

1  
00:00:03,889 --> 00:00:02,090  
you recollect things in your mind and

2  
00:00:05,150 --> 00:00:03,899  
you recollect other things only as a

3  
00:00:06,289 --> 00:00:05,160  
result of hypnosis can we start with the

4  
00:00:08,210 --> 00:00:06,299  
first bit while you're actually doing

5  
00:00:11,270 --> 00:00:08,220  
that nice what did you see well I was

6  
00:00:14,030 --> 00:00:11,280  
driving the panda car uh along Burnley

7  
00:00:16,250 --> 00:00:14,040  
Road when he told me didn't and I came

8  
00:00:18,590 --> 00:00:16,260  
across this strange craft blocking the

9  
00:00:21,109 --> 00:00:18,600  
road describe it to me

10  
00:00:24,650 --> 00:00:21,119  
well it was about 20 feet high

11  
00:00:27,109 --> 00:00:24,660  
about 14 feet wide it was a diamond

12  
00:00:28,790 --> 00:00:27,119  
shaped object hovering about five feet

13  
00:00:30,470 --> 00:00:28,800

off the ground at this point you didn't

14

00:00:31,970 --> 00:00:30,480

see anybody did you I know I didn't see

15

00:00:34,370 --> 00:00:31,980

anything other than that did you

16

00:00:35,870 --> 00:00:34,380

approach it I got within about 20 feet

17

00:00:37,490 --> 00:00:35,880

of it and then he went back to your car

18

00:00:39,410 --> 00:00:37,500

to report it did you no I didn't get out

19

00:00:41,630 --> 00:00:39,420

of the car uh I didn't want to get out

20

00:00:43,729 --> 00:00:41,640

of the Gap you didn't no

21

00:00:46,549 --> 00:00:43,739

but you got on the blower did you I got

22

00:00:49,549 --> 00:00:46,559

on the radio both radios the VHF in the

23

00:00:52,010 --> 00:00:49,559

car and the UHF personally that we carry

24

00:00:54,590 --> 00:00:52,020

yeah and I got no response at all they

25

00:00:56,750 --> 00:00:54,600

didn't work no was that unusual

26

00:00:58,849 --> 00:00:56,760

not in that particular area there are

27

00:01:00,709 --> 00:00:58,859

black spots in the area

28

00:01:02,389 --> 00:01:00,719

the top of the radios I've worked there

29

00:01:05,270 --> 00:01:02,399

since and then you left the scene did

30

00:01:06,469 --> 00:01:05,280

you the next thing I remember was I was

31

00:01:08,510 --> 00:01:06,479

at the other side

32

00:01:10,910 --> 00:01:08,520

of where the object had been driving the

33

00:01:12,890 --> 00:01:10,920

car away away did you report it when you

34

00:01:14,210 --> 00:01:12,900

got back I certainly did I thought you

35

00:01:17,390 --> 00:01:14,220

were crackers presumably yeah they did

36

00:01:19,190 --> 00:01:17,400

well then as a result of hypnosis a lot

37

00:01:21,649 --> 00:01:19,200

of that story has been filled in hasn't

38

00:01:23,990 --> 00:01:21,659

it that what is what you recollect from

39

00:01:26,090 --> 00:01:24,000

the results of the hypnosis

40

00:01:27,710 --> 00:01:26,100

well as I say I'm no conscious memory of

41

00:01:30,649 --> 00:01:27,720

what I said under it notes it's the only

42

00:01:32,749 --> 00:01:30,659

thing I could I can go off is uh the

43

00:01:35,690 --> 00:01:32,759

hypnotic regressions were videotaped

44

00:01:37,249 --> 00:01:35,700

yeah and I I think there was about three

45

00:01:39,410 --> 00:01:37,259

or four tapes done

46

00:01:42,350 --> 00:01:39,420

and when I actually was allowed to see

47

00:01:43,789 --> 00:01:42,360

them at the end of the session and it

48

00:01:45,710 --> 00:01:43,799

was quite frightening what you'd said

49

00:01:47,389 --> 00:01:45,720

under hypnosis so what what tell me the

50

00:01:49,010 --> 00:01:47,399

other story now the one that they drew

51  
00:01:52,190 --> 00:01:49,020  
out under hypnosis well under hypnosis

52  
00:01:54,050 --> 00:01:52,200  
uh when I see the craft itself

53  
00:01:55,670 --> 00:01:54,060  
as I said before I didn't get out of the

54  
00:01:58,670 --> 00:01:55,680  
car conscious

55  
00:02:02,270 --> 00:01:58,680  
I find myself getting out of the car and

56  
00:02:05,870 --> 00:02:02,280  
uh for some reason I have no idea why uh

57  
00:02:09,410 --> 00:02:05,880  
a strange very powerful beam of light

58  
00:02:11,210 --> 00:02:09,420  
is shown towards me which blinds me I

59  
00:02:13,610 --> 00:02:11,220  
jump back in the car and panic and then

60  
00:02:15,770 --> 00:02:13,620  
there is some sort of a blackout

61  
00:02:17,930 --> 00:02:15,780  
and

62  
00:02:20,990 --> 00:02:17,940  
After the Blackout I wake up in some

63  
00:02:23,630 --> 00:02:21,000

sort of an examination room I see so I

64

00:02:25,670 --> 00:02:23,640

this spaceship or whatever it is did you

65

00:02:26,990 --> 00:02:25,680

see that in your recollected yes

66

00:02:33,229 --> 00:02:27,000

everything

67

00:02:35,390 --> 00:02:33,239

accurate right up to the bit that when I

68

00:02:37,070 --> 00:02:35,400

was out of the car yes okay describe

69

00:02:40,070 --> 00:02:37,080

this creature to me this man

70

00:02:42,530 --> 00:02:40,080

ly was a humanoid or of human appearance

71

00:02:44,809 --> 00:02:42,540

is about six feet high but not quite a

72

00:02:48,170 --> 00:02:44,819

human being

73

00:02:50,150 --> 00:02:48,180

well he had a human appearance and he

74

00:02:53,869 --> 00:02:50,160

had a beard and he wore some sort of a

75

00:02:56,570 --> 00:02:53,879

skull cap and he wore like a white gown

76

00:02:58,729 --> 00:02:56,580

he was very pleasant in appearance he

77

00:03:00,410 --> 00:02:58,739

wasn't at all Franny to look at okay now

78

00:03:03,229 --> 00:03:00,420

you've got yourself into this room what

79

00:03:05,089 --> 00:03:03,239

goes on there who else is there there

80

00:03:07,250 --> 00:03:05,099

were

81

00:03:10,970 --> 00:03:07,260

I think I said there was eight

82

00:03:13,790 --> 00:03:10,980

uh small three foot high

83

00:03:17,809 --> 00:03:13,800

creatures that trans violated during the

84

00:03:19,610 --> 00:03:17,819

hypnotic regression as robots

85

00:03:21,649 --> 00:03:19,620

um were you in a normal room or were you

86

00:03:23,270 --> 00:03:21,659

in a spaceship rather like uh Doctor

87

00:03:24,530 --> 00:03:23,280

Who's Time Capsule were you in something

88

00:03:25,970 --> 00:03:24,540

as good it looked bigger than his

89

00:03:29,030 --> 00:03:25,980

capsule yeah you know he doesn't look

90

00:03:30,949 --> 00:03:29,040

very big does it really but inside it

91

00:03:32,509 --> 00:03:30,959

yes really I would say it's very similar

92

00:03:33,530 --> 00:03:32,519

and then they what they try to undress

93

00:03:35,570 --> 00:03:33,540

you didn't they at one point take your

94

00:03:37,610 --> 00:03:35,580

shoes and socks off why why

95

00:03:40,009 --> 00:03:37,620

this is one of the funny things about it

96

00:03:42,710 --> 00:03:40,019

when I got back to the station I found

97

00:03:45,130 --> 00:03:42,720

that my left boot was split and I had a

98

00:03:48,050 --> 00:03:45,140

bur mark on the InStep of me left foot

99

00:03:50,809 --> 00:03:48,060

and only I'm not at regression

100

00:03:53,030 --> 00:03:50,819

they actually examined me left foot now

101  
00:03:54,530 --> 00:03:53,040  
that's remarkable to me with the other

102  
00:03:58,009 --> 00:03:54,540  
evidence of the other police officers

103  
00:04:02,929 --> 00:04:00,649  
how did your experience end in this

104  
00:04:04,789 --> 00:04:02,939  
place you were with with these people uh

105  
00:04:07,670 --> 00:04:04,799  
the doctor woke me up

106  
00:04:11,210 --> 00:04:07,680  
we never actually got to an ending I was

107  
00:04:13,009 --> 00:04:11,220  
wired up to some heart machines and it

108  
00:04:16,270 --> 00:04:13,019  
completely went off the scale I was in

109  
00:04:19,370 --> 00:04:16,280  
such stress that the both doctors

110  
00:04:21,050 --> 00:04:19,380  
stopped the hypnotic regressions let's

111  
00:04:23,270 --> 00:04:21,060  
have it what do you make of it all

112  
00:04:24,830 --> 00:04:23,280  
do you believe now in UFOs or or what

113  
00:04:26,870 --> 00:04:24,840

are you convinced that those things

114

00:04:28,550 --> 00:04:26,880

actually happen to you or it's just in

115

00:04:30,469 --> 00:04:28,560

your mind somewhere as an imagination or

116

00:04:32,990 --> 00:04:30,479

a dream or something like that well the

117

00:04:35,270 --> 00:04:33,000

youthful certainly exists you're sure

118

00:04:37,010 --> 00:04:35,280

yes it was a nuts and bolts graft I'm I

119

00:04:39,230 --> 00:04:37,020

think I'm quite capable of seeing

120

00:04:40,270 --> 00:04:39,240

something from 20 feet

121

00:04:42,290 --> 00:04:40,280

um

122

00:04:43,610 --> 00:04:42,300

anything you say will take down to use

123

00:04:45,530 --> 00:04:43,620

in evidence you would say that you saw

124

00:04:47,570 --> 00:04:45,540

that thing yes I would swear on I would

125

00:04:49,370 --> 00:04:47,580

swear on the only Bible what I saw that

126  
00:04:51,650 --> 00:04:49,380  
day I've seen nothing of the like except

127  
00:04:52,730 --> 00:04:51,660  
in science fiction films and what other

128  
00:04:55,969 --> 00:04:52,740  
thoughts have you had about the whole

129  
00:04:58,310 --> 00:04:55,979  
experience uh the abduction part well

130  
00:04:59,570 --> 00:04:58,320  
I've thought about it I thought well it

131  
00:05:03,290 --> 00:04:59,580  
plus it's something that I've read about

132  
00:05:05,749 --> 00:05:03,300  
and seen as Doctor Who and because of my

133  
00:05:07,730 --> 00:05:05,759  
experience it somehow got jumbled up or

134  
00:05:09,650 --> 00:05:07,740  
it actually happened yeah

135  
00:05:10,850 --> 00:05:09,660  
it's a good story isn't it I think it's

136  
00:05:13,070 --> 00:05:10,860  
wonderful

137  
00:05:14,570 --> 00:05:13,080  
I mean that's a whole whole series of

138  
00:05:16,129 --> 00:05:14,580

Doctor Who I mean what do you make of it

139

00:05:18,110 --> 00:05:16,139

College I mean you work in the fiction

140

00:05:19,550 --> 00:05:18,120

of this I mean he is saying this isn't

141

00:05:21,230 --> 00:05:19,560

fiction you're saying I actually saw

142

00:05:22,610 --> 00:05:21,240

that thing I mean sitting here listening

143

00:05:24,469 --> 00:05:22,620

to the story I cannot do anything but

144

00:05:26,210 --> 00:05:24,479

totally believe it yeah and viewed by

145

00:05:28,310 --> 00:05:26,220

any objective standard I think that it's

146

00:05:29,810 --> 00:05:28,320

perhaps naive of us to think that we are

147

00:05:30,969 --> 00:05:29,820

the only things that exist in this huge

148

00:05:33,590 --> 00:05:30,979

Universe

149

00:05:35,870 --> 00:05:33,600

I think it's rather pompous to think

150

00:05:38,090 --> 00:05:35,880

that we're the only people around

151

00:05:39,830 --> 00:05:38,100

and that there isn't possible possibly

152

00:05:41,390 --> 00:05:39,840

life somewhere else without you know we

153

00:05:42,590 --> 00:05:41,400

don't have the facts of everything so I

154

00:05:44,570 --> 00:05:42,600

think it's rather pompous to think we're

155

00:05:47,090 --> 00:05:44,580

the only people Alan you are taken very

156

00:05:50,270 --> 00:05:47,100

seriously I mean aren't you by people

157

00:05:51,890 --> 00:05:50,280

who who study these things what do they

158

00:05:53,270 --> 00:05:51,900

say about your experience are they also

159

00:05:54,469 --> 00:05:53,280

convinced that you actually went through

160

00:05:56,510 --> 00:05:54,479

this experience and those things and

161

00:05:57,950 --> 00:05:56,520

those people were actually there I think

162

00:06:00,170 --> 00:05:57,960

they are yes I think the UFO

163

00:06:01,909 --> 00:06:00,180

investigators came to interview me uh

164

00:06:03,710 --> 00:06:01,919

one of them being a high-ranking police

165

00:06:05,809 --> 00:06:03,720

officer from the greater Manchester

166

00:06:08,629 --> 00:06:05,819

police force

167

00:06:10,969 --> 00:06:08,639

um he really gave me a grilling yeah as

168

00:06:13,129 --> 00:06:10,979

it obviously is very experienced

169

00:06:16,610 --> 00:06:13,139

and I think well they are gone bins here

170

00:06:18,590 --> 00:06:16,620

I mean we did I saw a UFO no mistake

171

00:06:19,730 --> 00:06:18,600

they do exist there is nothing on this

172

00:06:21,830 --> 00:06:19,740

Earth will ever tell me any different

173

00:06:23,809 --> 00:06:21,840

well I mean if you said that I just

174

00:06:25,129 --> 00:06:23,819

cannot as Nicholas says possibly believe

175

00:06:26,689 --> 00:06:25,139

otherwise thank you very much for

176  
00:06:28,730 --> 00:06:26,699  
telling the story absolutely fascinating

177  
00:06:30,230 --> 00:06:28,740  
and uh if anything else happens to let

178  
00:06:32,029 --> 00:06:30,240  
us know

179  
00:06:34,330 --> 00:06:32,039  
so there we are I'm sitting here in a

180  
00:06:36,770 --> 00:06:34,340  
cold swing

181  
00:06:38,749 --> 00:06:36,780  
interestingly wasn't there a couple in

182  
00:06:42,070 --> 00:06:38,759  
America called The Hills we went through

183  
00:06:46,730 --> 00:06:45,230  
hypnosis and the way it's described it I

184  
00:06:48,770 --> 00:06:46,740  
read an article it's exactly the way

185  
00:06:49,909 --> 00:06:48,780  
they described it you know up to the

186  
00:06:51,830 --> 00:06:49,919  
point where they went in the craft they

187  
00:06:53,210 --> 00:06:51,840  
could remember everything then bang on

188  
00:06:54,589 --> 00:06:53,220

the hypnosis they describe the same sort

189

00:06:58,189 --> 00:06:54,599

of things we should do there are many

190

00:07:00,650 --> 00:06:58,199

many cases of uh abductions in this

191

00:07:02,510 --> 00:07:00,660

country that I've I know about now oh

192

00:07:04,730 --> 00:07:02,520

dear and there's quite several under

193

00:07:07,070 --> 00:07:04,740

hypnotic regression now there was three

194

00:07:08,990 --> 00:07:07,080

girls in Shropshire uh they had a

195

00:07:10,550 --> 00:07:09,000

similar experience and under hypnosis

196

00:07:13,430 --> 00:07:10,560

they come up with a very very similar

197

00:07:15,409 --> 00:07:13,440

inside the mccraft and very similar

198

00:07:17,510 --> 00:07:15,419

beans in it it is a very very convincing

199

00:07:26,110 --> 00:07:17,520

story we'll move on quick nobody's gonna

200

00:07:26,120 --> 00:07:30,589

fought me full time

201  
00:07:30,599 --> 00:07:36,469  
the bottom spinning

202  
00:07:41,150 --> 00:07:38,330  
was

203  
00:07:42,830 --> 00:07:41,160  
some wind isn't it some dark winds

204  
00:07:49,070 --> 00:07:42,840  
there's a light coming from underneath

205  
00:07:49,080 --> 00:08:08,250  
to be careful

206  
00:08:08,260 --> 00:08:12,610  
[Music]

207  
00:08:12,620 --> 00:08:31,670  
there's a lot

208  
00:08:37,610 --> 00:08:32,470  
um

209  
00:08:43,070 --> 00:08:40,730  
I want to talk about it why not because

210  
00:08:46,490 --> 00:08:43,080  
they're horrible can you briefly

211  
00:08:46,500 --> 00:08:50,930  
I don't know

212  
00:08:58,009 --> 00:08:55,310  
it's small yes household is small

213  
00:09:01,430 --> 00:08:58,019

three foot four foot

214

00:09:07,610 --> 00:09:01,440

one click on five year old one and how

215

00:09:12,829 --> 00:09:09,769

eight yeah

216

00:09:14,870 --> 00:09:12,839

I've been sent to investigate this herd

217

00:09:15,949 --> 00:09:14,880

of cows so I was driving up the road

218

00:09:17,870 --> 00:09:15,959

here

219

00:09:19,850 --> 00:09:17,880

and I was going to turn right up Fernley

220

00:09:22,190 --> 00:09:19,860

Road there to the council estate when I

221

00:09:23,930 --> 00:09:22,200

could see in front of me up here this

222

00:09:26,930 --> 00:09:23,940

object it looked to be completely

223

00:09:31,310 --> 00:09:29,210

as I get near and nearer towards its

224

00:09:33,590 --> 00:09:31,320

object I could see that it wasn't quite

225

00:09:35,329 --> 00:09:33,600

what I was expecting to meet at five

226

00:09:38,390 --> 00:09:35,339

o'clock was their Runner

227

00:09:42,410 --> 00:09:38,400

on a November morning in tomodin

228

00:09:44,690 --> 00:09:42,420

[Music]

229

00:09:46,550 --> 00:09:44,700

diamond shaped

230

00:09:47,570 --> 00:09:46,560

the bottom half of the object was

231

00:09:50,509 --> 00:09:47,580

spinning

232

00:09:51,610 --> 00:09:50,519

it was hovering about five foot off the

233

00:09:56,329 --> 00:09:51,620

ground

234

00:09:58,670 --> 00:09:56,339

it was about 20 feet wide 14 feet high

235

00:10:01,730 --> 00:09:58,680

alpha bravo three to Alpha Bravo control

236

00:10:06,230 --> 00:10:04,069

try HQ

237

00:10:08,509 --> 00:10:06,240

I'll try that several times but it just

238

00:10:09,949 --> 00:10:08,519

didn't work I just couldn't contact

239

00:10:12,650 --> 00:10:09,959

anybody

240

00:10:19,490 --> 00:10:12,660

so I fit my clipboard up and I started

241

00:10:26,150 --> 00:10:21,100

foreign

242

00:10:30,050 --> 00:10:28,370

and then suddenly

243

00:10:31,550 --> 00:10:30,060

I was at the other side of the object

244

00:10:35,569 --> 00:10:31,560

and he's a gun

245

00:10:50,990 --> 00:10:35,579

to the final of 1500 yards so we're all

246

00:10:55,790 --> 00:10:52,370

what's up you're not going to believe

247

00:10:59,500 --> 00:10:55,800

what I've Just Seen oh get in

248

00:10:59,510 --> 00:11:05,530

[Music]

249

00:11:11,090 --> 00:11:09,530

and we examine the the road like a

250

00:11:12,829 --> 00:11:11,100

Whirlpool dry something really hot has

251

00:11:15,050 --> 00:11:12,839

been over and above

252

00:11:16,910 --> 00:11:15,060

uh we could see the all these loose

253

00:11:18,350 --> 00:11:16,920

leaves and Broughton branches there so

254

00:11:20,150 --> 00:11:18,360

he was coming

255

00:11:22,130 --> 00:11:20,160

something I've been there

256

00:11:23,569 --> 00:11:22,140

we thought it might have gone in this

257

00:11:25,790 --> 00:11:23,579

object wherever it had gone that Mala

258

00:11:27,710 --> 00:11:25,800

got into the adjoining power

259

00:11:29,630 --> 00:11:27,720

we climbed into the park because the

260

00:11:30,710 --> 00:11:29,640

gates were locked and we had to climb

261

00:11:33,050 --> 00:11:30,720

across the river

262

00:11:34,730 --> 00:11:33,060

uh when we got in there we could see

263

00:11:36,949 --> 00:11:34,740

this uh the cows right in the middle of

264

00:11:38,569 --> 00:11:36,959

the rugby pitch I've been raining all

265

00:11:39,710 --> 00:11:38,579

night but there's no hoof prints

266

00:11:41,810 --> 00:11:39,720

belonging to them have they got them

267

00:11:43,790 --> 00:11:41,820

they just look this up somebody dropped

268

00:11:46,250 --> 00:11:43,800

him there you know

269

00:11:48,050 --> 00:11:46,260

it sounds incredible but Alan Godfrey

270

00:11:50,329 --> 00:11:48,060

isn't the only one who saw something in

271

00:11:52,310 --> 00:11:50,339

the same area on the same night another

272

00:11:53,690 --> 00:11:52,320

witness was school caretaker Leonard

273

00:11:56,690 --> 00:11:53,700

Smith

274

00:11:59,030 --> 00:11:56,700

when I came around the corner to check

275

00:12:00,290 --> 00:11:59,040

the grounds I looked up in the sky and

276

00:12:02,329 --> 00:12:00,300

this

277

00:12:04,190 --> 00:12:02,339

UFO

278

00:12:06,650 --> 00:12:04,200

was up in the sky

279

00:12:08,629 --> 00:12:06,660

approximately all where I later learned

280

00:12:09,889 --> 00:12:08,639

the area where Alan God's read his

281

00:12:11,690 --> 00:12:09,899

experience

282

00:12:13,250 --> 00:12:11,700

I didn't know at the time

283

00:12:15,470 --> 00:12:13,260

now the object

284

00:12:18,110 --> 00:12:15,480

shot across the valley four times

285

00:12:20,449 --> 00:12:18,120

backwards and forwards and it vanished

286

00:12:22,490 --> 00:12:20,459

over the hills

287

00:12:24,710 --> 00:12:22,500

then there's John Porter one of five

288

00:12:26,750 --> 00:12:24,720

other police witnesses that night an

289

00:12:28,550 --> 00:12:26,760

hour before Alan Godfrey's encounter he

290

00:12:30,710 --> 00:12:28,560

was out searching more land quarries for

291

00:12:32,930 --> 00:12:30,720

stolen motorbikes

292

00:12:34,490 --> 00:12:32,940

we're walking down the Moa from the main

293

00:12:36,650 --> 00:12:34,500

road

294

00:12:39,050 --> 00:12:36,660

something told me to turn around I

295

00:12:41,090 --> 00:12:39,060

turned I mean the sky was a very cold

296

00:12:43,310 --> 00:12:41,100

steel blow line

297

00:12:46,069 --> 00:12:43,320

it moved in a sweeping Arc across the

298

00:12:47,690 --> 00:12:46,079

sky about 12 miles an hour estimate in

299

00:12:50,329 --> 00:12:47,700

one second

300

00:12:52,670 --> 00:12:50,339

eventually I went up the road

301  
00:12:55,250 --> 00:12:52,680  
and observed this same cold steel blue

302  
00:12:57,710 --> 00:12:55,260  
light sweeping away in the lower towards

303  
00:13:00,050 --> 00:12:57,720  
toddling and that's the last I saw of it

304  
00:13:01,610 --> 00:13:00,060  
the despite the support Alan Godfrey

305  
00:13:03,470 --> 00:13:01,620  
became more and more troubled by the

306  
00:13:06,530 --> 00:13:03,480  
most puzzling part of his experience

307  
00:13:08,690 --> 00:13:06,540  
after it had all happened I realized

308  
00:13:10,550 --> 00:13:08,700  
that there's half an hour missing from

309  
00:13:11,990 --> 00:13:10,560  
me drawing the object to me turning up

310  
00:13:14,210 --> 00:13:12,000  
at the other side of where the object

311  
00:13:16,430 --> 00:13:14,220  
had been I was really curious you know

312  
00:13:18,889 --> 00:13:16,440  
what I wanted to know what had happened

313  
00:13:20,509 --> 00:13:18,899

in that half hour Alan describes getting

314

00:13:23,269 --> 00:13:20,519

out of his car looking at the object

315

00:13:25,069 --> 00:13:23,279

then he sees a light emanating from

316

00:13:27,230 --> 00:13:25,079

underneath it so he gets back into his

317

00:13:30,350 --> 00:13:27,240

car finds his car won't go and then he's

318

00:13:32,410 --> 00:13:30,360

engulfed in a bright white light

319

00:13:38,030 --> 00:13:32,420

yeah

320

00:13:42,470 --> 00:13:39,829

appears to lose consciousness

321

00:13:44,870 --> 00:13:42,480

uh he says everything is black he then

322

00:13:47,629 --> 00:13:44,880

wakes up in a room where he sees a tall

323

00:13:50,990 --> 00:13:47,639

man he's also surrounded by six small

324

00:13:55,670 --> 00:13:54,110

it's not horrible who's horrible there

325

00:13:58,189 --> 00:13:55,680

who's there

326

00:13:59,990 --> 00:13:58,199

I want to talk about it he's made the

327

00:14:02,509 --> 00:14:00,000

subject of some sort of pseudo-medical

328

00:14:03,710 --> 00:14:02,519

examination due course he's put back in

329

00:14:05,870 --> 00:14:03,720

his card

330

00:14:07,129 --> 00:14:05,880

but Alan Godfrey himself admits he

331

00:14:09,710 --> 00:14:07,139

doesn't know what to make of the

332

00:14:11,689 --> 00:14:09,720

hypnosis after the main initial Society

333

00:14:14,210 --> 00:14:11,699

I did read quite a few science fiction

334

00:14:16,970 --> 00:14:14,220

books and it is quite possible that that

335

00:14:19,430 --> 00:14:16,980

part of the hypnotic regressions uh is

336

00:14:22,670 --> 00:14:19,440

has got jumbled up him in mine but I

337

00:14:24,710 --> 00:14:22,680

must stress that I did see a UFO that

338

00:14:27,050 --> 00:14:24,720

night make no mistake about that I

339

00:14:28,850 --> 00:14:27,060

definitely saw what I saw and nobody on

340

00:14:30,470 --> 00:14:28,860

this Earth ever tell me any different I

341

00:14:32,689 --> 00:14:30,480

saw what I saw

342

00:14:34,129 --> 00:14:32,699

that object was real and when I got out
