

AM PERSONNEL

STEVEN SPIELBERG

1
00:00:03,990 --> 00:00:01,670
there have been enough

2
00:00:06,150 --> 00:00:04,000
sober reports from very reliable

3
00:00:08,070 --> 00:00:06,160
multiple witness

4
00:00:09,110 --> 00:00:08,080
individuals who have all seen these

5
00:00:10,470 --> 00:00:09,120
things

6
00:00:12,150 --> 00:00:10,480
all over the world not just in this

7
00:00:14,230 --> 00:00:12,160
country but all through canada all

8
00:00:15,829 --> 00:00:14,240
through france all through brazil

9
00:00:18,870 --> 00:00:15,839
australia you name it they're they're

10
00:00:21,029 --> 00:00:18,880
really for every uh uh

11
00:00:22,390 --> 00:00:21,039
in a way for me for every uh a couple

12
00:00:24,150 --> 00:00:22,400
hundred square miles of land in this

13
00:00:25,670 --> 00:00:24,160

country that there are ufo reports some

14

00:00:27,589 --> 00:00:25,680

of the people who have

15

00:00:28,390 --> 00:00:27,599

had ufo encounters

16

00:00:30,550 --> 00:00:28,400

do

17

00:00:32,549 --> 00:00:30,560

you know tell me that uh it's very

18

00:00:34,630 --> 00:00:32,559

similar to the kinds of encounters that

19

00:00:37,670 --> 00:00:34,640

are in the film of course the kinds of

20

00:00:41,270 --> 00:00:37,680

encounters that are in my film are based

21

00:00:43,190 --> 00:00:41,280

in part on the experiences of a kind of

22

00:00:45,430 --> 00:00:43,200

cross-section of

23

00:00:47,670 --> 00:00:45,440

people throughout the country who claim

24

00:00:49,029 --> 00:00:47,680

to have had second kind encounters first

25

00:00:50,950 --> 00:00:49,039

kind encounters and third kind

26

00:00:53,350 --> 00:00:50,960

encounters i wouldn't put it past this

27

00:00:55,270 --> 00:00:53,360

government that a cosmic watergate has

28

00:00:59,750 --> 00:00:55,280

been underway for the last

29

00:01:01,590 --> 00:00:59,760

you know 25 years at the same time

30

00:01:03,510 --> 00:01:01,600

i don't think it's uh

31

00:01:05,270 --> 00:01:03,520

i think as we're growing up or from the

32

00:01:06,149 --> 00:01:05,280

government's point of view uh i think

33

00:01:07,190 --> 00:01:06,159

we've

34

00:01:09,429 --> 00:01:07,200

you know we're

35

00:01:11,030 --> 00:01:09,439

we've been adults for hundreds of years

36

00:01:12,870 --> 00:01:11,040

but from the government's point of view

37

00:01:13,990 --> 00:01:12,880

we're still growing up and eventually

38

00:01:16,149 --> 00:01:14,000

they might want to tell us something

39

00:01:19,350 --> 00:01:16,159

about what they've uh discovered over

40

00:01:21,109 --> 00:01:19,360

over the decades uh there is a rumor

41

00:01:22,870 --> 00:01:21,119

that was in u.s news world report a

42

00:01:24,469 --> 00:01:22,880

number of months ago that uh jimmy

43

00:01:27,670 --> 00:01:24,479

carter might make

44

00:01:29,749 --> 00:01:27,680

a uh make some unsettling disclosures

45

00:01:30,950 --> 00:01:29,759

about the ufo phenomena sometime in

46

00:01:32,870 --> 00:01:30,960

december

47

00:01:34,149 --> 00:01:32,880

uh it's pretty timing i opened my movie

48

00:01:36,469 --> 00:01:34,159

in december so it's perfect timing

49

00:01:39,190 --> 00:01:36,479

president carter reported that you also

50

00:01:41,510 --> 00:01:39,200

citing twice has he seen the picture uh

51
00:01:42,870 --> 00:01:41,520
last saturday what do you think we

52
00:01:44,550 --> 00:01:42,880
haven't heard the direct feedback we

53
00:01:45,749 --> 00:01:44,560
hear he liked it quite a bit and we

54
00:01:46,630 --> 00:01:45,759
haven't really heard directly from the

55
00:01:47,910 --> 00:01:46,640
president

56
00:01:50,950 --> 00:01:47,920
in view of the fact that your own

57
00:01:53,030 --> 00:01:50,960
president has cited it reported it

58
00:01:55,190 --> 00:01:53,040
why is it that so many

59
00:01:57,990 --> 00:01:55,200
responsible people accuse the u.s

60
00:02:00,230 --> 00:01:58,000
government of covering up ufo sightings

61
00:02:02,069 --> 00:02:00,240
and and why would the u.s why would the

62
00:02:03,990 --> 00:02:02,079
the forces of the government try to do

63
00:02:06,310 --> 00:02:04,000

that it was very popular today because

64

00:02:07,910 --> 00:02:06,320
of watergate to blame the government for

65

00:02:09,830 --> 00:02:07,920
anything that we think we should know

66

00:02:10,869 --> 00:02:09,840
about that we don't know about

67

00:02:13,110 --> 00:02:10,879
uh

68

00:02:19,110 --> 00:02:13,120
dr heineck has referred to

69

00:02:21,430 --> 00:02:20,229
there are several reasons why the

70

00:02:23,510 --> 00:02:21,440
government could be

71

00:02:26,390 --> 00:02:23,520
you know withholding information beyond

72

00:02:28,869 --> 00:02:26,400
the the freedom of information act

73

00:02:30,229 --> 00:02:28,879
uh the robertson panel that convened in

74

00:02:32,470 --> 00:02:30,239
the early 50s

75

00:02:33,509 --> 00:02:32,480
decided that ufos were not

76

00:02:35,830 --> 00:02:33,519

were

77

00:02:37,910 --> 00:02:35,840

not a threat to our national security

78

00:02:40,229 --> 00:02:37,920

but could be a threat to our national

79

00:02:41,670 --> 00:02:40,239

security by clogging all the proper

80

00:02:42,790 --> 00:02:41,680

channels of communication creating

81

00:02:45,589 --> 00:02:42,800

rumors

82

00:02:46,869 --> 00:02:45,599

during the cold war when we were already

83

00:02:49,350 --> 00:02:46,879

frightened of the intercontinental

84

00:02:50,710 --> 00:02:49,360

ballistic missiles arising in 18 and a

85

00:02:51,990 --> 00:02:50,720

half minutes

86

00:02:54,229 --> 00:02:52,000

uh

87

00:02:56,630 --> 00:02:54,239

and the government was afraid that too

88

00:02:59,509 --> 00:02:56,640

many ufo reports could be misleading

89

00:03:02,869 --> 00:02:59,519

could mislead our own facilities our own

90

00:03:04,470 --> 00:03:02,879

norad facilities into thinking that

91

00:03:06,070 --> 00:03:04,480

what looked like a

92

00:03:07,830 --> 00:03:06,080

non-specific

93

00:03:09,910 --> 00:03:07,840

what looked like a an uncorrelated

94

00:03:11,110 --> 00:03:09,920

target could be in fact an incoming
