2  
00:00:12,390 --> 00:00:09,430

hello

3  
00:00:14,549 --> 00:00:12,400

and welcome to episode number 15 of the

4  
00:00:19,109 --> 00:00:14,559

point of convergence podcast

5  
00:00:21,510 --> 00:00:19,119

as always i am your host exo academian

6  
00:00:22,150 --> 00:00:21,520

believing intelligent non-human life

7  
00:00:25,109 --> 00:00:22,160

exists

8  
00:00:25,910 --> 00:00:25,119

elsewhere in the cosmos is one thing

9  
00:00:28,230 --> 00:00:25,920

that notion

10  
00:00:31,509 --> 00:00:28,240

now has widespread acceptance even

11  
00:00:32,870 --> 00:00:31,519

amongst die-hard scientific materialists

12  
00:00:35,270 --> 00:00:32,880

but believing that non-human

13  
00:00:36,069 --> 00:00:35,280

intelligence is here in our own very

14

00:00:39,430 --> 00:00:36,079

backyard

15

00:00:41,990 --> 00:00:39,440

so to speak is something else entirely

16

00:00:45,590 --> 00:00:42,000

for many that notion flies in the face

17

00:00:47,830 --> 00:00:45,600

of common sense taking it a step further

18

00:00:49,350 --> 00:00:47,840

believing widespread accounts of alien

19

00:00:51,670 --> 00:00:49,360

human contact

20

00:00:54,069 --> 00:00:51,680

and even of abductions of people from

21

00:00:56,389 --> 00:00:54,079

the cozy comfort of their bedrooms

22

00:00:58,389 --> 00:00:56,399

in the middle of the night is for a

23

00:01:02,470 --> 00:00:58,399

large portion of the population

24

00:01:06,230 --> 00:01:04,789

but as if that weren't already a lot to

25

00:01:08,390 --> 00:01:06,240

try to cognize

26

00:01:10,789 --> 00:01:08,400

there is yet another key piece to the

27

00:01:13,830 --> 00:01:10,799

mythos of the ufo phenomenon

28

00:01:14,870 --> 00:01:13,840

that demands to be reckoned with i speak

29

00:01:18,469 --> 00:01:14,880

of the notion of

30

00:01:21,270 --> 00:01:18,479

alien human hybrids beings apparently

31

00:01:22,710 --> 00:01:21,280

already in our midst walking amongst us

32

00:01:24,310 --> 00:01:22,720

whose very substance

33

00:01:26,070 --> 00:01:24,320

is a mixture of human and

34

00:01:28,870 --> 00:01:26,080

extraterrestrial genetic

35

00:01:29,830 --> 00:01:28,880

material what are we to make of these

36

00:01:31,910 --> 00:01:29,840

claims

37

00:01:34,069 --> 00:01:31,920

on the one hand our understanding of

38

00:01:36,310 --> 00:01:34,079

biology screams foul

39

00:01:38,390 --> 00:01:36,320

surely a life form indigenous to another

40

00:01:40,710 --> 00:01:38,400

planet not to mention another star

41

00:01:42,870 --> 00:01:40,720

system altogether for that matter

42

00:01:45,830 --> 00:01:42,880

is simply not going to be biologically

43

00:01:47,910 --> 00:01:45,840

compatible with a modern homo sapien

44

00:01:50,230 --> 00:01:47,920

surely you can no more interbreed an

45

00:01:54,789 --> 00:01:50,240

extraterrestrial and a human being

46

00:01:57,350 --> 00:01:54,799

than you can an ant and a rabbit

47

00:01:59,590 --> 00:01:57,360

and even if that were possible by some

48

00:02:00,709 --> 00:01:59,600

feat of technological wizardry that we

49

00:02:02,389 --> 00:02:00,719

just can't fathom

50

00:02:05,670 --> 00:02:02,399

at this point in our civilization's

51  
00:02:08,070 --> 00:02:05,680  
history this simply begs the question

52  
00:02:10,150 --> 00:02:08,080  
why why would this even be something a

53  
00:02:10,869 --> 00:02:10,160  
supposedly vastly technologically

54  
00:02:14,309 --> 00:02:10,879  
superior

55  
00:02:16,150 --> 00:02:14,319  
alien species would want to do is this a

56  
00:02:18,390 --> 00:02:16,160  
science experiment to them

57  
00:02:20,070 --> 00:02:18,400  
a game of biological manipulation that

58  
00:02:22,309 --> 00:02:20,080  
they play just to see what kinds of

59  
00:02:24,390 --> 00:02:22,319  
strange organisms result

60  
00:02:26,309 --> 00:02:24,400  
is this something we imagine a superior

61  
00:02:28,150 --> 00:02:26,319  
intelligence doing

62  
00:02:29,510 --> 00:02:28,160  
doesn't that raise alarms in another

63  
00:02:31,589 --> 00:02:29,520

part of our thinking

64

00:02:33,270 --> 00:02:31,599

the part that assumes a superior alien

65

00:02:34,070 --> 00:02:33,280

intelligence would be too highly

66

00:02:37,270 --> 00:02:34,080

conscious

67

00:02:39,509 --> 00:02:37,280

to play such games of course

68

00:02:42,229 --> 00:02:39,519

again assuming that they are supposedly

69

00:02:44,790 --> 00:02:42,239

both our technological and moral ethical

70

00:02:45,830 --> 00:02:44,800

superiors perhaps there is a reason

71

00:02:47,910 --> 00:02:45,840

after all

72

00:02:50,070 --> 00:02:47,920

but one that we simply cannot fathom

73

00:02:52,309 --> 00:02:50,080

based on our own civilizations rather

74

00:02:53,110 --> 00:02:52,319

young age and rather modest center of

75

00:02:57,430 --> 00:02:53,120

gravity

76

00:03:02,309 --> 00:02:59,990

or perhaps there is a way we can glean

77

00:03:04,630 --> 00:03:02,319

the intention behind such activity

78

00:03:06,630 --> 00:03:04,640

if indeed it is going on as the

79

00:03:08,309 --> 00:03:06,640

literature behind the ufo phenomenon

80

00:03:11,110 --> 00:03:08,319

would have us believe

81

00:03:11,750 --> 00:03:11,120

perhaps we can do this second hand as it

82

00:03:13,910 --> 00:03:11,760

were

83

00:03:15,509 --> 00:03:13,920

by listening to the very people who have

84

00:03:16,470 --> 00:03:15,519

stepped forward to claim that they

85

00:03:19,830 --> 00:03:16,480

themselves

86

00:03:22,390 --> 00:03:19,840

are walking talking breathing examples

87

00:03:25,430 --> 00:03:22,400

of these very alien human hybrids we're

88

00:03:29,990 --> 00:03:28,309

not only do these people exist those who

89

00:03:32,949 --> 00:03:30,000

claim to be hybrid e.t

90

00:03:33,830 --> 00:03:32,959

human entities or hubrids as some call

91

00:03:35,830 --> 00:03:33,840

them

92

00:03:36,869 --> 00:03:35,840

but they've stepped out from the shadows

93

00:03:38,710 --> 00:03:36,879

in recent years

94

00:03:40,390 --> 00:03:38,720

to proclaim they have a message from the

95

00:03:43,190 --> 00:03:40,400

et civilizations

96

00:03:45,110 --> 00:03:43,200

from which they in part spawn and

97

00:03:46,309 --> 00:03:45,120

they're saying this is a message that we

98

00:03:48,710 --> 00:03:46,319

all need to hear

99

00:03:50,789 --> 00:03:48,720

one that is in fact perhaps vitally

100

00:03:52,149 --> 00:03:50,799

important for the very survival of our

101  
00:03:54,630 --> 00:03:52,159  
species

102  
00:03:57,350 --> 00:03:54,640  
indeed a message central to the very

103  
00:03:59,509 --> 00:03:57,360  
reason for their existence

104  
00:04:01,670 --> 00:03:59,519  
an exploration of the evidence and the

105  
00:04:03,589 --> 00:04:01,680  
implications behind this notion

106  
00:04:06,070 --> 00:04:03,599  
that there is a group of alien human

107  
00:04:08,550 --> 00:04:06,080  
hybrids already walking amongst us

108  
00:04:09,910 --> 00:04:08,560  
on every continent on the earth is the

109  
00:04:12,070 --> 00:04:09,920  
topic of this

110  
00:04:17,050 --> 00:04:12,080  
the 15th episode of the point of

111  
00:04:23,749 --> 00:04:21,030  
[Music]

112  
00:04:25,670 --> 00:04:23,759  
in last week's podcast i read a forward

113  
00:04:28,310 --> 00:04:25,680

written by grant cameron

114

00:04:30,790 --> 00:04:28,320

to a book titled meet the hybrids the

115

00:04:33,909 --> 00:04:30,800

lives and missions of et ambassadors

116

00:04:35,670 --> 00:04:33,919

on earth that book is a major resource

117

00:04:37,670 --> 00:04:35,680

for today's podcast

118

00:04:41,510 --> 00:04:37,680

it's written by two people miguel

119

00:04:45,189 --> 00:04:44,710

miguel mendonca is an anglo-azorian

120

00:04:47,670 --> 00:04:45,199

writer

121

00:04:49,189 --> 00:04:47,680

currently based in bristol england whose

122

00:04:49,990 --> 00:04:49,199

background includes the writing of

123

00:04:52,790 --> 00:04:50,000

textbooks

124

00:04:53,670 --> 00:04:52,800

articles and papers used by campaigners

125

00:04:55,830 --> 00:04:53,680

around the world

126  
00:04:56,710 --> 00:04:55,840  
endeavoring for better renewable energy

127  
00:04:58,710 --> 00:04:56,720  
laws

128  
00:04:59,749 --> 00:04:58,720  
miguel now writes both fiction and

129  
00:05:02,390 --> 00:04:59,759  
non-fiction

130  
00:05:03,670 --> 00:05:02,400  
on topics such as politics relationships

131  
00:05:06,230 --> 00:05:03,680  
spirituality

132  
00:05:08,830 --> 00:05:06,240  
consciousness and of course front and

133  
00:05:11,189 --> 00:05:08,840  
center in our discussion today

134  
00:05:13,590 --> 00:05:11,199  
ufology barbara lam

135  
00:05:14,790 --> 00:05:13,600  
his co-author who we've mentioned before

136  
00:05:16,950 --> 00:05:14,800  
on this podcast

137  
00:05:18,469 --> 00:05:16,960  
often in contrast to david jacobs who

138  
00:05:20,150 --> 00:05:18,479

we'll discuss later

139

00:05:22,310 --> 00:05:20,160

is best known in this field for her

140

00:05:23,510 --> 00:05:22,320

extensive body of work as a regression

141

00:05:25,029 --> 00:05:23,520

therapist

142

00:05:27,110 --> 00:05:25,039

she is an american from southern

143

00:05:29,909 --> 00:05:27,120

california and is also a licensed

144

00:05:31,510 --> 00:05:29,919

psychotherapist she has worked with over

145

00:05:34,150 --> 00:05:31,520

1700 people

146

00:05:36,390 --> 00:05:34,160

referencing 2 600 different

147

00:05:38,550 --> 00:05:36,400

extraterrestrial encounters

148

00:05:39,749 --> 00:05:38,560

she is a leading expert within the field

149

00:05:43,430 --> 00:05:39,759

of et human

150

00:05:44,390 --> 00:05:43,440

hybridization now for those of you

151  
00:05:46,550 --> 00:05:44,400  
who've tuned in

152  
00:05:47,590 --> 00:05:46,560  
from the beginning and heard the podcast

153  
00:05:50,230 --> 00:05:47,600  
about john mack

154  
00:05:51,990 --> 00:05:50,240  
several episodes ago you'll remember we

155  
00:05:55,270 --> 00:05:52,000  
also mentioned david jacobs and

156  
00:05:57,670 --> 00:05:55,280  
bud hopkins once again jacobs hopkins

157  
00:05:59,110 --> 00:05:57,680  
and mack are central figures in today's

158  
00:06:00,550 --> 00:05:59,120  
discussion

159  
00:06:02,550 --> 00:06:00,560  
and i want to quote from the book here

160  
00:06:03,590 --> 00:06:02,560  
as we are introduced to david jacobs and

161  
00:06:05,830 --> 00:06:03,600  
bud hopkins

162  
00:06:07,670 --> 00:06:05,840  
and how they kicked off the work into

163  
00:06:10,469 --> 00:06:07,680

hybridization

164

00:06:11,189 --> 00:06:10,479

quote the written study of e.t human

165

00:06:13,510 --> 00:06:11,199

hybrids

166

00:06:15,430 --> 00:06:13,520

has been thin up until now with only two

167

00:06:16,629 --> 00:06:15,440

researchers dedicating themselves to the

168

00:06:18,950 --> 00:06:16,639

subject

169

00:06:19,749 --> 00:06:18,960

their entry points methodology and

170

00:06:21,909 --> 00:06:19,759

findings

171

00:06:23,830 --> 00:06:21,919

have been markedly different the

172

00:06:27,430 --> 00:06:23,840

earliest major work on the subject

173

00:06:31,110 --> 00:06:27,440

was the threat by david m jacobs phd

174

00:06:33,430 --> 00:06:31,120

1988 he examines the et agenda

175

00:06:34,790 --> 00:06:33,440

detailing what he understands of the

176  
00:06:36,710 --> 00:06:34,800  
hybrid program

177  
00:06:38,550 --> 00:06:36,720  
and concludes that its objectives and

178  
00:06:41,510 --> 00:06:38,560  
implications are chilling

179  
00:06:43,670 --> 00:06:41,520  
and profoundly ominous making him fear

180  
00:06:47,590 --> 00:06:43,680  
for the future of his own children

181  
00:06:47,990 --> 00:06:47,600  
unquote now of course those of you

182  
00:06:49,670 --> 00:06:48,000  
who've been

183  
00:06:51,110 --> 00:06:49,680  
tuning in since the beginning of this

184  
00:06:53,749 --> 00:06:51,120  
podcast remember

185  
00:06:54,629 --> 00:06:53,759  
david jacobs very well we discussed his

186  
00:06:56,629 --> 00:06:54,639  
conclusions

187  
00:06:58,469 --> 00:06:56,639  
both in the podcast episode on the

188  
00:07:00,309 --> 00:06:58,479

stealthiness of the others

189

00:07:02,390 --> 00:07:00,319

and the potential implications and the

190

00:07:04,629 --> 00:07:02,400

potential motivations for that

191

00:07:05,510 --> 00:07:04,639

as well as discussing him and his

192

00:07:08,550 --> 00:07:05,520

conclusions

193

00:07:10,390 --> 00:07:08,560

in the episode on john mack continuing

194

00:07:12,550 --> 00:07:10,400

from this book i quote

195

00:07:14,790 --> 00:07:12,560

in the opening chapter of the threat

196

00:07:16,870 --> 00:07:14,800

jacobs lays out the history of the field

197

00:07:18,790 --> 00:07:16,880

and his own activity within it

198

00:07:20,950 --> 00:07:18,800

it is a fascinating journey beginning

199

00:07:23,029 --> 00:07:20,960

with a largely technological era

200

00:07:24,870 --> 00:07:23,039

which then became more sociological in

201

00:07:28,390 --> 00:07:24,880

nature bridging into the

202

00:07:31,589 --> 00:07:28,400

xenopological the study of e.t cultures

203

00:07:33,189 --> 00:07:31,599

he notes that in the 1960s and 70s

204

00:07:34,710 --> 00:07:33,199

the more researchers learned about the

205

00:07:36,469 --> 00:07:34,720

behaviors of ets

206

00:07:38,710 --> 00:07:36,479

the less they understood about their

207

00:07:39,670 --> 00:07:38,720

motivation but there was little reason

208

00:07:41,589 --> 00:07:39,680

to conclude

209

00:07:45,670 --> 00:07:41,599

that their evasiveness represented

210

00:07:47,670 --> 00:07:45,680

anything other than a neutral attitude

211

00:07:50,150 --> 00:07:47,680

however with the betty and barney hill

212

00:07:53,589 --> 00:07:50,160

abduction case in 1961

213

00:07:55,749 --> 00:07:53,599

a new era the biological was born

214

00:07:58,070 --> 00:07:55,759

when it became known that the graves had

215

00:07:59,670 --> 00:07:58,080

taken reproductive material from barney

216

00:08:01,189 --> 00:07:59,680

and from a string of other male and

217

00:08:04,629 --> 00:08:01,199

female experiencers

218

00:08:07,189 --> 00:08:04,639

the plot thickened in 1981

219

00:08:08,550 --> 00:08:07,199

bud hopkins published missing time a

220

00:08:10,950 --> 00:08:08,560

study of the experiences

221

00:08:13,350 --> 00:08:10,960

of seven abductees which included

222

00:08:16,550 --> 00:08:13,360

missing time slash memory loss

223

00:08:17,270 --> 00:08:16,560

and physical marks hopkins used hypnotic

224

00:08:20,150 --> 00:08:17,280

regression

225

00:08:21,990 --> 00:08:20,160

as a means to subvert the memory erasure

226  
00:08:23,430 --> 00:08:22,000  
and gained access to a variety of

227  
00:08:26,710 --> 00:08:23,440  
experiences

228  
00:08:26,950 --> 00:08:26,720  
in his conclusion hopkins deployed logic

229  
00:08:28,629 --> 00:08:26,960  
and

230  
00:08:31,670 --> 00:08:28,639  
instinct to make his way into the

231  
00:08:33,509 --> 00:08:31,680  
biological aspect of the phenomenon

232  
00:08:34,949 --> 00:08:33,519  
he notes that the evidence for sample

233  
00:08:37,589 --> 00:08:34,959  
taking is clear

234  
00:08:39,589 --> 00:08:37,599  
which he referred to a genetic urinary

235  
00:08:41,750 --> 00:08:39,599  
specialist for an opinion

236  
00:08:43,269 --> 00:08:41,760  
the getting of reproductive material

237  
00:08:46,710 --> 00:08:43,279  
seemed to be the goal

238  
00:08:49,030 --> 00:08:46,720

unquote now again

239

00:08:51,110 --> 00:08:49,040

in this book meet the hybrids written by

240

00:08:52,470 --> 00:08:51,120

mendonka and lamb

241

00:08:54,550 --> 00:08:52,480

we're at the part where they're

242

00:08:56,389 --> 00:08:54,560

outlining the beginnings of

243

00:08:58,230 --> 00:08:56,399

the documentation of supposed

244

00:09:01,269 --> 00:08:58,240

hybridization programs

245

00:09:02,389 --> 00:09:01,279

we just discussed bud hopkins and david

246

00:09:05,430 --> 00:09:02,399

jacobs

247

00:09:08,630 --> 00:09:05,440

next up in the history line is john mack

248

00:09:10,710 --> 00:09:08,640

and i quote the late john e mack md

249

00:09:11,990 --> 00:09:10,720

a professor of psychiatry at the harvard

250

00:09:14,790 --> 00:09:12,000

medical school

251  
00:09:15,990 --> 00:09:14,800  
explores experiencer experiences of the

252  
00:09:19,670 --> 00:09:16,000  
hybrid program

253  
00:09:21,590 --> 00:09:19,680  
in his 1999 book passport to the cosmos

254  
00:09:24,150 --> 00:09:21,600  
human transformation and alien

255  
00:09:26,389 --> 00:09:24,160  
encounters

256  
00:09:27,910 --> 00:09:26,399  
in this study he struggles to determine

257  
00:09:30,389 --> 00:09:27,920  
the extent to which it may be a

258  
00:09:32,630 --> 00:09:30,399  
conventionally material phenomenon

259  
00:09:35,350 --> 00:09:32,640  
his conclusion tends towards seeing it

260  
00:09:37,750 --> 00:09:35,360  
in the context of the ecological crisis

261  
00:09:39,590 --> 00:09:37,760  
which the ets were at pains to impress

262  
00:09:42,070 --> 00:09:39,600  
upon experiencers

263  
00:09:43,829 --> 00:09:42,080

critically max says that he found no

264

00:09:45,590 --> 00:09:43,839

psychological explanation

265

00:09:47,110 --> 00:09:45,600

for the reproductive narrative

266

00:09:50,230 --> 00:09:47,120

suggestive of deception

267

00:09:51,509 --> 00:09:50,240

or fantasy he discusses the views of

268

00:09:54,070 --> 00:09:51,519

some who believe that they have

269

00:09:56,710 --> 00:09:54,080

contributed to the hybrid program

270

00:09:58,550 --> 00:09:56,720

jim sparks and andrea believe that the

271

00:10:01,269 --> 00:09:58,560

hybrids are a backup plan

272

00:10:02,069 --> 00:10:01,279

in case humans destroy themselves while

273

00:10:04,230 --> 00:10:02,079

nona

274

00:10:05,350 --> 00:10:04,240

sees them as a less emotional more

275

00:10:07,030 --> 00:10:05,360

intelligent race

276

00:10:09,430 --> 00:10:07,040

that will not destroy themselves and

277

00:10:11,350 --> 00:10:09,440

their home in the first place

278

00:10:13,269 --> 00:10:11,360

mac lays out the basic components of the

279

00:10:15,910 --> 00:10:13,279

program number one

280

00:10:16,389 --> 00:10:15,920

reproductive material is taken number

281

00:10:18,870 --> 00:10:16,399

two

282

00:10:20,069 --> 00:10:18,880

an embryo is implanted and pregnancy is

283

00:10:22,870 --> 00:10:20,079

experienced

284

00:10:23,750 --> 00:10:22,880

number three the fetus is removed and

285

00:10:25,990 --> 00:10:23,760

number four

286

00:10:27,829 --> 00:10:26,000

the woman or occasionally man is

287

00:10:30,230 --> 00:10:27,839

presented with a being which appears to

288

00:10:32,310 --> 00:10:30,240

be half human and half e.t

289

00:10:33,590 --> 00:10:32,320

which the women are commonly urged to

290

00:10:37,509 --> 00:10:33,600

hold feed

291

00:10:41,190 --> 00:10:39,509

now before we get further into the book

292

00:10:42,470 --> 00:10:41,200

and the conclusions it draws

293

00:10:44,949 --> 00:10:42,480

in terms of the nature of these

294

00:10:47,990 --> 00:10:44,959

hybridization programs and the potential

295

00:10:49,670 --> 00:10:48,000

ultimate intention of those programs i'd

296

00:10:52,230 --> 00:10:49,680

like us to talk a little bit about

297

00:10:54,389 --> 00:10:52,240

how one would verify such things how

298

00:10:56,069 --> 00:10:54,399

could you begin to verify that hybrids

299

00:10:57,910 --> 00:10:56,079

even exist

300

00:11:00,310 --> 00:10:57,920

well first of all there's biological

301  
00:11:02,230 --> 00:11:00,320  
markers but let us not forget

302  
00:11:04,790 --> 00:11:02,240  
this is not simple to study it is

303  
00:11:07,190 --> 00:11:04,800  
expensive and it is difficult to get

304  
00:11:09,509 --> 00:11:07,200  
funding for such studies because of the

305  
00:11:11,509 --> 00:11:09,519  
taboo nature of this topic

306  
00:11:14,150 --> 00:11:11,519  
therefore there essentially is no public

307  
00:11:15,670 --> 00:11:14,160  
research into genomic information

308  
00:11:19,350 --> 00:11:15,680  
associated with people you would call

309  
00:11:21,430 --> 00:11:19,360  
experiencers or hybrids

310  
00:11:23,750 --> 00:11:21,440  
now there have been some small studies

311  
00:11:26,389 --> 00:11:23,760  
done by people interested in this topic

312  
00:11:28,069 --> 00:11:26,399  
but these tend to be very small studies

313  
00:11:29,829 --> 00:11:28,079

and looking into things like

314

00:11:31,910 --> 00:11:29,839

implants for instance and we'll get to

315

00:11:33,430 --> 00:11:31,920

more of that later

316

00:11:35,190 --> 00:11:33,440

something else you could consider in

317

00:11:36,150 --> 00:11:35,200

terms of verifying that such things

318

00:11:38,470 --> 00:11:36,160

exist

319

00:11:39,990 --> 00:11:38,480

is the anecdotal body of evidence in

320

00:11:43,269 --> 00:11:40,000

other words the experimenter

321

00:11:44,230 --> 00:11:43,279

and cooperative testimony when we see

322

00:11:47,829 --> 00:11:44,240

incisions

323

00:11:49,670 --> 00:11:47,839

implants cuts etc that gives us some

324

00:11:51,030 --> 00:11:49,680

indication that something biological may

325

00:11:53,110 --> 00:11:51,040

have happened

326

00:11:54,870 --> 00:11:53,120

but what's interesting here is again if

327

00:11:57,030 --> 00:11:54,880

this is an advanced species

328

00:11:58,870 --> 00:11:57,040

an advanced intelligence we know that

329

00:12:01,350 --> 00:11:58,880

even with our own efforts

330

00:12:02,230 --> 00:12:01,360

a single hair will suffice in terms of

331

00:12:04,870 --> 00:12:02,240

getting genetic

332

00:12:06,790 --> 00:12:04,880

information our entire genetic

333

00:12:07,750 --> 00:12:06,800

information can be found in a single

334

00:12:09,990 --> 00:12:07,760

piece of hair

335

00:12:11,509 --> 00:12:10,000

a single strand you've even seen

336

00:12:12,150 --> 00:12:11,519

detective shows where they can even

337

00:12:14,310 --> 00:12:12,160

recover

338

00:12:16,629 --> 00:12:14,320

dna material from someone who leaves

339

00:12:18,470 --> 00:12:16,639

crumbs from a piece of cake behind

340

00:12:20,629 --> 00:12:18,480

so again that begs the question why

341

00:12:21,110 --> 00:12:20,639

would an advanced species need to go to

342

00:12:24,310 --> 00:12:21,120

such

343

00:12:26,389 --> 00:12:24,320

measures to gain genetic material

344

00:12:28,949 --> 00:12:26,399

but i digress we'll get to more of that

345

00:12:33,750 --> 00:12:31,509

now even if there are no obvious genetic

346

00:12:36,310 --> 00:12:33,760

markers that could be verified by

347

00:12:37,990 --> 00:12:36,320

objective researchers for instance one

348

00:12:41,509 --> 00:12:38,000

could also look to special

349

00:12:42,629 --> 00:12:41,519

behaviors or capacities that these

350

00:12:44,870 --> 00:12:42,639

hybrids have

351  
00:12:47,110 --> 00:12:44,880  
if they can demonstrate capacities that

352  
00:12:49,269 --> 00:12:47,120  
the general population does not have

353  
00:12:51,509 --> 00:12:49,279  
this would lend credibility to the idea

354  
00:12:51,990 --> 00:12:51,519  
that their genetic material has somehow

355  
00:12:55,750 --> 00:12:52,000  
been

356  
00:12:59,190 --> 00:12:57,750  
now what some people find hard to deal

357  
00:13:01,509 --> 00:12:59,200  
with is this notion

358  
00:13:03,750 --> 00:13:01,519  
that there could be two within one that

359  
00:13:04,550 --> 00:13:03,760  
we could actually not just have a blend

360  
00:13:07,590 --> 00:13:04,560  
of material

361  
00:13:08,710 --> 00:13:07,600  
that seamlessly creates a new being but

362  
00:13:10,949 --> 00:13:08,720  
that we may have

363  
00:13:13,030 --> 00:13:10,959

two different modalities within us or

364

00:13:14,870 --> 00:13:13,040

that hybrids do anyway

365

00:13:16,310 --> 00:13:14,880

and something was brought to mind a book

366

00:13:18,710 --> 00:13:16,320

that i read years ago

367

00:13:19,990 --> 00:13:18,720

called of two minds the revolutionary

368

00:13:23,110 --> 00:13:20,000

science of dual brain

369

00:13:25,030 --> 00:13:23,120

psychology by frederick schieffer an md

370

00:13:28,470 --> 00:13:25,040

and an assistant clinical professor of

371

00:13:31,990 --> 00:13:31,030

now interesting and relevant to today's

372

00:13:34,310 --> 00:13:32,000

discussion

373

00:13:35,910 --> 00:13:34,320

the following was discovered on patients

374

00:13:37,509 --> 00:13:35,920

suffering from epilepsy

375

00:13:39,910 --> 00:13:37,519

where traditional treatments hadn't

376

00:13:42,550 --> 00:13:39,920

worked and i quote from that book

377

00:13:44,230 --> 00:13:42,560

the most important idea is that in split

378

00:13:47,110 --> 00:13:44,240

brain patients there exists

379

00:13:48,949 --> 00:13:47,120

two intact reasonably intelligent

380

00:13:51,269 --> 00:13:48,959

autonomous minds

381

00:13:53,509 --> 00:13:51,279

that is after these patients had had

382

00:13:56,470 --> 00:13:53,519

their corpus callosum cut

383

00:13:57,189 --> 00:13:56,480

they each manifest two separate minds

384

00:14:00,870 --> 00:13:57,199

they become

385

00:14:05,269 --> 00:14:00,880

in effect two people inhabiting one body

386

00:14:06,870 --> 00:14:05,279

unquote and the reason i bring up this

387

00:14:09,990 --> 00:14:06,880

study and the findings that

388

00:14:10,550 --> 00:14:10,000

dr schieffer found are two-fold number

389

00:14:12,629 --> 00:14:10,560

one

390

00:14:14,389 --> 00:14:12,639

it was discovered that actually we

391

00:14:16,389 --> 00:14:14,399

already operate with effectively

392

00:14:18,870 --> 00:14:16,399

two minds that the two hemispheres of

393

00:14:20,629 --> 00:14:18,880

our brain are like two separate minds

394

00:14:21,990 --> 00:14:20,639

and when people have their corpus

395

00:14:23,350 --> 00:14:22,000

callosum which connects the two

396

00:14:25,269 --> 00:14:23,360

hemispheres cut

397

00:14:26,949 --> 00:14:25,279

which was done to try and treat people

398

00:14:28,710 --> 00:14:26,959

with severe epilepsy

399

00:14:30,790 --> 00:14:28,720

it was discovered to a much greater

400

00:14:31,430 --> 00:14:30,800

degree that these really do function

401  
00:14:34,710 --> 00:14:31,440  
like two

402  
00:14:37,030 --> 00:14:34,720  
autonomous minds so we have two aspects

403  
00:14:39,430 --> 00:14:37,040  
one that you have two autonomous minds

404  
00:14:41,509 --> 00:14:39,440  
and secondly that even though you do for

405  
00:14:44,550 --> 00:14:41,519  
most of us walking around

406  
00:14:46,550 --> 00:14:44,560  
we find a way to seamlessly harmonize

407  
00:14:48,949 --> 00:14:46,560  
these two brains these two minds

408  
00:14:50,230 --> 00:14:48,959  
to create one identity again that's

409  
00:14:55,030 --> 00:14:50,240  
interesting when you think about the

410  
00:14:58,230 --> 00:14:57,269  
also in terms of trying to talk about

411  
00:15:00,310 --> 00:14:58,240  
how one would

412  
00:15:02,150 --> 00:15:00,320  
verify that hybrids exist that

413  
00:15:03,030 --> 00:15:02,160

hybridization programs can actually be

414

00:15:05,430 --> 00:15:03,040

verified

415

00:15:07,910 --> 00:15:05,440

on a physiological level we should

416

00:15:09,990 --> 00:15:07,920

remember that dna evidence is not the

417

00:15:13,030 --> 00:15:10,000

only way that hybridization may

418

00:15:16,310 --> 00:15:13,040

work again this is supposedly being done

419

00:15:19,030 --> 00:15:16,320

by a very sophisticated civilization

420

00:15:20,870 --> 00:15:19,040

consciousness intelligence they may be

421

00:15:21,269 --> 00:15:20,880

doing it in a way that we just can't

422

00:15:24,470 --> 00:15:21,279

find

423

00:15:26,310 --> 00:15:24,480

evidence of also dna

424

00:15:28,629 --> 00:15:26,320

seems insufficient in explaining the

425

00:15:31,350 --> 00:15:28,639

totality of who we are as human beings

426

00:15:33,189 --> 00:15:31,360

even to us that despite what scientific

427

00:15:35,509 --> 00:15:33,199

materialism would have you believe

428

00:15:37,990 --> 00:15:35,519

which insists almost like a promissory

429

00:15:40,470 --> 00:15:38,000

note that we will find that dna

430

00:15:42,230 --> 00:15:40,480

describes the fullness of who we are we

431

00:15:42,870 --> 00:15:42,240

do not actually find that when we

432

00:15:45,110 --> 00:15:42,880

research

433

00:15:47,509 --> 00:15:45,120

who someone is and whether or not dna

434

00:15:50,150 --> 00:15:47,519

can give us the full picture

435

00:15:51,829 --> 00:15:50,160

some have suggested auras or fields of

436

00:15:53,910 --> 00:15:51,839

energy that surround the body

437

00:15:54,870 --> 00:15:53,920

that these may also be central to what

438

00:15:57,350 --> 00:15:54,880

makes us

439

00:15:58,470 --> 00:15:57,360

us and in that sense it would be more

440

00:16:00,949 --> 00:15:58,480

like an energetic

441

00:16:03,110 --> 00:16:00,959

overlay and what's interesting is this

442

00:16:07,030 --> 00:16:03,120

is very similar to what the hybrids have

443

00:16:11,430 --> 00:16:08,870

also highly relevant to today's

444

00:16:13,350 --> 00:16:11,440

discussion is the podcast episode

445

00:16:15,509 --> 00:16:13,360

where we discuss the work of dr rudy

446

00:16:17,670 --> 00:16:15,519

shield and dr edgar mitchell

447

00:16:18,870 --> 00:16:17,680

and the notion that the quantum hologram

448

00:16:21,350 --> 00:16:18,880

may actually hold

449

00:16:22,790 --> 00:16:21,360

all conscious information and in that

450

00:16:25,110 --> 00:16:22,800

sense who we are

451  
00:16:25,829 --> 00:16:25,120  
our core identity our consciousness is

452  
00:16:28,150 --> 00:16:25,839  
actually held

453  
00:16:29,670 --> 00:16:28,160  
non-locally therefore it's not held

454  
00:16:32,550 --> 00:16:29,680  
within the brain as scientific

455  
00:16:35,189 --> 00:16:32,560  
materialism would have you believe

456  
00:16:37,269 --> 00:16:35,199  
what that also opens up as a possibility

457  
00:16:39,990 --> 00:16:37,279  
in terms of today's discussion

458  
00:16:41,670 --> 00:16:40,000  
is the idea that our body our brain is

459  
00:16:43,829 --> 00:16:41,680  
the hardware so to speak

460  
00:16:46,150 --> 00:16:43,839  
that downloads or streams the

461  
00:16:48,710 --> 00:16:46,160  
information from the quantum hologram

462  
00:16:50,710 --> 00:16:48,720  
and in that sense the fullness of who we

463  
00:16:53,189 --> 00:16:50,720

are might not actually stream down

464

00:16:54,710 --> 00:16:53,199

not all of it but just parts of it and

465

00:16:55,350 --> 00:16:54,720

that's interesting for today's

466

00:16:57,430 --> 00:16:55,360

discussion

467

00:16:58,470 --> 00:16:57,440

because many of these supposed hybrids

468

00:17:00,470 --> 00:16:58,480

discuss

469

00:17:02,150 --> 00:17:00,480

accessing more information about who

470

00:17:04,789 --> 00:17:02,160

they really are

471

00:17:05,750 --> 00:17:04,799

a greater degree of information even

472

00:17:07,990 --> 00:17:05,760

including

473

00:17:09,429 --> 00:17:08,000

uh identities that are not just human

474

00:17:11,590 --> 00:17:09,439

and that is accessible

475

00:17:13,990 --> 00:17:11,600

only when they're in the realm of the

476

00:17:14,789 --> 00:17:14,000

others for instance on board and et

477

00:17:17,029 --> 00:17:14,799

craft

478

00:17:18,870 --> 00:17:17,039

again very interesting opens up

479

00:17:19,429 --> 00:17:18,880

additional possibilities when we think

480

00:17:22,230 --> 00:17:19,439

about

481

00:17:23,909 --> 00:17:22,240

our core identities our histories and

482

00:17:27,669 --> 00:17:23,919

the fullness of what makes

483

00:17:31,190 --> 00:17:30,230

now in last week's episode we discussed

484

00:17:33,669 --> 00:17:31,200

the phenomenon

485

00:17:35,669 --> 00:17:33,679

known as abduction and how people are

486

00:17:38,230 --> 00:17:35,679

taken supposedly against their will

487

00:17:38,870 --> 00:17:38,240

in a very traumatic experience but that

488

00:17:40,870 --> 00:17:38,880

sometimes

489

00:17:43,029 --> 00:17:40,880

afterwards when they actually connect

490

00:17:44,870 --> 00:17:43,039

with the fullness of who they are again

491

00:17:46,950 --> 00:17:44,880

with a greater sense of memory that they

492

00:17:49,110 --> 00:17:46,960

can access or stream

493

00:17:51,270 --> 00:17:49,120

when in the realm of the others they

494

00:17:52,549 --> 00:17:51,280

remember that actually they volunteered

495

00:17:55,430 --> 00:17:52,559

for such activity

496

00:17:56,950 --> 00:17:55,440

perhaps even before they incarnated into

497

00:17:59,190 --> 00:17:56,960

a human body

498

00:18:03,270 --> 00:17:59,200

and this book also touches on that as

499

00:18:06,630 --> 00:18:05,830

this is what one of the supposed hybrids

500

00:18:08,630 --> 00:18:06,640

had to say

501  
00:18:10,630 --> 00:18:08,640  
about abduction versus what we might

502  
00:18:14,070 --> 00:18:10,640  
call volunteerism

503  
00:18:16,390 --> 00:18:14,080  
i quote when i'm there i'm not tied down

504  
00:18:18,150 --> 00:18:16,400  
i know when i'm going it takes place

505  
00:18:21,190 --> 00:18:18,160  
first as a light body

506  
00:18:22,150 --> 00:18:21,200  
then i materialize up there i'm never

507  
00:18:25,190 --> 00:18:22,160  
abducted

508  
00:18:26,390 --> 00:18:25,200  
i'm usually visited before i go i see a

509  
00:18:28,470 --> 00:18:26,400  
being in my room

510  
00:18:29,430 --> 00:18:28,480  
i check in with the energy and we start

511  
00:18:31,590 --> 00:18:29,440  
to chat

512  
00:18:32,870 --> 00:18:31,600  
either awake or in the next state of

513  
00:18:35,110 --> 00:18:32,880

consciousness

514

00:18:36,789 --> 00:18:35,120

they don't tell me i'm going it's more

515

00:18:39,430 --> 00:18:36,799

like an invitation

516

00:18:39,990 --> 00:18:39,440

i'm always very willing to contribute i

517

00:18:42,070 --> 00:18:40,000

agree

518

00:18:43,830 --> 00:18:42,080

then i fall asleep and shift between

519

00:18:46,150 --> 00:18:43,840

states of consciousness

520

00:18:48,390 --> 00:18:46,160

then i move through a specific portal

521

00:18:50,150 --> 00:18:48,400

with the being next to me

522

00:18:52,070 --> 00:18:50,160

then we go through the portal onto the

523

00:18:54,870 --> 00:18:52,080

ship i experience it

524

00:18:55,669 --> 00:18:54,880

astrally but the light body materializes

525

00:18:59,029 --> 00:18:55,679

as a double

526

00:19:02,870 --> 00:18:59,039

and they take the energy imprints

527

00:19:03,669 --> 00:19:02,880

unquote now this is certainly a slightly

528

00:19:07,190 --> 00:19:03,679

different take

529

00:19:09,029 --> 00:19:07,200

on the abduction or volunteerism program

530

00:19:10,710 --> 00:19:09,039

here the person does have a sense that

531

00:19:13,590 --> 00:19:10,720

they are invited to go

532

00:19:15,750 --> 00:19:13,600

and give offerings so to speak energetic

533

00:19:17,510 --> 00:19:15,760

imprints is what this person calls it

534

00:19:19,110 --> 00:19:17,520

and they volunteer to do this and

535

00:19:20,070 --> 00:19:19,120

they're fully aware of the entire

536

00:19:22,070 --> 00:19:20,080

process

537

00:19:23,590 --> 00:19:22,080

but interestingly and this pertains to

538

00:19:24,070 --> 00:19:23,600

what we learned about in the free

539

00:19:26,710 --> 00:19:24,080

experience

540

00:19:28,630 --> 00:19:26,720

for study this is done astrally so it's

541

00:19:29,669 --> 00:19:28,640

not so much that their body is going but

542

00:19:31,909 --> 00:19:29,679

some energetic

543

00:19:32,870 --> 00:19:31,919

imprint of who they are is what's

544

00:19:35,110 --> 00:19:32,880

actually going

545

00:19:36,310 --> 00:19:35,120

and that that energy is then imprinted

546

00:19:38,150 --> 00:19:36,320

and this becomes part of the

547

00:19:40,310 --> 00:19:38,160

hybridization program

548

00:19:41,830 --> 00:19:40,320

this is curious and there are slightly

549

00:19:44,310 --> 00:19:41,840

different details

550

00:19:46,150 --> 00:19:44,320

depending on which hybrid is speaking

551  
00:19:46,950 --> 00:19:46,160  
but there are some commonalities and

552  
00:19:48,950 --> 00:19:46,960  
this was just an

553  
00:19:51,510 --> 00:19:48,960  
interesting case for us to think about

554  
00:19:55,190 --> 00:19:51,520  
and what it means to be a volunteer

555  
00:19:58,230 --> 00:19:57,430  
now with this last hybrid supposed

556  
00:20:00,549 --> 00:19:58,240  
hybrid

557  
00:20:02,470 --> 00:20:00,559  
they described a situation a process

558  
00:20:03,990 --> 00:20:02,480  
that was more energetic in nature

559  
00:20:06,230 --> 00:20:04,000  
that it was more about energetic

560  
00:20:08,310 --> 00:20:06,240  
imprinting but to be sure there are

561  
00:20:08,950 --> 00:20:08,320  
other hybrids quoted in the book studied

562  
00:20:13,430 --> 00:20:08,960  
in the book

563  
00:20:14,230 --> 00:20:13,440

much more common physiological kind of

564

00:20:15,990 --> 00:20:14,240

procedure

565

00:20:17,750 --> 00:20:16,000

that we would see in a hospital in

566

00:20:20,149 --> 00:20:17,760

modern day

567

00:20:21,990 --> 00:20:20,159

now let's move on to the rationale for

568

00:20:24,789 --> 00:20:22,000

this hybrid program

569

00:20:26,390 --> 00:20:24,799

and the authors mendonka and lam

570

00:20:29,590 --> 00:20:26,400

actually offer this

571

00:20:32,230 --> 00:20:29,600

i quote having hybrids present on earth

572

00:20:34,390 --> 00:20:32,240

helps to raise humankind's frequency so

573

00:20:35,750 --> 00:20:34,400

that humans can evolve and embrace their

574

00:20:38,549 --> 00:20:35,760

cosmic family

575

00:20:41,110 --> 00:20:38,559

and embrace themselves as star beings

576

00:20:43,590 --> 00:20:41,120

the hybrids are bridges in this way

577

00:20:46,789 --> 00:20:43,600

with major paradigm shifts taking place

578

00:20:49,830 --> 00:20:46,799

humanity is evolving into the new human

579

00:20:52,630 --> 00:20:49,840

this means humankind's dna is changing

580

00:20:53,990 --> 00:20:52,640

in ways which is allowing them to expand

581

00:20:55,909 --> 00:20:54,000

in consciousness

582

00:20:57,909 --> 00:20:55,919

they are being activated by the higher

583

00:20:59,669 --> 00:20:57,919

frequencies and becoming aware

584

00:21:01,909 --> 00:20:59,679

that they have natural skills and

585

00:21:02,630 --> 00:21:01,919

talents which they haven't tapped into

586

00:21:04,310 --> 00:21:02,640

before

587

00:21:07,190 --> 00:21:04,320

because they weren't ready to handle

588

00:21:08,310 --> 00:21:07,200

them this gives humanity an opportunity

589

00:21:09,990 --> 00:21:08,320

to develop their

590

00:21:12,549 --> 00:21:10,000

natural psychic abilities such as

591

00:21:14,630 --> 00:21:12,559

clairvoyance and clairaudience

592

00:21:16,950 --> 00:21:14,640

more people will be experiencing by

593

00:21:18,070 --> 00:21:16,960

location teleportation and learning how

594

00:21:20,230 --> 00:21:18,080

to heal themselves

595

00:21:22,149 --> 00:21:20,240

and others without having to deal with

596

00:21:24,149 --> 00:21:22,159

space-time constraints

597

00:21:26,149 --> 00:21:24,159

many hybrids are already in touch with

598

00:21:31,590 --> 00:21:26,159

these abilities and are using them

599

00:21:34,070 --> 00:21:31,600

to be of assistance to others unquote

600

00:21:35,909 --> 00:21:34,080

now in further summarizing the results

601  
00:21:37,190 --> 00:21:35,919  
of this study of these series of

602  
00:21:40,310 --> 00:21:37,200  
interviews they did

603  
00:21:43,270 --> 00:21:40,320  
with these hybrids mendonka and lam

604  
00:21:44,870 --> 00:21:43,280  
have this to say quote two key terms

605  
00:21:46,950 --> 00:21:44,880  
came up time and time again when

606  
00:21:49,909 --> 00:21:46,960  
discussing the role of the hybrids

607  
00:21:51,669 --> 00:21:49,919  
bridge and ambassador they have slightly

608  
00:21:53,750 --> 00:21:51,679  
varying applications but there is a

609  
00:21:54,789 --> 00:21:53,760  
general consensus that a key part of

610  
00:21:58,230 --> 00:21:54,799  
their mission

611  
00:22:00,230 --> 00:21:58,240  
is to bridge humans and ets four of them

612  
00:22:02,470 --> 00:22:00,240  
spoke specifically about this

613  
00:22:04,070 --> 00:22:02,480

with the term exopolitics and its

614

00:22:07,510 --> 00:22:04,080

engaged aspect

615

00:22:09,590 --> 00:22:07,520

exo diplomacy coming into increasing use

616

00:22:11,590 --> 00:22:09,600

the hybrids could be thought of as a key

617

00:22:16,390 --> 00:22:11,600

group of exo diplomats

618

00:22:19,990 --> 00:22:18,070

and with this notion of bridges and

619

00:22:21,190 --> 00:22:20,000

ambassadors you have the idea that

620

00:22:23,590 --> 00:22:21,200

number one

621

00:22:24,549 --> 00:22:23,600

these hybrids because they are both et

622

00:22:26,710 --> 00:22:24,559

and human

623

00:22:28,549 --> 00:22:26,720

can serve as translators as it were

624

00:22:30,470 --> 00:22:28,559

between the two different species

625

00:22:32,230 --> 00:22:30,480

that there are some distinct differences

626  
00:22:33,669 --> 00:22:32,240  
between the two different species

627  
00:22:36,549 --> 00:22:33,679  
for instance some of these et

628  
00:22:38,789 --> 00:22:36,559  
civilizations seem to have more of a

629  
00:22:39,990 --> 00:22:38,799  
sort of common mind rather than so

630  
00:22:42,070 --> 00:22:40,000  
individualistic they

631  
00:22:44,470 --> 00:22:42,080  
are less dualistic in their thinking in

632  
00:22:46,630 --> 00:22:44,480  
general and the hybrids help them

633  
00:22:47,270 --> 00:22:46,640  
understand more of who we are as human

634  
00:22:49,430 --> 00:22:47,280  
beings

635  
00:22:51,430 --> 00:22:49,440  
and how we experience reality because it

636  
00:22:54,630 --> 00:22:51,440  
can be quite different between the two

637  
00:22:58,070 --> 00:22:54,640  
and that can be a core aspect of this

638  
00:23:00,230 --> 00:22:58,080

process they also serve as ambassadors

639

00:23:01,909 --> 00:23:00,240

meaning that if in the future there is

640

00:23:04,549 --> 00:23:01,919

some sort of mass disclosure

641

00:23:06,789 --> 00:23:04,559

and the general population in the world

642

00:23:07,990 --> 00:23:06,799

finds out about these other et species

643

00:23:09,990 --> 00:23:08,000

that are here

644

00:23:11,110 --> 00:23:10,000

that these hybrids can serve as

645

00:23:15,270 --> 00:23:11,120

ambassadors

646

00:23:15,990 --> 00:23:15,280

to hold a dialogue between the two sides

647

00:23:17,669 --> 00:23:16,000

and increase

648

00:23:22,149 --> 00:23:17,679

understanding and make the entire

649

00:23:24,390 --> 00:23:22,159

process much smoother

650

00:23:25,510 --> 00:23:24,400

also in summarizing what they learn from

651  
00:23:28,789 --> 00:23:25,520  
these hybrids

652  
00:23:29,110 --> 00:23:28,799  
mendonka and lam talk about this notion

653  
00:23:31,590 --> 00:23:29,120  
of

654  
00:23:33,350 --> 00:23:31,600  
ascension that this was a key term that

655  
00:23:35,510 --> 00:23:33,360  
came up time and time again

656  
00:23:36,789 --> 00:23:35,520  
and they did a lot of synthesizing work

657  
00:23:38,470 --> 00:23:36,799  
to try and understand

658  
00:23:40,630 --> 00:23:38,480  
what was really being said from these

659  
00:23:41,590 --> 00:23:40,640  
different hybrids about this notion of

660  
00:23:44,070 --> 00:23:41,600  
ascension

661  
00:23:46,149 --> 00:23:44,080  
and quoting from the book quote when

662  
00:23:48,230 --> 00:23:46,159  
attempting to understand the purpose for

663  
00:23:49,190 --> 00:23:48,240

et interaction with the earth and its

664

00:23:52,549 --> 00:23:49,200

inhabitants

665

00:23:54,710 --> 00:23:52,559

the one line summary appears to be ets

666

00:23:57,909 --> 00:23:54,720

are creating hybrids to help earth

667

00:24:00,549 --> 00:23:57,919

and humanity evolve this phenomenon

668

00:24:01,990 --> 00:24:00,559

commonly referred to as ascension can be

669

00:24:04,710 --> 00:24:02,000

thought of as a process

670

00:24:07,830 --> 00:24:04,720

of physical emotional and spiritual

671

00:24:11,750 --> 00:24:09,909

the ets which are creating and

672

00:24:14,789 --> 00:24:11,760

dispatching hybrids to earth

673

00:24:17,510 --> 00:24:14,799

have in most cases already ascended they

674

00:24:19,590 --> 00:24:17,520

are evolved beings who value evolution

675

00:24:21,269 --> 00:24:19,600

and like cosmic missionaries are

676

00:24:22,070 --> 00:24:21,279

determined to bring celestial

677

00:24:24,870 --> 00:24:22,080

enlightenment

678

00:24:27,190 --> 00:24:24,880

to others the hybrids have a variety of

679

00:24:29,029 --> 00:24:27,200

missions within this larger mission

680

00:24:31,590 --> 00:24:29,039

and to help them they incarnate with

681

00:24:33,750 --> 00:24:31,600

various abilities and inclinations

682

00:24:34,630 --> 00:24:33,760

these abilities can be upgraded by the

683

00:24:36,870 --> 00:24:34,640

ets

684

00:24:37,909 --> 00:24:36,880

or the hybrids themselves throughout

685

00:24:42,230 --> 00:24:37,919

their journey

686

00:24:42,789 --> 00:24:42,240

unquote now this is a good place to

687

00:24:45,029 --> 00:24:42,799

insert

688

00:24:45,990 --> 00:24:45,039

a point of distinction several of these

689

00:24:47,430 --> 00:24:46,000

hybrids talk about

690

00:24:49,350 --> 00:24:47,440

there being kind of a galactic

691

00:24:51,750 --> 00:24:49,360

federation which is made up of

692

00:24:52,870 --> 00:24:51,760

a variety a group of different et

693

00:24:54,630 --> 00:24:52,880

civilizations

694

00:24:57,190 --> 00:24:54,640

from different planets different star

695

00:24:59,430 --> 00:24:57,200

systems even different galaxies

696

00:25:01,510 --> 00:24:59,440

which are working together in this

697

00:25:03,909 --> 00:25:01,520

process this endeavor of

698

00:25:06,230 --> 00:25:03,919

helping earth and its inhabitants and

699

00:25:08,070 --> 00:25:06,240

that here also we have the idea that at

700

00:25:10,549 --> 00:25:08,080

the dawn of the atomic age as we've

701  
00:25:12,870 --> 00:25:10,559  
discussed before on previous podcasts

702  
00:25:13,590 --> 00:25:12,880  
there was a sense of increased urgency

703  
00:25:15,909 --> 00:25:13,600  
to help

704  
00:25:17,029 --> 00:25:15,919  
the world because we were in a perilous

705  
00:25:19,510 --> 00:25:17,039  
place

706  
00:25:21,990 --> 00:25:19,520  
but to be sure it's not all benevolent

707  
00:25:24,310 --> 00:25:22,000  
ets there is also some discussion of

708  
00:25:26,630 --> 00:25:24,320  
some less mature et species

709  
00:25:27,350 --> 00:25:26,640  
who are not necessarily malevolent or

710  
00:25:29,269 --> 00:25:27,360  
evil

711  
00:25:30,630 --> 00:25:29,279  
but just self-serving who have some of

712  
00:25:33,669 --> 00:25:30,640  
their own

713  
00:25:34,950 --> 00:25:33,679

agendas and those are here as well

714

00:25:37,029 --> 00:25:34,960

although they are less of the big

715

00:25:38,789 --> 00:25:37,039

picture but the

716

00:25:41,350 --> 00:25:38,799

hybrids also make the point that even

717

00:25:43,830 --> 00:25:41,360

these less mature e.t civilizations

718

00:25:45,590 --> 00:25:43,840

are still playing a larger role in the

719

00:25:48,710 --> 00:25:45,600

larger scheme of cooperative

720

00:25:49,269 --> 00:25:48,720

evolving self-discovering cosmos and

721

00:25:51,990 --> 00:25:49,279

that this

722

00:25:53,350 --> 00:25:52,000

too plays into the role of volunteerism

723

00:25:55,830 --> 00:25:53,360

and decisions that are made

724

00:25:57,190 --> 00:25:55,840

by us even before we incarnate into

725

00:25:59,750 --> 00:25:57,200

human bodies

726

00:26:00,789 --> 00:25:59,760

again it's a complex tapestry being

727

00:26:05,510 --> 00:26:00,799

described here

728

00:26:08,630 --> 00:26:07,110

and now i'd like to finish with a few

729

00:26:10,070 --> 00:26:08,640

concluding thoughts

730

00:26:12,470 --> 00:26:10,080

the first thing i would like to offer

731

00:26:13,110 --> 00:26:12,480

for your consideration is the idea that

732

00:26:16,710 --> 00:26:13,120

perhaps

733

00:26:18,789 --> 00:26:16,720

everyone is partly hybrid already

734

00:26:20,950 --> 00:26:18,799

and this is somewhat similar to the idea

735

00:26:21,909 --> 00:26:20,960

that perhaps all human beings have

736

00:26:24,070 --> 00:26:21,919

actually been

737

00:26:25,350 --> 00:26:24,080

abducted or contacted depending on which

738

00:26:27,269 --> 00:26:25,360

word you prefer

739

00:26:31,350 --> 00:26:27,279

it's just that a minority of us have the

740

00:26:35,590 --> 00:26:33,430

of course there is already plenty of

741

00:26:37,430 --> 00:26:35,600

evidence to suggest that well before the

742

00:26:41,269 --> 00:26:37,440

onset of the modern e.t

743

00:26:44,070 --> 00:26:41,279

visitation era our dna was manipulated

744

00:26:44,549 --> 00:26:44,080

in the distant past a common leading

745

00:26:47,190 --> 00:26:44,559

theory

746

00:26:48,149 --> 00:26:47,200

is that it was done by an et species in

747

00:26:51,350 --> 00:26:48,159

our past

748

00:26:52,950 --> 00:26:51,360

perhaps ten to twenty thousand years ago

749

00:26:54,789 --> 00:26:52,960

it is commonly believed that the

750

00:26:57,190 --> 00:26:54,799

evolutionary process alone

751  
00:26:58,870 --> 00:26:57,200  
as we currently understand it cannot

752  
00:27:01,669 --> 00:26:58,880  
account for the sum of who we are

753  
00:27:02,789 --> 00:27:01,679  
as a species and the massive increase in

754  
00:27:07,669 --> 00:27:02,799  
capacities

755  
00:27:09,750 --> 00:27:07,679  
we developed about 10 000 years ago

756  
00:27:11,909 --> 00:27:09,760  
now in terms of trying to come to a

757  
00:27:13,750 --> 00:27:11,919  
conclusion as to the veracity

758  
00:27:15,909 --> 00:27:13,760  
the realness of this supposed

759  
00:27:18,149 --> 00:27:15,919  
hybridization program

760  
00:27:19,830 --> 00:27:18,159  
what other possibilities are there when

761  
00:27:21,510 --> 00:27:19,840  
we think about all these different

762  
00:27:24,149 --> 00:27:21,520  
witnesses coming forward

763  
00:27:25,590 --> 00:27:24,159

not just to describe contact experiences

764

00:27:28,470 --> 00:27:25,600

but to actually describe

765

00:27:29,990 --> 00:27:28,480

hybridization programs well the other

766

00:27:31,430 --> 00:27:30,000

possibilities are things like

767

00:27:33,510 --> 00:27:31,440

cultural inheritance that is the

768

00:27:35,110 --> 00:27:33,520

mockingbird effect that people are just

769

00:27:37,669 --> 00:27:35,120

repeating what they've heard and read

770

00:27:39,350 --> 00:27:37,679

elsewhere we could also look at a kind

771

00:27:41,830 --> 00:27:39,360

of mass delusion

772

00:27:42,950 --> 00:27:41,840

or perhaps implanted memories on a mass

773

00:27:44,630 --> 00:27:42,960

scale

774

00:27:46,389 --> 00:27:44,640

or it could be a mass collective

775

00:27:48,549 --> 00:27:46,399

unconscious effect that we're doing to

776

00:27:50,310 --> 00:27:48,559

ourselves somehow

777

00:27:52,389 --> 00:27:50,320

those are possibilities but when you

778

00:27:54,389 --> 00:27:52,399

look at occam's razor here

779

00:27:56,149 --> 00:27:54,399

i tend to think that the hybridization

780

00:27:58,710 --> 00:27:56,159

program is largely happening

781

00:28:00,830 --> 00:27:58,720

it's real the question is what is the

782

00:28:03,110 --> 00:28:00,840

ultimate meaning behind

783

00:28:05,269 --> 00:28:03,120

it

784

00:28:07,590 --> 00:28:05,279

certainly the hybrids interviewed and

785

00:28:08,070 --> 00:28:07,600

described in this book by mendonka and

786

00:28:10,310 --> 00:28:08,080

lamb

787

00:28:11,510 --> 00:28:10,320

in the book meet the hybrids give us

788

00:28:13,430 --> 00:28:11,520

some ideas

789

00:28:14,870 --> 00:28:13,440

not only as to the nature of these

790

00:28:17,110 --> 00:28:14,880

hybridization programs

791

00:28:19,990 --> 00:28:17,120

how it's rolling out so to speak but

792

00:28:21,830 --> 00:28:20,000

also the ultimate intention behind it

793

00:28:24,070 --> 00:28:21,840

and of course this is not the first time

794

00:28:26,870 --> 00:28:24,080

we've come across these ideas

795

00:28:28,950 --> 00:28:26,880

books by sherry wilde and susie hansen

796

00:28:31,110 --> 00:28:28,960

described something very similar

797

00:28:32,630 --> 00:28:31,120

both in terms of the process and the

798

00:28:34,870 --> 00:28:32,640

ultimate intention

799

00:28:37,830 --> 00:28:34,880

and that hybridization is not just about

800

00:28:40,549 --> 00:28:37,840

dna that contains two different sources

801  
00:28:41,190 --> 00:28:40,559  
but it's also about energetic overlays

802  
00:28:49,830 --> 00:28:41,200  
and

803  
00:28:50,950 --> 00:28:49,840  
talking about capacities that are

804  
00:28:52,389 --> 00:28:50,960  
increased

805  
00:28:54,549 --> 00:28:52,399  
that come online for some of these

806  
00:28:56,389 --> 00:28:54,559  
hybrids ultimately what is being

807  
00:28:58,789 --> 00:28:56,399  
described here is an endeavor

808  
00:28:59,830 --> 00:28:58,799  
that will help the entire human species

809  
00:29:04,549 --> 00:28:59,840  
ascend

810  
00:29:08,870 --> 00:29:07,110  
and on that note we've come to the close

811  
00:29:10,630 --> 00:29:08,880  
of another edition of the point of

812  
00:29:12,870 --> 00:29:10,640  
convergence podcast

813  
00:29:14,710 --> 00:29:12,880

as always let's keep this conversation

814

00:29:16,950 --> 00:29:14,720

going and growing

815

00:29:17,909 --> 00:29:16,960

please don't forget to like or subscribe

816

00:29:20,950 --> 00:29:17,919

whether you're listening

817

00:29:22,149 --> 00:29:20,960

on a podcast platform or on youtube that

818

00:29:23,990 --> 00:29:22,159

helps spread the word

819

00:29:25,990 --> 00:29:24,000

and please also don't forget to let

820

00:29:29,510 --> 00:29:26,000

others you think would be interested

821

00:29:30,870 --> 00:29:29,520

know about this podcast but for now

822

00:29:32,710 --> 00:29:30,880

from deep within the blue ridge

823

00:29:40,130 --> 00:29:32,720

mountains of north carolina
