

1  
00:00:04,630 --> 00:00:02,790  
the drama unfolded around 11 30 last

2  
00:00:06,550 --> 00:00:04,640  
night while on the final leg of a drive

3  
00:00:08,950 --> 00:00:06,560  
from wollongong to barmah on the murray

4  
00:00:10,709 --> 00:00:08,960  
river according to darice kopetko

5  
00:00:12,789 --> 00:00:10,719  
despite the dark knight they suddenly

6  
00:00:15,350 --> 00:00:12,799  
became well aware of the strange shape

7  
00:00:18,070 --> 00:00:15,360  
above them you could see the

8  
00:00:19,510 --> 00:00:18,080  
outline of like a diamond shape

9  
00:00:21,349 --> 00:00:19,520  
how big was it

10  
00:00:23,990 --> 00:00:21,359  
um four or five times the size of our

11  
00:00:26,230 --> 00:00:24,000  
car and just hovering well it was moving

12  
00:00:27,990 --> 00:00:26,240  
it was definitely moving across us quite

13  
00:00:29,589 --> 00:00:28,000

slowly slightly enough to see noise at

14

00:00:31,429 --> 00:00:29,599

all no noise at all today while

15

00:00:33,430 --> 00:00:31,439

recovering from the shock they described

16

00:00:35,030 --> 00:00:33,440

not only their ordeal but went on to

17

00:00:36,950 --> 00:00:35,040

illustrate to graphic artist jenny

18

00:00:38,869 --> 00:00:36,960

gillies the object they claimed to have

19

00:00:41,830 --> 00:00:38,879

encountered

20

00:00:43,590 --> 00:00:41,840

three three big lights a bit great big

21

00:00:45,670 --> 00:00:43,600

light at the front which was red with a

22

00:00:47,510 --> 00:00:45,680

small yellow light next to it and then

23

00:00:49,430 --> 00:00:47,520

there were two other lights one on each

24

00:00:51,350 --> 00:00:49,440

that appeared to be on a corner which

25

00:00:53,430 --> 00:00:51,360

was a blue light and a yellow light

26  
00:00:55,990 --> 00:00:53,440  
according to darice a registered nurse

27  
00:00:58,389 --> 00:00:56,000  
until last night ufos were a figment of

28  
00:00:59,430 --> 00:00:58,399  
people's imagination her sister helen on

29  
00:01:01,110 --> 00:00:59,440  
the other hand claims to have

30  
00:01:03,189 --> 00:01:01,120  
encountered them before

31  
00:01:04,710 --> 00:01:03,199  
i've seen them a couple of times but

32  
00:01:05,670 --> 00:01:04,720  
and you don't report them

33  
00:01:07,350 --> 00:01:05,680  
right

34  
00:01:09,190 --> 00:01:07,360  
well people think you're silly out here

35  
00:01:11,510 --> 00:01:09,200  
last night's alleged sightings are being

36  
00:01:13,429 --> 00:01:11,520  
taken very seriously by police and the

37  
00:01:15,590 --> 00:01:13,439  
royal australian air force

38  
00:01:18,070 --> 00:01:15,600

at the centre of the ufo huha are two

39

00:01:19,830 --> 00:01:18,080

young police officers froms and kilda

40

00:01:21,510 --> 00:01:19,840

their response to calls reporting

41

00:01:23,510 --> 00:01:21,520

strange lights and a 10 meter

42

00:01:25,590 --> 00:01:23,520

cylindrical object hovering over point

43

00:01:27,910 --> 00:01:25,600

almond at elwood led them to this

44

00:01:29,270 --> 00:01:27,920

strange burnt patch it was dark at the

45

00:01:31,030 --> 00:01:29,280

time we looked at it and we're quite

46

00:01:32,870 --> 00:01:31,040

curious because quite frequently we get

47

00:01:35,030 --> 00:01:32,880

people having bonfires and barbecues

48

00:01:36,630 --> 00:01:35,040

here but as you can quite well see that

49

00:01:38,149 --> 00:01:36,640

there's no firewood or anything and at

50

00:01:39,510 --> 00:01:38,159

the time when we checked it

51  
00:01:42,230 --> 00:01:39,520  
three o'clock this morning there was no

52  
00:01:43,510 --> 00:01:42,240  
firewood so uh we had to treat it as if

53  
00:01:46,469 --> 00:01:43,520  
uh something

54  
00:01:47,990 --> 00:01:46,479  
uh unusual that happened constable dolan

55  
00:01:50,230 --> 00:01:48,000  
says witnesses around some kilda

56  
00:01:52,550 --> 00:01:50,240  
reported two orange lights glowing at

57  
00:01:54,789 --> 00:01:52,560  
either end of the object and a blast of

58  
00:01:57,510 --> 00:01:54,799  
light as it took off they claim that

59  
00:01:58,950 --> 00:01:57,520  
blast left the strong fuel smell and the

60  
00:02:00,630 --> 00:01:58,960  
burn in light of what's happened

61  
00:02:01,830 --> 00:02:00,640  
overseas particularly in the soviet

62  
00:02:03,910 --> 00:02:01,840  
union i'm

63  
00:02:05,670 --> 00:02:03,920

liable to believe anything at this stage

64

00:02:08,309 --> 00:02:05,680

but the sighting wasn't only made here

65

00:02:10,469 --> 00:02:08,319

at sunkilda apparently people all around

66

00:02:12,470 --> 00:02:10,479

the bay and from as far away as geelong

67

00:02:14,869 --> 00:02:12,480

and frankston reported seeing strange

68

00:02:16,630 --> 00:02:14,879

lights or a strange object in the sky

69

00:02:17,670 --> 00:02:16,640

and that was over a period of more than

70

00:02:19,750 --> 00:02:17,680

an hour

71

00:02:21,589 --> 00:02:19,760

calls to police came from frankston and

72

00:02:23,190 --> 00:02:21,599

geelong and further down the eastern

73

00:02:25,589 --> 00:02:23,200

side of the bay to sandringham and

74

00:02:27,510 --> 00:02:25,599

brighton then across to altona and of

75

00:02:29,270 --> 00:02:27,520

course back to sunkilda

76  
00:02:31,270 --> 00:02:29,280  
last night's encounter is apparently

77  
00:02:33,830 --> 00:02:31,280  
part of a wave of ufo sightings

78  
00:02:36,150 --> 00:02:33,840  
currently sweeping the world these shots

79  
00:02:38,229 --> 00:02:36,160  
taken by amateur cameraman over oklahoma

80  
00:02:39,910 --> 00:02:38,239  
this week show a bright light shooting

81  
00:02:41,990 --> 00:02:39,920  
across the night sky

82  
00:02:43,910 --> 00:02:42,000  
and recently this strange object was

83  
00:02:45,270 --> 00:02:43,920  
captured darting around houses in

84  
00:02:47,270 --> 00:02:45,280  
california

85  
00:02:49,110 --> 00:02:47,280  
even the soviet union is in on the act

86  
00:02:51,190 --> 00:02:49,120  
with claims that aliens landed in a

87  
00:02:53,110 --> 00:02:51,200  
public park in a town just 200

88  
00:02:55,350 --> 00:02:53,120

kilometers from moscow

89

00:02:57,190 --> 00:02:55,360

maybe it won't be too long before we no

90

00:02:58,550 --> 00:02:57,200

longer have to guess at what martians

91

00:03:00,309 --> 00:02:58,560

really look like

92

00:03:03,830 --> 00:03:00,319

in a remote part of south australia's

93

00:03:05,589 --> 00:03:03,840

flinders ranges a strange 32-foot circle

94

00:03:06,470 --> 00:03:05,599

is etched into the grassy slope of a

95

00:03:08,630 --> 00:03:06,480

hill

96

00:03:10,390 --> 00:03:08,640

owner of the property joan crawford says

97

00:03:12,390 --> 00:03:10,400

it's the remains of an incident back in

98

00:03:14,309 --> 00:03:12,400

march witnessed by herself and a

99

00:03:16,630 --> 00:03:14,319

neighbor which she's certain was an

100

00:03:18,390 --> 00:03:16,640

extraterrestrial visit i saw this

101  
00:03:20,070 --> 00:03:18,400  
enormous light

102  
00:03:22,390 --> 00:03:20,080  
and i stood there and it must have been

103  
00:03:24,949 --> 00:03:22,400  
five to six minutes

104  
00:03:26,949 --> 00:03:24,959  
my legs were like a half set jelly

105  
00:03:29,110 --> 00:03:26,959  
i was so scared

106  
00:03:30,949 --> 00:03:29,120  
these photographs show the circle and

107  
00:03:33,670 --> 00:03:30,959  
other small patches soon after the

108  
00:03:34,949 --> 00:03:33,680  
incident but the marks haven't faded

109  
00:03:36,789 --> 00:03:34,959  
whatever happened here that night has

110  
00:03:38,789 --> 00:03:36,799  
left an obvious scar on the face of this

111  
00:03:40,710 --> 00:03:38,799  
hill it's now seven months after the

112  
00:03:42,949 --> 00:03:40,720  
incident and while salvation jones

113  
00:03:45,910 --> 00:03:42,959

abundant where the original marks were

114

00:03:48,229 --> 00:03:45,920

vegetation still refuses to grow it is

115

00:03:50,550 --> 00:03:48,239

dead the grass is dead and on those

116

00:03:52,470 --> 00:03:50,560

circles there's nothing growing

117

00:03:54,869 --> 00:03:52,480

jones reported the incident to ufo

118

00:03:57,030 --> 00:03:54,879

investigators but in the meantime she's

119

00:03:58,949 --> 00:03:57,040

at a loss to explain what happened i

120

00:04:02,149 --> 00:03:58,959

told my neighbours and they all laughed

121

00:04:04,229 --> 00:04:02,159

at me by my grandson wesley who thought

122

00:04:06,710 --> 00:04:04,239

well if we can go to the moon

123

00:04:08,869 --> 00:04:06,720

they can come down here what is that

124

00:04:10,949 --> 00:04:08,879

it's the stuff of science fiction

125

00:04:14,070 --> 00:04:10,959

unexplained glowing objects moving in a

126  
00:04:16,310 --> 00:04:14,080  
pitch-black sky witnessed by 15 students

127  
00:04:18,390 --> 00:04:16,320  
and their two teachers stars don't do

128  
00:04:20,469 --> 00:04:18,400  
that what are they the group was on a

129  
00:04:22,230 --> 00:04:20,479  
three-day camp at vivon bay on the south

130  
00:04:24,629 --> 00:04:22,240  
coast of kangaroo island enjoying a

131  
00:04:26,710 --> 00:04:24,639  
bonfire when five lights appeared and

132  
00:04:28,230 --> 00:04:26,720  
started moving towards them they just

133  
00:04:30,310 --> 00:04:28,240  
kept coming and coming really bright

134  
00:04:32,390 --> 00:04:30,320  
lights obviously not stars they got

135  
00:04:34,790 --> 00:04:32,400  
really a lot like close to us then

136  
00:04:36,390 --> 00:04:34,800  
they're lined up and stayed in formation

137  
00:04:38,790 --> 00:04:36,400  
according to the students the objects

138  
00:04:41,350 --> 00:04:38,800

were more than 50 000 feet above ground

139

00:04:43,270 --> 00:04:41,360

level a plane a plane moved by after

140

00:04:45,270 --> 00:04:43,280

about half an hour after it was much

141

00:04:47,430 --> 00:04:45,280

much lower the students reported their

142

00:04:49,830 --> 00:04:47,440

sighting to police and also rang the ufo

143

00:04:51,909 --> 00:04:49,840

society and air traffic control who

144

00:04:53,670 --> 00:04:51,919

couldn't explain the sightings

145

00:04:55,270 --> 00:04:53,680

some locals say they're not the least

146

00:04:57,749 --> 00:04:55,280

bit surprised at what the class

147

00:05:00,310 --> 00:04:57,759

witnessed they believe ufo sightings

148

00:05:01,830 --> 00:05:00,320

above the island are on the increase

149

00:05:03,510 --> 00:05:01,840

the last few weeks there's been a few

150

00:05:05,430 --> 00:05:03,520

people saying things around town and

151  
00:05:07,350 --> 00:05:05,440  
that and blake's talking in the pub

152  
00:05:09,670 --> 00:05:07,360  
saying they've seen lights and things a

153  
00:05:10,870 --> 00:05:09,680  
lady the other day said she was followed

154  
00:05:12,870 --> 00:05:10,880  
in her car

155  
00:05:14,950 --> 00:05:12,880  
ironically the trip to perth began with

156  
00:05:16,629 --> 00:05:14,960  
a viewing of the movie gremlins just

157  
00:05:18,950 --> 00:05:16,639  
after midnight monday morning the

158  
00:05:21,670 --> 00:05:18,960  
ancient pioneer bus was taking 25

159  
00:05:24,150 --> 00:05:21,680  
passengers between mondrabila and madura

160  
00:05:26,710 --> 00:05:24,160  
when a bright light with another small

161  
00:05:28,550 --> 00:05:26,720  
light circling it confronted the vehicle

162  
00:05:29,749 --> 00:05:28,560  
and then fired the bus for eight

163  
00:05:30,950 --> 00:05:29,759

kilometres

164

00:05:33,990 --> 00:05:30,960

it seemed to just hover there for a

165

00:05:35,510 --> 00:05:34,000

couple of seconds and i went past it

166

00:05:39,830 --> 00:05:35,520

and

167

00:05:41,270 --> 00:05:39,840

it come in behind the bus

168

00:05:43,430 --> 00:05:41,280

and then it stayed around about a

169

00:05:45,029 --> 00:05:43,440

kilometer behind me peter chapman kept

170

00:05:46,950 --> 00:05:45,039

driving but alerted five other

171

00:05:48,950 --> 00:05:46,960

passengers who were awake they were

172

00:05:51,909 --> 00:05:48,960

stunned and frightened as the glowing

173

00:05:53,990 --> 00:05:51,919

three metre sphere chased them in

174

00:05:56,150 --> 00:05:54,000

january this year the knolls family from

175

00:05:58,070 --> 00:05:56,160

perth claimed their car was buzzed and

176

00:06:00,390 --> 00:05:58,080

then lifted into the air by a similar

177

00:06:02,710 --> 00:06:00,400

object peter chapman laughed off their

178

00:06:05,029 --> 00:06:02,720

claims but monday morning's experience

179

00:06:06,390 --> 00:06:05,039

has changed his mind in four years of

180

00:06:08,150 --> 00:06:06,400

driving this road

181

00:06:11,110 --> 00:06:08,160

he's seen nothing like it and i didn't

182

00:06:13,189 --> 00:06:11,120

believe it at all that's your ufo stuff

183

00:06:15,110 --> 00:06:13,199

but i do now it's totally different

184

00:06:17,430 --> 00:06:15,120

unfortunately no passenger could find a

185

00:06:19,520 --> 00:06:17,440

camera board to capture these few

186

00:06:22,150 --> 00:06:19,530

moments on film

187

00:06:23,990 --> 00:06:22,160

[Music]

188

00:06:26,070 --> 00:06:24,000

it was early morning on the sparse

189

00:06:28,309 --> 00:06:26,080

wasteland of the nullarbor plain when

190

00:06:30,710 --> 00:06:28,319

feynolds and her three sons claim they

191

00:06:33,270 --> 00:06:30,720

heard an ear splitting were as they were

192

00:06:35,350 --> 00:06:33,280

chased by a glowing orange object the

193

00:06:37,990 --> 00:06:35,360

perth family was driving east on the air

194

00:06:39,749 --> 00:06:38,000

highway near mundra billa less than 100

195

00:06:42,390 --> 00:06:39,759

kilometers from the south australian

196

00:06:45,189 --> 00:06:42,400

border mrs knowles has told police at

197

00:06:47,350 --> 00:06:45,199

seduna the egg-shaped ufo landed on

198

00:06:49,830 --> 00:06:47,360

their car as they were traveling at over

199

00:06:51,830 --> 00:06:49,840

a hundred kilometers an hour it swung

200

00:06:54,550 --> 00:06:51,840

the vehicle around before dropping it

201  
00:06:55,990 --> 00:06:54,560  
with such force it blew a tyre

202  
00:06:58,469 --> 00:06:56,000  
what about the people were they harmed

203  
00:07:00,230 --> 00:06:58,479  
at all right harmed

204  
00:07:02,710 --> 00:07:00,240  
visibly shaken up

205  
00:07:04,870 --> 00:07:02,720  
when the strange object disappeared mrs

206  
00:07:07,589 --> 00:07:04,880  
knowles and her sons patrick shawn and

207  
00:07:09,110 --> 00:07:07,599  
wayne found their telstar sedan covered

208  
00:07:10,790 --> 00:07:09,120  
in black ash

209  
00:07:12,629 --> 00:07:10,800  
truck drivers on the nullarbor say

210  
00:07:14,790 --> 00:07:12,639  
they've been at least three ufo

211  
00:07:16,790 --> 00:07:14,800  
sightings since christmas

212  
00:07:19,270 --> 00:07:16,800  
graham henley saw the knolls family at a

213  
00:07:21,670 --> 00:07:19,280

mondrabella roadhouse he confirmed they

214

00:07:23,909 --> 00:07:21,680

appeared shaken and upset i really

215

00:07:25,749 --> 00:07:23,919

couldn't explain it in normal everyday

216

00:07:28,309 --> 00:07:25,759

terms but those people were interfered

217

00:07:30,230 --> 00:07:28,319

with by something and today support for

218

00:07:32,629 --> 00:07:30,240

the bizarre story from another perth

219

00:07:34,550 --> 00:07:32,639

family traveling along the nullarbor

220

00:07:35,830 --> 00:07:34,560

massive light it was very very bright i

221

00:07:37,110 --> 00:07:35,840

mean would have to have a lot of power

222

00:07:38,629 --> 00:07:37,120

in those lights to light up the whole

223

00:07:40,150 --> 00:07:38,639

area and the sky was a little lit above

224

00:07:41,589 --> 00:07:40,160

it it was straight right it was a

225

00:07:44,150 --> 00:07:41,599

strange phenomenon it was much too

226

00:07:45,909 --> 00:07:44,160

bright as brad and cheryl kurzlek were

227

00:07:48,070 --> 00:07:45,919

driving home along the hume highway near

228

00:07:50,230 --> 00:07:48,080

pacopanil army base last night they

229

00:07:52,390 --> 00:07:50,240

noticed a very large object 20 meters

230

00:07:54,790 --> 00:07:52,400

away hovering silently just above the

231

00:07:56,550 --> 00:07:54,800

ground it was said to each other it was

232

00:07:59,510 --> 00:07:56,560

at a house

233

00:08:02,309 --> 00:07:59,520

with lots of lights here crazy and

234

00:08:04,629 --> 00:08:02,319

i said no it's a spaceship

235

00:08:07,029 --> 00:08:04,639

and i said don't say that

236

00:08:10,070 --> 00:08:07,039

i said look again so we sort of really

237

00:08:12,309 --> 00:08:10,080

slowed down we had a good look and

238

00:08:13,830 --> 00:08:12,319

and i'll tell it was a spaceship the

239

00:08:15,749 --> 00:08:13,840

kurz lakes are well respected in the

240

00:08:17,670 --> 00:08:15,759

community as being reliable and

241

00:08:19,589 --> 00:08:17,680

level-headed before you saw this thing

242

00:08:20,309 --> 00:08:19,599

did you believe in ufos

243

00:08:25,110 --> 00:08:20,319

no

244

00:08:26,629 --> 00:08:25,120

my word i do

245

00:08:33,670 --> 00:08:26,639

yep

246

00:08:37,029 --> 00:08:35,430

well i can actually say that i've never

247

00:08:39,190 --> 00:08:37,039

never seen them before

248

00:08:41,909 --> 00:08:39,200

never experienced anything quite like it

249

00:08:46,790 --> 00:08:44,070

a close encounter of the second kind in

250

00:08:48,420 --> 00:08:46,800

the great sandy desert just another ufo

251  
00:08:52,949 --> 00:08:48,430  
story not this one

252  
00:08:56,949 --> 00:08:54,870  
i've seen things that

253  
00:08:57,990 --> 00:08:56,959  
uh shouldn't be in where they are you

254  
00:09:00,790 --> 00:08:58,000  
know

255  
00:09:03,269 --> 00:09:00,800  
uh but never anything like this no

256  
00:09:05,269 --> 00:09:03,279  
no never actually

257  
00:09:07,190 --> 00:09:05,279  
like that you know

258  
00:09:09,350 --> 00:09:07,200  
not at all

259  
00:09:11,590 --> 00:09:09,360  
four separate sightings over a four hour

260  
00:09:13,910 --> 00:09:11,600  
period the first at lake gregory the

261  
00:09:15,829 --> 00:09:13,920  
last at wolf creek crater

262  
00:09:20,220 --> 00:09:15,839  
check the map they're both in the middle

263  
00:09:20,230 --> 00:09:23,910

[Music]

264

00:09:27,829 --> 00:09:25,590

what was your reaction when you saw the

265

00:09:30,230 --> 00:09:27,839

lights for the first time

266

00:09:31,590 --> 00:09:30,240

it's a funny sensation you

267

00:09:33,670 --> 00:09:31,600

know you feel the hairs and your legs

268

00:09:35,910 --> 00:09:33,680

sort of curling and your

269

00:09:38,070 --> 00:09:35,920

heart's beating at about a million

270

00:09:39,670 --> 00:09:38,080

things per second and your arms and legs

271

00:09:40,790 --> 00:09:39,680

sort of don't want to move

272

00:09:42,710 --> 00:09:40,800

so um

273

00:09:44,150 --> 00:09:42,720

what was it

274

00:09:48,230 --> 00:09:44,160

i don't know

275

00:09:50,550 --> 00:09:48,240

from the first sighting near lake

276  
00:09:52,710 --> 00:09:50,560  
gregory monty wayne and brett traveled

277  
00:09:54,150 --> 00:09:52,720  
40 kilometers down the track

278  
00:09:56,470 --> 00:09:54,160  
they pulled up on the side of the road

279  
00:09:58,790 --> 00:09:56,480  
for a bite to eat that's when the object

280  
00:10:00,550 --> 00:09:58,800  
appeared yet again long enough for

281  
00:10:02,150 --> 00:10:00,560  
photographs to be taken

282  
00:10:03,750 --> 00:10:02,160  
photographs which have already been

283  
00:10:05,829 --> 00:10:03,760  
proved legitimate

284  
00:10:08,550 --> 00:10:05,839  
the clearest shot shows the object to be

285  
00:10:11,269 --> 00:10:08,560  
pale blue in color it was a cloudy sky

286  
00:10:13,509 --> 00:10:11,279  
with no moon both men say the thing had

287  
00:10:16,150 --> 00:10:13,519  
definite shape and form over the

288  
00:10:18,389 --> 00:10:16,160

sizzling snaggers monty continues

289

00:10:20,470 --> 00:10:18,399

next thing this thing's there again well

290

00:10:21,269 --> 00:10:20,480

that's when i got the photo the shot of

291

00:10:25,350 --> 00:10:21,279

the

292

00:10:27,110 --> 00:10:25,360

and uh

293

00:10:28,870 --> 00:10:27,120

well there was this rumbling noise just

294

00:10:29,670 --> 00:10:28,880

down like a car at high speed coming

295

00:10:31,509 --> 00:10:29,680

over

296

00:10:33,590 --> 00:10:31,519

corrugation you know

297

00:10:35,350 --> 00:10:33,600

and

298

00:10:36,790 --> 00:10:35,360

there was no cars

299

00:10:38,069 --> 00:10:36,800

and then we stepped back in the front

300

00:10:39,350 --> 00:10:38,079

and this thing was

301  
00:10:41,509 --> 00:10:39,360  
sitting there

302  
00:10:45,269 --> 00:10:41,519  
virtually right on top of you yeah on

303  
00:10:49,910 --> 00:10:47,590  
by day monty runs a taxi service around

304  
00:10:52,630 --> 00:10:49,920  
kananara he's well known in the area and

305  
00:10:54,310 --> 00:10:52,640  
cares little for outsiders opinions

306  
00:10:55,750 --> 00:10:54,320  
what about the people who say they're

307  
00:10:57,269 --> 00:10:55,760  
just a couple of guys who've lived in

308  
00:11:05,269 --> 00:10:57,279  
the bush too long i guess you've had a

309  
00:11:08,310 --> 00:11:07,269  
you don't go with that one of course

310  
00:11:10,310 --> 00:11:08,320  
no

311  
00:11:12,870 --> 00:11:10,320  
the kimberley echo was the first paper

312  
00:11:15,350 --> 00:11:12,880  
to print the photos james o'kenny who

313  
00:11:17,670 --> 00:11:15,360

runs the turret tabloid is also well

314

00:11:19,750 --> 00:11:17,680

known in these parts a straight shooter

315

00:11:21,350 --> 00:11:19,760

you betcha some of which i'd discount

316

00:11:23,269 --> 00:11:21,360

would there be any reason to doubt what

317

00:11:25,509 --> 00:11:23,279

monty and wayne are saying well i'm

318

00:11:29,030 --> 00:11:25,519

always a bit suspending the same game as

319

00:11:31,430 --> 00:11:29,040

you being in the media business but uh

320

00:11:34,310 --> 00:11:31,440

i made it very plain to them

321

00:11:36,230 --> 00:11:34,320

and you know i'm involved with them they

322

00:11:39,269 --> 00:11:36,240

do a lot of work for me and otherwise if

323

00:11:40,949 --> 00:11:39,279

you make a fool of me look out

324

00:11:43,190 --> 00:11:40,959

the third member of the trio brett

325

00:11:44,710 --> 00:11:43,200

rogers was so shaken he refused to leave

326

00:11:46,870 --> 00:11:44,720

the truck while the object hovered

327

00:11:49,269 --> 00:11:46,880

overhead but it wasn't just the sight

328

00:11:51,269 --> 00:11:49,279

and sound that made the skin crawl

329

00:11:54,150 --> 00:11:51,279

the funny part about it was

330

00:11:55,670 --> 00:11:54,160

from when we had tea

331

00:11:57,829 --> 00:11:55,680

until the last time we've seen it we

332

00:12:00,069 --> 00:11:57,839

started off again we had no uh

333

00:12:01,590 --> 00:12:00,079

two-way contact for nothing like if we

334

00:12:03,829 --> 00:12:01,600

were blaming one another's two ways to

335

00:12:06,230 --> 00:12:03,839

break them down you know

336

00:12:07,670 --> 00:12:06,240

it was virtually on the ground first

337

00:12:09,269 --> 00:12:07,680

first time

338

00:12:11,990 --> 00:12:09,279

and uh it was there until money took

339

00:12:14,870 --> 00:12:12,000

that last last photograph

340

00:12:16,790 --> 00:12:14,880

and uh and then it appeared to move off

341

00:12:19,430 --> 00:12:16,800

and monty got back in the truck and said

342

00:12:21,430 --> 00:12:19,440

to me on the radio he said what happened

343

00:12:24,629 --> 00:12:21,440

to the lights they've gone out

344

00:12:26,790 --> 00:12:24,639

and from the photograph um that last

345

00:12:32,629 --> 00:12:26,800

photograph he took the actual thing was

346

00:12:36,870 --> 00:12:34,710

okay i need to say what i saw

347

00:12:39,910 --> 00:12:36,880

and it was it was unusual it was bit

348

00:12:42,150 --> 00:12:39,920

huge and um

349

00:12:46,710 --> 00:12:42,160

and i can't explain it

350

00:12:51,030 --> 00:12:48,710

monty wayne and brett saw something on

351

00:12:53,350 --> 00:12:51,040

the night of march the fifth what it was

352

00:12:55,990 --> 00:12:53,360

remains a mystery it'll probably stay

353

00:12:58,310 --> 00:12:56,000

that way forever the skeptics will write
