

1
00:00:07,110 --> 00:00:05,440
[Music]

2
00:00:13,390 --> 00:00:07,120
[Laughter]

3
00:00:13,400 --> 00:00:22,029
[Music]

4
00:00:26,870 --> 00:00:25,250
welcome back to liminal frames I'm your

5
00:00:28,370 --> 00:00:26,880
host Nathan and I'm joined by my friend

6
00:00:31,910 --> 00:00:28,380
and co-host

7
00:00:35,450 --> 00:00:31,920
Darren EXO academian Darren we buy my

8
00:00:37,490 --> 00:00:35,460
math here we just finished about a

9
00:00:38,450 --> 00:00:37,500
podcast worth of content before we hit

10
00:00:41,990 --> 00:00:38,460
record

11
00:00:43,670 --> 00:00:42,000
uh and so we're about to do uh the

12
00:00:45,650 --> 00:00:43,680
actual show but for folks that are

13
00:00:49,310 --> 00:00:45,660

listening we just want you to know that

14

00:00:51,590 --> 00:00:49,320

before we hit record we uh do meet and

15

00:00:53,209 --> 00:00:51,600

and talk and kind of get into quite a

16

00:00:55,729 --> 00:00:53,219

bit of conversation before we really

17

00:00:57,590 --> 00:00:55,739

officially get started

18

00:00:59,330 --> 00:00:57,600

um and that conversation is not just

19

00:01:01,430 --> 00:00:59,340

catching up but

20

00:01:04,549 --> 00:01:01,440

trying to cover some of the ground that

21

00:01:05,149 --> 00:01:04,559

we hope to cover in the episode

22

00:01:07,490 --> 00:01:05,159

um

23

00:01:09,770 --> 00:01:07,500

and explore some content that we won't

24

00:01:11,690 --> 00:01:09,780

and maybe explore later in future shows

25

00:01:13,429 --> 00:01:11,700

so Darren it's always good to catch up

26

00:01:16,130 --> 00:01:13,439

with you and I'm looking forward to this

27

00:01:17,750 --> 00:01:16,140

uh to the show our 19th episode indeed

28

00:01:19,010 --> 00:01:17,760

19 it's uh they're following along

29

00:01:19,730 --> 00:01:19,020

pretty quickly

30

00:01:21,890 --> 00:01:19,740

um

31

00:01:23,870 --> 00:01:21,900

yeah you know it's interesting because

32

00:01:26,870 --> 00:01:23,880

we're going to cover some material

33

00:01:29,510 --> 00:01:26,880

tonight that is fairly popular in

34

00:01:31,550 --> 00:01:29,520

ufology right now but I think one thing

35

00:01:33,770 --> 00:01:31,560

we do on this show we try to do anyway

36

00:01:37,429 --> 00:01:33,780

uh we'll let the audience decide how

37

00:01:38,870 --> 00:01:37,439

well we do it but we try to bring sort

38

00:01:40,609 --> 00:01:38,880

of a deeper perspective a broader

39

00:01:43,010 --> 00:01:40,619

perspective if we ask the questions

40

00:01:45,410 --> 00:01:43,020

behind the questions you know we look at

41

00:01:47,590 --> 00:01:45,420

some of the assumptions behind some of

42

00:01:50,450 --> 00:01:47,600

the hypotheses that are put out there

43

00:01:52,429 --> 00:01:50,460

when there are sometimes like a fill in

44

00:01:55,190 --> 00:01:52,439

the blanks kind of scenario with ufology

45

00:01:58,069 --> 00:01:55,200

like for instance right now why is this

46

00:01:59,450 --> 00:01:58,079

report taking so long you know what are

47

00:02:01,850 --> 00:01:59,460

the secrets that are being hidden you

48

00:02:05,209 --> 00:02:01,860

know people have various assumptions

49

00:02:07,310 --> 00:02:05,219

that are fueling the options that come

50

00:02:08,630 --> 00:02:07,320

to mind for them and that's for me

51
00:02:10,729 --> 00:02:08,640
anyway it's more interesting to look at

52
00:02:11,990 --> 00:02:10,739
those assumptions sometimes than it is

53
00:02:14,210 --> 00:02:12,000
the uh the multiple choice questions

54
00:02:16,910 --> 00:02:14,220
that they come up with

55
00:02:18,949 --> 00:02:16,920
mm-hmm well and just like the name of

56
00:02:21,710 --> 00:02:18,959
our show liminal frames we tend to kind

57
00:02:24,770 --> 00:02:21,720
of thrive in these in between states uh

58
00:02:27,530 --> 00:02:24,780
we're okay with uh I think holding some

59
00:02:30,110 --> 00:02:27,540
of this ambiguity uh together as much as

60
00:02:31,850 --> 00:02:30,120
possible and um

61
00:02:33,770 --> 00:02:31,860
sitting with that it's important to sit

62
00:02:37,130 --> 00:02:33,780
with that and in some instances be

63
00:02:39,890 --> 00:02:37,140

uncomfortable with not knowing and being

64

00:02:42,229 --> 00:02:39,900

in between a state of uh of ignorance

65

00:02:44,809 --> 00:02:42,239

and and knowledge

66

00:02:46,369 --> 00:02:44,819

um and so uh you know that being said

67

00:02:48,830 --> 00:02:46,379

let's jump into this tonight I know you

68

00:02:50,150 --> 00:02:48,840

already alluded to it to some degree and

69

00:02:52,970 --> 00:02:50,160

this is some territory that we've

70

00:02:55,250 --> 00:02:52,980

covered a little bit before but uh I

71

00:02:58,869 --> 00:02:55,260

think it's well worth treading again and

72

00:03:03,589 --> 00:03:01,729

and potentially negative reasons why

73

00:03:06,350 --> 00:03:03,599

we're not having disclosure or some of

74

00:03:07,790 --> 00:03:06,360

the negative aspects uh related to the

75

00:03:10,070 --> 00:03:07,800

UFO phenomena

76

00:03:12,830 --> 00:03:10,080

that may have kept Folks up at night

77

00:03:15,350 --> 00:03:12,840

there's certainly lots of anecdotes that

78

00:03:18,170 --> 00:03:15,360

we've heard uh the word somber of course

79

00:03:20,990 --> 00:03:18,180

is the more recent but Jimmy Carter and

80

00:03:23,149 --> 00:03:21,000

his you know crying episode comes to

81

00:03:25,809 --> 00:03:23,159

mind as well the point is there's a lot

82

00:03:30,470 --> 00:03:25,819

of deeply troubling things potentially

83

00:03:32,869 --> 00:03:30,480

uh related to disclosure and just like

84

00:03:34,670 --> 00:03:32,879

you would expect us to do we're

85

00:03:38,270 --> 00:03:34,680

certainly going to point out that

86

00:03:40,309 --> 00:03:38,280

how troubling it may be is a function of

87

00:03:43,149 --> 00:03:40,319

who that person and who those groups

88

00:03:46,250 --> 00:03:43,159

happen to be but nevertheless I think

89

00:03:47,750 --> 00:03:46,260

you know ontologically destabilizing is

90

00:03:50,149 --> 00:03:47,760

a different way of putting it and is

91

00:03:53,030 --> 00:03:50,159

certainly true so Darren where would you

92

00:03:57,170 --> 00:03:53,040

like to start I know we had a recent uh

93

00:04:01,009 --> 00:03:57,180

you know show from Thomas Thompson who

94

00:04:03,110 --> 00:04:01,019

put out on his podcast an episode that

95

00:04:06,470 --> 00:04:03,120

he was relaying from

96

00:04:09,130 --> 00:04:06,480

like it was like a family friend uh or a

97

00:04:12,710 --> 00:04:09,140

family connection through a girlfriend

98

00:04:14,869 --> 00:04:12,720

and uh of an episode where they had uh

99

00:04:17,210 --> 00:04:14,879

stumbled across like I guess an alien

100

00:04:19,969 --> 00:04:17,220

being at an Air Force Base somewhere in

101
00:04:22,550 --> 00:04:19,979
Michigan and that individual had relayed

102
00:04:25,249 --> 00:04:22,560
this encounter to a member of their

103
00:04:26,749 --> 00:04:25,259
family and that family member was the

104
00:04:29,210 --> 00:04:26,759
person telling the story and they were

105
00:04:31,850 --> 00:04:29,220
basically hinting that maybe the fact

106
00:04:33,050 --> 00:04:31,860
that they had shared this knowledge uh

107
00:04:35,270 --> 00:04:33,060
and potentially had gotten that

108
00:04:38,930 --> 00:04:35,280
individual killed and it wasn't just the

109
00:04:40,670 --> 00:04:38,940
knowledge of this being that ended their

110
00:04:43,249 --> 00:04:40,680
lives or maybe got them in the

111
00:04:45,050 --> 00:04:43,259
crosshairs of some government agency but

112
00:04:47,749 --> 00:04:45,060
it was something else that couldn't even

113
00:04:48,950 --> 00:04:47,759

be articulated and maybe we can spend a

114

00:04:50,330 --> 00:04:48,960

little bit of time thinking about what

115

00:04:52,670 --> 00:04:50,340

that might be

116

00:04:54,710 --> 00:04:52,680

and whether or not it is something that

117

00:04:57,290 --> 00:04:54,720

we would

118

00:04:58,730 --> 00:04:57,300

be deeply troubled by right and one

119

00:04:59,570 --> 00:04:58,740

thing I would point out to people right

120

00:05:02,749 --> 00:04:59,580

away

121

00:05:04,129 --> 00:05:02,759

um is that I like to ask people to go

122

00:05:06,110 --> 00:05:04,139

through this spiritual exercise

123

00:05:07,249 --> 00:05:06,120

sometimes or energetic exercise you

124

00:05:09,050 --> 00:05:07,259

could call it

125

00:05:11,510 --> 00:05:09,060

and rather than using our rational

126

00:05:14,270 --> 00:05:11,520

brains and sort of creating pros and

127

00:05:15,830 --> 00:05:14,280

cons lists like we're prone to do like

128

00:05:18,050 --> 00:05:15,840

say if you're thinking about moving to

129

00:05:22,010 --> 00:05:18,060

St Louis or Melbourne or wherever you

130

00:05:23,330 --> 00:05:22,020

know Tokyo and you start you're not

131

00:05:25,010 --> 00:05:23,340

really in touch with how you really feel

132

00:05:27,230 --> 00:05:25,020

about it so you break out a list and you

133

00:05:28,909 --> 00:05:27,240

start going you know well Pro you know

134

00:05:31,370 --> 00:05:28,919

there's lots of nice restaurants you

135

00:05:32,450 --> 00:05:31,380

know you know Khan I don't speak the

136

00:05:34,310 --> 00:05:32,460

language very well right things like

137

00:05:35,570 --> 00:05:34,320

this you go back and forth

138

00:05:38,570 --> 00:05:35,580

but

139

00:05:40,310 --> 00:05:38,580

what is sometimes more useful is to

140

00:05:42,110 --> 00:05:40,320

suddenly have someone sort of like set

141

00:05:43,310 --> 00:05:42,120

up a scenario for you you're three

142

00:05:44,689 --> 00:05:43,320

months in you're sitting in your

143

00:05:46,550 --> 00:05:44,699

apartment in Tokyo on top of the

144

00:05:48,710 --> 00:05:46,560

skyscraper how do you feel

145

00:05:50,330 --> 00:05:48,720

and sometimes in that moment we can tune

146

00:05:52,850 --> 00:05:50,340

into something in our gut something

147

00:05:55,370 --> 00:05:52,860

Central to who we are that's

148

00:05:57,110 --> 00:05:55,380

trans-rational and we'll know we'll

149

00:05:59,330 --> 00:05:57,120

either we'll have a good feeling or a

150

00:06:01,310 --> 00:05:59,340

negative feeling now after the fact we

151
00:06:03,650 --> 00:06:01,320
sometimes try to attach pros and cons to

152
00:06:05,990 --> 00:06:03,660
that but that initial Vibe is very

153
00:06:07,730 --> 00:06:06,000
telling and there's even been uh

154
00:06:09,710 --> 00:06:07,740
research done on this where sometimes we

155
00:06:12,350 --> 00:06:09,720
convince ourselves we make decisions

156
00:06:14,749 --> 00:06:12,360
based on rational you know yay or nay

157
00:06:16,670 --> 00:06:14,759
kind of points right but really what

158
00:06:18,290 --> 00:06:16,680
often happens more so and they see this

159
00:06:21,650 --> 00:06:18,300
in like different resonance in different

160
00:06:23,570 --> 00:06:21,660
parts of the body that you see signs

161
00:06:26,150 --> 00:06:23,580
that the decisions been made then after

162
00:06:28,249 --> 00:06:26,160
the fact like a millisecond later we

163
00:06:30,290 --> 00:06:28,259

start cognitively going because that's

164

00:06:32,450 --> 00:06:30,300

good and that's good in other words we

165

00:06:34,610 --> 00:06:32,460

justify it after the fact but we've made

166

00:06:36,650 --> 00:06:34,620

that gut decision already or we're we're

167

00:06:37,670 --> 00:06:36,660

in tune with it almost outside of time

168

00:06:40,490 --> 00:06:37,680

really

169

00:06:42,830 --> 00:06:40,500

so I set all that up to to bring up our

170

00:06:44,510 --> 00:06:42,840

scenario here where when you hear these

171

00:06:46,010 --> 00:06:44,520

stories right that don't have the end

172

00:06:50,029 --> 00:06:46,020

right they kind of just set it up and

173

00:06:52,370 --> 00:06:50,039

say what could that be right then notice

174

00:06:54,469 --> 00:06:52,380

the response in yourself notice where

175

00:06:55,969 --> 00:06:54,479

you go right and that'll tell you as

176

00:06:58,070 --> 00:06:55,979

much about yourself or more about

177

00:06:59,570 --> 00:06:58,080

yourself often than what the actual

178

00:07:02,210 --> 00:06:59,580

matter that you're considering is and

179

00:07:03,409 --> 00:07:02,220

that's can be a very useful exercise to

180

00:07:04,850 --> 00:07:03,419

understand what's really going on with

181

00:07:07,490 --> 00:07:04,860

you and I've talked before on this show

182

00:07:09,050 --> 00:07:07,500

about energetic resonance and spiritual

183

00:07:11,270 --> 00:07:09,060

hygiene and being aware of your own

184

00:07:12,529 --> 00:07:11,280

energy so you can transmute it and when

185

00:07:14,210 --> 00:07:12,539

you're going into Altered States Of

186

00:07:16,370 --> 00:07:14,220

Consciousness and reaching out to other

187

00:07:18,230 --> 00:07:16,380

kind of beings you want to be aware of

188

00:07:21,050 --> 00:07:18,240

those things this is another practice

189

00:07:21,950 --> 00:07:21,060

you can use to begin to be in tune with

190

00:07:23,689 --> 00:07:21,960

that

191

00:07:26,330 --> 00:07:23,699

so yeah like you kind of set it up

192

00:07:28,430 --> 00:07:26,340

already the notion here was that um

193

00:07:30,290 --> 00:07:28,440

Thomas had

194

00:07:32,210 --> 00:07:30,300

drawn this picture of a gray alien

195

00:07:34,670 --> 00:07:32,220

basically a quintessential gray alien

196

00:07:37,550 --> 00:07:34,680

and then his girlfriend's father said

197

00:07:40,150 --> 00:07:37,560

yeah that looks like what my cousin saw

198

00:07:42,950 --> 00:07:40,160

uh behind you know the sort of glass

199

00:07:44,809 --> 00:07:42,960

partition at an Air Force Base and the

200

00:07:46,430 --> 00:07:44,819

thing was still alive but in the process

201
00:07:48,350 --> 00:07:46,440
of dying and they were trying to figure

202
00:07:50,390 --> 00:07:48,360
out where it was coming from and like

203
00:07:53,450 --> 00:07:50,400
you alluded to already

204
00:07:56,210 --> 00:07:53,460
this cousin had told I guess one too

205
00:07:58,249 --> 00:07:56,220
many people and ended up dying in a car

206
00:08:00,050 --> 00:07:58,259
accident which was kind of Nefarious

207
00:08:02,330 --> 00:08:00,060
because there wasn't many details to the

208
00:08:04,309 --> 00:08:02,340
car accident no one could find out who

209
00:08:05,689 --> 00:08:04,319
the actual other driver was they said

210
00:08:06,710 --> 00:08:05,699
they passed away as well but no one

211
00:08:08,689 --> 00:08:06,720
could find out who they were it wasn't

212
00:08:10,029 --> 00:08:08,699
in the newspaper article so there's some

213
00:08:13,370 --> 00:08:10,039

things that looked a bit questionable

214

00:08:15,950 --> 00:08:13,380

which led this cousin's family to

215

00:08:17,450 --> 00:08:15,960

believe that perhaps he'd been taken out

216

00:08:19,490 --> 00:08:17,460

basically because he knew too much and

217

00:08:20,689 --> 00:08:19,500

he was you know loose lips sink ships

218

00:08:22,610 --> 00:08:20,699

kind of thing

219

00:08:25,309 --> 00:08:22,620

but the interesting part like you

220

00:08:27,710 --> 00:08:25,319

pointed to was that it wasn't just the

221

00:08:29,689 --> 00:08:27,720

fact that there was a gray alien behind

222

00:08:32,389 --> 00:08:29,699

a glass partition at an Air Force Base

223

00:08:34,730 --> 00:08:32,399

in Michigan that was the gotcha it was

224

00:08:36,350 --> 00:08:34,740

something else that he knew that was too

225

00:08:38,449 --> 00:08:36,360

dangerous to know that ended up getting

226

00:08:40,010 --> 00:08:38,459

him killed and maybe he hadn't even told

227

00:08:42,350 --> 00:08:40,020

people that yet but just the fact that

228

00:08:44,149 --> 00:08:42,360

he knew it was too dangerous right is

229

00:08:46,130 --> 00:08:44,159

sort of the implication there

230

00:08:49,430 --> 00:08:46,140

and then the added really interesting

231

00:08:51,410 --> 00:08:49,440

implication or or Nuance is that so this

232

00:08:54,170 --> 00:08:51,420

father of this girlfriend of Thomas

233

00:08:55,850 --> 00:08:54,180

that's telling him this story says

234

00:08:58,190 --> 00:08:55,860

you know and I don't know that I could

235

00:09:00,889 --> 00:08:58,200

reveal that either even on my deathbed

236

00:09:03,170 --> 00:09:00,899

right which

237

00:09:04,910 --> 00:09:03,180

that goes into new territory so right

238

00:09:07,610 --> 00:09:04,920

there notice your your own response

239

00:09:09,050 --> 00:09:07,620

where does your mind go right because

240

00:09:11,389 --> 00:09:09,060

clearly at that point it's not

241

00:09:13,790 --> 00:09:11,399

self-interest that's making him hold

242

00:09:15,829 --> 00:09:13,800

back from telling the truth right it's

243

00:09:18,050 --> 00:09:15,839

something else so then that raises

244

00:09:20,690 --> 00:09:18,060

questions like is she has he decided

245

00:09:22,610 --> 00:09:20,700

that that truth is so destabilizing that

246

00:09:24,110 --> 00:09:22,620

Society is better off not knowing is

247

00:09:26,269 --> 00:09:24,120

that what he's getting at what do you

248

00:09:28,190 --> 00:09:26,279

think when you hear that

249

00:09:29,930 --> 00:09:28,200

right I was trying to think of like uh

250

00:09:30,949 --> 00:09:29,940

putting myself in the shoes of folks

251
00:09:33,110 --> 00:09:30,959
that um

252
00:09:35,570 --> 00:09:33,120
maybe reacted to this I saw some

253
00:09:37,370 --> 00:09:35,580
reactions you know immediately go to the

254
00:09:39,350 --> 00:09:37,380
oh well they're definitely demons then

255
00:09:41,630 --> 00:09:39,360
uh or

256
00:09:44,570 --> 00:09:41,640
um another one that jumped to my mind is

257
00:09:46,490 --> 00:09:44,580
uh you know they're reptilians they just

258
00:09:47,750 --> 00:09:46,500
look like humans you know so they're in

259
00:09:50,570 --> 00:09:47,760
charge and there's nothing we can do

260
00:09:53,750 --> 00:09:50,580
about it right so there's no matter the

261
00:09:56,810 --> 00:09:53,760
scenario I think the natural response to

262
00:10:00,350 --> 00:09:56,820
what could be that bad is that the power

263
00:10:03,889 --> 00:10:00,360

Dynamic that we are used to uh in terms

264

00:10:06,889 --> 00:10:03,899

of our place in the world in society is

265

00:10:09,350 --> 00:10:06,899

not what we think it is and we are again

266

00:10:13,550 --> 00:10:09,360

we we have gotten the short end of that

267

00:10:15,170 --> 00:10:13,560

stick whatever it happens to be now I as

268

00:10:16,329 --> 00:10:15,180

I say all of that I also want to point

269

00:10:20,389 --> 00:10:16,339

out that

270

00:10:22,670 --> 00:10:20,399

we're in the west we live in a in a

271

00:10:24,769 --> 00:10:22,680

first world country we have a lot of

272

00:10:28,130 --> 00:10:24,779

resources and great things so things

273

00:10:30,230 --> 00:10:28,140

that seem destabilizing to us uh it may

274

00:10:32,269 --> 00:10:30,240

not be even we're anywhere close to what

275

00:10:34,490 --> 00:10:32,279

would be stabilized destabilizing to

276

00:10:36,110 --> 00:10:34,500

those that aren't in you know kind of

277

00:10:38,690 --> 00:10:36,120

the conditions that we're accustomed to

278

00:10:40,610 --> 00:10:38,700

and I recognize the relative luxury that

279

00:10:44,690 --> 00:10:40,620

we have to be having this conversation

280

00:10:46,370 --> 00:10:44,700

over this technology and no one's you

281

00:10:49,069 --> 00:10:46,380

know preventing us from doing this and

282

00:10:50,630 --> 00:10:49,079

uh you know we have the internet freely

283

00:10:52,490 --> 00:10:50,640

flowing into our homes and we feel

284

00:10:54,350 --> 00:10:52,500

pretty comfortable in the wintertime

285

00:10:56,569 --> 00:10:54,360

here just you know being in in the

286

00:11:00,170 --> 00:10:56,579

places that we live so there's a lot of

287

00:11:02,750 --> 00:11:00,180

comfort around our situation

288

00:11:04,730 --> 00:11:02,760

uh that I don't want uh that to go

289

00:11:07,069 --> 00:11:04,740

unnoticed because I think it does

290

00:11:09,530 --> 00:11:07,079

influence and paint the way in which we

291

00:11:12,710 --> 00:11:09,540

think about these scenarios

292

00:11:14,389 --> 00:11:12,720

um so yeah for me personally I I I have

293

00:11:16,490 --> 00:11:14,399

a lot of different ideas but I don't

294

00:11:19,730 --> 00:11:16,500

know none of them really land uh or

295

00:11:22,190 --> 00:11:19,740

resonate with me very very strongly

296

00:11:24,829 --> 00:11:22,200

um in part because I think I'm

297

00:11:26,870 --> 00:11:24,839

more comfortable with a variety of

298

00:11:28,310 --> 00:11:26,880

different things I'm also immediately

299

00:11:31,190 --> 00:11:28,320

when I hear a story like that I'm like

300

00:11:33,410 --> 00:11:31,200

well it was destabilizing to those who

301
00:11:35,449 --> 00:11:33,420
were there it may not be destabilizing

302
00:11:38,569 --> 00:11:35,459
to me you know so and so who was there

303
00:11:41,269 --> 00:11:38,579
when when was this uh what kind of

304
00:11:43,850 --> 00:11:41,279
context and cultural backgrounds that

305
00:11:45,889 --> 00:11:43,860
these folks bring to that situation all

306
00:11:49,790 --> 00:11:45,899
of those things at least in my mind

307
00:11:52,250 --> 00:11:49,800
influence whatever uh you know dramatic

308
00:11:54,530 --> 00:11:52,260
Revelation it might be and it may change

309
00:11:56,690 --> 00:11:54,540
that because it's situated within that

310
00:11:59,690 --> 00:11:56,700
framework right absolutely I mean the

311
00:12:01,310 --> 00:11:59,700
the more set in your ways you are with

312
00:12:02,750 --> 00:12:01,320
your world view right with your

313
00:12:05,290 --> 00:12:02,760

perspective on reality

314

00:12:07,850 --> 00:12:05,300

then the more

315

00:12:09,530 --> 00:12:07,860

damaging at least initially you know

316

00:12:11,449 --> 00:12:09,540

energetically emotionally it may be to

317

00:12:13,490 --> 00:12:11,459

you to have that question

318

00:12:15,350 --> 00:12:13,500

whereas the more nuanced you are the

319

00:12:17,990 --> 00:12:15,360

more you can hold your worldview lightly

320

00:12:19,490 --> 00:12:18,000

maybe because as we've discussed before

321

00:12:21,050 --> 00:12:19,500

you've been through various iterations

322

00:12:23,210 --> 00:12:21,060

of World Views and so you don't hold any

323

00:12:25,430 --> 00:12:23,220

of them so tightly anymore because you

324

00:12:28,490 --> 00:12:25,440

know you're likely to evolve yet again I

325

00:12:30,889 --> 00:12:28,500

think for people like that uh

326

00:12:34,150 --> 00:12:30,899

any kind of Revelation is not nearly as

327

00:12:36,530 --> 00:12:34,160

destabilizing at least in in potentia

328

00:12:38,150 --> 00:12:36,540

and I think back to when you know of

329

00:12:40,970 --> 00:12:38,160

course like you already hinted at the

330

00:12:42,889 --> 00:12:40,980

the famous situation where you know

331

00:12:45,350 --> 00:12:42,899

Luella zondo talked about something

332

00:12:47,870 --> 00:12:45,360

being sobering or somber

333

00:12:49,490 --> 00:12:47,880

and it was an interesting sociological

334

00:12:52,009 --> 00:12:49,500

experiment just to see where people

335

00:12:53,269 --> 00:12:52,019

leapt to from there right like oh well

336

00:12:55,009 --> 00:12:53,279

clearly he's saying this I mean

337

00:12:56,449 --> 00:12:55,019

writing's on the wall and I'm like

338

00:12:59,269 --> 00:12:56,459

really I mean that's just an adjective

339

00:13:02,030 --> 00:12:59,279

that's that's a big leap to make and and

340

00:13:04,730 --> 00:13:02,040

secondly to your point it's like I don't

341

00:13:06,949 --> 00:13:04,740

want to rely on someone else's adjective

342

00:13:08,290 --> 00:13:06,959

based on their worldview their life

343

00:13:12,170 --> 00:13:08,300

experience

344

00:13:14,930 --> 00:13:12,180

their position of privilege you know uh

345

00:13:16,850 --> 00:13:14,940

I want to have the data because how that

346

00:13:19,310 --> 00:13:16,860

data impacts people will vary depending

347

00:13:20,870 --> 00:13:19,320

on the position they're in and like we

348

00:13:22,250 --> 00:13:20,880

talked about how you know how much

349

00:13:23,829 --> 00:13:22,260

they're into certitude with their

350

00:13:27,050 --> 00:13:23,839

worldview and whatnot

351

00:13:29,030 --> 00:13:27,060

but it's it's definitely interesting I

352

00:13:31,430 --> 00:13:29,040

think more interesting actually to sit

353

00:13:35,449 --> 00:13:31,440

back and watch where people go with that

354

00:13:37,850 --> 00:13:35,459

than than the actual event itself

355

00:13:39,949 --> 00:13:37,860

yeah other things come to mind where

356

00:13:42,110 --> 00:13:39,959

it's like the uh the Advent of the

357

00:13:44,090 --> 00:13:42,120

printing press and uh people are like I

358

00:13:45,949 --> 00:13:44,100

can't believe people are gonna you know

359

00:13:47,629 --> 00:13:45,959

start reading and that's just gonna

360

00:13:49,730 --> 00:13:47,639

change everything and it's gonna be so

361

00:13:51,949 --> 00:13:49,740

bad and you know here we are thinking

362

00:13:54,949 --> 00:13:51,959

you know it's a dramatically wonderful

363

00:13:56,569 --> 00:13:54,959

Revolution that took place uh and we can

364

00:13:59,449 --> 00:13:56,579

point to a lot of other examples a lot

365

00:14:00,590 --> 00:13:59,459

like that uh you know segregation there

366

00:14:02,569 --> 00:14:00,600

are plenty of people who thought that

367

00:14:05,269 --> 00:14:02,579

was going to be awful and unnatural and

368

00:14:07,670 --> 00:14:05,279

you know somber oh you know God forbid

369

00:14:09,470 --> 00:14:07,680

you know we treat everybody equally

370

00:14:11,449 --> 00:14:09,480

um and we and most of us I'm not going

371

00:14:13,310 --> 00:14:11,459

to say all of us because the world is so

372

00:14:15,769 --> 00:14:13,320

full of uh some pretty bigoted racist

373

00:14:18,370 --> 00:14:15,779

people but most of us uh look at that

374

00:14:21,710 --> 00:14:18,380

and think how absolutely horrid that was

375

00:14:24,410 --> 00:14:21,720

and so you know one person somber is

376

00:14:26,930 --> 00:14:24,420

another person's you know great

377

00:14:29,690 --> 00:14:26,940

fantastic thank goodness why is it

378

00:14:31,730 --> 00:14:29,700

taking so long and so you know I want

379

00:14:33,889 --> 00:14:31,740

folks to keep that in mind because uh

380

00:14:36,290 --> 00:14:33,899

it's impossible for us without knowing

381

00:14:38,990 --> 00:14:36,300

exactly what it is to really interpret

382

00:14:41,629 --> 00:14:39,000

what that means uh you know so somber

383

00:14:44,329 --> 00:14:41,639

we're all internalizing that uh somber

384

00:14:46,009 --> 00:14:44,339

for me is such and such we could be

385

00:14:48,470 --> 00:14:46,019

completely detached from reality of what

386

00:14:49,910 --> 00:14:48,480

whatever that fact happens to be and it

387

00:14:51,889 --> 00:14:49,920

could end up being something great right

388

00:14:53,629 --> 00:14:51,899

or it could be something that's great to

389

00:14:56,030 --> 00:14:53,639

one person and not great to someone else

390

00:14:57,829 --> 00:14:56,040

so so let's throw out a few uh just for

391

00:15:00,230 --> 00:14:57,839

the sake of argument here

392

00:15:02,870 --> 00:15:00,240

um some that I've come across

393

00:15:04,610 --> 00:15:02,880

that I've even you know seen some pretty

394

00:15:07,189 --> 00:15:04,620

compelling evidence

395

00:15:08,990 --> 00:15:07,199

uh pointing in this direction

396

00:15:10,550 --> 00:15:09,000

one of them is that

397

00:15:12,230 --> 00:15:10,560

um some of these alien beings that have

398

00:15:14,810 --> 00:15:12,240

been captured whether we're talking

399

00:15:16,189 --> 00:15:14,820

about Roswell or even post Roswell that

400

00:15:19,189 --> 00:15:16,199

one of the big

401
00:15:21,949 --> 00:15:19,199
um aha moments that was shocking when

402
00:15:24,470 --> 00:15:21,959
the autopsies were done was that there

403
00:15:28,250 --> 00:15:24,480
was basically DNA in common between

404
00:15:31,129 --> 00:15:28,260
these gray aliens and human beings so

405
00:15:33,110 --> 00:15:31,139
let's take that first how do you think

406
00:15:36,410 --> 00:15:33,120
that would that would hit the masses if

407
00:15:37,750 --> 00:15:36,420
that was released to the public

408
00:15:41,210 --> 00:15:37,760
right

409
00:15:44,030 --> 00:15:41,220
that's a good one I think folks uh would

410
00:15:46,490 --> 00:15:44,040
absolutely be stunned by that uh at

411
00:15:47,150 --> 00:15:46,500
least most of the world would be

412
00:15:50,449 --> 00:15:47,160
um

413
00:15:53,569 --> 00:15:50,459

I think others would be willing to

414

00:15:56,870 --> 00:15:53,579

accept that there is a sort of a shared

415

00:15:58,550 --> 00:15:56,880

lineage genetic shared traits uh you

416

00:16:02,269 --> 00:15:58,560

know but then the questions certainly

417

00:16:04,490 --> 00:16:02,279

flow are we descendants are we relatives

418

00:16:06,590 --> 00:16:04,500

are we an experiment are we hybrids you

419

00:16:08,329 --> 00:16:06,600

know what what what are the what is the

420

00:16:09,889 --> 00:16:08,339

nature of our relationship to these

421

00:16:12,470 --> 00:16:09,899

beings

422

00:16:15,590 --> 00:16:12,480

um so there are certainly

423

00:16:18,290 --> 00:16:15,600

uh no end of questions and and no easy

424

00:16:20,569 --> 00:16:18,300

answers to those but I think to a large

425

00:16:23,389 --> 00:16:20,579

number of individuals yes it would be

426

00:16:25,970 --> 00:16:23,399

you know quite disturbing

427

00:16:29,150 --> 00:16:25,980

um at the same time I can remember

428

00:16:33,050 --> 00:16:29,160

when I listened to the audiobook

429

00:16:35,569 --> 00:16:33,060

uh sapiens uh youveld or Harare I want

430

00:16:37,610 --> 00:16:35,579

to mispronounce his name but you know

431

00:16:39,110 --> 00:16:37,620

just listening to the the story of human

432

00:16:41,569 --> 00:16:39,120

history and how there were multiple

433

00:16:43,370 --> 00:16:41,579

human species occupying the planet at

434

00:16:46,310 --> 00:16:43,380

the same time that's something I had

435

00:16:47,389 --> 00:16:46,320

learned you know in grade school but for

436

00:16:49,189 --> 00:16:47,399

some reason just never really

437

00:16:50,569 --> 00:16:49,199

internalized it all that well when you

438

00:16:52,790 --> 00:16:50,579

hear someone really kind of talk through

439

00:16:54,769 --> 00:16:52,800

all of that that we're you know kind of

440

00:16:59,210 --> 00:16:54,779

rubbing elbows with different human

441

00:17:01,430 --> 00:16:59,220

species uh that you know it's it's

442

00:17:04,370 --> 00:17:01,440

pretty a pretty alien kind of foreign

443

00:17:06,230 --> 00:17:04,380

concept to us today where we all are you

444

00:17:08,949 --> 00:17:06,240

know Homo sapiens sapiens so it's uh

445

00:17:12,530 --> 00:17:08,959

it's I think that that might be a good

446

00:17:14,750 --> 00:17:12,540

corollary thought experiment to getting

447

00:17:17,390 --> 00:17:14,760

more comfortable with that kind of

448

00:17:19,250 --> 00:17:17,400

Revelation right and I think about on

449

00:17:20,150 --> 00:17:19,260

previous POC episodes when I've talked

450

00:17:21,770 --> 00:17:20,160

about

451

00:17:24,710 --> 00:17:21,780

whether it's

452

00:17:26,689 --> 00:17:24,720

um you know Hardline religious

453

00:17:28,909 --> 00:17:26,699

fundamentalists you know whether Islamic

454

00:17:30,409 --> 00:17:28,919

or Christian or whatever uh the

455

00:17:31,850 --> 00:17:30,419

particular brand doesn't really matter

456

00:17:35,270 --> 00:17:31,860

so much as the developmental level

457

00:17:37,370 --> 00:17:35,280

because if you believe that there's a

458

00:17:39,230 --> 00:17:37,380

place in the cosmos for Mortal beings

459

00:17:41,570 --> 00:17:39,240

that are intelligent meaning us human

460

00:17:44,150 --> 00:17:41,580

beings and all you have on top of that

461

00:17:46,490 --> 00:17:44,160

is the kind of lesser intelligent

462

00:17:49,310 --> 00:17:46,500

animals which don't really count in that

463

00:17:51,890 --> 00:17:49,320

perspective in terms of you know being

464

00:17:53,870 --> 00:17:51,900

viewed as intelligent sentient beings in

465

00:17:55,490 --> 00:17:53,880

the same way that humans are and after

466

00:17:58,490 --> 00:17:55,500

that you basically have spiritual

467

00:18:00,770 --> 00:17:58,500

entities like demons and angels right so

468

00:18:03,190 --> 00:18:00,780

for those kind of people

469

00:18:06,770 --> 00:18:03,200

you think back to how

470

00:18:08,810 --> 00:18:06,780

the Revelation that Evolution was real

471

00:18:10,789 --> 00:18:08,820

was was shocking to these people right

472

00:18:13,610 --> 00:18:10,799

and to this day there's some people who

473

00:18:14,810 --> 00:18:13,620

like stand by a Six-Day creation you

474

00:18:17,930 --> 00:18:14,820

know

475

00:18:19,610 --> 00:18:17,940

uh women came from literally the rib of

476

00:18:21,890 --> 00:18:19,620

a man you know and that's how that all

477

00:18:23,690 --> 00:18:21,900

happens gonna on the Fly hey this is not

478

00:18:26,390 --> 00:18:23,700

so good let's grab a rib and let's make

479

00:18:28,450 --> 00:18:26,400

this happen right and and some people

480

00:18:31,789 --> 00:18:28,460

really take that as the literal truth

481

00:18:34,190 --> 00:18:31,799

and would balk at the idea that we have

482

00:18:36,710 --> 00:18:34,200

any kind of uh shared heritage

483

00:18:38,330 --> 00:18:36,720

you know genetically with you know any

484

00:18:40,370 --> 00:18:38,340

kind of apes or chimpanzees or whatever

485

00:18:43,310 --> 00:18:40,380

right that some people I remember one

486

00:18:45,529 --> 00:18:43,320

time seeing this this documentary where

487

00:18:47,570 --> 00:18:45,539

this daughter who was now in her early

488

00:18:49,909 --> 00:18:47,580

20s who had been raised as a

489

00:18:51,650 --> 00:18:49,919

fundamentalist Christian had come to see

490

00:18:54,470 --> 00:18:51,660

that Evolution was depicting something

491

00:18:56,630 --> 00:18:54,480

real right and I remember her dad saying

492

00:18:58,909 --> 00:18:56,640

you think we come from monkeys like he

493

00:19:01,130 --> 00:18:58,919

he was just so adamant like how could

494

00:19:03,710 --> 00:19:01,140

you possibly believe such a thing

495

00:19:06,230 --> 00:19:03,720

and it was almost more like um I'm too

496

00:19:08,270 --> 00:19:06,240

high and mighty you know I'm I'm royalty

497

00:19:09,950 --> 00:19:08,280

you know how dare you say I come from

498

00:19:12,590 --> 00:19:09,960

the commoners known as the chimpanzees

499

00:19:14,950 --> 00:19:12,600

almost like that kind of notion rather

500

00:19:16,909 --> 00:19:14,960

than seeing this this uh beautiful

501
00:19:19,370 --> 00:19:16,919
Transcendence that happens over time

502
00:19:21,890 --> 00:19:19,380
amongst the created order right

503
00:19:25,370 --> 00:19:21,900
um so yeah I think for those people

504
00:19:27,169 --> 00:19:25,380
again with these hard-line distinctions

505
00:19:28,490 --> 00:19:27,179
it's one thing if you have have human

506
00:19:29,750 --> 00:19:28,500
beings right

507
00:19:32,270 --> 00:19:29,760
sure maybe there's some Neanderthal

508
00:19:33,950 --> 00:19:32,280
mixed in right but but the idea that

509
00:19:36,710 --> 00:19:33,960
there's beings from other planets that

510
00:19:39,409 --> 00:19:36,720
have our DNA

511
00:19:41,270 --> 00:19:39,419
then that not only challenges your sense

512
00:19:43,490 --> 00:19:41,280
of your heritage but it challenges your

513
00:19:45,830 --> 00:19:43,500

sense of cosmology right it challenges

514

00:19:48,230 --> 00:19:45,840

your sense of the Ultimate Reality right

515

00:19:51,110 --> 00:19:48,240

and and how how can this be the case

516

00:19:53,870 --> 00:19:51,120

that these beings exist when I don't see

517

00:19:55,669 --> 00:19:53,880

them attested to you know on a

518

00:19:58,310 --> 00:19:55,679

superficial level in my biblical text or

519

00:19:59,870 --> 00:19:58,320

whatever you know it it raises all sorts

520

00:20:01,909 --> 00:19:59,880

of questions which again brings us back

521

00:20:04,970 --> 00:20:01,919

to that notion we've talked about many

522

00:20:07,190 --> 00:20:04,980

times which is that disclosure is very

523

00:20:08,690 --> 00:20:07,200

complicated because people are coming at

524

00:20:10,070 --> 00:20:08,700

that topic from very different World

525

00:20:11,930 --> 00:20:10,080

Views

526

00:20:15,909 --> 00:20:11,940

mm-hmm

527

00:20:18,289 --> 00:20:15,919

when your world is made to be or to feel

528

00:20:21,590 --> 00:20:18,299

ontologically tiny

529

00:20:24,289 --> 00:20:21,600

that's where the destabilization begins

530

00:20:26,390 --> 00:20:24,299

right so I think that that's what

531

00:20:28,909 --> 00:20:26,400

happens here is you've got a situation

532

00:20:31,370 --> 00:20:28,919

where uh everything that you thought

533

00:20:34,909 --> 00:20:31,380

that you knew about the order of things

534

00:20:36,890 --> 00:20:34,919

and reality itself and the things which

535

00:20:38,390 --> 00:20:36,900

really quite frankly we go throughout

536

00:20:40,430 --> 00:20:38,400

our day-to-day routines not even

537

00:20:43,270 --> 00:20:40,440

thinking much about

538

00:20:47,510 --> 00:20:43,280

but they become front and center

539

00:20:50,270 --> 00:20:47,520

concerns for how we order our world

540

00:20:51,950 --> 00:20:50,280

and they are screaming at us from the

541

00:20:56,570 --> 00:20:51,960

stage saying you've got all of this

542

00:20:58,909 --> 00:20:56,580

wrong and that has a ripple effect a

543

00:21:02,510 --> 00:20:58,919

downstream effect on every other thing

544

00:21:04,490 --> 00:21:02,520

that we do and I think it's easy to see

545

00:21:06,409 --> 00:21:04,500

how something that

546

00:21:09,289 --> 00:21:06,419

uh

547

00:21:12,710 --> 00:21:09,299

seemingly benign like that this you know

548

00:21:14,870 --> 00:21:12,720

DNA Heritage being maybe this the same

549

00:21:17,570 --> 00:21:14,880

you know could be incredibly

550

00:21:19,610 --> 00:21:17,580

destabilizing and and and and quite

551
00:21:21,830 --> 00:21:19,620
frankly possibly dangerous you know for

552
00:21:23,690 --> 00:21:21,840
most of the world because you've got a

553
00:21:25,630 --> 00:21:23,700
uh you know how many people are there

554
00:21:28,490 --> 00:21:25,640
now eight billion eight billion people

555
00:21:30,590 --> 00:21:28,500
uh the majority of whom might all of a

556
00:21:32,870 --> 00:21:30,600
sudden wake up the next day and question

557
00:21:34,789 --> 00:21:32,880
their life choices and everything that

558
00:21:36,830 --> 00:21:34,799
they're they're doing and the way their

559
00:21:39,169 --> 00:21:36,840
society is structured and the way their

560
00:21:40,750 --> 00:21:39,179
their family operates and I mean all of

561
00:21:43,669 --> 00:21:40,760
these things could come under the

562
00:21:46,070 --> 00:21:43,679
microscope of re-examination and they

563
00:21:48,950 --> 00:21:46,080

could be thrown out the window

564

00:21:51,110 --> 00:21:48,960

um so it's uh it's it's a lot to

565

00:21:52,850 --> 00:21:51,120

consider and I think if you're

566

00:21:54,770 --> 00:21:52,860

and I will talk about this in more

567

00:21:57,890 --> 00:21:54,780

detail but if you're those decision

568

00:21:59,810 --> 00:21:57,900

makers who can kind of keep that

569

00:22:02,450 --> 00:21:59,820

knowledge inside the box as opposed to

570

00:22:04,970 --> 00:22:02,460

letting it out the door uh I I can

571

00:22:07,070 --> 00:22:04,980

easily see why you just you know keep it

572

00:22:08,090 --> 00:22:07,080

in the Box in the vault and and go about

573

00:22:10,130 --> 00:22:08,100

your day

574

00:22:12,529 --> 00:22:10,140

yeah I think you know there's this

575

00:22:14,510 --> 00:22:12,539

expression Kick the Can down the road

576

00:22:16,430 --> 00:22:14,520

and I think that one of the things

577

00:22:19,549 --> 00:22:16,440

that's very evident about our political

578

00:22:21,830 --> 00:22:19,559

culture is that you know because of you

579

00:22:23,210 --> 00:22:21,840

know the uh the interval between

580

00:22:25,010 --> 00:22:23,220

elections

581

00:22:26,930 --> 00:22:25,020

um in our country

582

00:22:28,850 --> 00:22:26,940

people tend to think in two year or

583

00:22:30,529 --> 00:22:28,860

four-year terms and maybe eight year

584

00:22:31,789 --> 00:22:30,539

terms and that's about it unless you're

585

00:22:33,950 --> 00:22:31,799

a Supreme Court Justice or something

586

00:22:36,470 --> 00:22:33,960

there for life

587

00:22:39,470 --> 00:22:36,480

um so

588

00:22:40,130 --> 00:22:39,480

built into our very system is

589

00:22:41,750 --> 00:22:40,140

um

590

00:22:43,850 --> 00:22:41,760

a lack of

591

00:22:46,669 --> 00:22:43,860

the distant view you know and it's not

592

00:22:49,970 --> 00:22:46,679

even really part of our cultural milieu

593

00:22:51,409 --> 00:22:49,980

to make decisions based on what's the

594

00:22:53,450 --> 00:22:51,419

best interest of our grandchildren for

595

00:22:54,649 --> 00:22:53,460

instance right

596

00:22:57,830 --> 00:22:54,659

um

597

00:22:59,930 --> 00:22:57,840

so you could see how in that kind of

598

00:23:01,909 --> 00:22:59,940

culture that already exists

599

00:23:03,890 --> 00:23:01,919

when there's so many question marks

600

00:23:05,090 --> 00:23:03,900

could things go well maybe but there's

601
00:23:07,430 --> 00:23:05,100
also a chance it could be incredibly

602
00:23:10,130 --> 00:23:07,440
destabilizing and frankly that just

603
00:23:11,810 --> 00:23:10,140
makes my job harder so let the next

604
00:23:13,549 --> 00:23:11,820
elected official four years down the

605
00:23:16,549 --> 00:23:13,559
road make that decision you know there's

606
00:23:18,350 --> 00:23:16,559
no reason I have to make it now right

607
00:23:20,090 --> 00:23:18,360
um in other words

608
00:23:22,010 --> 00:23:20,100
I think part of the challenge with that

609
00:23:25,190 --> 00:23:22,020
kind of thinking that kind of mindset is

610
00:23:29,690 --> 00:23:25,200
sometimes there is short-term pain

611
00:23:31,310 --> 00:23:29,700
in in service of long-term gain and the

612
00:23:32,990 --> 00:23:31,320
problem is the way our very system is

613
00:23:35,210 --> 00:23:33,000

set up very very few people are asking

614

00:23:37,430 --> 00:23:35,220

those questions

615

00:23:39,289 --> 00:23:37,440

um and that

616

00:23:41,450 --> 00:23:39,299

in the long term might prevent us from

617

00:23:43,070 --> 00:23:41,460

actually making systemic changes which

618

00:23:46,070 --> 00:23:43,080

are very destabilizing potentially in

619

00:23:48,710 --> 00:23:46,080

the short term but make our society much

620

00:23:53,029 --> 00:23:48,720

much more cohesive coherent and

621

00:23:56,390 --> 00:23:54,950

right and we have not cultivated that

622

00:23:58,610 --> 00:23:56,400

kind of thinking

623

00:24:00,890 --> 00:23:58,620

um at least at least we haven't in the

624

00:24:02,870 --> 00:24:00,900

west I think uh China I've read

625

00:24:04,909 --> 00:24:02,880

somewhere you know their way of thinking

626

00:24:07,250 --> 00:24:04,919

is generally in the hundreds of years

627

00:24:09,350 --> 00:24:07,260

you know ours isn't like you mentioned

628

00:24:11,630 --> 00:24:09,360

really kind of political Cycles which

629

00:24:13,789 --> 00:24:11,640

are quite quite small

630

00:24:16,370 --> 00:24:13,799

um so that that's certainly one aspect

631

00:24:19,490 --> 00:24:16,380

of it I mean what would be another uh

632

00:24:21,649 --> 00:24:19,500

potential Revelation from that story

633

00:24:23,690 --> 00:24:21,659

that that comes to mind for you that

634

00:24:26,149 --> 00:24:23,700

could be terribly destabilizing well

635

00:24:27,770 --> 00:24:26,159

this is one that I've heard I don't find

636

00:24:30,289 --> 00:24:27,780

it very compelling at all but I hear it

637

00:24:31,610 --> 00:24:30,299

raised a lot and again from my

638

00:24:33,230 --> 00:24:31,620

perspective I find it more interesting

639

00:24:35,510 --> 00:24:33,240

in terms of what that's saying about the

640

00:24:36,770 --> 00:24:35,520

people who are raising this then the

641

00:24:38,750 --> 00:24:36,780

possibility of it actually being true

642

00:24:40,310 --> 00:24:38,760

but that is the notion that this is

643

00:24:43,130 --> 00:24:40,320

actually a prison planet you know that

644

00:24:44,810 --> 00:24:43,140

we're basically cattle for some of these

645

00:24:46,850 --> 00:24:44,820

beings

646

00:24:49,549 --> 00:24:46,860

um and that this is what

647

00:24:51,350 --> 00:24:49,559

maybe this conceited gray alien said on

648

00:24:53,029 --> 00:24:51,360

its death bed was ah listen this is who

649

00:24:54,649 --> 00:24:53,039

you are to us and who do you think you

650

00:24:57,169 --> 00:24:54,659

are to keep me like this you know or

651

00:24:59,750 --> 00:24:57,179

whatever you know I mean uh that's

652

00:25:01,250 --> 00:24:59,760

another one people leap to is um what if

653

00:25:03,770 --> 00:25:01,260

we're not King of the castle you know

654

00:25:05,870 --> 00:25:03,780

we're not top of the food chain what if

655

00:25:07,909 --> 00:25:05,880

we've been deluded all this time into

656

00:25:10,669 --> 00:25:07,919

believing that

657

00:25:13,430 --> 00:25:10,679

um I mean I I think there's all sorts of

658

00:25:16,610 --> 00:25:13,440

reasons on the face of it why that's not

659

00:25:18,529 --> 00:25:16,620

the correct answer in my perspective

660

00:25:20,810 --> 00:25:18,539

um

661

00:25:21,649 --> 00:25:20,820

I think it it what's more interesting is

662

00:25:24,049 --> 00:25:21,659

how

663

00:25:26,330 --> 00:25:24,059

our Collective unconscious and sometimes

664

00:25:28,490 --> 00:25:26,340

our personal unconscious will fill in

665

00:25:30,710 --> 00:25:28,500

the gaps right with our own fears and

666

00:25:32,990 --> 00:25:30,720

I've said this before I think the the

667

00:25:35,750 --> 00:25:33,000

fact that we have this shared memory of

668

00:25:37,909 --> 00:25:35,760

like you talked about in previous

669

00:25:40,669 --> 00:25:37,919

generations keeping slaves you know

670

00:25:43,610 --> 00:25:40,679

actually saying that certain types of

671

00:25:46,430 --> 00:25:43,620

homo sapiens sapiens you will serve this

672

00:25:49,130 --> 00:25:46,440

other group or now I think about how we

673

00:25:51,649 --> 00:25:49,140

you know have these Mass Farms where we

674

00:25:52,610 --> 00:25:51,659

put chickens in these tiny little you

675

00:25:54,350 --> 00:25:52,620

know

676

00:25:56,750 --> 00:25:54,360

containers they hardly ever see the

677

00:25:58,970 --> 00:25:56,760

light and we just you know have made a

678

00:26:00,169 --> 00:25:58,980

science out of butchering you know

679

00:26:01,669 --> 00:26:00,179

hundreds of thousands a day or whatever

680

00:26:03,169 --> 00:26:01,679

it is I don't really know the details

681

00:26:05,510 --> 00:26:03,179

I'm a vegetarian so I try not to be

682

00:26:07,909 --> 00:26:05,520

aware but something like that right uh

683

00:26:09,830 --> 00:26:07,919

so we have that in our memory so it's

684

00:26:11,390 --> 00:26:09,840

not hard for us to go oh what if the

685

00:26:13,730 --> 00:26:11,400

shoe was on the other foot you know what

686

00:26:16,850 --> 00:26:13,740

if suddenly you you look at the whole

687

00:26:19,490 --> 00:26:16,860

thing very differently when you go would

688

00:26:21,470 --> 00:26:19,500

I be okay with this if I could be the

689

00:26:23,149 --> 00:26:21,480

one that was a step down in the food

690

00:26:24,830 --> 00:26:23,159

chain what would that mean and again I

691

00:26:27,289 --> 00:26:24,840

think that that says something more

692

00:26:29,510 --> 00:26:27,299

interesting about us and how we make

693

00:26:31,730 --> 00:26:29,520

decisions and and what we're cognizant

694

00:26:35,169 --> 00:26:31,740

of than it does about what this actually

695

00:26:37,430 --> 00:26:35,179

what this Revelation actually is

696

00:26:40,010 --> 00:26:37,440

yeah completely

697

00:26:43,130 --> 00:26:40,020

um nobody likes the idea of being a

698

00:26:45,110 --> 00:26:43,140

prisoner uh to having their ability and

699

00:26:48,230 --> 00:26:45,120

their freedom and their their way of

700

00:26:51,110 --> 00:26:48,240

life constricted But the irony is that

701
00:26:54,289 --> 00:26:51,120
we already live in very constricted ways

702
00:26:57,710 --> 00:26:54,299
whether that be uh just the ways our

703
00:27:00,289 --> 00:26:57,720
society happened to be structured or the

704
00:27:03,710 --> 00:27:00,299
ways in which we think and how much

705
00:27:05,830 --> 00:27:03,720
ideas constrain uh who we are and and

706
00:27:09,049 --> 00:27:05,840
limit what we choose to do

707
00:27:11,510 --> 00:27:09,059
so I know that's very you know

708
00:27:13,669 --> 00:27:11,520
philosophical I guess and people kind of

709
00:27:15,289 --> 00:27:13,679
you know can poo poo that a little bit

710
00:27:17,029 --> 00:27:15,299
but you know certainly our idea is

711
00:27:18,950 --> 00:27:17,039
absolutely frame the way in which we

712
00:27:19,730 --> 00:27:18,960
think about the world

713
00:27:22,190 --> 00:27:19,740

um

714

00:27:24,289 --> 00:27:22,200

so yeah that idea doesn't resonate too

715

00:27:27,169 --> 00:27:24,299

much with me either

716

00:27:29,930 --> 00:27:27,179

um the the prison planet notion

717

00:27:33,169 --> 00:27:29,940

um mainly because I think I take a

718

00:27:36,890 --> 00:27:33,179

a big review of the situation

719

00:27:39,230 --> 00:27:36,900

um you know there's uh

720

00:27:41,690 --> 00:27:39,240

I guess uh I think of it as like there's

721

00:27:44,450 --> 00:27:41,700

a ladder of life right and and you know

722

00:27:47,169 --> 00:27:44,460

we're all kind of a part of that chain

723

00:27:50,210 --> 00:27:47,179

of being in a way and uh if something

724

00:27:51,769 --> 00:27:50,220

were to actually feed off of us just

725

00:27:54,110 --> 00:27:51,779

like we may feed off of other things

726

00:27:56,870 --> 00:27:54,120

like that's a part of the chain of being

727

00:27:59,149 --> 00:27:56,880

and there's a grander story at play

728

00:28:02,029 --> 00:27:59,159

there than than maybe what happens in

729

00:28:03,230 --> 00:28:02,039

those individual interactions

730

00:28:05,690 --> 00:28:03,240

um well you make you make a really great

731

00:28:07,730 --> 00:28:05,700

point there and let me let me make a

732

00:28:09,350 --> 00:28:07,740

segue here on that so

733

00:28:10,970 --> 00:28:09,360

I think when people think about Prison

734

00:28:13,549 --> 00:28:10,980

Planet they have a very particular

735

00:28:15,230 --> 00:28:13,559

notion right they they I don't know what

736

00:28:17,510 --> 00:28:15,240

they imagine like they're gonna suddenly

737

00:28:18,649 --> 00:28:17,520

land and craft and make us mine gold for

738

00:28:19,549 --> 00:28:18,659

the rest of our lives or something I

739

00:28:22,010 --> 00:28:19,559

don't know what they're thinking right

740

00:28:26,149 --> 00:28:22,020

but something very sort of like literal

741

00:28:28,250 --> 00:28:26,159

and physical and you know something uh

742

00:28:29,510 --> 00:28:28,260

akin to us keeping cattle in a field

743

00:28:31,370 --> 00:28:29,520

right

744

00:28:33,049 --> 00:28:31,380

um that we these cattle maybe think that

745

00:28:35,269 --> 00:28:33,059

they're free and having a good life but

746

00:28:38,090 --> 00:28:35,279

they're actually serving us

747

00:28:41,750 --> 00:28:38,100

now while I think that kind of sort of

748

00:28:44,029 --> 00:28:41,760

literal view is is mistaken I I do think

749

00:28:45,409 --> 00:28:44,039

and I've talked to you about this and we

750

00:28:47,330 --> 00:28:45,419

probably mentioned it to some degree on

751

00:28:48,950 --> 00:28:47,340

this podcast and I've mentioned it to

752

00:28:50,990 --> 00:28:48,960

some degree on POC

753

00:28:52,610 --> 00:28:51,000

the fact that there is an energetic

754

00:28:54,110 --> 00:28:52,620

exchange between different dimensions

755

00:28:59,029 --> 00:28:54,120

and

756

00:29:01,430 --> 00:28:59,039

to imagine because as you kind of just

757

00:29:04,310 --> 00:29:01,440

alluded to we can have relationships

758

00:29:07,370 --> 00:29:04,320

with bacteria in our gut right and

759

00:29:09,529 --> 00:29:07,380

there's all these alien intelligences in

760

00:29:11,690 --> 00:29:09,539

a way living inside of us already we are

761

00:29:15,230 --> 00:29:11,700

already our hybrid being we already are

762

00:29:17,930 --> 00:29:15,240

like this uh kind of synergistic

763

00:29:18,710 --> 00:29:17,940

um symbiotic environment for all these

764

00:29:22,430 --> 00:29:18,720

different

765

00:29:23,690 --> 00:29:22,440

uh kind of life forms and eventually to

766

00:29:27,529 --> 00:29:23,700

kind of work out an arrangement that's

767

00:29:29,090 --> 00:29:27,539

beneficial to both hence symbiosis so I

768

00:29:30,590 --> 00:29:29,100

think something like that is definitely

769

00:29:31,490 --> 00:29:30,600

going on

770

00:29:33,169 --> 00:29:31,500

um

771

00:29:34,310 --> 00:29:33,179

and that would be shocking to some

772

00:29:36,649 --> 00:29:34,320

people but I just don't think it's on

773

00:29:38,029 --> 00:29:36,659

this literal physical level

774

00:29:40,250 --> 00:29:38,039

um

775

00:29:43,010 --> 00:29:40,260

but but nevertheless it's again it's

776

00:29:45,169 --> 00:29:43,020

just interesting that people go there

777

00:29:48,710 --> 00:29:45,179

yeah

778

00:29:49,730 --> 00:29:48,720

um well to me the the this highlights

779

00:29:53,450 --> 00:29:49,740

the

780

00:29:55,789 --> 00:29:53,460

uh interplay between those who are close

781

00:29:58,490 --> 00:29:55,799

to the information those who aren't

782

00:30:01,250 --> 00:29:58,500

close to the information and even those

783

00:30:04,190 --> 00:30:01,260

in that inner circle how there very well

784

00:30:06,590 --> 00:30:04,200

could be differences of opinion uh on

785

00:30:08,389 --> 00:30:06,600

what might be going on

786

00:30:10,310 --> 00:30:08,399

um you know specifically too with this

787

00:30:13,190 --> 00:30:10,320

individual that you know kind of spilled

788

00:30:16,549 --> 00:30:13,200

the beans about what they saw I mean yes

789

00:30:18,769 --> 00:30:16,559

it sounded very profound or impactful

790

00:30:21,710 --> 00:30:18,779

but not so much that they didn't feel

791

00:30:25,070 --> 00:30:21,720

constrained in telling at least one

792

00:30:27,169 --> 00:30:25,080

close family member if not other people

793

00:30:28,610 --> 00:30:27,179

um so it you know that gives you a

794

00:30:33,289 --> 00:30:28,620

little peek I think behind the curtain

795

00:30:35,930 --> 00:30:33,299

of the way in which these uh situations

796

00:30:38,210 --> 00:30:35,940

or these this kind of knowledge is

797

00:30:40,970 --> 00:30:38,220

interpreted by those who are closest to

798

00:30:44,810 --> 00:30:40,980

it and how they choose to wield that

799

00:30:48,049 --> 00:30:44,820

knowledge for their benefit uh or or at

800

00:30:50,210 --> 00:30:48,059

the at the expense of our ignorance of

801

00:30:52,250 --> 00:30:50,220

it and so you know do you think that

802

00:30:54,430 --> 00:30:52,260

also kind of hinted the the battles that

803

00:30:57,710 --> 00:30:54,440

are happening behind the scenes between

804

00:30:59,330 --> 00:30:57,720

you know those in power that we we hear

805

00:31:01,909 --> 00:30:59,340

this all the time right there are some

806

00:31:03,710 --> 00:31:01,919

who uh are in favor of kind of getting

807

00:31:05,990 --> 00:31:03,720

this information out there are some that

808

00:31:07,789 --> 00:31:06,000

don't want that information out there

809

00:31:11,330 --> 00:31:07,799

are debates about whether one is right

810

00:31:13,130 --> 00:31:11,340

one is wrong uh you know as if we might

811

00:31:14,330 --> 00:31:13,140

be able to even if it came out as we

812

00:31:16,250 --> 00:31:14,340

might be able to say oh well you know

813

00:31:18,769 --> 00:31:16,260

see we were right all along that was the

814

00:31:21,350 --> 00:31:18,779

right thing to do I mean it assumes that

815

00:31:23,690 --> 00:31:21,360

we we might even have any idea what it

816

00:31:25,909 --> 00:31:23,700

actually is but uh you know what what's

817

00:31:27,350 --> 00:31:25,919

your sense of what's happening there and

818

00:31:30,110 --> 00:31:27,360

what do you think is important for us to

819

00:31:32,810 --> 00:31:30,120

keep in mind as we you know kind of hold

820

00:31:34,610 --> 00:31:32,820

our expectations uh in the balance here

821

00:31:35,870 --> 00:31:34,620

what might be coming out yeah that's a

822

00:31:37,250 --> 00:31:35,880

great question and we can probably go

823

00:31:38,690 --> 00:31:37,260

back and forth on this because I think

824

00:31:39,409 --> 00:31:38,700

there's numerous variables to think

825

00:31:41,510 --> 00:31:39,419

about

826

00:31:43,070 --> 00:31:41,520

one you kind of hinted at there so I'll

827

00:31:44,510 --> 00:31:43,080

start there

828

00:31:48,289 --> 00:31:44,520

even though you could kind of end there

829

00:31:54,830 --> 00:31:50,389

one thing the public seems to assume a

830

00:31:59,810 --> 00:31:57,950

what the secret keepers have is to

831

00:32:02,510 --> 00:31:59,820

coherent understanding of what this is

832

00:32:03,830 --> 00:32:02,520

right and so they're frustrated why

833

00:32:06,350 --> 00:32:03,840

won't you just let it out you know like

834

00:32:08,389 --> 00:32:06,360

how is it fair that you know it and we

835

00:32:11,149 --> 00:32:08,399

don't and maybe what they're thinking on

836

00:32:13,789 --> 00:32:11,159

the inside is we may have some data we

837

00:32:15,529 --> 00:32:13,799

might have a lot of data but that isn't

838

00:32:17,330 --> 00:32:15,539

necessarily we have a have mean we have

839

00:32:20,450 --> 00:32:17,340

a coherent understanding of what this is

840

00:32:22,850 --> 00:32:20,460

what it means for reality nor does it

841

00:32:24,830 --> 00:32:22,860

mean we have a you know unanimous

842

00:32:26,810 --> 00:32:24,840

decision around what it means in fact I

843

00:32:28,430 --> 00:32:26,820

think part of the infighting that's

844

00:32:30,590 --> 00:32:28,440

going on that

845

00:32:31,789 --> 00:32:30,600

creates this kind of situation where we

846

00:32:33,049 --> 00:32:31,799

get a sense that things are about to

847

00:32:34,310 --> 00:32:33,059

break and then they don't you know we've

848

00:32:35,630 --> 00:32:34,320

had this big long delay with this

849

00:32:37,669 --> 00:32:35,640

government report

850

00:32:39,950 --> 00:32:37,679

I think that points to the battles going

851

00:32:40,850 --> 00:32:39,960

on behind the scenes and it's not just

852

00:32:42,590 --> 00:32:40,860

about

853

00:32:44,690 --> 00:32:42,600

those who want to keep the secret and

854

00:32:46,909 --> 00:32:44,700

those who want to get it out is also

855

00:32:49,850 --> 00:32:46,919

everything in between you know like some

856

00:32:51,049 --> 00:32:49,860

people are convinced it's bad news it's

857

00:32:52,610 --> 00:32:51,059

demons right we've talked about this

858

00:32:56,690 --> 00:32:52,620

before the Collins Elite kind of notion

859

00:32:59,690 --> 00:32:56,700

that to even acknowledge it and publicly

860

00:33:01,190 --> 00:32:59,700

announce it gives it a foothold and a

861

00:33:04,130 --> 00:33:01,200

reality that could mean our

862

00:33:05,510 --> 00:33:04,140

civilization's demise right uh other

863

00:33:07,730 --> 00:33:05,520

people who say

864

00:33:10,730 --> 00:33:07,740

it's you one thing a government should

865

00:33:12,710 --> 00:33:10,740

never do is announce something as real

866

00:33:14,149 --> 00:33:12,720

and then have no solution for how to

867

00:33:16,850 --> 00:33:14,159

deal with it right that's that's the

868

00:33:18,830 --> 00:33:16,860

worst thing a government can do because

869

00:33:20,750 --> 00:33:18,840

the whole point of a government in terms

870

00:33:24,049 --> 00:33:20,760

of the theoretical reason for it being

871

00:33:26,210 --> 00:33:24,059

there is to govern right to have some

872

00:33:27,889 --> 00:33:26,220

sort of capacity to control the totality

873

00:33:30,409 --> 00:33:27,899

in a way that's in the best interest

874

00:33:33,289 --> 00:33:30,419

presumably for the whole populace

875

00:33:35,330 --> 00:33:33,299

so what good does it do the populace or

876

00:33:38,450 --> 00:33:35,340

the government in terms of their ability

877

00:33:40,610 --> 00:33:38,460

to hold on to governing power when they

878

00:33:43,190 --> 00:33:40,620

come out admit we have no idea what this

879

00:33:45,950 --> 00:33:43,200

is or how to control it and nothing

880

00:33:47,570 --> 00:33:45,960

prevents like I've mentioned before a

881

00:33:49,970 --> 00:33:47,580

group of aliens showing up in your

882

00:33:53,210 --> 00:33:49,980

bedroom no matter if you're hidden

883

00:33:55,070 --> 00:33:53,220

behind Fort Knox or

884

00:33:56,210 --> 00:33:55,080

you know whatever that facility at NORAD

885

00:33:58,909 --> 00:33:56,220

is

886

00:34:01,070 --> 00:33:58,919

um you know it would literally do no

887

00:34:03,590 --> 00:34:01,080

good you know you could be behind a

888

00:34:05,350 --> 00:34:03,600

20-foot lead wall and it won't make any

889

00:34:08,329 --> 00:34:05,360

difference

890

00:34:10,190 --> 00:34:08,339

so it just gets it gets really really

891

00:34:11,629 --> 00:34:10,200

complex you know again not just about

892

00:34:13,669 --> 00:34:11,639

what it is there's differences of

893

00:34:16,070 --> 00:34:13,679

opinion on that you know we've discussed

894

00:34:18,829 --> 00:34:16,080

before that governments are a

895

00:34:20,149 --> 00:34:18,839

cross-section of society you know

896

00:34:21,950 --> 00:34:20,159

you and I before we went on the air

897

00:34:24,770 --> 00:34:21,960

tonight we talked about how

898

00:34:26,329 --> 00:34:24,780

military groups tend to you know Edge

899

00:34:29,210 --> 00:34:26,339

towards more the conservative end of

900

00:34:31,490 --> 00:34:29,220

things so they they therefore have more

901
00:34:33,829 --> 00:34:31,500
traditional understandings of reality

902
00:34:35,750 --> 00:34:33,839
right they're more likely than the

903
00:34:38,750 --> 00:34:35,760
average population to lean a bit more

904
00:34:40,430 --> 00:34:38,760
conservative so it's often those people

905
00:34:43,070 --> 00:34:40,440
who are making the decisions about this

906
00:34:44,329 --> 00:34:43,080
right this is from their worldview that

907
00:34:45,770 --> 00:34:44,339
the decision is being made for everyone

908
00:34:48,589 --> 00:34:45,780
else so I think that's that's something

909
00:34:50,389 --> 00:34:48,599
people need to be cognizant of

910
00:34:52,070 --> 00:34:50,399
mm-hmm

911
00:34:54,109 --> 00:34:52,080
right and another thing we talked about

912
00:34:56,869 --> 00:34:54,119
a little bit before the the show tonight

913
00:35:00,170 --> 00:34:56,879

is the

914

00:35:02,450 --> 00:35:00,180

kind of legacy of

915

00:35:05,870 --> 00:35:02,460

interpretation that might be at work

916

00:35:08,930 --> 00:35:05,880

there in a room like that so it's not

917

00:35:10,970 --> 00:35:08,940

just a matter of oh we you know captured

918

00:35:12,890 --> 00:35:10,980

this and we're all now seeing it for the

919

00:35:15,349 --> 00:35:12,900

first time I think we're under the

920

00:35:17,349 --> 00:35:15,359

impression that this is a kind of

921

00:35:19,970 --> 00:35:17,359

knowledge that has been bouncing around

922

00:35:23,390 --> 00:35:19,980

the secret Halls of the government for

923

00:35:26,329 --> 00:35:23,400

for many many decades now and those who

924

00:35:28,450 --> 00:35:26,339

may have initially encountered this uh

925

00:35:30,230 --> 00:35:28,460

whatever it may be or aspects of it

926

00:35:33,410 --> 00:35:30,240

approached it from a particular

927

00:35:35,329 --> 00:35:33,420

perspective and uh you know they were

928

00:35:37,370 --> 00:35:35,339

living at a particular time and place

929

00:35:40,010 --> 00:35:37,380

and and there were you know geopolitical

930

00:35:42,410 --> 00:35:40,020

factors it worked there that and

931

00:35:44,870 --> 00:35:42,420

cultural factors that work there that

932

00:35:48,050 --> 00:35:44,880

may have led them down a kind of

933

00:35:51,829 --> 00:35:48,060

decision path that made a ton of sense

934

00:35:55,190 --> 00:35:51,839

um and then that way of thinking that

935

00:35:58,190 --> 00:35:55,200

that adopted perspective on this gets

936

00:36:00,890 --> 00:35:58,200

passed down to successive individuals

937

00:36:02,930 --> 00:36:00,900

who become part of those programs so it

938

00:36:06,710 --> 00:36:02,940

becomes an inherited you know kind of

939

00:36:09,230 --> 00:36:06,720

DNA of of the programs themselves and uh

940

00:36:12,589 --> 00:36:09,240

so what we may be experiencing now is is

941

00:36:14,390 --> 00:36:12,599

really the it's Legacy thinking within

942

00:36:16,790 --> 00:36:14,400

Legacy programs

943

00:36:20,510 --> 00:36:16,800

and I think that's uh very important to

944

00:36:22,510 --> 00:36:20,520

to keep in mind that uh there could very

945

00:36:25,550 --> 00:36:22,520

well be totally different perspectives

946

00:36:28,970 --> 00:36:25,560

but they just might not be all that

947

00:36:31,310 --> 00:36:28,980

prevalent Within These groups uh and so

948

00:36:32,990 --> 00:36:31,320

the the reasons for keeping the secret

949

00:36:34,910 --> 00:36:33,000

could be I don't know for some reason

950

00:36:37,130 --> 00:36:34,920

another kind of antiquated from the way

951
00:36:38,569 --> 00:36:37,140
we might look at it now but it's also

952
00:36:40,010 --> 00:36:38,579
that you know old adage you know the

953
00:36:42,950 --> 00:36:40,020
devil you know is better than the devil

954
00:36:44,930 --> 00:36:42,960
that you don't and so it's much easier

955
00:36:47,329 --> 00:36:44,940
to say well let's just uh if we can

956
00:36:50,450 --> 00:36:47,339
anyway keep a lid on this for the time

957
00:36:53,390 --> 00:36:50,460
being because we're already dealing with

958
00:36:56,630 --> 00:36:53,400
uh you know Wars and economic

959
00:36:58,250 --> 00:36:56,640
instability and pandemics and all these

960
00:37:00,290 --> 00:36:58,260
other problems that you know we're not

961
00:37:02,510 --> 00:37:00,300
even getting those things uh all that

962
00:37:04,310 --> 00:37:02,520
done all that well you know so we're

963
00:37:06,410 --> 00:37:04,320

having difficulty juggling those let's

964

00:37:08,930 --> 00:37:06,420

not introduce yet one more thing to the

965

00:37:10,670 --> 00:37:08,940

equation particularly if we don't really

966

00:37:13,670 --> 00:37:10,680

even know all that much to say about it

967

00:37:16,130 --> 00:37:13,680

yeah and I think um

968

00:37:18,230 --> 00:37:16,140

on that point

969

00:37:20,930 --> 00:37:18,240

the degree to which you're willing to

970

00:37:23,329 --> 00:37:20,940

allow change to come in

971

00:37:25,550 --> 00:37:23,339

is largely dependent on how much you

972

00:37:28,490 --> 00:37:25,560

think the status quo is worth

973

00:37:30,829 --> 00:37:28,500

maintaining right so if you have a

974

00:37:32,990 --> 00:37:30,839

comfortable existence and you know

975

00:37:34,430 --> 00:37:33,000

you've you've got your regular paycheck

976
00:37:36,829 --> 00:37:34,440
and your pensions pretty much wrapped up

977
00:37:41,030 --> 00:37:36,839
and you have a nice house with a family

978
00:37:42,950 --> 00:37:41,040
and dogs you know maybe you know these

979
00:37:45,109 --> 00:37:42,960
other existential threats that

980
00:37:47,030 --> 00:37:45,119
everyone's talking about just don't seem

981
00:37:48,470 --> 00:37:47,040
close enough to home to really persuade

982
00:37:49,910 --> 00:37:48,480
you right

983
00:37:52,310 --> 00:37:49,920
on the other hand you might be someone

984
00:37:54,530 --> 00:37:52,320
who looks at for instance

985
00:37:56,750 --> 00:37:54,540
how climate change is really impacting

986
00:37:58,430 --> 00:37:56,760
the planet already and how much land

987
00:38:00,950 --> 00:37:58,440
mass is just barely above sea level

988
00:38:03,950 --> 00:38:00,960

right and how we keep hearing these

989

00:38:06,530 --> 00:38:03,960

alarms go off around you know the

990

00:38:09,170 --> 00:38:06,540

already the the degree of warming is

991

00:38:10,550 --> 00:38:09,180

much higher you know is pacing much

992

00:38:12,109 --> 00:38:10,560

outpacing what we're expecting to begin

993

00:38:14,270 --> 00:38:12,119

with

994

00:38:16,010 --> 00:38:14,280

um and you look at for instance the

995

00:38:17,630 --> 00:38:16,020

number of animal species that have been

996

00:38:18,829 --> 00:38:17,640

wiped off the planet in the last 50

997

00:38:21,109 --> 00:38:18,839

years you know and I think it's

998

00:38:22,849 --> 00:38:21,119

something like more than the sum total

999

00:38:24,470 --> 00:38:22,859

of all of the previous history or that

1000

00:38:26,990 --> 00:38:24,480

we've been recording or whatever some

1001
00:38:28,670 --> 00:38:27,000
some large number anyway so someone like

1002
00:38:31,910 --> 00:38:28,680
that might go or they might look at it

1003
00:38:32,810 --> 00:38:31,920
and say we've still got this you know

1004
00:38:35,210 --> 00:38:32,820
um

1005
00:38:37,670 --> 00:38:35,220
immoral disparity between not just

1006
00:38:39,770 --> 00:38:37,680
between say CEOs and the people who are

1007
00:38:41,089 --> 00:38:39,780
the Frontline workers of their companies

1008
00:38:43,250 --> 00:38:41,099
which I think almost everyone would

1009
00:38:45,170 --> 00:38:43,260
agree is this obscene level of disparity

1010
00:38:46,430 --> 00:38:45,180
but then just the disparity between the

1011
00:38:47,870 --> 00:38:46,440
developing world and the first world

1012
00:38:49,730 --> 00:38:47,880
right even though we share a planet

1013
00:38:51,770 --> 00:38:49,740

right and

1014

00:38:53,630 --> 00:38:51,780

um

1015

00:38:55,550 --> 00:38:53,640

if you look at it that way you might

1016

00:38:57,950 --> 00:38:55,560

believe that a shock to the system is

1017

00:39:00,589 --> 00:38:57,960

exactly what we need in fact you look at

1018

00:39:03,530 --> 00:39:00,599

look at the world like a patient on the

1019

00:39:05,210 --> 00:39:03,540

table that's a shock to you know wake

1020

00:39:07,310 --> 00:39:05,220

their heart up is the only chance they

1021

00:39:09,829 --> 00:39:07,320

have for survival right that the status

1022

00:39:12,470 --> 00:39:09,839

quo just watching that body on the table

1023

00:39:14,030 --> 00:39:12,480

right that's non-responsive is not not a

1024

00:39:16,849 --> 00:39:14,040

solution not an option

1025

00:39:18,589 --> 00:39:16,859

so that that's really interesting to me

1026

00:39:20,569 --> 00:39:18,599

um another thing that came to mind when

1027

00:39:23,150 --> 00:39:20,579

you brought up this notion that you know

1028

00:39:26,870 --> 00:39:23,160

these Legacy perspectives on this

1029

00:39:29,990 --> 00:39:28,250

something that came to mind was

1030

00:39:32,270 --> 00:39:30,000

something that Omega Point brought up in

1031

00:39:33,710 --> 00:39:32,280

uh an interview with Richard Dolan um

1032

00:39:35,690 --> 00:39:33,720

that I know we're gonna get into in a

1033

00:39:36,770 --> 00:39:35,700

little bit for their their paper that

1034

00:39:38,750 --> 00:39:36,780

they wrote

1035

00:39:40,790 --> 00:39:38,760

called loose threads

1036

00:39:42,650 --> 00:39:40,800

and he said something really uh profound

1037

00:39:45,050 --> 00:39:42,660

where he said that what you focus on

1038

00:39:47,630 --> 00:39:45,060

will determine what you miss

1039

00:39:49,430 --> 00:39:47,640

which was a great great point and it's

1040

00:39:52,569 --> 00:39:49,440

so true and so for instance if you have

1041

00:39:56,089 --> 00:39:52,579

a a fundamentalist religious perspective

1042

00:39:57,950 --> 00:39:56,099

you might see the dart hit the center of

1043

00:39:59,810 --> 00:39:57,960

the dartboard right aha we've got this

1044

00:40:02,329 --> 00:39:59,820

we've got you know spiritual

1045

00:40:04,910 --> 00:40:02,339

manipulation we've got uh ritual abuse

1046

00:40:06,589 --> 00:40:04,920

we've got whatever might you know

1047

00:40:09,710 --> 00:40:06,599

whatever pick your poison there in terms

1048

00:40:12,290 --> 00:40:09,720

of ways that some of these others seem

1049

00:40:14,030 --> 00:40:12,300

to dominate human beings right

1050

00:40:15,890 --> 00:40:14,040

um

1051
00:40:17,690 --> 00:40:15,900
and so you go that fits the bill right

1052
00:40:20,329 --> 00:40:17,700
there do we need to go further I mean

1053
00:40:22,609 --> 00:40:20,339
come on we got a b c looks like demons

1054
00:40:25,730 --> 00:40:22,619
to me and maybe it's the outlier

1055
00:40:27,470 --> 00:40:25,740
elements that that question whether or

1056
00:40:29,210 --> 00:40:27,480
not that's actually the best fit and I

1057
00:40:31,430 --> 00:40:29,220
think in any kind of scientific Endeavor

1058
00:40:34,310 --> 00:40:31,440
or any kind of rational Endeavor we we

1059
00:40:36,230 --> 00:40:34,320
face this challenge we've evolved to

1060
00:40:38,510 --> 00:40:36,240
take shortcuts we've evolved to quickly

1061
00:40:40,670 --> 00:40:38,520
look for patterns and make decisions

1062
00:40:43,069 --> 00:40:40,680
like on the Fly because that keeps us

1063
00:40:45,050 --> 00:40:43,079

alive right that served us well but in

1064

00:40:46,730 --> 00:40:45,060

these kinds of situations we need to

1065

00:40:49,370 --> 00:40:46,740

actually discipline ourselves to slow

1066

00:40:51,530 --> 00:40:49,380

down to not leap to the first conclusion

1067

00:40:53,390 --> 00:40:51,540

that comes to mind to pay as much

1068

00:40:57,829 --> 00:40:53,400

attention to the outlier data as the

1069

00:41:01,550 --> 00:40:57,839

central data and and be very proactive

1070

00:41:04,069 --> 00:41:01,560

about testing other hypotheses my

1071

00:41:06,230 --> 00:41:04,079

concern is that some of these people

1072

00:41:07,970 --> 00:41:06,240

were not trained in those kinds of

1073

00:41:10,130 --> 00:41:07,980

faculties right they again these are

1074

00:41:11,990 --> 00:41:10,140

sometimes military people they think you

1075

00:41:13,190 --> 00:41:12,000

know you go with your gut you know

1076

00:41:15,770 --> 00:41:13,200

you know what I mean like there's a

1077

00:41:18,530 --> 00:41:15,780

certain kind of philosophy and culture

1078

00:41:20,630 --> 00:41:18,540

right that they inherit there and and

1079

00:41:23,690 --> 00:41:20,640

because it often has because it's such a

1080

00:41:25,069 --> 00:41:23,700

secret it hasn't been doled out to the

1081

00:41:27,410 --> 00:41:25,079

research Community the academic

1082

00:41:29,270 --> 00:41:27,420

Community who are more familiar with

1083

00:41:31,069 --> 00:41:29,280

trying to take something and be very

1084

00:41:32,690 --> 00:41:31,079

methodical about not jumping to

1085

00:41:34,310 --> 00:41:32,700

conclusions and and always paying

1086

00:41:36,290 --> 00:41:34,320

attention to outlier day as much as you

1087

00:41:38,690 --> 00:41:36,300

can so this is part of the problem too

1088

00:41:41,390 --> 00:41:38,700

is it's not just what the data is but

1089

00:41:43,849 --> 00:41:41,400

who gets to look at it

1090

00:41:45,349 --> 00:41:43,859

um and and with that too is a power

1091

00:41:47,810 --> 00:41:45,359

issue

1092

00:41:51,710 --> 00:41:47,820

um I don't want you in my kitchen to see

1093

00:41:53,630 --> 00:41:51,720

how I make my special whatever it is uh

1094

00:41:55,490 --> 00:41:53,640

because I love it it's my family recipe

1095

00:41:56,690 --> 00:41:55,500

you know I'm not going to give it to you

1096

00:41:57,890 --> 00:41:56,700

I don't want you to see it but when you

1097

00:41:59,510 --> 00:41:57,900

get in there and you look at it you

1098

00:42:00,890 --> 00:41:59,520

realize you're gonna you're gonna tell

1099

00:42:03,170 --> 00:42:00,900

me wait a minute you've been making this

1100

00:42:05,210 --> 00:42:03,180

sauce this way and and you think it's

1101

00:42:08,390 --> 00:42:05,220

Italian it's not Italian at all it's you

1102

00:42:09,589 --> 00:42:08,400

know you know shatter my world and you

1103

00:42:11,870 --> 00:42:09,599

know you might take that in a totally

1104

00:42:15,290 --> 00:42:11,880

different direction and uh that would

1105

00:42:17,329 --> 00:42:15,300

make me uncomfortable so uh

1106

00:42:20,089 --> 00:42:17,339

there are a lot of implications to this

1107

00:42:21,710 --> 00:42:20,099

and um I think that

1108

00:42:25,970 --> 00:42:21,720

we really are

1109

00:42:29,270 --> 00:42:25,980

at a juncture in our human story where

1110

00:42:31,069 --> 00:42:29,280

our world powers are I think in some

1111

00:42:34,190 --> 00:42:31,079

ways struggling

1112

00:42:37,130 --> 00:42:34,200

with how to continue on with the status

1113

00:42:40,970 --> 00:42:37,140

quo using status quo thinking and and

1114

00:42:46,910 --> 00:42:40,980

Status Quo tools when the populations at

1115

00:42:49,010 --> 00:42:46,920

large I think have a growing sense of uh

1116

00:42:51,829 --> 00:42:49,020

the way in which these things are

1117

00:42:54,310 --> 00:42:51,839

getting frayed it seems that they're not

1118

00:42:57,950 --> 00:42:54,320

working as well that the narrative power

1119

00:43:00,109 --> 00:42:57,960

that once held such strong sway over

1120

00:43:02,569 --> 00:43:00,119

over our everyday life like it just

1121

00:43:04,730 --> 00:43:02,579

isn't there any longer and and in many

1122

00:43:08,270 --> 00:43:04,740

ways we're looking for something that

1123

00:43:10,430 --> 00:43:08,280

will break that glass and uh disrupt the

1124

00:43:12,530 --> 00:43:10,440

entire thing so that's oftentimes why

1125

00:43:16,309 --> 00:43:12,540

you see people championing folks who are

1126

00:43:19,010 --> 00:43:16,319

uh almost chaotic in how they behave in

1127

00:43:20,329 --> 00:43:19,020

our in our larger society uh it's like

1128

00:43:22,550 --> 00:43:20,339

that train wreck that you can't look

1129

00:43:24,230 --> 00:43:22,560

away from and we're almost secretly

1130

00:43:26,809 --> 00:43:24,240

cheering them on yeah you know break

1131

00:43:28,550 --> 00:43:26,819

break that Twitter Elon Musk or you know

1132

00:43:29,630 --> 00:43:28,560

whatever it is

1133

00:43:31,670 --> 00:43:29,640

um there's this kind of strange

1134

00:43:34,910 --> 00:43:31,680

fascination with it because we we

1135

00:43:37,309 --> 00:43:34,920

recognize that normal isn't working

1136

00:43:40,430 --> 00:43:37,319

anymore at least in the way that that we

1137

00:43:43,190 --> 00:43:40,440

had been taught that it should and so I

1138

00:43:46,069 --> 00:43:43,200

think you know we're dealing with some

1139

00:43:48,530 --> 00:43:46,079

very destabilizing time periods and you

1140

00:43:50,690 --> 00:43:48,540

throw into that

1141

00:43:52,670 --> 00:43:50,700

questions of Ultimate Reality and how

1142

00:43:54,530 --> 00:43:52,680

things actually work and that we're not

1143

00:43:57,170 --> 00:43:54,540

alone and and you can see how very

1144

00:43:59,450 --> 00:43:57,180

quickly it would be

1145

00:44:00,890 --> 00:43:59,460

incredibly challenging to control and

1146

00:44:02,450 --> 00:44:00,900

control is a huge part of this right

1147

00:44:04,130 --> 00:44:02,460

right I mean

1148

00:44:05,030 --> 00:44:04,140

kind of what you just hinted at there I

1149

00:44:08,089 --> 00:44:05,040

mean

1150

00:44:09,650 --> 00:44:08,099

already in our culture we have major

1151
00:44:11,630 --> 00:44:09,660
differences of opinion amongst different

1152
00:44:13,609 --> 00:44:11,640
people groups but what reality is

1153
00:44:18,109 --> 00:44:13,619
already right

1154
00:44:22,069 --> 00:44:20,569
say that uh you know maybe what we

1155
00:44:24,650 --> 00:44:22,079
should have is a meritocracy rather than

1156
00:44:27,230 --> 00:44:24,660
a democracy right so rather than you

1157
00:44:30,470 --> 00:44:27,240
know reality TV star or an ex-football

1158
00:44:32,750 --> 00:44:30,480
player uh becoming a political candidate

1159
00:44:35,150 --> 00:44:32,760
just because people know them right

1160
00:44:36,290 --> 00:44:35,160
uh you actually look for people who have

1161
00:44:37,609 --> 00:44:36,300
a certain background and they've

1162
00:44:39,829 --> 00:44:37,619
demonstrated that they have the skill

1163
00:44:42,890 --> 00:44:39,839

set necessary right and they they have

1164

00:44:44,930 --> 00:44:42,900

the requisite sort of depth of thinking

1165

00:44:46,970 --> 00:44:44,940

and the ability to pause and consider

1166

00:44:48,770 --> 00:44:46,980

different perspectives right but of

1167

00:44:52,370 --> 00:44:48,780

course that's your and eyes of

1168

00:44:54,710 --> 00:44:52,380

definition of what a person deserving of

1169

00:44:56,870 --> 00:44:54,720

that role would exude right those are

1170

00:44:58,609 --> 00:44:56,880

their kind of quality qualities we want

1171

00:44:59,569 --> 00:44:58,619

to see but there's a huge part of the

1172

00:45:01,069 --> 00:44:59,579

population that would completely

1173

00:45:04,130 --> 00:45:01,079

disagree with that right they would say

1174

00:45:05,750 --> 00:45:04,140

that ah you know college education and

1175

00:45:07,309 --> 00:45:05,760

deep thinking just gets you in trouble

1176
00:45:08,809 --> 00:45:07,319
you know just you got your Bible you're

1177
00:45:11,089 --> 00:45:08,819
good to go I don't want those people

1178
00:45:13,550 --> 00:45:11,099
making decisions for my kids you've got

1179
00:45:15,589 --> 00:45:13,560
some parts of America where

1180
00:45:17,349 --> 00:45:15,599
you know you can't even get a library

1181
00:45:20,390 --> 00:45:17,359
starter because you've got a huge

1182
00:45:22,550 --> 00:45:20,400
continuance of uh parents who want to

1183
00:45:24,710 --> 00:45:22,560
burn books or ban books that are that

1184
00:45:26,210 --> 00:45:24,720
are pretty commonplace and that 30 years

1185
00:45:28,329 --> 00:45:26,220
ago it wasn't a big deal to have those

1186
00:45:31,609 --> 00:45:28,339
books you know in the library system

1187
00:45:33,349 --> 00:45:31,619
uh so you've got that's just within our

1188
00:45:36,050 --> 00:45:33,359

country right you've got these huge

1189

00:45:38,450 --> 00:45:36,060

disparities in terms of what reality is

1190

00:45:40,309 --> 00:45:38,460

and how you should govern right and and

1191

00:45:42,290 --> 00:45:40,319

some people seemingly willing to

1192

00:45:44,809 --> 00:45:42,300

jettison democracy if that's the only

1193

00:45:47,050 --> 00:45:44,819

way they can ensure that their version

1194

00:45:49,970 --> 00:45:47,060

of what America should be gets in right

1195

00:45:51,530 --> 00:45:49,980

so that's why I think it's laughable

1196

00:45:53,990 --> 00:45:51,540

when people say

1197

00:45:55,430 --> 00:45:54,000

oh I think we're totally ready for this

1198

00:45:57,530 --> 00:45:55,440

disclosure I'm like what do you mean

1199

00:46:00,470 --> 00:45:57,540

we're ready we we can't even handle what

1200

00:46:02,210 --> 00:46:00,480

we have now uh so so when people say

1201
00:46:03,829 --> 00:46:02,220
that I think a couple things either

1202
00:46:05,809 --> 00:46:03,839
they're not thinking it through very

1203
00:46:07,730 --> 00:46:05,819
clearly they're they're applying their

1204
00:46:09,770 --> 00:46:07,740
own situation to everybody else too much

1205
00:46:11,390 --> 00:46:09,780
right they're saying well I'm ready so

1206
00:46:13,309 --> 00:46:11,400
everybody else probably is too and my my

1207
00:46:14,390 --> 00:46:13,319
friend John my brother Chris he's ready

1208
00:46:15,970 --> 00:46:14,400
too right

1209
00:46:17,870 --> 00:46:15,980
but that's not a very you know

1210
00:46:20,030 --> 00:46:17,880
representative sample of the entire

1211
00:46:23,690 --> 00:46:20,040
culture

1212
00:46:28,609 --> 00:46:26,690
yeah so it's it's uh

1213
00:46:30,230 --> 00:46:28,619

ah we keep going back to this it's

1214

00:46:32,150 --> 00:46:30,240

incredibly complex

1215

00:46:34,130 --> 00:46:32,160

but I think because you and I are are

1216

00:46:35,690 --> 00:46:34,140

willing to you know hold open the door

1217

00:46:37,670 --> 00:46:35,700

we don't need to have

1218

00:46:39,170 --> 00:46:37,680

um all the energy sucked out into one

1219

00:46:43,069 --> 00:46:39,180

room or the other we don't need a vacuum

1220

00:46:44,930 --> 00:46:43,079

we we are okay with some ambiguity

1221

00:46:47,870 --> 00:46:44,940

I'm willing to

1222

00:46:50,990 --> 00:46:47,880

be open to the notion that

1223

00:46:53,630 --> 00:46:51,000

there are some people who have argued

1224

00:46:55,370 --> 00:46:53,640

for keeping this under wraps for now

1225

00:46:58,730 --> 00:46:55,380

really because they do think that's in

1226
00:47:00,589 --> 00:46:58,740
the best interest of the public good and

1227
00:47:02,089 --> 00:47:00,599
whether or not you agree with that is a

1228
00:47:03,349 --> 00:47:02,099
different question but I think it's

1229
00:47:04,970 --> 00:47:03,359
important to acknowledge I think there

1230
00:47:07,609 --> 00:47:04,980
are some people like that it's not all

1231
00:47:10,250 --> 00:47:07,619
just all these power mongers who are

1232
00:47:11,809 --> 00:47:10,260
worried about like losing their power uh

1233
00:47:13,609 --> 00:47:11,819
being thrown out of government or that

1234
00:47:14,930 --> 00:47:13,619
we're going to solve climate change and

1235
00:47:16,370 --> 00:47:14,940
have free energy and they just don't

1236
00:47:18,230 --> 00:47:16,380
want that because they're greedy there

1237
00:47:20,150 --> 00:47:18,240
are some like that but there are some

1238
00:47:22,790 --> 00:47:20,160

that honestly look at this and they look

1239

00:47:24,710 --> 00:47:22,800

at the already the chaotic nature of our

1240

00:47:26,089 --> 00:47:24,720

culture and they say I don't know this

1241

00:47:28,790 --> 00:47:26,099

is the one more thing that they can

1242

00:47:30,349 --> 00:47:28,800

handle right now so

1243

00:47:32,089 --> 00:47:30,359

um

1244

00:47:34,730 --> 00:47:32,099

yeah it's worth considering it from

1245

00:47:37,010 --> 00:47:34,740

different points of view and it's easy

1246

00:47:39,770 --> 00:47:37,020

to uh to argue from a vacuum right when

1247

00:47:41,630 --> 00:47:39,780

we don't there's so much we don't know

1248

00:47:43,190 --> 00:47:41,640

um in terms of what data they're sitting

1249

00:47:44,870 --> 00:47:43,200

on it's easy to sort of become an

1250

00:47:46,849 --> 00:47:44,880

armchair quarterback and make decisions

1251

00:47:48,589 --> 00:47:46,859

but until you're really in that

1252

00:47:50,569 --> 00:47:48,599

situation fully aware of the of the

1253

00:47:51,950 --> 00:47:50,579

implications you don't really know what

1254

00:47:54,530 --> 00:47:51,960

you would do

1255

00:47:59,089 --> 00:47:56,809

but that said again I think it comes

1256

00:48:00,829 --> 00:47:59,099

down to how much of a shock to the

1257

00:48:02,270 --> 00:48:00,839

system do you feel we need and I think

1258

00:48:04,069 --> 00:48:02,280

every person will answer that slightly

1259

00:48:06,109 --> 00:48:04,079

differently you and I talked earlier

1260

00:48:08,030 --> 00:48:06,119

tonight about when you have a family and

1261

00:48:09,589 --> 00:48:08,040

responsibilities it kind of changes the

1262

00:48:10,660 --> 00:48:09,599

equation a bit and it certainly does

1263

00:48:11,089 --> 00:48:10,670

right

1264

00:48:12,589 --> 00:48:11,099

[Music]

1265

00:48:14,329 --> 00:48:12,599

um

1266

00:48:16,849 --> 00:48:14,339

and then it again it becomes an

1267

00:48:18,410 --> 00:48:16,859

interesting calculus between are my kids

1268

00:48:20,510 --> 00:48:18,420

better off with

1269

00:48:23,329 --> 00:48:20,520

trying to maintain the status quo and

1270

00:48:24,950 --> 00:48:23,339

change things incrementally or is it in

1271

00:48:26,750 --> 00:48:24,960

their long-term best interest to like

1272

00:48:28,910 --> 00:48:26,760

blow everything up now not literally but

1273

00:48:31,250 --> 00:48:28,920

I mean figuratively for the sake of

1274

00:48:33,829 --> 00:48:31,260

maybe by the time they're my age they

1275

00:48:35,390 --> 00:48:33,839

have a world that seems more peaceful

1276

00:48:38,510 --> 00:48:35,400

sustainable

1277

00:48:43,730 --> 00:48:41,510

well and I I wanted to explore too like

1278

00:48:48,730 --> 00:48:43,740

to what extent do you think that holding

1279

00:48:51,710 --> 00:48:48,740

back some of the maybe fundamental uh

1280

00:48:54,349 --> 00:48:51,720

discoveries keeping those discoveries

1281

00:48:56,809 --> 00:48:54,359

behind closed doors it creates a real

1282

00:48:59,990 --> 00:48:56,819

power or disparity in other words

1283

00:49:02,210 --> 00:49:00,000

they're weaponizing nature so the nature

1284

00:49:04,130 --> 00:49:02,220

of reality to their advantage or their

1285

00:49:08,450 --> 00:49:04,140

weaponizing technology that they've

1286

00:49:10,069 --> 00:49:08,460

acquired to the state's Advantage uh you

1287

00:49:13,130 --> 00:49:10,079

know at the detriment of their own

1288

00:49:14,750 --> 00:49:13,140

citizenry let alone those who are in the

1289

00:49:16,790 --> 00:49:14,760

rest of the world there are certainly

1290

00:49:18,890 --> 00:49:16,800

signs that point to that being the case

1291

00:49:22,250 --> 00:49:18,900

I mean like remote viewing in particular

1292

00:49:24,290 --> 00:49:22,260

comes to mind this uh you know sort of

1293

00:49:27,589 --> 00:49:24,300

discovery that you know

1294

00:49:29,690 --> 00:49:27,599

of non-locality and uh our ability to

1295

00:49:31,730 --> 00:49:29,700

kind of peer into you know different

1296

00:49:34,089 --> 00:49:31,740

places and time and space and and

1297

00:49:37,190 --> 00:49:34,099

retrieve information as if we were there

1298

00:49:38,809 --> 00:49:37,200

uh you know has has absolutely been used

1299

00:49:41,569 --> 00:49:38,819

by our government in some form or

1300

00:49:43,309 --> 00:49:41,579

fashion uh has been studied and and most

1301

00:49:45,230 --> 00:49:43,319

would agree who studied this closely

1302

00:49:49,010 --> 00:49:45,240

that it's still happening to this day

1303

00:49:51,710 --> 00:49:49,020

but but that one little fact is a

1304

00:49:53,950 --> 00:49:51,720

insight into the nature of how reality

1305

00:49:56,630 --> 00:49:53,960

actually is that would probably change

1306

00:49:58,849 --> 00:49:56,640

the rest of the world

1307

00:50:00,650 --> 00:49:58,859

um and so it's it's a it's a I can see

1308

00:50:02,450 --> 00:50:00,660

why they keep it secret because it's a

1309

00:50:05,030 --> 00:50:02,460

it gives them a great degree of power

1310

00:50:07,670 --> 00:50:05,040

but it's it also feels very selfish to

1311

00:50:10,309 --> 00:50:07,680

withhold that kind of knowledge about

1312

00:50:12,470 --> 00:50:10,319

the nature of reality from from all of

1313

00:50:13,609 --> 00:50:12,480

us yeah I'm glad I'm glad we're spending

1314

00:50:15,470 --> 00:50:13,619

an episode getting into this because

1315

00:50:18,470 --> 00:50:15,480

there's so many nuances to it it really

1316

00:50:20,270 --> 00:50:18,480

is so complex and I I want to be careful

1317

00:50:21,650 --> 00:50:20,280

to dance around a bit here because I

1318

00:50:22,670 --> 00:50:21,660

don't want to give people the impression

1319

00:50:26,030 --> 00:50:22,680

that I'm

1320

00:50:27,650 --> 00:50:26,040

I'm all you know for disclosure or

1321

00:50:29,990 --> 00:50:27,660

completely against disclosure I'm saying

1322

00:50:32,510 --> 00:50:30,000

that I think it's complicated I do think

1323

00:50:34,550 --> 00:50:32,520

though to your point that absolutely and

1324

00:50:37,250 --> 00:50:34,560

I want to make this clear there have

1325

00:50:40,790 --> 00:50:37,260

been some military groups

1326
00:50:44,569 --> 00:50:40,800
some Elite elitist groups who have kept

1327
00:50:47,750 --> 00:50:44,579
this for themselves and they've been in

1328
00:50:50,630 --> 00:50:47,760
a silo of thinking for so long a culture

1329
00:50:52,849 --> 00:50:50,640
Silo for so long that they no longer are

1330
00:50:54,770 --> 00:50:52,859
able to distinguish between what's

1331
00:50:57,049 --> 00:50:54,780
really in the best interest of the

1332
00:51:00,410 --> 00:50:57,059
society they supposedly serve versus

1333
00:51:02,630 --> 00:51:00,420
what's in their best interest as a as a

1334
00:51:04,849 --> 00:51:02,640
group or as a you know some sort of body

1335
00:51:06,770 --> 00:51:04,859
that's in power they really can't even

1336
00:51:09,470 --> 00:51:06,780
separate the two anymore and because

1337
00:51:10,849 --> 00:51:09,480
there is no conversation going on with

1338
00:51:12,589 --> 00:51:10,859

the public to ensure that they are

1339

00:51:14,450 --> 00:51:12,599

making decisions in our best interest

1340

00:51:16,790 --> 00:51:14,460

because they claim National Security and

1341

00:51:18,590 --> 00:51:16,800

so you have this disconnect right for

1342

00:51:19,250 --> 00:51:18,600

Generations now basically

1343

00:51:20,390 --> 00:51:19,260

[Music]

1344

00:51:22,309 --> 00:51:20,400

um

1345

00:51:23,510 --> 00:51:22,319

that that makes it all more likely that

1346

00:51:25,430 --> 00:51:23,520

they're they're completely out of touch

1347

00:51:27,710 --> 00:51:25,440

with what what really would matter to

1348

00:51:29,510 --> 00:51:27,720

the rest of us and by the way speaking

1349

00:51:31,849 --> 00:51:29,520

of generations that's that's a big

1350

00:51:33,650 --> 00:51:31,859

reason why there's this push to get

1351

00:51:35,150 --> 00:51:33,660

whistleblowers in front of Congress

1352

00:51:37,030 --> 00:51:35,160

because a lot of these people are

1353

00:51:40,370 --> 00:51:37,040

passing away I mean right this has been

1354

00:51:43,910 --> 00:51:40,380

generations of secrecy right

1355

00:51:49,790 --> 00:51:47,270

but I think there is

1356

00:51:52,250 --> 00:51:49,800

clear evidence that I see that there

1357

00:51:54,410 --> 00:51:52,260

have been some elitist kind of military

1358

00:51:58,370 --> 00:51:54,420

groups

1359

00:52:00,650 --> 00:51:58,380

that have even made Accords with some of

1360

00:52:03,230 --> 00:52:00,660

the less benevolent

1361

00:52:04,970 --> 00:52:03,240

extraterrestrial groups or non-human

1362

00:52:08,750 --> 00:52:04,980

intelligent groups

1363

00:52:10,190 --> 00:52:08,760

and that they while they may justify to

1364

00:52:12,170 --> 00:52:10,200

themselves that this is in the best

1365

00:52:14,030 --> 00:52:12,180

interest of the populace that doesn't

1366

00:52:16,010 --> 00:52:14,040

mean it actually is it just means that

1367

00:52:18,230 --> 00:52:16,020

they are able to convince themselves of

1368

00:52:20,510 --> 00:52:18,240

that and I really do think they

1369

00:52:22,370 --> 00:52:20,520

sometimes sincerely believe that but

1370

00:52:23,930 --> 00:52:22,380

this is exactly why you have democracy

1371

00:52:27,230 --> 00:52:23,940

this is exactly why you're supposed to

1372

00:52:28,730 --> 00:52:27,240

have transparency because everyone can

1373

00:52:30,770 --> 00:52:28,740

get it get into a place where they're a

1374

00:52:32,690 --> 00:52:30,780

bit deluded about how that would land

1375

00:52:35,809 --> 00:52:32,700

with the populace if there isn't an

1376

00:52:39,410 --> 00:52:35,819

ongoing conversation going on so

1377

00:52:42,170 --> 00:52:41,089

swallowed thinking is a huge part of the

1378

00:52:43,910 --> 00:52:42,180

problem

1379

00:52:45,770 --> 00:52:43,920

um in terms of you know even different

1380

00:52:46,910 --> 00:52:45,780

agencies sharing information so we can

1381

00:52:48,349 --> 00:52:46,920

try and get more of a robust

1382

00:52:50,329 --> 00:52:48,359

understanding

1383

00:52:51,950 --> 00:52:50,339

and as I say all this too it occurs to

1384

00:52:53,390 --> 00:52:51,960

me I sort of have my own understanding

1385

00:52:55,250 --> 00:52:53,400

of what's going on right and then I sort

1386

00:52:57,589 --> 00:52:55,260

of put on this other hat where I sort of

1387

00:52:59,030 --> 00:52:57,599

become the typical ufologist behind the

1388

00:53:00,950 --> 00:52:59,040

scenes talking what's going on but those

1389

00:53:02,270 --> 00:53:00,960

are kind of two different viewpoints so

1390

00:53:04,010 --> 00:53:02,280

just so people are clear right now I'm

1391

00:53:05,329 --> 00:53:04,020

sort of the typical you follow just hat

1392

00:53:07,069 --> 00:53:05,339

I'm wearing right now

1393

00:53:09,589 --> 00:53:07,079

and um

1394

00:53:11,630 --> 00:53:09,599

from that point of view I can see how

1395

00:53:13,370 --> 00:53:11,640

people are adamant we just need data

1396

00:53:15,470 --> 00:53:13,380

give us data and let us decide what to

1397

00:53:16,910 --> 00:53:15,480

do with it

1398

00:53:20,630 --> 00:53:16,920

mm-hmm

1399

00:53:23,089 --> 00:53:20,640

right yeah that's uh you know you bring

1400

00:53:26,270 --> 00:53:23,099

up a good point there that

1401
00:53:28,069 --> 00:53:26,280
the more one spends with the topic the

1402
00:53:29,870 --> 00:53:28,079
more

1403
00:53:32,150 --> 00:53:29,880
I guess like

1404
00:53:33,650 --> 00:53:32,160
they'd use the word you know concrete

1405
00:53:36,170 --> 00:53:33,660
but ideas become a little bit more

1406
00:53:38,329 --> 00:53:36,180
concrete as to what it actually is and I

1407
00:53:40,069 --> 00:53:38,339
know you've come along on your own

1408
00:53:42,410 --> 00:53:40,079
journey to a place where you feel a

1409
00:53:45,589 --> 00:53:42,420
little more strongly about you know what

1410
00:53:49,069 --> 00:53:45,599
it actually is and um that leads me to

1411
00:53:53,750 --> 00:53:49,079
the question of you know how much

1412
00:53:58,309 --> 00:53:56,870
the the issue of disclosure anyway you

1413
00:54:00,829 --> 00:53:58,319

know like because I think about this

1414

00:54:02,510 --> 00:54:00,839

quite a bit right like to me there are

1415

00:54:05,809 --> 00:54:02,520

enough

1416

00:54:09,890 --> 00:54:05,819

truths about reality that

1417

00:54:12,470 --> 00:54:09,900

don't involve UFOs or you know

1418

00:54:15,589 --> 00:54:12,480

paranormality that

1419

00:54:17,510 --> 00:54:15,599

occupy my own thinking enough and and

1420

00:54:20,470 --> 00:54:17,520

kind of and I can arrive in a very

1421

00:54:22,970 --> 00:54:20,480

similar place without needing those

1422

00:54:26,870 --> 00:54:22,980

nuggets of information

1423

00:54:29,589 --> 00:54:26,880

um so you know an example it would be uh

1424

00:54:32,030 --> 00:54:29,599

just how vast the universe actually is

1425

00:54:35,150 --> 00:54:32,040

the chances that there are other

1426

00:54:38,450 --> 00:54:35,160

intelligent life forms other than us

1427

00:54:40,670 --> 00:54:38,460

that exist and who are arguably far more

1428

00:54:43,130 --> 00:54:40,680

intelligent than we are like I mean the

1429

00:54:46,010 --> 00:54:43,140

math is just astronomically in favor of

1430

00:54:47,930 --> 00:54:46,020

that so whether they're here or not I

1431

00:54:50,030 --> 00:54:47,940

don't even need that to be true to know

1432

00:54:51,770 --> 00:54:50,040

that they're real

1433

00:54:55,250 --> 00:54:51,780

um just based on the math

1434

00:54:58,490 --> 00:54:55,260

and if they're real then what does that

1435

00:55:01,790 --> 00:54:58,500

then mean for my own way of thinking my

1436

00:55:05,630 --> 00:55:01,800

own cosmology uh these questions of

1437

00:55:08,569 --> 00:55:05,640

ultimate truth because I can then easily

1438

00:55:10,309 --> 00:55:08,579

go from that one nugget to well let's

1439

00:55:12,530 --> 00:55:10,319

take an analogy from where we actually

1440

00:55:14,569 --> 00:55:12,540

are so you know we talked about this

1441

00:55:16,010 --> 00:55:14,579

before the show but you know we you know

1442

00:55:18,650 --> 00:55:16,020

there are other life forms that occupy

1443

00:55:20,930 --> 00:55:18,660

our Earth their ants their fish and they

1444

00:55:23,750 --> 00:55:20,940

live in their own little biomes and they

1445

00:55:24,950 --> 00:55:23,760

have absolutely zero awareness or very

1446

00:55:28,549 --> 00:55:24,960

little awareness that they're

1447

00:55:31,430 --> 00:55:28,559

interacting with us and and to to an ant

1448

00:55:33,290 --> 00:55:31,440

or a fish like they've got reality all

1449

00:55:35,930 --> 00:55:33,300

figured out like it it makes perfect

1450

00:55:38,089 --> 00:55:35,940

sense and and we're we're in this

1451
00:55:40,010 --> 00:55:38,099
scenario we're the same we're we're the

1452
00:55:42,170 --> 00:55:40,020
ant we're we're the fish and the larger

1453
00:55:44,450 --> 00:55:42,180
biome is the universe and you know we

1454
00:55:46,069 --> 00:55:44,460
have this arrogance that oh you know

1455
00:55:47,990 --> 00:55:46,079
we've got this all figured out and

1456
00:55:50,089 --> 00:55:48,000
you've got our you know physicists our

1457
00:55:51,710 --> 00:55:50,099
popular physicists on TV all the time

1458
00:55:53,750 --> 00:55:51,720
you know making these Grand Prix

1459
00:55:56,809 --> 00:55:53,760
announcements about you know what alien

1460
00:55:59,390 --> 00:55:56,819
life might be or what what have you but

1461
00:56:02,870 --> 00:55:59,400
uh we're we're just as ignorant if not

1462
00:56:05,930 --> 00:56:02,880
more so than those ants and fish right

1463
00:56:08,809 --> 00:56:05,940

and so I I guess you know I want to put

1464

00:56:11,510 --> 00:56:08,819

it to you I mean how important is it

1465

00:56:13,370 --> 00:56:11,520

that somebody steps up to a Podium and

1466

00:56:16,609 --> 00:56:13,380

says hey we've got bodies hey we've got

1467

00:56:18,349 --> 00:56:16,619

craft and uh and you know it's going to

1468

00:56:21,710 --> 00:56:18,359

change your life forever you know do we

1469

00:56:24,470 --> 00:56:21,720

do we even need that in other words to

1470

00:56:26,150 --> 00:56:24,480

come to the kind of awareness that that

1471

00:56:28,490 --> 00:56:26,160

we probably

1472

00:56:30,829 --> 00:56:28,500

should be arriving at just taking into

1473

00:56:33,770 --> 00:56:30,839

consideration what we already know about

1474

00:56:35,270 --> 00:56:33,780

our own experience yeah that's a great

1475

00:56:38,750 --> 00:56:35,280

point I mean you mentioned earlier

1476

00:56:40,490 --> 00:56:38,760

remote viewing I mean there is all sorts

1477

00:56:44,630 --> 00:56:40,500

of evidence you know within

1478

00:56:48,230 --> 00:56:44,640

parapsychology to demonstrate how valid

1479

00:56:49,970 --> 00:56:48,240

Psy is right and um so we don't need to

1480

00:56:52,190 --> 00:56:49,980

have proof that a gray alien can

1481

00:56:55,250 --> 00:56:52,200

telepathically communicate to to John

1482

00:56:56,109 --> 00:56:55,260

Doe right we know that human beings can

1483

00:56:58,609 --> 00:56:56,119

do it

1484

00:57:00,349 --> 00:56:58,619

we know that when people experience a

1485

00:57:02,870 --> 00:57:00,359

near-death experience it seems to be the

1486

00:57:05,569 --> 00:57:02,880

case that the physical body is not the

1487

00:57:06,650 --> 00:57:05,579

sum total of what a human being is and

1488

00:57:08,329 --> 00:57:06,660

that

1489

00:57:10,309 --> 00:57:08,339

um they these people will sometimes come

1490

00:57:11,690 --> 00:57:10,319

back with new capacities

1491

00:57:14,990 --> 00:57:11,700

you know for instance they have

1492

00:57:17,030 --> 00:57:15,000

precognitive dreams or they can sense

1493

00:57:19,910 --> 00:57:17,040

people's emotions or their thoughts

1494

00:57:21,710 --> 00:57:19,920

right new capacities come online that

1495

00:57:23,750 --> 00:57:21,720

are very uncannily similar to what

1496

00:57:25,190 --> 00:57:23,760

happens when people are sometimes in the

1497

00:57:28,309 --> 00:57:25,200

presence of a gray alien or something

1498

00:57:29,750 --> 00:57:28,319

like that so you know you think yeah out

1499

00:57:32,690 --> 00:57:29,760

of body experiences near-death

1500

00:57:34,549 --> 00:57:32,700

experiences remote viewing telepathies

1501
00:57:35,990 --> 00:57:34,559
telekinesis you know all these things

1502
00:57:38,210 --> 00:57:36,000
that we have

1503
00:57:40,609 --> 00:57:38,220
evidence that even if most people are

1504
00:57:43,910 --> 00:57:40,619
not like in you know incredibly skillful

1505
00:57:46,010 --> 00:57:43,920
in these zones yet in these areas we do

1506
00:57:47,930 --> 00:57:46,020
see evidence pretty much across the

1507
00:57:50,390 --> 00:57:47,940
board that everyone to some degree is

1508
00:57:52,670 --> 00:57:50,400
psychic right which already tells us as

1509
00:57:54,710 --> 00:57:52,680
you're hinting at something fundamental

1510
00:57:57,829 --> 00:57:54,720
about the nature of reality right that

1511
00:58:00,170 --> 00:57:57,839
that what the conventional model tells

1512
00:58:01,849 --> 00:58:00,180
us can't be correct and what's

1513
00:58:02,930 --> 00:58:01,859

surprising about that and you and I were

1514

00:58:04,970 --> 00:58:02,940

talking about this before we went on the

1515

00:58:06,890 --> 00:58:04,980

air it hasn't really changed much right

1516

00:58:08,870 --> 00:58:06,900

or even like you know quantum mechanics

1517

00:58:12,290 --> 00:58:08,880

and you said earlier you know like local

1518

00:58:14,450 --> 00:58:12,300

realism is not a thing right I mean uh a

1519

00:58:17,030 --> 00:58:14,460

Pulitzer Prize was recently won by a

1520

00:58:18,530 --> 00:58:17,040

group who demonstrated this and yet you

1521

00:58:22,250 --> 00:58:18,540

know this is not the kind of thing you

1522

00:58:24,290 --> 00:58:22,260

you see on the the the magazines at the

1523

00:58:25,849 --> 00:58:24,300

Walmart checkout right I mean it's

1524

00:58:27,349 --> 00:58:25,859

generally not right so it's more like

1525

00:58:29,390 --> 00:58:27,359

what are the Kardashians doing this week

1526

00:58:30,650 --> 00:58:29,400

so I mean that's that's kind of the

1527

00:58:33,589 --> 00:58:30,660

center of gravity of our civilization

1528

00:58:34,790 --> 00:58:33,599

right I mean even when we do have for

1529

00:58:37,250 --> 00:58:34,800

those who are really paying attention

1530

00:58:39,349 --> 00:58:37,260

those who have eyes to see

1531

00:58:41,809 --> 00:58:39,359

um we have all we need basically already

1532

00:58:44,569 --> 00:58:41,819

to say that reality is fundamentally

1533

00:58:46,309 --> 00:58:44,579

different and more connected than what

1534

00:58:49,910 --> 00:58:46,319

we've been told and yet it has not

1535

00:58:52,190 --> 00:58:49,920

changed the the majority position

1536

00:58:53,930 --> 00:58:52,200

um and so like you say it begs the

1537

00:58:54,890 --> 00:58:53,940

question if there's a press conference

1538

00:58:57,650 --> 00:58:54,900

tomorrow

1539

00:59:00,049 --> 00:58:57,660

where they say here's some photos of the

1540

00:59:01,670 --> 00:59:00,059

bodies here's the craft as it turns out

1541

00:59:02,990 --> 00:59:01,680

we've been able to you know re-engineer

1542

00:59:05,690 --> 00:59:03,000

a couple of these

1543

00:59:07,910 --> 00:59:05,700

how much would that really change things

1544

00:59:10,309 --> 00:59:07,920

you know I think some people

1545

00:59:11,450 --> 00:59:10,319

kind of have this Shangri-La hope that

1546

00:59:13,430 --> 00:59:11,460

it's going to be the one thing that's

1547

00:59:14,630 --> 00:59:13,440

really going to tip the scales and

1548

00:59:16,730 --> 00:59:14,640

suddenly we'll be working with free

1549

00:59:18,650 --> 00:59:16,740

energy 10 years from now and there will

1550

00:59:20,809 --> 00:59:18,660

be no multinational corporations and the

1551
00:59:22,569 --> 00:59:20,819
free market system will have been you

1552
00:59:25,670 --> 00:59:22,579
know given birth or something much more

1553
00:59:28,670 --> 00:59:25,680
synergistic and sustainable and you know

1554
00:59:29,450 --> 00:59:28,680
all these kind of pipe dreams that you

1555
00:59:31,370 --> 00:59:29,460
ask

1556
00:59:32,990 --> 00:59:31,380
is that really connected to reality

1557
00:59:35,329 --> 00:59:33,000
based on what we just said that already

1558
00:59:37,250 --> 00:59:35,339
there's revelation of all these things

1559
00:59:39,470 --> 00:59:37,260
being true and yet most of the populace

1560
00:59:40,490 --> 00:59:39,480
either is not aware of it or when

1561
00:59:43,930 --> 00:59:40,500
they're aware of it it just doesn't

1562
00:59:46,789 --> 00:59:43,940
really change their day-to-day Behavior

1563
00:59:48,470 --> 00:59:46,799

right and and think too uh you know

1564

00:59:50,390 --> 00:59:48,480

situations that I'm sure a lot of folks

1565

00:59:52,250 --> 00:59:50,400

fantasize about since we've grown up

1566

00:59:54,530 --> 00:59:52,260

with these kinds of cultural influences

1567

00:59:56,390 --> 00:59:54,540

but oh I could have a spaceship you know

1568

00:59:59,089 --> 00:59:56,400

I could I could travel with a Galaxy and

1569

01:00:00,829 --> 00:59:59,099

I could visit different alien worlds and

1570

01:00:03,650 --> 01:00:00,839

you know whatever but I mean the

1571

01:00:05,990 --> 01:00:03,660

consequences of uh you know billions of

1572

01:00:08,030 --> 01:00:06,000

humans just sort of you know dispersing

1573

01:00:10,370 --> 01:00:08,040

themselves through the universe uh you

1574

01:00:11,990 --> 01:00:10,380

know riding around with uh

1575

01:00:13,370 --> 01:00:12,000

technology that could very easily

1576

01:00:15,770 --> 01:00:13,380

weaponize to wipe out other

1577

01:00:17,329 --> 01:00:15,780

civilizations is absolutely horrible and

1578

01:00:19,670 --> 01:00:17,339

by the way we're moving into a time

1579

01:00:21,349 --> 01:00:19,680

period in our in our own culture and our

1580

01:00:22,910 --> 01:00:21,359

own technological advancement

1581

01:00:23,990 --> 01:00:22,920

where we could basically have that

1582

01:00:26,569 --> 01:00:24,000

experience with it actually without

1583

01:00:29,089 --> 01:00:26,579

actually leaving our planet you know so

1584

01:00:32,930 --> 01:00:29,099

we're um I mean you know I have a

1585

01:00:34,190 --> 01:00:32,940

fascination with the AI art and and uh

1586

01:00:37,130 --> 01:00:34,200

I'm really interested in where that's

1587

01:00:39,170 --> 01:00:37,140

going and and it's very easy for me to

1588

01:00:42,170 --> 01:00:39,180

see that we are on the at the very

1589

01:00:45,349 --> 01:00:42,180

beginning stages of a custom

1590

01:00:47,990 --> 01:00:45,359

a highly customized experience of

1591

01:00:51,049 --> 01:00:48,000

reality that will be brought to all of

1592

01:00:54,230 --> 01:00:51,059

our eyeballs and senses uh you know at

1593

01:00:57,470 --> 01:00:54,240

our at our beck and call and uh we don't

1594

01:00:58,609 --> 01:00:57,480

need spaceships to have that so

1595

01:01:00,890 --> 01:00:58,619

um you know it's just it's just

1596

01:01:04,030 --> 01:01:00,900

interesting to me the motivations that I

1597

01:01:07,490 --> 01:01:04,040

observe behind the need for disclosure

1598

01:01:09,349 --> 01:01:07,500

and you know kind of assessing what

1599

01:01:11,510 --> 01:01:09,359

those motivations might be and the and

1600

01:01:13,849 --> 01:01:11,520

the character of individuals that are

1601
01:01:14,750 --> 01:01:13,859
calling for that and you know what is it

1602
01:01:16,730 --> 01:01:14,760
they're going to do with that

1603
01:01:18,829 --> 01:01:16,740
information and how is it they're going

1604
01:01:20,270 --> 01:01:18,839
to change what what what is their life

1605
01:01:23,089 --> 01:01:20,280
going to be like how will they interact

1606
01:01:26,270 --> 01:01:23,099
with their people differently uh and and

1607
01:01:28,250 --> 01:01:26,280
you know also to the point if if uh if

1608
01:01:29,569 --> 01:01:28,260
this is real for you then you know it

1609
01:01:31,609 --> 01:01:29,579
should be changing the way you live your

1610
01:01:33,349 --> 01:01:31,619
life right now you know you shouldn't

1611
01:01:35,329 --> 01:01:33,359
need someone to step forward on an

1612
01:01:37,309 --> 01:01:35,339
official capacity and make a

1613
01:01:40,010 --> 01:01:37,319

pronouncement for you to live

1614

01:01:41,990 --> 01:01:40,020

differently in the world where you

1615

01:01:43,609 --> 01:01:42,000

happen to be you know how are you

1616

01:01:44,930 --> 01:01:43,619

treating those that you care about how

1617

01:01:47,450 --> 01:01:44,940

are you treating those that you live

1618

01:01:48,770 --> 01:01:47,460

near uh what are the decisions that

1619

01:01:51,829 --> 01:01:48,780

you're making I mean these are things

1620

01:01:53,809 --> 01:01:51,839

that we still have to figure out and a

1621

01:01:55,789 --> 01:01:53,819

disclosure of an alien body is going to

1622

01:01:58,910 --> 01:01:55,799

solve that for us right and I think of

1623

01:01:59,930 --> 01:01:58,920

two tangents that I can go on with that

1624

01:02:01,990 --> 01:01:59,940

point

1625

01:02:02,630 --> 01:02:02,000

the first one being that

1626
01:02:04,190 --> 01:02:02,640

[Music]

1627
01:02:07,370 --> 01:02:04,200
um

1628
01:02:11,750 --> 01:02:09,470
the irony is

1629
01:02:13,910 --> 01:02:11,760
in some ways all the evidence you need

1630
01:02:15,289 --> 01:02:13,920
already exists you know again depending

1631
01:02:17,329 --> 01:02:15,299
on what you consider evidence right

1632
01:02:19,970 --> 01:02:17,339
we've discussed this before

1633
01:02:22,490 --> 01:02:19,980
but to me it seems Preposterous that

1634
01:02:26,270 --> 01:02:22,500
this wealth of experience for literature

1635
01:02:29,270 --> 01:02:26,280
we have that going back decades now

1636
01:02:30,950 --> 01:02:29,280
is is all dismissable as you know

1637
01:02:32,470 --> 01:02:30,960
anecdotal therefore we can't take it

1638
01:02:34,970 --> 01:02:32,480

seriously whatever there's just so much

1639

01:02:37,250 --> 01:02:34,980

overlap so many common elements even

1640

01:02:38,930 --> 01:02:37,260

absurdly common elements right that

1641

01:02:41,150 --> 01:02:38,940

people wouldn't want to bring into the

1642

01:02:42,589 --> 01:02:41,160

picture that are there amongst people

1643

01:02:44,450 --> 01:02:42,599

that are considered credible and as I've

1644

01:02:47,510 --> 01:02:44,460

said many times even if you allow for a

1645

01:02:51,349 --> 01:02:47,520

fairly large portion to be fraudulent or

1646

01:02:52,849 --> 01:02:51,359

misidentified or whatever your mental

1647

01:02:55,430 --> 01:02:52,859

illness you know you can add all that in

1648

01:02:57,710 --> 01:02:55,440

but you still with a sheer number it's

1649

01:02:59,690 --> 01:02:57,720

still pointing to a real reality you

1650

01:03:03,230 --> 01:02:59,700

know it's it's saying that

1651

01:03:05,030 --> 01:03:03,240

there are these beings that

1652

01:03:06,650 --> 01:03:05,040

um are kind of across the board in terms

1653

01:03:08,870 --> 01:03:06,660

of the moral Spectrum while some people

1654

01:03:11,569 --> 01:03:08,880

want to say it's all love and light are

1655

01:03:14,210 --> 01:03:11,579

all demons in darkness I don't see how

1656

01:03:16,549 --> 01:03:14,220

you square that with the data

1657

01:03:18,589 --> 01:03:16,559

I think yes sometimes people have

1658

01:03:20,270 --> 01:03:18,599

ontologically shocking experiences and

1659

01:03:21,530 --> 01:03:20,280

they ascribe negative qualities to

1660

01:03:23,390 --> 01:03:21,540

beings that we're not trying to be

1661

01:03:25,849 --> 01:03:23,400

negative or malevolent

1662

01:03:29,690 --> 01:03:25,859

but there are also plenty of times where

1663

01:03:32,990 --> 01:03:29,700

the encounters are definitely more

1664

01:03:34,849 --> 01:03:33,000

um intrusive and and negative in tone

1665

01:03:37,549 --> 01:03:34,859

than they need to be right especially

1666

01:03:39,710 --> 01:03:37,559

for a supposedly Advanced race on the

1667

01:03:41,450 --> 01:03:39,720

other hand uh you know there are beings

1668

01:03:44,690 --> 01:03:41,460

that are very positive and inspirational

1669

01:03:47,750 --> 01:03:44,700

and heal people right and we have

1670

01:03:50,870 --> 01:03:47,760

depictions of these beings seen across

1671

01:03:52,849 --> 01:03:50,880

cultures and over time right and we have

1672

01:03:54,650 --> 01:03:52,859

you know narratives around where they

1673

01:03:55,970 --> 01:03:54,660

come from and to what degree or the

1674

01:03:57,829 --> 01:03:55,980

Extraterrestrial and what degree are

1675

01:03:59,450 --> 01:03:57,839

they interdimensional I'm not saying

1676

01:04:01,270 --> 01:03:59,460

it's easy to sort all that out and you

1677

01:04:03,589 --> 01:04:01,280

still always have to work through

1678

01:04:05,450 --> 01:04:03,599

people's individual biases their

1679

01:04:06,950 --> 01:04:05,460

individual interpretive grids that

1680

01:04:10,250 --> 01:04:06,960

they're pulling this information through

1681

01:04:12,530 --> 01:04:10,260

but you can still do the work to try to

1682

01:04:14,390 --> 01:04:12,540

mask all that data take into account all

1683

01:04:16,609 --> 01:04:14,400

those different World Views and still

1684

01:04:19,130 --> 01:04:16,619

see what strains through right as sort

1685

01:04:20,930 --> 01:04:19,140

of like common ground and that basically

1686

01:04:23,030 --> 01:04:20,940

gives you everything you need I mean we

1687

01:04:25,069 --> 01:04:23,040

we know that

1688

01:04:26,930 --> 01:04:25,079

I mean again I'm gonna bring in some of

1689

01:04:30,109 --> 01:04:26,940

my own cosmology here but from my under

1690

01:04:34,130 --> 01:04:30,119

my my point of view you know the most

1691

01:04:36,109 --> 01:04:34,140

advanced ones are post form and Beyond

1692

01:04:39,170 --> 01:04:36,119

the need for spacecraft right they just

1693

01:04:40,609 --> 01:04:39,180

sort of travel and manifest via thought

1694

01:04:42,770 --> 01:04:40,619

alone right so they don't need a

1695

01:04:43,970 --> 01:04:42,780

spacecraft from Alpha Centauri to get

1696

01:04:45,829 --> 01:04:43,980

here

1697

01:04:48,049 --> 01:04:45,839

um if they do it's usually for some

1698

01:04:50,930 --> 01:04:48,059

other reason not not because they need

1699

01:04:53,329 --> 01:04:50,940

it there's some ones that are further

1700

01:04:54,829 --> 01:04:53,339

along than us but not as far along as

1701

01:04:56,390 --> 01:04:54,839

these other ones I've talked about that

1702

01:04:58,010 --> 01:04:56,400

can just move through mentation

1703

01:05:00,650 --> 01:04:58,020

processes alone

1704

01:05:02,150 --> 01:05:00,660

who do use spacecraft and are working

1705

01:05:04,549 --> 01:05:02,160

with technologies that might be

1706

01:05:06,710 --> 01:05:04,559

something we come across on our own 50

1707

01:05:07,250 --> 01:05:06,720

to 100 years into the future

1708

01:05:07,970 --> 01:05:07,260

[Music]

1709

01:05:11,390 --> 01:05:07,980

um

1710

01:05:13,910 --> 01:05:11,400

but just like us there's a range of

1711

01:05:15,829 --> 01:05:13,920

you know moral development across that

1712

01:05:18,109 --> 01:05:15,839

Spectrum too some are

1713

01:05:20,329 --> 01:05:18,119

they're not malevolent or demonic but

1714

01:05:22,490 --> 01:05:20,339

they may still be kind of power Brokers

1715

01:05:26,089 --> 01:05:22,500

and trying to play the game and win the

1716

01:05:28,190 --> 01:05:26,099

game just like some you know politicians

1717

01:05:29,270 --> 01:05:28,200

who think that they'll smile and tell

1718

01:05:31,130 --> 01:05:29,280

you the right thing but really they're

1719

01:05:32,809 --> 01:05:31,140

out for what they how they can gain or

1720

01:05:35,270 --> 01:05:32,819

maybe they see it as a win-win for both

1721

01:05:37,609 --> 01:05:35,280

or whatever the point being it's complex

1722

01:05:39,710 --> 01:05:37,619

and and I don't know why people think it

1723

01:05:42,349 --> 01:05:39,720

would be any different with these others

1724

01:05:45,230 --> 01:05:42,359

but the bottom line is all of this data

1725

01:05:46,910 --> 01:05:45,240

already exists so for me uh and this is

1726

01:05:48,410 --> 01:05:46,920

beyond sort of like the revelations I've

1727

01:05:51,530 --> 01:05:48,420

had and some of the contact experiences

1728

01:05:52,970 --> 01:05:51,540

but for me in some ways and even people

1729

01:05:54,349 --> 01:05:52,980

like Stephen Greer have said this right

1730

01:05:56,690 --> 01:05:54,359

what this really is is about

1731

01:06:00,170 --> 01:05:56,700

confirmation not disclosure right he

1732

01:06:02,030 --> 01:06:00,180

says that we know what's going on uh

1733

01:06:04,069 --> 01:06:02,040

what we really want is the governance of

1734

01:06:06,049 --> 01:06:04,079

the world to confirm this case so that

1735

01:06:08,210 --> 01:06:06,059

it can begin to have the Ripple effects

1736

01:06:09,470 --> 01:06:08,220

through Society

1737

01:06:10,970 --> 01:06:09,480

mm-hmm

1738

01:06:13,370 --> 01:06:10,980

right

1739

01:06:16,069 --> 01:06:13,380

well and I I mean I think we would both

1740

01:06:18,410 --> 01:06:16,079

probably agree that those Ripple effects

1741

01:06:19,010 --> 01:06:18,420

aren't exactly easy to predict

1742

01:06:22,309 --> 01:06:19,020

um

1743

01:06:26,329 --> 01:06:22,319

and because there are varying degrees of

1744

01:06:29,029 --> 01:06:26,339

information to disclose some of which we

1745

01:06:31,130 --> 01:06:29,039

I think may know pretty clearly but

1746

01:06:32,829 --> 01:06:31,140

others become a little bit more

1747

01:06:35,270 --> 01:06:32,839

ambiguous

1748

01:06:38,089 --> 01:06:35,280

what that actually means and how it

1749

01:06:39,710 --> 01:06:38,099

impacts people becomes more and more

1750

01:06:41,390 --> 01:06:39,720

difficult to predict because we don't

1751

01:06:43,490 --> 01:06:41,400

you know it's hard to game that out if

1752

01:06:46,789 --> 01:06:43,500

we don't really know to the extent that

1753

01:06:48,410 --> 01:06:46,799

we what we know or don't know

1754

01:06:50,089 --> 01:06:48,420

um you know the example that you gave a

1755

01:06:52,789 --> 01:06:50,099

second ago reminded me of something we

1756

01:06:55,130 --> 01:06:52,799

talked about before we went on air and

1757

01:06:56,750 --> 01:06:55,140

that's the notion that some of these

1758

01:06:59,029 --> 01:06:56,760

beings and this is the reason why I'm

1759

01:07:00,890 --> 01:06:59,039

bringing this up because in our recent

1760

01:07:03,529 --> 01:07:00,900

conversations this has been particularly

1761

01:07:07,609 --> 01:07:03,539

helpful for me and how I conceptualize

1762

01:07:09,289 --> 01:07:07,619

some of these others that they are as

1763

01:07:11,990 --> 01:07:09,299

you said perhaps more technologically

1764

01:07:14,809 --> 01:07:12,000

advanced than us but not necessarily uh

1765

01:07:17,630 --> 01:07:14,819

more more morally Advanced or maybe on a

1766

01:07:18,529 --> 01:07:17,640

similar developmental level uh than we

1767

01:07:20,809 --> 01:07:18,539

are

1768

01:07:21,829 --> 01:07:20,819

um and so you know imagine if you will

1769

01:07:25,069 --> 01:07:21,839

that

1770

01:07:27,829 --> 01:07:25,079

uh we had the technology to visit

1771

01:07:31,250 --> 01:07:27,839

another planet that had life forms on it

1772

01:07:33,529 --> 01:07:31,260

that were you know primitive human in in

1773

01:07:35,930 --> 01:07:33,539

their intelligence level but we could

1774

01:07:37,010 --> 01:07:35,940

come down in our spacecraft and we of

1775

01:07:39,470 --> 01:07:37,020

course we would be sending our

1776

01:07:41,569 --> 01:07:39,480

astronauts and our astronauts are often

1777

01:07:43,250 --> 01:07:41,579

also scientists so the very particular

1778

01:07:44,930 --> 01:07:43,260

kinds of people you know would be coming

1779

01:07:47,630 --> 01:07:44,940

down the spacecraft and would be

1780

01:07:50,510 --> 01:07:47,640

introducing them themselves to these

1781

01:07:51,529 --> 01:07:50,520

primitive uh intelligences and assuming

1782

01:07:53,349 --> 01:07:51,539

that they could have some kind of

1783

01:07:56,690 --> 01:07:53,359

meaningful communication

1784

01:07:58,670 --> 01:07:56,700

we would be imparting whatever knowledge

1785

01:08:01,010 --> 01:07:58,680

we think we have understood about

1786

01:08:04,549 --> 01:08:01,020

reality you know to these primitive

1787

01:08:05,990 --> 01:08:04,559

beings and to them you know it would

1788

01:08:08,390 --> 01:08:06,000

just seem like well that's just the way

1789

01:08:10,190 --> 01:08:08,400

that it is right I mean they told me

1790

01:08:12,529 --> 01:08:10,200

that this is you know this is how it

1791

01:08:15,589 --> 01:08:12,539

works and well gee that that's what

1792

01:08:17,930 --> 01:08:15,599

reality must be but you and I know that

1793

01:08:20,570 --> 01:08:17,940

our notion of reality even if we've been

1794

01:08:23,150 --> 01:08:20,580

able to master space flight you know to

1795

01:08:25,669 --> 01:08:23,160

that degree like it's still evolving and

1796

01:08:26,990 --> 01:08:25,679

limited so you know that gives you a

1797

01:08:28,309 --> 01:08:27,000

certain picture about what might be

1798

01:08:29,990 --> 01:08:28,319

happening here and I think a lot of

1799

01:08:33,410 --> 01:08:30,000

folks attribute a kind of god-like

1800

01:08:35,329 --> 01:08:33,420

knowledge to the others that they have

1801

01:08:38,269 --> 01:08:35,339

some sort of all-encompassing awareness

1802

01:08:40,010 --> 01:08:38,279

about how things actually are and I

1803

01:08:43,010 --> 01:08:40,020

would argue that that's absolutely

1804

01:08:44,809 --> 01:08:43,020

impossible the the there's no way that

1805

01:08:46,669 --> 01:08:44,819

that could be true

1806

01:08:47,870 --> 01:08:46,679

um so I want you I want you to touch on

1807

01:08:49,910 --> 01:08:47,880

that what do you think about that yeah

1808

01:08:51,289 --> 01:08:49,920

absolutely right I mean um from my

1809

01:08:56,209 --> 01:08:51,299

perspective even some of the most

1810

01:09:01,010 --> 01:08:58,970

arrive at a a real place of humility

1811

01:09:03,169 --> 01:09:01,020

even though they're much more advanced

1812

01:09:04,729 --> 01:09:03,179

than we are and they will voluntarily

1813

01:09:07,370 --> 01:09:04,739

say there's plenty we don't know either

1814

01:09:08,990 --> 01:09:07,380

we can we're happy to Grant as much

1815

01:09:10,610 --> 01:09:09,000

knowledge as we can based on our

1816

01:09:12,470 --> 01:09:10,620

understanding but beyond that even

1817

01:09:13,610 --> 01:09:12,480

that's you know a black hole to us in

1818

01:09:16,789 --> 01:09:13,620

terms of what's on the other side of it

1819

01:09:19,370 --> 01:09:16,799

right because it spirals all the way up

1820

01:09:21,950 --> 01:09:19,380

um and I also think it's important for

1821

01:09:25,249 --> 01:09:21,960

people to keep in mind that just because

1822

01:09:26,930 --> 01:09:25,259

you get abducted by a gray alien who

1823

01:09:28,910 --> 01:09:26,940

tells you this is a prison planet and

1824

01:09:32,390 --> 01:09:28,920

they have a right to dominate us doesn't

1825

01:09:33,530 --> 01:09:32,400

mean that's true I mean like this goes

1826

01:09:36,410 --> 01:09:33,540

to what you're saying about the Godlike

1827

01:09:38,450 --> 01:09:36,420

powers like we uh if someone abducted us

1828

01:09:41,150 --> 01:09:38,460

that was a human being and said actually

1829

01:09:43,490 --> 01:09:41,160

my name's Quasar and I'm the second

1830

01:09:45,470 --> 01:09:43,500

incarnation of Christ we might not take

1831

01:09:47,209 --> 01:09:45,480

him at his word right

1832

01:09:48,890 --> 01:09:47,219

um right why would we do it because it's

1833

01:09:50,689 --> 01:09:48,900

a gray alien because it's a gray alien

1834

01:09:52,849 --> 01:09:50,699

that's why we do it right it's so other

1835

01:09:54,770 --> 01:09:52,859

and we're we're in such a degree of

1836

01:09:57,229 --> 01:09:54,780

ontological shock about reality is not

1837

01:09:59,030 --> 01:09:57,239

what we thought that we are we've we've

1838

01:10:01,310 --> 01:09:59,040

taken our discernment offline and we

1839

01:10:02,450 --> 01:10:01,320

feel uh in these kind of I'm talking

1840

01:10:03,830 --> 01:10:02,460

about the negative ones there's plenty

1841

01:10:05,150 --> 01:10:03,840

of positive encounters with gray aliens

1842

01:10:06,229 --> 01:10:05,160

but I'm talking about the negative ones

1843

01:10:07,910 --> 01:10:06,239

because again it's more about

1844

01:10:10,250 --> 01:10:07,920

developmental levels and it's about a

1845

01:10:13,189 --> 01:10:10,260

particular kind of appearance of a being

1846

01:10:17,270 --> 01:10:13,199

people need to remember that

1847

01:10:19,729 --> 01:10:17,280

um you know they they sometimes will

1848

01:10:21,830 --> 01:10:19,739

deliberately put you in a position that

1849

01:10:23,750 --> 01:10:21,840

will make you feel like an animal

1850

01:10:26,270 --> 01:10:23,760

because they know what that does to you

1851

01:10:28,070 --> 01:10:26,280

psychologically right so

1852

01:10:29,630 --> 01:10:28,080

I sometimes see people and this is again

1853

01:10:31,790 --> 01:10:29,640

why I have a very

1854

01:10:34,250 --> 01:10:31,800

you know nuanced view on this there's

1855

01:10:35,510 --> 01:10:34,260

many different elements of it I see some

1856

01:10:37,430 --> 01:10:35,520

people

1857

01:10:39,649 --> 01:10:37,440

and I myself have had really positive

1858

01:10:41,149 --> 01:10:39,659

encounters with benevolent entities but

1859

01:10:42,709 --> 01:10:41,159

that isn't to say there aren't some that

1860

01:10:44,810 --> 01:10:42,719

are not so much and again not so much

1861

01:10:47,390 --> 01:10:44,820

because they're malevolent demonic like

1862

01:10:50,030 --> 01:10:47,400

always were always will be dark beings I

1863

01:10:53,390 --> 01:10:50,040

don't mean that I mean that they're just

1864

01:10:55,010 --> 01:10:53,400

lower on the developmental scale and so

1865

01:10:57,890 --> 01:10:55,020

there's still power Brokers they're

1866

01:10:59,270 --> 01:10:57,900

still in a zero-sum game even if they

1867

01:11:00,709 --> 01:10:59,280

give you something it's because they

1868

01:11:02,810 --> 01:11:00,719

want something in return you know just

1869

01:11:05,030 --> 01:11:02,820

like human beings right

1870

01:11:07,130 --> 01:11:05,040

um I remember one time seeing this

1871

01:11:09,290 --> 01:11:07,140

this real estate show is one of these

1872

01:11:11,149 --> 01:11:09,300

house flip shows right and this one guy

1873

01:11:13,070 --> 01:11:11,159

was you know fixing up this house he was

1874

01:11:14,630 --> 01:11:13,080

going to flip like a week later and some

1875

01:11:15,890 --> 01:11:14,640

neighbors came over and he was just on

1876

01:11:17,510 --> 01:11:15,900

some Street another house that he'd

1877

01:11:18,470 --> 01:11:17,520

bought right and he said to them yeah

1878

01:11:21,709 --> 01:11:18,480

I'm just trying to bring some real

1879

01:11:23,510 --> 01:11:21,719

dignity to the community and I thought

1880

01:11:25,189 --> 01:11:23,520

hello to hogwash I mean he's trying to

1881

01:11:26,930 --> 01:11:25,199

make a quick flip and make a buck I'm

1882

01:11:28,310 --> 01:11:26,940

not saying that's wrong but when he

1883

01:11:30,470 --> 01:11:28,320

tells people that this is why I'm doing

1884

01:11:32,390 --> 01:11:30,480

it I mean come on who's the thrilling

1885

01:11:34,010 --> 01:11:32,400

kind of thing so but he may have even

1886

01:11:35,930 --> 01:11:34,020

delude himself into thinking that's what

1887

01:11:37,250 --> 01:11:35,940

he's doing right or maybe he partly

1888

01:11:39,350 --> 01:11:37,260

feels good about the fact that it

1889

01:11:42,169 --> 01:11:39,360

there's a there's another consequence to

1890

01:11:44,689 --> 01:11:42,179

him making money I'm saying it's it's a

1891

01:11:47,510 --> 01:11:44,699

mixed bag right in terms of the

1892

01:11:48,770 --> 01:11:47,520

the impetus for that kind of interaction

1893

01:11:50,689 --> 01:11:48,780

there and I'm saying it's the same way

1894

01:11:52,669 --> 01:11:50,699

with some of these others and I think

1895

01:11:55,430 --> 01:11:52,679

sometimes that people have to try too

1896

01:11:57,350 --> 01:11:55,440

hard to figure out why that must be a

1897

01:11:59,870 --> 01:11:57,360

positive encounter maybe it's not as

1898

01:12:02,530 --> 01:11:59,880

positive as they think because

1899

01:12:06,590 --> 01:12:02,540

um if you're in a situation where

1900

01:12:08,390 --> 01:12:06,600

dominance seems to be a key element just

1901

01:12:10,970 --> 01:12:08,400

for the sake of dominance not because it

1902

01:12:13,130 --> 01:12:10,980

serves some evident purpose then I would

1903

01:12:15,310 --> 01:12:13,140

say that tells you something right and

1904

01:12:18,890 --> 01:12:15,320

again this is where

1905

01:12:20,630 --> 01:12:18,900

discernment is so so key we can't

1906

01:12:22,490 --> 01:12:20,640

put our discernment on the Shelf just

1907

01:12:24,410 --> 01:12:22,500

because these are gray aliens or

1908

01:12:27,470 --> 01:12:24,420

Celestial beings or beings of light or

1909

01:12:29,450 --> 01:12:27,480

whatever whatever they look like you

1910

01:12:31,070 --> 01:12:29,460

know pay attention to the fruit of the

1911

01:12:33,229 --> 01:12:31,080

Endeavor you know how does it impact you

1912

01:12:37,070 --> 01:12:33,239

how do they treat you

1913

01:12:39,470 --> 01:12:37,080

um the most highly civilized one so once

1914

01:12:41,270 --> 01:12:39,480

furthest along this this scale of the

1915

01:12:45,290 --> 01:12:41,280

spectrum of development

1916

01:12:47,209 --> 01:12:45,300

see you as an equal they see in you a

1917

01:12:49,669 --> 01:12:47,219

reflection of the cosmic intelligence

1918

01:12:51,290 --> 01:12:49,679

which they see in each other as well and

1919

01:12:52,790 --> 01:12:51,300

if something's not there then that's

1920

01:12:54,890 --> 01:12:52,800

telling you they're not as far along as

1921

01:12:57,290 --> 01:12:54,900

you might think otherwise regardless of

1922

01:12:59,030 --> 01:12:57,300

what the uh their technology might

1923

01:13:01,729 --> 01:12:59,040

indicate

1924

01:13:04,430 --> 01:13:01,739

hmm well yeah I wanted to talk about

1925

01:13:06,649 --> 01:13:04,440

discernment because uh it is something

1926

01:13:09,229 --> 01:13:06,659

that I wonder a great deal about

1927

01:13:12,950 --> 01:13:09,239

particularly with your own journey and

1928

01:13:15,590 --> 01:13:12,960

uh how you seem to have developed some

1929

01:13:19,970 --> 01:13:15,600

greater Clarity around what things are

1930

01:13:22,430 --> 01:13:19,980

how things are working and uh I wanted

1931

01:13:24,010 --> 01:13:22,440

you to touch a little bit about how on a

1932

01:13:26,810 --> 01:13:24,020

little bit how we can

1933

01:13:30,890 --> 01:13:26,820

really discern the nature of how things

1934

01:13:32,870 --> 01:13:30,900

are even if we are maybe as many degrees

1935

01:13:35,270 --> 01:13:32,880

removed from

1936

01:13:37,130 --> 01:13:35,280

the greater scope of awareness that we

1937

01:13:39,590 --> 01:13:37,140

might need to be able to make such

1938

01:13:42,110 --> 01:13:39,600

pronouncements and you know an example

1939

01:13:45,050 --> 01:13:42,120
that you gave to me in an earlier

1940

01:13:49,189 --> 01:13:45,060
conversation is sort of this kind of uh

1941

01:13:51,830 --> 01:13:49,199
fractal nature of reality that uh there

1942

01:13:53,510 --> 01:13:51,840
are repeating kinds of patterns uh

1943

01:13:55,729 --> 01:13:53,520
throughout reality itself that you can

1944

01:13:58,610 --> 01:13:55,739
kind of take you know smaller and

1945

01:14:01,370 --> 01:13:58,620
smaller slices of it yet there's similar

1946

01:14:02,750 --> 01:14:01,380
qualities that are present and I wonder

1947

01:14:05,030 --> 01:14:02,760
if you can kind of unpack that a little

1948

01:14:07,910 --> 01:14:05,040
bit uh related to this notion of

1949

01:14:11,350 --> 01:14:07,920
discernment because I think you know for

1950

01:14:13,850 --> 01:14:11,360
me as well like it's difficult to

1951

01:14:15,770 --> 01:14:13,860

you know understand

1952

01:14:17,870 --> 01:14:15,780

the kind of certainty that you seem to

1953

01:14:20,630 --> 01:14:17,880

have around this

1954

01:14:22,250 --> 01:14:20,640

um particularly when one of my earlier

1955

01:14:23,990 --> 01:14:22,260

thoughts when it came to non-human

1956

01:14:25,970 --> 01:14:24,000

intelligence was

1957

01:14:29,090 --> 01:14:25,980

and still is to some degree

1958

01:14:31,370 --> 01:14:29,100

the the asymmetrical nature of knowledge

1959

01:14:33,649 --> 01:14:31,380

here in the relationship you know how am

1960

01:14:35,870 --> 01:14:33,659

I able to trust you know these other

1961

01:14:37,669 --> 01:14:35,880

intelligences what is it of anything

1962

01:14:40,610 --> 01:14:37,679

that they're telling to me or revealing

1963

01:14:41,750 --> 01:14:40,620

to us that I can take at face value

1964

01:14:44,209 --> 01:14:41,760

um and and you speak a lot about

1965

01:14:45,590 --> 01:14:44,219

intuition and and and then

1966

01:14:47,510 --> 01:14:45,600

discernment quality here and I just

1967

01:14:49,370 --> 01:14:47,520

wondering if you know how do we parse

1968

01:14:51,649 --> 01:14:49,380

that because you know what if somebody

1969

01:14:52,970 --> 01:14:51,659

says you know Darren there I know I know

1970

01:14:55,430 --> 01:14:52,980

that's what it feels like to you but

1971

01:14:57,310 --> 01:14:55,440

they're making you feel that way and you

1972

01:14:59,750 --> 01:14:57,320

want to feel those things and so

1973

01:15:02,270 --> 01:14:59,760

therefore you know you're you're being

1974

01:15:04,550 --> 01:15:02,280

duped by them right I mean I had someone

1975

01:15:06,290 --> 01:15:04,560

recently

1976

01:15:07,490 --> 01:15:06,300

say this sincerely like they were

1977

01:15:09,110 --> 01:15:07,500

actually wanting to know my opinion on

1978

01:15:10,370 --> 01:15:09,120

it not because they they necessarily

1979

01:15:12,410 --> 01:15:10,380

thought I was being duped or other

1980

01:15:14,330 --> 01:15:12,420

people were being duped but they were

1981

01:15:17,270 --> 01:15:14,340

just saying so you know theoretically we

1982

01:15:20,090 --> 01:15:17,280

know that they can impact our moods our

1983

01:15:22,130 --> 01:15:20,100

emotions they can you know seemingly

1984

01:15:24,410 --> 01:15:22,140

calm us down when they need to

1985

01:15:28,130 --> 01:15:24,420

what's to say with that degree of

1986

01:15:30,890 --> 01:15:28,140

granular ability to manipulate our

1987

01:15:31,729 --> 01:15:30,900

mental and emotional states that they

1988

01:15:33,950 --> 01:15:31,739

couldn't

1989

01:15:36,590 --> 01:15:33,960

make us believe they're these benevolent

1990

01:15:38,450 --> 01:15:36,600

angelic-like beings when really they're

1991

01:15:40,610 --> 01:15:38,460

anything but

1992

01:15:43,070 --> 01:15:40,620

I would say a couple things to that

1993

01:15:45,470 --> 01:15:43,080

and it gets complex

1994

01:15:46,689 --> 01:15:45,480

um I say that almost every question now

1995

01:15:49,130 --> 01:15:46,699

but but

1996

01:15:51,229 --> 01:15:49,140

I do think

1997

01:15:53,270 --> 01:15:51,239

a lot of people have lost touch with

1998

01:15:55,430 --> 01:15:53,280

their ability to

1999

01:15:58,310 --> 01:15:55,440

trust their discernment and for their

2000

01:16:01,189 --> 01:15:58,320

discernment to be arising from a quality

2001

01:16:03,110 --> 01:16:01,199

of the non-dual source of all that is

2002

01:16:04,610 --> 01:16:03,120

and what I was saying to you about the

2003

01:16:07,790 --> 01:16:04,620

fractal quality was like kind of like

2004

01:16:10,250 --> 01:16:07,800

with a with a hologram you know is a a

2005

01:16:12,410 --> 01:16:10,260

small slice of the totality right no

2006

01:16:14,149 --> 01:16:12,420

matter how many times you divide it up

2007

01:16:17,870 --> 01:16:14,159

it's still got the totality in that

2008

01:16:21,050 --> 01:16:17,880

right so it's not just that we are you

2009

01:16:23,149 --> 01:16:21,060

know in God or in the cosmic Source but

2010

01:16:24,890 --> 01:16:23,159

the cosmic source is in US

2011

01:16:28,310 --> 01:16:24,900

and so

2012

01:16:29,870 --> 01:16:28,320

when we are Discerning from that place

2013

01:16:32,390 --> 01:16:29,880

then we have

2014

01:16:34,370 --> 01:16:32,400

a remarkable ability to tune into that

2015

01:16:35,870 --> 01:16:34,380

because

2016

01:16:42,290 --> 01:16:35,880

the

2017

01:16:43,669 --> 01:16:42,300

this is again where you're going to get

2018

01:16:45,770 --> 01:16:43,679

into

2019

01:16:48,229 --> 01:16:45,780

some presuppositions right like uh

2020

01:16:51,229 --> 01:16:48,239

Donald Hoffman will say

2021

01:16:52,669 --> 01:16:51,239

I think Consciousness is fundamental and

2022

01:16:54,050 --> 01:16:52,679

I'm going to say if Consciousness is

2023

01:16:55,250 --> 01:16:54,060

fundamental and you grant me that then

2024

01:16:58,370 --> 01:16:55,260

I'm going to try and boot up everything

2025

01:17:00,310 --> 01:16:58,380

else that we see in our apparent reality

2026

01:17:01,970 --> 01:17:00,320

but what he'll point out is that

2027

01:17:03,229 --> 01:17:01,980

reductionistic materialists or

2028

01:17:05,090 --> 01:17:03,239

physicalists are doing the very same

2029

01:17:06,709 --> 01:17:05,100

thing they're saying I'm going to assume

2030

01:17:07,729 --> 01:17:06,719

there's this thing called matter and

2031

01:17:09,110 --> 01:17:07,739

from that I'm going to boot up

2032

01:17:10,970 --> 01:17:09,120

Consciousness and blah blah blah but

2033

01:17:14,090 --> 01:17:10,980

they too are like beginning with some

2034

01:17:15,890 --> 01:17:14,100

assumptions some Givens I admit that I

2035

01:17:17,990 --> 01:17:15,900

am too but but I would just say that I'm

2036

01:17:20,689 --> 01:17:18,000

I'm following in Tradition not only of

2037

01:17:22,610 --> 01:17:20,699

my own uh experiences with some of these

2038

01:17:24,709 --> 01:17:22,620

others but as I was saying to you before

2039

01:17:27,770 --> 01:17:24,719

the show this also fits with all of the

2040

01:17:29,870 --> 01:17:27,780

the best sort of spiritual wisdom we've

2041

01:17:31,430 --> 01:17:29,880

inherited over

2042

01:17:33,050 --> 01:17:31,440

you know the entire existence of

2043

01:17:34,910 --> 01:17:33,060

humanity basically this sense of

2044

01:17:36,830 --> 01:17:34,920

non-dual source the sense that

2045

01:17:38,149 --> 01:17:36,840

Consciousness is the Bedrock of all that

2046

01:17:40,070 --> 01:17:38,159

is

2047

01:17:41,990 --> 01:17:40,080

um and so it's it's in the same way also

2048

01:17:44,209 --> 01:17:42,000

that I said earlier you know picture

2049

01:17:46,010 --> 01:17:44,219

yourself in that that

2050

01:17:48,110 --> 01:17:46,020

um apartment in Tokyo two months from

2051

01:17:49,250 --> 01:17:48,120

now how do you feel right that's that

2052

01:17:51,169 --> 01:17:49,260

same thing I'm talking about that

2053

01:17:53,510 --> 01:17:51,179

element of being outside of space and

2054

01:17:56,390 --> 01:17:53,520

time and you're somehow able to take

2055

01:17:58,910 --> 01:17:56,400

your rational mind offline and tune into

2056

01:18:00,890 --> 01:17:58,920

something that's really real and it's

2057

01:18:03,470 --> 01:18:00,900

really fundamental okay

2058

01:18:05,209 --> 01:18:03,480

and the truth is we're doing that much

2059

01:18:07,610 --> 01:18:05,219

more often than we realize and then

2060

01:18:09,950 --> 01:18:07,620

after the fact justifying it with

2061

01:18:12,530 --> 01:18:09,960

rationality right and we fool ourselves

2062

01:18:14,030 --> 01:18:12,540

even into thinking that the the

2063

01:18:15,350 --> 01:18:14,040

rationality is what made us make that

2064

01:18:17,930 --> 01:18:15,360

decision when it's usually the gut

2065

01:18:20,630 --> 01:18:17,940

instinct and then we after the fact wrap

2066

01:18:22,610 --> 01:18:20,640

that in a cloak of this rationality

2067

01:18:26,510 --> 01:18:22,620

in the same way I'm saying that rather

2068

01:18:28,430 --> 01:18:26,520

than going Hmm this alien being seems

2069

01:18:29,930 --> 01:18:28,440

good I mean he gave me chocolate and he

2070

01:18:32,510 --> 01:18:29,940

said nice things to me and made me feel

2071

01:18:35,510 --> 01:18:32,520

warm fuzzies you know but he could also

2072

01:18:37,490 --> 01:18:35,520

be I mean it's not that kind of pros and

2073

01:18:39,890 --> 01:18:37,500

cons list that that again is more in

2074

01:18:41,570 --> 01:18:39,900

that kind of rational uh approach I'm

2075

01:18:43,850 --> 01:18:41,580

saying this is trans-rational or

2076

01:18:46,250 --> 01:18:43,860

pre-rational

2077

01:18:49,669 --> 01:18:46,260

um trans-rational is a better term there

2078

01:18:52,610 --> 01:18:49,679

and and so you have this direct knowing

2079

01:18:54,649 --> 01:18:52,620

and I think when you have developed your

2080

01:18:56,390 --> 01:18:54,659

Consciousness when you've developed your

2081

01:18:59,090 --> 01:18:56,400

sense of be able to tune into non-dual

2082

01:19:01,250 --> 01:18:59,100

Source then I do believe we have the

2083

01:19:04,729 --> 01:19:01,260

capacity to do that even when we're

2084

01:19:07,669 --> 01:19:04,739

faced with a being that seems to have uh

2085

01:19:09,470 --> 01:19:07,679

capacities that make our Technologies

2086

01:19:11,209 --> 01:19:09,480

and our understanding of the nuances of

2087

01:19:13,070 --> 01:19:11,219

Consciousness seem as small and

2088

01:19:15,590 --> 01:19:13,080

incomplete

2089

01:19:18,590 --> 01:19:15,600

um I think that

2090

01:19:21,890 --> 01:19:18,600

I'm confident that if one of these

2091

01:19:24,950 --> 01:19:21,900

beings try to pull a fast one on Ramona

2092

01:19:26,090 --> 01:19:24,960

maharshi it wouldn't work okay so I

2093

01:19:29,209 --> 01:19:26,100

think that

2094

01:19:32,750 --> 01:19:29,219

um we sometimes sell short our own

2095

01:19:37,130 --> 01:19:32,760

ability to develop a real heightened

2096

01:19:39,350 --> 01:19:37,140

nuanced uh sense of discernment that

2097

01:19:40,729 --> 01:19:39,360

really is trustworthy you know of course

2098

01:19:42,649 --> 01:19:40,739

we need to do all our homework we need

2099

01:19:44,030 --> 01:19:42,659

to be aware of our own biases we need to

2100

01:19:45,530 --> 01:19:44,040

do our shadow work all that kind of

2101

01:19:48,050 --> 01:19:45,540

stuff spiritual hygiene all these things

2102

01:19:49,729 --> 01:19:48,060

I've talked about but I kind of balk at

2103

01:19:52,250 --> 01:19:49,739

the notion that we have no ability to

2104

01:19:54,229 --> 01:19:52,260

know really what these others mean I

2105

01:19:57,490 --> 01:19:54,239

think we do and I think that's what I

2106

01:20:06,590 --> 01:20:02,709

well and I recognize as well part of my

2107

01:20:09,890 --> 01:20:06,600

inhibition in uh struggling with this

2108

01:20:13,370 --> 01:20:09,900

issue you know it it's it's stems from

2109

01:20:16,370 --> 01:20:13,380

my own personality and uh you know

2110

01:20:19,010 --> 01:20:16,380

issues that I have with institutions or

2111

01:20:19,970 --> 01:20:19,020

you know Authority and

2112

01:20:22,250 --> 01:20:19,980

um

2113

01:20:23,990 --> 01:20:22,260

you know trust is uh it's a difficult

2114

01:20:28,370 --> 01:20:24,000

thing to

2115

01:20:30,290 --> 01:20:28,380

I think really objectively acquire

2116

01:20:32,810 --> 01:20:30,300

um because it can be violated at any

2117

01:20:35,030 --> 01:20:32,820

moment right just because you've

2118

01:20:36,350 --> 01:20:35,040

developed a trusting relationship with a

2119

01:20:38,630 --> 01:20:36,360

friend or whatnot doesn't mean they

2120

01:20:40,550 --> 01:20:38,640

can't break that in the next interaction

2121

01:20:42,169 --> 01:20:40,560

you know so it's always a little bit

2122

01:20:43,970 --> 01:20:42,179

fragile

2123

01:20:46,250 --> 01:20:43,980

uh can we just jump in for one second

2124

01:20:47,810 --> 01:20:46,260

because I think yeah one thing I said on

2125

01:20:50,209 --> 01:20:47,820

point of convergence I try to bring up

2126
01:20:52,610 --> 01:20:50,219
this analogy for people and I heard this

2127
01:20:55,570 --> 01:20:52,620
in a in a Buddhist proverb one time

2128
01:20:58,130 --> 01:20:55,580
to just really help people understand

2129
01:21:00,590 --> 01:20:58,140
elementally what's going on here and I

2130
01:21:02,930 --> 01:21:00,600
said you know in this situation say say

2131
01:21:04,490 --> 01:21:02,940
you accidentally you know knock one hand

2132
01:21:06,110 --> 01:21:04,500
with the other and that hand bangs

2133
01:21:07,790 --> 01:21:06,120
against a sharp object and you cut

2134
01:21:10,010 --> 01:21:07,800
yourself right

2135
01:21:11,630 --> 01:21:10,020
what your one hand does is it caresses

2136
01:21:14,090 --> 01:21:11,640
the other hand right and you sort of rub

2137
01:21:16,490 --> 01:21:14,100
it and try to feel better right

2138
01:21:18,709 --> 01:21:16,500

now when that's done does the left hand

2139

01:21:20,270 --> 01:21:18,719

say no now now I'm feeling better I'm

2140

01:21:22,070 --> 01:21:20,280

going to get back at your right hand you

2141

01:21:24,169 --> 01:21:22,080

mother you know how dare you do that you

2142

01:21:26,810 --> 01:21:24,179

know it doesn't cross our mind right

2143

01:21:30,410 --> 01:21:26,820

it's it's Preposterous for us to think

2144

01:21:31,790 --> 01:21:30,420

about you know hands of the same body

2145

01:21:33,950 --> 01:21:31,800

having that kind of adversarial

2146

01:21:35,990 --> 01:21:33,960

relationship and I'm saying that at this

2147

01:21:37,729 --> 01:21:36,000

sense of non-duality it really is no

2148

01:21:39,709 --> 01:21:37,739

different I know people think that

2149

01:21:41,330 --> 01:21:39,719

sounds nice maybe that people that

2150

01:21:43,370 --> 01:21:41,340

aren't there they say well that's that

2151
01:21:45,350 --> 01:21:43,380
sounds like a nice notion but I'm saying

2152
01:21:47,570 --> 01:21:45,360
that really is what's happening is that

2153
01:21:49,250 --> 01:21:47,580
the calculus at that level because of

2154
01:21:51,410 --> 01:21:49,260
the felt experience the same way that

2155
01:21:53,090 --> 01:21:51,420
you have two hands that never occurs to

2156
01:21:55,189 --> 01:21:53,100
you that you really see those as

2157
01:21:57,649 --> 01:21:55,199
ultimately separate you see them part of

2158
01:22:01,550 --> 01:21:57,659
you right and I'm saying that sense of

2159
01:22:03,530 --> 01:22:01,560
you expands ever expands into a broader

2160
01:22:06,709 --> 01:22:03,540
and broader sphere of concern and

2161
01:22:08,870 --> 01:22:06,719
influence As you move up this spiral of

2162
01:22:12,350 --> 01:22:08,880
Consciousness and so for these others

2163
01:22:14,390 --> 01:22:12,360

that's why I think you can trust their

2164

01:22:16,370 --> 01:22:14,400

sense of you know how they would hold

2165

01:22:18,709 --> 01:22:16,380

power or how they would consider you

2166

01:22:20,510 --> 01:22:18,719

versus them because at that point it

2167

01:22:22,490 --> 01:22:20,520

really is no different for them between

2168

01:22:25,070 --> 01:22:22,500

you and them than it is between your

2169

01:22:27,830 --> 01:22:25,080

left and your right hand

2170

01:22:30,530 --> 01:22:27,840

um one as you mentioned moments ago and

2171

01:22:32,689 --> 01:22:30,540

that can be discerned by how you are

2172

01:22:34,430 --> 01:22:32,699

being treated by them

2173

01:22:38,570 --> 01:22:34,440

um you know if you're being treated as a

2174

01:22:41,270 --> 01:22:38,580

peer uh or respected in in a similar way

2175

01:22:42,169 --> 01:22:41,280

and that's a good hint that they are in

2176

01:22:44,209 --> 01:22:42,179

fact

2177

01:22:47,030 --> 01:22:44,219

uh living in that kind of non-dual

2178

01:22:48,530 --> 01:22:47,040

expression it's a great point I mean if

2179

01:22:50,149 --> 01:22:48,540

they are

2180

01:22:52,010 --> 01:22:50,159

taking it out on the left hand with the

2181

01:22:53,209 --> 01:22:52,020

right hand then you have to ask where

2182

01:22:55,430 --> 01:22:53,219

are they really coming from and that

2183

01:22:57,350 --> 01:22:55,440

that's that's I think when people point

2184

01:22:59,149 --> 01:22:57,360

to this notion of Stockholm syndrome

2185

01:23:01,669 --> 01:22:59,159

right where people

2186

01:23:03,770 --> 01:23:01,679

historically have been taken captive by

2187

01:23:06,410 --> 01:23:03,780

other human beings who held them hostage

2188

01:23:08,090 --> 01:23:06,420

and they feel such a loss of agency no

2189

01:23:10,310 --> 01:23:08,100

sense of sovereignty that they

2190

01:23:11,810 --> 01:23:10,320

eventually begin to align with the the

2191

01:23:14,630 --> 01:23:11,820

intentions and the motives and the

2192

01:23:16,729 --> 01:23:14,640

agenda of their captives just to regain

2193

01:23:19,070 --> 01:23:16,739

some sense of a semblance of agency

2194

01:23:22,790 --> 01:23:19,080

right and I think that does happen here

2195

01:23:24,530 --> 01:23:22,800

I think this is again where I I um I I

2196

01:23:25,850 --> 01:23:24,540

end up offending both the love and light

2197

01:23:28,550 --> 01:23:25,860

and the Demons of Darkness people

2198

01:23:29,330 --> 01:23:28,560

because I say it's it's too complex for

2199

01:23:31,910 --> 01:23:29,340

that

2200

01:23:33,770 --> 01:23:31,920

and you need to apply basic discernment

2201

01:23:36,590 --> 01:23:33,780

but like you're pointing out you know if

2202

01:23:38,570 --> 01:23:36,600

if they are not treating you as an equal

2203

01:23:42,050 --> 01:23:38,580

if they are not

2204

01:23:43,669 --> 01:23:42,060

um going out of their way to show you

2205

01:23:45,130 --> 01:23:43,679

know love and concern now again I just

2206

01:23:47,750 --> 01:23:45,140

want to quickly say again in the Nuance

2207

01:23:50,810 --> 01:23:47,760

sometimes things are misunderstood

2208

01:23:53,570 --> 01:23:50,820

there's errors in Translation uh

2209

01:23:55,550 --> 01:23:53,580

sometimes they are startled or they're

2210

01:23:58,130 --> 01:23:55,560

not expecting how much we do have an

2211

01:24:00,530 --> 01:23:58,140

individuated experience of self and so

2212

01:24:02,510 --> 01:24:00,540

they don't know that it's going to be

2213

01:24:03,830 --> 01:24:02,520

um so ontologically shocking for us when

2214

01:24:05,870 --> 01:24:03,840

they're suddenly inside our heads or

2215

01:24:07,729 --> 01:24:05,880

where they can draw our Consciousness

2216

01:24:10,790 --> 01:24:07,739

out of our body and spin us around in a

2217

01:24:11,810 --> 01:24:10,800

new energy form with them right they

2218

01:24:13,250 --> 01:24:11,820

don't know how we're going to respond

2219

01:24:15,830 --> 01:24:13,260

because that's not been their felt

2220

01:24:16,850 --> 01:24:15,840

experience but in that case it's just a

2221

01:24:19,430 --> 01:24:16,860

matter of

2222

01:24:20,930 --> 01:24:19,440

um ignorance not knowing any better but

2223

01:24:22,850 --> 01:24:20,940

still meaning well that's a big

2224

01:24:24,410 --> 01:24:22,860

difference from that when you interact

2225

01:24:25,970 --> 01:24:24,420

from when you interact with beings that

2226

01:24:26,810 --> 01:24:25,980

you know

2227

01:24:28,970 --> 01:24:26,820

um

2228

01:24:30,649 --> 01:24:28,980

are being dominating just for the sake

2229

01:24:34,010 --> 01:24:30,659

of being dominating like they're trying

2230

01:24:35,570 --> 01:24:34,020

to set up a power arrangement in the

2231

01:24:37,910 --> 01:24:35,580

nature of the experience itself and I

2232

01:24:39,770 --> 01:24:37,920

think if people really feel into it and

2233

01:24:41,990 --> 01:24:39,780

they apply to sermon they will be able

2234

01:24:45,310 --> 01:24:42,000

to determine much of the time which one

2235

01:24:50,090 --> 01:24:47,810

well if uh if you weren't sure that

2236

01:24:52,130 --> 01:24:50,100

metaphysics was at the heart of this uh

2237

01:24:54,709 --> 01:24:52,140

really conversation then I hope that

2238

01:24:56,870 --> 01:24:54,719

that's becoming very clear because so

2239

01:25:00,290 --> 01:24:56,880

much of this does come down to our

2240

01:25:01,790 --> 01:25:00,300

metaphysical model of reality and I'd

2241

01:25:02,890 --> 01:25:01,800

like to point out just in saying that

2242

01:25:05,390 --> 01:25:02,900

that

2243

01:25:07,250 --> 01:25:05,400

the the West

2244

01:25:10,490 --> 01:25:07,260

you know having interacted with whatever

2245

01:25:12,770 --> 01:25:10,500

this happens to be you know has a has a

2246

01:25:14,209 --> 01:25:12,780

metaphysical you know sort of Heritage

2247

01:25:16,729 --> 01:25:14,219

there

2248

01:25:19,010 --> 01:25:16,739

um and it's not necessarily and I would

2249

01:25:22,550 --> 01:25:19,020

argue not very much at all in alignment

2250

01:25:26,030 --> 01:25:22,560

with a non-dual perspective on reality

2251

01:25:27,890 --> 01:25:26,040

and so take that Heritage and take the

2252

01:25:31,070 --> 01:25:27,900

interaction that we have reportedly had

2253

01:25:32,990 --> 01:25:31,080

with these others and you very easily

2254

01:25:36,010 --> 01:25:33,000

can come back to where we started this

2255

01:25:40,310 --> 01:25:36,020

conversation in in a situation where

2256

01:25:43,610 --> 01:25:40,320

you're limited uh I think narrow

2257

01:25:46,610 --> 01:25:43,620

perspective on on reality really does

2258

01:25:49,790 --> 01:25:46,620

constrain it it it it just like that

2259

01:25:51,709 --> 01:25:49,800

that gray alien is in a Plexiglas box

2260

01:25:53,630 --> 01:25:51,719

you know we're in a clear box

2261

01:25:56,629 --> 01:25:53,640

constrained by our metaphysical

2262

01:25:59,270 --> 01:25:56,639

presuppositions and that kind of

2263

01:26:01,490 --> 01:25:59,280

thinking and Heritage has absolutely

2264

01:26:04,129 --> 01:26:01,500

dominated and influenced where we are

2265

01:26:06,290 --> 01:26:04,139

today and imagine where we would be if

2266

01:26:08,050 --> 01:26:06,300

we had had those interactions and we had

2267

01:26:10,669 --> 01:26:08,060

had them from a completely different

2268

01:26:13,790 --> 01:26:10,679

metaphysical standpoint yeah and part of

2269

01:26:15,590 --> 01:26:13,800

the irony with all that is that some of

2270

01:26:16,669 --> 01:26:15,600

the very messages these others are

2271

01:26:18,590 --> 01:26:16,679

bringing

2272

01:26:21,709 --> 01:26:18,600

have been around

2273

01:26:23,390 --> 01:26:21,719

for thousands of years via vedantic and

2274

01:26:26,390 --> 01:26:23,400

Buddhist traditions in terms of

2275

01:26:28,669 --> 01:26:26,400

non-duality and yet even though that

2276

01:26:31,129 --> 01:26:28,679

knowledge existed in some parts of the

2277

01:26:33,709 --> 01:26:31,139

world it's not like that changed the

2278

01:26:35,750 --> 01:26:33,719

face of civilization right and what

2279

01:26:37,430 --> 01:26:35,760

we've in light of what you just talked

2280

01:26:40,010 --> 01:26:37,440

about in terms of our metaphysical

2281

01:26:43,129 --> 01:26:40,020

Heritage here in the West

2282

01:26:47,030 --> 01:26:44,930

the way we've been convinced of the

2283

01:26:48,709 --> 01:26:47,040

illusion right that the physical nature

2284

01:26:51,110 --> 01:26:48,719

of reality is Ultimate it's really real

2285

01:26:53,090 --> 01:26:51,120

and it's all there really is

2286

01:26:54,649 --> 01:26:53,100

has become even more convincing because

2287

01:26:57,649 --> 01:26:54,659

we've been able to manipulate it through

2288

01:26:59,990 --> 01:26:57,659

technology and whatnot to transform at

2289

01:27:03,950 --> 01:27:00,000

least one surface layer of our reality

2290

01:27:05,930 --> 01:27:03,960

right and so most people are not closer

2291

01:27:08,030 --> 01:27:05,940

to sort of a pedantic understanding

2292

01:27:10,610 --> 01:27:08,040

non-dual understanding of of reality

2293

01:27:13,129 --> 01:27:10,620

many people are further away

2294

01:27:14,450 --> 01:27:13,139

ironically even though we have like like

2295

01:27:15,950 --> 01:27:14,460

you talked about earlier plenty of

2296

01:27:17,990 --> 01:27:15,960

evidence coming from other places like

2297

01:27:19,910 --> 01:27:18,000

again the implications of quantum theory

2298

01:27:22,729 --> 01:27:19,920

are telling you that your physical

2299

01:27:24,649 --> 01:27:22,739

reality is not really real right

2300

01:27:26,209 --> 01:27:24,659

um your sense of self is not really real

2301

01:27:27,890 --> 01:27:26,219

I mean all these things that we'd sort

2302

01:27:30,350 --> 01:27:27,900

of take as given speaking of these

2303

01:27:33,350 --> 01:27:30,360

presuppositions are kind of demonstrably

2304

01:27:35,870 --> 01:27:33,360

not true like we just know that now but

2305

01:27:37,250 --> 01:27:35,880

because like the Matrix you know we we

2306

01:27:39,470 --> 01:27:37,260

like the

2307

01:27:41,510 --> 01:27:39,480

you know that Reg that steak tastes so

2308

01:27:42,649 --> 01:27:41,520

good right even if it's an illusion

2309

01:27:44,270 --> 01:27:42,659

you're just going to keep chewing

2310

01:27:46,930 --> 01:27:44,280

chewing away and you'd rather almost

2311

01:27:49,310 --> 01:27:46,940

just live in ignorance kind of thing or

2312

01:27:51,350 --> 01:27:49,320

semi-ignorance right

2313

01:27:53,030 --> 01:27:51,360

um so yeah it just goes to show again

2314

01:27:55,189 --> 01:27:53,040

speaking of coming coming back full

2315

01:27:59,090 --> 01:27:55,199

circle to what would disclosure actually

2316

01:28:01,250 --> 01:27:59,100

bring again the ironic aspect here is

2317

01:28:04,189 --> 01:28:01,260

that some of this understanding of the

2318

01:28:07,129 --> 01:28:04,199

non-dual non-physical ultimate nature of

2319

01:28:08,330 --> 01:28:07,139

reality is already in the milieu in

2320

01:28:10,790 --> 01:28:08,340

different places there's already

2321

01:28:13,729 --> 01:28:10,800

evidence of it in our ancient spiritual

2322

01:28:16,550 --> 01:28:13,739

traditions and even coming out of modern

2323

01:28:18,590 --> 01:28:16,560

Notions like quantum theory and yet it

2324

01:28:20,750 --> 01:28:18,600

really hasn't changed to society all

2325

01:28:23,510 --> 01:28:20,760

that much you could say we're more

2326
01:28:25,070 --> 01:28:23,520
wedded to our physicalist model because

2327
01:28:26,330 --> 01:28:25,080
of the shiny toys we've been able to

2328
01:28:28,790 --> 01:28:26,340
develop over the last couple hundred

2329
01:28:31,070 --> 01:28:28,800
years than we were beforehand so that

2330
01:28:34,550 --> 01:28:31,080
again raises a real question what really

2331
01:28:34,560 --> 01:28:38,689
foreign

2332
01:28:43,209 --> 01:28:40,669
I feel that we're on a precipice there

2333
01:28:48,189 --> 01:28:43,219
uh that our technology

2334
01:28:50,810 --> 01:28:48,199
are uh capacity and capability to craft

2335
01:28:52,250 --> 01:28:50,820
uh you know experiences and worlds of

2336
01:28:53,030 --> 01:28:52,260
our own choosing

2337
01:28:56,330 --> 01:28:53,040
um

2338
01:28:58,870 --> 01:28:56,340

it really is going to solidify this

2339

01:29:01,790 --> 01:28:58,880

materialistic worldview

2340

01:29:04,430 --> 01:29:01,800

and make it almost inescapable

2341

01:29:06,649 --> 01:29:04,440

and maybe we can kind of touch on that

2342

01:29:09,530 --> 01:29:06,659

on a future show you know what are the

2343

01:29:12,770 --> 01:29:09,540

implications of our society

2344

01:29:16,070 --> 01:29:12,780

uh doubling and tripling down on that

2345

01:29:19,550 --> 01:29:16,080

perspective even in the face of some of

2346

01:29:22,729 --> 01:29:19,560

these uh Revelations about non-duality

2347

01:29:24,169 --> 01:29:22,739

and and how reality actually is because

2348

01:29:28,010 --> 01:29:24,179

I do think we are faced with a choice

2349

01:29:30,110 --> 01:29:28,020

here and um much of the phenomena in my

2350

01:29:33,050 --> 01:29:30,120

opinion is an invitation to see things

2351

01:29:36,590 --> 01:29:33,060

differently and uh what happens if we

2352

01:29:40,310 --> 01:29:36,600

don't answer that call and decide to

2353

01:29:41,810 --> 01:29:40,320

remain in our ignorant States

2354

01:29:43,669 --> 01:29:41,820

you know so that'd be worth I think

2355

01:29:45,770 --> 01:29:43,679

digging into a little bit more in the

2356

01:29:49,010 --> 01:29:45,780

future yeah and part of the again I keep

2357

01:29:51,649 --> 01:29:49,020

using this word irony uh here is that I

2358

01:29:53,930 --> 01:29:51,659

think in the long run these Revelations

2359

01:29:56,270 --> 01:29:53,940

will catch up with us that we'll develop

2360

01:29:57,830 --> 01:29:56,280

our technology to such a degree

2361

01:30:00,169 --> 01:29:57,840

that we realize we're back where we

2362

01:30:01,910 --> 01:30:00,179

started in some ways we're back you know

2363

01:30:06,410 --> 01:30:01,920

sitting in a cave with Ramana maharshi

2364

01:30:09,110 --> 01:30:06,420

and realizing that all manipulation and

2365

01:30:10,910 --> 01:30:09,120

exploration of reality already exists

2366

01:30:13,129 --> 01:30:10,920

within us all the technology we need is

2367

01:30:15,770 --> 01:30:13,139

inner technology inner science

2368

01:30:17,870 --> 01:30:15,780

and it took us this huge exploration in

2369

01:30:19,910 --> 01:30:17,880

this one surface layer of apparent

2370

01:30:22,430 --> 01:30:19,920

reality illusory reality

2371

01:30:24,410 --> 01:30:22,440

to eventually be convinced by the sheer

2372

01:30:26,330 --> 01:30:24,420

volume of data that that's exactly where

2373

01:30:29,090 --> 01:30:26,340

it took us which is ironically where we

2374

01:30:33,590 --> 01:30:31,250

yeah

2375

01:30:34,930 --> 01:30:33,600

well we appreciate folks uh joining us

2376

01:30:38,629 --> 01:30:34,940

on this journey

2377

01:30:40,250 --> 01:30:38,639

in episode 19 and uh I know we've got a

2378

01:30:43,669 --> 01:30:40,260

couple episodes left to go before the

2379

01:30:46,070 --> 01:30:43,679

end of the year and uh also I'm looking

2380

01:30:48,470 --> 01:30:46,080

forward to the Inquirer anomalous

2381

01:30:49,910 --> 01:30:48,480

conference I'll be heading to later this

2382

01:30:53,180 --> 01:30:49,920

week so I hope to meet a lot of our

2383

01:30:53,810 --> 01:30:53,190

listeners who will be there in person

2384

01:30:54,530 --> 01:30:53,820

[Music]

2385

01:30:56,629 --> 01:30:54,540

um

2386

01:31:00,229 --> 01:30:56,639

and we'll keep this conversation going

2387

01:31:02,570 --> 01:31:00,239

so EXO it's been a real pleasure and uh

2388

01:31:04,970 --> 01:31:02,580

we'll in where we always do

2389

01:31:07,550 --> 01:31:04,980

thank you for listening and may the

2390

01:31:09,709 --> 01:31:07,560

quality of our questions shaped by a

2391

01:31:11,510 --> 01:31:09,719

desire for understanding enhance our

2392

01:31:13,550 --> 01:31:11,520

journey of discovery

2393

01:31:15,649 --> 01:31:13,560

and may our travels broaden the sphere

2394

01:31:19,070 --> 01:31:15,659

of our Consciousness reminding us that

2395

01:31:22,250 --> 01:31:19,080

new discoveries beget New Horizons as

2396

01:31:26,209 --> 01:31:22,260

always Adventure awaits we'll see you

2397

01:31:29,510 --> 01:31:27,380

foreign

2398

01:31:31,180 --> 01:31:29,520

[Music]

2399

01:31:37,490 --> 01:31:31,190

[Laughter]
