00:00:14,270 --> 00:00:11,030
hello and welcome to episode number 81

2
00:00:18,650 --> 00:00:14,280
of the point of convergence podcast as

3
00:00:20,810 --> 00:00:18,660
always I am your host EXO academian

4
00:00:22,790 --> 00:00:20,820
when people are first introduced to the

5
00:00:25,310 --> 00:00:22,800
enigmatic topic known as the UFO

6
00:00:26,870 --> 00:00:25,320
phenomenon the working assumption is

7
00:00:29,150 --> 00:00:26,880
that this is a matter of determining

8
00:00:31,429 --> 00:00:29,160
whether or not aliens I.E

9
00:00:33,410 --> 00:00:31,439
extraterrestrials from some extrasolar

10
00:00:35,750 --> 00:00:33,420
Source have traversed the immense

11
00:00:38,569 --> 00:00:35,760
distances of outer space to arrive at

12
00:00:41,750 --> 00:00:38,579
our blue pearl of a planet either to a

13
00:00:44,690 --> 00:00:41,760

from a more positive view study us as in

14

00:00:47,090 --> 00:00:44,700

a scientific Expedition or B from a less

15

00:00:50,510 --> 00:00:47,100

positive view scope out our capabilities

16

00:00:52,610 --> 00:00:50,520

prior to some kind of invasion

17

00:00:54,229 --> 00:00:52,620

perhaps it should not be surprising that

18

00:00:56,689 --> 00:00:54,239

this is where the conversation Begins

19

00:00:59,450 --> 00:00:56,699

for people including those who flock to

20

00:01:01,130 --> 00:00:59,460

this topic since 2017 when the

21

00:01:02,990 --> 00:01:01,140

revelations of a now famous New York

22

00:01:05,870 --> 00:01:03,000

Times article first entered the public

23

00:01:08,149 --> 00:01:05,880

sphere suggesting to many that despite

24

00:01:10,969 --> 00:01:08,159

Decades of scoff and ridicule and

25

00:01:12,469 --> 00:01:10,979

X-Files jokes perhaps there really was a

26

00:01:14,570 --> 00:01:12,479

there there

27

00:01:16,850 --> 00:01:14,580

speaking of Decades of scoff and

28

00:01:18,770 --> 00:01:16,860

ridicule the decades leading up to the

29

00:01:20,630 --> 00:01:18,780

present one filled people's minds with

30

00:01:22,910 --> 00:01:20,640

the various scenarios I just mentioned

31

00:01:24,410 --> 00:01:22,920

that either these visitors from Beyond

32

00:01:27,530 --> 00:01:24,420

are here as part of a scientific

33

00:01:29,450 --> 00:01:27,540

Expedition as in Star Trek or as a

34

00:01:31,670 --> 00:01:29,460

Prelude to a full-on invasion of our

35

00:01:33,350 --> 00:01:31,680

planet as in War of the Worlds or

36

00:01:35,390 --> 00:01:33,360

Independence Day

37

00:01:37,609 --> 00:01:35,400

these are familiar tropes in science

38

00:01:39,350 --> 00:01:37,619

fiction and so it should not surprise us

39

00:01:41,510 --> 00:01:39,360

that this has worked its way into our

40

00:01:43,789 --> 00:01:41,520

cultural zeitgeist

41

00:01:45,890 --> 00:01:43,799

but those initial rather tame and

42

00:01:49,069 --> 00:01:45,900

predictable questions about what the

43

00:01:51,370 --> 00:01:49,079

so-called UFO phenomenon represents are

44

00:01:53,990 --> 00:01:51,380

quickly supplanted by much more profound

45

00:01:56,569 --> 00:01:54,000

far-reaching and for some disturbing

46

00:01:58,910 --> 00:01:56,579

questions once newcomers really begin to

47

00:02:01,190 --> 00:01:58,920

start poking around and considering the

48

00:02:03,950 --> 00:02:01,200

plethora of reports made by credible

49

00:02:06,590 --> 00:02:03,960

Witnesses going back decades and decades

50

00:02:08,389 --> 00:02:06,600

and perhaps even Millennia discussing

51

00:02:11,029 --> 00:02:08,399

in-person encounters with the

52

00:02:13,010 --> 00:02:11,039

intelligences supposedly responsible for

53

00:02:17,510 --> 00:02:13,020

the piloting of these sophisticated

54

00:02:19,970 --> 00:02:17,520

aerial Vehicles known as UFOs or UAP

55

00:02:21,710 --> 00:02:19,980

because as I just mentioned these

56

00:02:25,250 --> 00:02:21,720

encounters Trace back deep into human

57

00:02:26,990 --> 00:02:25,260

history and likely even pre-history one

58

00:02:29,990 --> 00:02:27,000

could argue that these more recent

59

00:02:31,850 --> 00:02:30,000

Sci-Fi encounters are really in the same

60

00:02:34,250 --> 00:02:31,860

overarching category as what we might

61

00:02:36,830 --> 00:02:34,260

deem religious encounters from yester

62

00:02:38,990 --> 00:02:36,840

Millennia the questions around what this

63

00:02:41,869 --> 00:02:39,000

all means suddenly become much more

64

00:02:44,210 --> 00:02:41,879

broadly sweeping and all-encompassing

65

00:02:45,830 --> 00:02:44,220

without doubt our religious Traditions

66

00:02:48,110 --> 00:02:45,840

have shaped the development of our

67

00:02:49,369 --> 00:02:48,120

civilization and even of our Collective

68

00:02:51,530 --> 00:02:49,379

consciousness

69

00:02:53,509 --> 00:02:51,540

and if the encounters that inspired

70

00:02:56,330 --> 00:02:53,519

those very Traditions didn't actually

71

00:02:58,550 --> 00:02:56,340

involve gods or Angels or demons after

72

00:03:01,250 --> 00:02:58,560

all at least not as they are typically

73

00:03:03,470 --> 00:03:01,260

portrayed interpreted and understood in

74

00:03:05,690 --> 00:03:03,480

religious Traditions then perhaps this

75

00:03:07,610 --> 00:03:05,700

phenomenon and the intelligences that

76

00:03:09,410 --> 00:03:07,620

comprise it has been much more

77

00:03:12,890 --> 00:03:09,420

intimately involved with our Evolution

78

00:03:14,750 --> 00:03:12,900

than we first realized and if that's the

79

00:03:16,970 --> 00:03:14,760

case then we're suddenly a long way from

80

00:03:18,350 --> 00:03:16,980

merely Star Trek or Independence Day

81

00:03:20,990 --> 00:03:18,360

territory

82

00:03:22,790 --> 00:03:21,000

eventually if one traces his back far

83

00:03:24,890 --> 00:03:22,800

enough especially in light of more

84

00:03:27,410 --> 00:03:24,900

recent Revelations suggesting these

85

00:03:28,910 --> 00:03:27,420

overarching intelligences can tweak our

86

00:03:31,250 --> 00:03:28,920

genetics and even partake in

87

00:03:33,890 --> 00:03:31,260

hybridization programs that lead to the

88

00:03:36,050 --> 00:03:33,900

emergence of entirely new species one

89

00:03:38,930 --> 00:03:36,060

inevitably lands at a very striking

90

00:03:40,910 --> 00:03:38,940

query could our very existence on this

91

00:03:43,490 --> 00:03:40,920

planet be a result of some earlier

92

00:03:45,830 --> 00:03:43,500

version of these same Endeavors and if

93

00:03:48,110 --> 00:03:45,840

that's the case how to popularly Hell

94

00:03:51,649 --> 00:03:48,120

beliefs in Notions such as reincarnation

95

00:03:53,990 --> 00:03:51,659

play into this is that a natural process

96

00:03:57,110 --> 00:03:54,000

or something more akin to what we might

97

00:03:59,449 --> 00:03:57,120

call technology involved

98

00:04:02,030 --> 00:03:59,459

these truly are not just mind-bending

99

00:04:02,990 --> 00:04:02,040

but also civilization shaking matters to

100

00:04:05,509 --> 00:04:03,000

consider

101
00:04:08,030 --> 00:04:05,519
and one wonders if we truly are nearing

102
00:04:10,309 --> 00:04:08,040
some kind of so-called disclosure around

103
00:04:11,630 --> 00:04:10,319
the existence of this phenomenon then

104
00:04:13,970 --> 00:04:11,640
just how many of these startling

105
00:04:16,430 --> 00:04:13,980
Revelations might be part of that mix

106
00:04:19,189 --> 00:04:16,440
and how exactly will our civilization

107
00:04:21,890 --> 00:04:19,199
handle such acknowledgments

108
00:04:24,469 --> 00:04:21,900
tricky nuanced matters to parse out to

109
00:04:27,590 --> 00:04:24,479
be sure but that's precisely what we'll

110
00:04:32,010 --> 00:04:27,600
Endeavor to do in this the 81st episode

111
00:04:37,129 --> 00:04:35,210
[Music]

112
00:04:39,890 --> 00:04:37,139
I'd like to begin this week's podcast

113
00:04:41,510 --> 00:04:39,900

with a couple of announcements first of

114

00:04:44,090 --> 00:04:41,520

all I'm happy to say that I will be

115

00:04:46,670 --> 00:04:44,100

speaking at the Ohio UFO Heritage

116

00:04:49,370 --> 00:04:46,680

conference at the Hope Hotel at Wright

117

00:04:52,249 --> 00:04:49,380

Patterson Air Force Base that conference

118

00:04:53,930 --> 00:04:52,259

is coming up on May 5th and 6th and I'm

119

00:04:57,830 --> 00:04:53,940

one of the speakers in addition to

120

00:05:01,610 --> 00:04:57,840

people like James Fox Diana Walsh pasoka

121

00:05:05,270 --> 00:05:01,620

Bryce Sable Michael Masters Micah Hanks

122

00:05:08,570 --> 00:05:05,280

Kelly Chase G Christopher King Phil Ford

123

00:05:10,249 --> 00:05:08,580

and J.F Martel so quite the group of

124

00:05:12,170 --> 00:05:10,259

people speaking at this conference there

125

00:05:14,810 --> 00:05:12,180

is both a main conference and a

126

00:05:16,790 --> 00:05:14,820

Consciousness Symposium I'm part of the

127

00:05:18,770 --> 00:05:16,800

Consciousness Symposium which will not

128

00:05:21,770 --> 00:05:18,780

be surprising to you on this podcast

129

00:05:23,870 --> 00:05:21,780

knowing that that is a major topic we

130

00:05:25,969 --> 00:05:23,880

touch on over and over again and really

131

00:05:28,490 --> 00:05:25,979

I believe it is Central not only to this

132

00:05:30,950 --> 00:05:28,500

topic of the UFO phenomenon and general

133

00:05:32,510 --> 00:05:30,960

paranormality but about reality itself

134

00:05:34,249 --> 00:05:32,520

ultimately

135

00:05:36,170 --> 00:05:34,259

so I hope to see some of you there that

136

00:05:38,930 --> 00:05:36,180

would be great the conference is again

137

00:05:41,390 --> 00:05:38,940

the Ohio UFO Heritage conference at the

138

00:05:43,909 --> 00:05:41,400

Hope Hotel at Wright Patterson Air Force

139

00:05:46,430 --> 00:05:43,919

Base in the lion stand as you might say

140

00:05:47,510 --> 00:05:46,440

again the conference happens on May 5th

141

00:05:50,029 --> 00:05:47,520

and 6th

142

00:05:52,010 --> 00:05:50,039

and you can either attend in person or

143

00:05:53,570 --> 00:05:52,020

you can take it in as a virtual

144

00:05:56,029 --> 00:05:53,580

conference as well you can get tickets

145

00:05:58,189 --> 00:05:56,039

for either one of those options again

146

00:06:00,290 --> 00:05:58,199

hope to see some of you there that's in

147

00:06:02,270 --> 00:06:00,300

May in Ohio

148

00:06:05,390 --> 00:06:02,280

the second announcement I want to make

149

00:06:07,550 --> 00:06:05,400

is that I am kicking up the features I

150

00:06:09,710 --> 00:06:07,560

offer for patrons and supporters of this

151

00:06:11,330 --> 00:06:09,720

podcast generally speaking I'm just

152

00:06:13,850 --> 00:06:11,340

going to be offering a lot more content

153

00:06:15,950 --> 00:06:13,860

so I hope that some people join in some

154

00:06:17,629 --> 00:06:15,960

of that further endeavoring uh by

155

00:06:20,029 --> 00:06:17,639

becoming patrons and supporters of this

156

00:06:22,430 --> 00:06:20,039

podcast and just to give you some ideas

157

00:06:24,529 --> 00:06:22,440

of what kind of things are coming number

158

00:06:27,050 --> 00:06:24,539

one I'm going to be offering additional

159

00:06:28,550 --> 00:06:27,060

feature Series so I announced recently

160

00:06:30,650 --> 00:06:28,560

that there's going to be the first of

161

00:06:33,170 --> 00:06:30,660

these series coming up soon which will

162

00:06:35,930 --> 00:06:33,180

be on the raw material the raw contact

163

00:06:38,629 --> 00:06:35,940

material teaching the law of one that's

164

00:06:40,730 --> 00:06:38,639

been a commonly requested topic for me

165

00:06:43,189 --> 00:06:40,740

to discuss so what I'm going to do is an

166

00:06:45,409 --> 00:06:43,199

entire feature series just on the raw

167

00:06:46,909 --> 00:06:45,419

material and that will be for patrons

168

00:06:49,550 --> 00:06:46,919

and supporters

169

00:06:51,290 --> 00:06:49,560

I will also be offering courses and

170

00:06:53,450 --> 00:06:51,300

Retreats as part of what I'm going to be

171

00:06:55,909 --> 00:06:53,460

offering in the future and patrons and

172

00:06:58,790 --> 00:06:55,919

supporters get both discounts and early

173

00:07:01,670 --> 00:06:58,800

entrance to those kinds of things

174

00:07:04,010 --> 00:07:01,680

finally I also plan to develop an app

175

00:07:06,529 --> 00:07:04,020

that will hold all this together in an

176

00:07:08,210 --> 00:07:06,539

easy to access kind of way as I've

177

00:07:10,309 --> 00:07:08,220

mentioned a couple of times previously

178

00:07:12,350 --> 00:07:10,319

my background is also in software

179

00:07:14,090 --> 00:07:12,360

engineering so I'm going to use those

180

00:07:15,529 --> 00:07:14,100

skills along with these topics that I'm

181

00:07:17,629 --> 00:07:15,539

really interested in and that I know

182

00:07:19,730 --> 00:07:17,639

that you are interested in to put it all

183

00:07:20,930 --> 00:07:19,740

together in one place so it's easy to

184

00:07:22,930 --> 00:07:20,940

access

185

00:07:25,490 --> 00:07:22,940

a couple of other features to mention

186

00:07:28,249 --> 00:07:25,500

patrons and supporters also have access

187

00:07:30,409 --> 00:07:28,259

to my private Discord server where we

188

00:07:32,150 --> 00:07:30,419

discuss these kinds of topics ongoingly

189

00:07:34,370 --> 00:07:32,160

through the week so you have access to

190

00:07:37,670 --> 00:07:34,380

that as well and of course you also get

191

00:07:40,490 --> 00:07:37,680

access to otcs squared which stands for

192

00:07:42,890 --> 00:07:40,500

off the cuff and on the cusp which is a

193

00:07:45,650 --> 00:07:42,900

podcast that happens in between POC

194

00:07:47,689 --> 00:07:45,660

sometimes every few weeks that has to do

195

00:07:49,550 --> 00:07:47,699

with current events both going on

196

00:07:52,550 --> 00:07:49,560

publicly what's going on for me

197

00:07:55,129 --> 00:07:52,560

privately I also do a q a section of

198

00:07:57,830 --> 00:07:55,139

that podcast and then finally hot takes

199

00:07:59,930 --> 00:07:57,840

on things are happening right now

200

00:08:01,730 --> 00:07:59,940

so those are all features and offerings

201

00:08:03,589 --> 00:08:01,740

that are part of what I offer for

202

00:08:05,150 --> 00:08:03,599

patrons and supporters if you're

203

00:08:06,610 --> 00:08:05,160

interested in that then you can go to

204

00:08:09,469 --> 00:08:06,620

patreon.com

205

00:08:12,650 --> 00:08:09,479

XO academian

206

00:08:15,650 --> 00:08:12,660

alright let's get into today's topic

207

00:08:18,110 --> 00:08:15,660

I titled today's episode a matrix of

208

00:08:21,409 --> 00:08:18,120

myth and Magic exploring the alien

209

00:08:23,089 --> 00:08:21,419

seating and oversight of civilizations

210

00:08:25,969 --> 00:08:23,099

that's what we'll be discussing it's a

211

00:08:28,249 --> 00:08:25,979

lot to get into let's first dive in with

212

00:08:31,070 --> 00:08:28,259

this notion of disclosure and what

213

00:08:33,230 --> 00:08:31,080

actually is entailed in disclosure

214

00:08:35,029 --> 00:08:33,240

now for those of you who've been tuning

215

00:08:37,130 --> 00:08:35,039

in for quite a while this will not be

216

00:08:38,449 --> 00:08:37,140

new to you but I just want to reiterate

217

00:08:40,190 --> 00:08:38,459

this because some people are joining

218

00:08:42,350 --> 00:08:40,200

later some people have come in Fairly

219

00:08:44,209 --> 00:08:42,360

recently so I want to take some time to

220

00:08:46,190 --> 00:08:44,219

just discuss this

221

00:08:48,470 --> 00:08:46,200

now someone with only a cursory

222

00:08:51,110 --> 00:08:48,480

understanding of this topic might think

223

00:08:53,750 --> 00:08:51,120

that disclosure is about recognizing and

224

00:08:55,910 --> 00:08:53,760

acknowledging that alien species are

225

00:08:58,790 --> 00:08:55,920

here that perhaps alien beings have

226

00:09:00,829 --> 00:08:58,800

flown craft perhaps via some form of

227

00:09:03,769 --> 00:09:00,839

superliminal that is faster than speed

228

00:09:05,990 --> 00:09:03,779

of light technology to arrive at our

229

00:09:07,610 --> 00:09:06,000

blue pearl of a planet perhaps as I said

230

00:09:10,130 --> 00:09:07,620

in the introduction as part of some

231

00:09:11,990 --> 00:09:10,140

scientific Expedition or perhaps in a

232

00:09:14,210 --> 00:09:12,000

more nefarious sense perhaps to prepare

233

00:09:16,670 --> 00:09:14,220

for some sort of invasion at least

234

00:09:18,949 --> 00:09:16,680

that's the usual tropes we hear about

235

00:09:20,449 --> 00:09:18,959

so some people think well so far they

236

00:09:22,910 --> 00:09:20,459

haven't done anything to us so perhaps

237

00:09:25,130 --> 00:09:22,920

they're just here observing and if

238

00:09:26,810 --> 00:09:25,140

that's the case many people will say why

239

00:09:29,030 --> 00:09:26,820

not acknowledge this why is this such a

240

00:09:30,949 --> 00:09:29,040

big deal why would that be something

241

00:09:33,230 --> 00:09:30,959

that the secret Keepers would want to

242

00:09:35,389 --> 00:09:33,240

hold tight to their best

243

00:09:37,610 --> 00:09:35,399

is it about for instance recovered

244

00:09:39,650 --> 00:09:37,620

technology reverse engineering of some

245

00:09:40,730 --> 00:09:39,660

of these craft that have crashed or been

246

00:09:43,730 --> 00:09:40,740

recovered

247

00:09:45,889 --> 00:09:43,740

yes perhaps but that's not really all

248

00:09:48,470 --> 00:09:45,899

this is about this is much more

249

00:09:50,810 --> 00:09:48,480

far-reaching than that and that's what

250

00:09:54,070 --> 00:09:50,820

we want to get into today this is not

251
00:09:56,630 --> 00:09:54,080
just about UFOs and aliens as in ETS

252
00:09:58,730 --> 00:09:56,640
coming here as part of some recent

253
00:10:00,710 --> 00:09:58,740
phenomenon for instance only since

254
00:10:03,650 --> 00:10:00,720
around 1947.

255
00:10:05,870 --> 00:10:03,660
stretches back far beyond that so far

256
00:10:08,389 --> 00:10:05,880
into pre-history indeed that we

257
00:10:10,970 --> 00:10:08,399
eventually arrive at this question could

258
00:10:13,490 --> 00:10:10,980
our very presence our very existence as

259
00:10:15,949 --> 00:10:13,500
a species be as a result of some

260
00:10:17,750 --> 00:10:15,959
Endeavor by these others and perhaps

261
00:10:20,509 --> 00:10:17,760
they appear in different forms or we

262
00:10:22,550 --> 00:10:20,519
perceive them in different forms or we

263
00:10:24,889 --> 00:10:22,560

apply them to different categories as

264

00:10:28,009 --> 00:10:24,899

our culture evolves but really is the

265

00:10:30,170 --> 00:10:28,019

same phenomenon over time

266

00:10:32,030 --> 00:10:30,180

now I want to discuss some of Jacques

267

00:10:33,889 --> 00:10:32,040

valet's work here because for those of

268

00:10:35,150 --> 00:10:33,899

you not familiar which I'm guessing

269

00:10:37,070 --> 00:10:35,160

there's not too many of you because he's

270

00:10:39,410 --> 00:10:37,080

one of the most well-known UFO

271

00:10:41,870 --> 00:10:39,420

researchers in history and definitely

272

00:10:44,630 --> 00:10:41,880

was someone who broke new ground for

273

00:10:47,150 --> 00:10:44,640

everyone raise the bar and made us think

274

00:10:48,829 --> 00:10:47,160

in deeper and broader ways which we all

275

00:10:51,230 --> 00:10:48,839

benefit from

276

00:10:53,150 --> 00:10:51,240

but what he noticed was that this is not

277

00:10:54,710 --> 00:10:53,160

a recent phenomenon and the reason he

278

00:10:57,710 --> 00:10:54,720

determined that is because when you look

279

00:10:59,750 --> 00:10:57,720

at more historic deeper historic kind of

280

00:11:01,550 --> 00:10:59,760

encounters with things like fairies and

281

00:11:03,949 --> 00:11:01,560

even religious figures in deep history

282

00:11:06,050 --> 00:11:03,959

there's actually a lot of overlap

283

00:11:08,389 --> 00:11:06,060

between the nature of those encounters

284

00:11:10,009 --> 00:11:08,399

and more recent encounters especially

285

00:11:12,050 --> 00:11:10,019

once you get Beyond this or a

286

00:11:14,150 --> 00:11:12,060

superficial layer which again might

287

00:11:15,829 --> 00:11:14,160

partly be interpretation and it may even

288

00:11:18,470 --> 00:11:15,839

be something that they're able to

289

00:11:20,990 --> 00:11:18,480

manipulate in order to work with our

290

00:11:23,269 --> 00:11:21,000

current cultural milieu

291

00:11:25,310 --> 00:11:23,279

this is something Jean valet said in

292

00:11:27,829 --> 00:11:25,320

passport to mogonia

293

00:11:30,170 --> 00:11:27,839

quote today there are still students of

294

00:11:32,509 --> 00:11:30,180

the phenomenon who reject the notion

295

00:11:35,810 --> 00:11:32,519

that the UFO phenomenon was reported

296

00:11:37,550 --> 00:11:35,820

before 1947 unquote

297

00:11:40,670 --> 00:11:37,560

a second quote from the same book

298

00:11:42,889 --> 00:11:40,680

passport to Magonia quote one prominent

299

00:11:46,490 --> 00:11:42,899

writer would allow old cases dating back

300

00:11:48,650 --> 00:11:46,500

some 200 years but not before because a

301
00:11:50,750 --> 00:11:48,660
long-term alien presence would negate

302
00:11:53,569 --> 00:11:50,760
the newest belief in an imminent

303
00:11:55,730 --> 00:11:53,579
extraterrestrial Invasion manifested

304
00:11:57,710 --> 00:11:55,740
through abductions aboard flying craft

305
00:11:59,690 --> 00:11:57,720
unquote

306
00:12:01,190 --> 00:11:59,700
so again they're a really important

307
00:12:03,230 --> 00:12:01,200
point to make note of here and this is

308
00:12:05,690 --> 00:12:03,240
something valet was great about noticing

309
00:12:08,150 --> 00:12:05,700
because the people often enter The Fray

310
00:12:10,730 --> 00:12:08,160
with a pre-existing notion of what this

311
00:12:13,190 --> 00:12:10,740
is a pre-existing belief basically this

312
00:12:15,889 --> 00:12:13,200
is Dogma at this point and they would go

313
00:12:18,650 --> 00:12:15,899

as far as to exclude data that wouldn't

314

00:12:20,269 --> 00:12:18,660

support that hypothesis but that's not

315

00:12:22,130 --> 00:12:20,279

how you do science that's not how we

316

00:12:24,230 --> 00:12:22,140

really get to the bottom of this we have

317

00:12:26,569 --> 00:12:24,240

to put aside our preconceptions our

318

00:12:29,329 --> 00:12:26,579

favorite Notions and look at as much of

319

00:12:31,610 --> 00:12:29,339

the data as we can and then determine

320

00:12:33,410 --> 00:12:31,620

perhaps what's going on but you want the

321

00:12:34,790 --> 00:12:33,420

broadest lens possible and that's

322

00:12:36,889 --> 00:12:34,800

something that the laborly has

323

00:12:38,810 --> 00:12:36,899

demonstrated in his approach to this

324

00:12:41,030 --> 00:12:38,820

entire matter

325

00:12:43,610 --> 00:12:41,040

now I want to cut to the chase in terms

326

00:12:45,530 --> 00:12:43,620

of what valet really concludes in

327

00:12:48,350 --> 00:12:45,540

passport to Magonia which is subtitled

328

00:12:49,790 --> 00:12:48,360

from folklore to flying saucers this

329

00:12:51,350 --> 00:12:49,800

quote gets at what he ultimately

330

00:12:52,790 --> 00:12:51,360

determined and what he thinks actually

331

00:12:54,230 --> 00:12:52,800

in the scope that we should be

332

00:12:57,230 --> 00:12:54,240

considering here

333

00:12:59,329 --> 00:12:57,240

in that book he concluded quote let us

334

00:13:01,730 --> 00:12:59,339

come to the point now it would be nice

335

00:13:04,129 --> 00:13:01,740

to hold on to the common belief that the

336

00:13:06,350 --> 00:13:04,139

UFOs are craft from a superior space

337

00:13:08,210 --> 00:13:06,360

civilization because this is a

338

00:13:10,970 --> 00:13:08,220

hypothesis science fiction has made

339

00:13:13,790 --> 00:13:10,980

widely acceptable and because we are not

340

00:13:16,250 --> 00:13:13,800

altogether unprepared scientifically and

341

00:13:17,449 --> 00:13:16,260

even perhaps militarily to deal with

342

00:13:19,850 --> 00:13:17,459

such visitors

343

00:13:22,190 --> 00:13:19,860

unfortunately however the theory that

344

00:13:24,650 --> 00:13:22,200

flying saucers are material objects from

345

00:13:27,170 --> 00:13:24,660

outer space manned by a race originating

346

00:13:29,810 --> 00:13:27,180

on some other planet is not a complete

347

00:13:32,329 --> 00:13:29,820

answer however strong the current belief

348

00:13:34,730 --> 00:13:32,339

in saucers from space it cannot be

349

00:13:37,430 --> 00:13:34,740

stronger than that Celtic belief in The

350

00:13:39,650 --> 00:13:37,440

Elves and the fairies or the medieval

351

00:13:41,569 --> 00:13:39,660

belief in lutons or the fear throughout

352

00:13:44,329 --> 00:13:41,579

the Christian lands in the first

353

00:13:46,250 --> 00:13:44,339

centuries of our era of demons and

354

00:13:48,410 --> 00:13:46,260

Saturns and fawns

355

00:13:50,090 --> 00:13:48,420

certainly it cannot be stronger than the

356

00:13:52,069 --> 00:13:50,100

faith that inspired the writers of the

357

00:13:54,290 --> 00:13:52,079

Bible a faith rooted in Daily

358

00:13:56,389 --> 00:13:54,300

experiences with Angelic visitation

359

00:13:58,430 --> 00:13:56,399

unquote

360

00:14:01,250 --> 00:13:58,440

so he really lays it out there saying

361

00:14:03,410 --> 00:14:01,260

that we can't be too narrow focused here

362

00:14:05,329 --> 00:14:03,420

we have to widen the scope as I said

363

00:14:07,550 --> 00:14:05,339

widen the lens open the aperture

364

00:14:10,910 --> 00:14:07,560

whatever metaphor you prefer and look at

365

00:14:12,949 --> 00:14:10,920

our entire history and beware of how at

366

00:14:15,110 --> 00:14:12,959

certain times we attach to certain

367

00:14:17,870 --> 00:14:15,120

narratives and then we notice certain

368

00:14:20,150 --> 00:14:17,880

phenomena in our environment and assign

369

00:14:22,370 --> 00:14:20,160

those phenomena to these pre-existing

370

00:14:24,829 --> 00:14:22,380

Notions or narratives but these

371

00:14:27,230 --> 00:14:24,839

narratives shift over time so perhaps

372

00:14:28,910 --> 00:14:27,240

it's not that these things are different

373

00:14:31,009 --> 00:14:28,920

or that there are different things that

374

00:14:32,930 --> 00:14:31,019

we're experiencing but rather perhaps

375

00:14:35,509 --> 00:14:32,940

it's the same thing the same phenomena

376

00:14:37,370 --> 00:14:35,519

but we are simply slotting in to the

377

00:14:39,470 --> 00:14:37,380

most recent narrative

378

00:14:41,509 --> 00:14:39,480

that's one possibility another

379

00:14:44,030 --> 00:14:41,519

possibility of course is that these

380

00:14:46,910 --> 00:14:44,040

others whatever they represent are able

381

00:14:49,129 --> 00:14:46,920

to be aware of are narratives of a

382

00:14:51,769 --> 00:14:49,139

particular era and are playing into

383

00:14:54,949 --> 00:14:51,779

those narratives so as to perhaps even

384

00:14:57,410 --> 00:14:54,959

shift or move or evolve our

385

00:14:59,750 --> 00:14:57,420

Consciousness that's really what the lay

386

00:15:02,329 --> 00:14:59,760

gets into in another of his books titled

387

00:15:04,370 --> 00:15:02,339

the invisible College as he goes about

388

00:15:07,370 --> 00:15:04,380

defining what he has called a control

389

00:15:09,829 --> 00:15:07,380

system now regarding this Control System

390

00:15:11,569 --> 00:15:09,839

Theory the lay broke it down into three

391

00:15:14,030 --> 00:15:11,579

different categories or three different

392

00:15:14,990 --> 00:15:14,040

levels the first level is the physical

393

00:15:17,090 --> 00:15:15,000

level

394

00:15:18,350 --> 00:15:17,100

and this speaks to the physical effects

395

00:15:20,329 --> 00:15:18,360

we would notice in our physical

396

00:15:22,550 --> 00:15:20,339

environment what we perceive as a

397

00:15:24,889 --> 00:15:22,560

physical reality involving things such

398

00:15:26,750 --> 00:15:24,899

as a great deal of energy light and

399

00:15:28,670 --> 00:15:26,760

microwave pulses emitted in a small

400

00:15:31,430 --> 00:15:28,680

space that kind of thing

401
00:15:33,769 --> 00:15:31,440
next he spoke to the Dual nature of the

402
00:15:36,590 --> 00:15:33,779
impact on individuals which was both

403
00:15:38,389 --> 00:15:36,600
physical and psychological so this could

404
00:15:41,090 --> 00:15:38,399
include things like the effects on

405
00:15:43,129 --> 00:15:41,100
Witnesses in a close encounter involving

406
00:15:45,110 --> 00:15:43,139
things like disorientation or

407
00:15:46,670 --> 00:15:45,120
misperceived time or what we often call

408
00:15:49,329 --> 00:15:46,680
missing time

409
00:15:51,710 --> 00:15:49,339
effects on the skin like Burns or

410
00:15:54,170 --> 00:15:51,720
conjunctivitis or temporary blindness

411
00:15:56,150 --> 00:15:54,180
those kinds of things but also positive

412
00:15:58,790 --> 00:15:56,160
things such as accelerated healing of

413
00:16:00,590 --> 00:15:58,800

fractures and superficial wounds and I

414

00:16:03,110 --> 00:16:00,600

would add sometimes the full-on healing

415

00:16:04,910 --> 00:16:03,120

of diseases that seemed incurable that's

416

00:16:07,670 --> 00:16:04,920

part of a physical and psychological

417

00:16:09,769 --> 00:16:07,680

level that impacts individuals who have

418

00:16:11,689 --> 00:16:09,779

Close Encounters

419

00:16:13,850 --> 00:16:11,699

third is the social level and this

420

00:16:15,410 --> 00:16:13,860

really speaks to the control system in

421

00:16:17,930 --> 00:16:15,420

its greatest extent

422

00:16:19,610 --> 00:16:17,940

this is the effect on our culture on our

423

00:16:21,650 --> 00:16:19,620

civilization

424

00:16:23,569 --> 00:16:21,660

at this level according to valet it

425

00:16:26,269 --> 00:16:23,579

doesn't really matter if UFOs themselves

426

00:16:29,329 --> 00:16:26,279

exist or not because if enough people

427

00:16:31,610 --> 00:16:29,339

believe in an event and a narrative then

428

00:16:33,470 --> 00:16:31,620

the effects are just as real as they

429

00:16:36,470 --> 00:16:33,480

need to be in other words all you need

430

00:16:38,810 --> 00:16:36,480

is believe because that changes Behavior

431

00:16:41,329 --> 00:16:38,820

now of course even if this is in play

432

00:16:43,970 --> 00:16:41,339

this kind of large sociological shaping

433

00:16:46,009 --> 00:16:43,980

or evolutionary management of our

434

00:16:48,829 --> 00:16:46,019

species that still begs the question

435

00:16:50,749 --> 00:16:48,839

who's doing it what's behind it

436

00:16:52,850 --> 00:16:50,759

certainly it could be some sort of

437

00:16:55,550 --> 00:16:52,860

extraterrestrial or interdimensional

438

00:16:57,230 --> 00:16:55,560

intelligence or perhaps it could even be

439

00:16:58,910 --> 00:16:57,240

the manifestation of the deep

440

00:17:00,889 --> 00:16:58,920

unconscious the Deep Collective

441

00:17:03,050 --> 00:17:00,899

unconscious almost the way that Jung

442

00:17:05,150 --> 00:17:03,060

might have imagined it these are the

443

00:17:07,610 --> 00:17:05,160

possibilities but this is what's in play

444

00:17:09,049 --> 00:17:07,620

Within Jacques valet's Control System

445

00:17:10,909 --> 00:17:09,059

Theory

446

00:17:12,470 --> 00:17:10,919

and just to be clear again the main

447

00:17:14,809 --> 00:17:12,480

point here is that the phenomena

448

00:17:17,150 --> 00:17:14,819

themselves are not really what we should

449

00:17:19,069 --> 00:17:17,160

focus on those can change and do change

450

00:17:20,990 --> 00:17:19,079

and delay is kind of making the argument

451

00:17:23,510 --> 00:17:21,000

that when you look at the entire scope

452

00:17:25,309 --> 00:17:23,520

of human history we do see the phenomena

453

00:17:27,890 --> 00:17:25,319

changing in terms of what they look like

454

00:17:30,049 --> 00:17:27,900

at the most superficial level but

455

00:17:32,690 --> 00:17:30,059

underlyingly perhaps it's the same

456

00:17:35,210 --> 00:17:32,700

mechanism which is ultimately geared

457

00:17:37,490 --> 00:17:35,220

towards evolving our Consciousness

458

00:17:39,650 --> 00:17:37,500

shaping the very development of our

459

00:17:41,810 --> 00:17:39,660

entire civilization

460

00:17:45,110 --> 00:17:41,820

so this is the promised land you might

461

00:17:47,270 --> 00:17:45,120

call it the genre delivered us unto and

462

00:17:48,950 --> 00:17:47,280

we should be thankful to him for it he

463

00:17:51,529 --> 00:17:48,960

took us from really considering whether

464

00:17:53,810 --> 00:17:51,539

or not these were just E.T aliens here

465

00:17:56,029 --> 00:17:53,820

visiting us in spacecraft

466

00:17:58,310 --> 00:17:56,039

too much deeper questions around the

467

00:18:00,230 --> 00:17:58,320

very nature of our existence the very

468

00:18:02,450 --> 00:18:00,240

nature of our beginning

469

00:18:03,590 --> 00:18:02,460

and consequently where this might all be

470

00:18:05,570 --> 00:18:03,600

headed

471

00:18:08,630 --> 00:18:05,580

now we already discussed the possibility

472

00:18:10,610 --> 00:18:08,640

that this could either be generated by

473

00:18:12,830 --> 00:18:10,620

some sort of extraterrestrial or

474

00:18:15,110 --> 00:18:12,840

interdimensional species or it could

475

00:18:17,390 --> 00:18:15,120

perhaps even be some sort of Life Force

476

00:18:19,490 --> 00:18:17,400

itself or the collective unconscious of

477

00:18:21,470 --> 00:18:19,500

humanity somehow manifesting these

478

00:18:23,570 --> 00:18:21,480

things as part of our evolution

479

00:18:25,970 --> 00:18:23,580

you could even argue those two could fit

480

00:18:27,650 --> 00:18:25,980

together that this alien intelligence

481

00:18:30,409 --> 00:18:27,660

whatever it is whatever its ultimate

482

00:18:32,090 --> 00:18:30,419

form is could actually seed our

483

00:18:33,950 --> 00:18:32,100

Collective Consciousness in such a way

484

00:18:36,409 --> 00:18:33,960

that at certain points this would arise

485

00:18:38,450 --> 00:18:36,419

so there could be some overlap there

486

00:18:40,430 --> 00:18:38,460

but I want to focus on this notion of

487

00:18:43,310 --> 00:18:40,440

another kind of intelligence another

488

00:18:45,590 --> 00:18:43,320

kind of species life form actually being

489

00:18:47,810 --> 00:18:45,600

responsible for our beginning the very

490

00:18:49,669 --> 00:18:47,820

seating of our civilization this will

491

00:18:52,730 --> 00:18:49,679

time with other topics we've discussed

492

00:18:54,590 --> 00:18:52,740

on this podcast in recent episodes

493

00:18:57,289 --> 00:18:54,600

first thing I want to point out to you

494

00:18:59,150 --> 00:18:57,299

is that statistically it makes a lot

495

00:19:00,770 --> 00:18:59,160

more sense to me that we actually would

496

00:19:02,870 --> 00:19:00,780

be the product of some sort of seating

497

00:19:04,669 --> 00:19:02,880

by some other kind of life form

498

00:19:07,610 --> 00:19:04,679

and the reason I say that is because

499

00:19:10,669 --> 00:19:07,620

when you look at the vast differences in

500

00:19:12,650 --> 00:19:10,679

the ages of different galaxies star

501
00:19:15,110 --> 00:19:12,660
systems and whatnot across the vast

502
00:19:17,810 --> 00:19:15,120
expanse of the cosmos there are some

503
00:19:19,430 --> 00:19:17,820
really big differences some Galaxies

504
00:19:22,190 --> 00:19:19,440
have been around for a lot longer than

505
00:19:24,770 --> 00:19:22,200
others even the outer arm of a galaxy is

506
00:19:27,230 --> 00:19:24,780
much newer than the inner center of a

507
00:19:29,150 --> 00:19:27,240
galaxy and we already know that we are

508
00:19:32,150 --> 00:19:29,160
on the outer arm of the Milky Way galaxy

509
00:19:34,730 --> 00:19:32,160
so we're much newer planet and therefore

510
00:19:36,350 --> 00:19:34,740
civilization than some civilizations

511
00:19:38,690 --> 00:19:36,360
that might have formed closer to the

512
00:19:40,070 --> 00:19:38,700
center of the Galaxy and to be clear

513
00:19:41,570 --> 00:19:40,080

here we're not talking about a

514

00:19:44,029 --> 00:19:41,580

difference in terms of a few hundred

515

00:19:46,010 --> 00:19:44,039

years or a few thousand years or even a

516

00:19:48,470 --> 00:19:46,020

few hundred thousand years we're talking

517

00:19:50,870 --> 00:19:48,480

about millions or even billions of years

518

00:19:53,930 --> 00:19:50,880

difference in terms of the age of these

519

00:19:56,029 --> 00:19:53,940

civilizations now we just think back to

520

00:19:58,669 --> 00:19:56,039

our own civilization in the last 100

521

00:20:00,830 --> 00:19:58,679

years how we've gone from horse and

522

00:20:02,630 --> 00:20:00,840

Buggies to actually having spacecraft

523

00:20:03,890 --> 00:20:02,640

now that have left our solar system all

524

00:20:06,770 --> 00:20:03,900

together other

525

00:20:09,169 --> 00:20:06,780

really there has been a massive leap in

526

00:20:12,470 --> 00:20:09,179

technological progress in just 100 years

527

00:20:13,970 --> 00:20:12,480

so imagine what 1 000 years or a hundred

528

00:20:16,669 --> 00:20:13,980

thousand years or millions of years

529

00:20:18,890 --> 00:20:16,679

would do in terms of the development of

530

00:20:21,409 --> 00:20:18,900

a civilization its technological

531

00:20:24,409 --> 00:20:21,419

progress really when you think about it

532

00:20:26,450 --> 00:20:24,419

you quickly end up with a null space a

533

00:20:28,250 --> 00:20:26,460

blank slate because we just can't think

534

00:20:30,230 --> 00:20:28,260

that far ahead

535

00:20:32,630 --> 00:20:30,240

we have a hard time imagining what our

536

00:20:34,610 --> 00:20:32,640

world will be like in 100 years even let

537

00:20:35,870 --> 00:20:34,620

alone thousands of years or millions of

538

00:20:38,210 --> 00:20:35,880

years at that point it's completely

539

00:20:40,370 --> 00:20:38,220

beyond our imagination basically

540

00:20:42,350 --> 00:20:40,380

so that being the case

541

00:20:44,990 --> 00:20:42,360

knowing that it's very likely based on

542

00:20:47,750 --> 00:20:45,000

the sheer size of the cosmos and just

543

00:20:49,909 --> 00:20:47,760

how many galaxies and star systems there

544

00:20:53,029 --> 00:20:49,919

are numbers that really Boggle the mind

545

00:20:56,090 --> 00:20:53,039

because they're so huge just the sheer

546

00:20:58,250 --> 00:20:56,100

immensity of the cosmos and the Myriad

547

00:21:00,409 --> 00:20:58,260

numbers of galaxies and star systems

548

00:21:03,049 --> 00:21:00,419

populating it lead us to believe that

549

00:21:05,270 --> 00:21:03,059

even if life only Springs up on the

550

00:21:07,070 --> 00:21:05,280

minority of planets that there still

551
00:21:09,529 --> 00:21:07,080
should be life teeming throughout the

552
00:21:11,150 --> 00:21:09,539
cosmos and that some of that life some

553
00:21:12,710 --> 00:21:11,160
of those civilizations will be much

554
00:21:14,690 --> 00:21:12,720
older than us

555
00:21:15,590 --> 00:21:14,700
and what do civilizations do as they

556
00:21:18,289 --> 00:21:15,600
develop

557
00:21:20,270 --> 00:21:18,299
well they tend to expand they tend to

558
00:21:22,490 --> 00:21:20,280
start playing with the very ingredients

559
00:21:24,770 --> 00:21:22,500
of life itself look at what we're doing

560
00:21:27,350 --> 00:21:24,780
with genetic manipulation look what we

561
00:21:29,210 --> 00:21:27,360
do with puppies and dogs that we want to

562
00:21:32,330 --> 00:21:29,220
look a certain way we breed them in

563
00:21:34,190 --> 00:21:32,340

certain ways we manipulate the growth of

564

00:21:36,350 --> 00:21:34,200

different vegetables so that it suits

565

00:21:39,169 --> 00:21:36,360

our needs we shape our entire

566

00:21:41,690 --> 00:21:39,179

environment to our needs and even in

567

00:21:44,510 --> 00:21:41,700

terms of expressing our curiosity we try

568

00:21:46,970 --> 00:21:44,520

new experiments with life and life forms

569

00:21:49,130 --> 00:21:46,980

and that scales up more and more to the

570

00:21:52,130 --> 00:21:49,140

part where we're now considering putting

571

00:21:55,010 --> 00:21:52,140

brain ships in to actually augment so to

572

00:21:56,510 --> 00:21:55,020

speaks are intellectual capacities right

573

00:21:58,490 --> 00:21:56,520

this is something that Elon Musk has

574

00:22:01,130 --> 00:21:58,500

talked about in addition of course to

575

00:22:02,510 --> 00:22:01,140

Elon Musk being ready to take us to Mars

576

00:22:04,549 --> 00:22:02,520

and we'll get to that in a little bit

577

00:22:06,169 --> 00:22:04,559

and why that might be problematic to

578

00:22:08,450 --> 00:22:06,179

some of these overarching intelligences

579

00:22:10,130 --> 00:22:08,460

based on the current state of our

580

00:22:11,990 --> 00:22:10,140

civilization

581

00:22:14,390 --> 00:22:12,000

but the point I'm trying to make here is

582

00:22:16,190 --> 00:22:14,400

that we already see in our own

583

00:22:18,230 --> 00:22:16,200

development that we move towards these

584

00:22:20,090 --> 00:22:18,240

things what might we get up to in

585

00:22:22,490 --> 00:22:20,100

another thousand years or a million

586

00:22:25,190 --> 00:22:22,500

years or millions of years

587

00:22:27,470 --> 00:22:25,200

it's not hard to imagine that we would

588

00:22:29,210 --> 00:22:27,480

actually go about terraforming planets

589

00:22:31,730 --> 00:22:29,220

and actually planting new civilizations

590

00:22:34,310 --> 00:22:31,740

and even playing with the notion of

591

00:22:36,830 --> 00:22:34,320

developing new species of intelligent

592

00:22:39,110 --> 00:22:36,840

life so when you think about all these

593

00:22:41,630 --> 00:22:39,120

matters the the statistics I just

594

00:22:43,490 --> 00:22:41,640

mentioned it should actually be more

595

00:22:45,710 --> 00:22:43,500

likely from my point of view that we

596

00:22:48,409 --> 00:22:45,720

sprung up through a mechanism like that

597

00:22:50,690 --> 00:22:48,419

then by some sheer fluke of the

598

00:22:52,730 --> 00:22:50,700

randomness that will be described in

599

00:22:54,710 --> 00:22:52,740

something like the theory of evolution

600

00:22:56,810 --> 00:22:54,720

by natural selection

601
00:22:59,029 --> 00:22:56,820
I also want to point out another mistake

602
00:23:00,110 --> 00:22:59,039
I noticed us making very often in our

603
00:23:02,510 --> 00:23:00,120
species

604
00:23:04,789 --> 00:23:02,520
we don't really consider how different

605
00:23:08,029 --> 00:23:04,799
the categories even become the category

606
00:23:10,130 --> 00:23:08,039
of possibilities as we progress so even

607
00:23:12,110 --> 00:23:10,140
groups like seti and different private

608
00:23:13,909 --> 00:23:12,120
groups even looking for so-called alien

609
00:23:16,130 --> 00:23:13,919
life are still going in with certain

610
00:23:19,010 --> 00:23:16,140
assumptions that I think are far too

611
00:23:21,590 --> 00:23:19,020
narrow and really these assumptions come

612
00:23:24,409 --> 00:23:21,600
down to us assuming we're close to the

613
00:23:26,690 --> 00:23:24,419

summit of understanding not only about

614

00:23:28,549 --> 00:23:26,700

space-time and the nature of the cosmos

615

00:23:30,649 --> 00:23:28,559

but the nature of Ultimate Reality

616

00:23:33,169 --> 00:23:30,659

altogether and because we feel like

617

00:23:35,570 --> 00:23:33,179

we're close to that Summit we assume

618

00:23:37,430 --> 00:23:35,580

that if we find life or we even look for

619

00:23:39,830 --> 00:23:37,440

it we should look for it within certain

620

00:23:41,990 --> 00:23:39,840

parameters but again the Assumption here

621

00:23:44,090 --> 00:23:42,000

the unstated Assumption the

622

00:23:46,250 --> 00:23:44,100

preconception is that we're close to a

623

00:23:48,770 --> 00:23:46,260

summit understanding so therefore they

624

00:23:51,409 --> 00:23:48,780

must fit in somewhere within the general

625

00:23:52,970 --> 00:23:51,419

parameters of what we understand but of

626

00:23:55,490 --> 00:23:52,980

course that is a highly suspect

627

00:23:57,649 --> 00:23:55,500

conclusion to draw it's a highly suspect

628

00:24:00,110 --> 00:23:57,659

condition in which to conduct these

629

00:24:02,330 --> 00:24:00,120

experiments and to conduct these search

630

00:24:04,070 --> 00:24:02,340

issues so much so that I actually

631

00:24:05,870 --> 00:24:04,080

believe that most of the time we're

632

00:24:08,090 --> 00:24:05,880

actually conducting what are called

633

00:24:10,730 --> 00:24:08,100

category errors or category mistakes

634

00:24:13,130 --> 00:24:10,740

which is defined like this

635

00:24:15,289 --> 00:24:13,140

a category error is the error of

636

00:24:17,570 --> 00:24:15,299

assigning to something a quality or

637

00:24:20,510 --> 00:24:17,580

action that can properly be assigned to

638

00:24:22,909 --> 00:24:20,520

things only of another category for

639

00:24:24,289 --> 00:24:22,919

example treating abstract Concepts as

640

00:24:26,029 --> 00:24:24,299

though they had a physical location

641

00:24:27,950 --> 00:24:26,039

unquote

642

00:24:29,750 --> 00:24:27,960

so what I see Happening Here is this

643

00:24:32,090 --> 00:24:29,760

assumption that our notion of space-time

644

00:24:34,730 --> 00:24:32,100

is mostly complete our notion of the

645

00:24:36,289 --> 00:24:34,740

nature of reality is mostly complete our

646

00:24:38,990 --> 00:24:36,299

notion of the understanding of how

647

00:24:41,090 --> 00:24:39,000

species evolve is mostly complete and

648

00:24:43,010 --> 00:24:41,100

because we believe all those things we

649

00:24:45,770 --> 00:24:43,020

look to find evidence of these others

650

00:24:47,930 --> 00:24:45,780

within that General framework and that's

651
00:24:50,149 --> 00:24:47,940
where we go wrong now it suggests you

652
00:24:52,970 --> 00:24:50,159
that the fact that this phenomenon so

653
00:24:54,890 --> 00:24:52,980
often exceeds those parameters and

654
00:24:57,350 --> 00:24:54,900
basically laughs at them in the way that

655
00:24:59,510 --> 00:24:57,360
it manifests right it just makes us feel

656
00:25:01,250 --> 00:24:59,520
as if something absurd is happening

657
00:25:03,649 --> 00:25:01,260
speaks not to the fact that it's

658
00:25:05,750 --> 00:25:03,659
ultimately absurd but that our

659
00:25:08,090 --> 00:25:05,760
expectation that it should fit within

660
00:25:10,610 --> 00:25:08,100
those parameters is what is absurd and

661
00:25:12,710 --> 00:25:10,620
so we perceive it as absurdity

662
00:25:14,390 --> 00:25:12,720
and of course beyond that even when we

663
00:25:16,549 --> 00:25:14,400

think about dimensional layers of

664

00:25:19,370 --> 00:25:16,559

reality it has been noted before that

665

00:25:22,130 --> 00:25:19,380

when a higher dimensional form actually

666

00:25:24,350 --> 00:25:22,140

manifests in a lower dimensional form or

667

00:25:26,810 --> 00:25:24,360

projects into a lower dimensional matrix

668

00:25:29,930 --> 00:25:26,820

it's going to appear absurd because it

669

00:25:33,470 --> 00:25:29,940

gets translated mistranslated truncated

670

00:25:37,250 --> 00:25:33,480

into a framework that is not able to

671

00:25:39,710 --> 00:25:37,260

adequately realistically represent that

672

00:25:41,570 --> 00:25:39,720

higher dimensional reality and so it

673

00:25:43,970 --> 00:25:41,580

ends up looking absurd because of that

674

00:25:46,430 --> 00:25:43,980

mistranslation that truncating of

675

00:25:49,010 --> 00:25:46,440

something more complex and all that is

676
00:25:50,750 --> 00:25:49,020
to say like file I welcome the

677
00:25:53,630 --> 00:25:50,760
opportunity for us to do some quote

678
00:25:57,230 --> 00:25:53,640
unquote good science as he like to say

679
00:25:59,570 --> 00:25:57,240
we should in fact Endeavor to apply the

680
00:26:01,549 --> 00:25:59,580
scientific method to this phenomenon to

681
00:26:03,830 --> 00:26:01,559
understand as much as we can

682
00:26:05,570 --> 00:26:03,840
we should bring in academics from a

683
00:26:07,190 --> 00:26:05,580
variety of disciplines to make this a

684
00:26:08,450 --> 00:26:07,200
multi-disciplinary kind of research

685
00:26:10,970 --> 00:26:08,460
endeavor

686
00:26:13,010 --> 00:26:10,980
absolutely we should do that

687
00:26:14,930 --> 00:26:13,020
but we should also recognize that what

688
00:26:17,810 --> 00:26:14,940

this phenomenon has already demonstrated

689

00:26:19,970 --> 00:26:17,820

even in how the lay likes to say what

690

00:26:23,390 --> 00:26:19,980

the UFO phenomenon teaches us is that we

691

00:26:25,970 --> 00:26:23,400

do not understand space-time full stop

692

00:26:28,250 --> 00:26:25,980

he said what is in play here is a

693

00:26:30,409 --> 00:26:28,260

scientific revolution and I think we

694

00:26:31,970 --> 00:26:30,419

have to be honest with researchers who

695

00:26:34,549 --> 00:26:31,980

are coming in that that's really what's

696

00:26:36,350 --> 00:26:34,559

in play now they may at first balk at

697

00:26:38,630 --> 00:26:36,360

that notion they might think we're silly

698

00:26:41,029 --> 00:26:38,640

unscientific people but actually people

699

00:26:43,070 --> 00:26:41,039

who have a scientific background who are

700

00:26:45,529 --> 00:26:43,080

the most familiar with this topic people

701
00:26:47,990 --> 00:26:45,539
like Kong kelleter people who studied

702
00:26:51,169 --> 00:26:48,000
this at Skinwalker Ranch and saw how

703
00:26:53,750 --> 00:26:51,179
somehow strange paranormal phenomena

704
00:26:56,149 --> 00:26:53,760
co-arose with UFOs and things like that

705
00:26:58,490 --> 00:26:56,159
and how you have things like Sasquatch

706
00:27:00,070 --> 00:26:58,500
and the appearance of what for all

707
00:27:02,210 --> 00:27:00,080
intents and purposes look like

708
00:27:05,029 --> 00:27:02,220
interdimensional portals appearing in

709
00:27:07,909 --> 00:27:05,039
the sky as well as beings have seen to

710
00:27:10,310 --> 00:27:07,919
manifest from some other frame of

711
00:27:12,710 --> 00:27:10,320
space-time all that speaks to this being

712
00:27:15,470 --> 00:27:12,720
about much more than what modern science

713
00:27:18,409 --> 00:27:15,480

conventional science is willing to is

714

00:27:20,450 --> 00:27:18,419

prepared to accept so that's why I say

715

00:27:22,850 --> 00:27:20,460

really a scientific revolution of the

716

00:27:24,409 --> 00:27:22,860

highest order is in play here and I

717

00:27:26,630 --> 00:27:24,419

think we should be honest about that as

718

00:27:27,950 --> 00:27:26,640

we move forward and actually get excited

719

00:27:30,289 --> 00:27:27,960

about it rather than actually feeling

720

00:27:32,990 --> 00:27:30,299

frustrated that our previous Notions of

721

00:27:35,149 --> 00:27:33,000

what reality is are being contradicted

722

00:27:37,130 --> 00:27:35,159

and superseded we should see that we are

723

00:27:39,169 --> 00:27:37,140

on the cusp on the precipice of a real

724

00:27:41,690 --> 00:27:39,179

breakthrough in understanding that

725

00:27:42,890 --> 00:27:41,700

perhaps could even help us solve some of

726

00:27:45,590 --> 00:27:42,900

the problems we are currently

727

00:27:47,870 --> 00:27:45,600

encountering because as Einstein

728

00:27:49,730 --> 00:27:47,880

permissively said we cannot solve our

729

00:27:51,350 --> 00:27:49,740

problems with the same level of thinking

730

00:27:53,510 --> 00:27:51,360

that created them

731

00:27:55,610 --> 00:27:53,520

we are certainly at the cusp of some

732

00:27:57,830 --> 00:27:55,620

major issues in our society in our

733

00:28:01,130 --> 00:27:57,840

civilization potentially civilization

734

00:28:02,930 --> 00:28:01,140

ending civilization collapsing kinds of

735

00:28:05,090 --> 00:28:02,940

challenges so we need this kind of

736

00:28:07,250 --> 00:28:05,100

Revolution and not a revolution just in

737

00:28:09,830 --> 00:28:07,260

terms of scientific understanding but

738

00:28:12,710 --> 00:28:09,840

hopefully one that Embraces the

739

00:28:15,649 --> 00:28:12,720

underlying and overarching significance

740

00:28:17,630 --> 00:28:15,659

and Primacy of Consciousness and not

741

00:28:19,549 --> 00:28:17,640

just local Consciousness not just the

742

00:28:21,590 --> 00:28:19,559

consciousness of a single individual

743

00:28:24,169 --> 00:28:21,600

that feels separate from everything else

744

00:28:25,970 --> 00:28:24,179

but an understanding of Consciousness in

745

00:28:27,710 --> 00:28:25,980

terms of seeing that we are all

746

00:28:30,409 --> 00:28:27,720

connected that we are all actually

747

00:28:32,990 --> 00:28:30,419

fractal impressions of source ultimate

748

00:28:35,390 --> 00:28:33,000

source not only us but also these alien

749

00:28:38,269 --> 00:28:35,400

beings we are encountering and that this

750

00:28:40,490 --> 00:28:38,279

new understanding of connectivity of how

751
00:28:42,110 --> 00:28:40,500
everything impacts everything else will

752
00:28:44,269 --> 00:28:42,120
actually help us move forward in a way

753
00:28:46,190 --> 00:28:44,279
that actually is more sustainable and

754
00:28:48,409 --> 00:28:46,200
one that honors the nobility of the

755
00:28:52,190 --> 00:28:48,419
human Spirit and the nobility of every

756
00:28:54,409 --> 00:28:52,200
sentient form of life in the cosmos

757
00:28:56,090 --> 00:28:54,419
now I already mentioned that I think we

758
00:28:58,370 --> 00:28:56,100
need to be prepared for a scientific

759
00:29:00,049 --> 00:28:58,380
revolution of the highest order based on

760
00:29:02,510 --> 00:29:00,059
what is being presented by this

761
00:29:04,490 --> 00:29:02,520
phenomenon the data being presented by

762
00:29:05,510 --> 00:29:04,500
it the criteria and what that points

763
00:29:07,909 --> 00:29:05,520

towards

764

00:29:09,890 --> 00:29:07,919

I would also point out that even data

765

00:29:11,870 --> 00:29:09,900

we've already obtained is pointing

766

00:29:13,970 --> 00:29:11,880

towards a very different structured

767

00:29:15,769 --> 00:29:13,980

reality than we've been accustomed to

768

00:29:18,529 --> 00:29:15,779

and that we like to build our models

769

00:29:20,510 --> 00:29:18,539

from so for instance I've discussed how

770

00:29:23,149 --> 00:29:20,520

Revelations arising from Quantum

771

00:29:25,370 --> 00:29:23,159

experiments 100 years ago still haven't

772

00:29:28,010 --> 00:29:25,380

really been grappled with by scientists

773

00:29:29,810 --> 00:29:28,020

in fact I would suggest that we've gone

774

00:29:32,330 --> 00:29:29,820

out of our way as a scientific community

775

00:29:35,269 --> 00:29:32,340

and as a civilization in the west anyway

776

00:29:37,250 --> 00:29:35,279

to basically just avoid this data we

777

00:29:39,889 --> 00:29:37,260

tried to walk around it like it's a

778

00:29:41,870 --> 00:29:39,899

giant thing the proverbial pink elephant

779

00:29:44,149 --> 00:29:41,880

sitting in the middle of a trail and

780

00:29:46,610 --> 00:29:44,159

we've tried to go around the elephant as

781

00:29:47,750 --> 00:29:46,620

if to pretend it's not really there in

782

00:29:49,370 --> 00:29:47,760

other words we're not really dealing

783

00:29:52,250 --> 00:29:49,380

with the data we're just proposing more

784

00:29:54,049 --> 00:29:52,260

and more outlandish sub theories to

785

00:29:56,210 --> 00:29:54,059

explain how it might not be what we

786

00:29:57,889 --> 00:29:56,220

think it is rather than dealing with the

787

00:30:00,830 --> 00:29:57,899

fact that it's actually there and it's

788

00:30:02,750 --> 00:30:00,840

saying something about the inadequacy of

789

00:30:04,909 --> 00:30:02,760

our models it's blowing up our models

790

00:30:06,529 --> 00:30:04,919

into such a degree that scientists don't

791

00:30:08,389 --> 00:30:06,539

really want to deal with it they don't

792

00:30:11,269 --> 00:30:08,399

know how to deal with it because it

793

00:30:13,190 --> 00:30:11,279

uproots so much especially as it

794

00:30:16,190 --> 00:30:13,200

pertains to this notion that physicalism

795

00:30:18,470 --> 00:30:16,200

actually depicts Ultimate Reality as

796

00:30:20,090 --> 00:30:18,480

I've said many times on this podcast I

797

00:30:22,490 --> 00:30:20,100

don't think it does and it's not just my

798

00:30:24,649 --> 00:30:22,500

belief there's actually mounting data

799

00:30:27,230 --> 00:30:24,659

really convincing data suggesting that

800

00:30:30,049 --> 00:30:27,240

physicalism is not even tenable as a

801
00:30:31,909 --> 00:30:30,059
model anymore so we really need to be

802
00:30:34,370 --> 00:30:31,919
using this phenomenon the data coming

803
00:30:36,710 --> 00:30:34,380
from it to embrace the fact that this is

804
00:30:38,210 --> 00:30:36,720
actually steering us in a direction to

805
00:30:40,549 --> 00:30:38,220
answer some of the questions that are

806
00:30:42,049 --> 00:30:40,559
already being begged by other data that

807
00:30:44,510 --> 00:30:42,059
we've already come across and that we've

808
00:30:47,029 --> 00:30:44,520
had for at least 100 years

809
00:30:49,250 --> 00:30:47,039
and again I would suggest that this data

810
00:30:52,130 --> 00:30:49,260
points towards Consciousness being

811
00:30:53,870 --> 00:30:52,140
primary not physical reality

812
00:30:56,269 --> 00:30:53,880
we think back to for instance the double

813
00:30:58,130 --> 00:30:56,279

slit experiment prior to this kind of

814

00:31:00,889 --> 00:30:58,140

experiment we just assumed that reality

815

00:31:03,470 --> 00:31:00,899

just was regardless of who was observing

816

00:31:05,750 --> 00:31:03,480

it but really that notion goes out the

817

00:31:07,490 --> 00:31:05,760

door as a result of the findings and

818

00:31:09,169 --> 00:31:07,500

then double slit experiment

819

00:31:11,450 --> 00:31:09,179

the implication being that what we

820

00:31:13,450 --> 00:31:11,460

perceive as physical reality is actually

821

00:31:16,549 --> 00:31:13,460

not only influenced by but perhaps

822

00:31:17,630 --> 00:31:16,559

derived by Consciousness itself that's

823

00:31:19,730 --> 00:31:17,640

what we see with some of those

824

00:31:22,250 --> 00:31:19,740

experiments and I'll just remind you of

825

00:31:24,889 --> 00:31:22,260

what Niels Bohr one of the early Quantum

826

00:31:27,769 --> 00:31:24,899

physicists sent about the revelations of

827

00:31:29,810 --> 00:31:27,779

quantum mechanics he said quote if

828

00:31:32,389 --> 00:31:29,820

quantum mechanics hasn't profoundly

829

00:31:33,470 --> 00:31:32,399

shocked you you haven't understood it

830

00:31:35,990 --> 00:31:33,480

yet

831

00:31:38,110 --> 00:31:36,000

and that's really key if you're not

832

00:31:40,490 --> 00:31:38,120

shocked by it you have not understood

833

00:31:43,310 --> 00:31:40,500

just how far reaching the implications

834

00:31:45,289 --> 00:31:43,320

are how it effectively rips out the

835

00:31:47,389 --> 00:31:45,299

ground from underneath us and we find

836

00:31:49,549 --> 00:31:47,399

ourselves hanging in midair not even

837

00:31:51,950 --> 00:31:49,559

knowing what that error is composed of

838

00:31:54,830 --> 00:31:51,960

but picking up on inkling suggesting

839

00:31:56,930 --> 00:31:54,840

that that stuff that is all around us is

840

00:31:59,149 --> 00:31:56,940

actually derivative of something we

841

00:32:01,789 --> 00:31:59,159

might call Consciousness some sort of

842

00:32:04,490 --> 00:32:01,799

mentation process that has as much to do

843

00:32:06,470 --> 00:32:04,500

with our feeling of being us as it has

844

00:32:09,049 --> 00:32:06,480

to do with the things that manifest

845

00:32:11,090 --> 00:32:09,059

around us and what we perceive as a

846

00:32:12,830 --> 00:32:11,100

physical reality but again the key here

847

00:32:15,409 --> 00:32:12,840

is that that physical reality is not

848

00:32:17,269 --> 00:32:15,419

independent of Us and other Agents Of

849

00:32:19,549 --> 00:32:17,279

Consciousness in fact it's the very

850

00:32:22,610 --> 00:32:19,559

opposite its existence physical

851
00:32:25,130 --> 00:32:22,620
reality's existence is actually impacted

852
00:32:26,330 --> 00:32:25,140
by and determined by Consciousness

853
00:32:28,190 --> 00:32:26,340
itself

854
00:32:29,750 --> 00:32:28,200
and just to be clear there because this

855
00:32:32,210 --> 00:32:29,760
gets a bit confusing for people because

856
00:32:34,010 --> 00:32:32,220
Consciousness that term is used in many

857
00:32:36,769 --> 00:32:34,020
different ways but we're ultimately

858
00:32:38,930 --> 00:32:36,779
pointing towards here is Source the

859
00:32:41,750 --> 00:32:38,940
original mind that gave birth to

860
00:32:43,669 --> 00:32:41,760
everything every entity every physical

861
00:32:46,130 --> 00:32:43,679
structure or what appears as a physical

862
00:32:48,769 --> 00:32:46,140
structure all of the interrelationships

863
00:32:51,350 --> 00:32:48,779

in reality are ultimately mentation

864

00:32:53,990 --> 00:32:51,360

processes and we ourselves therefore

865

00:32:56,450 --> 00:32:54,000

again are fractal impressions of that

866

00:32:59,330 --> 00:32:56,460

original mind as are all of these alien

867

00:33:00,830 --> 00:32:59,340

beings in our midst another metaphor

868

00:33:02,630 --> 00:33:00,840

that might be helpful is that of a

869

00:33:05,330 --> 00:33:02,640

diamond so rather than considering

870

00:33:07,430 --> 00:33:05,340

ourselves as separate diamonds we are

871

00:33:09,769 --> 00:33:07,440

actually different facets of the same

872

00:33:11,750 --> 00:33:09,779

diamond and because light hits those

873

00:33:13,269 --> 00:33:11,760

different angles and reflects a

874

00:33:16,370 --> 00:33:13,279

different reality a different experience

875

00:33:18,169 --> 00:33:16,380

it can appear like it is separate but

876

00:33:20,870 --> 00:33:18,179

ultimately is the same thing it's the

877

00:33:23,389 --> 00:33:20,880

same Diamond the same ultimate source

878

00:33:25,669 --> 00:33:23,399

but the different refractions of light

879

00:33:27,169 --> 00:33:25,679

are what we can consider our personal

880

00:33:29,570 --> 00:33:27,179

experiences

881

00:33:31,430 --> 00:33:29,580

but again that individuality is

882

00:33:33,769 --> 00:33:31,440

ultimately illusory we actually are

883

00:33:36,230 --> 00:33:33,779

connected to this Source we are this

884

00:33:39,430 --> 00:33:36,240

source as is every other sentient being

885

00:33:42,110 --> 00:33:39,440

and for that matter every other supposed

886

00:33:46,130 --> 00:33:42,120

inanimate object is also part of this

887

00:33:49,009 --> 00:33:46,140

Central Diamond Source itself

888

00:33:50,870 --> 00:33:49,019

so if we take as a given as a

889

00:33:53,269 --> 00:33:50,880

presupposition and every model begins

890

00:33:55,310 --> 00:33:53,279

with some presuppositions if we begin

891

00:33:58,310 --> 00:33:55,320

with the notion that Consciousness is

892

00:34:00,350 --> 00:33:58,320

fundamental is primary and from that

893

00:34:02,509 --> 00:34:00,360

underlying bedrock everything else that

894

00:34:05,090 --> 00:34:02,519

appears as for instance physical reality

895

00:34:07,669 --> 00:34:05,100

or energy is actually a manifestation of

896

00:34:10,010 --> 00:34:07,679

that deeper structure we can also apply

897

00:34:11,389 --> 00:34:10,020

that to these others again with the

898

00:34:14,510 --> 00:34:11,399

notion that perhaps they've been around

899

00:34:15,889 --> 00:34:14,520

for millions of years longer than us how

900

00:34:18,169 --> 00:34:15,899

would their understanding of reality

901
00:34:20,329 --> 00:34:18,179
have developed it would not just have to

902
00:34:22,609 --> 00:34:20,339
build in terms of Greater technology in

903
00:34:25,550 --> 00:34:22,619
terms of manipulating the physical world

904
00:34:28,190 --> 00:34:25,560
but because really the physical world is

905
00:34:30,169 --> 00:34:28,200
a manifestation a derivative of some

906
00:34:33,230 --> 00:34:30,179
deeper structure based in Consciousness

907
00:34:34,849 --> 00:34:33,240
then it's logical to assume that

908
00:34:36,589 --> 00:34:34,859
eventually they would begin to develop

909
00:34:38,690 --> 00:34:36,599
technology that would work on that level

910
00:34:40,490 --> 00:34:38,700
at the level of that deeper structure

911
00:34:42,010 --> 00:34:40,500
and I would suggest that we actually see

912
00:34:45,530 --> 00:34:42,020
that in the way that they're able to

913
00:34:48,470 --> 00:34:45,540

manipulate and control our Behavior our

914

00:34:50,829 --> 00:34:48,480

emotions our sense of space-time all of

915

00:34:53,210 --> 00:34:50,839

these things indicate that some deeper

916

00:34:55,250 --> 00:34:53,220

manipulation of reality is going on and

917

00:34:56,930 --> 00:34:55,260

a deeper structure Beyond space-time

918

00:34:59,810 --> 00:34:56,940

altogether

919

00:35:01,849 --> 00:34:59,820

now because we're talking about a deeper

920

00:35:03,770 --> 00:35:01,859

structure of reality from which this

921

00:35:05,750 --> 00:35:03,780

becomes a derivative form so both

922

00:35:07,970 --> 00:35:05,760

quantum theory and space time the

923

00:35:08,770 --> 00:35:07,980

physical world as we perceive it are

924

00:35:11,450 --> 00:35:08,780

actually

925

00:35:13,849 --> 00:35:11,460

byproducts of this deeper structure and

926
00:35:15,290 --> 00:35:13,859
what's happening there then we can also

927
00:35:17,450 --> 00:35:15,300
think about that in terms of what we

928
00:35:20,089 --> 00:35:17,460
consider life in other words what we

929
00:35:23,030 --> 00:35:20,099
consider the process of birth maturation

930
00:35:24,470 --> 00:35:23,040
and death are actually again not what

931
00:35:26,329 --> 00:35:24,480
they appear to be

932
00:35:29,030 --> 00:35:26,339
we already see this evidenced in

933
00:35:30,890 --> 00:35:29,040
reincarnation studies and in near-death

934
00:35:33,349 --> 00:35:30,900
experiences out of body experiences

935
00:35:35,630 --> 00:35:33,359
where people have experiences and

936
00:35:38,150 --> 00:35:35,640
memories that seem to violate our

937
00:35:40,010 --> 00:35:38,160
Notions of a life existing as an

938
00:35:41,329 --> 00:35:40,020

individual iteration and then being

939

00:35:43,550 --> 00:35:41,339

wiped out

940

00:35:46,190 --> 00:35:43,560

what we actually see evidence of is some

941

00:35:48,530 --> 00:35:46,200

deeper level of reality from which this

942

00:35:50,690 --> 00:35:48,540

lifetime is just one manifestation of

943

00:35:53,030 --> 00:35:50,700

many and that it points to some deeper

944

00:35:55,670 --> 00:35:53,040

structure that makes the notion of

945

00:35:58,490 --> 00:35:55,680

biological life being a thing unto

946

00:36:00,109 --> 00:35:58,500

itself also partial and ultimately

947

00:36:02,210 --> 00:36:00,119

illusory

948

00:36:04,250 --> 00:36:02,220

now let's bring this back around to the

949

00:36:06,230 --> 00:36:04,260

notion that perhaps our civilization was

950

00:36:08,450 --> 00:36:06,240

seated by one of these other older

951
00:36:10,010 --> 00:36:08,460
intelligences that are now working at

952
00:36:12,050 --> 00:36:10,020
the level of this deeper structure

953
00:36:13,250 --> 00:36:12,060
Beyond physical reality beyond space

954
00:36:15,710 --> 00:36:13,260
time

955
00:36:17,569 --> 00:36:15,720
we already know from the literature that

956
00:36:20,089 --> 00:36:17,579
hybridization programs and genetic

957
00:36:22,069 --> 00:36:20,099
tweaking are happening this is something

958
00:36:25,069 --> 00:36:22,079
that's Central to the UFO phenomenon

959
00:36:27,170 --> 00:36:25,079
data so from there it's not at all a

960
00:36:30,109 --> 00:36:27,180
stretch really to consider that our very

961
00:36:32,690 --> 00:36:30,119
existence here is due to some sort of

962
00:36:35,450 --> 00:36:32,700
process that they put into place or at

963
00:36:37,609 --> 00:36:35,460

least that they handled or oversaw or

964

00:36:40,069 --> 00:36:37,619

managed at some point along the process

965

00:36:41,630 --> 00:36:40,079

because again if this is about a deeper

966

00:36:43,250 --> 00:36:41,640

process and a deeper structure of

967

00:36:46,250 --> 00:36:43,260

reality then again our understanding

968

00:36:49,190 --> 00:36:46,260

even of where life begins and ends is

969

00:36:51,109 --> 00:36:49,200

faulty but nevertheless we certainly can

970

00:36:53,089 --> 00:36:51,119

consider it as a possibility even

971

00:36:54,890 --> 00:36:53,099

perhaps a likelihood based on what I

972

00:36:57,230 --> 00:36:54,900

said before about statistics and

973

00:36:59,690 --> 00:36:57,240

different ages of civilizations likely

974

00:37:01,190 --> 00:36:59,700

then it's not at all a stretch to

975

00:37:03,050 --> 00:37:01,200

imagine that they did see to our

976
00:37:05,510 --> 00:37:03,060
civilization and we already see evidence

977
00:37:07,310 --> 00:37:05,520
of hybridization programs genetic

978
00:37:08,990 --> 00:37:07,320
tweaking we already have evidence

979
00:37:11,630 --> 00:37:09,000
suggesting that there was a major leap

980
00:37:14,630 --> 00:37:11,640
in the capacity of hominids at some

981
00:37:17,030 --> 00:37:14,640
point in history that seems to defy the

982
00:37:19,250 --> 00:37:17,040
normal pace of how Evolution would roll

983
00:37:21,349 --> 00:37:19,260
out so all of those things are pointing

984
00:37:24,710 --> 00:37:21,359
towards this possibility that we were

985
00:37:26,150 --> 00:37:24,720
seated by some of these others

986
00:37:27,829 --> 00:37:26,160
there's another piece that I want to

987
00:37:29,930 --> 00:37:27,839
bring to your attention and it has to do

988
00:37:32,089 --> 00:37:29,940

with the crash retrievals we mentioned

989

00:37:34,790 --> 00:37:32,099

earlier again people tend to think that

990

00:37:37,490 --> 00:37:34,800

means aliens from Alpha Centauri or is

991

00:37:41,450 --> 00:37:37,500

it a reticuli but it's much more complex

992

00:37:43,430 --> 00:37:41,460

than that because as The Story Goes one

993

00:37:46,069 --> 00:37:43,440

of the most startling perhaps the most

994

00:37:48,890 --> 00:37:46,079

startling implication of the Roswell

995

00:37:51,230 --> 00:37:48,900

crash and retrieval not just of craft

996

00:37:53,569 --> 00:37:51,240

but also of bodies if you remember

997

00:37:56,390 --> 00:37:53,579

was that there was actually a DNA Link

998

00:37:58,849 --> 00:37:56,400

Between Us and Them

999

00:38:00,109 --> 00:37:58,859

yes indeed some sort of genetic common

1000

00:38:02,329 --> 00:38:00,119

round

1001
00:38:04,490 --> 00:38:02,339
and again if we think about our largest

1002
00:38:07,190 --> 00:38:04,500
scope here bringing in also religious

1003
00:38:09,290 --> 00:38:07,200
history we think about scriptural texts

1004
00:38:11,870 --> 00:38:09,300
that talk about being made in the image

1005
00:38:14,569 --> 00:38:11,880
of some other being some Creator right

1006
00:38:16,609 --> 00:38:14,579
or what we perceive as a Creator so that

1007
00:38:18,890 --> 00:38:16,619
perhaps could Link in here in the sense

1008
00:38:21,170 --> 00:38:18,900
that we actually share some of their

1009
00:38:24,109 --> 00:38:21,180
genetic Heritage that they are actually

1010
00:38:26,750 --> 00:38:24,119
hybridizing themselves perhaps in some

1011
00:38:28,490 --> 00:38:26,760
distant point in history and again what

1012
00:38:30,109 --> 00:38:28,500
I would suggest to you there is not that

1013
00:38:32,750 --> 00:38:30,119

we therefore limit our understanding

1014

00:38:35,750 --> 00:38:32,760

that perhaps we are actually hybridized

1015

00:38:38,270 --> 00:38:35,760

or mutated gray aliens but that they

1016

00:38:41,150 --> 00:38:38,280

themselves are also a further iteration

1017

00:38:43,550 --> 00:38:41,160

of some earlier form again of source of

1018

00:38:46,130 --> 00:38:43,560

an expression of source of sentience

1019

00:38:47,810 --> 00:38:46,140

that goes back to source so even when

1020

00:38:50,630 --> 00:38:47,820

these species somewhere along the way

1021

00:38:52,310 --> 00:38:50,640

are able to manage the evolution of

1022

00:38:54,290 --> 00:38:52,320

Consciousness and the development of

1023

00:38:56,569 --> 00:38:54,300

Consciousness at least at some point

1024

00:38:58,609 --> 00:38:56,579

along the journey It ultimately is about

1025

00:39:01,190 --> 00:38:58,619

this deeper structure of reality where

1026

00:39:04,010 --> 00:39:01,200

Consciousness is primary right

1027

00:39:06,829 --> 00:39:04,020

in other words they themselves are

1028

00:39:08,630 --> 00:39:06,839

already iterations impressions of that

1029

00:39:10,790 --> 00:39:08,640

original mind and that just keeps

1030

00:39:13,069 --> 00:39:10,800

getting passed down and that eventually

1031

00:39:15,650 --> 00:39:13,079

perhaps even we too will cede

1032

00:39:17,810 --> 00:39:15,660

civilizations that has some aspect of us

1033

00:39:20,630 --> 00:39:17,820

which of course relates back to that

1034

00:39:24,050 --> 00:39:20,640

original mind that original Source this

1035

00:39:25,849 --> 00:39:24,060

is key somehow this notion of God is

1036

00:39:27,710 --> 00:39:25,859

Central to all of this if you will if

1037

00:39:30,470 --> 00:39:27,720

you can get rid of the religious package

1038

00:39:33,349 --> 00:39:30,480

but what we see in religious history is

1039

00:39:36,230 --> 00:39:33,359

the retaining of some sort of memory of

1040

00:39:38,390 --> 00:39:36,240

some sort of intervention by some group

1041

00:39:40,730 --> 00:39:38,400

that has been in religious history

1042

00:39:43,130 --> 00:39:40,740

referred to as an assembly of the gods

1043

00:39:45,050 --> 00:39:43,140

or some sort of divine counsel again

1044

00:39:47,990 --> 00:39:45,060

based on an earlier iteration of our

1045

00:39:50,750 --> 00:39:48,000

Consciousness that's how we saw them but

1046

00:39:52,310 --> 00:39:50,760

what if it's just these others at a

1047

00:39:54,470 --> 00:39:52,320

certain point along the trajectory of

1048

00:39:57,050 --> 00:39:54,480

their Consciousness development now

1049

00:39:59,089 --> 00:39:57,060

overseeing the further development of

1050

00:40:01,849 --> 00:39:59,099

Consciousness in new iterations which

1051
00:40:04,430 --> 00:40:01,859
represent us but they themselves cells

1052
00:40:07,010 --> 00:40:04,440
also were the product of some earlier

1053
00:40:09,109 --> 00:40:07,020
source of the same kind of process and

1054
00:40:11,089 --> 00:40:09,119
this goes on and on and this is

1055
00:40:14,210 --> 00:40:11,099
ultimately Source expressing itself

1056
00:40:15,890 --> 00:40:14,220
Source understanding itself so you see

1057
00:40:18,050 --> 00:40:15,900
from my point of view this really ties

1058
00:40:20,750 --> 00:40:18,060
in with Buddhist and pedantic thought

1059
00:40:22,790 --> 00:40:20,760
about original mind about Source about

1060
00:40:25,730 --> 00:40:22,800
the notion of individuality and

1061
00:40:27,530 --> 00:40:25,740
separation ultimately being illusory and

1062
00:40:29,930 --> 00:40:27,540
so I think we need to tie in those

1063
00:40:31,569 --> 00:40:29,940

things because what I see is that all of

1064

00:40:34,609 --> 00:40:31,579

this is pointing in the same direction

1065

00:40:37,430 --> 00:40:34,619

the manifestation of the phenomena in

1066

00:40:39,530 --> 00:40:37,440

our midst Revelations that are arising

1067

00:40:41,810 --> 00:40:39,540

in space-time experiments and quantum

1068

00:40:43,970 --> 00:40:41,820

theory suggesting that space-time cannot

1069

00:40:46,310 --> 00:40:43,980

be fundamental there must be some deeper

1070

00:40:48,109 --> 00:40:46,320

structure as well as this overarching

1071

00:40:50,270 --> 00:40:48,119

experience sense that so many human

1072

00:40:52,670 --> 00:40:50,280

beings have that we are more than we've

1073

00:40:54,710 --> 00:40:52,680

been told that we are that we even have

1074

00:40:57,589 --> 00:40:54,720

identities that go back to previous

1075

00:41:00,650 --> 00:40:57,599

lifetimes even previous forms and some

1076
00:41:03,470 --> 00:41:00,660
sense that underlyingly overarchingly we

1077
00:41:04,849 --> 00:41:03,480
are absolutely connected to everyone and

1078
00:41:08,329 --> 00:41:04,859
everything

1079
00:41:10,069 --> 00:41:08,339
now finally in conclusion because we

1080
00:41:12,710 --> 00:41:10,079
pointed to Consciousness being so

1081
00:41:15,410 --> 00:41:12,720
Central to this entire Endeavor not just

1082
00:41:17,810 --> 00:41:15,420
the UFO phenomenon but reality itself

1083
00:41:20,329 --> 00:41:17,820
and that underlying what we mean by

1084
00:41:22,069 --> 00:41:20,339
Consciousness is iterations of source

1085
00:41:23,870 --> 00:41:22,079
original mind

1086
00:41:25,430 --> 00:41:23,880
there's something else we can take from

1087
00:41:28,069 --> 00:41:25,440
this that I think should give us

1088
00:41:31,010 --> 00:41:28,079

encouragement and that is that the most

1089

00:41:33,650 --> 00:41:31,020

powerful of these others would be closer

1090

00:41:35,690 --> 00:41:33,660

to Source they in their development as

1091

00:41:38,390 --> 00:41:35,700

they learn to wield the technology even

1092

00:41:40,490 --> 00:41:38,400

of Consciousness they are also moving

1093

00:41:43,190 --> 00:41:40,500

closer and closer to an understanding

1094

00:41:45,710 --> 00:41:43,200

and alignment with the purpose and the

1095

00:41:48,230 --> 00:41:45,720

perspective of source itself

1096

00:41:51,109 --> 00:41:48,240

and what does that produce it produces

1097

00:41:53,270 --> 00:41:51,119

an ever expanding sense of care and

1098

00:41:56,150 --> 00:41:53,280

concern an ever-expanding sense of

1099

00:41:58,130 --> 00:41:56,160

identity that they see us like I've said

1100

00:42:00,109 --> 00:41:58,140

before as little brothers and sisters

1101

00:42:02,990 --> 00:42:00,119

and that doesn't mean there aren't

1102

00:42:05,030 --> 00:42:03,000

iterations of source in the form of some

1103

00:42:07,010 --> 00:42:05,040

sort of alien intelligence that perhaps

1104

00:42:09,230 --> 00:42:07,020

is not at that point and there certainly

1105

00:42:11,690 --> 00:42:09,240

are groups that seem to want to

1106

00:42:13,790 --> 00:42:11,700

manipulate dominate suppress take

1107

00:42:16,430 --> 00:42:13,800

advantage of just like human beings do

1108

00:42:18,829 --> 00:42:16,440

at a certain stage of Consciousness but

1109

00:42:20,810 --> 00:42:18,839

what we can take away is that the most

1110

00:42:23,030 --> 00:42:20,820

benevolent ones are also the most

1111

00:42:25,069 --> 00:42:23,040

powerful the most exalted ones the ones

1112

00:42:26,810 --> 00:42:25,079

closest to source

1113

00:42:28,430 --> 00:42:26,820

and in fact I would suggest to you

1114

00:42:30,470 --> 00:42:28,440

that's exactly why we have not been

1115

00:42:33,410 --> 00:42:30,480

invaded by some of the more nefarious

1116

00:42:36,109 --> 00:42:33,420

groups because we are protected by the

1117

00:42:38,510 --> 00:42:36,119

most overarching and benevolent and

1118

00:42:41,810 --> 00:42:38,520

powerful and exultant of these groups

1119

00:42:45,170 --> 00:42:41,820

and that what is really in play here is

1120

00:42:47,990 --> 00:42:45,180

the consideration of the best interests

1121

00:42:50,810 --> 00:42:48,000

of every sentient being that's part of

1122

00:42:54,050 --> 00:42:50,820

this process that means not just us but

1123

00:42:56,150 --> 00:42:54,060

the animal species the Earth itself all

1124

00:42:58,609 --> 00:42:56,160

of these factors come into play when

1125

00:43:00,710 --> 00:42:58,619

this overarching kind of council that's

1126

00:43:02,569 --> 00:43:00,720

referred to in scripture and has also

1127

00:43:04,870 --> 00:43:02,579

been referred to in the UFO phenomenon

1128

00:43:07,730 --> 00:43:04,880

as the Galactic Federation for instance

1129

00:43:09,770 --> 00:43:07,740

their purpose is to manage all of that

1130

00:43:11,870 --> 00:43:09,780

to act in the best interest of the

1131

00:43:14,569 --> 00:43:11,880

totality because they see that as an

1132

00:43:16,970 --> 00:43:14,579

extension of them an extension of source

1133

00:43:18,890 --> 00:43:16,980

and in that sense regardless of what

1134

00:43:20,870 --> 00:43:18,900

happens they are considering not just

1135

00:43:23,210 --> 00:43:20,880

the best interests of all those agents

1136

00:43:26,510 --> 00:43:23,220

but all of those agents expressed across

1137

00:43:28,550 --> 00:43:26,520

multiple lifetimes so in the end this is

1138

00:43:30,470 --> 00:43:28,560

about the greatest good that's what I

1139

00:43:34,069 --> 00:43:30,480

would suggest to you even though we have

1140

00:43:36,530 --> 00:43:34,079

moments even periods even epochs of real

1141

00:43:38,930 --> 00:43:36,540

struggle of real Challenge and even

1142

00:43:40,849 --> 00:43:38,940

physical existence itself with all of

1143

00:43:43,609 --> 00:43:40,859

the red tooth and Claw challenges we

1144

00:43:46,309 --> 00:43:43,619

Face here is actually also just one

1145

00:43:48,950 --> 00:43:46,319

iteration in a spectrum of Consciousness

1146

00:43:50,630 --> 00:43:48,960

development and as we keep progressing

1147

00:43:53,750 --> 00:43:50,640

along that spiral of Consciousness

1148

00:43:58,069 --> 00:43:53,760

development we too one day have the

1149

00:44:00,530 --> 00:43:58,079

opportunity to ascend to transcend to

1150

00:44:02,390 --> 00:44:00,540

some post-biological form but we don't

1151
00:44:05,630 --> 00:44:02,400
face some of the challenges we do now

1152
00:44:08,210 --> 00:44:05,640
but this is one aspect along the journey

1153
00:44:10,609 --> 00:44:08,220
one stopping point where we have to

1154
00:44:13,010 --> 00:44:10,619
learn certain lessons this is kind of a

1155
00:44:15,410 --> 00:44:13,020
Kindergarten class if you will is it

1156
00:44:18,109 --> 00:44:15,420
early is it primitive yes is it

1157
00:44:20,870 --> 00:44:18,119
necessary absolutely and ultimately

1158
00:44:24,170 --> 00:44:20,880
because we too are Source we have the

1159
00:44:28,309 --> 00:44:24,180
opportunity to ascend and transcend to

1160
00:44:30,950 --> 00:44:28,319
that alignment with ultimate source

1161
00:44:33,050 --> 00:44:30,960
and on that note we've come to the close

1162
00:44:35,329 --> 00:44:33,060
of another edition of the point of

1163
00:44:37,490 --> 00:44:35,339

convergence podcast if you'd like to
