TEACHING THE LAW OF ONE

A NEW FEATURE SERIES OF PODCASTS
FOR PATRONS/SUPPORTERS OF POC

1
00:00:05,390 --> 00:00:03,350
using our brains like transducers that

2
00:00:07,610 --> 00:00:05,400
are receiving a signal from somewhere

3
00:00:09,049 --> 00:00:07,620
else from a source of Consciousness that

4
00:00:10,790 --> 00:00:09,059
is non-local

5
00:00:13,310 --> 00:00:10,800
furthermore not only do we seem to

6
00:00:16,070 --> 00:00:13,320
receive information from an aspect of

7
00:00:17,750 --> 00:00:16,080
our Consciousness that's not local but

8
00:00:20,210 --> 00:00:17,760
we also seem to be able to tap into

9
00:00:22,609 --> 00:00:20,220
other people's consciousnesses and even

10
00:00:25,310 --> 00:00:22,619
other beings kinds of consciousnesses

11
00:00:27,529 --> 00:00:25,320
which suggest not only that perhaps all

12
00:00:30,109 --> 00:00:27,539
of these different consciousnesses are

13
00:00:32,389 --> 00:00:30,119

non-local but somehow there's a porous

14

00:00:35,090 --> 00:00:32,399

boundary between them which allows for

15

00:00:37,130 --> 00:00:35,100

some cross communication and this allows

16

00:00:39,049 --> 00:00:37,140

for things like telepathy where you have

17

00:00:40,970 --> 00:00:39,059

mind-to-mind communication

18

00:00:43,910 --> 00:00:40,980

and of course it doesn't just stop there

19

00:00:45,350 --> 00:00:43,920

we also have many many verified accounts

20

00:00:46,970 --> 00:00:45,360

of precognition

21

00:00:48,650 --> 00:00:46,980

where people seem to know what's going

22

00:00:50,270 --> 00:00:48,660

to happen before it does it could come

23

00:00:53,209 --> 00:00:50,280

in a dream it could come in a vision

24

00:00:55,729 --> 00:00:53,219

could come in a so-called download but

25

00:00:58,189 --> 00:00:55,739

regardless of how it happens clearly

26
00:01:00,229 --> 00:00:58,199
both space and time seem to be largely

27
00:01:02,510 --> 00:01:00,239
irrelevant when it comes to this kind of

28
00:01:04,609 --> 00:01:02,520
material and this which suggests that

29
00:01:07,490 --> 00:01:04,619
our usual waking experience of reality

30
00:01:09,830 --> 00:01:07,500
is perhaps only one small slice of a

31
00:01:11,570 --> 00:01:09,840
much broader kind of sphere of

32
00:01:13,190 --> 00:01:11,580
experience that is possible for human

33
00:01:14,750 --> 00:01:13,200
beings for instance when we're

34
00:01:16,969 --> 00:01:14,760
meditating or what we're having a

35
00:01:19,370 --> 00:01:16,979
psychedelic experience a near-death

36
00:01:20,749 --> 00:01:19,380
experience an out-of-body experience any

37
00:01:22,910 --> 00:01:20,759
of these kinds of things can actually

38
00:01:25,490 --> 00:01:22,920

produce this sometimes also being in the

39

00:01:27,890 --> 00:01:25,500

presence of non-human intelligences or

40

00:01:29,990 --> 00:01:27,900

aliens extraterrestrials and dimensions

41

00:01:32,870 --> 00:01:30,000

whatever you want to call it very often

42

00:01:34,969 --> 00:01:32,880

these encounters also involve a kind of

43

00:01:37,310 --> 00:01:34,979

receiving of information that does not
