[Music]

5
00:00:24,050 --> 00:00:21,119
welcome back to liminal frames your

6
00:00:25,670 --> 00:00:24,060
interdimensional spectacle dealer where

7
00:00:29,509 --> 00:00:25,680
we try not to make too much of a

8
00:00:31,130 --> 00:00:29,519
spectacle out of the phenomenon I'm your

9
00:00:34,010 --> 00:00:31,140
host Nathan and I'm joined by my friend

10
00:00:36,470 --> 00:00:34,020
and co-host and co-conspirator Darren

11
00:00:38,810 --> 00:00:36,480
EXO academian Darren

12
00:00:41,150 --> 00:00:38,820
happy I guess we're almost toward the

13
00:00:43,549 --> 00:00:41,160

end of the week here uh how's it going

14

00:00:45,229 --> 00:00:43,559

what's going on with you uh spring is on

15

00:00:46,670 --> 00:00:45,239

the way and today was a beautiful day

16

00:00:48,290 --> 00:00:46,680

here I don't know how it was for you but

17

00:00:50,450 --> 00:00:48,300

I really enjoyed stepping outside and

18

00:00:52,670 --> 00:00:50,460

taking the stroll

19

00:00:53,830 --> 00:00:52,680

Neil and fan it was a great day wasn't

20

00:00:57,110 --> 00:00:53,840

it

21

00:00:58,970 --> 00:00:57,120

Griffin cabins you don't realize you

22

00:01:00,770 --> 00:00:58,980

know Nate is always posting these like

23

00:01:02,990 --> 00:01:00,780

this AI Arc I need really some said

24

00:01:04,850 --> 00:01:03,000

prefer like neon colors so I thought

25

00:01:06,170 --> 00:01:04,860

neon Nathan would be a good nickname

26

00:01:09,109 --> 00:01:06,180

then I thought wait a second I've got

27

00:01:11,570 --> 00:01:09,119

EXO Academia so let me neon fan or

28

00:01:13,789 --> 00:01:11,580

something like that because Monica what

29

00:01:15,289 --> 00:01:13,799

do you think I think it's fantastic and

30

00:01:17,890 --> 00:01:15,299

uh I couldn't help but respond today

31

00:01:20,810 --> 00:01:17,900

with a little bit of a Tron inside joke

32

00:01:23,030 --> 00:01:20,820

uh a great movie by the way Tron and

33

00:01:25,670 --> 00:01:23,040

also uh the more recent Tron and I heard

34

00:01:27,530 --> 00:01:25,680

they're even going to make a neutron uh

35

00:01:29,590 --> 00:01:27,540

I'm looking forward to seeing that I've

36

00:01:33,230 --> 00:01:29,600

always been a fan of Neon

37

00:01:34,690 --> 00:01:33,240

uh and also like psychedelic colors they

38

00:01:39,109 --> 00:01:34,700

just you know that kind of vibrant

39

00:01:41,090 --> 00:01:39,119

energy speaks to me uh so yeah I started

40

00:01:42,710 --> 00:01:41,100

a thing called wallpaper Wednesdays now

41

00:01:44,390 --> 00:01:42,720

so every every Wednesday I'm just

42

00:01:46,969 --> 00:01:44,400

putting out some phone wallpapers people

43

00:01:48,890 --> 00:01:46,979

need some fresh paint on their phone so

44

00:01:51,649 --> 00:01:48,900

you can pick that up if you follow me on

45

00:01:53,569 --> 00:01:51,659

Twitter uh I take care of the art and

46

00:01:54,469 --> 00:01:53,579

you take care of the the Deep Thoughts

47

00:01:56,810 --> 00:01:54,479

that's kind of how it's been going

48

00:01:58,910 --> 00:01:56,820

lately that's right so it won't be a

49

00:02:00,830 --> 00:01:58,920

surprise to people that the the bright

50

00:02:05,149 --> 00:02:00,840

colors that are part of the liminal

51
00:02:07,730 --> 00:02:05,159
frames logo and uh artwork was also from

52
00:02:10,550 --> 00:02:07,740
Nathan those are his go-to colors pretty

53
00:02:12,170 --> 00:02:10,560
much that's trying to go wrong I mean

54
00:02:13,910 --> 00:02:12,180
you can't beat a good purple and green

55
00:02:15,410 --> 00:02:13,920
man

56
00:02:18,229 --> 00:02:15,420
um yeah that's been a whole fun Journey

57
00:02:20,210 --> 00:02:18,239
the AI stuff and uh I feel like uh just

58
00:02:22,430 --> 00:02:20,220
like a lot of folks part of that AI

59
00:02:24,110 --> 00:02:22,440
Trend right now it's everywhere you

60
00:02:28,070 --> 00:02:24,120
can't uh turn around without bumping

61
00:02:29,750 --> 00:02:28,080
into some sort of gbt of some kind uh

62
00:02:32,390 --> 00:02:29,760
and it's a it's a strange place to be

63
00:02:35,630 --> 00:02:32,400

but also an exciting time

64

00:02:38,930 --> 00:02:35,640

um but but at time sort of ripe with a

65

00:02:41,089 --> 00:02:38,940

ton of uh potentiality and uh just sort

66

00:02:43,430 --> 00:02:41,099

of like the potentiality that exists

67

00:02:45,890 --> 00:02:43,440

inside the atom right we know it can be

68

00:02:48,949 --> 00:02:45,900

really powerful and good and it can be

69

00:02:51,530 --> 00:02:48,959

incredibly destructive so that's sort of

70

00:02:53,210 --> 00:02:51,540

what I'm feeling lately yeah I mean

71

00:02:55,790 --> 00:02:53,220

absolutely you and I have been talking

72

00:02:57,650 --> 00:02:55,800

about this for a while now just how you

73

00:02:59,809 --> 00:02:57,660

know many people are still

74

00:03:01,190 --> 00:02:59,819

unaware of how much this is sneaking up

75

00:03:03,650 --> 00:03:01,200

on us like this

76

00:03:07,309 --> 00:03:03,660

uh you know this sleeping giant that's

77

00:03:09,949 --> 00:03:07,319

quickly waking up and

78

00:03:11,330 --> 00:03:09,959

the way that iterates so quickly and the

79

00:03:12,710 --> 00:03:11,340

way that it's so

80

00:03:15,050 --> 00:03:12,720

um

81

00:03:17,149 --> 00:03:15,060

spreading into our society and sort of

82

00:03:20,089 --> 00:03:17,159

every industry you can imagine not only

83

00:03:22,130 --> 00:03:20,099

how disruptive it'll be to to economies

84

00:03:23,330 --> 00:03:22,140

potentially because we don't really plan

85

00:03:25,130 --> 00:03:23,340

these things ahead of time right when

86

00:03:26,630 --> 00:03:25,140

you have a free market system

87

00:03:28,610 --> 00:03:26,640

again this is one of the weaknesses of

88

00:03:30,649 --> 00:03:28,620

that is that when you have real systemic

89

00:03:33,949 --> 00:03:30,659

change like this there's there's no

90

00:03:35,390 --> 00:03:33,959

capacity to prepare for it really and

91

00:03:37,490 --> 00:03:35,400

even if you did try to you know hold

92

00:03:39,110 --> 00:03:37,500

hearings or something and begin to walk

93

00:03:40,850 --> 00:03:39,120

through the red tape of

94

00:03:43,130 --> 00:03:40,860

thinking about how we should actually

95

00:03:45,050 --> 00:03:43,140

regulate the AI by then it's like you

96

00:03:47,930 --> 00:03:45,060

know probably you're in like Terminator

97

00:03:50,509 --> 00:03:47,940

you know territory where it's it's too

98

00:03:53,630 --> 00:03:50,519

late so like you said it's interesting

99

00:03:55,430 --> 00:03:53,640

looking back at our history

100

00:03:56,630 --> 00:03:55,440

yeah even for our age group and sort of

101
00:03:58,070 --> 00:03:56,640
realizing there's been these different

102
00:04:00,470 --> 00:03:58,080
technologies that every time they roll

103
00:04:02,030 --> 00:04:00,480
out people are like this is bad you know

104
00:04:03,289 --> 00:04:02,040
this is going to be the end of society

105
00:04:06,229 --> 00:04:03,299
other people like well this is real

106
00:04:08,630 --> 00:04:06,239
opportunity for growth and change and

107
00:04:10,729 --> 00:04:08,640
and both of those are true and it's true

108
00:04:12,710 --> 00:04:10,739
here as well like AI

109
00:04:14,089 --> 00:04:12,720
by the way people the show is not on AI

110
00:04:15,890 --> 00:04:14,099
but we just we couldn't walk here and

111
00:04:18,289 --> 00:04:15,900
things are these are things Nathan and I

112
00:04:20,930 --> 00:04:18,299
have talked about recently just how it

113
00:04:23,629 --> 00:04:20,940

is it does hold great potential to

114

00:04:24,409 --> 00:04:23,639

transform our society many of the ways

115

00:04:26,870 --> 00:04:24,419

that

116

00:04:28,730 --> 00:04:26,880

you know Communists and socialist ideals

117

00:04:31,430 --> 00:04:28,740

in the past have always failed because

118

00:04:33,890 --> 00:04:31,440

you get the healing factor that comes in

119

00:04:36,409 --> 00:04:33,900

it's always corrupt and

120

00:04:37,730 --> 00:04:36,419

um inefficient and uh you kind of get

121

00:04:40,129 --> 00:04:37,740

the In Crowd that looks out for

122

00:04:42,350 --> 00:04:40,139

themselves over and over again here you

123

00:04:45,650 --> 00:04:42,360

have the potential to really just

124

00:04:47,990 --> 00:04:45,660

run pure computational power at this

125

00:04:50,450 --> 00:04:48,000

thing and solve some major Global issues

126
00:04:51,950 --> 00:04:50,460
potentially even in some ways that we

127
00:04:53,230 --> 00:04:51,960
don't necessarily understand how it gets

128
00:04:55,370 --> 00:04:53,240
to the answers because it kind of

129
00:04:57,310 --> 00:04:55,380
accesses these kinds of questions from

130
00:05:00,409 --> 00:04:57,320
like a multi-dimensional kind of Matrix

131
00:05:02,510 --> 00:05:00,419
and and yet on the other hand because of

132
00:05:04,850 --> 00:05:02,520
that by that very notion that we don't

133
00:05:06,350 --> 00:05:04,860
know how it gets there we could hand it

134
00:05:08,150 --> 00:05:06,360
certain questions and it could take go

135
00:05:09,830 --> 00:05:08,160
in directions we never plan for even

136
00:05:13,430 --> 00:05:09,840
quite you know even directions of maybe

137
00:05:15,530 --> 00:05:13,440
uh detrimental to uh the survival of our

138
00:05:17,210 --> 00:05:15,540

civilization potential so these well

139

00:05:20,030 --> 00:05:17,220

we're not even exaggerating that this is

140

00:05:23,029 --> 00:05:20,040

not sci-fi you know uh Saturday or

141

00:05:25,129 --> 00:05:23,039

something uh this is this is real issues

142

00:05:26,810 --> 00:05:25,139

we're facing and as Nathan and I were

143

00:05:27,650 --> 00:05:26,820

talking about before we went on the Air

144

00:05:30,290 --> 00:05:27,660

Tonight

145

00:05:32,150 --> 00:05:30,300

I don't think it's even a a coincidence

146

00:05:34,610 --> 00:05:32,160

that this is happening in the midst of

147

00:05:36,290 --> 00:05:34,620

this sense of something with the others

148

00:05:37,670 --> 00:05:36,300

going on in our midst there's there's so

149

00:05:40,490 --> 00:05:37,680

many things going on in the world right

150

00:05:42,650 --> 00:05:40,500

now that make it seem like we really are

151
00:05:45,350 --> 00:05:42,660
the precipice of something major whether

152
00:05:46,850 --> 00:05:45,360
it's you know the potential of nuclear

153
00:05:48,590 --> 00:05:46,860
warfare because things are really

154
00:05:50,810 --> 00:05:48,600
ramping up and we seem to have a new

155
00:05:52,310 --> 00:05:50,820
Cold War kind of brewing with the

156
00:05:54,529 --> 00:05:52,320
positioning of different groups and

157
00:05:57,050 --> 00:05:54,539
different uh Nations and some of these

158
00:05:58,610 --> 00:05:57,060
is a lot less clean than the old Cold

159
00:06:00,409 --> 00:05:58,620
War right

160
00:06:02,270 --> 00:06:00,419
um and on top of that you've got you

161
00:06:03,650 --> 00:06:02,280
know biohazards we look back at what

162
00:06:05,210 --> 00:06:03,660
happened with covid and that kind of

163
00:06:07,850 --> 00:06:05,220

thing and how that could be weaponized

164

00:06:09,770 --> 00:06:07,860

and many people having you know concerns

165

00:06:12,710 --> 00:06:09,780

that that was part of a weaponization of

166

00:06:15,650 --> 00:06:12,720

these kinds of things uh then you know

167

00:06:18,170 --> 00:06:15,660

you've got the war in Ukraine and

168

00:06:20,510 --> 00:06:18,180

Putin becoming more and more cornered

169

00:06:23,150 --> 00:06:20,520

you know like an animal that um really

170

00:06:25,070 --> 00:06:23,160

sees no way out and and on the one hand

171

00:06:27,050 --> 00:06:25,080

certainly he's committed to more crimes

172

00:06:28,850 --> 00:06:27,060

but on the other hand when you Corner an

173

00:06:30,290 --> 00:06:28,860

animal you you give it fewer fewer

174

00:06:32,330 --> 00:06:30,300

choices and this is an animal that's

175

00:06:35,390 --> 00:06:32,340

sitting on the button to you know

176

00:06:37,610 --> 00:06:35,400

detonate nuclear weapons so

177

00:06:39,950 --> 00:06:37,620

tricky tricky times and then when you

178

00:06:42,350 --> 00:06:39,960

add to that the sense that

179

00:06:45,529 --> 00:06:42,360

so many experiencers that I'm talking to

180

00:06:47,689 --> 00:06:45,539

are having the sense of something major

181

00:06:49,070 --> 00:06:47,699

with them being in the midst and this

182

00:06:51,650 --> 00:06:49,080

also relates to what I've been talking

183

00:06:53,450 --> 00:06:51,660

about recent podcasts just how there's

184

00:06:55,430 --> 00:06:53,460

this sense of These two factions and

185

00:06:57,409 --> 00:06:55,440

something happening in the world and

186

00:06:59,150 --> 00:06:57,419

when you look at the as we said before

187

00:07:01,430 --> 00:06:59,160

it went on the air when you look at the

188

00:07:03,830 --> 00:07:01,440

situation take the others out of it you

189

00:07:05,749 --> 00:07:03,840

just look at the situation it sure looks

190

00:07:07,610 --> 00:07:05,759

like a powder keg that's just waiting to

191

00:07:10,309 --> 00:07:07,620

uh to bloat

192

00:07:12,350 --> 00:07:10,319

yeah it makes me think of that game from

193

00:07:14,450 --> 00:07:12,360

childhood the musical chairs right if

194

00:07:16,490 --> 00:07:14,460

you're uh you know put the kids in the

195

00:07:17,930 --> 00:07:16,500

room you know take one chair away from

196

00:07:19,430 --> 00:07:17,940

the number of kids that are there you

197

00:07:20,930 --> 00:07:19,440

play some play some music and they walk

198

00:07:23,629 --> 00:07:20,940

around the chairs and you stop the music

199

00:07:24,890 --> 00:07:23,639

and everybody gets to sit down stays in

200

00:07:26,870 --> 00:07:24,900

the game and the person that didn't get

201
00:07:28,909 --> 00:07:26,880
to sit down they're out to eventually

202
00:07:30,770 --> 00:07:28,919
get down to that last chair and I don't

203
00:07:32,689 --> 00:07:30,780
know if you've ever witnessed this or

204
00:07:34,730 --> 00:07:32,699
remember it from your childhood but if

205
00:07:37,430 --> 00:07:34,740
it's really violent when that last chair

206
00:07:39,350 --> 00:07:37,440
is is in a room and and there's some you

207
00:07:40,730 --> 00:07:39,360
know come to blows the chair sometimes

208
00:07:43,909 --> 00:07:40,740
explodes because people were getting

209
00:07:46,089 --> 00:07:43,919
onto that thing so fast so uh yeah it's

210
00:07:49,969 --> 00:07:46,099
a it's a very tenuous time

211
00:07:52,490 --> 00:07:49,979
and I think with AI it's not

212
00:07:55,730 --> 00:07:52,500
really too far to say that we're dealing

213
00:07:59,150 --> 00:07:55,740

with the kind of alien intelligence and

214

00:08:01,969 --> 00:07:59,160

as you said the inner workings of it uh

215

00:08:04,790 --> 00:08:01,979

how it arrives at its conclusions you

216

00:08:07,249 --> 00:08:04,800

know we may not be able to comprehend

217

00:08:09,710 --> 00:08:07,259

that and there's a lot of I think there

218

00:08:11,570 --> 00:08:09,720

will be a lot of calls to say

219

00:08:13,189 --> 00:08:11,580

well we need to understand this better

220

00:08:15,230 --> 00:08:13,199

how do we understand this how does it do

221

00:08:17,510 --> 00:08:15,240

what it's doing we need more data we

222

00:08:19,670 --> 00:08:17,520

need to get scientists and academics to

223

00:08:21,409 --> 00:08:19,680

kind of study this more intently and

224

00:08:22,490 --> 00:08:21,419

figure out how it's doing what it's

225

00:08:25,369 --> 00:08:22,500

doing

226

00:08:28,010 --> 00:08:25,379

and and I think we're reaching a point

227

00:08:31,850 --> 00:08:28,020

where even that effort might not be able

228

00:08:33,469 --> 00:08:31,860

to to understand it to comprehend it

229

00:08:35,449 --> 00:08:33,479

um and and I think that's a great

230

00:08:37,490 --> 00:08:35,459

parallel to sort of what we're dealing

231

00:08:40,850 --> 00:08:37,500

with more broadly

232

00:08:45,230 --> 00:08:40,860

with uh the non-human intelligence from

233

00:08:47,930 --> 00:08:45,240

the phenomena uh what it is doing uh

234

00:08:50,449 --> 00:08:47,940

what it means and and there are a lot of

235

00:08:51,949 --> 00:08:50,459

calls recently for

236

00:08:54,410 --> 00:08:51,959

the same thing

237

00:08:58,190 --> 00:08:54,420

we need better data on the phenomena we

238

00:09:01,430 --> 00:08:58,200

need more sensors more analysis more

239

00:09:04,190 --> 00:09:01,440

phds needed to be taken more seriously

240

00:09:07,190 --> 00:09:04,200

because if we can just throw enough

241

00:09:09,410 --> 00:09:07,200

knowledge academics at whatever this is

242

00:09:10,550 --> 00:09:09,420

well then surely we're going to figure

243

00:09:15,290 --> 00:09:10,560

it out

244

00:09:17,810 --> 00:09:15,300

semblance of control and Mastery over it

245

00:09:20,509 --> 00:09:17,820

that's that's worked for us before right

246

00:09:23,449 --> 00:09:20,519

we we've uh discovered there are these

247

00:09:25,970 --> 00:09:23,459

things called germs and by throwing our

248

00:09:28,009 --> 00:09:25,980

scientific effort at germs we've got a

249

00:09:29,870 --> 00:09:28,019

little bit of a handle on how they how

250

00:09:32,389 --> 00:09:29,880

they work and understanding that washing

251

00:09:33,769 --> 00:09:32,399

your hands is a good idea uh you know

252

00:09:35,570 --> 00:09:33,779

nevertheless germs are still there

253

00:09:38,030 --> 00:09:35,580

they're still killing people right so uh

254

00:09:40,490 --> 00:09:38,040

understanding it and and and stopping it

255

00:09:42,290 --> 00:09:40,500

from doing whatever it may do are two

256

00:09:44,030 --> 00:09:42,300

different things uh but we want to

257

00:09:45,769 --> 00:09:44,040

tackle this issue

258

00:09:48,230 --> 00:09:45,779

of

259

00:09:51,650 --> 00:09:48,240

uh and I think the the this premise

260

00:09:53,750 --> 00:09:51,660

right that that we can understand the

261

00:09:55,430 --> 00:09:53,760

phenomena through the means that we

262

00:09:58,310 --> 00:09:55,440

understand everything else that happens

263

00:10:02,090 --> 00:09:58,320

in our world today uh through the means

264

00:10:04,550 --> 00:10:02,100

and methods of of uh materialism and

265

00:10:07,250 --> 00:10:04,560

physicalism and the scientific method

266

00:10:09,710 --> 00:10:07,260

you know are these the tools that are

267

00:10:12,889 --> 00:10:09,720

the that are going to work in helping us

268

00:10:15,889 --> 00:10:12,899

to really get our arms around what this

269

00:10:17,810 --> 00:10:15,899

is or is it something beyond that so

270

00:10:20,570 --> 00:10:17,820

what are the the benefits of that

271

00:10:23,509 --> 00:10:20,580

approach and where does it fall short

272

00:10:25,670 --> 00:10:23,519

um where do you start with that

273

00:10:27,650 --> 00:10:25,680

well a couple things come to mind one is

274

00:10:29,449 --> 00:10:27,660

that you know I I

275

00:10:31,070 --> 00:10:29,459

um and friends with um and in

276

00:10:34,430 --> 00:10:31,080

association with a lot of experiencers

277

00:10:37,790 --> 00:10:34,440

and I think from our perspective

278

00:10:40,370 --> 00:10:37,800

this is a uh an opportunity to be

279

00:10:43,790 --> 00:10:40,380

Vindicated in in front of the public by

280

00:10:45,949 --> 00:10:43,800

right to actually have people who are

281

00:10:47,389 --> 00:10:45,959

respected as being able to determine

282

00:10:49,910 --> 00:10:47,399

whether or not these things are quote

283

00:10:52,430 --> 00:10:49,920

unquote real come in and apply the

284

00:10:55,310 --> 00:10:52,440

scientific method run some experiments

285

00:10:57,410 --> 00:10:55,320

prove quote unquote that it's real and

286

00:11:01,130 --> 00:10:57,420

that it's not something conventional or

287

00:11:03,230 --> 00:11:01,140

prosaic and in so doing indicate people

288

00:11:05,630 --> 00:11:03,240

who've spent decades and decades either

289

00:11:07,430 --> 00:11:05,640

experiencing ridicule and scoff

290

00:11:09,710 --> 00:11:07,440

and questions about their mental health

291

00:11:11,030 --> 00:11:09,720

or they've had to just stay in the

292

00:11:12,470 --> 00:11:11,040

shadows and not talk about it because

293

00:11:15,949 --> 00:11:12,480

they know darn well that's what they'll

294

00:11:18,470 --> 00:11:15,959

run into so even just today I was

295

00:11:20,329 --> 00:11:18,480

dialing with someone on social media who

296

00:11:21,949 --> 00:11:20,339

for the first time

297

00:11:23,269 --> 00:11:21,959

has come out and talked about the

298

00:11:24,530 --> 00:11:23,279

experiences they've had and they're in

299

00:11:26,150 --> 00:11:24,540

their 70s now

300

00:11:28,190 --> 00:11:26,160

this is the first time in their lifetime

301

00:11:30,829 --> 00:11:28,200

they've done this and even then they

302

00:11:31,610 --> 00:11:30,839

talked about basically being in tears as

303

00:11:33,710 --> 00:11:31,620

they

304

00:11:36,290 --> 00:11:33,720

pushed you know send on that social

305

00:11:38,509 --> 00:11:36,300

media post right because they they know

306

00:11:41,210 --> 00:11:38,519

what even today what that means right

307

00:11:42,470 --> 00:11:41,220

and and there's so much emotion wrapped

308

00:11:44,329 --> 00:11:42,480

up in

309

00:11:47,210 --> 00:11:44,339

decades and Decades of having these

310

00:11:50,509 --> 00:11:47,220

experiences and not having any place to

311

00:11:52,790 --> 00:11:50,519

talk about them to digest and work

312

00:11:54,470 --> 00:11:52,800

through them right so I think about that

313

00:11:57,769 --> 00:11:54,480

when I think about this

314

00:11:59,389 --> 00:11:57,779

push for academic involvement I think

315

00:12:01,009 --> 00:11:59,399

there's also people on the nuts on both

316

00:12:04,250 --> 00:12:01,019

sides so not so much experiencers but

317

00:12:06,050 --> 00:12:04,260

the nuts and bald side who in their own

318

00:12:07,910 --> 00:12:06,060

way are convinced something's going on

319

00:12:10,370 --> 00:12:07,920

that there isn't there there you know as

320

00:12:12,470 --> 00:12:10,380

we say they they know that going back to

321

00:12:14,750 --> 00:12:12,480

Roswell before there's there's just been

322

00:12:17,090 --> 00:12:14,760

a massive cover-up therefore they

323

00:12:19,250 --> 00:12:17,100

believe the evidence must exist and

324

00:12:22,130 --> 00:12:19,260

maybe they have not gone too far down

325

00:12:24,230 --> 00:12:22,140

the Wu road yet so they think that

326

00:12:26,210 --> 00:12:24,240

academics coming in is a great idea and

327

00:12:29,690 --> 00:12:26,220

this is going to be our Shangri-La

328

00:12:31,490 --> 00:12:29,700

moment where we we suddenly

329

00:12:33,410 --> 00:12:31,500

is that it's in their mind it's just

330

00:12:34,970 --> 00:12:33,420

about getting academic involved and once

331

00:12:37,310 --> 00:12:34,980

it happens then everything else will

332

00:12:39,170 --> 00:12:37,320

follow but perhaps that's a bit naive

333

00:12:42,530 --> 00:12:39,180

what are your thoughts on it

334

00:12:44,750 --> 00:12:42,540

yeah I I a lot of things come to mind uh

335

00:12:47,690 --> 00:12:44,760

Skinwalker Ranch for example all the

336

00:12:51,470 --> 00:12:47,700

experiments and technology that are

337

00:12:54,290 --> 00:12:51,480

thrown at that mysterious place and uh

338

00:12:55,970 --> 00:12:54,300

if you've watched the show which I I

339

00:12:57,530 --> 00:12:55,980

encourage folks to see I think it's you

340

00:13:01,069 --> 00:12:57,540

know entertaining and interesting

341

00:13:02,870 --> 00:13:01,079

fascinating but many times uh bizarre

342

00:13:04,850 --> 00:13:02,880

things happen and they're non-repeatable

343

00:13:06,350 --> 00:13:04,860

things it's like well you know it's

344

00:13:07,670 --> 00:13:06,360

messing with our instruments in this way

345

00:13:09,350 --> 00:13:07,680

and it's totally messing with them in

346

00:13:11,030 --> 00:13:09,360

this other way and and we can't quite

347

00:13:13,970 --> 00:13:11,040

pin it down we can't get that

348

00:13:16,250 --> 00:13:13,980

reproducibility that We crave with our

349

00:13:18,590 --> 00:13:16,260

scientific approach to understanding

350

00:13:21,530 --> 00:13:18,600

things and I think about the worker shop

351
00:13:24,470 --> 00:13:21,540
filet of course uh where you know he and

352
00:13:25,970 --> 00:13:24,480
Jalen heineck took scientific approach

353
00:13:28,670 --> 00:13:25,980
to this and you know kind of came away

354
00:13:31,610 --> 00:13:28,680
many times scratching their heads uh I

355
00:13:35,269 --> 00:13:31,620
think about how put off and uh you know

356
00:13:36,949 --> 00:13:35,279
and the work that he did uh many similar

357
00:13:40,310 --> 00:13:36,959
examples of it just being really

358
00:13:42,230 --> 00:13:40,320
confounding and not adhering to to the

359
00:13:43,430 --> 00:13:42,240
rules right it's sort of like you get in

360
00:13:45,410 --> 00:13:43,440
that situation where you're trying to

361
00:13:46,910 --> 00:13:45,420
play a game with someone like here's the

362
00:13:48,410 --> 00:13:46,920
game here's how here's how the rules are

363
00:13:50,329 --> 00:13:48,420

and they like just ignore the rules

364

00:13:51,470 --> 00:13:50,339

entirely and they're like I win and

365

00:13:52,730 --> 00:13:51,480

you're like no no but you're not playing

366

00:13:54,050 --> 00:13:52,740

the game according to the rules so

367

00:13:56,750 --> 00:13:54,060

you're literally you're not playing the

368

00:13:58,550 --> 00:13:56,760

game you're doing something else and and

369

00:14:01,610 --> 00:13:58,560

that's kind of where we are it's sort of

370

00:14:05,690 --> 00:14:01,620

demanding that reality as we experience

371

00:14:07,930 --> 00:14:05,700

it conform to our uh our Notions of what

372

00:14:11,210 --> 00:14:07,940

is possible to to our possibility space

373

00:14:13,190 --> 00:14:11,220

I also think about the recent paper that

374

00:14:15,949 --> 00:14:13,200

was co-authored from

375

00:14:18,230 --> 00:14:15,959

Avi Loeb and Sean Kirkpatrick and a lot

376
00:14:20,810 --> 00:14:18,240
of folks got pretty upset about because

377
00:14:23,810 --> 00:14:20,820
the bounds of the possible were were

378
00:14:25,550 --> 00:14:23,820
quite narrow in that paper uh even

379
00:14:27,949 --> 00:14:25,560
though has been the source of a lot of

380
00:14:29,449 --> 00:14:27,959
Click bait articles about motherships

381
00:14:32,629 --> 00:14:29,459
and our solar system and things like

382
00:14:36,670 --> 00:14:32,639
that but but the possibility space of

383
00:14:39,290 --> 00:14:36,680
what alien technology can do was

384
00:14:41,689 --> 00:14:39,300
confined to essentially the things that

385
00:14:45,050 --> 00:14:41,699
we think are are the are the limits of

386
00:14:48,110 --> 00:14:45,060
the physics and uh folks who have had

387
00:14:50,449 --> 00:14:48,120
experiences of this technology or even

388
00:14:53,509 --> 00:14:50,459

looking at incidents like the Nimitz of

389

00:14:55,310 --> 00:14:53,519

course the the famous incident there uh

390

00:14:58,069 --> 00:14:55,320

we'll say well then how did it do that

391

00:14:59,269 --> 00:14:58,079

you know if it's doing that and our

392

00:15:00,530 --> 00:14:59,279

sensors are saying that and the

393

00:15:02,350 --> 00:15:00,540

Witnesses are saying it's doing that

394

00:15:05,449 --> 00:15:02,360

then clearly something is happening

395

00:15:09,050 --> 00:15:05,459

outside of the balance of what we would

396

00:15:11,470 --> 00:15:09,060

consider to be possible and so you know

397

00:15:14,870 --> 00:15:11,480

again we've just got many examples here

398

00:15:16,970 --> 00:15:14,880

of of the limits of our understanding

399

00:15:19,370 --> 00:15:16,980

and and I think the frustrations of our

400

00:15:21,290 --> 00:15:19,380

of our attempts to understand this and

401
00:15:23,329 --> 00:15:21,300
and pointing to to what we've been

402
00:15:25,910 --> 00:15:23,339
hitting at here and that's just just

403
00:15:28,250 --> 00:15:25,920
throwing academics at this may not

404
00:15:30,829 --> 00:15:28,260
necessarily yield the results that we

405
00:15:33,590 --> 00:15:30,839
want and

406
00:15:36,170 --> 00:15:33,600
is it going to come down to needing that

407
00:15:37,850 --> 00:15:36,180
kind of proof for people to take it

408
00:15:40,009 --> 00:15:37,860
seriously like is the world going to

409
00:15:42,949 --> 00:15:40,019
need Academia to say well yes we have

410
00:15:46,189 --> 00:15:42,959
reproduced this and therefore it is real

411
00:15:49,129 --> 00:15:46,199
or is it going to be uh is going to sort

412
00:15:52,009 --> 00:15:49,139
of transcend that or exceed those bounds

413
00:15:53,569 --> 00:15:52,019

and create something new that is maybe a

414

00:15:57,050 --> 00:15:53,579

kind of fusion of what we understand

415

00:15:59,030 --> 00:15:57,060

science to be but also uh to some degree

416

00:16:00,829 --> 00:15:59,040

what we understand things like mysticism

417

00:16:03,110 --> 00:16:00,839

to be

418

00:16:05,509 --> 00:16:03,120

yeah great points I have several things

419

00:16:09,050 --> 00:16:05,519

occur to me one is that

420

00:16:11,329 --> 00:16:09,060

the reason why I think it's misplaced

421

00:16:13,129 --> 00:16:11,339

um hope to suggest that

422

00:16:14,870 --> 00:16:13,139

Academia is going to come in and number

423

00:16:16,189 --> 00:16:14,880

one be able to reproduce it that's our

424

00:16:19,129 --> 00:16:16,199

first question right

425

00:16:21,290 --> 00:16:19,139

the second one is even if they could how

426

00:16:23,449 --> 00:16:21,300

much would that really change things the

427

00:16:25,970 --> 00:16:23,459

reason I bring that up is because

428

00:16:29,090 --> 00:16:25,980

there has existed pretty compelling

429

00:16:31,490 --> 00:16:29,100

evidence from parapsychological research

430

00:16:33,530 --> 00:16:31,500

for going back like 150 years she's even

431

00:16:37,009 --> 00:16:33,540

going back prior to the quantum

432

00:16:39,170 --> 00:16:37,019

Revelations right so and yet it really

433

00:16:41,269 --> 00:16:39,180

hasn't changed our society most people

434

00:16:43,430 --> 00:16:41,279

that you talk to in the public believe

435

00:16:44,990 --> 00:16:43,440

in some sort of psychic capacity right

436

00:16:47,150 --> 00:16:45,000

but it doesn't

437

00:16:49,129 --> 00:16:47,160

doesn't really filter into the way

438

00:16:51,949 --> 00:16:49,139

academics think about these things it

439

00:16:53,269 --> 00:16:51,959

has not caused the revolution that it

440

00:16:55,129 --> 00:16:53,279

should have so I think that's the first

441

00:16:56,749 --> 00:16:55,139

thing I point out to people is the

442

00:16:59,150 --> 00:16:56,759

evidence alone does not necessarily

443

00:17:00,769 --> 00:16:59,160

change these human institutions even

444

00:17:03,949 --> 00:17:00,779

ones that it supposedly are supposed to

445

00:17:06,470 --> 00:17:03,959

be about pursuing truth that even

446

00:17:08,870 --> 00:17:06,480

while we want to look back at religious

447

00:17:10,909 --> 00:17:08,880

history and say you know in the Medieval

448

00:17:13,909 --> 00:17:10,919

World the church

449

00:17:16,069 --> 00:17:13,919

had his grip on on reality and they

450

00:17:19,789 --> 00:17:16,079

could Define the reality model of the

451
00:17:21,409 --> 00:17:19,799
day and that was you know passed aside

452
00:17:23,329 --> 00:17:21,419
and eventually overtaken by this

453
00:17:25,850 --> 00:17:23,339
Scientific Revolution which is all about

454
00:17:28,250 --> 00:17:25,860
this pioneering Spirit of what is is

455
00:17:29,570 --> 00:17:28,260
Emily will just be completely honest and

456
00:17:31,610 --> 00:17:29,580
forthright about this and we'll go

457
00:17:34,010 --> 00:17:31,620
anywhere the data takes us

458
00:17:35,570 --> 00:17:34,020
gosh darn it you know all of that's a

459
00:17:38,029 --> 00:17:35,580
bit naive like there's definitely that's

460
00:17:40,669 --> 00:17:38,039
the spirit of Science and there are many

461
00:17:43,190 --> 00:17:40,679
many scientists working with that

462
00:17:45,710 --> 00:17:43,200
hope in mind that that underlying Prince

463
00:17:47,690 --> 00:17:45,720

set of principles in mind and yet you

464

00:17:50,029 --> 00:17:47,700

know human nature just gets in the way

465

00:17:51,470 --> 00:17:50,039

right even when we mean well it just

466

00:17:53,810 --> 00:17:51,480

gets in the way

467

00:17:56,029 --> 00:17:53,820

partly because we've been

468

00:17:58,250 --> 00:17:56,039

we've evolved in such ways that we we do

469

00:17:59,630 --> 00:17:58,260

make assumptions all day long we have to

470

00:18:01,549 --> 00:17:59,640

make assumptions just to get through the

471

00:18:03,049 --> 00:18:01,559

world because there's so much data would

472

00:18:04,490 --> 00:18:03,059

be completely overwhelmed if we didn't

473

00:18:06,409 --> 00:18:04,500

make assumptions

474

00:18:09,049 --> 00:18:06,419

but because of that and because

475

00:18:11,750 --> 00:18:09,059

physicalism is the dominant Paradigm and

476

00:18:14,029 --> 00:18:11,760

has been for several hundred years it

477

00:18:15,710 --> 00:18:14,039

makes it so that we these these

478

00:18:17,570 --> 00:18:15,720

assumptions just never get questioned

479

00:18:19,549 --> 00:18:17,580

right so that's another thing to bring

480

00:18:22,310 --> 00:18:19,559

into the mix is

481

00:18:23,690 --> 00:18:22,320

what assumptions are baked into any

482

00:18:25,669 --> 00:18:23,700

dominant Paradigm whether it was the

483

00:18:27,169 --> 00:18:25,679

Catholic church and you know several

484

00:18:29,570 --> 00:18:27,179

hundred years ago or its physicalism

485

00:18:30,890 --> 00:18:29,580

today in the Western World these are

486

00:18:32,930 --> 00:18:30,900

things to think about

487

00:18:35,750 --> 00:18:32,940

another thing that occurs to me

488

00:18:38,150 --> 00:18:35,760

going back to that that are that the um

489

00:18:41,150 --> 00:18:38,160

the paper put together by Kirkpatrick

490

00:18:42,470 --> 00:18:41,160

and abiloib is that

491

00:18:44,270 --> 00:18:42,480

we were talking about this for when on

492

00:18:46,190 --> 00:18:44,280

the air it's it's like so Star Trek

493

00:18:48,350 --> 00:18:46,200

right so I think you know Mothership

494

00:18:50,029 --> 00:18:48,360

comes in sends out the scope probes that

495

00:18:51,650 --> 00:18:50,039

go down to the planet they do some stuff

496

00:18:53,810 --> 00:18:51,660

they go back up it's like almost like

497

00:18:57,590 --> 00:18:53,820

Battlestar Galactica from the 70s I get

498

00:19:00,529 --> 00:18:57,600

so it's so like traditional sci-fi right

499

00:19:03,289 --> 00:19:00,539

uh that

500

00:19:05,690 --> 00:19:03,299

is kind of laughable because

501

00:19:08,090 --> 00:19:05,700

the reality is

502

00:19:09,590 --> 00:19:08,100

as we talked about many times these

503

00:19:11,450 --> 00:19:09,600

things have been here longer than we

504

00:19:12,770 --> 00:19:11,460

have right so it's it's not even there's

505

00:19:15,169 --> 00:19:12,780

no shaking that they're coming to our

506

00:19:16,610 --> 00:19:15,179

planet is is laughable right it they

507

00:19:18,650 --> 00:19:16,620

were here long before we were it's not

508

00:19:19,850 --> 00:19:18,660

our planet uh by any stretch of the

509

00:19:22,010 --> 00:19:19,860

imagination

510

00:19:24,470 --> 00:19:22,020

we have all sorts of evidence pointing

511

00:19:26,570 --> 00:19:24,480

to and I've seen evidence suggesting

512

00:19:28,370 --> 00:19:26,580

that you know they have bases in the

513

00:19:29,990 --> 00:19:28,380

ocean right and that it's not

514

00:19:31,370 --> 00:19:30,000

coincidental that we see them going in

515

00:19:32,870 --> 00:19:31,380

and out of the ocean so many times it's

516

00:19:36,350 --> 00:19:32,880

because they don't have to go back to a

517

00:19:38,210 --> 00:19:36,360

Mothership you know uh somewhere else in

518

00:19:39,710 --> 00:19:38,220

the Milky Way they they have bases right

519

00:19:42,289 --> 00:19:39,720

here right

520

00:19:43,789 --> 00:19:42,299

even the Moon is is hollow and there's

521

00:19:45,350 --> 00:19:43,799

things going on there right people have

522

00:19:48,409 --> 00:19:45,360

suggested this for a long time I would

523

00:19:50,630 --> 00:19:48,419

say that's true so these are all things

524

00:19:52,190 --> 00:19:50,640

that kind of make laughable this notion

525

00:19:54,710 --> 00:19:52,200

that the mothership is like you know

526

00:19:55,970 --> 00:19:54,720

docked and then uh

527

00:19:58,610 --> 00:19:55,980

you know you've got the Scout craft

528

00:20:02,029 --> 00:20:00,289

but getting beyond that I think it would

529

00:20:04,310 --> 00:20:02,039

be helpful to

530

00:20:06,830 --> 00:20:04,320

first identify what

531

00:20:09,049 --> 00:20:06,840

what is the scientific method right what

532

00:20:11,210 --> 00:20:09,059

are the assumptions in science and to

533

00:20:12,950 --> 00:20:11,220

what degree can that apply here right

534

00:20:15,350 --> 00:20:12,960

and I think there's different directions

535

00:20:17,270 --> 00:20:15,360

we want to go but we really want to

536

00:20:20,029 --> 00:20:17,280

first of all I think be clear about what

537

00:20:21,710 --> 00:20:20,039

it is right and then think about the

538

00:20:24,590 --> 00:20:21,720

nature of the phenomenon right and the

539

00:20:27,710 --> 00:20:24,600

phenomena as you rightly point out

540

00:20:30,110 --> 00:20:27,720

and and how much is that the kind of

541

00:20:32,150 --> 00:20:30,120

thing that can apply in these circles

542

00:20:33,590 --> 00:20:32,160

because one thing I again I was saying

543

00:20:34,909 --> 00:20:33,600

to you before when on the air

544

00:20:37,130 --> 00:20:34,919

is that

545

00:20:38,870 --> 00:20:37,140

science can only answer scientific

546

00:20:41,029 --> 00:20:38,880

questions and not all questions are

547

00:20:42,710 --> 00:20:41,039

science questions so

548

00:20:44,870 --> 00:20:42,720

let me mention some things here and we

549

00:20:46,730 --> 00:20:44,880

can sort of bounce off it from there

550

00:20:47,750 --> 00:20:46,740

so one of the assumptions of science is

551
00:20:49,730 --> 00:20:47,760
that

552
00:20:51,169 --> 00:20:49,740
one is determinism right the assumption

553
00:20:55,310 --> 00:20:51,179
that all events in the universe

554
00:20:57,289 --> 00:20:55,320
including Behavior are lawful or orderly

555
00:20:59,450 --> 00:20:57,299
the second assumption is that this

556
00:21:00,529 --> 00:20:59,460
lawfulness is discoverable

557
00:21:02,150 --> 00:21:00,539
okay

558
00:21:04,490 --> 00:21:02,160
quick aside there by the way that's very

559
00:21:06,409 --> 00:21:04,500
interesting because

560
00:21:10,310 --> 00:21:06,419
as much as

561
00:21:12,350 --> 00:21:10,320
science was in many ways trying to stand

562
00:21:14,750 --> 00:21:12,360
against what they saw as the

563
00:21:15,950 --> 00:21:14,760

irrationality of the church when you

564

00:21:19,130 --> 00:21:15,960

think about these kind of terms right

565

00:21:21,830 --> 00:21:19,140

lawfulness and order it actually arises

566

00:21:23,810 --> 00:21:21,840

at a very early science which came out

567

00:21:25,549 --> 00:21:23,820

of Christendom where there was a sense

568

00:21:27,470 --> 00:21:25,559

that there was this though God at the

569

00:21:29,570 --> 00:21:27,480

center of the universe that set forth

570

00:21:31,610 --> 00:21:29,580

these Eternal laws and it was those laws

571

00:21:33,289 --> 00:21:31,620

that governed the natural world so it's

572

00:21:36,049 --> 00:21:33,299

very interesting how you still see that

573

00:21:38,029 --> 00:21:36,059

kind of language baked in to scientism

574

00:21:40,789 --> 00:21:38,039

right very very interesting

575

00:21:42,350 --> 00:21:40,799

and let me say three other things so

576

00:21:44,930 --> 00:21:42,360

again this is about the assumptions

577

00:21:46,850 --> 00:21:44,940

nature is orderly and the laws of nature

578

00:21:49,970 --> 00:21:46,860

describe that order

579

00:21:54,590 --> 00:21:49,980

number two we can know nature number

580

00:21:56,210 --> 00:21:54,600

three all phenomena have natural causes

581

00:21:58,190 --> 00:21:56,220

we assume that nothing we see is

582

00:22:00,770 --> 00:21:58,200

unnatural if it occurs within nature

583

00:22:02,450 --> 00:22:00,780

then it is a natural occurrence and if

584

00:22:04,909 --> 00:22:02,460

it's a natural occurrence we assume that

585

00:22:07,549 --> 00:22:04,919

it obeys some natural law and that by

586

00:22:10,010 --> 00:22:07,559

observing it we can learn about

587

00:22:11,029 --> 00:22:10,020

and then the scientific method how is

588

00:22:13,190 --> 00:22:11,039

that defined

589

00:22:16,370 --> 00:22:13,200

the basic process involves making an

590

00:22:18,830 --> 00:22:16,380

observation forming a hypothesis making

591

00:22:21,470 --> 00:22:18,840

a prediction conducting an experiment

592

00:22:23,690 --> 00:22:21,480

and finally analyzing the results

593

00:22:25,789 --> 00:22:23,700

and as part of that scientific method

594

00:22:28,130 --> 00:22:25,799

and running these experiments you have

595

00:22:29,930 --> 00:22:28,140

the independent variable which is is

596

00:22:31,190 --> 00:22:29,940

changed during the experiment right this

597

00:22:33,710 --> 00:22:31,200

is the thing you're trying to toggle to

598

00:22:36,110 --> 00:22:33,720

see what kind of effect it has then you

599

00:22:37,669 --> 00:22:36,120

have dependent variables which is what's

600

00:22:39,289 --> 00:22:37,679

measured during the experiment when I

601
00:22:40,789 --> 00:22:39,299
change this one thing how does it impact

602
00:22:42,409 --> 00:22:40,799
this other thing

603
00:22:45,049 --> 00:22:42,419
then you have the controlled variable

604
00:22:46,909 --> 00:22:45,059
that stay the same during the experiment

605
00:22:48,830 --> 00:22:46,919
then finally you conduct the experiment

606
00:22:52,010 --> 00:22:48,840
several times to make sure the results

607
00:22:53,570 --> 00:22:52,020
are reproducible and not random so

608
00:22:55,610 --> 00:22:53,580
that's what we're talking about

609
00:22:57,710 --> 00:22:55,620
in terms of what people hope that

610
00:23:00,049 --> 00:22:57,720
academics are going to apply here right

611
00:23:02,149 --> 00:23:00,059
and so then that raises the question to

612
00:23:04,610 --> 00:23:02,159
what degree does the phenomena that

613
00:23:06,950 --> 00:23:04,620

we're aware of and that is

614

00:23:09,350 --> 00:23:06,960

attested to in the literature fit within

615

00:23:13,310 --> 00:23:09,360

those parameters what are your thoughts

616

00:23:15,649 --> 00:23:13,320

yeah well a lot of things there I uh I

617

00:23:18,649 --> 00:23:15,659

think about the

618

00:23:21,649 --> 00:23:18,659

conception of of sort of God being this

619

00:23:23,510 --> 00:23:21,659

the watchmaker right that there's

620

00:23:27,169 --> 00:23:23,520

and like you said that there's this

621

00:23:31,250 --> 00:23:27,179

inherited order to the process that came

622

00:23:34,490 --> 00:23:31,260

from this conception of of the Divine

623

00:23:36,470 --> 00:23:34,500

kind of ordering everything that there

624

00:23:39,110 --> 00:23:36,480

is and and setting it into motion and

625

00:23:40,789 --> 00:23:39,120

kind of stepping away and just letting

626

00:23:44,090 --> 00:23:40,799

the the clock

627

00:23:46,730 --> 00:23:44,100

do its thing uh but every gear being

628

00:23:49,250 --> 00:23:46,740

specifically designed and to to you know

629

00:23:52,190 --> 00:23:49,260

ticket a certain interval Etc

630

00:23:55,250 --> 00:23:52,200

uh so that that conception

631

00:23:57,950 --> 00:23:55,260

very obviously has been borrowed uh

632

00:24:01,330 --> 00:23:57,960

which makes sense right that those who

633

00:24:04,310 --> 00:24:01,340

grew up uh and became kind of the first

634

00:24:06,830 --> 00:24:04,320

pioneers of the scientific method

635

00:24:08,750 --> 00:24:06,840

let's not forget the the world in which

636

00:24:11,450 --> 00:24:08,760

they found themselves the world in which

637

00:24:14,289 --> 00:24:11,460

they were born was steeped in that kind

638

00:24:17,450 --> 00:24:14,299

of conception uh which is also quite old

639

00:24:21,049 --> 00:24:17,460

uh you know this notion of

640

00:24:22,490 --> 00:24:21,059

Falls immutable laws and an order

641

00:24:23,450 --> 00:24:22,500

um so it makes a lot of sense that they

642

00:24:26,029 --> 00:24:23,460

would

643

00:24:28,850 --> 00:24:26,039

take that understanding and and kind of

644

00:24:31,310 --> 00:24:28,860

take God out of the equation uh and then

645

00:24:33,049 --> 00:24:31,320

just put themselves into that blank spot

646

00:24:35,750 --> 00:24:33,059

right

647

00:24:38,630 --> 00:24:35,760

um the one the watchmaker exactly

648

00:24:40,310 --> 00:24:38,640

exactly so you know I certainly think

649

00:24:42,169 --> 00:24:40,320

about that the other thing I think about

650

00:24:44,210 --> 00:24:42,179

here is something that we said before

651
00:24:46,970 --> 00:24:44,220
many times

652
00:24:50,630 --> 00:24:46,980
and that's uh you know sort of not

653
00:24:52,970 --> 00:24:50,640
confusing uh the map for the territory

654
00:24:55,430 --> 00:24:52,980
you know so

655
00:24:57,110 --> 00:24:55,440
um and here you know that use a little

656
00:24:59,630 --> 00:24:57,120
different example you know we all are

657
00:25:04,190 --> 00:24:59,640
familiar with kind of the classic

658
00:25:06,110 --> 00:25:04,200
uh lab rat maze experiments you put the

659
00:25:07,730 --> 00:25:06,120
rat in the Maze and you you know kind of

660
00:25:10,310 --> 00:25:07,740
let it do its thing

661
00:25:12,169 --> 00:25:10,320
and you're studying Its Behavior how it

662
00:25:14,510 --> 00:25:12,179
reacts to certain stimuli it's looking

663
00:25:16,610 --> 00:25:14,520

for a treat for example

664

00:25:20,210 --> 00:25:16,620

but it's essentially saying well

665

00:25:22,909 --> 00:25:20,220

the maze is in fact reality the way

666

00:25:26,149 --> 00:25:22,919

reality actually is it's confusing the

667

00:25:30,130 --> 00:25:26,159

maze for the way things actually are in

668

00:25:34,909 --> 00:25:30,140

the World At Large uh the maze is very

669

00:25:38,029 --> 00:25:34,919

carefully constructed crafted ordered uh

670

00:25:41,690 --> 00:25:38,039

Etc and obeys very specific kinds of

671

00:25:44,510 --> 00:25:41,700

rules and the World At Large isn't like

672

00:25:47,570 --> 00:25:44,520

that at all uh there are many many more

673

00:25:50,769 --> 00:25:47,580

variables than than that uh their play

674

00:25:53,390 --> 00:25:50,779

in The Maze and uh to be able to take

675

00:25:56,450 --> 00:25:53,400

learnings from The Maze and say well the

676

00:25:59,149 --> 00:25:56,460

world is just like this is is is a bit

677

00:26:00,830 --> 00:25:59,159

of an assumptive leap right it's it's

678

00:26:02,750 --> 00:26:00,840

not it's not to say that there isn't

679

00:26:06,769 --> 00:26:02,760

some degree of correlation and I think

680

00:26:09,350 --> 00:26:06,779

that that the correlative power is is

681

00:26:11,269 --> 00:26:09,360

very you know it's it's immense right

682

00:26:13,610 --> 00:26:11,279

we've seen a lot of instances where

683

00:26:15,830 --> 00:26:13,620

science has been able to reproduce

684

00:26:17,810 --> 00:26:15,840

things through the scientific method and

685

00:26:19,310 --> 00:26:17,820

apply them at large and it's very very

686

00:26:21,289 --> 00:26:19,320

powerful

687

00:26:23,870 --> 00:26:21,299

um but just because it can do that

688

00:26:26,570 --> 00:26:23,880

doesn't mean that it that that's

689

00:26:28,310 --> 00:26:26,580

actually how reality works in the

690

00:26:30,590 --> 00:26:28,320

broadest sense of the term it just means

691

00:26:33,470 --> 00:26:30,600

that we've gotten really good at that

692

00:26:35,630 --> 00:26:33,480

one sort of manipulation

693

00:26:37,430 --> 00:26:35,640

um and so you know those are the things

694

00:26:40,190 --> 00:26:37,440

that kind of swirl around my brain when

695

00:26:42,830 --> 00:26:40,200

I when I think about this issue that uh

696

00:26:44,510 --> 00:26:42,840

that that it that there is a benefit to

697

00:26:46,669 --> 00:26:44,520

doing it to applying the scientific

698

00:26:48,409 --> 00:26:46,679

method to the phenomena and I think we

699

00:26:51,049 --> 00:26:48,419

should and we are and there are people

700

00:26:52,130 --> 00:26:51,059

who are doing that but My worry is is

701
00:26:56,330 --> 00:26:52,140
that

702
00:26:58,250 --> 00:26:56,340
bear on this just really aren't the

703
00:27:01,070 --> 00:26:58,260
right tools that will ultimately help us

704
00:27:03,409 --> 00:27:01,080
understand what's actually happening uh

705
00:27:05,210 --> 00:27:03,419
and quite frankly uh we might we may not

706
00:27:07,789 --> 00:27:05,220
have the tools or ever have enough tools

707
00:27:08,750 --> 00:27:07,799
to really get our arms around this at

708
00:27:11,029 --> 00:27:08,760
least then

709
00:27:13,010 --> 00:27:11,039
the lifetime that you and I consider to

710
00:27:15,590 --> 00:27:13,020
be you know this incarnation of our

711
00:27:19,250 --> 00:27:15,600
Human Experience

712
00:27:21,710 --> 00:27:19,260
right and when I think of here is is

713
00:27:23,750 --> 00:27:21,720

you know the fact that

714

00:27:25,730 --> 00:27:23,760

most of the general public is going

715

00:27:28,130 --> 00:27:25,740

around assuming that

716

00:27:30,529 --> 00:27:28,140

we have most of the laws quote unquote

717

00:27:32,630 --> 00:27:30,539

of nature figured out and we just you

718

00:27:35,810 --> 00:27:32,640

know polishing at this point right just

719

00:27:37,490 --> 00:27:35,820

a crossing the t's and Dot in the eyes

720

00:27:40,130 --> 00:27:37,500

which again we've talked before about

721

00:27:42,950 --> 00:27:40,140

the irony is that that same sort of

722

00:27:44,570 --> 00:27:42,960

hubris was in play prior to the quantum

723

00:27:46,269 --> 00:27:44,580

Revolution right really people really

724

00:27:49,130 --> 00:27:46,279

thought that was just you know

725

00:27:50,330 --> 00:27:49,140

fine-tuning the details the fine print

726

00:27:51,590 --> 00:27:50,340

but everything else was pretty much

727

00:27:54,470 --> 00:27:51,600

figured out

728

00:27:56,690 --> 00:27:54,480

so when people talk about academics

729

00:27:59,390 --> 00:27:56,700

coming in they assume again that we have

730

00:28:02,330 --> 00:27:59,400

emotionally complete model of reality

731

00:28:06,049 --> 00:28:02,340

and therefore finally we can see how the

732

00:28:08,149 --> 00:28:06,059

UFO phenomenon fits within it right

733

00:28:11,029 --> 00:28:08,159

but as you pointed out

734

00:28:13,850 --> 00:28:11,039

there's a big difference between

735

00:28:17,570 --> 00:28:13,860

being able to observe how nature behaves

736

00:28:20,090 --> 00:28:17,580

what we call nature versus what nature

737

00:28:21,470 --> 00:28:20,100

actually is underlyingly and what

738

00:28:23,870 --> 00:28:21,480

science does really well what the

739

00:28:26,090 --> 00:28:23,880

scientific method does really well is it

740

00:28:29,330 --> 00:28:26,100

begins with some assumptions and then it

741

00:28:31,490 --> 00:28:29,340

says what can we play with here in terms

742

00:28:32,870 --> 00:28:31,500

of the variables to produce a certain

743

00:28:35,210 --> 00:28:32,880

outcome

744

00:28:37,549 --> 00:28:35,220

you can do that without having any idea

745

00:28:39,289 --> 00:28:37,559

of actually what is underlying

746

00:28:41,570 --> 00:28:39,299

underpinning all of those variables

747

00:28:44,690 --> 00:28:41,580

right you could before someone had ever

748

00:28:47,750 --> 00:28:44,700

heard about a waterfall and rain clouds

749

00:28:50,810 --> 00:28:47,760

and precipitation uh and this sort of

750

00:28:53,029 --> 00:28:50,820

convective way that you know climate

751
00:28:55,669 --> 00:28:53,039
works on the planet well before knowing

752
00:28:59,029 --> 00:28:55,679
any of that they could see that hey if

753
00:29:01,730 --> 00:28:59,039
we go Downstream we can gather water

754
00:29:04,730 --> 00:29:01,740
right so you can observe that behavior

755
00:29:06,169 --> 00:29:04,740
and you know you can say hey it's a good

756
00:29:07,730 --> 00:29:06,179
idea to like build our village right

757
00:29:09,470 --> 00:29:07,740
here by the water because it gives us so

758
00:29:11,990 --> 00:29:09,480
many things that we need for for life

759
00:29:14,090 --> 00:29:12,000
and even for conveying things along we

760
00:29:16,730 --> 00:29:14,100
need to send it Downstream but you can

761
00:29:19,250 --> 00:29:16,740
do all of that and have really effective

762
00:29:20,810 --> 00:29:19,260
you know changes to your civilization as

763
00:29:23,450 --> 00:29:20,820

a result without really understanding

764

00:29:24,889 --> 00:29:23,460

any of the mechanisms that provide that

765

00:29:26,630 --> 00:29:24,899

water to begin with and that's kind of

766

00:29:28,010 --> 00:29:26,640

what we're doing

767

00:29:30,470 --> 00:29:28,020

and

768

00:29:31,549 --> 00:29:30,480

on top of that because that's all we're

769

00:29:32,870 --> 00:29:31,559

really concerned about that's what

770

00:29:35,029 --> 00:29:32,880

really most people are concerned about

771

00:29:36,590 --> 00:29:35,039

is how does it change our lives and if

772

00:29:39,230 --> 00:29:36,600

it makes our lives better and easier

773

00:29:40,909 --> 00:29:39,240

then hey you guys are like the new

774

00:29:43,669 --> 00:29:40,919

priests you know like you're in charge

775

00:29:45,649 --> 00:29:43,679

you did a good job you say it's because

776

00:29:47,630 --> 00:29:45,659

there's a physical reality that

777

00:29:49,610 --> 00:29:47,640

underpins everything works for me

778

00:29:52,610 --> 00:29:49,620

because you know I've got a microwave

779

00:29:54,470 --> 00:29:52,620

oven and a cell phone and blah blah

780

00:29:57,710 --> 00:29:54,480

but of course those questions are very

781

00:29:59,389 --> 00:29:57,720

much in play and not only that but

782

00:30:01,909 --> 00:29:59,399

there's mounting evidence and there has

783

00:30:04,130 --> 00:30:01,919

been for a very long time that actually

784

00:30:06,470 --> 00:30:04,140

physicalism has a final fundamental

785

00:30:08,029 --> 00:30:06,480

model is flawed so that's very very

786

00:30:09,649 --> 00:30:08,039

interesting in terms of the timing here

787

00:30:12,409 --> 00:30:09,659

right because we're talking about

788

00:30:15,950 --> 00:30:12,419

bringing in academics to see how the

789

00:30:18,710 --> 00:30:15,960

phenomenon fits within this model when

790

00:30:20,029 --> 00:30:18,720

you know secretly behind closed doors

791

00:30:21,769 --> 00:30:20,039

people are saying well the model is

792

00:30:24,289 --> 00:30:21,779

flawed you know the model is actually

793

00:30:25,970 --> 00:30:24,299

not tenable so see what I'm saying it's

794

00:30:27,649 --> 00:30:25,980

kind of a weird erosion happening from

795

00:30:29,450 --> 00:30:27,659

both ends

796

00:30:30,889 --> 00:30:29,460

um

797

00:30:32,389 --> 00:30:30,899

you know and then you've got you've got

798

00:30:34,610 --> 00:30:32,399

some things that you can actually can

799

00:30:37,190 --> 00:30:34,620

test I want to make this clear

800

00:30:39,590 --> 00:30:37,200

again parapsychological research you

801
00:30:40,789 --> 00:30:39,600
know Dean Raiden and ions has done some

802
00:30:43,250 --> 00:30:40,799
great work

803
00:30:45,230 --> 00:30:43,260
and showing how you can make a

804
00:30:47,450 --> 00:30:45,240
prediction you can set up an experiment

805
00:30:49,370 --> 00:30:47,460
and you can demonstrate it right

806
00:30:51,470 --> 00:30:49,380
again what's what's shocking about that

807
00:30:54,649 --> 00:30:51,480
is that there's the evidence exists and

808
00:30:56,690 --> 00:30:54,659
it hasn't really eroded our faith and

809
00:30:58,310 --> 00:30:56,700
physicalism both uh within the

810
00:31:00,470 --> 00:30:58,320
scientific community and with the you

811
00:31:02,570 --> 00:31:00,480
know Society at large even though it

812
00:31:03,830 --> 00:31:02,580
should have so these are some things to

813
00:31:05,990 --> 00:31:03,840

keep in mind

814

00:31:08,810 --> 00:31:06,000

before we even get into what I think

815

00:31:10,909 --> 00:31:08,820

we'll get into next which is what are

816

00:31:12,769 --> 00:31:10,919

the actual

817

00:31:14,210 --> 00:31:12,779

things we notice with the phenomena

818

00:31:15,710 --> 00:31:14,220

right what kind of

819

00:31:18,350 --> 00:31:15,720

um observations are Mabel come

820

00:31:20,690 --> 00:31:18,360

experiences do people have and how might

821

00:31:22,730 --> 00:31:20,700

that or might that not fit well with

822

00:31:24,830 --> 00:31:22,740

something you could test in a lab kind

823

00:31:28,430 --> 00:31:24,840

of situation

824

00:31:31,909 --> 00:31:28,440

yeah and and along those lines I

825

00:31:34,190 --> 00:31:31,919

I think here at two about the ferry

826
00:31:37,610 --> 00:31:34,200
the very personal nature of the

827
00:31:39,590 --> 00:31:37,620
experience uh that it's

828
00:31:41,690 --> 00:31:39,600
it's not like

829
00:31:44,630 --> 00:31:41,700
the experience of going to an ATM

830
00:31:46,250 --> 00:31:44,640
machine right which uh but for the kids

831
00:31:47,810 --> 00:31:46,260
around here in ATM is where you go and

832
00:31:49,370 --> 00:31:47,820
you put in some numbers and a card and

833
00:31:51,409 --> 00:31:49,380
you get something called Cash it's made

834
00:31:53,090 --> 00:31:51,419
of paper and you carry it in a wallet

835
00:31:55,250 --> 00:31:53,100
and you pay thing you use that to pay to

836
00:31:57,889 --> 00:31:55,260
buy things uh nobody uses that anymore

837
00:32:00,409 --> 00:31:57,899
but every time you use an ATM it's the

838
00:32:01,909 --> 00:32:00,419

same experience right it's it's you

839

00:32:03,649 --> 00:32:01,919

punch in they put in the car punch the

840

00:32:06,110 --> 00:32:03,659

number get the cash and walk away that's

841

00:32:08,090 --> 00:32:06,120

pretty much it but the nature of the

842

00:32:11,510 --> 00:32:08,100

experience is that we hear about with

843

00:32:14,570 --> 00:32:11,520

the phenomena are not at all the same

844

00:32:16,549 --> 00:32:14,580

you know from person to person uh and

845

00:32:20,029 --> 00:32:16,559

there are many many factors that go into

846

00:32:22,490 --> 00:32:20,039

that uh the the feelings are not the

847

00:32:24,830 --> 00:32:22,500

same the uh the reported experience or

848

00:32:27,409 --> 00:32:24,840

or resemblance or whatever it is their

849

00:32:29,330 --> 00:32:27,419

experience is not the same and it kind

850

00:32:33,289 --> 00:32:29,340

of begs the question and we've touched

851

00:32:36,470 --> 00:32:33,299

on this in in different ways and that's

852

00:32:38,930 --> 00:32:36,480

you know what what's really happening

853

00:32:39,769 --> 00:32:38,940

here and is it is it something that we

854

00:32:43,310 --> 00:32:39,779

can

855

00:32:45,649 --> 00:32:43,320

uh point to in the way we could describe

856

00:32:48,649 --> 00:32:45,659

ATM machines or is it something that is

857

00:32:50,990 --> 00:32:48,659

Meaningful and designed in its very

858

00:32:53,169 --> 00:32:51,000

nature to be meaningful

859

00:32:57,590 --> 00:32:53,179

only to that person

860

00:32:59,330 --> 00:32:57,600

uh it's it's a lot like the way to uh

861

00:33:01,549 --> 00:32:59,340

I'm gonna take a little bit of a tangent

862

00:33:03,409 --> 00:33:01,559

here but growing up being the son of a

863

00:33:05,330 --> 00:33:03,419

minister you know I would sit in inside

864

00:33:06,950 --> 00:33:05,340

Church week after week and listen to

865

00:33:09,889 --> 00:33:06,960

sermon after sermon

866

00:33:12,830 --> 00:33:09,899

and in my dad I thought was an excellent

867

00:33:14,690 --> 00:33:12,840

preacher uh and he is uh but one of the

868

00:33:16,669 --> 00:33:14,700

beautiful things about the sermon if you

869

00:33:18,950 --> 00:33:16,679

hear good preaching is it's not

870

00:33:22,070 --> 00:33:18,960

necessarily what is in the sermon it's

871

00:33:25,610 --> 00:33:22,080

what it elicits in The Listener it's the

872

00:33:27,470 --> 00:33:25,620

experience that has evoked by listening

873

00:33:29,149 --> 00:33:27,480

to that sermon

874

00:33:31,190 --> 00:33:29,159

and of course you hope that it

875

00:33:32,750 --> 00:33:31,200

translates into some change in that

876

00:33:35,870 --> 00:33:32,760

individual's life

877

00:33:37,669 --> 00:33:35,880

right and so I think a lot of the

878

00:33:40,669 --> 00:33:37,679

phenomena a lot of the experience that

879

00:33:44,830 --> 00:33:40,679

we hear about is much like that it is it

880

00:33:47,389 --> 00:33:44,840

is uh evocative it is not necessarily uh

881

00:33:50,690 --> 00:33:47,399

designed in a reproducible way because

882

00:33:53,870 --> 00:33:50,700

it it it's it's spontaneous and

883

00:33:56,389 --> 00:33:53,880

responsive to who that person is and who

884

00:33:58,009 --> 00:33:56,399

they are in that moment not only in that

885

00:34:00,710 --> 00:33:58,019

moment too we've talked about this quite

886

00:34:03,289 --> 00:34:00,720

a bit but even throughout the course of

887

00:34:06,230 --> 00:34:03,299

their life right so it's that funny way

888

00:34:08,270 --> 00:34:06,240

that time works where you can re-examine

889

00:34:09,530 --> 00:34:08,280

and experience 20 years later and say

890

00:34:12,530 --> 00:34:09,540

aha

891

00:34:16,250 --> 00:34:12,540

this is what it really means I needed to

892

00:34:19,129 --> 00:34:16,260

live this part of life to fold that

893

00:34:20,930 --> 00:34:19,139

experience back in and really understand

894

00:34:23,389 --> 00:34:20,940

what it was about

895

00:34:26,030 --> 00:34:23,399

uh it but it also meant something to me

896

00:34:28,909 --> 00:34:26,040

when I was 20 just as much as it means

897

00:34:32,450 --> 00:34:28,919

something to me now that I'm 60 and it's

898

00:34:33,829 --> 00:34:32,460

richer for it both both then and now

899

00:34:35,930 --> 00:34:33,839

right see what I'm saying like it's it's

900

00:34:38,869 --> 00:34:35,940

that there's a dynamism to it that

901
00:34:41,889 --> 00:34:38,879
doesn't exist in the kind of linear neat

902
00:34:45,129 --> 00:34:41,899
packaged way that our our scientific

903
00:34:48,109 --> 00:34:45,139
experimentation typically functions

904
00:34:50,750 --> 00:34:48,119
indeed and what you just talked about

905
00:34:52,190 --> 00:34:50,760
there reminds me of my discussion about

906
00:34:54,169 --> 00:34:52,200
Jacques valet's control system

907
00:34:56,450 --> 00:34:54,179
hypothesis in the most recent episode of

908
00:34:58,849 --> 00:34:56,460
point of convergence because he made

909
00:35:02,150 --> 00:34:58,859
that very point that the question about

910
00:35:03,290 --> 00:35:02,160
the the reality of UFOs kind of misses

911
00:35:05,390 --> 00:35:03,300
the point

912
00:35:08,570 --> 00:35:05,400
it only needs to be real enough for

913
00:35:10,849 --> 00:35:08,580

people to believe it's real because if

914

00:35:13,790 --> 00:35:10,859

the ultimate goal is to change Behavior

915

00:35:16,430 --> 00:35:13,800

so taking his notion here that

916

00:35:18,589 --> 00:35:16,440

this is about on the most macro scale

917

00:35:21,109 --> 00:35:18,599

some sort of other intelligence or

918

00:35:23,450 --> 00:35:21,119

groups of intelligences trying to mold

919

00:35:26,450 --> 00:35:23,460

our civilization trying to evolve our

920

00:35:28,910 --> 00:35:26,460

Collective Consciousness then really

921

00:35:30,589 --> 00:35:28,920

the reality of the tools they use the

922

00:35:32,210 --> 00:35:30,599

mechanisms they use in order to

923

00:35:34,430 --> 00:35:32,220

accomplish that goal

924

00:35:36,710 --> 00:35:34,440

kind of as a secondary right the main

925

00:35:39,170 --> 00:35:36,720

point is how do you do it in such a way

926
00:35:42,410 --> 00:35:39,180
is to mold the the trajectory of the

927
00:35:44,089 --> 00:35:42,420
civilization and so his point is that we

928
00:35:46,609 --> 00:35:44,099
shouldn't ask whether or not UFOs are

929
00:35:49,250 --> 00:35:46,619
real necessarily what we should ask is

930
00:35:52,010 --> 00:35:49,260
are they real enough to change Behavior

931
00:35:54,530 --> 00:35:52,020
and this ticket Beyond UFOs let's go

932
00:35:56,690 --> 00:35:54,540
back into religious history right and

933
00:35:59,510 --> 00:35:56,700
and even things like fairy lore which he

934
00:36:02,089 --> 00:35:59,520
again has done a great job in that kind

935
00:36:04,370 --> 00:36:02,099
of comparative analysis with medieval

936
00:36:06,950 --> 00:36:04,380
fairy lore in Europe and you know

937
00:36:09,170 --> 00:36:06,960
ancient religious traditions and in each

938
00:36:10,849 --> 00:36:09,180

of those cases let's look past the The

939

00:36:13,130 --> 00:36:10,859

Superficial veneer

940

00:36:15,890 --> 00:36:13,140

and ask what was the nature of the

941

00:36:18,530 --> 00:36:15,900

experience and how did it change

942

00:36:20,569 --> 00:36:18,540

Behavior how to even change

943

00:36:22,790 --> 00:36:20,579

that group's understanding of what

944

00:36:24,410 --> 00:36:22,800

reality is right and what they should do

945

00:36:25,849 --> 00:36:24,420

it how they should live these are the

946

00:36:28,730 --> 00:36:25,859

kinds of questions

947

00:36:30,950 --> 00:36:28,740

that valet really brought to the fore

948

00:36:32,510 --> 00:36:30,960

and those and if that's the kind of

949

00:36:34,490 --> 00:36:32,520

endeavor we're talking about here

950

00:36:38,030 --> 00:36:34,500

ultimately then that's very different

951
00:36:40,130 --> 00:36:38,040
than saying this is some sort of natural

952
00:36:42,050 --> 00:36:40,140
phenomena right because again this is

953
00:36:44,569 --> 00:36:42,060
the the point in science is that

954
00:36:47,630 --> 00:36:44,579
supposedly if this is happening in the

955
00:36:49,730 --> 00:36:47,640
natural world then it's based on lawful

956
00:36:51,829 --> 00:36:49,740
order and we should be able to observe

957
00:36:53,630 --> 00:36:51,839
it make predictions about it and prove

958
00:36:56,030 --> 00:36:53,640
its existence and how it relates to

959
00:36:58,250 --> 00:36:56,040
everything else in that natural world

960
00:37:01,130 --> 00:36:58,260
but again I think the Lays work really

961
00:37:04,069 --> 00:37:01,140
helped to demonstrate that

962
00:37:07,190 --> 00:37:04,079
that makes so many assumptions

963
00:37:08,750 --> 00:37:07,200

and you know this brings up to to mind

964

00:37:10,130 --> 00:37:08,760

one thing I thought we could get into

965

00:37:13,550 --> 00:37:10,140

and I know that you've read this as well

966

00:37:15,050 --> 00:37:13,560

uh three body problem so why don't you

967

00:37:18,230 --> 00:37:15,060

talk about that book and how that maybe

968

00:37:20,150 --> 00:37:18,240

impacts this this conversation as well

969

00:37:23,450 --> 00:37:20,160

yeah that's a great one so if you

970

00:37:26,410 --> 00:37:23,460

haven't read it uh three body problem uh

971

00:37:29,329 --> 00:37:26,420

from chicks and Liu excellent Trilogy

972

00:37:33,290 --> 00:37:29,339

that has also been made into a like a

973

00:37:34,490 --> 00:37:33,300

mini series on Chinese television so you

974

00:37:37,430 --> 00:37:34,500

can think you can find that around the

975

00:37:39,290 --> 00:37:37,440

internet if you're looking for it but um

976
00:37:42,770 --> 00:37:39,300

it plays a lot of

977
00:37:45,290 --> 00:37:42,780

different ideas and themes around what

978
00:37:47,569 --> 00:37:45,300

it would mean to be in touch with

979
00:37:48,770 --> 00:37:47,579

you know non-human intelligence alien

980
00:37:50,569 --> 00:37:48,780

intelligence

981
00:37:54,290 --> 00:37:50,579

and I think kind of challenges some of

982
00:37:55,730 --> 00:37:54,300

those classical assumptions and it plays

983
00:37:58,010 --> 00:37:55,740

with

984
00:38:02,329 --> 00:37:58,020

the way in which we

985
00:38:05,089 --> 00:38:02,339

kind of normally like understand uh what

986
00:38:07,069 --> 00:38:05,099

should happen or what can happen to the

987
00:38:08,630 --> 00:38:07,079

degree that what this intelligence does

988
00:38:10,849 --> 00:38:08,640

and does essentially kind of like

989

00:38:12,290 --> 00:38:10,859

remotely from a distance and apologies

990

00:38:14,329 --> 00:38:12,300

if you haven't read it and don't want to

991

00:38:16,550 --> 00:38:14,339

know this is the place to hit the pause

992

00:38:18,710 --> 00:38:16,560

buttons the episode and you know fast

993

00:38:21,170 --> 00:38:18,720

forward 20 minutes or something

994

00:38:24,410 --> 00:38:21,180

um but essentially there's a tell

995

00:38:29,030 --> 00:38:24,420

intelligence messes with the scientists

996

00:38:32,329 --> 00:38:29,040

of of humanity and kind of confronts

997

00:38:34,609 --> 00:38:32,339

them and confounds them uh with with

998

00:38:36,589 --> 00:38:34,619

information that just doesn't fit in to

999

00:38:38,329 --> 00:38:36,599

the kind of Paradigm that that they're

1000

00:38:40,790 --> 00:38:38,339

used to seeing and it often drives them

1001
00:38:43,490 --> 00:38:40,800
mad basically kind of that they kind of

1002
00:38:45,109 --> 00:38:43,500
lose uh their sanity

1003
00:38:47,750 --> 00:38:45,119
um so it's in a way it's almost like a

1004
00:38:51,050 --> 00:38:47,760
psychic attack on Humanity because it it

1005
00:38:53,150 --> 00:38:51,060
it's something that disrupts the the

1006
00:38:55,550 --> 00:38:53,160
ways in which we can understand what is

1007
00:38:58,310 --> 00:38:55,560
possible or is not possible

1008
00:39:00,470 --> 00:38:58,320
um and and to the outside Observer this

1009
00:39:01,790 --> 00:39:00,480
this appears as Madness right it just

1010
00:39:02,930 --> 00:39:01,800
appears as there's some kind of

1011
00:39:06,829 --> 00:39:02,940
psychosis

1012
00:39:08,329 --> 00:39:06,839
happening here and uh you know that's

1013
00:39:10,250 --> 00:39:08,339

all there is to it but then the SEC

1014

00:39:13,250 --> 00:39:10,260

there's the as they get Savvy to what's

1015

00:39:16,069 --> 00:39:13,260

really happening they the kind of powers

1016

00:39:17,510 --> 00:39:16,079

that be have to make a decision to sort

1017

00:39:21,349 --> 00:39:17,520

of covertly

1018

00:39:23,030 --> 00:39:21,359

uh you know sort of uh respond to this

1019

00:39:24,349 --> 00:39:23,040

this hacking if you will kind of a way

1020

00:39:26,990 --> 00:39:24,359

to think about it like a hacking of the

1021

00:39:29,829 --> 00:39:27,000

human of humanity uh covertly responds

1022

00:39:33,050 --> 00:39:29,839

to it by this incredible like layered

1023

00:39:35,150 --> 00:39:33,060

secrecy and and uh separation of

1024

00:39:36,950 --> 00:39:35,160

intelligences and people who are who are

1025

00:39:39,589 --> 00:39:36,960

tasked with solving these issues and

1026
00:39:41,210 --> 00:39:39,599
because they can't reveal their hand to

1027
00:39:43,910 --> 00:39:41,220
this uh this alien intelligence that

1028
00:39:45,470 --> 00:39:43,920
essentially has kind of omnipresence uh

1029
00:39:47,510 --> 00:39:45,480
to everything that's happening on the

1030
00:39:48,670 --> 00:39:47,520
planet so there has to be this like

1031
00:39:51,650 --> 00:39:48,680
coordinated

1032
00:39:54,470 --> 00:39:51,660
subterfuge so that it doesn't know what

1033
00:39:56,569 --> 00:39:54,480
we're planning to do in response to it

1034
00:39:57,770 --> 00:39:56,579
um but it's a great example again of

1035
00:39:59,870 --> 00:39:57,780
what we've been talking about here and

1036
00:40:02,930 --> 00:39:59,880
that that's that uh the conventional

1037
00:40:06,829 --> 00:40:02,940
means of of understanding and relating

1038
00:40:09,290 --> 00:40:06,839

to and and counteracting and like all

1039

00:40:11,690 --> 00:40:09,300

those things sort of fail and if you

1040

00:40:13,550 --> 00:40:11,700

continue to try those methods and and

1041

00:40:16,490 --> 00:40:13,560

get and understand it through those

1042

00:40:18,410 --> 00:40:16,500

methods It ultimately leads to Madness

1043

00:40:20,569 --> 00:40:18,420

and that's the same eventually what we

1044

00:40:23,329 --> 00:40:20,579

are seeing here too and what we've we've

1045

00:40:25,970 --> 00:40:23,339

also seen with some experiencers right

1046

00:40:29,450 --> 00:40:25,980

who who continue to try to force that

1047

00:40:30,829 --> 00:40:29,460

experience into a certain box and the

1048

00:40:33,530 --> 00:40:30,839

harder it is that they force it into

1049

00:40:36,230 --> 00:40:33,540

that box the more things begin to break

1050

00:40:38,329 --> 00:40:36,240

and the more that they can't cope with

1051
00:40:41,690 --> 00:40:38,339
whatever it is that is happening so that

1052
00:40:43,790 --> 00:40:41,700
there has to be a degree of ontological

1053
00:40:46,310 --> 00:40:43,800
shock which takes place both on the

1054
00:40:48,109 --> 00:40:46,320
individual level but there's also an

1055
00:40:50,569 --> 00:40:48,119
ontological shock that is happening

1056
00:40:52,310 --> 00:40:50,579
societally right and so I think that's

1057
00:40:53,690 --> 00:40:52,320
there are two layers here we kind of

1058
00:40:55,310 --> 00:40:53,700
want to think about and that is the

1059
00:40:57,589 --> 00:40:55,320
individual layer because it is a very

1060
00:41:00,230 --> 00:40:57,599
personal experience but we have to think

1061
00:41:02,569 --> 00:41:00,240
about it macroscopically as well how

1062
00:41:04,010 --> 00:41:02,579
does the phenomena impact change

1063
00:41:07,310 --> 00:41:04,020

interact

1064

00:41:10,069 --> 00:41:07,320

Humanities on a societal level and and

1065

00:41:13,790 --> 00:41:10,079

there is an interplay between the two

1066

00:41:16,069 --> 00:41:13,800

but but but it is actively happening on

1067

00:41:18,349 --> 00:41:16,079

both layers and has to and needs to and

1068

00:41:21,530 --> 00:41:18,359

and if we're not going to understand it

1069

00:41:23,990 --> 00:41:21,540

unless it does so I think that that's a

1070

00:41:26,750 --> 00:41:24,000

big thing here right it's not just like

1071

00:41:28,730 --> 00:41:26,760

you know I went out into the field and I

1072

00:41:30,650 --> 00:41:28,740

found this rock and uh you know it's a

1073

00:41:32,750 --> 00:41:30,660

discovery and it turns out it's a fossil

1074

00:41:34,430 --> 00:41:32,760

you know as a fossil this creature that

1075

00:41:36,170 --> 00:41:34,440

that nobody knew about and I bring it

1076
00:41:37,730 --> 00:41:36,180
back to the village and on you know they

1077
00:41:39,770 --> 00:41:37,740
name it after me whatever it's not quite

1078
00:41:42,829 --> 00:41:39,780
like that it has to happen

1079
00:41:46,609 --> 00:41:42,839
on on that level but also on a level

1080
00:41:49,310 --> 00:41:46,619
that impacts that that culture

1081
00:41:51,410 --> 00:41:49,320
um it's and and simultaneously I would

1082
00:41:53,510 --> 00:41:51,420
say and I would argue that that is what

1083
00:41:55,130 --> 00:41:53,520
is happening right now

1084
00:41:57,310 --> 00:41:55,140
yeah and getting back to the three body

1085
00:41:59,690 --> 00:41:57,320
problem one thing that's kind of

1086
00:42:01,970 --> 00:41:59,700
introduced to that to the mix in that

1087
00:42:04,130 --> 00:42:01,980
book or that series you see it's a

1088
00:42:07,250 --> 00:42:04,140

Trilogy is that

1089

00:42:09,710 --> 00:42:07,260

we assume that there's just natural

1090

00:42:11,569 --> 00:42:09,720

order that we can measure and we assume

1091

00:42:13,670 --> 00:42:11,579

more so we're so familiar with so

1092

00:42:16,490 --> 00:42:13,680

accustomed to being King of the Hill

1093

00:42:18,770 --> 00:42:16,500

right that the top dog that we don't

1094

00:42:21,050 --> 00:42:18,780

really take into consideration nor

1095

00:42:22,750 --> 00:42:21,060

really test for because we've never had

1096

00:42:25,550 --> 00:42:22,760

to so far

1097

00:42:27,890 --> 00:42:25,560

the possibility that some other

1098

00:42:29,450 --> 00:42:27,900

influence could actually mess with the

1099

00:42:32,030 --> 00:42:29,460

variables before we ever get to them

1100

00:42:34,370 --> 00:42:32,040

right and so this this again brings to

1101

00:42:37,250 --> 00:42:34,380

mind what you mentioned earlier

1102

00:42:39,829 --> 00:42:37,260

with skin waffle Ranch and John

1103

00:42:41,690 --> 00:42:39,839

Alexander coined this term precognitive

1104

00:42:44,270 --> 00:42:41,700

sentient phenomena

1105

00:42:45,950 --> 00:42:44,280

to describe what they observed when they

1106

00:42:47,810 --> 00:42:45,960

tried to follow the scientific method

1107

00:42:49,849 --> 00:42:47,820

right these are these were groups of

1108

00:42:51,890 --> 00:42:49,859

phds that got together and designed

1109

00:42:54,349 --> 00:42:51,900

experiments exactly as I described

1110

00:42:57,829 --> 00:42:54,359

earlier that would

1111

00:42:59,870 --> 00:42:57,839

present a hypothesis try to test it play

1112

00:43:01,370 --> 00:42:59,880

with the variables and see if you could

1113

00:43:03,770 --> 00:43:01,380

draw conclusions about what was

1114

00:43:05,270 --> 00:43:03,780

happening what was the nature of this

1115

00:43:07,370 --> 00:43:05,280

phenomena

1116

00:43:10,250 --> 00:43:07,380

but what they found is that not only

1117

00:43:13,849 --> 00:43:10,260

were variables tweaked before they could

1118

00:43:16,370 --> 00:43:13,859

even really run the experiment but that

1119

00:43:17,750 --> 00:43:16,380

this phenomena the intelligence behind

1120

00:43:20,450 --> 00:43:17,760

it seemed to know what they were going

1121

00:43:21,950 --> 00:43:20,460

to do seem to know how they were going

1122

00:43:23,870 --> 00:43:21,960

to design the experiment before they

1123

00:43:27,109 --> 00:43:23,880

even had a chance to run the experiment

1124

00:43:28,730 --> 00:43:27,119

which also brings to mind events in

1125

00:43:30,950 --> 00:43:28,740

history like for instance with the Tic

1126

00:43:33,230 --> 00:43:30,960

Tacs and the Nimitz how the Tic Tac

1127

00:43:35,329 --> 00:43:33,240

seemed to know the Rendezvous point

1128

00:43:37,490 --> 00:43:35,339

before the pilots even knew and before

1129

00:43:40,490 --> 00:43:37,500

maybe even the computer had supposedly

1130

00:43:43,970 --> 00:43:40,500

randomly right chosen the Rendezvous

1131

00:43:46,010 --> 00:43:43,980

point so these this shows you just

1132

00:43:47,329 --> 00:43:46,020

what's in play here the parameters kind

1133

00:43:50,690 --> 00:43:47,339

of getting blown out the usual

1134

00:43:53,750 --> 00:43:50,700

parameters right I mean this is what's

1135

00:43:56,089 --> 00:43:53,760

in play here is that we assume that

1136

00:43:58,309 --> 00:43:56,099

reality follows a certain

1137

00:44:01,370 --> 00:43:58,319

trajectory and exists within certain

1138

00:44:03,170 --> 00:44:01,380

parameters and we therefore look within

1139

00:44:05,150 --> 00:44:03,180

that scope

1140

00:44:06,530 --> 00:44:05,160

but one thing I pointed out and I

1141

00:44:08,390 --> 00:44:06,540

brought it up again in the most recent

1142

00:44:11,210 --> 00:44:08,400

episode of point of convergence

1143

00:44:12,770 --> 00:44:11,220

is that it's likely that a group coming

1144

00:44:14,809 --> 00:44:12,780

here from somewhere else is not going to

1145

00:44:17,210 --> 00:44:14,819

show up like Battlestar Galactica

1146

00:44:18,950 --> 00:44:17,220

that actually because different parts of

1147

00:44:21,890 --> 00:44:18,960

the cosmos are much older than other

1148

00:44:23,930 --> 00:44:21,900

parts and because of that you would have

1149

00:44:26,210 --> 00:44:23,940

had the chance for some civilizations to

1150

00:44:28,370 --> 00:44:26,220

be considerably older than us we're

1151
00:44:29,450 --> 00:44:28,380
talking like in the millions of years at

1152
00:44:31,490 --> 00:44:29,460
least right

1153
00:44:33,770 --> 00:44:31,500
potentially and when you think about

1154
00:44:36,530 --> 00:44:33,780
again how much we've progressed in 100

1155
00:44:38,870 --> 00:44:36,540
years we we began this conversation

1156
00:44:41,030 --> 00:44:38,880
talking about AI right computers didn't

1157
00:44:43,490 --> 00:44:41,040
exist a hundred years ago and yet now

1158
00:44:46,309 --> 00:44:43,500
it's at the place where it might either

1159
00:44:49,730 --> 00:44:46,319
solve most of our Global problems or

1160
00:44:51,170 --> 00:44:49,740
pitch us over the cliff into disaster

1161
00:44:52,730 --> 00:44:51,180
right I mean this has happened in a

1162
00:44:55,010 --> 00:44:52,740
hundred years so imagine what would

1163
00:44:56,870 --> 00:44:55,020

happen in a million years or or hundreds

1164

00:44:58,370 --> 00:44:56,880

of millions of years right basically it

1165

00:45:01,069 --> 00:44:58,380

gets beyond our scope we can't even

1166

00:45:02,870 --> 00:45:01,079

imagine at that point so to assume that

1167

00:45:04,849 --> 00:45:02,880

these others if they exist are going to

1168

00:45:08,150 --> 00:45:04,859

show up in ways that we can measure

1169

00:45:11,630 --> 00:45:08,160

through our current contemporary Notions

1170

00:45:13,730 --> 00:45:11,640

of physics is so laughable that I'm just

1171

00:45:16,130 --> 00:45:13,740

shocked it's not brought up more

1172

00:45:18,470 --> 00:45:16,140

you know it's just it's just a hubris

1173

00:45:19,910 --> 00:45:18,480

around that we we've seen how much our

1174

00:45:22,069 --> 00:45:19,920

understanding of the nature of reality

1175

00:45:25,430 --> 00:45:22,079

has changed since the quantum Revolution

1176

00:45:26,930 --> 00:45:25,440

which was only a hundred years ago so to

1177

00:45:29,150 --> 00:45:26,940

assume that we have now reached the

1178

00:45:30,770 --> 00:45:29,160

summit understanding of the natural

1179

00:45:32,870 --> 00:45:30,780

world and that that natural world

1180

00:45:36,770 --> 00:45:32,880

depicts Ultimate Reality on top of that

1181

00:45:39,589 --> 00:45:36,780

is is humorous to say the least

1182

00:45:42,349 --> 00:45:39,599

um we've talked about privately recently

1183

00:45:44,510 --> 00:45:42,359

the The Truman Show right and it gets

1184

00:45:46,550 --> 00:45:44,520

it's a good an analogy to what we're

1185

00:45:47,870 --> 00:45:46,560

talking about here because uh when we're

1186

00:45:50,630 --> 00:45:47,880

talking about that kind of advancement

1187

00:45:52,849 --> 00:45:50,640

it's very likely that everything that we

1188

00:45:57,589 --> 00:45:52,859

understand to be the case about reality

1189

00:45:59,089 --> 00:45:57,599

is is is there by design for us to at

1190

00:46:01,609 --> 00:45:59,099

least that

1191

00:46:03,290 --> 00:46:01,619

they're behind it uh in a sense and we

1192

00:46:06,230 --> 00:46:03,300

wouldn't be able to distinguish what

1193

00:46:07,910 --> 00:46:06,240

would be uh natural or unnatural or

1194

00:46:09,589 --> 00:46:07,920

whatever we would as this is all we've

1195

00:46:11,329 --> 00:46:09,599

ever known and that they've designed the

1196

00:46:13,190 --> 00:46:11,339

entire cage

1197

00:46:15,950 --> 00:46:13,200

um and it's not until the cage begins to

1198

00:46:17,390 --> 00:46:15,960

fall apart uh do you start going wait a

1199

00:46:20,569 --> 00:46:17,400

minute like something's off here

1200

00:46:23,809 --> 00:46:20,579

something strange and even then you're

1201
00:46:25,970 --> 00:46:23,819
stepping out into a complete unknown uh

1202
00:46:27,470 --> 00:46:25,980
when you leave that environment it would

1203
00:46:30,230 --> 00:46:27,480
look nothing like what you're used to

1204
00:46:32,089 --> 00:46:30,240
seeing or only approximately like I mean

1205
00:46:33,950 --> 00:46:32,099
this is what we hear right we hear from

1206
00:46:36,290 --> 00:46:33,960
experiencers who are saying this you

1207
00:46:38,990 --> 00:46:36,300
know that that like people who had ndes

1208
00:46:41,450 --> 00:46:39,000
or obes you know it's it's uh it's more

1209
00:46:43,670 --> 00:46:41,460
real than real uh it's uh there's a

1210
00:46:45,890 --> 00:46:43,680
Clarity to experience that that I

1211
00:46:47,870 --> 00:46:45,900
haven't experienced here they don't want

1212
00:46:50,390 --> 00:46:47,880
to come back into their bodies because

1213
00:46:53,089 --> 00:46:50,400

it feels like baggage it feels you know

1214

00:46:55,190 --> 00:46:53,099

just like it weighs them down and you

1215

00:46:57,470 --> 00:46:55,200

can understand why right if you've had

1216

00:46:59,030 --> 00:46:57,480

an experience that has that richness and

1217

00:47:02,210 --> 00:46:59,040

Fidelity why would you want to return to

1218

00:47:04,190 --> 00:47:02,220

something that doesn't and you and I

1219

00:47:06,530 --> 00:47:04,200

have talked about this as well and then

1220

00:47:09,829 --> 00:47:06,540

at this notion of time

1221

00:47:12,770 --> 00:47:09,839

and we often when you're young you think

1222

00:47:15,530 --> 00:47:12,780

a lifetime feels like forever and you

1223

00:47:17,510 --> 00:47:15,540

think if oh if 80 that just seems like

1224

00:47:20,089 --> 00:47:17,520

like he lives in eternity but as you

1225

00:47:22,750 --> 00:47:20,099

start getting closer to that time you

1226

00:47:25,130 --> 00:47:22,760

realize how short it all actually is

1227

00:47:27,170 --> 00:47:25,140

when you watch your kids grow up in the

1228

00:47:28,670 --> 00:47:27,180

blink of an eye you realize it's all so

1229

00:47:30,349 --> 00:47:28,680

very short

1230

00:47:33,109 --> 00:47:30,359

and

1231

00:47:34,790 --> 00:47:33,119

when you compare that shortness to thing

1232

00:47:36,349 --> 00:47:34,800

something like the span of a million or

1233

00:47:38,990 --> 00:47:36,359

100 million years if you're a

1234

00:47:41,450 --> 00:47:39,000

civilization that lives or has lived and

1235

00:47:43,730 --> 00:47:41,460

occupies that space

1236

00:47:45,530 --> 00:47:43,740

this little 80-year sliver is

1237

00:47:48,050 --> 00:47:45,540

essentially zero it's like a rounding

1238

00:47:50,510 --> 00:47:48,060

error you know and and it wouldn't it be

1239

00:47:52,609 --> 00:47:50,520

great if you could condense experience

1240

00:47:54,770 --> 00:47:52,619

and learning into that kind of tiny

1241

00:47:57,349 --> 00:47:54,780

little sliver and say you know what I I

1242

00:47:58,910 --> 00:47:57,359

came out of that experience and uh I'm

1243

00:48:00,710 --> 00:47:58,920

glad I had it because it allowed me to

1244

00:48:01,910 --> 00:48:00,720

fix this and well you know what I still

1245

00:48:05,210 --> 00:48:01,920

got some more work to do throw me back

1246

00:48:06,650 --> 00:48:05,220

back in I'm gonna fix it some more so uh

1247

00:48:08,210 --> 00:48:06,660

you know that's a little bit of a

1248

00:48:11,510 --> 00:48:08,220

tangent there but just I think getting

1249

00:48:13,510 --> 00:48:11,520

into this notion of scope and scale it

1250

00:48:16,309 --> 00:48:13,520

does change the way that we think about

1251

00:48:19,309 --> 00:48:16,319

the phenomena and the edges the borders

1252

00:48:21,050 --> 00:48:19,319

of what we know to be possible uh and

1253

00:48:23,329 --> 00:48:21,060

and it should it should confront us with

1254

00:48:26,030 --> 00:48:23,339

those things because our understanding

1255

00:48:27,770 --> 00:48:26,040

now like it's it's absolutely ridiculous

1256

00:48:30,650 --> 00:48:27,780

to think the way we understand the world

1257

00:48:32,569 --> 00:48:30,660

now is the way that it actually is uh

1258

00:48:34,250 --> 00:48:32,579

yet every generation seems to approach

1259

00:48:35,569 --> 00:48:34,260

it that way and I think that I don't

1260

00:48:37,130 --> 00:48:35,579

know that's just folly or we just

1261

00:48:39,410 --> 00:48:37,140

haven't lived long enough to learn the

1262

00:48:41,270 --> 00:48:39,420

lessons of of the prior generation that

1263

00:48:43,130 --> 00:48:41,280

would tell us otherwise

1264

00:48:46,010 --> 00:48:43,140

right into use your analogy of The

1265

00:48:50,809 --> 00:48:48,890

what's interesting there is that yes the

1266

00:48:53,329 --> 00:48:50,819

Revelation is that wait a second this is

1267

00:48:55,670 --> 00:48:53,339

all a setup you know this is a a false

1268

00:48:57,470 --> 00:48:55,680

world that is just about producing this

1269

00:48:59,450 --> 00:48:57,480

TV show about this guy's life right so

1270

00:49:01,370 --> 00:48:59,460

he thinks that this is all real life

1271

00:49:03,290 --> 00:49:01,380

quote unquote but then he realizes this

1272

00:49:05,870 --> 00:49:03,300

is it's all a stage play basically for

1273

00:49:09,170 --> 00:49:05,880

for people to consume uh for their

1274

00:49:11,450 --> 00:49:09,180

entertainment but in that scenario he's

1275

00:49:13,250 --> 00:49:11,460

basically still entering into a larger

1276

00:49:15,290 --> 00:49:13,260

world that follows the same laws right

1277

00:49:17,510 --> 00:49:15,300

we're talking about heroes of the entire

1278

00:49:20,150 --> 00:49:17,520

thing even the laws quote unquote of

1279

00:49:22,309 --> 00:49:20,160

nature are part of the stage play right

1280

00:49:24,470 --> 00:49:22,319

and that's one thing that academics are

1281

00:49:26,690 --> 00:49:24,480

not asking right that's not that's not a

1282

00:49:28,790 --> 00:49:26,700

question in the scope right but that's

1283

00:49:31,490 --> 00:49:28,800

really what we're getting at here so I

1284

00:49:33,890 --> 00:49:31,500

wanted to bring up some specific cases

1285

00:49:37,130 --> 00:49:33,900

or situations that have been observed by

1286

00:49:39,470 --> 00:49:37,140

experiencers that really do call into

1287

00:49:41,210 --> 00:49:39,480

question whether or not these laws of

1288

00:49:43,910 --> 00:49:41,220

nature might not just be

1289

00:49:46,069 --> 00:49:43,920

part of a rule set of a local kind of

1290

00:49:47,990 --> 00:49:46,079

virtual or simulated reality or a

1291

00:49:50,450 --> 00:49:48,000

construct right

1292

00:49:52,670 --> 00:49:50,460

so for instance

1293

00:49:54,950 --> 00:49:52,680

Joseph Brooks has talked about this this

1294

00:49:56,450 --> 00:49:54,960

notion of perhaps these craft aren't

1295

00:49:59,089 --> 00:49:56,460

actually in the sky sometimes it's just

1296

00:50:01,309 --> 00:49:59,099

a virtual uh representation of a craft

1297

00:50:02,750 --> 00:50:01,319

or like a virtual reality so we've

1298

00:50:05,750 --> 00:50:02,760

talked about this before that sometimes

1299

00:50:07,790 --> 00:50:05,760

when our technology advances we go aha

1300

00:50:11,270 --> 00:50:07,800

that's what the UFO phenomenon is right

1301

00:50:13,849 --> 00:50:11,280

so when we had VR come on on the on this

1302

00:50:15,410 --> 00:50:13,859

on the scene we were like aha then maybe

1303

00:50:17,510 --> 00:50:15,420

that's what that is they wouldn't go

1304

00:50:19,490 --> 00:50:17,520

they wouldn't need to go to the the the

1305

00:50:21,530 --> 00:50:19,500

effort of actually constructing a craft

1306

00:50:23,750 --> 00:50:21,540

and you know calling some engineers and

1307

00:50:25,490 --> 00:50:23,760

some some alien gray injurers put

1308

00:50:27,530 --> 00:50:25,500

together this craft and sent it across

1309

00:50:30,050 --> 00:50:27,540

that you know the expanse of space they

1310

00:50:31,790 --> 00:50:30,060

could just project a virtual reality

1311

00:50:33,290 --> 00:50:31,800

into the sky and that's all it would be

1312

00:50:35,150 --> 00:50:33,300

necessary like like a hologram basically

1313

00:50:37,130 --> 00:50:35,160

right because again the point being that

1314

00:50:39,290 --> 00:50:37,140

it's about changing our Behavior

1315

00:50:42,950 --> 00:50:39,300

making us believe that's a craft more

1316

00:50:47,329 --> 00:50:45,470

but it goes much further than that

1317

00:50:50,630 --> 00:50:47,339

because even Joseph Burks has talked

1318

00:50:53,150 --> 00:50:50,640

about one time one of the Prime

1319

00:50:54,770 --> 00:50:53,160

contactees that he was working with

1320

00:50:58,010 --> 00:50:54,780

saw something up in the corner of the

1321

00:51:01,309 --> 00:50:58,020

room and it was making him tear up

1322

00:51:03,710 --> 00:51:01,319

and so joburg's had this notion just to

1323

00:51:05,750 --> 00:51:03,720

try this speaking of science Close Your

1324

00:51:07,250 --> 00:51:05,760

Eyes the guy closed his eyes and he

1325

00:51:10,250 --> 00:51:07,260

could still see it even with his eyes

1326
00:51:11,930 --> 00:51:10,260
closed so at first you just assume this

1327
00:51:13,370 --> 00:51:11,940
actually is a real

1328
00:51:15,170 --> 00:51:13,380
phenomena

1329
00:51:16,490 --> 00:51:15,180
in the physical world right because why

1330
00:51:18,290 --> 00:51:16,500
would you not believe that because it's

1331
00:51:19,910 --> 00:51:18,300
it's showing up just as anything else

1332
00:51:22,010 --> 00:51:19,920
would in the physical world

1333
00:51:24,230 --> 00:51:22,020
but then he finds when he closes his

1334
00:51:25,670 --> 00:51:24,240
eyes then still there which suggests

1335
00:51:27,470 --> 00:51:25,680
that maybe it's being beamed right into

1336
00:51:29,750 --> 00:51:27,480
his visual cortex or something right

1337
00:51:31,130 --> 00:51:29,760
rather than having to be a translation

1338
00:51:32,390 --> 00:51:31,140

of something actually in the physical

1339

00:51:34,370 --> 00:51:32,400

environment

1340

00:51:35,990 --> 00:51:34,380

but again that that begs the question is

1341

00:51:37,370 --> 00:51:36,000

it even happening at that level I would

1342

00:51:39,470 --> 00:51:37,380

suggest it's even deeper than that

1343

00:51:41,270 --> 00:51:39,480

because that's still working with our

1344

00:51:42,530 --> 00:51:41,280

understanding of biology and Physiology

1345

00:51:44,569 --> 00:51:42,540

and blah blah

1346

00:51:46,250 --> 00:51:44,579

I think it even goes beyond that I think

1347

00:51:49,430 --> 00:51:46,260

that they are working at the the

1348

00:51:52,069 --> 00:51:49,440

substrate of this deeper structure of

1349

00:51:54,410 --> 00:51:52,079

reality from which we get derivative

1350

00:51:57,170 --> 00:51:54,420

things like quantum theory and space

1351
00:52:01,250 --> 00:51:57,180
time right so and that's partly why we

1352
00:52:03,109 --> 00:52:01,260
can see what look like violations of of

1353
00:52:04,130 --> 00:52:03,119
what we understand physics to allow for

1354
00:52:05,690 --> 00:52:04,140
right

1355
00:52:06,890 --> 00:52:05,700
and even personally I've experienced

1356
00:52:08,990 --> 00:52:06,900
this where

1357
00:52:12,410 --> 00:52:09,000
and when this happened to me back in

1358
00:52:14,630 --> 00:52:12,420
2005 I had I hadn't researched the UFO

1359
00:52:16,190 --> 00:52:14,640
phenomenon enough to know that this is

1360
00:52:18,530 --> 00:52:16,200
something that happens so it just sort

1361
00:52:20,569 --> 00:52:18,540
of becomes this anomaly that hangs out

1362
00:52:23,329 --> 00:52:20,579
in some part of your brain where you go

1363
00:52:25,010 --> 00:52:23,339

this thing feel felt real seemed real

1364

00:52:26,510 --> 00:52:25,020

but then why'd these certain things not

1365

00:52:29,150 --> 00:52:26,520

line up like that in other words I had

1366

00:52:31,670 --> 00:52:29,160

no hook to hang that part of the event

1367

00:52:33,650 --> 00:52:31,680

and what I'm speaking to is how my wife

1368

00:52:36,530 --> 00:52:33,660

of the time and myself both saw this

1369

00:52:38,690 --> 00:52:36,540

humanoid entity that passed through a

1370

00:52:40,549 --> 00:52:38,700

wall and back through again

1371

00:52:42,589 --> 00:52:40,559

but what was strange was we'd both

1372

00:52:44,809 --> 00:52:42,599

beheld it which I'm very thankful for

1373

00:52:46,430 --> 00:52:44,819

because that rounds it in reality for

1374

00:52:48,049 --> 00:52:46,440

you when you can corroborate it with a

1375

00:52:50,150 --> 00:52:48,059

witness who also saw it otherwise you

1376
00:52:51,710 --> 00:52:50,160
might think as I said before that it was

1377
00:52:53,630 --> 00:52:51,720
just a dream or some sort of

1378
00:52:56,030 --> 00:52:53,640
hallucination but if you both see it's

1379
00:52:58,010 --> 00:52:56,040
not likely to be Evolution hallucination

1380
00:52:59,809 --> 00:52:58,020
but what's interesting is while we both

1381
00:53:01,549 --> 00:52:59,819
saw it there were some slightly

1382
00:53:04,970 --> 00:53:01,559
different details of what we saw right

1383
00:53:07,010 --> 00:53:04,980
so I mentioned before there was hair and

1384
00:53:08,270 --> 00:53:07,020
she saw the hair blowing I most

1385
00:53:11,210 --> 00:53:08,280
definitely do not remember the hair

1386
00:53:13,069 --> 00:53:11,220
blowing right so why that anomaly like

1387
00:53:15,349 --> 00:53:13,079
it's as if

1388
00:53:17,809 --> 00:53:15,359

two people can experience something but

1389

00:53:19,730 --> 00:53:17,819

they might still get a custom version of

1390

00:53:21,589 --> 00:53:19,740

that experience and at what level of

1391

00:53:23,990 --> 00:53:21,599

reality is that custom experience being

1392

00:53:26,030 --> 00:53:24,000

provided right these are the questions

1393

00:53:28,370 --> 00:53:26,040

that that come into mind when we think

1394

00:53:30,829 --> 00:53:28,380

about how is Academia going to really

1395

00:53:33,530 --> 00:53:30,839

reckon with these issues

1396

00:53:35,569 --> 00:53:33,540

and let's not forget that our Quantum

1397

00:53:37,430 --> 00:53:35,579

science has already pointed out the same

1398

00:53:39,530 --> 00:53:37,440

kind of phenomena right the devil still

1399

00:53:42,109 --> 00:53:39,540

experiment uh you know you have two

1400

00:53:45,410 --> 00:53:42,119

observers one that's observing well a

1401

00:53:48,170 --> 00:53:45,420

wave and and one that is is not a

1402

00:53:50,630 --> 00:53:48,180

particle and

1403

00:53:54,170 --> 00:53:50,640

and it's all based on observation right

1404

00:53:55,970 --> 00:53:54,180

uh and so the the signs are there like

1405

00:53:58,549 --> 00:53:55,980

and they've been there for quite some

1406

00:54:00,470 --> 00:53:58,559

time and you know I think this really

1407

00:54:04,270 --> 00:54:00,480

begs the question and maybe we can spend

1408

00:54:08,450 --> 00:54:04,280

some time on this is you know what

1409

00:54:14,150 --> 00:54:08,460

what evolves in response to this what

1410

00:54:16,970 --> 00:54:14,160

what is the the the new tool set that uh

1411

00:54:19,549 --> 00:54:16,980

should be used to apply to understanding

1412

00:54:21,470 --> 00:54:19,559

this that takes the the best things from

1413

00:54:24,470 --> 00:54:21,480

from science and the scientific method

1414

00:54:27,349 --> 00:54:24,480

uh but adds to it you know other

1415

00:54:29,390 --> 00:54:27,359

elements that that it ignored and kind

1416

00:54:31,910 --> 00:54:29,400

of folds them back in so that we can

1417

00:54:34,490 --> 00:54:31,920

create something new that does provide

1418

00:54:36,290 --> 00:54:34,500

us with some some valuable understanding

1419

00:54:38,630 --> 00:54:36,300

and conclusion so what kind of thoughts

1420

00:54:40,370 --> 00:54:38,640

do you have along those lines

1421

00:54:41,990 --> 00:54:40,380

well speaking of the double slit

1422

00:54:44,270 --> 00:54:42,000

experiment and other kinds of

1423

00:54:46,490 --> 00:54:44,280

experiments that were conducted

1424

00:54:48,470 --> 00:54:46,500

by a Quantum physicists

1425

00:54:51,829 --> 00:54:48,480

what that seems to be suggesting is that

1426
00:54:54,829 --> 00:54:51,839
like you said that the observation plays

1427
00:54:56,750 --> 00:54:54,839
a key role in what ends up seemingly

1428
00:54:58,970 --> 00:54:56,760
manifesting in what we think of as

1429
00:55:01,549 --> 00:54:58,980
physical reality Which flies in the face

1430
00:55:04,309 --> 00:55:01,559
of everything we had thought about the

1431
00:55:05,930 --> 00:55:04,319
natural world before them we assume that

1432
00:55:07,309 --> 00:55:05,940
you know if a tree falls in the forest

1433
00:55:08,930 --> 00:55:07,319
there's nobody there the tree's still

1434
00:55:11,809 --> 00:55:08,940
Falls still makes a sound blah blah blah

1435
00:55:14,990 --> 00:55:11,819
right but but this all gets called into

1436
00:55:17,750 --> 00:55:15,000
question here which on the one hand

1437
00:55:20,450 --> 00:55:17,760
again speaking of our tendency to look

1438
00:55:22,130 --> 00:55:20,460

at new technology that we come across

1439

00:55:23,990 --> 00:55:22,140

where we develop and go aha that's what

1440

00:55:25,970 --> 00:55:24,000

the UFO phenomenon is so some people

1441

00:55:28,250 --> 00:55:25,980

jump on the simulation hypothesis right

1442

00:55:30,230 --> 00:55:28,260

and they say well you wouldn't render a

1443

00:55:31,670 --> 00:55:30,240

tree falling in the forest where no one

1444

00:55:33,829 --> 00:55:31,680

can see it because that's a waste of

1445

00:55:36,410 --> 00:55:33,839

computing power right you'd only only

1446

00:55:39,950 --> 00:55:36,420

when an avatar is be held beholding it

1447

00:55:43,130 --> 00:55:39,960

on the level they're on on the screen so

1448

00:55:45,829 --> 00:55:43,140

you bother using uh your computing power

1449

00:55:48,230 --> 00:55:45,839

to render something right

1450

00:55:49,490 --> 00:55:48,240

now that's that's neat and tidy but

1451

00:55:51,349 --> 00:55:49,500

again I would just suggest to people

1452

00:55:53,450 --> 00:55:51,359

that that's awfully convenient that that

1453

00:55:56,030 --> 00:55:53,460

would mean the UFO phenomenon just

1454

00:55:58,430 --> 00:55:56,040

happens to be you know some version of

1455

00:56:00,410 --> 00:55:58,440

our latest understanding of

1456

00:56:01,849 --> 00:56:00,420

simulation based on what we've developed

1457

00:56:03,589 --> 00:56:01,859

with video games and things right so

1458

00:56:05,990 --> 00:56:03,599

again we're back to that thing about we

1459

00:56:08,750 --> 00:56:06,000

so quickly try to you know lump it into

1460

00:56:11,030 --> 00:56:08,760

whatever technology is Cutting Edge we

1461

00:56:13,190 --> 00:56:11,040

laugh at our ancestors and how they

1462

00:56:14,750 --> 00:56:13,200

talked about like chariots in the sky

1463

00:56:16,970 --> 00:56:14,760

right I'm like why you call it a chariot

1464

00:56:18,530 --> 00:56:16,980

it's a UFO man but it's because that's

1465

00:56:21,170 --> 00:56:18,540

the only notion of vehicles they had

1466

00:56:22,609 --> 00:56:21,180

right so what else are they going to say

1467

00:56:29,930 --> 00:56:22,619

um

1468

00:56:33,170 --> 00:56:29,940

experiments in terms of

1469

00:56:34,970 --> 00:56:33,180

the conscious Observer plays a role but

1470

00:56:36,470 --> 00:56:34,980

what I would suggest is that when you

1471

00:56:38,150 --> 00:56:36,480

took it you take all of this information

1472

00:56:40,970 --> 00:56:38,160

together and I don't just mean

1473

00:56:44,630 --> 00:56:40,980

observations from the UFO phenomena in

1474

00:56:50,089 --> 00:56:48,410

you know research is being done in uh in

1475

00:56:51,609 --> 00:56:50,099

quantum physics how people like I've

1476

00:56:54,470 --> 00:56:51,619

said many many times

1477

00:56:57,170 --> 00:56:54,480

are finding deeper structures of reality

1478

00:56:58,910 --> 00:56:57,180

Beyond space-time so they basically are

1479

00:57:01,010 --> 00:56:58,920

showing that space time we already know

1480

00:57:03,230 --> 00:57:01,020

space-time cannot be fundamental cannot

1481

00:57:06,770 --> 00:57:03,240

be the foundational model from which

1482

00:57:09,290 --> 00:57:06,780

reality uh you know manifests

1483

00:57:11,270 --> 00:57:09,300

and on top of that we're seeing signs of

1484

00:57:13,190 --> 00:57:11,280

beginning to actually test for some

1485

00:57:15,410 --> 00:57:13,200

structure beyond that which is very

1486

00:57:17,510 --> 00:57:15,420

exciting but what this all gets to

1487

00:57:18,730 --> 00:57:17,520

speaking of this thing about the Leia's

1488

00:57:22,010 --> 00:57:18,740

control system

1489

00:57:23,690 --> 00:57:22,020

hypothesis is that perhaps what we

1490

00:57:26,390 --> 00:57:23,700

perceive as the physical world is

1491

00:57:28,670 --> 00:57:26,400

actually a construct designed to serve

1492

00:57:30,349 --> 00:57:28,680

Consciousness not the other way around

1493

00:57:32,270 --> 00:57:30,359

and I say designed to serve

1494

00:57:34,790 --> 00:57:32,280

Consciousness because like The Truman

1495

00:57:37,849 --> 00:57:34,800

Show You could argue that the entire

1496

00:57:39,829 --> 00:57:37,859

construct is set up as a school

1497

00:57:42,049 --> 00:57:39,839

to allow for the evolution of

1498

00:57:43,970 --> 00:57:42,059

Consciousness so you you set up cause

1499

00:57:46,670 --> 00:57:43,980

and effect you set up

1500

00:57:48,170 --> 00:57:46,680

people walking through a world and

1501
00:57:50,569 --> 00:57:48,180
making decisions and seeing the

1502
00:57:53,030 --> 00:57:50,579
consequences of those choices but rather

1503
00:57:55,549 --> 00:57:53,040
than those being actually real quote

1504
00:57:57,530 --> 00:57:55,559
unquote it's more like again the point

1505
00:58:00,109 --> 00:57:57,540
being that they learn through the

1506
00:58:02,030 --> 00:58:00,119
behavior and the felt pressures that are

1507
00:58:03,470 --> 00:58:02,040
applying to them that we all feel in the

1508
00:58:07,309 --> 00:58:03,480
modern world trying to balance various

1509
00:58:09,109 --> 00:58:07,319
things all of that is designed to serve

1510
00:58:12,049 --> 00:58:09,119
the evolution of Consciousness which

1511
00:58:13,670 --> 00:58:12,059
again speaks to the Lays overarching

1512
00:58:15,890 --> 00:58:13,680
theory that he's proposed at different

1513
00:58:18,530 --> 00:58:15,900

points that perhaps

1514

00:58:21,410 --> 00:58:18,540

they have a very specific goal in mind

1515

00:58:23,390 --> 00:58:21,420

and they do just enough while remaining

1516

00:58:24,890 --> 00:58:23,400

mostly out of the picture like The

1517

00:58:28,190 --> 00:58:24,900

Truman Show right he's never supposed to

1518

00:58:29,329 --> 00:58:28,200

see the people behind the scenes

1519

00:58:32,270 --> 00:58:29,339

but

1520

00:58:35,750 --> 00:58:32,280

it's they do just enough the minimal

1521

00:58:37,370 --> 00:58:35,760

required actually to over time adjust

1522

00:58:40,130 --> 00:58:37,380

the trajectory of our entire

1523

00:58:42,470 --> 00:58:40,140

civilization so that's what I think I go

1524

00:58:45,170 --> 00:58:42,480

that's where I go when I think about how

1525

00:58:46,970 --> 00:58:45,180

Consciousness might relate to these

1526

00:58:48,289 --> 00:58:46,980

others and our notion of physical

1527

00:58:51,770 --> 00:58:48,299

reality

1528

00:58:56,990 --> 00:58:54,589

you know and it I guess for me too it

1529

00:58:58,970 --> 00:58:57,000

we've we've gone into this territory

1530

00:59:02,569 --> 00:58:58,980

several times I think as it comes very

1531

00:59:04,609 --> 00:59:02,579

naturally for us but a lot of our

1532

00:59:06,829 --> 00:59:04,619

you know episodes have a have a kind of

1533

00:59:10,010 --> 00:59:06,839

spiritual quality to them and I think

1534

00:59:12,650 --> 00:59:10,020

that's because for us the the real deep

1535

00:59:13,730 --> 00:59:12,660

meaningful Insight of the phenomena is

1536

00:59:16,730 --> 00:59:13,740

this

1537

00:59:18,109 --> 00:59:16,740

notion of conscious development

1538

00:59:20,210 --> 00:59:18,119

um and

1539

00:59:22,549 --> 00:59:20,220

you know I think we can come out on that

1540

00:59:25,130 --> 00:59:22,559

on that equation being really hard on

1541

00:59:26,390 --> 00:59:25,140

technology right like say like we're

1542

00:59:28,210 --> 00:59:26,400

missing the point you know we're

1543

00:59:31,069 --> 00:59:28,220

shooting too much effort on on

1544

00:59:33,650 --> 00:59:31,079

technology and mastering the world

1545

00:59:34,970 --> 00:59:33,660

around us and kind of our fixation on

1546

00:59:37,870 --> 00:59:34,980

the gizmos

1547

00:59:40,370 --> 00:59:37,880

uh while we're you know totally

1548

00:59:42,589 --> 00:59:40,380

impoverished when it comes to our own

1549

00:59:44,030 --> 00:59:42,599

spiritual uh development conscious

1550

00:59:46,430 --> 00:59:44,040

development

1551
00:59:49,010 --> 00:59:46,440
um but I think that there's probably you

1552
00:59:51,770 --> 00:59:49,020
know for being fair uh there's some

1553
00:59:54,710 --> 00:59:51,780
Redemptive meaningful value to learning

1554
00:59:57,049 --> 00:59:54,720
the lessons of both right so there's

1555
00:59:59,270 --> 00:59:57,059
there is something to be said

1556
01:00:00,890 --> 00:59:59,280
um and this came to me just because what

1557
01:00:02,530 --> 01:00:00,900
you just talked about that there's

1558
01:00:06,710 --> 01:00:02,540
something to be said about

1559
01:00:10,490 --> 01:00:06,720
understanding how to uh tweak variables

1560
01:00:12,890 --> 01:00:10,500
and and modify a system and you know

1561
01:00:15,170 --> 01:00:12,900
create something from what you have at

1562
01:00:17,390 --> 01:00:15,180
your disposal in order to obtain a

1563
01:00:19,430 --> 01:00:17,400

desired outcome and that's what

1564

01:00:21,890 --> 01:00:19,440

technology is doing it's what we're

1565

01:00:23,990 --> 01:00:21,900

becoming quite Adept at doing so there's

1566

01:00:27,890 --> 01:00:24,000

some tremendous value in that now if we

1567

01:00:31,010 --> 01:00:27,900

can just conjoin that with the goals of

1568

01:00:33,650 --> 01:00:31,020

of developing our conscious awareness uh

1569

01:00:36,049 --> 01:00:33,660

the breadth depth scope of our of our

1570

01:00:37,490 --> 01:00:36,059

conscious footprint combine these two

1571

01:00:39,770 --> 01:00:37,500

things together and that's really kind

1572

01:00:42,530 --> 01:00:39,780

of what you see happening you know you

1573

01:00:45,349 --> 01:00:42,540

you do see there's this interplay at

1574

01:00:48,049 --> 01:00:45,359

work between uh you know intelligences

1575

01:00:50,990 --> 01:00:48,059

that that that are uh kind of pushing us

1576

01:00:53,450 --> 01:00:51,000

nudging us in this direction of of this

1577

01:00:55,250 --> 01:00:53,460

wider awareness of of our our fellow

1578

01:00:56,569 --> 01:00:55,260

humans and all the other creatures that

1579

01:00:58,010 --> 01:00:56,579

we spend time with here on this planet

1580

01:00:59,270 --> 01:00:58,020

and how we treat them how we treat

1581

01:01:02,930 --> 01:00:59,280

ourselves

1582

01:01:04,549 --> 01:01:02,940

Etc yet also this manipulation of

1583

01:01:06,230 --> 01:01:04,559

certain intelligences on us from a

1584

01:01:08,930 --> 01:01:06,240

technological level you know you kind of

1585

01:01:10,789 --> 01:01:08,940

see these things happening in both in

1586

01:01:13,789 --> 01:01:10,799

from both directions and I think that's

1587

01:01:17,390 --> 01:01:13,799

because those lessons are very much at

1588

01:01:20,390 --> 01:01:17,400

play on every single layer of reality

1589

01:01:23,210 --> 01:01:20,400

that every single layer of development

1590

01:01:26,270 --> 01:01:23,220

for these beings and and for ourselves

1591

01:01:30,049 --> 01:01:26,280

and so we carry these learnings with us

1592

01:01:32,030 --> 01:01:30,059

as we go and uh and we learn as we go to

1593

01:01:34,370 --> 01:01:32,040

like this is the right time to be

1594

01:01:36,829 --> 01:01:34,380

technological and apply a technological

1595

01:01:38,990 --> 01:01:36,839

solution and and this is the wrong time

1596

01:01:41,329 --> 01:01:39,000

for that like yes we could apply a

1597

01:01:43,490 --> 01:01:41,339

technological solution no I could make

1598

01:01:45,470 --> 01:01:43,500

my kids life a whole lot easier by not

1599

01:01:47,210 --> 01:01:45,480

having them do you know whatever chore

1600

01:01:49,549 --> 01:01:47,220

it is around the house that anything to

1601
01:01:51,650 --> 01:01:49,559
do by just giving them a power tool or

1602
01:01:54,829 --> 01:01:51,660
something but it's important that they

1603
01:01:56,210 --> 01:01:54,839
learn the value of that hard work you

1604
01:01:58,069 --> 01:01:56,220
know because it's developing who they

1605
01:02:01,250 --> 01:01:58,079
are as a person and their character Etc

1606
01:02:02,630 --> 01:02:01,260
but you got to balance those things

1607
01:02:04,490 --> 01:02:02,640
um so I don't know that's how I think

1608
01:02:07,069 --> 01:02:04,500
about these issues and I think about how

1609
01:02:09,370 --> 01:02:07,079
I think about how I would combine sort

1610
01:02:13,490 --> 01:02:09,380
of the the kind of spiritual

1611
01:02:16,130 --> 01:02:13,500
uh value and and wisdom of humanity that

1612
01:02:19,309 --> 01:02:16,140
we've inherited from our four four

1613
01:02:22,190 --> 01:02:19,319

parents over many many Millennia and our

1614

01:02:24,230 --> 01:02:22,200

technological uh aptitude like there's

1615

01:02:25,910 --> 01:02:24,240

some beauty in having both of these

1616

01:02:27,170 --> 01:02:25,920

things and we live in a time where maybe

1617

01:02:29,750 --> 01:02:27,180

perhaps

1618

01:02:32,150 --> 01:02:29,760

we if we're successful can we can really

1619

01:02:33,770 --> 01:02:32,160

bring these two things together

1620

01:02:35,750 --> 01:02:33,780

yeah that would be that would be the

1621

01:02:38,150 --> 01:02:35,760

ideal and I would say a couple things

1622

01:02:42,530 --> 01:02:40,730

that tricky place we're in

1623

01:02:44,990 --> 01:02:42,540

but before we get there I just wanted to

1624

01:02:48,410 --> 01:02:45,000

draw people's attention to the fact that

1625

01:02:49,670 --> 01:02:48,420

if it is the case going with this notion

1626

01:02:52,309 --> 01:02:49,680

here that

1627

01:02:54,349 --> 01:02:52,319

but we perceive as physical reality

1628

01:02:56,750 --> 01:02:54,359

and all that entails being a biological

1629

01:02:58,490 --> 01:02:56,760

being with no pressures on you and you

1630

01:02:59,270 --> 01:02:58,500

live for so many decades and then you

1631

01:03:01,190 --> 01:02:59,280

know

1632

01:03:03,349 --> 01:03:01,200

maybe you redo it again and you you

1633

01:03:05,089 --> 01:03:03,359

again go through reincarnation and you

1634

01:03:06,470 --> 01:03:05,099

still have some lessons to learn so you

1635

01:03:07,609 --> 01:03:06,480

go through the same pressures but the

1636

01:03:09,829 --> 01:03:07,619

whole point of it just like when you go

1637

01:03:11,030 --> 01:03:09,839

to the gym and you face resistance when

1638

01:03:14,270 --> 01:03:11,040

you're lifting weight it's to actually

1639

01:03:16,309 --> 01:03:14,280

grow your muscles and in a in a vacuum

1640

01:03:18,650 --> 01:03:16,319

you cannot grow muscles right and so if

1641

01:03:22,190 --> 01:03:18,660

you think about being in between lives

1642

01:03:25,190 --> 01:03:22,200

or being not incarnated right in a a

1643

01:03:27,890 --> 01:03:25,200

state in between that Incarnation then

1644

01:03:30,109 --> 01:03:27,900

you can't really grow your spiritual

1645

01:03:31,730 --> 01:03:30,119

progress because you have nothing

1646

01:03:33,349 --> 01:03:31,740

impression against you that you have to

1647

01:03:35,150 --> 01:03:33,359

respond to that you have to basically

1648

01:03:37,190 --> 01:03:35,160

build strength around

1649

01:03:39,230 --> 01:03:37,200

so if we go with that notion then what's

1650

01:03:41,990 --> 01:03:39,240

very interesting is that we see how in

1651

01:03:43,430 --> 01:03:42,000

many ways it's worked when you look back

1652

01:03:45,230 --> 01:03:43,440

at history

1653

01:03:47,510 --> 01:03:45,240

if it's true that there's been some sort

1654

01:03:49,849 --> 01:03:47,520

of control system in terms of an

1655

01:03:51,589 --> 01:03:49,859

overarching collection perhaps of

1656

01:03:54,470 --> 01:03:51,599

intelligences that are trying to tweak

1657

01:03:56,930 --> 01:03:54,480

things here and there to set the table

1658

01:03:58,970 --> 01:03:56,940

for us to grow and learn around the

1659

01:04:01,910 --> 01:03:58,980

things that matter most you could say

1660

01:04:04,609 --> 01:04:01,920

that we began as a species who

1661

01:04:06,530 --> 01:04:04,619

very often Ward against the tribe that

1662

01:04:08,329 --> 01:04:06,540

was just over the hill right and we saw

1663

01:04:11,390 --> 01:04:08,339

them as other and they we saw them as

1664

01:04:12,829 --> 01:04:11,400

the enemy uh there's even passages in

1665

01:04:14,870 --> 01:04:12,839

the Bible that you can translate from

1666

01:04:17,450 --> 01:04:14,880

the Hebrew that actually call those

1667

01:04:18,470 --> 01:04:17,460

other tribes aliens very interestingly

1668

01:04:20,569 --> 01:04:18,480

right

1669

01:04:22,609 --> 01:04:20,579

I had a friend in high school had a had

1670

01:04:23,630 --> 01:04:22,619

a band called alien and a psycho and it

1671

01:04:27,349 --> 01:04:23,640

was all about this particular

1672

01:04:28,910 --> 01:04:27,359

translation from the Old Testament but

1673

01:04:32,030 --> 01:04:28,920

what I'm getting out there is that we

1674

01:04:33,770 --> 01:04:32,040

went from at first just seeing even the

1675

01:04:36,049 --> 01:04:33,780

same human group over the hill as

1676
01:04:38,329 --> 01:04:36,059
something so different than that and so

1677
01:04:40,250 --> 01:04:38,339
opposed to us and we had to defend

1678
01:04:42,890 --> 01:04:40,260
ourselves against them even if it meant

1679
01:04:44,930 --> 01:04:42,900
like driving them to Extinction we went

1680
01:04:46,549 --> 01:04:44,940
from that to suddenly realizing it's not

1681
01:04:49,250 --> 01:04:46,559
just about my family it's not just about

1682
01:04:51,650 --> 01:04:49,260
my tribe it's not just about my nation

1683
01:04:54,829 --> 01:04:51,660
state or my religious group it's really

1684
01:04:57,770 --> 01:04:54,839
about all of humanity and then we have

1685
01:05:00,890 --> 01:04:57,780
this again a further expansion of this

1686
01:05:03,890 --> 01:05:00,900
sphere of concern and care where we go

1687
01:05:06,230 --> 01:05:03,900
actually animals you know seem to be

1688
01:05:08,450 --> 01:05:06,240

living entities with some sort of

1689

01:05:10,430 --> 01:05:08,460

spiritual capacity

1690

01:05:11,390 --> 01:05:10,440

and we should care for them too we

1691

01:05:13,970 --> 01:05:11,400

shouldn't just treat them like

1692

01:05:16,690 --> 01:05:13,980

Commodities and many many people who

1693

01:05:19,130 --> 01:05:16,700

think about the UFO phenomenon

1694

01:05:20,630 --> 01:05:19,140

also think about the others this way I

1695

01:05:22,849 --> 01:05:20,640

remember hearing George Knapp talking

1696

01:05:24,410 --> 01:05:22,859

about when he heard about this notion of

1697

01:05:26,630 --> 01:05:24,420

this being that had been captured after

1698

01:05:28,670 --> 01:05:26,640

Roswell and was kind of kept in

1699

01:05:30,829 --> 01:05:28,680

confinement George thought of that as

1700

01:05:33,410 --> 01:05:30,839

like he felt sorry for the entity right

1701
01:05:35,210 --> 01:05:33,420
because this is what we naturally do and

1702
01:05:37,549 --> 01:05:35,220
and you know George is also like be a

1703
01:05:39,890 --> 01:05:37,559
vegetarian and really cares what animal

1704
01:05:41,930 --> 01:05:39,900
writes because the point being that this

1705
01:05:43,910 --> 01:05:41,940
has been the trajectory that if this is

1706
01:05:46,370 --> 01:05:43,920
a school if it's set up so that we learn

1707
01:05:48,950 --> 01:05:46,380
about these important principles but who

1708
01:05:50,990 --> 01:05:48,960
we are and the interconnectedness of

1709
01:05:52,910 --> 01:05:51,000
everything and everyone then you could

1710
01:05:54,230 --> 01:05:52,920
say the experiment's working right we

1711
01:05:56,329 --> 01:05:54,240
are actually learning these lessons

1712
01:05:58,490 --> 01:05:56,339
where in many ways I know people

1713
01:06:01,789 --> 01:05:58,500

sometimes when they watch the news just

1714

01:06:05,210 --> 01:06:01,799

get bombarded by negativity and and

1715

01:06:07,849 --> 01:06:05,220

derision and tension constantly but the

1716

01:06:09,710 --> 01:06:07,859

truth is in many ways it's a it's a more

1717

01:06:12,530 --> 01:06:09,720

peaceful world than it used to be on and

1718

01:06:14,809 --> 01:06:12,540

by some measures anyway and most people

1719

01:06:18,710 --> 01:06:14,819

consider

1720

01:06:20,210 --> 01:06:18,720

a much broader sphere in terms of who we

1721

01:06:22,849 --> 01:06:20,220

should be protecting and who we should

1722

01:06:25,730 --> 01:06:22,859

be considering when we make decisions

1723

01:06:28,849 --> 01:06:25,740

so that's working uh to plan you could

1724

01:06:31,510 --> 01:06:28,859

argue the challenge though is that we

1725

01:06:33,410 --> 01:06:31,520

more recently again because of this

1726

01:06:35,029 --> 01:06:33,420

Singularity we seem to be heading

1727

01:06:36,170 --> 01:06:35,039

towards technologically that you and I

1728

01:06:37,010 --> 01:06:36,180

talked about before we went on the Air

1729

01:06:40,549 --> 01:06:37,020

Tonight

1730

01:06:42,829 --> 01:06:40,559

is ramping up so quickly

1731

01:06:47,150 --> 01:06:42,839

and this sheer computational power we're

1732

01:06:49,130 --> 01:06:47,160

now throwing at it is so robust that we

1733

01:06:51,710 --> 01:06:49,140

can't even anymore keep up with it or

1734

01:06:54,289 --> 01:06:51,720

even understand how it's working

1735

01:06:55,789 --> 01:06:54,299

we now are at a place where our

1736

01:06:57,650 --> 01:06:55,799

technological advancement is far

1737

01:07:00,829 --> 01:06:57,660

outpacing our Consciousness advancement

1738

01:07:02,450 --> 01:07:00,839

and in many ways because we've just said

1739

01:07:04,250 --> 01:07:02,460

well hey this seems to be working you

1740

01:07:05,870 --> 01:07:04,260

know we're replying technology and it

1741

01:07:08,329 --> 01:07:05,880

seems to be changing our our

1742

01:07:11,029 --> 01:07:08,339

civilization we kind of are not even

1743

01:07:13,370 --> 01:07:11,039

giving a lot of effort towards

1744

01:07:15,349 --> 01:07:13,380

spiritual growth or these things that

1745

01:07:17,950 --> 01:07:15,359

would matter to like a shamanic culture

1746

01:07:20,690 --> 01:07:17,960

in the past and things like that so

1747

01:07:22,250 --> 01:07:20,700

we're really in a precarious situation

1748

01:07:25,970 --> 01:07:22,260

even when I've heard some people argue

1749

01:07:27,410 --> 01:07:25,980

that we maybe we're at an interesting

1750

01:07:30,170 --> 01:07:27,420

Turning Point

1751

01:07:33,410 --> 01:07:30,180

um a bifurcation moment where some human

1752

01:07:35,210 --> 01:07:33,420

beings will decide am I going to go in

1753

01:07:37,309 --> 01:07:35,220

the cyborg route or am I going to stay

1754

01:07:39,170 --> 01:07:37,319

quote-unquote human right like of course

1755

01:07:41,329 --> 01:07:39,180

we already have many ways that we

1756

01:07:42,710 --> 01:07:41,339

already are changed because of

1757

01:07:44,569 --> 01:07:42,720

Technology but at some point we're going

1758

01:07:46,670 --> 01:07:44,579

to have to make decisions around how

1759

01:07:48,589 --> 01:07:46,680

much do we let technology change our

1760

01:07:52,069 --> 01:07:48,599

biology and

1761

01:07:53,450 --> 01:07:52,079

how might that even impact our energetic

1762

01:07:55,190 --> 01:07:53,460

spiritual core

1763

01:07:56,329 --> 01:07:55,200

by doing that because what we're seeing

1764

01:07:59,750 --> 01:07:56,339

here is we don't really understand

1765

01:08:02,829 --> 01:07:59,760

reality yet so who knows what kind of

1766

01:08:05,569 --> 01:08:02,839

deeper energetic structures we might be

1767

01:08:08,809 --> 01:08:05,579

impacting perhaps in in less than

1768

01:08:10,549 --> 01:08:08,819

advantageous Ways by just putting in a

1769

01:08:12,890 --> 01:08:10,559

brain chip so we can you know Run a

1770

01:08:14,029 --> 01:08:12,900

search engine check in our brain when we

1771

01:08:15,289 --> 01:08:14,039

are thinking about a restaurant rather

1772

01:08:18,169 --> 01:08:15,299

than having to worry about taking out a

1773

01:08:20,269 --> 01:08:18,179

phone right these are are really

1774

01:08:22,550 --> 01:08:20,279

daunting questions that I think our

1775

01:08:24,910 --> 01:08:22,560

civilizations facing

1776

01:08:28,010 --> 01:08:24,920

yeah I'm really glad that you went there

1777

01:08:29,809 --> 01:08:28,020

and and the analogy about you know going

1778

01:08:32,450 --> 01:08:29,819

to the gym Etc is really a good one

1779

01:08:34,729 --> 01:08:32,460

because uh you could Envision a world

1780

01:08:36,769 --> 01:08:34,739

where the you have a personal AI we're

1781

01:08:39,950 --> 01:08:36,779

not far from this now

1782

01:08:42,410 --> 01:08:39,960

and essentially is telling you every how

1783

01:08:45,410 --> 01:08:42,420

to live every moment of your day for

1784

01:08:47,269 --> 01:08:45,420

some sort of optimized function and that

1785

01:08:49,490 --> 01:08:47,279

optimized function is something that you

1786

01:08:52,430 --> 01:08:49,500

determine or Society determines but

1787

01:08:53,630 --> 01:08:52,440

frankly it's it's there's a you're both

1788

01:08:55,490 --> 01:08:53,640

determining you're kind of co-creating

1789

01:08:58,010 --> 01:08:55,500

whatever that optimization happens to be

1790

01:09:01,370 --> 01:08:58,020

or it could be optimized based on the

1791

01:09:03,349 --> 01:09:01,380

goals of the AI for for everyone uh but

1792

01:09:05,450 --> 01:09:03,359

essentially you know at that point

1793

01:09:07,789 --> 01:09:05,460

you're you're just kind of uh executing

1794

01:09:10,430 --> 01:09:07,799

its commands and you're not you've not

1795

01:09:14,630 --> 01:09:10,440

developed on your own the discipline

1796

01:09:16,189 --> 01:09:14,640

that you need uh to you know to do these

1797

01:09:18,769 --> 01:09:16,199

things without its assistance so it's

1798

01:09:20,090 --> 01:09:18,779

it's this uh digital crutch in other

1799

01:09:22,550 --> 01:09:20,100

words

1800

01:09:24,709 --> 01:09:22,560

um that in many ways kinds of It kind of

1801
01:09:27,410 --> 01:09:24,719
stunts you even though it on the surface

1802
01:09:30,530 --> 01:09:27,420
it looks as if it's trying to help you

1803
01:09:32,209 --> 01:09:30,540
uh and so and we we kind of even see

1804
01:09:34,370 --> 01:09:32,219
this with some of the accounts of the

1805
01:09:38,150 --> 01:09:34,380
others right where

1806
01:09:40,789 --> 01:09:38,160
um perhaps there's a a kind of a a grief

1807
01:09:43,130 --> 01:09:40,799
uh on their part that they have gone

1808
01:09:44,749 --> 01:09:43,140
down the same path and they they lack

1809
01:09:47,390 --> 01:09:44,759
something that we have they lack a

1810
01:09:50,930 --> 01:09:47,400
capacity that we have and maybe it's a

1811
01:09:52,910 --> 01:09:50,940
cautionary tale you know that uh that

1812
01:09:56,689 --> 01:09:52,920
they wish they could turn back the clock

1813
01:09:58,550 --> 01:09:56,699

to so to speak and and do differently

1814

01:10:01,250 --> 01:09:58,560

um but I think all of that is at play

1815

01:10:03,830 --> 01:10:01,260

all of that is a play with you know in

1816

01:10:05,570 --> 01:10:03,840

our understanding of this with with what

1817

01:10:08,450 --> 01:10:05,580

what's happening in reality and that's

1818

01:10:10,669 --> 01:10:08,460

that you know you you get many attempts

1819

01:10:13,610 --> 01:10:10,679

at figuring this out there are no

1820

01:10:15,890 --> 01:10:13,620

shortcuts uh so if if you decide to go

1821

01:10:18,110 --> 01:10:15,900

this technological path and it ends with

1822

01:10:20,330 --> 01:10:18,120

the annihilation of your civilization or

1823

01:10:22,669 --> 01:10:20,340

it ends with you know the robotic

1824

01:10:26,030 --> 01:10:22,679

automation of every human being uh into

1825

01:10:28,189 --> 01:10:26,040

doing a certain thing uh there comes a

1826

01:10:30,530 --> 01:10:28,199

point in time where where it's where

1827

01:10:33,189 --> 01:10:30,540

there's a self-realization that that is

1828

01:10:35,689 --> 01:10:33,199

either beneficial or it's not that

1829

01:10:37,910 --> 01:10:35,699

beneficial for the system the the larger

1830

01:10:39,950 --> 01:10:37,920

Consciousness as a whole

1831

01:10:41,450 --> 01:10:39,960

um and so you know when we when we think

1832

01:10:43,790 --> 01:10:41,460

about

1833

01:10:45,410 --> 01:10:43,800

you know what tools to use how to

1834

01:10:48,290 --> 01:10:45,420

approach this problem how to solve

1835

01:10:50,149 --> 01:10:48,300

whatever this thing is uh I think we do

1836

01:10:53,090 --> 01:10:50,159

need to step back and and look at it

1837

01:10:56,209 --> 01:10:53,100

from that larger developmental lens

1838

01:10:59,149 --> 01:10:56,219

right so it's not just a matter of uh

1839

01:11:02,030 --> 01:10:59,159

how can I get some data so that I can

1840

01:11:04,430 --> 01:11:02,040

then you know Master this new you know

1841

01:11:07,189 --> 01:11:04,440

aspect of reality but it's how can I

1842

01:11:09,649 --> 01:11:07,199

understand this and how does it feed

1843

01:11:12,350 --> 01:11:09,659

into and help with the larger

1844

01:11:15,110 --> 01:11:12,360

development of both myself as an

1845

01:11:17,030 --> 01:11:15,120

individual but but but the world right

1846

01:11:19,790 --> 01:11:17,040

if we're not thinking in that scope

1847

01:11:22,010 --> 01:11:19,800

we're not really there yet right because

1848

01:11:24,350 --> 01:11:22,020

the the as we've talked about many times

1849

01:11:27,169 --> 01:11:24,360

like our as our Consciousness develops

1850

01:11:29,630 --> 01:11:27,179

our scope broadens and so if our scope

1851

01:11:31,370 --> 01:11:29,640

is entirely you know narrow to just oh

1852

01:11:32,450 --> 01:11:31,380

this this scientific discovery or

1853

01:11:34,850 --> 01:11:32,460

whatever and it doesn't take into

1854

01:11:36,649 --> 01:11:34,860

consideration how it impacts your

1855

01:11:38,149 --> 01:11:36,659

neighbor how it impacts the the other

1856

01:11:40,189 --> 01:11:38,159

living creatures on the planet our

1857

01:11:41,810 --> 01:11:40,199

ecosystem then then you're kind of

1858

01:11:44,149 --> 01:11:41,820

missing the point

1859

01:11:46,490 --> 01:11:44,159

right and that brings to mind our

1860

01:11:48,530 --> 01:11:46,500

overarching question here around

1861

01:11:51,310 --> 01:11:48,540

how much can science play a role here

1862

01:11:53,870 --> 01:11:51,320

how much can Academia Essence currently

1863

01:11:55,970 --> 01:11:53,880

structured come in and solve some of

1864

01:11:59,209 --> 01:11:55,980

this and answer some questions

1865

01:12:02,390 --> 01:11:59,219

now again one of the assumptions in

1866

01:12:05,149 --> 01:12:02,400

science that was again in opposition to

1867

01:12:07,669 --> 01:12:05,159

what came before right with the

1868

01:12:11,630 --> 01:12:07,679

Christendom was that there really is

1869

01:12:15,770 --> 01:12:11,640

just random factors and it's purposeless

1870

01:12:20,270 --> 01:12:17,930

teleos right there is no sense of this

1871

01:12:22,669 --> 01:12:20,280

heading anywhere it's completely random

1872

01:12:24,350 --> 01:12:22,679

it's purposeless again this is part of

1873

01:12:26,390 --> 01:12:24,360

the the irony of the modern ages we're

1874

01:12:28,669 --> 01:12:26,400

making it more and more comfortable

1875

01:12:31,070 --> 01:12:28,679

to have a purposeless existence right

1876

01:12:33,950 --> 01:12:31,080

and we even talk about extending our

1877

01:12:35,270 --> 01:12:33,960

lifetimes by while sort of like behind

1878

01:12:37,910 --> 01:12:35,280

the scenes admitting that we don't think

1879

01:12:39,830 --> 01:12:37,920

life is about anything right so you know

1880

01:12:41,570 --> 01:12:39,840

what are we doing that for ultimately

1881

01:12:44,030 --> 01:12:41,580

right these these are questions and so

1882

01:12:46,250 --> 01:12:44,040

one of the

1883

01:12:48,950 --> 01:12:46,260

I think Notions that the UFO phenomena

1884

01:12:51,470 --> 01:12:48,960

is confronting us with and not just UFO

1885

01:12:52,970 --> 01:12:51,480

phenomena but General paranormality Psy

1886

01:12:57,290 --> 01:12:52,980

phenomena

1887

01:12:58,910 --> 01:12:57,300

is that perhaps actually what we see in

1888

01:13:01,310 --> 01:12:58,920

these tweaks where we see actually a

1889

01:13:03,830 --> 01:13:01,320

variable seems to have been changed that

1890

01:13:06,050 --> 01:13:03,840

we didn't actually change ourselves it's

1891

01:13:09,050 --> 01:13:06,060

not one of these variables I talked

1892

01:13:10,790 --> 01:13:09,060

about where we're actually consciously

1893

01:13:12,110 --> 01:13:10,800

isolating it and saying we're going to

1894

01:13:14,270 --> 01:13:12,120

tweak this and see how it impacts

1895

01:13:17,030 --> 01:13:14,280

everything else it seems like something

1896

01:13:18,649 --> 01:13:17,040

else someone else is tweaking the

1897

01:13:20,270 --> 01:13:18,659

experiment and the variables before we

1898

01:13:23,209 --> 01:13:20,280

even get a chance to run the experiment

1899

01:13:26,270 --> 01:13:23,219

which again I think should make us think

1900

01:13:27,950 --> 01:13:26,280

about is it possible that

1901

01:13:30,229 --> 01:13:27,960

it's because

1902

01:13:32,330 --> 01:13:30,239

it's trying to lead us in a certain

1903

01:13:34,490 --> 01:13:32,340

direction in other words this kind of

1904

01:13:37,790 --> 01:13:34,500

data should make us question this sense

1905

01:13:41,270 --> 01:13:37,800

that life is purposeless and that the

1906

01:13:44,630 --> 01:13:41,280

cosmos is just the random firing of some

1907

01:13:46,790 --> 01:13:44,640

processes that have no direction and

1908

01:13:48,530 --> 01:13:46,800

there's no intention behind the cosmos

1909

01:13:50,810 --> 01:13:48,540

at all these are the kinds of questions

1910

01:13:52,850 --> 01:13:50,820

I think we should be asking

1911

01:13:55,010 --> 01:13:52,860

I also wanted to bring into mind uh

1912

01:13:57,290 --> 01:13:55,020

bring into the conversation speaking of

1913

01:13:58,970 --> 01:13:57,300

PSI phenomenon one thing that's really

1914

01:14:01,130 --> 01:13:58,980

interesting is we do see some of that

1915

01:14:04,189 --> 01:14:01,140

sometimes where we see almost like a

1916

01:14:07,130 --> 01:14:04,199

pushback from the cosmos when we even

1917

01:14:08,689 --> 01:14:07,140

employed certain psychic capacities so

1918

01:14:10,370 --> 01:14:08,699

to give you an example

1919

01:14:13,010 --> 01:14:10,380

one of the things been that's been tried

1920

01:14:17,570 --> 01:14:13,020

and I think even helped put off and and

1921

01:14:20,030 --> 01:14:17,580

some people at SRI uh worked on some

1922

01:14:21,649 --> 01:14:20,040

pre-cognition experiments and they

1923

01:14:23,689 --> 01:14:21,659

actually Russell tart was another one I

1924

01:14:25,250 --> 01:14:23,699

think and they would actually invest in

1925

01:14:27,649 --> 01:14:25,260

the stock market based on these

1926

01:14:29,209 --> 01:14:27,659

precognitive sensors that people would

1927

01:14:31,610 --> 01:14:29,219

get right so they would identify people

1928

01:14:33,770 --> 01:14:31,620

who had really astounding capacity

1929

01:14:36,830 --> 01:14:33,780

around SCI phenomena and specifically

1930

01:14:38,209 --> 01:14:36,840

pre-cognition knowing knowing the future

1931

01:14:39,890 --> 01:14:38,219

and they would basically make

1932

01:14:42,470 --> 01:14:39,900

predictions about what stock market was

1933

01:14:44,870 --> 01:14:42,480

going to do tomorrow or next week and

1934

01:14:49,070 --> 01:14:44,880

what's interesting is initially they did

1935

01:14:52,970 --> 01:14:51,169

it seemed to be working it seemed to me

1936

01:14:55,189 --> 01:14:52,980

that they could you know again as we

1937

01:14:57,290 --> 01:14:55,199

said before one of the revelations of

1938

01:14:59,750 --> 01:14:57,300

all this phenomena is that seemingly

1939

01:15:02,470 --> 01:14:59,760

there are no secrets in space and time

1940

01:15:04,490 --> 01:15:02,480

whatsoever right so that therefore

1941

01:15:06,169 --> 01:15:04,500

suggests that you could know what's

1942

01:15:08,149 --> 01:15:06,179

happening on the stock market next week

1943

01:15:10,550 --> 01:15:08,159

right and then get rich because of it

1944

01:15:13,149 --> 01:15:10,560

right what's interesting is that while

1945

01:15:15,410 --> 01:15:13,159

initially they did do really really well

1946

01:15:18,890 --> 01:15:15,420

eventually began to fall off a little

1947

01:15:20,149 --> 01:15:18,900

bit and that you know raises all sorts

1948

01:15:22,490 --> 01:15:20,159

of questions

1949

01:15:24,709 --> 01:15:22,500

and why would that be happening why

1950

01:15:26,570 --> 01:15:24,719

would you see a really robust response

1951

01:15:29,090 --> 01:15:26,580

at first that's demonstrable and then

1952

01:15:30,649 --> 01:15:29,100

see a falloff there's a couple things

1953

01:15:32,510 --> 01:15:30,659

that came to mind are that they've been

1954

01:15:34,070 --> 01:15:32,520

suggested because of that speaking of

1955

01:15:36,590 --> 01:15:34,080

trying to scientifically understand that

1956

01:15:38,030 --> 01:15:36,600

one is that when you have strong

1957

01:15:40,310 --> 01:15:38,040

emotional

1958

01:15:42,530 --> 01:15:40,320

overlay and this comes to that question

1959

01:15:44,330 --> 01:15:42,540

you raised about some of these others

1960

01:15:46,310 --> 01:15:44,340

and how they kind of deliberately bred

1961

01:15:48,169 --> 01:15:46,320

themselves away from emotion

1962

01:15:50,030 --> 01:15:48,179

this would be again a positive reason

1963

01:15:51,530 --> 01:15:50,040

why you might want to do that is that

1964

01:15:53,090 --> 01:15:51,540

when our emotion gets involved like hey

1965

01:15:54,890 --> 01:15:53,100

I want to get rich man and I don't want

1966

01:15:56,810 --> 01:15:54,900

to lose money right so you've got now

1967

01:15:59,930 --> 01:15:56,820

this emotional overlay

1968

01:16:02,390 --> 01:15:59,940

on top of the the clean mirror of trying

1969

01:16:04,070 --> 01:16:02,400

to see into the future and when that's

1970

01:16:05,570 --> 01:16:04,080

the case what we've seen in these

1971

01:16:06,410 --> 01:16:05,580

experiments is that they don't go as

1972

01:16:09,790 --> 01:16:06,420

well

1973

01:16:12,050 --> 01:16:09,800

that if you are trying to even

1974

01:16:13,910 --> 01:16:12,060

psychically tune into someone that

1975

01:16:15,649 --> 01:16:13,920

you're close to there might be more

1976

01:16:17,630 --> 01:16:15,659

interference because of your relational

1977

01:16:18,950 --> 01:16:17,640

overlay than if you were looking to

1978

01:16:21,770 --> 01:16:18,960

someone that was a complete stranger

1979

01:16:23,570 --> 01:16:21,780

which kind of goes against our intuition

1980

01:16:24,830 --> 01:16:23,580

but that seems to be what what is borne

1981

01:16:27,890 --> 01:16:24,840

out in the data

1982

01:16:30,649 --> 01:16:27,900

so so this is interesting and you think

1983

01:16:32,450 --> 01:16:30,659

about even in terms of science again uh

1984

01:16:34,970 --> 01:16:32,460

there's this uh this phenomena called

1985

01:16:37,370 --> 01:16:34,980

regression to the mean so this is the

1986

01:16:38,689 --> 01:16:37,380

notion that even if you see astounding

1987

01:16:41,410 --> 01:16:38,699

results

1988

01:16:44,149 --> 01:16:41,420

it should fall back towards the average

1989

01:16:45,530 --> 01:16:44,159

that's basically how things remain

1990

01:16:48,050 --> 01:16:45,540

predictable right we have this kind of

1991

01:16:50,229 --> 01:16:48,060

bell curve kind of thing so as a as an

1992

01:16:53,030 --> 01:16:50,239

example here Michael Jordan was this

1993

01:16:54,169 --> 01:16:53,040

insanely talented basketball player

1994

01:16:56,990 --> 01:16:54,179

right

1995

01:16:59,209 --> 01:16:57,000

and he had sons who ended up being

1996

01:17:00,770 --> 01:16:59,219

basketball players but not surprisingly

1997

01:17:02,750 --> 01:17:00,780

they weren't nearly as good as their dad

1998

01:17:04,850 --> 01:17:02,760

was because he was so above the mean

1999

01:17:06,229 --> 01:17:04,860

that even though they were pretty good

2000

01:17:07,790 --> 01:17:06,239

and I think one of them managed to get

2001

01:17:10,550 --> 01:17:07,800

into the NBA but didn't last that long

2002

01:17:12,290 --> 01:17:10,560

because it's it's that's what happens

2003

01:17:14,390 --> 01:17:12,300

you kind of have this regression to the

2004

01:17:16,550 --> 01:17:14,400

mean this is part of what we notice with

2005

01:17:18,169 --> 01:17:16,560

scientific studies

2006

01:17:19,970 --> 01:17:18,179

so that could also be what's going on

2007

01:17:21,729 --> 01:17:19,980

here right that these these PSI

2008

01:17:24,770 --> 01:17:21,739

experiments even to the stock market

2009

01:17:26,930 --> 01:17:24,780

it's almost like

2010

01:17:28,490 --> 01:17:26,940

you could even argue again because one

2011

01:17:30,290 --> 01:17:28,500

of the assumptions in science is that

2012

01:17:31,970 --> 01:17:30,300

there is nothing pushing back right

2013

01:17:34,610 --> 01:17:31,980

there is nothing trying to tweak the

2014

01:17:36,290 --> 01:17:34,620

dials besides us right but what we might

2015

01:17:37,430 --> 01:17:36,300

see in these kinds of situations is

2016

01:17:40,189 --> 01:17:37,440

actually

2017

01:17:43,310 --> 01:17:40,199

even the conscious Cosmos itself saying

2018

01:17:45,830 --> 01:17:43,320

oh I noticed now that you're trying to

2019

01:17:47,750 --> 01:17:45,840

impact reality in this way

2020

01:17:50,209 --> 01:17:47,760

there's going to be a response and and

2021

01:17:51,950 --> 01:17:50,219

this could even be some new scientific

2022

01:17:53,870 --> 01:17:51,960

fact that we can discover actually that

2023

01:17:55,250 --> 01:17:53,880

we find that there's actually a kind of

2024

01:17:57,950 --> 01:17:55,260

regression to the mean here but it's

2025

01:17:59,810 --> 01:17:57,960

actually not just a random process it's

2026

01:18:01,910 --> 01:17:59,820

actually some sort of

2027

01:18:03,590 --> 01:18:01,920

function built into the nature of what

2028

01:18:06,050 --> 01:18:03,600

we consider physical reality which again

2029

01:18:08,270 --> 01:18:06,060

I would still say is still derivative of

2030

01:18:10,070 --> 01:18:08,280

some deeper structure in Consciousness

2031

01:18:11,630 --> 01:18:10,080

but these are the kind of things I think

2032

01:18:13,669 --> 01:18:11,640

about when I think about the revelations

2033

01:18:15,229 --> 01:18:13,679

of PSI phenomena which again what's

2034

01:18:17,330 --> 01:18:15,239

interesting there is we actually have

2035

01:18:19,729 --> 01:18:17,340

been able to test it and some

2036

01:18:21,770 --> 01:18:19,739

interesting and intriguing Avenues I

2037

01:18:23,450 --> 01:18:21,780

think we should pursue further uh have

2038

01:18:24,770 --> 01:18:23,460

come about as a result

2039

01:18:29,570 --> 01:18:24,780

thank you

2040

01:18:31,090 --> 01:18:29,580

yeah that a dynamic response uh to our

2041

01:18:34,490 --> 01:18:31,100

our actions

2042

01:18:38,390 --> 01:18:34,500

for a purpose that we may be

2043

01:18:41,209 --> 01:18:38,400

blind to or or becoming slowly aware of

2044

01:18:44,270 --> 01:18:41,219

right that's uh what seems to be at work

2045

01:18:45,830 --> 01:18:44,280

then it is responsive

2046

01:18:47,450 --> 01:18:45,840

um and that that is what you would

2047

01:18:49,850 --> 01:18:47,460

expect if you're engaged with an

2048

01:18:52,430 --> 01:18:49,860

intelligence uh in the way that we seem

2049

01:18:54,649 --> 01:18:52,440

to be then that's exactly what you would

2050

01:18:58,310 --> 01:18:54,659

expect to see you know you would see

2051

01:19:00,530 --> 01:18:58,320

this kind of uh you know dynamism at

2052

01:19:02,630 --> 01:19:00,540

work just like you do in a relationship

2053

01:19:04,550 --> 01:19:02,640

that you have with anyone that you know

2054

01:19:06,950 --> 01:19:04,560

you're putting forth an idea you're

2055

01:19:08,570 --> 01:19:06,960

behaving in a certain way uh they're

2056

01:19:11,990 --> 01:19:08,580

trying to create a relationship with you

2057

01:19:13,970 --> 01:19:12,000

and you know as a result no they're

2058

01:19:16,430 --> 01:19:13,980

providing feedback and and that feedback

2059

01:19:18,050 --> 01:19:16,440

sometimes can be very positive hey you

2060

01:19:20,510 --> 01:19:18,060

know the way you handled this or did

2061

01:19:22,430 --> 01:19:20,520

this was great I appreciate that do that

2062

01:19:24,890 --> 01:19:22,440

do that do more of that that's good for

2063

01:19:26,990 --> 01:19:24,900

for our relationship together

2064

01:19:28,550 --> 01:19:27,000

um hey what you did there wasn't great

2065

01:19:30,649 --> 01:19:28,560

um if you you know would not do that

2066

01:19:33,050 --> 01:19:30,659

again that would be that'd be great so a

2067

01:19:36,470 --> 01:19:33,060

relationship can can grow and change in

2068

01:19:38,270 --> 01:19:36,480

ways that are you know the benefit us

2069

01:19:40,010 --> 01:19:38,280

um yeah I mean that I think we we see a

2070

01:19:42,110 --> 01:19:40,020

lot of evidence for that

2071

01:19:43,250 --> 01:19:42,120

um you know I wondered too if like as we

2072

01:19:44,870 --> 01:19:43,260

kind of come to the close of this

2073

01:19:46,729 --> 01:19:44,880

episode maybe we can touch on just a

2074

01:19:48,290 --> 01:19:46,739

little bit and and quite frankly this

2075

01:19:50,689 --> 01:19:48,300

might be an entire episode on its own

2076

01:19:54,490 --> 01:19:50,699

but you know and that that is the the

2077

01:19:57,950 --> 01:19:54,500

the emerging power of AI

2078

01:20:00,410 --> 01:19:57,960

and you know as a tool uh as something

2079

01:20:02,750 --> 01:20:00,420

that we can use to you know kind of gain

2080

01:20:06,290 --> 01:20:02,760

more Mastery of the world do you think

2081

01:20:10,669 --> 01:20:06,300

that it will what is ai's potential in

2082

01:20:13,430 --> 01:20:10,679

your mind for exposing uh you know kind

2083

01:20:16,970 --> 01:20:13,440

of what is it what does it play here uh

2084

01:20:19,729 --> 01:20:16,980

either either overtly uh will AI in

2085

01:20:22,370 --> 01:20:19,739

other words kind of uh tell us that

2086

01:20:24,649 --> 01:20:22,380

after scouring all this information it's

2087

01:20:26,630 --> 01:20:24,659

identified this giant blind spot that we

2088

01:20:29,090 --> 01:20:26,640

didn't even know about that's one way it

2089

01:20:32,090 --> 01:20:29,100

might go about it or maybe indirectly

2090

01:20:34,310 --> 01:20:32,100

like so uh AI kind of and the way it

2091

01:20:37,610 --> 01:20:34,320

presents uh solutions to us or whatnot

2092

01:20:41,270 --> 01:20:37,620

might and it's in its Behavior reveal to

2093

01:20:44,149 --> 01:20:41,280

us more about what makes us special in

2094

01:20:46,790 --> 01:20:44,159

contrast to what it is doing and that

2095

01:20:48,770 --> 01:20:46,800

might be a hint at what is out there

2096

01:20:51,410 --> 01:20:48,780

beyond our current sphere of awareness

2097

01:20:53,270 --> 01:20:51,420

what are your thoughts on that yeah

2098

01:20:55,490 --> 01:20:53,280

great questions and absolutely that's

2099

01:20:56,689 --> 01:20:55,500

that's an episode on its own but yeah

2100

01:20:57,770 --> 01:20:56,699

let's let's touch on some of the

2101
01:20:59,570 --> 01:20:57,780
highlights

2102
01:21:01,430 --> 01:20:59,580
you know one thing that has occurred to

2103
01:21:03,290 --> 01:21:01,440
me recently and I've talked to different

2104
01:21:06,350 --> 01:21:03,300
people about this

2105
01:21:08,450 --> 01:21:06,360
and I was a guest on a show that Jay

2106
01:21:12,050 --> 01:21:08,460
Christopher King hosts on the

2107
01:21:14,390 --> 01:21:12,060
experienter group community and one of

2108
01:21:16,790 --> 01:21:14,400
the questions that came up was about AI

2109
01:21:18,110 --> 01:21:16,800
and I mentioned how we see some

2110
01:21:21,110 --> 01:21:18,120
interesting

2111
01:21:22,729 --> 01:21:21,120
parallels I would suggest between what

2112
01:21:23,930 --> 01:21:22,739
you might call ancient Technologies like

2113
01:21:25,729 --> 01:21:23,940

Tarot

2114

01:21:27,709 --> 01:21:25,739
and what we see with AI

2115

01:21:29,810 --> 01:21:27,719
so I want to remind people that when I

2116

01:21:32,090 --> 01:21:29,820
was at the Monroe Institute for this

2117

01:21:34,070 --> 01:21:32,100
private retreat last year

2118

01:21:36,950 --> 01:21:34,080
one of the things we did was we went out

2119

01:21:38,110 --> 01:21:36,960
into a meadow and we practiced C5 right

2120

01:21:41,270 --> 01:21:38,120
we sort of

2121

01:21:44,030 --> 01:21:41,280
joined uh together in this intention

2122

01:21:45,530 --> 01:21:44,040
that craft or phenomena would manifest

2123

01:21:47,689 --> 01:21:45,540
in the sky right

2124

01:21:49,370 --> 01:21:47,699
and while we were doing that there's

2125

01:21:51,890 --> 01:21:49,380
some staff at the Monroe Institute that

2126
01:21:54,890 --> 01:21:51,900
are ongoingly applying the scientific

2127
01:21:57,229 --> 01:21:54,900
method they're trying to test things and

2128
01:21:59,750 --> 01:21:57,239
present hypotheses and see if they can

2129
01:22:02,030 --> 01:21:59,760
get reproducible results so they can see

2130
01:22:05,090 --> 01:22:02,040
if their hypothesis is borne out as true

2131
01:22:07,010 --> 01:22:05,100
so one of the things we did was or they

2132
01:22:09,649 --> 01:22:07,020
did was the one of these guys that's an

2133
01:22:11,630 --> 01:22:09,659
employee at the Monroe Institute set up

2134
01:22:12,470 --> 01:22:11,640
a random number generator on the side of

2135
01:22:14,330 --> 01:22:12,480
the Hill

2136
01:22:17,570 --> 01:22:14,340
next to the meadow where we were

2137
01:22:20,270 --> 01:22:17,580
conducting the C5 experiment and what's

2138
01:22:22,370 --> 01:22:20,280

very interesting is that not only did

2139

01:22:25,729 --> 01:22:22,380

sure enough the random number generator

2140

01:22:27,169 --> 01:22:25,739

become less random at the time when the

2141

01:22:29,030 --> 01:22:27,179

phenomena showed up in the sky because

2142

01:22:30,590 --> 01:22:29,040

as I've mentioned before on each night

2143

01:22:32,930 --> 01:22:30,600

we did see things

2144

01:22:36,169 --> 01:22:32,940

and you can call it on film

2145

01:22:38,270 --> 01:22:36,179

but it even went less random when we

2146

01:22:40,250 --> 01:22:38,280

were just implying applying intention

2147

01:22:43,189 --> 01:22:40,260

shared intention right so we were

2148

01:22:45,169 --> 01:22:43,199

developing this coherent field of

2149

01:22:49,310 --> 01:22:45,179

intentionality with our Consciousness

2150

01:22:51,530 --> 01:22:49,320

alone right and that alone was enough to

2151

01:22:53,149 --> 01:22:51,540

show an impact in the results of this

2152

01:22:55,430 --> 01:22:53,159

random number generator now again

2153

01:22:58,910 --> 01:22:55,440

according to physicalism that should not

2154

01:23:01,790 --> 01:22:58,920

happen there is no mechanism within the

2155

01:23:04,490 --> 01:23:01,800

understanding of physicalism that could

2156

01:23:05,930 --> 01:23:04,500

impact that in any way you know my

2157

01:23:08,510 --> 01:23:05,940

Consciousness is supposed to be within

2158

01:23:10,130 --> 01:23:08,520

my skull yours within your skull and

2159

01:23:11,990 --> 01:23:10,140

certainly not only are those not

2160

01:23:13,790 --> 01:23:12,000

supposed to mix if we're sitting in a

2161

01:23:16,130 --> 01:23:13,800

meadow in the middle of the night trying

2162

01:23:17,510 --> 01:23:16,140

to manifest craft in the sky but it's

2163

01:23:19,130 --> 01:23:17,520

certainly not supposed to like be able

2164

01:23:20,810 --> 01:23:19,140

to travel across the grass up the hill

2165

01:23:21,770 --> 01:23:20,820

and somehow impact the random number

2166

01:23:23,570 --> 01:23:21,780

generator

2167

01:23:25,130 --> 01:23:23,580

and yes that in the that's what we see

2168

01:23:27,470 --> 01:23:25,140

so clearly this is saying something

2169

01:23:29,810 --> 01:23:27,480

about our Notions of reality are

2170

01:23:32,450 --> 01:23:29,820

incomplete perhaps even woefully

2171

01:23:33,709 --> 01:23:32,460

misguided

2172

01:23:35,750 --> 01:23:33,719

but getting back to what I was saying

2173

01:23:37,430 --> 01:23:35,760

about ancient Technologies like tarot

2174

01:23:39,410 --> 01:23:37,440

and I call it a technology I want to be

2175

01:23:40,970 --> 01:23:39,420

clear about this because

2176

01:23:43,310 --> 01:23:40,980

some people might look at that again

2177

01:23:44,470 --> 01:23:43,320

with a scientific mindset right a

2178

01:23:47,030 --> 01:23:44,480

typical

2179

01:23:48,709 --> 01:23:47,040

rationalist perspective and say

2180

01:23:50,330 --> 01:23:48,719

I mean this is people just reading into

2181

01:23:52,790 --> 01:23:50,340

things right I mean they they randomly

2182

01:23:55,250 --> 01:23:52,800

pull off cards and they they use their

2183

01:23:56,930 --> 01:23:55,260

subconscious to perhaps come up with

2184

01:23:59,090 --> 01:23:56,940

some interesting ideas about what

2185

01:24:00,590 --> 01:23:59,100

Universe was trying to tell them and I

2186

01:24:02,270 --> 01:24:00,600

used to believe that when I had kind of

2187

01:24:05,270 --> 01:24:02,280

a rationalist perspective

2188

01:24:07,729 --> 01:24:05,280

but what I've actually found since I've

2189

01:24:09,470 --> 01:24:07,739

changed my perspective on reality which

2190

01:24:12,169 --> 01:24:09,480

is interesting in itself because as you

2191

01:24:15,169 --> 01:24:12,179

change your perspective on reality you

2192

01:24:17,510 --> 01:24:15,179

begin to notice it seem to be feeding

2193

01:24:19,430 --> 01:24:17,520

back to you some different results or

2194

01:24:21,290 --> 01:24:19,440

different experiences of reality

2195

01:24:22,850 --> 01:24:21,300

as we've said before when your worldview

2196

01:24:26,270 --> 01:24:22,860

changes not only do you see the world

2197

01:24:28,790 --> 01:24:26,280

differently but the world is different

2198

01:24:30,850 --> 01:24:28,800

so with tarot what I would suggest is

2199

01:24:33,290 --> 01:24:30,860

actually happening is somehow we are

2200

01:24:37,070 --> 01:24:33,300

interacting with the conscious Cosmos

2201

01:24:39,050 --> 01:24:37,080

itself and it is actually giving us some

2202

01:24:40,370 --> 01:24:39,060

kind of information just like we talked

2203

01:24:42,169 --> 01:24:40,380

about in the channeling episode right

2204

01:24:44,510 --> 01:24:42,179

information it seems to be coming in

2205

01:24:47,390 --> 01:24:44,520

beyond the parameters of space-time and

2206

01:24:49,070 --> 01:24:47,400

without being obtained through our usual

2207

01:24:50,689 --> 01:24:49,080

five senses

2208

01:24:52,189 --> 01:24:50,699

so we already see that happening with

2209

01:24:54,290 --> 01:24:52,199

turo I think anybody who really has

2210

01:24:56,030 --> 01:24:54,300

spent a lot of time with cheroa and

2211

01:24:58,010 --> 01:24:56,040

those kinds of ancient Technologies they

2212

01:25:00,350 --> 01:24:58,020

see that actually somehow they're

2213

01:25:02,630 --> 01:25:00,360

getting valid information that's useful

2214

01:25:04,430 --> 01:25:02,640

that's that's applicable the same way

2215

01:25:07,430 --> 01:25:04,440

that a shaman going out and figuring out

2216

01:25:09,169 --> 01:25:07,440

which directions we go to find food

2217

01:25:10,850 --> 01:25:09,179

tomorrow right they got really

2218

01:25:12,890 --> 01:25:10,860

actionable information otherwise they

2219

01:25:14,450 --> 01:25:12,900

wouldn't have done it right and they

2220

01:25:16,310 --> 01:25:14,460

kept the tribe alive

2221

01:25:19,550 --> 01:25:16,320

well I would suggest in the same way

2222

01:25:22,070 --> 01:25:19,560

that somehow A.I we see evidence already

2223

01:25:24,229 --> 01:25:22,080

that AI is also somehow

2224

01:25:26,689 --> 01:25:24,239

interacting with the conscious Cosmos

2225

01:25:28,130 --> 01:25:26,699

and that this may even be part of why

2226

01:25:29,510 --> 01:25:28,140

some of the results are coming out the

2227

01:25:32,030 --> 01:25:29,520

way they are

2228

01:25:33,950 --> 01:25:32,040

so in the same way that intentionality

2229

01:25:35,870 --> 01:25:33,960

and Consciousness can impact a random

2230

01:25:38,390 --> 01:25:35,880

number generator so too can

2231

01:25:40,610 --> 01:25:38,400

Consciousness impact Ai and the

2232

01:25:42,350 --> 01:25:40,620

algorithms but not necessarily just

2233

01:25:45,530 --> 01:25:42,360

human consciousness this is the point

2234

01:25:48,169 --> 01:25:45,540

right we may now have developed tools

2235

01:25:50,450 --> 01:25:48,179

that are at such a level that now these

2236

01:25:52,850 --> 01:25:50,460

other intelligences can say okay now we

2237

01:25:55,010 --> 01:25:52,860

can enter The Fray and through some of

2238

01:25:57,169 --> 01:25:55,020

this AI Direct

2239

01:25:59,030 --> 01:25:57,179

it's another another mechanism by which

2240

01:26:01,610 --> 01:25:59,040

our civilization can be shaped right

2241

01:26:03,169 --> 01:26:01,620

going by the control system hypothesis

2242

01:26:05,270 --> 01:26:03,179

again and that that could be good or bad

2243

01:26:06,229 --> 01:26:05,280

right depending on which intelligence it

2244

01:26:08,149 --> 01:26:06,239

is

2245

01:26:11,390 --> 01:26:08,159

but you know these these are the things

2246

01:26:13,669 --> 01:26:11,400

to keep in mind in terms of AI not just

2247

01:26:16,370 --> 01:26:13,679

being necessarily pure computational

2248

01:26:19,669 --> 01:26:16,380

power right it's it's also about how is

2249

01:26:21,709 --> 01:26:19,679

how does Consciousness interface with

2250

01:26:23,830 --> 01:26:21,719

technology right

2251

01:26:26,870 --> 01:26:23,840

so yeah these are things to keep in mind

2252

01:26:28,070 --> 01:26:26,880

and you know in terms of your other

2253

01:26:30,470 --> 01:26:28,080

question

2254

01:26:31,970 --> 01:26:30,480

around will we see some sort of

2255

01:26:34,669 --> 01:26:31,980

Distinction finally and actually see

2256

01:26:36,530 --> 01:26:34,679

that AI will never be conscious the way

2257

01:26:38,510 --> 01:26:36,540

that we are I would suggest yes

2258

01:26:40,010 --> 01:26:38,520

absolutely and people like Bernardo

2259

01:26:42,649 --> 01:26:40,020

Castro have talked a lot about this and

2260

01:26:44,149 --> 01:26:42,659

he's a computer scientist who also was a

2261

01:26:46,010 --> 01:26:44,159

physicist who worked with CERN so he

2262

01:26:48,110 --> 01:26:46,020

knows what he's talking about and what

2263

01:26:50,450 --> 01:26:48,120

he sees is that we can

2264

01:26:53,209 --> 01:26:50,460

throw as much computational power as we

2265

01:26:54,890 --> 01:26:53,219

want at at this but that alone is not

2266

01:26:58,030 --> 01:26:54,900

going to create conscious experience in

2267

01:27:00,169 --> 01:26:58,040

the same way that we we experience it

2268

01:27:03,410 --> 01:27:00,179

yeah and I think that would be quite

2269

01:27:07,010 --> 01:27:03,420

profound right something that um

2270

01:27:09,770 --> 01:27:07,020

is so incredibly capable yet is clearly

2271

01:27:11,090 --> 01:27:09,780

still distinguishable from The Human

2272

01:27:13,070 --> 01:27:11,100

Experience

2273

01:27:14,990 --> 01:27:13,080

uh and I think

2274

01:27:18,229 --> 01:27:15,000

you know kind of Landing

2275

01:27:20,629 --> 01:27:18,239

where we probably should and that's even

2276

01:27:23,689 --> 01:27:20,639

more the importance of using one's

2277

01:27:26,750 --> 01:27:23,699

discernment uh When approaching this

2278

01:27:28,729 --> 01:27:26,760

topic or using these tools or trying to

2279

01:27:31,850 --> 01:27:28,739

digest the information that is happening

2280

01:27:33,649 --> 01:27:31,860

with respect to additional disclosure

2281

01:27:36,890 --> 01:27:33,659

elements that are that are coming

2282

01:27:40,189 --> 01:27:36,900

forward uh you know taking that broad

2283

01:27:42,709 --> 01:27:40,199

view feeling out you know what is that

2284

01:27:44,510 --> 01:27:42,719

what does it play here and what is on

2285

01:27:46,669 --> 01:27:44,520

the surface and what is it what is

2286

01:27:48,590 --> 01:27:46,679

deeper than the surface level because I

2287

01:27:50,209 --> 01:27:48,600

think the Temptation and and I think you

2288

01:27:51,590 --> 01:27:50,219

and I we talk about this often you know

2289

01:27:55,250 --> 01:27:51,600

we see that because we see this every

2290

01:27:57,830 --> 01:27:55,260

day the Temptation is to really just I

2291

01:28:01,729 --> 01:27:57,840

think consume that surface layer of of

2292

01:28:03,530 --> 01:28:01,739

uh of excitement or uh whenever it is

2293

01:28:06,050 --> 01:28:03,540

that we're we're hungering and hankering

2294

01:28:08,390 --> 01:28:06,060

for uh and and let that be the entire

2295

01:28:11,330 --> 01:28:08,400

meal right and and that that's that's

2296

01:28:14,030 --> 01:28:11,340

missing the point that there is a a much

2297

01:28:18,709 --> 01:28:14,040

more satisfying meaningful deeper layer

2298

01:28:21,830 --> 01:28:18,719

at work here that that is is the entire

2299

01:28:23,870 --> 01:28:21,840

ball game right it is it is the issue

2300

01:28:25,550 --> 01:28:23,880

um that we can't be distracted by in

2301

01:28:27,890 --> 01:28:25,560

some ways that you know the pyrotechnics

2302

01:28:30,350 --> 01:28:27,900

here we have to be focused on the bigger

2303

01:28:32,330 --> 01:28:30,360

picture and that being you know sort of

2304

01:28:34,669 --> 01:28:32,340

where we are as an individual and our

2305

01:28:36,709 --> 01:28:34,679

own development but also where we are as

2306

01:28:39,110 --> 01:28:36,719

a society and our society's development

2307

01:28:41,990 --> 01:28:39,120

because we we ultimately uh we can't

2308

01:28:44,330 --> 01:28:42,000

take a shortcut we have to get uh to a

2309

01:28:46,729 --> 01:28:44,340

place where where we can coexist with

2310

01:28:49,370 --> 01:28:46,739

reality as it is not how we just think

2311

01:28:51,590 --> 01:28:49,380

it happens to be we can't approach the

2312

01:28:53,390 --> 01:28:51,600

that reality with the with the way we've

2313

01:28:56,149 --> 01:28:53,400

approached reality that thus far which

2314

01:28:58,910 --> 01:28:56,159

has led to immense amount of suffering

2315

01:29:01,010 --> 01:28:58,920

and destruction uh we can't apply the

2316

01:29:03,290 --> 01:29:01,020

same tools that that we used to to use

2317

01:29:05,090 --> 01:29:03,300

but as that would be foolish you know we

2318

01:29:07,550 --> 01:29:05,100

just there's only so much we can we can

2319

01:29:09,290 --> 01:29:07,560

do as if we continue on the path we're

2320

01:29:10,610 --> 01:29:09,300

on we have to look at this from a

2321

01:29:13,729 --> 01:29:10,620

different perspective a broader

2322

01:29:15,890 --> 01:29:13,739

perspective that enriches the whole and

2323

01:29:17,870 --> 01:29:15,900

uh it's my hope that

2324

01:29:19,610 --> 01:29:17,880

that these Revelations will help us do

2325

01:29:21,770 --> 01:29:19,620

that that will catalyze that kind of

2326

01:29:24,649 --> 01:29:21,780

change but that only happens if we're

2327

01:29:27,169 --> 01:29:24,659

willing to let it do that and not get

2328

01:29:29,629 --> 01:29:27,179

caught up in the light show

2329

01:29:31,550 --> 01:29:29,639

absolutely and I think in in conclusion

2330

01:29:32,450 --> 01:29:31,560

I would hear I would say here in terms

2331

01:29:35,390 --> 01:29:32,460

of

2332

01:29:37,490 --> 01:29:35,400

our overarching question here about what

2333

01:29:39,709 --> 01:29:37,500

will this produce when science engages

2334

01:29:41,330 --> 01:29:39,719

with the phenomena right what how will

2335

01:29:46,490 --> 01:29:41,340

this change

2336

01:29:48,229 --> 01:29:46,500

I would say we have the opportunity that

2337

01:29:50,930 --> 01:29:48,239

both could happen in really positive

2338

01:29:54,410 --> 01:29:50,940

ways that's my hope that's the best case

2339

01:29:57,830 --> 01:29:54,420

scenario where yes people within ufology

2340

01:29:59,990 --> 01:29:57,840

and experiencers and the whole crew can

2341

01:30:02,570 --> 01:30:00,000

learn from bringing in academics and

2342

01:30:05,270 --> 01:30:02,580

applying academic rigor choose some of

2343

01:30:07,970 --> 01:30:05,280

our experiences and some of the data and

2344

01:30:10,010 --> 01:30:07,980

again maybe with the aid of AI we can

2345

01:30:12,890 --> 01:30:10,020

pull out connections and correlations

2346

01:30:14,990 --> 01:30:12,900

and important

2347

01:30:17,390 --> 01:30:15,000

connection points that we did not see

2348

01:30:19,250 --> 01:30:17,400

nor could maybe we ever see with our

2349

01:30:21,410 --> 01:30:19,260

with human eyes right that's one of the

2350

01:30:23,390 --> 01:30:21,420

advantage advantages with AI is it

2351
01:30:25,010 --> 01:30:23,400
sometimes poses questions that would

2352
01:30:26,750 --> 01:30:25,020
never occur to us right

2353
01:30:28,850 --> 01:30:26,760
so that's exciting in terms of what

2354
01:30:31,669 --> 01:30:28,860
might come out from this and this is

2355
01:30:34,070 --> 01:30:31,679
where you follow GN experiencers and the

2356
01:30:36,290 --> 01:30:34,080
the UFO Twitter crowd can benefit from

2357
01:30:37,910 --> 01:30:36,300
Academia getting involved

2358
01:30:40,070 --> 01:30:37,920
but I would also say

2359
01:30:41,930 --> 01:30:40,080
then the best case scenario this also

2360
01:30:44,090 --> 01:30:41,940
becomes a journey for those scientists

2361
01:30:46,370 --> 01:30:44,100
for those academics coming in that

2362
01:30:47,870 --> 01:30:46,380
ideally they come in and they begin to

2363
01:30:50,950 --> 01:30:47,880

recognize as they really wrestle with

2364

01:30:53,090 --> 01:30:50,960

the data that not only is it

2365

01:30:55,010 --> 01:30:53,100

substantial and it something really is

2366

01:30:57,590 --> 01:30:55,020

going on here and there is a there there

2367

01:31:00,709 --> 01:30:57,600

but furthermore that

2368

01:31:02,930 --> 01:31:00,719

it manifests in such a way as to show

2369

01:31:05,510 --> 01:31:02,940

how our current model of reality is

2370

01:31:07,129 --> 01:31:05,520

untenable it adds to the weight already

2371

01:31:09,530 --> 01:31:07,139

Gathering

2372

01:31:11,750 --> 01:31:09,540

suggesting that physicalism is not a

2373

01:31:13,310 --> 01:31:11,760

tenable model and hopefully that begins

2374

01:31:15,649 --> 01:31:13,320

to get us to ask questions as a

2375

01:31:17,810 --> 01:31:15,659

collective about how might Consciousness

2376

01:31:19,970 --> 01:31:17,820

be the substrate for what we perceive as

2377

01:31:21,410 --> 01:31:19,980

the physical world and if it's true that

2378

01:31:23,810 --> 01:31:21,420

perhaps even what I was saying earlier

2379

01:31:26,209 --> 01:31:23,820

is true that the entire construct is set

2380

01:31:29,450 --> 01:31:26,219

up to serve Consciousness development

2381

01:31:32,270 --> 01:31:29,460

and perhaps that will wake us up just in

2382

01:31:34,250 --> 01:31:32,280

time to begin to reconsider not only how

2383

01:31:36,770 --> 01:31:34,260

we move forward with technology but even

2384

01:31:38,930 --> 01:31:36,780

how technology might be ultimately not

2385

01:31:40,850 --> 01:31:38,940

just something that benefits us but then

2386

01:31:43,070 --> 01:31:40,860

actually could undermine our development

2387

01:31:44,689 --> 01:31:43,080

and these are the kinds of questions we

2388

01:31:47,270 --> 01:31:44,699

should be wrestling with and perhaps

2389

01:31:49,430 --> 01:31:47,280

this is all happening now as as scary as

2390

01:31:51,649 --> 01:31:49,440

it sometimes seems all of the things we

2391

01:31:53,990 --> 01:31:51,659

talked about earlier that are co-arising

2392

01:31:56,090 --> 01:31:54,000

right now it may also be that just in

2393

01:31:58,610 --> 01:31:56,100

time we have that kind of wake-up call

2394

01:32:00,490 --> 01:31:58,620

that we need because we really are at

2395

01:32:03,470 --> 01:32:00,500

the precipice

2396

01:32:05,750 --> 01:32:03,480

well said

2397

01:32:08,510 --> 01:32:05,760

well thank you for listening

2398

01:32:09,290 --> 01:32:08,520

joining us on this journey uh this

2399

01:32:11,810 --> 01:32:09,300

evening

2400

01:32:14,090 --> 01:32:11,820

it's always a pleasure to interact with

2401

01:32:16,669 --> 01:32:14,100

our audience and and read your comments

2402

01:32:19,310 --> 01:32:16,679

and get your feedback so thank you for

2403

01:32:21,169 --> 01:32:19,320

being a part of the liminal frames uh

2404

01:32:23,530 --> 01:32:21,179

listening Community it means a great

2405

01:32:27,590 --> 01:32:23,540

deal to us uh and we look forward to

2406

01:32:30,770 --> 01:32:27,600

Future conversations that arise

2407

01:32:33,890 --> 01:32:30,780

May the quality of our questions shaped

2408

01:32:36,169 --> 01:32:33,900

by a desire for understanding enhance

2409

01:32:38,149 --> 01:32:36,179

our journey of discovery

2410

01:32:41,149 --> 01:32:38,159

and mayor travels abroad in the sphere

2411

01:32:44,570 --> 01:32:41,159

of our Consciousness reminding us that

2412

01:32:47,990 --> 01:32:44,580

new discoveries beget New Horizons

2413

01:32:50,209 --> 01:32:48,000

as always Adventure awaits

2414

01:32:53,940 --> 01:32:50,219

we'll see you next time on liberal

2415

01:33:12,770 --> 01:32:56,070
