

1  
00:00:07,030 --> 00:00:04,630  
oh my god right when i hit record

2  
00:00:09,110 --> 00:00:07,040  
at that second the object was passing

3  
00:00:11,190 --> 00:00:09,120  
straight over the top of my house and

4  
00:00:14,070 --> 00:00:11,200  
what i got on tape

5  
00:00:14,950 --> 00:00:14,080  
was a disc shaped object turned on its

6  
00:00:17,189 --> 00:00:14,960  
side

7  
00:00:19,429 --> 00:00:17,199  
with the dome this way the odd the

8  
00:00:22,230 --> 00:00:19,439  
bottom part this way as it flies over my

9  
00:00:24,470 --> 00:00:22,240  
house it suddenly does a u-turn and then

10  
00:00:26,470 --> 00:00:24,480  
jumped about a mile and a half in like a

11  
00:00:28,470 --> 00:00:26,480  
matter of a half a second to where i

12  
00:00:30,550 --> 00:00:28,480  
couldn't even see it anymore so i

13  
00:00:32,709 --> 00:00:30,560

started scanning the sky for

14

00:00:33,510 --> 00:00:32,719

finally about a minute and a half later

15

00:00:39,510 --> 00:00:33,520

i

16

00:00:40,549 --> 00:00:39,520

further away

17

00:00:43,750 --> 00:00:40,559

but

18

00:00:45,110 --> 00:00:43,760

it seems that it was still on its side

19

00:00:46,950 --> 00:00:45,120

people need to know

20

00:00:49,670 --> 00:00:46,960

and realize that this is a structured

21

00:00:52,630 --> 00:00:49,680

domed metallic machine

22

00:00:54,709 --> 00:00:52,640

that is running under its own type of
