2
00:00:14,070 --> 00:00:11,430

hello and welcome to episode number 46

3
00:00:18,150 --> 00:00:14,080

of the point of convergence podcast as

4
00:00:20,550 --> 00:00:18,160

always i am your host exo academian

5
00:00:22,630 --> 00:00:20,560

ever since the dawn of the modern era of

6
00:00:24,630 --> 00:00:22,640

flying saucers people have been

7
00:00:27,029 --> 00:00:24,640

speculating as to where these apparent

8
00:00:29,189 --> 00:00:27,039

visitors are coming from

9
00:00:31,429 --> 00:00:29,199

for decades the leading candidate in

10
00:00:34,630 --> 00:00:31,439

terms of explanations was of course the

11
00:00:36,709 --> 00:00:34,640

eth the extraterrestrial hypothesis

12
00:00:39,590 --> 00:00:36,719

which postulated that the beings

13
00:00:42,869 --> 00:00:39,600

piloting these sophisticated craft were

14

00:00:44,790 --> 00:00:42,879

from some far-flung star system perhaps

15

00:00:47,270 --> 00:00:44,800

here not so much to conquer us but

16

00:00:49,350 --> 00:00:47,280

rather to study us in the spirit of an

17

00:00:51,029 --> 00:00:49,360

ambitious intergalactic scientific

18

00:00:53,670 --> 00:00:51,039

expedition

19

00:00:55,830 --> 00:00:53,680

however as the decades moved along and

20

00:00:59,270 --> 00:00:55,840

as detailed data was gathered for the

21

00:01:01,349 --> 00:00:59,280

first time the ubiquitousness of the eth

22

00:01:03,590 --> 00:01:01,359

began to be questioned

23

00:01:05,830 --> 00:01:03,600

some of the leading experts in the field

24

00:01:08,149 --> 00:01:05,840

such as jacques vallet and his one-time

25

00:01:09,830 --> 00:01:08,159

colleague jay allen heineck early

26

00:01:11,270 --> 00:01:09,840

proponents of the extraterrestrial

27

00:01:13,350 --> 00:01:11,280

hypothesis

28

00:01:15,830 --> 00:01:13,360

later came to conclude that something

29

00:01:18,149 --> 00:01:15,840

like the interdimensional hypothesis was

30

00:01:19,830 --> 00:01:18,159

a more likely explanation for what was

31

00:01:22,390 --> 00:01:19,840

being observed

32

00:01:24,870 --> 00:01:22,400

this notion postulated that these others

33

00:01:27,910 --> 00:01:24,880

were slipping into our reality via some

34

00:01:30,230 --> 00:01:27,920

kind of portal from a parallel reality

35

00:01:31,830 --> 00:01:30,240

valley suggested these may even be the

36

00:01:34,710 --> 00:01:31,840

same creatures that humans were

37

00:01:36,630 --> 00:01:34,720

encountering in distant lore

38

00:01:39,030 --> 00:01:36,640

while these and other even more

39

00:01:40,550 --> 00:01:39,040

outlandish hypotheses are banded about

40

00:01:42,310 --> 00:01:40,560

on social media

41

00:01:44,630 --> 00:01:42,320

deep pockets of secretive government

42

00:01:47,429 --> 00:01:44,640

programs and certain corners of obscure

43

00:01:49,749 --> 00:01:47,439

academia there is another hypothesis

44

00:01:51,670 --> 00:01:49,759

that many seemingly overlook

45

00:01:53,830 --> 00:01:51,680

for those who champion this alternate

46

00:01:56,950 --> 00:01:53,840

hypothesis it is claimed that this

47

00:01:58,950 --> 00:01:56,960

hypothesis is in many ways simpler and

48

00:02:01,109 --> 00:01:58,960

exists without violating any known

49

00:02:04,149 --> 00:02:01,119

notions of physics and is thus a

50

00:02:06,230 --> 00:02:04,159

stronger candidate than its competitors

51
00:02:08,949 --> 00:02:06,240
here i speak of the so-called future

52
00:02:11,350 --> 00:02:08,959
human hypothesis the notion that these

53
00:02:13,110 --> 00:02:11,360
others or at least some of them

54
00:02:14,949 --> 00:02:13,120
represent a group of our very own

55
00:02:16,470 --> 00:02:14,959
descendants who with their more

56
00:02:19,589 --> 00:02:16,480
sophisticated technological

57
00:02:21,910 --> 00:02:19,599
understanding have mastered time travel

58
00:02:23,750 --> 00:02:21,920
allowing them to temporarily relocate to

59
00:02:26,470 --> 00:02:23,760
our time period

60
00:02:28,710 --> 00:02:26,480
now for long periods of time the common

61
00:02:30,229 --> 00:02:28,720
assumption was that these future humans

62
00:02:33,110 --> 00:02:30,239
were basically nothing more than

63
00:02:35,509 --> 00:02:33,120

spectators peering in on our existence

64

00:02:37,830 --> 00:02:35,519

the same way we might take in a period

65

00:02:40,470 --> 00:02:37,840

piece at our local cinema

66

00:02:42,150 --> 00:02:40,480

however recent details have emerged that

67

00:02:43,350 --> 00:02:42,160

call this common assumption into

68

00:02:45,430 --> 00:02:43,360

question

69

00:02:48,229 --> 00:02:45,440

in fact new revelations suggest that

70

00:02:50,869 --> 00:02:48,239

perhaps these future humans are not here

71

00:02:53,990 --> 00:02:50,879

as mere sight sightseers but rather as

72

00:02:55,990 --> 00:02:54,000

active agents in some plan to alter the

73

00:02:58,630 --> 00:02:56,000

historical timeline

74

00:03:00,790 --> 00:02:58,640

what's even more startling is that these

75

00:03:03,589 --> 00:03:00,800

notions appear not to be emerging from

76
00:03:05,670 --> 00:03:03,599
some dubious corner of social media but

77
00:03:08,390 --> 00:03:05,680
directly from within the u.s and other

78
00:03:10,790 --> 00:03:08,400
nations intelligence communities

79
00:03:12,790 --> 00:03:10,800
could this be disinformation

80
00:03:15,030 --> 00:03:12,800
the long historical record of government

81
00:03:16,390 --> 00:03:15,040
involvement in this area suggests we

82
00:03:17,830 --> 00:03:16,400
should always be wary of this

83
00:03:19,509 --> 00:03:17,840
possibility

84
00:03:21,910 --> 00:03:19,519
is this a distraction meant to throw

85
00:03:23,910 --> 00:03:21,920
enthusiasts off the true scent

86
00:03:25,910 --> 00:03:23,920
or is there something to this

87
00:03:27,990 --> 00:03:25,920
something to the notion that not just

88
00:03:31,110 --> 00:03:28,000

one but perhaps multiple different

89

00:03:33,030 --> 00:03:31,120

factions of future humans some who look

90

00:03:35,350 --> 00:03:33,040

like us and some who appeared to

91

00:03:38,710 --> 00:03:35,360

resemble the so-called graves of

92

00:03:40,789 --> 00:03:38,720

ufology's lore are here as competing

93

00:03:44,630 --> 00:03:40,799

parties each trying to manipulate the

94

00:03:46,869 --> 00:03:44,640

trajectory of our civilization's history

95

00:03:49,030 --> 00:03:46,879

what is the evidence for this and what

96

00:03:51,670 --> 00:03:49,040

relationship do these purported attempts

97

00:03:54,470 --> 00:03:51,680

at timeline interference have to do with

98

00:03:57,110 --> 00:03:54,480

a purported cataclysmic event that lies

99

00:03:58,949 --> 00:03:57,120

somewhere in our near future

100

00:04:02,470 --> 00:03:58,959

these are the very matters we'll seek to

101
00:04:06,600 --> 00:04:02,480
make sense of in this the 46th episode

102
00:04:12,550 --> 00:04:10,149
[Music]

103
00:04:14,390 --> 00:04:12,560
as we begin this week's podcast i'd just

104
00:04:16,390 --> 00:04:14,400
like to point out because there are

105
00:04:17,990 --> 00:04:16,400
likely people listening to this podcast

106
00:04:20,150 --> 00:04:18,000
for the first time

107
00:04:22,469 --> 00:04:20,160
that from my perspective the ufo

108
00:04:23,430 --> 00:04:22,479
phenomenon which we use as a convenient

109
00:04:25,749 --> 00:04:23,440
term

110
00:04:28,629 --> 00:04:25,759
actually is comprised of many different

111
00:04:30,150 --> 00:04:28,639
factors it involves different actors and

112
00:04:33,350 --> 00:04:30,160
different agendas

113
00:04:35,990 --> 00:04:33,360

it is multifaceted the various actors

114

00:04:38,469 --> 00:04:36,000

and agendas also run the gamut in terms

115

00:04:41,510 --> 00:04:38,479

of developmental levels in terms of

116

00:04:43,990 --> 00:04:41,520

levels of consciousness in other words

117

00:04:47,030 --> 00:04:44,000

also we should not confuse slash

118

00:04:49,830 --> 00:04:47,040

conflate technological sophistication

119

00:04:52,629 --> 00:04:49,840

with a high degree of consciousness

120

00:04:55,830 --> 00:04:52,639

in other words advanced technology does

121

00:04:58,230 --> 00:04:55,840

not equal advanced morality these are

122

00:04:59,909 --> 00:04:58,240

distinct lines along a spectrum of

123

00:05:02,790 --> 00:04:59,919

intelligence different kinds of

124

00:05:05,749 --> 00:05:02,800

intelligence and one can be high in one

125

00:05:07,830 --> 00:05:05,759

while being relatively lower in another

126

00:05:10,150 --> 00:05:07,840

in other words an intelligence can be

127

00:05:12,790 --> 00:05:10,160

technologically sophisticated compared

128

00:05:14,870 --> 00:05:12,800

to us but still not necessarily be

129

00:05:18,950 --> 00:05:14,880

further along in terms of consciousness

130

00:05:21,270 --> 00:05:18,960

development i.e morality and ethics

131

00:05:23,510 --> 00:05:21,280

with those distinctions aside what i'd

132

00:05:25,990 --> 00:05:23,520

like to point out now is that at one

133

00:05:28,070 --> 00:05:26,000

point we thought of the cosmos as a

134

00:05:30,150 --> 00:05:28,080

single universe and it may have been

135

00:05:33,430 --> 00:05:30,160

teeming with life in our conception

136

00:05:35,830 --> 00:05:33,440

spread across a vast measure of space

137

00:05:38,070 --> 00:05:35,840

but now physics leans towards a

138

00:05:40,150 --> 00:05:38,080

multiverse where space as we

139

00:05:41,749 --> 00:05:40,160

conventionally understand it is no

140

00:05:44,230 --> 00:05:41,759

longer an issue

141

00:05:47,270 --> 00:05:44,240

because fine membranes or even slight

142

00:05:49,909 --> 00:05:47,280

variations in frequency may be all that

143

00:05:53,270 --> 00:05:49,919

divides us from other realities that

144

00:05:55,590 --> 00:05:53,280

coexist concurrently with us and because

145

00:05:58,150 --> 00:05:55,600

of that the picture in terms of what's

146

00:06:01,110 --> 00:05:58,160

involved with the phenomenon gets much

147

00:06:03,749 --> 00:06:01,120

more interesting and much more complex

148

00:06:05,749 --> 00:06:03,759

very very quickly

149

00:06:07,909 --> 00:06:05,759

now speaking of complexity as it

150

00:06:10,309 --> 00:06:07,919

pertains to the totality of what we

151

00:06:11,670 --> 00:06:10,319

colloquially refer to as the ufo

152

00:06:14,309 --> 00:06:11,680

phenomenon

153

00:06:16,870 --> 00:06:14,319

we also recognize now that space and

154

00:06:19,110 --> 00:06:16,880

time are not distinct issues not

155

00:06:21,909 --> 00:06:19,120

distinct matters but actually an

156

00:06:24,070 --> 00:06:21,919

integrated fabric space-time

157

00:06:26,469 --> 00:06:24,080

and we have to be aware that who and

158

00:06:28,710 --> 00:06:26,479

what is interacting with us may not just

159

00:06:30,950 --> 00:06:28,720

be others from some far-flung star

160

00:06:33,189 --> 00:06:30,960

system or even others coming from a

161

00:06:35,590 --> 00:06:33,199

parallel reality though both of these

162

00:06:38,309 --> 00:06:35,600

are likely part of the total picture

163

00:06:40,710 --> 00:06:38,319

but also others coming from our reality

164

00:06:42,950 --> 00:06:40,720

but from a different time

165

00:06:45,990 --> 00:06:42,960

all it is to say part of what we may be

166

00:06:48,309 --> 00:06:46,000

dealing with are humans from the future

167

00:06:49,510 --> 00:06:48,319

intriguingly as i touched on in the

168

00:06:52,230 --> 00:06:49,520

introduction

169

00:06:55,110 --> 00:06:52,240

there is evidence that suggests this may

170

00:06:57,270 --> 00:06:55,120

indeed be part of what we're seeing

171

00:06:59,189 --> 00:06:57,280

furthermore reports from deep within the

172

00:07:01,749 --> 00:06:59,199

intelligence apparatus of the united

173

00:07:04,710 --> 00:07:01,759

states and elsewhere suggests these

174

00:07:06,710 --> 00:07:04,720

humans these neo-humans from the future

175

00:07:09,189 --> 00:07:06,720

are not merely here on a sightseeing

176

00:07:11,510 --> 00:07:09,199

voyage like we might embark upon when we

177

00:07:12,950 --> 00:07:11,520

travel to a different continent but

178

00:07:15,270 --> 00:07:12,960

rather that they are here with a

179

00:07:18,469 --> 00:07:15,280

specific intention to engage with

180

00:07:20,309 --> 00:07:18,479

affairs here in such a way as to alter

181

00:07:23,589 --> 00:07:20,319

the course of time

182

00:07:25,670 --> 00:07:23,599

effectively changing our timeline

183

00:07:27,909 --> 00:07:25,680

now if we think about timelines as

184

00:07:30,150 --> 00:07:27,919

different probabilistic outcomes from

185

00:07:32,629 --> 00:07:30,160

this point forward what we're talking

186

00:07:35,510 --> 00:07:32,639

about here are future humans or what we

187

00:07:37,029 --> 00:07:35,520

might call neo-humans who are trying to

188

00:07:39,430 --> 00:07:37,039

either ensure

189

00:07:42,950 --> 00:07:39,440

or increase the likelihood that one

190

00:07:45,189 --> 00:07:42,960

future timeline takes place over another

191

00:07:47,270 --> 00:07:45,199

to make matters even more interesting as

192

00:07:48,950 --> 00:07:47,280

i hinted at in the introduction

193

00:07:51,189 --> 00:07:48,960

reports from some of these same

194

00:07:53,189 --> 00:07:51,199

intelligence community sources suggest

195

00:07:55,589 --> 00:07:53,199

there are multiple parties from the

196

00:07:57,909 --> 00:07:55,599

future perhaps from different points in

197

00:08:01,589 --> 00:07:57,919

the future all working to change the

198

00:08:03,990 --> 00:08:01,599

course of history in one form or another

199

00:08:06,710 --> 00:08:04,000

and not surprisingly sometimes these

200

00:08:10,230 --> 00:08:06,720

agendas clash creating what one might

201

00:08:12,390 --> 00:08:10,240

call a cold timeline war i say cold

202

00:08:15,270 --> 00:08:12,400

because like the cold war between the

203

00:08:17,110 --> 00:08:15,280

soviets and the us and its allies where

204

00:08:18,629 --> 00:08:17,120

no weapons of mass destruction were

205

00:08:20,869 --> 00:08:18,639

actually used

206

00:08:23,430 --> 00:08:20,879

here this war may be occurring right

207

00:08:24,550 --> 00:08:23,440

under our noses without us being any the

208

00:08:26,550 --> 00:08:24,560

wiser

209

00:08:29,189 --> 00:08:26,560

and that's because of course for those

210

00:08:31,990 --> 00:08:29,199

living in the present it is largely

211

00:08:34,550 --> 00:08:32,000

undetectable when an event triggers one

212

00:08:36,469 --> 00:08:34,560

timeline over another

213

00:08:38,949 --> 00:08:36,479

and as if this weren't already enough to

214

00:08:41,750 --> 00:08:38,959

keep track of reports from some of these

215

00:08:44,389 --> 00:08:41,760

same deeply placed intelligence sources

216

00:08:47,509 --> 00:08:44,399

suggest these warring factions of future

217

00:08:48,790 --> 00:08:47,519

humans may primarily be here to alter

218

00:08:51,030 --> 00:08:48,800

our future

219

00:08:54,470 --> 00:08:51,040

as it pertains to a particular

220

00:08:57,030 --> 00:08:54,480

cataclysmic event that lies apparently

221

00:08:59,829 --> 00:08:57,040

in our not very distant future

222

00:09:01,990 --> 00:08:59,839

and when i say not very distant future

223

00:09:04,389 --> 00:09:02,000

we're actually talking about an event

224

00:09:06,829 --> 00:09:04,399

less than a decade away i've heard as

225

00:09:09,190 --> 00:09:06,839

little as five or six years even

226

00:09:10,870 --> 00:09:09,200

potentially more specifically it has

227

00:09:12,870 --> 00:09:10,880

been claimed that one or more of these

228

00:09:15,269 --> 00:09:12,880

groups who are presently aligned with

229

00:09:17,990 --> 00:09:15,279

some within the intelligence apparatus

230

00:09:20,550 --> 00:09:18,000

who are aware of this common calamity

231

00:09:23,430 --> 00:09:20,560

are here to help us either prepare or

232

00:09:25,269 --> 00:09:23,440

prevent this event from happening

233

00:09:27,590 --> 00:09:25,279

and on the other side of the equation

234

00:09:29,430 --> 00:09:27,600

there apparently exists a group or

235

00:09:32,150 --> 00:09:29,440

groups who actually want this

236

00:09:34,150 --> 00:09:32,160

cataclysmic event to take place as it

237

00:09:35,750 --> 00:09:34,160

brings about a timeline that ensures

238

00:09:37,670 --> 00:09:35,760

their existence

239

00:09:39,990 --> 00:09:37,680

the beings from this group you may be

240

00:09:41,509 --> 00:09:40,000

interested to learn supposedly fit the

241

00:09:44,630 --> 00:09:41,519

description of what are commonly

242

00:09:46,630 --> 00:09:44,640

referred to as the graves

243

00:09:49,030 --> 00:09:46,640

yes indeed this suggests that at least

244

00:09:52,870 --> 00:09:49,040

in part at least one group of what we

245

00:09:54,949 --> 00:09:52,880

call the graves maybe us from the future

246

00:09:57,030 --> 00:09:54,959

because they supposedly arise from the

247

00:09:59,430 --> 00:09:57,040

ashes of this apocalypse they are

248

00:10:01,590 --> 00:09:59,440

genetically impoverished in some ways

249

00:10:04,150 --> 00:10:01,600

and have evolved differently because of

250

00:10:06,389 --> 00:10:04,160

the distinctly different conditions on

251

00:10:08,310 --> 00:10:06,399

the earth at their time

252

00:10:10,870 --> 00:10:08,320

for instance when the energy of the sun

253

00:10:13,350 --> 00:10:10,880

has been largely blocked giving rise to

254

00:10:15,030 --> 00:10:13,360

their pale skin and their large eyes

255

00:10:21,750 --> 00:10:15,040

meant to suck up whatever diminished

256

00:10:26,230 --> 00:10:23,829

now on the other hand the group or

257

00:10:29,269 --> 00:10:26,240

groups working with us to prevent this

258

00:10:31,509 --> 00:10:29,279

apocalyptic event supposedly look almost

259

00:10:33,190 --> 00:10:31,519

identical to us so much so that you

260

00:10:35,990 --> 00:10:33,200

wouldn't think anything if you were to

261

00:10:38,069 --> 00:10:36,000

pass one on the street tomorrow

262

00:10:40,710 --> 00:10:38,079

now in terms of understanding the nature

263

00:10:43,350 --> 00:10:40,720

of the supposed coming cataclysm there

264

00:10:45,430 --> 00:10:43,360

are different reports surfacing

265

00:10:47,590 --> 00:10:45,440

and this is supposedly because there is

266

00:10:49,509 --> 00:10:47,600

some unclarity within the intelligence

267

00:10:51,670 --> 00:10:49,519

community itself

268

00:10:54,870 --> 00:10:51,680

the general sense is that the calamity

269

00:10:57,350 --> 00:10:54,880

will be of one of two types nuclear or

270

00:10:58,949 --> 00:10:57,360

environmental or perhaps a combination

271

00:11:01,430 --> 00:10:58,959

of the two

272

00:11:03,430 --> 00:11:01,440

in terms of the nuclear threat potential

273

00:11:04,870 --> 00:11:03,440

this would not be difficult to imagine

274

00:11:06,949 --> 00:11:04,880

because of course

275

00:11:09,269 --> 00:11:06,959

numerous nations around the world now

276

00:11:11,350 --> 00:11:09,279

possess nuclear arsenals

277

00:11:13,430 --> 00:11:11,360

we know there are likely enough nukes

278

00:11:15,110 --> 00:11:13,440

sitting in silos and elsewhere to

279

00:11:17,829 --> 00:11:15,120

effectively destroy most of our

280

00:11:19,430 --> 00:11:17,839

civilization and much of the biosphere

281

00:11:21,829 --> 00:11:19,440

along with it

282

00:11:25,190 --> 00:11:21,839

a key piece of this potential puzzle is

283

00:11:27,350 --> 00:11:25,200

to clear demonstrable historical data

284

00:11:30,550 --> 00:11:27,360

showing that some of these others aboard

285

00:11:33,110 --> 00:11:30,560

ufos have repeatedly manipulated the

286

00:11:35,269 --> 00:11:33,120

function of our nuclear warheads

287

00:11:37,030 --> 00:11:35,279

in one of the most startling cases in

288

00:11:39,910 --> 00:11:37,040

1964

289

00:11:42,790 --> 00:11:39,920

ex-us air force first lieutenant robert

290

00:11:44,389 --> 00:11:42,800

jacobs alleged a craft resembling a

291

00:11:46,630 --> 00:11:44,399

flying saucer

292

00:11:49,750 --> 00:11:46,640

circled a dummy warhead during a flight

293

00:11:52,389 --> 00:11:49,760

test in california off of big sur

294

00:11:54,870 --> 00:11:52,399

and this ufo fired four beams of light

295

00:11:56,389 --> 00:11:54,880

at this nuclear missile and brought it

296

00:11:58,310 --> 00:11:56,399

down

297

00:12:00,629 --> 00:11:58,320

in other words it has been well

298

00:12:03,509 --> 00:12:00,639

established that these others are very

299

00:12:05,590 --> 00:12:03,519

interested in our nuclear weapons

300

00:12:08,230 --> 00:12:05,600

now some will claim that those bringing

301
00:12:10,550 --> 00:12:08,240
attention to these weapons are doing so

302
00:12:12,389 --> 00:12:10,560
to warn us from keeping them

303
00:12:14,710 --> 00:12:12,399
sending us a coded message that these

304
00:12:15,910 --> 00:12:14,720
weapons pose a massive risk to our

305
00:12:17,590 --> 00:12:15,920
survival

306
00:12:19,829 --> 00:12:17,600
and of course some people have received

307
00:12:21,269 --> 00:12:19,839
telepathic messages to this effect as

308
00:12:23,590 --> 00:12:21,279
well

309
00:12:25,750 --> 00:12:23,600
it is also possible of course that some

310
00:12:28,470 --> 00:12:25,760
of these manipulations of our nuclear

311
00:12:29,910 --> 00:12:28,480
arsenal were meant as a test run in the

312
00:12:31,750 --> 00:12:29,920
alternate sense

313
00:12:34,069 --> 00:12:31,760

meaning they were testing to see if they

314

00:12:36,389 --> 00:12:34,079

could arm and launch them at a moment's

315

00:12:40,069 --> 00:12:36,399

notice via some advanced remote

316

00:12:42,310 --> 00:12:40,079

technology they clearly already possess

317

00:12:45,190 --> 00:12:42,320

the other potential source for this near

318

00:12:46,310 --> 00:12:45,200

future calamity is more environmental in

319

00:12:48,470 --> 00:12:46,320

nature

320

00:12:51,269 --> 00:12:48,480

now some have suggested this may have to

321

00:12:53,110 --> 00:12:51,279

do with some unpredictable result of the

322

00:12:54,710 --> 00:12:53,120

global warming we're already seeing

323

00:12:56,550 --> 00:12:54,720

evidence of

324

00:12:59,269 --> 00:12:56,560

but truth be told this is somewhat

325

00:13:02,150 --> 00:12:59,279

difficult to imagine in terms of this

326

00:13:04,870 --> 00:13:02,160

being a truly civilization ending event

327

00:13:06,710 --> 00:13:04,880

because it's difficult at present anyway

328

00:13:08,870 --> 00:13:06,720

to imagine what kind of direct

329

00:13:11,110 --> 00:13:08,880

implication of climate change would

330

00:13:12,949 --> 00:13:11,120

result in a cataclysm of the immense

331

00:13:16,550 --> 00:13:12,959

nature being described

332

00:13:18,629 --> 00:13:16,560

in the period of about 10 years or less

333

00:13:20,870 --> 00:13:18,639

a third possibility may of course be

334

00:13:22,629 --> 00:13:20,880

something environmental in terms of an

335

00:13:24,470 --> 00:13:22,639

object from space

336

00:13:27,350 --> 00:13:24,480

that either impacts with the earth

337

00:13:29,750 --> 00:13:27,360

directly allah the dinosaurs

338

00:13:32,230 --> 00:13:29,760

or impacts us indirectly

339

00:13:34,310 --> 00:13:32,240

by for instance flying so close to the

340

00:13:37,110 --> 00:13:34,320

earth that it causes a massive

341

00:13:39,350 --> 00:13:37,120

electromagnetic pulse disrupting our

342

00:13:41,110 --> 00:13:39,360

power grid to the nth degree

343

00:13:43,189 --> 00:13:41,120

to the point where it would in the worst

344

00:13:45,590 --> 00:13:43,199

case scenario effectively set our

345

00:13:48,470 --> 00:13:45,600

civilization back decades and bring

346

00:13:51,110 --> 00:13:48,480

about a massive economic collapse unlike

347

00:13:53,430 --> 00:13:51,120

anything ever seen

348

00:13:56,069 --> 00:13:53,440

so again just to be clear the different

349

00:13:56,949 --> 00:13:56,079

kinds of cataclysm that might be on the

350

00:13:59,430 --> 00:13:56,959

table

351

00:14:01,990 --> 00:13:59,440

include an environmental collapse of

352

00:14:03,990 --> 00:14:02,000

some sort perhaps as a result of global

353

00:14:06,470 --> 00:14:04,000

warming or something else

354

00:14:08,550 --> 00:14:06,480

a nuclear attack or something of that

355

00:14:10,629 --> 00:14:08,560

nature or some combination of an

356

00:14:11,590 --> 00:14:10,639

environmental disaster and a nuclear

357

00:14:13,670 --> 00:14:11,600

attack

358

00:14:15,910 --> 00:14:13,680

and there's also the possibility that

359

00:14:18,230 --> 00:14:15,920

this could involve some object from

360

00:14:20,389 --> 00:14:18,240

space creating an economic and

361

00:14:23,110 --> 00:14:20,399

environmental catastrophe

362

00:14:25,430 --> 00:14:23,120

maybe not by direct impact but for

363

00:14:27,990 --> 00:14:25,440

instance by immersing the earth in so

364

00:14:31,030 --> 00:14:28,000

much energy that it basically fries like

365

00:14:32,629 --> 00:14:31,040

a circuit our entire techno-economic

366

00:14:34,550 --> 00:14:32,639

structure

367

00:14:37,430 --> 00:14:34,560

now of course one element of the

368

00:14:40,150 --> 00:14:37,440

historical ufo phenomenon that drives

369

00:14:43,030 --> 00:14:40,160

enthusiasts crazy is how the government

370

00:14:45,110 --> 00:14:43,040

has responded to it the massive

371

00:14:48,790 --> 00:14:45,120

government cover-up that's existed for

372

00:14:51,350 --> 00:14:48,800

decades going back 75 or 80 years

373

00:14:54,389 --> 00:14:51,360

now some would suggest that this might

374

00:14:56,310 --> 00:14:54,399

partially explain some of that secrecy

375

00:14:58,710 --> 00:14:56,320

if it's true that some of what's

376

00:15:01,189 --> 00:14:58,720

involved here is neo-humans from the

377

00:15:03,750 --> 00:15:01,199

future coming back in an attempt to

378

00:15:06,389 --> 00:15:03,760

change the timeline and if it's possible

379

00:15:08,470 --> 00:15:06,399

that knowledge of that might increase

380

00:15:10,790 --> 00:15:08,480

the likelihood that that could happen

381

00:15:12,710 --> 00:15:10,800

then you might understand the secrecy

382

00:15:14,550 --> 00:15:12,720

again that's a stretch but at least it's

383

00:15:16,790 --> 00:15:14,560

a possibility

384

00:15:19,590 --> 00:15:16,800

of course what does make sense is the

385

00:15:22,150 --> 00:15:19,600

notion that if this calamity is coming

386

00:15:24,230 --> 00:15:22,160

if this cataclysm is on the horizon so

387

00:15:26,389 --> 00:15:24,240

to speak then of course you can

388

00:15:29,509 --> 00:15:26,399

understand why that would be kept secret

389

00:15:32,069 --> 00:15:29,519

because to let it out would induce

390

00:15:33,910 --> 00:15:32,079

mass panic i don't see how there's any

391

00:15:36,470 --> 00:15:33,920

other way to look at it

392

00:15:39,110 --> 00:15:36,480

people do not respond well to a pandemic

393

00:15:41,590 --> 00:15:39,120

clearly now imagine telling the global

394

00:15:43,110 --> 00:15:41,600

population that something like an

395

00:15:45,350 --> 00:15:43,120

environmental collapse is going to

396

00:15:47,030 --> 00:15:45,360

happen or a nuclear disaster or

397

00:15:49,189 --> 00:15:47,040

something from space is going to

398

00:15:52,150 --> 00:15:49,199

massively impact the earth in a way that

399

00:15:54,069 --> 00:15:52,160

we cannot prevent as far as we know or

400

00:15:56,870 --> 00:15:54,079

even the possibility that it's very

401
00:15:59,590 --> 00:15:56,880
unlikely that we can prevent it any of

402
00:16:02,790 --> 00:15:59,600
those scenarios if described to the

403
00:16:05,509 --> 00:16:02,800
general public would not go down well it

404
00:16:07,670 --> 00:16:05,519
would cause mass panic and in that sense

405
00:16:10,069 --> 00:16:07,680
i could understand why they would keep

406
00:16:12,949 --> 00:16:10,079
this secret that would be a justifiable

407
00:16:14,470 --> 00:16:12,959
action at that point were this to be

408
00:16:16,150 --> 00:16:14,480
true

409
00:16:19,269 --> 00:16:16,160
now that i've described the general

410
00:16:22,150 --> 00:16:19,279
thrust of this hypothesis and not just

411
00:16:24,550 --> 00:16:22,160
the hypothesis but the supposed actual

412
00:16:26,949 --> 00:16:24,560
events this may be tied to i'd now like

413
00:16:28,230 --> 00:16:26,959

to discuss some of my sources for this

414

00:16:29,910 --> 00:16:28,240
information

415

00:16:32,310 --> 00:16:29,920
one of the people i talked to was

416

00:16:33,430 --> 00:16:32,320
investigative australian journalist ross

417

00:16:35,590 --> 00:16:33,440
coulthart

418

00:16:38,230 --> 00:16:35,600
now ross has spoken about this

419

00:16:39,990 --> 00:16:38,240
hypothesis this eventuality this

420

00:16:42,949 --> 00:16:40,000
information he's received from his

421

00:16:45,189 --> 00:16:42,959
sources on other podcasts as well in

422

00:16:47,590 --> 00:16:45,199
fact on one podcast he was quoted as

423

00:16:50,470 --> 00:16:47,600
saying quote there is a real mood of

424

00:16:53,110 --> 00:16:50,480
apocalypse officially there is a fear

425

00:16:54,230 --> 00:16:53,120
that to make this public is to change a

426
00:16:56,870 --> 00:16:54,240
timeline

427
00:17:00,069 --> 00:16:56,880
an effort by a future civilization to

428
00:17:02,150 --> 00:17:00,079
stop a catastrophe unquote

429
00:17:04,069 --> 00:17:02,160
now again when i spoke with ross he

430
00:17:07,110 --> 00:17:04,079
confirmed that he has heard this from

431
00:17:09,990 --> 00:17:07,120
his sources more than one within u.s

432
00:17:11,909 --> 00:17:10,000
intelligence now being the seasoned

433
00:17:14,230 --> 00:17:11,919
trusted investigative journalist that

434
00:17:17,189 --> 00:17:14,240
ross is he's obviously not going to

435
00:17:19,270 --> 00:17:17,199
reveal details about his sources i

436
00:17:22,309 --> 00:17:19,280
didn't ask him for their names nor would

437
00:17:24,069 --> 00:17:22,319
he give them to me if i were to ask but

438
00:17:26,949 --> 00:17:24,079

again he made it clear that they are

439

00:17:28,950 --> 00:17:26,959

embedded within u.s intelligence circles

440

00:17:30,710 --> 00:17:28,960

he also made clear that he has had a

441

00:17:33,909 --> 00:17:30,720

long-standing relationship with these

442

00:17:36,710 --> 00:17:33,919

sources and up until now he's never

443

00:17:38,390 --> 00:17:36,720

known them to deceive him of course that

444

00:17:41,110 --> 00:17:38,400

might have happened without him knowing

445

00:17:43,350 --> 00:17:41,120

but as far as he can tell whatever intel

446

00:17:44,789 --> 00:17:43,360

he's received from them in the past has

447

00:17:46,070 --> 00:17:44,799

panned out

448

00:17:48,150 --> 00:17:46,080

now of course there's always a

449

00:17:50,470 --> 00:17:48,160

possibility of a coordinated

450

00:17:52,950 --> 00:17:50,480

disinformation campaign coming from

451
00:17:55,830 --> 00:17:52,960
higher up which would make these sources

452
00:17:57,669 --> 00:17:55,840
mere pawns in some larger play that's

453
00:18:00,630 --> 00:17:57,679
always a possibility but in terms of

454
00:18:03,510 --> 00:18:00,640
these specific sources ross trusts them

455
00:18:05,669 --> 00:18:03,520
and he's never known them to deceive him

456
00:18:07,990 --> 00:18:05,679
he's pushed them for details but they

457
00:18:10,230 --> 00:18:08,000
stick to this story

458
00:18:13,029 --> 00:18:10,240
now another source that i spoke to about

459
00:18:15,270 --> 00:18:13,039
this story was frank milburn

460
00:18:17,110 --> 00:18:15,280
now as some of you may know frank

461
00:18:19,830 --> 00:18:17,120
appeared on the show called the

462
00:18:22,310 --> 00:18:19,840
unidentified celebrity review and first

463
00:18:24,630 --> 00:18:22,320

disclosed this information there

464

00:18:27,590 --> 00:18:24,640

talking about again the supposed issue

465

00:18:28,390 --> 00:18:27,600

with time travelers future humans coming

466

00:18:31,510 --> 00:18:28,400

back

467

00:18:33,990 --> 00:18:31,520

multiple factions of humans in fact each

468

00:18:36,230 --> 00:18:34,000

with a different agenda and trying to

469

00:18:39,190 --> 00:18:36,240

adjust the timeline to suit their

470

00:18:41,669 --> 00:18:39,200

purposes now frank milburn has also

471

00:18:43,830 --> 00:18:41,679

written a couple of excellent position

472

00:18:45,990 --> 00:18:43,840

papers that i would highly recommend you

473

00:18:48,870 --> 00:18:46,000

read one of them is titled american

474

00:18:50,390 --> 00:18:48,880

development of uap technology a fate on

475

00:18:52,789 --> 00:18:50,400

complete

476

00:18:53,990 --> 00:18:52,799

again this is an excellent paper it is

477

00:18:55,590 --> 00:18:54,000

highly pertinent to what we're

478

00:18:58,310 --> 00:18:55,600

discussing today

479

00:19:00,630 --> 00:18:58,320

because it discusses tic tac technology

480

00:19:03,669 --> 00:19:00,640

the perspective of physicist jack

481

00:19:06,710 --> 00:19:03,679

sarfati revealing and pertinent quotes

482

00:19:09,270 --> 00:19:06,720

from luella zondo etc i will get into

483

00:19:11,270 --> 00:19:09,280

the details of why tic tac technology

484

00:19:13,590 --> 00:19:11,280

may be relevant to this discussion

485

00:19:15,990 --> 00:19:13,600

shortly but again i highly recommend you

486

00:19:18,310 --> 00:19:16,000

read both of frank's papers they are

487

00:19:21,590 --> 00:19:18,320

pertinent to this discussion i'd also

488

00:19:24,390 --> 00:19:21,600

like to add that frank has said quote my

489

00:19:27,590 --> 00:19:24,400

sources who claim to be read in say

490

00:19:29,110 --> 00:19:27,600

greys and future humans who look like us

491

00:19:33,029 --> 00:19:29,120

are manipulating the various

492

00:19:37,590 --> 00:19:33,039

contemporary human factions usa russia

493

00:19:39,750 --> 00:19:37,600

china etc to further their ends unquote

494

00:19:41,830 --> 00:19:39,760

and to clarify when frank spoke to me

495

00:19:44,070 --> 00:19:41,840

about this and gave me that quote when

496

00:19:47,029 --> 00:19:44,080

he refers to graves there he's referring

497

00:19:48,510 --> 00:19:47,039

to the graves who are these neo-humans

498

00:19:50,789 --> 00:19:48,520

from the future

499

00:19:53,110 --> 00:19:50,799

post-apocalypse and of course what he

500

00:19:55,750 --> 00:19:53,120

said was highly relevant because it

501
00:19:58,390 --> 00:19:55,760
suggests that this degree of control the

502
00:20:00,630 --> 00:19:58,400
degree of manipulation is also happening

503
00:20:03,990 --> 00:20:00,640
at the governmental level across

504
00:20:06,310 --> 00:20:04,000
numerous nations around the world

505
00:20:08,710 --> 00:20:06,320
now it's also important to note that

506
00:20:11,190 --> 00:20:08,720
while numerous governments appear to be

507
00:20:14,230 --> 00:20:11,200
manipulated in some way by these

508
00:20:16,870 --> 00:20:14,240
different factions of future humans time

509
00:20:19,909 --> 00:20:16,880
traveling into our present evidence also

510
00:20:22,549 --> 00:20:19,919
suggests a highly compartmentalized ufo

511
00:20:24,710 --> 00:20:22,559
slash time traveler control group

512
00:20:27,110 --> 00:20:24,720
outside the regular intelligence

513
00:20:29,590 --> 00:20:27,120

community and outside the military chain

514

00:20:31,909 --> 00:20:29,600

of command there are apparently people

515

00:20:33,669 --> 00:20:31,919

plugged in to that chain of command and

516

00:20:36,230 --> 00:20:33,679

plugged in with the air force and

517

00:20:38,149 --> 00:20:36,240

aerospace institutes etc who know

518

00:20:40,470 --> 00:20:38,159

nothing about this so again this

519

00:20:41,830 --> 00:20:40,480

suggests a highly compartmentalized

520

00:20:44,549 --> 00:20:41,840

group

521

00:20:47,750 --> 00:20:44,559

now to be clear just like with ross

522

00:20:49,909 --> 00:20:47,760

frank has sources embedded within u.s

523

00:20:52,390 --> 00:20:49,919

and british intelligence who have told

524

00:20:54,470 --> 00:20:52,400

him these things furthermore like ross

525

00:20:56,630 --> 00:20:54,480

he has had a long-standing relationship

526
00:20:58,710 --> 00:20:56,640
with these sources and has no reason to

527
00:21:00,870 --> 00:20:58,720
believe they are deceiving him or

528
00:21:03,270 --> 00:21:00,880
misleading him in any way

529
00:21:05,750 --> 00:21:03,280
even more interestingly the sense is

530
00:21:07,909 --> 00:21:05,760
that there is a faction within the

531
00:21:10,070 --> 00:21:07,919
intelligence community that wants this

532
00:21:13,510 --> 00:21:10,080
information to get out and it's through

533
00:21:16,710 --> 00:21:13,520
people like ross and frank that this

534
00:21:18,549 --> 00:21:16,720
intention is being acted upon i also

535
00:21:20,789 --> 00:21:18,559
think it's important to note that

536
00:21:23,590 --> 00:21:20,799
apparently frank sources are not the

537
00:21:25,669 --> 00:21:23,600
same as ross's sources so we have now

538
00:21:27,669 --> 00:21:25,679

multiple sources within the intelligence

539

00:21:28,870 --> 00:21:27,679

communities who are confirming these

540

00:21:30,870 --> 00:21:28,880

details

541

00:21:33,510 --> 00:21:30,880

that's important because i've heard some

542

00:21:36,230 --> 00:21:33,520

skeptics of this view suggest perhaps

543

00:21:38,549 --> 00:21:36,240

one rogue agent within the intelligence

544

00:21:40,390 --> 00:21:38,559

community is the one who's actually

545

00:21:42,149 --> 00:21:40,400

putting forward this information and it

546

00:21:44,310 --> 00:21:42,159

may be a hoax or something just to

547

00:21:46,549 --> 00:21:44,320

distract but what i'm saying here is

548

00:21:48,710 --> 00:21:46,559

that there are multiple sources across

549

00:21:51,430 --> 00:21:48,720

different agencies who are confirming

550

00:21:53,510 --> 00:21:51,440

these details now again while a

551
00:21:55,750 --> 00:21:53,520
disinformation campaign is always

552
00:21:58,710 --> 00:21:55,760
possible this would be a massive

553
00:22:00,630 --> 00:21:58,720
coordinated disinformation campaign

554
00:22:03,510 --> 00:22:00,640
which of course leads one to ask the

555
00:22:06,230 --> 00:22:03,520
question to what end why would this kind

556
00:22:07,430 --> 00:22:06,240
of coordinated disinformation campaign

557
00:22:09,430 --> 00:22:07,440
exist

558
00:22:12,390 --> 00:22:09,440
is it perhaps to distract from some

559
00:22:14,070 --> 00:22:12,400
other truth possibly potentially but

560
00:22:16,310 --> 00:22:14,080
either way this is something we should

561
00:22:17,990 --> 00:22:16,320
pay attention to

562
00:22:19,830 --> 00:22:18,000
i'd also like to offer a point of

563
00:22:21,909 --> 00:22:19,840

clarity here because i want to be

564

00:22:24,710 --> 00:22:21,919

accurate in what i relay in both the

565

00:22:27,350 --> 00:22:24,720

case of frank and ross i was told that

566

00:22:29,830 --> 00:22:27,360

the two possibilities are environmental

567

00:22:30,630 --> 00:22:29,840

or nuclear or some combination of the

568

00:22:32,310 --> 00:22:30,640

two

569

00:22:33,510 --> 00:22:32,320

both of them have heard that from their

570

00:22:37,110 --> 00:22:33,520

sources

571

00:22:38,470 --> 00:22:37,120

a third source i spoke to who is xcia

572

00:22:40,630 --> 00:22:38,480

talked about the possibility of

573

00:22:43,190 --> 00:22:40,640

something more atmospheric like an

574

00:22:45,029 --> 00:22:43,200

object from space a large asteroid

575

00:22:47,590 --> 00:22:45,039

passing by the possibility of

576
00:22:50,390 --> 00:22:47,600
electromagnetic pulse that could cause

577
00:22:54,149 --> 00:22:50,400
massive disruption etc

578
00:22:56,950 --> 00:22:54,159
he also this xcia source suggested that

579
00:22:59,669 --> 00:22:56,960
space force was actually formed either

580
00:23:02,390 --> 00:22:59,679
partially or wholly with the intention

581
00:23:03,750 --> 00:23:02,400
of dealing with this future calamity

582
00:23:06,549 --> 00:23:03,760
that there is knowledge that something

583
00:23:08,470 --> 00:23:06,559
is going to happen in space in close

584
00:23:11,110 --> 00:23:08,480
proximity to the earth and that the

585
00:23:14,390 --> 00:23:11,120
space force has partly been put in place

586
00:23:16,789 --> 00:23:14,400
to deal with that eventuality

587
00:23:18,789 --> 00:23:16,799
now earlier i mentioned that the tic-tac

588
00:23:19,909 --> 00:23:18,799

technology may be relevant to this

589

00:23:21,750 --> 00:23:19,919

discussion

590

00:23:23,590 --> 00:23:21,760

i'd like to move to why that may be the

591

00:23:26,149 --> 00:23:23,600

case now

592

00:23:29,270 --> 00:23:26,159

now very interestingly in referring to

593

00:23:31,110 --> 00:23:29,280

tic tac technology luis elizondo said

594

00:23:33,750 --> 00:23:31,120

the following quote

595

00:23:35,190 --> 00:23:33,760

the bottom line is we came really far in

596

00:23:37,430 --> 00:23:35,200

understanding there were some

597

00:23:40,789 --> 00:23:37,440

interesting commonalities whether we're

598

00:23:43,029 --> 00:23:40,799

talking about uap discs or cigar shapes

599

00:23:45,190 --> 00:23:43,039

or triangle shapes we had some

600

00:23:47,750 --> 00:23:45,200

scientists and mathematicians looking at

601
00:23:50,070 --> 00:23:47,760
this and i think we are a lot closer now

602
00:23:52,070 --> 00:23:50,080
to understanding the potential physics

603
00:23:54,870 --> 00:23:52,080
behind these things than we ever have

604
00:23:57,190 --> 00:23:54,880
been before i cannot go into detail of

605
00:23:59,190 --> 00:23:57,200
what that is and what that looks like

606
00:24:02,149 --> 00:23:59,200
but i think we are a lot closer to that

607
00:24:03,590 --> 00:24:02,159
prize than most people think

608
00:24:05,190 --> 00:24:03,600
it turns out that a lot of the

609
00:24:07,909 --> 00:24:05,200
observations we've seen from

610
00:24:10,310 --> 00:24:07,919
instantaneous acceleration hypersonic

611
00:24:12,549 --> 00:24:10,320
velocities low observability

612
00:24:15,590 --> 00:24:12,559
trans-medium travel and of course the

613
00:24:17,510 --> 00:24:15,600

positive lift or anti-gravity for many

614

00:24:18,789 --> 00:24:17,520

years we looked at these we tried to

615

00:24:20,789 --> 00:24:18,799

figure out each one of these

616

00:24:23,669 --> 00:24:20,799

observations from the perspective of

617

00:24:25,669 --> 00:24:23,679

some sort of exotic technology and one

618

00:24:27,909 --> 00:24:25,679

of the findings from atip was that it

619

00:24:30,470 --> 00:24:27,919

may very well be that all of these

620

00:24:33,669 --> 00:24:30,480

observables are actually a result of the

621

00:24:36,070 --> 00:24:33,679

manifestation of a single technology and

622

00:24:38,549 --> 00:24:36,080

if you know how to do x all of these

623

00:24:40,789 --> 00:24:38,559

other things can now occur so that was a

624

00:24:42,870 --> 00:24:40,799

crossing of the river moment for us it

625

00:24:45,830 --> 00:24:42,880

was very exciting for us and it turned

626
00:24:49,430 --> 00:24:45,840
out that the math worked and same with

627
00:24:51,669 --> 00:24:49,440
some of the scientific models unquote

628
00:24:54,230 --> 00:24:51,679
now that quote of luis elizondo was

629
00:24:55,909 --> 00:24:54,240
included in frank milburn's paper that i

630
00:24:59,350 --> 00:24:55,919
referenced earlier

631
00:25:02,149 --> 00:24:59,360
frank also talked to jack sarfati

632
00:25:04,470 --> 00:25:02,159
about his perspective on tic tac tech

633
00:25:06,390 --> 00:25:04,480
and what sarfati has to say becomes very

634
00:25:07,909 --> 00:25:06,400
relevant to this discussion

635
00:25:10,549 --> 00:25:07,919
but first of all let me quote what he

636
00:25:12,789 --> 00:25:10,559
responded to frank when asked about this

637
00:25:14,870 --> 00:25:12,799
technology quote

638
00:25:18,070 --> 00:25:14,880

there is no acceleration and no

639

00:25:20,549 --> 00:25:18,080

hypersonic velocity in tic tac tech

640

00:25:22,789 --> 00:25:20,559

tic tac stands still relative to its

641

00:25:25,590 --> 00:25:22,799

local gravity field in weightless free

642

00:25:28,549 --> 00:25:25,600

float it's the space around it that is

643

00:25:31,430 --> 00:25:28,559

warping so that it appears like instant

644

00:25:34,470 --> 00:25:31,440

acceleration and hypersonic velocity to

645

00:25:36,950 --> 00:25:34,480

outside observers like commander fravor

646

00:25:39,750 --> 00:25:36,960

using electromagnetic wave signals

647

00:25:42,310 --> 00:25:39,760

coming from the warp field it is in john

648

00:25:45,190 --> 00:25:42,320

archibald wheeler's terms acceleration

649

00:25:48,710 --> 00:25:45,200

without acceleration hypersonic velocity

650

00:25:51,190 --> 00:25:48,720

without hypersonic velocity unquote

651
00:25:54,549 --> 00:25:51,200
now in this paper frank milburn also

652
00:25:56,630 --> 00:25:54,559
asked both eric davis and jack sarfati

653
00:25:58,870 --> 00:25:56,640
their perspective on the feasibility of

654
00:26:01,669 --> 00:25:58,880
the u.s actually producing something

655
00:26:02,870 --> 00:26:01,679
like tic tac technology how long would

656
00:26:05,750 --> 00:26:02,880
that take

657
00:26:08,149 --> 00:26:05,760
according to frank's paper quote dr eric

658
00:26:10,950 --> 00:26:08,159
davis has repeatedly posited the year

659
00:26:13,110 --> 00:26:10,960
2050 as the forward-looking point for

660
00:26:16,390 --> 00:26:13,120
understanding the advanced physics and

661
00:26:19,110 --> 00:26:16,400
engineering unquote sarfati on the other

662
00:26:20,950 --> 00:26:19,120
hand proposed a much earlier date he

663
00:26:24,710 --> 00:26:20,960

suggested this could be done in three to

664

00:26:26,630 --> 00:26:24,720

five years but only if you had massive

665

00:26:28,950 --> 00:26:26,640

funding something like a manhattan

666

00:26:31,830 --> 00:26:28,960

project level funding and the best

667

00:26:33,590 --> 00:26:31,840

experts in the field working on this and

668

00:26:35,430 --> 00:26:33,600

clearly at this point that does not seem

669

00:26:37,110 --> 00:26:35,440

to be happening again this is still a

670

00:26:38,390 --> 00:26:37,120

very compartmentalized knowledge

671

00:26:40,870 --> 00:26:38,400

altogether

672

00:26:43,269 --> 00:26:40,880

but the point is as sarfati has pointed

673

00:26:45,669 --> 00:26:43,279

out in other interviews on numerous

674

00:26:47,590 --> 00:26:45,679

occasions he believes the theoretical

675

00:26:49,269 --> 00:26:47,600

physics have been worked out we

676
00:26:52,149 --> 00:26:49,279
understand the physics behind how the

677
00:26:54,149 --> 00:26:52,159
tic tacs work how flying saucers work

678
00:26:56,470 --> 00:26:54,159
it's all within our current

679
00:26:59,269 --> 00:26:56,480
understanding of physics nothing exotic

680
00:27:01,990 --> 00:26:59,279
there from sarfati's point of view the

681
00:27:03,750 --> 00:27:02,000
challenge is in the actual engineering

682
00:27:06,630 --> 00:27:03,760
and specifically in the engineering of

683
00:27:09,750 --> 00:27:06,640
the meta materials that are able to

684
00:27:12,149 --> 00:27:09,760
compound and massively magnify

685
00:27:14,149 --> 00:27:12,159
electromagnetic energy so as to create a

686
00:27:16,390 --> 00:27:14,159
gravitational effect that you can

687
00:27:19,269 --> 00:27:16,400
channel to the fuselage of something

688
00:27:21,350 --> 00:27:19,279

like a tic tac and then actually warp

689

00:27:23,190 --> 00:27:21,360

space-time and as he mentioned in the

690

00:27:25,350 --> 00:27:23,200

previous quote you're not actually

691

00:27:27,669 --> 00:27:25,360

moving through space you exist in a

692

00:27:29,669 --> 00:27:27,679

localized bubble of space and that of

693

00:27:32,630 --> 00:27:29,679

course explains why tic tacs can

694

00:27:34,549 --> 00:27:32,640

accelerate suddenly instantaneously they

695

00:27:36,630 --> 00:27:34,559

can drop fifty thousand feet in a

696

00:27:38,870 --> 00:27:36,640

heartbeat and why they can make ninety

697

00:27:41,750 --> 00:27:38,880

degree turns without the g forces

698

00:27:43,830 --> 00:27:41,760

crushing the craft or the beings inside

699

00:27:45,830 --> 00:27:43,840

it's because they exist in localized

700

00:27:48,230 --> 00:27:45,840

space time and again according to

701
00:27:51,029 --> 00:27:48,240
sarfati the theoretical physics are

702
00:27:53,430 --> 00:27:51,039
completely understood the challenge is

703
00:27:55,510 --> 00:27:53,440
the engineering feats that are necessary

704
00:27:57,590 --> 00:27:55,520
to get the metamaterials to the point

705
00:27:59,350 --> 00:27:57,600
where they can work in the way the

706
00:28:01,750 --> 00:27:59,360
physics describes

707
00:28:06,149 --> 00:28:01,760
but let us key in on what eric davis

708
00:28:09,029 --> 00:28:06,159
said again he said 2050 was the likely

709
00:28:11,909 --> 00:28:09,039
target for when we could produce this

710
00:28:14,630 --> 00:28:11,919
now if we are talking about human beings

711
00:28:16,789 --> 00:28:14,640
coming back different factions after

712
00:28:19,430 --> 00:28:16,799
some supposed cataclysm that's supposed

713
00:28:23,269 --> 00:28:19,440

to happen within the next 10 years then

714

00:28:25,830 --> 00:28:23,279

2050 could very well be the time period

715

00:28:28,310 --> 00:28:25,840

that uses time travel to come back into

716

00:28:30,710 --> 00:28:28,320

our era to try and manipulate the

717

00:28:32,870 --> 00:28:30,720

timeline in other words the implication

718

00:28:35,350 --> 00:28:32,880

here is that this could very well be

719

00:28:38,310 --> 00:28:35,360

future human tech and not even distant

720

00:28:40,870 --> 00:28:38,320

future tech within a few decades human

721

00:28:42,950 --> 00:28:40,880

beings likely develop this technology

722

00:28:45,430 --> 00:28:42,960

and those could be the very people the

723

00:28:47,750 --> 00:28:45,440

very groups that are coming back to

724

00:28:52,149 --> 00:28:47,760

affect timelines because of some

725

00:28:54,789 --> 00:28:52,159

cataclysm that exists in our near future

726

00:28:57,830 --> 00:28:54,799

now at this point i would be remiss to

727

00:29:00,389 --> 00:28:57,840

discuss this topic to discuss potential

728

00:29:03,510 --> 00:29:00,399

future humans time traveling back to our

729

00:29:06,470 --> 00:29:03,520

present in vehicles like tic tacs and

730

00:29:09,110 --> 00:29:06,480

discussing jack sarfati without also

731

00:29:11,510 --> 00:29:09,120

mentioning what jack sorfati has claimed

732

00:29:15,350 --> 00:29:11,520

regarding his childhood

733

00:29:19,029 --> 00:29:15,360

the long and short of it is that in 1953

734

00:29:21,990 --> 00:29:19,039

jack sarfati believes he was visited by

735

00:29:24,710 --> 00:29:22,000

a tic tac which was basically conscious

736

00:29:27,669 --> 00:29:24,720

ai a conscious computer

737

00:29:29,430 --> 00:29:27,679

and that this intelligence informed him

738

00:29:31,750 --> 00:29:29,440

that he was going to be involved in a

739

00:29:33,669 --> 00:29:31,760

kind of time loop connected to the

740

00:29:36,389 --> 00:29:33,679

future which would result in the

741

00:29:39,190 --> 00:29:36,399

eventuality that tic tac tech would be

742

00:29:41,110 --> 00:29:39,200

developed now on this podcast before

743

00:29:43,669 --> 00:29:41,120

we've discussed channeling we've

744

00:29:46,710 --> 00:29:43,679

discussed downloads we've discussed how

745

00:29:49,590 --> 00:29:46,720

human beings have repeatedly mentioned

746

00:29:51,750 --> 00:29:49,600

receiving downloads basically from other

747

00:29:54,389 --> 00:29:51,760

intelligences giving them information

748

00:29:56,230 --> 00:29:54,399

they did not previously have

749

00:29:58,710 --> 00:29:56,240

that's basically exactly what jack

750

00:30:01,510 --> 00:29:58,720

sarfati is saying here he's not just

751
00:30:04,230 --> 00:30:01,520
saying that a supposed conscious ai tic

752
00:30:06,549 --> 00:30:04,240
tac visited him in 1953

753
00:30:08,789 --> 00:30:06,559
he's also saying that he was somehow

754
00:30:12,230 --> 00:30:08,799
changed by this event and that this

755
00:30:15,190 --> 00:30:12,240
actually precipitated his interest and

756
00:30:17,590 --> 00:30:15,200
pursuit of theoretical physics so you

757
00:30:20,549 --> 00:30:17,600
see it all comes around in a kind of

758
00:30:23,029 --> 00:30:20,559
time loop now interestingly while most

759
00:30:25,110 --> 00:30:23,039
people think of time in a linear sense

760
00:30:27,590 --> 00:30:25,120
and think that it progresses that way

761
00:30:29,510 --> 00:30:27,600
all the time in every case there is

762
00:30:32,389 --> 00:30:29,520
actually evidence suggesting that time

763
00:30:34,870 --> 00:30:32,399

loops may actually be real this may be a

764

00:30:36,789 --> 00:30:34,880

function of space time the details of

765

00:30:39,350 --> 00:30:36,799

that are too much to get into in this

766

00:30:41,110 --> 00:30:39,360

podcast based on the time we have left

767

00:30:43,750 --> 00:30:41,120

but i just wanted to point out that what

768

00:30:45,590 --> 00:30:43,760

sarfati is saying has been supported

769

00:30:47,590 --> 00:30:45,600

elsewhere and of course it's very

770

00:30:49,510 --> 00:30:47,600

interesting if it is the case that

771

00:30:52,149 --> 00:30:49,520

sarfati was visited by this kind of

772

00:30:55,269 --> 00:30:52,159

conscious ai which was humans from the

773

00:30:58,149 --> 00:30:55,279

future he was told that to be clear he

774

00:31:00,870 --> 00:30:58,159

was told this technology represented the

775

00:31:03,110 --> 00:31:00,880

technology of future humanity and that

776

00:31:05,430 --> 00:31:03,120

he was being recruited in a kind of time

777

00:31:08,950 --> 00:31:05,440

loop to create the eventuality where

778

00:31:11,190 --> 00:31:08,960

tic-tac-tech was developed complex but

779

00:31:14,310 --> 00:31:11,200

highly fascinating and potentially

780

00:31:16,710 --> 00:31:14,320

highly relevant to this discussion today

781

00:31:19,269 --> 00:31:16,720

now i understand that to many jack

782

00:31:21,669 --> 00:31:19,279

sarfati is a controversial figure that's

783

00:31:24,710 --> 00:31:21,679

certainly the case but he certainly is a

784

00:31:26,950 --> 00:31:24,720

brilliant mind a world-class physicist

785

00:31:29,110 --> 00:31:26,960

and someone who clearly understands the

786

00:31:30,950 --> 00:31:29,120

matters of which he speaks and i would

787

00:31:33,190 --> 00:31:30,960

also remind you that as i mentioned

788

00:31:35,750 --> 00:31:33,200

earlier quoting from frank milburn's

789

00:31:38,789 --> 00:31:35,760

paper dr eric davis mentioned that

790

00:31:42,070 --> 00:31:38,799

tic-tac technology is capable of being

791

00:31:43,590 --> 00:31:42,080

reproduced by us within a few decades

792

00:31:46,470 --> 00:31:43,600

and if you remember from the quote from

793

00:31:48,710 --> 00:31:46,480

luis elizondo he clearly implied we are

794

00:31:51,190 --> 00:31:48,720

closer to the end goal than many people

795

00:31:53,590 --> 00:31:51,200

realize again while the applied

796

00:31:56,310 --> 00:31:53,600

technology is still a ways away the

797

00:31:59,509 --> 00:31:56,320

theoretical physics describing how this

798

00:32:01,509 --> 00:31:59,519

would work already exist as sarfati is

799

00:32:02,950 --> 00:32:01,519

saying

800

00:32:05,269 --> 00:32:02,960

so what are your thoughts do you think

801
00:32:07,350 --> 00:32:05,279
this hypothesis holds its weight do you

802
00:32:09,509 --> 00:32:07,360
think the evidence we've discussed today

803
00:32:12,389 --> 00:32:09,519
supports the notion that part of what

804
00:32:15,190 --> 00:32:12,399
may be going on with the ufo phenomenon

805
00:32:17,029 --> 00:32:15,200
involves human beings from the future

806
00:32:20,630 --> 00:32:17,039
and not even the distant future but

807
00:32:22,470 --> 00:32:20,640
perhaps a future within the 21st century

808
00:32:24,470 --> 00:32:22,480
it's potentially part of the puzzle

809
00:32:26,710 --> 00:32:24,480
anyway from my perspective

810
00:32:28,870 --> 00:32:26,720
i'd have to admit that prior to coming

811
00:32:31,830 --> 00:32:28,880
across this evidence and speaking to my

812
00:32:33,430 --> 00:32:31,840
sources i wasn't very sold on this idea

813
00:32:36,789 --> 00:32:33,440

it wasn't high on my list of

814

00:32:38,710 --> 00:32:36,799

possibilities to explain any or all of

815

00:32:41,590 --> 00:32:38,720

the ufo phenomenon

816

00:32:45,350 --> 00:32:41,600

now it is at least on my radar it's one

817

00:32:47,909 --> 00:32:45,360

piece of a very large and complex puzzle

818

00:32:50,549 --> 00:32:47,919

which i still believe involves multiple

819

00:32:52,789 --> 00:32:50,559

actors multiple agendas

820

00:32:55,509 --> 00:32:52,799

i'll close by quoting from john

821

00:32:58,310 --> 00:32:55,519

alexander who said that quote even if

822

00:33:02,070 --> 00:32:58,320

they understood tic tac tic tac would be

823

00:33:04,310 --> 00:33:02,080

one variant of thousands unquote

824

00:33:06,470 --> 00:33:04,320

that is to say again this is a very

825

00:33:08,630 --> 00:33:06,480

complicated picture we do it a

826

00:33:10,549 --> 00:33:08,640

disservice when we try to reduce it to

827

00:33:13,110 --> 00:33:10,559

one thing

828

00:33:14,789 --> 00:33:13,120

and on that note we've come to the close

829

00:33:17,190 --> 00:33:14,799

of another edition of the point of

830

00:33:19,630 --> 00:33:17,200

convergence podcast if you'd like to
