

1

00:00:00,000 --> 00:00:01,800

Got a heat signature. We got something.

2

00:00:01,800 --> 00:00:02,800

You got something?

3

00:00:02,800 --> 00:00:03,800

Weird.

4

00:00:03,800 --> 00:00:07,200

On this episode of Expedition X,

5

00:00:07,200 --> 00:00:10,800

my team heads into Utah's vast winter wilderness

6

00:00:10,800 --> 00:00:13,400

to investigate an extraordinary spectrum

7

00:00:13,400 --> 00:00:15,200

of paranormal activity,

8

00:00:15,200 --> 00:00:17,600

from shape-shifting skinwalkers

9

00:00:17,600 --> 00:00:19,800

to unidentified flying objects.

10

00:00:19,800 --> 00:00:21,200

What if you're okay?

11

00:00:21,200 --> 00:00:22,800

I'm f***ing exhausted.

12

00:00:22,800 --> 00:00:26,800

Phil and Jess will unravel Utah's terrifying mysteries.

13

00:00:26,800 --> 00:00:29,200

These are huge tracks.

14

00:00:29,600 --> 00:00:30,600

This is where it happened.

15

00:00:30,600 --> 00:00:34,400

This creature put its hand probably about that big

16

00:00:34,400 --> 00:00:36,000

on the trailer and stood up.

17

00:00:36,000 --> 00:00:37,200

Oh, damn.

18

00:00:37,200 --> 00:00:42,400

Skinwalkers go around to graveyards and dawn skins.

19

00:00:42,400 --> 00:00:44,600

You might get hurt.

20

00:00:44,600 --> 00:00:46,000

Don't pick up hitchhikers.

21

00:00:46,000 --> 00:00:48,800

If you do, make sure you look at their feet.

22

00:00:48,800 --> 00:00:51,600

That's the only thing they can't change, their feet or hooves.

23

00:00:51,600 --> 00:00:53,600

We are...

24

00:00:53,600 --> 00:00:56,600

There's a ton of tracks outside this place.

25

00:01:00,200 --> 00:01:02,800

Oh, f***.

26

00:01:02,800 --> 00:01:05,200

The feet look like they had fur on them.

27

00:01:05,200 --> 00:01:07,200

Wait, wait, what the f***?

28

00:01:17,200 --> 00:01:18,600

You know how you two are always asking me

29

00:01:18,600 --> 00:01:20,800

to send you someplace warm and tropical?

30

00:01:20,800 --> 00:01:21,800

Yes.

31

00:01:21,800 --> 00:01:23,200

This is not that.

32

00:01:23,200 --> 00:01:25,800

I'm sending you to one of the most brutal

33

00:01:25,800 --> 00:01:27,600

and remote places in America

34

00:01:27,600 --> 00:01:30,800

to investigate terrifying paranormal phenomena

35

00:01:30,800 --> 00:01:32,000

in the dead of winter.

36

00:01:32,000 --> 00:01:33,600

Can't it just be winter?

37

00:01:33,600 --> 00:01:35,200

No, dead feels very appropriate

38

00:01:35,200 --> 00:01:38,800

when discussing the Uwinta Basin in northeastern Utah.

39

00:01:38,800 --> 00:01:40,600

This is perhaps the most infamous

40

00:01:40,600 --> 00:01:43,200

paranormal hotspot in America.

41

00:01:43,200 --> 00:01:47,600

UFOs, cattle mutilations, bizarre energies, cryptids.

42

00:01:47,600 --> 00:01:50,600

You name it, and it is reported in the basin.

43

00:01:50,600 --> 00:01:53,600

The locals call it the high strangeness.

44

00:01:53,600 --> 00:01:56,400

And would you like to guess when it hits peak strange?

45

00:01:56,400 --> 00:01:57,800

We need our snowshoes, aren't we?

46

00:01:57,800 --> 00:01:59,400

Yes, you definitely are,

47

00:01:59,400 --> 00:02:01,200

because there has been a huge uptick

48

00:02:01,200 --> 00:02:04,200

of unexplained activity in the basin this winter

49

00:02:04,200 --> 00:02:07,800

with a spectrum of truly bizarre events.

50

00:02:11,800 --> 00:02:15,400

Five million acres across 7,000 square miles,

51

00:02:15,400 --> 00:02:17,600

roughly the size of New Jersey.

52

00:02:17,600 --> 00:02:20,800

The Uwinta Basin is located in northeastern Utah

53

00:02:20,800 --> 00:02:22,800

along the border with Colorado.

54

00:02:23,800 --> 00:02:27,800

Strange phenomena are first reported here in 1911

55

00:02:27,800 --> 00:02:29,800

when Uwinta residents become terrified

56

00:02:29,800 --> 00:02:32,800

by thunderous explosions below the ground,

57

00:02:32,800 --> 00:02:37,800

despite the fact the basin is not on any active fault line.

58

00:02:37,800 --> 00:02:41,800

Reports of subterranean sounds and energies continue

59

00:02:41,800 --> 00:02:44,800

and are joined by reports from above.

60

00:02:46,800 --> 00:02:47,800

Starting in the 1950s,

61

00:02:47,800 --> 00:02:50,800

sightings of UFOs become so widespread

62

00:02:50,800 --> 00:02:54,800

that Uwinta is christened by the press as UFO Valley.

63

00:02:58,800 --> 00:03:00,800

But it's what's said to walk the basin

64

00:03:00,800 --> 00:03:03,800

that's arguably the weirdest of all.

65

00:03:03,800 --> 00:03:06,800

The legendary Skinwalker.

66

00:03:06,800 --> 00:03:08,800

Said to be a Navajo witch

67

00:03:08,800 --> 00:03:12,800

who has shape-shifted into a malicious animal of their choosing.

68

00:03:12,800 --> 00:03:15,800

Skinwalkers are frequently reported in Uwinta,

69

00:03:15,800 --> 00:03:19,800

most often described as a monstrous wolf.

70

00:03:20,800 --> 00:03:24,800

Today this area is a hub for natural gas and oil fields,

71

00:03:24,800 --> 00:03:27,800

with thousands of seasonal workers flooding into the basin

72

00:03:27,800 --> 00:03:30,800

and reporting a slew of strange new sightings,

73

00:03:30,800 --> 00:03:32,800

particularly in winter.

74

00:03:32,800 --> 00:03:36,800

And this winter has been the weirdest yet.

75

00:03:36,800 --> 00:03:39,800

With reports of UFOs, abnormal energy,

76

00:03:39,800 --> 00:03:42,800

and most disturbingly, a gas worker who says

77

00:03:42,800 --> 00:03:45,800

he's just had a terrifying encounter

78

00:03:45,800 --> 00:03:48,800

with what he believes was a skinwalker.

79

00:03:48,800 --> 00:03:52,800

Is something unbelievable happening in Uwinta?

80

00:03:56,800 --> 00:03:58,800

So what do you guys make of this?

81

00:03:58,800 --> 00:04:01,800

So to me it's really interesting because you've got these excavations,

82

00:04:01,800 --> 00:04:03,800

you've got this drilling that's going on.

83

00:04:03,800 --> 00:04:08,800

I'm wondering, are we dealing with some sort of paranormal protective energy,

84

00:04:08,800 --> 00:04:12,800

some sort of like spirit that's trying to protect the area.

85

00:04:12,800 --> 00:04:14,800

So I'm with you on the drilling here, Jess,

86

00:04:14,800 --> 00:04:17,800

but for a different reason because maybe natural gas leaks

87

00:04:17,800 --> 00:04:20,800

are people to hallucinate out there and seeing things on the ground and in the sky.

88

00:04:20,800 --> 00:04:22,800

Phil, you always think it's a hallucination.

89

00:04:22,800 --> 00:04:24,800

Do you think that people are making up what they're seeing in the sky?

90

00:04:24,800 --> 00:04:26,800

It's possible.

91

00:04:26,800 --> 00:04:30,800

Well, there's been a large number of reports of activity in this region over the years,

92

00:04:30,800 --> 00:04:33,800

including written testimony, Phil.

93

00:04:33,800 --> 00:04:35,800

Where are you going with this, Josh?

94

00:04:35,800 --> 00:04:41,800

This is a letter describing a UFO encounter that was written by none other

95

00:04:41,800 --> 00:04:43,800

than Phil Torres.

96

00:04:43,800 --> 00:04:45,800

Oh my gosh!

97

00:04:45,800 --> 00:04:48,800

Okay, first of all, I was 11 when I wrote that.

98

00:04:48,800 --> 00:04:50,800

Secondly, how did you get that, Josh?

99

00:04:50,800 --> 00:04:52,800

I have my ways, Phil. Your mom sent it to me.

100

00:04:52,800 --> 00:04:55,800

This is called my first UFO encounter.

101

00:04:55,800 --> 00:04:58,800

It says that it was about 9.15 p.m.

102

00:04:58,800 --> 00:05:03,800

You saw something hovering in the sky, a diamond rhombus-like shape.

103

00:05:03,800 --> 00:05:06,800

A tint lighter than the dark night sky.

104

00:05:06,800 --> 00:05:08,800

Suddenly it disappeared.

105

00:05:08,800 --> 00:05:10,800

In case you don't have a full enough picture,

106

00:05:10,800 --> 00:05:13,800

he's actually drawn the UFO right here.

107

00:05:13,800 --> 00:05:18,800

It's a diamond, and it is signed a true story by Phil Torres.

108

00:05:18,800 --> 00:05:21,800

Oh my gosh, what happened to you? You used to be so cool.

109

00:05:21,800 --> 00:05:24,800

Bottom line is I know how witness testimonies can change over time,

110

00:05:24,800 --> 00:05:27,800

and I wanted to remember exactly what happened that night.

111

00:05:27,800 --> 00:05:33,800

So I went home, wrote it all down, and I mean, like I said, it is a true story.

112

00:05:33,800 --> 00:05:35,800

And do you think it was a true UFO?

113

00:05:35,800 --> 00:05:38,800

I saw, by definition, an identified flying object.

114

00:05:38,800 --> 00:05:40,800

I don't know what it was.

115

00:05:40,800 --> 00:05:42,800

And you weren't hallucinating from a gas leak?

116

00:05:42,800 --> 00:05:47,800

Not. Listen, I saw what I saw, and I'm still open to these types of stories.

117

00:05:47,800 --> 00:05:51,800

Skinwalkers or otherwise, I just at this point need a greater burden of proof,

118

00:05:51,800 --> 00:05:53,800

because I'm not 11.

119

00:05:53,800 --> 00:05:54,800

Fair enough.

120

00:05:54,800 --> 00:05:58,800

Proof is what we're looking for here, so I want you to go to the UN to basin and investigate.

121

00:05:58,800 --> 00:06:00,800

Let's start with the skinwalkers, right?

122

00:06:00,800 --> 00:06:02,800

It's one of the most prevalent stories there,

123

00:06:02,800 --> 00:06:07,800

and I have lined up a really compelling witness, a gas worker who claims swears

124

00:06:07,800 --> 00:06:10,800

he came face to face with a skinwalker.

125

00:06:10,800 --> 00:06:11,800

All right.

126

00:06:11,800 --> 00:06:13,800

After you're doing that, I'm going to look into some of the UFO reports,

127

00:06:13,800 --> 00:06:15,800

see if I can generate some leads there.

128

00:06:15,800 --> 00:06:16,800

Sounds good.

129

00:06:16,800 --> 00:06:17,800

Perfect.

130

00:06:17,800 --> 00:06:19,800

All right, good luck, guys.

131

00:06:19,800 --> 00:06:22,800

It's a four and a half hour flight from New York City to Denver.

132

00:06:22,800 --> 00:06:28,800

From there, the team connects to another flight to the remote town of Vernal in northeast Utah.

133

00:06:32,800 --> 00:06:33,800

Oh, wow.

134

00:06:33,800 --> 00:06:34,800

Look at that.

135

00:06:34,800 --> 00:06:35,800

Oh, my gosh.

136

00:06:35,800 --> 00:06:37,800

Wow, is that pretty.

137

00:06:38,800 --> 00:06:41,800

Vernal has a population of 10,000,

138

00:06:42,800 --> 00:06:47,800

one of a series of small towns in Uintas vast and currently frozen wilderness.

139

00:06:49,800 --> 00:06:52,800

Our eyewitness had his sighting far from civilization.

140

00:06:52,800 --> 00:06:54,800

I think this is it.

141

00:06:57,800 --> 00:06:59,800

Oh, and there's our ride.

142

00:07:01,800 --> 00:07:05,800

So the only way to get there is with a set of extreme wheels.

143

00:07:08,800 --> 00:07:09,800

Okay.

144

00:07:09,800 --> 00:07:10,800

Yep.

145

00:07:20,800 --> 00:07:21,800

Okay.

146

00:07:22,800 --> 00:07:23,800

There we go.

147

00:07:27,800 --> 00:07:28,800

Oh, you're...

148

00:07:30,800 --> 00:07:31,800

Look forward, Jess.

149

00:07:31,800 --> 00:07:32,800

I'm flowing.

150

00:07:32,800 --> 00:07:33,800

Jess.

151

00:07:34,800 --> 00:07:36,800

Dang it.

152

00:07:39,800 --> 00:07:41,800

I think I can get out of this.

153

00:07:48,800 --> 00:07:50,800

I was digging up dirt.

154

00:07:50,800 --> 00:07:53,800

I think we're going to have to push our way out of this.

155

00:07:53,800 --> 00:07:55,800

We're going to get this out.

156

00:07:55,800 --> 00:07:56,800

All right.

157

00:07:56,800 --> 00:07:57,800

Okay.

158

00:07:57,800 --> 00:07:58,800

Man, oh, my gosh.

159

00:07:58,800 --> 00:07:59,800

It's up to the door.

160

00:07:59,800 --> 00:08:00,800

Yeah.

161

00:08:00,800 --> 00:08:01,800

Get ready.

162

00:08:01,800 --> 00:08:02,800

Get ready.

163

00:08:02,800 --> 00:08:03,800

All right.

164

00:08:03,800 --> 00:08:04,800

We're in reverse.

165

00:08:04,800 --> 00:08:05,800

Okay.

166

00:08:05,800 --> 00:08:06,800

One, two, three.

167

00:08:06,800 --> 00:08:07,800

Fresh.

168

00:08:07,800 --> 00:08:08,800

Let's go.

169

00:08:13,800 --> 00:08:14,800

Come on.

170

00:08:16,800 --> 00:08:17,800

Let's go.

171

00:08:21,800 --> 00:08:22,800

You're all right.

172

00:08:24,800 --> 00:08:25,800

Sorry.

173

00:08:27,800 --> 00:08:29,800

Loads of fun out there, huh?

174

00:08:29,800 --> 00:08:31,800

At least we know what our limitations are.

175

00:08:31,800 --> 00:08:32,800

Yeah.

176

00:08:37,800 --> 00:08:39,800

One advantage of snow?

177

00:08:39,800 --> 00:08:40,800

Yeah.

178

00:08:40,800 --> 00:08:42,800

There are tracks everywhere.

179

00:08:42,800 --> 00:08:44,800

You think that's what people are mistaking for

180

00:08:44,800 --> 00:08:46,800

paranormal beasts out here?

181

00:08:46,800 --> 00:08:48,800

Those animals like wolves that are much bigger

182

00:08:48,800 --> 00:08:50,800

than people anticipate.

183

00:08:50,800 --> 00:08:51,800

That's true.

184

00:08:51,800 --> 00:08:54,800

Jess and Phil are meeting a local truck driver named Manny

185

00:08:54,800 --> 00:08:57,800

who's lived and worked in the basin for years.

186

00:08:57,800 --> 00:08:59,800

He'd heard many stories of skinwalkers,

187

00:08:59,800 --> 00:09:03,800

but never believed he'd have his own terrifying sighting.

188

00:09:05,800 --> 00:09:06,800

Is that a guy?

189

00:09:06,800 --> 00:09:07,800

That's a guy.

190

00:09:08,800 --> 00:09:09,800

Hey, Manny.

191

00:09:09,800 --> 00:09:10,800

Hey.

192

00:09:11,800 --> 00:09:12,800

I'm Phil.

193

00:09:12,800 --> 00:09:13,800

I'm Manny.

194

00:09:13,800 --> 00:09:14,800

Nice to meet you.

195

00:09:14,800 --> 00:09:15,800

Good to meet you.

196

00:09:15,800 --> 00:09:16,800

Hey, Jessica.

197

00:09:16,800 --> 00:09:17,800

Manny.

198

00:09:17,800 --> 00:09:18,800

So I assume you made your ride all the way out here

199

00:09:18,800 --> 00:09:19,800

for a reason.

200

00:09:19,800 --> 00:09:20,800

Yeah.

201

00:09:20,800 --> 00:09:21,800

Is this where the story happened?

202

00:09:21,800 --> 00:09:22,800

Yeah, this spot right here.

203

00:09:23,800 --> 00:09:26,800

I had pulled up up here with a girl.

204

00:09:26,800 --> 00:09:29,800

I came up here because she wanted to go shooting.

205

00:09:29,800 --> 00:09:31,800

But it was dark.

206

00:09:31,800 --> 00:09:33,800

We had our headlights on.

207

00:09:33,800 --> 00:09:36,800

As we're talking, see something come over this little hump

208

00:09:36,800 --> 00:09:37,800

right here?

209

00:09:37,800 --> 00:09:40,800

As it's coming closer, I didn't get a good feeling from it.

210

00:09:43,800 --> 00:09:45,800

Arms were almost touching the ground.

211

00:09:45,800 --> 00:09:49,800

It was all black, and the face looked like a hyena.

212

00:09:50,800 --> 00:09:53,800

But I could tell it was looking at us because the head was moving,

213

00:09:53,800 --> 00:09:55,800

but I couldn't see any eye shine,

214

00:09:55,800 --> 00:09:57,800

and that's where I noticed that was weird,

215

00:09:57,800 --> 00:09:59,800

especially with the headlights aimed right at it.

216

00:10:01,800 --> 00:10:03,800

So being in this area of Utah, I have to ask,

217

00:10:03,800 --> 00:10:07,800

could it have been a mountain lion or a wolf bear?

218

00:10:07,800 --> 00:10:08,800

There's no way.

219

00:10:08,800 --> 00:10:09,800

There's no way.

220

00:10:09,800 --> 00:10:10,800

The thing was way too big.

221

00:10:10,800 --> 00:10:14,800

I've seen wolves, and nothing, nothing close to that.

222

00:10:14,800 --> 00:10:15,800

There's no way.

223

00:10:15,800 --> 00:10:17,800

Was the creature that you saw making any noise?

224

00:10:17,800 --> 00:10:18,800

Nothing.

225

00:10:18,800 --> 00:10:19,800

It was completely silent.

226

00:10:19,800 --> 00:10:22,800

And anytime I hear of a large predator,

227

00:10:22,800 --> 00:10:24,800

especially moving silently,

228

00:10:24,800 --> 00:10:27,800

I always assume that that means it's in stalking mode.

229

00:10:27,800 --> 00:10:28,800

It's trying to sneak up on you.

230

00:10:28,800 --> 00:10:30,800

No, I did not stick around.

231

00:10:30,800 --> 00:10:31,800

That was probably a wise decision.

232

00:10:31,800 --> 00:10:32,800

Yeah.

233

00:10:32,800 --> 00:10:34,800

So what do you think it was?

234

00:10:34,800 --> 00:10:35,800

Maybe skin walker.

235

00:10:37,800 --> 00:10:40,800

Since Manny had his sighting in an active drilling area,

236

00:10:40,800 --> 00:10:43,800

I want to follow up on my theory that gases could be at play

237

00:10:43,800 --> 00:10:46,800

in the vicinity of the oil fields.

238

00:10:46,800 --> 00:10:49,800

What are the conditions like around these pumps

239

00:10:49,800 --> 00:10:51,800

when it comes to gases in the air?

240

00:10:51,800 --> 00:10:53,800

There is a H₂S gas.

241

00:10:53,800 --> 00:10:56,800

You can pass out and then from breathing so much

242

00:10:56,800 --> 00:10:58,800

because the H₂S sits on the ground.

243

00:10:58,800 --> 00:11:03,800

So when you pass out, you keep sucking that air in on the ground.

244

00:11:03,800 --> 00:11:05,800

Yeah, it'll die.

245

00:11:06,800 --> 00:11:08,800

That's terrifying.

246

00:11:08,800 --> 00:11:09,800

Yeah.

247

00:11:10,800 --> 00:11:13,800

Knowing that the non-paranormal threats in the oil field

248

00:11:13,800 --> 00:11:17,800

are very real, from the H₂S gas to the rapidly dropping temperatures,

249

00:11:17,800 --> 00:11:20,800

we definitely have our work cut out for us.

250

00:11:20,800 --> 00:11:21,800

Do you want it?

251

00:11:21,800 --> 00:11:22,800

Yeah.

252

00:11:22,800 --> 00:11:23,800

Thank you.

253

00:11:24,800 --> 00:11:26,800

And with skin walker sightings in the immediate area,

254

00:11:26,800 --> 00:11:29,800

it's a good spot to begin our investigation.

255

00:11:34,800 --> 00:11:36,800

Well, this flare could kill two birds with one stone,

256

00:11:36,800 --> 00:11:40,800

because one thing it'll help us actually find what we're looking for,

257

00:11:40,800 --> 00:11:44,800

but also we'll be able to see any gas leaving the earth really easily here.

258

00:11:44,800 --> 00:11:47,800

So if there's any methane leaks or H₂S leaks,

259

00:11:47,800 --> 00:11:48,800

we should see it.

260

00:11:50,800 --> 00:11:52,800

You know what, Jess, since we're getting so close to the pump,

261

00:11:52,800 --> 00:11:55,800

I'm going to take out the gas meter here.

262

00:11:55,800 --> 00:11:58,800

So this is both detecting organic gases,

263

00:11:58,800 --> 00:11:59,800

something like methane,

264

00:11:59,800 --> 00:12:01,800

but also some of the other gases,

265

00:12:01,800 --> 00:12:05,800

like the H₂S, which could make us all pass out.

266

00:12:05,800 --> 00:12:06,800

Okay, yeah.

267

00:12:06,800 --> 00:12:08,800

I'd like that for safety reasons.

268

00:12:08,800 --> 00:12:09,800

Absolutely.

269

00:12:09,800 --> 00:12:10,800

Um...

270

00:12:10,800 --> 00:12:12,800

I want to go back up to this higher ridge,

271

00:12:12,800 --> 00:12:15,800

where Manny said it originally came over.

272

00:12:15,800 --> 00:12:16,800

Okay.

273

00:12:16,800 --> 00:12:17,800

So, right over there.

274

00:12:17,800 --> 00:12:18,800

Let's do it.

275

00:12:32,800 --> 00:12:34,800

Okay, quick scan.

276

00:12:34,800 --> 00:12:35,800

Yeah.

277

00:12:36,800 --> 00:12:37,800

What?

278

00:12:37,800 --> 00:12:39,800

Hey, shh. Listen, listen, listen.

279

00:12:39,800 --> 00:12:40,800

Shhh.

280

00:12:43,800 --> 00:12:44,800

Anybody else hear that?

281

00:12:44,800 --> 00:12:45,800

Quiet.

282

00:12:45,800 --> 00:12:46,800

Yeah.

283

00:12:46,800 --> 00:12:47,800

I didn't hear it.

284

00:12:47,800 --> 00:12:48,800

Shhh.

285

00:12:48,800 --> 00:12:49,800

Listen.

286

00:12:50,800 --> 00:12:51,800

Listen.

287

00:13:06,800 --> 00:13:07,800

I'm totally hearing it now.

288

00:13:07,800 --> 00:13:08,800

Yep.

289

00:13:08,800 --> 00:13:09,800

There's something out there.

290

00:13:09,800 --> 00:13:10,800

There's something definitely out there.

291

00:13:10,800 --> 00:13:12,800

Did you see it on your head over there?

292

00:13:14,800 --> 00:13:15,800

I'm trying nothing yet.

293

00:13:22,800 --> 00:13:23,800

Over here.

294

00:13:23,800 --> 00:13:25,800

Absolutely heard it right over here.

295

00:13:26,800 --> 00:13:28,800

It sounds super far away, though.

296

00:13:29,800 --> 00:13:31,800

We know that there's something out there.

297

00:13:31,800 --> 00:13:32,800

See anything?

298

00:13:32,800 --> 00:13:33,800

And at this point,

299

00:13:33,800 --> 00:13:34,800

over there.

300

00:13:34,800 --> 00:13:36,800

Who knows what it could be?

301

00:13:38,800 --> 00:13:40,800

Yeah, it's not getting closer.

302

00:13:42,800 --> 00:13:44,800

I heard it, but I don't hear it anymore.

303

00:13:48,800 --> 00:13:49,800

We're definitely striking out,

304

00:13:49,800 --> 00:13:51,800

but what if we could use the drone flare?

305

00:13:51,800 --> 00:13:53,800

That would cover a lot of area.

306

00:13:53,800 --> 00:13:55,800

That's a good idea. I like that.

307

00:13:55,800 --> 00:13:57,800

And the best way to cover a lot of ground?

308

00:13:57,800 --> 00:13:59,800

I drone and you drive.

309

00:13:59,800 --> 00:14:00,800

I'm down to driving drone.

310

00:14:00,800 --> 00:14:02,800

We're gonna head south towards the oil fields

311

00:14:02,800 --> 00:14:04,800

and see what's in between.

312

00:14:04,800 --> 00:14:05,800

Sweet.

313

00:14:07,800 --> 00:14:09,800

Jess and I heard an eerie call,

314

00:14:09,800 --> 00:14:10,800

but without visual evidence,

315

00:14:10,800 --> 00:14:13,800

it's hard to rule out the known wildlife in the basin.

316

00:14:15,800 --> 00:14:17,800

So, I want to use our thermal drone

317

00:14:17,800 --> 00:14:19,800

to take an aerial scan.

318

00:14:19,800 --> 00:14:20,800

If something's out there,

319

00:14:20,800 --> 00:14:22,800

this should pick up a teat signature.

320

00:14:22,800 --> 00:14:24,800

Jess will drive as I man the drone

321

00:14:24,800 --> 00:14:27,800

so we can cover as much ground as possible.

322

00:14:27,800 --> 00:14:29,800

Drone going up.

323

00:14:33,800 --> 00:14:35,800

All right, it's in the air.

324

00:14:35,800 --> 00:14:36,800

Let's get going.

325

00:14:36,800 --> 00:14:38,800

All right. Here we go.

326

00:14:42,800 --> 00:14:44,800

Just tell me how you want me to drive

327

00:14:44,800 --> 00:14:46,800

so that we can keep a pace with it.

328

00:14:46,800 --> 00:14:47,800

Okay.

329

00:14:48,800 --> 00:14:49,800

How's this?

330

00:14:49,800 --> 00:14:50,800

It is perfect.

331

00:14:53,800 --> 00:14:54,800

See anything yet?

332

00:14:56,800 --> 00:14:58,800

I'm gonna do a little bit of surveying around

333

00:14:58,800 --> 00:14:59,800

left and right here.

334

00:15:00,800 --> 00:15:02,800

He's taking a shirt. We got something.

335

00:15:02,800 --> 00:15:03,800

Oh, my God. What is that?

336

00:15:03,800 --> 00:15:04,800

Keep going. Keep going.

337

00:15:04,800 --> 00:15:06,800

Go faster, Jess. Up there. Up there. Up there.

338

00:15:06,800 --> 00:15:07,800

Okay.

339

00:15:09,800 --> 00:15:10,800

I want to ask you.

340

00:15:10,800 --> 00:15:12,800

Fine. Right here. Right here. Right here.

341

00:15:12,800 --> 00:15:13,800

All right.

342

00:15:17,800 --> 00:15:19,800

Check out these tracks, Jess.

343

00:15:19,800 --> 00:15:20,800

Oh, my God.

344

00:15:21,800 --> 00:15:23,800

Look at that.

345

00:15:24,800 --> 00:15:26,800

These are huge tracks.

346

00:15:27,800 --> 00:15:29,800

Where do the tracks go?

347

00:15:29,800 --> 00:15:31,800

Should be that direction. That direction.

348

00:15:31,800 --> 00:15:32,800

I'm looking. I'm looking.

349

00:15:33,800 --> 00:15:35,800

I'm not picking anything up on the flare right now.

350

00:15:35,800 --> 00:15:37,800

Nothing's over there on the ridge line.

351

00:15:38,800 --> 00:15:39,800

Shoot.

352

00:15:40,800 --> 00:15:41,800

Where did it go?

353

00:15:49,800 --> 00:15:50,800

What's this?

354

00:15:51,800 --> 00:15:52,800

Something in the snow.

355

00:15:52,800 --> 00:15:54,800

Looks like a pebble, a piece of dirt,

356

00:15:54,800 --> 00:15:57,800

something that I guess could have fallen off the fur of the animal

357

00:15:57,800 --> 00:15:59,800

because it was right at surface level here

358

00:15:59,800 --> 00:16:00,800

right along these tracks.

359

00:16:03,800 --> 00:16:04,800

I'm gonna bag it.

360

00:16:04,800 --> 00:16:06,800

So now we have it bagged up.

361

00:16:06,800 --> 00:16:08,800

We can try to figure out what it is.

362

00:16:10,800 --> 00:16:11,800

Hey. Yo.

363

00:16:11,800 --> 00:16:12,800

What'd you find?

364

00:16:13,800 --> 00:16:15,800

Right along the side of the track here.

365

00:16:15,800 --> 00:16:17,800

I found a little kind of dirt pebble.

366

00:16:18,800 --> 00:16:19,800

What is it? Poop?

367

00:16:19,800 --> 00:16:20,800

I couldn't tell if it's poop

368

00:16:20,800 --> 00:16:23,800

or if it's mud that could have fallen off the animal

369

00:16:23,800 --> 00:16:24,800

that could maybe have some hair in it,

370

00:16:24,800 --> 00:16:25,800

but regardless, bagged it.

371

00:16:25,800 --> 00:16:26,800

That's a good idea.

372

00:16:26,800 --> 00:16:28,800

Let's keep it in the south.

373

00:16:28,800 --> 00:16:29,800

Yeah.

374

00:16:30,800 --> 00:16:32,800

Whatever we captured on the thermal drone

375

00:16:32,800 --> 00:16:34,800

was moving south from the road,

376

00:16:34,800 --> 00:16:37,800

but the prints seemed to have vanished after a few hundred feet.

377

00:16:38,800 --> 00:16:40,800

While I still wonder if some skinwalker sightings

378

00:16:40,800 --> 00:16:44,800

may be hallucinations caused by gas lingering around the oil fields,

379

00:16:44,800 --> 00:16:47,800

our thermal drone clearly showed a large creature.

380

00:16:48,800 --> 00:16:52,800

So we're pushing on in the direction that it was heading.

381

00:16:55,800 --> 00:16:56,800

Hold up.

382

00:16:57,800 --> 00:16:58,800

I'm not getting anything.

383

00:16:58,800 --> 00:17:01,800

I just got some weird RF hits right now.

384

00:17:02,800 --> 00:17:03,800

You getting a weird hit?

385

00:17:04,800 --> 00:17:05,800

An audio?

386

00:17:05,800 --> 00:17:07,800

Yeah, my RF just completely went out.

387

00:17:09,800 --> 00:17:12,800

RF energy or radio frequency energy

388

00:17:12,800 --> 00:17:15,800

can include wireless signals, radio and microwaves,

389

00:17:15,800 --> 00:17:17,800

and electromagnetic fields.

390

00:17:18,800 --> 00:17:19,800

What's going on?

391

00:17:19,800 --> 00:17:20,800

Your audio's out?

392

00:17:20,800 --> 00:17:21,800

Yeah, yeah, yeah, yeah.

393

00:17:23,800 --> 00:17:24,800

I got a reset.

394

00:17:27,800 --> 00:17:28,800

I just heard like a...

395

00:17:30,800 --> 00:17:31,800

I heard that too.

396

00:17:35,800 --> 00:17:36,800

We're back.

397

00:17:36,800 --> 00:17:37,800

We're good?

398

00:17:37,800 --> 00:17:38,800

We're good.

399

00:17:39,800 --> 00:17:40,800

Weird.

400

00:17:40,800 --> 00:17:43,800

How'd you bust out your iPad and see what's going on here?

401

00:17:44,800 --> 00:17:46,800

Yeah, that's so weird that we just got that.

402

00:17:46,800 --> 00:17:50,800

Like totally randomly the minute we show up to the oil field.

403

00:17:50,800 --> 00:17:53,800

But you know where that should show up very clearly?

404

00:17:53,800 --> 00:17:54,800

Yeah.

405

00:17:54,800 --> 00:17:56,800

Is in this data.

406

00:17:56,800 --> 00:17:59,800

So, try to get another measurement.

407

00:18:00,800 --> 00:18:03,800

The basin is prone to strange energy anomalies,

408

00:18:03,800 --> 00:18:07,800

so I'm going to collect some data on the electromagnetic radiation in the area

409

00:18:07,800 --> 00:18:10,800

to see if something could be interfering with our audio equipment.

410

00:18:11,800 --> 00:18:13,800

This shows you the peak frequency over time?

411

00:18:13,800 --> 00:18:14,800

Mm-hmm.

412

00:18:14,800 --> 00:18:15,800

Oh, I see.

413

00:18:15,800 --> 00:18:18,800

So, if we get any bursts in any of these areas,

414

00:18:19,800 --> 00:18:20,800

that's significant.

415

00:18:26,800 --> 00:18:27,800

Oh, check that out.

416

00:18:27,800 --> 00:18:28,800

What's that mean?

417

00:18:28,800 --> 00:18:32,800

Maybe there's something in this area that is giving off electromagnetic radiation.

418

00:18:32,800 --> 00:18:34,800

Could be some equipment around here.

419

00:18:34,800 --> 00:18:35,800

Maybe there's some underground pumps.

420

00:18:35,800 --> 00:18:39,800

So the fact that we're getting these readings right at the exact location

421

00:18:39,800 --> 00:18:42,800

where the audio started going wild.

422

00:18:44,800 --> 00:18:45,800

This is a little strange.

423

00:18:45,800 --> 00:18:46,800

It's a little strange.

424

00:18:46,800 --> 00:18:48,800

All right, data collected.

425

00:18:48,800 --> 00:18:49,800

We good?

426

00:18:49,800 --> 00:18:50,800

Yeah.

427

00:18:52,800 --> 00:18:54,800

As we track this creature across the oil fields,

428

00:18:54,800 --> 00:18:56,800

our equipment is malfunctioning,

429

00:18:56,800 --> 00:19:00,800

and you went to the basin's reported high strangeness is becoming more apparent.

430

00:19:01,800 --> 00:19:04,800

Which could mean we're on the right path towards answers.

431

00:19:04,800 --> 00:19:06,800

Put on that gas meter too.

432

00:19:06,800 --> 00:19:08,800

Yeah, oh, it's on.

433

00:19:08,800 --> 00:19:12,800

Nevertheless, we need to be on our toes as we venture further into the basin.

434

00:19:15,800 --> 00:19:16,800

Let's keep headin'.

435

00:19:23,800 --> 00:19:24,800

Oh my gosh.

436

00:19:31,800 --> 00:19:32,800

You see that haze?

437

00:19:32,800 --> 00:19:33,800

Yeah, I do.

438

00:19:33,800 --> 00:19:35,800

Let's tread carefully.

439

00:19:39,800 --> 00:19:41,800

Oh my god.

440

00:19:41,800 --> 00:19:43,800

I'm f***ing exhausted.

441

00:19:48,800 --> 00:19:49,800

Whoa.

442

00:19:50,800 --> 00:19:51,800

Don't f*** me, f*** me.

443

00:19:52,800 --> 00:19:53,800

Did you feel that?

444

00:19:53,800 --> 00:19:54,800

Yes, I did.

445

00:19:54,800 --> 00:19:56,800

The entire ground just collapsed underneath us.

446

00:19:56,800 --> 00:19:57,800

Just shi-

447

00:19:57,800 --> 00:19:58,800

Shush.

448

00:19:58,800 --> 00:20:00,800

What the hell was that?

449

00:20:00,800 --> 00:20:02,800

I've never felt that before.

450

00:20:02,800 --> 00:20:04,800

It was like somebody just stomped behind us.

451

00:20:04,800 --> 00:20:06,800

I was like, what the hell was that?

452

00:20:06,800 --> 00:20:08,800

It was like somebody just stomped behind us.

453

00:20:08,800 --> 00:20:09,800

Yeah.

454

00:20:10,800 --> 00:20:11,800

Oh.

455

00:20:11,800 --> 00:20:12,800

Weird.

456

00:20:12,800 --> 00:20:15,800

But I don't see any cracks or any deviations other than where we were walking.

457

00:20:15,800 --> 00:20:16,800

Ah.

458

00:20:16,800 --> 00:20:21,800

But it felt like the ground that was underneath us just at the same time just dropped three inches.

459

00:20:21,800 --> 00:20:22,800

Yeah.

460

00:20:22,800 --> 00:20:23,800

What the hell?

461

00:20:23,800 --> 00:20:26,800

I think we should back off or wherever we are right now.

462

00:20:26,800 --> 00:20:28,800

That was...

463

00:20:28,800 --> 00:20:29,800

The f***.

464

00:20:29,800 --> 00:20:30,800

Oh, f***.

465

00:20:31,800 --> 00:20:32,800

Alright guys, we got it clear.

466

00:20:32,800 --> 00:20:33,800

Let's back out.

467

00:20:33,800 --> 00:20:34,800

Okay.

468

00:20:37,800 --> 00:20:38,800

Ugh.

469

00:20:44,800 --> 00:20:47,800

Let's make sure we clear this air.

470

00:20:47,800 --> 00:20:49,800

Because we just don't want to breathe it.

471

00:20:53,800 --> 00:20:55,800

It's getting less over here.

472

00:20:55,800 --> 00:20:56,800

Hi.

473

00:20:56,800 --> 00:20:57,800

Ugh.

474

00:20:58,800 --> 00:20:59,800

You okay?

475

00:20:59,800 --> 00:21:00,800

Yeah.

476

00:21:00,800 --> 00:21:01,800

Everybody good? Everybody good?

477

00:21:01,800 --> 00:21:02,800

Yeah.

478

00:21:02,800 --> 00:21:03,800

Everybody feeling okay?

479

00:21:03,800 --> 00:21:04,800

Yeah.

480

00:21:04,800 --> 00:21:06,800

I'm f***ing exhausted.

481

00:21:07,800 --> 00:21:08,800

Jess.

482

00:21:08,800 --> 00:21:09,800

Hmm.

483

00:21:09,800 --> 00:21:10,800

In all honesty.

484

00:21:10,800 --> 00:21:11,800

Hmm.

485

00:21:11,800 --> 00:21:12,800

You need to get up.

486

00:21:12,800 --> 00:21:15,800

Guys, there could still be traces of that gas.

487

00:21:15,800 --> 00:21:17,800

And like Manny said, that gas lies low.

488

00:21:17,800 --> 00:21:18,800

Okay.

489

00:21:18,800 --> 00:21:20,800

You don't need to breathe in and out right now.

490

00:21:20,800 --> 00:21:21,800

Alright.

491

00:21:21,800 --> 00:21:22,800

Ugh.

492

00:21:22,800 --> 00:21:23,800

Yeah.

493

00:21:30,800 --> 00:21:32,800

So that's all I have to go slow.

494

00:21:32,800 --> 00:21:34,800

I'm just gonna try to breathe.

495

00:21:36,800 --> 00:21:37,800

Ugh, my God.

496

00:21:37,800 --> 00:21:38,800

I don't know if I'm gonna make this.

497

00:21:38,800 --> 00:21:40,800

Almost there, Jess.

498

00:21:40,800 --> 00:21:41,800

Oh.

499

00:21:43,800 --> 00:21:44,800

Oh, f***.

500

00:21:45,800 --> 00:21:46,800

Ooh.

501

00:21:46,800 --> 00:21:47,800

That is deep.

502

00:21:47,800 --> 00:21:48,800

Yeah.

503

00:21:53,800 --> 00:21:54,800

Okay.

504

00:22:02,800 --> 00:22:03,800

Oh, God.

505

00:22:03,800 --> 00:22:04,800

Ugh.

506

00:22:05,800 --> 00:22:06,800

Ugh, f***.

507

00:22:10,800 --> 00:22:11,800

Ugh.

508

00:22:14,800 --> 00:22:15,800

Ugh.

509

00:22:17,800 --> 00:22:18,800

You okay?

510

00:22:18,800 --> 00:22:19,800

Yeah, I'm feeling okay.

511

00:22:19,800 --> 00:22:20,800

I'm just exhausted.

512

00:22:20,800 --> 00:22:24,800

I think we're being politely told to, um, get out.

513

00:22:26,800 --> 00:22:27,800

I saw some fence posts down there.

514

00:22:27,800 --> 00:22:28,800

What if I leave a game cam?

515

00:22:28,800 --> 00:22:29,800

So let me know.

516

00:22:29,800 --> 00:22:30,800

I'm gonna go get a friend.

517

00:22:30,800 --> 00:22:31,800

I'm gonna get another.

518

00:22:31,800 --> 00:22:32,800

What if I leave a game cam?

519

00:22:32,800 --> 00:22:34,800

So at least we have some passive surveillance of this area.

520

00:22:34,800 --> 00:22:35,800

Okay.

521

00:22:37,800 --> 00:22:39,800

After a night marked by strange phantom calls,

522

00:22:39,800 --> 00:22:41,800

figures moving in the dark,

523

00:22:41,800 --> 00:22:43,800

violent ground tremors,

524

00:22:43,800 --> 00:22:45,800

and gas exposure,

525

00:22:45,800 --> 00:22:47,800

our first night in Uintah Basin was eventful.

526

00:22:47,800 --> 00:22:50,800

So I'm gonna make sure that this thing is working.

527

00:22:50,800 --> 00:22:55,800

And this absolutely should be able to handle this type of cold.

528

00:22:55,800 --> 00:22:57,800

But it's clear from the evidence we collected

529

00:22:57,800 --> 00:22:59,800

that we weren't alone out there,

530

00:22:59,800 --> 00:23:01,800

even though the trail kept going cold.

531

00:23:03,800 --> 00:23:07,800

It's probably one of the coldest environments I've ever worked in.

532

00:23:07,800 --> 00:23:13,800

So I'm genuinely curious who's gonna come walking by.

533

00:23:13,800 --> 00:23:15,800

It's tough to survive out here.

534

00:23:15,800 --> 00:23:17,800

So we're leaving a trail camera overnight,

535

00:23:17,800 --> 00:23:21,800

just in case whatever we witness decides to reemerge.

536

00:23:22,800 --> 00:23:23,800

Let's go.

537

00:23:30,800 --> 00:23:34,800

Last night's investigation made me feel like something was leading us

538

00:23:34,800 --> 00:23:37,800

out of that oil field, trying to get us to follow it.

539

00:23:37,800 --> 00:23:38,800

But why?

540

00:23:38,800 --> 00:23:40,800

And how would it just disappear?

541

00:23:41,800 --> 00:23:43,800

Could this be signs of a skin walker?

542

00:23:45,800 --> 00:23:47,800

I arranged for us to meet with an expert.

543

00:23:47,800 --> 00:23:49,800

He is an anthropologist.

544

00:23:49,800 --> 00:23:52,800

He is very familiar with the petroglyphs in the area,

545

00:23:52,800 --> 00:23:53,800

or the rock writing,

546

00:23:53,800 --> 00:23:56,800

and the local lore as well, here in the basin.

547

00:23:56,800 --> 00:24:00,800

And I think it would benefit us greatly to see what he has to say.

548

00:24:00,800 --> 00:24:01,800

Oh, yeah.

549

00:24:01,800 --> 00:24:03,800

You're never gonna guess where he wants to meet us.

550

00:24:03,800 --> 00:24:04,800

Where?

551

00:24:04,800 --> 00:24:05,800

At the actual petroglyphs.

552

00:24:05,800 --> 00:24:06,800

Oh.

553

00:24:06,800 --> 00:24:08,800

We're actually gonna be able to go check him out.

554

00:24:08,800 --> 00:24:09,800

That's amazing.

555

00:24:09,800 --> 00:24:10,800

I'm very excited.

556

00:24:17,800 --> 00:24:18,800

From here we hike?

557

00:24:18,800 --> 00:24:20,800

From here we hike.

558

00:24:26,800 --> 00:24:27,800

You good?

559

00:24:27,800 --> 00:24:28,800

Yeah.

560

00:24:33,800 --> 00:24:35,800

To get more insight into skin walkers

561

00:24:35,800 --> 00:24:38,800

and their long history of reported activity in Uinta,

562

00:24:38,800 --> 00:24:41,800

we're meeting with local Ute tribesmen, Larry Sespooch.

563

00:24:43,800 --> 00:24:45,800

Well, I brought you both up here today

564

00:24:45,800 --> 00:24:49,800

because I wanted you to see some of what native people have left.

565

00:24:50,800 --> 00:24:53,800

Rock writing derives from sign language,

566

00:24:53,800 --> 00:24:56,800

not the American sign, but the old native sign.

567

00:24:56,800 --> 00:25:00,800

We had to have a way to be able to communicate with each other.

568

00:25:00,800 --> 00:25:03,800

It's because we all spoke different languages.

569

00:25:03,800 --> 00:25:06,800

They just translated those and put them on a rock.

570

00:25:06,800 --> 00:25:08,800

So whatever was important,

571

00:25:08,800 --> 00:25:11,800

these are like documents, important documents,

572

00:25:11,800 --> 00:25:13,800

some were even top secret.

573

00:25:13,800 --> 00:25:16,800

So this rock writing is a bit of a universal language?

574

00:25:16,800 --> 00:25:17,800

Yeah.

575

00:25:17,800 --> 00:25:19,800

Most of them are telling a story.

576

00:25:19,800 --> 00:25:22,800

So like the figures with the big hands,

577

00:25:22,800 --> 00:25:24,800

those are the creator.

578

00:25:24,800 --> 00:25:28,800

Like some of these circular ones are partals.

579

00:25:28,800 --> 00:25:31,800

They're pretty uniform in all rock writing

580

00:25:31,800 --> 00:25:35,800

and all kinds of things come through those partals.

581

00:25:35,800 --> 00:25:38,800

So there are witnesses who have reached out to us

582

00:25:38,800 --> 00:25:42,800

that claim to have seen something that is tall,

583

00:25:42,800 --> 00:25:45,800

wolf-like features, but also human-faced features.

584

00:25:45,800 --> 00:25:48,800

What does that sound like to you?

585

00:25:48,800 --> 00:25:51,800

It could be skin walkers.

586

00:25:52,800 --> 00:25:56,800

A lot of people call them, you know, govah snipe.

587

00:25:56,800 --> 00:25:59,800

But those things have been here for generations,

588

00:25:59,800 --> 00:26:01,800

for thousands of years.

589

00:26:01,800 --> 00:26:05,800

They go around to graveyards and they don skins

590

00:26:05,800 --> 00:26:08,800

so they can change their form.

591

00:26:08,800 --> 00:26:11,800

They're like shape shifters.

592

00:26:11,800 --> 00:26:14,800

And so when they put on those skins,

593

00:26:14,800 --> 00:26:17,800

they become coyote-like.

594

00:26:18,800 --> 00:26:22,800

So they can run just like a coyote.

595

00:26:23,800 --> 00:26:26,800

Knowing that, is there anything that you recommend

596

00:26:26,800 --> 00:26:31,800

we do or don't do while we try to move forward with this research?

597

00:26:31,800 --> 00:26:34,800

My first question is why do you want to interrupt something

598

00:26:34,800 --> 00:26:37,800

that you don't understand?

599

00:26:37,800 --> 00:26:40,800

They're going to come and bother you.

600

00:26:40,800 --> 00:26:43,800

And there's generations of them and they'll keep bothering you.

601

00:26:43,800 --> 00:26:45,800

You might get hurt.

602

00:26:48,800 --> 00:26:50,800

The End

603

00:26:54,800 --> 00:26:58,800

There's some things that aren't meant to be bothered.

604

00:26:58,800 --> 00:27:04,800

And you bother things, they'll hurt you.

605

00:27:04,800 --> 00:27:08,800

They have spiritual quality where they can be like this.

606

00:27:08,800 --> 00:27:10,800

You can't see them.

607

00:27:10,800 --> 00:27:14,800

But if they want you to see them, they can let you see them.

608

00:27:14,800 --> 00:27:16,800

They're gone again.

609

00:27:16,800 --> 00:27:18,800

They look almost as if they disappear.

610

00:27:18,800 --> 00:27:20,800

Yeah, but they're still there.

611

00:27:20,800 --> 00:27:22,800

But they're still watching.

612

00:27:22,800 --> 00:27:24,800

Right.

613

00:27:24,800 --> 00:27:29,800

Have you talked to anyone else who has seen something that is tall,

614

00:27:29,800 --> 00:27:31,800

wolf-like features?

615

00:27:31,800 --> 00:27:37,800

Yeah, I get people who see things and ask me to come and help them

616

00:27:37,800 --> 00:27:39,800

here in Utah.

617

00:27:39,800 --> 00:27:41,800

Okay.

618

00:27:42,800 --> 00:27:45,800

Larry's account of how skin walkers can seemingly disappear

619

00:27:45,800 --> 00:27:49,800

into thin air seems to track with our experience so far in the basin.

620

00:27:49,800 --> 00:27:53,800

But also makes for a challenging creature to catch on camera.

621

00:27:53,800 --> 00:27:57,800

Larry mentioned that there are other witnesses with similar experiences

622

00:27:57,800 --> 00:27:59,800

all over the basin.

623

00:27:59,800 --> 00:28:03,800

One is a local bus driver named Trudy who has a chilling report

624

00:28:03,800 --> 00:28:06,800

that sounds very similar to what he described.

625

00:28:06,800 --> 00:28:07,800

Hi, I'm Phil.

626

00:28:07,800 --> 00:28:08,800

How are you?

627

00:28:08,800 --> 00:28:09,800

Hi, Jessica.

628

00:28:09,800 --> 00:28:10,800

Nice to meet you.

629

00:28:10,800 --> 00:28:13,800

We've heard that you saw something a little odd around town.

630

00:28:13,800 --> 00:28:14,800

Yes.

631

00:28:14,800 --> 00:28:16,800

I'm a little bit of a fan of.

632

00:28:16,800 --> 00:28:18,800

Do you mind walking us through what happened?

633

00:28:18,800 --> 00:28:19,800

Yeah, sure.

634

00:28:19,800 --> 00:28:22,800

I drive school bus and I was on my way back with the football team.

635

00:28:22,800 --> 00:28:25,800

It was after midnight.

636

00:28:28,800 --> 00:28:34,800

And I'm driving from the driver's side on this side of the road.

637

00:28:34,800 --> 00:28:39,800

I see like this wolf-like looking thing come out from the field.

638

00:28:39,800 --> 00:28:42,800

He came about midway up my windshield.

639

00:28:42,800 --> 00:28:44,800

That sounds pretty tall.

640

00:28:44,800 --> 00:28:45,800

It was.

641

00:28:45,800 --> 00:28:50,800

It had short front legs and long back legs and just a black figure.

642

00:28:50,800 --> 00:28:54,800

Like, I know it looked like a wolf and it runs across my bus

643

00:28:54,800 --> 00:28:58,800

and my headlights shined right through its body.

644

00:28:58,800 --> 00:29:01,800

So like invisible, like what do you mean like shine through?

645

00:29:01,800 --> 00:29:05,800

Do you think it was a shadow that was just kind of cast weird in front of your bus?

646

00:29:05,800 --> 00:29:07,800

No, it was like transparent.

647

00:29:07,800 --> 00:29:11,800

And I know it wasn't a shadow because if my headlights shined on a shadow

648

00:29:11,800 --> 00:29:12,800

the shadow would disappear.

649

00:29:12,800 --> 00:29:13,800

I see.

650

00:29:13,800 --> 00:29:15,800

My headlights shined through his body.

651

00:29:15,800 --> 00:29:17,800

But you could still see the outline of him.

652

00:29:17,800 --> 00:29:19,800

Yes, I could still see him.

653

00:29:19,800 --> 00:29:21,800

That is so true.

654

00:29:21,800 --> 00:29:22,800

No, it was really weird.

655

00:29:22,800 --> 00:29:25,800

Then the coach that was sitting behind me a minute later, he's like,

656

00:29:25,800 --> 00:29:26,800

did you see that?

657

00:29:26,800 --> 00:29:30,800

And I was like, well tell me what you saw first because, you know,

658

00:29:30,800 --> 00:29:32,800

and then I'll tell you if I saw what you saw.

659

00:29:32,800 --> 00:29:36,800

And he said that wolf-like looking thing that went in front of your bus.

660

00:29:36,800 --> 00:29:38,800

He said, and your headlights shined right through its body.

661

00:29:38,800 --> 00:29:45,800

So he also not only just saw this beast but could tell that it was transparent as well from where he was sitting.

662

00:29:45,800 --> 00:29:46,800

Yes, yes.

663

00:29:46,800 --> 00:29:47,800

That is weird.

664

00:29:47,800 --> 00:29:55,800

So you're actually not the first person who's told us the story of seeing a large wolf-like creature running around here.

665

00:29:55,800 --> 00:29:56,800

Yeah.

666

00:29:56,800 --> 00:29:59,800

I cannot explain the transparent part.

667

00:29:59,800 --> 00:30:00,800

That's super odd.

668

00:30:00,800 --> 00:30:05,800

But wolves do get really large and especially if they're near a road,

669

00:30:05,800 --> 00:30:07,800

they want to look intimidating, they can kind of bristle up.

670

00:30:07,800 --> 00:30:11,800

But you think it's bigger than any animal should be.

671

00:30:11,800 --> 00:30:13,800

Did you say it's unnaturally large?

672

00:30:13,800 --> 00:30:14,800

He was big.

673

00:30:14,800 --> 00:30:20,800

Is that section of road where you were at or that entire just like path that you take when you're driving the bus,

674

00:30:20,800 --> 00:30:22,800

is that a relatively safe area or?

675

00:30:22,800 --> 00:30:24,800

Yeah, as far as I know.

676

00:30:24,800 --> 00:30:29,800

But I think things happen everywhere in the basin, you know, like in different areas.

677

00:30:29,800 --> 00:30:30,800

I mean that it is a safe area.

678

00:30:30,800 --> 00:30:34,800

Do you get any warnings about like what you shouldn't do if you do see something weird?

679

00:30:34,800 --> 00:30:37,800

Yeah, I've been told don't pick up hitchhikers.

680

00:30:37,800 --> 00:30:44,800

If you do, make sure you look at their feet because that's the only thing they can't change, their feet or hooves.

681

00:30:44,800 --> 00:30:50,800

Do you mind giving us the coordinates as to where you think you saw that animal?

682

00:30:50,800 --> 00:30:53,800

Actually, yeah, let me pull up a map right here.

683

00:30:53,800 --> 00:30:56,800

I would say it was like right around in here.

684

00:30:56,800 --> 00:30:59,800

So if I drop a pin right there, is that the approximate area?

685

00:30:59,800 --> 00:31:02,800

Between mile marker 95 and 99.

686

00:31:02,800 --> 00:31:04,800

All right, I think we will head out that way.

687

00:31:04,800 --> 00:31:05,800

I think we definitely will.

688

00:31:05,800 --> 00:31:06,800

Yeah, absolutely.

689

00:31:06,800 --> 00:31:07,800

Yeah, yeah.

690

00:31:07,800 --> 00:31:08,800

Thank you so much.

691

00:31:08,800 --> 00:31:09,800

Have a good one.

692

00:31:09,800 --> 00:31:10,800

You too.

693

00:31:11,800 --> 00:31:17,800

With a fresh lead from Trudy, we're heading to the area where she reports a wolf-like creature passed in front of her bus.

694

00:31:17,800 --> 00:31:21,800

But with only a vague set of coordinates, we need to figure out where to begin.

695

00:31:21,800 --> 00:31:25,800

So, let's dig into this area a little bit where she saw it.

696

00:31:25,800 --> 00:31:28,800

So, those are Trudy's coordinates right there.

697

00:31:28,800 --> 00:31:32,800

It's kind of in the middle of nowhere except to try my cemetery.

698

00:31:32,800 --> 00:31:36,800

I mean, that's exactly what Larry said people were using to manifest skin walkers.

699

00:31:36,800 --> 00:31:38,800

Sometimes they go to the cemetery.

700

00:31:38,800 --> 00:31:46,800

They go around to graveyards and made on skins so they can change their form.

701

00:31:46,800 --> 00:31:48,800

They're like shape shifters.

702

00:31:48,800 --> 00:31:49,800

What are the odds of that?

703

00:31:49,800 --> 00:31:53,800

It's part of the historical beliefs about skin walkers here.

704

00:31:53,800 --> 00:31:56,800

And it's right next to where Trudy saw that thing.

705

00:31:56,800 --> 00:31:58,800

That's where we're going tonight.

706

00:31:59,800 --> 00:32:01,800

All right, off to the cemetery we go.

707

00:32:06,800 --> 00:32:12,800

This humble graveyard bordered by a chain link fence is right off the highway from where Trudy had her encounter.

708

00:32:12,800 --> 00:32:13,800

All right.

709

00:32:13,800 --> 00:32:19,800

If her report and the local mythology is true, this area could be a hotspot for skin walkers.

710

00:32:21,800 --> 00:32:23,800

So, how do you want to tackle this one?

711

00:32:23,800 --> 00:32:27,800

Well, since we're here to observe, I think, setting up the surveillance cameras around here.

712

00:32:27,800 --> 00:32:28,800

Okay.

713

00:32:28,800 --> 00:32:29,800

We could point it out over the fence.

714

00:32:29,800 --> 00:32:31,800

We could point some in here.

715

00:32:31,800 --> 00:32:33,800

Cool. All right. Well, all this stuff's in the trunk. Let's grab it.

716

00:32:34,800 --> 00:32:35,800

All right.

717

00:32:37,800 --> 00:32:38,800

All right. I'll get everything set up.

718

00:32:38,800 --> 00:32:39,800

Meet you back here.

719

00:32:39,800 --> 00:32:40,800

Yeah, that sounds good.

720

00:32:41,800 --> 00:32:43,800

All right, so here's what I'm thinking.

721

00:32:43,800 --> 00:32:50,800

I want to set up a game camera on this tree and the one over there pointed out towards the highway.

722

00:32:50,800 --> 00:32:56,800

That way, anything that's trying to come in and out of the graveyard, we have a chance of catching on camera.

723

00:32:56,800 --> 00:32:57,800

That looks great.

724

00:33:00,800 --> 00:33:07,800

All right, so we have the graveyard inside here, different angle up there.

725

00:33:07,800 --> 00:33:12,800

Then we have aiming torch where there's probably going to be more wildlife.

726

00:33:12,800 --> 00:33:14,800

It should be pretty covered.

727

00:33:15,800 --> 00:33:16,800

Oh, f***.

728

00:33:16,800 --> 00:33:17,800

Come here real quick.

729

00:33:18,800 --> 00:33:21,800

We actually have some prints here.

730

00:33:22,800 --> 00:33:24,800

It looks like it's a little bit hoofed.

731

00:33:24,800 --> 00:33:30,800

So right here, they take a left and go back out into the paved area.

732

00:33:30,800 --> 00:33:34,800

So animals are definitely coming through here.

733

00:33:34,800 --> 00:33:36,800

I just don't know what kind.

734

00:33:37,800 --> 00:33:52,800

So when there are stories like Trudy's and like Manny's of seeing a large creature that they can't really explain, it makes me wonder what was that noise.

735

00:33:54,800 --> 00:33:58,800

It sounded like something was just like hitting something together.

736

00:34:04,800 --> 00:34:05,800

All right.

737

00:34:06,800 --> 00:34:07,800

All right, Scanan.

738

00:34:15,800 --> 00:34:16,800

Oh.

739

00:34:20,800 --> 00:34:23,800

I swear I just saw something looking at me.

740

00:34:23,800 --> 00:34:27,800

I swear I just saw some eye shine over here.

741

00:34:29,800 --> 00:34:30,800

Where is it?

742

00:34:30,800 --> 00:34:35,800

Do you hear that?

743

00:34:39,800 --> 00:34:40,800

Hello?

744

00:34:46,800 --> 00:34:48,800

Phil, Phil get over here right now.

745

00:34:48,800 --> 00:34:49,800

Phil, you copy?

746

00:34:49,800 --> 00:34:51,800

If you copy, head this way right now.

747

00:34:51,800 --> 00:34:52,800

Now.

748

00:35:21,800 --> 00:35:46,800

So, could these mutilations be attacks by skinwalkers or perhaps proof of extraterrestrial activity?

749

00:35:46,800 --> 00:35:55,800

For many of the people of Uinta, these cattle attacks are just further evidence that the basin's so-called high strangeness is the new normal.

750

00:36:00,800 --> 00:36:01,800

What did you get?

751

00:36:01,800 --> 00:36:04,800

So I was walking down this fence line.

752

00:36:04,800 --> 00:36:12,800

I swear to God, I saw eye shine right over here and then it sounded like something threw something

against the chain link fence.

753

00:36:12,800 --> 00:36:14,800

But nothing is showing up on the flare.

754

00:36:14,800 --> 00:36:18,800

I heard something smacking like throwing against the chain link fence.

755

00:36:18,800 --> 00:36:20,800

That's exactly what it sounded like to me too.

756

00:36:20,800 --> 00:36:22,800

These tracks are really fresh on this side.

757

00:36:22,800 --> 00:36:24,800

These are super fresh.

758

00:36:25,800 --> 00:36:27,800

I'm guessing that this is what, deer elk?

759

00:36:27,800 --> 00:36:29,800

It might be.

760

00:36:32,800 --> 00:36:34,800

Whoa.

761

00:36:34,800 --> 00:36:36,800

Be very careful right here. Check this out.

762

00:36:36,800 --> 00:36:37,800

This spot here?

763

00:36:37,800 --> 00:36:38,800

This spot right here.

764

00:36:38,800 --> 00:36:46,800

We have what looks like a hole or maybe a print of some sort, but with no other prints around.

765

00:36:46,800 --> 00:36:53,800

And when I look at the flare, it is very fresh and very warm.

766

00:36:53,800 --> 00:36:55,800

Oh, wow.

767

00:36:55,800 --> 00:36:57,800

They're totally hot.

768

00:36:57,800 --> 00:36:58,800

They're totally.

769

00:36:58,800 --> 00:37:00,800

And they're not fading at all.

770

00:37:00,800 --> 00:37:01,800

What the hell is that?

771

00:37:01,800 --> 00:37:03,800

Maybe a mouse is under there?

772

00:37:03,800 --> 00:37:06,800

Yeah, but then wouldn't you still see mouse tracks hopping around unless they went back inside?

773

00:37:06,800 --> 00:37:08,800

They can tumble underneath.

774

00:37:08,800 --> 00:37:09,800

But then why is it still hot?

775

00:37:09,800 --> 00:37:12,800

I don't get it, Jess. This is so weird.

776

00:37:12,800 --> 00:37:16,800

Yeah, I honestly have no idea what that could possibly be.

777

00:37:16,800 --> 00:37:19,800

I'm just gonna dig up this one and see if there's anything underneath.

778

00:37:19,800 --> 00:37:22,800

If there's anything underneath. Do you mind holding that for me?

779

00:37:33,800 --> 00:37:35,800

Oh, f***, there's nothing in here.

780

00:37:35,800 --> 00:37:37,800

Nothing? Check all this?

781

00:37:37,800 --> 00:37:39,800

Look at the fuel that. That's ice.

782

00:37:43,800 --> 00:37:45,800

And this is over by the fence line. Nobody's buried over here.

783

00:37:45,800 --> 00:37:47,800

I don't know.

784

00:37:50,800 --> 00:38:01,800

I'm wondering if we're being observed, but given little hints that whatever's out there is watching us and is around.

785

00:38:01,800 --> 00:38:03,800

It's definitely prodding.

786

00:38:03,800 --> 00:38:06,800

There's a ton of tracks outside this place.

787

00:38:06,800 --> 00:38:09,800

Very conveniently by the freeway right there, that's highway 40.

788

00:38:09,800 --> 00:38:12,800

Right where Trudy saw whatever she saw.

789

00:38:12,800 --> 00:38:13,800

Yeah.

790

00:38:15,800 --> 00:38:18,800

We're leaving our surveillance cameras running.

791

00:38:18,800 --> 00:38:22,800

We want to investigate the road where Trudy had her experience.

792

00:38:22,800 --> 00:38:27,800

So we're grabbing some IR cameras and hopping in the Jeep to see what we spot.

793

00:38:28,800 --> 00:38:30,800

Okay, here we're going into some woods.

794

00:38:30,800 --> 00:38:33,800

Check the sides and see if we can get any eye shine or anything like that.

795

00:38:43,800 --> 00:38:45,800

Yeah? Nothing?

796

00:38:46,800 --> 00:38:47,800

Nothing right now.

797

00:38:47,800 --> 00:38:48,800

Alright.

798

00:38:50,800 --> 00:38:51,800

Okay.

799

00:38:52,800 --> 00:38:56,800

Somebody's walking. Phil, sit down just so that they don't think we're weird.

800

00:38:56,800 --> 00:38:58,800

Oh yeah, that's a good idea.

801

00:39:02,800 --> 00:39:04,800

Oh.

802

00:39:04,800 --> 00:39:09,800

What the f***?

803

00:39:09,800 --> 00:39:13,800

That was a hitchhiker. Did you see?

804

00:39:13,800 --> 00:39:14,800

That wasn't...

805

00:39:14,800 --> 00:39:17,800

The feet looked like they had fire on them.

806

00:39:17,800 --> 00:39:19,800

Wait, what the f***?

807

00:39:19,800 --> 00:39:21,800

Oh my God. Okay, okay, okay, okay.

808

00:39:21,800 --> 00:39:24,800

This is exactly what we're told not to pick up hitchhikers.

809

00:39:24,800 --> 00:39:26,800

Pick up hitchhikers? That was a hitchhiker.

810

00:39:26,800 --> 00:39:27,800

If you do...

811

00:39:27,800 --> 00:39:31,800

Make sure you look at their feet because that's the only thing they can't change.

812

00:39:31,800 --> 00:39:32,800

Their feet are hooves.

813

00:39:33,800 --> 00:39:34,800

I mean, you saw his leg.

814

00:39:34,800 --> 00:39:35,800

Yeah.

815

00:39:35,800 --> 00:39:36,800

You saw his leg.

816

00:39:39,800 --> 00:39:40,800

Okay.

817

00:39:40,800 --> 00:39:41,800

Oh God.

818

00:39:41,800 --> 00:39:42,800

Turn around, turn around.

819

00:39:42,800 --> 00:39:44,800

Let's go back to the last location we saw him.

820

00:39:45,800 --> 00:39:46,800

Oh my God.

821

00:39:46,800 --> 00:39:48,800

That was terrifying.

822

00:39:49,800 --> 00:39:53,800

No f***.

823

00:39:53,800 --> 00:39:54,800

I don't want to see him.

824

00:39:54,800 --> 00:39:55,800

I don't want to see him.

825

00:39:57,800 --> 00:39:58,800

I don't want to see him.

826

00:40:00,800 --> 00:40:01,800

I don't want to see him and he's gone.

827

00:40:01,800 --> 00:40:02,800

Oh my God.

828

00:40:02,800 --> 00:40:03,800

Where is he?

829

00:40:03,800 --> 00:40:04,800

Phil, he's gone.

830

00:40:04,800 --> 00:40:05,800

Where is he?

831

00:40:06,800 --> 00:40:07,800

He was right here.

832

00:40:07,800 --> 00:40:08,800

He's gone?

833

00:40:09,800 --> 00:40:10,800

No way.

834

00:40:11,800 --> 00:40:12,800

He's gone here.

835

00:40:14,800 --> 00:40:15,800

Phil, he's gone.

836

00:40:16,800 --> 00:40:17,800

What the f***?

837

00:40:17,800 --> 00:40:19,800

He was right over here.

838

00:40:19,800 --> 00:40:20,800

He was right here.

839

00:40:20,800 --> 00:40:23,800

I mean, there's nowhere that guy could have gone.

840

00:40:23,800 --> 00:40:25,800

He should not be missing right now.

841

00:40:25,800 --> 00:40:27,800

I am legitimately terrified right now.

842

00:40:28,800 --> 00:40:29,800

Oh my God.

843

00:40:29,800 --> 00:40:31,800

Where the f*** did he go?

844

00:40:31,800 --> 00:40:34,800

Next time on Expedition X.

845

00:40:36,800 --> 00:40:37,800

Oh f***, Phil, come here.

846

00:40:38,800 --> 00:40:39,800

He's gone.

847

00:40:39,800 --> 00:40:40,800

Look at this.

848

00:40:40,800 --> 00:40:44,800

This is the weirdest place we've ever investigated.

849

00:40:44,800 --> 00:40:47,800

My team continues their terrifying investigation

850

00:40:47,800 --> 00:40:50,800

before turning to the bizarre occurrences

851

00:40:50,800 --> 00:40:52,800

happening above the Uinta Basin.

852

00:40:52,800 --> 00:40:54,800

Oh f***, do you see that blue light?

853

00:40:55,800 --> 00:40:57,800

Where frequent sightings of UFOs

854

00:40:57,800 --> 00:41:00,800

have unsettled everyone from local ranchers.

855

00:41:00,800 --> 00:41:04,800

The box popped up and it moved from east to west

856

00:41:04,800 --> 00:41:05,800

to north to south.

857

00:41:05,800 --> 00:41:08,800

To the highest reaches of the U.S. government.

858

00:41:08,800 --> 00:41:09,800

When they were in the area,

859

00:41:09,800 --> 00:41:13,800

those frequencies were much stronger.

860

00:41:14,800 --> 00:41:15,800

Right there.

861

00:41:15,800 --> 00:41:16,800

Right around here.

862

00:41:16,800 --> 00:41:19,800

And as Phil and Jess delve deeper,

863

00:41:19,800 --> 00:41:23,800

the basin's high strangeness comes into frightening focus.

864

00:41:23,800 --> 00:41:24,800

We found it.

865

00:41:24,800 --> 00:41:25,800

Oh my God.

866

00:41:25,800 --> 00:41:26,800

What?

867

00:41:26,800 --> 00:41:27,800

Let's get over here.

868

00:41:27,800 --> 00:41:28,800

Something's responding to us.
