00:00:11,910 --> 00:00:09,030

hello

3
00:00:14,070 --> 00:00:11,920

and welcome to episode number 24 of the

4
00:00:18,310 --> 00:00:14,080

point of convergence podcast

5
00:00:20,870 --> 00:00:18,320

as always i'm your host exo academian

6
00:00:23,189 --> 00:00:20,880

since early in the 20th century people's

7
00:00:24,470 --> 00:00:23,199

imaginations have been captured by the

8
00:00:27,029 --> 00:00:24,480

notion of visitors

9
00:00:28,870 --> 00:00:27,039

from the great beyond visiting our blue

10
00:00:30,870 --> 00:00:28,880

pearl of a planet

11
00:00:33,270 --> 00:00:30,880

and of course for the vast majority of

12
00:00:35,830 --> 00:00:33,280

people and for decades and decades

13
00:00:37,190 --> 00:00:35,840

this great beyond was assumed to be

14

00:00:40,069 --> 00:00:37,200

outer space

15

00:00:41,270 --> 00:00:40,079

the vast array of galaxies star systems

16

00:00:43,430 --> 00:00:41,280

and planets

17

00:00:45,670 --> 00:00:43,440

populating the immense expanse of the

18

00:00:47,670 --> 00:00:45,680

cosmos

19

00:00:49,910 --> 00:00:47,680

when sightings of soon to be branded

20

00:00:52,790 --> 00:00:49,920

flying saucers were first reported

21

00:00:55,430 --> 00:00:52,800

in the 1940s it was taken as a given

22

00:00:57,350 --> 00:00:55,440

that these fast-moving flying vehicles

23

00:01:00,389 --> 00:00:57,360

which were apparently unlikely to be the

24

00:01:02,549 --> 00:01:00,399

technology of terrestrial civilization

25

00:01:03,830 --> 00:01:02,559

where examples of these visitors from

26

00:01:06,950 --> 00:01:03,840

outer space

27

00:01:09,030 --> 00:01:06,960

finally arrive to make our acquaintance

28

00:01:10,630 --> 00:01:09,040

immediately the media was saturated with

29

00:01:13,270 --> 00:01:10,640

images of little green men

30

00:01:14,310 --> 00:01:13,280

from nearby planets like mars as our

31

00:01:15,990 --> 00:01:14,320

imaginations

32

00:01:20,390 --> 00:01:16,000

filled in the gaps as to who was

33

00:01:24,630 --> 00:01:22,550

this view which suggested that these

34

00:01:27,429 --> 00:01:24,640

visitors were from outer space

35

00:01:28,230 --> 00:01:27,439

held sway for decades more even though

36

00:01:30,030 --> 00:01:28,240

the potential

37

00:01:31,350 --> 00:01:30,040

originating planet for these

38

00:01:33,990 --> 00:01:31,360

extraterrestrials

39

00:01:35,510 --> 00:01:34,000

was pushed farther and farther away as

40

00:01:37,270 --> 00:01:35,520

we began to understand

41

00:01:39,510 --> 00:01:37,280

more and more about the apparent

42

00:01:42,310 --> 00:01:39,520

lifelessness of the neighboring planets

43

00:01:44,870 --> 00:01:42,320

within our own solar system

44

00:01:45,749 --> 00:01:44,880

however by the time the 1960s rolled

45

00:01:48,149 --> 00:01:45,759

around

46

00:01:49,670 --> 00:01:48,159

and gaining steam ever since then

47

00:01:51,830 --> 00:01:49,680

competing hypotheses

48

00:01:53,590 --> 00:01:51,840

emerged to explain the source of these

49

00:01:55,910 --> 00:01:53,600

apparent others

50

00:01:57,670 --> 00:01:55,920

and some of these hypotheses even began

51
00:02:00,230 --> 00:01:57,680
to question the assumption

52
00:02:01,030 --> 00:02:00,240
that these others were actually really

53
00:02:04,550 --> 00:02:01,040
visitors

54
00:02:07,109 --> 00:02:04,560
at all researchers like jacques vallet

55
00:02:08,550 --> 00:02:07,119
and john keel who had examined thousands

56
00:02:10,869 --> 00:02:08,560
of cases each

57
00:02:13,190 --> 00:02:10,879
and who tended to be much more familiar

58
00:02:15,910 --> 00:02:13,200
with the totality of the data

59
00:02:18,150 --> 00:02:15,920
as compared with armchair enthusiasts

60
00:02:19,670 --> 00:02:18,160
began to take note of data points that

61
00:02:22,470 --> 00:02:19,680
suggested perhaps these

62
00:02:25,190 --> 00:02:22,480
aliens weren't visiting from far-flung

63
00:02:27,270 --> 00:02:25,200

star systems after all

64

00:02:28,390 --> 00:02:27,280

the way these others seemed to blink in

65

00:02:30,869 --> 00:02:28,400

and out of existence

66

00:02:33,270 --> 00:02:30,879

for instance led some of these more

67

00:02:34,390 --> 00:02:33,280

nuanced researchers to wonder if perhaps

68

00:02:36,229 --> 00:02:34,400

these others

69

00:02:39,190 --> 00:02:36,239

were popping in and out of different

70

00:02:41,270 --> 00:02:39,200

dimensions almost instantaneously

71

00:02:43,589 --> 00:02:41,280

and if that were true then they weren't

72

00:02:46,390 --> 00:02:43,599

necessarily really coming from far away

73

00:02:47,830 --> 00:02:46,400

at all in fact they may be dropping in

74

00:02:50,790 --> 00:02:47,840

from a mirror universe

75

00:02:52,550 --> 00:02:50,800

perhaps even from an alternate earth

76

00:02:53,750 --> 00:02:52,560

thus giving birth to what's often

77

00:02:57,589 --> 00:02:53,760

referred to as

78

00:02:59,750 --> 00:02:57,599

the interdimensional hypothesis

79

00:03:01,270 --> 00:02:59,760

when researchers like the aforementioned

80

00:03:03,190 --> 00:03:01,280

valet and kiel

81

00:03:05,589 --> 00:03:03,200

considered the long history of the

82

00:03:07,990 --> 00:03:05,599

so-called ufo phenomenon

83

00:03:10,149 --> 00:03:08,000

they wondered if perhaps stories buried

84

00:03:12,869 --> 00:03:10,159

in the lore of distant history

85

00:03:14,149 --> 00:03:12,879

here we speak of elves goblins the fae

86

00:03:16,630 --> 00:03:14,159

etc

87

00:03:17,990 --> 00:03:16,640

may actually be instances of contact

88

00:03:20,149 --> 00:03:18,000

with the same beings

89

00:03:22,229 --> 00:03:20,159

who are piloting the craft we see

90

00:03:23,830 --> 00:03:22,239

buzzing around our skies today

91

00:03:26,149 --> 00:03:23,840

and who are interacting with modern

92

00:03:28,949 --> 00:03:26,159

human beings in consistently

93

00:03:31,350 --> 00:03:28,959

and similarly confoundingly mysterious

94

00:03:34,789 --> 00:03:33,350

there are various forms that new

95

00:03:36,550 --> 00:03:34,799

hypotheses take

96

00:03:38,070 --> 00:03:36,560

to account for all of the data we've

97

00:03:39,750 --> 00:03:38,080

described above

98

00:03:41,830 --> 00:03:39,760

but a common term that's arisen to

99

00:03:44,030 --> 00:03:41,840

describe these not necessarily

100

00:03:45,670 --> 00:03:44,040

extraterrestrial others is

101
00:03:47,750 --> 00:03:45,680
ultra-terrestrial

102
00:03:48,710 --> 00:03:47,760
this term is seen to capture the sense

103
00:03:51,670 --> 00:03:48,720
that perhaps these

104
00:03:53,270 --> 00:03:51,680
others are native to the earth after all

105
00:03:56,149 --> 00:03:53,280
and may indeed have been here

106
00:03:57,910 --> 00:03:56,159
longer than we have but it also allows

107
00:04:00,070 --> 00:03:57,920
for the sense that they either

108
00:04:00,949 --> 00:04:00,080
don't seem to be necessarily tied only

109
00:04:03,830 --> 00:04:00,959
to the earth

110
00:04:05,429 --> 00:04:03,840
in our experience of it anyway and or

111
00:04:07,670 --> 00:04:05,439
that they exist in a bandwidth of

112
00:04:09,830 --> 00:04:07,680
reality that only sometimes brings them

113
00:04:11,750 --> 00:04:09,840

into direct contact with us

114

00:04:15,030 --> 00:04:11,760

or at least into a kind of direct

115

00:04:17,590 --> 00:04:15,040

contact that we can actually perceive

116

00:04:19,509 --> 00:04:17,600

perhaps they can see us all the time but

117

00:04:23,110 --> 00:04:19,519

we only seem to be able to see

118

00:04:26,870 --> 00:04:23,120

them when certain as of now unknown

119

00:04:28,310 --> 00:04:26,880

conditions are met the notion of these

120

00:04:31,430 --> 00:04:28,320

ultra-terrestrial others

121

00:04:36,530 --> 00:04:31,440

is the topic of this the 24th episode

122

00:04:42,629 --> 00:04:40,070

[Music]

123

00:04:44,469 --> 00:04:42,639

this idea that there may be one or more

124

00:04:47,510 --> 00:04:44,479

sister humanoid species

125

00:04:48,710 --> 00:04:47,520

right here in our midst as it were on

126

00:04:50,950 --> 00:04:48,720

planet earth

127

00:04:53,030 --> 00:04:50,960

is as compelling based on the way it

128

00:04:55,909 --> 00:04:53,040

neatly fits with so much of the data

129

00:04:57,110 --> 00:04:55,919

observed within the ufo phenomenon as it

130

00:04:59,749 --> 00:04:57,120

is fascinating

131

00:05:02,550 --> 00:04:59,759

if discombobulating to our collective

132

00:05:04,870 --> 00:05:02,560

imagination

133

00:05:05,710 --> 00:05:04,880

as i mentioned in the introduction this

134

00:05:07,990 --> 00:05:05,720

notion of

135

00:05:10,629 --> 00:05:08,000

interdimensionality which is often a

136

00:05:13,990 --> 00:05:10,639

part of the ultra-terrestrial hypothesis

137

00:05:16,870 --> 00:05:14,000

as most people consider it anyway began

138

00:05:18,230 --> 00:05:16,880

around the 1970s and has gained traction

139

00:05:20,070 --> 00:05:18,240

ever since

140

00:05:21,830 --> 00:05:20,080

it's partly gained traction because it

141

00:05:23,990 --> 00:05:21,840

fits so well with the data it makes

142

00:05:26,550 --> 00:05:24,000

sense of so much of the data

143

00:05:28,790 --> 00:05:26,560

but it's also gained credibility because

144

00:05:29,510 --> 00:05:28,800

our notions of reality have grown since

145

00:05:31,670 --> 00:05:29,520

then

146

00:05:34,710 --> 00:05:31,680

and the notion of different dimensions

147

00:05:36,870 --> 00:05:34,720

and whatnot and a multiverse etc

148

00:05:38,310 --> 00:05:36,880

fit well with this notion that these

149

00:05:40,710 --> 00:05:38,320

beings could be here

150

00:05:41,590 --> 00:05:40,720

but from a different here or here

151
00:05:45,990 --> 00:05:41,600
sometimes

152
00:05:46,469 --> 00:05:46,000
interestingly as many of you probably

153
00:05:48,390 --> 00:05:46,479
know

154
00:05:49,830 --> 00:05:48,400
the department of defense is due to

155
00:05:52,150 --> 00:05:49,840
deliver a

156
00:05:53,270 --> 00:05:52,160
report to congress on what it knows

157
00:05:55,749 --> 00:05:53,280
about uap

158
00:05:57,670 --> 00:05:55,759
that is unidentified aerial phenomena

159
00:06:00,070 --> 00:05:57,680
slash ufos

160
00:06:01,029 --> 00:06:00,080
uap is just the more common normal term

161
00:06:03,830 --> 00:06:01,039
they use now

162
00:06:05,590 --> 00:06:03,840
but really it's about ufos now

163
00:06:07,670 --> 00:06:05,600

interestingly this is what

164

00:06:09,350 --> 00:06:07,680

brian bender who is a national security

165

00:06:12,309 --> 00:06:09,360

reporter for politico

166

00:06:14,590 --> 00:06:12,319

had to say in regards to ways even the

167

00:06:16,070 --> 00:06:14,600

pentagon has looked into this notion of

168

00:06:19,029 --> 00:06:16,080

interdimensionality

169

00:06:21,029 --> 00:06:19,039

and ultraterrestrials and i quote the

170

00:06:22,790 --> 00:06:21,039

pentagon did a study that looked at the

171

00:06:25,029 --> 00:06:22,800

possibility that these things

172

00:06:25,909 --> 00:06:25,039

could be from here but are different

173

00:06:28,550 --> 00:06:25,919

here

174

00:06:30,469 --> 00:06:28,560

they called it multi-dimensional travel

175

00:06:32,870 --> 00:06:30,479

are these things from somewhere else

176

00:06:33,590 --> 00:06:32,880

but not that far away but we can't see

177

00:06:39,110 --> 00:06:33,600

them

178

00:06:42,550 --> 00:06:40,550

the reason why i bring this to your

179

00:06:44,629 --> 00:06:42,560

attention is just to point out that this

180

00:06:46,469 --> 00:06:44,639

is not a fringe idea

181

00:06:48,909 --> 00:06:46,479

of course the general public is still

182

00:06:50,270 --> 00:06:48,919

not very familiar with notions such as

183

00:06:52,469 --> 00:06:50,280

ultra-terrestrials or

184

00:06:53,990 --> 00:06:52,479

interdimensionality but within the

185

00:06:56,469 --> 00:06:54,000

circles of ufology

186

00:06:58,390 --> 00:06:56,479

even within the ranks of government that

187

00:07:01,589 --> 00:06:58,400

are looking into this topic

188

00:07:02,469 --> 00:07:01,599

this idea is taken very seriously and

189

00:07:04,550 --> 00:07:02,479

while there are still

190

00:07:06,710 --> 00:07:04,560

many who look to the extraterrestrial

191

00:07:07,990 --> 00:07:06,720

hypothesis to explain the origin of

192

00:07:11,189 --> 00:07:08,000

these others

193

00:07:13,270 --> 00:07:11,199

many who have a nuanced view of the data

194

00:07:14,309 --> 00:07:13,280

and of our cutting edge understanding of

195

00:07:20,950 --> 00:07:14,319

reality

196

00:07:25,110 --> 00:07:23,430

now as i mentioned earlier there are

197

00:07:26,029 --> 00:07:25,120

different ways that people conceive of

198

00:07:28,230 --> 00:07:26,039

this notion of

199

00:07:29,749 --> 00:07:28,240

ultraterrestrials not everyone sees it

200

00:07:31,670 --> 00:07:29,759

the same way

201

00:07:34,390 --> 00:07:31,680

but here's a definition i came across

202

00:07:37,749 --> 00:07:34,400

that gets across the general idea

203

00:07:40,710 --> 00:07:37,759

an ultra-terrestrial is quote a superior

204

00:07:42,309 --> 00:07:40,720

non-human entity of natural or

205

00:07:45,510 --> 00:07:42,319

supernatural origin

206

00:07:49,110 --> 00:07:45,520

that is indigenous to the planet earth

207

00:07:50,950 --> 00:07:49,120

ufos fairies and elves are believed by

208

00:07:55,749 --> 00:07:50,960

some paranormal researchers

209

00:07:59,189 --> 00:07:57,909

it's probably also helpful at this point

210

00:08:01,909 --> 00:07:59,199

to discuss the term

211

00:08:03,189 --> 00:08:01,919

alien you'll find me using this term

212

00:08:05,430 --> 00:08:03,199

quite often

213

00:08:06,629 --> 00:08:05,440

and to be clear when i use that term i

214

00:08:09,110 --> 00:08:06,639

don't just mean

215

00:08:10,390 --> 00:08:09,120

extraterrestrial a being from outer

216

00:08:12,950 --> 00:08:10,400

space

217

00:08:14,390 --> 00:08:12,960

really this term depends on the context

218

00:08:17,749 --> 00:08:14,400

in which you're using it

219

00:08:18,070 --> 00:08:17,759

but generally it means other so it can

220

00:08:19,510 --> 00:08:18,080

mean

221

00:08:21,510 --> 00:08:19,520

extraterrestrial because of course

222

00:08:22,390 --> 00:08:21,520

that's other to us who are native to the

223

00:08:24,230 --> 00:08:22,400

earth

224

00:08:25,830 --> 00:08:24,240

but it can mean more than that for

225

00:08:26,710 --> 00:08:25,840

instance in the bible in the old

226

00:08:29,350 --> 00:08:26,720

testament

227

00:08:30,950 --> 00:08:29,360

the hebrew version of the term alien can

228

00:08:33,269 --> 00:08:30,960

refer to a member of

229

00:08:34,949 --> 00:08:33,279

a tribe a neighboring tribe over the

230

00:08:37,110 --> 00:08:34,959

hill so it just means

231

00:08:39,670 --> 00:08:37,120

other in a general sense and it works

232

00:08:41,909 --> 00:08:39,680

well whether we're referring to

233

00:08:43,029 --> 00:08:41,919

extraterrestrials interdimensionals

234

00:08:45,750 --> 00:08:43,039

ultraterrestrials

235

00:08:47,430 --> 00:08:45,760

what have you this term just means other

236

00:08:50,949 --> 00:08:47,440

in other words different than

237

00:08:54,550 --> 00:08:52,630

at this point i also think it would be

238

00:08:57,269 --> 00:08:54,560

helpful to define this term

239

00:08:59,269 --> 00:08:57,279

hypothesis we've talked about the

240

00:09:00,230 --> 00:08:59,279

extraterrestrial hypothesis on this

241

00:09:01,750 --> 00:09:00,240

podcast

242

00:09:04,389 --> 00:09:01,760

as well as the interdimensional

243

00:09:06,630 --> 00:09:04,399

hypothesis and the crypto-terrestrial

244

00:09:07,509 --> 00:09:06,640

hypothesis which by the way has some

245

00:09:09,030 --> 00:09:07,519

crossover

246

00:09:11,750 --> 00:09:09,040

with today's discussion of

247

00:09:14,710 --> 00:09:11,760

ultraterrestrials but we'll get there

248

00:09:15,670 --> 00:09:14,720

but first let's define this term a

249

00:09:19,110 --> 00:09:15,680

hypothesis

250

00:09:21,750 --> 00:09:19,120

is a supposition or proposed explanation

251
00:09:23,030 --> 00:09:21,760
made on the basis of limited evidence as

252
00:09:26,310 --> 00:09:23,040
a starting point

253
00:09:26,630 --> 00:09:26,320
for further investigation and this is

254
00:09:28,470 --> 00:09:26,640
key

255
00:09:29,910 --> 00:09:28,480
it's not a complete theory wrapped up

256
00:09:32,230 --> 00:09:29,920
with a bow on it

257
00:09:33,269 --> 00:09:32,240
it's an idea put forward to make sense

258
00:09:35,670 --> 00:09:33,279
of the data

259
00:09:37,910 --> 00:09:35,680
and it helps to find a direction a

260
00:09:40,310 --> 00:09:37,920
trajectory we might follow

261
00:09:42,070 --> 00:09:40,320
to see if indeed that is the case so

262
00:09:44,070 --> 00:09:42,080
it's a starting point

263
00:09:45,750 --> 00:09:44,080

let's just keep that in mind as we talk

264

00:09:49,990 --> 00:09:45,760

about ultraterrestrials

265

00:09:52,070 --> 00:09:50,000

here on today's podcast

266

00:09:54,070 --> 00:09:52,080

as i mentioned in the introduction it

267

00:09:57,350 --> 00:09:54,080

was initially researchers like

268

00:09:58,350 --> 00:09:57,360

jacques villa and john keel who proposed

269

00:10:00,949 --> 00:09:58,360

this notion of

270

00:10:02,630 --> 00:10:00,959

ultra-terrestrials and there were a

271

00:10:05,190 --> 00:10:02,640

variety of reasons why this

272

00:10:06,069 --> 00:10:05,200

was the case different data points that

273

00:10:08,470 --> 00:10:06,079

they noticed

274

00:10:09,389 --> 00:10:08,480

suggested to them that this was about

275

00:10:11,910 --> 00:10:09,399

more than just

276

00:10:14,150 --> 00:10:11,920

extraterrestrials that in fact perhaps

277

00:10:16,550 --> 00:10:14,160

the extraterrestrial hypothesis

278

00:10:18,230 --> 00:10:16,560

wasn't the best explanation based on the

279

00:10:20,230 --> 00:10:18,240

observed data

280

00:10:23,190 --> 00:10:20,240

and as i've mentioned before remember

281

00:10:24,069 --> 00:10:23,200

jacques valet began in the late 1960s as

282

00:10:26,150 --> 00:10:24,079

a proponent

283

00:10:27,430 --> 00:10:26,160

a champion of the extraterrestrial

284

00:10:29,910 --> 00:10:27,440

hypothesis

285

00:10:30,790 --> 00:10:29,920

but as he studied this phenomenon more

286

00:10:35,509 --> 00:10:30,800

and more

287

00:10:37,269 --> 00:10:35,519

he came to realize that the

288

00:10:39,910 --> 00:10:37,279

extraterrestrial hypothesis

289

00:10:42,230 --> 00:10:39,920

was incomplete and perhaps even in some

290

00:10:43,910 --> 00:10:42,240

ways quite wrong

291

00:10:45,430 --> 00:10:43,920

there were a variety of reasons for this

292

00:10:47,750 --> 00:10:45,440

as i said

293

00:10:48,790 --> 00:10:47,760

part of it comes down to sightings that

294

00:10:50,630 --> 00:10:48,800

were consistent

295

00:10:53,110 --> 00:10:50,640

and that happened over a long period of

296

00:10:55,750 --> 00:10:53,120

time in other words

297

00:10:57,350 --> 00:10:55,760

every year for decades centuries going

298

00:10:59,190 --> 00:10:57,360

back well into the past

299

00:11:00,790 --> 00:10:59,200

there have been sightings of strange

300

00:11:02,790 --> 00:11:00,800

vehicles in the sky

301
00:11:04,630 --> 00:11:02,800
of course how people describe them has

302
00:11:05,509 --> 00:11:04,640
changed over time people tend to use the

303
00:11:07,750 --> 00:11:05,519
metaphors

304
00:11:09,990 --> 00:11:07,760
that they're familiar with whether it's

305
00:11:12,230 --> 00:11:10,000
airship or black triangle

306
00:11:13,509 --> 00:11:12,240
but nevertheless these vehicles have

307
00:11:15,910 --> 00:11:13,519
been seen in the sky

308
00:11:17,110 --> 00:11:15,920
and various strange beings have been

309
00:11:20,389 --> 00:11:17,120
interacted with

310
00:11:23,990 --> 00:11:22,389
and of course jacques vallee covered

311
00:11:27,110 --> 00:11:24,000
much of this in his

312
00:11:27,430 --> 00:11:27,120
breakout book passport to magonia which

313
00:11:29,350 --> 00:11:27,440

sent

314

00:11:30,949 --> 00:11:29,360

shockwaves through ufology when it was

315

00:11:33,110 --> 00:11:30,959

published

316

00:11:35,910 --> 00:11:33,120

now again whether we're talking about

317

00:11:36,949 --> 00:11:35,920

fairies or elves or goblins or any of

318

00:11:40,470 --> 00:11:36,959

the little people

319

00:11:43,350 --> 00:11:40,480

that people reported over vast

320

00:11:43,990 --> 00:11:43,360

periods of our history the suggestion is

321

00:11:46,790 --> 00:11:44,000

these may

322

00:11:47,590 --> 00:11:46,800

all be ultra-terrestrials beings that

323

00:11:49,590 --> 00:11:47,600

are in some way

324

00:11:51,430 --> 00:11:49,600

native to the earth but perhaps more

325

00:11:53,750 --> 00:11:51,440

than just native in the way we think of

326

00:11:56,949 --> 00:11:53,760

it or in the way that we tend to exist

327

00:11:58,550 --> 00:11:56,959

as beings native to a planet and again

328

00:11:59,670 --> 00:11:58,560

this also has to do with the fact that

329

00:12:01,990 --> 00:11:59,680

they seem to pop

330

00:12:03,350 --> 00:12:02,000

in and out of our perception this is

331

00:12:05,590 --> 00:12:03,360

true both of the craft

332

00:12:08,389 --> 00:12:05,600

and of the entities that are observed

333

00:12:10,310 --> 00:12:08,399

and interacted with

334

00:12:11,670 --> 00:12:10,320

and just one final point to make that

335

00:12:14,470 --> 00:12:11,680

crystal clear

336

00:12:16,550 --> 00:12:14,480

the idea that valet put forward is that

337

00:12:18,870 --> 00:12:16,560

if these were extraterrestrials

338

00:12:20,310 --> 00:12:18,880

that were traveling in spacecraft over

339

00:12:23,430 --> 00:12:20,320

vast distances

340

00:12:24,069 --> 00:12:23,440

from far-flung star systems you'd think

341

00:12:26,949 --> 00:12:24,079

there would be

342

00:12:28,629 --> 00:12:26,959

gaps in their appearance that it would

343

00:12:30,069 --> 00:12:28,639

take a long time even if they were

344

00:12:31,110 --> 00:12:30,079

approaching the speed of light with

345

00:12:32,790 --> 00:12:31,120

travel

346

00:12:34,389 --> 00:12:32,800

even if they had achieved faster than

347

00:12:35,750 --> 00:12:34,399

speed of light travel it would take them

348

00:12:37,910 --> 00:12:35,760

a while to get here

349

00:12:39,430 --> 00:12:37,920

and you'd expect there would be gaps in

350

00:12:41,590 --> 00:12:39,440

between the sightings

351
00:12:42,710 --> 00:12:41,600
but that hasn't been the case it seems

352
00:12:45,350 --> 00:12:42,720
like

353
00:12:47,030 --> 00:12:45,360
these others have consistently been in

354
00:12:49,910 --> 00:12:47,040
our midst

355
00:12:50,230 --> 00:12:49,920
since the beginning of time even and

356
00:12:51,829 --> 00:12:50,240
this

357
00:12:54,150 --> 00:12:51,839
lends itself to the idea that they're

358
00:12:56,069 --> 00:12:54,160
somehow native to here or at least

359
00:12:58,069 --> 00:12:56,079
here whenever they want to be rather

360
00:12:58,790 --> 00:12:58,079
than having to travel vast distances to

361
00:13:00,949 --> 00:12:58,800
get here

362
00:13:05,269 --> 00:13:00,959
again this is a big part of the notion

363
00:13:09,030 --> 00:13:07,509

now as i mentioned there are different

364

00:13:11,509 --> 00:13:09,040

ways that people conceive

365

00:13:13,110 --> 00:13:11,519

of these ultraterrestrials and perhaps

366

00:13:15,990 --> 00:13:13,120

there's even more than one kind

367

00:13:17,990 --> 00:13:16,000

of ultraterrestrial but let's talk about

368

00:13:19,269 --> 00:13:18,000

the possible origins that are put

369

00:13:21,350 --> 00:13:19,279

forward to explain

370

00:13:23,509 --> 00:13:21,360

how they became ultra-terrestrials where

371

00:13:26,710 --> 00:13:23,519

did they come from initially

372

00:13:27,750 --> 00:13:26,720

what are they one possibility is that

373

00:13:31,269 --> 00:13:27,760

they're some kind of

374

00:13:31,829 --> 00:13:31,279

ancient occult group perhaps one that by

375

00:13:35,190 --> 00:13:31,839

accident

376

00:13:37,670 --> 00:13:35,200

came across free energy and anti-gravity

377

00:13:39,189 --> 00:13:37,680

perhaps well into the past and this

378

00:13:41,670 --> 00:13:39,199

allowed them to leapfrog

379

00:13:43,030 --> 00:13:41,680

our current society that's one

380

00:13:46,150 --> 00:13:43,040

possibility

381

00:13:49,750 --> 00:13:46,160

pre-deluvial

382

00:13:52,949 --> 00:13:49,760

high-tech society another option is

383

00:13:55,670 --> 00:13:52,959

stranded extraterrestrials or even gods

384

00:13:56,470 --> 00:13:55,680

angelic-like beings that perhaps came

385

00:13:58,389 --> 00:13:56,480

here

386

00:13:59,509 --> 00:13:58,399

perhaps even before the onset of our

387

00:14:01,590 --> 00:13:59,519

civilization

388

00:14:02,790 --> 00:14:01,600

but for some reason we're stranded here

389

00:14:05,910 --> 00:14:02,800

perhaps couldn't leave

390

00:14:06,389 --> 00:14:05,920

who knows why but in that sense they're

391

00:14:09,670 --> 00:14:06,399

both

392

00:14:12,870 --> 00:14:09,680

extraterrestrial in terms of origin but

393

00:14:14,069 --> 00:14:12,880

they are still denizens of the earth

394

00:14:18,470 --> 00:14:14,079

because they've been here

395

00:14:22,629 --> 00:14:20,710

now i mentioned the possibility of an

396

00:14:23,750 --> 00:14:22,639

ancient occult group that perhaps

397

00:14:27,509 --> 00:14:23,760

stumbled across

398

00:14:30,150 --> 00:14:27,519

groundbreaking technology another

399

00:14:31,990 --> 00:14:30,160

possibility related to that is richard

400

00:14:33,590 --> 00:14:32,000

dolan's breakaway civilization

401
00:14:37,110 --> 00:14:33,600
hypothesis

402
00:14:39,590 --> 00:14:37,120
this is a notion that after world war ii

403
00:14:41,910 --> 00:14:39,600
perhaps the military-industrial complex

404
00:14:43,829 --> 00:14:41,920
or aspects of it broke away

405
00:14:45,910 --> 00:14:43,839
that perhaps there was a breakthrough in

406
00:14:46,790 --> 00:14:45,920
something like anti-gravity or free

407
00:14:49,269 --> 00:14:46,800
energy

408
00:14:50,310 --> 00:14:49,279
which allowed a group of people a group

409
00:14:52,550 --> 00:14:50,320
of elites

410
00:14:54,470 --> 00:14:52,560
to establish a completely new way of

411
00:14:55,430 --> 00:14:54,480
living a civilization based on a

412
00:14:58,230 --> 00:14:55,440
technology

413
00:14:59,829 --> 00:14:58,240

that far leapfrogged our own the idea is

414

00:15:02,150 --> 00:14:59,839

that they broke away

415

00:15:03,350 --> 00:15:02,160

became a breakaway civilization hiding

416

00:15:05,030 --> 00:15:03,360

away somewhere

417

00:15:06,470 --> 00:15:05,040

perhaps in the caverns of the earth or

418

00:15:08,550 --> 00:15:06,480

somewhere else

419

00:15:12,389 --> 00:15:08,560

and that this would be a kind of

420

00:15:14,310 --> 00:15:12,399

ultra-terrestrial civilization

421

00:15:16,710 --> 00:15:14,320

i also mentioned the possibility of

422

00:15:18,710 --> 00:15:16,720

stranded extraterrestrials or

423

00:15:19,910 --> 00:15:18,720

god-like beings and i mean god-like in

424

00:15:22,790 --> 00:15:19,920

the sense that

425

00:15:23,910 --> 00:15:22,800

they were entities that had capacities

426

00:15:25,670 --> 00:15:23,920

far beyond our own

427

00:15:27,990 --> 00:15:25,680

because they were much further evolved

428

00:15:28,949 --> 00:15:28,000

than us so to us they would appear

429

00:15:31,990 --> 00:15:28,959

god-like

430

00:15:34,389 --> 00:15:32,000

especially to earlier versions of us

431

00:15:36,230 --> 00:15:34,399

now of course we think here of something

432

00:15:39,269 --> 00:15:36,240

like the atlantis civilization

433

00:15:40,949 --> 00:15:39,279

the atlantis myth which has been kicking

434

00:15:43,670 --> 00:15:40,959

around in our

435

00:15:45,189 --> 00:15:43,680

subconscious for a very very long time

436

00:15:46,310 --> 00:15:45,199

this is a notion that there was a

437

00:15:49,110 --> 00:15:46,320

sophisticated

438

00:15:50,310 --> 00:15:49,120

human civilization or humanoid anyway

439

00:15:53,749 --> 00:15:50,320

that existed far

440

00:15:54,790 --> 00:15:53,759

before our current modern sophisticated

441

00:15:56,949 --> 00:15:54,800

civilizations

442

00:15:58,310 --> 00:15:56,959

there is evidence even archaeologically

443

00:16:00,550 --> 00:15:58,320

suggesting that

444

00:16:01,509 --> 00:16:00,560

there were sophisticated technological

445

00:16:04,470 --> 00:16:01,519

civilizations

446

00:16:05,269 --> 00:16:04,480

on the earth far before the current

447

00:16:09,030 --> 00:16:05,279

model

448

00:16:11,590 --> 00:16:09,040

can account for and this notion of a

449

00:16:13,509 --> 00:16:11,600

atlanta civilization has been covered in

450

00:16:15,509 --> 00:16:13,519

books for instance like nick redfearn's

451
00:16:17,749 --> 00:16:15,519
the nasa conspiracies

452
00:16:19,590 --> 00:16:17,759
where it's there discussed even the fact

453
00:16:21,230 --> 00:16:19,600
that perhaps there were discussions

454
00:16:23,509 --> 00:16:21,240
about these beings these

455
00:16:26,389 --> 00:16:23,519
ultra-terrestrials who were actually

456
00:16:29,670 --> 00:16:26,399
leftover remnants of a civilization such

457
00:16:33,030 --> 00:16:31,509
okay so that gives you a sense of the

458
00:16:34,949 --> 00:16:33,040
highlights in terms of

459
00:16:36,069 --> 00:16:34,959
what's put forward in terms of the

460
00:16:37,590 --> 00:16:36,079
origin the

461
00:16:39,829 --> 00:16:37,600
source of these supposed

462
00:16:42,389 --> 00:16:39,839
ultraterrestrials and again perhaps

463
00:16:44,870 --> 00:16:42,399

there's more than one kind

464

00:16:45,910 --> 00:16:44,880

now a question that arises of course is

465

00:16:48,629 --> 00:16:45,920

how do they remain

466

00:16:49,030 --> 00:16:48,639

hidden if they are here on the earth at

467

00:16:51,430 --> 00:16:49,040

least

468

00:16:52,150 --> 00:16:51,440

some of the time and that's consistently

469

00:16:54,710 --> 00:16:52,160

been the case

470

00:16:57,670 --> 00:16:54,720

going far back into our history how do

471

00:16:59,590 --> 00:16:57,680

they remain so stealthy

472

00:17:01,910 --> 00:16:59,600

now there is evidence they can

473

00:17:04,870 --> 00:17:01,920

manipulate human perception

474

00:17:05,909 --> 00:17:04,880

perhaps they can control their our

475

00:17:07,429 --> 00:17:05,919

ability to see them

476
00:17:09,510 --> 00:17:07,439
perhaps they are standing right in front

477
00:17:12,309 --> 00:17:09,520
of us and only if they choose

478
00:17:14,309 --> 00:17:12,319
can we see them this is possible and

479
00:17:17,029 --> 00:17:14,319
there's definitely literature

480
00:17:18,949 --> 00:17:17,039
within the ufo phenomenon that talks

481
00:17:21,270 --> 00:17:18,959
about this kind of thing

482
00:17:22,630 --> 00:17:21,280
and it also seems to be the case even

483
00:17:24,630 --> 00:17:22,640
that sometimes people

484
00:17:25,750 --> 00:17:24,640
can perceive things out of their

485
00:17:27,750 --> 00:17:25,760
peripheral vision

486
00:17:29,270 --> 00:17:27,760
out of the corners of their eyes that if

487
00:17:31,830 --> 00:17:29,280
they turn and look directly

488
00:17:33,750 --> 00:17:31,840

they cannot see in fact i've even

489

00:17:35,510 --> 00:17:33,760

experienced some of that myself

490

00:17:37,430 --> 00:17:35,520

and it's quite common for experiencers

491

00:17:39,110 --> 00:17:37,440

in general this might

492

00:17:40,470 --> 00:17:39,120

be an example of this kind of thing

493

00:17:43,430 --> 00:17:40,480

where there is a being an

494

00:17:44,789 --> 00:17:43,440

entity of some sort that can control our

495

00:17:46,870 --> 00:17:44,799

perception

496

00:17:48,390 --> 00:17:46,880

that's one's possibility another

497

00:17:48,710 --> 00:17:48,400

possibility that would explain why we

498

00:17:51,190 --> 00:17:48,720

can

499

00:17:52,789 --> 00:17:51,200

only see them sometimes is perhaps they

500

00:17:54,549 --> 00:17:52,799

pass in and out of

501
00:17:57,110 --> 00:17:54,559
certain bandwidths and only when they're

502
00:17:59,430 --> 00:17:57,120
within a certain range of the spectrum

503
00:18:00,310 --> 00:17:59,440
can we perceive them and again we don't

504
00:18:02,390 --> 00:18:00,320
know

505
00:18:04,150 --> 00:18:02,400
what criteria determine when they're in

506
00:18:06,230 --> 00:18:04,160
that range and when they're not

507
00:18:07,190 --> 00:18:06,240
but perhaps this explains why we can see

508
00:18:10,390 --> 00:18:07,200
them sometimes

509
00:18:15,270 --> 00:18:12,630
now earlier on we talked about different

510
00:18:16,070 --> 00:18:15,280
reasons why the data seems to support

511
00:18:18,870 --> 00:18:16,080
this idea

512
00:18:20,950 --> 00:18:18,880
of ultraterrestrials of beings somehow

513
00:18:23,190 --> 00:18:20,960

native to the earth

514

00:18:24,070 --> 00:18:23,200

another key aspect of the data that

515

00:18:27,270 --> 00:18:24,080

makes sense

516

00:18:28,150 --> 00:18:27,280

when seen from this perspective is dna

517

00:18:30,950 --> 00:18:28,160

extraction

518

00:18:33,430 --> 00:18:30,960

and the biological aspect that is a big

519

00:18:35,750 --> 00:18:33,440

part of the ufo phenomenon

520

00:18:36,549 --> 00:18:35,760

here we're talking about abductions dna

521

00:18:40,870 --> 00:18:36,559

extraction

522

00:18:45,590 --> 00:18:43,590

now in episode number 13 of the point of

523

00:18:49,029 --> 00:18:45,600

convergence podcast we talked about the

524

00:18:50,630 --> 00:18:49,039

crypto terrestrial hypothesis

525

00:18:52,710 --> 00:18:50,640

and that hypothesis has a lot of

526
00:18:54,070 --> 00:18:52,720
crossover with this ultra-terrestrial

527
00:18:55,590 --> 00:18:54,080
idea

528
00:18:57,310 --> 00:18:55,600
in fact in some ways it's the same

529
00:19:00,390 --> 00:18:57,320
hypothesis or this is

530
00:19:02,470 --> 00:19:00,400
crypto-terrestrial plus you could say

531
00:19:04,710 --> 00:19:02,480
and in both cases it makes more sense

532
00:19:07,430 --> 00:19:04,720
why they would be interested in our dna

533
00:19:09,669 --> 00:19:07,440
if they are native to the earth now

534
00:19:10,630 --> 00:19:09,679
perhaps they are an isolated stranded

535
00:19:13,510 --> 00:19:10,640
group

536
00:19:13,990 --> 00:19:13,520
like we talked about before and perhaps

537
00:19:16,549 --> 00:19:14,000
they

538
00:19:18,870 --> 00:19:16,559

inbred over generations and perhaps this

539

00:19:21,110 --> 00:19:18,880

has weakened their genetic stock

540

00:19:24,470 --> 00:19:21,120

this was even suggested in mac tony's

541

00:19:27,750 --> 00:19:24,480

book about the crypto-terrestrials

542

00:19:30,070 --> 00:19:27,760

now if that's the case then the argument

543

00:19:32,549 --> 00:19:30,080

is they have used us they have used our

544

00:19:34,390 --> 00:19:32,559

dna as well as actually

545

00:19:35,590 --> 00:19:34,400

produced encounters where human beings

546

00:19:38,390 --> 00:19:35,600

have sex with these

547

00:19:40,150 --> 00:19:38,400

others in order to improve their genetic

548

00:19:42,630 --> 00:19:40,160

stock

549

00:19:44,870 --> 00:19:42,640

and while we think of abductions as

550

00:19:47,590 --> 00:19:44,880

random perhaps they're not

551
00:19:49,029 --> 00:19:47,600
here i would suggest that possibly they

552
00:19:50,230 --> 00:19:49,039
are looking for a certain kind of

553
00:19:51,990 --> 00:19:50,240
genetic signature

554
00:19:54,710 --> 00:19:52,000
and maybe that determines who they

555
00:19:57,110 --> 00:19:54,720
abduct if that's really going on

556
00:19:57,909 --> 00:19:57,120
and that's because they're looking for

557
00:20:01,430 --> 00:19:57,919
specific

558
00:20:04,149 --> 00:20:01,440
genetic material to improve their stock

559
00:20:05,669 --> 00:20:04,159
perhaps to address a malady in their own

560
00:20:10,390 --> 00:20:05,679
genetic background

561
00:20:13,870 --> 00:20:12,630
and of course as i also mentioned in

562
00:20:15,510 --> 00:20:13,880
that episode about the

563
00:20:17,510 --> 00:20:15,520

crypto-terrestrials

564

00:20:20,310 --> 00:20:17,520

speaking of biology it's much more

565

00:20:22,950 --> 00:20:20,320

likely they would be compatible with us

566

00:20:23,990 --> 00:20:22,960

if they are native to the earth and even

567

00:20:26,470 --> 00:20:24,000

more importantly

568

00:20:28,230 --> 00:20:26,480

if at some point we have some crossover

569

00:20:31,510 --> 00:20:28,240

in terms of our dna

570

00:20:33,669 --> 00:20:31,520

perhaps in the distant past perhaps we

571

00:20:35,270 --> 00:20:33,679

came from them at some point and split

572

00:20:37,430 --> 00:20:35,280

off who knows

573

00:20:38,630 --> 00:20:37,440

but we know that you can't just take any

574

00:20:40,789 --> 00:20:38,640

two species

575

00:20:42,549 --> 00:20:40,799

and interbreed them at least according

576

00:20:43,669 --> 00:20:42,559

to our current understanding of how that

577

00:20:44,870 --> 00:20:43,679

works

578

00:20:46,789 --> 00:20:44,880

so according to our current

579

00:20:48,870 --> 00:20:46,799

understanding this would make more sense

580

00:20:50,710 --> 00:20:48,880

these interbreeding programs even these

581

00:20:53,029 --> 00:20:50,720

hybridization programs

582

00:20:55,990 --> 00:20:53,039

if they had compatible genetic

583

00:20:59,029 --> 00:20:58,070

now let's move on to another aspect of

584

00:21:01,710 --> 00:20:59,039

the data

585

00:21:03,750 --> 00:21:01,720

that seems to support this notion of

586

00:21:06,230 --> 00:21:03,760

ultraterrestrials of beings

587

00:21:08,230 --> 00:21:06,240

here on the earth somehow perhaps even

588

00:21:09,750 --> 00:21:08,240

related to us perhaps in the distant

589

00:21:11,590 --> 00:21:09,760

past

590

00:21:14,950 --> 00:21:11,600

here i speak of the craft that are

591

00:21:17,590 --> 00:21:14,960

observed the ufos or uaps as

592

00:21:19,830 --> 00:21:17,600

is commonly referred to in government

593

00:21:22,070 --> 00:21:19,840

circles today

594

00:21:23,190 --> 00:21:22,080

what we notice is that these craft look

595

00:21:26,310 --> 00:21:23,200

suspiciously

596

00:21:29,350 --> 00:21:26,320

not necessarily next-gen but next next

597

00:21:30,950 --> 00:21:29,360

gen and by that i mean they look like

598

00:21:34,070 --> 00:21:30,960

craft we could perhaps

599

00:21:36,149 --> 00:21:34,080

develop within about a hundred years and

600

00:21:37,750 --> 00:21:36,159

even people like luis elizondo have

601
00:21:39,590 --> 00:21:37,760

suggested that

602
00:21:42,950 --> 00:21:39,600

as we've grown in our understanding of

603
00:21:46,149 --> 00:21:42,960

physics and notions like antigravity

604
00:21:47,830 --> 00:21:46,159

we now propose the idea that perhaps

605
00:21:49,590 --> 00:21:47,840

we could learn from these craft from

606
00:21:50,950 --> 00:21:49,600

what we're observing in terms of how

607
00:21:53,430 --> 00:21:50,960

they seem to

608
00:21:55,590 --> 00:21:53,440

maneuver in the skies and that we could

609
00:21:56,870 --> 00:21:55,600

perhaps produce craft like that within a

610
00:21:59,990 --> 00:21:56,880

hundred years

611
00:22:03,430 --> 00:22:00,000

based on our current trajectory now

612
00:22:05,270 --> 00:22:03,440

this is suspicious in itself because

613
00:22:08,390 --> 00:22:05,280

again i just want to point out as we've

614

00:22:09,990 --> 00:22:08,400

discussed on other podcast episodes

615

00:22:12,470 --> 00:22:10,000

there are likely many different

616

00:22:15,510 --> 00:22:12,480

civilizations across the cosmos

617

00:22:17,750 --> 00:22:15,520

and some of them will be much much

618

00:22:19,430 --> 00:22:17,760

much older than us so much so that we

619

00:22:22,710 --> 00:22:19,440

can't even really fathom it

620

00:22:25,029 --> 00:22:22,720

we're talking billions if not trillions

621

00:22:26,630 --> 00:22:25,039

of years older than us meaning they

622

00:22:27,110 --> 00:22:26,640

would have that much more time to

623

00:22:30,230 --> 00:22:27,120

develop

624

00:22:31,830 --> 00:22:30,240

technology and on that kind of rate

625

00:22:33,110 --> 00:22:31,840

we're talking about technology that we

626
00:22:36,310 --> 00:22:33,120
would no longer even

627
00:22:37,190 --> 00:22:36,320
recognize as technology reality would be

628
00:22:39,510 --> 00:22:37,200
completely

629
00:22:41,190 --> 00:22:39,520
malleable probably at that point from

630
00:22:43,830 --> 00:22:41,200
our point of view

631
00:22:44,630 --> 00:22:43,840
so that inevitably raises the question

632
00:22:47,830 --> 00:22:44,640
why do these

633
00:22:48,470 --> 00:22:47,840
craft just happen to look so much like

634
00:22:52,070 --> 00:22:48,480
our

635
00:22:54,390 --> 00:22:52,080
next next gen craft the chances of that

636
00:22:56,230 --> 00:22:54,400
being the case if this is really

637
00:22:57,430 --> 00:22:56,240
coming from an extraterrestrial

638
00:23:00,149 --> 00:22:57,440

civilization is

639

00:23:01,190 --> 00:23:00,159

very very low just want to make that

640

00:23:03,590 --> 00:23:01,200

point this is again

641

00:23:04,750 --> 00:23:03,600

another aspect of the data that supports

642

00:23:06,789 --> 00:23:04,760

the idea of these

643

00:23:07,750 --> 00:23:06,799

ultraterrestrials who are somehow native

644

00:23:13,029 --> 00:23:07,760

to the earth

645

00:23:17,029 --> 00:23:15,190

now we already discussed ways that they

646

00:23:19,909 --> 00:23:17,039

might remain invisible to us

647

00:23:21,190 --> 00:23:19,919

at least much of the time but that still

648

00:23:23,270 --> 00:23:21,200

begs the question

649

00:23:24,470 --> 00:23:23,280

if they are native to the earth at least

650

00:23:27,909 --> 00:23:24,480

part of the time

651
00:23:29,830 --> 00:23:27,919
when they're here where do they dwell

652
00:23:32,310 --> 00:23:29,840
one of the possibilities put forth is

653
00:23:34,230 --> 00:23:32,320
the cavernous depths of the earth

654
00:23:36,149 --> 00:23:34,240
that perhaps there's these deep caverns

655
00:23:38,630 --> 00:23:36,159
in the earth and perhaps

656
00:23:39,270 --> 00:23:38,640
tunnel structures an entire series of

657
00:23:42,070 --> 00:23:39,280
tunnels

658
00:23:43,909 --> 00:23:42,080
that connect these different caverns now

659
00:23:44,710 --> 00:23:43,919
interestingly in terms of the historical

660
00:23:47,029 --> 00:23:44,720
data

661
00:23:48,149 --> 00:23:47,039
the little people the goblins the fey

662
00:23:50,870 --> 00:23:48,159
and whatnot

663
00:23:52,549 --> 00:23:50,880

have been observed in our folklore as

664

00:23:55,350 --> 00:23:52,559

coming out of caves

665

00:23:56,390 --> 00:23:55,360

even in and around appalachia where i

666

00:23:58,710 --> 00:23:56,400

live

667

00:23:59,830 --> 00:23:58,720

and some people even modern researchers

668

00:24:02,510 --> 00:23:59,840

have suggested

669

00:24:03,830 --> 00:24:02,520

that perhaps this is an example of the

670

00:24:08,549 --> 00:24:03,840

ultraterrestrials

671

00:24:13,029 --> 00:24:10,950

now another idea put forward in terms of

672

00:24:13,909 --> 00:24:13,039

where these ultraterrestrials might

673

00:24:16,789 --> 00:24:13,919

dwell

674

00:24:18,870 --> 00:24:16,799

is within our oceans and i would just

675

00:24:21,350 --> 00:24:18,880

remind you that two-thirds

676

00:24:22,549 --> 00:24:21,360

of the planet surface is covered by

677

00:24:25,029 --> 00:24:22,559

water

678

00:24:27,190 --> 00:24:25,039

and others have pointed out that we have

679

00:24:28,870 --> 00:24:27,200

more accurate maps of the moon

680

00:24:30,710 --> 00:24:28,880

than we do of some of the deepest

681

00:24:33,029 --> 00:24:30,720

trenches of our oceans

682

00:24:34,789 --> 00:24:33,039

much of our oceans remain uncharted in

683

00:24:36,789 --> 00:24:34,799

many ways

684

00:24:38,470 --> 00:24:36,799

so that opens the possibility of course

685

00:24:39,830 --> 00:24:38,480

that there could be civilizations

686

00:24:42,470 --> 00:24:39,840

dwelling in our oceans

687

00:24:43,750 --> 00:24:42,480

that have underground cities entire

688

00:24:46,950 --> 00:24:43,760

cities that are

689

00:24:49,190 --> 00:24:46,960

deep under the ocean and of course this

690

00:24:49,669 --> 00:24:49,200

also fits with some of the data we've

691

00:24:53,510 --> 00:24:49,679

seen

692

00:24:55,750 --> 00:24:53,520

recently that discusses usos

693

00:24:57,029 --> 00:24:55,760

unidentified submersible objects that

694

00:24:59,430 --> 00:24:57,039

are coming in and out of

695

00:25:00,549 --> 00:24:59,440

water it has even been noticed

696

00:25:03,029 --> 00:25:00,559

apparently that

697

00:25:03,909 --> 00:25:03,039

objects will drop from space down into

698

00:25:06,950 --> 00:25:03,919

our atmosphere

699

00:25:08,710 --> 00:25:06,960

and then into our oceans

700

00:25:11,110 --> 00:25:08,720

and these are referred to as trans

701
00:25:13,350 --> 00:25:11,120
medium vehicles because they can

702
00:25:14,549 --> 00:25:13,360
seamlessly go back and forth between

703
00:25:17,990 --> 00:25:14,559
these different

704
00:25:19,909 --> 00:25:18,000
mediums ocean atmosphere and space

705
00:25:21,750 --> 00:25:19,919
and as luis delazondo and others have

706
00:25:25,909 --> 00:25:21,760
pointed out we don't have craft that can

707
00:25:29,590 --> 00:25:27,590
now regarding the different origin

708
00:25:32,710 --> 00:25:29,600
possibilities we discussed earlier

709
00:25:34,230 --> 00:25:32,720
one of them was the atlantis myth and of

710
00:25:36,870 --> 00:25:34,240
course i probably don't need to remind

711
00:25:40,549 --> 00:25:36,880
you that a big part of the atlantis myth

712
00:25:43,830 --> 00:25:40,559
involved a civilization that dwelt in

713
00:25:46,950 --> 00:25:43,840

vast domed cities along the

714

00:25:48,149 --> 00:25:46,960

bottom of the ocean the idea is that

715

00:25:50,230 --> 00:25:48,159

perhaps there was some sort of

716

00:25:52,310 --> 00:25:50,240

catastrophe that forced them there

717

00:25:55,350 --> 00:25:52,320

even a catastrophe of their own making

718

00:25:57,669 --> 00:25:55,360

perhaps even a technological catastrophe

719

00:26:00,230 --> 00:25:57,679

and that therefore they lived in these

720

00:26:02,310 --> 00:26:00,240

cities deep within the ocean

721

00:26:03,590 --> 00:26:02,320

of course this fits well with some of

722

00:26:04,630 --> 00:26:03,600

the data we're seeing now

723

00:26:06,710 --> 00:26:04,640

just wanted to bring that to your

724

00:26:08,470 --> 00:26:06,720

attention

725

00:26:10,789 --> 00:26:08,480

and as we've discussed on previous

726

00:26:11,909 --> 00:26:10,799

podcasts it's also possible that this

727

00:26:14,470 --> 00:26:11,919

myth has been

728

00:26:16,470 --> 00:26:14,480

revised over time especially if it

729

00:26:18,230 --> 00:26:16,480

evolved from oral traditions

730

00:26:20,149 --> 00:26:18,240

so we don't have to take this myth

731

00:26:20,870 --> 00:26:20,159

literally in terms of it being a

732

00:26:22,830 --> 00:26:20,880

completely

733

00:26:23,990 --> 00:26:22,840

accurate description of an ancient

734

00:26:26,070 --> 00:26:24,000

civilization

735

00:26:27,990 --> 00:26:26,080

but it might point to something it's

736

00:26:30,870 --> 00:26:28,000

like a signpost pointing to some

737

00:26:33,110 --> 00:26:30,880

distant period in earth's history where

738

00:26:36,149 --> 00:26:33,120

more sophisticated civilization

739

00:26:39,590 --> 00:26:36,159

lived here well before homo sapiens

740

00:26:41,190 --> 00:26:39,600

ever came on the scene and now i'd like

741

00:26:42,390 --> 00:26:41,200

to leave you with this concluding

742

00:26:44,789 --> 00:26:42,400

thought

743

00:26:46,310 --> 00:26:44,799

many of us have become fascinated even

744

00:26:48,549 --> 00:26:46,320

enthralled

745

00:26:50,430 --> 00:26:48,559

by the fact that we can now use dna

746

00:26:53,190 --> 00:26:50,440

searches through services like

747

00:26:55,909 --> 00:26:53,200

ancestry.com to find out about our

748

00:26:57,750 --> 00:26:55,919

deep genetic history we can learn about

749

00:26:59,909 --> 00:26:57,760

different geographic regions

750

00:27:01,590 --> 00:26:59,919

our ancestors came from and different

751
00:27:04,390 --> 00:27:01,600
ethnicities that make up

752
00:27:07,510 --> 00:27:04,400
who we are biologically and in terms of

753
00:27:09,190 --> 00:27:07,520
our overall identity

754
00:27:10,789 --> 00:27:09,200
now what i would like to put forward for

755
00:27:12,950 --> 00:27:10,799
your consideration is

756
00:27:15,110 --> 00:27:12,960
what if in addition to those various

757
00:27:15,750 --> 00:27:15,120
elements that make up our sense of who

758
00:27:19,029 --> 00:27:15,760
we are

759
00:27:21,269 --> 00:27:19,039
of our very identity what if one day we

760
00:27:22,310 --> 00:27:21,279
find out that there's actually a sister

761
00:27:24,870 --> 00:27:22,320
species

762
00:27:25,590 --> 00:27:24,880
on this earth at least part of the time

763
00:27:27,269 --> 00:27:25,600

these very

764

00:27:29,510 --> 00:27:27,279

ultra-terrestrials we're discussing

765
