

1
00:00:16,790 --> 00:00:13,669
in september of 1953 for about eight or

2
00:00:18,310 --> 00:00:16,800
nine ounces of pure tin fell out of one

3
00:00:20,470 --> 00:00:18,320
of these things which was evidently in

4
00:00:22,710 --> 00:00:20,480
difficulty a very low allergen over the

5
00:00:26,390 --> 00:00:22,720
residential section of campana which is

6
00:00:29,109 --> 00:00:26,400
about uh 250 miles inland from uh

7
00:00:32,389 --> 00:00:29,119
from sao paulo i believe

8
00:00:34,229 --> 00:00:32,399
uh the government collected this tin

9
00:00:36,709 --> 00:00:34,239
and closed off the neighborhood until he

10
00:00:38,229 --> 00:00:36,719
got it it got over roof tops bird holes

11
00:00:40,389 --> 00:00:38,239
and clothing and everything else it was

12
00:00:42,869 --> 00:00:40,399
dribbling out of out of the edge of one

13
00:00:57,110 --> 00:00:42,879

of these uh so-called saucers well i had

14

00:01:00,549 --> 00:00:58,630

was one of those who

15

00:01:02,630 --> 00:01:00,559

analyzed the stuff well i understand

16

00:01:04,469 --> 00:01:02,640

that the brazilian government does admit

17

00:01:05,509 --> 00:01:04,479

there are flying churches which is

18

00:01:07,590 --> 00:01:05,519

probably

19

00:01:09,510 --> 00:01:07,600

the only government that does it i think

20

00:01:20,789 --> 00:01:09,520

you're right about it

21

00:01:24,630 --> 00:01:23,030

he was in the presence of the guy that

22

00:01:27,910 --> 00:01:24,640

runs brazil

23

00:01:29,270 --> 00:01:27,920

and he had seen pictures of flying stuff

24

00:01:29,990 --> 00:01:29,280

and i believe

25

00:01:32,149 --> 00:01:30,000

that

26

00:01:33,830 --> 00:01:32,159

well i'm sure they have motion pictures

27

00:01:35,910 --> 00:01:33,840

and they certainly know they do and they

28

00:01:37,990 --> 00:01:35,920

because they were taken by an official

29

00:01:41,109 --> 00:01:38,000

photographer for the brazilian fleet

30

00:01:43,190 --> 00:01:41,119

about two years ago they got uh yes

31

00:01:44,710 --> 00:01:43,200

they got 35 millimeter motion pictures

32

00:01:48,469 --> 00:01:44,720

and they got a lot of color pictures i

33

00:01:51,670 --> 00:01:50,630

moving along over the mountains along

34

00:01:53,429 --> 00:01:51,680

the coast

35

00:01:55,670 --> 00:01:53,439

and the brazilian government was quite

36

00:01:57,670 --> 00:01:55,680

uh franklin state that this is an

37

00:01:59,670 --> 00:01:57,680

unidentified flying object

38

00:02:01,670 --> 00:01:59,680

and of course it was only one of several

39

00:02:05,510 --> 00:02:01,680

now did you read the report in state

40

00:02:12,620 --> 00:02:05,520

magazine of the new guinea sightings

41

00:02:12,630 --> 00:02:35,110

[Music]

42

00:02:39,509 --> 00:02:37,509

uh decision where button and that's

43

00:02:41,430 --> 00:02:39,519

absolutely what he's saying because

44

00:02:44,869 --> 00:02:41,440

not only did he see it

45

00:02:45,830 --> 00:02:44,879

but uh 30 or 40 of his flocks are with

46

00:02:47,830 --> 00:02:45,840

it

47

00:02:50,470 --> 00:02:47,840

i have a copy of that original report

48

00:02:53,030 --> 00:02:50,480

which runs to several uh

49

00:02:55,190 --> 00:02:53,040

space type written pages and of course

50

00:02:56,869 --> 00:02:55,200

considerably more

51
00:02:58,309 --> 00:02:56,879
in detail than what they present in the

52
00:03:00,390 --> 00:02:58,319
magazine and of course there's the other

53
00:03:02,149 --> 00:03:00,400
story of the priest who saw the flying

54
00:03:05,589 --> 00:03:02,159
saucer that was called the vatican to

55
00:03:08,710 --> 00:03:05,599
report on it yeah uh i think it was in

56
00:03:11,030 --> 00:03:08,720
italy i might be mistaken about it

57
00:03:13,670 --> 00:03:11,040
quite a few sightings over in italy and

58
00:03:15,350 --> 00:03:13,680
some very good ones uh i mean there must

59
00:03:31,350 --> 00:03:15,360
have been some phony first guys leaving

60
00:03:35,430 --> 00:03:33,509
oh yes and every one of those states is

61
00:03:37,430 --> 00:03:35,440
nothing but a and also the one over

62
00:03:39,670 --> 00:03:37,440
atlantic city yeah and how they pull a

63
00:03:41,350 --> 00:03:39,680

plate out the window you know the ones

64

00:03:43,030 --> 00:03:41,360

over ohio over the steel mill are

65

00:03:43,990 --> 00:03:43,040

reflections between the elements of the

66

00:03:45,830 --> 00:03:44,000

land

67

00:03:47,430 --> 00:03:45,840

and each bright light has a little

68

00:03:49,270 --> 00:03:47,440

spacecraft on the opposite side of the

69

00:03:50,789 --> 00:03:49,280

negative pointing directly at it but

70

00:03:54,070 --> 00:03:50,799

they seem to have an affinity for a

71

00:03:57,670 --> 00:03:54,080

bright light i think probably the uh

72

00:04:00,789 --> 00:03:57,680

most believable manifestation of sources

73

00:04:04,229 --> 00:04:00,799

was the motion picture in the picture uh

74

00:04:05,670 --> 00:04:04,239

i think what it's called closest or ufo

75

00:04:07,910 --> 00:04:05,680

i believe in this i think you're talking

76
00:04:08,949 --> 00:04:07,920
about the uh over the ball taken by this

77
00:04:11,429 --> 00:04:08,959
uh

78
00:04:13,429 --> 00:04:11,439
great falls montana yeah and then the

79
00:04:15,910 --> 00:04:13,439
movie is taken over the desert by uh

80
00:04:18,629 --> 00:04:15,920
delver new house this uh

81
00:04:21,349 --> 00:04:18,639
well we only had uh uh

82
00:04:23,590 --> 00:04:21,359
one uh i think it was the motion picture

83
00:04:24,950 --> 00:04:23,600
of the side closest flying over the ball

84
00:04:27,430 --> 00:04:24,960
field

85
00:04:28,870 --> 00:04:27,440
and uh if i remember correctly it went

86
00:04:29,830 --> 00:04:28,880
behind the

87
00:04:31,030 --> 00:04:29,840
uh

88
00:04:34,150 --> 00:04:31,040

or something

89

00:04:36,390 --> 00:04:34,160

don't think they showed the other ones

90

00:04:38,070 --> 00:04:36,400

that you speak of well they were very

91

00:04:40,070 --> 00:04:38,080

good they were taken in 16 millimeter

92

00:04:53,670 --> 00:04:40,080

color by delbert new house a navy war

93

00:04:57,430 --> 00:04:55,189

no they were in some

94

00:05:00,070 --> 00:04:57,440

well now i'll tell you uh strange things

95

00:05:02,310 --> 00:05:00,080

happened one time and uh as much as i

96

00:05:04,310 --> 00:05:02,320

hate to do this i can't mention the guy

97

00:05:06,710 --> 00:05:04,320

that we called up

98

00:05:28,920 --> 00:05:06,720

but it did but that has nothing to do

99

00:05:28,930 --> 00:05:36,150

[Music]

100

00:05:41,670 --> 00:05:38,950

and we call the guy up and the guy said

101
00:05:43,670 --> 00:05:41,680
to eddie now look don't get me in this

102
00:05:45,350 --> 00:05:43,680
thing i don't want to get near it it's

103
00:05:46,390 --> 00:05:45,360
too hot down here i don't want to handle

104
00:05:47,830 --> 00:05:46,400
it

105
00:05:50,950 --> 00:05:47,840
and you might as well forget about the

106
00:05:53,590 --> 00:05:50,960
project you'll get no cooperation

107
00:05:55,590 --> 00:05:53,600
and uh hung up the phone and he looked

108
00:05:57,110 --> 00:05:55,600
at me and he repeated what the guy said

109
00:05:58,469 --> 00:05:57,120
to him on the phone because i could hear

110
00:06:00,469 --> 00:05:58,479
him

111
00:06:01,430 --> 00:06:00,479
and he looked at me he said how about

112
00:06:09,480 --> 00:06:01,440
that

113
00:06:09,490 --> 00:06:18,710

[Music]

114

00:06:23,270 --> 00:06:21,029

in july these uh so-called flying

115

00:06:25,350 --> 00:06:23,280

saucers were over washington

116

00:06:27,270 --> 00:06:25,360

they were all in love with that

117

00:06:29,749 --> 00:06:27,280

but what most people don't know is that

118

00:06:32,309 --> 00:06:29,759

on august the 13th just uh

119

00:06:34,309 --> 00:06:32,319

three weeks later there were 68 of them

120

00:06:36,790 --> 00:06:34,319

over washington at one time on that

121

00:06:38,710 --> 00:06:36,800

night i was right there in washington at

122

00:06:40,950 --> 00:06:38,720

the time i was on the mutual network i

123

00:06:42,710 --> 00:06:40,960

had excellent contact but the land of

124

00:06:44,550 --> 00:06:42,720

censorship was so tight that i knew

125

00:06:46,790 --> 00:06:44,560

nothing about this i'm sure that no

126

00:06:49,029 --> 00:06:46,800

other news men knew it either and i knew

127

00:06:51,510 --> 00:06:49,039

nothing about it until two years later

128

00:06:54,390 --> 00:06:51,520

when i happened uh through a friendly

129

00:06:56,550 --> 00:06:54,400

official of the caa i got a copy of a

130

00:06:59,589 --> 00:06:56,560

document which they printed how to

131

00:07:01,589 --> 00:06:59,599

identify and track uh unidentified

132

00:07:03,830 --> 00:07:01,599

flying objects and this was put out to

133

00:07:06,070 --> 00:07:03,840

radar-controlled men and pilots and

134

00:07:08,070 --> 00:07:06,080

others and in there they list all these

135

00:07:12,870 --> 00:07:08,080

68 objects that were over washington on

136

00:07:15,270 --> 00:07:12,880

that one night august 13th 1952.

137

00:07:17,510 --> 00:07:15,280

uh are we on

138

00:07:19,510 --> 00:07:17,520

uh to those that may be listening to us

139

00:07:21,990 --> 00:07:19,520

a couple of minutes ago uh jackie

140

00:07:24,230 --> 00:07:22,000

gleason was talking on our beaver phone

141

00:07:26,230 --> 00:07:24,240

set up with frank edwards it's my still

142

00:07:27,909 --> 00:07:26,240

their father yes he's still here but he

143

00:07:29,670 --> 00:07:27,919

will be listening on the can
