1
00:00:04,850 --> 00:00:02,690
this is a case where supposedly foreign

2
00:00:07,610 --> 00:00:04,860
adversary objects were over our skies

3
00:00:09,890 --> 00:00:07,620
spying on us at the very least who knows

4
00:00:12,650 --> 00:00:09,900
they could also carry nuclear weapons or

5
00:00:14,930 --> 00:00:12,660
some sort of poisonous gas release of

6
00:00:16,849 --> 00:00:14,940
some sort of viral agent anything like

7
00:00:18,529 --> 00:00:16,859
that could be in play here so you would

8
00:00:21,290 --> 00:00:18,539
think they would do their due diligence

9
00:00:23,810 --> 00:00:21,300
and find this wreckage what is the point

10
00:00:25,370 --> 00:00:23,820
of having a military if it only after

11
00:00:27,589 --> 00:00:25,380
the fact discovers there's something

12
00:00:29,210 --> 00:00:27,599
over our airspace and then when we shoot

13
00:00:31,910 --> 00:00:29,220

it down we don't even have the capacity

14
00:00:34,250 --> 00:00:31,920
the capability to recover the wreckage

15
00:00:36,950 --> 00:00:34,260
with a military in which we invest

16
00:00:39,170 --> 00:00:36,960
billions and billions it just doesn't

17
00:00:41,209 --> 00:00:39,180
really add up and of course what's even

18
00:00:44,569 --> 00:00:41,219
stranger is how the Press doesn't even

19
00:00:47,030 --> 00:00:44,579
light up around that fact that seemingly

20
00:00:48,889 --> 00:00:47,040
contradictory kind of series of events

21
00:00:50,630 --> 00:00:48,899
why would you make a big deal about

22
00:00:52,250 --> 00:00:50,640
announcing these things announcing

23
00:00:54,110 --> 00:00:52,260
you've spotted them it was all over the

24
00:00:55,970 --> 00:00:54,120
media and then you shoot down and

25
00:00:58,010 --> 00:00:55,980
recover some of them but the other ones

26
00:00:59,569 --> 00:00:58,020
you don't and you say sorry we just

27
00:01:02,090 --> 00:00:59,579
couldn't find them even though they were
