1
00:00:02,830 --> 00:00:08,950

[Music]

2
00:00:12,950 --> 00:00:09,990

hello

3
00:00:15,030 --> 00:00:12,960

and welcome to episode number 13 of the

4
00:00:19,590 --> 00:00:15,040

point of convergence podcast

5
00:00:22,390 --> 00:00:19,600

as always i'm your host exo academian

6
00:00:23,750 --> 00:00:22,400

even before h.g wells wrote his classic

7
00:00:26,150 --> 00:00:23,760

war of the worlds

8
00:00:28,070 --> 00:00:26,160

depicting an alien invasion on behalf of

9
00:00:31,109 --> 00:00:28,080

a technologically superior

10
00:00:32,310 --> 00:00:31,119

civilization from mars human beings have

11
00:00:35,350 --> 00:00:32,320

looked to the skies

12
00:00:37,750 --> 00:00:35,360

meaning more specifically outer space as

13
00:00:38,389 --> 00:00:37,760

the obvious source for visitation from a

14

00:00:40,869 --> 00:00:38,399

group of

15

00:00:41,670 --> 00:00:40,879

others as we've grown in our

16

00:00:44,229 --> 00:00:41,680

understanding

17

00:00:45,910 --> 00:00:44,239

of just how discombobulatingly vast our

18

00:00:48,310 --> 00:00:45,920

cosmos is

19

00:00:50,229 --> 00:00:48,320

populated by countless galaxies each

20

00:00:52,709 --> 00:00:50,239

containing untold numbers

21

00:00:54,310 --> 00:00:52,719

of star systems and planets that

22

00:00:55,750 --> 00:00:54,320

assumption has seemed all the more

23

00:00:59,510 --> 00:00:55,760

secure

24

00:01:01,510 --> 00:00:59,520

the final frontier was clearly out there

25

00:01:03,349 --> 00:01:01,520

and so we turned our attention as well

26
00:01:04,630 --> 00:01:03,359
as our most advanced telescopes and

27
00:01:07,190 --> 00:01:04,640
technologies

28
00:01:08,630 --> 00:01:07,200
to the stars in hopes of confirming the

29
00:01:11,830 --> 00:01:08,640
existence of these

30
00:01:14,950 --> 00:01:14,230
ever since the dawn of the atomic age

31
00:01:17,429 --> 00:01:14,960
the apparent

32
00:01:19,109 --> 00:01:17,439
presence of advanced craft buzzing in

33
00:01:21,830 --> 00:01:19,119
and around our skies

34
00:01:22,550 --> 00:01:21,840
combined with reported contact between

35
00:01:25,590 --> 00:01:22,560
people

36
00:01:27,910 --> 00:01:25,600
and various non-human entities has led

37
00:01:30,069 --> 00:01:27,920
many to conclude that the epoch of

38
00:01:30,950 --> 00:01:30,079

contact with advanced non-human

39

00:01:34,069 --> 00:01:30,960

intelligence

40

00:01:35,749 --> 00:01:34,079

is already upon us and of course

41

00:01:37,670 --> 00:01:35,759

following the common sense thinking of

42

00:01:40,149 --> 00:01:37,680

the day these others

43

00:01:41,670 --> 00:01:40,159

have been assumed to be space travelers

44

00:01:43,429 --> 00:01:41,680

who've transversed astounding

45

00:01:48,630 --> 00:01:43,439

astronomical distances

46

00:01:53,749 --> 00:01:51,510

in more recent decades this model termed

47

00:01:56,069 --> 00:01:53,759

the extraterrestrial hypothesis

48

00:01:57,670 --> 00:01:56,079

has met with some competition from what

49

00:02:00,630 --> 00:01:57,680

is most often termed

50

00:02:01,749 --> 00:02:00,640

the interdimensional hypothesis this

51
00:02:04,230 --> 00:02:01,759
competing notion

52
00:02:05,190 --> 00:02:04,240
postulates the visitation of beings who

53
00:02:07,190 --> 00:02:05,200
are coming

54
00:02:09,830 --> 00:02:07,200
not necessarily from far-flung star

55
00:02:13,190 --> 00:02:09,840
systems but from parallel dimensions

56
00:02:14,790 --> 00:02:13,200
or other universes this hypothesis has

57
00:02:15,830 --> 00:02:14,800
been advanced by well-respected

58
00:02:18,470 --> 00:02:15,840
ufologists

59
00:02:18,949 --> 00:02:18,480
such as jacques villa who argue that the

60
00:02:23,830 --> 00:02:18,959
data

61
00:02:26,309 --> 00:02:23,840
best fits with this model

62
00:02:27,190 --> 00:02:26,319
what sometimes flies under the radar in

63
00:02:29,830 --> 00:02:27,200

this debate

64

00:02:32,550 --> 00:02:29,840

as to the origin of these others is a

65

00:02:34,630 --> 00:02:32,560

much more close to home explanation

66

00:02:35,670 --> 00:02:34,640

it's an explanation that is so close to

67

00:02:38,790 --> 00:02:35,680

home in fact

68

00:02:40,790 --> 00:02:38,800

that some find it downright disturbing

69

00:02:42,949 --> 00:02:40,800

i speak of a model advanced most

70

00:02:45,910 --> 00:02:42,959

famously by a researcher named

71

00:02:47,430 --> 00:02:45,920

mactanis termed the cryptoterrestrial

72

00:02:51,110 --> 00:02:47,440

hypothesis

73

00:02:53,589 --> 00:02:51,120

are actually

74

00:02:54,229 --> 00:02:53,599

terrestrial creatures flesh and blood

75

00:02:57,509 --> 00:02:54,239

beings

76
00:02:59,670 --> 00:02:57,519
just like us co-occupants of our world

77
00:03:00,710 --> 00:02:59,680
who have operated in stealth right

78
00:03:05,190 --> 00:03:00,720
alongside us

79
00:03:07,910 --> 00:03:05,200
since time immemorial

80
00:03:09,589 --> 00:03:07,920
this hypothesis goes further arguing

81
00:03:10,149 --> 00:03:09,599
that many of the bizarre reported

82
00:03:12,070 --> 00:03:10,159
sightings

83
00:03:13,750 --> 00:03:12,080
and interactions with beings from

84
00:03:16,869 --> 00:03:13,760
distant human history

85
00:03:18,949 --> 00:03:16,879
i speak of fairies elves and such

86
00:03:20,710 --> 00:03:18,959
which are of course disregarded slash

87
00:03:23,270 --> 00:03:20,720
explained away today

88
00:03:25,670 --> 00:03:23,280

as mere mythological constructs of

89

00:03:28,149 --> 00:03:25,680

pre-scientific societies

90

00:03:29,309 --> 00:03:28,159

are actually incidents of contact with

91

00:03:32,789 --> 00:03:29,319

these very same

92

00:03:34,789 --> 00:03:32,799

cryptoterrestrials is it possible that

93

00:03:37,110 --> 00:03:34,799

the others we've heard so much about

94

00:03:39,270 --> 00:03:37,120

or at least some of them could actually

95

00:03:41,430 --> 00:03:39,280

be terrestrial in origin

96

00:03:43,190 --> 00:03:41,440

perhaps a distant offshoot of a common

97

00:03:45,509 --> 00:03:43,200

human ancestor

98

00:03:47,509 --> 00:03:45,519

and have they supposed masters of

99

00:03:49,910 --> 00:03:47,519

stealth and disinformation

100

00:03:51,589 --> 00:03:49,920

been actively misdirecting us into

101
00:03:52,550 --> 00:03:51,599
believing that what we've solely been

102
00:03:55,270 --> 00:03:52,560
dealing with

103
00:03:56,229 --> 00:03:55,280
are extraterrestrial visitors simply to

104
00:03:59,509 --> 00:03:56,239
throw us off their

105
00:04:01,990 --> 00:03:59,519
scent this is exactly what's postulated

106
00:04:04,710 --> 00:04:02,000
in maktani's much respected book

107
00:04:06,149 --> 00:04:04,720
the cryptoterrestrials a meditation on

108
00:04:09,190 --> 00:04:06,159
indigenous humanoids

109
00:04:10,229 --> 00:04:09,200
and the aliens among us tawny's

110
00:04:12,550 --> 00:04:10,239
counterintuitive

111
00:04:13,589 --> 00:04:12,560
and disconcerting cryptoterrestrial

112
00:04:16,710 --> 00:04:13,599
hypothesis

113
00:04:22,620 --> 00:04:16,720

is the topic of this the 13th episode

114

00:04:29,110 --> 00:04:26,710

[Music]

115

00:04:30,469 --> 00:04:29,120

as we begin this podcast i'd like to

116

00:04:33,430 --> 00:04:30,479

give a little bit of a background

117

00:04:34,390 --> 00:04:33,440

on mac tawnies the person responsible

118

00:04:37,749 --> 00:04:34,400

for advancing

119

00:04:40,469 --> 00:04:37,759

this crypto-terrestrial hypothesis

120

00:04:41,270 --> 00:04:40,479

mac tawnys was an american blogger and

121

00:04:43,990 --> 00:04:41,280

author

122

00:04:45,390 --> 00:04:44,000

who wrote on topics such as ufology

123

00:04:48,870 --> 00:04:45,400

futurology

124

00:04:51,030 --> 00:04:48,880

transhumanism and high strangeness

125

00:04:53,670 --> 00:04:51,040

tani's compelling writing earned him a

126

00:04:56,070 --> 00:04:53,680

niche dedicated readership

127

00:04:56,950 --> 00:04:56,080

sadly he died suddenly of cardiac

128

00:05:02,790 --> 00:04:56,960

arrhythmia

129

00:05:07,670 --> 00:05:05,230

interestingly for tawnys the

130

00:05:10,310 --> 00:05:07,680

cryptoterrestrial hypothesis was not his

131

00:05:12,550 --> 00:05:10,320

initial thinking on this topic

132

00:05:14,150 --> 00:05:12,560

regarding the ufo phenomenon this is

133

00:05:14,790 --> 00:05:14,160

what he says at the beginning of his

134

00:05:20,469 --> 00:05:14,800

book

135

00:05:22,790 --> 00:05:20,479

commonalities between the ufo phenomenon

136

00:05:23,590 --> 00:05:22,800

and the equally bewildering spectacle of

137

00:05:26,310 --> 00:05:23,600

our emerging

138

00:05:28,390 --> 00:05:26,320

technological future i was especially

139

00:05:30,150 --> 00:05:28,400

intrigued by the prospect of humans

140

00:05:33,270 --> 00:05:30,160

becoming something other

141

00:05:35,830 --> 00:05:33,280

than strictly biological increasingly

142

00:05:38,629 --> 00:05:35,840

viewed as a necessary evolutionary step

143

00:05:39,749 --> 00:05:38,639

in the wake of an imminent singularity a

144

00:05:42,310 --> 00:05:39,759

moment in history

145

00:05:44,230 --> 00:05:42,320

in which our intelligence augmented and

146

00:05:47,430 --> 00:05:44,240

disseminated by machines

147

00:05:49,670 --> 00:05:47,440

transcends the imaginable

148

00:05:51,430 --> 00:05:49,680

my working hypothesis that alien

149

00:05:54,150 --> 00:05:51,440

visitation was best viewed

150

00:05:56,390 --> 00:05:54,160

in cybernetic terms remains a valid

151
00:05:56,629 --> 00:05:56,400
paradigm for interpreting the arrival of

152
00:06:02,390 --> 00:05:56,639
an

153
00:06:06,230 --> 00:06:04,710
eventually though as he considered the

154
00:06:09,270 --> 00:06:06,240
full body of the evidence

155
00:06:11,110 --> 00:06:09,280
historically even he came to reconsider

156
00:06:13,670 --> 00:06:11,120
this initial direction

157
00:06:15,830 --> 00:06:13,680
and quoting again from the book quote

158
00:06:16,670 --> 00:06:15,840
but the more i read and contemplated the

159
00:06:19,590 --> 00:06:16,680
more my

160
00:06:21,670 --> 00:06:19,600
post-biological theory seemed lacking

161
00:06:23,990 --> 00:06:21,680
while i could readily envision a global

162
00:06:25,110 --> 00:06:24,000
invasion directed by an unseen machine

163
00:06:27,749 --> 00:06:25,120

intelligence

164

00:06:30,309 --> 00:06:27,759

the enduring nature of the ufo spectacle

165

00:06:33,350 --> 00:06:30,319

forced me to rethink my assumptions

166

00:06:34,230 --> 00:06:33,360

like ufologist jacques villa i viewed

167

00:06:36,309 --> 00:06:34,240

our response

168

00:06:38,150 --> 00:06:36,319

to the appearance of apparent non-human

169

00:06:40,550 --> 00:06:38,160

vehicles in our skies

170

00:06:41,749 --> 00:06:40,560

as the work of deliberate psychological

171

00:06:45,270 --> 00:06:41,759

conditioning

172

00:06:48,150 --> 00:06:45,280

probably but not necessarily benevolent

173

00:06:50,309 --> 00:06:48,160

contrary to popular perceptions ufos are

174

00:06:52,390 --> 00:06:50,319

far from a recent occurrence

175

00:06:54,390 --> 00:06:52,400

written and oral accounts point to an

176

00:06:57,430 --> 00:06:54,400

experience of exceptional age

177

00:07:02,309 --> 00:06:59,670

if alien encounters were the work of

178

00:07:04,870 --> 00:07:02,319

some godlike artificial intelligence

179

00:07:06,469 --> 00:07:04,880

an omniscient peacemaker sowing memes in

180

00:07:08,870 --> 00:07:06,479

an effort to ensure

181

00:07:10,309 --> 00:07:08,880

our evolution conformed to some unknown

182

00:07:12,230 --> 00:07:10,319

alien ideal

183

00:07:13,909 --> 00:07:12,240

then we might reasonably expect it to

184

00:07:15,749 --> 00:07:13,919

remain hidden

185

00:07:17,749 --> 00:07:15,759

this would neatly account for the lack

186

00:07:18,309 --> 00:07:17,759

of hard evidence that would force the

187

00:07:21,029 --> 00:07:18,319

ufo

188

00:07:23,029 --> 00:07:21,039

question out of theoretical limbo and

189

00:07:25,830 --> 00:07:23,039

into the mainstream

190

00:07:27,830 --> 00:07:25,840

a post-biological overseer something

191

00:07:30,070 --> 00:07:27,840

along the lines of the inscrutable black

192

00:07:31,749 --> 00:07:30,080

monolith in 2001

193

00:07:33,189 --> 00:07:31,759

would have a vested interest in

194

00:07:35,589 --> 00:07:33,199

obscurity

195

00:07:38,070 --> 00:07:35,599

as biological beings we might even lack

196

00:07:41,670 --> 00:07:38,080

the perceptual acumen to properly

197

00:07:44,869 --> 00:07:44,469

unquote and so what tanis is suggesting

198

00:07:47,270 --> 00:07:44,879

here

199

00:07:49,070 --> 00:07:47,280

is that initially he considered perhaps

200

00:07:52,150 --> 00:07:49,080

a highly advanced even

201
00:07:52,629 --> 00:07:52,160
post-biological intelligence was working

202
00:07:54,790 --> 00:07:52,639
its way

203
00:07:56,070 --> 00:07:54,800
subversively into our collective

204
00:07:58,629 --> 00:07:56,080
unconscious

205
00:08:00,390 --> 00:07:58,639
to define the mythos of our entire

206
00:08:03,110 --> 00:08:00,400
culture of our species

207
00:08:05,350 --> 00:08:03,120
and thus control our evolution from a

208
00:08:07,350 --> 00:08:05,360
distance as it were

209
00:08:08,390 --> 00:08:07,360
but eventually he began to question this

210
00:08:09,990 --> 00:08:08,400
hypothesis

211
00:08:12,790 --> 00:08:10,000
and i'd like to outline some of his

212
00:08:16,070 --> 00:08:12,800
reasons why

213
00:08:18,390 --> 00:08:16,080

again from the book i quote the primary

214

00:08:21,270 --> 00:08:18,400

challenge to this mythological approach

215

00:08:22,869 --> 00:08:21,280

was the explicitly physical nature of so

216

00:08:25,589 --> 00:08:22,879

many encounters

217

00:08:27,510 --> 00:08:25,599

including but by no means limited to the

218

00:08:30,390 --> 00:08:27,520

relatively recent epidemic

219

00:08:31,990 --> 00:08:30,400

of abductions in which witnesses report

220

00:08:33,029 --> 00:08:32,000

being kidnapped from workday

221

00:08:36,149 --> 00:08:33,039

surroundings

222

00:08:38,230 --> 00:08:36,159

and subjected to novel medical tests

223

00:08:40,550 --> 00:08:38,240

this seems remarkably crude for an

224

00:08:43,190 --> 00:08:40,560

intelligence as subtle and abiding as

225

00:08:45,190 --> 00:08:43,200

the entity i had imagined

226

00:08:47,910 --> 00:08:45,200

if recent developments in our own

227

00:08:49,829 --> 00:08:47,920

technology are any indication at all

228

00:08:51,269 --> 00:08:49,839

we will probably harness much less

229

00:08:53,590 --> 00:08:51,279

intrusive techniques

230

00:08:54,310 --> 00:08:53,600

within the next few decades for an

231

00:08:56,470 --> 00:08:54,320

intelligence

232

00:08:57,350 --> 00:08:56,480

thousands or millions of years superior

233

00:09:00,230 --> 00:08:57,360

to our own

234

00:09:00,630 --> 00:09:00,240

to stoop to such clinical levels struck

235

00:09:04,150 --> 00:09:00,640

me

236

00:09:07,509 --> 00:09:06,070

of course the very idea of an

237

00:09:10,150 --> 00:09:07,519

artificially emplaced

238

00:09:11,670 --> 00:09:10,160

psychosocial conditioning system hinges

239

00:09:14,150 --> 00:09:11,680

on absurdity

240

00:09:16,230 --> 00:09:14,160

valet and john keel author of the

241

00:09:17,430 --> 00:09:16,240

paranormal masterpiece the mothman

242

00:09:19,269 --> 00:09:17,440

prophecies

243

00:09:21,990 --> 00:09:19,279

have written extensively on the

244

00:09:24,150 --> 00:09:22,000

nonsensical element that accompanies

245

00:09:26,550 --> 00:09:24,160

so many accounts of assumed

246

00:09:29,110 --> 00:09:26,560

extraterrestrial visitation

247

00:09:31,269 --> 00:09:29,120

this absurdity only makes sense if the

248

00:09:33,350 --> 00:09:31,279

phenomenon isn't as it seems

249

00:09:34,470 --> 00:09:33,360

but rather appeals to our collective

250

00:09:37,670 --> 00:09:34,480

unconscious

251
00:09:39,269 --> 00:09:37,680
for reasons we can only guess or so i

252
00:09:42,310 --> 00:09:39,279
thought

253
00:09:44,870 --> 00:09:42,320
finally i wondered the unthinkable what

254
00:09:47,590 --> 00:09:44,880
if the antics of the absurd humanoids

255
00:09:49,590 --> 00:09:47,600
documented by valet weren't the work of

256
00:09:52,389 --> 00:09:49,600
some overarching intelligence

257
00:09:54,389 --> 00:09:52,399
what if they happened just as reported

258
00:09:57,430 --> 00:09:54,399
without the need to invoke externally

259
00:09:59,590 --> 00:09:57,440
imposed psychosocial thermostats

260
00:10:00,790 --> 00:09:59,600
this notion struck me as deliciously

261
00:10:02,790 --> 00:10:00,800
ironic

262
00:10:05,350 --> 00:10:02,800
it suggested that the encounters with

263
00:10:08,230 --> 00:10:05,360

non-humans that haunt our folklore

264

00:10:10,230 --> 00:10:08,240

were real not necessarily projections

265

00:10:12,630 --> 00:10:10,240

preying on our gullibility

266

00:10:14,150 --> 00:10:12,640

could fairies and elves and all their

267

00:10:16,310 --> 00:10:14,160

mythical successors

268

00:10:18,150 --> 00:10:16,320

be distorted representations of an

269

00:10:23,030 --> 00:10:18,160

actual species

270

00:10:25,350 --> 00:10:23,040

unquote and this is basically how tawnys

271

00:10:28,389 --> 00:10:25,360

arrived at this new hypothesis

272

00:10:30,550 --> 00:10:28,399

almost as an ironic aside

273

00:10:32,470 --> 00:10:30,560

after first stumbling across this rather

274

00:10:34,710 --> 00:10:32,480

counter-intuitive notion

275

00:10:36,389 --> 00:10:34,720

tawny's found that as he considered the

276

00:10:37,190 --> 00:10:36,399

full body of evidence from the

277

00:10:39,750 --> 00:10:37,200

literature

278

00:10:41,509 --> 00:10:39,760

of the ufo phenomenon that much of the

279

00:10:45,350 --> 00:10:41,519

data fit this hypothesis

280

00:10:47,670 --> 00:10:45,360

rather nicely and importantly tidally

281

00:10:50,470 --> 00:10:47,680

thus he ultimately arrived at what he

282

00:10:53,670 --> 00:10:50,480

termed the cryptoterrestrial hypothesis

283

00:10:55,269 --> 00:10:53,680

of which he writes quote i propose that

284

00:10:56,389 --> 00:10:55,279

at least some accounts of alien

285

00:10:58,870 --> 00:10:56,399

visitation

286

00:11:00,630 --> 00:10:58,880

can be attributed to a humanoid species

287

00:11:03,269 --> 00:11:00,640

indigenous to the earth

288

00:11:05,190 --> 00:11:03,279

a sister race that has adapted to our

289

00:11:07,590 --> 00:11:05,200

numerical superiority

290

00:11:11,030 --> 00:11:07,600

by developing a surprisingly robust

291

00:11:15,190 --> 00:11:13,509

the explicitly reproductive overtones

292

00:11:17,990 --> 00:11:15,200

that color many encounters

293

00:11:18,949 --> 00:11:18,000

suggest that these indigenous aliens are

294

00:11:21,269 --> 00:11:18,959

imperiled

295

00:11:24,550 --> 00:11:21,279

by a malady that has gone uncured

296

00:11:26,949 --> 00:11:24,560

throughout the eons we have coexisted

297

00:11:29,190 --> 00:11:26,959

driven by a puzzling mixture of hubris

298

00:11:31,829 --> 00:11:29,200

and existential desperation

299

00:11:33,509 --> 00:11:31,839

they seek to perpetuate themselves by

300

00:11:36,790 --> 00:11:33,519

infusing their gene pool

301
00:11:38,790 --> 00:11:36,800
with human dna while existing at the

302
00:11:39,750 --> 00:11:38,800
very margins of ordinary human

303
00:11:41,590 --> 00:11:39,760
perception

304
00:11:43,509 --> 00:11:41,600
they have succeeded in realms

305
00:11:46,790 --> 00:11:43,519
practically unexplored by known

306
00:11:50,790 --> 00:11:49,430
reinventing themselves at will and

307
00:11:53,110 --> 00:11:50,800
helping to orchestrate

308
00:11:54,829 --> 00:11:53,120
a misinformation campaign of

309
00:11:58,550 --> 00:11:54,839
awe-inspiring scope

310
00:12:01,190 --> 00:11:58,560
unquote to clarify

311
00:12:01,670 --> 00:12:01,200
further tawny suggested that these

312
00:12:03,670 --> 00:12:01,680
others

313
00:12:05,829 --> 00:12:03,680

these crypto terrestrials as he called

314

00:12:09,509 --> 00:12:05,839

them may be as far ahead of

315

00:12:10,790 --> 00:12:09,519

us as we are of chimpanzees in many ways

316

00:12:12,949 --> 00:12:10,800

anyway

317

00:12:15,509 --> 00:12:12,959

and this could of course explain their

318

00:12:16,710 --> 00:12:15,519

ability to avoid detection by us for so

319

00:12:18,230 --> 00:12:16,720

long

320

00:12:20,389 --> 00:12:18,240

both because of their potential

321

00:12:22,550 --> 00:12:20,399

technological superiority

322

00:12:24,470 --> 00:12:22,560

as well as a possible cognitive

323

00:12:28,389 --> 00:12:24,480

advantage they have over us

324

00:12:31,509 --> 00:12:30,069

but of course they couldn't be

325

00:12:34,470 --> 00:12:31,519

completely superior

326

00:12:36,150 --> 00:12:34,480

that wouldn't explain their need for us

327

00:12:38,470 --> 00:12:36,160

and tawny suggested that they have

328

00:12:40,949 --> 00:12:38,480

various deficits when compared to us

329

00:12:41,509 --> 00:12:40,959

as well for instance they don't have a

330

00:12:44,949 --> 00:12:41,519

global

331

00:12:46,629 --> 00:12:44,959

infrastructure as we do tawny also saw

332

00:12:48,310 --> 00:12:46,639

them as mostly nomadic

333

00:12:49,990 --> 00:12:48,320

which would explain why we don't find

334

00:12:53,910 --> 00:12:50,000

evidence of their cities their

335

00:12:57,430 --> 00:12:55,430

so what do you think do you think

336

00:13:00,310 --> 00:12:57,440

there's any possibility that there could

337

00:13:02,949 --> 00:13:00,320

be a sister species to human beings

338

00:13:04,870 --> 00:13:02,959

another set of humanoids that coexist

339

00:13:06,949 --> 00:13:04,880

with us

340

00:13:08,629 --> 00:13:06,959

once you get past this strangeness and

341

00:13:10,710 --> 00:13:08,639

if you will the alienness

342

00:13:12,550 --> 00:13:10,720

pun intended of this idea that there

343

00:13:14,790 --> 00:13:12,560

could be another humanoid species

344

00:13:16,790 --> 00:13:14,800

co-populating the earth with us

345

00:13:19,030 --> 00:13:16,800

you do see some of the pros to this

346

00:13:20,870 --> 00:13:19,040

theory at least i do

347

00:13:22,310 --> 00:13:20,880

and i'd like to outline some of those

348

00:13:26,870 --> 00:13:22,320

arguments in favor

349

00:13:30,629 --> 00:13:28,629

now several of these arguments are

350

00:13:33,190 --> 00:13:30,639

actually made in tawny's book

351
00:13:34,790 --> 00:13:33,200
and he does make a compelling case i'd

352
00:13:36,389 --> 00:13:34,800
also like to add a couple of my own

353
00:13:38,870 --> 00:13:36,399
thoughts as well

354
00:13:39,670 --> 00:13:38,880
we'll start with number one occam's

355
00:13:43,590 --> 00:13:39,680
razor

356
00:13:45,509 --> 00:13:43,600
perhaps this is the simplest argument

357
00:13:46,949 --> 00:13:45,519
what i mean by that is perhaps the first

358
00:13:48,790 --> 00:13:46,959
argument in favor of the

359
00:13:51,110 --> 00:13:48,800
crypto-terrestrial hypothesis

360
00:13:52,710 --> 00:13:51,120
is that it does away with the need for

361
00:13:55,189 --> 00:13:52,720
either interstellar travel

362
00:13:56,550 --> 00:13:55,199
across astronomically large distances of

363
00:13:58,629 --> 00:13:56,560

outer space

364

00:14:00,550 --> 00:13:58,639

as postulated in the extraterrestrial

365

00:14:02,629 --> 00:14:00,560

hypothesis

366

00:14:04,949 --> 00:14:02,639

as well as the need for extra dimensions

367

00:14:05,990 --> 00:14:04,959

or dimension hopping capability slash

368

00:14:08,310 --> 00:14:06,000

technology

369

00:14:11,350 --> 00:14:08,320

as postulated by the interdimensional

370

00:14:15,030 --> 00:14:13,269

and this is what i meant earlier when i

371

00:14:17,670 --> 00:14:15,040

said that this hypothesis

372

00:14:19,509 --> 00:14:17,680

tidally deals with the data because it

373

00:14:22,069 --> 00:14:19,519

doesn't necessitate

374

00:14:24,710 --> 00:14:22,079

other aspects like interstellar travel

375

00:14:26,949 --> 00:14:24,720

or dimension hopping

376

00:14:29,030 --> 00:14:26,959

let's move on to number two in terms of

377

00:14:30,550 --> 00:14:29,040

the pros for this crypto-terrestrial

378

00:14:34,069 --> 00:14:30,560

hypothesis

379

00:14:35,910 --> 00:14:34,079

number two is their humanoid appearance

380

00:14:38,230 --> 00:14:35,920

evidence in strong support for this

381

00:14:39,110 --> 00:14:38,240

hypothesis is the appearance of these

382

00:14:41,590 --> 00:14:39,120

others

383

00:14:43,269 --> 00:14:41,600

they look by many accounts even if there

384

00:14:44,550 --> 00:14:43,279

is some variance in the descriptions

385

00:14:47,350 --> 00:14:44,560

historically

386

00:14:49,670 --> 00:14:47,360

remarkably humanoid it is said that some

387

00:14:52,310 --> 00:14:49,680

of them could even pass for us

388

00:14:54,069 --> 00:14:52,320

as long as you don't look too closely

389

00:14:56,230 --> 00:14:54,079

and as we've discussed on previous

390

00:14:58,710 --> 00:14:56,240

episodes on this podcast

391

00:15:01,350 --> 00:14:58,720

because creatures tend to evolve to be

392

00:15:03,430 --> 00:15:01,360

better adapted to their natural habitat

393

00:15:04,790 --> 00:15:03,440

this would lend support to the idea that

394

00:15:08,710 --> 00:15:04,800

this is a species

395

00:15:12,310 --> 00:15:11,509

in his book the cryptoterrestrials tawny

396

00:15:14,069 --> 00:15:12,320

suggests

397

00:15:16,389 --> 00:15:14,079

that the historical literature

398

00:15:18,629 --> 00:15:16,399

describing a species that may primarily

399

00:15:20,230 --> 00:15:18,639

reside subterraneously

400

00:15:22,230 --> 00:15:20,240

helps to potentially explain the

401

00:15:24,629 --> 00:15:22,240

appearance of these others

402

00:15:26,790 --> 00:15:24,639

they are often reported as pale and

403

00:15:28,230 --> 00:15:26,800

having very large eyes when compared to

404

00:15:30,470 --> 00:15:28,240

homo sapiens

405

00:15:31,350 --> 00:15:30,480

because they've adapted to their primary

406

00:15:34,069 --> 00:15:31,360

environment

407

00:15:34,550 --> 00:15:34,079

the cavernous depths of the earth where

408

00:15:37,030 --> 00:15:34,560

large

409

00:15:37,990 --> 00:15:37,040

eyes would benefit a humanoid species

410

00:15:40,069 --> 00:15:38,000

living in near

411

00:15:42,790 --> 00:15:40,079

if not complete darkness much of the

412

00:15:47,910 --> 00:15:45,430

so this is basically number two in terms

413

00:15:50,550 --> 00:15:47,920

of arguments for this hypothesis

414

00:15:52,790 --> 00:15:50,560

that these others look humanoid because

415

00:15:54,870 --> 00:15:52,800

they are actually native to the earth

416

00:15:57,189 --> 00:15:54,880

but that their differences in terms of

417

00:15:59,030 --> 00:15:57,199

appearance from human beings

418

00:16:01,430 --> 00:15:59,040

comes down to where they live on the

419

00:16:03,749 --> 00:16:01,440

earth that is subterraneously

420

00:16:04,790 --> 00:16:03,759

and this would explain their large eyes

421

00:16:08,230 --> 00:16:04,800

their pale skin

422

00:16:09,509 --> 00:16:08,240

their hairless bodies now here i would

423

00:16:11,749 --> 00:16:09,519

also like to add that

424

00:16:14,069 --> 00:16:11,759

we now also know there are likely a

425

00:16:16,310 --> 00:16:14,079

plethora of earth-like planets in our

426

00:16:18,150 --> 00:16:16,320

milky way galaxy alone

427

00:16:19,350 --> 00:16:18,160

let alone in the larger scope of the

428

00:16:21,590 --> 00:16:19,360

universe

429

00:16:22,389 --> 00:16:21,600

so this is not necessarily the smoking

430

00:16:24,710 --> 00:16:22,399

gun

431

00:16:25,829 --> 00:16:24,720

many people first considered it to be

432

00:16:28,310 --> 00:16:25,839

but nevertheless

433

00:16:32,150 --> 00:16:28,320

it is a strong argument in favor of the

434

00:16:35,990 --> 00:16:34,470

let's move on to number three in terms

435

00:16:38,790 --> 00:16:36,000

of arguments in support

436

00:16:39,590 --> 00:16:38,800

of the crypto-terrestrial hypothesis

437

00:16:43,670 --> 00:16:39,600

number three

438

00:16:46,069 --> 00:16:43,680

is the genetic component dna extraction

439

00:16:47,189 --> 00:16:46,079

interbreeding and hybridization of the

440

00:16:49,910 --> 00:16:47,199

two species

441

00:16:52,150 --> 00:16:49,920

make a lot more sense if the others are

442

00:16:54,870 --> 00:16:52,160

somehow biologically compatible

443

00:16:55,670 --> 00:16:54,880

with modern homo sapiens and for that to

444

00:16:59,110 --> 00:16:55,680

be the case

445

00:17:02,230 --> 00:16:59,120

tawnys postulates that perhaps we share

446

00:17:03,509 --> 00:17:02,240

a common ancestor why would they be

447

00:17:05,590 --> 00:17:03,519

doing this though

448

00:17:06,870 --> 00:17:05,600

tawny suggests that perhaps the others

449

00:17:09,350 --> 00:17:06,880

are as he puts it

450

00:17:10,470 --> 00:17:09,360

genetically impoverished with a need to

451
00:17:12,949 --> 00:17:10,480
add fresh

452
00:17:14,150 --> 00:17:12,959
healthy stock to their efforts at

453
00:17:18,150 --> 00:17:14,160
ensuring the future

454
00:17:20,309 --> 00:17:18,160
of their species

455
00:17:21,189 --> 00:17:20,319
i have to say this is a pretty strong

456
00:17:23,270 --> 00:17:21,199
argument

457
00:17:24,549 --> 00:17:23,280
this is an aspect of the data that is

458
00:17:27,270 --> 00:17:24,559
definitely

459
00:17:28,150 --> 00:17:27,280
controversial and hard to reckon with

460
00:17:30,549 --> 00:17:28,160
the strange

461
00:17:32,870 --> 00:17:30,559
interbreeding hybridization programs the

462
00:17:35,430 --> 00:17:32,880
strange sexual nature of some of these

463
00:17:36,789 --> 00:17:35,440

interactions with the supposed non-human

464

00:17:38,549 --> 00:17:36,799

intelligence

465

00:17:41,350 --> 00:17:38,559

if they are somehow an offshoot of

466

00:17:44,230 --> 00:17:41,360

humanity that is actually trying to

467

00:17:45,350 --> 00:17:44,240

mislead us while they actually improve

468

00:17:47,430 --> 00:17:45,360

their genetic stock

469

00:17:48,950 --> 00:17:47,440

and ensure their future well this would

470

00:17:50,549 --> 00:17:48,960

make a lot more sense

471

00:17:52,630 --> 00:17:50,559

in some ways this is more common

472

00:17:55,350 --> 00:17:52,640

sensical than the idea

473

00:17:55,669 --> 00:17:55,360

that this is all about et's doing this

474

00:18:04,230 --> 00:17:55,679

to

475

00:18:05,830 --> 00:18:04,240

terms of the aspects of the data behind

476

00:18:07,750 --> 00:18:05,840

the ufo phenomenon

477

00:18:09,750 --> 00:18:07,760

that lend support to this

478

00:18:13,430 --> 00:18:09,760

crypto-terrestrial hypothesis

479

00:18:16,470 --> 00:18:13,440

postulated by mactanis number four

480

00:18:18,549 --> 00:18:16,480

is the others interest and concern over

481

00:18:20,470 --> 00:18:18,559

our nuclear weapons

482

00:18:22,950 --> 00:18:20,480

now this of course would make a lot of

483

00:18:23,669 --> 00:18:22,960

sense for a species with plenty of skin

484

00:18:26,390 --> 00:18:23,679

in the game

485

00:18:28,630 --> 00:18:26,400

so to speak clearly if there is a

486

00:18:31,190 --> 00:18:28,640

species that would be the most concerned

487

00:18:33,270 --> 00:18:31,200

with our reckless death wish endeavor of

488

00:18:35,750 --> 00:18:33,280

constructing enough nuclear weapons to

489

00:18:37,270 --> 00:18:35,760

destroy the entire human population

490

00:18:38,870 --> 00:18:37,280

and a large portion of the greater

491

00:18:41,350 --> 00:18:38,880

biosphere several times

492

00:18:43,510 --> 00:18:41,360

over it would be an aware intelligent

493

00:18:47,029 --> 00:18:43,520

species that cohabitates with us

494

00:18:47,990 --> 00:18:47,039

on the earth now of course there is also

495

00:18:50,230 --> 00:18:48,000

plenty of reason

496

00:18:52,150 --> 00:18:50,240

in my mind to believe that ecologically

497

00:18:55,190 --> 00:18:52,160

conscious highly evolved

498

00:18:56,630 --> 00:18:55,200

oneness-minded et's or interdimensionals

499

00:18:57,750 --> 00:18:56,640

would also be concerned with this

500

00:19:00,310 --> 00:18:57,760

behavior

501
00:19:01,830 --> 00:19:00,320
especially if we live multiple lifetimes

502
00:19:03,430 --> 00:19:01,840
and have histories

503
00:19:04,950 --> 00:19:03,440
spread across several kinds of

504
00:19:07,270 --> 00:19:04,960
interstellar species

505
00:19:08,870 --> 00:19:07,280
grays and humans for instance as we've

506
00:19:10,789 --> 00:19:08,880
heard it tested to in some of the

507
00:19:12,789 --> 00:19:10,799
experiencer literature

508
00:19:14,310 --> 00:19:12,799
but nevertheless this is a strong

509
00:19:16,549 --> 00:19:14,320
argument in favor of the

510
00:19:18,310 --> 00:19:16,559
crypto-terrestrial hypothesis

511
00:19:20,549 --> 00:19:18,320
if there's one species that would be

512
00:19:21,350 --> 00:19:20,559
very concerned with our efforts in these

513
00:19:23,510 --> 00:19:21,360

areas

514

00:19:26,950 --> 00:19:23,520

it would be a species native to the

515

00:19:30,950 --> 00:19:29,750

okay on to number five in terms of the

516

00:19:32,870 --> 00:19:30,960

aspects of the data

517

00:19:34,470 --> 00:19:32,880

that support the cryptoterrestrial

518

00:19:36,870 --> 00:19:34,480

hypothesis

519

00:19:39,190 --> 00:19:36,880

number five is the misdirection

520

00:19:42,470 --> 00:19:39,200

evidenced in the contact d

521

00:19:44,950 --> 00:19:42,480

abductee literature if they see us

522

00:19:47,270 --> 00:19:44,960

as overtly aggressive and an outright

523

00:19:49,830 --> 00:19:47,280

threat to their ongoing existence

524

00:19:52,950 --> 00:19:49,840

then stealth and misdirection might be

525

00:19:53,590 --> 00:19:52,960

part of their game plan by leading us to

526

00:19:55,909 --> 00:19:53,600

continue

527

00:19:57,190 --> 00:19:55,919

unabated in our belief that they are

528

00:19:59,510 --> 00:19:57,200

space travelers

529

00:20:00,470 --> 00:19:59,520

they can continue to bend our actions to

530

00:20:02,710 --> 00:20:00,480

their will

531

00:20:03,830 --> 00:20:02,720

without fearing detection and direct

532

00:20:07,669 --> 00:20:03,840

interference

533

00:20:10,070 --> 00:20:07,679

from and or by us

534

00:20:12,070 --> 00:20:10,080

speaking of misdirection this leads us

535

00:20:13,909 --> 00:20:12,080

into argument number six

536

00:20:15,270 --> 00:20:13,919

which is the long history of this

537

00:20:18,149 --> 00:20:15,280

phenomenon

538

00:20:20,310 --> 00:20:18,159

as we've discussed before these others

539

00:20:22,630 --> 00:20:20,320

have apparently been here all along

540

00:20:24,310 --> 00:20:22,640

perhaps even before the onset of human

541

00:20:26,630 --> 00:20:24,320

civilization

542

00:20:27,430 --> 00:20:26,640

and interestingly perhaps it is their

543

00:20:29,590 --> 00:20:27,440

intent

544

00:20:30,470 --> 00:20:29,600

their game plan to change their

545

00:20:33,270 --> 00:20:30,480

appearance

546

00:20:35,750 --> 00:20:33,280

to match with our expectations and it's

547

00:20:36,630 --> 00:20:35,760

only more recently in the 20th and 21st

548

00:20:39,270 --> 00:20:36,640

century

549

00:20:39,750 --> 00:20:39,280

that this facade has taken on the nature

550

00:20:44,230 --> 00:20:39,760

of

551
00:20:47,590 --> 00:20:46,070
and if you think about it that would be

552
00:20:50,070 --> 00:20:47,600
an ingenious plan

553
00:20:51,510 --> 00:20:50,080
because by playing into our expectations

554
00:20:54,070 --> 00:20:51,520
our assumptions

555
00:20:55,430 --> 00:20:54,080
we never question this if they feed us

556
00:21:00,230 --> 00:20:55,440
what we expect

557
00:21:04,630 --> 00:21:02,630
let's move on to number seven in terms

558
00:21:06,230 --> 00:21:04,640
of the aspects of the data behind the

559
00:21:07,750 --> 00:21:06,240
ufo phenomenon

560
00:21:10,549 --> 00:21:07,760
that fits well with this

561
00:21:12,950 --> 00:21:10,559
crypto-terrestrial hypothesis

562
00:21:14,070 --> 00:21:12,960
i'd also add that this final argument

563
00:21:15,830 --> 00:21:14,080

goes a long way

564

00:21:19,270 --> 00:21:15,840

to explaining some of the biggest

565

00:21:21,669 --> 00:21:19,280

challenges this hypothesis faces

566

00:21:23,590 --> 00:21:21,679

number seven is the evidence of

567

00:21:27,510 --> 00:21:23,600

consciousness manipulation

568

00:21:29,669 --> 00:21:27,520

in the ufo slash abduction literature

569

00:21:31,110 --> 00:21:29,679

the biggest challenge this hypothesis

570

00:21:33,590 --> 00:21:31,120

faces of course

571

00:21:35,110 --> 00:21:33,600

is how on earth such a species could

572

00:21:38,470 --> 00:21:35,120

evade detection

573

00:21:40,549 --> 00:21:38,480

so completely and for so long

574

00:21:41,669 --> 00:21:40,559

and this is especially the case in our

575

00:21:44,230 --> 00:21:41,679

modern era

576
00:21:46,230 --> 00:21:44,240
with advanced global sensor systems and

577
00:21:49,750 --> 00:21:46,240
increasingly hd cameras

578
00:21:51,270 --> 00:21:49,760
almost everywhere but if this species

579
00:21:53,830 --> 00:21:51,280
has the consciousness altering

580
00:21:56,390 --> 00:21:53,840
capabilities we've heard described

581
00:21:57,190 --> 00:21:56,400
in the abduction literature and the

582
00:21:59,590 --> 00:21:57,200
contact d

583
00:22:00,630 --> 00:21:59,600
literature and even the ufo sighting

584
00:22:03,430 --> 00:22:00,640
literature

585
00:22:04,390 --> 00:22:03,440
then this would help us perhaps overcome

586
00:22:08,390 --> 00:22:04,400
this seemingly

587
00:22:11,750 --> 00:22:09,990
and now i'd like to address a few

588
00:22:14,310 --> 00:22:11,760

concluding thoughts as to this

589

00:22:16,470 --> 00:22:14,320

crypto-terrestrial hypothesis

590

00:22:18,070 --> 00:22:16,480

number one it's important to remember

591

00:22:20,950 --> 00:22:18,080

that these different

592

00:22:21,990 --> 00:22:20,960

hypotheses as to the source the origin

593

00:22:25,190 --> 00:22:22,000

of these others

594

00:22:27,510 --> 00:22:25,200

are not necessarily mutually exclusive

595

00:22:28,470 --> 00:22:27,520

it could be that part of the way that

596

00:22:31,190 --> 00:22:28,480

this species

597

00:22:32,070 --> 00:22:31,200

if they in fact are humanoid and of the

598

00:22:33,909 --> 00:22:32,080

earth

599

00:22:36,310 --> 00:22:33,919

the way that they evade us so

600

00:22:37,750 --> 00:22:36,320

effectively is because they also maybe

601
00:22:40,630 --> 00:22:37,760

can dimension hop

602
00:22:44,630 --> 00:22:40,640

this may be a capacity they have even an

603
00:22:48,149 --> 00:22:46,390

another thought that i'd like to offer

604
00:22:50,789 --> 00:22:48,159

for your consideration

605
00:22:52,149 --> 00:22:50,799

is the kinds of craft we've seen buzzing

606
00:22:54,070 --> 00:22:52,159

around in our skies

607
00:22:55,430 --> 00:22:54,080

ever since the early to mid part of the

608
00:22:58,470 --> 00:22:55,440

20th century

609
00:23:01,669 --> 00:22:58,480

has always puzzled me if i'm honest

610
00:23:04,390 --> 00:23:01,679

and why because these vehicles so

611
00:23:05,110 --> 00:23:04,400

often look so very much like what i'd

612
00:23:08,149 --> 00:23:05,120

imagine

613
00:23:09,430 --> 00:23:08,159

our next gen tech would look like but

614

00:23:12,230 --> 00:23:09,440

what are the odds

615

00:23:13,029 --> 00:23:12,240

that an et civilization would show up

616

00:23:15,110 --> 00:23:13,039

that just so

617

00:23:16,230 --> 00:23:15,120

happened to be technologically within a

618

00:23:19,830 --> 00:23:16,240

few generations

619

00:23:22,950 --> 00:23:19,840

of us those chances seem very

620

00:23:25,830 --> 00:23:22,960

very slight especially when you consider

621

00:23:27,029 --> 00:23:25,840

the vastly different ages of different

622

00:23:30,470 --> 00:23:27,039

galaxies

623

00:23:30,950 --> 00:23:30,480

and different civilizations unless of

624

00:23:33,830 --> 00:23:30,960

course

625

00:23:35,350 --> 00:23:33,840

this is part of a coordinated scheme to

626

00:23:37,669 --> 00:23:35,360

help in our evolution

627

00:23:39,909 --> 00:23:37,679

this could be that's plausible and i

628

00:23:42,230 --> 00:23:39,919

think perhaps even likely

629

00:23:44,230 --> 00:23:42,240

if this is an et source or at least some

630

00:23:46,310 --> 00:23:44,240

of them are an et source

631

00:23:48,950 --> 00:23:46,320

but make no mistake i don't think it's

632

00:23:52,070 --> 00:23:48,960

merely coincidental that these ufos

633

00:23:54,149 --> 00:23:52,080

these uaps as they're called now look so

634

00:23:54,710 --> 00:23:54,159

much like craft we might very well

635

00:23:57,350 --> 00:23:54,720

develop

636

00:24:00,549 --> 00:23:57,360

in our own lifetimes within 30 to 50

637

00:24:04,870 --> 00:24:02,549

of course in addition to the idea that

638

00:24:05,909 --> 00:24:04,880

they could be donations from an et

639

00:24:07,909 --> 00:24:05,919

source

640

00:24:10,630 --> 00:24:07,919

this could also lend strength to the

641

00:24:12,950 --> 00:24:10,640

crypto-terrestrial hypothesis that again

642

00:24:14,630 --> 00:24:12,960

they're feeding us our expectations they

643

00:24:18,070 --> 00:24:14,640

are creating a facade

644

00:24:21,190 --> 00:24:18,080

of what we expect what we assume to see

645

00:24:24,149 --> 00:24:21,200

worth considering anyway

646

00:24:26,230 --> 00:24:24,159

and as a last point again when it comes

647

00:24:27,590 --> 00:24:26,240

to the intelligences that make up what

648

00:24:31,190 --> 00:24:27,600

we collectively

649

00:24:33,909 --> 00:24:31,200

colloquially refer to as the phenomenon

650

00:24:35,029 --> 00:24:33,919

my best guess is usually all of the

651
00:24:36,950 --> 00:24:35,039
above

652
00:24:39,590 --> 00:24:36,960
meaning i believe we're likely going to

653
00:24:42,149 --> 00:24:39,600
find definitive proof that reality

654
00:24:43,430 --> 00:24:42,159
is such that extraterrestrials

655
00:24:45,669 --> 00:24:43,440
interdimensionals

656
00:24:47,350 --> 00:24:45,679
and perhaps even some modified version

657
00:24:50,070 --> 00:24:47,360
of cryptoterrestrials

658
00:24:51,750 --> 00:24:50,080
are all part of the larger tapestry of

659
00:24:54,070 --> 00:24:51,760
existence

660
00:24:55,269 --> 00:24:54,080
just as our ancestors could not perceive

661
00:24:57,029 --> 00:24:55,279
the color blue

662
00:24:58,789 --> 00:24:57,039
we may not be able to detect the

663
00:25:01,750 --> 00:24:58,799

presence of these others

664

00:25:03,590 --> 00:25:01,760

yet not many of us anyway and not

665

00:25:06,149 --> 00:25:03,600

usually all the time

666

00:25:09,029 --> 00:25:06,159

but our evolutionary trajectory very

667

00:25:11,430 --> 00:25:09,039

well may be taking us in that direction

668

00:25:13,190 --> 00:25:11,440

in fact i'm quite sure it is so long as

669

00:25:14,310 --> 00:25:13,200

we don't blow ourselves back into the

670

00:25:17,669 --> 00:25:14,320

medieval ages

671

00:25:21,430 --> 00:25:20,230

and on that note we've come to the close

672

00:25:23,830 --> 00:25:21,440

of another edition

673

00:25:25,430 --> 00:25:23,840

of the point of convergence podcast

674

00:25:28,630 --> 00:25:25,440

let's keep this conversation

675

00:25:29,110 --> 00:25:28,640

going and growing i'd just like to add

676
00:25:30,390 --> 00:25:29,120
also

677
00:25:32,470 --> 00:25:30,400
if you'd like to pick up some

678
00:25:35,110 --> 00:25:32,480
merchandise some swag

679
00:25:37,549 --> 00:25:35,120
related to this podcast you can go to

680
00:25:38,950 --> 00:25:37,559
point of convergence.net that's

681
00:25:40,870 --> 00:25:38,960
pointofconvergence.net

682
00:25:42,230 --> 00:25:40,880
where you'll now find i have a store

683
00:25:45,430 --> 00:25:42,240
there with

684
00:25:47,430 --> 00:25:45,440
things like t-shirts coffee mugs phone

685
00:25:50,230 --> 00:25:47,440
cases whatever you like

686
00:25:51,190 --> 00:25:50,240
some great designs there check that out

687
00:25:53,190 --> 00:25:51,200
in the meantime

688
00:25:54,789 --> 00:25:53,200

please continue to spread the word tell

689

00:25:56,870 --> 00:25:54,799

others about this show if you think they

690

00:25:59,430 --> 00:25:56,880

would be interested

691

00:26:00,470 --> 00:25:59,440

but until next time from deep within the

692

00:26:03,510 --> 00:26:00,480

blue ridge mountains
