2  
00:00:06,960 --> 00:00:13,200  
so

3  
00:00:13,210 --> 00:00:22,790  
[Music]

4  
00:00:28,150 --> 00:00:25,910  
welcome back to liminal frames

5  
00:00:30,390 --> 00:00:28,160  
this is episode four of the show and we

6  
00:00:32,549 --> 00:00:30,400  
are super glad to have you listening

7  
00:00:34,470 --> 00:00:32,559  
with us we hope that you

8  
00:00:35,830 --> 00:00:34,480  
have a coffee or tea or beverage of your

9  
00:00:38,549 --> 00:00:35,840  
choice and

10  
00:00:41,030 --> 00:00:38,559  
are here to enjoy this conversation

11  
00:00:43,190 --> 00:00:41,040  
we don't take for granted that uh you

12  
00:00:45,430 --> 00:00:43,200  
are listening to us and and

13  
00:00:48,470 --> 00:00:45,440

participating with us in this journey

14

00:00:51,670 --> 00:00:48,480

i'm your host nathan and i'm joined by

15

00:00:53,590 --> 00:00:51,680

my co-host exo academian xo

16

00:00:56,150 --> 00:00:53,600

how you doing

17

00:00:58,310 --> 00:00:56,160

i'm doing quite well thank you and um

18

00:01:00,549 --> 00:00:58,320

looking forward to to digging into a

19

00:01:02,069 --> 00:01:00,559

topic that's bigger than we can possibly

20

00:01:03,029 --> 00:01:02,079

handle in 90 minutes but we'll give it a

21

00:01:04,070 --> 00:01:03,039

shot

22

00:01:05,670 --> 00:01:04,080

i think we're going to solve it i'm

23

00:01:06,950 --> 00:01:05,680

pretty confident we'll just uh crack

24

00:01:09,910 --> 00:01:06,960

this

25

00:01:13,350 --> 00:01:09,920

total synthesis

26

00:01:16,749 --> 00:01:13,360

many have tried uh all have failed um

27

00:01:20,070 --> 00:01:16,759

yes so the topic for today's show is on

28

00:01:23,190 --> 00:01:20,080

disclosure and what that means so

29

00:01:25,510 --> 00:01:23,200

no small topic at all uh we will do our

30

00:01:27,350 --> 00:01:25,520

best to cover as much as we can

31

00:01:29,429 --> 00:01:27,360

in this hour and a half

32

00:01:31,030 --> 00:01:29,439

um but like all our shows we're hoping

33

00:01:32,950 --> 00:01:31,040

that this sparks uh additional

34

00:01:35,590 --> 00:01:32,960

conversation we're hoping that uh this

35

00:01:37,510 --> 00:01:35,600

gets you thinking and get gets you to

36

00:01:38,789 --> 00:01:37,520

want to participate i can say for me

37

00:01:41,510 --> 00:01:38,799

personally one of the things i enjoy the

38

00:01:43,190 --> 00:01:41,520

most about our show and our audience is

39

00:01:45,670 --> 00:01:43,200

reading the comments that people leave

40

00:01:47,510 --> 00:01:45,680

on youtube about the show or seeing what

41

00:01:49,429 --> 00:01:47,520

people say about it on twitter

42

00:01:51,270 --> 00:01:49,439

we read every single one of those things

43

00:01:52,950 --> 00:01:51,280

we think about them and and we very much

44

00:01:54,950 --> 00:01:52,960

want to incorporate

45

00:01:57,109 --> 00:01:54,960

you know audience questions and thoughts

46

00:01:58,230 --> 00:01:57,119

into the shows that we're doing

47

00:02:02,789 --> 00:01:58,240

so looking forward to hearing what

48

00:02:06,950 --> 00:02:04,550

so exo

49

00:02:08,949 --> 00:02:06,960

disclosure capital d disclosure

50

00:02:10,869 --> 00:02:08,959

let's unpack this a little bit uh where

51  
00:02:13,030 --> 00:02:10,879  
do we even start with this what's a good

52  
00:02:14,390 --> 00:02:13,040  
place to begin if we were to kick this

53  
00:02:16,390 --> 00:02:14,400  
off

54  
00:02:18,630 --> 00:02:16,400  
well uh just what you said there made me

55  
00:02:21,030 --> 00:02:18,640  
think that it's it's helpful to

56  
00:02:22,790 --> 00:02:21,040  
distinguish capital d disclosure from

57  
00:02:23,510 --> 00:02:22,800  
small d disclosure

58  
00:02:25,670 --> 00:02:23,520  
um

59  
00:02:27,030 --> 00:02:25,680  
you know when we say capital d i think

60  
00:02:29,510 --> 00:02:27,040  
we mean

61  
00:02:31,430 --> 00:02:29,520  
like world changing you know like

62  
00:02:34,390 --> 00:02:31,440  
you know bc and ad kind of thing you

63  
00:02:36,550 --> 00:02:34,400

know it's like after disclosure um

64

00:02:39,670 --> 00:02:36,560

in fact i think richard dolan did a book

65

00:02:41,670 --> 00:02:39,680

playing on that um the notion that

66

00:02:43,910 --> 00:02:41,680

the world will be changed forever our

67

00:02:47,030 --> 00:02:43,920

civilization will never be the same

68

00:02:49,110 --> 00:02:47,040

once this is acknowledged publicly

69

00:02:51,350 --> 00:02:49,120

that we are not alone

70

00:02:52,710 --> 00:02:51,360

there we are being visited by others and

71

00:02:54,550 --> 00:02:52,720

perhaps even more so they've been

72

00:02:56,070 --> 00:02:54,560

interacting with us perhaps even shaping

73

00:02:58,149 --> 00:02:56,080

our civilization

74

00:02:59,670 --> 00:02:58,159

what have you um

75

00:03:01,350 --> 00:02:59,680

it's a huge topic

76

00:03:03,030 --> 00:03:01,360

i think i think it's important to get

77

00:03:04,470 --> 00:03:03,040

into because

78

00:03:05,910 --> 00:03:04,480

many people have different assumptions

79

00:03:07,589 --> 00:03:05,920

about it you know some people are

80

00:03:08,630 --> 00:03:07,599

convinced that the government knows a

81

00:03:12,070 --> 00:03:08,640

lot

82

00:03:14,149 --> 00:03:12,080

and um maybe even our you know only

83

00:03:16,550 --> 00:03:14,159

holding back because they want to retain

84

00:03:18,790 --> 00:03:16,560

their power over society kind of like a

85

00:03:21,110 --> 00:03:18,800

marxist kind of perspective you know

86

00:03:23,430 --> 00:03:21,120

and uh so the weak people don't get to

87

00:03:25,910 --> 00:03:23,440

hear about it and they know everything

88

00:03:27,830 --> 00:03:25,920

everything from that perspective down to

89

00:03:31,030 --> 00:03:27,840

this is so complex

90

00:03:32,229 --> 00:03:31,040

and so paradigm shattering that

91

00:03:33,750 --> 00:03:32,239

even the government doesn't really know

92

00:03:36,070 --> 00:03:33,760

what's going on and what they're most

93

00:03:37,990 --> 00:03:36,080

terrified about is the public learning

94

00:03:39,830 --> 00:03:38,000

about this and then realizing they don't

95

00:03:42,869 --> 00:03:39,840

really know how to handle it or stop it

96

00:03:45,830 --> 00:03:42,879

or respond to it either so that's a huge

97

00:03:47,990 --> 00:03:45,840

spectrum and uh we'll get into where we

98

00:03:49,509 --> 00:03:48,000

think things really stand but that's an

99

00:03:51,670 --> 00:03:49,519

interesting perspective to begin on

100

00:03:53,750 --> 00:03:51,680

because again what people think

101  
00:03:55,030 --> 00:03:53,760  
disclosure entails really depends on the

102  
00:03:57,190 --> 00:03:55,040  
individual

103  
00:03:58,630 --> 00:03:57,200  
absolutely yeah well what he said right

104  
00:04:02,309 --> 00:03:58,640  
there just made me jump right to the

105  
00:04:04,309 --> 00:04:02,319  
fact that you know we cannot

106  
00:04:06,949 --> 00:04:04,319  
take ourselves out of the world in which

107  
00:04:09,830 --> 00:04:06,959  
we live we we're grounded in a world

108  
00:04:11,830 --> 00:04:09,840  
that is incredibly large that is

109  
00:04:13,110 --> 00:04:11,840  
highly interconnected

110  
00:04:14,390 --> 00:04:13,120  
there are many

111  
00:04:17,110 --> 00:04:14,400  
geopolitical

112  
00:04:19,430 --> 00:04:17,120  
forces at work in all of our lives that

113  
00:04:21,270 --> 00:04:19,440

that have an influence over over how we

114

00:04:24,469 --> 00:04:21,280

live from from day to day

115

00:04:27,030 --> 00:04:24,479

and it's it's not being hyperbolic to

116

00:04:29,430 --> 00:04:27,040

say that these state actors of which we

117

00:04:31,030 --> 00:04:29,440

are apart have information and knowledge

118

00:04:32,790 --> 00:04:31,040

that we don't have

119

00:04:35,510 --> 00:04:32,800

uh this is just a fact

120

00:04:38,150 --> 00:04:35,520

and so it's not too hard for us to and

121

00:04:40,150 --> 00:04:38,160

to see why people would jump from that

122

00:04:43,189 --> 00:04:40,160

that truth which i think we can all

123

00:04:45,830 --> 00:04:43,199

agree on to these other sort of

124

00:04:47,510 --> 00:04:45,840

grander kind of conspiratorial thoughts

125

00:04:49,830 --> 00:04:47,520

about

126

00:04:51,670 --> 00:04:49,840

how much they know and and why they

127

00:04:53,749 --> 00:04:51,680

would keep it secret and as you

128

00:04:56,390 --> 00:04:53,759

mentioned this exertion of control over

129

00:04:58,790 --> 00:04:56,400

the population because a dumb population

130

00:05:01,350 --> 00:04:58,800

is just is just more docile and easy to

131

00:05:03,830 --> 00:05:01,360

uh to wrangle um you know

132

00:05:07,189 --> 00:05:03,840

that's in and of itself a very sort of

133

00:05:08,790 --> 00:05:07,199

nice and neat and tidy narrative about

134

00:05:10,390 --> 00:05:08,800

uh state power

135

00:05:12,150 --> 00:05:10,400

that i think

136

00:05:14,070 --> 00:05:12,160

we've just been we've been born into

137

00:05:15,590 --> 00:05:14,080

we've inherited that and that's that's

138

00:05:18,469 --> 00:05:15,600

kind of the landscape that we find

139

00:05:20,150 --> 00:05:18,479

ourselves so i i one of the

140

00:05:23,350 --> 00:05:20,160

reasons why i want to tackle this topic

141

00:05:26,550 --> 00:05:23,360

is really i think to try to expose

142

00:05:28,230 --> 00:05:26,560

some of these notions generally because

143

00:05:30,070 --> 00:05:28,240

examining them

144

00:05:31,590 --> 00:05:30,080

and and walking through their

145

00:05:33,909 --> 00:05:31,600

implications

146

00:05:36,070 --> 00:05:33,919

kind of takes a ah

147

00:05:38,469 --> 00:05:36,080

takes away some of their

148

00:05:40,629 --> 00:05:38,479

um

149

00:05:43,350 --> 00:05:40,639

over power you know that there there's

150

00:05:44,550 --> 00:05:43,360

this notion that um

151  
00:05:46,469 --> 00:05:44,560  
you know you're we're all just kind of

152  
00:05:48,790 --> 00:05:46,479  
led along by

153  
00:05:50,710 --> 00:05:48,800  
this great big you know nanny stage or

154  
00:05:52,550 --> 00:05:50,720  
whatever and and just as just one

155  
00:05:54,070 --> 00:05:52,560  
example and by holding that out and

156  
00:05:55,990 --> 00:05:54,080  
saying well is that really the case is

157  
00:05:58,550 --> 00:05:56,000  
it really the case that there's this you

158  
00:06:01,350 --> 00:05:58,560  
know sort of highly coordinated cabal of

159  
00:06:04,150 --> 00:06:01,360  
evil leaders that are you know doing xyz

160  
00:06:06,629 --> 00:06:04,160  
when we know that many governments are

161  
00:06:08,309 --> 00:06:06,639  
composed of our neighbors uh and and

162  
00:06:10,230 --> 00:06:08,319  
their children and you know it's it's

163  
00:06:11,510 --> 00:06:10,240

much more complicated than that so

164

00:06:14,150 --> 00:06:11,520

that's one of the ways that i look at

165

00:06:16,070 --> 00:06:14,160

this as a as an opportunity for us to

166

00:06:18,790 --> 00:06:16,080

uh you know kind of lay bear some of

167

00:06:20,550 --> 00:06:18,800

these assumptions that we have about

168

00:06:22,950 --> 00:06:20,560

uh who's in control or who has

169

00:06:25,189 --> 00:06:22,960

information and really ask ourselves is

170

00:06:27,029 --> 00:06:25,199

that right is that really how it is

171

00:06:29,830 --> 00:06:27,039

are these kinds of are these assumptions

172

00:06:31,749 --> 00:06:29,840

fair to place on top of these government

173

00:06:33,909 --> 00:06:31,759

actors

174

00:06:36,710 --> 00:06:33,919

yeah good point and i think you know we

175

00:06:38,230 --> 00:06:36,720

we should probably start with um

176

00:06:40,710 --> 00:06:38,240

talking about that what do we mean by

177

00:06:42,870 --> 00:06:40,720

the government right when we say

178

00:06:44,550 --> 00:06:42,880

what does the government know first of

179

00:06:47,270 --> 00:06:44,560

all when we just like when we say the

180

00:06:49,270 --> 00:06:47,280

ufo phenomenon right you know how much i

181

00:06:50,790 --> 00:06:49,280

am on this thing about probably multiple

182

00:06:53,350 --> 00:06:50,800

actors multiple

183

00:06:55,430 --> 00:06:53,360

sources agendas etc

184

00:06:57,909 --> 00:06:55,440

well in the same way we can't treat the

185

00:06:58,790 --> 00:06:57,919

government as this monolithic term

186

00:07:00,870 --> 00:06:58,800

uh

187

00:07:03,029 --> 00:07:00,880

it's grouped by like you said our

188

00:07:05,110 --> 00:07:03,039

neighbors coming from a variety of world

189

00:07:06,790 --> 00:07:05,120

views and backgrounds and perspectives

190

00:07:08,950 --> 00:07:06,800

and biases

191

00:07:11,350 --> 00:07:08,960

but also government is full of different

192

00:07:12,469 --> 00:07:11,360

organizations um

193

00:07:14,070 --> 00:07:12,479

and

194

00:07:15,909 --> 00:07:14,080

on top of that you know a lot of it's

195

00:07:18,629 --> 00:07:15,919

there's a lot of stove typing stove

196

00:07:20,950 --> 00:07:18,639

piping that goes on this sort of siloing

197

00:07:22,309 --> 00:07:20,960

of information where one group won't

198

00:07:24,870 --> 00:07:22,319

necessarily know what another group

199

00:07:26,550 --> 00:07:24,880

knows and that's especially in the top

200

00:07:29,189 --> 00:07:26,560

secret world and that's done for

201  
00:07:31,350 --> 00:07:29,199  
security reasons that you are more

202  
00:07:34,230 --> 00:07:31,360  
likely to be able to hold on to secrets

203  
00:07:36,230 --> 00:07:34,240  
and not have your adversaries we're

204  
00:07:37,830 --> 00:07:36,240  
talking geopolitically

205  
00:07:40,150 --> 00:07:37,840  
get access to information when you're

206  
00:07:40,950 --> 00:07:40,160  
really careful about compartmentalizing

207  
00:07:47,270 --> 00:07:40,960  
it

208  
00:07:49,589 --> 00:07:47,280  
complex as the ufo phenomenon and hide

209  
00:07:51,510 --> 00:07:49,599  
strangeness and paranormality

210  
00:07:53,589 --> 00:07:51,520  
something as complex as that it gets

211  
00:07:55,029 --> 00:07:53,599  
very difficult to make sense of it when

212  
00:07:57,909 --> 00:07:55,039  
you've got these little silos of

213  
00:07:59,510 --> 00:07:57,919

information that have little bits of the

214

00:08:02,070 --> 00:07:59,520

data but not all of it

215

00:08:03,029 --> 00:08:02,080

um and on top of that you just get you

216

00:08:07,909 --> 00:08:03,039

know

217

00:08:09,270 --> 00:08:07,919

dmv and try to get anything done in a

218

00:08:10,790 --> 00:08:09,280

timely manner

219

00:08:12,390 --> 00:08:10,800

we sometimes forget that that's the

220

00:08:15,029 --> 00:08:12,400

government too when we say the

221

00:08:16,150 --> 00:08:15,039

government dmv is the government right

222

00:08:18,230 --> 00:08:16,160

so

223

00:08:20,070 --> 00:08:18,240

a lot of it is uh

224

00:08:22,390 --> 00:08:20,080

some people that are not paid terribly

225

00:08:25,189 --> 00:08:22,400

well that are overworked that feel under

226

00:08:28,550 --> 00:08:25,199

appreciated uh and on top of that they

227

00:08:30,710 --> 00:08:28,560

exist in these silos uh you know and

228

00:08:33,269 --> 00:08:30,720

and on top of that you know another

229

00:08:36,469 --> 00:08:33,279

challenge is we hear about

230

00:08:38,949 --> 00:08:36,479

some of the the secrets uh have been

231

00:08:40,790 --> 00:08:38,959

moved into the private sector right and

232

00:08:43,110 --> 00:08:40,800

so when we say what does the government

233

00:08:45,509 --> 00:08:43,120

know sometimes what we're really saying

234

00:08:47,509 --> 00:08:45,519

is what did the government know at some

235

00:08:49,110 --> 00:08:47,519

point and then pass it off to the

236

00:08:50,550 --> 00:08:49,120

private sector because

237

00:08:51,990 --> 00:08:50,560

as we've learned those of us who've

238

00:08:53,509 --> 00:08:52,000

looked into this

239

00:08:55,910 --> 00:08:53,519

some of the people in the private sector

240

00:08:57,750 --> 00:08:55,920

researchers there have higher security

241

00:08:59,509 --> 00:08:57,760

clearances than the people supposedly in

242

00:09:01,670 --> 00:08:59,519

governmental positions

243

00:09:03,350 --> 00:09:01,680

so perhaps the secret keepers are in

244

00:09:05,829 --> 00:09:03,360

those places and that's why i say what

245

00:09:08,230 --> 00:09:05,839

do we mean by the government because

246

00:09:10,070 --> 00:09:08,240

some of the the really deep secrets and

247

00:09:12,389 --> 00:09:10,080

the highest degree of knowledge might be

248

00:09:15,350 --> 00:09:12,399

in those private corporations uh even

249

00:09:17,590 --> 00:09:15,360

hal put off in his his recent discussion

250

00:09:19,910 --> 00:09:17,600

with eric weinstein uh talked about that

251  
00:09:22,949 --> 00:09:19,920  
you know that that yes there are even

252  
00:09:26,230 --> 00:09:22,959  
perhaps scientific breakthroughs that

253  
00:09:28,389 --> 00:09:26,240  
exist only in private corporations which

254  
00:09:31,590 --> 00:09:28,399  
should make our blood boil

255  
00:09:33,670 --> 00:09:31,600  
seems like capitalism run amok

256  
00:09:34,829 --> 00:09:33,680  
but that may very well be the case for a

257  
00:09:37,910 --> 00:09:34,839  
lot of these

258  
00:09:39,110 --> 00:09:37,920  
matters yeah definitely and i

259  
00:09:41,990 --> 00:09:39,120  
you know i also want to look at this

260  
00:09:44,389 --> 00:09:42,000  
from the standpoint of

261  
00:09:46,230 --> 00:09:44,399  
you know sort of responsibilities um and

262  
00:09:48,870 --> 00:09:46,240  
just have a mature conversation about

263  
00:09:50,790 --> 00:09:48,880

that perspective as well so

264

00:09:52,550 --> 00:09:50,800

you know if you if you're a parent and

265

00:09:54,150 --> 00:09:52,560

you know if you have children uh if

266

00:09:57,030 --> 00:09:54,160

you've ever worked with children in any

267

00:09:59,670 --> 00:09:57,040

way you know you recognize that

268

00:10:01,190 --> 00:09:59,680

being the adult in that relationship you

269

00:10:02,790 --> 00:10:01,200

know you have some sort of default

270

00:10:05,829 --> 00:10:02,800

responsibilities

271

00:10:08,550 --> 00:10:05,839

uh to ensure that those children

272

00:10:10,710 --> 00:10:08,560

you know don't hurt themselves that they

273

00:10:11,829 --> 00:10:10,720

you know don't harm each other

274

00:10:13,590 --> 00:10:11,839

and

275

00:10:16,389 --> 00:10:13,600

you know as much as we don't like to use

276

00:10:17,350 --> 00:10:16,399

this as an example as a metaphor for the

277

00:10:19,670 --> 00:10:17,360

state

278

00:10:22,710 --> 00:10:19,680

it's just a fact that

279

00:10:25,910 --> 00:10:22,720

we have organized ourselves in this way

280

00:10:28,630 --> 00:10:25,920

we have uh we have moved beyond uh sort

281

00:10:29,750 --> 00:10:28,640

of our our small tribal

282

00:10:32,230 --> 00:10:29,760

collective

283

00:10:33,910 --> 00:10:32,240

uh situation and we've aggregated into

284

00:10:35,750 --> 00:10:33,920

these much larger

285

00:10:38,150 --> 00:10:35,760

units that they themselves have their

286

00:10:41,590 --> 00:10:38,160

own sort of structures and systems and

287

00:10:44,230 --> 00:10:41,600

and desires if you will uh and and uh

288

00:10:46,630 --> 00:10:44,240

you know self-perpetuating systems

289

00:10:49,030 --> 00:10:46,640

uh that these things have a

290

00:10:51,829 --> 00:10:49,040

responsibility even though it is not

291

00:10:54,069 --> 00:10:51,839

situated in a singular kind of agency

292

00:10:56,389 --> 00:10:54,079

like like i have a responsibility over

293

00:10:59,670 --> 00:10:56,399

my children but these institutions have

294

00:11:01,910 --> 00:10:59,680

a responsibility to care for

295

00:11:03,590 --> 00:11:01,920

the citizenry of which they are in

296

00:11:05,350 --> 00:11:03,600

charge and that is just a fact whether

297

00:11:07,110 --> 00:11:05,360

we like it or not that's the that's the

298

00:11:08,550 --> 00:11:07,120

world in which we live

299

00:11:11,269 --> 00:11:08,560

and i think

300

00:11:13,190 --> 00:11:11,279

one of the alluring things about

301

00:11:17,990 --> 00:11:13,200

this push for disclosure

302

00:11:21,110 --> 00:11:18,000

is this underlying drive to dismantle

303

00:11:24,150 --> 00:11:21,120

that construct itself you know to say i

304

00:11:26,470 --> 00:11:24,160

am no longer going to be uh you know

305

00:11:27,430 --> 00:11:26,480

sort of kept in the dark we are going to

306

00:11:29,350 --> 00:11:27,440

flatten

307

00:11:31,190 --> 00:11:29,360

the pyramid we are going to give

308

00:11:33,590 --> 00:11:31,200

everyone the information all will be

309

00:11:36,550 --> 00:11:33,600

transparent all will be known and i will

310

00:11:39,430 --> 00:11:36,560

not be treated like a child any longer

311

00:11:41,430 --> 00:11:39,440

and i think while that feels uh very

312

00:11:42,949 --> 00:11:41,440

good and i think you know as a thinking

313

00:11:45,269 --> 00:11:42,959

adult it's like yes i should be

314

00:11:48,150 --> 00:11:45,279

justified in wanting that at the same

315

00:11:50,389 --> 00:11:48,160

time i think we have to be very honest

316

00:11:53,670 --> 00:11:50,399

with ourselves that in order to live in

317

00:11:55,430 --> 00:11:53,680

a world that is not all on the same page

318

00:11:57,190 --> 00:11:55,440

uh that there are you know just

319

00:11:58,150 --> 00:11:57,200

different distinct societies with

320

00:11:59,190 --> 00:11:58,160

different

321

00:12:02,389 --> 00:11:59,200

aims

322

00:12:04,389 --> 00:12:02,399

uh we we rely on our governments to act

323

00:12:06,470 --> 00:12:04,399

in our interests do those do those

324

00:12:09,670 --> 00:12:06,480

actions always align with our interests

325

00:12:12,069 --> 00:12:09,680

no absolutely not but we do rely on them

326

00:12:14,389 --> 00:12:12,079

to act in our interests for the most

327

00:12:17,190 --> 00:12:14,399

part so that our way of living and

328

00:12:20,069 --> 00:12:17,200

society continues and that plays a role

329

00:12:21,910 --> 00:12:20,079

in this conversation and it has to

330

00:12:23,829 --> 00:12:21,920

i totally agree and i think you know we

331

00:12:26,629 --> 00:12:23,839

can get into in a little bit

332

00:12:29,030 --> 00:12:26,639

what we actually think they know they

333

00:12:31,990 --> 00:12:29,040

but i agree with you that it is it is a

334

00:12:34,310 --> 00:12:32,000

complex matter because um

335

00:12:35,990 --> 00:12:34,320

not only do they have this sense of

336

00:12:38,949 --> 00:12:36,000

responsibility

337

00:12:41,030 --> 00:12:38,959

but we have kind of uh laid that on to

338

00:12:42,710 --> 00:12:41,040

them as well you know like we might not

339

00:12:46,389 --> 00:12:42,720

be conscious of that all the time not

340

00:12:49,110 --> 00:12:46,399

cognizant of it but really we're like we

341

00:12:51,990 --> 00:12:49,120

want progress we want truth

342

00:12:53,910 --> 00:12:52,000

but don't take away my two cars don't

343

00:12:56,470 --> 00:12:53,920

take away my four bedroom house don't

344

00:12:58,310 --> 00:12:56,480

take away my job don't change what's

345

00:13:00,150 --> 00:12:58,320

going to be available in the supermarket

346

00:13:02,389 --> 00:13:00,160

you know like we want this smooth

347

00:13:04,710 --> 00:13:02,399

functioning capitalist system that's

348

00:13:06,550 --> 00:13:04,720

based on you know

349

00:13:07,750 --> 00:13:06,560

oil to a large degree still you know

350

00:13:10,629 --> 00:13:07,760

that kind of thing

351  
00:13:12,230 --> 00:13:10,639  
um a petroleum economy we on the one

352  
00:13:13,910 --> 00:13:12,240  
hand we recognize that with global

353  
00:13:15,590 --> 00:13:13,920  
warming and whatnot there are some major

354  
00:13:16,550 --> 00:13:15,600  
concerns and we need

355  
00:13:18,710 --> 00:13:16,560  
you know

356  
00:13:19,590 --> 00:13:18,720  
a really robust response

357  
00:13:21,110 --> 00:13:19,600  
um

358  
00:13:22,629 --> 00:13:21,120  
that that movie that came out recently

359  
00:13:23,829 --> 00:13:22,639  
don't look up kind of talks about that

360  
00:13:25,190 --> 00:13:23,839  
just how

361  
00:13:27,750 --> 00:13:25,200  
uh

362  
00:13:29,750 --> 00:13:27,760  
both society and our leaders are kind of

363  
00:13:32,069 --> 00:13:29,760

you know implicit uh you know are

364

00:13:34,230 --> 00:13:32,079

complicit in this um

365

00:13:35,990 --> 00:13:34,240

inability to come up with solutions but

366

00:13:38,310 --> 00:13:36,000

we are also part of the problem because

367

00:13:39,670 --> 00:13:38,320

we are implicitly saying

368

00:13:41,910 --> 00:13:39,680

give us truth

369

00:13:43,590 --> 00:13:41,920

but not too much truth not so much that

370

00:13:45,509 --> 00:13:43,600

it undermines

371

00:13:47,269 --> 00:13:45,519

the structure and the stability of our

372

00:13:48,790 --> 00:13:47,279

system and yet some of what we're

373

00:13:52,310 --> 00:13:48,800

talking about here

374

00:13:53,910 --> 00:13:52,320

is completely destabilizing forget about

375

00:13:56,069 --> 00:13:53,920

uh you know

376

00:13:56,870 --> 00:13:56,079

religions and spiritual takes on this

377

00:14:01,670 --> 00:13:56,880

and

378

00:14:03,350 --> 00:14:01,680

from that perspective just from a

379

00:14:07,030 --> 00:14:03,360

geopolitical

380

00:14:09,269 --> 00:14:07,040

economic perspective um a lot of our

381

00:14:11,189 --> 00:14:09,279

infrastructure will be undermined by

382

00:14:13,189 --> 00:14:11,199

this depending on what what the truth is

383

00:14:14,870 --> 00:14:13,199

right and we can get into that but

384

00:14:17,030 --> 00:14:14,880

i yeah i think it's a good point to

385

00:14:18,710 --> 00:14:17,040

start here by saying that this is more

386

00:14:20,069 --> 00:14:18,720

complex than some people give it credit

387

00:14:21,430 --> 00:14:20,079

for

388

00:14:24,790 --> 00:14:21,440

and that

389

00:14:27,269 --> 00:14:24,800

it's worth it's worth at least asking

390

00:14:30,230 --> 00:14:27,279

what kind of secrets would you think you

391

00:14:32,470 --> 00:14:30,240

would agree would be justifiable to keep

392

00:14:34,710 --> 00:14:32,480

secret in other words are there any

393

00:14:37,110 --> 00:14:34,720

things that if they came out

394

00:14:38,310 --> 00:14:37,120

and some people really do know some

395

00:14:40,949 --> 00:14:38,320

really

396

00:14:43,509 --> 00:14:40,959

deeply destabilizing

397

00:14:45,350 --> 00:14:43,519

aspects about this matter not just in

398

00:14:48,150 --> 00:14:45,360

terms of

399

00:14:49,990 --> 00:14:48,160

aliens but i mean reality itself being

400

00:14:50,790 --> 00:14:50,000

not what we have been taught it is right

401  
00:14:52,790 --> 00:14:50,800  
and that

402  
00:14:54,790 --> 00:14:52,800  
if that's what this is pointing towards

403  
00:14:57,269 --> 00:14:54,800  
in other words are there any kind of

404  
00:14:59,590 --> 00:14:57,279  
implications or even the fact that you

405  
00:15:01,990 --> 00:14:59,600  
know maybe if the public knows about it

406  
00:15:03,910 --> 00:15:02,000  
that also is more likely to create a

407  
00:15:06,230 --> 00:15:03,920  
negative scenario right a negative

408  
00:15:08,310 --> 00:15:06,240  
outcome in other words is it sometimes

409  
00:15:10,069 --> 00:15:08,320  
justifiable to hold back truth because

410  
00:15:11,590 --> 00:15:10,079  
of what the implication will be if you

411  
00:15:13,509 --> 00:15:11,600  
let it out

412  
00:15:14,629 --> 00:15:13,519  
and the last thing i'll say before toss

413  
00:15:17,990 --> 00:15:14,639

it back to you

414

00:15:19,430 --> 00:15:18,000

is that like you say the world is a

415

00:15:21,590 --> 00:15:19,440

a place with many different kinds of

416

00:15:23,509 --> 00:15:21,600

people not everyone's working the same

417

00:15:24,629 --> 00:15:23,519

developmental level not every nation

418

00:15:26,710 --> 00:15:24,639

state is working at the same

419

00:15:30,470 --> 00:15:26,720

developmental level you want to be

420

00:15:33,030 --> 00:15:30,480

careful to not let a warlord

421

00:15:34,150 --> 00:15:33,040

get his hands on an anti-grav machine

422

00:15:36,870 --> 00:15:34,160

you know or

423

00:15:39,189 --> 00:15:36,880

or energy that could be turned into a

424

00:15:41,509 --> 00:15:39,199

device that could you know destroy the

425

00:15:43,509 --> 00:15:41,519

fabric of reality or something like that

426

00:15:46,790 --> 00:15:43,519

in other words again it is worth

427

00:15:49,350 --> 00:15:46,800

thinking what kinds of truths would you

428

00:15:50,949 --> 00:15:49,360

consider justifiable to keep secret it's

429

00:15:53,829 --> 00:15:50,959

we have to ask that if we're going to

430

00:15:55,990 --> 00:15:53,839

talk about disclosure

431

00:15:58,310 --> 00:15:56,000

and what's the what's the spectrum here

432

00:16:00,710 --> 00:15:58,320

of of um

433

00:16:01,829 --> 00:16:00,720

of revelation uh and i like that word

434

00:16:02,710 --> 00:16:01,839

and i want to come back to that word

435

00:16:04,389 --> 00:16:02,720

again

436

00:16:06,069 --> 00:16:04,399

later on but

437

00:16:08,069 --> 00:16:06,079

you know when i think about this topic i

438

00:16:10,069 --> 00:16:08,079

think about

439

00:16:12,870 --> 00:16:10,079

kind of very simple

440

00:16:13,990 --> 00:16:12,880

elements of disclosure and very complex

441

00:16:16,949 --> 00:16:14,000

elements

442

00:16:18,230 --> 00:16:16,959

uh on the simple end it's just hey we're

443

00:16:19,269 --> 00:16:18,240

not alone

444

00:16:21,030 --> 00:16:19,279

you know

445

00:16:22,629 --> 00:16:21,040

we're essentially there

446

00:16:24,949 --> 00:16:22,639

already

447

00:16:27,189 --> 00:16:24,959

i think most of our scientific community

448

00:16:29,509 --> 00:16:27,199

the consensus is yeah we're probably not

449

00:16:31,749 --> 00:16:29,519

alone in the universe there's some other

450

00:16:33,749 --> 00:16:31,759

kind of life out there

451  
00:16:35,670 --> 00:16:33,759  
the numbers are just

452  
00:16:36,470 --> 00:16:35,680  
too high

453  
00:16:38,629 --> 00:16:36,480  
so

454  
00:16:39,910 --> 00:16:38,639  
i would say i would posit that that that

455  
00:16:41,829 --> 00:16:39,920  
side of the spectrum we're actually

456  
00:16:44,310 --> 00:16:41,839  
already there we're actually may you

457  
00:16:46,230 --> 00:16:44,320  
know but what we aren't perhaps is the

458  
00:16:47,269 --> 00:16:46,240  
the very next level above that which

459  
00:16:50,629 --> 00:16:47,279  
would be

460  
00:16:52,710 --> 00:16:50,639  
we're not alone and they're already here

461  
00:16:55,430 --> 00:16:52,720  
you know they're whatever they are they

462  
00:16:58,310 --> 00:16:55,440  
have visited here or they're here now

463  
00:17:00,550 --> 00:16:58,320

uh you know they're not as far away in

464

00:17:02,150 --> 00:17:00,560

the vast universe as we once thought so

465

00:17:03,590 --> 00:17:02,160

that would be kind of

466

00:17:07,350 --> 00:17:03,600

what i would think would be the very

467

00:17:09,029 --> 00:17:07,360

next step in in a slow roll uh on this

468

00:17:12,150 --> 00:17:09,039

spectrum and then you have the complex

469

00:17:14,630 --> 00:17:12,160

and disclosure that gets into really all

470

00:17:16,230 --> 00:17:14,640

of the details uh and and you know we've

471

00:17:19,350 --> 00:17:16,240

talked about this a lot

472

00:17:21,029 --> 00:17:19,360

uh if you are

473

00:17:22,309 --> 00:17:21,039

trying to uh

474

00:17:25,029 --> 00:17:22,319

teach or

475

00:17:25,990 --> 00:17:25,039

or or convey information that is going

476

00:17:29,270 --> 00:17:26,000

to

477

00:17:31,510 --> 00:17:29,280

impact the mental space of every living

478

00:17:33,190 --> 00:17:31,520

person on the planet

479

00:17:35,350 --> 00:17:33,200

you have to do that in a win a

480

00:17:37,830 --> 00:17:35,360

responsible way you can't necessarily

481

00:17:40,150 --> 00:17:37,840

just go immediately to

482

00:17:41,510 --> 00:17:40,160

the litany of complex things that that

483

00:17:43,350 --> 00:17:41,520

we might know

484

00:17:45,510 --> 00:17:43,360

and say okay hey uh

485

00:17:47,669 --> 00:17:45,520

here here you go here's the

486

00:17:50,230 --> 00:17:47,679

you know the the giant novel that

487

00:17:53,190 --> 00:17:50,240

explains everything that we know uh good

488

00:17:54,549 --> 00:17:53,200

luck processing that uh you know get

489

00:17:55,990 --> 00:17:54,559

back to us with questions you know it

490

00:17:57,990 --> 00:17:56,000

just it's not going

491

00:17:58,789 --> 00:17:58,000

to think that it could roll out like

492

00:18:01,590 --> 00:17:58,799

that

493

00:18:03,190 --> 00:18:01,600

to me would be incredibly dangerous

494

00:18:04,950 --> 00:18:03,200

although it would be very you know

495

00:18:07,830 --> 00:18:04,960

scintillating oh great you know we get

496

00:18:10,230 --> 00:18:07,840

all these great answers but uh what then

497

00:18:12,470 --> 00:18:10,240

and uh and and who all can handle it

498

00:18:15,590 --> 00:18:12,480

even those who i think have

499

00:18:18,950 --> 00:18:15,600

told themselves that they are ready for

500

00:18:21,029 --> 00:18:18,960

that level of detail probably aren't

501

00:18:22,710 --> 00:18:21,039

uh because it's very likely and that

502

00:18:24,710 --> 00:18:22,720

you've done a great job pointing this

503

00:18:26,310 --> 00:18:24,720

out on point of convergence it's very

504

00:18:29,190 --> 00:18:26,320

likely stranger

505

00:18:30,470 --> 00:18:29,200

and more diverse than than we can assume

506

00:18:32,789 --> 00:18:30,480

or imagine

507

00:18:33,990 --> 00:18:32,799

um and so i think that if i were to kind

508

00:18:35,750 --> 00:18:34,000

of put it

509

00:18:37,590 --> 00:18:35,760

on on that spectrum and put up some

510

00:18:38,950 --> 00:18:37,600

guardrails there that's sort of how i

511

00:18:40,710 --> 00:18:38,960

think about this

512

00:18:42,710 --> 00:18:40,720

uh i don't know if you if you think

513

00:18:45,190 --> 00:18:42,720

about that the same way and is there is

514

00:18:46,470 --> 00:18:45,200

there a kind of um

515

00:18:49,029 --> 00:18:46,480

necessity

516

00:18:51,990 --> 00:18:49,039

to building off of these things

517

00:18:54,630 --> 00:18:52,000

sequentially or or do you think there is

518

00:18:56,549 --> 00:18:54,640

a merit to kind of jumping headfirst

519

00:18:58,710 --> 00:18:56,559

into the deep end

520

00:18:59,590 --> 00:18:58,720

well i think a big part of the challenge

521

00:19:02,710 --> 00:18:59,600

is

522

00:19:03,990 --> 00:19:02,720

the second option presumes that there's

523

00:19:05,590 --> 00:19:04,000

consensus

524

00:19:07,110 --> 00:19:05,600

amongst the secret keepers about what

525

00:19:08,310 --> 00:19:07,120

those secrets are

526

00:19:13,510 --> 00:19:08,320

um

527

00:19:15,909 --> 00:19:13,520

what is most terrifying to any

528

00:19:17,750 --> 00:19:15,919

government any group in power

529

00:19:20,470 --> 00:19:17,760

is to have to acknowledge

530

00:19:22,710 --> 00:19:20,480

something that is more sophisticated

531

00:19:24,070 --> 00:19:22,720

um so much so that you you don't even

532

00:19:25,430 --> 00:19:24,080

understand how it's doing some of the

533

00:19:26,710 --> 00:19:25,440

things it's doing

534

00:19:28,870 --> 00:19:26,720

you don't even understand fully what

535

00:19:30,789 --> 00:19:28,880

those things are you sort of see as an

536

00:19:32,230 --> 00:19:30,799

after effect ways that our reality has

537

00:19:33,990 --> 00:19:32,240

changed

538

00:19:37,029 --> 00:19:34,000

but it's terrifying to you to have to

539

00:19:39,190 --> 00:19:37,039

admit that and have no solutions

540

00:19:41,430 --> 00:19:39,200

you know um

541

00:19:43,590 --> 00:19:41,440

it's sort of implicit in

542

00:19:45,029 --> 00:19:43,600

in the american constitution that our

543

00:19:47,990 --> 00:19:45,039

government is supposed to protect us

544

00:19:51,590 --> 00:19:48,000

from you know from all threats uh you

545

00:19:54,310 --> 00:19:51,600

know domestic and foreign um and

546

00:19:55,270 --> 00:19:54,320

this this is on a whole new level and

547

00:19:57,430 --> 00:19:55,280

um

548

00:19:59,830 --> 00:19:57,440

to a government uh you know what would

549

00:20:01,190 --> 00:19:59,840

be the point in

550

00:20:03,830 --> 00:20:01,200

admitting this

551  
00:20:05,909 --> 00:20:03,840  
and at the same time not having any

552  
00:20:08,789 --> 00:20:05,919  
uh ability to respond to it in a way

553  
00:20:11,830 --> 00:20:08,799  
that can control the outcome that's you

554  
00:20:13,430 --> 00:20:11,840  
know so there's getting back to the the

555  
00:20:14,950 --> 00:20:13,440  
responsibility piece you don't want to

556  
00:20:16,470 --> 00:20:14,960  
terrify people you don't want to you

557  
00:20:19,590 --> 00:20:16,480  
don't want to um

558  
00:20:20,710 --> 00:20:19,600  
terrorize your own populace by admitting

559  
00:20:22,870 --> 00:20:20,720  
something

560  
00:20:26,230 --> 00:20:22,880  
uh is in our midst that you have no

561  
00:20:27,590 --> 00:20:26,240  
control over you can't you know

562  
00:20:30,310 --> 00:20:27,600  
make them take their shoes off at the

563  
00:20:31,909 --> 00:20:30,320

border and you know and search them it

564

00:20:33,510 --> 00:20:31,919

doesn't work that way they they can

565

00:20:35,029 --> 00:20:33,520

materialize in your room in the middle

566

00:20:36,470 --> 00:20:35,039

of the night right

567

00:20:38,789 --> 00:20:36,480

think about that for a second think

568

00:20:41,350 --> 00:20:38,799

about how we had to wrestle with in a

569

00:20:42,470 --> 00:20:41,360

post-9 11 world how do we secure our

570

00:20:44,549 --> 00:20:42,480

borders

571

00:20:46,390 --> 00:20:44,559

and then you then you go and you admit

572

00:20:48,870 --> 00:20:46,400

to the populist that there's these other

573

00:20:50,549 --> 00:20:48,880

beings that can materialize in your room

574

00:20:52,470 --> 00:20:50,559

in the middle of the night they can take

575

00:20:55,430 --> 00:20:52,480

you to other realms

576

00:20:58,710 --> 00:20:55,440

and the government has no ability to

577

00:21:01,590 --> 00:20:58,720

predict it to stop it to respond to it

578

00:21:03,510 --> 00:21:01,600

at all i mean to many people that would

579

00:21:06,789 --> 00:21:03,520

produce terror it would be a very step

580

00:21:08,549 --> 00:21:06,799

destabilizing uh truth to come out so

581

00:21:10,470 --> 00:21:08,559

i think it's a legitimate

582

00:21:12,310 --> 00:21:10,480

a legitimate concern

583

00:21:13,590 --> 00:21:12,320

that if you did know that

584

00:21:15,990 --> 00:21:13,600

but that you were in the process of

585

00:21:19,029 --> 00:21:16,000

hoping you could learn more so that you

586

00:21:20,950 --> 00:21:19,039

could come up with some sort of response

587

00:21:22,710 --> 00:21:20,960

that you would hold off on letting that

588

00:21:24,630 --> 00:21:22,720

information out because that information

589

00:21:26,870 --> 00:21:24,640

would be destabilizing it would be very

590

00:21:28,070 --> 00:21:26,880

concerning to people it certainly you

591

00:21:30,149 --> 00:21:28,080

know

592

00:21:31,909 --> 00:21:30,159

when you think about the small details

593

00:21:33,430 --> 00:21:31,919

that can crash the markets you know

594

00:21:34,870 --> 00:21:33,440

because it's driven by

595

00:21:35,830 --> 00:21:34,880

fear and greed right is the famous

596

00:21:37,669 --> 00:21:35,840

saying

597

00:21:40,149 --> 00:21:37,679

so imagine

598

00:21:42,390 --> 00:21:40,159

you know how the new york stock exchange

599

00:21:45,029 --> 00:21:42,400

opens on a monday following a weekend

600

00:21:47,350 --> 00:21:45,039

disclosure that you know

601  
00:21:51,110 --> 00:21:47,360  
non-humans sophisticated intelligences

602  
00:21:52,950 --> 00:21:51,120  
here and taking people and you know all

603  
00:21:54,230 --> 00:21:52,960  
all the pieces we know that are part of

604  
00:21:55,990 --> 00:21:54,240  
this narrative

605  
00:21:58,149 --> 00:21:56,000  
and imagine how that doesn't completely

606  
00:21:59,750 --> 00:21:58,159  
destabilize the economy and and

607  
00:22:01,909 --> 00:21:59,760  
everything else and so

608  
00:22:04,870 --> 00:22:01,919  
again it's it's a complex matter and you

609  
00:22:07,110 --> 00:22:04,880  
you for me anyway i can certainly

610  
00:22:08,549 --> 00:22:07,120  
on the one hand this the cynic in me

611  
00:22:09,830 --> 00:22:08,559  
says

612  
00:22:11,590 --> 00:22:09,840  
the government doesn't want to admit

613  
00:22:14,230 --> 00:22:11,600

they have no control

614

00:22:17,190 --> 00:22:14,240

because they want to maintain control

615

00:22:18,789 --> 00:22:17,200

on the other hand like you said we do

616

00:22:21,190 --> 00:22:18,799

pass off to them

617

00:22:23,029 --> 00:22:21,200

that role so that we can have a stable

618

00:22:25,190 --> 00:22:23,039

economy and we can have the lives we

619

00:22:26,630 --> 00:22:25,200

want and we watch the super bowl on a

620

00:22:28,230 --> 00:22:26,640

sunday

621

00:22:31,909 --> 00:22:28,240

so what happens

622

00:22:34,789 --> 00:22:31,919

to our uh analysis of that when suddenly

623

00:22:37,430 --> 00:22:34,799

the truth the disclosure capital d

624

00:22:40,710 --> 00:22:37,440

means the completely unraveling of of

625

00:22:43,110 --> 00:22:40,720

society as we know it yeah and i would

626

00:22:44,549 --> 00:22:43,120

quite frankly be upset if they didn't

627

00:22:46,390 --> 00:22:44,559

take the time

628

00:22:48,870 --> 00:22:46,400

to uh

629

00:22:51,430 --> 00:22:48,880

to reflect on how best to

630

00:22:53,270 --> 00:22:51,440

reveal this information if they had the

631

00:22:55,669 --> 00:22:53,280

ability to do so

632

00:22:57,830 --> 00:22:55,679

you know so like it would be a a

633

00:23:00,470 --> 00:22:57,840

complete derelict election of their duty

634

00:23:02,470 --> 00:23:00,480

to their citizens into the world to just

635

00:23:04,789 --> 00:23:02,480

say oh hey uh we just learned this

636

00:23:06,789 --> 00:23:04,799

yesterday um

637

00:23:09,430 --> 00:23:06,799

we haven't really thought much about it

638

00:23:10,310 --> 00:23:09,440

you know here you go um i just don't

639

00:23:12,470 --> 00:23:10,320

think

640

00:23:14,950 --> 00:23:12,480

that that would do anyone any favors at

641

00:23:16,470 --> 00:23:14,960

all um it's the same thing i keep coming

642

00:23:18,070 --> 00:23:16,480

back to this parenting metaphor because

643

00:23:19,430 --> 00:23:18,080

i am a parent and i think it's just easy

644

00:23:21,270 --> 00:23:19,440

to relate to but

645

00:23:22,950 --> 00:23:21,280

you know any anything that impacts the

646

00:23:24,870 --> 00:23:22,960

family

647

00:23:26,789 --> 00:23:24,880

you know as a collective

648

00:23:29,190 --> 00:23:26,799

you know the parents generally are going

649

00:23:30,870 --> 00:23:29,200

to have a conversation about how to

650

00:23:32,070 --> 00:23:30,880

communicate

651  
00:23:35,270 --> 00:23:32,080  
that

652  
00:23:37,669 --> 00:23:35,280  
whatever it is to their children because

653  
00:23:38,470 --> 00:23:37,679  
the children don't have an awareness yet

654  
00:23:41,750 --> 00:23:38,480  
of

655  
00:23:43,750 --> 00:23:41,760  
they don't have the life experience it's

656  
00:23:45,269 --> 00:23:43,760  
not even a matter of breaking it down

657  
00:23:48,470 --> 00:23:45,279  
for them i can break it down all day

658  
00:23:51,110 --> 00:23:48,480  
long to my kids they have not lived

659  
00:23:53,510 --> 00:23:51,120  
enough to have any correlates

660  
00:23:54,630 --> 00:23:53,520  
by which to understand what i'm saying

661  
00:23:55,669 --> 00:23:54,640  
to them

662  
00:23:57,510 --> 00:23:55,679  
and so

663  
00:23:59,430 --> 00:23:57,520

you know i would be i would be pretty

664

00:24:01,830 --> 00:23:59,440

upset with our government

665

00:24:04,870 --> 00:24:01,840

if they got information all of a sudden

666

00:24:07,269 --> 00:24:04,880

and didn't spend any amount of time

667

00:24:09,350 --> 00:24:07,279

in in in their scientific circles in

668

00:24:11,510 --> 00:24:09,360

their philosophical circles

669

00:24:14,149 --> 00:24:11,520

uh you know looking at this from a lot

670

00:24:17,590 --> 00:24:14,159

of different angles and saying okay

671

00:24:20,870 --> 00:24:17,600

we think this is the best way to explain

672

00:24:22,710 --> 00:24:20,880

what we have seen and discovered

673

00:24:24,070 --> 00:24:22,720

right and then to use your analogy

674

00:24:26,710 --> 00:24:24,080

imagine that

675

00:24:28,789 --> 00:24:26,720

the parental unit completely disagrees

676

00:24:30,390 --> 00:24:28,799

about what the nature of the issue is

677

00:24:31,350 --> 00:24:30,400

right because one thing when you have

678

00:24:32,630 --> 00:24:31,360

two parents who have the same

679

00:24:34,789 --> 00:24:32,640

perspective and then they have to think

680

00:24:36,950 --> 00:24:34,799

about how we're going to translate this

681

00:24:38,789 --> 00:24:36,960

and kids speak so that you know we don't

682

00:24:41,750 --> 00:24:38,799

tell our kids the literal truth we tell

683

00:24:43,190 --> 00:24:41,760

them enough that they can move forward

684

00:24:45,110 --> 00:24:43,200

based on where they're at and what they

685

00:24:47,990 --> 00:24:45,120

can understand like you said

686

00:24:49,669 --> 00:24:48,000

but there are some people again getting

687

00:24:52,549 --> 00:24:49,679

back to what we discussed last time with

688

00:24:54,070 --> 00:24:52,559

angels and demons and the collins elite

689

00:24:56,789 --> 00:24:54,080

there are some groups within the

690

00:24:58,710 --> 00:24:56,799

government that are convinced that this

691

00:25:00,870 --> 00:24:58,720

is demonic activity

692

00:25:04,149 --> 00:25:00,880

and that your only response to it should

693

00:25:07,029 --> 00:25:04,159

be to not talk about it to shut it down

694

00:25:09,190 --> 00:25:07,039

that by even talking about it uh you

695

00:25:11,590 --> 00:25:09,200

give it more power and that's the worst

696

00:25:13,029 --> 00:25:11,600

thing you can do so

697

00:25:14,310 --> 00:25:13,039

again matching

698

00:25:15,990 --> 00:25:14,320

that in a parental unit kind of

699

00:25:16,870 --> 00:25:16,000

situation where one parent is convinced

700

00:25:18,470 --> 00:25:16,880

that

701  
00:25:20,470 --> 00:25:18,480  
sure we have to translate it but we have

702  
00:25:22,310 --> 00:25:20,480  
to tell our kids something right and the

703  
00:25:25,430 --> 00:25:22,320  
other parent says no to even let them

704  
00:25:27,909 --> 00:25:25,440  
know this is more damaging than to not

705  
00:25:29,510 --> 00:25:27,919  
so that gives you a again that's just a

706  
00:25:31,909 --> 00:25:29,520  
small analogy missing all sorts of

707  
00:25:33,669 --> 00:25:31,919  
nuance but in that alone you realize how

708  
00:25:35,510 --> 00:25:33,679  
complex this becomes

709  
00:25:38,070 --> 00:25:35,520  
absolutely

710  
00:25:39,909 --> 00:25:38,080  
yeah it's uh you know i and and i

711  
00:25:42,549 --> 00:25:39,919  
resonate with every perspective on this

712  
00:25:44,630 --> 00:25:42,559  
i resonate with people that that i get

713  
00:25:46,950 --> 00:25:44,640

really upset about this that uh oh we

714

00:25:49,430 --> 00:25:46,960

know the government knows something or

715

00:25:51,190 --> 00:25:49,440

knew something decades ago and uh they

716

00:25:53,269 --> 00:25:51,200

were about to say something about it and

717

00:25:54,789 --> 00:25:53,279

then they didn't and i'm just i'm fired

718

00:25:56,070 --> 00:25:54,799

up about this and i think we should hold

719

00:25:57,669 --> 00:25:56,080

them accountable we should put them on

720

00:25:59,909 --> 00:25:57,679

trial even

721

00:26:01,190 --> 00:25:59,919

and uh and get some justice for that and

722

00:26:03,590 --> 00:26:01,200

and i resonate from the other

723

00:26:05,350 --> 00:26:03,600

perspective that you know maybe they did

724

00:26:06,630 --> 00:26:05,360

do the right thing maybe if we had been

725

00:26:08,950 --> 00:26:06,640

in their shoes

726  
00:26:11,190 --> 00:26:08,960  
and we had seen what they'd seen uh

727  
00:26:13,269 --> 00:26:11,200  
whatever it is that we may have made

728  
00:26:14,950 --> 00:26:13,279  
pretty similar decisions

729  
00:26:16,710 --> 00:26:14,960  
you know it's all hindsight's always 20

730  
00:26:18,870 --> 00:26:16,720  
easy to kind of second guess

731  
00:26:20,549 --> 00:26:18,880  
things that have happened in the past

732  
00:26:22,789 --> 00:26:20,559  
but it could very well be

733  
00:26:24,549 --> 00:26:22,799  
that that the right choices were made

734  
00:26:26,149 --> 00:26:24,559  
all along

735  
00:26:27,269 --> 00:26:26,159  
i can tell you one thing for sure no

736  
00:26:28,789 --> 00:26:27,279  
matter what

737  
00:26:30,549 --> 00:26:28,799  
is revealed

738  
00:26:33,110 --> 00:26:30,559

and disclosed because we've seen this

739

00:26:35,750 --> 00:26:33,120

already no matter what is shared there

740

00:26:37,669 --> 00:26:35,760

will be dispute about it

741

00:26:39,350 --> 00:26:37,679

there will be questions there will be

742

00:26:40,710 --> 00:26:39,360

the cynics and and those who are

743

00:26:42,390 --> 00:26:40,720

optimistic

744

00:26:44,870 --> 00:26:42,400

and and then we'll and we'll be fighting

745

00:26:46,789 --> 00:26:44,880

over it as well uh so i think that's

746

00:26:48,630 --> 00:26:46,799

inevitable

747

00:26:49,990 --> 00:26:48,640

totally true i mean

748

00:26:51,029 --> 00:26:50,000

and before we even get there you know

749

00:26:52,549 --> 00:26:51,039

it's just thinking about what you just

750

00:26:54,310 --> 00:26:52,559

said and

751  
00:26:56,230 --> 00:26:54,320  
i think it's a great point that we we

752  
00:26:58,549 --> 00:26:56,240  
have to remember

753  
00:27:01,110 --> 00:26:58,559  
when we think back over the you know 70

754  
00:27:03,669 --> 00:27:01,120  
to 80 years of lies right

755  
00:27:06,230 --> 00:27:03,679  
we have to frame that again based on

756  
00:27:08,710 --> 00:27:06,240  
what we do in the show a lot within the

757  
00:27:09,909 --> 00:27:08,720  
you know sociological geopolitical

758  
00:27:12,149 --> 00:27:09,919  
context

759  
00:27:14,549 --> 00:27:12,159  
of the 20th century so

760  
00:27:16,310 --> 00:27:14,559  
you know in the midst of the cold war

761  
00:27:18,710 --> 00:27:16,320  
right when you're you're fighting this

762  
00:27:21,029 --> 00:27:18,720  
this massive battle for the future of

763  
00:27:22,950 --> 00:27:21,039

civilization is the way you see it right

764

00:27:25,190 --> 00:27:22,960

where both side is convinced the other

765

00:27:27,110 --> 00:27:25,200

is the the arch enemy and

766

00:27:28,950 --> 00:27:27,120

um you know everything bad you can

767

00:27:30,230 --> 00:27:28,960

imagine gets ascribed to them on both

768

00:27:33,510 --> 00:27:30,240

sides

769

00:27:35,830 --> 00:27:33,520

so supposedly the narrative is that

770

00:27:37,190 --> 00:27:35,840

craft and potentially

771

00:27:39,029 --> 00:27:37,200

occupants

772

00:27:40,230 --> 00:27:39,039

you know were discovered in the midst of

773

00:27:41,990 --> 00:27:40,240

this

774

00:27:43,990 --> 00:27:42,000

in the midst of a cold war right in the

775

00:27:46,070 --> 00:27:44,000

midst of this this epic battle of

776

00:27:47,510 --> 00:27:46,080

civilizations for the future

777

00:27:49,190 --> 00:27:47,520

you know economic structures

778

00:27:51,590 --> 00:27:49,200

socio-political structure of the entire

779

00:27:54,470 --> 00:27:51,600

world right both sides were trying to

780

00:27:56,310 --> 00:27:54,480

take over countries annex countries to

781

00:27:57,269 --> 00:27:56,320

create these huge pacts right around the

782

00:27:59,269 --> 00:27:57,279

world

783

00:28:01,909 --> 00:27:59,279

so you you can't

784

00:28:04,310 --> 00:28:01,919

separate disclosure from that context

785

00:28:06,230 --> 00:28:04,320

you know that was the context and if you

786

00:28:07,430 --> 00:28:06,240

really feel like

787

00:28:08,950 --> 00:28:07,440

regardless of whether or not they're

788

00:28:10,630 --> 00:28:08,960

right but if you're convinced that

789

00:28:12,789 --> 00:28:10,640

you're on the good side and you're

790

00:28:14,950 --> 00:28:12,799

trying to prevent this other

791

00:28:16,710 --> 00:28:14,960

you know geopolitical system from taking

792

00:28:18,149 --> 00:28:16,720

over and doing evil

793

00:28:20,549 --> 00:28:18,159

then you may

794

00:28:22,549 --> 00:28:20,559

say yes this is a huge revelation people

795

00:28:25,669 --> 00:28:22,559

would want to know about this but now is

796

00:28:29,190 --> 00:28:25,679

not the time we're fighting this war

797

00:28:31,029 --> 00:28:29,200

we just don't have the bandwidth to also

798

00:28:33,350 --> 00:28:31,039

analyze this and make sense of this so

799

00:28:36,230 --> 00:28:33,360

it gets put on the back burner so we've

800

00:28:39,590 --> 00:28:36,240

before talked about ironically the very

801  
00:28:42,230 --> 00:28:39,600  
advent of the atomic age may have been

802  
00:28:44,870 --> 00:28:42,240  
the you know

803  
00:28:47,110 --> 00:28:44,880  
created the inception point for this

804  
00:28:49,350 --> 00:28:47,120  
uh some of these intelligences to come

805  
00:28:50,789 --> 00:28:49,360  
into our midst to come into our realm to

806  
00:28:52,070 --> 00:28:50,799  
interact with us so it might have been

807  
00:28:54,310 --> 00:28:52,080  
in the midst of

808  
00:28:55,750 --> 00:28:54,320  
this cold war that caused some of the

809  
00:28:57,269 --> 00:28:55,760  
uptick in them being here and

810  
00:28:58,870 --> 00:28:57,279  
interacting with us

811  
00:29:01,190 --> 00:28:58,880  
but you know if you're one of those

812  
00:29:03,350 --> 00:29:01,200  
secret keepers you're you're also trying

813  
00:29:06,549 --> 00:29:03,360

to in the midst of this win this cold

814

00:29:08,470 --> 00:29:06,559

war of massive proportions so

815

00:29:10,389 --> 00:29:08,480

we absolutely have to keep that in mind

816

00:29:12,789 --> 00:29:10,399

uh you know and i and i agree with you

817

00:29:14,470 --> 00:29:12,799

it's it's i think one thing we try to do

818

00:29:16,389 --> 00:29:14,480

on this show

819

00:29:18,149 --> 00:29:16,399

is again take that multi-perspectival

820

00:29:21,029 --> 00:29:18,159

view where we can we can see it from

821

00:29:23,110 --> 00:29:21,039

different points of view and and try to

822

00:29:24,710 --> 00:29:23,120

and we encourage people to do this to to

823

00:29:26,710 --> 00:29:24,720

try to see it from someone else's point

824

00:29:28,230 --> 00:29:26,720

of view and only when you really stand

825

00:29:30,149 --> 00:29:28,240

in their shoes can you maybe see how

826

00:29:32,149 --> 00:29:30,159

there's some validity to that

827

00:29:34,310 --> 00:29:32,159

um so

828

00:29:36,710 --> 00:29:34,320

i understand like you said that some

829

00:29:39,350 --> 00:29:36,720

people are frustrated that the the lies

830

00:29:41,269 --> 00:29:39,360

the changing stories about roswell we're

831

00:29:43,750 --> 00:29:41,279

ridiculous like just on the face of it

832

00:29:47,110 --> 00:29:43,760

just ridiculous no you know and the the

833

00:29:49,110 --> 00:29:47,120

weather balloon and swamp gas kind of

834

00:29:51,190 --> 00:29:49,120

venus you know all these

835

00:29:53,190 --> 00:29:51,200

sort of jokes we make now because we

836

00:29:54,630 --> 00:29:53,200

were we felt belittled that the

837

00:29:56,070 --> 00:29:54,640

government would say oh you know you're

838

00:29:58,070 --> 00:29:56,080

just mistaking

839

00:29:59,830 --> 00:29:58,080

this object that split into three and

840

00:30:02,149 --> 00:29:59,840

moved up and down and abducted you and

841

00:30:05,590 --> 00:30:02,159

put you back and that was just actually

842

00:30:07,269 --> 00:30:05,600

venus you know like something so static

843

00:30:09,269 --> 00:30:07,279

and to to

844

00:30:11,510 --> 00:30:09,279

you know mock people's intelligence that

845

00:30:13,110 --> 00:30:11,520

they wouldn't be able to distinguish

846

00:30:15,909 --> 00:30:13,120

the planet venus

847

00:30:17,909 --> 00:30:15,919

you know from this bizarre you know

848

00:30:19,350 --> 00:30:17,919

array of experience they they went

849

00:30:21,990 --> 00:30:19,360

through

850

00:30:23,990 --> 00:30:22,000

you know again that part i am totally

851  
00:30:25,990 --> 00:30:24,000  
sympathetic to that there were

852  
00:30:26,789 --> 00:30:26,000  
there are points along the trajectory

853  
00:30:30,950 --> 00:30:26,799  
where

854  
00:30:34,230 --> 00:30:30,960  
deliberate

855  
00:30:36,230 --> 00:30:34,240  
beyond just cover-up there was also

856  
00:30:40,549 --> 00:30:36,240  
deliberate programs put into place to

857  
00:30:42,710 --> 00:30:40,559  
stigmatize this topic to

858  
00:30:45,029 --> 00:30:42,720  
even do if not just financial or

859  
00:30:46,310 --> 00:30:45,039  
professional harm to people even maybe

860  
00:30:48,630 --> 00:30:46,320  
more than that you know we're talking

861  
00:30:50,710 --> 00:30:48,640  
about even lethal force potentially

862  
00:30:52,470 --> 00:30:50,720  
being used to keep this secret under

863  
00:30:54,149 --> 00:30:52,480

wraps you know there's

864

00:30:56,549 --> 00:30:54,159

hard to pin down exactly what happened

865

00:30:58,230 --> 00:30:56,559

but certainly there was major stigma

866

00:30:59,269 --> 00:30:58,240

some people lost their lives because

867

00:31:01,750 --> 00:30:59,279

they were

868

00:31:04,149 --> 00:31:01,760

you know fed disinformation and it

869

00:31:07,350 --> 00:31:04,159

became too much for them

870

00:31:09,430 --> 00:31:07,360

a lot of um you know the the historical

871

00:31:11,990 --> 00:31:09,440

narrative is difficult to justify

872

00:31:13,750 --> 00:31:12,000

certainly um

873

00:31:16,389 --> 00:31:13,760

so we have to in some ways i think to

874

00:31:18,630 --> 00:31:16,399

make sense of this very big topic

875

00:31:20,630 --> 00:31:18,640

you know not try to not take it in one

876

00:31:23,669 --> 00:31:20,640

global you know

877

00:31:25,430 --> 00:31:23,679

spoonful uh the roswell stuff that is

878

00:31:28,070 --> 00:31:25,440

certainly frustrating that certainly was

879

00:31:29,830 --> 00:31:28,080

not justified uh it was ridiculous it

880

00:31:30,870 --> 00:31:29,840

was belittling to people

881

00:31:33,750 --> 00:31:30,880

um

882

00:31:35,350 --> 00:31:33,760

the it it created this sense in people's

883

00:31:38,149 --> 00:31:35,360

minds that the government is the enemy

884

00:31:41,350 --> 00:31:38,159

that the government are holding back

885

00:31:43,110 --> 00:31:41,360

information that every human being has a

886

00:31:43,990 --> 00:31:43,120

right to know they have no right to do

887

00:31:45,990 --> 00:31:44,000

this

888

00:31:47,269 --> 00:31:46,000

um i understand all of those those

889

00:31:50,310 --> 00:31:47,279

concerns

890

00:31:52,070 --> 00:31:50,320

um and then you know i think when we get

891

00:31:53,909 --> 00:31:52,080

into the later 20th century and into the

892

00:31:55,669 --> 00:31:53,919

21st century then it becomes a different

893

00:31:56,789 --> 00:31:55,679

matter so

894

00:31:57,909 --> 00:31:56,799

and like you said there's there's

895

00:31:59,750 --> 00:31:57,919

different

896

00:32:01,590 --> 00:31:59,760

responses some people want to you know

897

00:32:04,470 --> 00:32:01,600

see these people hang you know they just

898

00:32:06,549 --> 00:32:04,480

they have no uh you know patience for it

899

00:32:08,230 --> 00:32:06,559

no grace for it other people are more

900

00:32:10,070 --> 00:32:08,240

pragmatic and they say perhaps we should

901  
00:32:12,389 --> 00:32:10,080  
offer amnesty

902  
00:32:14,149 --> 00:32:12,399  
to the secret keepers saying you come

903  
00:32:15,669 --> 00:32:14,159  
out you tell us what you know and i

904  
00:32:16,710 --> 00:32:15,679  
could on a congressional level or

905  
00:32:18,950 --> 00:32:16,720  
whatever

906  
00:32:21,190 --> 00:32:18,960  
and then the public hears it after that

907  
00:32:22,789 --> 00:32:21,200  
we're willing to grant you amnesty that

908  
00:32:25,029 --> 00:32:22,799  
you won't be you know convicted of

909  
00:32:25,990 --> 00:32:25,039  
crimes for these secrets

910  
00:32:27,750 --> 00:32:26,000  
um

911  
00:32:30,870 --> 00:32:27,760  
and then people wrestle with is that

912  
00:32:32,789 --> 00:32:30,880  
worth it are we willing to let them off

913  
00:32:36,230 --> 00:32:32,799

uh if it means we finally get the truth

914

00:32:37,509 --> 00:32:36,240

and that in itself is a complex question

915

00:32:39,269 --> 00:32:37,519

yes

916

00:32:42,789 --> 00:32:39,279

well what uh

917

00:32:44,789 --> 00:32:42,799

as we kind of switch over to speculating

918

00:32:47,269 --> 00:32:44,799

about what might be known

919

00:32:48,549 --> 00:32:47,279

you know there are

920

00:32:49,990 --> 00:32:48,559

you know in the literature there's a

921

00:32:50,710 --> 00:32:50,000

there's a sort of a spectrum of things

922

00:32:55,190 --> 00:32:50,720

that

923

00:32:57,110 --> 00:32:55,200

government may be aware of and why don't

924

00:32:58,789 --> 00:32:57,120

we start we have to start somewhere why

925

00:33:01,509 --> 00:32:58,799

don't we start here with the with this

926  
00:33:04,310 --> 00:33:01,519  
notion that that we may be in possession

927  
00:33:06,389 --> 00:33:04,320  
of material or craft

928  
00:33:08,070 --> 00:33:06,399  
uh you know do you

929  
00:33:09,430 --> 00:33:08,080  
kind of when you're when you're looking

930  
00:33:12,630 --> 00:33:09,440  
at things in the research that you've

931  
00:33:15,269 --> 00:33:12,640  
done have done do you feel like that

932  
00:33:18,230 --> 00:33:15,279  
that's pretty safe ground to land on

933  
00:33:19,509 --> 00:33:18,240  
for lack of a better phrase

934  
00:33:21,269 --> 00:33:19,519  
do you think that's what that we at

935  
00:33:23,110 --> 00:33:21,279  
least have something there

936  
00:33:25,990 --> 00:33:23,120  
in a laboratory or something yes

937  
00:33:28,310 --> 00:33:26,000  
absolutely i think that um

938  
00:33:32,470 --> 00:33:28,320

there is plenty of evidence to suggest

939

00:33:34,470 --> 00:33:32,480

we have material that looks to be debris

940

00:33:36,630 --> 00:33:34,480

from craft and whatnot

941

00:33:38,789 --> 00:33:36,640

you have people like eric davis

942

00:33:41,029 --> 00:33:38,799

who you know know as much as anyone on

943

00:33:43,430 --> 00:33:41,039

this i talked about him on my most

944

00:33:45,909 --> 00:33:43,440

recent podcast on point of convergence

945

00:33:47,750 --> 00:33:45,919

um he's a straight shooter you know he

946

00:33:49,350 --> 00:33:47,760

doesn't make stuff up he's sometimes a

947

00:33:51,350 --> 00:33:49,360

controversial figure but he's always a

948

00:33:53,750 --> 00:33:51,360

straight shooter and he's made it clear

949

00:33:55,830 --> 00:33:53,760

that we we he's analyzed stuff that we

950

00:33:57,750 --> 00:33:55,840

couldn't we don't know how to make

951  
00:34:00,710 --> 00:33:57,760  
you know some of these materials

952  
00:34:02,389 --> 00:34:00,720  
are not necessarily initially obvious to

953  
00:34:03,350 --> 00:34:02,399  
us what they do

954  
00:34:06,389 --> 00:34:03,360  
um

955  
00:34:08,149 --> 00:34:06,399  
but they clearly look exotic they are in

956  
00:34:10,230 --> 00:34:08,159  
an amalgam of materials that we don't

957  
00:34:12,310 --> 00:34:10,240  
know how to put together in that way or

958  
00:34:13,909 --> 00:34:12,320  
if we did it would be extremely

959  
00:34:15,190 --> 00:34:13,919  
expensive you know like

960  
00:34:16,790 --> 00:34:15,200  
and on top of that there were times

961  
00:34:17,669 --> 00:34:16,800  
where we had no idea what it would even

962  
00:34:20,230 --> 00:34:17,679  
do

963  
00:34:23,109 --> 00:34:20,240

once you did create it and yet very

964

00:34:25,190 --> 00:34:23,119

interestingly sometimes after decades

965

00:34:27,510 --> 00:34:25,200

we will finally have an aha moment and

966

00:34:28,869 --> 00:34:27,520

say aha you know you could levitate

967

00:34:30,550 --> 00:34:28,879

something if you

968

00:34:32,550 --> 00:34:30,560

you know project the right amount of

969

00:34:33,909 --> 00:34:32,560

energy at a certain terahertz frequency

970

00:34:36,310 --> 00:34:33,919

then that thing is going to float you

971

00:34:38,869 --> 00:34:36,320

know stuff like that and you go wow that

972

00:34:41,190 --> 00:34:38,879

that is fascinating um

973

00:34:43,909 --> 00:34:41,200

but yes to answer your original question

974

00:34:46,310 --> 00:34:43,919

i do think we very clearly have material

975

00:34:47,990 --> 00:34:46,320

that's probably from craft

976  
00:34:49,430 --> 00:34:48,000  
but i will say before i hand it back

977  
00:34:51,349 --> 00:34:49,440  
over to you that

978  
00:34:53,430 --> 00:34:51,359  
but what that ultimately means is a

979  
00:34:57,190 --> 00:34:53,440  
separate question i don't want to jump

980  
00:34:59,109 --> 00:34:57,200  
to that means their ets you know

981  
00:35:00,390 --> 00:34:59,119  
uh coming from a different galaxy and

982  
00:35:01,750 --> 00:35:00,400  
they've crashed their craft because they

983  
00:35:03,190 --> 00:35:01,760  
had a bad day like we talked about

984  
00:35:07,990 --> 00:35:03,200  
before

985  
00:35:10,310 --> 00:35:08,000  
question of are these deliberate crashes

986  
00:35:12,950 --> 00:35:10,320  
crashes in quotes meaning that they're

987  
00:35:15,510 --> 00:35:12,960  
there either to be gifts to help us

988  
00:35:18,310 --> 00:35:15,520

discover new technology or some sort of

989

00:35:20,310 --> 00:35:18,320

coded message to say hey stop detonating

990

00:35:22,069 --> 00:35:20,320

atomic bombs

991

00:35:24,790 --> 00:35:22,079

you know what it means is a different

992

00:35:27,030 --> 00:35:24,800

question but have they recovered

993

00:35:29,670 --> 00:35:27,040

material that seems to be highly

994

00:35:31,910 --> 00:35:29,680

sophisticated and not something we could

995

00:35:33,750 --> 00:35:31,920

easily or at all create yes i believe

996

00:35:36,470 --> 00:35:33,760

that's true

997

00:35:38,390 --> 00:35:36,480

yeah i think we see other uh pieces of

998

00:35:39,190 --> 00:35:38,400

evidence that point in that direction as

999

00:35:41,589 --> 00:35:39,200

well

1000

00:35:43,670 --> 00:35:41,599

uh most recently i can think of

1001  
00:35:44,550 --> 00:35:43,680  
ross coulthard's excellent book in plain

1002  
00:35:46,790 --> 00:35:44,560  
sight

1003  
00:35:49,589 --> 00:35:46,800  
uh where he talks about his

1004  
00:35:52,150 --> 00:35:49,599  
conversations with nat kobits uh

1005  
00:35:53,670 --> 00:35:52,160  
and nat mentioning that you know that we

1006  
00:35:55,510 --> 00:35:53,680  
did have something that we were trying

1007  
00:35:56,630 --> 00:35:55,520  
to reverse engineer

1008  
00:35:58,230 --> 00:35:56,640  
uh

1009  
00:35:59,990 --> 00:35:58,240  
you know pretty strongly hinting that

1010  
00:36:03,349 --> 00:36:00,000  
that we were in possession of some sort

1011  
00:36:04,950 --> 00:36:03,359  
of material or craft or part of a craft

1012  
00:36:06,870 --> 00:36:04,960  
uh secret it away

1013  
00:36:09,109 --> 00:36:06,880

uh potentially in a in a private

1014

00:36:10,870 --> 00:36:09,119

industry for example

1015

00:36:12,310 --> 00:36:10,880

so that that's a good recent example and

1016

00:36:13,990 --> 00:36:12,320

then i can think too we've already

1017

00:36:15,510 --> 00:36:14,000

talked about roswell so that's a you

1018

00:36:16,310 --> 00:36:15,520

know iconic

1019

00:36:19,109 --> 00:36:16,320

uh

1020

00:36:21,109 --> 00:36:19,119

you know story of course but um and i'll

1021

00:36:22,950 --> 00:36:21,119

go i'll go it's controversial but i'll

1022

00:36:25,990 --> 00:36:22,960

go with another controversial one which

1023

00:36:28,150 --> 00:36:26,000

is bob lazar uh you know a very heated

1024

00:36:30,470 --> 00:36:28,160

uh you know kind of topic there lots of

1025

00:36:32,470 --> 00:36:30,480

different opinions on that uh i'm not

1026

00:36:35,829 --> 00:36:32,480

here to say one way or the other but

1027

00:36:38,230 --> 00:36:35,839

certainly that uh story uh

1028

00:36:41,190 --> 00:36:38,240

you know has fanned the flames that we

1029

00:36:43,750 --> 00:36:41,200

are in possession of something um

1030

00:36:46,550 --> 00:36:43,760

and then there are other uh uh

1031

00:36:49,990 --> 00:36:46,560

anecdotes of crashes uh uh recently

1032

00:36:52,950 --> 00:36:50,000

jacques vallee uh in in his book uh with

1033

00:36:53,829 --> 00:36:52,960

uh paula harris on trinity uh the crash

1034

00:36:56,069 --> 00:36:53,839

there

1035

00:36:57,030 --> 00:36:56,079

so and then i can think of the aztec

1036

00:36:59,990 --> 00:36:57,040

crash

1037

00:37:02,550 --> 00:37:00,000

uh in essex mexico i think it was uh so

1038

00:37:04,470 --> 00:37:02,560

very well known case so there are a lot

1039

00:37:06,150 --> 00:37:04,480

of uh sort of

1040

00:37:07,510 --> 00:37:06,160

interesting things that we can look at

1041

00:37:09,750 --> 00:37:07,520

in the literature that seemed to

1042

00:37:11,990 --> 00:37:09,760

strongly hint that there is there is a

1043

00:37:14,150 --> 00:37:12,000

there there and then i would also point

1044

00:37:16,870 --> 00:37:14,160

to uh the passage of the

1045

00:37:20,630 --> 00:37:16,880

uh of the gillibrand amendment uh from

1046

00:37:22,470 --> 00:37:20,640

the ndaa and the explicit mention of

1047

00:37:23,670 --> 00:37:22,480

you know retrieving

1048

00:37:25,589 --> 00:37:23,680

teams

1049

00:37:27,910 --> 00:37:25,599

specifically set up to go and retrieve

1050

00:37:30,310 --> 00:37:27,920

something now we can we can talk about

1051

00:37:32,630 --> 00:37:30,320

that in the uh prosaic

1052

00:37:35,430 --> 00:37:32,640

you know sort of auspices of retrieving

1053

00:37:37,589 --> 00:37:35,440

a downed uh drone of some kind and

1054

00:37:38,950 --> 00:37:37,599

getting our hands on that technology and

1055

00:37:41,670 --> 00:37:38,960

understanding it

1056

00:37:44,950 --> 00:37:41,680

maybe it's from one of our adversaries

1057

00:37:46,710 --> 00:37:44,960

but it could also hint at something else

1058

00:37:47,750 --> 00:37:46,720

and that's of course a lot of conjecture

1059

00:37:49,109 --> 00:37:47,760

so we're going to have to kind of wait

1060

00:37:51,670 --> 00:37:49,119

and see

1061

00:37:54,230 --> 00:37:51,680

as this story continues to unfold

1062

00:37:55,829 --> 00:37:54,240

what really may be at play there but if

1063

00:37:58,069 --> 00:37:55,839

you kind of add all these things

1064

00:38:00,710 --> 00:37:58,079

together uh along with many different

1065

00:38:02,230 --> 00:38:00,720

accounts over the over the decades i

1066

00:38:04,069 --> 00:38:02,240

would say there's a there's some pretty

1067

00:38:05,910 --> 00:38:04,079

good evidence here to say that there is

1068

00:38:08,150 --> 00:38:05,920

some that we have we are in possession

1069

00:38:09,829 --> 00:38:08,160

of something uh and that the narrative

1070

00:38:11,349 --> 00:38:09,839

we always hear is that we got it and we

1071

00:38:13,349 --> 00:38:11,359

don't know what to do with it we kind of

1072

00:38:14,870 --> 00:38:13,359

like play around with it for a while

1073

00:38:16,310 --> 00:38:14,880

throw some science at it and throw our

1074

00:38:18,870 --> 00:38:16,320

hands up in the air and come back a

1075

00:38:20,390 --> 00:38:18,880

decade later and try again

1076

00:38:21,589 --> 00:38:20,400

yeah i mean

1077

00:38:25,109 --> 00:38:21,599

it's interesting when you think about

1078

00:38:27,109 --> 00:38:25,119

the glibbrand amendment and you know you

1079

00:38:28,069 --> 00:38:27,119

it's amazing how different people will

1080

00:38:29,430 --> 00:38:28,079

look at that and come away with

1081

00:38:30,790 --> 00:38:29,440

different conclusions about what it

1082

00:38:32,470 --> 00:38:30,800

means right

1083

00:38:34,150 --> 00:38:32,480

but you could easily argue why would you

1084

00:38:37,510 --> 00:38:34,160

even have that

1085

00:38:39,750 --> 00:38:37,520

that aspect about crash retrieval teams

1086

00:38:41,910 --> 00:38:39,760

if there was no there there right if we

1087

00:38:43,910 --> 00:38:41,920

were still at the level of

1088

00:38:45,270 --> 00:38:43,920

you know total conjecture about even if

1089

00:38:47,510 --> 00:38:45,280

anything's happening if it's just

1090

00:38:48,870 --> 00:38:47,520

atmospheric phenomena or whatever

1091

00:38:51,910 --> 00:38:48,880

why would you

1092

00:38:54,310 --> 00:38:51,920

actually you know go so far as to plan

1093

00:38:56,310 --> 00:38:54,320

that kind of detail right

1094

00:38:58,790 --> 00:38:56,320

and yeah some people who are

1095

00:39:00,630 --> 00:38:58,800

skeptics will just go like you said uh

1096

00:39:01,990 --> 00:39:00,640

it's just recovering drone technology

1097

00:39:03,270 --> 00:39:02,000

right that's become the sort of the

1098

00:39:04,950 --> 00:39:03,280

catch-all

1099

00:39:06,550 --> 00:39:04,960

it was weather balloons in the 40s and

1100

00:39:07,829 --> 00:39:06,560

now it's drones right it's it's this

1101

00:39:11,270 --> 00:39:07,839

sort of like

1102

00:39:13,829 --> 00:39:11,280

excuse point we we introduce um

1103

00:39:16,150 --> 00:39:13,839

and yeah the bob lazar point uh you went

1104

00:39:18,710 --> 00:39:16,160

there so i'll go there too

1105

00:39:20,950 --> 00:39:18,720

it is controversial uh you get people

1106

00:39:23,589 --> 00:39:20,960

who have really strong opinions on on

1107

00:39:24,630 --> 00:39:23,599

both sides and everything in between

1108

00:39:26,790 --> 00:39:24,640

um

1109

00:39:29,829 --> 00:39:26,800

i think what i noticed was some people

1110

00:39:31,829 --> 00:39:29,839

in general is that they they tend to

1111

00:39:32,790 --> 00:39:31,839

have black or white views so they they

1112

00:39:34,310 --> 00:39:32,800

say

1113

00:39:36,390 --> 00:39:34,320

look there's clearly some things about

1114

00:39:38,790 --> 00:39:36,400

bob lazar that don't add up therefore i

1115

00:39:40,470 --> 00:39:38,800

reject his testimony all together

1116

00:39:43,670 --> 00:39:40,480

and i don't think we can do that i don't

1117

00:39:45,910 --> 00:39:43,680

think that any of us have a completely

1118

00:39:47,510 --> 00:39:45,920

non-checkered past and

1119

00:39:49,829 --> 00:39:47,520

we wouldn't want to be judged by

1120

00:39:51,990 --> 00:39:49,839

everything we've ever said or done

1121

00:39:55,270 --> 00:39:52,000

and um

1122

00:39:57,750 --> 00:39:55,280

i i for one tend to think a lot of the

1123

00:39:58,630 --> 00:39:57,760

meat of what he said has some validity

1124

00:40:00,950 --> 00:39:58,640

to it

1125

00:40:03,109 --> 00:40:00,960

and it also makes complete sense to me

1126

00:40:04,550 --> 00:40:03,119

that like you mentioned

1127

00:40:06,710 --> 00:40:04,560

we can bring in all the highly

1128

00:40:08,550 --> 00:40:06,720

credentialed credentialed scientists at

1129

00:40:10,470 --> 00:40:08,560

first but if you do that for a decade

1130

00:40:12,630 --> 00:40:10,480

and you haven't got anywhere

1131

00:40:16,150 --> 00:40:12,640

and you get some guy who like you know

1132

00:40:18,309 --> 00:40:16,160

created rocket engines in his spare time

1133

00:40:20,630 --> 00:40:18,319

you might give him a shot because

1134

00:40:21,910 --> 00:40:20,640

what you have to lose right and

1135

00:40:23,670 --> 00:40:21,920

so

1136

00:40:26,069 --> 00:40:23,680

it makes sense to me that when they

1137

00:40:27,670 --> 00:40:26,079

would try and crack this

1138

00:40:29,030 --> 00:40:27,680

for years and years and not really get

1139

00:40:31,030 --> 00:40:29,040

anywhere

1140

00:40:32,710 --> 00:40:31,040

that they would try to think outside the

1141

00:40:35,589 --> 00:40:32,720

box and bring in some other people like

1142

00:40:36,950 --> 00:40:35,599

a bob lazar to make sense of it

1143

00:40:38,630 --> 00:40:36,960

that part of course is hugely

1144

00:40:39,829 --> 00:40:38,640

fascinating because that doesn't just

1145

00:40:46,150 --> 00:40:39,839

mean

1146

00:40:48,230 --> 00:40:46,160

have either recovered craft that are

1147

00:40:50,790 --> 00:40:48,240

still mostly operational

1148

00:40:54,069 --> 00:40:50,800

or we've known at least enough to try to

1149

00:40:54,950 --> 00:40:54,079

recreate these vehicles you know

1150

00:40:55,750 --> 00:40:54,960

fully

1151  
00:40:57,910 --> 00:40:55,760  
um

1152  
00:40:59,270 --> 00:40:57,920  
and you know i think bob lazar's

1153  
00:41:00,790 --> 00:40:59,280  
testimony was that there was there's

1154  
00:41:03,430 --> 00:41:00,800  
several different models right that they

1155  
00:41:05,109 --> 00:41:03,440  
sort of had that he that he viewed

1156  
00:41:08,309 --> 00:41:05,119  
um

1157  
00:41:09,910 --> 00:41:08,319  
yeah it's it's it's uh tricky to figure

1158  
00:41:11,750 --> 00:41:09,920  
out what's exactly going on but i think

1159  
00:41:14,790 --> 00:41:11,760  
there is a there there regardless of

1160  
00:41:16,550 --> 00:41:14,800  
exactly what the specifics are um i

1161  
00:41:18,470 --> 00:41:16,560  
think that

1162  
00:41:20,150 --> 00:41:18,480  
even when you look at stealth technology

1163  
00:41:21,670 --> 00:41:20,160

some people will look at it and say ah

1164

00:41:23,349 --> 00:41:21,680

there's nothing really special there

1165

00:41:24,870 --> 00:41:23,359

that's something we would have

1166

00:41:26,069 --> 00:41:24,880

you know prosaically come across

1167

00:41:28,710 --> 00:41:26,079

eventually other people who are

1168

00:41:30,710 --> 00:41:28,720

convinced that the stealth technology

1169

00:41:32,309 --> 00:41:30,720

came directly out of discoveries we made

1170

00:41:34,309 --> 00:41:32,319

from retrieved vehicles and retrieved

1171

00:41:35,829 --> 00:41:34,319

materials

1172

00:41:37,270 --> 00:41:35,839

i've heard arguments on both sides of

1173

00:41:39,910 --> 00:41:37,280

the equation

1174

00:41:43,510 --> 00:41:39,920

but i am pretty convinced that we we not

1175

00:41:45,030 --> 00:41:43,520

only have debris but we probably have

1176

00:41:47,109 --> 00:41:45,040

perhaps even

1177

00:41:48,790 --> 00:41:47,119

mostly intact craft or enough that we

1178

00:41:51,349 --> 00:41:48,800

could actually try to figure out how the

1179

00:41:52,870 --> 00:41:51,359

technology works

1180

00:41:55,030 --> 00:41:52,880

well and then that then gets me to the

1181

00:41:57,109 --> 00:41:55,040

next item so what do we think about and

1182

00:41:59,349 --> 00:41:57,119

you hinted at earlier about the notion

1183

00:42:01,270 --> 00:41:59,359

of occupants

1184

00:42:02,390 --> 00:42:01,280

in these craft

1185

00:42:03,190 --> 00:42:02,400

there's been

1186

00:42:06,790 --> 00:42:03,200

some

1187

00:42:08,630 --> 00:42:06,800

mention of this i can think of um

1188

00:42:10,870 --> 00:42:08,640

the interview i believe it was with kurt

1189

00:42:13,190 --> 00:42:10,880

jaimongall and luella's hondo where

1190

00:42:16,309 --> 00:42:13,200

elizondo hinted at uh you know kind of

1191

00:42:18,150 --> 00:42:16,319

biological material

1192

00:42:19,829 --> 00:42:18,160

in a very vague

1193

00:42:21,109 --> 00:42:19,839

broad term there

1194

00:42:23,430 --> 00:42:21,119

could mean a whole lot of different

1195

00:42:26,069 --> 00:42:23,440

things

1196

00:42:27,990 --> 00:42:26,079

but there are other many other stories

1197

00:42:29,349 --> 00:42:28,000

you know roswell great another great

1198

00:42:31,190 --> 00:42:29,359

example that

1199

00:42:33,109 --> 00:42:31,200

uh i forget that there were you know a

1200

00:42:34,950 --> 00:42:33,119

couple of the two or three bodies and

1201  
00:42:37,750 --> 00:42:34,960  
maybe one that was still alive and i've

1202  
00:42:39,510 --> 00:42:37,760  
heard that that story uh secreted away

1203  
00:42:41,270 --> 00:42:39,520  
to wright patterson or something you

1204  
00:42:44,390 --> 00:42:41,280  
know so there's there's a lot of talk

1205  
00:42:47,510 --> 00:42:44,400  
about this uh you know about some kind

1206  
00:42:50,790 --> 00:42:47,520  
of uh humanoid uh entities

1207  
00:42:52,470 --> 00:42:50,800  
uh you know i wonder to what degree

1208  
00:42:54,069 --> 00:42:52,480  
you know you think that holds the same

1209  
00:42:57,270 --> 00:42:54,079  
amount of uh

1210  
00:42:59,030 --> 00:42:57,280  
of of water as as the craft uh

1211  
00:43:01,589 --> 00:42:59,040  
item

1212  
00:43:05,510 --> 00:43:01,599  
yeah that one is feels uh a bit more

1213  
00:43:07,589 --> 00:43:05,520

speculative um i'm less sure of that but

1214

00:43:08,790 --> 00:43:07,599

i think there's

1215

00:43:10,309 --> 00:43:08,800

there's enough smoke that there's

1216

00:43:12,160 --> 00:43:10,319

probably fire there

1217

00:43:13,670 --> 00:43:12,170

at some point um

1218

00:43:17,190 --> 00:43:13,680

[Music]

1219

00:43:19,589 --> 00:43:17,200

again whether or not those were uh

1220

00:43:20,950 --> 00:43:19,599

you know a kind of advanced ai you know

1221

00:43:22,550 --> 00:43:20,960

there's even been

1222

00:43:24,230 --> 00:43:22,560

discussions i think even in the trinity

1223

00:43:26,309 --> 00:43:24,240

book that you mentioned

1224

00:43:28,550 --> 00:43:26,319

with harrison valet where you know

1225

00:43:30,870 --> 00:43:28,560

there's a discussion of

1226

00:43:33,829 --> 00:43:30,880

or at least it's been postulated before

1227

00:43:35,589 --> 00:43:33,839

that if these are actually

1228

00:43:37,589 --> 00:43:35,599

either gifts

1229

00:43:39,349 --> 00:43:37,599

meaning you know deliberate crashes to

1230

00:43:40,710 --> 00:43:39,359

try to advance our technology which you

1231

00:43:42,390 --> 00:43:40,720

could even argue that's us from the

1232

00:43:45,829 --> 00:43:42,400

future doing that and try to change the

1233

00:43:47,589 --> 00:43:45,839

timeline in a way that wouldn't

1234

00:43:50,470 --> 00:43:47,599

outright reveal that it's technology

1235

00:43:52,150 --> 00:43:50,480

from your own future

1236

00:43:54,470 --> 00:43:52,160

but you know the the argument has been

1237

00:43:56,069 --> 00:43:54,480

made that maybe they just used

1238

00:43:58,230 --> 00:43:56,079

sophisticated

1239

00:43:59,190 --> 00:43:58,240

semi-organic a.i

1240

00:44:01,030 --> 00:43:59,200

um

1241

00:44:03,829 --> 00:44:01,040

because they wouldn't want to be so

1242

00:44:05,030 --> 00:44:03,839

cruel as to go and you know

1243

00:44:07,670 --> 00:44:05,040

uh

1244

00:44:09,829 --> 00:44:07,680

kamikaze the these these guys into the

1245

00:44:11,670 --> 00:44:09,839

into the desert and kill them but rather

1246

00:44:13,510 --> 00:44:11,680

we want to again if the if it's about

1247

00:44:14,790 --> 00:44:13,520

creating a narrative that this is a

1248

00:44:15,750 --> 00:44:14,800

spaceship

1249

00:44:17,750 --> 00:44:15,760

with

1250

00:44:20,230 --> 00:44:17,760

aliens who flew across

1251  
00:44:21,349 --> 00:44:20,240  
the vast stretches of space to get here

1252  
00:44:23,030 --> 00:44:21,359  
then you may

1253  
00:44:24,630 --> 00:44:23,040  
you know

1254  
00:44:25,589 --> 00:44:24,640  
bring bodies into it as well right so

1255  
00:44:27,670 --> 00:44:25,599  
again

1256  
00:44:28,630 --> 00:44:27,680  
there's the details

1257  
00:44:30,309 --> 00:44:28,640  
and there's then there's the

1258  
00:44:31,109 --> 00:44:30,319  
interpretation of the details right so

1259  
00:44:34,870 --> 00:44:31,119  
again

1260  
00:44:36,710 --> 00:44:34,880  
what i found fascinating when i

1261  
00:44:38,710 --> 00:44:36,720  
researched that was that

1262  
00:44:41,990 --> 00:44:38,720  
even though they never actually got

1263  
00:44:43,430 --> 00:44:42,000

from my understanding firsthand uh

1264

00:44:45,270 --> 00:44:43,440

they never got their hands on the

1265

00:44:47,589 --> 00:44:45,280

material itself or they never you know

1266

00:44:49,670 --> 00:44:47,599

saw the bodies whatever they still came

1267

00:44:52,150 --> 00:44:49,680

to some very strong conclusions about

1268

00:44:54,309 --> 00:44:52,160

what roswell was and they were convinced

1269

00:44:56,230 --> 00:44:54,319

yes material was recovered

1270

00:44:57,589 --> 00:44:56,240

but it was the product of demonic

1271

00:44:58,630 --> 00:44:57,599

alchemy right

1272

00:45:01,430 --> 00:44:58,640

that

1273

00:45:04,470 --> 00:45:01,440

satan and his minions can actually

1274

00:45:05,750 --> 00:45:04,480

manifest 3d objects that we can pick up

1275

00:45:07,750 --> 00:45:05,760

and hold and go wow this was like

1276

00:45:09,190 --> 00:45:07,760

technology

1277

00:45:11,430 --> 00:45:09,200

and on top of that they actually

1278

00:45:13,990 --> 00:45:11,440

believed that they were there were

1279

00:45:15,910 --> 00:45:14,000

biological entities what looked like

1280

00:45:17,990 --> 00:45:15,920

biological entities that were recovered

1281

00:45:19,109 --> 00:45:18,000

but they also believe that that too was

1282

00:45:22,150 --> 00:45:19,119

a kind of

1283

00:45:24,390 --> 00:45:22,160

frankenstein kind of alchemy that these

1284

00:45:26,550 --> 00:45:24,400

things that look like biological bodies

1285

00:45:28,710 --> 00:45:26,560

were all part of the ruse

1286

00:45:32,630 --> 00:45:28,720

to make you believe that narrative about

1287

00:45:34,150 --> 00:45:32,640

the eth um so again

1288

00:45:36,309 --> 00:45:34,160

you know and like you said elizondo has

1289

00:45:38,630 --> 00:45:36,319

talked about this but he's also been

1290

00:45:41,270 --> 00:45:38,640

very hesitant to

1291

00:45:42,870 --> 00:45:41,280

put forward the eth he he brings in he's

1292

00:45:45,510 --> 00:45:42,880

very quick to say

1293

00:45:47,990 --> 00:45:45,520

maybe there's you know humanities you

1294

00:45:51,190 --> 00:45:48,000

know like maybe it's more than just one

1295

00:45:52,950 --> 00:45:51,200

or maybe there's other species that have

1296

00:45:54,390 --> 00:45:52,960

you know been alongside us all along we

1297

00:45:55,349 --> 00:45:54,400

just haven't perceived them for whatever

1298

00:45:59,670 --> 00:45:55,359

reason

1299

00:46:01,589 --> 00:45:59,680

um so he seems very very eager to to

1300

00:46:05,030 --> 00:46:01,599

to postulate those notions to sort of

1301

00:46:08,230 --> 00:46:05,040

get that circulating in the ufology um

1302

00:46:09,750 --> 00:46:08,240

so yes i think that

1303

00:46:12,150 --> 00:46:09,760

this was a very long answer to a

1304

00:46:14,470 --> 00:46:12,160

question um but yes i think there's been

1305

00:46:16,390 --> 00:46:14,480

biological material recovered then the

1306

00:46:18,950 --> 00:46:16,400

question becomes what does that material

1307

00:46:20,150 --> 00:46:18,960

actually represent

1308

00:46:22,790 --> 00:46:20,160

yeah it's definitely the one that i

1309

00:46:25,910 --> 00:46:22,800

think i mean all of these to me get you

1310

00:46:28,550 --> 00:46:25,920

very you know get me very curious but

1311

00:46:31,910 --> 00:46:28,560

you know certainly a lot of questions uh

1312

00:46:35,190 --> 00:46:31,920

follow from this idea that we may have

1313

00:46:38,150 --> 00:46:35,200

uh entities uh you know either

1314

00:46:39,430 --> 00:46:38,160

alive or or dead uh that we can interact

1315

00:46:41,990 --> 00:46:39,440

with or study

1316

00:46:44,069 --> 00:46:42,000

uh and what those uh sort of what that

1317

00:46:46,790 --> 00:46:44,079

revelation may mean for us

1318

00:46:49,829 --> 00:46:48,150

i wonder too

1319

00:46:51,670 --> 00:46:49,839

you know there's so many there's so many

1320

00:46:53,750 --> 00:46:51,680

topics we can we can touch on but

1321

00:46:55,990 --> 00:46:53,760

another one that kind of came to mind as

1322

00:46:58,150 --> 00:46:56,000

far as like what

1323

00:47:01,190 --> 00:46:58,160

the government may know we know that

1324

00:47:03,910 --> 00:47:01,200

they have there has been research done

1325

00:47:06,230 --> 00:47:03,920

uh with uh the stanford

1326  
00:47:07,349 --> 00:47:06,240  
uh research institute work that hal put

1327  
00:47:10,230 --> 00:47:07,359  
off has done

1328  
00:47:11,430 --> 00:47:10,240  
into psy abilities you know remote

1329  
00:47:12,230 --> 00:47:11,440  
viewing

1330  
00:47:17,430 --> 00:47:12,240  
uh

1331  
00:47:19,270 --> 00:47:17,440  
geller and and ingo swan and a bunch of

1332  
00:47:22,549 --> 00:47:19,280  
others uh

1333  
00:47:23,750 --> 00:47:22,559  
joe mcmonagle you know into this

1334  
00:47:26,150 --> 00:47:23,760  
notion that

1335  
00:47:27,109 --> 00:47:26,160  
human beings themselves

1336  
00:47:29,109 --> 00:47:27,119  
have this

1337  
00:47:31,430 --> 00:47:29,119  
capability of

1338  
00:47:32,549 --> 00:47:31,440

you know telekinesis or telepathy all of

1339

00:47:35,829 --> 00:47:32,559

the above

1340

00:47:39,109 --> 00:47:35,839

and and many have speculated that that

1341

00:47:41,109 --> 00:47:39,119

that line of research inquiry is is in

1342

00:47:42,150 --> 00:47:41,119

and of itself related to this entire

1343

00:47:43,829 --> 00:47:42,160

topic

1344

00:47:46,309 --> 00:47:43,839

and uh and we've touched on this a

1345

00:47:47,829 --> 00:47:46,319

little bit before but you know how do

1346

00:47:50,950 --> 00:47:47,839

you see

1347

00:47:54,870 --> 00:47:50,960

that component as it ties into this

1348

00:48:00,150 --> 00:47:56,950

yeah i mean it definitely

1349

00:48:02,870 --> 00:48:00,160

is part of it um

1350

00:48:05,190 --> 00:48:02,880

you know as i've i've mentioned recently

1351  
00:48:06,950 --> 00:48:05,200  
i'm currently working on a book that

1352  
00:48:08,309 --> 00:48:06,960  
is going to try to tie all this together

1353  
00:48:09,990 --> 00:48:08,319  
to try to

1354  
00:48:12,630 --> 00:48:10,000  
conceive of a

1355  
00:48:14,309 --> 00:48:12,640  
metaphysical conception of reality that

1356  
00:48:15,270 --> 00:48:14,319  
would give birth to all of these

1357  
00:48:17,670 --> 00:48:15,280  
different

1358  
00:48:18,710 --> 00:48:17,680  
phenomena we've we've observed including

1359  
00:48:20,950 --> 00:48:18,720  
psy

1360  
00:48:23,109 --> 00:48:20,960  
phenomena amongst human beings not to

1361  
00:48:23,990 --> 00:48:23,119  
mention from these others

1362  
00:48:25,750 --> 00:48:24,000  
it's

1363  
00:48:26,549 --> 00:48:25,760

for sure connected

1364

00:48:28,630 --> 00:48:26,559

um

1365

00:48:29,910 --> 00:48:28,640

my personal contention is still that

1366

00:48:31,430 --> 00:48:29,920

there's different

1367

00:48:32,790 --> 00:48:31,440

sources different groups different

1368

00:48:34,710 --> 00:48:32,800

agendas here

1369

00:48:36,630 --> 00:48:34,720

um i think that's part of the the huge

1370

00:48:38,069 --> 00:48:36,640

complexity of disclosure is that it's

1371

00:48:40,549 --> 00:48:38,079

not

1372

00:48:42,549 --> 00:48:40,559

one aha moment it's that the

1373

00:48:44,790 --> 00:48:42,559

it's it's a

1374

00:48:46,549 --> 00:48:44,800

there's numerous uh bullet points

1375

00:48:49,670 --> 00:48:46,559

on the disclosure

1376

00:48:51,750 --> 00:48:49,680

list so um

1377

00:48:54,150 --> 00:48:51,760

i i need to be careful here to constrain

1378

00:48:55,349 --> 00:48:54,160

what i what i want to say but

1379

00:48:57,349 --> 00:48:55,359

um

1380

00:48:59,589 --> 00:48:57,359

yes i think that

1381

00:49:01,670 --> 00:48:59,599

again to cynics they will dismiss that

1382

00:49:03,829 --> 00:49:01,680

right away and say

1383

00:49:05,510 --> 00:49:03,839

come on psy really that's that's going

1384

00:49:07,589 --> 00:49:05,520

to be your argument that shows you how

1385

00:49:09,349 --> 00:49:07,599

weak your data is

1386

00:49:11,910 --> 00:49:09,359

and yet

1387

00:49:13,910 --> 00:49:11,920

i've seen

1388

00:49:15,430 --> 00:49:13,920

over 100 years of parapsychological

1389

00:49:17,670 --> 00:49:15,440

research that makes it very very clear

1390

00:49:20,150 --> 00:49:17,680

that psy is real it's it's not a

1391

00:49:21,589 --> 00:49:20,160

question anymore and to to the fact that

1392

00:49:23,750 --> 00:49:21,599

we even have to

1393

00:49:25,510 --> 00:49:23,760

have that debate still

1394

00:49:27,030 --> 00:49:25,520

shows me just how much prejudice there

1395

00:49:29,109 --> 00:49:27,040

is and how much inertia there is behind

1396

00:49:30,630 --> 00:49:29,119

the the physicalist paradigm that

1397

00:49:32,230 --> 00:49:30,640

doesn't know what to do with that so it

1398

00:49:34,950 --> 00:49:32,240

just wants to not talk about it and it's

1399

00:49:37,510 --> 00:49:34,960

amazing to me how successful

1400

00:49:39,589 --> 00:49:37,520

that establishment has been in

1401

00:49:42,150 --> 00:49:39,599

um

1402

00:49:44,390 --> 00:49:42,160

in keeping to the margins any kind of

1403

00:49:48,069 --> 00:49:44,400

parapsychological research that has

1404

00:49:49,670 --> 00:49:48,079

arisen much like the phenomenon research

1405

00:49:52,309 --> 00:49:49,680

but yes like you touched on there have

1406

00:49:54,790 --> 00:49:52,319

been remote viewers who are remarkably

1407

00:49:56,829 --> 00:49:54,800

capable have shown

1408

00:49:59,990 --> 00:49:56,839

you know again there was a

1409

00:50:02,549 --> 00:50:00,000

program funded by the cia

1410

00:50:05,109 --> 00:50:02,559

at sri with help put off and

1411

00:50:07,510 --> 00:50:05,119

russell targen people that ran for 20

1412

00:50:09,670 --> 00:50:07,520

years okay it was it was a fully funded

1413

00:50:12,549 --> 00:50:09,680

government program that run for 20 years

1414

00:50:14,950 --> 00:50:12,559

you don't fund a program for 20 years

1415

00:50:17,109 --> 00:50:14,960

if it doesn't produce results i mean

1416

00:50:19,030 --> 00:50:17,119

there are already there are always more

1417

00:50:20,630 --> 00:50:19,040

programs searching for money in

1418

00:50:22,790 --> 00:50:20,640

governmental circles than there is money

1419

00:50:25,190 --> 00:50:22,800

to go around so at the end of the day if

1420

00:50:26,630 --> 00:50:25,200

you're not producing intel that's

1421

00:50:29,109 --> 00:50:26,640

valuable especially in the midst of a

1422

00:50:31,349 --> 00:50:29,119

cold war you're gonna get axed but they

1423

00:50:33,750 --> 00:50:31,359

weren't axed they were funded for 20

1424

00:50:35,109 --> 00:50:33,760

years and i still think it's still going

1425

00:50:38,950 --> 00:50:35,119

on it's probably

1426

00:50:42,870 --> 00:50:40,390

but

1427

00:50:46,150 --> 00:50:42,880

we know that they were capable of for

1428

00:50:47,670 --> 00:50:46,160

instance producing intel about

1429

00:50:49,510 --> 00:50:47,680

military infrastructure within the

1430

00:50:52,790 --> 00:50:49,520

soviet union right

1431

00:50:54,150 --> 00:50:52,800

we have cases where they provided intel

1432

00:50:55,750 --> 00:50:54,160

and what you do with that kind of intel

1433

00:50:57,270 --> 00:50:55,760

is you try and verify it through other

1434

00:50:59,190 --> 00:50:57,280

means and they were able to verify it

1435

00:51:01,270 --> 00:50:59,200

through other means so we know that

1436

00:51:02,710 --> 00:51:01,280

these guys joseph

1437

00:51:03,990 --> 00:51:02,720

mcmonagle being one of them like you

1438

00:51:05,270 --> 00:51:04,000

mentioned

1439

00:51:08,950 --> 00:51:05,280

was able to

1440

00:51:11,990 --> 00:51:08,960

see without seeing right uh you know

1441

00:51:13,910 --> 00:51:12,000

without using his normal senses uh had a

1442

00:51:15,589 --> 00:51:13,920

vision of this

1443

00:51:17,589 --> 00:51:15,599

these various military infrastructure in

1444

00:51:19,030 --> 00:51:17,599

the soviet union and later on they would

1445

00:51:20,630 --> 00:51:19,040

take a picture when they actually found

1446

00:51:22,309 --> 00:51:20,640

this thing eventually and it's

1447

00:51:24,390 --> 00:51:22,319

remarkable there's no way you can say

1448

00:51:26,630 --> 00:51:24,400

that that he kind of just guessed it's

1449

00:51:27,670 --> 00:51:26,640

something that was not known to exist at

1450

00:51:28,790 --> 00:51:27,680

the time

1451

00:51:30,230 --> 00:51:28,800

even the

1452

00:51:31,750 --> 00:51:30,240

the military brass didn't know what to

1453

00:51:34,069 --> 00:51:31,760

do with it because they weren't aware of

1454

00:51:35,670 --> 00:51:34,079

anything like that and yet later on it's

1455

00:51:37,190 --> 00:51:35,680

verified as true so

1456

00:51:39,190 --> 00:51:37,200

i say that to point out that we've

1457

00:51:40,630 --> 00:51:39,200

already seen that these guys produce

1458

00:51:42,230 --> 00:51:40,640

valid intel that's been verified

1459

00:51:44,150 --> 00:51:42,240

elsewhere so we know they have a talent

1460

00:51:46,150 --> 00:51:44,160

we know what really happens

1461

00:51:47,670 --> 00:51:46,160

those same guys

1462

00:51:48,829 --> 00:51:47,680

like you mentioned some of them eric

1463

00:51:51,349 --> 00:51:48,839

geller

1464

00:51:52,390 --> 00:51:51,359

mcmonagle etc

1465

00:51:53,349 --> 00:51:52,400

they

1466

00:51:54,870 --> 00:51:53,359

also

1467

00:51:57,510 --> 00:51:54,880

um have

1468

00:51:59,990 --> 00:51:57,520

remote viewed supposedly

1469

00:52:02,390 --> 00:52:00,000

alien spacecraft sometimes orbiting the

1470

00:52:03,829 --> 00:52:02,400

earth and sometimes even supposed alien

1471

00:52:05,670 --> 00:52:03,839

bases like

1472

00:52:07,990 --> 00:52:05,680

you know four major ones i remember

1473

00:52:10,390 --> 00:52:08,000

being described around the earth in

1474

00:52:12,790 --> 00:52:10,400

different places

1475

00:52:15,109 --> 00:52:12,800

and it's it's difficult to discount that

1476  
00:52:17,990 --> 00:52:15,119  
because these are the same individuals

1477  
00:52:19,910 --> 00:52:18,000  
that produced valid you know proven

1478  
00:52:21,750 --> 00:52:19,920  
intel elsewhere

1479  
00:52:24,309 --> 00:52:21,760  
and the way that

1480  
00:52:26,630 --> 00:52:24,319  
any kind of psi works is that you know

1481  
00:52:29,190 --> 00:52:26,640  
time and space kind of become irrelevant

1482  
00:52:30,870 --> 00:52:29,200  
you know and the way that

1483  
00:52:32,950 --> 00:52:30,880  
aspect right there is is a key part of

1484  
00:52:34,870 --> 00:52:32,960  
the book i'm writing in terms of

1485  
00:52:35,910 --> 00:52:34,880  
what does that tell us about reality the

1486  
00:52:38,230 --> 00:52:35,920  
fact that

1487  
00:52:40,710 --> 00:52:38,240  
we can sometimes perceive

1488  
00:52:42,470 --> 00:52:40,720

events that seem to not exist within

1489

00:52:44,790 --> 00:52:42,480

space time at all what does that

1490

00:52:46,870 --> 00:52:44,800

tell us about space time as a construct

1491

00:52:49,990 --> 00:52:46,880

as opposed to you know the the

1492

00:52:50,790 --> 00:52:50,000

the substratum of reality itself

1493

00:52:53,270 --> 00:52:50,800

so

1494

00:52:55,589 --> 00:52:53,280

yes i think that we have to look at the

1495

00:52:57,589 --> 00:52:55,599

the remote viewing work um the psi work

1496

00:53:01,829 --> 00:52:57,599

that's been done and i think that's

1497

00:53:03,990 --> 00:53:01,839

another data point that suggests yes the

1498

00:53:05,190 --> 00:53:04,000

aliens are here whatever they are right

1499

00:53:06,309 --> 00:53:05,200

and again i think there's more than one

1500

00:53:07,270 --> 00:53:06,319

source

1501  
00:53:09,589 --> 00:53:07,280  
and

1502  
00:53:11,430 --> 00:53:09,599  
likely there are things like

1503  
00:53:13,349 --> 00:53:11,440  
not only craft but now we introduce

1504  
00:53:14,790 --> 00:53:13,359  
things like alien bases you know and

1505  
00:53:15,910 --> 00:53:14,800  
things like that

1506  
00:53:18,069 --> 00:53:15,920  
and there's even been part of the

1507  
00:53:19,270 --> 00:53:18,079  
literature that wants to

1508  
00:53:21,109 --> 00:53:19,280  
you know

1509  
00:53:22,950 --> 00:53:21,119  
speculate that perhaps even aspects of

1510  
00:53:25,510 --> 00:53:22,960  
the government are in cahoots with some

1511  
00:53:27,829 --> 00:53:25,520  
of these others and you know people

1512  
00:53:29,670 --> 00:53:27,839  
sometimes add abductees or contactees

1513  
00:53:32,069 --> 00:53:29,680

will report seeing

1514

00:53:34,390 --> 00:53:32,079

human beings along with things like gray

1515

00:53:37,270 --> 00:53:34,400

aliens in these bases right not to

1516

00:53:38,150 --> 00:53:37,280

mention on board supposed spacecraft

1517

00:53:40,069 --> 00:53:38,160

so

1518

00:53:41,910 --> 00:53:40,079

that has led a lot of people to say aha

1519

00:53:43,190 --> 00:53:41,920

not only does the government know that

1520

00:53:45,430 --> 00:53:43,200

they're here but they're actually

1521

00:53:48,870 --> 00:53:45,440

working with them and they've made these

1522

00:53:51,990 --> 00:53:48,880

you know agreements these concords to uh

1523

00:53:55,510 --> 00:53:52,000

let them abduct people in in exchange

1524

00:53:57,349 --> 00:53:55,520

for technology and those kind of things

1525

00:53:58,950 --> 00:53:57,359

that's uh that's a whole other ball of

1526

00:54:01,910 --> 00:53:58,960

wax to get into

1527

00:54:05,430 --> 00:54:01,920

um but all it is to say yes i think

1528

00:54:07,510 --> 00:54:05,440

psi is real psy is a central

1529

00:54:08,870 --> 00:54:07,520

data point to make sense of the entire

1530

00:54:09,990 --> 00:54:08,880

phenomenon

1531

00:54:12,790 --> 00:54:10,000

and it's something we need to pay

1532

00:54:13,910 --> 00:54:12,800

attention pension to in terms of

1533

00:54:15,910 --> 00:54:13,920

what's actually going on what the

1534

00:54:17,589 --> 00:54:15,920

government knows etc

1535

00:54:19,270 --> 00:54:17,599

yeah and i want to point out that for

1536

00:54:21,270 --> 00:54:19,280

our listeners you know we we're talking

1537

00:54:25,349 --> 00:54:21,280

about these uh

1538

00:54:29,990 --> 00:54:27,430

and as it relates to disclosure because

1539

00:54:31,670 --> 00:54:30,000

it points to the complexity of this

1540

00:54:35,109 --> 00:54:31,680

just generally

1541

00:54:37,430 --> 00:54:35,119

that it's no there's no simple

1542

00:54:39,510 --> 00:54:37,440

narrative that can just be you know

1543

00:54:41,589 --> 00:54:39,520

written down on a one sheet of paper

1544

00:54:43,829 --> 00:54:41,599

that kind of explains what's happening

1545

00:54:47,030 --> 00:54:43,839

here i can think even more recently of a

1546

00:54:49,430 --> 00:54:47,040

great example of this that in in in the

1547

00:54:51,109 --> 00:54:49,440

ufo community was

1548

00:54:53,589 --> 00:54:51,119

got kind of a lukewarm reception and

1549

00:54:55,030 --> 00:54:53,599

that's skin walkers at the pentagon you

1550

00:54:57,829 --> 00:54:55,040

know talking about

1551

00:55:01,750 --> 00:54:57,839

awsap and the work of

1552

00:55:03,510 --> 00:55:01,760

james lakatsky and bob bigelow

1553

00:55:06,069 --> 00:55:03,520

you know with skinwalker ranch and the

1554

00:55:09,430 --> 00:55:06,079

phenomenon that was observed there again

1555

00:55:11,030 --> 00:55:09,440

a funded program over many years

1556

00:55:13,190 --> 00:55:11,040

involving a lot of government

1557

00:55:14,870 --> 00:55:13,200

professionals some very highly

1558

00:55:16,789 --> 00:55:14,880

credentialed people

1559

00:55:18,309 --> 00:55:16,799

with with exceptional backgrounds and

1560

00:55:20,870 --> 00:55:18,319

security clearances

1561

00:55:23,670 --> 00:55:20,880

reporting in this book a range of

1562

00:55:25,430 --> 00:55:23,680

phenomenon that is you know kind of out

1563

00:55:26,950 --> 00:55:25,440

there if i were just to be candid and i

1564

00:55:29,030 --> 00:55:26,960

think that's part of the

1565

00:55:30,309 --> 00:55:29,040

reason why i got such a you know kind of

1566

00:55:39,270 --> 00:55:30,319

a

1567

00:55:40,950 --> 00:55:39,280

fitting into their into their notion of

1568

00:55:43,349 --> 00:55:40,960

disclosure and we haven't talked about

1569

00:55:46,069 --> 00:55:43,359

this really explicitly but that's part

1570

00:55:47,910 --> 00:55:46,079

of this conversation there's disclosure

1571

00:55:49,190 --> 00:55:47,920

as it is and there's disclosure as i

1572

00:55:50,870 --> 00:55:49,200

want it to be

1573

00:55:52,789 --> 00:55:50,880

you know and so when you're handed this

1574

00:55:53,910 --> 00:55:52,799

piece and you're saying okay here's a

1575

00:55:55,109 --> 00:55:53,920

piece for you it's part of the

1576  
00:55:56,309 --> 00:55:55,119  
disclosure narrative and you're looking

1577  
00:55:59,030 --> 00:55:56,319  
at it and going like well this isn't

1578  
00:56:00,630 --> 00:55:59,040  
going to go into my puzzle

1579  
00:56:02,950 --> 00:56:00,640  
you know this doesn't fit with what i've

1580  
00:56:04,630 --> 00:56:02,960  
already constructed so

1581  
00:56:06,710 --> 00:56:04,640  
uh this must be bogus you can't be

1582  
00:56:08,150 --> 00:56:06,720  
serious like i'm sorry you know

1583  
00:56:08,789 --> 00:56:08,160  
you can take this book and i don't need

1584  
00:56:11,510 --> 00:56:08,799  
it

1585  
00:56:14,309 --> 00:56:11,520  
i think that's um premature i think i

1586  
00:56:15,109 --> 00:56:14,319  
think over time we're gonna find that

1587  
00:56:21,510 --> 00:56:15,119  
the

1588  
00:56:24,150 --> 00:56:21,520

does point somewhere

1589

00:56:26,789 --> 00:56:24,160

and is going to be part of the overall

1590

00:56:28,710 --> 00:56:26,799

story but i i wonder you know to what

1591

00:56:32,069 --> 00:56:28,720

degree have you kind of thought about

1592

00:56:34,470 --> 00:56:32,079

that and uh and and where does uh a

1593

00:56:36,230 --> 00:56:34,480

place like skinwalker ranch and all the

1594

00:56:37,750 --> 00:56:36,240

purported phenomenon that takes place

1595

00:56:39,670 --> 00:56:37,760

there where does that fit in into this

1596

00:56:42,069 --> 00:56:39,680

conversation

1597

00:56:44,789 --> 00:56:42,079

yeah it's a great point and i think

1598

00:56:46,789 --> 00:56:44,799

you raised a really important uh notion

1599

00:56:48,230 --> 00:56:46,799

that to some degree you could argue

1600

00:56:49,910 --> 00:56:48,240

there's been

1601  
00:56:51,990 --> 00:56:49,920  
you know a slow leak of disclosure

1602  
00:56:54,069 --> 00:56:52,000  
already you know a book like

1603  
00:56:56,549 --> 00:56:54,079  
skinwalkers of the pentagon not only got

1604  
00:56:58,069 --> 00:56:56,559  
written but it got approved right these

1605  
00:57:00,470 --> 00:56:58,079  
are guys that because they had top

1606  
00:57:02,549 --> 00:57:00,480  
secret clearances

1607  
00:57:03,349 --> 00:57:02,559  
you know calm kelleher and lakatsky and

1608  
00:57:05,190 --> 00:57:03,359  
stuff

1609  
00:57:08,309 --> 00:57:05,200  
had to get this

1610  
00:57:10,150 --> 00:57:08,319  
like line by line read you know and and

1611  
00:57:12,230 --> 00:57:10,160  
approved they could only release for

1612  
00:57:14,309 --> 00:57:12,240  
publication what was willing to be

1613  
00:57:16,630 --> 00:57:14,319

released by by the government right by

1614

00:57:18,470 --> 00:57:16,640

the authorities they worked for

1615

00:57:20,950 --> 00:57:18,480

um that tells you something right there

1616

00:57:23,349 --> 00:57:20,960

that you you could argue that

1617

00:57:25,030 --> 00:57:23,359

what the government has decided is that

1618

00:57:26,549 --> 00:57:25,040

the best way to let this out is through

1619

00:57:28,630 --> 00:57:26,559

slow leaks

1620

00:57:30,710 --> 00:57:28,640

and and through there's this notion of

1621

00:57:34,150 --> 00:57:30,720

you know plausible deniability

1622

00:57:35,589 --> 00:57:34,160

you you release information so that

1623

00:57:37,349 --> 00:57:35,599

you get into the collective

1624

00:57:39,430 --> 00:57:37,359

consciousness these notions that this

1625

00:57:41,190 --> 00:57:39,440

might be going on right so you you

1626  
00:57:43,750 --> 00:57:41,200  
desensitize people to the notion that

1627  
00:57:45,510 --> 00:57:43,760  
might be shocking otherwise if

1628  
00:57:47,910 --> 00:57:45,520  
you had a presidential address that said

1629  
00:57:49,670 --> 00:57:47,920  
it outright so instead you you slowly

1630  
00:57:51,829 --> 00:57:49,680  
leak it into the

1631  
00:57:53,829 --> 00:57:51,839  
into the consciousness right into the

1632  
00:57:56,309 --> 00:57:53,839  
the social spheres and whatnot so it

1633  
00:57:58,710 --> 00:57:56,319  
becomes part of the ongoing conversation

1634  
00:58:01,190 --> 00:57:58,720  
so that when one day you get more direct

1635  
00:58:02,950 --> 00:58:01,200  
confirmation that's what it is it's more

1636  
00:58:04,870 --> 00:58:02,960  
confirmation of what was already kind of

1637  
00:58:06,630 --> 00:58:04,880  
in the ethos

1638  
00:58:09,910 --> 00:58:06,640

so

1639

00:58:11,349 --> 00:58:09,920

like you i've been surprised by

1640

00:58:13,030 --> 00:58:11,359

so first of all i want to say none of

1641

00:58:14,470 --> 00:58:13,040

the weirdness surprises me at all i

1642

00:58:16,549 --> 00:58:14,480

think that

1643

00:58:19,190 --> 00:58:16,559

the research i've done says that

1644

00:58:23,510 --> 00:58:19,200

absolutely all of that is happening and

1645

00:58:25,670 --> 00:58:23,520

and what's fascinating there is that

1646

00:58:27,270 --> 00:58:25,680

they decided that based on historical

1647

00:58:29,030 --> 00:58:27,280

research that had already been done by

1648

00:58:30,710 --> 00:58:29,040

people like bob bigelow and his

1649

00:58:32,630 --> 00:58:30,720

organization

1650

00:58:35,190 --> 00:58:32,640

with nids and whatnot

1651  
00:58:39,190 --> 00:58:35,200  
it had already been shown that these

1652  
00:58:42,549 --> 00:58:39,200  
other anomalous phenomena would co-arise

1653  
00:58:45,190 --> 00:58:42,559  
with ufos so it's a it's a false

1654  
00:58:46,390 --> 00:58:45,200  
distinction to say let's just focus on

1655  
00:58:47,510 --> 00:58:46,400  
ufos

1656  
00:58:50,150 --> 00:58:47,520  
because

1657  
00:58:51,510 --> 00:58:50,160  
that that be like trying to to resolve

1658  
00:58:53,670 --> 00:58:51,520  
some sort of disease that you're trying

1659  
00:58:54,789 --> 00:58:53,680  
to figure out but you'll you say we're

1660  
00:58:56,230 --> 00:58:54,799  
only going to pay attention to these

1661  
00:58:58,230 --> 00:58:56,240  
data points even though these other ones

1662  
00:59:00,549 --> 00:58:58,240  
keep showing up we're going to pretend

1663  
00:59:02,390 --> 00:59:00,559

that those don't exist because it it's

1664

00:59:04,309 --> 00:59:02,400

unnerving and doesn't fit with our

1665

00:59:06,309 --> 00:59:04,319

conventional understanding of reality

1666

00:59:08,069 --> 00:59:06,319

now if if you're truly taking a

1667

00:59:09,829 --> 00:59:08,079

scientific approach and i

1668

00:59:11,589 --> 00:59:09,839

you know commend these guys for doing

1669

00:59:13,750 --> 00:59:11,599

exactly that

1670

00:59:15,750 --> 00:59:13,760

you you say no if this is what the data

1671

00:59:18,309 --> 00:59:15,760

shows us then we follow it

1672

00:59:20,069 --> 00:59:18,319

we don't go in with a presupposition

1673

00:59:21,510 --> 00:59:20,079

about reality and exclude everything

1674

00:59:23,910 --> 00:59:21,520

that doesn't fit that that's not how you

1675

00:59:25,910 --> 00:59:23,920

should do science you go in and say

1676

00:59:27,829 --> 00:59:25,920

look this is what we see we have to

1677

00:59:29,510 --> 00:59:27,839

rethink again this gets back to what

1678

00:59:31,910 --> 00:59:29,520

i've been thinking about is

1679

00:59:33,990 --> 00:59:31,920

what kind of conception of reality would

1680

00:59:36,230 --> 00:59:34,000

be such that those kind of phenomena

1681

00:59:37,109 --> 00:59:36,240

would be predictable you know

1682

00:59:39,670 --> 00:59:37,119

and

1683

00:59:41,430 --> 00:59:39,680

absolutely skinwalker ranch is a really

1684

00:59:42,630 --> 00:59:41,440

key piece and

1685

00:59:45,349 --> 00:59:42,640

it is

1686

00:59:48,470 --> 00:59:45,359

strange to me that that book

1687

00:59:50,470 --> 00:59:48,480

hasn't had more of an impact i mean

1688

00:59:52,230 --> 00:59:50,480

we're talking about not just people as

1689

00:59:53,270 --> 00:59:52,240

much as people complain about anecdotal

1690

00:59:54,870 --> 00:59:53,280

stories

1691

00:59:56,950 --> 00:59:54,880

these are researchers going in with

1692

00:59:59,190 --> 00:59:56,960

sensor systems and whatnot people highly

1693

01:00:00,549 --> 00:59:59,200

credentialed who for the longest time

1694

01:00:01,910 --> 01:00:00,559

this is the last thing they would want

1695

01:00:04,069 --> 01:00:01,920

to be associated with because it's a

1696

01:00:05,990 --> 01:00:04,079

career killer right but

1697

01:00:08,309 --> 01:00:06,000

thankfully these guys were

1698

01:00:10,549 --> 01:00:08,319

you know taken with curiosity to say

1699

01:00:13,349 --> 01:00:10,559

wait a second something's going on we've

1700

01:00:15,910 --> 01:00:13,359

we've got objective data let's look into

1701

01:00:17,670 --> 01:00:15,920

it and and yeah when people hear about

1702

01:00:19,829 --> 01:00:17,680

seven foot tall

1703

01:00:21,589 --> 01:00:19,839

wolf like creatures smoking cigarettes

1704

01:00:23,109 --> 01:00:21,599

leaning up against a light post standing

1705

01:00:24,390 --> 01:00:23,119

on two legs

1706

01:00:25,829 --> 01:00:24,400

you know showing up on the other side of

1707

01:00:27,109 --> 01:00:25,839

the country from skinwalker ranch

1708

01:00:29,030 --> 01:00:27,119

because of some sort of hitchhiker

1709

01:00:31,030 --> 01:00:29,040

phenomena that happened

1710

01:00:32,870 --> 01:00:31,040

that's really out there right like some

1711

01:00:35,430 --> 01:00:32,880

people just go

1712

01:00:37,349 --> 01:00:35,440

i can't go there like and so they they

1713

01:00:40,069 --> 01:00:37,359

unconsciously

1714

01:00:41,670 --> 01:00:40,079

just delete that data from from their

1715

01:00:43,910 --> 01:00:41,680

consciousness right and say can we get

1716

01:00:47,589 --> 01:00:43,920

back to the eth and confirming that the

1717

01:00:52,470 --> 01:00:50,230

no we can't we we can't do that and and

1718

01:00:54,710 --> 01:00:52,480

like you've been pointing out

1719

01:00:57,109 --> 01:00:54,720

that's why disclosure is so complex

1720

01:00:59,430 --> 01:00:57,119

because it's it's a fundamental

1721

01:01:01,910 --> 01:00:59,440

rewriting i'm convinced of what reality

1722

01:01:03,030 --> 01:01:01,920

is and so the way i look we talk about

1723

01:01:06,069 --> 01:01:03,040

different people it means different

1724

01:01:07,910 --> 01:01:06,079

things too to me that's what capital d

1725

01:01:09,910 --> 01:01:07,920

disclosure ultimately is is that the

1726

01:01:11,190 --> 01:01:09,920

very fabric of reality is not what we

1727

01:01:13,190 --> 01:01:11,200

thought it was

1728

01:01:15,109 --> 01:01:13,200

that um

1729

01:01:17,670 --> 01:01:15,119

how do you disclose that

1730

01:01:19,510 --> 01:01:17,680

there's no easy answer and on top of

1731

01:01:21,349 --> 01:01:19,520

that there are plenty of people who look

1732

01:01:22,630 --> 01:01:21,359

at the same data and not come to that

1733

01:01:24,630 --> 01:01:22,640

conclusion because they have different

1734

01:01:26,069 --> 01:01:24,640

presuppositions or different backgrounds

1735

01:01:26,950 --> 01:01:26,079

or whatever

1736

01:01:28,789 --> 01:01:26,960

so

1737

01:01:30,710 --> 01:01:28,799

it's not even that when you look at

1738

01:01:32,549 --> 01:01:30,720

sometimes like even with scientific

1739

01:01:34,309 --> 01:01:32,559

revolutions

1740

01:01:36,230 --> 01:01:34,319

something will be clear in the data

1741

01:01:37,990 --> 01:01:36,240

it'll take decades and decades and

1742

01:01:40,309 --> 01:01:38,000

decades before it works itself into the

1743

01:01:42,150 --> 01:01:40,319

mainstream because of the prejudice and

1744

01:01:43,829 --> 01:01:42,160

the inertia that the current mainstream

1745

01:01:44,630 --> 01:01:43,839

view has it's just the nature of the

1746

01:01:46,309 --> 01:01:44,640

game

1747

01:01:49,109 --> 01:01:46,319

for the longest time the church kind of

1748

01:01:50,390 --> 01:01:49,119

you know set the tone for what reality

1749

01:01:52,230 --> 01:01:50,400

consisted of

1750

01:01:54,630 --> 01:01:52,240

and then it kind of shifted to science

1751

01:01:56,230 --> 01:01:54,640

right and now there's a mainstream view

1752

01:01:58,230 --> 01:01:56,240

of physicalism as the underlying

1753

01:02:00,549 --> 01:01:58,240

paradigm even though there's been

1754

01:02:02,230 --> 01:02:00,559

evidence for a long time now especially

1755

01:02:05,190 --> 01:02:02,240

in quantum mechanics going back 100

1756

01:02:07,349 --> 01:02:05,200

years ago that that model is faulty that

1757

01:02:09,670 --> 01:02:07,359

it's not even tenable not just that it

1758

01:02:12,230 --> 01:02:09,680

has some holes it's just not tenable and

1759

01:02:14,230 --> 01:02:12,240

yet it's only slowly working its way

1760

01:02:16,549 --> 01:02:14,240

through the establishment and usually it

1761

01:02:17,589 --> 01:02:16,559

takes a lot of funerals to be honest

1762

01:02:20,150 --> 01:02:17,599

with you

1763

01:02:22,950 --> 01:02:20,160

and generational shifts before that is

1764

01:02:24,630 --> 01:02:22,960

even capable of happening so

1765

01:02:26,150 --> 01:02:24,640

that's why you mentioned it early on in

1766

01:02:27,829 --> 01:02:26,160

this conversation this is probably a

1767

01:02:28,789 --> 01:02:27,839

multi-generational

1768

01:02:30,710 --> 01:02:28,799

um

1769

01:02:32,390 --> 01:02:30,720

matter if we're talking about really

1770

01:02:34,870 --> 01:02:32,400

capital d disclosure in terms of what's

1771

01:02:37,029 --> 01:02:34,880

really involved

1772

01:02:37,910 --> 01:02:37,039

well we've talked a good bit about

1773

01:02:39,430 --> 01:02:37,920

you know

1774

01:02:41,349 --> 01:02:39,440

what the government may know what the

1775

01:02:42,309 --> 01:02:41,359

government has studied

1776

01:02:43,910 --> 01:02:42,319

um

1777

01:02:47,270 --> 01:02:43,920

there's another component to this as

1778

01:02:49,750 --> 01:02:47,280

well and that's the things that

1779

01:02:51,829 --> 01:02:49,760

we have have heard and read and

1780

01:02:53,829 --> 01:02:51,839

uh and many of us experienced and that

1781

01:02:56,789 --> 01:02:53,839

is that that personal experience of of

1782

01:03:00,390 --> 01:02:56,799

the phenomenon of where individuals

1783

01:03:02,950 --> 01:03:00,400

already have a firsthand a very visceral

1784

01:03:05,190 --> 01:03:02,960

uh experience of of that fabric of

1785

01:03:07,190 --> 01:03:05,200

reality being distorted and different

1786

01:03:11,029 --> 01:03:07,200

than they thought before

1787

01:03:12,549 --> 01:03:11,039

and so i think uh the community

1788

01:03:14,789 --> 01:03:12,559

as far as i can tell really does

1789

01:03:16,630 --> 01:03:14,799

struggle with with that component of

1790

01:03:17,910 --> 01:03:16,640

this because and this speaks to

1791

01:03:19,750 --> 01:03:17,920

something that that i've talked about

1792

01:03:22,710 --> 01:03:19,760

before and that's

1793

01:03:25,750 --> 01:03:22,720

the one aspect of disclosure is

1794

01:03:29,029 --> 01:03:25,760

is is how truth itself is mediated in

1795

01:03:31,109 --> 01:03:29,039

society you know so how how

1796

01:03:34,390 --> 01:03:31,119

whatever is is

1797

01:03:36,630 --> 01:03:34,400

is given or granted in uh in public in

1798

01:03:39,510 --> 01:03:36,640

public square through the media through

1799

01:03:42,230 --> 01:03:39,520

government channels etc you know

1800

01:03:45,349 --> 01:03:42,240

those if if it travels through certain

1801

01:03:47,029 --> 01:03:45,359

avenues and pathways it becomes

1802

01:03:48,710 --> 01:03:47,039

part of the truth that is commonly

1803

01:03:49,990 --> 01:03:48,720

accepted becomes part of consensus

1804

01:03:52,870 --> 01:03:50,000

reality

1805

01:03:55,349 --> 01:03:52,880

you know i i'm struggling with the

1806

01:03:56,710 --> 01:03:55,359

individual experiences and understanding

1807

01:04:01,990 --> 01:03:56,720

how

1808

01:04:04,630 --> 01:04:02,000

onto a stage that that that would

1809

01:04:05,990 --> 01:04:04,640

make its way into consensus reality at

1810

01:04:07,430 --> 01:04:06,000

the same time

1811

01:04:09,670 --> 01:04:07,440

you know there's kind of this like

1812

01:04:11,829 --> 01:04:09,680

almost like an irony to that because

1813

01:04:14,549 --> 01:04:11,839

you and i both know that when you begin

1814

01:04:16,150 --> 01:04:14,559

having this conversation with people

1815

01:04:17,910 --> 01:04:16,160

and you open the door to this

1816

01:04:20,230 --> 01:04:17,920

strangeness

1817

01:04:22,789 --> 01:04:20,240

more often than not you'll find that

1818

01:04:24,710 --> 01:04:22,799

people have have an experience they

1819

01:04:27,029 --> 01:04:24,720

won't they want to share or they know

1820

01:04:29,190 --> 01:04:27,039

someone who did either in their family

1821

01:04:32,309 --> 01:04:29,200

or a close friend or whatnot so

1822

01:04:34,710 --> 01:04:32,319

uh there's there tends to be quite a bit

1823

01:04:37,270 --> 01:04:34,720

of uh

1824

01:04:39,670 --> 01:04:37,280

of personal experience that everyone

1825

01:04:41,270 --> 01:04:39,680

kind of carries with them that they have

1826  
01:04:43,750 --> 01:04:41,280  
trouble explaining

1827  
01:04:44,870 --> 01:04:43,760  
and you know our our sort of very highly

1828  
01:04:47,510 --> 01:04:44,880  
rational

1829  
01:04:49,589 --> 01:04:47,520  
uh you know left brain society tends to

1830  
01:04:51,510 --> 01:04:49,599  
kind of take those experiences and we we

1831  
01:04:54,390 --> 01:04:51,520  
say ah you know that's uh

1832  
01:04:57,109 --> 01:04:54,400  
you know you were tired or uh you know

1833  
01:04:59,270 --> 01:04:57,119  
you you had too much to drink or

1834  
01:05:01,510 --> 01:04:59,280  
uh you were having an episode or

1835  
01:05:03,349 --> 01:05:01,520  
whatever it is uh you know you saw a

1836  
01:05:05,430 --> 01:05:03,359  
shadow and that was just a tree or you

1837  
01:05:08,549 --> 01:05:05,440  
know like we try to explain everything

1838  
01:05:10,390 --> 01:05:08,559

away but you know to me the um

1839

01:05:12,230 --> 01:05:10,400

the difficulty with that

1840

01:05:15,750 --> 01:05:12,240

way of approaching it is just the the

1841

01:05:17,430 --> 01:05:15,760

sheer sum total of experiences uh that

1842

01:05:20,390 --> 01:05:17,440

that we hear about and that we know

1843

01:05:21,589 --> 01:05:20,400

about from in our own experiences to me

1844

01:05:23,829 --> 01:05:21,599

outweigh

1845

01:05:26,870 --> 01:05:23,839

that argument uh and kind of make it

1846

01:05:28,870 --> 01:05:26,880

seem silly so it does come back to what

1847

01:05:31,190 --> 01:05:28,880

you said a minute ago that we are

1848

01:05:32,710 --> 01:05:31,200

fighting against the inertia of the

1849

01:05:34,470 --> 01:05:32,720

model of the world what we have

1850

01:05:38,230 --> 01:05:34,480

inherited and so

1851  
01:05:40,630 --> 01:05:38,240  
how do we think that

1852  
01:05:43,349 --> 01:05:40,640  
these individual experiences will make

1853  
01:05:45,670 --> 01:05:43,359  
their way into this

1854  
01:05:49,190 --> 01:05:45,680  
this unfolding story you know will it be

1855  
01:05:51,510 --> 01:05:49,200  
kind of a a co-creative process where

1856  
01:05:53,670 --> 01:05:51,520  
and i kind of tend to think it will that

1857  
01:05:55,910 --> 01:05:53,680  
as the government you know kind of peels

1858  
01:05:57,670 --> 01:05:55,920  
back some of these layers and says well

1859  
01:06:00,230 --> 01:05:57,680  
hey there's now this and there's now

1860  
01:06:02,549 --> 01:06:00,240  
that well then that kind of gives uh

1861  
01:06:05,029 --> 01:06:02,559  
permission to to

1862  
01:06:06,630 --> 01:06:05,039  
everyone to say oh you know i i saw one

1863  
01:06:08,950 --> 01:06:06,640

of those and i had an experience kind of

1864

01:06:11,190 --> 01:06:08,960

like that and then that itself

1865

01:06:13,430 --> 01:06:11,200

is a feedback mechanism that then the

1866

01:06:15,750 --> 01:06:13,440

government's going okay now you know

1867

01:06:18,710 --> 01:06:15,760

people are cool with this uh we can now

1868

01:06:21,190 --> 01:06:18,720

unfold this layer of the story so it ha

1869

01:06:23,589 --> 01:06:21,200

it is a very much a

1870

01:06:25,029 --> 01:06:23,599

a co-creative process and i don't know

1871

01:06:26,390 --> 01:06:25,039

that many people talk of disclosure in

1872

01:06:28,069 --> 01:06:26,400

that way we tend to think of it as very

1873

01:06:30,390 --> 01:06:28,079

much like transactional it's very

1874

01:06:32,549 --> 01:06:30,400

one-sided the government's gonna do it

1875

01:06:33,990 --> 01:06:32,559

we're gonna take it and then okay great

1876

01:06:36,150 --> 01:06:34,000

let's run with that new knowledge that

1877

01:06:38,870 --> 01:06:36,160

we've been that we have received

1878

01:06:40,150 --> 01:06:38,880

i think the reality is it's it's in what

1879

01:06:42,470 --> 01:06:40,160

we're i think i would argue what we're

1880

01:06:43,750 --> 01:06:42,480

actually seeing is that it is this

1881

01:06:46,630 --> 01:06:43,760

relational

1882

01:06:49,349 --> 01:06:46,640

uh in a sort of unfolding of information

1883

01:06:53,670 --> 01:06:49,359

and it it requires the participation of

1884

01:06:55,510 --> 01:06:53,680

society just generally uh and and and

1885

01:06:57,510 --> 01:06:55,520

that's super important too in today's

1886

01:07:00,069 --> 01:06:57,520

world because there's a tremendous

1887

01:07:01,510 --> 01:07:00,079

degree of distrust in government itself

1888

01:07:03,430 --> 01:07:01,520

so even if the government were to come

1889

01:07:05,510 --> 01:07:03,440

out and say hey here you go guys here it

1890

01:07:07,670 --> 01:07:05,520

is here it all is on the silver platter

1891

01:07:09,190 --> 01:07:07,680

i can guarantee that that our society

1892

01:07:11,430 --> 01:07:09,200

would take to social media then that

1893

01:07:12,630 --> 01:07:11,440

next day and and rip that thing to

1894

01:07:15,190 --> 01:07:12,640

pieces

1895

01:07:16,549 --> 01:07:15,200

and so it kind of has to be

1896

01:07:18,870 --> 01:07:16,559

this uh

1897

01:07:21,430 --> 01:07:18,880

path where everyone's got some skin in

1898

01:07:24,710 --> 01:07:21,440

the game and what are the little sort of

1899

01:07:27,430 --> 01:07:24,720

pieces and nuggets that can be uh shared

1900

01:07:31,109 --> 01:07:27,440

that facilitate and catalyze

1901

01:07:33,109 --> 01:07:31,119

the the the doors opening to to these

1902

01:07:35,029 --> 01:07:33,119

other stories and participation of the

1903

01:07:37,750 --> 01:07:35,039

populace

1904

01:07:39,190 --> 01:07:37,760

yeah several excellent points there um

1905

01:07:40,870 --> 01:07:39,200

one of them being

1906

01:07:42,470 --> 01:07:40,880

and i agree with you that

1907

01:07:44,870 --> 01:07:42,480

we need to remember that in many ways

1908

01:07:47,349 --> 01:07:44,880

government reflects society it doesn't

1909

01:07:49,430 --> 01:07:47,359

it doesn't direct it you know and

1910

01:07:51,430 --> 01:07:49,440

when we think about social movements

1911

01:07:52,549 --> 01:07:51,440

that have changed that have eventually

1912

01:07:54,390 --> 01:07:52,559

become

1913

01:07:56,549 --> 01:07:54,400

enshrined in law

1914

01:07:57,910 --> 01:07:56,559

it's not because some lawmakers got

1915

01:07:59,990 --> 01:07:57,920

together and said hey you know what this

1916

01:08:01,430 --> 01:08:00,000

is actually the way

1917

01:08:03,829 --> 01:08:01,440

this would be on the side of justice so

1918

01:08:05,990 --> 01:08:03,839

we'll just change the laws no you get

1919

01:08:07,910 --> 01:08:06,000

years and years and years of a buildup

1920

01:08:11,190 --> 01:08:07,920

of lobbying

1921

01:08:13,910 --> 01:08:11,200

amongst a society till till you have a

1922

01:08:15,670 --> 01:08:13,920

majority of people or at least the most

1923

01:08:18,229 --> 01:08:15,680

influential people

1924

01:08:20,149 --> 01:08:18,239

agree that that actually is

1925

01:08:22,149 --> 01:08:20,159

good and right and just

1926

01:08:23,749 --> 01:08:22,159

then the laws change we we need to

1927

01:08:24,950 --> 01:08:23,759

remember that and so i think that's an

1928

01:08:26,870 --> 01:08:24,960

excellent point

1929

01:08:28,709 --> 01:08:26,880

um that

1930

01:08:30,630 --> 01:08:28,719

already disclosure is happening but it's

1931

01:08:33,110 --> 01:08:30,640

happening one conversation at a time

1932

01:08:34,789 --> 01:08:33,120

right one person to another

1933

01:08:36,550 --> 01:08:34,799

across generations

1934

01:08:38,870 --> 01:08:36,560

and like you say

1935

01:08:41,189 --> 01:08:38,880

every time a conversation's had

1936

01:08:42,630 --> 01:08:41,199

uh and we salute the brave people who

1937

01:08:44,309 --> 01:08:42,640

who have the conversations even when

1938

01:08:46,229 --> 01:08:44,319

they're rejected for it

1939

01:08:48,149 --> 01:08:46,239

um even when their mental health is

1940

01:08:50,550 --> 01:08:48,159

called into question for it

1941

01:08:53,669 --> 01:08:50,560

every time we do that it's like another

1942

01:08:55,030 --> 01:08:53,679

anchor point into this being real

1943

01:08:57,990 --> 01:08:55,040

and that

1944

01:09:01,510 --> 01:08:58,000

slowly takes away from the stigma

1945

01:09:03,749 --> 01:09:01,520

it slowly bases it in reality for people

1946

01:09:07,910 --> 01:09:03,759

and at some point it shifts into the

1947

01:09:09,749 --> 01:09:07,920

majority where people go like you said

1948

01:09:11,189 --> 01:09:09,759

everyone gets to the point where they go

1949

01:09:13,189 --> 01:09:11,199

i either had an experience or i know

1950

01:09:15,110 --> 01:09:13,199

someone that did you know that's not

1951

01:09:16,789 --> 01:09:15,120

explainable by one of these traditional

1952

01:09:18,870 --> 01:09:16,799

means

1953

01:09:21,669 --> 01:09:18,880

so so that part's

1954

01:09:23,669 --> 01:09:21,679

important to remember um

1955

01:09:25,669 --> 01:09:23,679

and we need to remember that recently

1956

01:09:27,829 --> 01:09:25,679

it's it's become clear uh in the

1957

01:09:30,550 --> 01:09:27,839

research i've done certainly that

1958

01:09:32,709 --> 01:09:30,560

a lot of the people even in these

1959

01:09:35,110 --> 01:09:32,719

intelligence community circles

1960

01:09:37,430 --> 01:09:35,120

are experiencers themselves

1961

01:09:38,390 --> 01:09:37,440

so it's not like they're trying to hold

1962

01:09:40,789 --> 01:09:38,400

back

1963

01:09:43,030 --> 01:09:40,799

this truth or don't believe it many of

1964

01:09:44,550 --> 01:09:43,040

them have personal experience

1965

01:09:46,309 --> 01:09:44,560

um

1966

01:09:48,550 --> 01:09:46,319

you could even argue

1967

01:09:49,990 --> 01:09:48,560

going big picture here

1968

01:09:51,749 --> 01:09:50,000

meta perspective

1969

01:09:53,430 --> 01:09:51,759

that perhaps even the phenomenon the

1970

01:09:54,790 --> 01:09:53,440

intelligence behind the phenomenon or

1971

01:09:55,750 --> 01:09:54,800

some of them

1972

01:10:00,709 --> 01:09:55,760

are

1973

01:10:04,310 --> 01:10:00,719

within those places of power and

1974

01:10:08,310 --> 01:10:06,870

shift the tide right because

1975

01:10:10,229 --> 01:10:08,320

maybe the intelligence behind the

1976

01:10:11,830 --> 01:10:10,239

phenomenon is aware that a sudden

1977

01:10:13,669 --> 01:10:11,840

disclosure would not be good we haven't

1978

01:10:16,149 --> 01:10:13,679

even talked about this right the piece

1979

01:10:17,910 --> 01:10:16,159

about how much does the phenomenon the

1980

01:10:20,950 --> 01:10:17,920

intelligence behind the phenomenon play

1981

01:10:23,510 --> 01:10:20,960

a role in disclosure because

1982

01:10:25,189 --> 01:10:23,520

some people would rightly argue listen

1983

01:10:27,510 --> 01:10:25,199

if they wanted to they could

1984

01:10:29,030 --> 01:10:27,520

make capital d disclosure happen

1985

01:10:30,790 --> 01:10:29,040

tomorrow you know land on the white

1986

01:10:31,910 --> 01:10:30,800

house lawn right

1987

01:10:33,910 --> 01:10:31,920

um

1988

01:10:37,270 --> 01:10:33,920

so maybe there's some you know

1989

01:10:38,550 --> 01:10:37,280

calculation going on there that that

1990

01:10:40,950 --> 01:10:38,560

again some people will look at that and

1991

01:10:41,669 --> 01:10:40,960

go that looks devious and deceptive to

1992

01:10:44,229 --> 01:10:41,679

me

1993

01:10:45,990 --> 01:10:44,239

i can't make any goodness out of that

1994

01:10:48,630 --> 01:10:46,000

other people might say no

1995

01:10:50,390 --> 01:10:48,640

that actually is a rational and caring

1996

01:10:53,430 --> 01:10:50,400

way to respond to not completely

1997

01:10:55,110 --> 01:10:53,440

destabilize a civilization in one go

1998

01:10:57,189 --> 01:10:55,120

so there's that piece too

1999

01:11:01,510 --> 01:10:57,199

but you make an excellent point also

2000

01:11:04,709 --> 01:11:01,520

that for many people disclosure is about

2001  
01:11:05,669 --> 01:11:04,719  
personal vindication right that they

2002  
01:11:07,430 --> 01:11:05,679  
they

2003  
01:11:08,870 --> 01:11:07,440  
have had experiences

2004  
01:11:10,229 --> 01:11:08,880  
or they know someone that did maybe a

2005  
01:11:12,470 --> 01:11:10,239  
family member maybe a parent and

2006  
01:11:14,070 --> 01:11:12,480  
grandparent that really suffered and

2007  
01:11:16,310 --> 01:11:14,080  
died without ever getting disclosure and

2008  
01:11:18,390 --> 01:11:16,320  
they feel like they want to you know

2009  
01:11:19,590 --> 01:11:18,400  
avenge those people right

2010  
01:11:20,470 --> 01:11:19,600  
um

2011  
01:11:22,950 --> 01:11:20,480  
and

2012  
01:11:26,790 --> 01:11:22,960  
when you've been told that you're either

2013  
01:11:28,790 --> 01:11:26,800

crazy or you're making stuff up then

2014

01:11:31,430 --> 01:11:28,800

yeah you can understand why people would

2015

01:11:34,310 --> 01:11:31,440

want some authority to come forward and

2016

01:11:36,310 --> 01:11:34,320

say no this is this is real this really

2017

01:11:38,870 --> 01:11:36,320

happens this is part of reality this is

2018

01:11:41,030 --> 01:11:38,880

real life because then suddenly

2019

01:11:42,790 --> 01:11:41,040

not only do they have vindication

2020

01:11:44,149 --> 01:11:42,800

amongst their family and friends

2021

01:11:45,830 --> 01:11:44,159

but some of these people are still

2022

01:11:47,910 --> 01:11:45,840

questioning their own mental health some

2023

01:11:50,550 --> 01:11:47,920

of these people are still questioning

2024

01:11:51,750 --> 01:11:50,560

you know how more to reality are they if

2025

01:11:54,310 --> 01:11:51,760

they've had these experiences or

2026

01:11:55,990 --> 01:11:54,320

continue to have them so they want some

2027

01:11:56,870 --> 01:11:56,000

sort of context right they they have

2028

01:11:58,790 --> 01:11:56,880

these

2029

01:12:00,630 --> 01:11:58,800

outlier experiences that they don't know

2030

01:12:03,189 --> 01:12:00,640

where to put them right they don't fit

2031

01:12:05,990 --> 01:12:03,199

within any of our conventional narrative

2032

01:12:07,189 --> 01:12:06,000

you know you wake up in the forest

2033

01:12:08,790 --> 01:12:07,199

outside your house and you don't know

2034

01:12:10,470 --> 01:12:08,800

how you got there and your clothes are

2035

01:12:13,270 --> 01:12:10,480

put on backwards i mean

2036

01:12:15,030 --> 01:12:13,280

stuff like that

2037

01:12:17,910 --> 01:12:15,040

how do you make sense of that there is

2038

01:12:19,990 --> 01:12:17,920

no like consensus consensus narrative

2039

01:12:21,350 --> 01:12:20,000

right now that says oh that's a case of

2040

01:12:23,350 --> 01:12:21,360

this

2041

01:12:25,110 --> 01:12:23,360

so these people want some sort of

2042

01:12:27,990 --> 01:12:25,120

contextual

2043

01:12:29,350 --> 01:12:28,000

um grounding to

2044

01:12:31,830 --> 01:12:29,360

make sense of it for themselves for

2045

01:12:33,510 --> 01:12:31,840

their own mental health for their own

2046

01:12:34,870 --> 01:12:33,520

closure you know that's that's another

2047

01:12:37,110 --> 01:12:34,880

word we could use but instead of

2048

01:12:40,390 --> 01:12:37,120

disclosure it's closure some closure to

2049

01:12:43,430 --> 01:12:40,400

say aha this is as much part of reality

2050

01:12:46,149 --> 01:12:43,440

as me having you know

2051

01:12:48,149 --> 01:12:46,159

bran flakes for breakfast you know

2052

01:12:49,590 --> 01:12:48,159

so yeah the personal piece uh is

2053

01:12:50,790 --> 01:12:49,600

important and i think

2054

01:12:52,630 --> 01:12:50,800

many of the people we know in our

2055

01:12:55,030 --> 01:12:52,640

circles that are kind of really obsessed

2056

01:12:56,790 --> 01:12:55,040

with this uh with this topic

2057

01:12:59,270 --> 01:12:56,800

are are in it because there is a

2058

01:13:01,750 --> 01:12:59,280

personal angle for sure

2059

01:13:03,750 --> 01:13:01,760

yeah you've hit directly on the stakes

2060

01:13:04,709 --> 01:13:03,760

you know what are the stakes here at

2061

01:13:08,310 --> 01:13:04,719

play

2062

01:13:10,709 --> 01:13:08,320

uh and the delicate nature in which

2063

01:13:12,390 --> 01:13:10,719

this topic has to be handled

2064

01:13:13,750 --> 01:13:12,400

uh just broadly

2065

01:13:17,669 --> 01:13:13,760

and and i think

2066

01:13:22,709 --> 01:13:20,149

we really like this romantic notion that

2067

01:13:24,390 --> 01:13:22,719

there's there is one party that has all

2068

01:13:25,669 --> 01:13:24,400

of the right answers here and that can

2069

01:13:27,030 --> 01:13:25,679

just sort of

2070

01:13:29,590 --> 01:13:27,040

make it known

2071

01:13:32,390 --> 01:13:29,600

but the the reality seems to be that it

2072

01:13:34,470 --> 01:13:32,400

is very much a collective

2073

01:13:36,870 --> 01:13:34,480

it will be a collective disclosure it

2074

01:13:39,110 --> 01:13:36,880

will be a collective unfolding

2075

01:13:40,550 --> 01:13:39,120

that there are the very highly personal

2076

01:13:43,350 --> 01:13:40,560

elements of this

2077

01:13:45,510 --> 01:13:43,360

there are the uh community elements the

2078

01:13:47,590 --> 01:13:45,520

global elements and the geopolitical

2079

01:13:49,430 --> 01:13:47,600

elements i mean you know sort of

2080

01:13:51,030 --> 01:13:49,440

you know jokingly i can talk about well

2081

01:13:52,470 --> 01:13:51,040

we get disclosure tomorrow and think of

2082

01:13:53,750 --> 01:13:52,480

all the all the new bureaucracy we're

2083

01:13:56,310 --> 01:13:53,760

gonna have

2084

01:13:58,070 --> 01:13:56,320

you know i got to uh i gotta you know

2085

01:13:59,669 --> 01:13:58,080

file this paperwork to interact with

2086

01:14:02,470 --> 01:13:59,679

this being or you know whatever it may

2087

01:14:04,790 --> 01:14:02,480

be and you can take these things to a

2088

01:14:07,030 --> 01:14:04,800

crazy conclusion

2089

01:14:09,189 --> 01:14:07,040

but uh but but

2090

01:14:11,270 --> 01:14:09,199

nevertheless we were talking about

2091

01:14:13,669 --> 01:14:11,280

increased levels of complexity

2092

01:14:15,270 --> 01:14:13,679

complexity in our understanding of of of

2093

01:14:17,830 --> 01:14:15,280

reality itself

2094

01:14:19,110 --> 01:14:17,840

and that not only affects the here and

2095

01:14:21,189 --> 01:14:19,120

now

2096

01:14:23,830 --> 01:14:21,199

it affects our future it affects our

2097

01:14:26,229 --> 01:14:23,840

future as a species on this planet it

2098

01:14:29,270 --> 01:14:26,239

affects our past how we interpret the

2099

01:14:31,830 --> 01:14:29,280

events of our lives and and what we may

2100

01:14:34,870 --> 01:14:31,840

have written off as something completely

2101

01:14:37,350 --> 01:14:34,880

mundane and prosaic uh you know that a

2102

01:14:39,910 --> 01:14:37,360

dream we had years ago and if that is

2103

01:14:41,990 --> 01:14:39,920

somehow part of what this really is well

2104

01:14:43,669 --> 01:14:42,000

now i have to i have to take that i have

2105

01:14:45,669 --> 01:14:43,679

to pull it out of that drawer and go

2106

01:14:47,350 --> 01:14:45,679

okay what does this now mean you know

2107

01:14:49,990 --> 01:14:47,360

what does this mean for me

2108

01:14:51,990 --> 01:14:50,000

in the here now and going forward

2109

01:14:54,630 --> 01:14:52,000

these are huge questions

2110

01:14:57,350 --> 01:14:54,640

and i don't think that folks

2111

01:14:58,709 --> 01:14:57,360

have necessarily grappled with

2112

01:15:03,510 --> 01:14:58,719

the

2113

01:15:07,030 --> 01:15:03,520

has tendrils that that reach into sort

2114

01:15:08,709 --> 01:15:07,040

of every single facet of our our psyche

2115

01:15:11,910 --> 01:15:08,719

and our society

2116

01:15:13,189 --> 01:15:11,920

uh you know it's it's it's as tectonic

2117

01:15:15,270 --> 01:15:13,199

as it gets

2118

01:15:16,149 --> 01:15:15,280

and i would hope

2119

01:15:18,550 --> 01:15:16,159

that

2120

01:15:19,669 --> 01:15:18,560

wherever we're going with this

2121

01:15:21,189 --> 01:15:19,679

that

2122

01:15:23,110 --> 01:15:21,199

the others

2123

01:15:25,510 --> 01:15:23,120

whoever they may be

2124

01:15:27,910 --> 01:15:25,520

you know i would lean on them

2125

01:15:29,030 --> 01:15:27,920

and i would do so hesitantly as well i

2126

01:15:31,350 --> 01:15:29,040

might add

2127

01:15:32,310 --> 01:15:31,360

to be a partner in helping us navigate

2128

01:15:33,270 --> 01:15:32,320

this

2129

01:15:34,790 --> 01:15:33,280

um

2130

01:15:36,310 --> 01:15:34,800

you know and i will say this on that

2131

01:15:37,669 --> 01:15:36,320

topic

2132

01:15:40,950 --> 01:15:37,679

you know i very much and i've said this

2133

01:15:43,830 --> 01:15:40,960

on other shows i i i have i struggle

2134

01:15:45,750 --> 01:15:43,840

with this notion of um

2135

01:15:48,709 --> 01:15:45,760

of asymmetric

2136

01:15:51,669 --> 01:15:48,719

uh you know sort of information here um

2137

01:15:52,550 --> 01:15:51,679

and and ability right so if the others

2138

01:15:58,870 --> 01:15:52,560

uh

2139

01:16:00,149 --> 01:15:58,880

reality or have obviously greater

2140

01:16:02,310 --> 01:16:00,159

knowledge of

2141

01:16:03,669 --> 01:16:02,320

of what we would consider to be science

2142

01:16:05,189 --> 01:16:03,679

or you know all these things there's an

2143

01:16:07,430 --> 01:16:05,199

information disparity i think we could

2144

01:16:09,990 --> 01:16:07,440

at least say that much

2145

01:16:11,270 --> 01:16:10,000

then whenever there is an interaction

2146

01:16:14,149 --> 01:16:11,280

with them

2147

01:16:16,790 --> 01:16:14,159

you know what is it that we can look to

2148

01:16:19,590 --> 01:16:16,800

as some sort of means of saying

2149

01:16:20,390 --> 01:16:19,600

okay i can trust whatever this is i can

2150

01:16:22,550 --> 01:16:20,400

have

2151

01:16:25,110 --> 01:16:22,560

you know i can whatever it's telling me

2152

01:16:29,189 --> 01:16:25,120

or explaining to me you know i can have

2153

01:16:30,790 --> 01:16:29,199

some degree of of trust and fidelity

2154

01:16:33,189 --> 01:16:30,800

that this is

2155

01:16:34,310 --> 01:16:33,199

this is good this is valuable

2156

01:16:35,990 --> 01:16:34,320

i don't know what i don't know the

2157

01:16:38,550 --> 01:16:36,000

answer to that you know i'm not quite

2158

01:16:39,990 --> 01:16:38,560

sure i understand how we would go about

2159

01:16:42,709 --> 01:16:40,000

figuring that out

2160

01:16:44,950 --> 01:16:42,719

um you know we'd like to think and we

2161

01:16:45,750 --> 01:16:44,960

you know a lot of our science fiction

2162

01:16:47,189 --> 01:16:45,760

uh

2163

01:16:49,030 --> 01:16:47,199

you know at least on the star trek side

2164

01:16:51,189 --> 01:16:49,040

for the most part

2165

01:16:53,510 --> 01:16:51,199

you know sort of talks about these you

2166

01:16:54,870 --> 01:16:53,520

know this this collective of lots of

2167

01:16:57,030 --> 01:16:54,880

different entities and they're kind of

2168

01:16:58,790 --> 01:16:57,040

working together i mean this is a very

2169

01:17:00,390 --> 01:16:58,800

you know the sense of cooperation is

2170

01:17:02,550 --> 01:17:00,400

very attractive so we'd like to kind of

2171

01:17:04,709 --> 01:17:02,560

hope that that's the way that it is

2172

01:17:06,790 --> 01:17:04,719

but i mean we have no idea we have no

2173

01:17:08,950 --> 01:17:06,800

idea that that's the way it will be and

2174

01:17:11,189 --> 01:17:08,960

so i you know i struggle with

2175

01:17:13,750 --> 01:17:11,199

not only the

2176

01:17:16,070 --> 01:17:13,760

uh the ways in which disclosure will

2177

01:17:17,830 --> 01:17:16,080

rewrite our personal stories but the way

2178

01:17:20,550 --> 01:17:17,840

in which we will

2179

01:17:22,870 --> 01:17:20,560

relate as a species just generally with

2180

01:17:24,950 --> 01:17:22,880

whatever this new reality becomes for

2181

01:17:26,950 --> 01:17:24,960

for us

2182

01:17:28,630 --> 01:17:26,960

yeah when you were describing

2183

01:17:30,709 --> 01:17:28,640

that process i was thinking about when

2184

01:17:33,669 --> 01:17:30,719

you use the expression tectonic it

2185

01:17:35,350 --> 01:17:33,679

absolutely is and i was reminded of a of

2186

01:17:37,110 --> 01:17:35,360

a video i remember seeing last year of

2187

01:17:39,110 --> 01:17:37,120

this these people were driving through

2188

01:17:41,350 --> 01:17:39,120

the forest

2189

01:17:43,669 --> 01:17:41,360

and there had been a lot of rain that

2190

01:17:46,229 --> 01:17:43,679

week this insane amount of rain and

2191

01:17:48,229 --> 01:17:46,239

suddenly one by one these massive you

2192

01:17:49,590 --> 01:17:48,239

know pine trees you know that were

2193

01:17:51,990 --> 01:17:49,600

soaring into the sky just started

2194

01:17:53,590 --> 01:17:52,000

falling one after another you know onto

2195

01:17:56,390 --> 01:17:53,600

the road and

2196

01:17:58,229 --> 01:17:56,400

and that's what i i would use that kind

2197

01:18:00,390 --> 01:17:58,239

of as an analogy for what this is like

2198

01:18:03,910 --> 01:18:00,400

these these aspects of reality and

2199

01:18:06,229 --> 01:18:03,920

society that we've trusted are solid and

2200

01:18:07,830 --> 01:18:06,239

pillars of you know trust kind of thing

2201

01:18:09,830 --> 01:18:07,840

that we just take for granted that this

2202

01:18:11,430 --> 01:18:09,840

is the way the world is

2203

01:18:12,630 --> 01:18:11,440

this is the way life works this is

2204

01:18:14,790 --> 01:18:12,640

reality

2205

01:18:17,110 --> 01:18:14,800

that if the implications suddenly make

2206

01:18:21,750 --> 01:18:17,120

those pillars start falling like those

2207

01:18:25,350 --> 01:18:23,590

is your view of disclosure the same like

2208

01:18:27,350 --> 01:18:25,360

i really want people to wrestle with

2209

01:18:30,149 --> 01:18:27,360

that you know um

2210

01:18:32,950 --> 01:18:30,159

just think about the the

2211

01:18:35,030 --> 01:18:32,960

the toll that would play you know like

2212

01:18:37,189 --> 01:18:35,040

what would that look like for people's

2213

01:18:38,790 --> 01:18:37,199

lives because if you if you care about

2214

01:18:40,709 --> 01:18:38,800

people and and

2215

01:18:43,750 --> 01:18:40,719

the challenge it already is for so many

2216

01:18:46,550 --> 01:18:43,760

people just to make it through the world

2217

01:18:48,709 --> 01:18:46,560

what would that added implication bring

2218

01:18:50,390 --> 01:18:48,719

you know a lot of people

2219

01:18:51,990 --> 01:18:50,400

kind of have this kind of love and light

2220

01:18:54,149 --> 01:18:52,000

perspective which i understand from one

2221

01:18:55,910 --> 01:18:54,159

point of view that this intelligence has

2222

01:18:57,590 --> 01:18:55,920

technology that could help us resolve

2223

01:18:59,430 --> 01:18:57,600

global warming that could get us off the

2224

01:19:01,910 --> 01:18:59,440

petroleum economy

2225

01:19:04,229 --> 01:19:01,920

um that could you know

2226

01:19:05,750 --> 01:19:04,239

give us better solutions than capitalism

2227

01:19:08,149 --> 01:19:05,760

you know

2228

01:19:09,990 --> 01:19:08,159

all these things that seem like really

2229

01:19:11,590 --> 01:19:10,000

pressing matters that it

2230

01:19:13,669 --> 01:19:11,600

it's frustrating to some people and some

2231

01:19:15,990 --> 01:19:13,679

people like you know shake their fists

2232

01:19:17,750 --> 01:19:16,000

at these others and say

2233

01:19:19,590 --> 01:19:17,760

look we need a hand here why don't you

2234

01:19:23,990 --> 01:19:19,600

step in now

2235

01:19:24,950 --> 01:19:24,000

but i think again you you have to ask

2236

01:19:27,110 --> 01:19:24,960

yourself

2237

01:19:29,430 --> 01:19:27,120

what might make them not step in right

2238

01:19:32,950 --> 01:19:29,440

now the way you're thinking like

2239

01:19:35,830 --> 01:19:32,960

don't assume you have all of the

2240

01:19:37,510 --> 01:19:35,840

necessary uh elements in mind to decide

2241

01:19:39,189 --> 01:19:37,520

whether or not that's a justifiable

2242

01:19:41,270 --> 01:19:39,199

action perhaps you don't and what might

2243

01:19:43,030 --> 01:19:41,280

those other ones look like

2244

01:19:45,910 --> 01:19:43,040

for me again i'm convinced that this is

2245

01:19:47,350 --> 01:19:45,920

a complete rewriting of reality

2246

01:19:49,030 --> 01:19:47,360

full stop

2247

01:19:52,149 --> 01:19:49,040

that i think

2248

01:19:54,149 --> 01:19:52,159

i'm not uh you know

2249

01:19:56,149 --> 01:19:54,159

naive about what it would mean if this

2250

01:19:57,510 --> 01:19:56,159

came out quickly uh in a sudden wait

2251

01:19:58,870 --> 01:19:57,520

would not be good

2252

01:20:00,310 --> 01:19:58,880

so

2253

01:20:01,430 --> 01:20:00,320

and then there's you know when you talk

2254

01:20:04,149 --> 01:20:01,440

about star trek and that kind of

2255

01:20:06,629 --> 01:20:04,159

cooperative kind of you know

2256

01:20:08,709 --> 01:20:06,639

inter-species kind of communication that

2257

01:20:10,790 --> 01:20:08,719

again assumes that we have the basic

2258

01:20:11,990 --> 01:20:10,800

construct of reality correct and it's

2259

01:20:14,950 --> 01:20:12,000

just some

2260

01:20:16,550 --> 01:20:14,960

some group that's maybe nicer kinder has

2261

01:20:18,629 --> 01:20:16,560

some cooler tech

2262

01:20:20,550 --> 01:20:18,639

that's all we think about but and that i

2263

01:20:22,470 --> 01:20:20,560

think is incredibly naive i think it's

2264

01:20:23,830 --> 01:20:22,480

much more complex even the the movie

2265

01:20:25,830 --> 01:20:23,840

arrival that we've talked about several

2266

01:20:26,790 --> 01:20:25,840

times now where they had to wrestle with

2267

01:20:28,629 --> 01:20:26,800

their

2268

01:20:29,990 --> 01:20:28,639

experience of reality and time was

2269

01:20:32,470 --> 01:20:30,000

completely different

2270

01:20:34,070 --> 01:20:32,480

i still don't think that even gets to 10

2271

01:20:36,229 --> 01:20:34,080

of what what's involved here based on

2272

01:20:37,669 --> 01:20:36,239

what i've researched so

2273

01:20:39,189 --> 01:20:37,679

uh

2274

01:20:39,760 --> 01:20:39,199

you know

2275

01:20:41,030 --> 01:20:39,770

again

2276

01:20:43,270 --> 01:20:41,040

[Music]

2277

01:20:45,189 --> 01:20:43,280

when you think about just how like you

2278

01:20:47,189 --> 01:20:45,199

said the tendrils go so deep these are

2279

01:20:48,229 --> 01:20:47,199

the roots of these massive pillars of

2280

01:20:51,350 --> 01:20:48,239

trees

2281

01:20:53,270 --> 01:20:51,360

that make up our civilization when those

2282

01:20:54,950 --> 01:20:53,280

are going to necessarily fall because of

2283

01:20:57,750 --> 01:20:54,960

these revelations it really makes you

2284

01:21:00,149 --> 01:20:57,760

think twice about how how this is done

2285

01:21:01,229 --> 01:21:00,159

and how you could do this in anything in

2286

01:21:04,070 --> 01:21:01,239

anything quicker than a

2287

01:21:05,110 --> 01:21:04,080

multi-generational kind of shift

2288

01:21:08,629 --> 01:21:05,120

so

2289

01:21:10,470 --> 01:21:08,639

think that the the others hanging back

2290

01:21:11,669 --> 01:21:10,480

looks like bad news to them that they

2291

01:21:13,669 --> 01:21:11,679

they have a hard time wrapping their

2292

01:21:15,830 --> 01:21:13,679

head around how that's a good thing i

2293

01:21:17,270 --> 01:21:15,840

can certainly certainly conceive of why

2294

01:21:20,550 --> 01:21:17,280

that would be

2295

01:21:21,750 --> 01:21:20,560

the loving responsible more mature

2296

01:21:23,350 --> 01:21:21,760

thing to do

2297

01:21:24,470 --> 01:21:23,360

again i want to make the disclaimer i

2298

01:21:26,470 --> 01:21:24,480

think there's numerous groups with

2299

01:21:28,390 --> 01:21:26,480

different origins and different agendas

2300

01:21:31,030 --> 01:21:28,400

different developmental levels

2301

01:21:31,990 --> 01:21:31,040

but i'm saying at least um as a notion i

2302

01:21:33,510 --> 01:21:32,000

can understand why that would be

2303

01:21:35,750 --> 01:21:33,520

justifiable

2304

01:21:37,430 --> 01:21:35,760

because absolutely going from the

2305

01:21:39,030 --> 01:21:37,440

personal into the more global and

2306

01:21:39,830 --> 01:21:39,040

geopolitical

2307

01:21:42,790 --> 01:21:39,840

uh

2308

01:21:44,229 --> 01:21:42,800

the the ramifications are immense and

2309

01:21:46,149 --> 01:21:44,239

and far-reaching

2310

01:21:47,990 --> 01:21:46,159

and um

2311

01:21:49,030 --> 01:21:48,000

you know as we've said before in the

2312

01:21:50,629 --> 01:21:49,040

show

2313

01:21:52,229 --> 01:21:50,639

there are different developmental levels

2314

01:21:54,550 --> 01:21:52,239

around the world and what this

2315

01:21:56,390 --> 01:21:54,560

revelation means even to like you said

2316

01:21:59,350 --> 01:21:56,400

even if disclosure came out tomorrow in

2317

01:22:01,350 --> 01:21:59,360

american culture one country

2318

01:22:03,270 --> 01:22:01,360

at one period of time

2319

01:22:05,189 --> 01:22:03,280

some people will be like that's fake

2320

01:22:06,870 --> 01:22:05,199

news you know like some people will just

2321

01:22:08,070 --> 01:22:06,880

say it's from the government so i don't

2322

01:22:11,990 --> 01:22:08,080

trust it what are they really trying to

2323

01:22:15,350 --> 01:22:13,590

so you have several developmental levels

2324

01:22:17,030 --> 01:22:15,360

even within our one country and then you

2325

01:22:18,070 --> 01:22:17,040

think about different countries around

2326  
01:22:19,830 --> 01:22:18,080  
the world

2327  
01:22:21,510 --> 01:22:19,840  
somewhere at the warlord level kind of

2328  
01:22:22,390 --> 01:22:21,520  
thing you know and

2329  
01:22:23,189 --> 01:22:22,400  
um

2330  
01:22:25,189 --> 01:22:23,199  
it's

2331  
01:22:27,350 --> 01:22:25,199  
incredibly complex to think about how

2332  
01:22:29,669 --> 01:22:27,360  
this would be handled and i think it's

2333  
01:22:32,229 --> 01:22:29,679  
naive to assume anything else

2334  
01:22:34,470 --> 01:22:32,239  
yeah agree and you know as we kind of

2335  
01:22:36,870 --> 01:22:34,480  
turn our attention toward the the end of

2336  
01:22:39,110 --> 01:22:36,880  
the episode i i i want to come back to

2337  
01:22:41,830 --> 01:22:39,120  
this too that i've talked on a touched

2338  
01:22:43,910 --> 01:22:41,840

on before and that's that

2339

01:22:51,110 --> 01:22:43,920

you know regardless of what

2340

01:22:53,189 --> 01:22:51,120

additional truths we may learn

2341

01:22:55,990 --> 01:22:53,199

i'm reminded that

2342

01:22:57,590 --> 01:22:56,000

we we will still have the task of living

2343

01:22:58,709 --> 01:22:57,600

with ourselves you know we will still

2344

01:23:03,990 --> 01:22:58,719

have

2345

01:23:06,550 --> 01:23:04,000

own lives with our with with others who

2346

01:23:09,510 --> 01:23:06,560

are in in our orbit you know and

2347

01:23:12,149 --> 01:23:09,520

the importance of taking care of oneself

2348

01:23:15,110 --> 01:23:12,159

generally and i think there's um there's

2349

01:23:17,830 --> 01:23:15,120

a tendency that i see in some circles

2350

01:23:21,590 --> 01:23:17,840

to kind of place

2351

01:23:23,990 --> 01:23:21,600

a lot of one's hopes uh and fears and

2352

01:23:25,830 --> 01:23:24,000

and promise you know on disclosure with

2353

01:23:26,870 --> 01:23:25,840

a capital d that this will be some kind

2354

01:23:31,030 --> 01:23:26,880

of

2355

01:23:33,189 --> 01:23:31,040

be this like there'll be essentially

2356

01:23:34,870 --> 01:23:33,199

this salvation that takes place that my

2357

01:23:36,950 --> 01:23:34,880

problems will be solved

2358

01:23:38,550 --> 01:23:36,960

and i would challenge people

2359

01:23:40,870 --> 01:23:38,560

who who may come at it from that

2360

01:23:43,430 --> 01:23:40,880

perspective to

2361

01:23:45,990 --> 01:23:43,440

to not delay

2362

01:23:48,390 --> 01:23:46,000

the work that you need to do now do not

2363

01:23:50,070 --> 01:23:48,400

put it off to tomorrow

2364

01:23:52,149 --> 01:23:50,080

and that's as much a message for me as

2365

01:23:54,870 --> 01:23:52,159

anyone you know that we all have things

2366

01:23:56,790 --> 01:23:54,880

in our daily lives that we have to

2367

01:23:58,470 --> 01:23:56,800

uh work on

2368

01:24:00,790 --> 01:23:58,480

and i can't answer what those are for

2369

01:24:03,750 --> 01:24:00,800

anyone you know we have to come face to

2370

01:24:04,629 --> 01:24:03,760

face with those aspects of ourselves

2371

01:24:09,669 --> 01:24:04,639

that

2372

01:24:11,990 --> 01:24:09,679

and put in the work to getting there

2373

01:24:14,149 --> 01:24:12,000

because regardless of what happens

2374

01:24:15,510 --> 01:24:14,159

you know i still gotta i still gotta fix

2375

01:24:17,669 --> 01:24:15,520

that and i was wondering you know kind

2376

01:24:19,910 --> 01:24:17,679

of how you think about that

2377

01:24:22,629 --> 01:24:19,920

obviously we've already touched on the

2378

01:24:27,189 --> 01:24:24,470

the revelation of truths no matter what

2379

01:24:29,350 --> 01:24:27,199

they may be have a destabilizing effect

2380

01:24:32,149 --> 01:24:29,360

and will have a destabilizing effect on

2381

01:24:34,070 --> 01:24:32,159

us but what are some things that you you

2382

01:24:35,110 --> 01:24:34,080

know personally would would suggest or

2383

01:24:38,149 --> 01:24:35,120

recommend

2384

01:24:40,470 --> 01:24:38,159

that uh are things we could do right now

2385

01:24:43,270 --> 01:24:40,480

uh no matter how long this process may

2386

01:24:45,910 --> 01:24:43,280

take that we would all be better served

2387

01:24:47,510 --> 01:24:45,920

to to observe

2388

01:24:49,270 --> 01:24:47,520

well i think you know

2389

01:24:51,910 --> 01:24:49,280

one thing that um

2390

01:24:53,430 --> 01:24:51,920

i'd encourage people to do and i'm

2391

01:24:55,110 --> 01:24:53,440

thankful that we get a chance to be a

2392

01:24:56,629 --> 01:24:55,120

part of this and

2393

01:24:58,950 --> 01:24:56,639

the work i've done with point of

2394

01:25:01,510 --> 01:24:58,960

convergence uh has been part of this too

2395

01:25:03,830 --> 01:25:01,520

and it's been very gratifying to see how

2396

01:25:05,590 --> 01:25:03,840

just giving voice to these experiences

2397

01:25:07,830 --> 01:25:05,600

to these events and saying yes they're

2398

01:25:09,430 --> 01:25:07,840

real you know they're this is somehow

2399

01:25:10,310 --> 01:25:09,440

part of the big picture of what it means

2400

01:25:12,709 --> 01:25:10,320

to

2401  
01:25:15,830 --> 01:25:12,719  
experience reality

2402  
01:25:20,070 --> 01:25:17,830  
it's been gratifying to see how

2403  
01:25:22,950 --> 01:25:20,080  
that feels like people

2404  
01:25:24,709 --> 01:25:22,960  
are told your experience is real you're

2405  
01:25:27,350 --> 01:25:24,719  
not lying you're not making it up you're

2406  
01:25:29,270 --> 01:25:27,360  
not unstable

2407  
01:25:30,629 --> 01:25:29,280  
there really are anomalous events to

2408  
01:25:35,430 --> 01:25:30,639  
happen

2409  
01:25:37,350 --> 01:25:35,440  
we've had different ways of framing it

2410  
01:25:39,350 --> 01:25:37,360  
but they continue to happen

2411  
01:25:42,629 --> 01:25:39,360  
in some cultures and at some periods of

2412  
01:25:44,470 --> 01:25:42,639  
time you're more rejected and

2413  
01:25:46,390 --> 01:25:44,480

you know ostracized than others for

2414

01:25:47,189 --> 01:25:46,400

having those experiences just for having

2415

01:25:48,070 --> 01:25:47,199

them

2416

01:25:50,070 --> 01:25:48,080

but

2417

01:25:51,830 --> 01:25:50,080

we're here to support those people we

2418

01:25:53,350 --> 01:25:51,840

really hope that

2419

01:25:56,790 --> 01:25:53,360

liminal frames

2420

01:25:58,629 --> 01:25:56,800

can be as well as your show with cab and

2421

01:26:00,390 --> 01:25:58,639

with point of convergence we hope these

2422

01:26:02,229 --> 01:26:00,400

can all be places where you feel like

2423

01:26:05,430 --> 01:26:02,239

you're a part of a community

2424

01:26:06,709 --> 01:26:05,440

that accepts you that believes you

2425

01:26:08,470 --> 01:26:06,719

that

2426

01:26:10,229 --> 01:26:08,480

is right alongside you trying to make

2427

01:26:11,830 --> 01:26:10,239

sense of all this i would say that for

2428

01:26:13,350 --> 01:26:11,840

sure um

2429

01:26:15,430 --> 01:26:13,360

if you if you're surrounded by people

2430

01:26:17,750 --> 01:26:15,440

who want to uh

2431

01:26:20,070 --> 01:26:17,760

make fun of you and belittle you for

2432

01:26:21,830 --> 01:26:20,080

your experience we we encourage you to

2433

01:26:24,310 --> 01:26:21,840

reach out to us reach out to other

2434

01:26:25,990 --> 01:26:24,320

people uh and find community that can

2435

01:26:28,070 --> 01:26:26,000

support you because that's essential for

2436

01:26:30,709 --> 01:26:28,080

anyone going through this stuff

2437

01:26:36,790 --> 01:26:33,510

i would also say that as much as uh i

2438

01:26:39,350 --> 01:26:36,800

think the the implications are tectonic

2439

01:26:41,590 --> 01:26:39,360

um to our very fabric of reality i

2440

01:26:43,430 --> 01:26:41,600

personally uh i'm not overwhelmed by

2441

01:26:44,709 --> 01:26:43,440

that i think it's important to point out

2442

01:26:47,910 --> 01:26:44,719

i think some people might come away

2443

01:26:50,629 --> 01:26:47,920

going wow you know this sounds like

2444

01:26:51,830 --> 01:26:50,639

uh it's gonna tear apart you know

2445

01:26:53,510 --> 01:26:51,840

everything you know like the

2446

01:26:54,709 --> 01:26:53,520

implications go that deep and that's not

2447

01:26:58,149 --> 01:26:54,719

what i'm saying

2448

01:27:00,709 --> 01:26:58,159

um i think that there are ways to

2449

01:27:03,430 --> 01:27:00,719

conceive of this the implications but

2450

01:27:05,750 --> 01:27:03,440

still have a positive outlook um and i

2451  
01:27:09,350 --> 01:27:05,760  
do so i want to encourage people with

2452  
01:27:11,590 --> 01:27:09,360  
that too that it's it's um

2453  
01:27:13,510 --> 01:27:11,600  
while i think it's much too simplistic

2454  
01:27:14,229 --> 01:27:13,520  
to say it's all love and light or it's

2455  
01:27:15,430 --> 01:27:14,239  
all

2456  
01:27:18,390 --> 01:27:15,440  
demons

2457  
01:27:20,550 --> 01:27:18,400  
um i think it's a complex picture but we

2458  
01:27:21,750 --> 01:27:20,560  
still are part of a

2459  
01:27:23,910 --> 01:27:21,760  
interconnected

2460  
01:27:25,910 --> 01:27:23,920  
fabric of reality where everything

2461  
01:27:26,790 --> 01:27:25,920  
ultimately is connected even these

2462  
01:27:29,110 --> 01:27:26,800  
others

2463  
01:27:31,669 --> 01:27:29,120

in the different sources they come from

2464

01:27:35,030 --> 01:27:31,679

and and i use that as a rubric to sort

2465

01:27:36,550 --> 01:27:35,040

of make sense of what's going on as well

2466

01:27:38,470 --> 01:27:36,560

they have some of their own evolution

2467

01:27:40,709 --> 01:27:38,480

they're going through just like we do so

2468

01:27:43,270 --> 01:27:40,719

to bring it back to what you said yes we

2469

01:27:46,149 --> 01:27:43,280

still need to do our work as individuals

2470

01:27:47,990 --> 01:27:46,159

as families as communities

2471

01:27:49,750 --> 01:27:48,000

and as a civilization we need to still

2472

01:27:51,830 --> 01:27:49,760

keep moving forward the

2473

01:27:53,669 --> 01:27:51,840

the what's on our table in terms of the

2474

01:27:56,470 --> 01:27:53,679

the issues we're trying to deal with the

2475

01:27:58,229 --> 01:27:56,480

um the growth we're trying to arrive at

2476

01:28:01,669 --> 01:27:58,239

all that's just as important whether

2477

01:28:03,110 --> 01:28:01,679

disclosure happens tomorrow or not

2478

01:28:05,590 --> 01:28:03,120

i couldn't agree more and it's

2479

01:28:07,910 --> 01:28:05,600

incredibly affirming and and

2480

01:28:09,510 --> 01:28:07,920

uh and i would echo what you said um i

2481

01:28:12,070 --> 01:28:09,520

think that the

2482

01:28:15,510 --> 01:28:12,080

uh i'm hopeful that the ultimate truth

2483

01:28:17,510 --> 01:28:15,520

here will really will feel affirming for

2484

01:28:18,550 --> 01:28:17,520

everyone because it i think at its root

2485

01:28:20,229 --> 01:28:18,560

level

2486

01:28:22,070 --> 01:28:20,239

validates

2487

01:28:24,070 --> 01:28:22,080

lived experience

2488

01:28:25,910 --> 01:28:24,080

um and

2489

01:28:27,910 --> 01:28:25,920

there's nothing better than than that

2490

01:28:29,189 --> 01:28:27,920

you know than saying what you have

2491

01:28:31,430 --> 01:28:29,199

experienced

2492

01:28:32,709 --> 01:28:31,440

has value has meaning

2493

01:28:33,669 --> 01:28:32,719

you matter

2494

01:28:34,870 --> 01:28:33,679

and

2495

01:28:36,629 --> 01:28:34,880

you know i think that that is that we

2496

01:28:37,669 --> 01:28:36,639

can't ignore that that is part of this

2497

01:28:38,629 --> 01:28:37,679

desire

2498

01:28:40,790 --> 01:28:38,639

for

2499

01:28:44,229 --> 01:28:40,800

this grander truth is

2500

01:28:47,510 --> 01:28:44,239

how does my life

2501

01:28:49,750 --> 01:28:47,520

play into this grander story does my

2502

01:28:51,110 --> 01:28:49,760

life have significance does it does it

2503

01:28:52,790 --> 01:28:51,120

mean something

2504

01:28:54,790 --> 01:28:52,800

and i would argue and i know you would

2505

01:28:57,510 --> 01:28:54,800

as well that that the answer is an

2506

01:28:58,950 --> 01:28:57,520

overwhelming yes

2507

01:29:01,189 --> 01:28:58,960

and

2508

01:29:02,149 --> 01:29:01,199

that whatever this may be

2509

01:29:03,590 --> 01:29:02,159

that

2510

01:29:06,870 --> 01:29:03,600

it will

2511

01:29:08,149 --> 01:29:06,880

add greater color and clarity and

2512

01:29:10,550 --> 01:29:08,159

beauty

2513

01:29:12,550 --> 01:29:10,560

to to that desire

2514

01:29:14,070 --> 01:29:12,560

uh and that's something that i very much

2515

01:29:14,950 --> 01:29:14,080

look forward to

2516

01:29:16,790 --> 01:29:14,960

um

2517

01:29:21,430 --> 01:29:16,800

we

2518

01:29:23,510 --> 01:29:21,440

talking with each other it means a lot

2519

01:29:24,390 --> 01:29:23,520

to i think each of us to be able to do

2520

01:29:25,990 --> 01:29:24,400

this and

2521

01:29:28,070 --> 01:29:26,000

to have this connection but we do it

2522

01:29:30,470 --> 01:29:28,080

also uh to

2523

01:29:31,669 --> 01:29:30,480

connect with all of you and uh we want

2524

01:29:34,310 --> 01:29:31,679

to hear from you

2525

01:29:36,310 --> 01:29:34,320

uh we love hearing from you and uh and

2526

01:29:38,390 --> 01:29:36,320

we will be doing future shows

2527

01:29:41,189 --> 01:29:38,400

around uh things that you're interested

2528

01:29:43,590 --> 01:29:41,199

in so we really encourage uh you the

2529

01:29:45,510 --> 01:29:43,600

listener uh to reach out to us get in

the uh alternating schedule now with

2548

01:30:27,110 --> 01:30:25,840

point of convergence

2549

01:30:29,030 --> 01:30:27,120

uh so yeah absolutely point of

2550
