

# JESSIE SPOTS AN ALIEN CREW

**W**HEN Mrs. Jessie Rostenberg saw ET and his little fellow aliens in the film *Close Encounters Of The Third Kind*, she wanted to tell the rest of the cinema: "They are not like that at all!"

And Jessie should know—for she had a close encounter with the occupants of a UFO at her lonely farmhouse at Ranton, Staffordshire.

## Experience

"Aliens are not funny little green men," she insists. "The ones I saw were almost human."

Jessie spotted a disc-shaped craft, with a large window, hovering over her home.

It was low enough for her to see two figures staring down at her. They seemed distant, almost wistful and yet oddly compassionate, she says.

They wore blue ski-type suits and had long blond hair. Their skins were very white and their chins were

pointed, but they seemed otherwise human and normal in height.

"It felt like hours passed, but it must have been seconds," she says. "I was paralysed, as if I was held in a vice."

"I wanted to say hello, but I was worried about my children. I turned to see if they were all right, but when I looked back up it was gone."

Jessie ran indoors and hid under a table with the children, Anthony, eight, and six-year-old Richard. One of them spotted the disc through trees,

apparently circling. It gave off a flash of purple light and disappeared.

Jessie's story is legendary among UFO-ologists. And she insists that her experience has changed her life.

## Sense

"Since then, I have developed very clear extrasensory perception," she says. "I know things without being told. I understand situations without them being explained to me."

"All this probably sounds crazy, but it is true."

1  
00:00:03,110 --> 00:00:02,149  
one ordinary day

2  
00:00:06,869 --> 00:00:03,120  
i

3  
00:00:08,710 --> 00:00:06,879  
from work and my two sons

4  
00:00:10,709 --> 00:00:08,720  
went to cypher to school and i was

5  
00:00:13,350 --> 00:00:10,719  
getting changed and

6  
00:00:16,070 --> 00:00:13,360  
i heard this terrific noise it was just

7  
00:00:19,670 --> 00:00:16,080  
like a giant cauldron of water being

8  
00:00:20,470 --> 00:00:19,680  
poured onto a fire ash sort of noise you

9  
00:00:22,230 --> 00:00:20,480  
know

10  
00:00:23,990 --> 00:00:22,240  
and my first reaction was oh the

11  
00:00:26,150 --> 00:00:24,000  
children i thought maybe a plane was

12  
00:00:27,830 --> 00:00:26,160  
crashing or something like that

13  
00:00:30,390 --> 00:00:27,840

and i

14

00:00:33,030 --> 00:00:30,400

slipped my jumper on and went outside to

15

00:00:34,790 --> 00:00:33,040

find my two sons lying flat on the

16

00:00:36,709 --> 00:00:34,800

ground in the garden in front of the

17

00:00:39,830 --> 00:00:36,719

house shouting mommy mommy there's a

18

00:00:42,790 --> 00:00:39,840

flying saucer well naturally i

19

00:00:45,190 --> 00:00:42,800

just said come on don't be stupid

20

00:00:47,510 --> 00:00:45,200

come in the house but felt

21

00:00:48,709 --> 00:00:47,520

sort of a strange sensation

22

00:00:50,069 --> 00:00:48,719

uh

23

00:00:51,830 --> 00:00:50,079

went in my way

24

00:00:53,910 --> 00:00:51,840

up the side of the house to where we had

25

00:00:55,350 --> 00:00:53,920

a pump where we used to get all our

26

00:00:57,189 --> 00:00:55,360

water from

27

00:01:00,709 --> 00:00:57,199

and

28

00:01:05,429 --> 00:01:00,719

automatically looked up to see this

29

00:01:07,670 --> 00:01:05,439

all i can describe this huge mexican hat

30

00:01:10,230 --> 00:01:07,680

it was stationary this thing

31

00:01:15,510 --> 00:01:10,240

and it was bright silver in color and it

32

00:01:17,190 --> 00:01:15,520

had a dome a dome it was tilted

33

00:01:19,590 --> 00:01:17,200

to sort of

34

00:01:21,429 --> 00:01:19,600

i could see the occupants in it you saw

35

00:01:23,350 --> 00:01:21,439

people in it i saw people in it there

36

00:01:25,510 --> 00:01:23,360

were two people in there

37

00:01:27,429 --> 00:01:25,520

um

38

00:01:29,190 --> 00:01:27,439

these people

39

00:01:31,350 --> 00:01:29,200

were beautiful people that's the only

40

00:01:32,310 --> 00:01:31,360

way i can just describe them

41

00:01:35,109 --> 00:01:32,320

um

42

00:01:37,830 --> 00:01:35,119

they had long golden hair like a page

43

00:01:39,510 --> 00:01:37,840

page boy bob just like the old kings

44

00:01:40,469 --> 00:01:39,520

you used to see photographs of the old

45

00:01:41,910 --> 00:01:40,479

kings

46

00:01:42,950 --> 00:01:41,920

and the the colour of the hair was

47

00:01:44,389 --> 00:01:42,960

golden

48

00:01:47,030 --> 00:01:44,399

now

49

00:01:49,670 --> 00:01:47,040

i was really out there just they

50

00:01:51,429 --> 00:01:49,680

they had a sort of a pull neck jumper

51  
00:01:52,950 --> 00:01:51,439  
affair like a skeet

52  
00:01:54,630 --> 00:01:52,960  
top suit

53  
00:01:55,830 --> 00:01:54,640  
in pale blue

54  
00:01:57,910 --> 00:01:55,840  
now

55  
00:01:59,830 --> 00:01:57,920  
these people weren't sat behind one

56  
00:02:01,749 --> 00:01:59,840  
behind the other they were sat together

57  
00:02:04,950 --> 00:02:01,759  
but this whatever it was

58  
00:02:06,870 --> 00:02:04,960  
was tilted so that i could see them and

59  
00:02:08,949 --> 00:02:06,880  
they could see me were you looking at

60  
00:02:13,430 --> 00:02:08,959  
them through windows through portholes

61  
00:02:15,830 --> 00:02:13,440  
no not portholes it was just sort of the

62  
00:02:17,910 --> 00:02:15,840  
like a cockpit i suppose

63  
00:02:19,990 --> 00:02:17,920

that had this

64

00:02:21,589 --> 00:02:20,000

perspective or glass or whatever it was

65

00:02:22,790 --> 00:02:21,599

they could see me anyway and i could see

66

00:02:24,470 --> 00:02:22,800

them

67

00:02:26,229 --> 00:02:24,480

and um they were

68

00:02:28,630 --> 00:02:26,239

they had beautiful faces i shall never

69

00:02:31,509 --> 00:02:28,640

forget their faces as long as i live

70

00:02:32,630 --> 00:02:31,519

their foreheads seem to be a bit larger

71

00:02:33,589 --> 00:02:32,640

than

72

00:02:35,990 --> 00:02:33,599

you know

73

00:02:37,670 --> 00:02:36,000

the the bottom of their faces as as

74

00:02:39,990 --> 00:02:37,680

normal people

75

00:02:42,150 --> 00:02:40,000

you would expect to see

76

00:02:44,390 --> 00:02:42,160

but maybe this is what was just the

77

00:02:48,150 --> 00:02:44,400

whatever they had around their heads

78

00:02:50,309 --> 00:02:48,160

which was like a transparent fishbowl

79

00:02:52,070 --> 00:02:50,319

and they just looked and i was

80

00:02:53,670 --> 00:02:52,080

absolutely paralytic with fear i

81

00:02:56,229 --> 00:02:53,680

couldn't move although my mind was

82

00:02:59,750 --> 00:02:56,239

ticking over

83

00:03:00,470 --> 00:02:59,760

and they looked so sympathetic

84

00:03:02,949 --> 00:03:00,480

that

85

00:03:05,830 --> 00:03:02,959

i was just mesmerized for what seemed to

86

00:03:07,910 --> 00:03:05,840

be oh ages but it could have only been

87

00:03:10,470 --> 00:03:07,920

seconds

88

00:03:12,630 --> 00:03:10,480

and i turned to sort of look down at the

89

00:03:15,030 --> 00:03:12,640

boys

90

00:03:17,030 --> 00:03:15,040

was unaware that they were with me

91

00:03:19,589 --> 00:03:17,040

because i was so absorbed

92

00:03:23,350 --> 00:03:19,599

and the next thing i looked up and it

93

00:03:25,589 --> 00:03:23,360

was gone how low had it been it had been

94

00:03:27,670 --> 00:03:25,599

the the height i couldn't tell you but

95

00:03:30,229 --> 00:03:27,680

the house that you've seen it was just

96

00:03:32,789 --> 00:03:30,239

on top of the roof it was hovering on

97

00:03:34,869 --> 00:03:32,799

top of the roof how big was it compared

98

00:03:37,190 --> 00:03:34,879

with the size of the house it's it

99

00:03:38,390 --> 00:03:37,200

swallowed the the whole circumference of

100

00:03:39,910 --> 00:03:38,400

of the roof

101  
00:03:41,190 --> 00:03:39,920  
i couldn't see the roof was completely

102  
00:03:43,190 --> 00:03:41,200  
blotted out

103  
00:03:45,190 --> 00:03:43,200  
the chimneys i couldn't see all i could

104  
00:03:46,710 --> 00:03:45,200  
see was this massive

105  
00:03:50,070 --> 00:03:46,720  
uh object

106  
00:03:52,070 --> 00:03:50,080  
that i described as a like a mexican's

107  
00:03:53,750 --> 00:03:52,080  
house a mexican hat without the bubbles

108  
00:03:55,190 --> 00:03:53,760  
and then it flew away sideways or

109  
00:03:56,309 --> 00:03:55,200  
upwards no

110  
00:03:58,710 --> 00:03:56,319  
i didn't see

111  
00:04:01,589 --> 00:03:58,720  
i just looked up and there's a gun but i

112  
00:04:03,910 --> 00:04:01,599  
assume it went straight up because for a

113  
00:04:06,229 --> 00:04:03,920

short while after in the sky i looked

114

00:04:07,750 --> 00:04:06,239

around and i said to my two boys

115

00:04:09,429 --> 00:04:07,760

where can you see anything can you say

116

00:04:11,429 --> 00:04:09,439

anything in the sederitis mum and they

117

00:04:13,589 --> 00:04:11,439

pointed up and i watched it it was just

118

00:04:16,710 --> 00:04:13,599

like a little cotton meal in the sky and

119

00:04:19,270 --> 00:04:16,720

it circles three times it went round

120

00:04:20,949 --> 00:04:19,280

three times and then it just shut off

121

00:04:23,350 --> 00:04:20,959

and that was it

122

00:04:25,030 --> 00:04:23,360

when i started to analyze my

123

00:04:27,270 --> 00:04:25,040

myself afterwards

124

00:04:29,030 --> 00:04:27,280

i feared that i might have had a and

125

00:04:31,030 --> 00:04:29,040

hallucination

126  
00:04:32,710 --> 00:04:31,040  
but then i knew i i hadn't had because

127  
00:04:34,790 --> 00:04:32,720  
my sons were so

128  
00:04:36,230 --> 00:04:34,800  
sure about what they'd seen and what i'd

129  
00:04:37,270 --> 00:04:36,240  
seen

130  
00:04:38,870 --> 00:04:37,280  
and

131  
00:04:40,790 --> 00:04:38,880  
i went it went through mind that it was

132  
00:04:42,310 --> 00:04:40,800  
a secret uh weapon from russia and then

133  
00:04:43,990 --> 00:04:42,320  
i thought well it can't be that because

134  
00:04:45,270 --> 00:04:44,000  
they had something like that

135  
00:04:46,710 --> 00:04:45,280  
they wouldn't need to fear anybody or

136  
00:04:48,230 --> 00:04:46,720  
anything

137  
00:04:51,430 --> 00:04:48,240  
were you scared by it did you run

138  
00:04:53,350 --> 00:04:51,440

indoors i was petrified i couldn't move

139

00:04:56,710 --> 00:04:53,360

i couldn't move a muscle i was paralyzed

140

00:05:00,230 --> 00:04:57,830

but um

141

00:05:01,510 --> 00:05:00,240

now i wouldn't be

142

00:05:04,469 --> 00:05:01,520

because now

143

00:05:06,310 --> 00:05:04,479

when i look back you know i think

144

00:05:09,029 --> 00:05:06,320

what what what an amazing thing to have

145

00:05:10,629 --> 00:05:09,039

happened and for me to have seen it

146

00:05:12,550 --> 00:05:10,639

and when your husband came home where

147

00:05:14,310 --> 00:05:12,560

were you well when my husband came home

148

00:05:16,230 --> 00:05:14,320

from the office i was locked

149

00:05:18,230 --> 00:05:16,240

in the house with my children

150

00:05:21,830 --> 00:05:18,240

under a big kitchen table that we were

151  
00:05:23,590 --> 00:05:21,840  
using under the table onto the table yes

152  
00:05:26,230 --> 00:05:23,600  
it's funny now when i look back you know

153  
00:05:28,629 --> 00:05:26,240  
it sounds absolutely ridiculous but this

154  
00:05:30,310 --> 00:05:28,639  
is the truth this happened

155  
00:05:32,230 --> 00:05:30,320  
and

156  
00:05:33,990 --> 00:05:32,240  
that's it

157  
00:05:36,710 --> 00:05:34,000  
we were ridiculed it was very

158  
00:05:38,710 --> 00:05:36,720  
embarrassing at the time and people

159  
00:05:41,510 --> 00:05:38,720  
they they possibly thought oh she's a

160  
00:05:44,150 --> 00:05:41,520  
nutter but you know who cares

161  
00:05:46,870 --> 00:05:44,160  
this is something that's happened to me

162  
00:05:48,070 --> 00:05:46,880  
and i'm a practically minded person

163  
00:05:53,749 --> 00:05:48,080

and

164

00:05:58,790 --> 00:05:56,550

it was on a an october day the 25th of

165

00:06:00,390 --> 00:05:58,800

october in 1954

166

00:06:03,110 --> 00:06:00,400

i was in the back kitchen of the house

167

00:06:07,029 --> 00:06:03,120

preparing myself just having washed

168

00:06:08,710 --> 00:06:07,039

and i heard this noise now it was just

169

00:06:10,870 --> 00:06:08,720

like a

170

00:06:13,110 --> 00:06:10,880

a giant cauldron of water being poured

171

00:06:15,189 --> 00:06:13,120

onto a red hot fire but if you can

172

00:06:16,309 --> 00:06:15,199

imagine a thousand times

173

00:06:18,629 --> 00:06:16,319

louder

174

00:06:21,029 --> 00:06:18,639

and my first reaction was the children i

175

00:06:23,670 --> 00:06:21,039

must get out there's a plane crashing

176

00:06:25,990 --> 00:06:23,680

so i slipped on my jumper i run out

177

00:06:28,950 --> 00:06:26,000

i ran out through the side entrance of

178

00:06:30,309 --> 00:06:28,960

the house towards the front garden

179

00:06:32,870 --> 00:06:30,319

to look for them coming across the

180

00:06:34,550 --> 00:06:32,880

fields and to my amazement

181

00:06:36,790 --> 00:06:34,560

they're suspended

182

00:06:38,070 --> 00:06:36,800

on the top of the roof

183

00:06:40,550 --> 00:06:38,080

of this

184

00:06:42,469 --> 00:06:40,560

old farm

185

00:06:45,430 --> 00:06:42,479

was this

186

00:06:46,710 --> 00:06:45,440

object that i can only describe as a

187

00:06:49,430 --> 00:06:46,720

huge

188

00:06:51,990 --> 00:06:49,440

mexican hat it was that shape without

189

00:06:54,870 --> 00:06:52,950

it

190

00:06:57,189 --> 00:06:54,880

must have been

191

00:07:00,790 --> 00:06:57,199

15 to 20 yards

192

00:07:04,390 --> 00:07:02,390

it covered the roof

193

00:07:07,990 --> 00:07:04,400

so in circumference it must have been

194

00:07:10,390 --> 00:07:08,000

about 60 feet it was it was enormous

195

00:07:12,870 --> 00:07:10,400

the people in the spacecraft were just

196

00:07:14,070 --> 00:07:12,880

looking out i could see them from the

197

00:07:16,629 --> 00:07:14,080

waist

198

00:07:19,670 --> 00:07:16,639

to the top of their heads

199

00:07:21,670 --> 00:07:19,680

they were very beautiful people they had

200

00:07:23,749 --> 00:07:21,680

long golden hair

201  
00:07:25,029 --> 00:07:23,759  
like the old kings used to wear turned

202  
00:07:27,029 --> 00:07:25,039  
under

203  
00:07:28,070 --> 00:07:27,039  
they had a very vivid

204  
00:07:29,830 --> 00:07:28,080  
blue

205  
00:07:31,749 --> 00:07:29,840  
like ski

206  
00:07:34,070 --> 00:07:31,759  
top affair

207  
00:07:35,670 --> 00:07:34,080  
on and they just looked

208  
00:07:37,749 --> 00:07:35,680  
at us

209  
00:07:41,589 --> 00:07:37,759  
their eyes

210  
00:07:43,029 --> 00:07:41,599  
of compassion

211  
00:07:45,430 --> 00:07:43,039  
and then

212  
00:07:47,830 --> 00:07:45,440  
all of a sudden

213  
00:07:50,309 --> 00:07:47,840

i felt the tension leaving me

214

00:07:52,550 --> 00:07:50,319

and i felt movement and i turned around

215

00:07:55,430 --> 00:07:52,560

to touch my children and when i looked

216

00:07:57,830 --> 00:07:55,440

again it was gone

217

00:08:00,230 --> 00:07:57,840

now we stood there and i said to the

218

00:08:02,309 --> 00:08:00,240

boys did you see what i seen

219

00:08:03,830 --> 00:08:02,319

yes mummy yes i said well where is it

220

00:08:05,589 --> 00:08:03,840

it's gone

221

00:08:06,469 --> 00:08:05,599

and we looked

222

00:08:10,790 --> 00:08:06,479

and

223

00:08:13,589 --> 00:08:10,800

watched it in the sky just like a cotton

224

00:08:15,029 --> 00:08:13,599

reel circle round the farm three times

225

00:08:33,670 --> 00:08:15,039

and then

226

00:08:38,389 --> 00:08:36,709

would that be why the gavin gibbons when

227

00:08:41,350 --> 00:08:38,399

he did the illustration

228

00:08:43,589 --> 00:08:41,360

i think it was a ufo news or something

229

00:08:49,750 --> 00:08:43,599

that that was a lot thinner in the face

230

00:08:53,190 --> 00:08:51,590

sorry about that

231

00:08:54,949 --> 00:08:53,200

so we're uh

232

00:08:58,630 --> 00:08:54,959

dawn's interrupting

233

00:09:00,870 --> 00:08:58,640

with a cup of tea come on they're dawn

234

00:09:03,110 --> 00:09:00,880

the saucer was no longer there but a few

235

00:09:04,389 --> 00:09:03,120

minutes later we saw it circle the house

236

00:09:06,389 --> 00:09:04,399

three times

237

00:09:08,389 --> 00:09:06,399

before a shot up was like a rocket
