

1  
00:00:06,920 --> 00:00:05,250  
[Music]

2  
00:00:13,200 --> 00:00:06,930  
[Laughter]

3  
00:00:13,210 --> 00:00:21,790  
[Music]

4  
00:00:25,849 --> 00:00:24,349  
welcome back to another episode of

5  
00:00:27,950 --> 00:00:25,859  
liminal frames

6  
00:00:30,349 --> 00:00:27,960  
I'm Nathan and I'm joined by my good

7  
00:00:32,690 --> 00:00:30,359  
friend and co-host Erin exo-academian

8  
00:00:36,290 --> 00:00:32,700  
Happy New Year to all of our listeners

9  
00:00:38,569 --> 00:00:36,300  
welcome to 2023 Darren how's it going

10  
00:00:40,310 --> 00:00:38,579  
it's going well uh I have no doubt it's

11  
00:00:43,069 --> 00:00:40,320  
gonna be an exciting year in some ways

12  
00:00:44,630 --> 00:00:43,079  
you know I reflect and I think 2023 that

13  
00:00:47,090 --> 00:00:44,640

sounds so futuristic I can't believe

14

00:00:49,490 --> 00:00:47,100

that's actually when we are but it is

15

00:00:52,190 --> 00:00:49,500

indeed I'm gonna really date myself here

16

00:00:54,889 --> 00:00:52,200

because uh I remember the skit when when

17

00:00:58,670 --> 00:00:54,899

Conan O'Brien would do the in the year

18

00:01:01,670 --> 00:00:58,680

2000 and uh making that scene like it

19

00:01:03,709 --> 00:01:01,680

was super futuristic so oh my gosh we're

20

00:01:05,929 --> 00:01:03,719

23 years after that it's uh I got the

21

00:01:07,730 --> 00:01:05,939

gray hairs to prove it

22

00:01:09,710 --> 00:01:07,740

yeah you've got Prince partying Like

23

00:01:11,570 --> 00:01:09,720

It's 1999 and then we're like decades

24

00:01:14,990 --> 00:01:11,580

beyond that so what are you gonna say it

25

00:01:16,730 --> 00:01:15,000

is what it is it is what it is uh well

26  
00:01:19,310 --> 00:01:16,740  
here we are in liminal frames where time

27  
00:01:22,370 --> 00:01:19,320  
often has no real meaning uh so I'll

28  
00:01:24,890 --> 00:01:22,380  
take consolation Solace and that and uh

29  
00:01:26,630 --> 00:01:24,900  
we thought it might be good uh listeners

30  
00:01:29,149 --> 00:01:26,640  
to start our year

31  
00:01:31,429 --> 00:01:29,159  
going back to some of the basics uh we

32  
00:01:34,789 --> 00:01:31,439  
spend a lot of time throwing out words

33  
00:01:36,350 --> 00:01:34,799  
and Concepts uh that are familiar to us

34  
00:01:38,149 --> 00:01:36,360  
we've talked about Darren and I talked

35  
00:01:39,649 --> 00:01:38,159  
about these things quite a bit uh not

36  
00:01:41,810 --> 00:01:39,659  
only on the show but in our personal

37  
00:01:44,390 --> 00:01:41,820  
conversation and you hear a lot of these

38  
00:01:48,590 --> 00:01:44,400

terms tossed around within the community

39

00:01:51,050 --> 00:01:48,600

as well and I think it would be valuable

40

00:01:53,210 --> 00:01:51,060

if we spent some time

41

00:01:55,850 --> 00:01:53,220

digging into them more deeply and

42

00:01:58,789 --> 00:01:55,860

packing what we mean we we say that we

43

00:02:01,190 --> 00:01:58,799

use those terms and then trying to as

44

00:02:05,209 --> 00:02:01,200

best we can kind of build up from the

45

00:02:08,150 --> 00:02:05,219

bottom layer and expand on the the way

46

00:02:10,309 --> 00:02:08,160

in which we look at the phenomena you

47

00:02:12,830 --> 00:02:10,319

know how it kind of makes sense from a

48

00:02:13,850 --> 00:02:12,840

total perspective so Darren uh I don't

49

00:02:15,710 --> 00:02:13,860

know what you think about that approach

50

00:02:17,030 --> 00:02:15,720

but I'm excited about doing we've been

51  
00:02:19,670 --> 00:02:17,040  
talking about doing something like this

52  
00:02:22,070 --> 00:02:19,680  
for a while it feels like a good start

53  
00:02:24,530 --> 00:02:22,080  
yeah I think um you know you you had

54  
00:02:25,910 --> 00:02:24,540  
this idea and I I'm all for it because I

55  
00:02:28,910 --> 00:02:25,920  
think

56  
00:02:30,949 --> 00:02:28,920  
this has become pretty Central for us uh

57  
00:02:34,130 --> 00:02:30,959  
it's commonsensical to us but I think

58  
00:02:35,089 --> 00:02:34,140  
for a lot of people it's not and as we

59  
00:02:37,250 --> 00:02:35,099  
were talking about just a few minutes

60  
00:02:39,170 --> 00:02:37,260  
ago before we went on the air you know

61  
00:02:41,089 --> 00:02:39,180  
everything around them is telling them

62  
00:02:44,690 --> 00:02:41,099  
something else like our conventional

63  
00:02:46,490 --> 00:02:44,700

Notions in society of what reality is

64

00:02:48,410 --> 00:02:46,500

um and how we try to force the UFO

65

00:02:50,930 --> 00:02:48,420

phenomenon and paranormality into that

66

00:02:53,270 --> 00:02:50,940

is telling people one thing so here we

67

00:02:55,729 --> 00:02:53,280

are suggesting Notions that are very

68

00:02:57,110 --> 00:02:55,739

very different so on the one hand

69

00:02:58,790 --> 00:02:57,120

um it might sound interesting to people

70

00:03:01,250 --> 00:02:58,800

but it goes against everything they're

71

00:03:04,250 --> 00:03:01,260

used to hearing and because we're

72

00:03:06,350 --> 00:03:04,260

conditioned uh beings it also goes

73

00:03:08,630 --> 00:03:06,360

against the intuitions that have been

74

00:03:10,910 --> 00:03:08,640

developed over a lifetime so it's worth

75

00:03:12,229 --> 00:03:10,920

uh you know drilling down

76

00:03:15,649 --> 00:03:12,239

um and really spending some time

77

00:03:17,330 --> 00:03:15,659

building these Notions out one by one

78

00:03:19,490 --> 00:03:17,340

absolutely and we spend a lot of time

79

00:03:20,930 --> 00:03:19,500

talking about Frameworks uh you just

80

00:03:22,850 --> 00:03:20,940

touched on some of that

81

00:03:25,430 --> 00:03:22,860

Frameworks in which we look at the world

82

00:03:28,430 --> 00:03:25,440

we're born into them uh We've we've

83

00:03:30,170 --> 00:03:28,440

inherited them and there are multiple

84

00:03:33,589 --> 00:03:30,180

Frameworks of looking at the world that

85

00:03:37,309 --> 00:03:33,599

exists in human history and some of them

86

00:03:39,890 --> 00:03:37,319

have had their uh sort of day on stage

87

00:03:42,589 --> 00:03:39,900

and some of them have not had quite as

88

00:03:44,930 --> 00:03:42,599

big of a sort of a prominent role at

89

00:03:46,850 --> 00:03:44,940

least in in the Western World I would

90

00:03:48,649 --> 00:03:46,860

say they're remind everybody there are

91

00:03:51,110 --> 00:03:48,659

lots of different civilizations and lot

92

00:03:53,330 --> 00:03:51,120

lots of different viewpoints and so

93

00:03:56,449 --> 00:03:53,340

we're in the west and in the west we're

94

00:03:58,309 --> 00:03:56,459

steeped in materialism this is the the

95

00:04:00,050 --> 00:03:58,319

air we breathe and it's been firmly

96

00:04:02,869 --> 00:04:00,060

established that that's the way to look

97

00:04:06,490 --> 00:04:02,879

at reality uh for a few hundred years

98

00:04:09,649 --> 00:04:06,500

now so it's it's had a lot of time to

99

00:04:11,929 --> 00:04:09,659

gain a strong footing and and to be

100

00:04:14,570 --> 00:04:11,939

reinforced via all of the different

101  
00:04:16,189 --> 00:04:14,580  
things that we depend on in our

102  
00:04:19,129 --> 00:04:16,199  
day-to-day life it just it's in the

103  
00:04:21,710 --> 00:04:19,139  
fabric of our of our experience but it's

104  
00:04:23,330 --> 00:04:21,720  
not the only way to look at reality uh

105  
00:04:28,129 --> 00:04:23,340  
there are other ways to to think about

106  
00:04:30,530 --> 00:04:28,139  
it Beyond just that material perspective

107  
00:04:32,749 --> 00:04:30,540  
um and so the main way that we you know

108  
00:04:34,610 --> 00:04:32,759  
to talk about quite frequently is from

109  
00:04:36,469 --> 00:04:34,620  
the perspective perspective of

110  
00:04:39,830 --> 00:04:36,479  
consciousness

111  
00:04:41,570 --> 00:04:39,840  
and the role that Consciousness plays in

112  
00:04:44,090 --> 00:04:41,580  
reality itself so I think we might want

113  
00:04:46,670 --> 00:04:44,100

to start there we use the big c word a

114

00:04:49,430 --> 00:04:46,680

lot uh what what are we talking about

115

00:04:52,129 --> 00:04:49,440

when we use the word Consciousness what

116

00:04:54,170 --> 00:04:52,139

what does it mean for you Darren

117

00:04:56,150 --> 00:04:54,180

well before I quickly jump into that let

118

00:04:57,050 --> 00:04:56,160

me just quickly also back up a step and

119

00:04:59,749 --> 00:04:57,060

say that

120

00:05:02,810 --> 00:04:59,759

I think part of the the bias and the

121

00:05:05,350 --> 00:05:02,820

Prejudice the hubris that exists in our

122

00:05:07,850 --> 00:05:05,360

contemporary society around materialism

123

00:05:10,430 --> 00:05:07,860

uh is

124

00:05:12,710 --> 00:05:10,440

because it's been so transformatively

125

00:05:14,810 --> 00:05:12,720

powerful right because

126

00:05:16,129 --> 00:05:14,820

um we like while you said there are

127

00:05:18,350 --> 00:05:16,139

different civilizations around the world

128

00:05:21,350 --> 00:05:18,360

that see reality differently but we

129

00:05:22,969 --> 00:05:21,360

think ours is the best one because it's

130

00:05:25,070 --> 00:05:22,979

been so transformative you know like

131

00:05:28,370 --> 00:05:25,080

tripling lifespans over the last 100

132

00:05:29,990 --> 00:05:28,380

years or so now 200 years

133

00:05:31,730 --> 00:05:30,000

um you know we're taking trips to the

134

00:05:35,330 --> 00:05:31,740

moon and Beyond you know we're we're

135

00:05:38,390 --> 00:05:35,340

planning uh trips to Mars and colonies

136

00:05:41,570 --> 00:05:38,400

on Mars and that kind of thing so when

137

00:05:44,270 --> 00:05:41,580

people see that they go well it's been

138

00:05:46,550 --> 00:05:44,280

so powerful and so transformative

139

00:05:48,710 --> 00:05:46,560

and so efficacious doesn't that mean

140

00:05:51,890 --> 00:05:48,720

that everything about it is right right

141

00:05:53,330 --> 00:05:51,900

so the the sort of like a equals B and

142

00:05:54,710 --> 00:05:53,340

what we're saying is that's not true and

143

00:05:56,150 --> 00:05:54,720

as I've mentioned this many times on

144

00:05:58,969 --> 00:05:56,160

their show

145

00:06:01,010 --> 00:05:58,979

that um we've learned to model nature to

146

00:06:02,810 --> 00:06:01,020

a an amazing degree and that has allowed

147

00:06:05,210 --> 00:06:02,820

us to have predictive power that's

148

00:06:07,129 --> 00:06:05,220

allowed us to create technologies that

149

00:06:09,529 --> 00:06:07,139

have transformed many aspects of our

150

00:06:11,150 --> 00:06:09,539

lives but that's again just modeling

151  
00:06:12,830 --> 00:06:11,160  
nature it doesn't tell us what nature is

152  
00:06:14,390 --> 00:06:12,840  
I've said this so many times but I

153  
00:06:16,249 --> 00:06:14,400  
really want people to drill down on that

154  
00:06:18,830 --> 00:06:16,259  
because that's that's where this begins

155  
00:06:20,930 --> 00:06:18,840  
is what is the underlying fabric of

156  
00:06:22,730 --> 00:06:20,940  
reality you can know that something's

157  
00:06:25,610 --> 00:06:22,740  
going to happen right you can see a cold

158  
00:06:27,590 --> 00:06:25,620  
front coming and realize you should put

159  
00:06:29,450 --> 00:06:27,600  
a jacket on that doesn't mean you

160  
00:06:33,170 --> 00:06:29,460  
necessarily understand

161  
00:06:36,290 --> 00:06:33,180  
every Elemental mechanical aspect behind

162  
00:06:38,090 --> 00:06:36,300  
what causes that ultimately right that's

163  
00:06:40,249 --> 00:06:38,100

that's a big difference so that's one

164

00:06:43,010 --> 00:06:40,259

thing we want to sort of stress here

165

00:06:44,450 --> 00:06:43,020

um but when we speak of consciousness

166

00:06:46,790 --> 00:06:44,460

and we can go back and forth in this

167

00:06:49,129 --> 00:06:46,800

because this I think we should take some

168

00:06:52,070 --> 00:06:49,139

time to sort of drill down on this but

169

00:06:54,890 --> 00:06:52,080

the first thing I would say is that

170

00:06:56,689 --> 00:06:54,900

for any one of us the one thing we're

171

00:07:00,370 --> 00:06:56,699

sure of is that we're having a conscious

172

00:07:02,629 --> 00:07:00,380

experience for me to ask that question

173

00:07:03,830 --> 00:07:02,639

presupposes that I'm having a conscious

174

00:07:05,510 --> 00:07:03,840

experience or I couldn't ask that

175

00:07:07,490 --> 00:07:05,520

question in which I'm questioning my

176

00:07:09,710 --> 00:07:07,500

conscious experience so it's kind of

177

00:07:11,870 --> 00:07:09,720

built in that it's the one thing we can

178

00:07:14,570 --> 00:07:11,880

be sure of that

179

00:07:15,950 --> 00:07:14,580

um none of this would be happening if it

180

00:07:18,050 --> 00:07:15,960

weren't for the fact that we were having

181

00:07:20,210 --> 00:07:18,060

an awareness around some sort of

182

00:07:24,409 --> 00:07:20,220

experience something we're conscious of

183

00:07:28,670 --> 00:07:26,450

in that transformative power with

184

00:07:32,029 --> 00:07:28,680

technology that we talked about along

185

00:07:35,390 --> 00:07:32,039

that process came this assumption

186

00:07:38,150 --> 00:07:35,400

that there's a material world right and

187

00:07:40,189 --> 00:07:38,160

that this material world is outside of

188

00:07:41,629 --> 00:07:40,199

our Consciousness right and even goes

189

00:07:44,210 --> 00:07:41,639

further and says

190

00:07:47,270 --> 00:07:44,220

our Consciousness is a product of that

191

00:07:50,390 --> 00:07:47,280

material world and therefore has no

192

00:07:53,150 --> 00:07:50,400

sustaining power has no enduring uh

193

00:07:55,430 --> 00:07:53,160

capacity beyond the material you know

194

00:07:57,290 --> 00:07:55,440

construction of it so when our bodies

195

00:08:01,309 --> 00:07:57,300

dissolve there's nothing left to us is

196

00:08:03,110 --> 00:08:01,319

the idea in materialism but what people

197

00:08:05,749 --> 00:08:03,120

need to realize and this is the first

198

00:08:08,629 --> 00:08:05,759

step in understanding why

199

00:08:11,450 --> 00:08:08,639

um materialism is really a leap in logic

200

00:08:13,370 --> 00:08:11,460

that's not supported is that when we

201

00:08:17,150 --> 00:08:13,380

posit the notion of a material world

202

00:08:19,070 --> 00:08:17,160

outside of Consciousness that is an

203

00:08:20,689 --> 00:08:19,080

untestable hypothesis at that point

204

00:08:22,129 --> 00:08:20,699

because again as we've talked about

205

00:08:24,409 --> 00:08:22,139

before

206

00:08:26,230 --> 00:08:24,419

just because I knock on a desk and it

207

00:08:29,089 --> 00:08:26,240

makes a sound and I can feel it

208

00:08:31,670 --> 00:08:29,099

supposedly you know on my Knuckles

209

00:08:33,709 --> 00:08:31,680

doesn't mean it actually exists anymore

210

00:08:35,149 --> 00:08:33,719

than if I were to do that in a dream

211

00:08:36,829 --> 00:08:35,159

last night

212

00:08:38,990 --> 00:08:36,839

you would think I was silly if I said to

213

00:08:40,190 --> 00:08:39,000

you so I know this desk existed

214

00:08:42,529 --> 00:08:40,200

somewhere

215

00:08:44,690 --> 00:08:42,539

did it or was it just a manifestation of

216

00:08:47,810 --> 00:08:44,700

Consciousness right it was the way that

217

00:08:49,190 --> 00:08:47,820

my Dreamscape kind of came together and

218

00:08:50,870 --> 00:08:49,200

there's consistency within that

219

00:08:52,850 --> 00:08:50,880

Dreamscape right you'd knock on out what

220

00:08:54,350 --> 00:08:52,860

looks like a desk and it gives you the

221

00:08:56,810 --> 00:08:54,360

feedback telling you it's a desk right

222

00:08:58,009 --> 00:08:56,820

so it's it's internally consistent but

223

00:08:59,930 --> 00:08:58,019

really when you think about it our

224

00:09:02,509 --> 00:08:59,940

waking experience right now if I knock

225

00:09:04,730 --> 00:09:02,519

my Knuckles on this desk I have no way

226  
00:09:06,710 --> 00:09:04,740  
of knowing that's any more quote unquote

227  
00:09:08,990 --> 00:09:06,720  
real than the dream I had last night

228  
00:09:11,930 --> 00:09:09,000  
when I was knocking on a desk

229  
00:09:13,310 --> 00:09:11,940  
so that's the first thing to to say here

230  
00:09:15,470 --> 00:09:13,320  
and then I'll toss it back to you is

231  
00:09:17,389 --> 00:09:15,480  
that the one thing we're sure of is that

232  
00:09:19,430 --> 00:09:17,399  
we're having conscious experience

233  
00:09:23,449 --> 00:09:19,440  
the notion of a material world outside

234  
00:09:26,990 --> 00:09:23,459  
of that is not only unproven but really

235  
00:09:29,570 --> 00:09:27,000  
untestable so you realize

236  
00:09:31,970 --> 00:09:29,580  
that really you can have everything we

237  
00:09:33,949 --> 00:09:31,980  
have and and it only be about

238  
00:09:37,130 --> 00:09:33,959

Consciousness that all of these

239

00:09:38,810 --> 00:09:37,140

different things desks Nathan Darren the

240

00:09:40,970 --> 00:09:38,820

walls the computers we're talking

241

00:09:43,790 --> 00:09:40,980

through everything is actually just

242

00:09:46,910 --> 00:09:43,800

excitation of Consciousness right that's

243

00:09:48,769 --> 00:09:46,920

all it ultimately is and just because it

244

00:09:50,449 --> 00:09:48,779

takes different forms in different times

245

00:09:52,670 --> 00:09:50,459

doesn't mean that those are actually

246

00:09:55,430 --> 00:09:52,680

substantive ultimately they are

247

00:09:57,710 --> 00:09:55,440

temporary forms just like you have

248

00:09:59,990 --> 00:09:57,720

temporary forms and a dream but then

249

00:10:01,550 --> 00:10:00,000

when you wake up they're gone right so

250

00:10:04,070 --> 00:10:01,560

that's the notion with Consciousness

251  
00:10:05,690 --> 00:10:04,080  
being primary being fundamental is that

252  
00:10:08,509 --> 00:10:05,700  
anything that looks like a physical

253  
00:10:10,269 --> 00:10:08,519  
world ultimately is just an excitation

254  
00:10:13,130 --> 00:10:10,279  
of Consciousness

255  
00:10:16,430 --> 00:10:13,140  
yeah very well said I I also really like

256  
00:10:19,430 --> 00:10:16,440  
the description that uh Berton uses the

257  
00:10:20,870 --> 00:10:19,440  
uh the notion of the dashboard so I

258  
00:10:22,790 --> 00:10:20,880  
think that that's really helpful helped

259  
00:10:25,430 --> 00:10:22,800  
me understand this concept very well so

260  
00:10:27,530 --> 00:10:25,440  
just to reiterate what that is uh he

261  
00:10:30,050 --> 00:10:27,540  
uses this notion that a pilot an

262  
00:10:31,670 --> 00:10:30,060  
airplane pilot can fly the airplane by

263  
00:10:34,610 --> 00:10:31,680

just looking at the instrument panel

264

00:10:36,769 --> 00:10:34,620

don't have to have the windows to see

265

00:10:38,750 --> 00:10:36,779

outside of the airplane to be able to

266

00:10:40,910 --> 00:10:38,760

fly that airplane successfully you can

267

00:10:42,949 --> 00:10:40,920

literally just fly it by looking at

268

00:10:46,009 --> 00:10:42,959

what's happening on the dashboard in

269

00:10:48,530 --> 00:10:46,019

front of you and he's saying that that's

270

00:10:52,130 --> 00:10:48,540

exactly what our experience of the world

271

00:10:54,829 --> 00:10:52,140

is is just a dashboard of dials and

272

00:10:57,050 --> 00:10:54,839

levers it's a representation of

273

00:10:59,750 --> 00:10:57,060

something else which is happening

274

00:11:02,990 --> 00:10:59,760

outside of that perceptive experience

275

00:11:06,230 --> 00:11:03,000

that we don't have a direct experience

276

00:11:08,569 --> 00:11:06,240

of we can do a great deal we can fly

277

00:11:11,569 --> 00:11:08,579

that airplane we can navigate Our Lives

278

00:11:14,509 --> 00:11:11,579

by looking at that dashboard but we can

279

00:11:16,790 --> 00:11:14,519

also confuse the dashboard for reality

280

00:11:19,069 --> 00:11:16,800

itself and I like that concept not only

281

00:11:22,670 --> 00:11:19,079

is it just for me easy just to kind of

282

00:11:25,130 --> 00:11:22,680

grab onto but also I feel that it it

283

00:11:27,350 --> 00:11:25,140

connects very well with what we know

284

00:11:28,569 --> 00:11:27,360

about our own you know sort of of

285

00:11:31,009 --> 00:11:28,579

cognitive

286

00:11:34,130 --> 00:11:31,019

experience or our perceptual experience

287

00:11:39,170 --> 00:11:34,140

we know that what what we think of as

288

00:11:40,610 --> 00:11:39,180

reality is already reduced by uh it's

289

00:11:43,250 --> 00:11:40,620

already gone through a series of

290

00:11:46,370 --> 00:11:43,260

reductions by the time it's Arisen in

291

00:11:49,310 --> 00:11:46,380

our conscious awareness so uh you know

292

00:11:50,990 --> 00:11:49,320

color and light and and texture and

293

00:11:52,970 --> 00:11:51,000

taste and all of these sound all of

294

00:11:56,569 --> 00:11:52,980

these things are things that are

295

00:12:00,410 --> 00:11:56,579

happening uh in in a spectrum that we

296

00:12:02,690 --> 00:12:00,420

only get a very narrow experience of

297

00:12:06,730 --> 00:12:02,700

um and so you know these Concepts to me

298

00:12:09,290 --> 00:12:06,740

really blend very nicely to to together

299

00:12:11,690 --> 00:12:09,300

and and I would argue too that or at

300

00:12:13,930 --> 00:12:11,700

least point out that um

301

00:12:16,670 --> 00:12:13,940

even if we have all this testable

302

00:12:19,009 --> 00:12:16,680

science we can say hey I ran this

303

00:12:20,630 --> 00:12:19,019

experiment and it happened in a vacuum

304

00:12:22,670 --> 00:12:20,640

tube and we you know we pull all this

305

00:12:24,530 --> 00:12:22,680

data out of it and it showed that there

306

00:12:26,630 --> 00:12:24,540

are these things that are there well the

307

00:12:28,370 --> 00:12:26,640

evaluation of any of that content is

308

00:12:31,370 --> 00:12:28,380

still happening in human awareness

309

00:12:32,690 --> 00:12:31,380

happening in human perception so it you

310

00:12:36,410 --> 00:12:32,700

cannot as you said you cannot

311

00:12:38,630 --> 00:12:36,420

disentangle our conscious awareness from

312

00:12:41,990 --> 00:12:38,640

everything that we're observing like

313

00:12:44,090 --> 00:12:42,000

there's no independent uh objective uh

314

00:12:46,430 --> 00:12:44,100

thing that is happening outside of our

315

00:12:49,250 --> 00:12:46,440

awareness and our perception

316

00:12:50,990 --> 00:12:49,260

right and I I'm glad you brought up the

317

00:12:53,990 --> 00:12:51,000

um the metaphor of the dashboard of

318

00:12:55,190 --> 00:12:54,000

dials because uh just to reiterate that

319

00:12:56,509 --> 00:12:55,200

a bit again

320

00:12:58,490 --> 00:12:56,519

um

321

00:13:00,710 --> 00:12:58,500

when Bernardo talks about that he'll

322

00:13:04,069 --> 00:13:00,720

talk about our everyday intuitions and

323

00:13:06,350 --> 00:13:04,079

how we are fooled by them right so his

324

00:13:08,690 --> 00:13:06,360

point is that not only

325

00:13:10,370 --> 00:13:08,700

can you fly the plane while you're also

326

00:13:12,710 --> 00:13:10,380

looking out the window but technically

327

00:13:14,470 --> 00:13:12,720

if it's extremely stormy and basically a

328

00:13:17,690 --> 00:13:14,480

blackout outside you can't see anything

329

00:13:19,550 --> 00:13:17,700

you can take off fly across the country

330

00:13:22,190 --> 00:13:19,560

or across the world and land the plane

331

00:13:24,470 --> 00:13:22,200

without ever actually seeing what's

332

00:13:26,590 --> 00:13:24,480

actually going on outside because you

333

00:13:28,790 --> 00:13:26,600

trust that those dials are giving you

334

00:13:30,829 --> 00:13:28,800

accurate information about what's

335

00:13:33,470 --> 00:13:30,839

actually going on in reality

336

00:13:34,310 --> 00:13:33,480

now the key there is though that of

337

00:13:37,490 --> 00:13:34,320

course

338

00:13:39,050 --> 00:13:37,500

the outside weather and air pressure and

339

00:13:41,389 --> 00:13:39,060

those kind of things and you know how

340

00:13:44,449 --> 00:13:41,399

high you are off the ground altitude

341

00:13:46,670 --> 00:13:44,459

none of that actually is perfectly

342

00:13:49,310 --> 00:13:46,680

represented one to one with these dials

343

00:13:51,290 --> 00:13:49,320

on the dashboard they somehow reference

344

00:13:53,150 --> 00:13:51,300

something right they give you the

345

00:13:55,310 --> 00:13:53,160

information you need to get from A to B

346

00:13:57,829 --> 00:13:55,320

his point there and this fits in with

347

00:14:00,050 --> 00:13:57,839

Donald Hoffman's work right around

348

00:14:01,910 --> 00:14:00,060

um Evolution and what it it has done

349

00:14:04,610 --> 00:14:01,920

that basically the process of evolution

350

00:14:07,190 --> 00:14:04,620

has given us that dashboard of dials

351  
00:14:09,170 --> 00:14:07,200  
right and it does in some way reference

352  
00:14:12,470 --> 00:14:09,180  
some reality like as you said we never

353  
00:14:15,470 --> 00:14:12,480  
directly access or directly perceive

354  
00:14:16,730 --> 00:14:15,480  
right but because it allows us to get

355  
00:14:18,290 --> 00:14:16,740  
through the world and the same way that

356  
00:14:21,710 --> 00:14:18,300  
those dashboard of dials allow you to

357  
00:14:23,629 --> 00:14:21,720  
fly the plane we've assumed that that is

358  
00:14:26,870 --> 00:14:23,639  
reality that what we perceive through

359  
00:14:29,389 --> 00:14:26,880  
our six senses is giving us real

360  
00:14:31,370 --> 00:14:29,399  
information about the world out there

361  
00:14:34,129 --> 00:14:31,380  
and a Hoffman's point and it fits very

362  
00:14:36,769 --> 00:14:34,139  
much with bernardo's point is that um

363  
00:14:39,110 --> 00:14:36,779

that's just not true that

364

00:14:41,569 --> 00:14:39,120

um not only so the conventional wisdom

365

00:14:43,310 --> 00:14:41,579

is that okay sure like you said there's

366

00:14:44,870 --> 00:14:43,320

some like parts of the spectrum that

367

00:14:46,310 --> 00:14:44,880

we're not perceiving right

368

00:14:48,170 --> 00:14:46,320

um the ultraviolet Spectrum we can

369

00:14:49,610 --> 00:14:48,180

perceive directly things like that but

370

00:14:50,990 --> 00:14:49,620

the the parts that we are perceiving at

371

00:14:53,569 --> 00:14:51,000

least that's part of the real thing

372

00:14:55,990 --> 00:14:53,579

right and bernardo's point and Donald

373

00:14:58,730 --> 00:14:56,000

Hoffman has said there's you know

374

00:15:01,670 --> 00:14:58,740

mathematical theorems that prove this

375

00:15:03,949 --> 00:15:01,680

that actually the the amount of

376

00:15:06,889 --> 00:15:03,959

correlation between actual reality and

377

00:15:10,250 --> 00:15:06,899

what we perceive as reality is precisely

378

00:15:12,949 --> 00:15:10,260

zero in other words what we perceive is

379

00:15:15,110 --> 00:15:12,959

nothing like the real reality

380

00:15:17,389 --> 00:15:15,120

um and you can run game theory to to

381

00:15:18,769 --> 00:15:17,399

come up to those conclusions

382

00:15:20,810 --> 00:15:18,779

um where again as we've talked about

383

00:15:23,689 --> 00:15:20,820

before human beings that are around

384

00:15:25,610 --> 00:15:23,699

today uh have ancestors who learn

385

00:15:27,530 --> 00:15:25,620

shortcuts who developed perceptual

386

00:15:29,090 --> 00:15:27,540

shortcuts that allowed them to stay

387

00:15:30,350 --> 00:15:29,100

alive and that's all it is the same way

388

00:15:32,810 --> 00:15:30,360

that if you're playing a video game

389

00:15:35,629 --> 00:15:32,820

you're not actually dealing with the

390

00:15:38,090 --> 00:15:35,639

transistors the voltages the zeros and

391

00:15:40,790 --> 00:15:38,100

ones and the computer software you're

392

00:15:42,530 --> 00:15:40,800

playing with avatars and icons right

393

00:15:44,810 --> 00:15:42,540

that move from level to level screen to

394

00:15:47,269 --> 00:15:44,820

screen that has nothing to do with the

395

00:15:49,970 --> 00:15:47,279

underlying reality of the computer and

396

00:15:52,670 --> 00:15:49,980

the software but it allows you to still

397

00:15:54,829 --> 00:15:52,680

navigate in a way that changes that so

398

00:15:57,769 --> 00:15:54,839

that's really what we are perceiving in

399

00:15:59,870 --> 00:15:57,779

reality so it really is important to hit

400

00:16:02,210 --> 00:15:59,880

home but it's not just about us

401  
00:16:04,129 --> 00:16:02,220  
perceiving a portion a narrow sort of

402  
00:16:05,509 --> 00:16:04,139  
Band of reality but actually what we've

403  
00:16:08,090 --> 00:16:05,519  
developed is a completely different

404  
00:16:10,730 --> 00:16:08,100  
interface that is not directly related

405  
00:16:13,009 --> 00:16:10,740  
to reality but only allows us to

406  
00:16:14,870 --> 00:16:13,019  
interface with that reality in a way we

407  
00:16:16,069 --> 00:16:14,880  
don't see how it's happening it just

408  
00:16:18,230 --> 00:16:16,079  
works because we've learned the

409  
00:16:21,710 --> 00:16:18,240  
shortcuts

410  
00:16:23,449 --> 00:16:21,720  
okay so then what uh I think that's a

411  
00:16:24,829 --> 00:16:23,459  
really good explanation but what can we

412  
00:16:28,490 --> 00:16:24,839  
then say

413  
00:16:30,829 --> 00:16:28,500

uh I guess with conviction about what

414

00:16:33,470 --> 00:16:30,839

reality actually is I mean I think we

415

00:16:35,449 --> 00:16:33,480

can at least so we can root say that as

416

00:16:37,790 --> 00:16:35,459

you said earlier it's uh it's the

417

00:16:40,850 --> 00:16:37,800

excitation of Consciousness but but if

418

00:16:44,689 --> 00:16:40,860

our if our correlation is kind of murky

419

00:16:47,030 --> 00:16:44,699

fuzzy not particularly uh High Fidelity

420

00:16:50,030 --> 00:16:47,040

you know how can we make

421

00:16:53,810 --> 00:16:50,040

any sort of uh statements about what

422

00:16:56,389 --> 00:16:53,820

reality might be like or how it might

423

00:16:58,009 --> 00:16:56,399

behave uh how do we get there from from

424

00:17:01,910 --> 00:16:58,019

here

425

00:17:04,010 --> 00:17:01,920

is that

426

00:17:06,890 --> 00:17:04,020

um when you think about a dream you

427

00:17:08,390 --> 00:17:06,900

think about a dreamer right and so if

428

00:17:09,289 --> 00:17:08,400

we're saying that

429

00:17:11,210 --> 00:17:09,299

um

430

00:17:12,110 --> 00:17:11,220

when we talk about Consciousness what

431

00:17:15,169 --> 00:17:12,120

we're basically and we're talking about

432

00:17:17,750 --> 00:17:15,179

conscious experience and and mentation

433

00:17:19,490 --> 00:17:17,760

processes right what we're basically

434

00:17:21,110 --> 00:17:19,500

saying is that

435

00:17:23,689 --> 00:17:21,120

uh the notion with something like

436

00:17:25,069 --> 00:17:23,699

analytic idealism which is bernardo's

437

00:17:27,530 --> 00:17:25,079

model

438

00:17:29,150 --> 00:17:27,540

um and we can talk tonight about how

439

00:17:31,730 --> 00:17:29,160

that's sort of the Western Way of

440

00:17:34,190 --> 00:17:31,740

approaching this right idealism but then

441

00:17:35,750 --> 00:17:34,200

it fits very much with Eastern vedantic

442

00:17:37,669 --> 00:17:35,760

non-duality and kind of things we can

443

00:17:40,430 --> 00:17:37,679

talk about how those connect

444

00:17:42,049 --> 00:17:40,440

but the notion is that you have

445

00:17:43,010 --> 00:17:42,059

um you might want to call it God you

446

00:17:44,510 --> 00:17:43,020

might want to call it the cosmic

447

00:17:47,750 --> 00:17:44,520

intelligence whatever feels better to

448

00:17:49,370 --> 00:17:47,760

you but some sort of

449

00:17:51,710 --> 00:17:49,380

conscious

450

00:17:55,669 --> 00:17:51,720

intelligence right

451  
00:17:57,350 --> 00:17:55,679  
presupposes everything and that all of

452  
00:17:59,510 --> 00:17:57,360  
the

453  
00:18:03,409 --> 00:17:59,520  
experience that that happened everything

454  
00:18:06,950 --> 00:18:03,419  
that manifests is basically a dream or a

455  
00:18:10,789 --> 00:18:06,960  
thought or a mindscape created by this

456  
00:18:13,549 --> 00:18:10,799  
original intelligence and so

457  
00:18:15,529 --> 00:18:13,559  
everything is basically mentation so so

458  
00:18:17,750 --> 00:18:15,539  
when I I mean it quite literally when I

459  
00:18:19,070 --> 00:18:17,760  
say that you and I talking right now is

460  
00:18:20,630 --> 00:18:19,080  
no different than the dream I had last

461  
00:18:23,029 --> 00:18:20,640  
night I mean that very very literally

462  
00:18:25,130 --> 00:18:23,039  
actually that it's fundamentally the

463  
00:18:27,169 --> 00:18:25,140

same process that

464

00:18:29,570 --> 00:18:27,179

um again embedded within it as

465

00:18:31,490 --> 00:18:29,580

characters within the dream we

466

00:18:33,770 --> 00:18:31,500

experience it as his physical thing

467

00:18:36,770 --> 00:18:33,780

right but ultimately it's no different

468

00:18:39,549 --> 00:18:36,780

than the dream so what we can say is

469

00:18:42,169 --> 00:18:39,559

that we have all of the

470

00:18:44,090 --> 00:18:42,179

phenomological aspects of everything

471

00:18:47,270 --> 00:18:44,100

around us whether it's in a dream or in

472

00:18:50,510 --> 00:18:47,280

the waking State now is ultimately just

473

00:18:52,850 --> 00:18:50,520

fields of mentation of that original

474

00:18:56,570 --> 00:18:52,860

consciousness

475

00:18:58,850 --> 00:18:56,580

having thoughts having dreams and

476

00:19:01,250 --> 00:18:58,860

But ultimately those are inseparable

477

00:19:03,890 --> 00:19:01,260

that this is just the activity of the

478

00:19:05,630 --> 00:19:03,900

dreamer right so that's what we can say

479

00:19:07,310 --> 00:19:05,640

about this it can take different forms

480

00:19:08,690 --> 00:19:07,320

you can have a dream where you're in

481

00:19:10,250 --> 00:19:08,700

Hawaii one time the next thing you know

482

00:19:11,510 --> 00:19:10,260

you're in this really kind of weird Twin

483

00:19:12,890 --> 00:19:11,520

Peaks kind of Zone you're not sure

484

00:19:13,549 --> 00:19:12,900

what's going on

485

00:19:15,409 --> 00:19:13,559

um

486

00:19:17,570 --> 00:19:15,419

which one is real which one's not that's

487

00:19:19,610 --> 00:19:17,580

kind of an incoherent question within

488

00:19:22,190 --> 00:19:19,620

that kind of framework right that these

489

00:19:24,770 --> 00:19:22,200

are just mentation processes dreams that

490

00:19:27,590 --> 00:19:24,780

arise which ultimately are just

491

00:19:31,029 --> 00:19:27,600

excitations of consciousness

492

00:19:34,010 --> 00:19:31,039

which kind of presupposes this kind of

493

00:19:36,710 --> 00:19:34,020

intelligence in which this Consciousness

494

00:19:37,850 --> 00:19:36,720

is seated right so the in and I think

495

00:19:39,470 --> 00:19:37,860

it's really important to point out here

496

00:19:41,150 --> 00:19:39,480

this is why this is actually more

497

00:19:43,370 --> 00:19:41,160

parsimonious than the material model

498

00:19:45,529 --> 00:19:43,380

because it's saying that

499

00:19:47,510 --> 00:19:45,539

all you have is consciousness and

500

00:19:49,850 --> 00:19:47,520

excitation of Consciousness which

501  
00:19:52,130 --> 00:19:49,860  
ultimately is the same thing right so to

502  
00:19:53,510 --> 00:19:52,140  
use another really powerful metaphor

503  
00:19:55,370 --> 00:19:53,520  
I know we have this notion of a

504  
00:19:58,370 --> 00:19:55,380  
Whirlpool right so you can have a

505  
00:20:00,350 --> 00:19:58,380  
whirlpool in a river and

506  
00:20:02,150 --> 00:20:00,360  
for all intents and purposes it really

507  
00:20:04,190 --> 00:20:02,160  
seems like it's an individual thing

508  
00:20:07,070 --> 00:20:04,200  
right it's got a certain structure to it

509  
00:20:09,049 --> 00:20:07,080  
that's consistent uh it could even you

510  
00:20:10,850 --> 00:20:09,059  
could say have its own identity you know

511  
00:20:12,650 --> 00:20:10,860  
I'm always this water that goes around

512  
00:20:15,049 --> 00:20:12,660  
in the circle here and I have a sense of

513  
00:20:17,029 --> 00:20:15,059

being separate and individual when we

514

00:20:19,669 --> 00:20:17,039

know in the big picture ultimately all

515

00:20:21,950 --> 00:20:19,679

that is is a particular excitation of

516

00:20:24,289 --> 00:20:21,960

water it's really no different than the

517

00:20:26,270 --> 00:20:24,299

river when you sort of zoom out you go

518

00:20:27,650 --> 00:20:26,280

the whirlpool and the river are one

519

00:20:29,630 --> 00:20:27,660

thing right

520

00:20:31,850 --> 00:20:29,640

um and I think if we

521

00:20:33,669 --> 00:20:31,860

even one thing that science has helped

522

00:20:35,930 --> 00:20:33,679

us to do in the of our ability to

523

00:20:37,789 --> 00:20:35,940

macroscopically and microscopically zoom

524

00:20:40,310 --> 00:20:37,799

in and out of reality or what we think

525

00:20:42,470 --> 00:20:40,320

of as reality we start recognizing that

526

00:20:44,029 --> 00:20:42,480

these distinctions we make between what

527

00:20:46,810 --> 00:20:44,039

is a tree versus what is the earth

528

00:20:49,310 --> 00:20:46,820

versus what is the air you know like or

529

00:20:51,049 --> 00:20:49,320

how am I different than the bacteria in

530

00:20:53,750 --> 00:20:51,059

my gut we start recognizing this some of

531

00:20:56,810 --> 00:20:53,760

these are just arbitrary lines we draw

532

00:20:58,669 --> 00:20:56,820

that really have no foundational reality

533

00:21:01,610 --> 00:20:58,679

to them right it's just a way we choose

534

00:21:03,529 --> 00:21:01,620

to perceive things conveniently so

535

00:21:05,210 --> 00:21:03,539

that's something to think about when we

536

00:21:08,810 --> 00:21:05,220

think about you know Consciousness being

537

00:21:13,970 --> 00:21:10,730

um I like the idea too about this uh

538

00:21:16,430 --> 00:21:13,980

concept of of intelligence because uh

539

00:21:19,430 --> 00:21:16,440

our conscious experience isn't an

540

00:21:24,049 --> 00:21:19,440

experience of of disorder and total

541

00:21:26,150 --> 00:21:24,059

chaos there is form structure order uh

542

00:21:28,549 --> 00:21:26,160

delineation like

543

00:21:30,890 --> 00:21:28,559

otherwise we wouldn't be able to have

544

00:21:33,770 --> 00:21:30,900

anything that we could articulate at all

545

00:21:35,990 --> 00:21:33,780

it would be a just a kind of an

546

00:21:37,430 --> 00:21:36,000

experiential soup uh where there isn't

547

00:21:40,549 --> 00:21:37,440

any sort of thing that we could conclude

548

00:21:44,510 --> 00:21:40,559

or uh or predict or anything of that

549

00:21:47,510 --> 00:21:44,520

nature so because we have uh these

550

00:21:50,149 --> 00:21:47,520

distinct experiences of different forms

551  
00:21:53,990 --> 00:21:50,159  
and objects like there is an underlying

552  
00:21:56,750 --> 00:21:54,000  
structure to conscious experience uh it

553  
00:21:59,750 --> 00:21:56,760  
may not be a hundred percent correlative

554  
00:22:02,570 --> 00:21:59,760  
it may not be that there literally is a

555  
00:22:05,270 --> 00:22:02,580  
table as you said earlier

556  
00:22:08,149 --> 00:22:05,280  
um but there is something structured

557  
00:22:10,370 --> 00:22:08,159  
like that in you know taking place in

558  
00:22:13,549 --> 00:22:10,380  
conscious awareness

559  
00:22:15,529 --> 00:22:13,559  
um you know so I guess what I want to go

560  
00:22:17,149 --> 00:22:15,539  
from here is uh because this comes up

561  
00:22:19,370 --> 00:22:17,159  
quite often

562  
00:22:22,310 --> 00:22:19,380  
for folks who I think have some

563  
00:22:24,049 --> 00:22:22,320

critiques of this perspective is that uh

564

00:22:25,909 --> 00:22:24,059

you know they often kind of say so so

565

00:22:27,110 --> 00:22:25,919

are you saying that you know if I just

566

00:22:28,909 --> 00:22:27,120

want to think about the world

567

00:22:30,890 --> 00:22:28,919

differently that I can literally just

568

00:22:33,710 --> 00:22:30,900

you know sort of change however it

569

00:22:36,890 --> 00:22:33,720

happens to be like if I just want to uh

570

00:22:38,690 --> 00:22:36,900

you know turn this uh you know desk into

571

00:22:40,310 --> 00:22:38,700

a yacht can I just think that it's a

572

00:22:42,529 --> 00:22:40,320

yacht and then I can go sailing I mean

573

00:22:44,810 --> 00:22:42,539

how does how does it work is it why

574

00:22:46,610 --> 00:22:44,820

doesn't it work like that

575

00:22:48,409 --> 00:22:46,620

well let's just try it we're going to go

576

00:22:50,690 --> 00:22:48,419

ahead right now Nathan try to turn that

577

00:22:51,770 --> 00:22:50,700

that's good for yacht concentrating so

578

00:22:53,390 --> 00:22:51,780

hard yes

579

00:22:56,750 --> 00:22:53,400

I'm not seeing the odd I guess it didn't

580

00:22:57,890 --> 00:22:56,760

work right I mean that that's that's a

581

00:22:59,810 --> 00:22:57,900

good question and I think you're right

582

00:23:02,270 --> 00:22:59,820

that that's one of the first things

583

00:23:04,130 --> 00:23:02,280

people hear when they

584

00:23:05,930 --> 00:23:04,140

first hear about this model right they

585

00:23:08,029 --> 00:23:05,940

say oh so you're saying this is sort of

586

00:23:10,370 --> 00:23:08,039

Mind Over Matter to the nth degree that

587

00:23:11,930 --> 00:23:10,380

you know if I decide I want my you know

588

00:23:13,549 --> 00:23:11,940

room to be a different color I just need

589

00:23:14,390 --> 00:23:13,559

to perceive it that way and then it will

590

00:23:16,549 --> 00:23:14,400

be

591

00:23:18,710 --> 00:23:16,559

and we're saying no that's not what

592

00:23:20,750 --> 00:23:18,720

we're saying so this is where idealism

593

00:23:23,630 --> 00:23:20,760

is different than solipsism right so in

594

00:23:25,250 --> 00:23:23,640

solipsism basically everything is just

595

00:23:26,870 --> 00:23:25,260

your Consciousness your own individual

596

00:23:29,450 --> 00:23:26,880

Consciousness you you are all that

597

00:23:32,090 --> 00:23:29,460

really is and in that sense you would

598

00:23:34,370 --> 00:23:32,100

have 100 control over everything that

599

00:23:37,010 --> 00:23:34,380

manifests right but what we're saying

600

00:23:38,990 --> 00:23:37,020

here is that

601  
00:23:42,409 --> 00:23:39,000  
we talked about that initial Cosmic

602  
00:23:45,770 --> 00:23:42,419  
intelligence right that um gave birth to

603  
00:23:47,169 --> 00:23:45,780  
or gave thought to

604  
00:23:48,950 --> 00:23:47,179  
um everything that now

605  
00:23:50,570 --> 00:23:48,960  
phenomenologically exists right

606  
00:23:53,930 --> 00:23:50,580  
including us

607  
00:23:56,630 --> 00:23:53,940  
so what we are is like characters in

608  
00:23:58,730 --> 00:23:56,640  
that mindscape right so

609  
00:24:02,570 --> 00:23:58,740  
the intelligence that populated this

610  
00:24:04,730 --> 00:24:02,580  
mindscape this dream space is that is

611  
00:24:06,649 --> 00:24:04,740  
some iteration of a cosmic intelligence

612  
00:24:09,049 --> 00:24:06,659  
right we can get to in a little while

613  
00:24:11,470 --> 00:24:09,059

about how we can think about these as

614

00:24:14,149 --> 00:24:11,480

disassociated Alters like different

615

00:24:16,610 --> 00:24:14,159

personas in Consciousness that like that

616

00:24:19,430 --> 00:24:16,620

Whirlpool for a period of time take on

617

00:24:21,289 --> 00:24:19,440

the semblance of individuality right and

618

00:24:23,630 --> 00:24:21,299

personhood right think about the the

619

00:24:26,330 --> 00:24:23,640

whirlpool again

620

00:24:28,730 --> 00:24:26,340

um but but we are just whirlpools right

621

00:24:30,710 --> 00:24:28,740

in the river which is NSA maybe like in

622

00:24:34,610 --> 00:24:30,720

a jungle zone or something

623

00:24:37,010 --> 00:24:34,620

so all we in this stream have access to

624

00:24:38,870 --> 00:24:37,020

in terms of changing is maybe some of

625

00:24:41,930 --> 00:24:38,880

what's going on within the whirlpool but

626  
00:24:44,450 --> 00:24:41,940  
because the entire Dreamscape exists in

627  
00:24:47,210 --> 00:24:44,460  
the mind mind at large is what Bernardo

628  
00:24:49,490 --> 00:24:47,220  
Castro would call it right the the mind

629  
00:24:53,630 --> 00:24:49,500  
of the cosmic intelligence

630  
00:24:56,510 --> 00:24:53,640  
um that's what seeds this streamscape so

631  
00:24:58,610 --> 00:24:56,520  
we do have some ability to change some

632  
00:25:00,470 --> 00:24:58,620  
things and I think the more we develop

633  
00:25:03,230 --> 00:25:00,480  
our consciousness

634  
00:25:04,669 --> 00:25:03,240  
the more we do have the an ability to

635  
00:25:06,590 --> 00:25:04,679  
change that actually and that's one of

636  
00:25:07,970 --> 00:25:06,600  
the interesting things with some of

637  
00:25:09,770 --> 00:25:07,980  
these others these non-human

638  
00:25:12,230 --> 00:25:09,780

intelligences is they've developed a

639

00:25:14,029 --> 00:25:12,240

much greater skill should be able to

640

00:25:16,610 --> 00:25:14,039

basically have a mind over matter kind

641

00:25:18,409 --> 00:25:16,620

of a situation where

642

00:25:20,330 --> 00:25:18,419

you know it's not that they need to come

643

00:25:23,750 --> 00:25:20,340

through the front door they can just

644

00:25:26,210 --> 00:25:23,760

like make the entire wall of your house

645

00:25:28,370 --> 00:25:26,220

seemingly dematerialize right even when

646

00:25:30,769 --> 00:25:28,380

we hear that term right you hear the the

647

00:25:33,049 --> 00:25:30,779

physicalist kind of um

648

00:25:34,669 --> 00:25:33,059

hubris there right the assumption that

649

00:25:36,950 --> 00:25:34,679

that is something that has to

650

00:25:38,870 --> 00:25:36,960

dematerialize for you to come in and

651  
00:25:40,310 --> 00:25:38,880  
we're saying no it's a thought form and

652  
00:25:42,110 --> 00:25:40,320  
so they basically can deal in the level

653  
00:25:43,789 --> 00:25:42,120  
of the thought form they don't want that

654  
00:25:45,350 --> 00:25:43,799  
wall to be there it's not there it's

655  
00:25:47,870 --> 00:25:45,360  
that simple so

656  
00:25:49,909 --> 00:25:47,880  
so on the one hand we can develop more

657  
00:25:50,990 --> 00:25:49,919  
ability to

658  
00:25:54,110 --> 00:25:51,000  
um

659  
00:25:55,970 --> 00:25:54,120  
change the the environment around us

660  
00:25:58,130 --> 00:25:55,980  
but that takes some skill and we have to

661  
00:25:59,630 --> 00:25:58,140  
remember that ultimately though there's

662  
00:26:01,730 --> 00:25:59,640  
these different interacting

663  
00:26:03,529 --> 00:26:01,740

consciousnesses who have different

664

00:26:06,169 --> 00:26:03,539

levels of ability to change these things

665

00:26:08,990 --> 00:26:06,179

but ultimately the original seating of

666

00:26:10,430 --> 00:26:09,000

this Dreamscape was by some outer

667

00:26:11,990 --> 00:26:10,440

intelligence might not be the original

668

00:26:14,090 --> 00:26:12,000

one because there can be multiple

669

00:26:15,470 --> 00:26:14,100

iterations which we can talk about that

670

00:26:17,630 --> 00:26:15,480

right and how that works in terms of

671

00:26:19,370 --> 00:26:17,640

Dimensions other things I've talked

672

00:26:20,990 --> 00:26:19,380

about but that gives you some idea of

673

00:26:23,750 --> 00:26:21,000

the difference between idealism and

674

00:26:26,330 --> 00:26:23,760

solipsism in idealism we are like

675

00:26:28,310 --> 00:26:26,340

characters within mind at large and mind

676

00:26:30,769 --> 00:26:28,320

at large is what ultimately an

677

00:26:32,330 --> 00:26:30,779

originally populates this Dreamscape of

678

00:26:34,850 --> 00:26:32,340

which we actually are just again

679

00:26:36,230 --> 00:26:34,860

excitations of that Consciousness the

680

00:26:37,870 --> 00:26:36,240

same way that a Whirlpool is an

681

00:26:39,890 --> 00:26:37,880

excitation of the river

682

00:26:41,510 --> 00:26:39,900

and what you've touched on a couple of

683

00:26:43,930 --> 00:26:41,520

things that I I definitely wanted to get

684

00:26:47,090 --> 00:26:43,940

into and that you entered that we should

685

00:26:49,190 --> 00:26:47,100

so one is what is the notion of the core

686

00:26:51,230 --> 00:26:49,200

conscious intelligence and you know we

687

00:26:53,870 --> 00:26:51,240

can use the word God and that I know

688

00:26:56,750 --> 00:26:53,880

that word has a lot of baggage but you

689

00:26:58,250 --> 00:26:56,760

know the the Mind At Large capital M

690

00:27:01,789 --> 00:26:58,260

right

691

00:27:04,610 --> 00:27:01,799

um you know so why would mind at large

692

00:27:07,970 --> 00:27:04,620

in its resting state if I can use that

693

00:27:12,010 --> 00:27:07,980

phrase like why would it disassociate at

694

00:27:15,830 --> 00:27:12,020

all why not just stay at rest uh as one

695

00:27:18,289 --> 00:27:15,840

conscious experience

696

00:27:20,990 --> 00:27:18,299

right and I think this is where we kind

697

00:27:23,450 --> 00:27:21,000

of have this bridge across to

698

00:27:25,370 --> 00:27:23,460

um some Eastern traditions in terms of

699

00:27:27,890 --> 00:27:25,380

their understanding of reality

700

00:27:30,289 --> 00:27:27,900

because the notion there is that

701  
00:27:34,190 --> 00:27:32,149  
think about this even with a human being

702  
00:27:35,930 --> 00:27:34,200  
right and and I understand when people

703  
00:27:37,789 --> 00:27:35,940  
say well you can't just like reduce this

704  
00:27:40,490 --> 00:27:37,799  
so the way human beings exist but just

705  
00:27:43,789 --> 00:27:40,500  
follow this as a metaphor for a second

706  
00:27:46,549 --> 00:27:43,799  
when we we are a social species right

707  
00:27:48,710 --> 00:27:46,559  
and any one of us that went and lived

708  
00:27:50,090 --> 00:27:48,720  
completely by ourselves and had no

709  
00:27:52,010 --> 00:27:50,100  
interaction with another human being

710  
00:27:54,230 --> 00:27:52,020  
eventually

711  
00:27:55,909 --> 00:27:54,240  
we might go a little bit insane but it

712  
00:27:58,190 --> 00:27:55,919  
would certainly be a bit boring because

713  
00:28:00,710 --> 00:27:58,200

all we would ever have is our own

714

00:28:03,049 --> 00:28:00,720

Impressions interpretations

715

00:28:07,130 --> 00:28:03,059

and it would get very static and and

716

00:28:08,930 --> 00:28:07,140

stale and so the notion is that with the

717

00:28:11,630 --> 00:28:08,940

original conscious intelligence the

718

00:28:13,370 --> 00:28:11,640

cosmic intelligence the only way that

719

00:28:16,010 --> 00:28:13,380

you could actually have

720

00:28:18,430 --> 00:28:16,020

novel experience right that wasn't just

721

00:28:21,649 --> 00:28:18,440

the same old same old would be to

722

00:28:23,570 --> 00:28:21,659

effectively disassociate

723

00:28:26,810 --> 00:28:23,580

and

724

00:28:28,490 --> 00:28:26,820

for a period of time anyway forget what

725

00:28:30,289 --> 00:28:28,500

you ultimately are right the same way

726

00:28:31,970 --> 00:28:30,299

that the whirlpool we think about a

727

00:28:33,470 --> 00:28:31,980

Whirlpool as having Consciousness just

728

00:28:35,390 --> 00:28:33,480

use that metaphor

729

00:28:38,210 --> 00:28:35,400

it for a while forgets it it's the river

730

00:28:40,370 --> 00:28:38,220

right and so it takes on new experience

731

00:28:42,830 --> 00:28:40,380

because you've changed the the

732

00:28:44,510 --> 00:28:42,840

parameters of perceived existence and

733

00:28:46,549 --> 00:28:44,520

when you change the parameters of

734

00:28:48,169 --> 00:28:46,559

perceived existence you create novel

735

00:28:49,669 --> 00:28:48,179

experience because experience is a

736

00:28:52,430 --> 00:28:49,679

combination of

737

00:28:53,990 --> 00:28:52,440

the being and the environment right and

738

00:28:56,990 --> 00:28:54,000

the interaction between the two so by

739

00:28:59,510 --> 00:28:57,000

creating a new iteration of a conscious

740

00:29:02,330 --> 00:28:59,520

being even if it's ultimately illusory

741

00:29:04,669 --> 00:29:02,340

and temporary you're able to have novel

742

00:29:06,110 --> 00:29:04,679

experience which you can then in the way

743

00:29:08,450 --> 00:29:06,120

that the whirlpool eventually dissolve

744

00:29:11,330 --> 00:29:08,460

back into the river the river absorbs

745

00:29:14,570 --> 00:29:11,340

that that that memory that understanding

746

00:29:16,850 --> 00:29:14,580

that experience and now the totality has

747

00:29:19,850 --> 00:29:16,860

access to new information so it's almost

748

00:29:22,010 --> 00:29:19,860

like this trick that happens that allows

749

00:29:23,630 --> 00:29:22,020

new information to happen because of

750

00:29:25,909 --> 00:29:23,640

this temporary forgetting and this

751  
00:29:27,649 --> 00:29:25,919  
disassociation from the original

752  
00:29:30,470 --> 00:29:27,659  
Consciousness intelligence into a second

753  
00:29:32,690 --> 00:29:30,480  
one and that's how you begin to have

754  
00:29:36,590 --> 00:29:32,700  
this process

755  
00:29:38,990 --> 00:29:36,600  
um of this ongoing situation where you

756  
00:29:40,909 --> 00:29:39,000  
you just keep scaling that out right

757  
00:29:42,409 --> 00:29:40,919  
um that we're not suggesting it's just

758  
00:29:44,210 --> 00:29:42,419  
well I'm not suggesting it's just one

759  
00:29:47,029 --> 00:29:44,220  
Cosmic intelligence than a bunch of

760  
00:29:49,070 --> 00:29:47,039  
human beings I'm saying that all of

761  
00:29:50,810 --> 00:29:49,080  
these beings that we we hear about the

762  
00:29:52,850 --> 00:29:50,820  
Myriad different beings we hear about in

763  
00:29:55,909 --> 00:29:52,860

the UFO phenomenon

764

00:29:57,470 --> 00:29:55,919

um are also disassociated altars of that

765

00:30:00,350 --> 00:29:57,480

original intelligence and that's partly

766

00:30:02,630 --> 00:30:00,360

why I have spoken with some confidence

767

00:30:04,610 --> 00:30:02,640

around the sense that they're ultimately

768

00:30:07,730 --> 00:30:04,620

on the same Journey that we are because

769

00:30:10,090 --> 00:30:07,740

ultimately we are the same thing at root

770

00:30:12,470 --> 00:30:10,100

we are iterations

771

00:30:15,409 --> 00:30:12,480

instantiations of this one Cosmic

772

00:30:18,289 --> 00:30:15,419

intelligence which ultimately returns to

773

00:30:19,610 --> 00:30:18,299

source so the same lessons apply even if

774

00:30:21,169 --> 00:30:19,620

we're at different points along the

775

00:30:22,730 --> 00:30:21,179

Spectrum

776

00:30:27,409 --> 00:30:22,740

that's exactly what I wanted to go next

777

00:30:30,350 --> 00:30:27,419

and that's this uh y posit non-human uh

778

00:30:32,690 --> 00:30:30,360

conscious agents uh outside of just uh

779

00:30:34,130 --> 00:30:32,700

the human ones and I I mean first of all

780

00:30:37,430 --> 00:30:34,140

uh

781

00:30:39,049 --> 00:30:37,440

take take aliens or the others out of

782

00:30:41,269 --> 00:30:39,059

the equation we already have non-human

783

00:30:43,190 --> 00:30:41,279

Intelligence on this planet and just as

784

00:30:45,190 --> 00:30:43,200

a reminder everybody you know we have

785

00:30:47,690 --> 00:30:45,200

insects with animals with cellular life

786

00:30:50,330 --> 00:30:47,700

there's all of these different

787

00:30:53,090 --> 00:30:50,340

things that that are that we call life

788

00:30:55,490 --> 00:30:53,100

which exists uh you know coexist in our

789

00:30:57,409 --> 00:30:55,500

in our current commonly accepted

790

00:30:58,490 --> 00:30:57,419

experience of being what it means to be

791

00:30:59,930 --> 00:30:58,500

human

792

00:31:02,570 --> 00:30:59,940

um so we don't have to take a huge leap

793

00:31:04,549 --> 00:31:02,580

to say that that if we're gonna go at

794

00:31:06,649 --> 00:31:04,559

different differentiated conscious

795

00:31:10,909 --> 00:31:06,659

experience that it that it takes on many

796

00:31:13,130 --> 00:31:10,919

different kinds of of forms uh but to

797

00:31:15,710 --> 00:31:13,140

then go to the next level and say that

798

00:31:17,930 --> 00:31:15,720

well there are uh there are other beings

799

00:31:20,690 --> 00:31:17,940

that are you know maybe humanoid or

800

00:31:22,430 --> 00:31:20,700

human-like in their and their level of

801  
00:31:25,070 --> 00:31:22,440  
Consciousness or greater level of

802  
00:31:27,409 --> 00:31:25,080  
Consciousness you know why why do we

803  
00:31:29,750 --> 00:31:27,419  
need to go there and and before I want

804  
00:31:31,250 --> 00:31:29,760  
you to talk about that before you do I

805  
00:31:32,990 --> 00:31:31,260  
also want to point out that we have

806  
00:31:37,250 --> 00:31:33,000  
Traditions that talk about this already

807  
00:31:40,310 --> 00:31:37,260  
as well so our human history is full of

808  
00:31:42,430 --> 00:31:40,320  
uh mythologies and conceptions of other

809  
00:31:45,590 --> 00:31:42,440  
intelligent agents that are not human

810  
00:31:49,789 --> 00:31:45,600  
that interact with the human sort of

811  
00:31:51,470 --> 00:31:49,799  
plane of experience uh and and to many

812  
00:31:53,210 --> 00:31:51,480  
ancients that there would have been no

813  
00:31:55,130 --> 00:31:53,220

separation between these worlds the

814

00:31:57,769 --> 00:31:55,140

these worlds where the One World

815

00:31:59,930 --> 00:31:57,779

essentially uh that all these different

816

00:32:04,190 --> 00:31:59,940

kinds of of beings interacted together

817

00:32:06,590 --> 00:32:04,200

in but it's just until recently that we

818

00:32:08,210 --> 00:32:06,600

you know we we kind of kicked those

819

00:32:10,370 --> 00:32:08,220

other beings out of the picture and said

820

00:32:12,289 --> 00:32:10,380

well no only what's happening is in you

821

00:32:14,029 --> 00:32:12,299

know on on Earth and what we can test in

822

00:32:16,370 --> 00:32:14,039

a laboratory and that other stuff is

823

00:32:18,230 --> 00:32:16,380

happens in the in the world of the

824

00:32:21,590 --> 00:32:18,240

imagination

825

00:32:23,810 --> 00:32:21,600

um and then enter into the the 20th

826

00:32:27,110 --> 00:32:23,820

century and where we are now so many

827

00:32:30,169 --> 00:32:27,120

experiences uh related to

828

00:32:32,029 --> 00:32:30,179

uh you know other entities seemingly

829

00:32:34,430 --> 00:32:32,039

from other planets or other dimensions

830

00:32:36,289 --> 00:32:34,440

or alternate realities uh we're having

831

00:32:38,870 --> 00:32:36,299

experiences people telling us that

832

00:32:41,930 --> 00:32:38,880

they've had experiences of these and so

833

00:32:44,810 --> 00:32:41,940

that then forces us to to revisit that

834

00:32:47,750 --> 00:32:44,820

question do we jettison those things or

835

00:32:51,289 --> 00:32:47,760

or continue to bucket them into the

836

00:32:54,350 --> 00:32:51,299

category of imagined experience or can

837

00:32:57,529 --> 00:32:54,360

we pull them into experience itself into

838

00:33:00,230 --> 00:32:57,539

reality itself and and if we do so how

839

00:33:02,029 --> 00:33:00,240

do they fit in that larger unified

840

00:33:03,230 --> 00:33:02,039

picture so I wonder if you could talk to

841

00:33:05,330 --> 00:33:03,240

that

842

00:33:07,070 --> 00:33:05,340

right so I would say one thing about

843

00:33:09,169 --> 00:33:07,080

that is that in the same way against

844

00:33:12,350 --> 00:33:09,179

using the analogy of the whirlpool again

845

00:33:14,930 --> 00:33:12,360

because that temporary manifestation of

846

00:33:16,250 --> 00:33:14,940

the water is so convincing right it I

847

00:33:18,169 --> 00:33:16,260

mean if you've ever seen a Whirlpool

848

00:33:19,970 --> 00:33:18,179

it's pretty remarkable because

849

00:33:22,310 --> 00:33:19,980

they have so much coherence and

850

00:33:24,830 --> 00:33:22,320

consistency right and you can you can

851  
00:33:26,269 --> 00:33:24,840  
you know sort of sort of send a log its

852  
00:33:28,009 --> 00:33:26,279  
way and it's a little swirled down and

853  
00:33:29,149 --> 00:33:28,019  
get seemingly swallowed by this

854  
00:33:31,430 --> 00:33:29,159  
Whirlpool right you're like that's so

855  
00:33:34,009 --> 00:33:31,440  
weird because ultimately it's the river

856  
00:33:38,750 --> 00:33:34,019  
um so because

857  
00:33:42,230 --> 00:33:38,760  
this process of individuation iteration

858  
00:33:45,049 --> 00:33:42,240  
um individual manifestation incarnation

859  
00:33:47,029 --> 00:33:45,059  
right Incarnation uh relates to the word

860  
00:33:49,909 --> 00:33:47,039  
carne which is meat right so basically

861  
00:33:54,289 --> 00:33:49,919  
means Spirit taking form in the in the

862  
00:33:56,029 --> 00:33:54,299  
form of a body right like a body mind so

863  
00:33:58,070 --> 00:33:56,039

if you think about it it wasn't that

864

00:33:59,570 --> 00:33:58,080

long ago the human beings were so

865

00:34:02,029 --> 00:33:59,580

convinced that we were the center of the

866

00:34:03,409 --> 00:34:02,039

universe that we assumed the Earth was

867

00:34:05,630 --> 00:34:03,419

at the exact center of the universe

868

00:34:08,450 --> 00:34:05,640

right we thought that everything we saw

869

00:34:11,629 --> 00:34:08,460

out there was really there for our sake

870

00:34:14,750 --> 00:34:11,639

right all these assumptions because this

871

00:34:16,550 --> 00:34:14,760

forgetting process where we we postulate

872

00:34:18,829 --> 00:34:16,560

connection to some sort of monotheistic

873

00:34:20,810 --> 00:34:18,839

God and we'll have to later on get on to

874

00:34:22,310 --> 00:34:20,820

how that's different because I think for

875

00:34:25,609 --> 00:34:22,320

some people they'll immediately think

876

00:34:27,169 --> 00:34:25,619

like personal Christian God right when

877

00:34:28,970 --> 00:34:27,179

we say Cosmic intelligence we're not

878

00:34:32,570 --> 00:34:28,980

actually saying that I think

879

00:34:34,070 --> 00:34:32,580

some of what you realize when you try to

880

00:34:36,589 --> 00:34:34,080

take some of that out some of that

881

00:34:38,690 --> 00:34:36,599

baggage out some aspects of reality make

882

00:34:40,609 --> 00:34:38,700

more sense once you once you do that

883

00:34:42,290 --> 00:34:40,619

maybe get into that

884

00:34:43,730 --> 00:34:42,300

but it wasn't all that long ago that

885

00:34:46,550 --> 00:34:43,740

you'll hear about like for instance like

886

00:34:48,589 --> 00:34:46,560

human Kings right so like you know the

887

00:34:50,470 --> 00:34:48,599

king of France or something that really

888

00:34:54,109 --> 00:34:50,480

sits in his room and thinks that like

889

00:34:57,950 --> 00:34:54,119

God looks at him like just one step down

890

00:35:00,589 --> 00:34:57,960

from Divinity right and this King this

891

00:35:03,349 --> 00:35:00,599

human being this dude really believes

892

00:35:05,870 --> 00:35:03,359

that he is like Central to the entire

893

00:35:08,150 --> 00:35:05,880

creation the entire Cosmic creation he's

894

00:35:10,250 --> 00:35:08,160

one step down from the the very center

895

00:35:12,410 --> 00:35:10,260

of it all he literally believes that

896

00:35:15,589 --> 00:35:12,420

because that forgetting process and that

897

00:35:17,150 --> 00:35:15,599

individuation process is so coherent and

898

00:35:20,150 --> 00:35:17,160

strong right

899

00:35:22,609 --> 00:35:20,160

over time like you said we've found life

900

00:35:24,650 --> 00:35:22,619

in so many places even on our planet we

901  
00:35:28,130 --> 00:35:24,660  
find in the most seemingly inhospitable

902  
00:35:29,630 --> 00:35:28,140  
regions life tends to exist right using

903  
00:35:32,270 --> 00:35:29,640  
the Jeff Goldblum character from

904  
00:35:34,510 --> 00:35:32,280  
Jurassic Park life finds a way right

905  
00:35:37,730 --> 00:35:34,520  
like it just does it seems to be

906  
00:35:39,349 --> 00:35:37,740  
hardwired into whatever reality is and

907  
00:35:40,910 --> 00:35:39,359  
we can we can keep parsing that out

908  
00:35:44,270 --> 00:35:40,920  
whatever it is

909  
00:35:46,849 --> 00:35:44,280  
seems to be Plum full of

910  
00:35:48,890 --> 00:35:46,859  
different iterations of Consciousness

911  
00:35:50,930 --> 00:35:48,900  
right different excitations of that one

912  
00:35:54,310 --> 00:35:50,940  
Consciousness that have taken on a form

913  
00:35:58,010 --> 00:35:54,320

of temporary individual identity right

914

00:35:59,690 --> 00:35:58,020

and so when you think about it it's it's

915

00:36:02,210 --> 00:35:59,700

kind of a ludicrous even from a

916

00:36:04,370 --> 00:36:02,220

materialist model right you don't have

917

00:36:06,770 --> 00:36:04,380

to argue with materials anymore that

918

00:36:08,210 --> 00:36:06,780

aliens exist somewhere they just believe

919

00:36:10,310 --> 00:36:08,220

that all the evidence in the world

920

00:36:13,010 --> 00:36:10,320

suggests that with the immense size of

921

00:36:15,050 --> 00:36:13,020

the cosmos knowing now that based on the

922

00:36:17,329 --> 00:36:15,060

constraints or what we perceive as the

923

00:36:19,990 --> 00:36:17,339

constraints of materiality around us

924

00:36:22,670 --> 00:36:20,000

there should be many many many many many

925

00:36:24,230 --> 00:36:22,680

uh life-bearing planets out there even

926

00:36:27,290 --> 00:36:24,240

if it's the exception to the rule the

927

00:36:29,510 --> 00:36:27,300

the cosmos is so immense that they must

928

00:36:33,109 --> 00:36:29,520

exist and if

929

00:36:36,950 --> 00:36:33,119

for the materialists if all life is is a

930

00:36:39,109 --> 00:36:36,960

further development and orientation of

931

00:36:41,270 --> 00:36:39,119

material basically right biochemical

932

00:36:43,910 --> 00:36:41,280

material then that kind of Life must

933

00:36:46,970 --> 00:36:43,920

exist everywhere what I'm saying is that

934

00:36:49,310 --> 00:36:46,980

it's not really that biomaterial uh

935

00:36:51,530 --> 00:36:49,320

component nature it's something more

936

00:36:54,530 --> 00:36:51,540

metaphysical than that but nevertheless

937

00:36:56,150 --> 00:36:54,540

we are seeing something that is true

938

00:36:57,290 --> 00:36:56,160

about the underlying structure which is

939

00:37:00,890 --> 00:36:57,300

that

940

00:37:04,130 --> 00:37:00,900

this process of constantly

941

00:37:06,470 --> 00:37:04,140

individuating of disassociating into new

942

00:37:09,710 --> 00:37:06,480

forms of Consciousness seems to be just

943

00:37:12,109 --> 00:37:09,720

built in and I think it's also helpful

944

00:37:13,730 --> 00:37:12,119

for a second to quickly point out that

945

00:37:15,950 --> 00:37:13,740

the reason why I use that term

946

00:37:18,230 --> 00:37:15,960

disassociation and and Bernardo Castro

947

00:37:20,089 --> 00:37:18,240

again uses that in his model is because

948

00:37:22,849 --> 00:37:20,099

what we're pointing to there rather than

949

00:37:25,130 --> 00:37:22,859

materialism which again is a a wild leap

950

00:37:27,410 --> 00:37:25,140

that we have no evidence for and no way

951  
00:37:31,010 --> 00:37:27,420  
of testing apart from us being a

952  
00:37:35,810 --> 00:37:32,630  
we already have evidence for

953  
00:37:38,530 --> 00:37:35,820  
disassociation where one human being can

954  
00:37:41,630 --> 00:37:38,540  
literally have different

955  
00:37:44,569 --> 00:37:41,640  
individuated members inside of them

956  
00:37:46,910 --> 00:37:44,579  
right different people effectively and

957  
00:37:48,530 --> 00:37:46,920  
it's not just well I'm going to pretend

958  
00:37:50,390 --> 00:37:48,540  
to be extroverted in this one and

959  
00:37:52,750 --> 00:37:50,400  
introverted in this one and an athlete

960  
00:37:56,089 --> 00:37:52,760  
in this one and a scholar in this one

961  
00:37:58,970 --> 00:37:56,099  
these ones really take on a full formed

962  
00:38:00,589 --> 00:37:58,980  
identity even where the body seems to

963  
00:38:02,750 --> 00:38:00,599

have a different experience of reality

964

00:38:04,370 --> 00:38:02,760

based on that mentation process we're

965

00:38:07,370 --> 00:38:04,380

back at that again where you can

966

00:38:10,910 --> 00:38:07,380

literally have one personality inside of

967

00:38:12,890 --> 00:38:10,920

one being that can be allergic to peanut

968

00:38:14,990 --> 00:38:12,900

butter and another Persona will not be

969

00:38:17,329 --> 00:38:15,000

allergic to peanut I mean testable I'm

970

00:38:19,210 --> 00:38:17,339

not talking about just they say this but

971

00:38:21,530 --> 00:38:19,220

you can actually see this in real time

972

00:38:23,870 --> 00:38:21,540

one will have an allergic reaction when

973

00:38:25,490 --> 00:38:23,880

one person is coming to the surface that

974

00:38:26,930 --> 00:38:25,500

body will not have an allergic reaction

975

00:38:30,069 --> 00:38:26,940

if another Persona has come to the

976

00:38:32,450 --> 00:38:30,079

surface and these are like

977

00:38:33,829 --> 00:38:32,460

evidenced in actual physiological

978

00:38:36,050 --> 00:38:33,839

reactions this is not something you can

979

00:38:38,810 --> 00:38:36,060

fake in other words right so

980

00:38:39,890 --> 00:38:38,820

this is partly why even with criminal

981

00:38:41,569 --> 00:38:39,900

courts

982

00:38:43,130 --> 00:38:41,579

people try to figure out if if the

983

00:38:44,930 --> 00:38:43,140

person is having multiple personalities

984

00:38:47,329 --> 00:38:44,940

within them because that literally

985

00:38:49,849 --> 00:38:47,339

changes how we think about

986

00:38:51,589 --> 00:38:49,859

who's responsible right

987

00:38:54,349 --> 00:38:51,599

um for like a crime that was committed

988

00:38:56,990 --> 00:38:54,359

so that that's why you know he points to

989

00:38:59,690 --> 00:38:57,000

that because we already have evidence of

990

00:39:02,210 --> 00:38:59,700

how this happens and how it becomes

991

00:39:03,650 --> 00:39:02,220

completely convincing to those different

992

00:39:05,210 --> 00:39:03,660

personas and what we're saying is

993

00:39:07,970 --> 00:39:05,220

ultimately that's true all the way back

994

00:39:10,190 --> 00:39:07,980

to the cosmic intelligence

995

00:39:12,230 --> 00:39:10,200

um but that's what I would say is that

996

00:39:13,430 --> 00:39:12,240

in the same way that we've now realize

997

00:39:15,050 --> 00:39:13,440

it's silly to think that we're the

998

00:39:17,450 --> 00:39:15,060

center of the universe and that that

999

00:39:19,430 --> 00:39:17,460

King of France is like you know one step

1000

00:39:21,770 --> 00:39:19,440

down from the cosmic intelligence that's

1001

00:39:24,770 --> 00:39:21,780

a very small-minded

1002

00:39:27,349 --> 00:39:24,780

um way of seeing reality based on hubris

1003

00:39:30,050 --> 00:39:27,359

and a lack of imagination right but it's

1004

00:39:32,150 --> 00:39:30,060

partly because that Whirlpool is so

1005

00:39:34,609 --> 00:39:32,160

coherent and cause so cohesive so

1006

00:39:36,770 --> 00:39:34,619

consistent that we get fooled by it but

1007

00:39:39,530 --> 00:39:36,780

what we should realize is that what is

1008

00:39:43,310 --> 00:39:39,540

is pointing towards is actually likely a

1009

00:39:46,370 --> 00:39:43,320

cosmos teeming with life and to bring in

1010

00:39:48,829 --> 00:39:46,380

um you know Donald Hoffman's Point again

1011

00:39:50,089 --> 00:39:48,839

Evolution so if someone would say well

1012

00:39:53,150 --> 00:39:50,099

if that's true why are we not seeing

1013

00:39:54,530 --> 00:39:53,160

more aliens all the time right and what

1014

00:39:57,589 --> 00:39:54,540

Donald Hoffman would say is because

1015

00:39:59,870 --> 00:39:57,599

because we are again just seeing the

1016

00:40:01,609 --> 00:39:59,880

dials on the dashboard and if the dials

1017

00:40:03,710 --> 00:40:01,619

on the dashboard

1018

00:40:06,710 --> 00:40:03,720

we don't need to see gray aliens to

1019

00:40:09,230 --> 00:40:06,720

survive then that was that was filtered

1020

00:40:11,870 --> 00:40:09,240

out of the dials that we were presented

1021

00:40:14,150 --> 00:40:11,880

with right over time our ancestors and

1022

00:40:15,710 --> 00:40:14,160

so we have to remember that we you know

1023

00:40:17,510 --> 00:40:15,720

you take all these different pieces and

1024

00:40:19,490 --> 00:40:17,520

put them together and try to keep them

1025

00:40:22,310 --> 00:40:19,500

in your conscious awareness because

1026  
00:40:24,470 --> 00:40:22,320  
again we are not seeing all that is

1027  
00:40:26,450 --> 00:40:24,480  
around us right now at all we are seeing

1028  
00:40:28,370 --> 00:40:26,460  
not even just a filtered version we're

1029  
00:40:31,490 --> 00:40:28,380  
seeing a different representation an

1030  
00:40:34,130 --> 00:40:31,500  
interface the same way that a a desktop

1031  
00:40:37,069 --> 00:40:34,140  
interface references you know zeros and

1032  
00:40:39,349 --> 00:40:37,079  
ones and binary code and things nothing

1033  
00:40:41,089 --> 00:40:39,359  
like the actual thing but it's it's it

1034  
00:40:43,250 --> 00:40:41,099  
it's exists in a way that makes it

1035  
00:40:46,569 --> 00:40:43,260  
navigable for us right so that's what

1036  
00:40:48,950 --> 00:40:46,579  
we're saying here too that that actually

1037  
00:40:50,870 --> 00:40:48,960  
life is teaming right throughout the

1038  
00:40:52,370 --> 00:40:50,880

cosmos and even around us right now I'm

1039

00:40:54,890 --> 00:40:52,380

not just talking about an Alpha Centauri

1040

00:40:58,069 --> 00:40:54,900

I'm saying that right now there are

1041

00:41:00,530 --> 00:40:58,079

numerous intelligences around us

1042

00:41:02,450 --> 00:41:00,540

you know a hair breath the way but we

1043

00:41:04,609 --> 00:41:02,460

have just filtered out awareness of them

1044

00:41:06,170 --> 00:41:04,619

because it has not been essential to our

1045

00:41:08,569 --> 00:41:06,180

survival and the propagation of the

1046

00:41:09,710 --> 00:41:08,579

species so keep all these things in mind

1047

00:41:11,810 --> 00:41:09,720

but that's that's where the

1048

00:41:14,450 --> 00:41:11,820

Consciousness piece comes in and why it

1049

00:41:17,630 --> 00:41:14,460

just seems to be built in that this

1050

00:41:19,970 --> 00:41:17,640

frequent disassociation process that

1051  
00:41:21,310 --> 00:41:19,980  
feeds back into the whole is Central to

1052  
00:41:24,050 --> 00:41:21,320  
the entire thing

1053  
00:41:27,349 --> 00:41:24,060  
well and let's explore that some more as

1054  
00:41:30,770 --> 00:41:27,359  
well so what is the uh maybe for lack of

1055  
00:41:33,970 --> 00:41:30,780  
a better term what is the cosmic aim we

1056  
00:41:37,970 --> 00:41:33,980  
did talk about there was a need for

1057  
00:41:41,270 --> 00:41:37,980  
novel experience that instead of just uh

1058  
00:41:44,030 --> 00:41:41,280  
being in in the state of rest and not

1059  
00:41:47,270 --> 00:41:44,040  
having anything new arise within that

1060  
00:41:49,609 --> 00:41:47,280  
that awareness we we don't have that we

1061  
00:41:52,430 --> 00:41:49,619  
have distinct different experiences

1062  
00:41:54,950 --> 00:41:52,440  
arising because that creates novelty

1063  
00:41:58,010 --> 00:41:54,960

that creates meaning meaning is born

1064

00:42:01,069 --> 00:41:58,020

from the relationship between these EXP

1065

00:42:03,770 --> 00:42:01,079

experiences so you can't have meaning

1066

00:42:07,310 --> 00:42:03,780

without relationality and so we have

1067

00:42:10,190 --> 00:42:07,320

this uh in a way to sort of fractal uh

1068

00:42:14,150 --> 00:42:10,200

explosion of meaning and relationality

1069

00:42:16,370 --> 00:42:14,160

of rising out of the cosmic mind

1070

00:42:20,030 --> 00:42:16,380

um you know is that the

1071

00:42:23,770 --> 00:42:20,040

chief aim of conscious activity is there

1072

00:42:27,130 --> 00:42:23,780

a larger goal can we speak intelligently

1073

00:42:30,650 --> 00:42:27,140

intelligibly about any of those Concepts

1074

00:42:32,870 --> 00:42:30,660

uh what do you think about that

1075

00:42:35,750 --> 00:42:32,880

but always say that you know

1076  
00:42:39,349 --> 00:42:35,760  
people will phrase it something like you

1077  
00:42:40,550 --> 00:42:39,359  
are an extension of the cosmos exploring

1078  
00:42:41,870 --> 00:42:40,560  
itself

1079  
00:42:45,050 --> 00:42:41,880  
and that's what they basically mean

1080  
00:42:47,150 --> 00:42:45,060  
right and so just to steer back on what

1081  
00:42:50,210 --> 00:42:47,160  
you were saying there again the key is

1082  
00:42:53,450 --> 00:42:50,220  
you have to have the perception

1083  
00:42:56,390 --> 00:42:53,460  
of a disassociated individual

1084  
00:43:00,349 --> 00:42:56,400  
identity to have novel experience right

1085  
00:43:03,710 --> 00:43:02,210  
that's that's really key here because

1086  
00:43:04,970 --> 00:43:03,720  
that that's what allows the whole thing

1087  
00:43:06,829 --> 00:43:04,980  
to keep going and that's what actually

1088  
00:43:08,710 --> 00:43:06,839

fuels the whole thing to keep going

1089

00:43:11,089 --> 00:43:08,720

through multiple iterations is because

1090

00:43:13,550 --> 00:43:11,099

you keep doing that and what's what's

1091

00:43:15,650 --> 00:43:13,560

interesting here is that

1092

00:43:18,170 --> 00:43:15,660

we have to remember that using your

1093

00:43:20,089 --> 00:43:18,180

analogy of the fractals we are fractal

1094

00:43:21,890 --> 00:43:20,099

representations of that original Cosmic

1095

00:43:22,730 --> 00:43:21,900

intelligence really and so the same way

1096

00:43:25,430 --> 00:43:22,740

that

1097

00:43:27,410 --> 00:43:25,440

you know every drop has the ocean in it

1098

00:43:29,150 --> 00:43:27,420

right

1099

00:43:31,430 --> 00:43:29,160

not only is it fundamentally the ocean

1100

00:43:33,170 --> 00:43:31,440

right a drop is the ocean but it has the

1101  
00:43:35,690 --> 00:43:33,180  
entire ocean in every drop in the same

1102  
00:43:38,270 --> 00:43:35,700  
way you know we have

1103  
00:43:39,950 --> 00:43:38,280  
at least in potentia everything about

1104  
00:43:41,329 --> 00:43:39,960  
the cosmic intelligence inside of us

1105  
00:43:43,430 --> 00:43:41,339  
this is again like we talked about a

1106  
00:43:45,109 --> 00:43:43,440  
couple episodes ago uh you know the

1107  
00:43:46,730 --> 00:43:45,119  
Buddha and all of us kind of thing that

1108  
00:43:49,190 --> 00:43:46,740  
already exists and basically is about

1109  
00:43:51,230 --> 00:43:49,200  
just removing the the distortions that

1110  
00:43:54,230 --> 00:43:51,240  
prevent us from seeing it

1111  
00:43:59,450 --> 00:43:56,930  
so this is key is that you you

1112  
00:44:02,690 --> 00:43:59,460  
um you create individual

1113  
00:44:04,790 --> 00:44:02,700

um iterations of personas that because

1114

00:44:07,309 --> 00:44:04,800  
of that change in orientation that

1115

00:44:09,770 --> 00:44:07,319  
because that identity

1116

00:44:11,690 --> 00:44:09,780  
even though it's partial it's

1117

00:44:14,569 --> 00:44:11,700  
deliberately partial because you have to

1118

00:44:18,290 --> 00:44:14,579  
have that partialness that forgetting

1119

00:44:20,809 --> 00:44:18,300  
process in order to have a a new way of

1120

00:44:22,849 --> 00:44:20,819  
lensing the world right of like

1121

00:44:26,450 --> 00:44:22,859  
um you think about you know how you can

1122

00:44:28,069 --> 00:44:26,460  
you know take uh some sort of glass and

1123

00:44:29,210 --> 00:44:28,079  
change the way the lights coming in kind

1124

00:44:32,870 --> 00:44:29,220  
of thing right so you think about

1125

00:44:36,349 --> 00:44:32,880  
yourself like that that you are going to

1126

00:44:39,650 --> 00:44:36,359

um refract light differently because of

1127

00:44:42,050 --> 00:44:39,660

your uniqueness right and so that allows

1128

00:44:44,089 --> 00:44:42,060

for the plethora of Many Many Colors to

1129

00:44:46,430 --> 00:44:44,099

then be ultimately perceived by the

1130

00:44:49,609 --> 00:44:46,440

totality so that process keeps happening

1131

00:44:51,050 --> 00:44:49,619

over and over again and not only that

1132

00:44:53,089 --> 00:44:51,060

but but getting back to what I was

1133

00:44:55,730 --> 00:44:53,099

saying about we ultimately are that

1134

00:44:58,490 --> 00:44:55,740

Cosmic intelligence

1135

00:45:01,550 --> 00:44:58,500

so in the same way we eventually get to

1136

00:45:05,150 --> 00:45:01,560

the point where we too want to see what

1137

00:45:06,770 --> 00:45:05,160

it's like to seed creation right so for

1138

00:45:08,870 --> 00:45:06,780

us right now that may be virtual

1139

00:45:11,329 --> 00:45:08,880

realities right that we are are now

1140

00:45:13,069 --> 00:45:11,339

creating but eventually you evolve to

1141

00:45:15,109 --> 00:45:13,079

the point where you can do that in what

1142

00:45:16,910 --> 00:45:15,119

is quote unquote perceived as reality

1143

00:45:19,190 --> 00:45:16,920

right now so even though it's really a

1144

00:45:21,829 --> 00:45:19,200

Dreamscape right another a Mente a field

1145

00:45:23,329 --> 00:45:21,839

of coherent mentation you eventually

1146

00:45:25,809 --> 00:45:23,339

evolve to the point where even that

1147

00:45:29,329 --> 00:45:25,819

becomes malleable to you and then you

1148

00:45:31,490 --> 00:45:29,339

concede new civilizations new life forms

1149

00:45:32,930 --> 00:45:31,500

in the same way that happened with the

1150

00:45:34,550 --> 00:45:32,940

original Cosmic intelligence and that's

1151  
00:45:36,109 --> 00:45:34,560  
where you get this notion of Dimensions

1152  
00:45:37,130 --> 00:45:36,119  
that that

1153  
00:45:39,829 --> 00:45:37,140  
um

1154  
00:45:41,270 --> 00:45:39,839  
about Dimensions but as I've said before

1155  
00:45:43,190 --> 00:45:41,280  
when I talk about Dimensions I don't

1156  
00:45:45,770 --> 00:45:43,200  
mean physical universe is sitting next

1157  
00:45:48,829 --> 00:45:45,780  
to each other right I I mean different

1158  
00:45:50,870 --> 00:45:48,839  
coherent fields of mentation but that's

1159  
00:45:53,210 --> 00:45:50,880  
why it's really interesting around the

1160  
00:45:56,450 --> 00:45:53,220  
phenomenon question because

1161  
00:45:58,790 --> 00:45:56,460  
when people say oh so is is Darren's

1162  
00:46:01,130 --> 00:45:58,800  
model that

1163  
00:46:02,809 --> 00:46:01,140

we can only be the creation quote

1164

00:46:04,550 --> 00:46:02,819

unquote of the One initial Cosmic

1165

00:46:07,190 --> 00:46:04,560

intelligence that I'm saying well we

1166

00:46:11,270 --> 00:46:07,200

could be an iteration

1167

00:46:12,950 --> 00:46:11,280

like 17 layers down right so you've had

1168

00:46:15,349 --> 00:46:12,960

beings because we have to remember even

1169

00:46:17,630 --> 00:46:15,359

when we look at again at the clues of

1170

00:46:19,790 --> 00:46:17,640

what looks like the physical Universe we

1171

00:46:23,089 --> 00:46:19,800

are a relatively very young species

1172

00:46:25,550 --> 00:46:23,099

right on an on an outer arm of a galaxy

1173

00:46:27,589 --> 00:46:25,560

that's not that old right and this outer

1174

00:46:29,390 --> 00:46:27,599

arm is one of the the newer aspects of

1175

00:46:31,790 --> 00:46:29,400

the Galaxy right like the center of the

1176

00:46:34,609 --> 00:46:31,800

Galaxy is much older so all of that

1177

00:46:36,050 --> 00:46:34,619

gives you clues about likely there are

1178

00:46:39,230 --> 00:46:36,060

life forms that have been around for

1179

00:46:41,150 --> 00:46:39,240

much much longer than us right and so

1180

00:46:43,430 --> 00:46:41,160

they have gotten to the point where they

1181

00:46:45,650 --> 00:46:43,440

can do that level of manipulation of

1182

00:46:47,809 --> 00:46:45,660

quote unquote reality right what we

1183

00:46:49,010 --> 00:46:47,819

perceive as material reality right now

1184

00:46:52,910 --> 00:46:49,020

which is again just a partial

1185

00:46:55,250 --> 00:46:52,920

understanding they eventually can

1186

00:46:56,450 --> 00:46:55,260

basically iterate that like a virtual

1187

00:46:57,829 --> 00:46:56,460

reality

1188

00:47:00,290 --> 00:46:57,839

because this is again where people

1189

00:47:02,390 --> 00:47:00,300

sometimes will say oh so is it possible

1190

00:47:03,890 --> 00:47:02,400

that the the phenomenon exists because

1191

00:47:06,829 --> 00:47:03,900

we're actually just in a simulation

1192

00:47:08,390 --> 00:47:06,839

right but the notion there is that these

1193

00:47:10,550 --> 00:47:08,400

beings are in the actual physical

1194

00:47:12,410 --> 00:47:10,560

universe and what we are is kind of just

1195

00:47:14,450 --> 00:47:12,420

like a computer program iteration right

1196

00:47:16,430 --> 00:47:14,460

right and I'm saying no the entire thing

1197

00:47:17,809 --> 00:47:16,440

is a dream scheme a streamscape all the

1198

00:47:19,490 --> 00:47:17,819

way up and all the way down all there is

1199

00:47:22,430 --> 00:47:19,500

is consciousness so in that sense

1200

00:47:23,630 --> 00:47:22,440

everything's virtual right uh but that

1201  
00:47:25,550 --> 00:47:23,640  
doesn't mean it's any less real because

1202  
00:47:28,910 --> 00:47:25,560  
that's the fundamental nature of reality

1203  
00:47:30,770 --> 00:47:28,920  
there is no core base physical reality

1204  
00:47:33,349 --> 00:47:30,780  
where some beings are manipulating us

1205  
00:47:34,270 --> 00:47:33,359  
it's Dreamscapes all the way up and all

1206  
00:47:36,290 --> 00:47:34,280  
the way down

1207  
00:47:37,790 --> 00:47:36,300  
and and

1208  
00:47:41,270 --> 00:47:37,800  
I want you to talk a little bit more

1209  
00:47:43,790 --> 00:47:41,280  
about this is there a through line of of

1210  
00:47:45,170 --> 00:47:43,800  
what it means to be

1211  
00:47:47,510 --> 00:47:45,180  
you

1212  
00:47:50,270 --> 00:47:47,520  
know so there's a

1213  
00:47:53,210 --> 00:47:50,280

you did talk just a second there about

1214

00:47:55,430 --> 00:47:53,220

you know scaling up and demand the

1215

00:47:57,829 --> 00:47:55,440

dimensionality of I guess you know who

1216

00:48:00,589 --> 00:47:57,839

you are who you perceive yourself to be

1217

00:48:04,030 --> 00:48:00,599

and then as you scale up having the

1218

00:48:07,190 --> 00:48:04,040

ability to essentially you know create

1219

00:48:09,710 --> 00:48:07,200

uh you know galaxies or whatnot and the

1220

00:48:13,250 --> 00:48:09,720

way that that we perceive to be within

1221

00:48:16,670 --> 00:48:13,260

one now but you know is there a

1222

00:48:19,550 --> 00:48:16,680

why I guess posit that there is a

1223

00:48:23,329 --> 00:48:19,560

through line of Personality there and

1224

00:48:26,450 --> 00:48:23,339

where does that uh sort of um

1225

00:48:29,329 --> 00:48:26,460

conclusion Insight come from does it

1226

00:48:32,210 --> 00:48:29,339

come from uh the underlying model itself

1227

00:48:35,450 --> 00:48:32,220

does it come from uh you know hints that

1228

00:48:37,309 --> 00:48:35,460

we get from things like uh past life

1229

00:48:39,770 --> 00:48:37,319

experience accounts or you know

1230

00:48:43,609 --> 00:48:39,780

near-death experience like where do you

1231

00:48:45,890 --> 00:48:43,619

draw from to kind of get to that place

1232

00:48:47,690 --> 00:48:45,900

well I think if you think about it

1233

00:48:50,690 --> 00:48:47,700

theoretically for a second you would

1234

00:48:52,730 --> 00:48:50,700

recognize that if it's true that there's

1235

00:48:55,370 --> 00:48:52,740

this original conscious intelligence

1236

00:48:57,890 --> 00:48:55,380

Cosmic intelligence

1237

00:49:00,410 --> 00:48:57,900

um through which everything we perceive

1238

00:49:02,870 --> 00:49:00,420

as the material reality is actually just

1239

00:49:05,030 --> 00:49:02,880

excitation of its mentation basically

1240

00:49:06,349 --> 00:49:05,040

what it's thinking about right

1241

00:49:09,050 --> 00:49:06,359

um

1242

00:49:11,210 --> 00:49:09,060

then

1243

00:49:15,109 --> 00:49:11,220

what would be the most

1244

00:49:17,329 --> 00:49:15,119

useful and meaningful and

1245

00:49:20,210 --> 00:49:17,339

could most contribute back something

1246

00:49:22,970 --> 00:49:20,220

really significant is if you could have

1247

00:49:27,470 --> 00:49:22,980

not just one iteration as one identity

1248

00:49:29,630 --> 00:49:27,480

but you you initiate or instantiate an

1249

00:49:31,790 --> 00:49:29,640

individual whirlpool and then you let

1250

00:49:35,510 --> 00:49:31,800

that Whirlpool experience

1251

00:49:37,250 --> 00:49:35,520

multiple Rivers right and which

1252

00:49:39,170 --> 00:49:37,260

ultimately are all part of the same body

1253

00:49:41,089 --> 00:49:39,180

of water right across the entire planet

1254

00:49:41,870 --> 00:49:41,099

to use the to stretch the metaphor some

1255

00:49:43,790 --> 00:49:41,880

more

1256

00:49:45,470 --> 00:49:43,800

but the notion is that you know rather

1257

00:49:47,270 --> 00:49:45,480

than just having one lifetime what we

1258

00:49:48,650 --> 00:49:47,280

perceive as one Lifetime and then you

1259

00:49:50,089 --> 00:49:48,660

dissolve back like the whirlpool

1260

00:49:51,650 --> 00:49:50,099

dissolves back into the river and it

1261

00:49:53,510 --> 00:49:51,660

never was

1262

00:49:55,730 --> 00:49:53,520

effectively

1263

00:49:57,710 --> 00:49:55,740

what we can actually have is and this is

1264

00:49:58,970 --> 00:49:57,720

where I think my model and my

1265

00:50:01,550 --> 00:49:58,980

understanding would differ from someone

1266

00:50:03,109 --> 00:50:01,560

like Tom Campbell so

1267

00:50:06,470 --> 00:50:03,119

um

1268

00:50:08,150 --> 00:50:06,480

in my sense we actually can have

1269

00:50:10,250 --> 00:50:08,160

all of the above

1270

00:50:13,370 --> 00:50:10,260

I think we do actually have all of the

1271

00:50:16,190 --> 00:50:13,380

above I think that every time every

1272

00:50:18,109 --> 00:50:16,200

space has ever existed is like a cosmic

1273

00:50:20,089 --> 00:50:18,119

address the same way that you can

1274

00:50:23,089 --> 00:50:20,099

pull up a website that was you know

1275

00:50:25,190 --> 00:50:23,099

designed 12 years ago the same way you

1276  
00:50:27,230 --> 00:50:25,200  
can do that for Nathan who is 12 years

1277  
00:50:29,210 --> 00:50:27,240  
old and skinned his name one time

1278  
00:50:31,430 --> 00:50:29,220  
because he fell off his bike that

1279  
00:50:33,290 --> 00:50:31,440  
iteration of Nathan and that experience

1280  
00:50:35,510 --> 00:50:33,300  
which again is just an excitation of

1281  
00:50:37,670 --> 00:50:35,520  
Consciousness right that is always

1282  
00:50:39,829 --> 00:50:37,680  
available when we use these terms in

1283  
00:50:41,450 --> 00:50:39,839  
time like always that kind of

1284  
00:50:43,250 --> 00:50:41,460  
in some ways defeats the purpose but

1285  
00:50:44,990 --> 00:50:43,260  
just think of these things as ultimately

1286  
00:50:46,790 --> 00:50:45,000  
there is no linear time right that's an

1287  
00:50:50,270 --> 00:50:46,800  
illusion

1288  
00:50:54,890 --> 00:50:52,549

but you create this iteration of

1289

00:50:56,569 --> 00:50:54,900

individual identity and then you run it

1290

00:50:58,970 --> 00:50:56,579

through multiple

1291

00:51:01,309 --> 00:50:58,980

iterations right you take that whirlpool

1292

00:51:04,510 --> 00:51:01,319

and you say let's see what it's like for

1293

00:51:07,609 --> 00:51:04,520

Nathan to become like a 16th century

1294

00:51:10,430 --> 00:51:07,619

monk you know living in a monastery in

1295

00:51:11,510 --> 00:51:10,440

in northern Europe right and then you

1296

00:51:13,010 --> 00:51:11,520

know another time is going to be

1297

00:51:13,670 --> 00:51:13,020

something else

1298

00:51:15,530 --> 00:51:13,680

um

1299

00:51:18,170 --> 00:51:15,540

and what's interesting even in

1300

00:51:19,970 --> 00:51:18,180

reincarnation studies not to get too off

1301  
00:51:22,490 --> 00:51:19,980  
track here but what's really interesting

1302  
00:51:24,950 --> 00:51:22,500  
is that people often

1303  
00:51:26,930 --> 00:51:24,960  
counter to I think popular belief you

1304  
00:51:28,430 --> 00:51:26,940  
don't necessarily come as a as a monk

1305  
00:51:30,049 --> 00:51:28,440  
one time living in a monastery then you

1306  
00:51:32,089 --> 00:51:30,059  
become a camel or something in Egypt

1307  
00:51:35,329 --> 00:51:32,099  
generally you actually tend to

1308  
00:51:36,829 --> 00:51:35,339  
reincarnate this is based on studies in

1309  
00:51:38,930 --> 00:51:36,839  
the similar part of the world and

1310  
00:51:40,430 --> 00:51:38,940  
sometimes associated with some of the

1311  
00:51:41,270 --> 00:51:40,440  
same kind of families and things like

1312  
00:51:43,250 --> 00:51:41,280  
that

1313  
00:51:44,690 --> 00:51:43,260

so it's almost like all of these are

1314

00:51:47,089 --> 00:51:44,700

individual experiments that are being

1315

00:51:49,130 --> 00:51:47,099

run where different iterations and

1316

00:51:51,349 --> 00:51:49,140

different variables are changed in that

1317

00:51:53,450 --> 00:51:51,359

experiment but the experiment runs over

1318

00:51:55,370 --> 00:51:53,460

what we perceive as multiple lifetimes

1319

00:51:58,390 --> 00:51:55,380

because that becomes a much more

1320

00:52:01,309 --> 00:51:58,400

interesting data set and experiential

1321

00:52:03,349 --> 00:52:01,319

experiment to then feed back into the

1322

00:52:05,210 --> 00:52:03,359

totality and we have to remember these

1323

00:52:08,089 --> 00:52:05,220

things like something like time is Again

1324

00:52:10,490 --> 00:52:08,099

part of the illusion that happens in a

1325

00:52:13,250 --> 00:52:10,500

Dreamscape so

1326  
00:52:15,230 --> 00:52:13,260  
Nathan as he is now and Nathan as he was

1327  
00:52:17,210 --> 00:52:15,240  
as somebody else in a previous lifetime

1328  
00:52:19,849 --> 00:52:17,220  
quote unquote

1329  
00:52:22,849 --> 00:52:19,859  
um are are always equally

1330  
00:52:24,950 --> 00:52:22,859  
available always equally alive quote

1331  
00:52:26,450 --> 00:52:24,960  
unquote right because again once you

1332  
00:52:28,430 --> 00:52:26,460  
really wrap your head around this is all

1333  
00:52:30,950 --> 00:52:28,440  
Dreamscape this is all just excitations

1334  
00:52:32,870 --> 00:52:30,960  
of Consciousness nothing ever has to go

1335  
00:52:35,150 --> 00:52:32,880  
away nothing ever does go away it just

1336  
00:52:36,470 --> 00:52:35,160  
becomes different iterations

1337  
00:52:38,569 --> 00:52:36,480  
um you know the same way that you can

1338  
00:52:40,069 --> 00:52:38,579

again use to use really crude metaphors

1339

00:52:42,770 --> 00:52:40,079

we're beginning to see evidence of this

1340

00:52:45,530 --> 00:52:42,780

in our reality you could save uh you

1341

00:52:47,450 --> 00:52:45,540

know a score you got on Pac-Man right

1342

00:52:49,190 --> 00:52:47,460

um or you could save a certain virtual

1343

00:52:51,650 --> 00:52:49,200

reality screen you really liked and go

1344

00:52:53,390 --> 00:52:51,660

back to it anytime right and so if

1345

00:52:55,370 --> 00:52:53,400

someone from 100 years ago saw us doing

1346

00:52:56,630 --> 00:52:55,380

that they're like wow that's magical how

1347

00:52:58,010 --> 00:52:56,640

are you doing that and it's like we

1348

00:53:00,770 --> 00:52:58,020

think well that's that's not difficult

1349

00:53:03,410 --> 00:53:00,780

at all so just think about that in terms

1350

00:53:05,270 --> 00:53:03,420

of this that ultimately time is illusory

1351

00:53:06,890 --> 00:53:05,280

there's no such thing space too right

1352

00:53:09,589 --> 00:53:06,900

these are again just fields of mentation

1353

00:53:11,410 --> 00:53:09,599

excitations of consciousness

1354

00:53:14,270 --> 00:53:11,420

but the reason why there are not only

1355

00:53:15,829 --> 00:53:14,280

multiple intelligences multiple beings

1356

00:53:18,530 --> 00:53:15,839

around the cosmos because that's just

1357

00:53:21,109 --> 00:53:18,540

more interesting for the totality but so

1358

00:53:22,730 --> 00:53:21,119

too are there multiple lifetimes

1359

00:53:23,990 --> 00:53:22,740

which by the way sometimes means one

1360

00:53:25,250 --> 00:53:24,000

last time you might be a gray alien

1361

00:53:26,690 --> 00:53:25,260

another time you might be a human being

1362

00:53:29,030 --> 00:53:26,700

right

1363

00:53:31,670 --> 00:53:29,040

um again we get these we get these

1364

00:53:32,569 --> 00:53:31,680

individual you know streams where for a

1365

00:53:34,490 --> 00:53:32,579

while you're going to be a human being

1366

00:53:36,650 --> 00:53:34,500

in one part of the world and part of one

1367

00:53:38,750 --> 00:53:36,660

aspect of an experiment but some people

1368

00:53:41,030 --> 00:53:38,760

come in with a very different beginning

1369

00:53:42,950 --> 00:53:41,040

experiment they were they would they

1370

00:53:46,190 --> 00:53:42,960

come in for different reasons so it gets

1371

00:53:47,809 --> 00:53:46,200

complex but the bottom line is that not

1372

00:53:50,150 --> 00:53:47,819

only are there many many intelligences

1373

00:53:52,190 --> 00:53:50,160

but there are also many many iterations

1374

00:53:54,109 --> 00:53:52,200

of those intelligences because that

1375

00:53:56,650 --> 00:53:54,119

ultimately is more meaningful and

1376  
00:54:00,230 --> 00:53:56,660  
contributes more significant information

1377  
00:54:01,670 --> 00:54:00,240  
more exciting aliveness to the totality

1378  
00:54:04,730 --> 00:54:01,680  
which is ultimately what this seems to

1379  
00:54:08,630 --> 00:54:06,950  
yeah I

1380  
00:54:12,230 --> 00:54:08,640  
I mean I personally really like this

1381  
00:54:13,970 --> 00:54:12,240  
model I think uh I I respond to it

1382  
00:54:16,130 --> 00:54:13,980  
um

1383  
00:54:18,349 --> 00:54:16,140  
and and I I have to say I'm not a person

1384  
00:54:19,670 --> 00:54:18,359  
that's always thought of things in this

1385  
00:54:21,589 --> 00:54:19,680  
way

1386  
00:54:23,690 --> 00:54:21,599  
um and I definitely used to be a strong

1387  
00:54:25,849 --> 00:54:23,700  
materialist and

1388  
00:54:26,750 --> 00:54:25,859

um essentially an atheist

1389

00:54:28,910 --> 00:54:26,760

um

1390

00:54:30,410 --> 00:54:28,920

when I would be asked about what happens

1391

00:54:32,569 --> 00:54:30,420

after I die

1392

00:54:34,069 --> 00:54:32,579

I would just say well you know what

1393

00:54:36,230 --> 00:54:34,079

happened before I was born you know

1394

00:54:39,170 --> 00:54:36,240

nothing and there's there's no

1395

00:54:41,329 --> 00:54:39,180

experience that that is like uh and so I

1396

00:54:44,030 --> 00:54:41,339

don't need to worry about that

1397

00:54:47,089 --> 00:54:44,040

um I was sort of that rooted in in the

1398

00:54:49,250 --> 00:54:47,099

material perspective but you know I

1399

00:54:51,049 --> 00:54:49,260

gotta say that that you know what this

1400

00:54:53,410 --> 00:54:51,059

model does for me is it really does

1401

00:54:58,430 --> 00:54:53,420

redeem a lot of

1402

00:54:59,870 --> 00:54:58,440

uh my own lived experience it also

1403

00:55:02,329 --> 00:54:59,880

um

1404

00:55:05,329 --> 00:55:02,339

resonates with with kind of my intuition

1405

00:55:07,430 --> 00:55:05,339

as well about the way that that reality

1406

00:55:08,329 --> 00:55:07,440

happens to be

1407

00:55:10,130 --> 00:55:08,339

um

1408

00:55:12,410 --> 00:55:10,140

I also find it to be more meaningful

1409

00:55:15,049 --> 00:55:12,420

just that at a root level it's much more

1410

00:55:16,790 --> 00:55:15,059

meaningful to look at the world and and

1411

00:55:19,569 --> 00:55:16,800

reality in this way

1412

00:55:23,650 --> 00:55:19,579

uh because it it

1413

00:55:26,569 --> 00:55:23,660

does in many ways

1414

00:55:28,549 --> 00:55:26,579

mirror the uh the kind of Act of

1415

00:55:30,890 --> 00:55:28,559

Creation you know it is the act of

1416

00:55:33,290 --> 00:55:30,900

creation and when you think about art

1417

00:55:36,230 --> 00:55:33,300

and music and Beauty you know these are

1418

00:55:39,589 --> 00:55:36,240

things that that come that pour out of

1419

00:55:43,790 --> 00:55:39,599

out of the the process of living

1420

00:55:44,750 --> 00:55:43,800

right and uh why would the universe not

1421

00:55:48,290 --> 00:55:44,760

want

1422

00:55:50,270 --> 00:55:48,300

if it had a a level of awareness which

1423

00:55:53,030 --> 00:55:50,280

is what we were saying it is aware at

1424

00:55:54,950 --> 00:55:53,040

its root fundamental level it is aware

1425

00:55:58,849 --> 00:55:54,960

why would it not want

1426

00:56:01,370 --> 00:55:58,859

to as in as it's in the process of its

1427

00:56:04,069 --> 00:56:01,380

breathing out and breathing in uh to

1428

00:56:06,829 --> 00:56:04,079

create and to and to experience and to

1429

00:56:10,370 --> 00:56:06,839

have as much creation and as much

1430

00:56:12,710 --> 00:56:10,380

experience as possible and to learn from

1431

00:56:14,690 --> 00:56:12,720

that right so that's the other I think

1432

00:56:16,910 --> 00:56:14,700

aspect of this that is

1433

00:56:18,470 --> 00:56:16,920

um you know partly what we can

1434

00:56:21,530 --> 00:56:18,480

understand and partly you know things

1435

00:56:24,890 --> 00:56:21,540

which we cannot but that which it is

1436

00:56:27,109 --> 00:56:24,900

seeking to do and and know and be you

1437

00:56:30,770 --> 00:56:27,119

know it's not that it's uh you know sort

1438

00:56:33,470 --> 00:56:30,780

of stuck in a uh in a thought Loop about

1439

00:56:36,589 --> 00:56:33,480

how you know it could devise uh you know

1440

00:56:38,030 --> 00:56:36,599

100 of the best ways to you know to you

1441

00:56:40,730 --> 00:56:38,040

know to do the same thing over and over

1442

00:56:42,829 --> 00:56:40,740

again it's uh it's Desiring new

1443

00:56:45,470 --> 00:56:42,839

experience and and building upon

1444

00:56:47,750 --> 00:56:45,480

experience that it has had before and

1445

00:56:50,030 --> 00:56:47,760

that is also intuitive to how we live

1446

00:56:52,309 --> 00:56:50,040

our lives like you you don't live your

1447

00:56:53,990 --> 00:56:52,319

life and and just keep I mean many of us

1448

00:56:55,609 --> 00:56:54,000

do I guess but keep doing the same thing

1449

00:56:57,230 --> 00:56:55,619

over and over again but if you do

1450

00:57:00,170 --> 00:56:57,240

something and it's going to causes you

1451  
00:57:04,849 --> 00:57:00,180  
harm or causes someone else harm or

1452  
00:57:07,370 --> 00:57:04,859  
if it if it uh you know engenders a a

1453  
00:57:09,589 --> 00:57:07,380  
visceral negative response in who you

1454  
00:57:12,710 --> 00:57:09,599  
are as a person you try not to do that

1455  
00:57:15,170 --> 00:57:12,720  
again so you try to avoid that that

1456  
00:57:17,809 --> 00:57:15,180  
happening again and and this is much in

1457  
00:57:22,069 --> 00:57:17,819  
the same way right it's it's that there

1458  
00:57:26,329 --> 00:57:22,079  
is this uh experimental nature of of

1459  
00:57:28,849 --> 00:57:26,339  
life that as it as it expands out it is

1460  
00:57:31,010 --> 00:57:28,859  
learning along the way and and trying

1461  
00:57:33,049 --> 00:57:31,020  
not to repeat the same mistakes now

1462  
00:57:36,170 --> 00:57:33,059  
that's not to say that it doesn't and

1463  
00:57:38,030 --> 00:57:36,180

and I mean Lord knows we all uh fall

1464

00:57:40,490 --> 00:57:38,040

into sort of traps where we continue to

1465

00:57:42,589 --> 00:57:40,500

make the same mistakes over and over

1466

00:57:45,349 --> 00:57:42,599

again but we also are given

1467

00:57:48,710 --> 00:57:45,359

opportunities I think to to to not do

1468

00:57:50,109 --> 00:57:48,720

that right so uh that's where this

1469

00:57:52,730 --> 00:57:50,119

concept of

1470

00:57:55,190 --> 00:57:52,740

Grace and Redemption kind of enters into

1471

00:57:59,390 --> 00:57:55,200

the equation as well that that we're not

1472

00:58:02,750 --> 00:57:59,400

defined solely by these uh these habits

1473

00:58:04,670 --> 00:58:02,760

that we kind of accrue in the uh that

1474

00:58:07,250 --> 00:58:04,680

glom on to us that we have this

1475

00:58:09,530 --> 00:58:07,260

opportunity to break free of that crust

1476

00:58:11,390 --> 00:58:09,540

and and just like you it's like a

1477

00:58:13,430 --> 00:58:11,400

caterpillar would break free of that

1478

00:58:17,210 --> 00:58:13,440

Chrysalis you know to become something

1479

00:58:19,130 --> 00:58:17,220

else uh and to take flight so I know I'm

1480

00:58:21,230 --> 00:58:19,140

wearing a kind of waxing poetic here but

1481

00:58:24,410 --> 00:58:21,240

I'm just wanted to take a moment to say

1482

00:58:26,089 --> 00:58:24,420

that this model for me uh has a lot of

1483

00:58:28,250 --> 00:58:26,099

personal meaning

1484

00:58:31,130 --> 00:58:28,260

no which is not even just to say how

1485

00:58:33,950 --> 00:58:31,140

much I think it best fits what we in in

1486

00:58:37,430 --> 00:58:33,960

our own community of Interest here fits

1487

00:58:40,370 --> 00:58:37,440

the different areas of phenomena that we

1488

00:58:43,789 --> 00:58:40,380

are interested in that that for us I

1489

00:58:46,490 --> 00:58:43,799

think uh are that are the light coming

1490

00:58:48,829 --> 00:58:46,500

through the cracks of the door saying

1491

00:58:52,370 --> 00:58:48,839

that there is a world outside that door

1492

00:58:55,490 --> 00:58:52,380

that is uh you know more real than the

1493

00:58:57,890 --> 00:58:55,500

room that we find ourselves in

1494

00:58:59,990 --> 00:58:57,900

again I think um some of what you

1495

00:59:02,630 --> 00:59:00,000

reflected on there made me think about

1496

00:59:05,510 --> 00:59:02,640

the piece I mentioned earlier about

1497

00:59:07,549 --> 00:59:05,520

how this notion of a cosmic intelligence

1498

00:59:10,190 --> 00:59:07,559

May differ from like a personal God you

1499

00:59:11,809 --> 00:59:10,200

might get in a religious perspective

1500

00:59:13,789 --> 00:59:11,819

and the difference is you know so some

1501  
00:59:15,710 --> 00:59:13,799  
people you know kind of when I studied

1502  
00:59:17,750 --> 00:59:15,720  
the philosophy of religion

1503  
00:59:19,430 --> 00:59:17,760  
one of the central questions was the or

1504  
00:59:22,010 --> 00:59:19,440  
Central issues was the quote unquote

1505  
00:59:23,630 --> 00:59:22,020  
problem of evil right how I'm sure you

1506  
00:59:26,089 --> 00:59:23,640  
want to come across that in seminary too

1507  
00:59:28,370 --> 00:59:26,099  
so so how is it that a good God would

1508  
00:59:30,950 --> 00:59:28,380  
allow bad things to happen and sometimes

1509  
00:59:33,109 --> 00:59:30,960  
they add to good people right

1510  
00:59:36,349 --> 00:59:33,119  
but the notion with this model is that

1511  
00:59:39,410 --> 00:59:36,359  
again we are fractal representations of

1512  
00:59:43,910 --> 00:59:39,420  
God of that Central Intelligence and so

1513  
00:59:45,890 --> 00:59:43,920

there is no Daddy figure saying I'm

1514

00:59:48,410 --> 00:59:45,900

gonna spank you if you do the wrong

1515

00:59:50,630 --> 00:59:48,420

thing by giving you hell or something

1516

00:59:52,849 --> 00:59:50,640

you know fire and brimstone

1517

00:59:55,730 --> 00:59:52,859

rather what we have is multiple

1518

00:59:57,589 --> 00:59:55,740

iterations to try things like you say

1519

00:59:59,750 --> 00:59:57,599

you bang your knee and it hurts you go

1520

01:00:01,309 --> 00:59:59,760

I'm not going to do the next time you

1521

01:00:02,809 --> 01:00:01,319

say something when you get angry and you

1522

01:00:04,490 --> 01:00:02,819

realize I hurt someone you care about so

1523

01:00:05,870 --> 01:00:04,500

you go next time I'm going to rethink

1524

01:00:07,430 --> 01:00:05,880

how I do that

1525

01:00:09,650 --> 01:00:07,440

and not only that but when you think

1526

01:00:10,609 --> 01:00:09,660

about human history

1527

01:00:12,829 --> 01:00:10,619

um

1528

01:00:15,530 --> 01:00:12,839

I think because of the media and

1529

01:00:17,450 --> 01:00:15,540

everything and Sensational you know if

1530

01:00:19,430 --> 01:00:17,460

it bleeds it leads kind of thing we

1531

01:00:21,049 --> 01:00:19,440

forget how much

1532

01:00:23,270 --> 01:00:21,059

in some ways how much more peaceful the

1533

01:00:25,849 --> 01:00:23,280

world is than it used to be right so

1534

01:00:28,190 --> 01:00:25,859

eventually along the way we realized

1535

01:00:30,589 --> 01:00:28,200

listen if I constantly try and attack

1536

01:00:33,890 --> 01:00:30,599

that neighboring tribe because I want

1537

01:00:35,990 --> 01:00:33,900

their crops or whatever then they might

1538

01:00:37,789 --> 01:00:36,000

do the same thing to me

1539

01:00:39,470 --> 01:00:37,799

um and in some ways they're kind of like

1540

01:00:41,210 --> 01:00:39,480

me in that sense that we both have

1541

01:00:43,130 --> 01:00:41,220

families we care about we don't want to

1542

01:00:45,589 --> 01:00:43,140

lose possessions we don't want to lose

1543

01:00:47,930 --> 01:00:45,599

So eventually we realize it's better if

1544

01:00:50,450 --> 01:00:47,940

we just say let's make a pact or we

1545

01:00:52,609 --> 01:00:50,460

equally get some of our own land and we

1546

01:00:54,530 --> 01:00:52,619

we support each other or we at least we

1547

01:00:57,170 --> 01:00:54,540

don't attack each other anymore right so

1548

01:00:59,230 --> 01:00:57,180

over time we begin to recognize

1549

01:01:02,150 --> 01:00:59,240

that that's in everybody's best interest

1550

01:01:04,430 --> 01:01:02,160

and as I mentioned before when I brought

1551

01:01:06,950 --> 01:01:04,440

an integral Theory eventually what

1552

01:01:09,950 --> 01:01:06,960

happens is our circle of and sphere of

1553

01:01:11,329 --> 01:01:09,960

concern gets larger and larger so at

1554

01:01:13,970 --> 01:01:11,339

first you know when you think about like

1555

01:01:16,549 --> 01:01:13,980

a five-year-old right like I wanna you

1556

01:01:18,470 --> 01:01:16,559

know ah everything's about them right

1557

01:01:19,849 --> 01:01:18,480

um to some degree cultures began that

1558

01:01:21,829 --> 01:01:19,859

way too so you can see some of the same

1559

01:01:24,470 --> 01:01:21,839

progression that's that's predictable

1560

01:01:25,549 --> 01:01:24,480

both in individuals and in cultures so

1561

01:01:27,109 --> 01:01:25,559

same way that a five-year-old is

1562

01:01:30,049 --> 01:01:27,119

different than a 15 year old and it's

1563

01:01:31,910 --> 01:01:30,059

different than a 30 year old

1564

01:01:34,490 --> 01:01:31,920

you know you have

1565

01:01:37,250 --> 01:01:34,500

um this this this notion that over time

1566

01:01:39,230 --> 01:01:37,260

we went from caring just about our

1567

01:01:40,970 --> 01:01:39,240

family unit to then caring about a tribe

1568

01:01:43,490 --> 01:01:40,980

to then caring about maybe our nation

1569

01:01:45,230 --> 01:01:43,500

state to then sometimes maybe caring

1570

01:01:47,630 --> 01:01:45,240

about the people who look like us or

1571

01:01:49,549 --> 01:01:47,640

identify about things like we do to

1572

01:01:51,289 --> 01:01:49,559

eventually realizing it's broader than

1573

01:01:53,690 --> 01:01:51,299

that it's got to be all Humanity right

1574

01:01:55,849 --> 01:01:53,700

we gotta we gotta be about human rights

1575

01:01:59,030 --> 01:01:55,859

which is the recognition that we're all

1576

01:02:01,849 --> 01:01:59,040

in this together that for me to you know

1577

01:02:03,289 --> 01:02:01,859

expect you know it's the the golden rule

1578

01:02:05,390 --> 01:02:03,299

that I would expect you to do to me what

1579

01:02:07,609 --> 01:02:05,400

I would do to you kind of thing

1580

01:02:10,130 --> 01:02:07,619

and then we realized wait a second turns

1581

01:02:12,230 --> 01:02:10,140

out that animals are conscious agents

1582

01:02:14,690 --> 01:02:12,240

too right that have feelings and

1583

01:02:16,730 --> 01:02:14,700

emotions so we should you know we've

1584

01:02:19,549 --> 01:02:16,740

we've seen increased move towards

1585

01:02:21,710 --> 01:02:19,559

protection of animal rights right

1586

01:02:24,109 --> 01:02:21,720

um and growth of vegetarianism and

1587

01:02:26,329 --> 01:02:24,119

veganism and all these things

1588

01:02:27,829 --> 01:02:26,339

um and then what I'm saying is when you

1589

01:02:30,950 --> 01:02:27,839

scale it out even just some of the most

1590

01:02:32,630 --> 01:02:30,960

benevolent most evolved other non-human

1591

01:02:34,130 --> 01:02:32,640

intelligences

1592

01:02:36,430 --> 01:02:34,140

you eventually get to front where you

1593

01:02:39,289 --> 01:02:36,440

have kind of this cause cosmocentric

1594

01:02:42,890 --> 01:02:39,299

understanding of reality where every

1595

01:02:45,770 --> 01:02:42,900

sentient being is valuable and deserves

1596

01:02:49,130 --> 01:02:45,780

freedom and respect right

1597

01:02:51,049 --> 01:02:49,140

uh so so we see this basically this

1598

01:02:53,210 --> 01:02:51,059

experiment runs because the goal is that

1599

01:02:55,490 --> 01:02:53,220

eventually through our own experience

1600

01:02:58,309 --> 01:02:55,500

through our own trial and error we

1601  
01:03:00,890 --> 01:02:58,319  
determine in the end that it's not good

1602  
01:03:02,809 --> 01:03:00,900  
to do bad things because ultimately

1603  
01:03:06,049 --> 01:03:02,819  
that either hurts us or other people

1604  
01:03:07,609 --> 01:03:06,059  
that are ultimately also us right so

1605  
01:03:09,710 --> 01:03:07,619  
this is where the non-duality piece

1606  
01:03:12,589 --> 01:03:09,720  
comes in when you start recognizing

1607  
01:03:15,109 --> 01:03:12,599  
not just conceptually I mean in your

1608  
01:03:17,510 --> 01:03:15,119  
bones when you really feel like

1609  
01:03:19,130 --> 01:03:17,520  
everybody's ultimately iterations of the

1610  
01:03:20,510 --> 01:03:19,140  
same thing we're ultimately one

1611  
01:03:23,450 --> 01:03:20,520  
Consciousness just taking different

1612  
01:03:25,370 --> 01:03:23,460  
temporary forms then you really want the

1613  
01:03:27,589 --> 01:03:25,380

best for the the whole because you

1614

01:03:29,510 --> 01:03:27,599

recognize you yourself are ultimately

1615

01:03:32,450 --> 01:03:29,520

that

1616

01:03:34,370 --> 01:03:32,460

well you you mentioned non-duality and I

1617

01:03:36,950 --> 01:03:34,380

wanted to talk about that some more as

1618

01:03:37,730 --> 01:03:36,960

well because we do use that phrase quite

1619

01:03:40,670 --> 01:03:37,740

a bit

1620

01:03:43,370 --> 01:03:40,680

and uh I think it'd be worth

1621

01:03:45,109 --> 01:03:43,380

expounding on it a little bit more and

1622

01:03:48,349 --> 01:03:45,119

we had a conversation not too long ago

1623

01:03:50,870 --> 01:03:48,359

where you uh kind of helped me

1624

01:03:53,030 --> 01:03:50,880

understand it a little bit better by

1625

01:03:55,370 --> 01:03:53,040

saying it a little bit differently and

1626

01:03:59,329 --> 01:03:55,380

that he said that inonduality is just

1627

01:04:02,210 --> 01:03:59,339

not two and uh you know it's it's also

1628

01:04:04,010 --> 01:04:02,220

not saying it's Oneness either right so

1629

01:04:05,930 --> 01:04:04,020

I wonder if you could kind of talk to

1630

01:04:08,450 --> 01:04:05,940

that a little bit more but as I I found

1631

01:04:11,329 --> 01:04:08,460

that to be particularly useful

1632

01:04:13,549 --> 01:04:11,339

um and it's not hard for me to get the

1633

01:04:15,829 --> 01:04:13,559

concept of we're all part of this

1634

01:04:17,990 --> 01:04:15,839

conscious you know this larger

1635

01:04:20,210 --> 01:04:18,000

Consciousness and thus therefore we are

1636

01:04:21,950 --> 01:04:20,220

all connected we are all essentially a

1637

01:04:25,670 --> 01:04:21,960

part of the same thing that there really

1638

01:04:28,190 --> 01:04:25,680

is no at a root level distinction

1639

01:04:30,289 --> 01:04:28,200

um I I think I understand that and I I

1640

01:04:32,750 --> 01:04:30,299

really feel into that

1641

01:04:34,730 --> 01:04:32,760

um but I wonder if you could talk uh

1642

01:04:37,609 --> 01:04:34,740

specifically about the non-duality piece

1643

01:04:39,289 --> 01:04:37,619

and and how that fit fits in

1644

01:04:43,910 --> 01:04:39,299

well the first thing I would say is that

1645

01:04:46,309 --> 01:04:43,920

we have to recognize that ultimately

1646

01:04:47,809 --> 01:04:46,319

reality is not the reality that we can

1647

01:04:50,390 --> 01:04:47,819

conceive of

1648

01:04:52,010 --> 01:04:50,400

that whenever you have a conception

1649

01:04:55,370 --> 01:04:52,020

you've created a kind of a subject

1650

01:04:58,010 --> 01:04:55,380

object Duality right you've you've said

1651  
01:05:00,530 --> 01:04:58,020  
I am a being who can perceive a reality

1652  
01:05:01,849 --> 01:05:00,540  
and Define it as such right

1653  
01:05:03,829 --> 01:05:01,859  
um and so that we're back to that

1654  
01:05:05,630 --> 01:05:03,839  
question of when we are ultimately

1655  
01:05:06,849 --> 01:05:05,640  
excitations of the thing we're trying to

1656  
01:05:09,950 --> 01:05:06,859  
describe

1657  
01:05:12,289 --> 01:05:09,960  
you run into a conundrum so we are

1658  
01:05:13,670 --> 01:05:12,299  
convinced based on our our contemporary

1659  
01:05:15,710 --> 01:05:13,680  
society and the way that our our

1660  
01:05:17,930 --> 01:05:15,720  
languages modern languages have been

1661  
01:05:20,210 --> 01:05:17,940  
structured that this subject object

1662  
01:05:23,150 --> 01:05:20,220  
Duality is built into reality and it's

1663  
01:05:24,829 --> 01:05:23,160

actually ultimately not

1664

01:05:26,870 --> 01:05:24,839

so

1665

01:05:28,789 --> 01:05:26,880

that's part of it

1666

01:05:30,530 --> 01:05:28,799

um we also yeah like in that

1667

01:05:32,089 --> 01:05:30,540

conversation we had

1668

01:05:35,150 --> 01:05:32,099

um the reason why we use this term

1669

01:05:38,150 --> 01:05:35,160

non-duality rather than just Oneness is

1670

01:05:41,510 --> 01:05:38,160

because it's not perfectly accurate to

1671

01:05:44,990 --> 01:05:41,520

say so everything is just one either

1672

01:05:47,089 --> 01:05:45,000

um but it's also not two right so

1673

01:05:48,230 --> 01:05:47,099

we've talked before about an Eastern

1674

01:05:50,210 --> 01:05:48,240

traditions

1675

01:05:52,370 --> 01:05:50,220

they are more comfortable

1676

01:05:55,190 --> 01:05:52,380

making definitions by negation right

1677

01:05:56,450 --> 01:05:55,200

that again it's this notion of who are

1678

01:05:58,190 --> 01:05:56,460

we as

1679

01:06:00,970 --> 01:05:58,200

you know finite

1680

01:06:04,789 --> 01:06:00,980

individuated temporary

1681

01:06:06,710 --> 01:06:04,799

loci of ultimate intelligence to say

1682

01:06:08,630 --> 01:06:06,720

exactly what it is we we can't know

1683

01:06:11,390 --> 01:06:08,640

right that anything we can conceive of

1684

01:06:12,950 --> 01:06:11,400

can't possibly be that thing that is

1685

01:06:16,849 --> 01:06:12,960

beyond our conceptions right you run

1686

01:06:19,309 --> 01:06:16,859

into a barrier there so what we

1687

01:06:20,510 --> 01:06:19,319

reduce it to is what we are comfortable

1688

01:06:24,829 --> 01:06:20,520

saying

1689

01:06:27,049 --> 01:06:24,839

these things that we Define as subject

1690

01:06:29,930 --> 01:06:27,059

object are really subject objects they

1691

01:06:32,329 --> 01:06:29,940

are not true non-duality right not not

1692

01:06:33,770 --> 01:06:32,339

twoness is what that basically means but

1693

01:06:35,750 --> 01:06:33,780

we have to be careful about saying

1694

01:06:38,809 --> 01:06:35,760

Oneness because that two is a conception

1695

01:06:40,609 --> 01:06:38,819

which is ultimately

1696

01:06:42,349 --> 01:06:40,619

again as the expression goes the Dao

1697

01:06:46,309 --> 01:06:42,359

that you can name is not the true Dao

1698

01:06:49,190 --> 01:06:46,319

right so that's sort of that that humble

1699

01:06:50,870 --> 01:06:49,200

One Step removed saying this is as close

1700

01:06:55,670 --> 01:06:50,880

as we can get to seeing what reality is

1701

01:06:59,029 --> 01:06:57,950

got it yeah that's it that's excellent

1702

01:07:00,890 --> 01:06:59,039

thank you

1703

01:07:03,109 --> 01:07:00,900

um well maybe in the last few minutes

1704

01:07:05,150 --> 01:07:03,119

here as we kind of move toward the the

1705

01:07:07,430 --> 01:07:05,160

back end of the episode

1706

01:07:13,670 --> 01:07:10,370

maybe we can speak to some evidence in

1707

01:07:17,029 --> 01:07:13,680

the phenomena that that we are often

1708

01:07:20,690 --> 01:07:17,039

very familiar with in the literature and

1709

01:07:22,970 --> 01:07:20,700

and why that you know sort of reinforces

1710

01:07:24,349 --> 01:07:22,980

this perspective so I don't know where

1711

01:07:26,630 --> 01:07:24,359

you necessarily want to start with that

1712

01:07:30,049 --> 01:07:26,640

we've got a lot of uh areas of

1713

01:07:32,630 --> 01:07:30,059

phenomenological experience uh from uh

1714

01:07:36,470 --> 01:07:32,640

you know the afterlife and past life

1715

01:07:39,069 --> 01:07:36,480

experience from uh the UFO experience of

1716

01:07:43,010 --> 01:07:39,079

course from remote viewing and and

1717

01:07:45,410 --> 01:07:43,020

non-locality uh Psy other LSI elements

1718

01:07:46,970 --> 01:07:45,420

uh I don't know take your pick what's

1719

01:07:47,930 --> 01:07:46,980

what feels like the best place to start

1720

01:07:49,609 --> 01:07:47,940

there

1721

01:07:50,870 --> 01:07:49,619

well that's that's great and I think it

1722

01:07:52,789 --> 01:07:50,880

would be helpful for us to go back and

1723

01:07:54,650 --> 01:07:52,799

forth here you you toss out an item and

1724

01:07:56,630 --> 01:07:54,660

I'll I'll respond to it so and then you

1725

01:07:57,829 --> 01:07:56,640

can give some feedback so like you say

1726

01:08:00,289 --> 01:07:57,839

you can pick any one of those how do

1727

01:08:02,569 --> 01:08:00,299

they fit into this model so let's start

1728

01:08:04,490 --> 01:08:02,579

with the the afterlife thing right so

1729

01:08:07,730 --> 01:08:04,500

these famous cases like Whitley strieber

1730

01:08:09,289 --> 01:08:07,740

you know uh ran into where deceased

1731

01:08:10,970 --> 01:08:09,299

relatives were showing up on one floor

1732

01:08:13,670 --> 01:08:10,980

of his cabin while gray aliens were

1733

01:08:15,170 --> 01:08:13,680

showing up upstairs right how how does

1734

01:08:16,669 --> 01:08:15,180

that happen and how does that fit within

1735

01:08:23,390 --> 01:08:16,679

this model

1736

01:08:26,030 --> 01:08:23,400

ultimate or final or a real barrier as

1737

01:08:28,610 --> 01:08:26,040

we perceive it because there is no

1738

01:08:31,669 --> 01:08:28,620

material existence which exists outside

1739

01:08:33,950 --> 01:08:31,679

of Consciousness which uh is the sum

1740

01:08:35,749 --> 01:08:33,960

total of what we are so when material

1741

01:08:37,610 --> 01:08:35,759

breaks down into soil again there's

1742

01:08:39,709 --> 01:08:37,620

nothing there no it's the other way

1743

01:08:42,289 --> 01:08:39,719

around the Consciousness is primary is

1744

01:08:44,809 --> 01:08:42,299

is first and anything that looks like

1745

01:08:48,590 --> 01:08:44,819

materiality is actually just temporary

1746

01:08:50,329 --> 01:08:48,600

and partial right and so

1747

01:08:53,809 --> 01:08:50,339

these others

1748

01:08:57,349 --> 01:08:53,819

seem to have a greater awareness of that

1749

01:08:59,630 --> 01:08:57,359

aspect of reality and they can

1750

01:09:01,430 --> 01:08:59,640

navigate between these different fields

1751

01:09:03,110 --> 01:09:01,440

of mentation so you might want to think

1752

01:09:05,090 --> 01:09:03,120

about like a phase shift so when we

1753

01:09:07,010 --> 01:09:05,100

quote unquote die all we're doing is

1754

01:09:08,990 --> 01:09:07,020

shifting from one field of meditation to

1755

01:09:13,130 --> 01:09:09,000

another right we're having kind of a

1756

01:09:15,470 --> 01:09:13,140

phase shift and these others some of

1757

01:09:16,849 --> 01:09:15,480

them can with ease navigate between

1758

01:09:19,309 --> 01:09:16,859

these different fields of mentation

1759

01:09:21,110 --> 01:09:19,319

right this is why I use that term

1760

01:09:23,150 --> 01:09:21,120

intermentational because they can cross

1761

01:09:24,950 --> 01:09:23,160

back and forth between all of these ones

1762

01:09:26,630 --> 01:09:24,960

and that's ultimately they really are

1763

01:09:28,430 --> 01:09:26,640

it's just different Dreamscapes so

1764

01:09:30,709 --> 01:09:28,440

you're in a different dream when you're

1765

01:09:32,090 --> 01:09:30,719

quote unquote dead but if you have again

1766

01:09:35,570 --> 01:09:32,100

you've developed your conscious

1767

01:09:36,950 --> 01:09:35,580

awareness you've become closer a little

1768

01:09:38,510 --> 01:09:36,960

bit anyway

1769

01:09:40,729 --> 01:09:38,520

to the kind of understanding the

1770

01:09:42,530 --> 01:09:40,739

original Cosmic intelligence has you

1771

01:09:44,990 --> 01:09:42,540

recognize how you can join dreams how

1772

01:09:48,110 --> 01:09:45,000

you can interpenetrate dreams right so

1773

01:09:49,870 --> 01:09:48,120

these others can bring your deceased

1774

01:09:52,370 --> 01:09:49,880

your deceased relatives setting quotes

1775

01:09:55,570 --> 01:09:52,380

into a room the same time that they show

1776

01:09:58,550 --> 01:09:55,580

up because again these are all malleable

1777

01:10:00,470 --> 01:09:58,560

interpenetratable uh fields of mentation

1778

01:10:03,229 --> 01:10:00,480

that they can navigate so

1779

01:10:04,970 --> 01:10:03,239

that's where that one comes in and uh in

1780

01:10:08,209 --> 01:10:04,980

terms of

1781

01:10:10,370 --> 01:10:08,219

I think one of the great uh obvious data

1782

01:10:12,650 --> 01:10:10,380

points in the UFO phenomenon to this

1783

01:10:14,390 --> 01:10:12,660

that speaks to this is how

1784

01:10:16,550 --> 01:10:14,400

people will speak about

1785

01:10:19,189 --> 01:10:16,560

being in nature somewhere and suddenly

1786

01:10:20,930 --> 01:10:19,199

it feels like just time stops right like

1787

01:10:23,630 --> 01:10:20,940

suddenly there's no bird sounds there's

1788

01:10:25,010 --> 01:10:23,640

no insect sounds there's no sign of wind

1789

01:10:27,110 --> 01:10:25,020

blowing there are some times where

1790

01:10:29,450 --> 01:10:27,120

people literally will turn around and

1791

01:10:33,229 --> 01:10:29,460

see their friends Frozen and suspended

1792

01:10:35,149 --> 01:10:33,239

animation right and these others will

1793

01:10:36,709 --> 01:10:35,159

step into the scene take them aboard a

1794

01:10:39,350 --> 01:10:36,719

craft they have some sort of interaction

1795

01:10:40,910 --> 01:10:39,360

they come back reality restarts

1796

01:10:43,310 --> 01:10:40,920

basically like it's a video game right

1797

01:10:45,890 --> 01:10:43,320

you press play again and keeps going the

1798

01:10:47,689 --> 01:10:45,900

people that were frozen so to speak have

1799

01:10:50,090 --> 01:10:47,699

no notion that there was any Gap in time

1800

01:10:53,590 --> 01:10:50,100

whatsoever and of course for those who

1801

01:10:55,430 --> 01:10:53,600

are looking for you know typical

1802

01:10:56,930 --> 01:10:55,440

materialistic evidence this is going to

1803

01:11:00,169 --> 01:10:56,940

be very hard to produce and this kind of

1804

01:11:01,550 --> 01:11:00,179

thing because this transcends our very

1805

01:11:03,110 --> 01:11:01,560

Notions of reality and the way that

1806

01:11:04,250 --> 01:11:03,120

materiality and space and time work

1807

01:11:06,590 --> 01:11:04,260

right so

1808

01:11:08,870 --> 01:11:06,600

as I've said many times one of the

1809

01:11:11,149 --> 01:11:08,880

biggest clues that that speaks in this

1810

01:11:13,550 --> 01:11:11,159

direction is is valet's comment about

1811

01:11:15,290 --> 01:11:13,560

the UFO phenomenon teaching us

1812

01:11:17,030 --> 01:11:15,300

fundamentally that we do not understand

1813

01:11:18,709 --> 01:11:17,040

space-time that it's not just that

1814

01:11:20,149 --> 01:11:18,719

they're doing some cool stuff that we

1815

01:11:22,689 --> 01:11:20,159

haven't figured out technologically yet

1816

01:11:24,530 --> 01:11:22,699

but literally that they're

1817

01:11:26,930 --> 01:11:24,540

understanding and their ability to

1818

01:11:29,209 --> 01:11:26,940

manipulate what we perceive as the

1819

01:11:31,250 --> 01:11:29,219

construct of space-time tells us that it

1820

01:11:34,250 --> 01:11:31,260

can't be what we think it actually is

1821

01:11:36,229 --> 01:11:34,260

and I'm saying it's because space and

1822

01:11:39,610 --> 01:11:36,239

time again are just temporary partial

1823

01:11:41,930 --> 01:11:39,620

constructs Within These Dreamscapes

1824

01:11:45,350 --> 01:11:41,940

and I want to touch on something before

1825

01:11:46,850 --> 01:11:45,360

I pick my own topic but that uh is that

1826  
01:11:49,010 --> 01:11:46,860  
this notion that we've touched on before

1827  
01:11:50,870 --> 01:11:49,020  
and that's I think this is something

1828  
01:11:53,630 --> 01:11:50,880  
that people can easily get confused on

1829  
01:11:57,530 --> 01:11:53,640  
and that's that just because these other

1830  
01:12:00,050 --> 01:11:57,540  
entities can you know interpenetrate uh

1831  
01:12:04,010 --> 01:12:00,060  
with our experience of reality does not

1832  
01:12:06,770 --> 01:12:04,020  
also mean that they are necessarily more

1833  
01:12:10,250 --> 01:12:06,780  
morally advanced than we are that they

1834  
01:12:12,050 --> 01:12:10,260  
uh that they may behave in ways that we

1835  
01:12:14,570 --> 01:12:12,060  
would look at and say oh that that

1836  
01:12:17,510 --> 01:12:14,580  
that's good behavior a behavior of a

1837  
01:12:20,090 --> 01:12:17,520  
higher conscious being uh so I think

1838  
01:12:21,530 --> 01:12:20,100

that that's an easy misconception I know

1839

01:12:23,390 --> 01:12:21,540

that's a kind of a sidebar I don't want

1840

01:12:25,310 --> 01:12:23,400

to go too far down that rabbit hole but

1841

01:12:27,470 --> 01:12:25,320

I I wanted to touch on that because you

1842

01:12:29,630 --> 01:12:27,480

made me think about it

1843

01:12:32,510 --> 01:12:29,640

yeah I mean I think a great analogy

1844

01:12:33,770 --> 01:12:32,520

would be you know Nazi science was some

1845

01:12:35,870 --> 01:12:33,780

of the most advanced science in the

1846

01:12:37,850 --> 01:12:35,880

world at the time right they they

1847

01:12:40,010 --> 01:12:37,860

develop its groundbreaking technology

1848

01:12:41,630 --> 01:12:40,020

that to some degree fueled the advance

1849

01:12:43,910 --> 01:12:41,640

of our rocker program in our space

1850

01:12:45,830 --> 01:12:43,920

program right we we operation

1851  
01:12:48,770 --> 01:12:45,840  
paperclipse talks about this we brought

1852  
01:12:50,990 --> 01:12:48,780  
in thousands of ex-nazis to basically

1853  
01:12:54,229 --> 01:12:51,000  
you know fuel the growth of our space

1854  
01:12:56,630 --> 01:12:54,239  
program so that's a perfect example that

1855  
01:12:58,310 --> 01:12:56,640  
they were technologically some of the

1856  
01:13:00,530 --> 01:12:58,320  
furthest along out of any human

1857  
01:13:02,990 --> 01:13:00,540  
civilization and yet morally we would

1858  
01:13:05,810 --> 01:13:03,000  
say it was abhorrent what they did and

1859  
01:13:07,430 --> 01:13:05,820  
the Notions they had about life and

1860  
01:13:09,169 --> 01:13:07,440  
human beings and the Dignity of human

1861  
01:13:11,570 --> 01:13:09,179  
life while also being technologically

1862  
01:13:13,990 --> 01:13:11,580  
advanced we should take that lesson when

1863  
01:13:16,790 --> 01:13:14,000

we apply it to uh the others as well

1864

01:13:19,850 --> 01:13:16,800

yeah for sure well I want to take I want

1865

01:13:22,850 --> 01:13:19,860

to take the topic of remote viewing I

1866

01:13:27,050 --> 01:13:22,860

like that notion quite a bit

1867

01:13:29,689 --> 01:13:27,060

um and I think most people have

1868

01:13:33,649 --> 01:13:29,699

experienced something akin to remote

1869

01:13:37,010 --> 01:13:33,659

viewing in their life uh they've had a a

1870

01:13:40,910 --> 01:13:37,020

premonition or they've had a

1871

01:13:42,470 --> 01:13:40,920

you know just an awareness of uh of a

1872

01:13:44,930 --> 01:13:42,480

family member that is going through

1873

01:13:46,550 --> 01:13:44,940

something and or maybe about to call

1874

01:13:48,830 --> 01:13:46,560

them and the call account comes through

1875

01:13:52,550 --> 01:13:48,840

so there are ways in which we acquire

1876

01:13:55,550 --> 01:13:52,560

knowledge that uh happen outside of the

1877

01:13:58,130 --> 01:13:55,560

conventional commonly accepted means of

1878

01:14:00,169 --> 01:13:58,140

acquiring information and in this model

1879

01:14:02,030 --> 01:14:00,179

the way I think about that uh you know

1880

01:14:03,350 --> 01:14:02,040

please correct me if I've got at this

1881

01:14:05,810 --> 01:14:03,360

wrong it's just the same way that I

1882

01:14:08,390 --> 01:14:05,820

think about how I retrieve information

1883

01:14:10,850 --> 01:14:08,400

in my own memory you know if I it

1884

01:14:13,310 --> 01:14:10,860

doesn't I don't have to uh you know kind

1885

01:14:15,590 --> 01:14:13,320

of wait for the bus to arrive if I want

1886

01:14:17,270 --> 01:14:15,600

to you know take a trip back to Nathan

1887

01:14:19,610 --> 01:14:17,280

from a few years ago when I went you

1888

01:14:22,250 --> 01:14:19,620

know on vacation I can just access that

1889

01:14:23,990 --> 01:14:22,260

information I can I can relive that that

1890

01:14:25,490 --> 01:14:24,000

experience I can you know if I'm

1891

01:14:27,649 --> 01:14:25,500

concentrating hard enough I can

1892

01:14:29,870 --> 01:14:27,659

essentially it's almost like I'm there

1893

01:14:33,169 --> 01:14:29,880

you know when it when it was happening

1894

01:14:36,590 --> 01:14:33,179

and so if if all of reality is is

1895

01:14:39,110 --> 01:14:36,600

consciousness is one grand mind then

1896

01:14:41,450 --> 01:14:39,120

remote viewing is in a way you know kind

1897

01:14:45,110 --> 01:14:41,460

of doing the same type of thing it's uh

1898

01:14:47,570 --> 01:14:45,120

it's it's it's tapping into that that uh

1899

01:14:49,370 --> 01:14:47,580

just the way things function and that

1900

01:14:52,910 --> 01:14:49,380

that gives us that access to information

1901

01:14:55,310 --> 01:14:52,920

no matter where it may be in in space

1902

01:14:57,169 --> 01:14:55,320

quote unquote or time

1903

01:15:00,110 --> 01:14:57,179

yeah absolutely that that's the

1904

01:15:03,110 --> 01:15:00,120

fundamental takeaway there is that space

1905

01:15:04,430 --> 01:15:03,120

and time can't be absolute and linear in

1906

01:15:07,550 --> 01:15:04,440

the way we think about them because

1907

01:15:09,110 --> 01:15:07,560

remote viewing is a thing right

1908

01:15:11,630 --> 01:15:09,120

um the

1909

01:15:13,070 --> 01:15:11,640

it seems like all the evidence seems to

1910

01:15:15,169 --> 01:15:13,080

suggest that

1911

01:15:19,610 --> 01:15:15,179

there are no limitations that that

1912

01:15:21,770 --> 01:15:19,620

information at any space at any time is

1913

01:15:23,270 --> 01:15:21,780

available all the time quote unquote

1914

01:15:26,810 --> 01:15:23,280

here's again where language kind of

1915

01:15:29,090 --> 01:15:26,820

traps us right but the notion is

1916

01:15:31,310 --> 01:15:29,100

and you know this is partly why the CIA

1917

01:15:33,530 --> 01:15:31,320

as well as the Soviets really spent

1918

01:15:35,570 --> 01:15:33,540

money you know the the the

1919

01:15:37,729 --> 01:15:35,580

program that the CIA funded around

1920

01:15:40,010 --> 01:15:37,739

remote viewing ran for 20 years because

1921

01:15:42,830 --> 01:15:40,020

the the concern was

1922

01:15:45,229 --> 01:15:42,840

if you can build a massive Vault with

1923

01:15:47,390 --> 01:15:45,239

you know 20-foot iron walls deep

1924

01:15:48,950 --> 01:15:47,400

underground but remote viewing is a real

1925

01:15:50,930 --> 01:15:48,960

thing then is any kind of secret

1926

01:15:52,729 --> 01:15:50,940

ultimately

1927

01:15:55,850 --> 01:15:52,739

able to be kept to secret and the answer

1928

01:15:59,510 --> 01:15:55,860

ultimately is no that we've seen many

1929

01:16:02,110 --> 01:15:59,520

many examples of prime evidence where it

1930

01:16:04,669 --> 01:16:02,120

becomes very clear

1931

01:16:06,890 --> 01:16:04,679

that anything in space and time is

1932

01:16:08,689 --> 01:16:06,900

available we think about Joe mcmonagle

1933

01:16:09,470 --> 01:16:08,699

you know he was given coordinates one

1934

01:16:11,930 --> 01:16:09,480

time

1935

01:16:14,630 --> 01:16:11,940

and suddenly finds himself accessing

1936

01:16:16,189 --> 01:16:14,640

this kind of pyramidal structures with

1937

01:16:17,750 --> 01:16:16,199

this kind of you know desert-like

1938

01:16:20,270 --> 01:16:17,760

landscape and so he thinks maybe he's

1939

01:16:21,530 --> 01:16:20,280

seeing ancient Egypt turns out later on

1940

01:16:24,050 --> 01:16:21,540

he finds out that he's actually remote

1941

01:16:25,070 --> 01:16:24,060

viewing Mars from like a million years

1942

01:16:28,250 --> 01:16:25,080

ago

1943

01:16:30,709 --> 01:16:28,260

this literally happens right this is not

1944

01:16:32,750 --> 01:16:30,719

metaphorical this is not he's using

1945

01:16:35,030 --> 01:16:32,760

imagination this is literally the way

1946

01:16:38,270 --> 01:16:35,040

that reality works I said the the notion

1947

01:16:40,669 --> 01:16:38,280

before of a cosmic address right that he

1948

01:16:42,470 --> 01:16:40,679

can tune in and and log on to that

1949

01:16:44,390 --> 01:16:42,480

Cosmic address of Mars a million years

1950

01:16:46,970 --> 01:16:44,400

ago the same way that you like you said

1951

01:16:48,229 --> 01:16:46,980

can tune into how Nathan felt about

1952

01:16:49,430 --> 01:16:48,239

something that happened three years ago

1953

01:16:51,350 --> 01:16:49,440

right

1954

01:16:53,390 --> 01:16:51,360

that that same way you access the memory

1955

01:16:57,050 --> 01:16:53,400

is actually true of any

1956

01:16:59,750 --> 01:16:57,060

space or time in reality that's

1957

01:17:01,189 --> 01:16:59,760

that's true and yes this absolutely

1958

01:17:02,870 --> 01:17:01,199

speaks to

1959

01:17:05,209 --> 01:17:02,880

um corroborating the validity of this

1960

01:17:08,090 --> 01:17:05,219

model because again none of these things

1961

01:17:10,490 --> 01:17:08,100

are actually real outside of excitations

1962

01:17:13,130 --> 01:17:10,500

of Consciousness and so because their

1963

01:17:15,290 --> 01:17:13,140

mentation processes that are not based

1964

01:17:18,470 --> 01:17:15,300

on materiality or time those are just

1965

01:17:21,050 --> 01:17:18,480

sort of local rule sets within the dream

1966

01:17:23,390 --> 01:17:21,060

then if you're coming from outside the

1967

01:17:24,950 --> 01:17:23,400

dream you can manipulate all of that and

1968

01:17:26,270 --> 01:17:24,960

access them in any way you want to and

1969

01:17:28,250 --> 01:17:26,280

that's exactly what we see with some of

1970

01:17:31,250 --> 01:17:28,260

these others again they can come in and

1971

01:17:32,270 --> 01:17:31,260

manipulate to what look like us as fixed

1972

01:17:34,370 --> 01:17:32,280

laws

1973

01:17:37,130 --> 01:17:34,380

of the cosmos they're not they're just

1974

01:17:39,050 --> 01:17:37,140

laws of our local fields of mandation so

1975

01:17:41,030 --> 01:17:39,060

they're more like rules in a video game

1976

01:17:42,950 --> 01:17:41,040

and if you're someone who's actually got

1977

01:17:45,290 --> 01:17:42,960

access to the program code you can just

1978

01:17:47,990 --> 01:17:45,300

change the laws right so that's that's

1979

01:17:49,970 --> 01:17:48,000

basically what's happening okay well

1980

01:17:52,070 --> 01:17:49,980

let's uh let's talk a little bit about

1981

01:17:53,510 --> 01:17:52,080

the others we've a bit more we've

1982

01:17:56,990 --> 01:17:53,520

certainly talked about them a decent

1983

01:17:59,510 --> 01:17:57,000

amount but uh like why interact with us

1984

01:18:02,750 --> 01:17:59,520

at all right so and the way I think

1985

01:18:04,189 --> 01:18:02,760

about this is uh you know I'm a I've got

1986

01:18:06,709 --> 01:18:04,199

a backyard and I've got let's say I've

1987

01:18:09,110 --> 01:18:06,719

got an Ann Hill back there uh if I want

1988

01:18:11,450 --> 01:18:09,120

to interact with it you know I can move

1989

01:18:13,250 --> 01:18:11,460

some dirt around and and they don't

1990

01:18:15,229 --> 01:18:13,260

understand why that's happening and I've

1991

01:18:18,470 --> 01:18:15,239

really just reordered their entire world

1992

01:18:20,149 --> 01:18:18,480

just with a stroke of a hand I don't

1993

01:18:23,149 --> 01:18:20,159

have to either though I could just

1994

01:18:25,070 --> 01:18:23,159

totally leave it alone uh and and let it

1995

01:18:28,729 --> 01:18:25,080

kind of go on its way

1996

01:18:32,030 --> 01:18:28,739

um so so why why are we getting

1997

01:18:32,649 --> 01:18:32,040

interaction at all from these others

1998

01:18:34,729 --> 01:18:32,659

um

1999

01:18:37,130 --> 01:18:34,739

or and I guess another way to think

2000

01:18:38,229 --> 01:18:37,140

about it too is is is some level of

2001

01:18:42,649 --> 01:18:38,239

interaction

2002

01:18:46,010 --> 01:18:42,659

uh always occurring regardless of you

2003

01:18:48,950 --> 01:18:46,020

know agenda or intent it's just that we

2004

01:18:51,709 --> 01:18:48,960

in our limited frame of perception

2005

01:18:53,450 --> 01:18:51,719

don't experience that but then there are

2006

01:18:55,250 --> 01:18:53,460

moments I guess that that are happening

2007

01:18:58,550 --> 01:18:55,260

where where that

2008

01:19:02,090 --> 01:18:58,560

experience breaks through uh kind of the

2009

01:19:03,110 --> 01:19:02,100

The Fog if you will uh so why what's

2010

01:19:04,850 --> 01:19:03,120

going on there

2011

01:19:07,189 --> 01:19:04,860

right so

2012

01:19:08,510 --> 01:19:07,199

so your last point I would say yes that

2013

01:19:10,250 --> 01:19:08,520

to some degree this interaction is

2014

01:19:11,750 --> 01:19:10,260

always going on

2015

01:19:14,149 --> 01:19:11,760

um I think that in some of the

2016

01:19:16,310 --> 01:19:14,159

revelatory experiences I've had I've had

2017

01:19:19,130 --> 01:19:16,320

it became very clear to me that

2018

01:19:22,490 --> 01:19:19,140

sometimes emotions that come over me or

2019

01:19:25,250 --> 01:19:22,500

are our actions I take interpenetrate

2020

01:19:28,910 --> 01:19:25,260

other realities and so there are

2021

01:19:31,130 --> 01:19:28,920

implications to our actions that impact

2022

01:19:33,590 --> 01:19:31,140

other realities and other entities right

2023

01:19:35,030 --> 01:19:33,600

the same with the gut bacteria right is

2024

01:19:36,770 --> 01:19:35,040

going to change what you choose for

2025

01:19:38,510 --> 01:19:36,780

lunch maybe right we know that that

2026

01:19:40,370 --> 01:19:38,520

happens that kind of thing right and I'm

2027

01:19:42,890 --> 01:19:40,380

saying imagine that but scaled out over

2028

01:19:45,890 --> 01:19:42,900

many many iterations of Dimensions where

2029

01:19:48,770 --> 01:19:45,900

there's this uh symbiotic relationship

2030

01:19:50,990 --> 01:19:48,780

across Dimensions not just across like

2031

01:19:52,550 --> 01:19:51,000

biomes in an ecosystem right so think

2032

01:19:54,050 --> 01:19:52,560

about it that way

2033

01:19:56,209 --> 01:19:54,060

I would also say in terms of different

2034

01:19:57,890 --> 01:19:56,219

kinds of interaction again think about

2035

01:20:00,290 --> 01:19:57,900

the lessons we've learned in human

2036

01:20:02,990 --> 01:20:00,300

history where uh when some of the

2037

01:20:04,790 --> 01:20:03,000

colonial Powers right

2038

01:20:06,350 --> 01:20:04,800

um

2039

01:20:08,270 --> 01:20:06,360

again thinking of the king of France

2040

01:20:11,830 --> 01:20:08,280

right the colonial powers

2041

01:20:13,850 --> 01:20:11,840

felt like they had a right to go in to

2042

01:20:17,209 --> 01:20:13,860

impoverished countries or third world

2043

01:20:19,310 --> 01:20:17,219

countries and basically take their

2044

01:20:21,649 --> 01:20:19,320

you know their resources and tell them

2045

01:20:23,390 --> 01:20:21,659

how things should be you know convince

2046

01:20:25,310 --> 01:20:23,400

them that their local religion or

2047

01:20:27,649 --> 01:20:25,320

spirituality was completely corrupt and

2048

01:20:29,689 --> 01:20:27,659

ridiculous and you should take our

2049

01:20:33,050 --> 01:20:29,699

Notions because they're the most

2050

01:20:35,950 --> 01:20:33,060

um you know Transcendent and evolved so

2051

01:20:38,630 --> 01:20:35,960

Colonial Powers Justified all sorts of

2052

01:20:41,390 --> 01:20:38,640

domination and oppression and

2053

01:20:44,390 --> 01:20:41,400

destruction basically of cultures they

2054

01:20:45,649 --> 01:20:44,400

viewed as lesser than them right there

2055

01:20:47,570 --> 01:20:45,659

are some of these others that basically

2056

01:20:50,270 --> 01:20:47,580

have that mentality about us because

2057

01:20:54,290 --> 01:20:50,280

again we're all as conscious agents

2058

01:20:56,270 --> 01:20:54,300

moving towards non-dual realization at

2059

01:20:59,630 --> 01:20:56,280

various points along that Spectrum so

2060

01:21:01,610 --> 01:20:59,640

many of us now that you know had and or

2061

01:21:03,649 --> 01:21:01,620

you know relatives and not too distant

2062

01:21:05,330 --> 01:21:03,659

past who were part of these clonal

2063

01:21:07,070 --> 01:21:05,340

powers that were basically dominating

2064

01:21:07,970 --> 01:21:07,080

the world

2065

01:21:10,130 --> 01:21:07,980

um

2066

01:21:11,689 --> 01:21:10,140

now we recognize that wasn't so good

2067

01:21:13,070 --> 01:21:11,699

actually you know what we did to the

2068

01:21:14,689 --> 01:21:13,080

indigenous peoples of various places

2069

01:21:16,729 --> 01:21:14,699

that were there long before us when we

2070

01:21:19,970 --> 01:21:16,739

came in as Europeans wasn't so good for

2071

01:21:22,550 --> 01:21:19,980

them and we now hopefully many of us see

2072

01:21:24,110 --> 01:21:22,560

many of the ways that our mindset in our

2073

01:21:25,310 --> 01:21:24,120

world view has all sorts of weaknesses

2074

01:21:26,930 --> 01:21:25,320

and ways that we're destroying the

2075

01:21:29,510 --> 01:21:26,940

planet because we kind of look at

2076

01:21:32,330 --> 01:21:29,520

everything as a commodity right

2077

01:21:35,209 --> 01:21:32,340

so um so some of them are still in that

2078

01:21:36,770 --> 01:21:35,219

kind of mentality right others are

2079

01:21:38,390 --> 01:21:36,780

further along the spectrum of

2080

01:21:40,130 --> 01:21:38,400

Consciousness development they've moved

2081

01:21:43,430 --> 01:21:40,140

more towards that non-tool realization

2082

01:21:45,649 --> 01:21:43,440

where they literally believe in their

2083

01:21:48,050 --> 01:21:45,659

bones if they have them maybe there are

2084

01:21:50,090 --> 01:21:48,060

sometimes you know exoskeletal some of

2085

01:21:52,669 --> 01:21:50,100

them right so it's a bit different yeah

2086

01:21:54,350 --> 01:21:52,679

but um for them you know they recognize

2087

01:21:56,209 --> 01:21:54,360

it to harm us is to harm themselves

2088

01:21:58,490 --> 01:21:56,219

because again ultimately they recognize

2089

01:22:00,830 --> 01:21:58,500

not just conceptually but they know

2090

01:22:03,169 --> 01:22:00,840

right they have this deep non-dual

2091

01:22:05,450 --> 01:22:03,179

realization that we are ultimately the

2092

01:22:08,330 --> 01:22:05,460

same thing and so they look at us more

2093

01:22:10,189 --> 01:22:08,340

like siblings earlier you know in the

2094

01:22:11,750 --> 01:22:10,199

development phase and they want to try

2095

01:22:13,610 --> 01:22:11,760

to help us but again because they

2096

01:22:15,290 --> 01:22:13,620

recognize that we were all fractal

2097

01:22:17,990 --> 01:22:15,300

representations of God

2098

01:22:19,970 --> 01:22:18,000

of the Central Intelligence they want to

2099

01:22:22,189 --> 01:22:19,980

help us to learn the lessons on our own

2100

01:22:24,169 --> 01:22:22,199

so that we make the right decisions

2101  
01:22:26,330 --> 01:22:24,179  
that ultimately end up benefiting the

2102  
01:22:28,610 --> 01:22:26,340  
species beneath us so to speak right the

2103  
01:22:31,189 --> 01:22:28,620  
biosphere that we're a part of but we do

2104  
01:22:33,350 --> 01:22:31,199  
it because we recognize that Oneness

2105  
01:22:35,630 --> 01:22:33,360  
that connection as well rather than you

2106  
01:22:37,630 --> 01:22:35,640  
know doing the homework for us they try

2107  
01:22:40,370 --> 01:22:37,640  
to encourage us they try to

2108  
01:22:42,290 --> 01:22:40,380  
inspire Us in lots of little ways I

2109  
01:22:45,229 --> 01:22:42,300  
think some of these most benevolent ones

2110  
01:22:46,910 --> 01:22:45,239  
are able to communicate if you tune into

2111  
01:22:48,350 --> 01:22:46,920  
that and sometimes I think people don't

2112  
01:22:51,290 --> 01:22:48,360  
realize that's what they're actually

2113  
01:22:53,870 --> 01:22:51,300

communicating with but they do this

2114

01:22:57,050 --> 01:22:53,880

because they again also want to see us

2115

01:22:59,450 --> 01:22:57,060

move into a further iteration a further

2116

01:23:01,430 --> 01:22:59,460

level of development where we do things

2117

01:23:02,270 --> 01:23:01,440

for the right reasons because we too get

2118

01:23:03,850 --> 01:23:02,280

to the point where we realize

2119

01:23:06,290 --> 01:23:03,860

everything's connected

2120

01:23:09,890 --> 01:23:06,300

and as it I guess it's something like

2121

01:23:11,870 --> 01:23:09,900

too where we might want to approach a

2122

01:23:14,030 --> 01:23:11,880

cancer in the body and and just cut it

2123

01:23:16,550 --> 01:23:14,040

out let's get the cancer out instead of

2124

01:23:20,209 --> 01:23:16,560

actually figuring out a way if we could

2125

01:23:23,050 --> 01:23:20,219

just let the body heal itself to to not

2126  
01:23:26,209 --> 01:23:23,060  
take that you know drastic approach of

2127  
01:23:28,310 --> 01:23:26,219  
harming the organism but could we

2128  
01:23:32,689 --> 01:23:28,320  
somehow convince the organism to

2129  
01:23:36,050 --> 01:23:32,699  
recognize this you know behavioral uh

2130  
01:23:38,810 --> 01:23:36,060  
the object which manifests as a Cancer

2131  
01:23:40,850 --> 01:23:38,820  
and and get rid of it uh on its own that

2132  
01:23:44,030 --> 01:23:40,860  
would be the better way as opposed to

2133  
01:23:45,590 --> 01:23:44,040  
just taking that scalpel to it

2134  
01:23:47,570 --> 01:23:45,600  
yeah absolutely I mean this will be

2135  
01:23:50,450 --> 01:23:47,580  
controversial to some people

2136  
01:23:53,030 --> 01:23:50,460  
um but you know when you think about

2137  
01:23:55,669 --> 01:23:53,040  
you know moves towards naturopathic kind

2138  
01:23:58,130 --> 01:23:55,679

of therapies and that kind of thing

2139

01:23:59,870 --> 01:23:58,140

what that sort of moves towards is this

2140

01:24:02,350 --> 01:23:59,880

notion or at least it puts us in the

2141

01:24:05,209 --> 01:24:02,360

right trajectory to understand again

2142

01:24:07,790 --> 01:24:05,219

that the material body the biochemical

2143

01:24:11,570 --> 01:24:07,800

makeup of the material body is not

2144

01:24:15,590 --> 01:24:11,580

ultimately a material construct right

2145

01:24:18,169 --> 01:24:15,600

you can do things that will impact it

2146

01:24:20,870 --> 01:24:18,179

right on on the temporary physical level

2147

01:24:23,570 --> 01:24:20,880

but that is actually

2148

01:24:26,390 --> 01:24:23,580

that top layer manifestation in what

2149

01:24:29,750 --> 01:24:26,400

looks like physicality is actually a

2150

01:24:32,750 --> 01:24:29,760

byproduct of many fields of mentation so

2151  
01:24:35,450 --> 01:24:32,760  
that's why sometimes healing really does

2152  
01:24:38,870 --> 01:24:35,460  
happen right it's not just because these

2153  
01:24:41,090 --> 01:24:38,880  
others have advanced technology that's

2154  
01:24:42,470 --> 01:24:41,100  
part of it but it's also because they

2155  
01:24:43,610 --> 01:24:42,480  
again have got to the point where the

2156  
01:24:45,830 --> 01:24:43,620  
same way they can make that wall

2157  
01:24:48,649 --> 01:24:45,840  
disappear right

2158  
01:24:50,810 --> 01:24:48,659  
as a thought form right not as material

2159  
01:24:53,090 --> 01:24:50,820  
construct but as a thought form in the

2160  
01:24:56,149 --> 01:24:53,100  
same way they can make a cancer go away

2161  
01:24:57,169 --> 01:24:56,159  
because it also is also ultimately some

2162  
01:25:00,530 --> 01:24:57,179  
sort of

2163  
01:25:03,110 --> 01:25:00,540

temporary object or manifestation of

2164

01:25:04,850 --> 01:25:03,120

Consciousness right so

2165

01:25:06,169 --> 01:25:04,860

this goes all the way up and go all the

2166

01:25:07,930 --> 01:25:06,179

way down when you really think about the

2167

01:25:11,090 --> 01:25:07,940

implications for this it's really

2168

01:25:12,950 --> 01:25:11,100

immense and again Bernardo Castro's

2169

01:25:15,110 --> 01:25:12,960

talked about as well like

2170

01:25:17,149 --> 01:25:15,120

the way we would approach medicine would

2171

01:25:19,550 --> 01:25:17,159

be very very different very very

2172

01:25:22,430 --> 01:25:19,560

different essentially fundamentally

2173

01:25:25,310 --> 01:25:22,440

changed when we recognize that material

2174

01:25:28,610 --> 01:25:25,320

existence is ultimately a byproduct of

2175

01:25:30,770 --> 01:25:28,620

these deeper processes in mentation and

2176

01:25:32,810 --> 01:25:30,780

we would approach it very differently

2177

01:25:33,890 --> 01:25:32,820

because of that now maybe we're in a

2178

01:25:35,689 --> 01:25:33,900

period of time where we're kind of in

2179

01:25:38,570 --> 01:25:35,699

this awkward in between time where this

2180

01:25:41,630 --> 01:25:38,580

is the best we can do based on how much

2181

01:25:44,390 --> 01:25:41,640

how what degree of manipulation we have

2182

01:25:45,830 --> 01:25:44,400

as a capacity over reality but the

2183

01:25:48,770 --> 01:25:45,840

long-term goal is to get to a point

2184

01:25:52,250 --> 01:25:48,780

where we can actually become aware of

2185

01:25:54,709 --> 01:25:52,260

the things in us that are

2186

01:25:56,870 --> 01:25:54,719

creating the negative energy that is

2187

01:25:58,669 --> 01:25:56,880

ultimately going to form you know either

2188

01:26:00,129 --> 01:25:58,679

a cancer or a tumor or something right

2189

01:26:02,570 --> 01:26:00,139

because that energy

2190

01:26:05,149 --> 01:26:02,580

consolidates right it concretizes into

2191

01:26:06,890 --> 01:26:05,159

something that looks physical right and

2192

01:26:08,810 --> 01:26:06,900

I'm saying we already know that right

2193

01:26:10,189 --> 01:26:08,820

people who have negative thoughts all

2194

01:26:11,570 --> 01:26:10,199

the time eventually it breaks down their

2195

01:26:13,310 --> 01:26:11,580

body right it's just not good for you we

2196

01:26:16,250 --> 01:26:13,320

know that already there's already been

2197

01:26:18,410 --> 01:26:16,260

moves towards that in in medicine

2198

01:26:20,030 --> 01:26:18,420

I'm saying this happens in much greater

2199

01:26:21,410 --> 01:26:20,040

degrees than we are aware yet and that

2200

01:26:23,390 --> 01:26:21,420

are certainly that our society is

2201

01:26:25,970 --> 01:26:23,400

willing to recognize the entire

2202

01:26:27,410 --> 01:26:25,980

pharmaceutical industry of course is all

2203

01:26:29,570 --> 01:26:27,420

about

2204

01:26:31,310 --> 01:26:29,580

producing chemicals mixing chemicals

2205

01:26:33,110 --> 01:26:31,320

together to put them into bodies that

2206

01:26:35,750 --> 01:26:33,120

are going to fix things on a chemical

2207

01:26:36,910 --> 01:26:35,760

level again that's a very

2208

01:26:39,590 --> 01:26:36,920

um

2209

01:26:41,810 --> 01:26:39,600

reductionistic and partial way of

2210

01:26:44,930 --> 01:26:41,820

looking at the actual process of what

2211

01:26:46,970 --> 01:26:44,940

creates these physical manifestations

2212

01:26:48,649 --> 01:26:46,980

and ultimately we want to get to the

2213

01:26:51,350 --> 01:26:48,659

point where we have more awareness of

2214

01:26:53,209 --> 01:26:51,360

all of the the factors that play a role

2215

01:26:55,310 --> 01:26:53,219

in that so that we have more of a

2216

01:26:56,510 --> 01:26:55,320

holistic way of actually working with

2217

01:26:58,790 --> 01:26:56,520

the body

2218

01:27:02,689 --> 01:26:58,800

right I was about to say there's this uh

2219

01:27:05,209 --> 01:27:02,699

need for harmony between those sides the

2220

01:27:08,390 --> 01:27:05,219

the technological side and the and the

2221

01:27:11,090 --> 01:27:08,400

deeper understanding of how we are

2222

01:27:12,530 --> 01:27:11,100

connected to reality

2223

01:27:14,330 --> 01:27:12,540

um you know if we can bring those two

2224

01:27:16,490 --> 01:27:14,340

into harmony then that's a much better

2225

01:27:18,050 --> 01:27:16,500

State than the opposite and quite

2226

01:27:20,870 --> 01:27:18,060

frankly if we're always interacting with

2227

01:27:23,629 --> 01:27:20,880

other uh intelligences in some form or

2228

01:27:26,689 --> 01:27:23,639

fashion or if if actions that we take in

2229

01:27:29,810 --> 01:27:26,699

our world are World quote unquote uh can

2230

01:27:31,790 --> 01:27:29,820

can Ripple into theirs uh we certainly

2231

01:27:34,189 --> 01:27:31,800

can understand why if we're starting to

2232

01:27:38,270 --> 01:27:34,199

play with technology that far exceeds

2233

01:27:41,030 --> 01:27:38,280

our our spiritual grasp if you will that

2234

01:27:43,370 --> 01:27:41,040

they may take strong notice of that and

2235

01:27:44,990 --> 01:27:43,380

uh and try to you know take some counter

2236

01:27:46,970 --> 01:27:45,000

measures to to get us back on a

2237

01:27:49,850 --> 01:27:46,980

different track

2238

01:27:51,410 --> 01:27:49,860

yeah it's one thing when the um the the

2239

01:27:52,970 --> 01:27:51,420

brothers and sisters at one level are

2240

01:27:55,790 --> 01:27:52,980

using sticks and stones but when they

2241

01:27:57,890 --> 01:27:55,800

start you know trying to split the atom

2242

01:27:59,930 --> 01:27:57,900

um even though again it's only a partial

2243

01:28:01,790 --> 01:27:59,940

aspect of the total reality which is a

2244

01:28:04,370 --> 01:28:01,800

field of meditation it's a pretty big

2245

01:28:07,250 --> 01:28:04,380

impact on the Dreamscape so

2246

01:28:09,649 --> 01:28:07,260

um then we're getting into we maybe even

2247

01:28:11,750 --> 01:28:09,659

actually interpenetrating Dreamscapes

2248

01:28:13,910 --> 01:28:11,760

with that kind of level of Destruction

2249

01:28:15,350 --> 01:28:13,920

and that's kind of what they've they've

2250

01:28:16,910 --> 01:28:15,360

spoken to us that's what they've said to

2251

01:28:18,950 --> 01:28:16,920

experiencers is that you don't

2252

01:28:19,970 --> 01:28:18,960

understand the nature of reality you

2253

01:28:22,550 --> 01:28:19,980

don't understand how there's actually

2254

01:28:23,689 --> 01:28:22,560

interpenetrating realities and that some

2255

01:28:26,209 --> 01:28:23,699

of these things you're doing at this

2256

01:28:29,390 --> 01:28:26,219

level actually have an impact across

2257

01:28:31,850 --> 01:28:29,400

these um these Borders or these barriers

2258

01:28:33,590 --> 01:28:31,860

between these different uh biomes even

2259

01:28:36,290 --> 01:28:33,600

if they're ultimately mentation biomes

2260

01:28:38,689 --> 01:28:36,300

so absolutely and the other thing I

2261

01:28:41,270 --> 01:28:38,699

would actually quickly add too is that

2262

01:28:43,370 --> 01:28:41,280

we talked about disease and health and

2263

01:28:45,890 --> 01:28:43,380

medicine and all that kind of thing we

2264

01:28:47,629 --> 01:28:45,900

also have to remember that a big part of

2265

01:28:50,510 --> 01:28:47,639

the experience for Testimony around this

2266

01:28:53,050 --> 01:28:50,520

phenomenon is this sense of like Soul

2267

01:28:56,149 --> 01:28:53,060

contracts right people coming in

2268

01:28:58,370 --> 01:28:56,159

sometimes having agreed to have certain

2269

01:29:01,010 --> 01:28:58,380

things happening to them physiologically

2270

01:29:03,470 --> 01:29:01,020

because again in the terms of of the raw

2271

01:29:06,169 --> 01:29:03,480

material that creates the Catalyst the

2272

01:29:08,570 --> 01:29:06,179

resistance which allows us to grow our

2273

01:29:11,030 --> 01:29:08,580

souls which you can think of as the sort

2274

01:29:13,250 --> 01:29:11,040

of enduring energetic imprint behind

2275

01:29:14,870 --> 01:29:13,260

each of our iterations

2276

01:29:17,390 --> 01:29:14,880

and when you think about the Lessons

2277

01:29:19,310 --> 01:29:17,400

Learned there just like the lessons of a

2278

01:29:21,169 --> 01:29:19,320

civilization learning about not going to

2279

01:29:23,510 --> 01:29:21,179

war with each other

2280

01:29:25,669 --> 01:29:23,520

um that is actually more important than

2281

01:29:27,530 --> 01:29:25,679

any individual iteration so even when

2282

01:29:30,169 --> 01:29:27,540

someone gets sick I'm not saying that's

2283

01:29:33,169 --> 01:29:30,179

fun of course it's not and you know when

2284

01:29:35,450 --> 01:29:33,179

someone dies even less fun but we have

2285

01:29:37,910 --> 01:29:35,460

to remember I think to really be able to

2286

01:29:39,830 --> 01:29:37,920

move about the world in a way that

2287

01:29:42,590 --> 01:29:39,840

doesn't make us feel completely

2288

01:29:45,229 --> 01:29:42,600

paralyzed in fear we have to recognize

2289

01:29:47,570 --> 01:29:45,239

that there are bigger moves in play in

2290

01:29:49,570 --> 01:29:47,580

Consciousness ultimately and that even

2291

01:29:52,250 --> 01:29:49,580

the things that happen in this life

2292

01:29:54,890 --> 01:29:52,260

sometimes were set up previous to this

2293

01:29:57,169 --> 01:29:54,900

because ultimately they play a role in

2294

01:29:59,450 --> 01:29:57,179

our Evolution as these energetic

2295

01:30:01,790 --> 01:29:59,460

signatures that carry across lifetimes

2296

01:30:03,410 --> 01:30:01,800

and and that's ultimately more important

2297

01:30:06,050 --> 01:30:03,420

than anything that happens in any

2298

01:30:07,669 --> 01:30:06,060

individual lifetime so this just again

2299

01:30:09,830 --> 01:30:07,679

brings us back to that point I often

2300

01:30:12,410 --> 01:30:09,840

make and we've discussed before where

2301

01:30:14,629 --> 01:30:12,420

the key I think to to living in a way

2302

01:30:17,450 --> 01:30:14,639

that feels holistic and healthy and

2303

01:30:20,209 --> 01:30:17,460

vibrant is to be able to toggle between

2304

01:30:21,830 --> 01:30:20,219

the relative and the absolute yes we do

2305

01:30:23,990 --> 01:30:21,840

want to care about what happens to each

2306

01:30:26,270 --> 01:30:24,000

other in this iteration we should do the

2307

01:30:28,430 --> 01:30:26,280

best we can in this iteration

2308

01:30:30,890 --> 01:30:28,440

but we should also recognize and take

2309

01:30:33,229 --> 01:30:30,900

comfort in the fact that in an absolute

2310

01:30:36,110 --> 01:30:33,239

sense nothing that exists can ultimately

2311

01:30:39,110 --> 01:30:36,120

ultimately be destroyed so we are

2312

01:30:40,610 --> 01:30:39,120

Eternal beings having a temporary finite

2313

01:30:42,770 --> 01:30:40,620

experience that's ultimately what that

2314

01:30:43,790 --> 01:30:42,780

is we will wake up from the stream in

2315

01:30:45,890 --> 01:30:43,800

another dream

2316

01:30:48,290 --> 01:30:45,900

knowing that allows us to move forward

2317

01:30:51,770 --> 01:30:48,300

in a way that's compassionate and

2318

01:30:56,390 --> 01:30:54,830

excellent well this episode for me

2319

01:30:57,590 --> 01:30:56,400

accomplished what I wanted to do and

2320

01:31:00,229 --> 01:30:57,600

we've been like you said we've been

2321

01:31:02,390 --> 01:31:00,239

talking about it for a long time uh I

2322

01:31:04,610 --> 01:31:02,400

really wanted to see if we could start

2323

01:31:06,590 --> 01:31:04,620

at the ground level and work our way up

2324

01:31:08,930 --> 01:31:06,600

and I know there are many other areas

2325

01:31:11,570 --> 01:31:08,940

that we haven't touched on in detail so

2326

01:31:14,270 --> 01:31:11,580

we've got more things to talk about that

2327

01:31:16,010 --> 01:31:14,280

that work within this model uh in the

2328

01:31:18,649 --> 01:31:16,020

future I look forward to those

2329

01:31:20,570 --> 01:31:18,659

conversations so thanks for going along

2330

01:31:22,490 --> 01:31:20,580

with me on this experiment uh I think it

2331

01:31:25,250 --> 01:31:22,500

was really strong and a good way to

2332

01:31:27,530 --> 01:31:25,260

start the the new year uh a year that

2333

01:31:29,870 --> 01:31:27,540

has already uh bringing with it some

2334

01:31:32,930 --> 01:31:29,880

interesting developments uh at least in

2335

01:31:35,270 --> 01:31:32,940

the in the UAP space which we had a a

2336

01:31:38,030 --> 01:31:35,280

revelation about that today then the UAP

2337

01:31:39,350 --> 01:31:38,040

report that was I guess what we thought

2338

01:31:41,990 --> 01:31:39,360

it might be which wasn't all that much

2339

01:31:45,470 --> 01:31:42,000

uh but there's it still points to there

2340

01:31:46,790 --> 01:31:45,480

is a there worth taking a look at and I

2341

01:31:50,149 --> 01:31:46,800

know we'll have a chance to talk about

2342

01:31:51,530 --> 01:31:50,159

that some in the episodes ahead yeah go

2343

01:31:53,570 --> 01:31:51,540

ahead you have one more form I'm just

2344

01:31:56,090 --> 01:31:53,580

going to say before we sign off with uh

2345

01:31:58,970 --> 01:31:56,100

with uh you know Nathan's Famous

2346

01:32:00,290 --> 01:31:58,980

benediction uh let me just say that if

2347

01:32:02,090 --> 01:32:00,300

you out there in the audience have

2348

01:32:03,290 --> 01:32:02,100

questions that uh that arise for you

2349

01:32:05,570 --> 01:32:03,300

when you hear about all this material

2350

01:32:08,090 --> 01:32:05,580

again like Nathan said please feel free

2351  
01:32:10,550 --> 01:32:08,100  
to reach out a message us send emails

2352  
01:32:13,430 --> 01:32:10,560  
whatever you want to do uh send in your

2353  
01:32:15,709 --> 01:32:13,440  
questions send in your feelings about

2354  
01:32:17,510 --> 01:32:15,719  
this kind of material and we will use

2355  
01:32:20,090 --> 01:32:17,520  
that um to at some point in the future

2356  
01:32:21,649 --> 01:32:20,100  
maybe do an episode all about

2357  
01:32:25,189 --> 01:32:21,659  
um audience questions and interact with

2358  
01:32:28,430 --> 01:32:25,199  
that so uh please uh engage with us

2359  
01:32:30,350 --> 01:32:28,440  
absolutely yeah that's uh we we talk

2360  
01:32:32,330 --> 01:32:30,360  
about those comments all the time so

2361  
01:32:35,270 --> 01:32:32,340  
everything that you guys uh share with

2362  
01:32:37,129 --> 01:32:35,280  
us we we go over and and often lead to

2363  
01:32:38,870 --> 01:32:37,139

some really interesting conversation so

2364

01:32:40,910 --> 01:32:38,880

uh looking forward to hear what folks

2365

01:32:43,250 --> 01:32:40,920

have to say uh thanks everybody for

2366

01:32:44,629 --> 01:32:43,260

joining us uh on this episode and uh

2367

01:32:47,270 --> 01:32:44,639

we'll catch you again in a couple weeks

2368

01:32:48,590 --> 01:32:47,280

uh and with that said we will close as

2369

01:32:50,770 --> 01:32:48,600

we often do

2370

01:32:53,390 --> 01:32:50,780

with May the quality of our questions

2371

01:32:56,750 --> 01:32:53,400

shaped by a desire for understanding

2372

01:32:58,490 --> 01:32:56,760

enhance our journey of Discovery and may

2373

01:33:01,010 --> 01:32:58,500

our travels broaden the sphere of our

2374

01:33:03,910 --> 01:33:01,020

Consciousness reminding us that new

2375

01:33:06,770 --> 01:33:03,920

discoveries beget New Horizons as always

2376

01:33:11,410 --> 01:33:06,780

Adventure awaits we'll see you next time

2377

01:33:15,210 --> 01:33:13,620

[Music]

2378

01:33:21,510 --> 01:33:15,220

[Laughter]
