1  
00:00:13,830 --> 00:00:11,190  
hello and welcome to episode number 70

2  
00:00:14,789 --> 00:00:13,840  
of the point of convergence podcast as

3  
00:00:18,310 --> 00:00:14,799  
always

4  
00:00:20,470 --> 00:00:18,320  
i am your host exo academian

5  
00:00:23,029 --> 00:00:20,480  
for those who've spent decades searching

6  
00:00:25,670 --> 00:00:23,039  
for answers to the elusive yet seemingly

7  
00:00:27,830 --> 00:00:25,680  
ever-present enigma colloquially known

8  
00:00:29,349 --> 00:00:27,840  
as the ufo phenomenon

9  
00:00:33,110 --> 00:00:29,359  
the last several years have been a

10  
00:00:35,350 --> 00:00:33,120  
whirlwind of activity and revelations

11  
00:00:37,590 --> 00:00:35,360  
it is well understood by those veteran

12  
00:00:39,990 --> 00:00:37,600  
to this field that elements within the

13  
00:00:41,990 --> 00:00:40,000

u.s government spent decades not only

14

00:00:44,150 --> 00:00:42,000

covering up details that made it

15

00:00:46,549 --> 00:00:44,160

abundantly clear that there really was a

16

00:00:49,110 --> 00:00:46,559

there there that we were being visited

17

00:00:51,750 --> 00:00:49,120

by non-human intelligences operating

18

00:00:53,510 --> 00:00:51,760

craft of the most sophisticated nature

19

00:00:55,670 --> 00:00:53,520

but they simultaneously sought to

20

00:00:58,869 --> 00:00:55,680

silence those who sought to proclaim

21

00:01:00,790 --> 00:00:58,879

this very fact to the masses

22

00:01:03,430 --> 00:01:00,800

using a combination of scorn and

23

00:01:05,429 --> 00:01:03,440

ridicule at minimum and personal and

24

00:01:07,830 --> 00:01:05,439

professional attacks and even violence

25

00:01:09,670 --> 00:01:07,840

when necessary at maximum

26  
00:01:12,310 --> 00:01:09,680  
the u.s government's general approach to

27  
00:01:14,710 --> 00:01:12,320  
the matter of the ufo phenomenon was to

28  
00:01:16,950 --> 00:01:14,720  
squelch public interest in this topic

29  
00:01:19,030 --> 00:01:16,960  
while simultaneously doing its darndest

30  
00:01:20,710 --> 00:01:19,040  
to understand it

31  
00:01:23,350 --> 00:01:20,720  
of course part of the reason why that

32  
00:01:25,429 --> 00:01:23,360  
approach remained static for so long is

33  
00:01:27,670 --> 00:01:25,439  
that the secret keepers didn't make much

34  
00:01:30,149 --> 00:01:27,680  
headway in terms of really getting to

35  
00:01:31,990 --> 00:01:30,159  
the bottom of the enigma

36  
00:01:34,630 --> 00:01:32,000  
yes there have been crashes and crash

37  
00:01:36,550 --> 00:01:34,640  
retrievals along the way including a

38  
00:01:39,350 --> 00:01:36,560

craft that evidence now seemingly

39

00:01:40,469 --> 00:01:39,360

suggests we did manage to bring down on

40

00:01:42,069 --> 00:01:40,479

occasion

41

00:01:44,310 --> 00:01:42,079

and there apparently have been some

42

00:01:45,429 --> 00:01:44,320

major technological breakthroughs as a

43

00:01:47,429 --> 00:01:45,439

result

44

00:01:48,950 --> 00:01:47,439

but the real root of this issue still

45

00:01:51,030 --> 00:01:48,960

remains elusive

46

00:01:53,350 --> 00:01:51,040

and here i speak of the identity of the

47

00:01:55,910 --> 00:01:53,360

beings who are parading around our skies

48

00:01:57,990 --> 00:01:55,920

with impunity and who are interacting

49

00:02:00,550 --> 00:01:58,000

with and sometimes taking aboard their

50

00:02:02,870 --> 00:02:00,560

craft and into what appeared to be other

51  
00:02:05,350 --> 00:02:02,880  
apparent domains of existence

52  
00:02:08,550 --> 00:02:05,360  
civilians who the military is powerless

53  
00:02:10,389 --> 00:02:08,560  
to protect even if it wanted to

54  
00:02:12,710 --> 00:02:10,399  
this is not to say that these so-called

55  
00:02:15,510 --> 00:02:12,720  
abductions are purely malevolent in

56  
00:02:17,670 --> 00:02:15,520  
intent but merely to point out that when

57  
00:02:19,830 --> 00:02:17,680  
you get down to it part of the reason

58  
00:02:22,309 --> 00:02:19,840  
the government has kept this under wraps

59  
00:02:24,710 --> 00:02:22,319  
for so long is that they have zero

60  
00:02:26,710 --> 00:02:24,720  
ability to police the skies within our

61  
00:02:28,550 --> 00:02:26,720  
nation-state borders

62  
00:02:30,949 --> 00:02:28,560  
and thus they are failing in one of the

63  
00:02:33,350 --> 00:02:30,959

core tenets of what makes a nation-state

64

00:02:35,270 --> 00:02:33,360

viable to begin with

65

00:02:37,190 --> 00:02:35,280

in other words why should a populist

66

00:02:39,750 --> 00:02:37,200

ascribe authority to a government

67

00:02:42,150 --> 00:02:39,760

structure when it is simply unable to

68

00:02:44,790 --> 00:02:42,160

ensure the smooth running of a society

69

00:02:47,110 --> 00:02:44,800

with even the most basic guarantee as to

70

00:02:49,030 --> 00:02:47,120

citizen safety

71

00:02:51,670 --> 00:02:49,040

not only is the notion of so-called

72

00:02:53,910 --> 00:02:51,680

protected airspace rendered meaningless

73

00:02:55,509 --> 00:02:53,920

by these others as they buzz in and

74

00:02:57,830 --> 00:02:55,519

around our skies

75

00:03:01,589 --> 00:02:57,840

but so too are physical boundaries like

76

00:03:03,670 --> 00:03:01,599

locks doors walls and the like

77

00:03:05,670 --> 00:03:03,680

when they want these others can appear

78

00:03:07,430 --> 00:03:05,680

in your room in the middle of the night

79

00:03:10,149 --> 00:03:07,440

and there's nothing the government or

80

00:03:12,390 --> 00:03:10,159

anyone else can do to prevent it

81

00:03:13,589 --> 00:03:12,400

and here i really do mean literally

82

00:03:15,270 --> 00:03:13,599

nothing

83

00:03:17,830 --> 00:03:15,280

and this is because these others have

84

00:03:19,990 --> 00:03:17,840

demonstrated the ability to control

85

00:03:21,990 --> 00:03:20,000

consciousness itself

86

00:03:24,149 --> 00:03:22,000

thus even if you stationed an entire

87

00:03:25,830 --> 00:03:24,159

military brigade outside a known

88

00:03:27,990 --> 00:03:25,840

abductee's house

89

00:03:30,630 --> 00:03:28,000

these alien beings would make child's

90

00:03:32,710 --> 00:03:30,640

play of getting around these safe cards

91

00:03:35,110 --> 00:03:32,720

including by putting the entire troop

92

00:03:37,270 --> 00:03:35,120

into a deep sleep or simply putting them

93

00:03:39,670 --> 00:03:37,280

into a temporary state of suspended

94

00:03:41,270 --> 00:03:39,680

animation until they are done with their

95

00:03:43,110 --> 00:03:41,280

business

96

00:03:45,430 --> 00:03:43,120

as i mentioned at the outset the

97

00:03:48,070 --> 00:03:45,440

government's about face in recent years

98

00:03:49,509 --> 00:03:48,080

really has taken long-term ufologists by

99

00:03:51,670 --> 00:03:49,519

surprise

100

00:03:53,429 --> 00:03:51,680

these veteran researchers spend so many

101  
00:03:56,390 --> 00:03:53,439  
decades trying to get the government to

102  
00:03:58,470 --> 00:03:56,400  
open up about what it knows about ufos

103  
00:04:00,229 --> 00:03:58,480  
and the beings operating them

104  
00:04:02,470 --> 00:04:00,239  
that many of them have been shocked by

105  
00:04:03,830 --> 00:04:02,480  
how quickly things have been changing as

106  
00:04:05,910 --> 00:04:03,840  
of late

107  
00:04:08,309 --> 00:04:05,920  
for the first time in history we really

108  
00:04:09,589 --> 00:04:08,319  
do seem to be on the verge of full-blown

109  
00:04:11,350 --> 00:04:09,599  
disclosure

110  
00:04:13,270 --> 00:04:11,360  
and by that i mean not only the

111  
00:04:15,670 --> 00:04:13,280  
acknowledgement that some of the craft

112  
00:04:18,550 --> 00:04:15,680  
and phenomena being spotted regularly in

113  
00:04:21,270 --> 00:04:18,560

our skies are not the property of the us

114

00:04:22,469 --> 00:04:21,280

military or any other known nation-state

115

00:04:24,629 --> 00:04:22,479

operator

116

00:04:27,430 --> 00:04:24,639

but also that we are being visited by

117

00:04:29,830 --> 00:04:27,440

non-human entities of a sophisticated

118

00:04:32,790 --> 00:04:29,840

nature who seem to rank higher on the

119

00:04:34,230 --> 00:04:32,800

proverbial food chain than do we human

120

00:04:36,950 --> 00:04:34,240

beings

121

00:04:39,270 --> 00:04:36,960

heady days indeed and again everything

122

00:04:41,590 --> 00:04:39,280

i'm hearing from my sources suggests

123

00:04:43,830 --> 00:04:41,600

this really is happening we really are

124

00:04:45,749 --> 00:04:43,840

on the cusp of a civilization changing

125

00:04:47,909 --> 00:04:45,759

series of disclosures

126

00:04:50,790 --> 00:04:47,919

announcements that will unquestionably

127

00:04:53,030 --> 00:04:50,800

and irreversibly change the way we human

128

00:04:56,550 --> 00:04:53,040

beings think about ourselves within the

129

00:04:59,430 --> 00:04:56,560

larger context of an immense ancient and

130

00:05:01,430 --> 00:04:59,440

multi-dimensional cosmos

131

00:05:02,469 --> 00:05:01,440

but we again come to the real question

132

00:05:05,029 --> 00:05:02,479

at hand

133

00:05:07,909 --> 00:05:05,039

who are these others where are they

134

00:05:10,390 --> 00:05:07,919

coming from how long have they been here

135

00:05:13,029 --> 00:05:10,400

what are their intentions how many of

136

00:05:14,469 --> 00:05:13,039

them are there are they one group or

137

00:05:16,629 --> 00:05:14,479

many

138

00:05:19,029 --> 00:05:16,639

these are the fascinating yet daunting

139

00:05:21,029 --> 00:05:19,039

matters we'll seek to engage with from

140

00:05:23,270 --> 00:05:21,039

the vantage point of a towering thirty

141

00:05:26,390 --> 00:05:23,280

thousand foot view overlooking the

142

00:05:29,350 --> 00:05:26,400

multi-dimensional landscape if you will

143

00:05:32,850 --> 00:05:29,360

in this the 70th episode of the point of

144

00:05:38,390 --> 00:05:36,150

[Music]

145

00:05:41,350 --> 00:05:38,400

as we embark on this new episode

146

00:05:43,110 --> 00:05:41,360

let me begin by saying welcome back

147

00:05:44,870 --> 00:05:43,120

i've been gone over the summer at least

148

00:05:47,029 --> 00:05:44,880

from this podcast although i've been

149

00:05:49,830 --> 00:05:47,039

very busy with writing a book

150

00:05:51,670 --> 00:05:49,840

and doing field research as it were it's

151  
00:05:53,590 --> 00:05:51,680  
been an exciting summer and i'm looking

152  
00:05:56,070 --> 00:05:53,600  
forward to reporting on some of that in

153  
00:05:58,230 --> 00:05:56,080  
the future both in this episode and

154  
00:05:59,830 --> 00:05:58,240  
episodes to come

155  
00:06:01,990 --> 00:05:59,840  
a couple of announcements i'd like to

156  
00:06:03,029 --> 00:06:02,000  
make before we proceed with today's

157  
00:06:04,550 --> 00:06:03,039  
topic

158  
00:06:06,790 --> 00:06:04,560  
first of all i'm excited to be one of

159  
00:06:09,990 --> 00:06:06,800  
the speakers at an event in new york

160  
00:06:12,469 --> 00:06:10,000  
city coming up on october 8th titled an

161  
00:06:14,870 --> 00:06:12,479  
inquiry into anomalous experiences and

162  
00:06:17,510 --> 00:06:14,880  
the phenomenon an intimate one day

163  
00:06:19,270 --> 00:06:17,520

conference in the heart of new york city

164

00:06:21,749 --> 00:06:19,280

i'll be presenting at this conference

165

00:06:23,830 --> 00:06:21,759

along with several well-known others and

166

00:06:26,710 --> 00:06:23,840

you can both attend the conference in

167

00:06:28,309 --> 00:06:26,720

person or take in the live stream and

168

00:06:30,150 --> 00:06:28,319

from my understanding the conference

169

00:06:32,469 --> 00:06:30,160

will be made available at a later time

170

00:06:34,790 --> 00:06:32,479

for people to listen to and watch

171

00:06:37,270 --> 00:06:34,800

youtube videos of and the entire thing

172

00:06:40,469 --> 00:06:37,280

will be shot professionally so it should

173

00:06:42,230 --> 00:06:40,479

be a very engaging event discussing

174

00:06:44,710 --> 00:06:42,240

cutting edge topics that we often

175

00:06:47,270 --> 00:06:44,720

discuss on this podcast and i'm very

176

00:06:49,110 --> 00:06:47,280

much looking forward to taking part

177

00:06:51,749 --> 00:06:49,120

i'd also like to take a moment to give a

178

00:06:53,589 --> 00:06:51,759

shout out to my patreon supporters and

179

00:06:56,870 --> 00:06:53,599

to say that for those who are interested

180

00:06:59,430 --> 00:06:56,880

in becoming a patron of this podcast i

181

00:07:01,510 --> 00:06:59,440

will be offering bonus odes for patron

182

00:07:03,909 --> 00:07:01,520

supporters starting this fall that will

183

00:07:05,909 --> 00:07:03,919

be a once a month bonus ode specifically

184

00:07:08,309 --> 00:07:05,919

for patreon subscribers

185

00:07:11,510 --> 00:07:08,319

and in addition i will be doing ask me

186

00:07:13,430 --> 00:07:11,520

anything sessions on occasion as well

187

00:07:15,189 --> 00:07:13,440

that is specifically for patreon

188

00:07:17,189 --> 00:07:15,199

subscribers

189

00:07:19,830 --> 00:07:17,199

all right enough of that preamble let's

190

00:07:23,270 --> 00:07:19,840

get on to today's topic it is a big one

191

00:07:25,350 --> 00:07:23,280

a 30 000 foot view discussion of the ufo

192

00:07:27,670 --> 00:07:25,360

phenomenon

193

00:07:29,589 --> 00:07:27,680

now as i mentioned in the introduction

194

00:07:31,110 --> 00:07:29,599

there are different notions about who

195

00:07:33,430 --> 00:07:31,120

these others are and where they're

196

00:07:35,749 --> 00:07:33,440

coming from and how they're getting here

197

00:07:37,830 --> 00:07:35,759

even how long they've been here and of

198

00:07:40,469 --> 00:07:37,840

course another major question perhaps

199

00:07:43,189 --> 00:07:40,479

the key overarching question is are they

200

00:07:46,070 --> 00:07:43,199

one group is the ufo phenomenon a

201

00:07:48,309 --> 00:07:46,080

singular matter or is it actually more

202

00:07:50,550 --> 00:07:48,319

like a pluriverse of different kinds of

203

00:07:54,309 --> 00:07:50,560

entities coming in perhaps through very

204

00:07:56,029 --> 00:07:54,319

different means and ways

205

00:07:58,309 --> 00:07:56,039

first off let's discuss

206

00:08:00,869 --> 00:07:58,319

extraterrestrials as outlined in the

207

00:08:02,390 --> 00:08:00,879

extraterrestrial hypothesis

208

00:08:04,629 --> 00:08:02,400

now some of you who've been on this

209

00:08:06,390 --> 00:08:04,639

podcast with me since the beginning will

210

00:08:08,790 --> 00:08:06,400

be quite familiar with this but some

211

00:08:10,710 --> 00:08:08,800

people have entered the fray later on so

212

00:08:13,189 --> 00:08:10,720

to speak and so i want to take the time

213

00:08:15,270 --> 00:08:13,199

to outline each of these and also talk

214

00:08:17,510 --> 00:08:15,280

about how some of them overlap and some

215

00:08:20,150 --> 00:08:17,520

of the clear delineations aren't as

216

00:08:22,230 --> 00:08:20,160

clear as they might seem at first blush

217

00:08:24,550 --> 00:08:22,240

even for those who've been studying this

218

00:08:26,469 --> 00:08:24,560

for quite some time

219

00:08:28,869 --> 00:08:26,479

now when we speak of extraterrestrials

220

00:08:31,189 --> 00:08:28,879

we should of course first note that it

221

00:08:33,430 --> 00:08:31,199

is largely an assumption amongst

222

00:08:35,670 --> 00:08:33,440

scientists now cosmologists

223

00:08:38,310 --> 00:08:35,680

astrophysicists etc

224

00:08:39,190 --> 00:08:38,320

that the cosmos is likely teeming with

225

00:08:42,149 --> 00:08:39,200

life

226

00:08:44,870 --> 00:08:42,159

even if the majority of planets perhaps

227

00:08:47,190 --> 00:08:44,880

cannot sustain life as we understand it

228

00:08:49,430 --> 00:08:47,200

because there are so many galaxies

229

00:08:51,829 --> 00:08:49,440

therefore so many solar systems with so

230

00:08:54,070 --> 00:08:51,839

many planets in each solar system

231

00:08:56,630 --> 00:08:54,080

you should have enough goldilocks-like

232

00:08:58,310 --> 00:08:56,640

planets like earth that life should

233

00:09:00,470 --> 00:08:58,320

actually be prevalent throughout the

234

00:09:03,269 --> 00:09:00,480

cosmos even if it is the exception to

235

00:09:06,470 --> 00:09:03,279

the rule because again the cosmos is so

236

00:09:10,310 --> 00:09:06,480

immense we should have plenty of life

237

00:09:12,230 --> 00:09:10,320

arising across that great expanse

238

00:09:14,790 --> 00:09:12,240

now those who are skeptical to the

239

00:09:17,350 --> 00:09:14,800

notion that ets could be visiting us

240

00:09:19,670 --> 00:09:17,360

however will point out that the universe

241

00:09:21,670 --> 00:09:19,680

is simply too large and the speed of

242

00:09:23,910 --> 00:09:21,680

light simply too slow

243

00:09:27,030 --> 00:09:23,920

to make interstellar and especially

244

00:09:28,870 --> 00:09:27,040

intergalactic travel even possible

245

00:09:30,870 --> 00:09:28,880

what they're getting at here is that

246

00:09:33,910 --> 00:09:30,880

even if you could approach the speed of

247

00:09:36,310 --> 00:09:33,920

light with sophisticated spacecraft the

248

00:09:38,550 --> 00:09:36,320

distances between galaxies are so

249

00:09:40,630 --> 00:09:38,560

immense that you would still never get

250

00:09:43,990 --> 00:09:40,640

here or even if you did get here it

251  
00:09:46,070 --> 00:09:44,000  
would take many many many generations in

252  
00:09:49,509 --> 00:09:46,080  
other words it just does not seem very

253  
00:09:51,670 --> 00:09:49,519  
plausible to achieve interstellar travel

254  
00:09:53,750 --> 00:09:51,680  
in any kind of robust way and on a

255  
00:09:55,269 --> 00:09:53,760  
regular basis

256  
00:09:56,949 --> 00:09:55,279  
and i should add by the way that we

257  
00:10:00,550 --> 00:09:56,959  
really are likely talking about

258  
00:10:02,870 --> 00:10:00,560  
interstellar and intergalactic travel

259  
00:10:04,790 --> 00:10:02,880  
because initially earlier in the 20th

260  
00:10:06,550 --> 00:10:04,800  
century before we understood much about

261  
00:10:07,990 --> 00:10:06,560  
the nature of the planets of our own

262  
00:10:09,910 --> 00:10:08,000  
solar system

263  
00:10:12,790 --> 00:10:09,920

many people assumed there likely was

264

00:10:14,310 --> 00:10:12,800

life in planets like mars and venus our

265

00:10:16,150 --> 00:10:14,320

nearby neighbors

266

00:10:18,310 --> 00:10:16,160

in fact part of the confusion is that

267

00:10:20,710 --> 00:10:18,320

some of the early apparent visitors to

268

00:10:23,110 --> 00:10:20,720

our planet that were extraterrestrial in

269

00:10:24,870 --> 00:10:23,120

nature or at least claimed to be

270

00:10:27,670 --> 00:10:24,880

said they were coming from such planets

271

00:10:29,670 --> 00:10:27,680

like mars and venus now this begs the

272

00:10:31,030 --> 00:10:29,680

question why would they tell us this if

273

00:10:32,470 --> 00:10:31,040

it's not true

274

00:10:34,389 --> 00:10:32,480

is there any way it could be true that

275

00:10:36,230 --> 00:10:34,399

we just can't conceive of

276

00:10:38,230 --> 00:10:36,240

it's difficult to imagine how they would

277

00:10:40,230 --> 00:10:38,240

be coming from there based on what we

278

00:10:42,550 --> 00:10:40,240

know of those planets at least if they

279

00:10:45,990 --> 00:10:42,560

are the kind of life that we consider

280

00:10:47,829 --> 00:10:46,000

based on our current biological model in

281

00:10:49,750 --> 00:10:47,839

other words as time went on and we

282

00:10:51,829 --> 00:10:49,760

realized how lifeless and barren the

283

00:10:52,630 --> 00:10:51,839

planets of this solar system appear to

284

00:10:55,030 --> 00:10:52,640

be

285

00:10:57,750 --> 00:10:55,040

we therefore assume that if there is et

286

00:11:00,389 --> 00:10:57,760

life out there it is likely far beyond

287

00:11:02,630 --> 00:11:00,399

our solar system in other star systems

288

00:11:05,430 --> 00:11:02,640

within the milky way galaxy and even

289

00:11:07,190 --> 00:11:05,440

beyond that in other galaxies altogether

290

00:11:10,550 --> 00:11:07,200

and of course there we're talking about

291

00:11:13,269 --> 00:11:10,560

extremely immense distances

292

00:11:15,670 --> 00:11:13,279

now to those who would say skeptically

293

00:11:18,790 --> 00:11:15,680

that these distances make interstellar

294

00:11:20,230 --> 00:11:18,800

travel unlikely if not impossible i

295

00:11:22,630 --> 00:11:20,240

would merely counter with the notion

296

00:11:24,870 --> 00:11:22,640

that even in today's understanding of

297

00:11:27,670 --> 00:11:24,880

physics we assume you could harness

298

00:11:30,790 --> 00:11:27,680

something like a wormhole in order to

299

00:11:32,790 --> 00:11:30,800

close space or fold space as it were and

300

00:11:34,790 --> 00:11:32,800

therefore really cut down on the time it

301  
00:11:37,430 --> 00:11:34,800  
would take to travel between star

302  
00:11:40,069 --> 00:11:37,440  
systems or even potentially between

303  
00:11:42,230 --> 00:11:40,079  
galaxies even potentially between one

304  
00:11:44,550 --> 00:11:42,240  
part of the physical universe and

305  
00:11:47,350 --> 00:11:44,560  
another part almost at the very other

306  
00:11:49,590 --> 00:11:47,360  
end so according to modern physics it is

307  
00:11:52,389 --> 00:11:49,600  
possible and we've even done some work

308  
00:11:54,550 --> 00:11:52,399  
trying to imagine at least theoretically

309  
00:11:58,470 --> 00:11:54,560  
how you could harness and stabilize a

310  
00:12:00,790 --> 00:11:58,480  
wormhole to make such travel possible

311  
00:12:02,310 --> 00:12:00,800  
however there is an interesting wrinkle

312  
00:12:05,590 --> 00:12:02,320  
when it comes to the nature of

313  
00:12:07,430 --> 00:12:05,600

space-time and how real it actually is

314

00:12:08,710 --> 00:12:07,440  
and we'll get to that later in this

315

00:12:11,030 --> 00:12:08,720  
episode

316

00:12:12,710 --> 00:12:11,040  
but to be clear extraterrestrials are

317

00:12:14,949 --> 00:12:12,720  
certainly possible

318

00:12:17,590 --> 00:12:14,959  
we have been told by them some of them

319

00:12:19,910 --> 00:12:17,600  
that they are indeed extraterrestrials

320

00:12:22,230 --> 00:12:19,920  
and even mainstream science thinks it's

321

00:12:24,310 --> 00:12:22,240  
possible even likely that they exist

322

00:12:26,629 --> 00:12:24,320  
although again the question is could

323

00:12:28,310 --> 00:12:26,639  
they feasibly get here

324

00:12:30,710 --> 00:12:28,320  
although again just to point out what i

325

00:12:32,790 --> 00:12:30,720  
just said one more time via wormholes

326

00:12:35,110 --> 00:12:32,800

and the like you certainly could and

327

00:12:36,790 --> 00:12:35,120

that's even based on our current 21st

328

00:12:39,269 --> 00:12:36,800

century science

329

00:12:41,509 --> 00:12:39,279

lest we get bogged down in insane

330

00:12:43,990 --> 00:12:41,519

degrees of hubris let's of course

331

00:12:46,389 --> 00:12:44,000

consider the fact that if a civilization

332

00:12:48,790 --> 00:12:46,399

exists that's thousands of years beyond

333

00:12:51,509 --> 00:12:48,800

us in terms of technological development

334

00:12:53,590 --> 00:12:51,519

then likely they've found ways to close

335

00:12:55,509 --> 00:12:53,600

that distance in ways we have not even

336

00:12:57,269 --> 00:12:55,519

imagined yet

337

00:12:59,670 --> 00:12:57,279

next up we have the notion of

338

00:13:02,069 --> 00:12:59,680

interdimensionals now here we're still

339

00:13:04,230 --> 00:13:02,079

dealing with physical universes but with

340

00:13:06,710 --> 00:13:04,240

the notion that perhaps there are many

341

00:13:08,710 --> 00:13:06,720

or numerous timelines sometimes when

342

00:13:10,150 --> 00:13:08,720

people talk about interdimensionals

343

00:13:13,190 --> 00:13:10,160

they're actually referring to beings

344

00:13:15,190 --> 00:13:13,200

coming to us from a different timeline

345

00:13:18,150 --> 00:13:15,200

or even from a different point within

346

00:13:20,790 --> 00:13:18,160

the same timeline as in time travelers

347

00:13:23,590 --> 00:13:20,800

from the past or the future

348

00:13:25,670 --> 00:13:23,600

either way you still have space time but

349

00:13:27,750 --> 00:13:25,680

within that you have the notion of

350

00:13:30,230 --> 00:13:27,760

multiple universes and perhaps beings

351  
00:13:32,629 --> 00:13:30,240  
that can traverse the distance between

352  
00:13:34,470 --> 00:13:32,639  
these universes although once again

353  
00:13:36,389 --> 00:13:34,480  
distance is kind of the wrong term to

354  
00:13:39,430 --> 00:13:36,399  
use because these dimensions would

355  
00:13:42,069 --> 00:13:39,440  
basically be like narrow panes of glass

356  
00:13:44,069 --> 00:13:42,079  
sitting right next to each other and

357  
00:13:45,910 --> 00:13:44,079  
once you knew how to do it the distance

358  
00:13:47,750 --> 00:13:45,920  
wouldn't be the issue it's about how do

359  
00:13:49,910 --> 00:13:47,760  
you traverse the

360  
00:13:51,910 --> 00:13:49,920  
membrane separating one physical

361  
00:13:53,990 --> 00:13:51,920  
universe from another

362  
00:13:56,310 --> 00:13:54,000  
now here we should point out that it was

363  
00:13:59,350 --> 00:13:56,320

theorists such as jacques vallee in the

364

00:14:01,110 --> 00:13:59,360

1960s and 70s that first proposed the

365

00:14:02,870 --> 00:14:01,120

notion that perhaps these beings that

366

00:14:05,030 --> 00:14:02,880

were visiting us were actually

367

00:14:06,710 --> 00:14:05,040

interdimensional in nature rather than

368

00:14:08,949 --> 00:14:06,720

extraterrestrial

369

00:14:10,470 --> 00:14:08,959

because of the high strangeness

370

00:14:12,470 --> 00:14:10,480

associated with the way they would

371

00:14:14,629 --> 00:14:12,480

interact with us and the way they would

372

00:14:17,670 --> 00:14:14,639

interact and seemingly manipulate

373

00:14:19,750 --> 00:14:17,680

space-time it is malleable to them

374

00:14:22,870 --> 00:14:19,760

apparently that's what ballet noticed

375

00:14:24,949 --> 00:14:22,880

when he took in as a totality all the

376

00:14:27,990 --> 00:14:24,959

experiencer reports

377

00:14:30,150 --> 00:14:28,000

as valet has famously said what the ufo

378

00:14:33,189 --> 00:14:30,160

phenomenon makes clear to us is that we

379

00:14:35,110 --> 00:14:33,199

do not understand space-time

380

00:14:37,829 --> 00:14:35,120

but for instance when you take into

381

00:14:40,389 --> 00:14:37,839

account how these craft for instance

382

00:14:42,870 --> 00:14:40,399

seem to just pop into existence in the

383

00:14:45,189 --> 00:14:42,880

sky we don't see where they came from

384

00:14:48,069 --> 00:14:45,199

they just pop in as if they're coming in

385

00:14:50,389 --> 00:14:48,079

from somewhere else quote unquote and

386

00:14:52,629 --> 00:14:50,399

they exit in the same manner

387

00:14:55,110 --> 00:14:52,639

this amongst a myriad of high

388

00:14:57,189 --> 00:14:55,120

strangeness led theorists such as valley

389

00:14:59,750 --> 00:14:57,199

and others to postulate that perhaps

390

00:15:01,350 --> 00:14:59,760

these were interdimensional beings

391

00:15:04,069 --> 00:15:01,360

now of course we should point out here

392

00:15:06,550 --> 00:15:04,079

that this notion arose because this was

393

00:15:08,629 --> 00:15:06,560

cutting-edge physics of the time

394

00:15:10,710 --> 00:15:08,639

physicists were trying to make sense of

395

00:15:12,629 --> 00:15:10,720

why our universe was seemingly so

396

00:15:15,590 --> 00:15:12,639

fine-tuned for us and for the

397

00:15:18,069 --> 00:15:15,600

development of life which hinted towards

398

00:15:18,949 --> 00:15:18,079

a creator an intelligent design if you

399

00:15:21,110 --> 00:15:18,959

will

400

00:15:23,590 --> 00:15:21,120

so what physicists came up with was the

401  
00:15:25,110 --> 00:15:23,600  
notion of multiple universes and that

402  
00:15:27,750 --> 00:15:25,120  
perhaps every time you come to a

403  
00:15:29,990 --> 00:15:27,760  
decision point one universe splits into

404  
00:15:32,310 --> 00:15:30,000  
two and that happens again and again so

405  
00:15:35,030 --> 00:15:32,320  
a universe is being born every

406  
00:15:37,030 --> 00:15:35,040  
millisecond in fact in a much smaller

407  
00:15:39,189 --> 00:15:37,040  
fraction of time than that

408  
00:15:41,670 --> 00:15:39,199  
and that therefore perhaps if this is

409  
00:15:43,670 --> 00:15:41,680  
true that these multiple universes exist

410  
00:15:45,509 --> 00:15:43,680  
right alongside each other then valley

411  
00:15:47,749 --> 00:15:45,519  
and others postulated perhaps they're

412  
00:15:49,670 --> 00:15:47,759  
popping in from one of those universes

413  
00:15:50,790 --> 00:15:49,680

and then popping back out when they're

414

00:15:52,790 --> 00:15:50,800

done

415

00:15:55,509 --> 00:15:52,800

but here we should point out that at

416

00:15:57,590 --> 00:15:55,519

present there is precisely zero evidence

417

00:15:59,350 --> 00:15:57,600

to suggest these other universes

418

00:16:02,069 --> 00:15:59,360

actually exist

419

00:16:04,949 --> 00:16:02,079

again within physics this was a notion

420

00:16:07,990 --> 00:16:04,959

that was postulated to explain why our

421

00:16:10,230 --> 00:16:08,000

universe appeared so well fine-tuned to

422

00:16:12,310 --> 00:16:10,240

life so again it's a theoretical

423

00:16:14,629 --> 00:16:12,320

postulation not something that has been

424

00:16:16,629 --> 00:16:14,639

empirically observed that's a key

425

00:16:19,269 --> 00:16:16,639

distinction to make

426

00:16:21,110 --> 00:16:19,279

that said even if multiple universes

427

00:16:24,150 --> 00:16:21,120

don't actually exist in the way that

428

00:16:25,829 --> 00:16:24,160

physics has postulated they might that

429

00:16:28,790 --> 00:16:25,839

doesn't mean the notion of multiple

430

00:16:31,590 --> 00:16:28,800

dimensions isn't useful in fact i think

431

00:16:33,990 --> 00:16:31,600

it is largely essential that we think

432

00:16:35,749 --> 00:16:34,000

about these others and their origin

433

00:16:37,030 --> 00:16:35,759

sources as being like different

434

00:16:38,790 --> 00:16:37,040

dimensions

435

00:16:41,749 --> 00:16:38,800

but here i think more about

436

00:16:44,069 --> 00:16:41,759

reality being a vibrational wavelength

437

00:16:46,550 --> 00:16:44,079

and that you have multiple wavelengths

438

00:16:48,230 --> 00:16:46,560

coinciding and these represent different

439

00:16:49,910 --> 00:16:48,240  
dimensions

440

00:16:52,990 --> 00:16:49,920  
and when we think back to much of the

441

00:16:55,350 --> 00:16:53,000  
experiencer reports again this notion of

442

00:16:57,509 --> 00:16:55,360  
inter-penetrating realities was front

443

00:16:59,430 --> 00:16:57,519  
and center even early in the 20th

444

00:17:02,069 --> 00:16:59,440  
century before many people were really

445

00:17:04,150 --> 00:17:02,079  
thinking about these kinds of notions

446

00:17:06,630 --> 00:17:04,160  
so this is supported even by the

447

00:17:08,710 --> 00:17:06,640  
experiencer testimony these others that

448

00:17:11,029 --> 00:17:08,720  
have interacted with human beings have

449

00:17:13,990 --> 00:17:11,039  
said they've come from other realities

450

00:17:15,990 --> 00:17:14,000  
that exist right alongside ours

451  
00:17:18,309 --> 00:17:16,000  
and in fact when they've raised concerns

452  
00:17:19,669 --> 00:17:18,319  
about for instance nuclear fallout

453  
00:17:21,990 --> 00:17:19,679  
around the time of the dawn of the

454  
00:17:24,069 --> 00:17:22,000  
atomic era one of the things they told

455  
00:17:27,350 --> 00:17:24,079  
us is that we don't understand exactly

456  
00:17:29,750 --> 00:17:27,360  
how atomic weapons can interpenetrate

457  
00:17:31,909 --> 00:17:29,760  
realities that we don't even understand

458  
00:17:33,909 --> 00:17:31,919  
exist yet and yet we were told by them

459  
00:17:35,750 --> 00:17:33,919  
this is exactly the case

460  
00:17:38,070 --> 00:17:35,760  
and this is in addition of course to all

461  
00:17:40,870 --> 00:17:38,080  
the damage we're doing to the biosphere

462  
00:17:42,950 --> 00:17:40,880  
when we detonate these weapons of mass

463  
00:17:44,870 --> 00:17:42,960

destruction

464

00:17:47,350 --> 00:17:44,880

now here we should pause to point out

465

00:17:49,669 --> 00:17:47,360

that this clear delineation between the

466

00:17:52,230 --> 00:17:49,679

extraterrestrial hypothesis

467

00:17:54,549 --> 00:17:52,240

and the interdimensional hypothesis is

468

00:17:55,909 --> 00:17:54,559

not so easy to define

469

00:17:58,150 --> 00:17:55,919

that in fact even amongst the

470

00:18:01,270 --> 00:17:58,160

experimenter literature we find lots of

471

00:18:03,350 --> 00:18:01,280

examples of beings that supposedly

472

00:18:05,510 --> 00:18:03,360

are both extraterrestrial and

473

00:18:06,870 --> 00:18:05,520

interdimensional as we're conceiving of

474

00:18:09,590 --> 00:18:06,880

it here

475

00:18:11,350 --> 00:18:09,600

again these are not easily separated

476

00:18:13,590 --> 00:18:11,360

according to the literature some

477

00:18:15,990 --> 00:18:13,600

entities and entity groups

478

00:18:18,710 --> 00:18:16,000

began as biological beings but have

479

00:18:20,710 --> 00:18:18,720

since become post-biological and

480

00:18:23,750 --> 00:18:20,720

therefore sometimes take on a kind of

481

00:18:27,190 --> 00:18:23,760

suit when densifying you could say into

482

00:18:29,110 --> 00:18:27,200

our 3d plus one world space

483

00:18:32,470 --> 00:18:29,120

and by the way this partly would explain

484

00:18:34,950 --> 00:18:32,480

why sometimes some grays for instance

485

00:18:37,110 --> 00:18:34,960

have a somewhat puppet-like nature to

486

00:18:39,830 --> 00:18:37,120

them they look that way not quite

487

00:18:41,669 --> 00:18:39,840

organic when people observe them

488

00:18:44,390 --> 00:18:41,679

now there are some that i think are

489

00:18:46,070 --> 00:18:44,400

semi-organic ai and that's what people

490

00:18:49,190 --> 00:18:46,080

are noticing and why they don't exactly

491

00:18:50,950 --> 00:18:49,200

look organic fully in their demeanor

492

00:18:52,990 --> 00:18:50,960

but there may be these other kinds that

493

00:18:55,350 --> 00:18:53,000

are actually light beings of a kind

494

00:18:58,230 --> 00:18:55,360

post-biological beings who actually

495

00:18:59,909 --> 00:18:58,240

densifying taking on a suit as it were

496

00:19:01,510 --> 00:18:59,919

and this is not their true form and

497

00:19:04,310 --> 00:19:01,520

that's why they look slightly

498

00:19:06,549 --> 00:19:04,320

puppet-like in their appearance

499

00:19:09,350 --> 00:19:06,559

and i do understand that's complex and

500

00:19:10,990 --> 00:19:09,360

confusing i think this is probably the

501  
00:19:13,510 --> 00:19:11,000  
most confusing

502  
00:19:15,909 --> 00:19:13,520  
discombobulating matter when it comes to

503  
00:19:17,909 --> 00:19:15,919  
the ufo phenomenon is that there are

504  
00:19:20,710 --> 00:19:17,919  
different groups even different groups

505  
00:19:22,870 --> 00:19:20,720  
that look very alike

506  
00:19:23,590 --> 00:19:22,880  
now speaking of the way these beings

507  
00:19:26,789 --> 00:19:23,600  
look

508  
00:19:28,870 --> 00:19:26,799  
there is a vast assortment of types

509  
00:19:30,789 --> 00:19:28,880  
you really would need an immense chart

510  
00:19:32,630 --> 00:19:30,799  
if you were to describe all the kinds

511  
00:19:34,630 --> 00:19:32,640  
that have been observed

512  
00:19:36,630 --> 00:19:34,640  
now while allowing for shape shifters

513  
00:19:37,750 --> 00:19:36,640

which certainly are likely part of the

514

00:19:40,390 --> 00:19:37,760

equation

515

00:19:42,549 --> 00:19:40,400

we should not be surprised in a kind of

516

00:19:45,350 --> 00:19:42,559

situation we're describing here with an

517

00:19:47,750 --> 00:19:45,360

immense cosmos and perhaps even a

518

00:19:50,549 --> 00:19:47,760

multi-dimensional cosmos that we would

519

00:19:53,590 --> 00:19:50,559

have a vast assortment of types and

520

00:19:55,510 --> 00:19:53,600

shapes and species etc

521

00:19:57,830 --> 00:19:55,520

now in more recent years it's the more

522

00:20:00,630 --> 00:19:57,840

alarming types that have gotten a lot of

523

00:20:02,870 --> 00:20:00,640

the attention here i speak of insectoid

524

00:20:06,149 --> 00:20:02,880

types like the mantis beings and of

525

00:20:08,710 --> 00:20:06,159

course the quintessential grey aliens as

526

00:20:11,350 --> 00:20:08,720

well as ones such as the reptilians

527

00:20:12,870 --> 00:20:11,360

which look like a cross between a lizard

528

00:20:15,190 --> 00:20:12,880

and a human being

529

00:20:17,430 --> 00:20:15,200

though often standing from up to seven

530

00:20:19,909 --> 00:20:17,440

to eight feet tall

531

00:20:22,390 --> 00:20:19,919

but historically especially earlier in

532

00:20:25,270 --> 00:20:22,400

the 20th century more towards the dawn

533

00:20:26,950 --> 00:20:25,280

of the modern ufo phenomenon era

534

00:20:29,909 --> 00:20:26,960

a lot of the sightings were of

535

00:20:31,990 --> 00:20:29,919

surprisingly human looking beings they

536

00:20:33,830 --> 00:20:32,000

either looked completely human or they

537

00:20:36,310 --> 00:20:33,840

looked almost human with slight

538

00:20:37,909 --> 00:20:36,320

differences almost like a race that

539

00:20:40,149 --> 00:20:37,919

existed somewhere else in the planet

540

00:20:41,830 --> 00:20:40,159

that had never been discovered

541

00:20:45,110 --> 00:20:41,840

now of course many of these settings

542

00:20:47,669 --> 00:20:45,120

were of human-like entities that looked

543

00:20:50,310 --> 00:20:47,679

taller than the earth average human and

544

00:20:51,510 --> 00:20:50,320

they had usually blonde hair and blue

545

00:20:53,830 --> 00:20:51,520

eyes

546

00:20:55,750 --> 00:20:53,840

and to some they looked so alike that

547

00:20:58,789 --> 00:20:55,760

they wondered if perhaps this was the

548

00:21:00,390 --> 00:20:58,799

fruit of some sort of eugenics program

549

00:21:02,549 --> 00:21:00,400

but here we should make the point that

550

00:21:05,430 --> 00:21:02,559

again historically many of the

551  
00:21:07,750 --> 00:21:05,440  
human-like entities the alien humans if

552  
00:21:10,549 --> 00:21:07,760  
you will that were both spotted and

553  
00:21:12,630 --> 00:21:10,559  
interacted with over a long term

554  
00:21:14,390 --> 00:21:12,640  
actually often looked very much like

555  
00:21:16,950 --> 00:21:14,400  
everyone else on the planet in other

556  
00:21:18,870 --> 00:21:16,960  
words they fit within the general

557  
00:21:20,950 --> 00:21:18,880  
spectrum of the kinds of human beings

558  
00:21:23,750 --> 00:21:20,960  
you would already find here that could

559  
00:21:27,190 --> 00:21:23,760  
be people with average height brunettes

560  
00:21:28,789 --> 00:21:27,200  
redheads different skin tones etc

561  
00:21:31,270 --> 00:21:28,799  
and of course it goes without saying

562  
00:21:34,710 --> 00:21:31,280  
that this raises the possibility that

563  
00:21:36,950 --> 00:21:34,720

these others these specific human aliens

564

00:21:39,510 --> 00:21:36,960

may have been living amongst us with us

565

00:21:41,750 --> 00:21:39,520

being none the wiser and yes in fact

566

00:21:43,830 --> 00:21:41,760

that's much of what is reported amongst

567

00:21:46,789 --> 00:21:43,840

the experience for literature pertaining

568

00:21:49,909 --> 00:21:46,799

to these specific kinds of entities that

569

00:21:52,870 --> 00:21:49,919

they are here they are observing and to

570

00:21:55,430 --> 00:21:52,880

some degree actually working to change

571

00:21:57,350 --> 00:21:55,440

the priorities of our civilization which

572

00:22:00,950 --> 00:21:57,360

is viewed from an extraterrestrial point

573

00:22:03,190 --> 00:22:00,960

of view as very primitive and ongoingly

574

00:22:04,950 --> 00:22:03,200

flirting with self-destruction and

575

00:22:07,190 --> 00:22:04,960

regarding that last point i don't think

576

00:22:08,950 --> 00:22:07,200

any of us could disagree

577

00:22:10,870 --> 00:22:08,960

and by the way many of the reports

578

00:22:12,549 --> 00:22:10,880

earlier in the 20th century in the early

579

00:22:15,669 --> 00:22:12,559

to mid 20th century and a little bit

580

00:22:17,909 --> 00:22:15,679

beyond were with a group known as the

581

00:22:19,990 --> 00:22:17,919

space brothers these were the ones that

582

00:22:22,710 --> 00:22:20,000

looked very human were supposedly coming

583

00:22:25,190 --> 00:22:22,720

from nearby planets and were here on a

584

00:22:28,070 --> 00:22:25,200

peaceful mission to help us turn away

585

00:22:29,669 --> 00:22:28,080

from our self-destructive ways

586

00:22:32,390 --> 00:22:29,679

now of course one of the questions that

587

00:22:35,110 --> 00:22:32,400

arises is if these kinds of sightings

588

00:22:37,110 --> 00:22:35,120

with these kinds of human aliens were so

589

00:22:38,710 --> 00:22:37,120

common in the 20th century

590

00:22:40,549 --> 00:22:38,720

where did they go

591

00:22:43,590 --> 00:22:40,559

why are sightings and interactions with

592

00:22:46,149 --> 00:22:43,600

these others so rare when compared with

593

00:22:48,470 --> 00:22:46,159

say 75 years ago

594

00:22:49,830 --> 00:22:48,480

now of course we should begin by saying

595

00:22:52,310 --> 00:22:49,840

if they don't want to make their

596

00:22:54,630 --> 00:22:52,320

presence known and they are here we

597

00:22:57,590 --> 00:22:54,640

would have no way of really knowing who

598

00:22:59,510 --> 00:22:57,600

they were because they look and act just

599

00:23:01,909 --> 00:22:59,520

like us they apparently have mastered

600

00:23:03,590 --> 00:23:01,919

our language and whatnot and even though

601  
00:23:05,909 --> 00:23:03,600  
some of the historical cases involved

602  
00:23:07,830 --> 00:23:05,919  
them wearing strange clothing and

603  
00:23:09,029 --> 00:23:07,840  
perhaps having mannerisms that didn't

604  
00:23:10,950 --> 00:23:09,039  
quite fit

605  
00:23:12,549 --> 00:23:10,960  
over time they could learn those kind of

606  
00:23:13,909 --> 00:23:12,559  
things to a sufficient degree that they

607  
00:23:16,390 --> 00:23:13,919  
would blend in

608  
00:23:18,390 --> 00:23:16,400  
seamlessly that's one reason why we

609  
00:23:20,630 --> 00:23:18,400  
might not get so many accounts today

610  
00:23:23,510 --> 00:23:20,640  
they may just be living amongst us

611  
00:23:25,909 --> 00:23:23,520  
without us being any the wiser in fact

612  
00:23:27,350 --> 00:23:25,919  
i'm sure that is going on

613  
00:23:28,710 --> 00:23:27,360

but there's something else that comes

614

00:23:30,390 --> 00:23:28,720

into play too

615

00:23:33,110 --> 00:23:30,400

again according to the experience for

616

00:23:35,830 --> 00:23:33,120

literature there were overtures made by

617

00:23:39,190 --> 00:23:35,840

this group to government groups to try

618

00:23:41,669 --> 00:23:39,200

and help provide technology and means to

619

00:23:44,230 --> 00:23:41,679

begin to transform the nature of our

620

00:23:46,870 --> 00:23:44,240

civilization to make it less

621

00:23:49,110 --> 00:23:46,880

damaging to the planet and less divisive

622

00:23:51,190 --> 00:23:49,120

amongst different people groups

623

00:23:52,549 --> 00:23:51,200

now as the narrative goes and again i

624

00:23:53,990 --> 00:23:52,559

think there's actually a fair amount of

625

00:23:56,230 --> 00:23:54,000

evidence for this

626

00:23:58,870 --> 00:23:56,240

these overtures were declined by the

627

00:24:00,789 --> 00:23:58,880

governments of the time maybe perhaps

628

00:24:02,549 --> 00:24:00,799

because these governments didn't believe

629

00:24:05,590 --> 00:24:02,559

that their adversaries for instance the

630

00:24:07,029 --> 00:24:05,600

soviet union would follow suit and this

631

00:24:08,070 --> 00:24:07,039

would give for instance the united

632

00:24:10,630 --> 00:24:08,080

states

633

00:24:13,110 --> 00:24:10,640

a disadvantage comparatively especially

634

00:24:15,029 --> 00:24:13,120

if part of the agreement was involving

635

00:24:16,390 --> 00:24:15,039

disarmament

636

00:24:18,710 --> 00:24:16,400

this would have been in the midst of the

637

00:24:21,350 --> 00:24:18,720

cold war and perhaps the government at

638

00:24:23,669 --> 00:24:21,360

the time thought this was not wise again

639

00:24:25,430 --> 00:24:23,679

many of us would question that decision

640

00:24:26,630 --> 00:24:25,440

but nevertheless that's apparently what

641

00:24:29,110 --> 00:24:26,640

happened

642

00:24:32,070 --> 00:24:29,120

what we also hear is that after being

643

00:24:34,630 --> 00:24:32,080

declined by the governments of the land

644

00:24:36,950 --> 00:24:34,640

opted for more of a grassroots

645

00:24:39,750 --> 00:24:36,960

approach where they interacted with

646

00:24:41,269 --> 00:24:39,760

certain key individuals on an individual

647

00:24:43,590 --> 00:24:41,279

basis and that they are doing this

648

00:24:46,549 --> 00:24:43,600

across the planet in such a way as to

649

00:24:48,710 --> 00:24:46,559

produce a kind of bottom-up ground swell

650

00:24:51,830 --> 00:24:48,720

that could still in the long term

651  
00:24:54,070 --> 00:24:51,840  
transform the civilization

652  
00:24:56,789 --> 00:24:54,080  
okay that accounts for the human-looking

653  
00:24:58,710 --> 00:24:56,799  
ones the human aliens if you will

654  
00:25:01,990 --> 00:24:58,720  
what about the quintessential grey

655  
00:25:04,070 --> 00:25:02,000  
aliens are those all the baddies as some

656  
00:25:06,070 --> 00:25:04,080  
people would like to suggest

657  
00:25:07,510 --> 00:25:06,080  
i would say that's much too narrow a

658  
00:25:09,830 --> 00:25:07,520  
definition

659  
00:25:11,350 --> 00:25:09,840  
i think the grays are quite common and

660  
00:25:14,070 --> 00:25:11,360  
evidence would suggest there are

661  
00:25:15,990 --> 00:25:14,080  
multiple groups here and in fact that's

662  
00:25:17,750 --> 00:25:16,000  
indeed what some of the graves tell

663  
00:25:19,590 --> 00:25:17,760

people is that there are different

664

00:25:20,630 --> 00:25:19,600

groups and that's part of the confusion

665

00:25:22,950 --> 00:25:20,640

is that

666

00:25:25,830 --> 00:25:22,960

human beings see a certain type and then

667

00:25:28,950 --> 00:25:25,840

ascribe a certain group of behaviors to

668

00:25:30,710 --> 00:25:28,960

this group as a totality we know among

669

00:25:33,190 --> 00:25:30,720

some of the racial problems we've had

670

00:25:35,990 --> 00:25:33,200

within our own species that this happens

671

00:25:37,830 --> 00:25:36,000

far too often that stereotypes are

672

00:25:40,470 --> 00:25:37,840

assigned to certain people just because

673

00:25:43,350 --> 00:25:40,480

they look a certain way i think some of

674

00:25:45,990 --> 00:25:43,360

that goes on here as well we see a

675

00:25:48,310 --> 00:25:46,000

general gray alien and then we lump them

676  
00:25:50,630 --> 00:25:48,320  
all together and sometimes even reduce

677  
00:25:53,269 --> 00:25:50,640  
the complexity of the behavior to make

678  
00:25:54,549 --> 00:25:53,279  
this short list of common themes that

679  
00:25:56,630 --> 00:25:54,559  
stand out

680  
00:25:58,950 --> 00:25:56,640  
but i think often this doesn't do

681  
00:26:01,190 --> 00:25:58,960  
justice to the complexity of the

682  
00:26:02,549 --> 00:26:01,200  
experiencer reports and the nature of

683  
00:26:04,870 --> 00:26:02,559  
these beings

684  
00:26:05,990 --> 00:26:04,880  
and in fact it may be even more complex

685  
00:26:07,909 --> 00:26:06,000  
than this

686  
00:26:09,909 --> 00:26:07,919  
it may be that these beings are coming

687  
00:26:12,870 --> 00:26:09,919  
from a different kind of reality and

688  
00:26:15,110 --> 00:26:12,880

when they translate into this reality

689

00:26:17,830 --> 00:26:15,120

this is the form they take this is the

690

00:26:20,470 --> 00:26:17,840

way they look to us anyway almost like

691

00:26:22,310 --> 00:26:20,480

an icon and again we think of donald

692

00:26:24,870 --> 00:26:22,320

hoffman's work and how he talks about

693

00:26:27,430 --> 00:26:24,880

space time itself is actually just an

694

00:26:30,070 --> 00:26:27,440

organization of icons that evolution has

695

00:26:32,390 --> 00:26:30,080

served up for us to see and interact

696

00:26:34,149 --> 00:26:32,400

with when really they don't reflect the

697

00:26:36,390 --> 00:26:34,159

underlying reality

698

00:26:38,470 --> 00:26:36,400

in the same way these grays might not

699

00:26:40,710 --> 00:26:38,480

actually look like this in their true

700

00:26:43,590 --> 00:26:40,720

nature or they may not have a spatial

701  
00:26:45,750 --> 00:26:43,600  
temporal sort of representation at all

702  
00:26:48,950 --> 00:26:45,760  
but when they densify again to use that

703  
00:26:51,269 --> 00:26:48,960  
word creatively into this reality as we

704  
00:26:53,110 --> 00:26:51,279  
perceive it they end up looking like

705  
00:26:55,830 --> 00:26:53,120  
this this might also explain the

706  
00:26:58,070 --> 00:26:55,840  
complexity of behaviors and agendas

707  
00:27:00,149 --> 00:26:58,080  
we've heard reported that really cover

708  
00:27:02,390 --> 00:27:00,159  
the gamut

709  
00:27:05,350 --> 00:27:02,400  
now as complex as is the

710  
00:27:06,549 --> 00:27:05,360  
extraterrestrial slash interdimensional

711  
00:27:08,230 --> 00:27:06,559  
conversation

712  
00:27:10,710 --> 00:27:08,240  
there are additional types that have

713  
00:27:13,350 --> 00:27:10,720

been described and postulated

714

00:27:15,190 --> 00:27:13,360

one is that of an ultra-terrestrial and

715

00:27:17,190 --> 00:27:15,200

hal put off recently published a paper

716

00:27:19,510 --> 00:27:17,200

that he wrote some years ago that

717

00:27:22,149 --> 00:27:19,520

outlines what these may be like and how

718

00:27:24,870 --> 00:27:22,159

we may be interacting with some of these

719

00:27:27,430 --> 00:27:24,880

now what is an ultra-terrestrial

720

00:27:29,830 --> 00:27:27,440

one definition is that of a superior

721

00:27:32,630 --> 00:27:29,840

non-human entity of natural or

722

00:27:35,510 --> 00:27:32,640

supernatural origin that is indigenous

723

00:27:37,590 --> 00:27:35,520

to planet earth here i point out that

724

00:27:40,310 --> 00:27:37,600

they are kind of here and not here or

725

00:27:43,269 --> 00:27:40,320

here plus somewhere else they are often

726

00:27:44,950 --> 00:27:43,279

described as cross domain entities and

727

00:27:47,029 --> 00:27:44,960

this again partly explains some of the

728

00:27:48,950 --> 00:27:47,039

strange behavior we noticed where they

729

00:27:50,310 --> 00:27:48,960

seem to be able to pop in and pop out of

730

00:27:52,950 --> 00:27:50,320

our reality

731

00:27:54,710 --> 00:27:52,960

maybe because they exist here but also

732

00:27:57,990 --> 00:27:54,720

somewhere else

733

00:28:00,549 --> 00:27:58,000

now not only are ufo aliens lumped into

734

00:28:03,430 --> 00:28:00,559

this group but so too are traditional

735

00:28:05,430 --> 00:28:03,440

types like fairies and elves

736

00:28:08,710 --> 00:28:05,440

many paranormal researchers believe

737

00:28:10,549 --> 00:28:08,720

these beings are ultra-terrestrials

738

00:28:13,430 --> 00:28:10,559

now closely associated to this

739

00:28:15,430 --> 00:28:13,440

ultra-terrestrial type are once known as

740

00:28:17,590 --> 00:28:15,440

cryptoterrestrials

741

00:28:19,590 --> 00:28:17,600

as defined by the late researcher and

742

00:28:21,510 --> 00:28:19,600

writer mac tonys

743

00:28:23,669 --> 00:28:21,520

now cryptoterrestrials

744

00:28:25,470 --> 00:28:23,679

lack some of the supernatural aspects

745

00:28:27,510 --> 00:28:25,480

that are sometimes ascribed to

746

00:28:30,070 --> 00:28:27,520

ultra-terrestrials and they aren't

747

00:28:32,549 --> 00:28:30,080

necessarily cross-domain entities in

748

00:28:35,350 --> 00:28:32,559

other words they are beings a sister

749

00:28:38,310 --> 00:28:35,360

humanoid species fully indigenous to the

750

00:28:41,110 --> 00:28:38,320

earth and only existing here but perhaps

751  
00:28:43,510 --> 00:28:41,120  
having certain evolutionary capacities

752  
00:28:46,870 --> 00:28:43,520  
that allow them to hide their presence

753  
00:28:49,029 --> 00:28:46,880  
from us much of the time

754  
00:28:51,269 --> 00:28:49,039  
now earlier we mentioned that beings

755  
00:28:53,990 --> 00:28:51,279  
that are coming across time or across

756  
00:28:55,909 --> 00:28:54,000  
timelines are also known sometimes as a

757  
00:28:57,269 --> 00:28:55,919  
kind of interdimensional

758  
00:28:59,190 --> 00:28:57,279  
but let's give that a little bit more

759  
00:29:01,830 --> 00:28:59,200  
attention right now

760  
00:29:04,230 --> 00:29:01,840  
according to dr michael masters who is

761  
00:29:05,990 --> 00:29:04,240  
an evolutionary anthropologist who knows

762  
00:29:07,750 --> 00:29:06,000  
that of which he speaks

763  
00:29:10,389 --> 00:29:07,760

he believes the evidence suggests that

764

00:29:12,149 --> 00:29:10,399

the grey aliens we're so familiar with

765

00:29:13,669 --> 00:29:12,159

are actually what he calls

766

00:29:16,470 --> 00:29:13,679

extraterrestrials

767

00:29:18,789 --> 00:29:16,480

and very specifically that they are us

768

00:29:20,950 --> 00:29:18,799

from the future they are human beings

769

00:29:23,510 --> 00:29:20,960

who have further evolved to look now

770

00:29:25,990 --> 00:29:23,520

like a gray alien who are coming back in

771

00:29:27,990 --> 00:29:26,000

time according to him perhaps because

772

00:29:29,990 --> 00:29:28,000

they now have an impoverished genetic

773

00:29:32,950 --> 00:29:30,000

pool and they are coming to take some of

774

00:29:35,510 --> 00:29:32,960

our dna to refresh their stock as it

775

00:29:38,149 --> 00:29:35,520

were and this would partly explain some

776  
00:29:40,070 --> 00:29:38,159  
of the strange genetic experiments and

777  
00:29:41,990 --> 00:29:40,080  
even the hybridization programs we are

778  
00:29:43,990 --> 00:29:42,000  
seeing

779  
00:29:46,230 --> 00:29:44,000  
as a quick aside by the way while we're

780  
00:29:48,350 --> 00:29:46,240  
on this topic i should point out that

781  
00:29:50,630 --> 00:29:48,360  
one of the narratives around one of the

782  
00:29:52,710 --> 00:29:50,640  
extraterrestrial groups that are here

783  
00:29:54,789 --> 00:29:52,720  
that are not purely benign in their

784  
00:29:56,230 --> 00:29:54,799  
intentions toward us but are also not

785  
00:29:59,029 --> 00:29:56,240  
malevolent

786  
00:30:00,950 --> 00:29:59,039  
is that they too are here to try to

787  
00:30:03,190 --> 00:30:00,960  
refresh their stock that they are now

788  
00:30:05,430 --> 00:30:03,200

diseased and that they have certain

789

00:30:07,909 --> 00:30:05,440

compatibilities with human beings

790

00:30:10,149 --> 00:30:07,919

specifically certain human beings and

791

00:30:12,549 --> 00:30:10,159

therefore that certain bloodlines have

792

00:30:14,950 --> 00:30:12,559

been targeted for experimentation

793

00:30:17,669 --> 00:30:14,960

hybridization programs for the taking of

794

00:30:20,549 --> 00:30:17,679

fetuses and sperm and eggs and whatnot

795

00:30:22,389 --> 00:30:20,559

in order to address this malady in their

796

00:30:24,470 --> 00:30:22,399

own genetic stock

797

00:30:27,110 --> 00:30:24,480

so we have this common narrative arising

798

00:30:29,590 --> 00:30:27,120

both amongst the extraterrestrials

799

00:30:32,149 --> 00:30:29,600

and the extraterrestrials at least some

800

00:30:33,669 --> 00:30:32,159

of them and by the way i think it's also

801  
00:30:35,990 --> 00:30:33,679  
important to point out right here that

802  
00:30:38,149 --> 00:30:36,000  
these are not truly malevolent

803  
00:30:40,549 --> 00:30:38,159  
intentions they actually are trying to

804  
00:30:43,350 --> 00:30:40,559  
save their own species and are doing so

805  
00:30:47,110 --> 00:30:43,360  
perhaps through less than above board

806  
00:30:49,909 --> 00:30:47,120  
means by abducting i.e kidnapping human

807  
00:30:51,430 --> 00:30:49,919  
beings in order to take genetic material

808  
00:30:54,710 --> 00:30:51,440  
but my point is just to say that they're

809  
00:30:56,870 --> 00:30:54,720  
not demonic or evil in that sense and

810  
00:30:58,710 --> 00:30:56,880  
some people even report being healed by

811  
00:31:01,269 --> 00:30:58,720  
these beings and whatnot and some even

812  
00:31:03,590 --> 00:31:01,279  
develop a kind of relationship but it is

813  
00:31:05,669 --> 00:31:03,600

a complex situation and it is certainly

814

00:31:07,590 --> 00:31:05,679

not purely benevolent as we would

815

00:31:09,830 --> 00:31:07,600

imagine it although again there are

816

00:31:11,909 --> 00:31:09,840

other groups even other groups of graves

817

00:31:14,230 --> 00:31:11,919

who people do report having those kinds

818

00:31:16,470 --> 00:31:14,240

of relationships with again it is a

819

00:31:18,630 --> 00:31:16,480

complex tapestry and we do it a

820

00:31:22,070 --> 00:31:18,640

disservice when we try to reduce it just

821

00:31:27,110 --> 00:31:24,630

the complexity we've thus far outlined

822

00:31:28,950 --> 00:31:27,120

only gets more complex from here

823

00:31:31,909 --> 00:31:28,960

because we also have to add in the group

824

00:31:34,149 --> 00:31:31,919

known as the celestials or by some as

825

00:31:35,669 --> 00:31:34,159

the extra dimensionals

826

00:31:38,230 --> 00:31:35,679

now here we should first of all

827

00:31:41,669 --> 00:31:38,240

distinguish between celestials slash

828

00:31:44,230 --> 00:31:41,679

extra dimensionals and post biologicals

829

00:31:46,389 --> 00:31:44,240

for instance even the zetas from

830

00:31:49,269 --> 00:31:46,399

apparently the zetas reticuli system

831

00:31:51,430 --> 00:31:49,279

which are originally extraterrestrials

832

00:31:52,870 --> 00:31:51,440

some of them reportedly are now post

833

00:31:55,110 --> 00:31:52,880

biological

834

00:31:57,830 --> 00:31:55,120

but this does not make them celestials

835

00:32:00,389 --> 00:31:57,840

as this category is often considered

836

00:32:01,750 --> 00:32:00,399

celestials or extra dimensionals are

837

00:32:03,909 --> 00:32:01,760

just that

838

00:32:06,470 --> 00:32:03,919

beings that are outside space and time

839

00:32:08,870 --> 00:32:06,480

altogether and we're never part of that

840

00:32:11,750 --> 00:32:08,880

construct so they're not merely post

841

00:32:14,470 --> 00:32:11,760

biological they are trans biological

842

00:32:17,029 --> 00:32:14,480

altogether these are the celestials or

843

00:32:19,269 --> 00:32:17,039

extra dimensionals and a good example of

844

00:32:22,230 --> 00:32:19,279

this would be the beings of light that

845

00:32:23,590 --> 00:32:22,240

dorothy iset famously encountered which

846

00:32:27,350 --> 00:32:23,600

you can learn more about if you're

847

00:32:29,509 --> 00:32:27,360

interested in episodes 34 and 35 which

848

00:32:31,269 --> 00:32:29,519

was dedicated specifically to her

849

00:32:33,830 --> 00:32:31,279

encounters

850

00:32:36,310 --> 00:32:33,840

now common notions of angels and demons

851  
00:32:38,549 --> 00:32:36,320  
also apply in this celestial slash

852  
00:32:40,310 --> 00:32:38,559  
extra-dimensional category

853  
00:32:43,110 --> 00:32:40,320  
although please note here i'm referring

854  
00:32:45,990 --> 00:32:43,120  
to the beings themselves not necessarily

855  
00:32:47,669 --> 00:32:46,000  
the dogma often attached to them

856  
00:32:49,990 --> 00:32:47,679  
and speaking of that of course we would

857  
00:32:53,350 --> 00:32:50,000  
do well to remember that here the notion

858  
00:32:56,230 --> 00:32:53,360  
of angels and demons is predated by the

859  
00:32:58,950 --> 00:32:56,240  
notion of demons lest we believe it is

860  
00:33:01,830 --> 00:32:58,960  
somehow unfair or inconsistent to

861  
00:33:03,509 --> 00:33:01,840  
acknowledge such entities exist while

862  
00:33:05,830 --> 00:33:03,519  
not necessarily adopting certain

863  
00:33:09,190 --> 00:33:05,840

religious perspectives about them from

864

00:33:12,230 --> 00:33:09,200

any one particular religious tradition

865

00:33:14,389 --> 00:33:12,240

now thus far i pointed out how complex

866

00:33:16,870 --> 00:33:14,399

it is to make sense of not only

867

00:33:19,669 --> 00:33:16,880

different entities and different entity

868

00:33:21,830 --> 00:33:19,679

groups but even different origin sources

869

00:33:23,990 --> 00:33:21,840

for different entity groups

870

00:33:26,070 --> 00:33:24,000

but i think it gets even more complex

871

00:33:28,070 --> 00:33:26,080

and interesting from there

872

00:33:30,230 --> 00:33:28,080

because just as important as the

873

00:33:32,230 --> 00:33:30,240

question of who these others are and

874

00:33:33,110 --> 00:33:32,240

where they're coming from their origins

875

00:33:35,590 --> 00:33:33,120

i.e

876

00:33:38,470 --> 00:33:35,600

is the question of who we truly are and

877

00:33:40,070 --> 00:33:38,480

what our origins truly are

878

00:33:41,830 --> 00:33:40,080

and to this point i would point out a

879

00:33:43,350 --> 00:33:41,840

couple key elements

880

00:33:45,830 --> 00:33:43,360

number one

881

00:33:48,230 --> 00:33:45,840

the fact that humanoid and human beings

882

00:33:50,789 --> 00:33:48,240

are so often encountered as part of the

883

00:33:52,549 --> 00:33:50,799

experience for literature suggests that

884

00:33:55,190 --> 00:33:52,559

contrary to what mainstream science

885

00:33:56,549 --> 00:33:55,200

would have us believe we did not arise

886

00:33:58,950 --> 00:33:56,559

on this planet merely through the

887

00:34:01,190 --> 00:33:58,960

process of evolution originating from

888

00:34:02,950 --> 00:34:01,200

single cell microbial life as the

889

00:34:04,870 --> 00:34:02,960

standard story goes

890

00:34:07,350 --> 00:34:04,880

but that perhaps we are the result of a

891

00:34:09,669 --> 00:34:07,360

vast cosmic seeding program that

892

00:34:11,510 --> 00:34:09,679

happened in the distant past

893

00:34:14,869 --> 00:34:11,520

and suggestions are that we may have

894

00:34:17,190 --> 00:34:14,879

been tinkered with enhanced if you will

895

00:34:20,310 --> 00:34:17,200

numerous times since then including

896

00:34:22,470 --> 00:34:20,320

around 70 000 years ago when there seems

897

00:34:23,990 --> 00:34:22,480

to have been distinct cognitive boost

898

00:34:25,750 --> 00:34:24,000

given to us

899

00:34:27,909 --> 00:34:25,760

gary nolan is currently conducting

900

00:34:29,829 --> 00:34:27,919

fascinating and groundbreaking research

901  
00:34:32,069 --> 00:34:29,839  
to see if we can define

902  
00:34:34,389 --> 00:34:32,079  
certain biological markers that show

903  
00:34:36,790 --> 00:34:34,399  
signs of a kind of physiology

904  
00:34:38,790 --> 00:34:36,800  
unique to experiencers

905  
00:34:41,829 --> 00:34:38,800  
if so these signs may point to the

906  
00:34:43,430 --> 00:34:41,839  
latest in evolutionary trends there is

907  
00:34:45,589 --> 00:34:43,440  
also mounting evidence that

908  
00:34:48,550 --> 00:34:45,599  
neurodivergent people are also more

909  
00:34:50,550 --> 00:34:48,560  
prone or gifted you might say in

910  
00:34:53,349 --> 00:34:50,560  
perceiving and interacting with these

911  
00:34:55,510 --> 00:34:53,359  
expanded elements of reality and of

912  
00:34:57,670 --> 00:34:55,520  
course here when i talk about evolution

913  
00:34:59,270 --> 00:34:57,680

we also mean a kind of engineered

914

00:35:01,750 --> 00:34:59,280

evolution

915

00:35:03,589 --> 00:35:01,760

by the way a common claim of those who

916

00:35:06,470 --> 00:35:03,599

reject the notion that aliens would

917

00:35:08,630 --> 00:35:06,480

follow a moral trajectory similar to our

918

00:35:10,310 --> 00:35:08,640

own is that they share none of our

919

00:35:12,710 --> 00:35:10,320

genetic history

920

00:35:14,870 --> 00:35:12,720

but of course if a humanoid human

921

00:35:17,430 --> 00:35:14,880

seeding program took place in a distant

922

00:35:19,990 --> 00:35:17,440

past that would make some of them are

923

00:35:23,589 --> 00:35:20,000

cousins which would mean that moral

924

00:35:25,270 --> 00:35:23,599

equivalence would not be so outrageous

925

00:35:27,910 --> 00:35:25,280

even amongst groups that look quite

926

00:35:29,829 --> 00:35:27,920

different from us such as the greys

927

00:35:31,109 --> 00:35:29,839

although if you pay close attention even

928

00:35:34,230 --> 00:35:31,119

there yet there are remarkable

929

00:35:35,430 --> 00:35:34,240

similarities by penalism humanoid form

930

00:35:37,349 --> 00:35:35,440

etc

931

00:35:39,990 --> 00:35:37,359

a common theme amongst experiential

932

00:35:43,190 --> 00:35:40,000

literature is that beings can incarnate

933

00:35:46,069 --> 00:35:43,200

into one of numerous forms including the

934

00:35:49,270 --> 00:35:46,079

stereotypical human homo sapien sapien

935

00:35:52,069 --> 00:35:49,280

form and the gray form which again

936

00:35:54,069 --> 00:35:52,079

suggests a consciousness that overlays

937

00:35:56,470 --> 00:35:54,079

both of these different kinds of groups

938

00:35:59,589 --> 00:35:56,480

which would suggest a similar trajectory

939

00:36:01,990 --> 00:35:59,599

in terms of moral development

940

00:36:05,030 --> 00:36:02,000

secondly this ability to communicate via

941

00:36:07,030 --> 00:36:05,040

telepathy mind to mind communication and

942

00:36:08,470 --> 00:36:07,040

even for astounding feats such as

943

00:36:10,790 --> 00:36:08,480

telekinesis

944

00:36:13,829 --> 00:36:10,800

impacting physical reality in measurable

945

00:36:16,310 --> 00:36:13,839

ways through mental intention alone

946

00:36:17,430 --> 00:36:16,320

is something innate to all sentient

947

00:36:19,349 --> 00:36:17,440

beings

948

00:36:21,190 --> 00:36:19,359

some are just further along than others

949

00:36:23,030 --> 00:36:21,200

in these capacities

950

00:36:25,510 --> 00:36:23,040

again this is telling us something about

951  
00:36:26,790 --> 00:36:25,520  
the nature of ultimate reality itself i

952  
00:36:32,069 --> 00:36:26,800  
would suggest

953  
00:36:34,710 --> 00:36:32,079  
is therefore the bedrock that underlies

954  
00:36:37,030 --> 00:36:34,720  
physical reality and this is precisely

955  
00:36:40,150 --> 00:36:37,040  
why matter bends to the will of

956  
00:36:43,190 --> 00:36:40,160  
conscious agents once this capacity has

957  
00:36:47,510 --> 00:36:44,950  
now speaking of this notion that

958  
00:36:49,589 --> 00:36:47,520  
space-time may actually be a derivative

959  
00:36:52,069 --> 00:36:49,599  
of something more primary like

960  
00:36:54,390 --> 00:36:52,079  
consciousness here we should note that

961  
00:36:57,349 --> 00:36:54,400  
the notion that space-time is doomed

962  
00:36:59,349 --> 00:36:57,359  
is not my wishful thinking just as a way

963  
00:37:01,030 --> 00:36:59,359

to imagine a scenario where the

964

00:37:03,430 --> 00:37:01,040

phenomena we're seeing with the ufo

965

00:37:05,589 --> 00:37:03,440

phenomenon paranormality and psi

966

00:37:08,230 --> 00:37:05,599

phenomena could be real

967

00:37:10,470 --> 00:37:08,240

but rather that cutting-edge physicists

968

00:37:13,589 --> 00:37:10,480

such as ed whitton and nima arkhani

969

00:37:16,550 --> 00:37:13,599

hamed are telling us this is the case

970

00:37:18,550 --> 00:37:16,560

they're saying space-time is doomed

971

00:37:21,910 --> 00:37:18,560

and their conclusions have nothing to do

972

00:37:23,910 --> 00:37:21,920

with ufos aliens and paranormality

973

00:37:26,790 --> 00:37:23,920

they're seeing this as being evidenced

974

00:37:27,510 --> 00:37:26,800

based on what physics itself is telling

975

00:37:29,910 --> 00:37:27,520

them

976  
00:37:32,870 --> 00:37:29,920  
and to be clear when they say space time

977  
00:37:34,790 --> 00:37:32,880  
is doomed what they mean is evidence is

978  
00:37:37,910 --> 00:37:34,800  
suggesting there is a deeper level of

979  
00:37:40,550 --> 00:37:37,920  
reality beyond space time out of which

980  
00:37:42,790 --> 00:37:40,560  
space time emerges as a kind of

981  
00:37:44,550 --> 00:37:42,800  
projection

982  
00:37:47,589 --> 00:37:44,560  
now we already made the point that even

983  
00:37:49,589 --> 00:37:47,599  
if space time is fundamental is real

984  
00:37:51,829 --> 00:37:49,599  
that these different alien groups could

985  
00:37:53,030 --> 00:37:51,839  
still utilize structures such as

986  
00:37:55,589 --> 00:37:53,040  
wormholes

987  
00:37:58,550 --> 00:37:55,599  
to traverse the immense distances within

988  
00:38:01,430 --> 00:37:58,560

the cosmos and in fact according to eric

989

00:38:03,750 --> 00:38:01,440

davis's and jacques villa's paper titled

990

00:38:06,230 --> 00:38:03,760

income insurability orthodoxy and the

991

00:38:08,710 --> 00:38:06,240

physics of high strangeness a six-layer

992

00:38:10,710 --> 00:38:08,720

model for anomalous phenomena which i

993

00:38:12,470 --> 00:38:10,720

discussed by the way in detail in

994

00:38:14,950 --> 00:38:12,480

episode 59

995

00:38:16,710 --> 00:38:14,960

a wormhole could be a portal for any

996

00:38:18,589 --> 00:38:16,720

number of types of groups that we've

997

00:38:21,589 --> 00:38:18,599

discussed today including

998

00:38:23,270 --> 00:38:21,599

extraterrestrials interdimensionals and

999

00:38:25,270 --> 00:38:23,280

time travelers

1000

00:38:27,190 --> 00:38:25,280

but beyond that what i'm saying here in

1001  
00:38:29,030 --> 00:38:27,200  
terms of the latest cutting-edge

1002  
00:38:31,589 --> 00:38:29,040  
findings in physics

1003  
00:38:33,750 --> 00:38:31,599  
if space-time is not fundamental then

1004  
00:38:35,990 --> 00:38:33,760  
these others wouldn't even need

1005  
00:38:39,270 --> 00:38:36,000  
wormholes they could manipulate the

1006  
00:38:41,430 --> 00:38:39,280  
projection that is space-time directly

1007  
00:38:43,910 --> 00:38:41,440  
and that pretty much opens up all

1008  
00:38:45,589 --> 00:38:43,920  
possibilities and would explain a lot of

1009  
00:38:49,190 --> 00:38:45,599  
what we're seeing with the ufo

1010  
00:38:50,550 --> 00:38:49,200  
phenomenon general paranormality and psi

1011  
00:38:52,950 --> 00:38:50,560  
phenomena

1012  
00:38:56,069 --> 00:38:52,960  
all of which seem to violate the common

1013  
00:38:58,630 --> 00:38:56,079

sense rules of the space time construct

1014

00:39:02,390 --> 00:39:00,390

and now i'd like to leave you with a few

1015

00:39:03,990 --> 00:39:02,400

concluding points

1016

00:39:06,390 --> 00:39:04,000

you may have noticed that drawing

1017

00:39:09,190 --> 00:39:06,400

conclusions about the nature of the who

1018

00:39:11,510 --> 00:39:09,200

and the how of the ufo phenomenon

1019

00:39:14,310 --> 00:39:11,520

very much depends on the trustworthiness

1020

00:39:16,790 --> 00:39:14,320

of our contemporary model of reality

1021

00:39:19,430 --> 00:39:16,800

which i have stated is at the very least

1022

00:39:21,670 --> 00:39:19,440

woefully insufficient and perhaps even

1023

00:39:23,510 --> 00:39:21,680

largely misleading

1024

00:39:26,069 --> 00:39:23,520

that said i still think this is very

1025

00:39:29,030 --> 00:39:26,079

much a worthwhile endeavor and that by

1026  
00:39:31,829 --> 00:39:29,040  
probing the outliers in our data sets we

1027  
00:39:33,750 --> 00:39:31,839  
end up stumbling across new ideas not

1028  
00:39:35,910 --> 00:39:33,760  
just about the nature of these others in

1029  
00:39:38,870 --> 00:39:35,920  
our midst but also regarding the

1030  
00:39:41,270 --> 00:39:38,880  
ultimate nature of all that is

1031  
00:39:44,310 --> 00:39:41,280  
and this gives birth to new models that

1032  
00:39:46,870 --> 00:39:44,320  
we end up adopting until they too start

1033  
00:39:49,109 --> 00:39:46,880  
producing outliers that hint at an even

1034  
00:39:51,349 --> 00:39:49,119  
deeper level yet

1035  
00:39:52,790 --> 00:39:51,359  
notice here that the analogy of an onion

1036  
00:39:54,470 --> 00:39:52,800  
comes to mind

1037  
00:39:56,710 --> 00:39:54,480  
it's not so much that our models are

1038  
00:39:59,109 --> 00:39:56,720

wrong as that they are incomplete

1039

00:40:01,349 --> 00:39:59,119

partial and only true within certain

1040

00:40:03,430 --> 00:40:01,359

constraints or parameters

1041

00:40:06,390 --> 00:40:03,440

to be clear this may very well speak to

1042

00:40:09,270 --> 00:40:06,400

the nature of reality itself that it too

1043

00:40:12,069 --> 00:40:09,280

is more like an organism less mechanical

1044

00:40:14,950 --> 00:40:12,079

than often imagined and operating not

1045

00:40:18,069 --> 00:40:14,960

under the constraints of laws but rather

1046

00:40:21,910 --> 00:40:18,079

of habits habits that also evolve over

1047

00:40:23,910 --> 00:40:21,920

time as rupert sheldrake has suggested

1048

00:40:26,550 --> 00:40:23,920

and of course we are part and parcel

1049

00:40:28,950 --> 00:40:26,560

within that we too are part of the very

1050

00:40:31,670 --> 00:40:28,960

stuff we're trying to understand

1051  
00:40:34,870 --> 00:40:31,680  
and by studying it probing it exploring

1052  
00:40:36,550 --> 00:40:34,880  
it we are likely expanding it in other

1053  
00:40:39,109 --> 00:40:36,560  
words we are not merely passive

1054  
00:40:41,109 --> 00:40:39,119  
observers this was one of the main

1055  
00:40:43,829 --> 00:40:41,119  
revelations arising out of quantum

1056  
00:40:44,950 --> 00:40:43,839  
experiments that happened 100 years ago

1057  
00:40:47,349 --> 00:40:44,960  
now

1058  
00:40:49,670 --> 00:40:47,359  
while some grow frustrated by this lack

1059  
00:40:52,390 --> 00:40:49,680  
of certainty and stasis

1060  
00:40:54,950 --> 00:40:52,400  
i tend to take a very different approach

1061  
00:40:57,030 --> 00:40:54,960  
my attitude is one of excitement because

1062  
00:40:59,190 --> 00:40:57,040  
what this guarantees is that the

1063  
00:41:01,589 --> 00:40:59,200

adventure never ends

1064

00:41:03,670 --> 00:41:01,599

and that by embarking on an exploration

1065

00:41:05,670 --> 00:41:03,680

into what ultimately is

1066

00:41:08,870 --> 00:41:05,680

we may in fact be seating the very

1067

00:41:11,030 --> 00:41:08,880

expansion we are attempting to chart out

1068

00:41:13,829 --> 00:41:11,040

and in this sense we are an extension of

1069

00:41:17,190 --> 00:41:13,839

the conscious cosmos itself which

1070

00:41:18,710 --> 00:41:17,200

progresses in part by seeking to explore

1071

00:41:21,190 --> 00:41:18,720

and understand

1072

00:41:23,670 --> 00:41:21,200

itself

1073

00:41:25,670 --> 00:41:23,680

and on that note we've come to the close

1074

00:41:27,990 --> 00:41:25,680

of another edition of the point of
