00:00:12,070 --> 00:00:09,190

hello

3
00:00:14,310 --> 00:00:12,080

and welcome to episode number 18 of the

4
00:00:18,950 --> 00:00:14,320

point of convergence podcast

5
00:00:20,790 --> 00:00:18,960

as always i'm your host exo academian

6
00:00:22,230 --> 00:00:20,800

not all that long ago it seems the

7
00:00:25,269 --> 00:00:22,240

notion that our world

8
00:00:26,790 --> 00:00:25,279

may actually be a simulation a massively

9
00:00:29,429 --> 00:00:26,800

and masterly orchestrated

10
00:00:31,589 --> 00:00:29,439

virtual reality seemed a notion best

11
00:00:33,670 --> 00:00:31,599

left to science fiction writers

12
00:00:34,630 --> 00:00:33,680

in fact the idea didn't even really gain

13
00:00:37,110 --> 00:00:34,640

traction

14

00:00:38,630 --> 00:00:37,120

until our own video game technology

15

00:00:41,430 --> 00:00:38,640

rendered with high definition

16

00:00:42,389 --> 00:00:41,440

graphics cards and powered by code bases

17

00:00:44,950 --> 00:00:42,399

that included

18

00:00:45,670 --> 00:00:44,960

full-on physics engines grew to be so

19

00:00:47,510 --> 00:00:45,680

immersive

20

00:00:49,029 --> 00:00:47,520

and realistic that people began

21

00:00:51,670 --> 00:00:49,039

extrapolating outwards

22

00:00:53,189 --> 00:00:51,680

wondering if one day perhaps a

23

00:00:54,470 --> 00:00:53,199

technologically advanced enough

24

00:00:57,189 --> 00:00:54,480

civilization

25

00:00:59,189 --> 00:00:57,199

could actually render an entire universe

26

00:01:01,029 --> 00:00:59,199

one so all-encompassing

27

00:01:02,709 --> 00:01:01,039

that even the participants would be

28

00:01:06,469 --> 00:01:02,719

fooled into believing it was

29

00:01:10,710 --> 00:01:09,030

believe it or not today this notion is

30

00:01:13,830 --> 00:01:10,720

taken very seriously

31

00:01:15,429 --> 00:01:13,840

by philosophers and physicists alike

32

00:01:17,749 --> 00:01:15,439

and it's not just because we've been

33

00:01:18,789 --> 00:01:17,759

inspired by the remarkable increase in

34

00:01:20,630 --> 00:01:18,799

the reality

35

00:01:22,070 --> 00:01:20,640

and capacities of our own digital

36

00:01:23,990 --> 00:01:22,080

creations

37

00:01:25,109 --> 00:01:24,000

no even more central to the growth of

38

00:01:26,950 --> 00:01:25,119

this idea

39

00:01:28,950 --> 00:01:26,960

are hints that have been found

40

00:01:29,749 --> 00:01:28,960

breadcrumbs found along the trail if you

41

00:01:31,910 --> 00:01:29,759

will

42

00:01:33,749 --> 00:01:31,920

by observations made on the quantum

43

00:01:35,830 --> 00:01:33,759

level of reality

44

00:01:37,670 --> 00:01:35,840

the implications of these observations

45

00:01:40,069 --> 00:01:37,680

are truly mind-blowing

46

00:01:41,030 --> 00:01:40,079

indeed these very revelations led

47

00:01:43,990 --> 00:01:41,040

world-renowned

48

00:01:44,710 --> 00:01:44,000

physicist niels bohr to famously say

49

00:01:46,950 --> 00:01:44,720

quote

50

00:01:47,910 --> 00:01:46,960

if quantum mechanics hasn't profoundly

51

00:01:51,429 --> 00:01:47,920

shocked you

52

00:01:53,590 --> 00:01:51,439

you haven't understood it yet unquote

53

00:01:55,749 --> 00:01:53,600

ultimately these astounding findings

54

00:01:59,190 --> 00:01:55,759

bring into question the very fabric

55

00:02:02,950 --> 00:02:01,510

in modern plays on this notion of

56

00:02:05,510 --> 00:02:02,960

virtual reality

57

00:02:06,550 --> 00:02:05,520

television shows like westworld depict

58

00:02:08,869 --> 00:02:06,560

human beings

59

00:02:10,869 --> 00:02:08,879

entering into the simulation to tweak

60

00:02:14,229 --> 00:02:10,879

the inner workings of the ai

61

00:02:16,949 --> 00:02:14,239

driven robots not surprisingly

62

00:02:17,510 --> 00:02:16,959

many a ufo enthusiast has noticed how

63

00:02:19,990 --> 00:02:17,520

similar

64

00:02:22,070 --> 00:02:20,000

such scenes seem to be to the reported

65

00:02:24,790 --> 00:02:22,080

abductions of human beings

66

00:02:25,589 --> 00:02:24,800

by apparently alien intelligences who

67

00:02:28,309 --> 00:02:25,599

likewise

68

00:02:29,750 --> 00:02:28,319

reportedly make alterations on their own

69

00:02:32,390 --> 00:02:29,760

subjects

70

00:02:34,070 --> 00:02:32,400

and perhaps even more tellingly many of

71

00:02:36,630 --> 00:02:34,080

these experiencers report

72

00:02:37,350 --> 00:02:36,640

after the fact feeling that the realm of

73

00:02:39,670 --> 00:02:37,360

the others

74

00:02:41,670 --> 00:02:39,680

whether that be on board a supposed ufo

75

00:02:44,390 --> 00:02:41,680

craft or elsewhere

76
00:02:46,790 --> 00:02:44,400
actually feels more real than our own

77
00:02:49,110 --> 00:02:46,800
everyday waking existence

78
00:02:51,110 --> 00:02:49,120
indeed near-death experiencers report

79
00:02:55,830 --> 00:02:51,120
the very same kind of sentiment

80
00:02:59,910 --> 00:02:58,309
and beyond the issue of contact and or

81
00:03:02,070 --> 00:02:59,920
abduction experiences

82
00:03:04,470 --> 00:03:02,080
the very way these others these

83
00:03:06,949 --> 00:03:04,480
evidently non-human intelligences

84
00:03:07,750 --> 00:03:06,959
are able to apparently effortlessly

85
00:03:10,229 --> 00:03:07,760
violate

86
00:03:12,070 --> 00:03:10,239
our observed laws of physics while they

87
00:03:13,030 --> 00:03:12,080
make their rare appearances within our

88
00:03:15,350 --> 00:03:13,040

world

89

00:03:17,430 --> 00:03:15,360

has led some to postulate that perhaps

90

00:03:20,790 --> 00:03:17,440

our world is a simulation

91

00:03:22,229 --> 00:03:20,800

and they the architects how is it that

92

00:03:25,270 --> 00:03:22,239

they seemingly pass through

93

00:03:28,229 --> 00:03:25,280

solid walls like passing through air

94

00:03:30,630 --> 00:03:28,239

often taking us along with them and how

95

00:03:33,110 --> 00:03:30,640

do they pilot craft that seem immune to

96

00:03:34,949 --> 00:03:33,120

the very effects of gravity itself

97

00:03:40,070 --> 00:03:34,959

almost as if they're operating within

98

00:03:43,670 --> 00:03:41,509

when you add to the mix the

99

00:03:46,070 --> 00:03:43,680

long-standing historical appearances

100

00:03:48,630 --> 00:03:46,080

of these others who are often understood

101
00:03:50,390 --> 00:03:48,640
by pre-scientific societies to be

102
00:03:52,229 --> 00:03:50,400
depending on the circumstance and the

103
00:03:55,110 --> 00:03:52,239
world view angels

104
00:03:57,110 --> 00:03:55,120
or demons and sometimes even gods the

105
00:03:59,589 --> 00:03:57,120
very creators themselves

106
00:04:01,509 --> 00:03:59,599
and the situation becomes even more

107
00:04:05,110 --> 00:04:01,519
depending on your point of view

108
00:04:07,509 --> 00:04:05,120
intriguing inspiring or disturbing

109
00:04:09,670 --> 00:04:07,519
this confounding complexity leads us to

110
00:04:12,869 --> 00:04:09,680
pose some very large questions

111
00:04:14,789 --> 00:04:12,879
such as what is the reality status of

112
00:04:17,670 --> 00:04:14,799
our perceived universe

113
00:04:19,749 --> 00:04:17,680

to what degree do these others exist in

114

00:04:22,069 --> 00:04:19,759

or beyond this universe

115

00:04:23,350 --> 00:04:22,079

and what is truly central to existence

116

00:04:26,070 --> 00:04:23,360

itself

117

00:04:28,710 --> 00:04:26,080

what role does matter energy and pure

118

00:04:29,510 --> 00:04:28,720

information play and could it be that

119

00:04:31,510 --> 00:04:29,520

each of these

120

00:04:33,270 --> 00:04:31,520

are derivatives of capital c

121

00:04:36,150 --> 00:04:33,280

consciousness itself

122

00:04:37,909 --> 00:04:36,160

the ultimate engine of parallel virtual

123

00:04:40,510 --> 00:04:37,919

universes

124

00:04:42,469 --> 00:04:40,520

these truly mind-bending and potentially

125

00:04:45,590 --> 00:04:42,479

paradigm-crashing questions

126
00:04:51,340 --> 00:04:45,600
are the topic of this the 18th episode

127
00:04:57,350 --> 00:04:54,710
[Music]

128
00:04:58,469 --> 00:04:57,360
as we begin today's podcast i would just

129
00:05:00,870 --> 00:04:58,479
ask that you keep an

130
00:05:02,710 --> 00:05:00,880
open mind when it comes to this notion

131
00:05:04,790 --> 00:05:02,720
that we may live within a virtual

132
00:05:07,590 --> 00:05:04,800
reality

133
00:05:09,990 --> 00:05:07,600
let's begin by discussing nick bostrom's

134
00:05:11,990 --> 00:05:10,000
simulation hypothesis

135
00:05:14,790 --> 00:05:12,000
he suggested that one of three

136
00:05:17,830 --> 00:05:14,800
possibilities must be the case

137
00:05:20,150 --> 00:05:17,840
number one all human-like civilizations

138
00:05:22,550 --> 00:05:20,160

in the universe go extinct before they

139

00:05:25,990 --> 00:05:22,560

develop the technological capacity

140

00:05:28,790 --> 00:05:26,000

to create simulated realities

141

00:05:31,430 --> 00:05:28,800

number two if any civilizations do reach

142

00:05:33,110 --> 00:05:31,440

this phase of technological maturity

143

00:05:34,469 --> 00:05:33,120

none of them will bother to run

144

00:05:37,510 --> 00:05:34,479

simulations

145

00:05:39,110 --> 00:05:37,520

or three advanced civilizations would

146

00:05:41,909 --> 00:05:39,120

have the ability to create

147

00:05:42,629 --> 00:05:41,919

many many simulations and that means

148

00:05:45,350 --> 00:05:42,639

there are far

149

00:05:48,550 --> 00:05:45,360

more simulated worlds than non-simulated

150

00:05:53,110 --> 00:05:50,950

now as people began to grapple with nick

151
00:05:54,870 --> 00:05:53,120
bostrom's hypothesis

152
00:05:57,110 --> 00:05:54,880
they thought wait a second what the

153
00:05:58,790 --> 00:05:57,120
numbers basically are telling us is

154
00:06:01,670 --> 00:05:58,800
it's much more likely we live in a

155
00:06:04,629 --> 00:06:01,680
simulated universe than a real one

156
00:06:05,990 --> 00:06:04,639
or so the argument goes but let's step

157
00:06:09,990 --> 00:06:06,000
back for a moment and break this

158
00:06:13,670 --> 00:06:12,070
let's begin by talking about how we

159
00:06:16,309 --> 00:06:13,680
experience reality

160
00:06:18,710 --> 00:06:16,319
how we experience what we think is real

161
00:06:21,350 --> 00:06:18,720
what we assume is real

162
00:06:21,990 --> 00:06:21,360
the truth is how we experience reality

163
00:06:24,790 --> 00:06:22,000

depends

164

00:06:26,150 --> 00:06:24,800

on a rendering given to us by our body

165

00:06:28,150 --> 00:06:26,160

minds

166

00:06:29,510 --> 00:06:28,160

and what do optical illusions

167

00:06:31,189 --> 00:06:29,520

demonstrate

168

00:06:33,670 --> 00:06:31,199

they show us that our experience of

169

00:06:36,469 --> 00:06:33,680

reality is an interpretation

170

00:06:37,510 --> 00:06:36,479

and that sometimes that interpretation

171

00:06:41,189 --> 00:06:37,520

is not at all

172

00:06:42,070 --> 00:06:41,199

accurate and ironically even objectively

173

00:06:44,790 --> 00:06:42,080

knowing this

174

00:06:46,710 --> 00:06:44,800

after the fact doesn't necessarily stop

175

00:06:47,189 --> 00:06:46,720

us from experiencing it the same way we

176

00:06:50,230 --> 00:06:47,199

did

177

00:06:52,309 --> 00:06:50,240

before knowing that why

178

00:06:54,390 --> 00:06:52,319

because our experience is part and

179

00:06:57,749 --> 00:06:54,400

parcel with the interpretation

180

00:07:01,990 --> 00:06:59,589

now beyond these distortions of

181

00:07:04,550 --> 00:07:02,000

perception and interpretation

182

00:07:06,629 --> 00:07:04,560

something else seems to be going on

183

00:07:07,029 --> 00:07:06,639

experience tells us that something seems

184

00:07:10,150 --> 00:07:07,039

to be

185

00:07:11,909 --> 00:07:10,160

cooked into reality so to speak and we

186

00:07:12,790 --> 00:07:11,919

experience this through a variety of

187

00:07:15,670 --> 00:07:12,800

phenomena

188

00:07:15,990 --> 00:07:15,680

and i'd like to discuss a few of those

189

00:07:19,029 --> 00:07:16,000

number

190

00:07:21,189 --> 00:07:19,039

one is what people call synchronicity

191

00:07:22,629 --> 00:07:21,199

this is when people experience a bizarre

192

00:07:25,270 --> 00:07:22,639

alignment of events

193

00:07:27,270 --> 00:07:25,280

that seem to be too coincidental to be

194

00:07:30,230 --> 00:07:27,280

chance

195

00:07:31,909 --> 00:07:30,240

next we have the experience of deja vu

196

00:07:35,029 --> 00:07:31,919

like in the movie the matrix

197

00:07:37,029 --> 00:07:35,039

when the same black cat shows up twice

198

00:07:38,629 --> 00:07:37,039

these are like bleed throughs into our

199

00:07:43,430 --> 00:07:38,639

direct experience

200

00:07:47,990 --> 00:07:45,990

next up we have astrology and this was

201
00:07:49,430 --> 00:07:48,000
particularly mind-blowing to me

202
00:07:51,110 --> 00:07:49,440
because i've never really looked into

203
00:07:52,309 --> 00:07:51,120
this because i assumed there was nothing

204
00:07:54,390 --> 00:07:52,319
to it

205
00:07:56,309 --> 00:07:54,400
but apparently skeptics that have looked

206
00:07:58,150 --> 00:07:56,319
into this have found that there are

207
00:08:01,270 --> 00:07:58,160
times that astrology

208
00:08:04,150 --> 00:08:01,280
accurately depicts and predicts

209
00:08:05,589 --> 00:08:04,160
reality and of course this makes no

210
00:08:08,550 --> 00:08:05,599
sense in a materialist

211
00:08:10,230 --> 00:08:08,560
mechanistic model of the world let me

212
00:08:12,070 --> 00:08:10,240
give you an example

213
00:08:13,670 --> 00:08:12,080

when people happen to be born at the

214

00:08:14,629 --> 00:08:13,680

same time that certain planets are

215

00:08:16,629 --> 00:08:14,639

aligned

216

00:08:18,550 --> 00:08:16,639

they are more likely to grow up and

217

00:08:20,469 --> 00:08:18,560

share the same occupation

218

00:08:22,150 --> 00:08:20,479

when compared with a random slice of the

219

00:08:26,390 --> 00:08:22,160

population

220

00:08:29,270 --> 00:08:26,400

very bizarre but documented as true

221

00:08:31,189 --> 00:08:29,280

finally we have the mandela effect the

222

00:08:34,630 --> 00:08:31,199

notion that large groups of people

223

00:08:37,029 --> 00:08:34,640

reportedly share the same false memories

224

00:08:38,149 --> 00:08:37,039

about historical events that we have no

225

00:08:41,110 --> 00:08:38,159

current record

226
00:08:41,509 --> 00:08:41,120
ever occurred how could this happen on a

227
00:08:43,829 --> 00:08:41,519
mass

228
00:08:45,430 --> 00:08:43,839
level that people would share the same

229
00:08:46,310 --> 00:08:45,440
false memory of something that

230
00:08:50,150 --> 00:08:46,320
apparently

231
00:08:53,269 --> 00:08:52,550
now one could argue that these may be

232
00:08:56,150 --> 00:08:53,279
glitches

233
00:08:57,670 --> 00:08:56,160
in the matrix giveaways perhaps that

234
00:09:00,790 --> 00:08:57,680
there is something beyond

235
00:09:02,870 --> 00:09:00,800
what we think of as reality

236
00:09:04,310 --> 00:09:02,880
i'd also throw into the mix the notion

237
00:09:06,470 --> 00:09:04,320
of fractals

238
00:09:08,230 --> 00:09:06,480

now for those of you not familiar

239

00:09:10,150 --> 00:09:08,240

fractals are like these repeating

240

00:09:12,470 --> 00:09:10,160

patterns we see throughout nature

241

00:09:14,790 --> 00:09:12,480

they're everywhere we look when you

242

00:09:16,310 --> 00:09:14,800

really microscopically examine things

243

00:09:17,910 --> 00:09:16,320

you see these patterns

244

00:09:19,910 --> 00:09:17,920

and what's interesting is no matter how

245

00:09:21,509 --> 00:09:19,920

much you zoom in

246

00:09:23,829 --> 00:09:21,519

that at different levels of

247

00:09:25,910 --> 00:09:23,839

magnification these same fractals are

248

00:09:29,750 --> 00:09:25,920

noticed these same repeating patterns

249

00:09:32,389 --> 00:09:29,760

over and over again if you look at the

250

00:09:33,590 --> 00:09:32,399

x-ray of a lung and compare that to the

251
00:09:35,750 --> 00:09:33,600
branches of a tree

252
00:09:36,710 --> 00:09:35,760
they look remarkably similar almost like

253
00:09:39,670 --> 00:09:36,720
the same

254
00:09:41,590 --> 00:09:39,680
repeating pattern and again if you were

255
00:09:43,829 --> 00:09:41,600
making a computer simulation you would

256
00:09:47,269 --> 00:09:43,839
use repeating patterns like this

257
00:09:51,509 --> 00:09:47,279
to save memory sounds strange but we see

258
00:09:54,389 --> 00:09:51,519
them everywhere

259
00:09:54,790 --> 00:09:54,399
still not convinced let's carry on and

260
00:09:57,750 --> 00:09:54,800
here

261
00:10:00,070 --> 00:09:57,760
is when the evidence gets really heavy

262
00:10:02,389 --> 00:10:00,080
you remember earlier on we talked about

263
00:10:04,710 --> 00:10:02,399

we have no experience of reality apart

264

00:10:06,630 --> 00:10:04,720

from our interpretation of it

265

00:10:07,990 --> 00:10:06,640

well it goes much deeper than that

266

00:10:10,630 --> 00:10:08,000

because the truth is

267

00:10:11,829 --> 00:10:10,640

apparently when you study reality at the

268

00:10:14,310 --> 00:10:11,839

quantum level

269

00:10:15,030 --> 00:10:14,320

it suggests that reality as we think

270

00:10:18,310 --> 00:10:15,040

about it

271

00:10:22,630 --> 00:10:18,320

doesn't actually even exist beyond our

272

00:10:25,670 --> 00:10:24,630

does that sound like a bridge too far to

273

00:10:27,190 --> 00:10:25,680

you

274

00:10:29,430 --> 00:10:27,200

well this is exactly what we were

275

00:10:32,310 --> 00:10:29,440

getting at when we quoted niels bohr

276
00:10:33,430 --> 00:10:32,320
who said again if quantum mechanics

277
00:10:35,990 --> 00:10:33,440
hasn't profoundly

278
00:10:38,230 --> 00:10:36,000
shocked you you haven't understood it

279
00:10:39,990 --> 00:10:38,240
yet

280
00:10:41,750 --> 00:10:40,000
now a lot of this comes down to the

281
00:10:43,750 --> 00:10:41,760
implications of the famous

282
00:10:44,790 --> 00:10:43,760
double slit experiment which was

283
00:10:47,829 --> 00:10:44,800
initially run

284
00:10:49,829 --> 00:10:47,839
around 1914 or 1915

285
00:10:50,949 --> 00:10:49,839
and has been run thousands of times

286
00:10:52,790 --> 00:10:50,959
since then

287
00:10:54,870 --> 00:10:52,800
now we use much more sophisticated

288
00:10:57,910 --> 00:10:54,880

equipment such as lasers

289

00:10:58,230 --> 00:10:57,920

but the same truth the same result bears

290

00:11:01,430 --> 00:10:58,240

out

291

00:11:04,710 --> 00:11:01,440

time and time again when we have

292

00:11:06,310 --> 00:11:04,720

uncertainty in outcomes what we find is

293

00:11:08,150 --> 00:11:06,320

that we can't know

294

00:11:09,990 --> 00:11:08,160

whether something is a particle or a

295

00:11:12,710 --> 00:11:10,000

wave all we have

296

00:11:13,110 --> 00:11:12,720

are probability distributions which

297

00:11:15,190 --> 00:11:13,120

again

298

00:11:18,949 --> 00:11:15,200

sounds a lot more like code that is

299

00:11:22,550 --> 00:11:21,350

and what causes the code to execute you

300

00:11:25,750 --> 00:11:22,560

might ask

301
00:11:26,389 --> 00:11:25,760
well it's consciousness observing what

302
00:11:29,509 --> 00:11:26,399
we call

303
00:11:30,550 --> 00:11:29,519
reality when we look when we take a

304
00:11:32,790 --> 00:11:30,560
measurement

305
00:11:34,710 --> 00:11:32,800
that's when the code executes and that

306
00:11:37,910 --> 00:11:34,720
probability distribution

307
00:11:39,910 --> 00:11:37,920
resolves into one thing or another

308
00:11:42,150 --> 00:11:39,920
that's when we have a collapse of the

309
00:11:44,790 --> 00:11:42,160
wave function as it's called

310
00:11:46,550 --> 00:11:44,800
bizarre but true again if you don't know

311
00:11:47,509 --> 00:11:46,560
about this i highly recommend you look

312
00:11:49,590 --> 00:11:47,519
into it

313
00:11:53,190 --> 00:11:49,600

the implications for reality are

314

00:11:57,430 --> 00:11:54,710

now a little bit more about my

315

00:11:59,590 --> 00:11:57,440

background here and how i relate to this

316

00:12:01,590 --> 00:11:59,600

in addition to having an interest in and

317

00:12:04,069 --> 00:12:01,600

having studied at the academic level

318

00:12:05,190 --> 00:12:04,079

things like philosophy consciousness

319

00:12:08,069 --> 00:12:05,200

psychology

320

00:12:10,710 --> 00:12:08,079

religious studies my background is also

321

00:12:11,910 --> 00:12:10,720

in software engineering so i understand

322

00:12:13,509 --> 00:12:11,920

how this works from an

323

00:12:15,990 --> 00:12:13,519

engineering point of view when you

324

00:12:18,550 --> 00:12:16,000

create these kinds of programs

325

00:12:19,509 --> 00:12:18,560

you don't actually execute code unless

326

00:12:22,150 --> 00:12:19,519

you have to

327

00:12:23,509 --> 00:12:22,160

because that saves memory again like we

328

00:12:25,509 --> 00:12:23,519

discussed before

329

00:12:27,269 --> 00:12:25,519

and this double slit experiment which

330

00:12:28,790 --> 00:12:27,279

tells us about reality at its

331

00:12:34,710 --> 00:12:28,800

foundational level

332

00:12:39,750 --> 00:12:37,030

as i said these results were initially

333

00:12:41,829 --> 00:12:39,760

found in the early 20th century

334

00:12:43,590 --> 00:12:41,839

and we've really spent the next 100

335

00:12:46,550 --> 00:12:43,600

years coming to grips with

336

00:12:48,710 --> 00:12:46,560

the implications of this in terms of our

337

00:12:51,430 --> 00:12:48,720

model of reality

338

00:12:52,949 --> 00:12:51,440

the truth is even today many scientists

339

00:12:54,150 --> 00:12:52,959
still don't want to deal with this

340

00:12:56,389 --> 00:12:54,160
directly

341

00:12:58,069 --> 00:12:56,399
they either call it weird science

342

00:12:58,550 --> 00:12:58,079
meaning it will ultimately be proven

343

00:13:00,710 --> 00:12:58,560
false

344

00:13:02,150 --> 00:13:00,720
or incomplete although that's a faith

345

00:13:04,629 --> 00:13:02,160
statement there's no

346

00:13:06,629 --> 00:13:04,639
logic suggesting that should be the case

347

00:13:08,870 --> 00:13:06,639
or they say something dismissive like it

348

00:13:10,389 --> 00:13:08,880
only works on a micro scale

349

00:13:12,710 --> 00:13:10,399
which again doesn't have a lot of

350

00:13:14,790 --> 00:13:12,720
logical coherence to it

351
00:13:15,910 --> 00:13:14,800
those who do take it seriously and there

352
00:13:18,790 --> 00:13:15,920
are more and more people

353
00:13:20,790 --> 00:13:18,800
in this camp end up with a conclusion

354
00:13:21,750 --> 00:13:20,800
very similar to the simulation

355
00:13:26,470 --> 00:13:21,760
hypothesis

356
00:13:29,990 --> 00:13:28,710
this notion that our reality may

357
00:13:32,710 --> 00:13:30,000
actually be virtual

358
00:13:34,389 --> 00:13:32,720
that we may be within a simulation has

359
00:13:36,790 --> 00:13:34,399
gained a lot of credibility

360
00:13:37,590 --> 00:13:36,800
over the last 20 years and even more

361
00:13:39,910 --> 00:13:37,600
specifically

362
00:13:41,590 --> 00:13:39,920
over the last decade and not just

363
00:13:44,150 --> 00:13:41,600

because of scientific findings

364

00:13:44,949 --> 00:13:44,160

although that is the primary driver but

365

00:13:47,430 --> 00:13:44,959

also because

366

00:13:49,110 --> 00:13:47,440

our imaginations can go there as a

367

00:13:51,990 --> 00:13:49,120

result of what we've seen

368

00:13:52,790 --> 00:13:52,000

with video games we've seen simulated

369

00:13:56,949 --> 00:13:52,800

realities

370

00:13:59,750 --> 00:13:56,959

increasingly all-encompassing

371

00:14:01,590 --> 00:13:59,760

and convincing and we now are at the

372

00:14:03,189 --> 00:14:01,600

point where we can imagine

373

00:14:05,189 --> 00:14:03,199

that eventually you would get to the

374

00:14:06,150 --> 00:14:05,199

point that you could render something so

375

00:14:08,150 --> 00:14:06,160

realistic

376

00:14:11,670 --> 00:14:08,160

that participants couldn't tell the

377

00:14:15,750 --> 00:14:13,990

earlier on we discussed the television

378

00:14:18,069 --> 00:14:15,760

show westworld

379

00:14:19,829 --> 00:14:18,079

which deals with this virtual reality

380

00:14:21,910 --> 00:14:19,839

notion

381

00:14:24,310 --> 00:14:21,920

devs is another series that was on

382

00:14:26,069 --> 00:14:24,320

recently that really pursues this idea

383

00:14:27,910 --> 00:14:26,079

to the nth degree

384

00:14:29,189 --> 00:14:27,920

and basically the notion is it's all

385

00:14:31,990 --> 00:14:29,199

about big data

386

00:14:32,629 --> 00:14:32,000

if you have enough data then you can

387

00:14:35,269 --> 00:14:32,639

render

388

00:14:36,629 --> 00:14:35,279

anything you can be so all-encompassing

389

00:14:38,870 --> 00:14:36,639

so complete

390

00:14:41,189 --> 00:14:38,880

that the participants would have no way

391

00:14:45,829 --> 00:14:41,199

of recognizing the difference between

392

00:14:48,470 --> 00:14:45,839

a real reality and a simulated one

393

00:14:48,949 --> 00:14:48,480

now again you may find this a bridge too

394

00:14:51,910 --> 00:14:48,959

far

395

00:14:53,750 --> 00:14:51,920

you may think that is unrealistic but

396

00:14:55,990 --> 00:14:53,760

you have to reckon with

397

00:14:57,269 --> 00:14:56,000

these findings from the double slit

398

00:15:00,310 --> 00:14:57,279

experiment and other

399

00:15:03,430 --> 00:15:00,320

experiments run on quantum reality

400

00:15:06,629 --> 00:15:03,440

they tell us this is the case they are

401
00:15:09,750 --> 00:15:06,639
hinting at a reality that is simulated

402
00:15:13,430 --> 00:15:09,760
that only renders when consciousness

403
00:15:15,829 --> 00:15:13,440
interacts with it

404
00:15:16,949 --> 00:15:15,839
okay so i think we've sufficiently set

405
00:15:18,949 --> 00:15:16,959
the table

406
00:15:20,629 --> 00:15:18,959
i'd like to now move on to the figure of

407
00:15:23,750 --> 00:15:20,639
tom campbell

408
00:15:26,389 --> 00:15:23,760
he's someone who began

409
00:15:28,949 --> 00:15:26,399
as a very left-brained individual he was

410
00:15:31,269 --> 00:15:28,959
a physicist and again if you don't know

411
00:15:31,990 --> 00:15:31,279
physicist's primary job is to model

412
00:15:37,110 --> 00:15:32,000
reality

413
00:15:39,269 --> 00:15:37,120

what's fascinating about tom campbell

414

00:15:40,230 --> 00:15:39,279

is that he approaches out-of-body

415

00:15:43,269 --> 00:15:40,240

experiences

416

00:15:45,269 --> 00:15:43,279

as a scientist he has them and he uses

417

00:15:47,590 --> 00:15:45,279

them to run experiments

418

00:15:48,870 --> 00:15:47,600

he enters those states and then plays

419

00:15:51,670 --> 00:15:48,880

with variables

420

00:15:53,030 --> 00:15:51,680

to test various hypotheses about

421

00:15:55,590 --> 00:15:53,040

ultimate reality

422

00:15:58,150 --> 00:15:55,600

reality beyond the simulation that we

423

00:16:00,629 --> 00:15:58,160

live within in our waking world

424

00:16:01,990 --> 00:16:00,639

as a result he's been able to fine-tune

425

00:16:06,710 --> 00:16:02,000

his understanding

426
00:16:11,189 --> 00:16:08,949
now tom campbell's journey into these

427
00:16:13,590 --> 00:16:11,199
particular topics began

428
00:16:15,430 --> 00:16:13,600
when he volunteered to be a scientist

429
00:16:17,590 --> 00:16:15,440
who would help bob monroe

430
00:16:19,509 --> 00:16:17,600
run experiments on out-of-body

431
00:16:21,910 --> 00:16:19,519
experiences

432
00:16:22,550 --> 00:16:21,920
now for those of you not familiar bob

433
00:16:24,790 --> 00:16:22,560
monroe

434
00:16:27,030 --> 00:16:24,800
became widely known as a pioneering

435
00:16:29,590 --> 00:16:27,040
explorer of human consciousness

436
00:16:32,150 --> 00:16:29,600
and out-of-body experiences his

437
00:16:35,110 --> 00:16:32,160
well-documented and thorough research

438
00:16:37,110 --> 00:16:35,120

beginning in the 1950s produced evidence

439

00:16:39,829 --> 00:16:37,120

that specific audio patterns

440

00:16:41,910 --> 00:16:39,839

have predictable beneficial effects on

441

00:16:43,990 --> 00:16:41,920

human capabilities

442

00:16:46,389 --> 00:16:44,000

not only in terms of aiding endeavors

443

00:16:49,030 --> 00:16:46,399

such as achieving a good night's sleep

444

00:16:52,870 --> 00:16:49,040

but also for evoking expanded states of

445

00:16:58,069 --> 00:16:55,350

now initially tong campbell's role was

446

00:17:00,710 --> 00:16:58,079

that of an objective researcher

447

00:17:02,829 --> 00:17:00,720

he would set up the experiments to try

448

00:17:05,110 --> 00:17:02,839

and help bob monroe demonstrate

449

00:17:05,909 --> 00:17:05,120

objectively that out-of-body experiences

450

00:17:07,350 --> 00:17:05,919

were real

451
00:17:09,350 --> 00:17:07,360
and not just a figment of his

452
00:17:11,350 --> 00:17:09,360
imagination

453
00:17:12,549 --> 00:17:11,360
but eventually campbell became an active

454
00:17:14,470 --> 00:17:12,559
participant

455
00:17:16,829 --> 00:17:14,480
when he became aware that he was very

456
00:17:19,110 --> 00:17:16,839
good at having these out-of-body

457
00:17:21,510 --> 00:17:19,120
experiences

458
00:17:22,949 --> 00:17:21,520
to make a long story short what campbell

459
00:17:25,270 --> 00:17:22,959
ultimately found

460
00:17:26,390 --> 00:17:25,280
after testing various hypotheses by

461
00:17:29,029 --> 00:17:26,400
adjusting variables

462
00:17:29,590 --> 00:17:29,039
as i discussed earlier is that we are

463
00:17:32,630 --> 00:17:29,600

more like

464

00:17:35,750 --> 00:17:32,640

avatars within a virtual reality we are

465

00:17:38,310 --> 00:17:35,760

like the characters in a video game

466

00:17:39,430 --> 00:17:38,320

and what or who is ultimately playing

467

00:17:42,470 --> 00:17:39,440

these roles

468

00:17:44,470 --> 00:17:42,480

is our non-local consciousness which

469

00:17:46,150 --> 00:17:44,480

said another way is the consciousness

470

00:17:49,669 --> 00:17:46,160

that exists outside

471

00:17:52,470 --> 00:17:51,270

and of course for those of you who have

472

00:17:53,669 --> 00:17:52,480

been tuning in to the point of

473

00:17:56,070 --> 00:17:53,679

convergence podcast

474

00:17:57,430 --> 00:17:56,080

for a while now this starts to sound

475

00:17:59,990 --> 00:17:57,440

very familiar

476
00:18:01,270 --> 00:18:00,000
it sounds a lot like rudy shield and

477
00:18:04,870 --> 00:18:01,280
edgar mitchell's work

478
00:18:07,350 --> 00:18:04,880
regarding the quantum hologram

479
00:18:08,630 --> 00:18:07,360
and like rudy shield and edgar mitchell

480
00:18:10,470 --> 00:18:08,640
tom campbell

481
00:18:12,870 --> 00:18:10,480
came to see our universe as

482
00:18:15,590 --> 00:18:12,880
foundationally informational

483
00:18:17,669 --> 00:18:15,600
not material as scientific materialism

484
00:18:20,549 --> 00:18:17,679
would have you believe

485
00:18:22,310 --> 00:18:20,559
he also postulates that this notion this

486
00:18:25,830 --> 00:18:22,320
different framing of reality

487
00:18:27,669 --> 00:18:25,840
as virtual helps explain questions

488
00:18:29,590 --> 00:18:27,679

across a variety of domains

489

00:18:31,029 --> 00:18:29,600

including physics which again is the

490

00:18:33,350 --> 00:18:31,039

modeling of reality

491

00:18:34,150 --> 00:18:33,360

philosophy regarding the meaning of

492

00:18:36,789 --> 00:18:34,160

reality

493

00:18:37,590 --> 00:18:36,799

and psychology in other words how does

494

00:18:41,190 --> 00:18:37,600

consciousness

495

00:18:45,029 --> 00:18:42,950

now it's interesting when you hear tom

496

00:18:46,310 --> 00:18:45,039

campbell speak because he still talks

497

00:18:49,029 --> 00:18:46,320

like a physicist

498

00:18:51,350 --> 00:18:49,039

he talks in left brain terms even though

499

00:18:55,190 --> 00:18:51,360

he's talking about very spiritual

500

00:18:58,070 --> 00:18:55,200

energetic topics he says the goal of the

501
00:19:00,710 --> 00:18:58,080
system which creates the virtual reality

502
00:19:02,870 --> 00:19:00,720
is to reduce entropy which you can think

503
00:19:06,230 --> 00:19:02,880
of as randomization

504
00:19:08,630 --> 00:19:06,240
while increasing harmony ego

505
00:19:09,510 --> 00:19:08,640
which stems from fear according to

506
00:19:12,390 --> 00:19:09,520
campbell

507
00:19:13,430 --> 00:19:12,400
increases entropy whereas love the

508
00:19:16,070 --> 00:19:13,440
opposite of fear

509
00:19:17,510 --> 00:19:16,080
or what remains when all fear is removed

510
00:19:22,630 --> 00:19:17,520
reduces entropy

511
00:19:26,549 --> 00:19:24,390
now leaving aside for a moment the

512
00:19:28,390 --> 00:19:26,559
question of who is this system

513
00:19:30,310 --> 00:19:28,400

what is the system that causes the

514

00:19:33,029 --> 00:19:30,320

simulation is it god

515

00:19:35,430 --> 00:19:33,039

is it a another alien civilization is it

516

00:19:38,230 --> 00:19:35,440

the life force or something else

517

00:19:40,630 --> 00:19:38,240

we can see how this might work that

518

00:19:43,669 --> 00:19:40,640

repeated lifetimes reincarnation

519

00:19:44,070 --> 00:19:43,679

are like iterations of a simulation and

520

00:19:46,310 --> 00:19:44,080

that

521

00:19:48,630 --> 00:19:46,320

we consciousness are put into these

522

00:19:49,590 --> 00:19:48,640

roles we play these avatars for a period

523

00:19:52,470 --> 00:19:49,600

of time

524

00:19:53,909 --> 00:19:52,480

80 to 100 years sometimes less so that

525

00:19:56,950 --> 00:19:53,919

we run into resistance

526
00:19:58,710 --> 00:19:56,960
and learn lessons and change we reduce

527
00:20:01,190 --> 00:19:58,720
our own entropy

528
00:20:02,870 --> 00:20:01,200
meaning we become more loving peaceful

529
00:20:05,590 --> 00:20:02,880
cooperative people

530
00:20:06,149 --> 00:20:05,600
and the entire system learns and self

531
00:20:08,470 --> 00:20:06,159
updates

532
00:20:09,590 --> 00:20:08,480
because of this this is the self

533
00:20:11,909 --> 00:20:09,600
discovering

534
00:20:14,549 --> 00:20:11,919
auto correcting cosmos we've talked

535
00:20:16,870 --> 00:20:14,559
about before

536
00:20:18,710 --> 00:20:16,880
now according to campbell's hypothesis

537
00:20:21,190 --> 00:20:18,720
which again he says he's tested

538
00:20:22,630 --> 00:20:21,200

and found to be accurate there's

539

00:20:25,430 --> 00:20:22,640

different ways of looking at

540

00:20:26,149 --> 00:20:25,440

self-identity we have some degree of

541

00:20:27,990 --> 00:20:26,159

identity

542

00:20:29,510 --> 00:20:28,000

in this particular iteration this

543

00:20:31,669 --> 00:20:29,520

lifetime

544

00:20:33,190 --> 00:20:31,679

we also are a unit of consciousness

545

00:20:35,190 --> 00:20:33,200

within the totality

546

00:20:37,029 --> 00:20:35,200

outside of the simulation that's our

547

00:20:39,750 --> 00:20:37,039

non-local consciousness

548

00:20:40,149 --> 00:20:39,760

and then there is the entire system that

549

00:20:43,990 --> 00:20:40,159

is

550

00:20:46,310 --> 00:20:44,000

ultimately an illusion

551
00:20:47,270 --> 00:20:46,320
just like buddhism would teach you we

552
00:20:49,990 --> 00:20:47,280
are the oneness

553
00:20:50,630 --> 00:20:50,000
behind the simulation ultimately whether

554
00:20:53,430 --> 00:20:50,640
you call us

555
00:20:54,230 --> 00:20:53,440
the creation of god that is part of the

556
00:20:57,029 --> 00:20:54,240
assimilation

557
00:20:57,990 --> 00:20:57,039
or an extension of god him or herself

558
00:20:59,430 --> 00:20:58,000
itself

559
00:21:01,270 --> 00:20:59,440
that's what's happening there's

560
00:21:02,710 --> 00:21:01,280
different levels of identity

561
00:21:04,870 --> 00:21:02,720
that even when we go on to different

562
00:21:07,270 --> 00:21:04,880
iterations different lifetimes

563
00:21:08,230 --> 00:21:07,280

the cosmic database you could call it

564

00:21:11,029 --> 00:21:08,240

still contains

565

00:21:11,990 --> 00:21:11,039

all of the information thoughts feelings

566

00:21:14,549 --> 00:21:12,000

events from

567

00:21:15,510 --> 00:21:14,559

every person's life every iteration of a

568

00:21:17,430 --> 00:21:15,520

person

569

00:21:18,549 --> 00:21:17,440

and all that information is kept it's

570

00:21:21,029 --> 00:21:18,559

never lost

571

00:21:22,310 --> 00:21:21,039

but we go on into new iterations to

572

00:21:28,390 --> 00:21:22,320

continue to learn

573

00:21:31,430 --> 00:21:30,710

and that's campbell's hypothesis in a

574

00:21:33,990 --> 00:21:31,440

nutshell

575

00:21:35,350 --> 00:21:34,000

how he looks at the simulation

576
00:21:37,029 --> 00:21:35,360
hypothesis

577
00:21:38,870 --> 00:21:37,039
he believes we are living in a

578
00:21:41,029 --> 00:21:38,880
simulation but that we have

579
00:21:43,590 --> 00:21:41,039
consciousness that ultimately originates

580
00:21:45,110 --> 00:21:43,600
outside the simulation

581
00:21:47,830 --> 00:21:45,120
but then we're left with the question

582
00:21:50,549 --> 00:21:47,840
how does this apply to the phenomenon

583
00:21:51,510 --> 00:21:50,559
well first off many experiencers report

584
00:21:54,470 --> 00:21:51,520
being told

585
00:21:55,350 --> 00:21:54,480
about a larger reality that remarkably

586
00:21:57,750 --> 00:21:55,360
resembles

587
00:22:00,789 --> 00:21:57,760
that which tom campbell describes from

588
00:22:02,470 --> 00:22:00,799

his own experiments

589

00:22:04,630 --> 00:22:02,480

those of you who've been tuning in

590

00:22:07,430 --> 00:22:04,640

throughout the podcast episodes

591

00:22:09,430 --> 00:22:07,440

will remember experiencers talking about

592

00:22:10,070 --> 00:22:09,440

previous lifetimes and learning about

593

00:22:13,270 --> 00:22:10,080

that

594

00:22:14,549 --> 00:22:13,280

in a kind of life review on board a ufo

595

00:22:16,230 --> 00:22:14,559

craft apparently

596

00:22:17,990 --> 00:22:16,240

in the same way that one learns about

597

00:22:20,149 --> 00:22:18,000

this in a near-death experience

598

00:22:24,630 --> 00:22:20,159

or sometimes an out-of-body experience

599

00:22:28,230 --> 00:22:26,630

you might also recall that many of these

600

00:22:30,710 --> 00:22:28,240

experiencers whether they are

601
00:22:31,990 --> 00:22:30,720
contact experiencers or near-death

602
00:22:34,230 --> 00:22:32,000
experiencers

603
00:22:36,950 --> 00:22:34,240
you'll remember that they often describe

604
00:22:37,510 --> 00:22:36,960
the reality they go to the realm they go

605
00:22:38,830 --> 00:22:37,520
to

606
00:22:41,350 --> 00:22:38,840
in these different states of

607
00:22:43,350 --> 00:22:41,360
consciousness as feeling more real

608
00:22:44,630 --> 00:22:43,360
more substantial than our everyday

609
00:22:46,549 --> 00:22:44,640
waking world

610
00:22:47,830 --> 00:22:46,559
and one might expect this is exactly

611
00:22:50,789 --> 00:22:47,840
what you would find

612
00:22:54,390 --> 00:22:50,799
if you were able to exit the simulation

613
00:22:56,310 --> 00:22:54,400

even for a period of time

614

00:22:58,230 --> 00:22:56,320

now in the introduction to today's

615

00:23:00,390 --> 00:22:58,240

episode we also discussed

616

00:23:01,990 --> 00:23:00,400

how the others can seemingly pass

617

00:23:04,310 --> 00:23:02,000

through solid walls

618

00:23:05,350 --> 00:23:04,320

effortlessly and they can take us with

619

00:23:08,149 --> 00:23:05,360

them

620

00:23:09,830 --> 00:23:08,159

how is this accomplished now when we

621

00:23:13,110 --> 00:23:09,840

bang our heads against the wall

622

00:23:16,230 --> 00:23:13,120

it hurts therefore we assume that wall

623

00:23:19,029 --> 00:23:16,240

is real our experience of its

624

00:23:20,630 --> 00:23:19,039

solidity communicated through our pain

625

00:23:23,110 --> 00:23:20,640

tells us so

626

00:23:25,190 --> 00:23:23,120

but science tells us the chair or the

627

00:23:28,310 --> 00:23:25,200

wall that we're banging our head against

628

00:23:30,390 --> 00:23:28,320

is mostly empty space that really it's

629

00:23:31,510 --> 00:23:30,400

this shared vibration or a field of

630

00:23:33,990 --> 00:23:31,520

coherence

631

00:23:34,710 --> 00:23:34,000

of its loosely aligned component parts

632

00:23:38,070 --> 00:23:34,720

that make it

633

00:23:41,510 --> 00:23:38,080

appear real to us both in terms of touch

634

00:23:44,630 --> 00:23:41,520

and vision but even that notion only

635

00:23:47,110 --> 00:23:44,640

gets us part of the way to the truth

636

00:23:48,310 --> 00:23:47,120

really this is even a misunderstanding

637

00:23:50,230 --> 00:23:48,320

the truth is that

638

00:23:51,909 --> 00:23:50,240

apart from our perception of it the

639

00:23:55,590 --> 00:23:51,919

chair or the wall

640

00:23:56,470 --> 00:23:55,600

has no reality whatsoever like the young

641

00:23:59,909 --> 00:23:56,480

savant

642

00:24:01,110 --> 00:23:59,919

tells neo in the matrix quote do not try

643

00:24:04,390 --> 00:24:01,120

and bend the spoon

644

00:24:05,830 --> 00:24:04,400

that's impossible instead only try to

645

00:24:08,630 --> 00:24:05,840

realize the truth

646

00:24:10,470 --> 00:24:08,640

there is no spoon then you'll see that

647

00:24:15,510 --> 00:24:10,480

it is not the spoon that bends

648

00:24:18,630 --> 00:24:17,830

now as we've discussed in other podcast

649

00:24:20,390 --> 00:24:18,640

episodes

650

00:24:22,070 --> 00:24:20,400

when people are in the realm of the

651
00:24:24,789 --> 00:24:22,080
others when they are

652
00:24:26,710 --> 00:24:24,799
interacting with non-human intelligence

653
00:24:28,870 --> 00:24:26,720
they become aware of an aspect of

654
00:24:29,990 --> 00:24:28,880
themselves that goes beyond the current

655
00:24:31,830 --> 00:24:30,000
iteration

656
00:24:34,710 --> 00:24:31,840
they experience their more complete

657
00:24:36,390 --> 00:24:34,720
reality beyond the simulation

658
00:24:37,909 --> 00:24:36,400
and they come to remember in fact that

659
00:24:40,470 --> 00:24:37,919
they volunteered

660
00:24:41,110 --> 00:24:40,480
for this iteration even if it feels

661
00:24:42,710 --> 00:24:41,120
difficult

662
00:24:44,230 --> 00:24:42,720
in the moment when they are immersed in

663
00:24:46,549 --> 00:24:44,240

it

664

00:24:47,510 --> 00:24:46,559

yes the truth is just like a good weight

665

00:24:50,470 --> 00:24:47,520

training program

666

00:24:53,029 --> 00:24:50,480

resistance is key to progress that's why

667

00:24:55,750 --> 00:24:53,039

we volunteer to go into this lifetime

668

00:24:57,590 --> 00:24:55,760

incarnate into a human body to learn and

669

00:24:59,269 --> 00:24:57,600

grow

670

00:25:01,430 --> 00:24:59,279

just like those who are really serious

671

00:25:04,310 --> 00:25:01,440

about learning a new language have found

672

00:25:04,710 --> 00:25:04,320

immersion is always the fastest surest

673

00:25:07,909 --> 00:25:04,720

way

674

00:25:09,830 --> 00:25:07,919

to master a language the same works for

675

00:25:12,390 --> 00:25:09,840

evolution of consciousness

676
00:25:14,470 --> 00:25:12,400
if it didn't feel real it wouldn't play

677
00:25:15,909 --> 00:25:14,480
the role of providing resistance the way

678
00:25:21,669 --> 00:25:15,919
we need it to

679
00:25:24,789 --> 00:25:23,350
now in terms of addressing the question

680
00:25:26,470 --> 00:25:24,799
we put aside earlier

681
00:25:28,470 --> 00:25:26,480
in terms of who is ultimately

682
00:25:31,350 --> 00:25:28,480
responsible for the simulation

683
00:25:31,750 --> 00:25:31,360
that we exist within i see at least

684
00:25:35,190 --> 00:25:31,760
three

685
00:25:35,990 --> 00:25:35,200
options number one we are part of a

686
00:25:38,630 --> 00:25:36,000
simulation

687
00:25:40,830 --> 00:25:38,640
run by an alien intelligence that is a

688
00:25:43,110 --> 00:25:40,840

more sophisticated

689

00:25:46,070 --> 00:25:43,120

civilization number two

690

00:25:47,110 --> 00:25:46,080

is we just find that reality works this

691

00:25:49,990 --> 00:25:47,120

way

692

00:25:51,350 --> 00:25:50,000

reality is primarily about information

693

00:25:54,070 --> 00:25:51,360

full stop

694

00:25:55,029 --> 00:25:54,080

therefore the cosmic intelligence or god

695

00:25:56,950 --> 00:25:55,039

if you will

696

00:25:58,149 --> 00:25:56,960

connecting all of the universes within

697

00:26:00,230 --> 00:25:58,159

the multiverse

698

00:26:02,950 --> 00:26:00,240

simply designed the creation to work

699

00:26:03,909 --> 00:26:02,960

this way to create an ever evolving ever

700

00:26:06,710 --> 00:26:03,919

more conscious

701
00:26:07,430 --> 00:26:06,720
and cooperative totality and in that

702
00:26:09,190 --> 00:26:07,440
sense

703
00:26:11,029 --> 00:26:09,200
the various universes within the

704
00:26:15,990 --> 00:26:11,039
multiverse would be different

705
00:26:20,149 --> 00:26:18,070
i also think there's a third option

706
00:26:20,630 --> 00:26:20,159
although i find not many people consider

707
00:26:23,830 --> 00:26:20,640
this

708
00:26:26,070 --> 00:26:23,840
but i find it particularly

709
00:26:28,070 --> 00:26:26,080
it's also possible in my mind that

710
00:26:30,230 --> 00:26:28,080
higher intelligences that is

711
00:26:32,310 --> 00:26:30,240
alien civilizations more sophisticated

712
00:26:34,549 --> 00:26:32,320
than us both technologically

713
00:26:36,070 --> 00:26:34,559

and in terms of understanding

714

00:26:38,390 --> 00:26:36,080

consciousness

715

00:26:41,029 --> 00:26:38,400

have acted as agents of the creative

716

00:26:41,909 --> 00:26:41,039

source i.e the cosmic intelligence or

717

00:26:45,430 --> 00:26:41,919

god

718

00:26:47,110 --> 00:26:45,440

and they have created us ultimately in

719

00:26:50,310 --> 00:26:47,120

my mind that doesn't make us

720

00:26:55,830 --> 00:26:50,320

any less real and remember ultimately

721

00:26:59,510 --> 00:26:57,430

so after being presented with this

722

00:27:01,269 --> 00:26:59,520

evidence today what do you think

723

00:27:02,870 --> 00:27:01,279

do you think it's possible we are living

724

00:27:04,710 --> 00:27:02,880

in a simulation

725

00:27:06,230 --> 00:27:04,720

do you think it's possible we are within

726

00:27:08,789 --> 00:27:06,240

a virtual reality

727

00:27:10,870 --> 00:27:08,799

that our actual consciousness is

728

00:27:13,750 --> 00:27:10,880

non-local and that what we experience

729

00:27:14,789 --> 00:27:13,760

here in our everyday lives is just an

730

00:27:17,830 --> 00:27:14,799

avatar

731

00:27:20,149 --> 00:27:17,840

a character in a kind of video game

732

00:27:22,070 --> 00:27:20,159

that is here to learn both as an

733

00:27:24,549 --> 00:27:22,080

individual and then contribute that

734

00:27:27,990 --> 00:27:24,559

learning to the totality

735

00:27:29,990 --> 00:27:28,000

intriguing questions but if it is true

736

00:27:31,350 --> 00:27:30,000

that this is a simulation but a

737

00:27:33,830 --> 00:27:31,360

meaningful one

738

00:27:34,630 --> 00:27:33,840

the question becomes how will you live

739

00:27:37,110 --> 00:27:34,640

differently

740

00:27:41,909 --> 00:27:37,120

that's a question i ask myself after

741

00:27:45,750 --> 00:27:44,470

and on that note we've come to the close

742

00:27:48,470 --> 00:27:45,760

of another edition

743

00:27:49,110 --> 00:27:48,480

of the point of convergence podcast as

744

00:27:51,430 --> 00:27:49,120

always

745

00:27:52,389 --> 00:27:51,440

let's keep this conversation going and

746

00:27:54,630 --> 00:27:52,399

growing

747

00:27:55,909 --> 00:27:54,640

please continue to spread the word tell

748

00:27:57,029 --> 00:27:55,919

your friends about this show if you

749

00:27:59,029 --> 00:27:57,039

think they'd be interested

750

00:28:01,430 --> 00:27:59,039

and you found it interesting please

751

00:28:03,110 --> 00:28:01,440

spread the word on social media

752

00:28:05,590 --> 00:28:03,120

leave a comment if you're watching on

753

00:28:08,149 --> 00:28:05,600

youtube i always appreciate seeing those

754

00:28:09,750 --> 00:28:08,159

and perhaps leave a review if you are

755

00:28:11,669 --> 00:28:09,760

enjoying this podcast

756

00:28:13,350 --> 00:28:11,679

and are consuming it on a podcast

757

00:28:15,590 --> 00:28:13,360

platform

758

00:28:17,110 --> 00:28:15,600

but until next time friends from deep

759

00:28:20,470 --> 00:28:17,120

within the blue ridge mountains

760

00:28:30,630 --> 00:28:20,480

of north carolina this is exo academian
