1  
00:00:02,830 --> 00:00:08,629

[Music]

2  
00:00:12,310 --> 00:00:09,509

hello

3  
00:00:14,549 --> 00:00:12,320

and welcome to episode number 12 of the

4  
00:00:19,269 --> 00:00:14,559

point of convergence podcast

5  
00:00:21,429 --> 00:00:19,279

as always i am your host exo academian

6  
00:00:22,790 --> 00:00:21,439

in the long-running history of the ufo

7  
00:00:25,029 --> 00:00:22,800

phenomenon

8  
00:00:26,230 --> 00:00:25,039

numerous aspects of encounters with

9  
00:00:28,630 --> 00:00:26,240

these others

10  
00:00:29,589 --> 00:00:28,640

stretch our imaginations to the breaking

11  
00:00:31,830 --> 00:00:29,599

point

12  
00:00:34,150 --> 00:00:31,840

pushing the outer limits of our capacity

13  
00:00:36,150 --> 00:00:34,160

to even conceive of technologies

14

00:00:37,190 --> 00:00:36,160

that could accomplish what our eyes and

15

00:00:38,790 --> 00:00:37,200

other senses

16

00:00:42,069 --> 00:00:38,800

are telling us we're apparently

17

00:00:46,470 --> 00:00:44,069

in terms of the demonstration of

18

00:00:48,790 --> 00:00:46,480

evidently advanced technology

19

00:00:50,470 --> 00:00:48,800

the craft controlled by the supposedly

20

00:00:52,470 --> 00:00:50,480

non-human intelligence

21

00:00:54,950 --> 00:00:52,480

makes maneuvers that are not only death

22

00:00:55,430 --> 00:00:54,960

defying but that break our very notions

23

00:00:58,709 --> 00:00:55,440

of how

24

00:01:00,470 --> 00:00:58,719

physics works engineers and aviation

25

00:01:02,389 --> 00:01:00,480

experts tell us that

26

00:01:04,070 --> 00:01:02,399

not only do we not have vehicles that

27

00:01:06,149 --> 00:01:04,080

can perform like this

28

00:01:08,070 --> 00:01:06,159

but that we can't really even presently

29

00:01:09,030 --> 00:01:08,080

conceive of how such feats could be

30

00:01:12,230 --> 00:01:09,040

accomplished

31

00:01:13,270 --> 00:01:12,240

even theoretically add to the mix that

32

00:01:15,429 --> 00:01:13,280

reports suggest

33

00:01:16,870 --> 00:01:15,439

a direct consciousness link between

34

00:01:18,870 --> 00:01:16,880

pilot and craft

35

00:01:21,109 --> 00:01:18,880

is key to the operation of these

36

00:01:24,870 --> 00:01:21,119

vehicles and our understanding is

37

00:01:29,990 --> 00:01:27,109

teleportation is another apparent

38

00:01:32,630 --> 00:01:30,000

feature on display with these craft

39

00:01:34,710 --> 00:01:32,640

in other words not only do witnesses

40

00:01:35,910 --> 00:01:34,720

including trained expert military

41

00:01:39,030 --> 00:01:35,920

witnesses

42

00:01:41,190 --> 00:01:39,040

see these ufos slash uaps racing across

43

00:01:43,990 --> 00:01:41,200

the sky at breakneck speeds

44

00:01:45,429 --> 00:01:44,000

making 90 degree turns on a dime without

45

00:01:47,590 --> 00:01:45,439

even slowing

46

00:01:48,789 --> 00:01:47,600

but witnesses have also reported seeing

47

00:01:51,510 --> 00:01:48,799

craft even

48

00:01:53,030 --> 00:01:51,520

massive mothership types the size of a

49

00:01:55,510 --> 00:01:53,040

football stadium

50

00:01:57,030 --> 00:01:55,520

suddenly materialize before their eyes

51

00:01:58,950 --> 00:01:57,040

out of nowhere

52

00:02:00,310 --> 00:01:58,960

and they can apparently disappear

53

00:02:04,469 --> 00:02:00,320

dematerialize

54

00:02:08,869 --> 00:02:07,350

and the wizardry on display by these

55

00:02:10,710 --> 00:02:08,879

others doesn't stop with the

56

00:02:12,150 --> 00:02:10,720

demonstration of their external

57

00:02:14,630 --> 00:02:12,160

technology

58

00:02:16,550 --> 00:02:14,640

they also readily demonstrate an ability

59

00:02:20,229 --> 00:02:16,560

to interact with us directly

60

00:02:22,229 --> 00:02:20,239

mind to mind that is equally baffling

61

00:02:23,589 --> 00:02:22,239

not only can they seemingly control our

62

00:02:25,430 --> 00:02:23,599

very perceptions

63

00:02:27,589 --> 00:02:25,440

to the point that we can no longer trust

64

00:02:29,350 --> 00:02:27,599

the output generated by our brains

65

00:02:31,509 --> 00:02:29,360

to be an accurate depiction of what's

66

00:02:34,309 --> 00:02:31,519

actually out there

67

00:02:35,670 --> 00:02:34,319

but despite clear species and vast

68

00:02:37,430 --> 00:02:35,680

cultural differences

69

00:02:38,869 --> 00:02:37,440

they seem able to effortlessly

70

00:02:41,750 --> 00:02:38,879

communicate with us

71

00:02:43,270 --> 00:02:41,760

telepathically bypassing the need for

72

00:02:46,470 --> 00:02:43,280

language translation

73

00:02:49,990 --> 00:02:48,710

furthermore not only is the means of

74

00:02:52,790 --> 00:02:50,000

their communication

75

00:02:53,589 --> 00:02:52,800

almost always telepathic in nature but

76  
00:02:56,150 --> 00:02:53,599  
this direct

77  
00:02:58,390 --> 00:02:56,160  
telepathic communication seems to come

78  
00:03:01,589 --> 00:02:58,400  
across at a much broader bandwidth

79  
00:03:02,470 --> 00:03:01,599  
than typical human communication meaning

80  
00:03:04,869 --> 00:03:02,480  
the entire

81  
00:03:06,070 --> 00:03:04,879  
nuanced emotional content of a thought

82  
00:03:09,430 --> 00:03:06,080  
is shared

83  
00:03:10,630 --> 00:03:09,440  
seemingly instantaneously and even more

84  
00:03:13,270 --> 00:03:10,640  
startlingly

85  
00:03:14,630 --> 00:03:13,280  
the human beings being contacted find

86  
00:03:17,589 --> 00:03:14,640  
that they can communicate

87  
00:03:17,990 --> 00:03:17,599  
back through the same telepathic means

88  
00:03:21,670 --> 00:03:18,000

just

89

00:03:24,470 --> 00:03:21,680

as easily somewhat disconcertingly

90

00:03:25,589 --> 00:03:24,480

to some even when one chooses not to

91

00:03:27,830 --> 00:03:25,599

share a thought

92

00:03:29,509 --> 00:03:27,840

one's thinking and feeling seems still

93

00:03:32,470 --> 00:03:29,519

to be laid bare to these

94

00:03:33,589 --> 00:03:32,480

others in other words they can seemingly

95

00:03:37,030 --> 00:03:33,599

read our minds

96

00:03:39,910 --> 00:03:37,040

and hearts as it were furthermore

97

00:03:40,630 --> 00:03:39,920

and even more discombobulatingly they

98

00:03:43,350 --> 00:03:40,640

seem to have

99

00:03:45,589 --> 00:03:43,360

knowledge of every figment of our lives

100

00:03:48,309 --> 00:03:45,599

and not only in its present state

101  
00:03:52,149 --> 00:03:48,319  
but going back into the distant past as

102  
00:03:58,550 --> 00:03:55,429  
but how how is all of this accomplished

103  
00:03:59,270 --> 00:03:58,560  
how are we to make sense of this figures

104  
00:04:01,509 --> 00:03:59,280  
like dr

105  
00:04:02,390 --> 00:04:01,519  
edgar mitchell the sixth man to walk on

106  
00:04:05,270 --> 00:04:02,400  
the moon

107  
00:04:05,990 --> 00:04:05,280  
and dr rudy shield an astrophysicist at

108  
00:04:08,949 --> 00:04:06,000  
the harvard

109  
00:04:11,589 --> 00:04:08,959  
smithsonian center for astrophysics have

110  
00:04:14,789 --> 00:04:11,599  
led the way in engaging in these matters

111  
00:04:16,870 --> 00:04:14,799  
advancing some intriguing possibilities

112  
00:04:18,469 --> 00:04:16,880  
and the fascinating new conceptions

113  
00:04:20,550 --> 00:04:18,479

around the nature of the intelligence

114

00:04:23,590 --> 00:04:20,560

behind the ufo phenomenon

115

00:04:26,629 --> 00:04:23,600

postulated by mitchell shield and others

116

00:04:31,880 --> 00:04:26,639

is the topic of this the 12th episode of

117

00:04:38,870 --> 00:04:36,070

[Music]

118

00:04:39,189 --> 00:04:38,880

to begin this podcast i'd like to remind

119

00:04:41,430 --> 00:04:39,199

us

120

00:04:42,390 --> 00:04:41,440

of the astronomical numbers we're

121

00:04:45,189 --> 00:04:42,400

dealing with here

122

00:04:46,310 --> 00:04:45,199

with this topic and i don't just mean in

123

00:04:48,150 --> 00:04:46,320

terms of space

124

00:04:49,990 --> 00:04:48,160

the size of the universe which likely

125

00:04:55,189 --> 00:04:50,000

leads to other universes

126

00:04:59,830 --> 00:04:57,590

on previous episodes of this podcast

127

00:05:02,469 --> 00:04:59,840

i've reminded us that we've gone from

128

00:05:03,670 --> 00:05:02,479

technology like a horse and buggy to a

129

00:05:06,390 --> 00:05:03,680

spacecraft

130

00:05:08,390 --> 00:05:06,400

in the period of about a hundred years

131

00:05:09,350 --> 00:05:08,400

and our entire species has only been

132

00:05:11,110 --> 00:05:09,360

around for

133

00:05:12,469 --> 00:05:11,120

depending on which estimates you listen

134

00:05:16,390 --> 00:05:12,479

to 50

135

00:05:18,710 --> 00:05:16,400

75 maybe 100 000 years at the most

136

00:05:20,550 --> 00:05:18,720

so try to imagine a civilization that

137

00:05:21,590 --> 00:05:20,560

could be hundreds of thousands of years

138

00:05:28,230 --> 00:05:21,600

beyond us

139

00:05:30,070 --> 00:05:28,240

i mean can you even realistically wrap

140

00:05:31,909 --> 00:05:30,080

your imagination around

141

00:05:33,189 --> 00:05:31,919

what technology would look like for a

142

00:05:35,749 --> 00:05:33,199

civilization

143

00:05:38,070 --> 00:05:35,759

millions of years older than ours

144

00:05:41,990 --> 00:05:38,080

considering that our entire species from

145

00:05:43,670 --> 00:05:42,000

caveman to spaceman is only about 100

146

00:05:46,390 --> 00:05:43,680

000 years at the most

147

00:05:47,430 --> 00:05:46,400

what would millions of years of advanced

148

00:05:51,029 --> 00:05:47,440

civilization

149

00:05:52,629 --> 00:05:51,039

yield well it's even more imagination

150

00:05:54,629 --> 00:05:52,639

straining than that

151

00:05:57,110 --> 00:05:54,639

because according to dr rudy shield

152

00:05:59,430 --> 00:05:57,120

quote it's almost a certainty that

153

00:06:04,230 --> 00:05:59,440

civilizations that may be a billion

154

00:06:07,990 --> 00:06:06,710

i mean honestly your response to that

155

00:06:10,790 --> 00:06:08,000

figure should be

156

00:06:12,309 --> 00:06:10,800

a gaping mouth and a blank stare it's

157

00:06:14,790 --> 00:06:12,319

certainly my response

158

00:06:15,350 --> 00:06:14,800

because our imagination simply cannot go

159

00:06:18,469 --> 00:06:15,360

there

160

00:06:20,070 --> 00:06:18,479

we can't conceive of a civilization a

161

00:06:25,270 --> 00:06:20,080

billion years or more

162

00:06:29,350 --> 00:06:27,990

and this is a perfectly apt point to be

163

00:06:32,469 --> 00:06:29,360

reminded of arthur c

164

00:06:35,550 --> 00:06:32,479

clarke's famous saying quote

165

00:06:40,469 --> 00:06:35,560

any sufficiently advanced technology is

166

00:06:42,550 --> 00:06:40,479

indistinguishable from magic unquote

167

00:06:44,309 --> 00:06:42,560

and this would be a good point to remind

168

00:06:47,270 --> 00:06:44,319

ourselves of the kind of

169

00:06:47,990 --> 00:06:47,280

categories that historically people have

170

00:06:51,110 --> 00:06:48,000

placed these

171

00:06:52,150 --> 00:06:51,120

others into some people have called them

172

00:06:55,510 --> 00:06:52,160

angels

173

00:06:58,950 --> 00:06:57,830

and of course we have religious texts

174

00:07:02,309 --> 00:06:58,960

that depict

175

00:07:04,950 --> 00:07:02,319

beings in the sky sky gods and whatnot

176

00:07:06,230 --> 00:07:04,960

that are often called angels and demons

177

00:07:09,589 --> 00:07:06,240

but may actually be

178

00:07:11,670 --> 00:07:09,599

the same phenomenon we observe today

179

00:07:14,629 --> 00:07:11,680

and we have to remember the world view

180

00:07:16,309 --> 00:07:14,639

in which those categories were created

181

00:07:18,629 --> 00:07:16,319

it was a world view where there was a

182

00:07:20,790 --> 00:07:18,639

simple structure to reality

183

00:07:21,670 --> 00:07:20,800

there were humans and animals on the

184

00:07:24,309 --> 00:07:21,680

earth

185

00:07:25,189 --> 00:07:24,319

and in the heavens above god and his

186

00:07:30,150 --> 00:07:25,199

angels

187

00:07:32,309 --> 00:07:30,160

and below demons and satan himself

188

00:07:34,790 --> 00:07:32,319

we find a similar structure as to

189

00:07:36,629 --> 00:07:34,800

reality in many shamanic cultures

190

00:07:39,189 --> 00:07:36,639

that also involved three levels of

191

00:07:40,950 --> 00:07:39,199

reality the higher the middle and the

192

00:07:43,350 --> 00:07:40,960

lower worlds

193

00:07:44,469 --> 00:07:43,360

but again we're reminded of arthur c

194

00:07:46,629 --> 00:07:44,479

clarke's quote

195

00:07:47,670 --> 00:07:46,639

about advanced civilization and its

196

00:07:49,589 --> 00:07:47,680

technology

197

00:07:52,710 --> 00:07:49,599

appearing like magic to a lesser

198

00:07:57,110 --> 00:07:55,270

and again thinking about those vast

199

00:07:59,189 --> 00:07:57,120

numbers we discussed earlier

200

00:08:00,230 --> 00:07:59,199

the possibility of there being

201  
00:08:03,270 --> 00:08:00,240  
civilizations

202  
00:08:05,110 --> 00:08:03,280  
billions of years more advanced than us

203  
00:08:06,469 --> 00:08:05,120  
well at that point even what we call

204  
00:08:09,110 --> 00:08:06,479  
technology that

205  
00:08:10,070 --> 00:08:09,120  
concept would basically collapse that

206  
00:08:13,350 --> 00:08:10,080  
both the inner

207  
00:08:15,270 --> 00:08:13,360  
and outer capacity capabilities of these

208  
00:08:16,869 --> 00:08:15,280  
beings would be so advanced

209  
00:08:21,589 --> 00:08:16,879  
that we wouldn't even consider it

210  
00:08:25,990 --> 00:08:23,510  
and here i would remind us all of the

211  
00:08:27,589 --> 00:08:26,000  
episode i did on spiral dynamics

212  
00:08:29,670 --> 00:08:27,599  
when we discussed the different

213  
00:08:32,230 --> 00:08:29,680

consciousness levels currently present

214

00:08:34,469 --> 00:08:32,240

on the earth if you remember the most

215

00:08:37,750 --> 00:08:34,479

advanced level the turquoise level

216

00:08:41,190 --> 00:08:37,760

was described as exploring reality with

217

00:08:42,469 --> 00:08:41,200

mind and spirit now these beings would

218

00:08:46,949 --> 00:08:42,479

certainly be doing that

219

00:08:50,710 --> 00:08:49,269

now later in this episode we'll discuss

220

00:08:53,430 --> 00:08:50,720

rudy shields notion

221

00:08:53,990 --> 00:08:53,440

of a cosmic intelligence not only

222

00:08:56,550 --> 00:08:54,000

connecting

223

00:08:57,350 --> 00:08:56,560

this universe and its beings but all

224

00:09:00,550 --> 00:08:57,360

universes

225

00:09:03,190 --> 00:09:00,560

in the multiverse well i believe it's

226  
00:09:04,150 --> 00:09:03,200  
obvious in fact that these beings would

227  
00:09:06,710 --> 00:09:04,160  
be closer

228  
00:09:07,590 --> 00:09:06,720  
to this central intelligence behind the

229  
00:09:09,750 --> 00:09:07,600  
universe

230  
00:09:11,910 --> 00:09:09,760  
they would be much more advanced

231  
00:09:13,750 --> 00:09:11,920  
spiritually in that sense than us

232  
00:09:15,590 --> 00:09:13,760  
as well as their technology being so

233  
00:09:16,949 --> 00:09:15,600  
advanced that we don't even recognize it

234  
00:09:19,190 --> 00:09:16,959  
as technology

235  
00:09:19,990 --> 00:09:19,200  
so they would be advanced in mind and

236  
00:09:21,829 --> 00:09:20,000  
spirit

237  
00:09:25,509 --> 00:09:21,839  
to the point where even those separate

238  
00:09:27,910 --> 00:09:25,519

categories likely collapse

239

00:09:30,150 --> 00:09:27,920

so clearly there are civilizations that

240

00:09:33,190 --> 00:09:30,160

exist that are dealing with reality

241

00:09:35,670 --> 00:09:33,200

in a league far beyond our own

242

00:09:36,630 --> 00:09:35,680

that said while we're clearly not on

243

00:09:39,590 --> 00:09:36,640

their level yet

244

00:09:41,269 --> 00:09:39,600

not even close new revelations

245

00:09:43,030 --> 00:09:41,279

especially coming from experimental

246

00:09:44,389 --> 00:09:43,040

results in the studies of the quantum

247

00:09:46,389 --> 00:09:44,399

level of reality

248

00:09:51,190 --> 00:09:46,399

reveal some exciting and truly

249

00:09:53,350 --> 00:09:51,200

mind-bending possibilities to explore

250

00:09:54,470 --> 00:09:53,360

in the introduction to this podcast i

251

00:09:57,670 --> 00:09:54,480

mentioned the figure of

252

00:09:59,829 --> 00:09:57,680

dr edgar mitchell well not only was he

253

00:10:01,430 --> 00:09:59,839

the sixth man to walk on the moon

254

00:10:03,110 --> 00:10:01,440

which gave him a completely different

255

00:10:06,310 --> 00:10:03,120

perspective on the world

256

00:10:06,790 --> 00:10:06,320

on the earth on consciousness but he was

257

00:10:09,509 --> 00:10:06,800

also

258

00:10:11,590 --> 00:10:09,519

a pioneer a trailblazer like dr mack

259

00:10:13,910 --> 00:10:11,600

that we discussed last week

260

00:10:14,790 --> 00:10:13,920

in terms of understanding and exploring

261

00:10:16,630 --> 00:10:14,800

consciousness

262

00:10:19,110 --> 00:10:16,640

and astronomy and how it all worked

263

00:10:19,990 --> 00:10:19,120

together how human beings may be in

264

00:10:22,389 --> 00:10:20,000

contact with

265

00:10:23,670 --> 00:10:22,399

extraterrestrial and interdimensional

266

00:10:25,750 --> 00:10:23,680

sources

267

00:10:28,630 --> 00:10:25,760

and today i'd like to touch on a paper

268

00:10:30,630 --> 00:10:28,640

he wrote along with robert starretz

269

00:10:34,069 --> 00:10:30,640

called the quantum hologram and the

270

00:10:37,509 --> 00:10:36,069

this was a pioneering paper clearly

271

00:10:39,430 --> 00:10:37,519

ahead of its time

272

00:10:40,790 --> 00:10:39,440

and i want to quote from the abstract at

273

00:10:43,670 --> 00:10:40,800

the beginning of the paper

274

00:10:45,590 --> 00:10:43,680

quote we present a new model of

275

00:10:48,069 --> 00:10:45,600

information processing in nature

276

00:10:51,350 --> 00:10:48,079

called the quantum hologram which we

277

00:10:54,150 --> 00:10:51,360

believe is supported by strong evidence

278

00:10:56,230 --> 00:10:54,160

this evidence suggests that qh is also a

279

00:10:57,750 --> 00:10:56,240

model that describes the basis for

280

00:11:00,150 --> 00:10:57,760

consciousness

281

00:11:00,790 --> 00:11:00,160

it explains how living organisms know

282

00:11:02,790 --> 00:11:00,800

and use

283

00:11:04,069 --> 00:11:02,800

whatever information they know and

284

00:11:06,230 --> 00:11:04,079

utilize

285

00:11:09,030 --> 00:11:06,240

it elevates the role of information in

286

00:11:12,150 --> 00:11:09,040

nature to the same fundamental status

287

00:11:14,949 --> 00:11:12,160

as that of matter and energy we

288

00:11:15,750 --> 00:11:14,959

speculate that qh seems to be nature's

289

00:11:18,069 --> 00:11:15,760

built-in

290

00:11:19,110 --> 00:11:18,079

vast information storage and retrieval

291

00:11:20,790 --> 00:11:19,120

mechanism

292

00:11:22,630 --> 00:11:20,800

and one that has been used since the

293

00:11:25,670 --> 00:11:22,640

beginning of time

294

00:11:27,350 --> 00:11:25,680

this would promote qh as a theory which

295

00:11:29,670 --> 00:11:27,360

is a basis for explaining

296

00:11:30,710 --> 00:11:29,680

how the whole of creation learns

297

00:11:33,350 --> 00:11:30,720

self-corrects

298

00:11:34,470 --> 00:11:33,360

and evolves as a self-organizing

299

00:11:38,790 --> 00:11:34,480

interconnected

300

00:11:41,990 --> 00:11:40,550

and now i'd like to go to another part

301  
00:11:44,230 --> 00:11:42,000  
of the article that gives a bit

302  
00:11:45,990 --> 00:11:44,240  
more specifics as to the nature of this

303  
00:11:48,470 --> 00:11:46,000  
model quote

304  
00:11:49,910 --> 00:11:48,480  
our quantum hologram model seems to

305  
00:11:53,030 --> 00:11:49,920  
explain many effects

306  
00:11:54,230 --> 00:11:53,040  
including aspects of mind memory stream

307  
00:11:56,790 --> 00:11:54,240  
of consciousness

308  
00:11:57,509 --> 00:11:56,800  
various factors including health psychic

309  
00:11:59,509 --> 00:11:57,519  
events

310  
00:12:00,790 --> 00:11:59,519  
young's collective unconscious the

311  
00:12:03,030 --> 00:12:00,800  
akashic record

312  
00:12:03,910 --> 00:12:03,040  
and other phenomena that arise out of

313  
00:12:06,230 --> 00:12:03,920

the resonance

314

00:12:08,389 --> 00:12:06,240

with the quantum hologram residing in

315

00:12:10,069 --> 00:12:08,399

the zero point field

316

00:12:12,470 --> 00:12:10,079

before the discovery of quantum

317

00:12:15,269 --> 00:12:12,480

holography we had no mechanism

318

00:12:17,750 --> 00:12:15,279

to model or account for these phenomena

319

00:12:22,829 --> 00:12:17,760

let alone for information transfers

320

00:12:27,030 --> 00:12:25,670

unquote now in case you're lost we

321

00:12:29,350 --> 00:12:27,040

should back up for a moment

322

00:12:31,030 --> 00:12:29,360

and give a bit of a history lesson i

323

00:12:32,550 --> 00:12:31,040

don't want to get too far into the weeds

324

00:12:36,069 --> 00:12:32,560

of astrophysics

325

00:12:38,389 --> 00:12:36,079

but as a background we found uh when we

326

00:12:40,710 --> 00:12:38,399

studied black holes that there was a

327

00:12:43,269 --> 00:12:40,720

conundrum we came to where it seemed

328

00:12:44,949 --> 00:12:43,279

like information was being destroyed

329

00:12:46,870 --> 00:12:44,959

and that seemed to violate one of the

330

00:12:49,030 --> 00:12:46,880

laws of the universe

331

00:12:49,990 --> 00:12:49,040

eventually it was postulated that the

332

00:12:52,150 --> 00:12:50,000

information

333

00:12:53,590 --> 00:12:52,160

going into a black hole is stored on the

334

00:12:57,030 --> 00:12:53,600

rim of a black hole

335

00:12:59,670 --> 00:12:57,040

in a 2d nature rather than 3d

336

00:13:00,310 --> 00:12:59,680

and from here people extrapolated out

337

00:13:02,470 --> 00:13:00,320

and said

338

00:13:03,430 --> 00:13:02,480

wait a second perhaps our entire

339

00:13:06,069 --> 00:13:03,440

universe

340

00:13:07,030 --> 00:13:06,079

is actually a hologram and at the edges

341

00:13:09,670 --> 00:13:07,040

of the universe

342

00:13:10,629 --> 00:13:09,680

is a 2d representation that can be

343

00:13:13,430 --> 00:13:10,639

depicted

344

00:13:14,150 --> 00:13:13,440

as 3d and for the beings inside the

345

00:13:16,550 --> 00:13:14,160

universe

346

00:13:17,829 --> 00:13:16,560

it would look 3d it would look real but

347

00:13:20,629 --> 00:13:17,839

it's actually

348

00:13:24,230 --> 00:13:20,639

the extrapolation of a 2d model held at

349

00:13:28,069 --> 00:13:26,230

so what's basically being postulated

350

00:13:31,110 --> 00:13:28,079

here is in the 2d

351  
00:13:33,350 --> 00:13:31,120  
representation of the universe at a

352  
00:13:33,670 --> 00:13:33,360  
quantum level you have a representation

353  
00:13:36,870 --> 00:13:33,680  
of

354  
00:13:38,949 --> 00:13:36,880  
all information not just things like

355  
00:13:39,990 --> 00:13:38,959  
matter and energy the physical structure

356  
00:13:42,949 --> 00:13:40,000  
of the universe

357  
00:13:44,949 --> 00:13:42,959  
but also all conscious information in

358  
00:13:45,990 --> 00:13:44,959  
other words the memories the feelings

359  
00:13:48,150 --> 00:13:46,000  
the thoughts of

360  
00:13:49,750 --> 00:13:48,160  
every being every conscious sentient

361  
00:13:52,550 --> 00:13:49,760  
being that's ever existed

362  
00:13:55,350 --> 00:13:52,560  
in the cosmos and this relates to the

363  
00:13:57,030 --> 00:13:55,360

historical notion of the akashic records

364

00:13:59,910 --> 00:13:57,040

and here again i'd like to quote from

365

00:14:02,310 --> 00:13:59,920

the mitchell paper quote

366

00:14:04,310 --> 00:14:02,320

finally there is the akashic record

367

00:14:06,710 --> 00:14:04,320

which was developed in the sanskrit

368

00:14:09,110 --> 00:14:06,720

and ancient indian culture it is

369

00:14:10,069 --> 00:14:09,120

described as an all-pervasive foundation

370

00:14:11,829 --> 00:14:10,079

that contains

371

00:14:14,470 --> 00:14:11,839

not only all knowledge of the human

372

00:14:17,269 --> 00:14:14,480

experience but also the entire history

373

00:14:19,509 --> 00:14:17,279

of the universe our normal five senses

374

00:14:21,590 --> 00:14:19,519

cannot access this information

375

00:14:24,389 --> 00:14:21,600

but it can be accessed through spiritual

376

00:14:27,990 --> 00:14:24,399

practices such as meditation

377

00:14:30,310 --> 00:14:28,000

in the last few years laszlo 2004

378

00:14:31,750 --> 00:14:30,320

has also been promoting a theory he has

379

00:14:33,750 --> 00:14:31,760

named the a field

380

00:14:35,189 --> 00:14:33,760

which contains many aspects that are

381

00:14:38,310 --> 00:14:35,199

also very similar

382

00:14:40,790 --> 00:14:38,320

to the concepts described in this paper

383

00:14:42,629 --> 00:14:40,800

all these concepts imply a mechanism

384

00:14:43,990 --> 00:14:42,639

very similar to our description of

385

00:14:48,710 --> 00:14:44,000

quantum hologram

386

00:14:51,590 --> 00:14:48,720

unquote now an interesting implication

387

00:14:53,110 --> 00:14:51,600

of this paper by mitchell is that

388

00:14:53,829 --> 00:14:53,120

there's actually something called a

389

00:14:56,710 --> 00:14:53,839

spectrum

390

00:14:57,350 --> 00:14:56,720

of quantum hologram resonance and this

391

00:15:00,310 --> 00:14:57,360

basically

392

00:15:01,110 --> 00:15:00,320

postulates that every structure in the

393

00:15:04,230 --> 00:15:01,120

universe

394

00:15:07,350 --> 00:15:04,240

from something like an atom to a meteor

395

00:15:09,990 --> 00:15:07,360

to a human being to a gray alien

396

00:15:11,509 --> 00:15:10,000

resonates with this quantum hologram to

397

00:15:14,550 --> 00:15:11,519

different degrees

398

00:15:15,910 --> 00:15:14,560

and as you move along the different

399

00:15:18,470 --> 00:15:15,920

levels of resonance

400

00:15:19,590 --> 00:15:18,480

you increase your capacities and this is

401  
00:15:20,470 --> 00:15:19,600  
now getting to the point where we

402  
00:15:22,310 --> 00:15:20,480  
discuss

403  
00:15:23,750 --> 00:15:22,320  
what an advanced civilization would be

404  
00:15:25,750 --> 00:15:23,760  
able to resonate with

405  
00:15:28,389 --> 00:15:25,760  
and therefore have access to have

406  
00:15:30,629 --> 00:15:28,399  
control of

407  
00:15:31,430 --> 00:15:30,639  
and in this paper there's a graph a

408  
00:15:34,550 --> 00:15:31,440  
diagram

409  
00:15:37,110 --> 00:15:34,560  
that depicts this evolving structure

410  
00:15:37,829 --> 00:15:37,120  
of resonance so this is somewhat similar

411  
00:15:39,910 --> 00:15:37,839  
to

412  
00:15:41,910 --> 00:15:39,920  
the spiral dynamics theory we discussed

413  
00:15:43,990 --> 00:15:41,920

a few episodes ago

414

00:15:45,990 --> 00:15:44,000

here this is the spectrum of quantum

415

00:15:48,069 --> 00:15:46,000

hologram resonance

416

00:15:49,829 --> 00:15:48,079

it begins with very basic simple

417

00:15:52,470 --> 00:15:49,839

awareness the most basic

418

00:15:53,509 --> 00:15:52,480

structures have that awareness a plant

419

00:15:55,430 --> 00:15:53,519

for instance

420

00:15:57,509 --> 00:15:55,440

has certain awareness about itself and

421

00:15:59,749 --> 00:15:57,519

how to sustain itself

422

00:16:02,790 --> 00:15:59,759

from there you move to memory and then

423

00:16:05,110 --> 00:16:02,800

to instinct which is species specific

424

00:16:06,389 --> 00:16:05,120

and then you develop capacities like

425

00:16:09,269 --> 00:16:06,399

empathy

426  
00:16:09,910 --> 00:16:09,279  
and then intuition and then you have the

427  
00:16:11,590 --> 00:16:09,920  
notion of

428  
00:16:14,470 --> 00:16:11,600  
things like cultural conditioning that

429  
00:16:15,910 --> 00:16:14,480  
arise in for instance human civilization

430  
00:16:18,550 --> 00:16:15,920  
and the development of a collective

431  
00:16:19,590 --> 00:16:18,560  
unconscious from there you move on to

432  
00:16:21,990 --> 00:16:19,600  
telepathy

433  
00:16:23,990 --> 00:16:22,000  
remote viewing remote healing

434  
00:16:26,310 --> 00:16:24,000  
telekinesis

435  
00:16:27,430 --> 00:16:26,320  
out of body experiences these are all

436  
00:16:31,829 --> 00:16:27,440  
aspects we now

437  
00:16:34,470 --> 00:16:31,839  
see evidence in the human experience

438  
00:16:35,990 --> 00:16:34,480

also reincarnation comes online at these

439

00:16:38,389 --> 00:16:36,000

higher levels

440

00:16:39,030 --> 00:16:38,399

and beyond there comes universal

441

00:16:41,509 --> 00:16:39,040

knowledge

442

00:16:43,269 --> 00:16:41,519

and eventually oneness consciousness

443

00:16:45,670 --> 00:16:43,279

which i've discussed before

444

00:16:48,310 --> 00:16:45,680

this is the spectrum of quantum hologram

445

00:16:51,509 --> 00:16:48,320

resonance depicted in this paper by dr

446

00:16:53,670 --> 00:16:51,519

edgar mitchell

447

00:16:55,269 --> 00:16:53,680

now previously on this podcast i've

448

00:16:58,150 --> 00:16:55,279

discussed the obvious

449

00:16:59,829 --> 00:16:58,160

clear bias and prejudice in mainstream

450

00:17:00,870 --> 00:16:59,839

science when it comes to these kind of

451  
00:17:03,030 --> 00:17:00,880

topics

452  
00:17:05,270 --> 00:17:03,040

mainstream science does its darndest to

453  
00:17:07,429 --> 00:17:05,280

avoid the ufo phenomenon topic

454  
00:17:08,549 --> 00:17:07,439

both for conscious and unconscious

455  
00:17:11,029 --> 00:17:08,559

reasons

456  
00:17:12,789 --> 00:17:11,039

and dr edgar mitchell addresses this

457  
00:17:14,789 --> 00:17:12,799

bias this prejudice

458  
00:17:16,549 --> 00:17:14,799

in this paper and i want to quote from a

459  
00:17:19,110 --> 00:17:16,559

section here where he discusses dean

460  
00:17:21,510 --> 00:17:19,120

raiden and his experimental results

461  
00:17:23,590 --> 00:17:21,520

quote the lack of an existing

462  
00:17:25,350 --> 00:17:23,600

theoretical structure in classical

463  
00:17:26,150 --> 00:17:25,360

science to support any type of

464

00:17:28,870 --> 00:17:26,160

perception

465

00:17:29,350 --> 00:17:28,880

of non-local information much less to

466

00:17:32,310 --> 00:17:29,360

support

467

00:17:33,909 --> 00:17:32,320

bias belief or intention as having a

468

00:17:35,830 --> 00:17:33,919

non-local effect

469

00:17:37,190 --> 00:17:35,840

is quite sufficient to account for

470

00:17:39,830 --> 00:17:37,200

anomalous results

471

00:17:42,150 --> 00:17:39,840

in many scientific experiments the

472

00:17:42,710 --> 00:17:42,160

prevailing dogma of classical science

473

00:17:45,110 --> 00:17:42,720

against

474

00:17:47,430 --> 00:17:45,120

any type of non-local action at the

475

00:17:49,590 --> 00:17:47,440

level of macro scale reality

476  
00:17:51,909 --> 00:17:49,600  
has not prevented experiments from

477  
00:17:54,549 --> 00:17:51,919  
successfully being conducted

478  
00:17:55,830 --> 00:17:54,559  
it has sometimes caused positive results

479  
00:17:58,870 --> 00:17:55,840  
to be dismissed as

480  
00:17:59,590 --> 00:17:58,880  
anomalous of faulty design or outright

481  
00:18:01,750 --> 00:17:59,600  
fraud

482  
00:18:03,110 --> 00:18:01,760  
when in most of these cases the results

483  
00:18:05,270 --> 00:18:03,120  
were defensible

484  
00:18:06,150 --> 00:18:05,280  
had proper non-local theory being

485  
00:18:09,909 --> 00:18:06,160  
available

486  
00:18:11,190 --> 00:18:09,919  
unquote and now i'd like to quote from a

487  
00:18:14,150 --> 00:18:11,200  
section where he discusses

488  
00:18:15,909 --> 00:18:14,160

raiden's results specifically quote

489

00:18:17,830 --> 00:18:15,919

raiden 2006

490

00:18:19,990 --> 00:18:17,840

describes a series of experiments

491

00:18:20,710 --> 00:18:20,000

conducted in the latter half of the 20th

492

00:18:22,950 --> 00:18:20,720

century

493

00:18:24,950 --> 00:18:22,960

on a whole range of psychic phenomena

494

00:18:27,110 --> 00:18:24,960

that suggests that experimenters are

495

00:18:29,990 --> 00:18:27,120

obtaining far more correlations

496

00:18:30,990 --> 00:18:30,000

than can be expected by chance this was

497

00:18:33,270 --> 00:18:31,000

done by performing

498

00:18:34,150 --> 00:18:33,280

meta-analyses for random number

499

00:18:36,310 --> 00:18:34,160

generators

500

00:18:37,190 --> 00:18:36,320

studies subjected to psychokinesis

501  
00:18:39,110 --> 00:18:37,200  
intention

502  
00:18:42,230 --> 00:18:39,120  
which resulted with the odds against

503  
00:18:45,750 --> 00:18:42,240  
chance of 35 trillion to one

504  
00:18:47,510 --> 00:18:45,760  
over the entire database

505  
00:18:49,350 --> 00:18:47,520  
and what this section of the paper is

506  
00:18:51,669 --> 00:18:49,360  
basically getting at is that

507  
00:18:53,669 --> 00:18:51,679  
the experimental results found from

508  
00:18:56,390 --> 00:18:53,679  
people like raiden

509  
00:18:57,909 --> 00:18:56,400  
clearly violate the notions in

510  
00:19:00,710 --> 00:18:57,919  
mainstream science the

511  
00:19:02,710 --> 00:19:00,720  
mechanistic materialistic model cannot

512  
00:19:04,870 --> 00:19:02,720  
account for these kinds of results

513  
00:19:06,230 --> 00:19:04,880

and so often what happens as was

514

00:19:08,070 --> 00:19:06,240  
discussed earlier

515

00:19:09,430 --> 00:19:08,080  
is the results are just ignored

516

00:19:11,909 --> 00:19:09,440  
dismissed or

517

00:19:12,870 --> 00:19:11,919  
considered to be fraudulent even that's

518

00:19:15,110 --> 00:19:12,880  
how far

519

00:19:15,990 --> 00:19:15,120  
these scientists will go to dismiss this

520

00:19:17,909 --> 00:19:16,000  
data

521

00:19:19,190 --> 00:19:17,919  
because it violates their worldview

522

00:19:21,990 --> 00:19:19,200  
basically

523

00:19:23,990 --> 00:19:22,000  
but a model of reality like is depicted

524

00:19:25,909 --> 00:19:24,000  
with this quantum hologram theory put

525

00:19:28,950 --> 00:19:25,919  
forward by edgar mitchell

526

00:19:30,789 --> 00:19:28,960

can make sense of this it can describe

527

00:19:32,310 --> 00:19:30,799

a way that human beings and other

528

00:19:34,870 --> 00:19:32,320

entities can

529

00:19:35,830 --> 00:19:34,880

resonate with information at the quantum

530

00:19:38,150 --> 00:19:35,840

hologram

531

00:19:39,110 --> 00:19:38,160

and access this kind of information and

532

00:19:43,270 --> 00:19:39,120

actually

533

00:19:45,590 --> 00:19:43,280

change reality itself

534

00:19:46,549 --> 00:19:45,600

and again thinking back to the outset of

535

00:19:48,310 --> 00:19:46,559

this podcast

536

00:19:49,909 --> 00:19:48,320

when we talked about the astounding

537

00:19:52,789 --> 00:19:49,919

technology and

538

00:19:54,549 --> 00:19:52,799

conscious capabilities of these others

539

00:19:57,430 --> 00:19:54,559

think about what we're discussing here

540

00:19:59,350 --> 00:19:57,440

think about what a civilization that can

541

00:20:01,909 --> 00:19:59,360

resonate at a very high level

542

00:20:02,549 --> 00:20:01,919

with this quantum hologram imagine what

543

00:20:04,950 --> 00:20:02,559

they could do

544

00:20:05,909 --> 00:20:04,960

when this is basically a way to hack

545

00:20:07,750 --> 00:20:05,919

into reality

546

00:20:11,110 --> 00:20:07,760

itself that's basically what's being

547

00:20:13,430 --> 00:20:11,120

postulated by mitchell here

548

00:20:15,029 --> 00:20:13,440

and really hack is the wrong term there

549

00:20:17,909 --> 00:20:15,039

that's too crude

550

00:20:18,230 --> 00:20:17,919

we live in a participatory universe that

551  
00:20:20,230 --> 00:20:18,240  
is

552  
00:20:22,310 --> 00:20:20,240  
highly conscious throughout that's

553  
00:20:24,710 --> 00:20:22,320  
basically what's being described here

554  
00:20:26,070 --> 00:20:24,720  
and that beings to different levels

555  
00:20:26,950 --> 00:20:26,080  
depending on their level of

556  
00:20:29,669 --> 00:20:26,960  
consciousness

557  
00:20:33,990 --> 00:20:29,679  
can interact and change reality itself

558  
00:20:35,909 --> 00:20:34,000  
this is the way the universe is designed

559  
00:20:37,190 --> 00:20:35,919  
again getting back to an earlier part of

560  
00:20:39,669 --> 00:20:37,200  
this discussion

561  
00:20:41,190 --> 00:20:39,679  
think about angels demons think about

562  
00:20:43,350 --> 00:20:41,200  
celestial figures

563  
00:20:44,789 --> 00:20:43,360

think about gods depicted in our

564

00:20:46,710 --> 00:20:44,799

religious texts

565

00:20:49,190 --> 00:20:46,720

well again to different degrees

566

00:20:52,310 --> 00:20:49,200

different species that might have begun

567

00:20:53,830 --> 00:20:52,320

as physical creatures just like us may

568

00:20:55,909 --> 00:20:53,840

have very well evolved to the point

569

00:20:58,470 --> 00:20:55,919

where they resonate at such high levels

570

00:21:00,950 --> 00:20:58,480

that they appear godlike to creatures

571

00:21:03,270 --> 00:21:00,960

such as us

572

00:21:04,950 --> 00:21:03,280

and now moving on from dr edgar mitchell

573

00:21:08,230 --> 00:21:04,960

i'd like to move on to the work

574

00:21:09,270 --> 00:21:08,240

of dr rudy shield of course rudy shield

575

00:21:11,669 --> 00:21:09,280

was a close

576  
00:21:12,789 --> 00:21:11,679  
companion of dr edgar mitchell knew him

577  
00:21:14,710 --> 00:21:12,799  
for many years

578  
00:21:16,470 --> 00:21:14,720  
and was a co-founder along with people

579  
00:21:17,270 --> 00:21:16,480  
like ray hernandez of the free

580  
00:21:20,630 --> 00:21:17,280  
foundation

581  
00:21:23,350 --> 00:21:20,640  
which is now ccri

582  
00:21:24,870 --> 00:21:23,360  
and in case you're not familiar ccri

583  
00:21:27,909 --> 00:21:24,880  
stands for the consciousness

584  
00:21:29,750 --> 00:21:27,919  
and contact research institute and by

585  
00:21:31,669 --> 00:21:29,760  
the way they have a new book coming out

586  
00:21:34,230 --> 00:21:31,679  
in a couple months called a greater

587  
00:21:36,470 --> 00:21:34,240  
reality and this is the follow-up to

588  
00:21:37,510 --> 00:21:36,480

beyond ufos that of course included the

589

00:21:39,190 --> 00:21:37,520

famous

590

00:21:42,870 --> 00:21:39,200

experimenter research study that we

591

00:21:44,710 --> 00:21:42,880

discussed in an earlier podcast

592

00:21:47,350 --> 00:21:44,720

now i'd like to touch on some very

593

00:21:49,909 --> 00:21:47,360

interesting compelling things that

594

00:21:51,270 --> 00:21:49,919

dr rudy shields said to ray hernandez in

595

00:21:52,950 --> 00:21:51,280

an interview

596

00:21:55,350 --> 00:21:52,960

one of the things he said regarding

597

00:21:57,510 --> 00:21:55,360

quantum information was that quote

598

00:21:58,870 --> 00:21:57,520

the description of mass is more

599

00:22:02,630 --> 00:21:58,880

important than the mass

600

00:22:05,190 --> 00:22:02,640

itself it is more enduring unquote

601  
00:22:06,789 --> 00:22:05,200  
he also said quote we've always known

602  
00:22:07,750 --> 00:22:06,799  
something about our universe that it

603  
00:22:11,430 --> 00:22:07,760  
appears to have

604  
00:22:13,270 --> 00:22:11,440  
cosmic memory unquote

605  
00:22:14,630 --> 00:22:13,280  
so again this touches on what we

606  
00:22:17,909 --> 00:22:14,640  
discussed before

607  
00:22:20,870 --> 00:22:17,919  
with edgar mitchell's work the idea that

608  
00:22:21,909 --> 00:22:20,880  
quantum information basically is the

609  
00:22:23,590 --> 00:22:21,919  
reference level

610  
00:22:25,990 --> 00:22:23,600  
of the physical structure of our

611  
00:22:27,190 --> 00:22:26,000  
universe and it's more important that

612  
00:22:29,669 --> 00:22:27,200  
you have that

613  
00:22:31,909 --> 00:22:29,679

because that can always create can

614

00:22:33,990 --> 00:22:31,919

manifest the 3d reality

615

00:22:35,830 --> 00:22:34,000

what you need is the quantum information

616

00:22:38,230 --> 00:22:35,840

this is what's more enduring

617

00:22:40,310 --> 00:22:38,240

and this is actually what is contained

618

00:22:42,390 --> 00:22:40,320

inside black holes

619

00:22:44,950 --> 00:22:42,400

but rudy shield goes further he says

620

00:22:45,430 --> 00:22:44,960

black holes are often misunderstood even

621

00:22:48,070 --> 00:22:45,440

in

622

00:22:49,830 --> 00:22:48,080

astrophysics he likes to use the term

623

00:22:52,830 --> 00:22:49,840

mikos which stands for

624

00:22:54,870 --> 00:22:52,840

magnetically eternally collapsing

625

00:22:57,029 --> 00:22:54,880

objects

626

00:22:58,950 --> 00:22:57,039

so basically rudy shield believes that

627

00:23:00,630 --> 00:22:58,960

what we consider black holes what we

628

00:23:03,909 --> 00:23:00,640

commonly call black holes

629

00:23:05,430 --> 00:23:03,919

are better described as mikos and very

630

00:23:08,070 --> 00:23:05,440

interestingly he says

631

00:23:08,789 --> 00:23:08,080

these mikkos these black holes are

632

00:23:11,350 --> 00:23:08,799

basically

633

00:23:12,870 --> 00:23:11,360

portals between our physical universe

634

00:23:17,110 --> 00:23:12,880

our physical space

635

00:23:19,669 --> 00:23:17,120

and a pure quantum internal space

636

00:23:20,390 --> 00:23:19,679

that is to say on the exterior of a

637

00:23:22,549 --> 00:23:20,400

black hole

638

00:23:23,830 --> 00:23:22,559

you have the physical universe what we

639

00:23:25,990 --> 00:23:23,840

exist in

640

00:23:27,750 --> 00:23:26,000

and on the interior of the black hole

641

00:23:30,630 --> 00:23:27,760

beyond the event horizon

642

00:23:33,270 --> 00:23:30,640

you have quote quantum internal space

643

00:23:35,990 --> 00:23:33,280

that has no physical structure

644

00:23:36,470 --> 00:23:36,000

unquote and he goes on to say quote

645

00:23:39,029 --> 00:23:36,480

there

646

00:23:41,590 --> 00:23:39,039

quantum fields merge around doing very

647

00:23:44,149 --> 00:23:41,600

compressed and complex things

648

00:23:44,789 --> 00:23:44,159

unquote and any ads very interestingly

649

00:23:47,269 --> 00:23:44,799

quote

650

00:23:47,830 --> 00:23:47,279

and only a cosmic intelligence could

651  
00:23:51,990 --> 00:23:47,840  
affect

652  
00:23:56,310 --> 00:23:54,549  
so yes indeed dr rudy shield an

653  
00:23:58,950 --> 00:23:56,320  
astrophysicist at the harvard

654  
00:24:01,830 --> 00:23:58,960  
smithsonian center for astrophysics

655  
00:24:02,630 --> 00:24:01,840  
is postulating that there is a central

656  
00:24:05,909 --> 00:24:02,640  
universal

657  
00:24:07,669 --> 00:24:05,919  
intelligence a god if you like but avoid

658  
00:24:09,510 --> 00:24:07,679  
the baggage will you

659  
00:24:10,789 --> 00:24:09,520  
and that this central intelligence this

660  
00:24:12,630 --> 00:24:10,799  
cosmic intelligence

661  
00:24:14,710 --> 00:24:12,640  
interacts with the physical structure

662  
00:24:17,029 --> 00:24:14,720  
and the beings of each universe

663  
00:24:18,630 --> 00:24:17,039

within the multiverse through these

664

00:24:21,269 --> 00:24:18,640

black hole objects

665

00:24:22,390 --> 00:24:21,279

by manipulating the quantum level of

666

00:24:25,269 --> 00:24:22,400

information

667

00:24:28,149 --> 00:24:25,279

that manifests in the physical universes

668

00:24:29,830 --> 00:24:28,159

that we experience

669

00:24:32,230 --> 00:24:29,840

in a way you can think about this

670

00:24:34,390 --> 00:24:32,240

quantum information that exists in a

671

00:24:35,350 --> 00:24:34,400

non-physical state it's just descriptive

672

00:24:38,390 --> 00:24:35,360

information

673

00:24:39,750 --> 00:24:38,400

inside the black hole on the interior as

674

00:24:43,750 --> 00:24:39,760

the programming level

675

00:24:45,990 --> 00:24:43,760

the code of reality if you will

676  
00:24:47,510 --> 00:24:46,000  
and again getting back to what we talked

677  
00:24:50,310 --> 00:24:47,520  
about earlier

678  
00:24:51,269 --> 00:24:50,320  
both we as human beings and alien

679  
00:24:52,950 --> 00:24:51,279  
species

680  
00:24:56,230 --> 00:24:52,960  
can interact with this quantum

681  
00:24:58,149 --> 00:24:56,240  
information by resonating with it

682  
00:25:00,070 --> 00:24:58,159  
but then perhaps you ask how does that

683  
00:25:02,549 --> 00:25:00,080  
happen exactly what is the medium

684  
00:25:04,390 --> 00:25:02,559  
for this interaction between us and the

685  
00:25:06,470 --> 00:25:04,400  
quantum hologram

686  
00:25:08,870 --> 00:25:06,480  
well here it's postulated that it's the

687  
00:25:09,510 --> 00:25:08,880  
zero point energy field that was put

688  
00:25:13,350 --> 00:25:09,520

forth by

689

00:25:15,909 --> 00:25:13,360

hal put off and for those of you not

690

00:25:18,390 --> 00:25:15,919

familiar the zero point energy field

691

00:25:19,269 --> 00:25:18,400

is postulated as existing throughout the

692

00:25:22,310 --> 00:25:19,279

cosmos

693

00:25:24,789 --> 00:25:22,320

that actually contrary to former opinion

694

00:25:26,630 --> 00:25:24,799

space is actually not mostly empty but

695

00:25:27,430 --> 00:25:26,640

is actually filled with a zero point

696

00:25:30,390 --> 00:25:27,440

energy

697

00:25:31,590 --> 00:25:30,400

it's pulsating vibrating with power and

698

00:25:33,830 --> 00:25:31,600

actually people like hal

699

00:25:35,990 --> 00:25:33,840

put off have been trying to find ways to

700

00:25:38,470 --> 00:25:36,000

pull that energy as a source

701  
00:25:40,830 --> 00:25:38,480  
that would be limitless basically and

702  
00:25:43,430 --> 00:25:40,840  
completely

703  
00:25:45,669 --> 00:25:43,440  
free and to clarify

704  
00:25:46,870 --> 00:25:45,679  
because this is the axis of quantum

705  
00:25:50,390 --> 00:25:46,880  
information

706  
00:25:52,950 --> 00:25:50,400  
the entangled aspects of our cosmos

707  
00:25:54,789 --> 00:25:52,960  
that's why it is instantaneous and that

708  
00:25:57,510 --> 00:25:54,799  
actually our consciousness

709  
00:25:59,669 --> 00:25:57,520  
which is uh passed on through waves

710  
00:26:02,549 --> 00:25:59,679  
consciousness waves basically

711  
00:26:04,149 --> 00:26:02,559  
can instantaneously contact its

712  
00:26:06,470 --> 00:26:04,159  
non-local source

713  
00:26:07,510 --> 00:26:06,480

which is within these black hole objects

714

00:26:09,269 --> 00:26:07,520

these mikos

715

00:26:11,510 --> 00:26:09,279

in other words our consciousness does

716

00:26:13,830 --> 00:26:11,520

not reside within our brain

717

00:26:15,990 --> 00:26:13,840

as modern science would have you believe

718

00:26:18,549 --> 00:26:16,000

but it is actually held non-locally

719

00:26:20,789 --> 00:26:18,559

inside these black hole objects and we

720

00:26:24,549 --> 00:26:20,799

access this quantum information

721

00:26:26,310 --> 00:26:24,559

that's what makes us us

722

00:26:27,750 --> 00:26:26,320

and again it's not just our

723

00:26:30,149 --> 00:26:27,760

consciousness that's held within these

724

00:26:33,190 --> 00:26:30,159

black hole objects these mikos

725

00:26:35,269 --> 00:26:33,200

but all consciousnesses all memories

726  
00:26:36,390 --> 00:26:35,279  
from every sentient being that has ever

727  
00:26:39,190 --> 00:26:36,400  
existed

728  
00:26:39,990 --> 00:26:39,200  
throughout time and space so again this

729  
00:26:41,750 --> 00:26:40,000  
explains

730  
00:26:43,909 --> 00:26:41,760  
all sorts of phenomena we've been

731  
00:26:48,310 --> 00:26:43,919  
discussing on this podcast

732  
00:26:50,149 --> 00:26:48,320  
remote viewing telekinesis telepathy

733  
00:26:52,070 --> 00:26:50,159  
all of this is possible because it's

734  
00:26:54,149 --> 00:26:52,080  
about resonating with information

735  
00:26:55,190 --> 00:26:54,159  
quantum information within these black

736  
00:26:58,230 --> 00:26:55,200  
hole objects

737  
00:27:00,950 --> 00:26:58,240  
and it exists there eternally all of it

738  
00:27:02,630 --> 00:27:00,960

that even explains why we can sometimes

739

00:27:05,029 --> 00:27:02,640

understand the thoughts of others

740

00:27:06,789 --> 00:27:05,039

and why these alien species who resonate

741

00:27:09,029 --> 00:27:06,799

at much higher levels than us

742

00:27:09,830 --> 00:27:09,039

can apparently access all information

743

00:27:13,830 --> 00:27:09,840

about us

744

00:27:15,990 --> 00:27:13,840

about our history even about our future

745

00:27:17,909 --> 00:27:16,000

and in terms of the teleportation of

746

00:27:20,230 --> 00:27:17,919

these apparently huge space

747

00:27:21,590 --> 00:27:20,240

craft that we discussed in the outset of

748

00:27:23,590 --> 00:27:21,600

this episode

749

00:27:26,070 --> 00:27:23,600

well clearly we understand how that

750

00:27:28,630 --> 00:27:26,080

could work with this quantum resonance

751  
00:27:29,430 --> 00:27:28,640  
that basically you are manipulating the

752  
00:27:32,630 --> 00:27:29,440  
descriptive

753  
00:27:34,549 --> 00:27:32,640  
quantum level of the spacecraft and at

754  
00:27:36,789 --> 00:27:34,559  
that quantum level of course it has no

755  
00:27:37,750 --> 00:27:36,799  
mass it's basically the code behind

756  
00:27:40,070 --> 00:27:37,760  
reality

757  
00:27:40,950 --> 00:27:40,080  
referencing that spacecraft and when it

758  
00:27:43,190 --> 00:27:40,960  
manifests

759  
00:27:44,630 --> 00:27:43,200  
suddenly in front of your home then it

760  
00:27:47,830 --> 00:27:44,640  
takes on physical structure

761  
00:27:50,070 --> 00:27:47,840  
it transforms from a quantum possibility

762  
00:27:51,830 --> 00:27:50,080  
to a physical structure in our universe

763  
00:27:54,630 --> 00:27:51,840

and to us that appears almost

764

00:27:57,110 --> 00:27:54,640

instantaneous

765

00:27:59,190 --> 00:27:57,120

so what do you think about these ideas i

766

00:28:01,110 --> 00:27:59,200

personally think they are fascinating

767

00:28:03,350 --> 00:28:01,120

and so much more compelling than the

768

00:28:08,389 --> 00:28:03,360

reality described by

769

00:28:11,669 --> 00:28:10,950

and most importantly i think these ideas

770

00:28:14,149 --> 00:28:11,679

get as much

771

00:28:16,149 --> 00:28:14,159

closer to what is really real much

772

00:28:20,950 --> 00:28:16,159

closer to the base reality

773

00:28:23,510 --> 00:28:20,960

of an interconnected conscious universe

774

00:28:25,269 --> 00:28:23,520

and on that note we've come to the close

775

00:28:27,190 --> 00:28:25,279

of another edition of the point of

776

00:28:29,830 --> 00:28:27,200

convergence podcast

777

00:28:30,710 --> 00:28:29,840

let's keep this conversation going and

778

00:28:32,070 --> 00:28:30,720

growing

779

00:28:33,909 --> 00:28:32,080

if you know others who would be

780

00:28:34,630 --> 00:28:33,919

interested in these topics please let

781

00:28:36,549 --> 00:28:34,640

them know

782

00:28:39,909 --> 00:28:36,559

so they can tune in next week as we

783

00:28:42,149 --> 00:28:39,919

continue this fascinating conversation

784

00:28:44,389 --> 00:28:42,159

but until then from deep within the blue
