2
00:00:12,150 --> 00:00:09,270
hello

3
00:00:14,150 --> 00:00:12,160
and welcome to episode number 17 of the

4
00:00:18,710 --> 00:00:14,160
point of convergence podcast

5
00:00:21,189 --> 00:00:18,720
as always i am your host exo academian

6
00:00:23,189 --> 00:00:21,199
when it comes to proposed hypotheses

7
00:00:25,269 --> 00:00:23,199
offered to explain the intelligences

8
00:00:27,589 --> 00:00:25,279
behind the ufo phenomenon

9
00:00:30,070 --> 00:00:27,599
the extraterrestrial hypothesis is still

10
00:00:32,310 --> 00:00:30,080
the most common idea put forth

11
00:00:33,750 --> 00:00:32,320
for the majority of the population when

12
00:00:36,069 --> 00:00:33,760
confronted with the notion that a

13
00:00:36,790 --> 00:00:36,079

supposedly non-human intelligence is

14

00:00:38,950 --> 00:00:36,800

here

15

00:00:41,430 --> 00:00:38,960

traversing the skies above our heads in

16

00:00:43,030 --> 00:00:41,440

technologically sophisticated craft

17

00:00:45,590 --> 00:00:43,040

that run circles around our most

18

00:00:47,750 --> 00:00:45,600

cutting-edge aerospace vehicles

19

00:00:49,830 --> 00:00:47,760

space alien still seems like the most

20

00:00:51,990 --> 00:00:49,840

logical explanation

21

00:00:53,750 --> 00:00:52,000

in fact for much of the general public

22

00:00:56,389 --> 00:00:53,760

this is really considered the only

23

00:00:58,150 --> 00:00:56,399

logical option

24

00:01:00,069 --> 00:00:58,160

for those who've studied the ufo

25

00:01:02,630 --> 00:01:00,079

phenomenon in any detail

26

00:01:04,229 --> 00:01:02,640

and for any length of time however it

27

00:01:06,469 --> 00:01:04,239

quickly becomes clear

28

00:01:09,030 --> 00:01:06,479

for those really open to considering all

29

00:01:11,429 --> 00:01:09,040

of the data with an open mind that is

30

00:01:12,469 --> 00:01:11,439

that the extraterrestrial hypothesis on

31

00:01:15,429 --> 00:01:12,479

its own

32

00:01:17,030 --> 00:01:15,439

seems lacking and for much of this small

33

00:01:18,870 --> 00:01:17,040

subset of the population

34

00:01:20,230 --> 00:01:18,880

actually paying close attention to this

35

00:01:21,749 --> 00:01:20,240

phenomenon

36

00:01:23,429 --> 00:01:21,759

something like the interdimensional

37

00:01:26,710 --> 00:01:23,439

hypothesis rises up

38

00:01:29,510 --> 00:01:26,720

as a leading option

39

00:01:31,429 --> 00:01:29,520

other possibilities also exist of course

40

00:01:32,469 --> 00:01:31,439

one of them being the crypto terrestrial

41

00:01:34,310 --> 00:01:32,479

hypothesis

42

00:01:36,950 --> 00:01:34,320

which we've already discussed in some

43

00:01:38,710 --> 00:01:36,960

detail on a previous podcast

44

00:01:41,190 --> 00:01:38,720

suggesting that a sister humanoid

45

00:01:41,990 --> 00:01:41,200

species may be cohabitating the planet

46

00:01:44,630 --> 00:01:42,000

with us

47

00:01:47,270 --> 00:01:44,640

in a stealthy way employing masterfully

48

00:01:49,109 --> 00:01:47,280

skillful techniques of misdirection

49

00:01:50,630 --> 00:01:49,119

to encourage our belief that what we've

50

00:01:52,789 --> 00:01:50,640

been dealing with are solely

51
00:01:55,590 --> 00:01:52,799
extraterrestrial visitors

52
00:01:56,109 --> 00:01:55,600
a fourth hypothesis positing beings

53
00:01:57,830 --> 00:01:56,119
known as

54
00:01:59,830 --> 00:01:57,840
ultraterrestrials which is some

55
00:02:01,109 --> 00:01:59,840
combination of crypto-terrestrial and

56
00:02:02,789 --> 00:02:01,119
interdimensional

57
00:02:06,149 --> 00:02:02,799
is a notion we will be pursuing in a

58
00:02:10,070 --> 00:02:08,469
now if you've studied the ufo phenomenon

59
00:02:11,350 --> 00:02:10,080
for any length of time

60
00:02:13,430 --> 00:02:11,360
whether you're familiar with this

61
00:02:15,270 --> 00:02:13,440
particular podcast or not

62
00:02:17,030 --> 00:02:15,280
you've likely come across all of the

63
00:02:19,350 --> 00:02:17,040

above hypotheses

64

00:02:21,350 --> 00:02:19,360

there are still other options however

65

00:02:23,030 --> 00:02:21,360

some of them involve elements that ask

66

00:02:24,630 --> 00:02:23,040

us to think a little more outside the

67

00:02:27,110 --> 00:02:24,640

box introducing

68

00:02:28,309 --> 00:02:27,120

additional variables such as time travel

69

00:02:30,229 --> 00:02:28,319

to the mix

70

00:02:31,830 --> 00:02:30,239

in this week's podcast i'd like to

71

00:02:32,949 --> 00:02:31,840

explore one of the lesser-known

72

00:02:36,229 --> 00:02:32,959

hypotheses

73

00:02:37,110 --> 00:02:36,239

that does exactly this this particular

74

00:02:38,869 --> 00:02:37,120

hypothesis

75

00:02:40,550 --> 00:02:38,879

doesn't have a commonly recognizable

76

00:02:42,390 --> 00:02:40,560

name we can refer to

77

00:02:44,790 --> 00:02:42,400

because it is in some ways a hybrid

78

00:02:46,949 --> 00:02:44,800

version of other hypotheses

79

00:02:49,509 --> 00:02:46,959

if one were to give it a name something

80

00:02:52,150 --> 00:02:49,519

like the post-terrestrial hypothesis

81

00:02:52,790 --> 00:02:52,160

works well enough though as you'll soon

82

00:02:54,589 --> 00:02:52,800

find out

83

00:02:57,030 --> 00:02:54,599

it also involves elements of

84

00:02:59,589 --> 00:02:57,040

extraterrestriality as well

85

00:03:01,270 --> 00:02:59,599

it is also intimate to us because it

86

00:03:03,589 --> 00:03:01,280

supposedly involves

87

00:03:04,710 --> 00:03:03,599

actions by a time traveling

88

00:03:07,910 --> 00:03:04,720

non-conventional

89

00:03:09,670 --> 00:03:07,920

future human population whose aim is to

90

00:03:12,550 --> 00:03:09,680

avert some imminent disaster

91

00:03:13,110 --> 00:03:12,560

in human history by enacting some form

92

00:03:15,750 --> 00:03:13,120

of mass

93

00:03:17,190 --> 00:03:15,760

intervention accomplished mostly on the

94

00:03:21,910 --> 00:03:17,200

subconscious level

95

00:03:25,750 --> 00:03:24,710

this particular hypothesis is from my

96

00:03:29,110 --> 00:03:25,760

point of view

97

00:03:31,750 --> 00:03:29,120

both insightful and elegant insightful

98

00:03:33,830 --> 00:03:31,760

in that it offers potential explanations

99

00:03:35,350 --> 00:03:33,840

for particular data points commonly

100

00:03:37,670 --> 00:03:35,360

found within the literature

101
00:03:38,710 --> 00:03:37,680
of the ufo phenomenon that other

102
00:03:41,670 --> 00:03:38,720
hypotheses

103
00:03:43,190 --> 00:03:41,680
simply ignore and elegant because it

104
00:03:45,509 --> 00:03:43,200
explains much of the data

105
00:03:46,830 --> 00:03:45,519
without resorting to the incorporation

106
00:03:48,869 --> 00:03:46,840
of notions such as

107
00:03:50,949 --> 00:03:48,879
interdimensionality and vast

108
00:03:52,710 --> 00:03:50,959
interstellar travel

109
00:03:55,190 --> 00:03:52,720
melding together elements from other

110
00:03:56,070 --> 00:03:55,200
hypotheses it adds time travel to the

111
00:03:57,670 --> 00:03:56,080
equation

112
00:04:01,509 --> 00:03:57,680
and revolves around our own

113
00:04:04,070 --> 00:04:01,519

post-conventional human future

114

00:04:05,670 --> 00:04:04,080

an exploration of a hypothesis

115

00:04:07,830 --> 00:04:05,680

suggesting that at least some of the

116

00:04:10,550 --> 00:04:07,840

beings described in the literature

117

00:04:12,070 --> 00:04:10,560

of the ufo phenomenon are actually our

118

00:04:13,990 --> 00:04:12,080

very own descendants

119

00:04:15,190 --> 00:04:14,000

genetically altered and featuring a

120

00:04:17,430 --> 00:04:15,200

splice genome

121

00:04:19,030 --> 00:04:17,440

incorporating traits of other species

122

00:04:21,189 --> 00:04:19,040

from our very own planet

123

00:04:22,310 --> 00:04:21,199

who are perhaps here to try to avert

124

00:04:25,510 --> 00:04:22,320

some future

125

00:04:28,550 --> 00:04:25,520

apocalyptic wrong turn in human history

126
00:04:34,110 --> 00:04:28,560
is the topic of this the 17th episode of

127
00:04:40,790 --> 00:04:37,990
[Music]

128
00:04:41,590 --> 00:04:40,800
now as we begin today's podcast a quick

129
00:04:43,990 --> 00:04:41,600
reminder

130
00:04:44,790 --> 00:04:44,000
that what we collectively colloquially

131
00:04:47,670 --> 00:04:44,800
call the

132
00:04:48,790 --> 00:04:47,680
phenomenon is almost certainly actually

133
00:04:51,510 --> 00:04:48,800
phenomena

134
00:04:53,590 --> 00:04:51,520
from multiple players and this makes it

135
00:04:56,790 --> 00:04:53,600
notoriously difficult to tease out

136
00:04:59,189 --> 00:04:56,800
intentions and methods being employed

137
00:05:00,550 --> 00:04:59,199
for instance part of today's discussion

138
00:05:02,870 --> 00:05:00,560

involves depictions

139

00:05:03,990 --> 00:05:02,880

of what are commonly referred to as the

140

00:05:05,990 --> 00:05:04,000

grays

141

00:05:07,830 --> 00:05:06,000

but the literature is not consistent

142

00:05:08,870 --> 00:05:07,840

when it comes to people's depictions of

143

00:05:10,390 --> 00:05:08,880

the graves

144

00:05:13,110 --> 00:05:10,400

and because it's become part of our

145

00:05:15,029 --> 00:05:13,120

folklore now some people may be just

146

00:05:16,710 --> 00:05:15,039

unconsciously repeating what they've

147

00:05:18,550 --> 00:05:16,720

already heard or are

148

00:05:20,390 --> 00:05:18,560

ascribing to the grays these

149

00:05:24,710 --> 00:05:20,400

stereotypical traits

150

00:05:26,710 --> 00:05:24,720

something to keep in mind as we proceed

151
00:05:27,990 --> 00:05:26,720
i'd also like to add that when it comes

152
00:05:30,070 --> 00:05:28,000
to trying to figure out

153
00:05:32,150 --> 00:05:30,080
which non-conventionally human groups

154
00:05:34,310 --> 00:05:32,160
are here visiting our planet

155
00:05:35,909 --> 00:05:34,320
and our civilization and perhaps

156
00:05:39,110 --> 00:05:35,919
influencing us

157
00:05:42,070 --> 00:05:39,120
i think the answer is all of the above

158
00:05:43,189 --> 00:05:42,080
and by that i mean i think ultimately we

159
00:05:44,990 --> 00:05:43,199
will likely find

160
00:05:47,629 --> 00:05:45,000
that the sources include

161
00:05:50,710 --> 00:05:47,639
extraterrestrial interdimensional

162
00:05:52,950 --> 00:05:50,720
crypto-terrestrial ultra-terrestrial and

163
00:05:53,749 --> 00:05:52,960

as we're discussing today post

164

00:05:56,230 --> 00:05:53,759

terrestrial

165

00:05:57,909 --> 00:05:56,240

i think all of these may be in the mix

166

00:06:03,510 --> 00:05:57,919

that makes it fascinating but

167

00:06:06,629 --> 00:06:05,749

with that said let's turn to today's

168

00:06:09,350 --> 00:06:06,639

consideration

169

00:06:11,749 --> 00:06:09,360

of this new hypothesis which i'm calling

170

00:06:13,830 --> 00:06:11,759

the post-terrestrial hypothesis

171

00:06:15,830 --> 00:06:13,840

which posits that some of the beings

172

00:06:18,830 --> 00:06:15,840

here trying to intervene

173

00:06:20,070 --> 00:06:18,840

and influence us are actually our own

174

00:06:22,230 --> 00:06:20,080

descendants

175

00:06:24,390 --> 00:06:22,240

but they are not conventionally human

176
00:06:26,629 --> 00:06:24,400
not in a way that we would recognize

177
00:06:28,309 --> 00:06:26,639
they have elements of our genome but

178
00:06:30,309 --> 00:06:28,319
spliced into that genome

179
00:06:32,309 --> 00:06:30,319
are elements from other creatures of the

180
00:06:35,909 --> 00:06:32,319
earth both insectoid

181
00:06:38,790 --> 00:06:35,919
and reptilian perhaps and they are here

182
00:06:39,749 --> 00:06:38,800
in aims of averting some sort of

183
00:06:43,430 --> 00:06:39,759
apocalyptic

184
00:06:47,990 --> 00:06:45,270
now i would like to proceed with this

185
00:06:51,110 --> 00:06:48,000
podcast in a similar way to what we did

186
00:06:53,430 --> 00:06:51,120
in the episode on the cryptoterrestrials

187
00:06:54,629 --> 00:06:53,440
what i mean is i would like to consider

188
00:06:56,629 --> 00:06:54,639

eight different ways

189

00:06:58,150 --> 00:06:56,639

that i think the data fits well with

190

00:07:00,070 --> 00:06:58,160

this hypothesis

191

00:07:02,230 --> 00:07:00,080

that these beings or at least some of

192

00:07:05,270 --> 00:07:02,240

them may be our own descendants

193

00:07:07,110 --> 00:07:05,280

in some form who've time traveled to try

194

00:07:11,270 --> 00:07:07,120

and avert some disaster

195

00:07:15,350 --> 00:07:13,430

okay let's kick it off with number one

196

00:07:17,350 --> 00:07:15,360

in terms of the aspects of the data

197

00:07:19,670 --> 00:07:17,360

behind the ufo phenomenon

198

00:07:21,350 --> 00:07:19,680

that fit well with this post-terrestrial

199

00:07:23,830 --> 00:07:21,360

hypothesis

200

00:07:26,629 --> 00:07:23,840

number one is it doesn't necessitate

201

00:07:28,469 --> 00:07:26,639

vast interstellar travel

202

00:07:30,629 --> 00:07:28,479

and again in case you're not familiar

203

00:07:32,950 --> 00:07:30,639

the most common argument against the

204

00:07:35,270 --> 00:07:32,960

extraterrestrial hypothesis

205

00:07:36,469 --> 00:07:35,280

is that if these beings are supposedly

206

00:07:39,350 --> 00:07:36,479

coming from

207

00:07:40,790 --> 00:07:39,360

other star systems or even more so other

208

00:07:43,510 --> 00:07:40,800

galaxies

209

00:07:45,670 --> 00:07:43,520

that the distances involved are so

210

00:07:48,550 --> 00:07:45,680

astronomical pun intended

211

00:07:50,309 --> 00:07:48,560

that it seems unlikely that even if they

212

00:07:51,029 --> 00:07:50,319

had vehicles approaching the speed of

213

00:07:53,430 --> 00:07:51,039

light

214

00:07:55,749 --> 00:07:53,440

the travel would take far too long this

215

00:07:56,950 --> 00:07:55,759

is the common argument against the et

216

00:08:01,189 --> 00:07:56,960

hypothesis

217

00:08:02,469 --> 00:08:01,199

would do away with it because these

218

00:08:04,629 --> 00:08:02,479

would be our own descendants

219

00:08:05,909 --> 00:08:04,639

who are not coming from far away in

220

00:08:08,629 --> 00:08:05,919

terms of space

221

00:08:12,629 --> 00:08:08,639

but rather in terms of time our very

222

00:08:14,869 --> 00:08:12,639

future in fact

223

00:08:16,950 --> 00:08:14,879

okay let's move on to number two and

224

00:08:19,589 --> 00:08:16,960

like the crypto-terrestrial hypothesis

225

00:08:20,550 --> 00:08:19,599

number two is that this post-terrestrial

226

00:08:22,869 --> 00:08:20,560

hypothesis

227

00:08:24,629 --> 00:08:22,879

doesn't necessitate dimension hopping

228

00:08:26,710 --> 00:08:24,639

capabilities

229

00:08:28,309 --> 00:08:26,720

again part of the idea with the

230

00:08:30,070 --> 00:08:28,319

interdimensional hypothesis

231

00:08:32,070 --> 00:08:30,080

as well to some degree with the

232

00:08:34,389 --> 00:08:32,080

ultraterrestrial hypothesis

233

00:08:35,750 --> 00:08:34,399

is that these beings have the capacity

234

00:08:37,990 --> 00:08:35,760

to dimension hop

235

00:08:39,350 --> 00:08:38,000

and that explains why they can disappear

236

00:08:42,070 --> 00:08:39,360

or materialize

237

00:08:42,630 --> 00:08:42,080

right in front of our eyes for instance

238

00:08:44,870 --> 00:08:42,640

with this

239

00:08:45,990 --> 00:08:44,880

post-terrestrial hypothesis we do away

240

00:08:47,990 --> 00:08:46,000

with that need

241

00:08:52,550 --> 00:08:48,000

because again they are in our own

242

00:08:58,070 --> 00:08:55,750

number three is means and motive

243

00:08:58,949 --> 00:08:58,080

now in terms of means if they are from

244

00:09:00,389 --> 00:08:58,959

our future

245

00:09:02,310 --> 00:09:00,399

then obviously they would be

246

00:09:03,030 --> 00:09:02,320

technologically much more advanced than

247

00:09:05,269 --> 00:09:03,040

us

248

00:09:07,430 --> 00:09:05,279

but beyond that they would also have a

249

00:09:09,829 --> 00:09:07,440

much greater capacity to manipulate

250

00:09:10,630 --> 00:09:09,839

and understand consciousness which would

251

00:09:12,230 --> 00:09:10,640

explain

252

00:09:14,389 --> 00:09:12,240

some of what we see with the ufo

253

00:09:16,790 --> 00:09:14,399

phenomenon literature

254

00:09:18,389 --> 00:09:16,800

and in terms of motive their motive is

255

00:09:21,030 --> 00:09:18,399

that their very own future

256

00:09:21,670 --> 00:09:21,040

is at stake that by changing our

257

00:09:24,870 --> 00:09:21,680

timeline

258

00:09:26,389 --> 00:09:24,880

they may change theirs as we discussed

259

00:09:28,310 --> 00:09:26,399

with the crypto-terrestrials

260

00:09:29,590 --> 00:09:28,320

if you are native to the earth you would

261

00:09:32,310 --> 00:09:29,600

have a vested interest

262

00:09:32,630 --> 00:09:32,320

in changing our behavior how much more

263

00:09:34,870 --> 00:09:32,640

so

264

00:09:38,470 --> 00:09:34,880

is that the case if they are our very

265

00:09:41,829 --> 00:09:41,030

number four has to do with the strange

266

00:09:44,550 --> 00:09:41,839

encounters

267

00:09:46,389 --> 00:09:44,560

people have with these beings that seem

268

00:09:49,110 --> 00:09:46,399

to suggest something symbolic

269

00:09:49,990 --> 00:09:49,120

in nature is intended and here i'd like

270

00:09:53,110 --> 00:09:50,000

to quote from

271

00:09:55,190 --> 00:09:53,120

jacques villa quote the ufos

272

00:09:57,430 --> 00:09:55,200

are physical manifestations that cannot

273

00:10:00,550 --> 00:09:57,440

be understood apart from their psychic

274

00:10:02,230 --> 00:10:00,560

and symbolic reality what we see here is

275

00:10:04,470 --> 00:10:02,240

not an alien invasion

276
00:10:05,350 --> 00:10:04,480
it is a spiritual system that acts on

277
00:10:11,350 --> 00:10:05,360
humans

278
00:10:13,190 --> 00:10:11,360
unquote now jacques villa was one of the

279
00:10:15,509 --> 00:10:13,200
first researchers to point out the

280
00:10:17,509 --> 00:10:15,519
absurdity of these encounters

281
00:10:19,590 --> 00:10:17,519
both the medical encounters as well as

282
00:10:21,350 --> 00:10:19,600
the sexual encounters

283
00:10:23,910 --> 00:10:21,360
if the goal of these others is

284
00:10:26,550 --> 00:10:23,920
supposedly to gain our genetic material

285
00:10:29,030 --> 00:10:26,560
they could do so in much simpler ways

286
00:10:29,990 --> 00:10:29,040
indeed with our very own 21st century

287
00:10:32,470 --> 00:10:30,000
technology

288
00:10:33,750 --> 00:10:32,480

we can easily gain access to a person's

289

00:10:36,470 --> 00:10:33,760

entire genome

290

00:10:38,870 --> 00:10:36,480

through a single strand of hair so why

291

00:10:40,069 --> 00:10:38,880

the need to abduct people supposedly and

292

00:10:43,030 --> 00:10:40,079

take them on board

293

00:10:46,710 --> 00:10:43,040

these spacecraft to do these procedures

294

00:10:49,190 --> 00:10:46,720

it just doesn't add up

295

00:10:50,470 --> 00:10:49,200

unless of course what we experience is

296

00:10:54,470 --> 00:10:50,480

just a surface layer

297

00:10:56,470 --> 00:10:54,480

that is these medical

298

00:10:57,750 --> 00:10:56,480

and sexual encounters that are very

299

00:11:00,310 --> 00:10:57,760

strange

300

00:11:01,590 --> 00:11:00,320

but if the change actually intended is a

301

00:11:03,990 --> 00:11:01,600

subconscious one

302

00:11:05,990 --> 00:11:04,000

achieved through psychical means then

303

00:11:07,590 --> 00:11:06,000

this might make more sense

304

00:11:09,670 --> 00:11:07,600

this is exactly what valley is

305

00:11:14,630 --> 00:11:09,680

suggesting and i think there's strong

306

00:11:17,350 --> 00:11:14,640

support for this argument

307

00:11:18,069 --> 00:11:17,360

that was argument 4a suggesting that the

308

00:11:21,509 --> 00:11:18,079

means

309

00:11:23,269 --> 00:11:21,519

are symbolic number 4b is closely

310

00:11:24,230 --> 00:11:23,279

related because it again has to do with

311

00:11:26,710 --> 00:11:24,240

the absurdity

312

00:11:29,350 --> 00:11:26,720

of some of these encounters and i call

313

00:11:32,069 --> 00:11:29,360

this the trojan horse effect

314

00:11:32,870 --> 00:11:32,079

absurdity allows for an unconscious

315

00:11:35,670 --> 00:11:32,880

imprinting

316

00:11:37,590 --> 00:11:35,680

like subliminal advertising and allows

317

00:11:40,069 --> 00:11:37,600

for a transformation to happen

318

00:11:40,710 --> 00:11:40,079

under the very noses of the society's

319

00:11:43,190 --> 00:11:40,720

elite

320

00:11:45,110 --> 00:11:43,200

without them realizing it because they

321

00:11:47,430 --> 00:11:45,120

remain largely oblivious

322

00:11:50,230 --> 00:11:47,440

because the absurdity itself leads them

323

00:11:52,710 --> 00:11:50,240

to believe it is nothing of substance

324

00:11:53,750 --> 00:11:52,720

they ignore it while it does its work

325

00:11:58,629 --> 00:11:53,760

anyway

326
00:12:02,230 --> 00:12:00,949
and this certainly fits with the data

327
00:12:05,590 --> 00:12:02,240
even today

328
00:12:07,829 --> 00:12:05,600
in 2021 it's extremely difficult

329
00:12:10,069 --> 00:12:07,839
to get the mainstream media or the

330
00:12:11,269 --> 00:12:10,079
mainstream scientific establishment or

331
00:12:14,310 --> 00:12:11,279
academia

332
00:12:15,110 --> 00:12:14,320
to take this topic seriously it's almost

333
00:12:18,550 --> 00:12:15,120
like a mass

334
00:12:20,550 --> 00:12:18,560
trance effect either way by

335
00:12:21,750 --> 00:12:20,560
using a trojan horse effect with

336
00:12:23,910 --> 00:12:21,760
absurdity

337
00:12:26,310 --> 00:12:23,920
the change keeps happening while the

338
00:12:27,030 --> 00:12:26,320

larger society doesn't even talk about

339

00:12:29,030 --> 00:12:27,040

it

340

00:12:30,230 --> 00:12:29,040

that's what i suggest is happening we

341

00:12:34,389 --> 00:12:30,240

see evidence of it

342

00:12:35,030 --> 00:12:34,399

all around us let's move on to number

343

00:12:37,350 --> 00:12:35,040

five

344

00:12:39,030 --> 00:12:37,360

in terms of an aspect of the data that

345

00:12:41,590 --> 00:12:39,040

supports this notion

346

00:12:43,910 --> 00:12:41,600

of a post-terrestrial species visiting

347

00:12:48,629 --> 00:12:46,790

here we speak of physiological traits

348

00:12:49,829 --> 00:12:48,639

when we think about the beings that are

349

00:12:52,710 --> 00:12:49,839

encountered

350

00:12:54,470 --> 00:12:52,720

they are strangely terrestrial first we

351

00:12:58,230 --> 00:12:54,480

have the humanoid aspect

352

00:13:00,870 --> 00:12:58,240

two arms two legs two eyes and what not

353

00:13:01,750 --> 00:13:00,880

that seems awfully similar to us almost

354

00:13:04,710 --> 00:13:01,760

like a being

355

00:13:06,069 --> 00:13:04,720

native to the earth anyway but you also

356

00:13:09,030 --> 00:13:06,079

have other beings

357

00:13:11,350 --> 00:13:09,040

that are encountered that also have ties

358

00:13:13,750 --> 00:13:11,360

to the earth or so it would seem

359

00:13:15,829 --> 00:13:13,760

here i speak of insectoid beings like

360

00:13:16,710 --> 00:13:15,839

the praying mantis that is seven feet

361

00:13:18,829 --> 00:13:16,720

tall

362

00:13:21,110 --> 00:13:18,839

or the reptilians that are often

363

00:13:22,550 --> 00:13:21,120

encountered some have suggested that the

364

00:13:25,030 --> 00:13:22,560

grays

365

00:13:26,470 --> 00:13:25,040

may actually be a combination of all of

366

00:13:28,710 --> 00:13:26,480

these elements

367

00:13:29,670 --> 00:13:28,720

now again you have to ask yourself if

368

00:13:33,030 --> 00:13:29,680

these beings

369

00:13:34,870 --> 00:13:33,040

are coming from far-flung star systems

370

00:13:36,949 --> 00:13:34,880

why would they look so much like

371

00:13:39,670 --> 00:13:36,959

creatures native to the earth

372

00:13:40,790 --> 00:13:39,680

whether humanoid or a praying mantis

373

00:13:43,350 --> 00:13:40,800

insectoid type

374

00:13:44,310 --> 00:13:43,360

or reptilian type why would that be the

375

00:13:46,949 --> 00:13:44,320

case

376
00:13:48,550 --> 00:13:46,959
it seems to suggest that perhaps they

377
00:13:50,710 --> 00:13:48,560
are native to the earth

378
00:13:53,110 --> 00:13:50,720
and what this argument is suggesting

379
00:13:55,750 --> 00:13:53,120
with this post-terrestrial hypothesis

380
00:13:56,310 --> 00:13:55,760
is that a future genome has spliced

381
00:13:58,990 --> 00:13:56,320
together

382
00:14:00,230 --> 00:13:59,000
each of these creatures to create a new

383
00:14:06,069 --> 00:14:00,240
post-conventional

384
00:14:09,910 --> 00:14:07,990
i really don't think you can overstate

385
00:14:12,470 --> 00:14:09,920
this aspect of the data

386
00:14:13,430 --> 00:14:12,480
the fact that these creatures so often

387
00:14:16,150 --> 00:14:13,440
resemble

388
00:14:17,590 --> 00:14:16,160

earth-like creatures suggest to me that

389

00:14:19,910 --> 00:14:17,600

they are somehow

390

00:14:21,509 --> 00:14:19,920

connected to the earth now this

391

00:14:24,069 --> 00:14:21,519

post-terrestrial hypothesis

392

00:14:26,230 --> 00:14:24,079

is one option that explains this that

393

00:14:28,790 --> 00:14:26,240

somehow a future version of us

394

00:14:31,670 --> 00:14:28,800

has spliced together the genomes of

395

00:14:34,069 --> 00:14:31,680

different species native to the earth

396

00:14:35,750 --> 00:14:34,079

other hypotheses also explain this for

397

00:14:36,710 --> 00:14:35,760

instance the crypto-terrestrial and to

398

00:14:39,030 --> 00:14:36,720

some extent

399

00:14:41,350 --> 00:14:39,040

the ultra-terrestrial but this is

400

00:14:44,389 --> 00:14:41,360

definitely a weak point in the e-t

401
00:14:45,430 --> 00:14:44,399
hypothesis the chances that a species

402
00:14:48,069 --> 00:14:45,440
coming from

403
00:14:49,829 --> 00:14:48,079
some far-flung star system would have

404
00:14:50,710 --> 00:14:49,839
traits so similar to earth-like

405
00:14:55,910 --> 00:14:50,720
creatures

406
00:15:00,870 --> 00:14:58,470
let's move on to number six number six

407
00:15:03,990 --> 00:15:00,880
is closely associated to number three

408
00:15:05,670 --> 00:15:04,000
which was means and motive the motive

409
00:15:10,150 --> 00:15:05,680
was they are trying to avert

410
00:15:11,750 --> 00:15:10,160
some future catastrophe in human history

411
00:15:14,069 --> 00:15:11,760
now there is plenty of evidence

412
00:15:15,350 --> 00:15:14,079
suggesting we are on the precipice of

413
00:15:17,430 --> 00:15:15,360

disaster

414

00:15:20,150 --> 00:15:17,440

that's much more ominous and pressing

415

00:15:21,990 --> 00:15:20,160

than in previous human eras

416

00:15:23,670 --> 00:15:22,000

think about the worst that could happen

417

00:15:26,790 --> 00:15:23,680

with a civilization

418

00:15:28,870 --> 00:15:26,800

that had clubs and spears at the most

419

00:15:30,310 --> 00:15:28,880

you might wipe out a tribe or two but

420

00:15:33,189 --> 00:15:30,320

the human species

421

00:15:35,509 --> 00:15:33,199

would not die off and the biosphere of

422

00:15:37,430 --> 00:15:35,519

the planet would not be affected

423

00:15:38,710 --> 00:15:37,440

clearly that's not the case now with

424

00:15:40,629 --> 00:15:38,720

nuclear weapons

425

00:15:43,509 --> 00:15:40,639

we could wipe out the entire human

426

00:15:45,350 --> 00:15:43,519

civilization or a very large part of it

427

00:15:47,509 --> 00:15:45,360

as well as destroy aspects of the

428

00:15:49,350 --> 00:15:47,519

biosphere which might do away with the

429

00:15:50,949 --> 00:15:49,360

rest of the humans that don't die in the

430

00:15:52,870 --> 00:15:50,959

initial nuclear attack

431

00:15:56,470 --> 00:15:52,880

as well as much of the other species of

432

00:15:59,269 --> 00:15:56,480

the earth who are innocent bystanders

433

00:16:01,189 --> 00:15:59,279

add to that the notion of bioweapons

434

00:16:03,189 --> 00:16:01,199

we've just come through a pandemic we're

435

00:16:05,749 --> 00:16:03,199

still trying to recover from it

436

00:16:06,870 --> 00:16:05,759

imagine what happens in a few years when

437

00:16:09,910 --> 00:16:06,880

bioweapons

438

00:16:11,189 --> 00:16:09,920

can unleash even worse viruses upon the

439

00:16:13,110 --> 00:16:11,199
population

440

00:16:17,910 --> 00:16:13,120
this is the precipice we stand at the

441

00:16:23,509 --> 00:16:20,949
and again while a benevolent et species

442

00:16:25,749 --> 00:16:23,519
may be concerned about this as brothers

443

00:16:27,910 --> 00:16:25,759
in our cosmic family

444

00:16:29,269 --> 00:16:27,920
no species would have a greater vested

445

00:16:31,110 --> 00:16:29,279
interest in this

446

00:16:32,870 --> 00:16:31,120
than our future descendants that are

447

00:16:33,590 --> 00:16:32,880
trying to change the course of human

448

00:16:38,389 --> 00:16:33,600
history

449

00:16:42,870 --> 00:16:40,550
now let's move on to number seven which

450

00:16:44,790 --> 00:16:42,880
is closely associated to number six

451
00:16:47,110 --> 00:16:44,800
because it again it has to do with a

452
00:16:48,069 --> 00:16:47,120
threat though the threat is not nearly

453
00:16:51,350 --> 00:16:48,079
as apparent

454
00:16:54,069 --> 00:16:51,360
as that of nuclear war or bioweapons

455
00:16:54,949 --> 00:16:54,079
in fact most of the human population is

456
00:16:58,230 --> 00:16:54,959
unaware of it

457
00:17:00,230 --> 00:16:58,240
it's flying under the radar i speak of

458
00:17:02,629 --> 00:17:00,240
the technological singularity

459
00:17:04,789 --> 00:17:02,639
upon which we are approaching i've

460
00:17:07,110 --> 00:17:04,799
discussed this before

461
00:17:07,829 --> 00:17:07,120
we have remarkably challenging times

462
00:17:10,870 --> 00:17:07,839
ahead

463
00:17:12,150 --> 00:17:10,880

when it comes to our navigating of the

464

00:17:15,510 --> 00:17:12,160

tailoring of life

465

00:17:16,069 --> 00:17:15,520

when we can change the genome when we

466

00:17:18,230 --> 00:17:16,079

can

467

00:17:19,429 --> 00:17:18,240

custom make human beings the way we want

468

00:17:21,350 --> 00:17:19,439

to and

469

00:17:23,029 --> 00:17:21,360

as we are on the verge of developing

470

00:17:26,150 --> 00:17:23,039

artificial intelligence

471

00:17:27,029 --> 00:17:26,160

that could become so intelligent and

472

00:17:29,430 --> 00:17:27,039

dominant

473

00:17:31,750 --> 00:17:29,440

and fast that it could challenge our

474

00:17:37,430 --> 00:17:31,760

very domination on the planet

475

00:17:41,510 --> 00:17:39,750

again for many people perhaps for some

476
00:17:44,310 --> 00:17:41,520
of you out there in the audience

477
00:17:45,990 --> 00:17:44,320
this is flying under the radar and yet i

478
00:17:48,789 --> 00:17:46,000
see it like a tsunami that is

479
00:17:51,190 --> 00:17:48,799
rushing toward us every year our

480
00:17:53,750 --> 00:17:51,200
technological speeds and capacities

481
00:17:55,830 --> 00:17:53,760
are growing exponentially we will reach

482
00:17:57,110 --> 00:17:55,840
this technological singularity within

483
00:17:59,669 --> 00:17:57,120
our lifetimes

484
00:18:00,470 --> 00:17:59,679
and that proposes massive challenges for

485
00:18:03,270 --> 00:18:00,480
us

486
00:18:05,029 --> 00:18:03,280
what if it is this that these others are

487
00:18:05,430 --> 00:18:05,039
most concerned about and they've come

488
00:18:07,990 --> 00:18:05,440

into

489

00:18:12,470 --> 00:18:08,000

our era to try and avert a future

490

00:18:15,510 --> 00:18:14,789

let's move on to number eight the final

491

00:18:18,310 --> 00:18:15,520

point

492

00:18:19,190 --> 00:18:18,320

in favor of this post-terrestrial

493

00:18:21,270 --> 00:18:19,200

hypothesis

494

00:18:22,230 --> 00:18:21,280

suggesting that these others or at least

495

00:18:24,549 --> 00:18:22,240

some of them

496

00:18:27,110 --> 00:18:24,559

may be our very future descendants who

497

00:18:29,750 --> 00:18:27,120

are vastly genetically different than us

498

00:18:32,789 --> 00:18:29,760

and who have genomes spliced together

499

00:18:35,750 --> 00:18:32,799

from different creatures of the earth

500

00:18:36,710 --> 00:18:35,760

i speak here of their intense interest

501
00:18:39,590 --> 00:18:36,720
in us

502
00:18:41,270 --> 00:18:39,600
it almost seems archaeological in nature

503
00:18:41,990 --> 00:18:41,280
at times it seems like they have an

504
00:18:44,150 --> 00:18:42,000
interest in

505
00:18:46,390 --> 00:18:44,160
us the same way that we have an interest

506
00:18:49,590 --> 00:18:46,400
in ancient human civilizations

507
00:18:51,830 --> 00:18:49,600
that have long since died off

508
00:18:53,270 --> 00:18:51,840
and beyond that they also seem to have

509
00:18:55,669 --> 00:18:53,280
an interest in our

510
00:18:56,549 --> 00:18:55,679
nature in our emotional nature for

511
00:18:58,390 --> 00:18:56,559
instance

512
00:18:59,590 --> 00:18:58,400
that in some ways some have suggested

513
00:19:02,950 --> 00:18:59,600

that the grays

514

00:19:05,430 --> 00:19:02,960
are more like a hive mind what if

515

00:19:07,430 --> 00:19:05,440
future changes in the human genome

516

00:19:10,549 --> 00:19:07,440
create this hive mind

517

00:19:13,350 --> 00:19:10,559
that in trying to accomplish new things

518

00:19:14,470 --> 00:19:13,360
by altering our genetic blueprint they

519

00:19:16,549 --> 00:19:14,480
lose things

520

00:19:18,070 --> 00:19:16,559
and by coming back to our time they are

521

00:19:22,830 --> 00:19:18,080
trying to rectify that

522

00:19:26,070 --> 00:19:24,230
future

523

00:19:27,750 --> 00:19:26,080
and now i'd like to add a few additional

524

00:19:29,830 --> 00:19:27,760
thoughts for your consideration

525

00:19:32,070 --> 00:19:29,840
when it comes to this post-terrestrial

526
00:19:35,350 --> 00:19:32,080
hypothesis

527
00:19:35,990 --> 00:19:35,360
firstly what if the symbolic nature by

528
00:19:37,990 --> 00:19:36,000
which they

529
00:19:39,590 --> 00:19:38,000
interact with us which almost seems to

530
00:19:42,150 --> 00:19:39,600
happen in an altered state of

531
00:19:44,470 --> 00:19:42,160
consciousness or an alternate realm

532
00:19:45,669 --> 00:19:44,480
what if that's the case because this

533
00:19:50,470 --> 00:19:45,679
time travel

534
00:19:54,070 --> 00:19:51,990
here i'm thinking about what we've

535
00:19:56,549 --> 00:19:54,080
learned with remote viewing

536
00:19:57,909 --> 00:19:56,559
we have found already in our very era

537
00:20:01,110 --> 00:19:57,919
that we live in now

538
00:20:02,710 --> 00:20:01,120

that one can time travel in a way via

539

00:20:04,870 --> 00:20:02,720

remote viewing

540

00:20:05,990 --> 00:20:04,880

yes indeed that means that not only can

541

00:20:08,230 --> 00:20:06,000

you visit any place

542

00:20:10,549 --> 00:20:08,240

on the earth or another planet for that

543

00:20:13,510 --> 00:20:10,559

matter in the present moment

544

00:20:14,789 --> 00:20:13,520

but you can also move into the past or

545

00:20:17,669 --> 00:20:14,799

the future

546

00:20:19,909 --> 00:20:17,679

with remote viewing as well but you tend

547

00:20:21,270 --> 00:20:19,919

to be an observer rather than a direct

548

00:20:23,110 --> 00:20:21,280

participant

549

00:20:24,950 --> 00:20:23,120

there have even been experiments

550

00:20:27,590 --> 00:20:24,960

supposedly successful

551
00:20:29,029 --> 00:20:27,600
where people have gone on board a plane

552
00:20:31,110 --> 00:20:29,039
that crashed

553
00:20:32,830 --> 00:20:31,120
they have gone back in time found

554
00:20:35,590 --> 00:20:32,840
themselves on that plane

555
00:20:37,350 --> 00:20:35,600
observing and seeing for instance where

556
00:20:39,110 --> 00:20:37,360
a bomb was placed trying to figure out

557
00:20:39,990 --> 00:20:39,120
what actually caused that plane to come

558
00:20:42,950 --> 00:20:40,000
down

559
00:20:43,510 --> 00:20:42,960
what's astonishing is people on that

560
00:20:46,070 --> 00:20:43,520
plane

561
00:20:48,070 --> 00:20:46,080
supposedly notice the witness they

562
00:20:50,470 --> 00:20:48,080
become part of that timeline

563
00:20:51,590 --> 00:20:50,480

but indirectly they can't directly

564

00:20:53,909 --> 00:20:51,600
change events

565

00:20:55,430 --> 00:20:53,919
but they can change things symbolically

566

00:20:57,990 --> 00:20:55,440
because the witnesses

567

00:20:59,750 --> 00:20:58,000
observe them what if something similar

568

00:21:02,070 --> 00:20:59,760
is happening with these others

569

00:21:03,190 --> 00:21:02,080
that they are us time traveling from the

570

00:21:05,590 --> 00:21:03,200
future

571

00:21:06,390 --> 00:21:05,600
and interacting with us in a symbolic

572

00:21:11,750 --> 00:21:06,400
nature

573

00:21:16,470 --> 00:21:13,909
something else for you to consider is

574

00:21:18,470 --> 00:21:16,480
this notion of extraterrestriality

575

00:21:20,789 --> 00:21:18,480
i mentioned in the introduction that

576

00:21:23,350 --> 00:21:20,799

that element comes in as well

577

00:21:26,070 --> 00:21:23,360

and why well because of course in our

578

00:21:28,630 --> 00:21:26,080

very own future we will very likely

579

00:21:29,990 --> 00:21:28,640

colonize other planets we will become an

580

00:21:33,510 --> 00:21:30,000

et species

581

00:21:35,830 --> 00:21:33,520

on our own in fact within the next few

582

00:21:38,070 --> 00:21:35,840

years within a decade or so anyway

583

00:21:39,110 --> 00:21:38,080

we are going to launch rockets that go

584

00:21:40,789 --> 00:21:39,120

to mars

585

00:21:42,230 --> 00:21:40,799

people have already volunteered to go

586

00:21:45,350 --> 00:21:42,240

there they will live

587

00:21:46,070 --> 00:21:45,360

and die on mars and supposedly will give

588

00:21:48,710 --> 00:21:46,080

birth

589

00:21:49,669 --> 00:21:48,720
to the first post-terrestrial human

590

00:21:52,470 --> 00:21:49,679
beings

591

00:21:53,350 --> 00:21:52,480
that's within the next 10 years imagine

592

00:21:56,070 --> 00:21:53,360
what might happen

593

00:21:57,990 --> 00:21:56,080
in decades and centuries beyond that

594

00:22:00,549 --> 00:21:58,000
imagine what happens when we really

595

00:22:02,870 --> 00:22:00,559
begin to play with the genome

596

00:22:07,590 --> 00:22:02,880
that may be what these others are at

597

00:22:11,669 --> 00:22:10,390
furthermore this time travel piece might

598

00:22:14,789 --> 00:22:11,679
help explain

599

00:22:15,350 --> 00:22:14,799
why we run into humanoid species so

600

00:22:18,070 --> 00:22:15,360
often

601
00:22:20,710 --> 00:22:18,080
in the ufo phenomenon literature

602
00:22:23,510 --> 00:22:20,720
supposedly human beings are encountered

603
00:22:24,230 --> 00:22:23,520
from all sorts of different planets both

604
00:22:27,110 --> 00:22:24,240
nearby

605
00:22:27,510 --> 00:22:27,120
and far what if that's because they are

606
00:22:30,070 --> 00:22:27,520
not

607
00:22:30,789 --> 00:22:30,080
in the present moment but actually time

608
00:22:33,830 --> 00:22:30,799
travelers

609
00:22:36,870 --> 00:22:33,840
our future descendants who've colonized

610
00:22:38,630 --> 00:22:36,880
vast aspects of our galaxy and beyond

611
00:22:39,990 --> 00:22:38,640
and they are time traveling and meeting

612
00:22:42,310 --> 00:22:40,000
us now and

613
00:22:43,110 --> 00:22:42,320

along the way their genomes have been

614

00:22:45,190 --> 00:22:43,120
changed

615

00:22:46,549 --> 00:22:45,200
that's why we see these hybrid beings

616

00:22:51,350 --> 00:22:46,559
that seem somehow

617

00:22:56,230 --> 00:22:53,669
in regards to that last point it's also

618

00:22:58,710 --> 00:22:56,240
well within the realm of possibility

619

00:22:59,270 --> 00:22:58,720
that we ourselves were seated on this

620

00:23:02,470 --> 00:22:59,280
planet

621

00:23:05,270 --> 00:23:02,480
by an even older humanoid form

622

00:23:07,110 --> 00:23:05,280
it would be hubris for us to assume we

623

00:23:09,590 --> 00:23:07,120
are the root of the tree

624

00:23:12,149 --> 00:23:09,600
we may be the branch of the tree or

625

00:23:14,149 --> 00:23:12,159
leaves on a branch of the tree

626
00:23:15,990 --> 00:23:14,159
and in that sense when we encounter

627
00:23:18,230 --> 00:23:16,000
these other species

628
00:23:19,270 --> 00:23:18,240
that look remarkably humanoid that seem

629
00:23:21,990 --> 00:23:19,280
to have aspects

630
00:23:22,950 --> 00:23:22,000
of the very same genome that we have

631
00:23:25,430 --> 00:23:22,960
it's because we're

632
00:23:27,270 --> 00:23:25,440
meeting brothers and sisters as it were

633
00:23:29,590 --> 00:23:27,280
from different planets different star

634
00:23:31,669 --> 00:23:29,600
systems perhaps different galaxies

635
00:23:34,149 --> 00:23:31,679
and they were all a part of a seeding

636
00:23:36,630 --> 00:23:34,159
process that began a long time ago

637
00:23:40,070 --> 00:23:36,640
and has been happening over vast time

638
00:23:43,590 --> 00:23:42,070

finally i would like to leave you with a

639

00:23:45,190 --> 00:23:43,600

couple of quotes

640

00:23:47,269 --> 00:23:45,200

first let's hear again from jacques

641

00:23:49,269 --> 00:23:47,279

villa who said quote

642

00:23:50,630 --> 00:23:49,279

we are faced with a technology that

643

00:23:52,549 --> 00:23:50,640

transcends the physical

644

00:23:53,669 --> 00:23:52,559

and is capable of manipulating our

645

00:23:55,669 --> 00:23:53,679

reality

646

00:23:56,789 --> 00:23:55,679

generating a variety of altered states

647

00:23:59,110 --> 00:23:56,799

of consciousness

648

00:24:01,029 --> 00:23:59,120

and have emotional perceptions the

649

00:24:03,269 --> 00:24:01,039

purpose of that technology

650

00:24:04,630 --> 00:24:03,279

may be to change our concepts of the

651
00:24:08,230 --> 00:24:04,640
universe

652
00:24:09,029 --> 00:24:08,240
unquote and philosopher jason giorgiani

653
00:24:11,510 --> 00:24:09,039
says

654
00:24:13,430 --> 00:24:11,520
quote the greys may be inviting a

655
00:24:19,269 --> 00:24:13,440
metamorphosis of humanity

656
00:24:22,310 --> 00:24:19,279
in its larval state unquote

657
00:24:22,950 --> 00:24:22,320
lastly when we step back and consider

658
00:24:25,190 --> 00:24:22,960
the data

659
00:24:27,750 --> 00:24:25,200
we've discussed over the last 17

660
00:24:30,950 --> 00:24:27,760
episodes of this podcast

661
00:24:34,149 --> 00:24:30,960
one point seems clear the others

662
00:24:37,430 --> 00:24:34,159
do not seem to be here as merely passive

663
00:24:40,390 --> 00:24:37,440

observers they are not merely witnesses

664

00:24:40,789 --> 00:24:40,400

no in fact change seems to be at the

665

00:24:43,110 --> 00:24:40,799

root

666

00:24:44,950 --> 00:24:43,120

of their presence here that this

667

00:24:47,430 --> 00:24:44,960

particular point in history

668

00:24:48,230 --> 00:24:47,440

seems somehow significant and their

669

00:24:50,870 --> 00:24:48,240

mission here

670

00:24:52,470 --> 00:24:50,880

is to change us perhaps change our

671

00:24:55,669 --> 00:24:52,480

perception of reality

672

00:24:57,029 --> 00:24:55,679

and thus change how we live we may be at

673

00:24:59,510 --> 00:24:57,039

a unique pivot point

674

00:25:00,070 --> 00:24:59,520

in our history not only in terms of our

675

00:25:02,549 --> 00:25:00,080

potential

676
00:25:03,590 --> 00:25:02,559
survival though that may very well be at

677
00:25:05,990 --> 00:25:03,600
stake

678
00:25:07,269 --> 00:25:06,000
but also in terms of what we survive to

679
00:25:09,669 --> 00:25:07,279
become

680
00:25:12,070 --> 00:25:09,679
and of course if they are somehow us

681
00:25:13,830 --> 00:25:12,080
perhaps even a future version of us

682
00:25:15,669 --> 00:25:13,840
then we can understand why they're so

683
00:25:21,110 --> 00:25:15,679
interested in this process

684
00:25:24,710 --> 00:25:23,590
and on that note we've come to the close

685
00:25:27,590 --> 00:25:24,720
of another edition

686
00:25:28,390 --> 00:25:27,600
of the point of convergence podcast as

687
00:25:30,710 --> 00:25:28,400
always

688
00:25:31,750 --> 00:25:30,720

let's keep this conversation going and

689

00:25:33,430 --> 00:25:31,760

growing

690

00:25:35,190 --> 00:25:33,440

if you found this material compelling

691

00:25:37,830 --> 00:25:35,200

on youtube or perhaps leave a review on

693

platform you may be listening on and

695

00:25:45,430 --> 00:25:43,360

please remember to let others know

who you think may be interested in these

related topics

698

00:25:51,269 --> 00:25:48,960

i'd also remind you that there is a
