[Music]

2
00:00:11,430 --> 00:00:09,350

hello

3
00:00:13,589 --> 00:00:11,440

and welcome to the sixth edition of the

4
00:00:17,430 --> 00:00:13,599

point of convergence podcast

5
00:00:19,510 --> 00:00:17,440

as always i am your host exo academian

6
00:00:21,349 --> 00:00:19,520

here on the point of convergence podcast

7
00:00:22,390 --> 00:00:21,359

we have been discussing how various

8
00:00:24,710 --> 00:00:22,400

categories

9
00:00:25,830 --> 00:00:24,720

of what's often referred to as high

10
00:00:29,349 --> 00:00:25,840

strangeness

11
00:00:30,070 --> 00:00:29,359

seem to overlap many of the same people

12
00:00:32,950 --> 00:00:30,080

who experience

13
00:00:34,950 --> 00:00:32,960

something like say precognition that is

14

00:00:37,750 --> 00:00:34,960

knowing something ahead of time

15

00:00:39,750 --> 00:00:37,760

have also seen a ufo in the sky or have

16

00:00:43,030 --> 00:00:39,760

sensed mysterious presences

17

00:00:46,630 --> 00:00:43,040

nearby apparently just beyond perception

18

00:00:49,350 --> 00:00:46,640

of our visual field remote viewing

19

00:00:51,510 --> 00:00:49,360

known more commonly as clairvoyance is

20

00:00:53,590 --> 00:00:51,520

another of these categories

21

00:00:54,790 --> 00:00:53,600

and like other contact modalities we've

22

00:00:57,110 --> 00:00:54,800

discussed

23

00:00:59,830 --> 00:00:57,120

entangled consciousness seems to be at

24

00:01:01,670 --> 00:00:59,840

the root of the experience

25

00:01:03,990 --> 00:01:01,680

one aspect that sets remote viewing

26
00:01:06,149 --> 00:01:04,000
apart from some of these other phenomena

27
00:01:07,590 --> 00:01:06,159
however is the fact that it has been

28
00:01:10,830 --> 00:01:07,600
studied tested

29
00:01:13,429 --> 00:01:10,840
and proven under rigorous laboratory

30
00:01:13,830 --> 00:01:13,439
conditions while some may dismiss some

31
00:01:16,270 --> 00:01:13,840
of the

32
00:01:17,910 --> 00:01:16,280
other categories of high strangeness as

33
00:01:20,310 --> 00:01:17,920
unverifiable

34
00:01:22,149 --> 00:01:20,320
from an objective point of view remote

35
00:01:27,270 --> 00:01:22,159
viewing stands up to that test

36
00:01:29,670 --> 00:01:27,280
and passes it with flying colors

37
00:01:31,990 --> 00:01:29,680
now as i mentioned earlier remote

38
00:01:33,590 --> 00:01:32,000

viewing was formerly known more commonly

39

00:01:36,230 --> 00:01:33,600

as clairvoyance

40

00:01:37,910 --> 00:01:36,240

remote viewing itself is a specific kind

41

00:01:39,990 --> 00:01:37,920

of demonstrating clairvoyance and

42

00:01:42,389 --> 00:01:40,000

testing it

43

00:01:44,710 --> 00:01:42,399

now clairvoyance is a french term which

44

00:01:47,590 --> 00:01:44,720

combines clair which means clear

45

00:01:50,069 --> 00:01:47,600

and voyance which means clear vision

46

00:01:52,069 --> 00:01:50,079

clairvoyance is the claimed ability to

47

00:01:55,030 --> 00:01:52,079

gain information about an object

48

00:01:55,670 --> 00:01:55,040

person location or physical event

49

00:01:57,510 --> 00:01:55,680

through

50

00:01:58,709 --> 00:01:57,520

some perception that is considered extra

51
00:02:00,630 --> 00:01:58,719
sensory

52
00:02:02,789 --> 00:02:00,640
any person who is claimed to have such

53
00:02:04,149 --> 00:02:02,799
an ability is said accordingly to be a

54
00:02:07,109 --> 00:02:04,159
clairvoyant

55
00:02:07,990 --> 00:02:07,119
that is one who sees clearly now the

56
00:02:10,630 --> 00:02:08,000
more specific

57
00:02:12,470 --> 00:02:10,640
term remote viewing comes from a system

58
00:02:13,589 --> 00:02:12,480
developed and run by the united states

59
00:02:16,790 --> 00:02:13,599
military

60
00:02:18,790 --> 00:02:16,800
cia and stanford research institute that

61
00:02:19,589 --> 00:02:18,800
used psychic ability as a means to

62
00:02:22,869 --> 00:02:19,599
retrieve

63
00:02:23,830 --> 00:02:22,879

non-local information now remote viewing

64

00:02:27,110 --> 00:02:23,840

is the practice

65

00:02:29,990 --> 00:02:27,120

of gathering impressions about unseen

66

00:02:31,190 --> 00:02:30,000

and non-local targets using extra

67

00:02:34,390 --> 00:02:31,200

sensory perception

68

00:02:35,589 --> 00:02:34,400

that is esp or seeing quote unquote with

69

00:02:38,070 --> 00:02:35,599

the mind

70

00:02:40,949 --> 00:02:38,080

and the actual term remote viewing was

71

00:02:42,070 --> 00:02:40,959

coined in the 1970s by russell targ and

72

00:02:45,190 --> 00:02:42,080

hal put off

73

00:02:46,710 --> 00:02:45,200

while working as researchers at sri that

74

00:02:50,869 --> 00:02:46,720

is the stanford research

75

00:02:53,030 --> 00:02:50,879

institute so let's talk a little bit

76

00:02:54,790 --> 00:02:53,040

about how remote viewing works

77

00:02:57,670 --> 00:02:54,800

how did russell tarr going to help put

78

00:03:00,070 --> 00:02:57,680

out put this together

79

00:03:00,710 --> 00:03:00,080

basically a remote viewer is given a

80

00:03:01,990 --> 00:03:00,720

target

81

00:03:03,830 --> 00:03:02,000

in the form of something like

82

00:03:05,110 --> 00:03:03,840

coordinates that is latitude and

83

00:03:07,430 --> 00:03:05,120

longitude

84

00:03:08,390 --> 00:03:07,440

which the remote viewer will use to find

85

00:03:10,710 --> 00:03:08,400

the target

86

00:03:12,149 --> 00:03:10,720

and then give back information often

87

00:03:13,270 --> 00:03:12,159

referred to in these circles as

88

00:03:16,149 --> 00:03:13,280

intelligence

89

00:03:16,710 --> 00:03:16,159

about the target the target can be an

90

00:03:19,750 --> 00:03:16,720

object

91

00:03:20,869 --> 00:03:19,760

event person or location that is hidden

92

00:03:22,790 --> 00:03:20,879

visually

93

00:03:24,550 --> 00:03:22,800

meaning not visible nor directly

94

00:03:26,470 --> 00:03:24,560

perceivable in any way

95

00:03:27,589 --> 00:03:26,480

by any of the traditional senses of the

96

00:03:30,470 --> 00:03:27,599

body

97

00:03:32,149 --> 00:03:30,480

and this is astounding so listen closely

98

00:03:35,190 --> 00:03:32,159

the target can be located

99

00:03:37,350 --> 00:03:35,200

from anywhere and anytime in the

100

00:03:40,149 --> 00:03:37,360

universe

101
00:03:41,910 --> 00:03:40,159
furthermore this is truly a blind target

102
00:03:42,710 --> 00:03:41,920
because the remote viewer is given

103
00:03:44,630 --> 00:03:42,720
absolutely

104
00:03:47,110 --> 00:03:44,640
no additional information about the

105
00:03:50,470 --> 00:03:47,120
target all they have to go by

106
00:03:53,670 --> 00:03:52,149
so that gives you some idea of what

107
00:03:56,149 --> 00:03:53,680
remote viewing is

108
00:03:58,070 --> 00:03:56,159
how these studies were conducted how

109
00:04:02,149 --> 00:03:58,080
intelligence was gathered

110
00:04:05,030 --> 00:04:02,159
for cia and other intelligence services

111
00:04:06,630 --> 00:04:05,040
but how does one do it well let's hear

112
00:04:09,350 --> 00:04:06,640
from joseph mcmonagle

113
00:04:10,470 --> 00:04:09,360

who is a superstar remote viewer who is

114

00:04:13,350 --> 00:04:10,480

involved at the

115

00:04:13,990 --> 00:04:13,360

the research at sri and is responsible

116

00:04:17,509 --> 00:04:14,000

for some of the

117

00:04:19,509 --> 00:04:17,519

most amazing astonishing uh results when

118

00:04:22,310 --> 00:04:19,519

it comes to remote viewing

119

00:04:23,990 --> 00:04:22,320

of remote viewing he says in my opinion

120

00:04:25,030 --> 00:04:24,000

learning to remote view is more a

121

00:04:27,510 --> 00:04:25,040

combination of

122

00:04:28,070 --> 00:04:27,520

unlearning and learning on the

123

00:04:30,790 --> 00:04:28,080

unlearning

124

00:04:31,830 --> 00:04:30,800

side we find ourselves trying to forget

125

00:04:33,830 --> 00:04:31,840

all of the rules

126
00:04:34,950 --> 00:04:33,840
and directions we've inherited from our

127
00:04:37,430 --> 00:04:34,960
peer groups

128
00:04:38,710 --> 00:04:37,440
schools teachers and yes even our

129
00:04:40,390 --> 00:04:38,720
parents

130
00:04:42,150 --> 00:04:40,400
many of the things we were taught about

131
00:04:45,189 --> 00:04:42,160
reality have no basis

132
00:04:46,629 --> 00:04:45,199
in fact so i look at one half of the

133
00:04:48,469 --> 00:04:46,639
problem as getting rid

134
00:04:50,310 --> 00:04:48,479
of the clutter in our minds and how

135
00:04:52,310 --> 00:04:50,320
things are supposed to be

136
00:04:54,710 --> 00:04:52,320
and replacing it with the things we

137
00:04:57,030 --> 00:04:54,720
eventually come to know

138
00:04:57,749 --> 00:04:57,040

part two is very similar to learning a

139

00:05:00,230 --> 00:04:57,759

language

140

00:05:01,189 --> 00:05:00,240

or learning to play a musical instrument

141

00:05:03,510 --> 00:05:01,199

except that

142

00:05:05,110 --> 00:05:03,520

instead of french or german it is the

143

00:05:07,590 --> 00:05:05,120

language of the mind

144

00:05:11,110 --> 00:05:07,600

instead of musical notes it is the dance

145

00:05:12,870 --> 00:05:11,120

of mental perception

146

00:05:14,390 --> 00:05:12,880

again that was a quote from joseph

147

00:05:16,230 --> 00:05:14,400

mcmonagle

148

00:05:18,950 --> 00:05:16,240

now speaking of remote viewing

149

00:05:20,870 --> 00:05:18,960

superstars ingo swann who of course is

150

00:05:22,710 --> 00:05:20,880

one of the most sci capable people the

151
00:05:24,390 --> 00:05:22,720
world has ever known

152
00:05:25,749 --> 00:05:24,400
said regarding remote viewing the

153
00:05:28,790 --> 00:05:25,759
biggest enemies

154
00:05:30,870 --> 00:05:28,800
are memory and imagination now this is

155
00:05:32,710 --> 00:05:30,880
interesting and it somewhat flies in the

156
00:05:34,469 --> 00:05:32,720
face of what many people assume to be

157
00:05:36,550 --> 00:05:34,479
intuitive when you think about this

158
00:05:38,310 --> 00:05:36,560
topic

159
00:05:39,749 --> 00:05:38,320
now i am certainly not one of these

160
00:05:42,390 --> 00:05:39,759
superstars

161
00:05:42,790 --> 00:05:42,400
but i have tried some psywork on my own

162
00:05:46,550 --> 00:05:42,800
and

163
00:05:48,870 --> 00:05:46,560

to be saying

164

00:05:50,150 --> 00:05:48,880

is absolutely true again even though

165

00:05:51,909 --> 00:05:50,160

it's counter-intuitive

166

00:05:53,830 --> 00:05:51,919

which just goes back to what joseph

167

00:05:55,670 --> 00:05:53,840

mcmonagle said in terms of what we have

168

00:05:58,629 --> 00:05:55,680

to unlearn

169

00:06:01,189 --> 00:05:58,639

when it comes to finding a target or or

170

00:06:03,350 --> 00:06:01,199

getting any kind of psychic information

171

00:06:04,390 --> 00:06:03,360

memory and imagination actually get in

172

00:06:06,150 --> 00:06:04,400

the way

173

00:06:08,469 --> 00:06:06,160

that's why remote viewing sometimes is

174

00:06:11,029 --> 00:06:08,479

so effective according to some of these

175

00:06:12,469 --> 00:06:11,039

uh star remote viewers because they know

176

00:06:17,350 --> 00:06:12,479

nothing about the target

177

00:06:22,710 --> 00:06:20,390

but again with any kind of psi work when

178

00:06:24,550 --> 00:06:22,720

it tends to work

179

00:06:26,150 --> 00:06:24,560

you notice that the information comes in

180

00:06:28,230 --> 00:06:26,160

a way that's different

181

00:06:30,309 --> 00:06:28,240

that feels different than memory and

182

00:06:32,390 --> 00:06:30,319

imagination

183

00:06:34,230 --> 00:06:32,400

again this is somewhat counter-intuitive

184

00:06:36,390 --> 00:06:34,240

to people who haven't tried it

185

00:06:38,070 --> 00:06:36,400

but when it works and you've done it a

186

00:06:39,749 --> 00:06:38,080

few times and seen it work

187

00:06:42,070 --> 00:06:39,759

and compare it to the times that didn't

188

00:06:42,950 --> 00:06:42,080

work you start noticing subtle

189

00:06:45,749 --> 00:06:42,960

differences in

190

00:06:46,469 --> 00:06:45,759

how the information arrives it tends to

191

00:06:49,430 --> 00:06:46,479

not be

192

00:06:50,230 --> 00:06:49,440

dreamt up or sort of embellished from

193

00:06:52,550 --> 00:06:50,240

some memory

194

00:06:55,110 --> 00:06:52,560

or some imagination you had in the past

195

00:06:58,390 --> 00:06:55,120

it just comes in as straight information

196

00:06:59,990 --> 00:06:58,400

pop it just drops in and it's it is

197

00:07:04,870 --> 00:07:00,000

quite different than

198

00:07:09,110 --> 00:07:07,189

that isn't to say that it just drops in

199

00:07:10,950 --> 00:07:09,120

as complete information

200

00:07:12,230 --> 00:07:10,960

three-dimensional containing all the

201
00:07:14,629 --> 00:07:12,240
data you would want

202
00:07:15,990 --> 00:07:14,639
sometimes the information comes in in

203
00:07:19,029 --> 00:07:16,000
bits and pieces and it's much

204
00:07:20,790 --> 00:07:19,039
more subtle and sometimes symbolic

205
00:07:23,350 --> 00:07:20,800
part of the process of becoming a better

206
00:07:27,270 --> 00:07:23,360
remote viewer involves

207
00:07:32,150 --> 00:07:29,909
now again i can imagine right now all

208
00:07:34,629 --> 00:07:32,160
the skeptics all the cynics going

209
00:07:36,150 --> 00:07:34,639
come on this sounds ridiculous what does

210
00:07:39,110 --> 00:07:36,160
this have to do with science

211
00:07:40,390 --> 00:07:39,120
and the real world and to those people i

212
00:07:43,350 --> 00:07:40,400
just remind them

213
00:07:44,390 --> 00:07:43,360

that this is a program that ran not for

214

00:07:46,150 --> 00:07:44,400

one year

215

00:07:48,150 --> 00:07:46,160

didn't get stretched to two years or

216

00:07:51,350 --> 00:07:48,160

three years or five

217

00:07:54,230 --> 00:07:51,360

it ran for 20 years it was a

218

00:07:55,430 --> 00:07:54,240

fully funded program funded by united

219

00:07:58,950 --> 00:07:55,440

states military

220

00:08:02,950 --> 00:07:58,960

intelligence institutions like the cia

221

00:08:04,790 --> 00:08:02,960

for 20 years in a row

222

00:08:06,230 --> 00:08:04,800

now you might think to yourself and

223

00:08:08,309 --> 00:08:06,240

understandably

224

00:08:09,510 --> 00:08:08,319

uh isn't the military a strange

225

00:08:11,909 --> 00:08:09,520

organization

226

00:08:13,830 --> 00:08:11,919

to be doing psychic research don't these

227

00:08:16,629 --> 00:08:13,840

seem like strange bedfellows

228

00:08:18,150 --> 00:08:16,639

remote viewing and military intelligence

229

00:08:20,469 --> 00:08:18,160

well you'd be right

230

00:08:21,990 --> 00:08:20,479

and historically the reason this

231

00:08:23,749 --> 00:08:22,000

happened is because

232

00:08:25,270 --> 00:08:23,759

don't forget this was at the height of

233

00:08:28,070 --> 00:08:25,280

the cold war

234

00:08:30,869 --> 00:08:28,080

and over time u.s intelligence services

235

00:08:33,190 --> 00:08:30,879

began to suspect and have some evidence

236

00:08:35,350 --> 00:08:33,200

that the soviet union was using these

237

00:08:36,870 --> 00:08:35,360

very methods to gain information about

238

00:08:39,829 --> 00:08:36,880

u.s secrets

239

00:08:40,949 --> 00:08:39,839

and in fact part of the mission for this

240

00:08:43,430 --> 00:08:40,959

remote viewing group

241

00:08:43,990 --> 00:08:43,440

was to find out whether the u.s could

242

00:08:47,269 --> 00:08:44,000

protect

243

00:08:49,110 --> 00:08:47,279

information how much was available to

244

00:08:52,710 --> 00:08:49,120

the other side what could they actually

245

00:08:55,990 --> 00:08:54,949

and interestingly in terms of the answer

246

00:08:58,070 --> 00:08:56,000

to that question

247

00:08:59,750 --> 00:08:58,080

what can you hide what can you shield in

248

00:09:01,590 --> 00:08:59,760

terms of information

249

00:09:03,829 --> 00:09:01,600

uh intelligence that needs to be top

250

00:09:07,269 --> 00:09:03,839

secret well the answer was

251
00:09:10,310 --> 00:09:07,279
nothing nada apparently nothing

252
00:09:13,829 --> 00:09:10,320
in space or time period

253
00:09:14,389 --> 00:09:13,839
is shieldable from processes like remote

254
00:09:16,710 --> 00:09:14,399
viewing

255
00:09:18,630 --> 00:09:16,720
again that's an astonishing finding and

256
00:09:20,070 --> 00:09:18,640
this is the finding from the remote

257
00:09:22,710 --> 00:09:20,080
viewing group

258
00:09:24,070 --> 00:09:22,720
run by hal put off russell targ and

259
00:09:28,070 --> 00:09:24,080
those gentlemen

260
00:09:32,310 --> 00:09:30,070
now you might ask yourself if this

261
00:09:34,310 --> 00:09:32,320
program ran for 20 years

262
00:09:35,670 --> 00:09:34,320
if the government concluded that this

263
00:09:37,350 --> 00:09:35,680

actually worked

264

00:09:38,949 --> 00:09:37,360

how did they demonstrate this how was

265

00:09:40,949 --> 00:09:38,959

this proven

266

00:09:42,870 --> 00:09:40,959

how did they know that these the

267

00:09:44,630 --> 00:09:42,880

information produced about these targets

268

00:09:47,350 --> 00:09:44,640

by the remote viewers was actually

269

00:09:49,590 --> 00:09:47,360

accurate because remember it's hidden to

270

00:09:51,269 --> 00:09:49,600

the actual viewers themselves

271

00:09:53,190 --> 00:09:51,279

well the way things work in intelligence

272

00:09:55,910 --> 00:09:53,200

services is you confirm

273

00:09:57,750 --> 00:09:55,920

through other sources again because

274

00:09:59,350 --> 00:09:57,760

sometimes lives are on the line

275

00:10:01,190 --> 00:09:59,360

it's very important that you can trust

276

00:10:04,230 --> 00:10:01,200

your information and so they would

277

00:10:07,110 --> 00:10:04,240

have other means of testing these

278

00:10:07,509 --> 00:10:07,120

sources these results and they would

279

00:10:08,949 --> 00:10:07,519

find

280

00:10:12,790 --> 00:10:08,959

time and time again for them to be

281

00:10:17,110 --> 00:10:15,030

and please understand this was the only

282

00:10:17,990 --> 00:10:17,120

reason this program was renewed year

283

00:10:20,710 --> 00:10:18,000

after year after

284

00:10:22,310 --> 00:10:20,720

year because there were plenty of people

285

00:10:23,990 --> 00:10:22,320

in the military which

286

00:10:26,069 --> 00:10:24,000

again historically traditionally is a

287

00:10:27,670 --> 00:10:26,079

pretty conservative organization

288

00:10:29,110 --> 00:10:27,680

there are plenty of people who wanted to

289

00:10:30,550 --> 00:10:29,120

see this cancelled

290

00:10:32,710 --> 00:10:30,560

who from the get-go thought it was

291

00:10:35,030 --> 00:10:32,720

ridiculous almost an embarrassment for

292

00:10:36,310 --> 00:10:35,040

the military services

293

00:10:38,150 --> 00:10:36,320

there were some that objected for

294

00:10:41,430 --> 00:10:38,160

religious means that

295

00:10:43,190 --> 00:10:41,440

raises its head in government circles

296

00:10:46,069 --> 00:10:43,200

more often than you might realize even

297

00:10:47,750 --> 00:10:46,079

lou elizondo has pointed to that

298

00:10:50,230 --> 00:10:47,760

what's fascinating about this particular

299

00:10:52,310 --> 00:10:50,240

project the remote viewing project

300

00:10:54,949 --> 00:10:52,320

is that the results were tested and

301

00:10:57,670 --> 00:10:54,959

verified time and time again

302

00:10:59,190 --> 00:10:57,680

that is why even though many wanted to

303

00:11:01,829 --> 00:10:59,200

have this program cancelled they

304

00:11:05,110 --> 00:11:01,839

couldn't it was just too demonstrably

305

00:11:07,269 --> 00:11:05,120

objectively effective time and time

306

00:11:09,829 --> 00:11:07,279

again

307

00:11:10,550 --> 00:11:09,839

so let's talk about one of the successes

308

00:11:12,710 --> 00:11:10,560

and here

309

00:11:14,389 --> 00:11:12,720

we'll talk about joseph mcmonagle again

310

00:11:16,710 --> 00:11:14,399

he had many successes

311

00:11:18,389 --> 00:11:16,720

was one of the star remote viewers for

312

00:11:20,550 --> 00:11:18,399

the military

313

00:11:22,069 --> 00:11:20,560

one time i think the way it goes he was

314

00:11:23,590 --> 00:11:22,079

approached with certain coordinates

315

00:11:26,069 --> 00:11:23,600

again he doesn't know anything about the

316

00:11:27,910 --> 00:11:26,079

coordinates it could be anywhere

317

00:11:29,670 --> 00:11:27,920

i think the military had some sense that

318

00:11:31,350 --> 00:11:29,680

these coordinates corresponded to a

319

00:11:32,150 --> 00:11:31,360

place where something top secret was

320

00:11:34,710 --> 00:11:32,160

happening

321

00:11:35,670 --> 00:11:34,720

inside the soviet union but they had no

322

00:11:38,949 --> 00:11:35,680

access to that

323

00:11:41,269 --> 00:11:38,959

at that point so joseph began to get a

324

00:11:44,550 --> 00:11:41,279

sense to practice the protocols

325

00:11:46,069 --> 00:11:44,560

and he then drew out this strange crane

326

00:11:48,790 --> 00:11:46,079

looking contraption a really

327

00:11:50,790 --> 00:11:48,800

large crane again he would actually even

328

00:11:53,190 --> 00:11:50,800

include perspective

329

00:11:55,030 --> 00:11:53,200

in the drawings he would make you'd see

330

00:11:56,629 --> 00:11:55,040

a person standing next to the crane so

331

00:11:57,750 --> 00:11:56,639

you knew how big the crane was in

332

00:11:59,910 --> 00:11:57,760

comparison

333

00:12:00,870 --> 00:11:59,920

this very strange looking contraption

334

00:12:02,470 --> 00:12:00,880

and honestly

335

00:12:03,670 --> 00:12:02,480

military intelligence didn't know what

336

00:12:05,750 --> 00:12:03,680

to do with it because it didn't

337

00:12:09,670 --> 00:12:05,760

correspond with any known

338

00:12:11,990 --> 00:12:09,680

hardware on the soviet side much later

339

00:12:12,790 --> 00:12:12,000

this was actually confirmed as accurate

340

00:12:15,350 --> 00:12:12,800

intelligence

341

00:12:17,350 --> 00:12:15,360

and photos were later published of this

342

00:12:19,110 --> 00:12:17,360

very crane-like contraption

343

00:12:20,790 --> 00:12:19,120

and it's remarkably similar you can

344

00:12:23,670 --> 00:12:20,800

actually go online and find

345

00:12:25,350 --> 00:12:23,680

examples of both mcmonagle's drawings

346

00:12:27,990 --> 00:12:25,360

and the eventual photographs

347

00:12:31,350 --> 00:12:28,000

and you'll be shocked and surprised at

348

00:12:35,030 --> 00:12:33,590

now if you think mcmonagle's a success

349

00:12:37,590 --> 00:12:35,040

when it came to

350

00:12:39,110 --> 00:12:37,600

finding targets hidden in deep inside

351

00:12:40,230 --> 00:12:39,120

the soviet union in the middle of the

352

00:12:41,670 --> 00:12:40,240

cold war

353

00:12:43,269 --> 00:12:41,680

that's just the beginning you'll be

354

00:12:46,069 --> 00:12:43,279

amazed with what we have to share

355

00:12:46,949 --> 00:12:46,079

later but first let's talk about the

356

00:12:49,430 --> 00:12:46,959

process

357

00:12:51,350 --> 00:12:49,440

how does remote viewing actually work

358

00:12:53,910 --> 00:12:51,360

paul h smith is another

359

00:12:56,470 --> 00:12:53,920

star remote viewer who worked for

360

00:12:59,590 --> 00:12:56,480

military intelligence for a long time

361

00:13:02,870 --> 00:12:59,600

on the same program and he discussed

362

00:13:03,509 --> 00:13:02,880

uh six different phases that the remote

363

00:13:06,550 --> 00:13:03,519

viewing

364

00:13:08,470 --> 00:13:06,560

process goes through through each remote

365

00:13:11,269 --> 00:13:08,480

viewing experiment

366

00:13:12,550 --> 00:13:11,279

number one is a more gestalt kind of

367

00:13:14,629 --> 00:13:12,560

phase this is just

368

00:13:16,230 --> 00:13:14,639

gathering really general impressions

369

00:13:17,269 --> 00:13:16,240

okay so imagine that they've been given

370

00:13:19,350 --> 00:13:17,279

coordinates

371

00:13:21,190 --> 00:13:19,360

at this first stage all they're doing is

372

00:13:24,710 --> 00:13:21,200

gathering really general impressions

373

00:13:25,590 --> 00:13:24,720

gestalt right number two is sensory

374

00:13:29,509 --> 00:13:25,600

information

375

00:13:32,550 --> 00:13:29,519

that is sensations textures temperature

376

00:13:34,069 --> 00:13:32,560

tastes sounds that kind of thing now

377

00:13:36,629 --> 00:13:34,079

again what's fascinating here

378

00:13:38,470 --> 00:13:36,639

is that his actual bodily senses are not

379

00:13:40,870 --> 00:13:38,480

picking up any of this data

380

00:13:41,829 --> 00:13:40,880

right this is somehow being proc

381

00:13:44,710 --> 00:13:41,839

processed by his

382

00:13:45,590 --> 00:13:44,720

brain remotely but that's what stage two

383

00:13:48,150 --> 00:13:45,600

is about

384

00:13:48,710 --> 00:13:48,160

sensations textures temperature taste

385

00:13:51,750 --> 00:13:48,720

sounds

386

00:13:54,790 --> 00:13:51,760

that kind of thing stage three

387

00:13:57,750 --> 00:13:54,800

uh comes down to dimensionality

388

00:13:58,310 --> 00:13:57,760

by that i mean how tall is the target

389

00:14:00,870 --> 00:13:58,320

wide

390

00:14:03,350 --> 00:14:00,880

dense hollow and at this point you might

391

00:14:05,750 --> 00:14:03,360

start sketching aspects

392

00:14:08,710 --> 00:14:05,760

of the target and it's interesting paul

393

00:14:11,189 --> 00:14:08,720

smith here has talked about sometimes

394

00:14:13,189 --> 00:14:11,199

the remote viewers would basically start

395

00:14:15,189 --> 00:14:13,199

doing a kind of automatic drawing

396

00:14:17,189 --> 00:14:15,199

at this point you've heard about

397

00:14:18,949 --> 00:14:17,199

automatic writing i'm guessing

398

00:14:20,790 --> 00:14:18,959

that's where someone just feels like

399

00:14:22,790 --> 00:14:20,800

they're channeling some other source

400

00:14:24,470 --> 00:14:22,800

and they just start writing information

401
00:14:26,790 --> 00:14:24,480
they don't even understand

402
00:14:28,710 --> 00:14:26,800
well paul smith says it's similar uh

403
00:14:29,910 --> 00:14:28,720
with remote viewing especially in this

404
00:14:32,310 --> 00:14:29,920
early

405
00:14:33,110 --> 00:14:32,320
stage three here of the process

406
00:14:34,949 --> 00:14:33,120
sometimes just

407
00:14:37,350 --> 00:14:34,959
automatic drawing would happen

408
00:14:39,030 --> 00:14:37,360
unconsciously you make certain movements

409
00:14:42,790 --> 00:14:39,040
on the page with a pencil

410
00:14:43,350 --> 00:14:42,800
you're not sure why then comes stage

411
00:14:46,470 --> 00:14:43,360
four

412
00:14:48,150 --> 00:14:46,480
this is abstract terminology let's say

413
00:14:49,030 --> 00:14:48,160

if the target was the eiffel tower for

414

00:14:50,629 --> 00:14:49,040

instance again

415

00:14:51,910 --> 00:14:50,639

the the remote viewer doesn't know this

416

00:14:53,110 --> 00:14:51,920

they don't know it's in france they

417

00:14:54,710 --> 00:14:53,120

don't know it's a

418

00:14:56,310 --> 00:14:54,720

tourist attraction they know nothing

419

00:14:59,350 --> 00:14:56,320

right they just have coordinates

420

00:15:00,710 --> 00:14:59,360

uh as an example so in this abstract

421

00:15:02,870 --> 00:15:00,720

terminology phase

422

00:15:03,990 --> 00:15:02,880

the uh remote viewer might start jotting

423

00:15:07,590 --> 00:15:04,000

down terms like

424

00:15:10,710 --> 00:15:07,600

tourism monumental ambiance

425

00:15:12,389 --> 00:15:10,720

that kind of thing number five

426
00:15:14,790 --> 00:15:12,399
is whether it would extract embedded

427
00:15:17,990 --> 00:15:14,800
information this is more uh

428
00:15:19,350 --> 00:15:18,000
detail things like camera postcards

429
00:15:21,110 --> 00:15:19,360
that sort of more micro level

430
00:15:21,670 --> 00:15:21,120
information again this isn't a case

431
00:15:23,350 --> 00:15:21,680
where it's

432
00:15:27,350 --> 00:15:23,360
the target was for instance the eiffel

433
00:15:30,389 --> 00:15:27,360
tower and then finally in stage six

434
00:15:32,150 --> 00:15:30,399
uh and this uh paul smith recalls close

435
00:15:35,269 --> 00:15:32,160
encounters of the third kind

436
00:15:35,990 --> 00:15:35,279
where um you know they're making shapes

437
00:15:39,189 --> 00:15:36,000
out of

438
00:15:40,710 --> 00:15:39,199

potato mashed potato this is similar

439

00:15:42,790 --> 00:15:40,720

here you're making a three-dimensional

440

00:15:44,790 --> 00:15:42,800

model the remote viewer

441

00:15:46,470 --> 00:15:44,800

does this uses clay or something like

442

00:15:47,990 --> 00:15:46,480

that to kind of shape a

443

00:15:49,509 --> 00:15:48,000

three-dimensional model of what they're

444

00:15:51,430 --> 00:15:49,519

seeing of the target

445

00:15:53,430 --> 00:15:51,440

and this hopefully frees up additional

446

00:15:56,150 --> 00:15:53,440

information information

447

00:15:56,710 --> 00:15:56,160

because the kinesthetic involvement can

448

00:15:58,870 --> 00:15:56,720

help to

449

00:16:01,829 --> 00:15:58,880

trigger additional uh rising of

450

00:16:06,230 --> 00:16:04,310

now i mentioned we would get back to

451
00:16:07,030 --> 00:16:06,240
another example of an amazing result

452
00:16:09,749 --> 00:16:07,040
that joseph

453
00:16:11,590 --> 00:16:09,759
mcmonagle came up with and this one is

454
00:16:13,110 --> 00:16:11,600
so astonishing it still blows my mind

455
00:16:15,269 --> 00:16:13,120
whenever i think about it

456
00:16:17,670 --> 00:16:15,279
and there's still videos online you can

457
00:16:19,990 --> 00:16:17,680
find on youtube and other sources

458
00:16:22,629 --> 00:16:20,000
where mcmonagle is giving a presentation

459
00:16:25,189 --> 00:16:22,639
that includes photos

460
00:16:26,310 --> 00:16:25,199
let me set the scene one day he is given

461
00:16:29,990 --> 00:16:26,320
certain coordinates

462
00:16:31,990 --> 00:16:30,000
again never knows where on earth that is

463
00:16:33,910 --> 00:16:32,000

he starts getting impressions and it's

464

00:16:35,509 --> 00:16:33,920

strange because um

465

00:16:37,269 --> 00:16:35,519

he starts getting an impression of a

466

00:16:40,230 --> 00:16:37,279

pyramid-like structure

467

00:16:42,629 --> 00:16:40,240

you know definitely intelligently formed

468

00:16:45,590 --> 00:16:42,639

this is not a natural rock structure

469

00:16:47,430 --> 00:16:45,600

but it was pyramidal in shape and so he

470

00:16:48,949 --> 00:16:47,440

actually assumed perhaps he was seeing

471

00:16:51,829 --> 00:16:48,959

something

472

00:16:53,829 --> 00:16:51,839

in egypt when he thought pyramids right

473

00:16:56,310 --> 00:16:53,839

what's fascinating is later on

474

00:16:56,949 --> 00:16:56,320

he finds out that the target is not

475

00:17:00,949 --> 00:16:56,959

earth at

476
00:17:04,150 --> 00:17:03,590
what's even more fascinating is that he

477
00:17:06,390 --> 00:17:04,160
can go

478
00:17:07,669 --> 00:17:06,400
backwards and forwards in time even on

479
00:17:10,549 --> 00:17:07,679
that remote target

480
00:17:12,390 --> 00:17:10,559
on the planet mars because at first he

481
00:17:15,750 --> 00:17:12,400
sees sort of destruction

482
00:17:16,870 --> 00:17:15,760
um senses that a lost civilization is

483
00:17:20,309 --> 00:17:16,880
there that's what he's seeing

484
00:17:21,429 --> 00:17:20,319
evidence of so they ask him to go back

485
00:17:23,829 --> 00:17:21,439
in time

486
00:17:25,110 --> 00:17:23,839
and remote view the same coordinates

487
00:17:27,590 --> 00:17:25,120
this time he sees

488
00:17:28,789 --> 00:17:27,600

an earlier stage in the civilization and

489

00:17:32,070 --> 00:17:28,799

he actually sees

490

00:17:33,990 --> 00:17:32,080

beings very tall beings at least

491

00:17:35,510 --> 00:17:34,000

two three times the height of human

492

00:17:36,630 --> 00:17:35,520

beings today

493

00:17:38,870 --> 00:17:36,640

and you can actually see in this

494

00:17:41,350 --> 00:17:38,880

presentation he draws a picture of

495

00:17:43,190 --> 00:17:41,360

this martian like creature and a human

496

00:17:46,150 --> 00:17:43,200

being and you can see it's definitely

497

00:17:48,950 --> 00:17:46,160

two three times the height uh what's

498

00:17:51,590 --> 00:17:48,960

fascinating is mcmonagle goes on to say

499

00:17:52,070 --> 00:17:51,600

that these people are waiting hoping

500

00:17:54,549 --> 00:17:52,080

because

501
00:17:55,990 --> 00:17:54,559
a uh a team has been sent out to try and

502
00:17:57,909 --> 00:17:56,000
find a new planet

503
00:18:00,230 --> 00:17:57,919
because mars has gone through some sort

504
00:18:02,070 --> 00:18:00,240
of atmospheric desolation

505
00:18:03,590 --> 00:18:02,080
i think he talks about passing through

506
00:18:04,470 --> 00:18:03,600
the tail of a comet or something like

507
00:18:06,630 --> 00:18:04,480
that

508
00:18:08,150 --> 00:18:06,640
and so the atmosphere has basically been

509
00:18:10,230 --> 00:18:08,160
stripped from the planet and of course

510
00:18:12,070 --> 00:18:10,240
what's fascinating about that is

511
00:18:13,510 --> 00:18:12,080
we have some evidence from elsewhere

512
00:18:14,870 --> 00:18:13,520
that this is actually what happened to

513
00:18:17,270 --> 00:18:14,880

mars that at one point

514

00:18:18,789 --> 00:18:17,280

mars may have been a flourishing green

515

00:18:20,630 --> 00:18:18,799

planet full of life

516

00:18:22,470 --> 00:18:20,640

uh and at some point the atmosphere was

517

00:18:25,190 --> 00:18:22,480

stripped and that's why it's the sort of

518

00:18:27,270 --> 00:18:25,200

desolate world it is today again what's

519

00:18:28,150 --> 00:18:27,280

fascinating is from mcmonagle's point of

520

00:18:29,990 --> 00:18:28,160

view

521

00:18:31,350 --> 00:18:30,000

this search team that went out looking

522

00:18:34,470 --> 00:18:31,360

for a new home

523

00:18:36,230 --> 00:18:34,480

actually found earth that is to say he

524

00:18:37,430 --> 00:18:36,240

doesn't think there are martians and

525

00:18:40,549 --> 00:18:37,440

earthlings he thinks

526

00:18:44,310 --> 00:18:40,559

we are the descendants of those martians

527

00:18:48,150 --> 00:18:45,909

now before we discuss some of the

528

00:18:50,230 --> 00:18:48,160

implications of this kind of

529

00:18:51,350 --> 00:18:50,240

information which again is truly

530

00:18:53,909 --> 00:18:51,360

astonishing

531

00:18:56,150 --> 00:18:53,919

to the nth degree let's talk a little

532

00:18:57,909 --> 00:18:56,160

bit more about joseph mcmonagle

533

00:18:59,190 --> 00:18:57,919

how does someone develop this kind of

534

00:19:01,430 --> 00:18:59,200

talent

535

00:19:03,110 --> 00:19:01,440

well interesting when it comes to our

536

00:19:06,470 --> 00:19:03,120

whole point of convergence

537

00:19:07,830 --> 00:19:06,480

aspect first off mcmonagle talks about

538

00:19:10,390 --> 00:19:07,840

growing up in a really

539

00:19:12,470 --> 00:19:10,400

sort of poor and kind of dangerous area

540

00:19:14,789 --> 00:19:12,480

of miami i think it was

541

00:19:15,510 --> 00:19:14,799

and he realizes later on only looking

542

00:19:17,990 --> 00:19:15,520

back

543

00:19:19,669 --> 00:19:18,000

that he kind of out of necessity develop

544

00:19:21,190 --> 00:19:19,679

these kind of survival skills these

545

00:19:23,750 --> 00:19:21,200

intuitive survival skills

546

00:19:24,549 --> 00:19:23,760

on the streets just for his own personal

547

00:19:26,070 --> 00:19:24,559

safety

548

00:19:28,070 --> 00:19:26,080

again didn't really think anything of it

549

00:19:29,510 --> 00:19:28,080

at the time but he thinks the first

550

00:19:32,630 --> 00:19:29,520

seeds of his skills

551
00:19:36,070 --> 00:19:34,549
and this makes sense right even from an

552
00:19:38,070 --> 00:19:36,080
evolutionary point of view from a

553
00:19:39,830 --> 00:19:38,080
mainstream science point of view

554
00:19:42,710 --> 00:19:39,840
this is how these kind of traits are

555
00:19:43,270 --> 00:19:42,720
developed by necessity it's a survival

556
00:19:45,669 --> 00:19:43,280
skill

557
00:19:46,310 --> 00:19:45,679
and the implication of course is that we

558
00:19:47,830 --> 00:19:46,320
all have

559
00:19:49,990 --> 00:19:47,840
some of these dormant skills they're

560
00:19:51,669 --> 00:19:50,000
just latent skills that we haven't used

561
00:19:53,270 --> 00:19:51,679
very often

562
00:19:55,110 --> 00:19:53,280
now again speaking of the point of

563
00:19:55,750 --> 00:19:55,120

convergence speaking about how these

564

00:19:58,549 --> 00:19:55,760

various

565

00:19:59,350 --> 00:19:58,559

aspects of high strangeness often occur

566

00:20:01,990 --> 00:19:59,360

together

567

00:20:02,390 --> 00:20:02,000

overlap and whatnot what you'll also

568

00:20:04,230 --> 00:20:02,400

find

569

00:20:05,669 --> 00:20:04,240

fascinating when you study joseph

570

00:20:07,590 --> 00:20:05,679

mcmonagle's story

571

00:20:10,470 --> 00:20:07,600

and i'm currently reading one of his his

572

00:20:13,029 --> 00:20:10,480

books uh titled mind trek

573

00:20:14,230 --> 00:20:13,039

he recounts having a near-death

574

00:20:16,149 --> 00:20:14,240

experience

575

00:20:18,070 --> 00:20:16,159

when i read it i was like of course this

576
00:20:19,750 --> 00:20:18,080
makes total sense once again we have

577
00:20:22,789 --> 00:20:19,760
these overlapping

578
00:20:24,230 --> 00:20:22,799
categories of high strangeness he has

579
00:20:26,870 --> 00:20:24,240
your sort of typical

580
00:20:28,789 --> 00:20:26,880
completely mind-blowing uh near-death

581
00:20:30,310 --> 00:20:28,799
experience where he sees himself as an

582
00:20:32,549 --> 00:20:30,320
eternal being

583
00:20:34,310 --> 00:20:32,559
realizes everything that was so small

584
00:20:36,630 --> 00:20:34,320
and insignificant about the way he

585
00:20:39,590 --> 00:20:36,640
considered reality beforehand

586
00:20:40,549 --> 00:20:39,600
he comes back a very changed man but

587
00:20:43,990 --> 00:20:40,559
it's not just that

588
00:20:45,909 --> 00:20:44,000

changed he reports

589

00:20:48,390 --> 00:20:45,919

even being able to read the mind of the

590

00:20:52,710 --> 00:20:48,400

nurses in the next room over from the

591

00:20:57,110 --> 00:20:54,149

now of course when he shared this

592

00:20:59,750 --> 00:20:57,120

perspective with the doctors nearby

593

00:21:01,510 --> 00:20:59,760

he was given some strange glances

594

00:21:02,470 --> 00:21:01,520

perhaps they considered brain damage at

595

00:21:04,630 --> 00:21:02,480

that point

596

00:21:06,149 --> 00:21:04,640

so he learned very quickly especially

597

00:21:07,750 --> 00:21:06,159

the military which again is a very

598

00:21:10,390 --> 00:21:07,760

conservative organization

599

00:21:11,750 --> 00:21:10,400

traditionally to keep it on the down low

600

00:21:14,390 --> 00:21:11,760

he would not discuss

601
00:21:16,470 --> 00:21:14,400
his near-death experience nor talk about

602
00:21:18,230 --> 00:21:16,480
anything to do with psychic matters

603
00:21:20,310 --> 00:21:18,240
so you can imagine his surprise when

604
00:21:21,190 --> 00:21:20,320
later on he was approached to be a part

605
00:21:23,669 --> 00:21:21,200
of this

606
00:21:25,510 --> 00:21:23,679
a project looking into remote viewing

607
00:21:26,710 --> 00:21:25,520
again this project was known by a number

608
00:21:29,190 --> 00:21:26,720
of names

609
00:21:32,710 --> 00:21:29,200
sun streak grill flame and perhaps most

610
00:21:36,070 --> 00:21:34,630
now before we move on to discussing some

611
00:21:38,230 --> 00:21:36,080
of the implications of this

612
00:21:41,110 --> 00:21:38,240
and some of the overlap that we notice

613
00:21:42,630 --> 00:21:41,120

between phenomena like remote viewing

614

00:21:45,590 --> 00:21:42,640

and other things like near-death

615

00:21:46,950 --> 00:21:45,600

experiences ufo intelligence contact and

616

00:21:48,950 --> 00:21:46,960

that kind of thing

617

00:21:51,350 --> 00:21:48,960

let's discuss a couple more items

618

00:21:54,789 --> 00:21:51,360

regarding this remote viewing program

619

00:21:57,190 --> 00:21:54,799

as it pertains to ufos directly

620

00:21:59,110 --> 00:21:57,200

one time as the story goes pat price who

621

00:22:01,029 --> 00:21:59,120

is yet again another superstar remote

622

00:22:04,149 --> 00:22:01,039

viewer for the program

623

00:22:06,310 --> 00:22:04,159

came to hal put off and said hey

624

00:22:08,470 --> 00:22:06,320

by the way in my free time i was kind of

625

00:22:11,350 --> 00:22:08,480

bored yes this is the true story

626
00:22:13,830 --> 00:22:11,360
so i decided to remote view um whether

627
00:22:15,909 --> 00:22:13,840
or not there could be

628
00:22:16,870 --> 00:22:15,919
alien bases on the earth and apparently

629
00:22:19,510 --> 00:22:16,880
he found

630
00:22:21,350 --> 00:22:19,520
four of them and he dutifully passed

631
00:22:23,669 --> 00:22:21,360
this on to hal put off

632
00:22:25,270 --> 00:22:23,679
and again as part of their arrangement

633
00:22:26,070 --> 00:22:25,280
their contract with the military this

634
00:22:28,470 --> 00:22:26,080
information was

635
00:22:29,750 --> 00:22:28,480
passed on to the military and apparently

636
00:22:31,590 --> 00:22:29,760
i don't know the full story but there

637
00:22:33,270 --> 00:22:31,600
were some interesting overlaps

638
00:22:35,830 --> 00:22:33,280

with some other intelligence when it

639

00:22:38,549 --> 00:22:35,840
comes to uh the data passed on

640

00:22:40,230 --> 00:22:38,559
from this uh from pat price's uh

641

00:22:42,549 --> 00:22:40,240
off-time experiments

642

00:22:43,990 --> 00:22:42,559
and of course ingo swann uh who was also

643

00:22:47,190 --> 00:22:44,000
involved in this program

644

00:22:49,909 --> 00:22:47,200
on his own talked about um moon bases

645

00:22:50,710 --> 00:22:49,919
actually uh involving alien intelligence

646

00:22:52,470 --> 00:22:50,720
again

647

00:22:53,990 --> 00:22:52,480
many people scoffed at this to be honest

648

00:22:55,510 --> 00:22:54,000
even i was highly

649

00:22:57,830 --> 00:22:55,520
suspicious of this when i first heard

650

00:22:58,789 --> 00:22:57,840
about it but apparently there have been

651
00:23:03,830 --> 00:22:58,799
some

652
00:23:06,830 --> 00:23:03,840
organizations that suggest

653
00:23:07,990 --> 00:23:06,840
some anomalies noticed on the moon could

654
00:23:11,110 --> 00:23:08,000
conceivably

655
00:23:13,750 --> 00:23:11,120
reference or be data related to

656
00:23:15,909 --> 00:23:13,760
a moon base of some sort of other

657
00:23:18,630 --> 00:23:15,919
intelligence

658
00:23:19,510 --> 00:23:18,640
but make of that what you will what i'm

659
00:23:22,149 --> 00:23:19,520
interested in

660
00:23:22,549 --> 00:23:22,159
is the implications of this this notion

661
00:23:26,310 --> 00:23:22,559
that

662
00:23:29,430 --> 00:23:26,320
all information across time and space

663
00:23:31,590 --> 00:23:29,440

is always available and that we as human

664

00:23:34,230 --> 00:23:31,600

beings have some sort of latent

665

00:23:35,350 --> 00:23:34,240

innate capacity to access this

666

00:23:38,310 --> 00:23:35,360

information

667

00:23:39,350 --> 00:23:38,320

again this is astonishing why is this

668

00:23:41,350 --> 00:23:39,360

not headline news

669

00:23:43,029 --> 00:23:41,360

again that comes down to a lot of bias

670

00:23:44,549 --> 00:23:43,039

prejudice in

671

00:23:48,830 --> 00:23:44,559

mainstream science in the mainstream

672

00:23:50,230 --> 00:23:48,840

media nevertheless it is an astonishing

673

00:23:53,190 --> 00:23:50,240

result

674

00:23:53,510 --> 00:23:53,200

now again the implication here is that

675

00:23:59,190 --> 00:23:53,520

all

676
00:24:00,149 --> 00:23:59,200
always available always has been always

677
00:24:03,269 --> 00:24:00,159
will be

678
00:24:04,070 --> 00:24:03,279
and even those terms has will are to

679
00:24:07,110 --> 00:24:04,080
some degree

680
00:24:08,230 --> 00:24:07,120
um byproducts of our language and the

681
00:24:10,789 --> 00:24:08,240
limitations of it

682
00:24:12,230 --> 00:24:10,799
because again the the implications of

683
00:24:12,950 --> 00:24:12,240
all of these things we've been talking

684
00:24:14,630 --> 00:24:12,960
about

685
00:24:16,870 --> 00:24:14,640
is that even the way that we walk

686
00:24:18,789 --> 00:24:16,880
through time in a linear fashion

687
00:24:21,190 --> 00:24:18,799
uh that it's sort of a shared delusion

688
00:24:23,750 --> 00:24:21,200

that all humanity has right now

689

00:24:24,230 --> 00:24:23,760

but that's ultimately an illusion that

690

00:24:25,909 --> 00:24:24,240

this

691

00:24:29,350 --> 00:24:25,919

whether you want to call it the akashic

692

00:24:32,149 --> 00:24:29,360

records or some sort of cosmic database

693

00:24:33,110 --> 00:24:32,159

it contains information regarding past

694

00:24:34,470 --> 00:24:33,120

present future

695

00:24:37,029 --> 00:24:34,480

according to the way we would see it

696

00:24:39,750 --> 00:24:37,039

anyway from every event

697

00:24:43,430 --> 00:24:39,760

has ever existed from any sentient being

698

00:24:48,070 --> 00:24:45,990

and again when you think about people's

699

00:24:49,750 --> 00:24:48,080

contact with non-human intelligence with

700

00:24:52,390 --> 00:24:49,760

the others

701
00:24:53,830 --> 00:24:52,400
these others seem to be accessing these

702
00:24:55,110 --> 00:24:53,840
same skills but just to a much

703
00:24:57,110 --> 00:24:55,120
heightened degree

704
00:24:58,630 --> 00:24:57,120
so sometimes when people are taking on

705
00:25:00,310 --> 00:24:58,640
board of craft

706
00:25:01,830 --> 00:25:00,320
they're shown something like a life

707
00:25:02,789 --> 00:25:01,840
review that you have in a near-death

708
00:25:04,390 --> 00:25:02,799
experience

709
00:25:06,149 --> 00:25:04,400
where every event you've ever

710
00:25:07,830 --> 00:25:06,159
experienced is somehow uh

711
00:25:10,310 --> 00:25:07,840
available to you now and available to

712
00:25:12,149 --> 00:25:10,320
them even more interestingly whether

713
00:25:13,830 --> 00:25:12,159

it's a near-death experience or even

714

00:25:16,070 --> 00:25:13,840

sometimes a life review on one of these

715

00:25:18,149 --> 00:25:16,080

alien craft

716

00:25:19,830 --> 00:25:18,159

people will also be able to experience

717

00:25:22,230 --> 00:25:19,840

how they made others feel

718

00:25:23,990 --> 00:25:22,240

every interaction they ever had they can

719

00:25:25,430 --> 00:25:24,000

remember not only how they felt and what

720

00:25:27,669 --> 00:25:25,440

their actions were

721

00:25:28,870 --> 00:25:27,679

but how the others were affected by

722

00:25:33,269 --> 00:25:28,880

their actions

723

00:25:37,110 --> 00:25:34,870

so regarding the fascinating

724

00:25:38,070 --> 00:25:37,120

implications we've discussed on today's

725

00:25:41,990 --> 00:25:38,080

episode

726

00:25:44,390 --> 00:25:42,000

does this lead us

727

00:25:45,990 --> 00:25:44,400

again it tells us something fundamental

728

00:25:47,909 --> 00:25:46,000

about reality

729

00:25:51,190 --> 00:25:47,919

it tells us something about the paradigm

730

00:25:53,430 --> 00:25:51,200

we have now is fundamentally wrong

731

00:25:55,110 --> 00:25:53,440

insufficient perhaps even headed in the

732

00:25:56,630 --> 00:25:55,120

completely wrong direction

733

00:25:58,470 --> 00:25:56,640

because of course again for the

734

00:26:00,950 --> 00:25:58,480

mainstream establishment

735

00:26:02,870 --> 00:26:00,960

scientific materialism rules the idea

736

00:26:05,110 --> 00:26:02,880

that matter and energy

737

00:26:05,990 --> 00:26:05,120

are primary and something like

738

00:26:09,269 --> 00:26:06,000

consciousness

739

00:26:11,190 --> 00:26:09,279

is an artifact of those things what the

740

00:26:13,510 --> 00:26:11,200

implications we've discussed today

741

00:26:14,710 --> 00:26:13,520

uh suggest is that consciousness is

742

00:26:17,350 --> 00:26:14,720

actually the bedrock

743

00:26:20,149 --> 00:26:17,360

of reality from which everything else

744

00:26:23,510 --> 00:26:22,230

now let's bring it back to the title of

745

00:26:26,310 --> 00:26:23,520

this episode

746

00:26:27,110 --> 00:26:26,320

consciously connected now this has a

747

00:26:29,909 --> 00:26:27,120

double meaning

748

00:26:31,510 --> 00:26:29,919

from my point of view on the one hand

749

00:26:33,110 --> 00:26:31,520

all of what we've been discussing in

750

00:26:35,350 --> 00:26:33,120

this episode

751
00:26:36,310 --> 00:26:35,360
points to consciousness as the common

752
00:26:38,470 --> 00:26:36,320
link

753
00:26:39,990 --> 00:26:38,480
it is the substrate that gives rise to

754
00:26:41,909 --> 00:26:40,000
everything else

755
00:26:43,350 --> 00:26:41,919
we are consciously connected one to

756
00:26:45,750 --> 00:26:43,360
another human to human

757
00:26:48,470 --> 00:26:45,760
human to non-human whether we like it or

758
00:26:50,549 --> 00:26:48,480
not whether we realize it or not

759
00:26:52,710 --> 00:26:50,559
and in some sense our journey is in

760
00:26:55,110 --> 00:26:52,720
returning to that place of oneness

761
00:26:56,070 --> 00:26:55,120
a kind of big bang of consciousness if

762
00:26:59,029 --> 00:26:56,080
you will

763
00:27:00,750 --> 00:26:59,039

where everything everyone everywhere

764

00:27:02,149 --> 00:27:00,760

becomes cognizant of the

765

00:27:04,950 --> 00:27:02,159

interconnectedness of

766

00:27:05,350 --> 00:27:04,960

all that is realizing that to harm the

767

00:27:07,669 --> 00:27:05,360

one

768

00:27:11,909 --> 00:27:07,679

is to harm the all and to benefit the

769

00:27:15,590 --> 00:27:13,750

and that brings us to a close of this

770

00:27:16,870 --> 00:27:15,600

edition of the point of convergence

771

00:27:18,710 --> 00:27:16,880

podcast

772

00:27:19,990 --> 00:27:18,720

i hope you've enjoyed what you've heard

773

00:27:21,830 --> 00:27:20,000

i hope you've been challenged

774

00:27:23,110 --> 00:27:21,840

by what you've heard in terms of how

775

00:27:26,149 --> 00:27:23,120

you'll live your life

776

00:27:27,830 --> 00:27:26,159

i know i have been and as always i hope

777

00:27:30,710 --> 00:27:27,840

you'll tune in again next week as we

778

00:27:32,870 --> 00:27:30,720

continue this fascinating journey

779

00:27:34,549 --> 00:27:32,880

until then from deep in the blue ridge
