

1
00:00:05,829 --> 00:00:02,869
this is where we see the large orange

2
00:00:11,830 --> 00:00:05,839
light that's right yes we did

3
00:00:17,189 --> 00:00:14,310
then it disappeared and i am coming up

4
00:00:20,070 --> 00:00:17,199
to it now it appeared again here

5
00:00:22,710 --> 00:00:20,080
but it started hovering down below the

6
00:00:24,230 --> 00:00:22,720
back of these trees and the hedges here

7
00:00:26,310 --> 00:00:24,240
so we came on down the road for another

8
00:00:28,070 --> 00:00:26,320
quarter of a mile maybe a bit more we

9
00:00:36,630 --> 00:00:28,080
turned sharp left to come into childhood

10
00:00:41,590 --> 00:00:39,270
it's a bad dent isn't it

11
00:00:44,150 --> 00:00:41,600
going in this lane and we see we were

12
00:00:45,270 --> 00:00:44,160
doing about 20 mile now maybe 25 mile an

13
00:00:47,190 --> 00:00:45,280

hour

14

00:00:49,590 --> 00:00:47,200
down about 70 yards then all of a sudden

15

00:00:51,830 --> 00:00:49,600
this car suddenly went crazy just left

16

00:00:52,790 --> 00:00:51,840
off the road to the right

17

00:00:55,189 --> 00:00:52,800
and

18

00:00:57,110 --> 00:00:55,199
the engine started to rev

19

00:01:00,150 --> 00:00:57,120
we hit the grass verge which is a very

20

00:01:02,069 --> 00:01:00,160
wide grass whereas about 15 yards wide

21

00:01:03,750 --> 00:01:02,079
and we were heading towards a high edge

22

00:01:05,509 --> 00:01:03,760
so i grabbed the steering wheel as mrs

23

00:01:08,070 --> 00:01:05,519
boulder was fighting with it and

24

00:01:09,910 --> 00:01:08,080
suddenly the car straightened itself we

25

00:01:11,590 --> 00:01:09,920
came down the grass verge for about 10

26

00:01:14,870 --> 00:01:11,600
to 15 yards

27

00:01:17,749 --> 00:01:15,670
and

28

00:01:21,190 --> 00:01:17,759
it was though we hit an invisible

29

00:01:22,870 --> 00:01:21,200
barrier which did it gave

30

00:01:24,789 --> 00:01:22,880
because it didn't throw me forward into

31

00:01:27,749 --> 00:01:24,799
the seat but it gave and then brought us

32

00:01:30,550 --> 00:01:27,759
back into our normal stopping position

33

00:01:33,190 --> 00:01:30,560
that was when we see well then the sorry

34

00:01:37,030 --> 00:01:33,200
yes that was when we see

35

00:01:41,830 --> 00:01:37,040
what i shall say a cigar-shaped object

36

00:01:48,230 --> 00:01:45,109
inside were three figures yes they added

37

00:01:51,670 --> 00:01:48,240
like a cockpit in the the cabin was in

38

00:01:53,429 --> 00:01:51,680

the front of the cigar-shaped thing

39

00:01:55,030 --> 00:01:53,439

and was

40

00:01:58,069 --> 00:01:55,040

lit up but um

41

00:01:59,990 --> 00:01:58,079

not glowingly lit up with a very easy

42

00:02:02,550 --> 00:02:00,000

light to look at

43

00:02:04,469 --> 00:02:02,560

it was hovering it had either steam or

44

00:02:06,149 --> 00:02:04,479

vapor coming out like

45

00:02:08,710 --> 00:02:06,159

like gas jets

46

00:02:11,510 --> 00:02:08,720

then i see one of these figures get out

47

00:02:13,510 --> 00:02:11,520

of this thing this object and it started

48

00:02:18,550 --> 00:02:13,520

walking across towards me

49

00:02:20,229 --> 00:02:18,560

i heard a whistle which i didn't know

50

00:02:23,270 --> 00:02:20,239

it's like

51
00:02:25,589 --> 00:02:23,280
a whistling kettle starting to whistle

52
00:02:27,990 --> 00:02:25,599
now he had on like a boiler suit but it

53
00:02:30,949 --> 00:02:28,000
was with a polar neck collar

54
00:02:32,229 --> 00:02:30,959
he had a seam down on his right hand

55
00:02:35,270 --> 00:02:32,239
side

56
00:02:38,229 --> 00:02:35,280
as he walked across he come to my window

57
00:02:40,150 --> 00:02:38,239
he put his arm on the roof of my car and

58
00:02:42,550 --> 00:02:40,160
looked in

59
00:02:44,150 --> 00:02:42,560
now he was a tall man roughly six foot

60
00:02:46,309 --> 00:02:44,160
one six foot two

61
00:02:48,390 --> 00:02:46,319
he had pink eyes which were very

62
00:02:52,309 --> 00:02:48,400
piercing

63
00:02:55,830 --> 00:02:52,319

he had sideboards and a beard which met

64

00:02:58,229 --> 00:02:55,840

he looked in at me then he looked at ted

65

00:02:59,670 --> 00:02:58,239

after looking at ted he looked at my

66

00:03:04,390 --> 00:02:59,680

dashboard

67

00:03:07,750 --> 00:03:04,400

my car engine started up

68

00:03:10,710 --> 00:03:07,760

now the car ignition case was turned off

69

00:03:12,790 --> 00:03:10,720

and as the engine started up of my car

70

00:03:14,550 --> 00:03:12,800

my lights were my headlights were four

71

00:03:15,670 --> 00:03:14,560

times powerful than what they normally

72

00:03:17,430 --> 00:03:15,680

are

73

00:03:18,869 --> 00:03:17,440

which was it was just like a glow of

74

00:03:21,110 --> 00:03:18,879

white

75

00:03:23,430 --> 00:03:21,120

i see a movement of this figure oh by

76

00:03:25,190 --> 00:03:23,440

the way i grabbed ted

77

00:03:26,949 --> 00:03:25,200

and i said no ted don't get out don't

78

00:03:29,030 --> 00:03:26,959

get out because he wanted to get out and

79

00:03:30,229 --> 00:03:29,040

i just literally wrapped my body around

80

00:03:31,910 --> 00:03:30,239

head

81

00:03:33,990 --> 00:03:31,920

and then i opened one eye because i'd

82

00:03:36,070 --> 00:03:34,000

had my eyes shut and i opened one eye

83

00:03:37,750 --> 00:03:36,080

and i said look out teddy's going around

84

00:03:39,750 --> 00:03:37,760

the back to you

85

00:03:42,309 --> 00:03:39,760

i see a movement thinking he was going

86

00:03:45,190 --> 00:03:42,319

round the road all the way around my car

87

00:03:46,869 --> 00:03:45,200

ted looked over his left hand shoulder

88

00:03:48,630 --> 00:03:46,879

to have a look around to see if he was

89

00:03:50,789 --> 00:03:48,640

coming around and my words were don't

90

00:03:52,869 --> 00:03:50,799

open the door head don't open the door

91

00:03:55,830 --> 00:03:52,879

but wait ted was looking around and me

92

00:03:59,830 --> 00:03:55,840

huddled to him with my eyes closed

93

00:04:02,630 --> 00:03:59,840

the figure disappeared with the object

94

00:04:04,949 --> 00:04:02,640

starting after it's gone after a few

95

00:04:08,149 --> 00:04:04,959

seconds which seemed hours to us

96

00:04:10,309 --> 00:04:08,159

i started ted said well let's go oh he

97

00:04:11,670 --> 00:04:10,319

asked me if he could drive and i said

98

00:04:13,190 --> 00:04:11,680

not lightly

99

00:04:15,509 --> 00:04:13,200

it only meant because it meant me

100

00:04:16,870 --> 00:04:15,519

getting out of my car

101

00:04:18,949 --> 00:04:16,880

i put it in

102

00:04:21,270 --> 00:04:18,959

first and started off but we could not

103

00:04:23,909 --> 00:04:21,280

move it was as soon as we were still

104

00:04:25,909 --> 00:04:23,919

hitting an invisible barrier

105

00:04:28,070 --> 00:04:25,919

well i put it back in neutral and waited

106

00:04:29,670 --> 00:04:28,080

for a few seconds and then i started off

107

00:04:31,990 --> 00:04:29,680

again

108

00:04:33,749 --> 00:04:32,000

and we went off perfectly normal in the

109

00:04:36,469 --> 00:04:33,759

car

110

00:04:40,790 --> 00:04:36,479

on the monday when i got up

111

00:04:43,430 --> 00:04:40,800

i had a rash on my face down my neck and

112

00:04:46,710 --> 00:04:43,440

along onto my shoulder which side on the

113

00:04:49,189 --> 00:04:46,720

right hand side it was all like blotchy

114

00:04:50,790 --> 00:04:49,199

it could have been a nerve rash or it

115

00:04:53,110 --> 00:04:50,800

could have been where that gentleman was

116

00:04:56,070 --> 00:04:53,120

stood by my window

117

00:04:58,629 --> 00:04:56,080

incidentally since this happening i have

118

00:04:59,590 --> 00:04:58,639

had a telephone call from a person from

119

00:05:02,150 --> 00:04:59,600

london

120

00:05:04,310 --> 00:05:02,160

telling me on no account am i to say

121

00:05:06,230 --> 00:05:04,320

anything to anyone about this what we've

122

00:05:08,150 --> 00:05:06,240

seen because i should be having a

123

00:05:08,950 --> 00:05:08,160

government official come around to see

124

00:05:10,870 --> 00:05:08,960

me

125

00:05:12,870 --> 00:05:10,880

and after all this is england and this
