:58,870 --> 00:16:56,320

that

488

00:17:01,590 --> 00:16:58,880

regarding the here to help perspective

489

00:17:03,430 --> 00:17:01,600

this is what richard has to say

490

00:17:05,189 --> 00:17:03,440

judging from the types of evidence and

491

00:17:05,750 --> 00:17:05,199

claims that exist among people with

492

00:17:08,549 --> 00:17:05,760

alleged

493

00:17:10,870 --> 00:17:08,559

alien contact it seems possible that

494

00:17:12,789 --> 00:17:10,880

there are aliens who want to help us

495

00:17:13,990 --> 00:17:12,799

of course we could ask how could they

496

00:17:15,829 --> 00:17:14,000

really help us

497

00:17:18,390 --> 00:17:15,839

that is very likely easier said than

498

00:17:20,309 --> 00:17:18,400

done given the fact that we have a large

499

00:17:22,870 --> 00:17:20,319

number of ufo sighting reports

500

00:17:25,029 --> 00:17:22,880

declassified military documents and

501
00:17:27,829 --> 00:17:25,039
private accounts of ufo events

502
00:17:28,150 --> 00:17:27,839
near nuclear locations it surely seems

503
00:17:30,870 --> 00:17:28,160
that

504
00:17:32,230 --> 00:17:30,880
someone is concerned about our nuclear

505
00:17:34,630 --> 00:17:32,240
technology

506
00:17:37,029 --> 00:17:34,640
moreover if you care to believe the many

507
00:17:37,909 --> 00:17:37,039
messages that abductees and contactees

508
00:17:40,310 --> 00:17:37,919
tell us

509
00:17:42,070 --> 00:17:40,320
these beings believe that humans are

510
00:17:44,630 --> 00:17:42,080
making a wreck of the world

511
00:17:46,390 --> 00:17:44,640
via nuclear dangers warfare

512
00:17:48,630 --> 00:17:46,400
environmental degradation

513
00:17:49,990 --> 00:17:48,640

low levels of consciousness and that we

514

00:17:52,390 --> 00:17:50,000

are about to experience

515

00:17:54,310 --> 00:17:52,400

quote unquote a great change this

516

00:17:56,470 --> 00:17:54,320

message comes through repeatedly

517

00:18:01,029 --> 00:17:56,480

not only from the human looking beings

518

00:18:03,590 --> 00:18:01,039

but also from the graves and other types

519

00:18:05,270 --> 00:18:03,600

now again to clarify richard makes it

520

00:18:05,909 --> 00:18:05,280

clear in his book that he thinks the

521

00:18:09,830 --> 00:18:05,919

evidence

522

00:18:11,750 --> 00:18:09,840

of ancient aliens is not that of graves

523

00:18:14,230 --> 00:18:11,760

or mantids he thinks both of these

524

00:18:16,870 --> 00:18:14,240

groups are more recently on the scene

525

00:18:18,310 --> 00:18:16,880

within the last century or so or at

526

00:18:19,430 --> 00:18:18,320

least since the beginning of the 20th

527

00:18:21,190 --> 00:18:19,440

century

528

00:18:23,270 --> 00:18:21,200

and i would agree with what richard has

529

00:18:25,029 --> 00:18:23,280

to say here and i'd add that

530

00:18:26,950 --> 00:18:25,039

while reports regarding possible

531

00:18:29,190 --> 00:18:26,960

interactions with ufos from ancient

532

00:18:31,190 --> 00:18:29,200

history do exist

533

00:18:33,510 --> 00:18:31,200

richard makes a compelling data backed

534

00:18:36,789 --> 00:18:33,520

case suggesting there has been a massive

535

00:18:38,710 --> 00:18:36,799

uptick in interactions perhaps even in a

536

00:18:40,150 --> 00:18:38,720

number of groups here since the dawn of

537

00:18:42,470 --> 00:18:40,160

the atomic age

538

00:18:43,270 --> 00:18:42,480

again those two newer groups being at

539

00:18:47,270 --> 00:18:43,280

least anyway

540

00:18:50,630 --> 00:18:48,950

so that covers the broad strokes

541

00:18:52,150 --> 00:18:50,640

regarding the perspective

542

00:18:54,150 --> 00:18:52,160

that some of these groups are here to

543

00:18:55,990 --> 00:18:54,160

help that even the graves and mantids

544

00:18:57,510 --> 00:18:56,000

are actually here to help

545

00:18:59,110 --> 00:18:57,520

and we've touched on some of the reasons

546

00:19:02,390 --> 00:18:59,120

why that might be the case

547

00:19:04,070 --> 00:19:02,400

the huge uptick in experiences sightings

548

00:19:05,270 --> 00:19:04,080

since the dawn of the atomic aids for

549

00:19:06,549 --> 00:19:05,280

instance

550

00:19:08,789 --> 00:19:06,559

of course there is an alternate

551
00:19:11,190 --> 00:19:08,799
perspective an opposing perspective

552
00:19:13,029 --> 00:19:11,200
that sees this completely differently

553
00:19:15,029 --> 00:19:13,039
this group of people are convinced that

554
00:19:16,549 --> 00:19:15,039
the graves and mantids and groups such

555
00:19:18,710 --> 00:19:16,559
as them

556
00:19:22,870 --> 00:19:18,720
have ill will towards human beings and

557
00:19:26,630 --> 00:19:25,029
and richard definitely makes note of

558
00:19:29,750 --> 00:19:26,640
this perspective as well

559
00:19:31,270 --> 00:19:29,760
and he discusses david jacobs planetary

560
00:19:33,029 --> 00:19:31,280
takeover hypothesis

561
00:19:35,669 --> 00:19:33,039
and jacobs is the probably the most

562
00:19:37,909 --> 00:19:35,679
well-known proponent of this idea that

563
00:19:38,789 --> 00:19:37,919

graves and matthews are here not to help

564

00:19:42,070 --> 00:19:38,799

but to harm

565

00:19:44,390 --> 00:19:42,080

and to see their own goals met and

566

00:19:46,310 --> 00:19:44,400

his hypothesis just to clarify for those

567

00:19:48,230 --> 00:19:46,320

who are not familiar with his work

568

00:19:50,150 --> 00:19:48,240

is based on his own regressions that

569

00:19:52,630 --> 00:19:50,160

he's done of his clients

570

00:19:54,150 --> 00:19:52,640

he does hypnotic regressions on clients

571

00:19:55,350 --> 00:19:54,160

who claim to have been abducted by

572

00:19:58,470 --> 00:19:55,360

aliens

573

00:20:00,230 --> 00:19:58,480

and then draws conclusions based on the

574

00:20:01,510 --> 00:20:00,240

data that he feels he's gathered over

575

00:20:03,270 --> 00:20:01,520

time

576

00:20:05,430 --> 00:20:03,280

this is what richard has to say about

577

00:20:07,590 --> 00:20:05,440

this kind of perspective

578

00:20:10,149 --> 00:20:07,600

the best known exponent of the alien

579

00:20:12,710 --> 00:20:10,159

hybrid idea is dr david jacobs

580

00:20:14,630 --> 00:20:12,720

he boils down their program to two words

581

00:20:16,950 --> 00:20:14,640

planetary takeover

582

00:20:18,710 --> 00:20:16,960

jacobs came to this conclusion he wrote

583

00:20:20,390 --> 00:20:18,720

due to the consistency of the many

584

00:20:22,230 --> 00:20:20,400

abductees he worked with

585

00:20:24,310 --> 00:20:22,240

many of whom described ongoing

586

00:20:25,029 --> 00:20:24,320

relationships with the human looking

587

00:20:27,990 --> 00:20:25,039

hybrids

588

00:20:29,190 --> 00:20:28,000

whom he termed hubris over the last few

589

00:20:31,669 --> 00:20:29,200

decades

590

00:20:34,149 --> 00:20:31,679

as he has seen it the point is to create

591

00:20:36,630 --> 00:20:34,159

ever more human-looking hybrids through

592

00:20:38,390 --> 00:20:36,640

an ongoing process of refinement

593

00:20:40,470 --> 00:20:38,400

getting the end result to look almost

594

00:20:42,470 --> 00:20:40,480

perfectly human while enabling the

595

00:20:43,190 --> 00:20:42,480

hybrid to retain the core mental

596

00:20:46,230 --> 00:20:43,200

features

597

00:20:48,630 --> 00:20:46,240

of the alien race the main feature

598

00:20:49,350 --> 00:20:48,640

seemingly seems to be telepathy and the

599

00:20:52,710 --> 00:20:49,360

ability to

600

00:20:55,029 --> 00:20:52,720

exert mind control over ordinary humans

601
00:20:56,149 --> 00:20:55,039
his conclusion this is jacobs he's

602
00:20:58,470 --> 00:20:56,159
referring to

603
00:20:59,830 --> 00:20:58,480
is that the abduction process is common

604
00:21:02,310 --> 00:20:59,840
and worldwide

605
00:21:04,870 --> 00:21:02,320
moreover it is being undertaken with the

606
00:21:06,950 --> 00:21:04,880
greatest level of stealth possible

607
00:21:08,470 --> 00:21:06,960
abductees report that their hybrid

608
00:21:11,029 --> 00:21:08,480
hubert controllers

609
00:21:13,029 --> 00:21:11,039
have sometimes hinted to them of an

610
00:21:15,029 --> 00:21:13,039
impending great change

611
00:21:16,710 --> 00:21:15,039
although the specifics of this change

612
00:21:19,590 --> 00:21:16,720
are never provided

613
00:21:21,590 --> 00:21:19,600

jacobs has interpreted it as a takeover

614

00:21:27,430 --> 00:21:21,600

of our world by stealth

615

00:21:31,990 --> 00:21:29,350

now i have some of my own perspectives

616

00:21:33,990 --> 00:21:32,000

on jacob's work and jacob's conclusions

617

00:21:36,230 --> 00:21:34,000

but before we get to that let's look at

618

00:21:38,149 --> 00:21:36,240

what richard has to say

619

00:21:39,270 --> 00:21:38,159

quote for all the power of jacob's

620

00:21:42,390 --> 00:21:39,280

research and thesis

621

00:21:43,190 --> 00:21:42,400

my own conclusion is that he may well be

622

00:21:45,430 --> 00:21:43,200

correct

623

00:21:46,390 --> 00:21:45,440

but incomplete in describing the bigger

624

00:21:49,190 --> 00:21:46,400

picture

625

00:21:50,789 --> 00:21:49,200

by jacob's own research true hybrids are

626

00:21:52,630 --> 00:21:50,799

a very recent development

627

00:21:54,549 --> 00:21:52,640

definitely not earlier than toward the

628

00:21:57,510 --> 00:21:54,559

close of the 20th century

629

00:21:59,669 --> 00:21:57,520

maybe the 1980s at the earliest but

630

00:22:01,750 --> 00:21:59,679

there are many cases of perfectly human

631

00:22:03,750 --> 00:22:01,760

looking beings engaged in these flying

632

00:22:05,909 --> 00:22:03,760

saucers long before

633

00:22:07,830 --> 00:22:05,919

what accounts for them i don't think

634

00:22:10,549 --> 00:22:07,840

this was something jacobs really ever

635

00:22:11,270 --> 00:22:10,559

asked no matter how great a researcher

636

00:22:13,909 --> 00:22:11,280

he may be

637

00:22:17,350 --> 00:22:13,919

it is so easy to overlook inconvenient

638

00:22:21,029 --> 00:22:18,870

richard's making a really important

639

00:22:23,190 --> 00:22:21,039

point here and i made a very similar

640

00:22:25,830 --> 00:22:23,200

point last week in the inaugural

641

00:22:26,549 --> 00:22:25,840

edition of this podcast we must make

642

00:22:29,110 --> 00:22:26,559

account for

643

00:22:30,230 --> 00:22:29,120

all of the data not just the segments of

644

00:22:33,029 --> 00:22:30,240

the data that support

645

00:22:35,830 --> 00:22:33,039

our predetermined hypotheses and by the

646

00:22:37,830 --> 00:22:35,840

way that absolutely goes for me too

647

00:22:38,870 --> 00:22:37,840

i have certain leanings at this point to

648

00:22:40,950 --> 00:22:38,880

be sure

649

00:22:42,789 --> 00:22:40,960

the centrality of consciousness to both

650

00:22:45,590 --> 00:22:42,799

understanding the nature of reality

651
00:22:47,830 --> 00:22:45,600
and of the phenomenon for instance but i

652
00:22:49,669 --> 00:22:47,840
will continue to look as honestly as i

653
00:22:52,149 --> 00:22:49,679
can at the evidence we garner

654
00:22:54,149 --> 00:22:52,159
all of it and there is no doubt that

655
00:22:56,230 --> 00:22:54,159
while it is not the majority

656
00:22:58,230 --> 00:22:56,240
there is a segment of experiencers who

657
00:23:00,070 --> 00:22:58,240
report negative interactions

658
00:23:02,310 --> 00:23:00,080
and this is even after having had time

659
00:23:04,950 --> 00:23:02,320
to process and reevaluate the experience

660
00:23:06,830 --> 00:23:04,960
over years i must make account for that

661
00:23:09,990 --> 00:23:06,840
just as anyone else must with their

662
00:23:13,590 --> 00:23:12,149
now regarding david jacobs work and the

663
00:23:16,310 --> 00:23:13,600

conclusions he's drawn

664

00:23:17,430 --> 00:23:16,320

after having worked with clients and

665

00:23:20,070 --> 00:23:17,440

doing regressions

666

00:23:21,270 --> 00:23:20,080

for years and years and years i would

667

00:23:23,750 --> 00:23:21,280

just add

668

00:23:24,630 --> 00:23:23,760

to the discussion the figure of barbara

669

00:23:26,630 --> 00:23:24,640

lamb

670

00:23:28,870 --> 00:23:26,640

barbara lam is mentioned in in richard's

671

00:23:30,950 --> 00:23:28,880

book though somewhat in passing

672

00:23:32,870 --> 00:23:30,960

but for the record though it's not

673

00:23:34,870 --> 00:23:32,880

stated starkly in the book

674

00:23:37,029 --> 00:23:34,880

it should be noted that lamb came to

675

00:23:39,830 --> 00:23:37,039

precisely the opposite conclusions

676
00:23:40,789 --> 00:23:39,840
as jacobs after considering her body of

677
00:23:43,190 --> 00:23:40,799
work

678
00:23:44,870 --> 00:23:43,200
and just to be clear she's done just as

679
00:23:46,149 --> 00:23:44,880
many if not more regressions than

680
00:23:48,230 --> 00:23:46,159
jacob's

681
00:23:49,350 --> 00:23:48,240
including on dolan's own wife tracy for

682
00:23:50,950 --> 00:23:49,360
instance and that

683
00:23:52,390 --> 00:23:50,960
that experience actually discussed in

684
00:23:54,710 --> 00:23:52,400
the book

685
00:23:55,510 --> 00:23:54,720
i once saw an interview with barbara lam

686
00:23:56,870 --> 00:23:55,520
where she

687
00:23:59,029 --> 00:23:56,880
mentioned that she had reached out to

688
00:23:59,590 --> 00:23:59,039

jacobs in order to facilitate a shared

689

00:24:02,149 --> 00:23:59,600

review

690

00:24:04,630 --> 00:24:02,159

of their respective data but that jacobs

691

00:24:05,990 --> 00:24:04,640

didn't respond and that's exactly what

692

00:24:08,390 --> 00:24:06,000

i'm talking about

693

00:24:10,470 --> 00:24:08,400

uh it doesn't do us any justice uh

694

00:24:11,269 --> 00:24:10,480

doesn't do this cause this subject this

695

00:24:13,350 --> 00:24:11,279

inquiry

696

00:24:14,390 --> 00:24:13,360

any justice if we don't consider all the

697

00:24:15,909 --> 00:24:14,400

evidence

698

00:24:17,590 --> 00:24:15,919

and you would think that jacobs would at

699

00:24:19,909 --> 00:24:17,600

least be interested

700

00:24:21,430 --> 00:24:19,919

in why barbara lamb would have come to

701

00:24:23,190 --> 00:24:21,440

such different conclusions

702

00:24:25,269 --> 00:24:23,200

after having done just as many if not

703

00:24:27,110 --> 00:24:25,279

more regressions than him

704

00:24:28,950 --> 00:24:27,120

if a researcher is really open to the

705

00:24:30,149 --> 00:24:28,960

data and not committed to a

706

00:24:32,070 --> 00:24:30,159

predetermined position

707

00:24:36,549 --> 00:24:32,080

they should always be willing to review

708

00:24:40,549 --> 00:24:38,549

now dolan's book touches on other

709

00:24:43,269 --> 00:24:40,559

aspects of the alien

710

00:24:45,590 --> 00:24:43,279

history on earth as well though we don't

711

00:24:47,110 --> 00:24:45,600

have the time to go into all of those

712

00:24:49,990 --> 00:24:47,120

let's jump to some of dolan's

713

00:24:51,909 --> 00:24:50,000

conclusions in a section called cover-up

714

00:24:53,909 --> 00:24:51,919

competition and collusion this is what

715

00:24:56,390 --> 00:24:53,919

dolan has to say

716

00:24:57,269 --> 00:24:56,400

quote whoever and whatever these aliens

717

00:24:59,269 --> 00:24:57,279

are

718

00:25:01,269 --> 00:24:59,279

wherever they have ultimately come from

719

00:25:03,510 --> 00:25:01,279

it is evident that they are both human

720

00:25:05,029 --> 00:25:03,520

and non-human in appearance they don't

721

00:25:07,350 --> 00:25:05,039

necessarily

722

00:25:09,190 --> 00:25:07,360

share the same agenda judging by the

723

00:25:10,950 --> 00:25:09,200

number of sightings worldwide

724

00:25:12,390 --> 00:25:10,960

even after accounting for cases of

725

00:25:15,029 --> 00:25:12,400

mistaken identity

726

00:25:15,990 --> 00:25:15,039

they are here in large numbers this

727

00:25:18,230 --> 00:25:16,000

means they

728

00:25:19,750 --> 00:25:18,240

have some sort of active infrastructure

729

00:25:20,870 --> 00:25:19,760

which in turn probably has the

730

00:25:24,870 --> 00:25:20,880

protection

731

00:25:28,950 --> 00:25:26,789

now regarding the fact that many of the

732

00:25:31,990 --> 00:25:28,960

key groups the manitous the greys

733

00:25:33,510 --> 00:25:32,000

etc are here only recently

734

00:25:36,470 --> 00:25:33,520

when you think about it just a blink of

735

00:25:39,269 --> 00:25:36,480

an eye in terms of earth history

736

00:25:40,149 --> 00:25:39,279

this is what dolan has to say quote but

737

00:25:42,470 --> 00:25:40,159

to my mind

738

00:25:44,950 --> 00:25:42,480

the idea of a low-key alien presence for

739

00:25:46,710 --> 00:25:44,960

most of our history makes perfect sense

740

00:25:49,510 --> 00:25:46,720

the plain fact is that for most of our

741

00:25:50,950 --> 00:25:49,520

history we were not that interesting

742

00:25:53,190 --> 00:25:50,960

however we might well have been

743

00:25:55,990 --> 00:25:53,200

monitored for our future potential

744

00:25:58,149 --> 00:25:56,000

consider human society back then a

745

00:25:59,269 --> 00:25:58,159

society utilizing primitive muscle power

746

00:26:01,110 --> 00:25:59,279

technology

747

00:26:03,430 --> 00:26:01,120

one that only invented writing in the

748

00:26:05,190 --> 00:26:03,440

wheel a mere six thousand years ago

749

00:26:07,110 --> 00:26:05,200

and which only developed science a

750

00:26:09,350 --> 00:26:07,120

couple of centuries ago

751
00:26:11,029 --> 00:26:09,360
anywhere on the planet human society was

752
00:26:12,070 --> 00:26:11,039
one in which people did the muscle work

753
00:26:14,070 --> 00:26:12,080
themselves

754
00:26:18,630 --> 00:26:14,080
or at most had animals pulling wooden

755
00:26:21,990 --> 00:26:20,950
now i would add that while i see dolan's

756
00:26:23,669 --> 00:26:22,000
point here

757
00:26:25,350 --> 00:26:23,679
the problem i see with this kind of

758
00:26:27,590 --> 00:26:25,360
reasoning in particular

759
00:26:28,950 --> 00:26:27,600
is that it applies human psychology to

760
00:26:30,630 --> 00:26:28,960
an alien intelligence

761
00:26:32,470 --> 00:26:30,640
and we just have no idea whether or not

762
00:26:34,470 --> 00:26:32,480
that would really apply

763
00:26:36,710 --> 00:26:34,480

we just don't know what they would find

764

00:26:38,549 --> 00:26:36,720

quote unquote interesting

765

00:26:40,149 --> 00:26:38,559

in fact there are some who have stated

766

00:26:42,310 --> 00:26:40,159

that it is human emotion

767

00:26:44,310 --> 00:26:42,320

and drama that some intelligences

768

00:26:45,830 --> 00:26:44,320

actually feed on

769

00:26:47,350 --> 00:26:45,840

and there has certainly been plenty of

770

00:26:51,029 --> 00:26:47,360

that to go around over the course of

771

00:26:54,789 --> 00:26:53,029

but richard's point about the monumental

772

00:26:57,990 --> 00:26:54,799

shift humanity has undergone

773

00:26:59,830 --> 00:26:58,000

over the last 100 years is well taken

774

00:27:01,430 --> 00:26:59,840

just think about it in this span of

775

00:27:03,909 --> 00:27:01,440

about a hundred years

776

00:27:05,110 --> 00:27:03,919

we've gone from horses and buggies to

777

00:27:08,310 --> 00:27:05,120

aircraft

778

00:27:10,950 --> 00:27:08,320

to spacecraft to the imminent plans for

779

00:27:13,190 --> 00:27:10,960

colonization of mars

780

00:27:14,390 --> 00:27:13,200

i also agree that there seems to have

781

00:27:17,029 --> 00:27:14,400

been an explosion of

782

00:27:18,710 --> 00:27:17,039

interest in interaction since the dawn

783

00:27:20,789 --> 00:27:18,720

of the atomic age

784

00:27:21,750 --> 00:27:20,799

and the interest ufo intelligence or

785

00:27:23,590 --> 00:27:21,760

intelligences

786

00:27:24,789 --> 00:27:23,600

has in our nuclear facilities and

787

00:27:31,590 --> 00:27:24,799

arsenal is

788

00:27:34,710 --> 00:27:33,430

now why would they be so interested in

789

00:27:37,269 --> 00:27:34,720

our nuclear arsenal

790

00:27:37,990 --> 00:27:37,279

and our nuclear technologies for our own

791

00:27:40,310 --> 00:27:38,000

benefit

792

00:27:42,789 --> 00:27:40,320

to prevent us from blowing up ourselves

793

00:27:43,990 --> 00:27:42,799

quite possibly that's a huge part of it

794

00:27:46,470 --> 00:27:44,000

but there might be more than that

795

00:27:48,230 --> 00:27:46,480

involved there has been some discussion

796

00:27:51,029 --> 00:27:48,240

amongst those who claim to have been in

797

00:27:52,630 --> 00:27:51,039

contact with non-human intelligence

798

00:27:54,070 --> 00:27:52,640

that nuclear explosions of this

799

00:27:56,230 --> 00:27:54,080

magnitude

800

00:27:57,190 --> 00:27:56,240

have ripple effects interdimensionally

801
00:28:01,750 --> 00:27:57,200
even

802
00:28:03,669 --> 00:28:01,760
nuclear weapons pose to ourselves

803
00:28:07,830 --> 00:28:03,679
they may pose a new and daunting threat

804
00:28:11,750 --> 00:28:10,149
now some may find this idea laughable

805
00:28:14,310 --> 00:28:11,760
how would nuclear explosions

806
00:28:15,669 --> 00:28:14,320
have ripple effects interdimensionally

807
00:28:17,750 --> 00:28:15,679
perhaps it's not even that

808
00:28:19,350 --> 00:28:17,760
perhaps it's just about the larger

809
00:28:21,190 --> 00:28:19,360
biosphere on earth that we just don't

810
00:28:23,590 --> 00:28:21,200
fully understand yet

811
00:28:25,190 --> 00:28:23,600
uh it's very clear there seems to be

812
00:28:25,909 --> 00:28:25,200
evidence that there are other species

813
00:28:27,830 --> 00:28:25,919

here

814

00:28:29,669 --> 00:28:27,840

ones that can be stealthy but

815

00:28:31,350 --> 00:28:29,679

nevertheless here

816

00:28:34,870 --> 00:28:31,360

and as richard has pointed out they may

817

00:28:37,269 --> 00:28:34,880

even live underground subterranean

818

00:28:39,029 --> 00:28:37,279

bases for instance and of course groups

819

00:28:42,630 --> 00:28:39,039

like that would be very concerned with

820

00:28:46,470 --> 00:28:44,230

so i've covered much of richard's

821

00:28:48,310 --> 00:28:46,480

perspectives on these alien agendas

822

00:28:50,470 --> 00:28:48,320

and i've given some response to those

823

00:28:51,750 --> 00:28:50,480

perspectives as well

824

00:28:53,510 --> 00:28:51,760

something else i wanted to touch on

825

00:28:55,669 --> 00:28:53,520

before we close

826

00:28:57,029 --> 00:28:55,679

richard writes uh regarding the

827

00:28:58,710 --> 00:28:57,039

reptilians quote

828

00:29:00,870 --> 00:28:58,720

but they are presumably looking out for

829

00:29:02,310 --> 00:29:00,880

their own interests as all species can

830

00:29:05,430 --> 00:29:02,320

be expected to do

831

00:29:06,950 --> 00:29:05,440

unquote now i actually take issue with

832

00:29:09,669 --> 00:29:06,960

this

833

00:29:11,590 --> 00:29:09,679

my perspective is that evolution leads

834

00:29:13,909 --> 00:29:11,600

to a sense of oneness

835

00:29:14,950 --> 00:29:13,919

again the working hypothesis i'm working

836

00:29:17,830 --> 00:29:14,960

with is

837

00:29:18,870 --> 00:29:17,840

that this oneness doctrine this shared

838

00:29:22,630 --> 00:29:18,880

consciousness

839

00:29:24,070 --> 00:29:22,640

reality

840

00:29:26,470 --> 00:29:24,080

is something that i think some of these

841

00:29:29,750 --> 00:29:26,480

other species understand more than we do

842

00:29:31,750 --> 00:29:29,760

and that this perspective

843

00:29:32,789 --> 00:29:31,760

leads to ever-expanding circles of

844

00:29:34,789 --> 00:29:32,799

inclusion

845

00:29:37,110 --> 00:29:34,799

so that meanness quote-unquote and

846

00:29:39,750 --> 00:29:37,120

weakness

847

00:29:40,870 --> 00:29:39,760

expands so that they don't see us and

848

00:29:43,669 --> 00:29:40,880

them the same that

849

00:29:45,110 --> 00:29:43,679

the same way that we do harming you is

850

00:29:46,389 --> 00:29:45,120

harming me in other words is the

851
00:29:47,190 --> 00:29:46,399
perspective i think many of these

852
00:29:49,190 --> 00:29:47,200
species

853
00:29:50,549 --> 00:29:49,200
are working with i think that this is

854
00:29:53,350 --> 00:29:50,559
what happens as

855
00:29:55,029 --> 00:29:53,360
the evolutionary process unfolds if you

856
00:29:56,549 --> 00:29:55,039
even look at human history

857
00:29:58,149 --> 00:29:56,559
it's very clear that that's been the

858
00:30:01,029 --> 00:29:58,159
case going from

859
00:30:02,870 --> 00:30:01,039
me centric perspectives to tribal to

860
00:30:05,990 --> 00:30:02,880
nation states

861
00:30:11,750 --> 00:30:06,000
to now more planetary perspectives

862
00:30:15,430 --> 00:30:13,269
and i think we'll bring it to a close

863
00:30:17,430 --> 00:30:15,440

here this is a huge topic

864

00:30:19,430 --> 00:30:17,440

it's a lot for richard to cover in one

865

00:30:20,710 --> 00:30:19,440

book and he's done a fantastic job

866

00:30:22,630 --> 00:30:20,720

i encourage you to get a hold of the

867

00:30:23,669 --> 00:30:22,640

book and read it for yourself come to

868

00:30:25,830 --> 00:30:23,679

your own conclusions

869

00:30:27,029 --> 00:30:25,840

interact with the different perspectives

870

00:30:29,269 --> 00:30:27,039

and the data

871

00:30:31,750 --> 00:30:29,279

and we'll continue to do the same here

872

00:30:32,789 --> 00:30:31,760

on the podcasts as we roll them out week

873

00:30:34,549 --> 00:30:32,799

to week

874

00:30:36,549 --> 00:30:34,559

trying to engage with all the data all

875

00:30:38,070 --> 00:30:36,559

the perspectives

876

00:30:39,430 --> 00:30:38,080

so what do you think about this book let

877

00:30:41,590 --> 00:30:39,440

me know in the comments if you've read

878

00:30:43,830 --> 00:30:41,600

it

879

00:30:45,269 --> 00:30:43,840

that brings us the close of this episode

880

00:30:47,190 --> 00:30:45,279

i hope you've enjoyed this

881

00:30:48,870 --> 00:30:47,200

hope you found it informative whether

882

00:30:51,190 --> 00:30:48,880

you've agreed with what i said or

883

00:30:53,029 --> 00:30:51,200

disagreed let's keep engaging let's keep

884

00:30:54,549 --> 00:30:53,039

the conversation going that's the whole

885

00:30:56,070 --> 00:30:54,559

point behind the point of convergence

886

00:30:57,190 --> 00:30:56,080

podcast

887

00:30:59,389 --> 00:30:57,200

if you'd like to reach out to me

888

00:31:02,630 --> 00:30:59,399

directly you can contact me at

889

00:31:04,950 --> 00:31:02,640

xoacademian gmail.com

890

00:31:06,789 --> 00:31:04,960

i'd be happy to hear from anybody and i

891

00:31:09,110 --> 00:31:06,799

hope you'll tune in next week as we seek

892

00:31:10,470 --> 00:31:09,120

to engage yet again with this enigmatic

893

00:31:12,149 --> 00:31:10,480

topic

894

00:31:13,590 --> 00:31:12,159

till then from deep in the blue ridge

895

00:31:19,440 --> 00:31:13,600

mountains of north carolina
