

1
00:00:04,470 --> 00:00:02,869
my name is tim lee this is my wife bobby

2
00:00:07,590 --> 00:00:04,480
and my son hal

3
00:00:10,709 --> 00:00:07,600
back in march 13th of 1997

4
00:00:12,230 --> 00:00:10,719
we were witnesses uh to seeing a ufo and

5
00:00:14,470 --> 00:00:12,240
actual craft

6
00:00:16,870 --> 00:00:14,480
fly directly over a house

7
00:00:19,189 --> 00:00:16,880
just to give you a little uh background

8
00:00:21,109 --> 00:00:19,199
is how we got to see it hal and i had

9
00:00:22,550 --> 00:00:21,119
been uh coming back from visiting some

10
00:00:24,550 --> 00:00:22,560
friends and normally we tried to eat

11
00:00:26,630 --> 00:00:24,560
dinner by eight o'clock we were running

12
00:00:28,630 --> 00:00:26,640
a little late pulled into the driveway

13
00:00:30,710 --> 00:00:28,640

which we were heading west

14

00:00:32,310 --> 00:00:30,720

hal was sitting in the front and as i

15

00:00:34,150 --> 00:00:32,320

came around to the side of the door he

16

00:00:36,229 --> 00:00:34,160

looked out the side window

17

00:00:37,910 --> 00:00:36,239

and he saw up in the direction of

18

00:00:38,950 --> 00:00:37,920

prescott

19

00:00:40,630 --> 00:00:38,960

five

20

00:00:42,709 --> 00:00:40,640

distinct lights

21

00:00:45,270 --> 00:00:42,719

that it actually looked like they were

22

00:00:46,950 --> 00:00:45,280

on top of a balloon as we were looking

23

00:00:48,470 --> 00:00:46,960

at them i said what is that is that a

24

00:00:50,310 --> 00:00:48,480

balloon with lights on it why would they

25

00:00:51,990 --> 00:00:50,320

have lights on a balloon like that and

26
00:00:54,310 --> 00:00:52,000
you know the lights were so clear and

27
00:00:56,470 --> 00:00:54,320
distinct and they're very close together

28
00:00:58,150 --> 00:00:56,480
but as we watched them then we could see

29
00:00:59,830 --> 00:00:58,160
that whatever this was was coming

30
00:01:01,270 --> 00:00:59,840
towards us because the lights the

31
00:01:03,270 --> 00:01:01,280
distance between the lights started

32
00:01:04,869 --> 00:01:03,280
getting greater and greater at that

33
00:01:06,469 --> 00:01:04,879
point he ran in the house and got my

34
00:01:08,310 --> 00:01:06,479
wife bobby to come out and take a look

35
00:01:10,230 --> 00:01:08,320
and see what was going on

36
00:01:12,070 --> 00:01:10,240
so when bobby came out we're standing

37
00:01:13,910 --> 00:01:12,080
there watching my grandson is older than

38
00:01:16,230 --> 00:01:13,920

hell he was also there

39

00:01:18,070 --> 00:01:16,240

and we watched these lights i'd say the

40

00:01:19,990 --> 00:01:18,080

time it took from when we first spotted

41

00:01:21,190 --> 00:01:20,000

them until it this thing actually went

42

00:01:23,670 --> 00:01:21,200

over a house

43

00:01:25,749 --> 00:01:23,680

was about 10 or 12 minutes

44

00:01:29,030 --> 00:01:25,759

and this thing never

45

00:01:31,190 --> 00:01:29,040

wavered once it always came directly

46

00:01:35,190 --> 00:01:31,200

straight at us as we were standing there

47

00:01:37,510 --> 00:01:35,200

watching it after a few minutes uh maybe

48

00:01:39,510 --> 00:01:37,520

six or eight minutes i'm not sure

49

00:01:43,270 --> 00:01:39,520

all of a sudden instead of being

50

00:01:45,670 --> 00:01:43,280

five lights in a round arc shape

51
00:01:48,469 --> 00:01:45,680
the that lead light seemed to come out

52
00:01:50,710 --> 00:01:48,479
in front and now it looked like a v

53
00:01:52,550 --> 00:01:50,720
formation flying towards us

54
00:01:54,469 --> 00:01:52,560
i remember talking with bobby as we were

55
00:01:56,149 --> 00:01:54,479
watching it we're saying what what could

56
00:01:58,389 --> 00:01:56,159
that possibly be

57
00:02:00,550 --> 00:01:58,399
and i i said well maybe it's a formation

58
00:02:02,550 --> 00:02:00,560
of helicopters and you know then i'm

59
00:02:05,510 --> 00:02:02,560
looking at the lights and as they're

60
00:02:09,029 --> 00:02:05,520
getting further and further apart uh the

61
00:02:11,510 --> 00:02:09,039
relationship between the lights never

62
00:02:13,350 --> 00:02:11,520
changed they got further apart but the

63
00:02:14,630 --> 00:02:13,360

individual distance between the lights

64

00:02:16,869 --> 00:02:14,640

always remained

65

00:02:18,869 --> 00:02:16,879

so to speak in the same relationship

66

00:02:21,030 --> 00:02:18,879

they were perfectly even they didn't

67

00:02:23,910 --> 00:02:21,040

move up or down and i'm saying wow if

68

00:02:25,430 --> 00:02:23,920

this is a formation of aircraft who's

69

00:02:28,550 --> 00:02:25,440

ever flying this i don't know how

70

00:02:29,350 --> 00:02:28,560

they're staying so tight in formation

71

00:02:31,190 --> 00:02:29,360

so

72

00:02:33,430 --> 00:02:31,200

as it got closer and closer and the

73

00:02:35,430 --> 00:02:33,440

lights were further and further apart i

74

00:02:39,030 --> 00:02:35,440

began to think well maybe this is you

75

00:02:40,630 --> 00:02:39,040

know some kind of object and that it it

76

00:02:42,470 --> 00:02:40,640

had to be pretty big

77

00:02:45,110 --> 00:02:42,480

when it was about

78

00:02:47,509 --> 00:02:45,120

just a couple miles away we're watching

79

00:02:48,790 --> 00:02:47,519

it all of a sudden

80

00:02:51,509 --> 00:02:48,800

i caught

81

00:02:53,990 --> 00:02:51,519

the image of what it was i could see

82

00:02:56,070 --> 00:02:54,000

its outline it was almost the same exact

83

00:02:59,030 --> 00:02:56,080

color at this of the sky but because it

84

00:03:01,030 --> 00:02:59,040

was passing over stars the stars were

85

00:03:03,670 --> 00:03:01,040

being blocked out and then come back

86

00:03:06,710 --> 00:03:03,680

after it passed and it looked like

87

00:03:07,830 --> 00:03:06,720

an actual very geometric carpenter

88

00:03:10,229 --> 00:03:07,840

square

89

00:03:11,270 --> 00:03:10,239

like an equilateral triangle without the

90

00:03:13,190 --> 00:03:11,280

bottom

91

00:03:15,350 --> 00:03:13,200

and in each arm

92

00:03:16,550 --> 00:03:15,360

were two lights evenly spaced and in the

93

00:03:18,949 --> 00:03:16,560

very tip

94

00:03:21,350 --> 00:03:18,959

was was one single light and these

95

00:03:23,830 --> 00:03:21,360

lights were perfectly round

96

00:03:26,869 --> 00:03:23,840

and perfectly white light the tip of

97

00:03:28,949 --> 00:03:26,879

this thing was like as sharp as attack

98

00:03:32,789 --> 00:03:28,959

and the two tail ends were squared off

99

00:03:34,789 --> 00:03:32,799

perfectly as it came closer and closer

100

00:03:37,110 --> 00:03:34,799

we realized that it was coming straight

101
00:03:39,430 --> 00:03:37,120
at us it was going to come right over us

102
00:03:41,270 --> 00:03:39,440
and for some reason i don't know

103
00:03:43,830 --> 00:03:41,280
how it happened but it seemed to have

104
00:03:45,910 --> 00:03:43,840
dropped down in altitude

105
00:03:46,789 --> 00:03:45,920
and now it was literally coming down the

106
00:03:49,110 --> 00:03:46,799
street

107
00:03:51,350 --> 00:03:49,120
and the kids as they saw they started

108
00:03:53,270 --> 00:03:51,360
jumping up and down because it was going

109
00:03:54,949 --> 00:03:53,280
very very slow and it looked like hey

110
00:03:55,910 --> 00:03:54,959
this thing is going to come over us and

111
00:03:58,149 --> 00:03:55,920
stop

112
00:04:00,630 --> 00:03:58,159
and every jump they took

113
00:04:03,429 --> 00:04:00,640

they were when they landed they were one

114

00:04:05,110 --> 00:04:03,439

jump closer to running in the house and

115

00:04:07,030 --> 00:04:05,120

i'm standing there now i walked over in

116

00:04:10,229 --> 00:04:07,040

front of right right on the edge of the

117

00:04:11,110 --> 00:04:10,239

street looking up at this thing go by

118

00:04:13,589 --> 00:04:11,120

and

119

00:04:16,550 --> 00:04:13,599

i'm looking at the outer edge of this of

120

00:04:18,229 --> 00:04:16,560

this wing and i could see way way down

121

00:04:20,469 --> 00:04:18,239

the block

122

00:04:22,230 --> 00:04:20,479

six five six hundred feet away i

123

00:04:23,590 --> 00:04:22,240

couldn't actually see the tail i saw the

124

00:04:25,909 --> 00:04:23,600

third light

125

00:04:28,950 --> 00:04:25,919

and it's going by the outer edge of this

126

00:04:31,189 --> 00:04:28,960

thing was so perfectly straight

127

00:04:33,590 --> 00:04:31,199

dark almost the same color as the sky

128

00:04:35,350 --> 00:04:33,600

but you could see the stars and then you

129

00:04:38,469 --> 00:04:35,360

couldn't see the stars and as it's going

130

00:04:40,870 --> 00:04:38,479

by it wasn't fluttering at all

131

00:04:42,790 --> 00:04:40,880

it was so smooth it almost looked like a

132

00:04:44,150 --> 00:04:42,800

computerized graphic

133

00:04:46,710 --> 00:04:44,160

the kids out in the middle of the street

134

00:04:48,230 --> 00:04:46,720

said hey look up inside in between the

135

00:04:49,990 --> 00:04:48,240

two arms

136

00:04:51,189 --> 00:04:50,000

and looking at the stars inside they

137

00:04:53,270 --> 00:04:51,199

looked like

138

00:04:56,390 --> 00:04:53,280

like some kind of distortion not a heat

139

00:04:58,870 --> 00:04:56,400

distortion just did not look as clear as

140

00:05:01,029 --> 00:04:58,880

the stars on the outside he's actually

141

00:05:02,629 --> 00:05:01,039

out in the street running after this

142

00:05:04,469 --> 00:05:02,639

thing that's how slow it was going the

143

00:05:06,310 --> 00:05:04,479

kids thought it was going about 10 or 15

144

00:05:09,430 --> 00:05:06,320

miles an hour

145

00:05:10,950 --> 00:05:09,440

and this last light came down and bobby

146

00:05:12,950 --> 00:05:10,960

and i were just standing there and it

147

00:05:14,230 --> 00:05:12,960

went right over us and it looked like

148

00:05:15,350 --> 00:05:14,240

this big

149

00:05:17,909 --> 00:05:15,360

circular

150

00:05:19,670 --> 00:05:17,919

hole of pure

151

00:05:22,230 --> 00:05:19,680

white light it looked like fluores

152

00:05:24,390 --> 00:05:22,240

beyond fluorescent almost like little

153

00:05:26,550 --> 00:05:24,400

particles of light and the light was

154

00:05:28,790 --> 00:05:26,560

stuck up inside it was almost like it

155

00:05:31,189 --> 00:05:28,800

was being held inside there was no glass

156

00:05:33,189 --> 00:05:31,199

on it and there was no light that i

157

00:05:35,350 --> 00:05:33,199

noticed around us on the ground but it

158

00:05:36,150 --> 00:05:35,360

was really really really bright

159

00:05:38,710 --> 00:05:36,160

then

160

00:05:41,990 --> 00:05:38,720

the tail end of this thing went by like

161

00:05:43,029 --> 00:05:42,000

that and i saw a very absolute sharp

162

00:05:45,430 --> 00:05:43,039

edge

163

00:05:48,230 --> 00:05:45,440

went by and as this as it did the stars

164

00:05:50,870 --> 00:05:48,240

unfolded after it we live up and about

165

00:05:52,550 --> 00:05:50,880

probably about 1200 feet above sea level

166

00:05:55,110 --> 00:05:52,560

we're in a little valley

167

00:05:57,270 --> 00:05:55,120

above phoenix and surrounded by this

168

00:05:58,950 --> 00:05:57,280

valley are like little mountain peaks

169

00:06:01,029 --> 00:05:58,960

and there's this one

170

00:06:03,430 --> 00:06:01,039

two peaks and in the middle of it a

171

00:06:05,350 --> 00:06:03,440

little hill this thing went right

172

00:06:07,029 --> 00:06:05,360

through the crack in the mountain it

173

00:06:10,629 --> 00:06:07,039

flew right through there didn't go over

174

00:06:13,270 --> 00:06:10,639

the top it just barely fit i it kind of

175

00:06:14,790 --> 00:06:13,280

was in such a way now it was

176

00:06:16,950 --> 00:06:14,800

it was probably just going straight

177

00:06:19,430 --> 00:06:16,960

because now i could see the lights from

178

00:06:21,830 --> 00:06:19,440

the backside underneath it went out

179

00:06:23,590 --> 00:06:21,840

straight over towards

180

00:06:26,710 --> 00:06:23,600

the airport right to the right side of

181

00:06:29,350 --> 00:06:26,720

peak and then i lost the lights in

182

00:06:31,029 --> 00:06:29,360

the whatever lights were flying around

183

00:06:32,309 --> 00:06:31,039

in the atmosphere disturbance or

184

00:06:34,390 --> 00:06:32,319

whatever

185

00:06:36,870 --> 00:06:34,400

so when i saw this technology i know

186

00:06:39,830 --> 00:06:36,880

there's nothing on this planet like that

187

00:06:42,150 --> 00:06:39,840

there's no capacity to fly a craft it

188

00:06:45,430 --> 00:06:42,160

wasn't even flying how could something

189

00:06:46,550 --> 00:06:45,440

fly be lifted by air going that slow not

190

00:06:50,710 --> 00:06:46,560

possible

191

00:06:52,390 --> 00:06:50,720

not flying it was cruising and with some

192

00:06:54,790 --> 00:06:52,400

kind of ability i don't know is

193

00:06:55,990 --> 00:06:54,800

absolutely perfect under control

194

00:06:58,710 --> 00:06:56,000

powerful

195

00:07:00,870 --> 00:06:58,720

smooth quiet and i looked at that and i

196

00:07:03,270 --> 00:07:00,880

said boy i said to my wife i said

197

00:07:06,150 --> 00:07:03,280

whoever's got this technology is in

198

00:07:08,230 --> 00:07:06,160

cahoots with god how why don't you tell

199

00:07:10,390 --> 00:07:08,240

we were freaking out because

200

00:07:12,550 --> 00:07:10,400

we had like in 1996 is when independence

201
00:07:14,309 --> 00:07:12,560
day came out and i was 10 years old so

202
00:07:16,309 --> 00:07:14,319
when you see independence day and then

203
00:07:17,670 --> 00:07:16,319
you see this like craft like coming over

204
00:07:19,350 --> 00:07:17,680
your house

205
00:07:20,629 --> 00:07:19,360
you kind of you know get a little scared

206
00:07:21,990 --> 00:07:20,639
because it's like is it going to stop

207
00:07:23,589 --> 00:07:22,000
are we going to be the people underneath

208
00:07:25,110 --> 00:07:23,599
going oh no

209
00:07:26,469 --> 00:07:25,120
like you got those chills in the back of

210
00:07:28,950 --> 00:07:26,479
your neck where you get all goose bumpy

211
00:07:30,390 --> 00:07:28,960
and you your hair stand up on end the

212
00:07:33,350 --> 00:07:30,400
point at which we

213
00:07:35,350 --> 00:07:33,360

started getting excited was after it had

214

00:07:36,790 --> 00:07:35,360

gone about halfway over and basically we

215

00:07:39,110 --> 00:07:36,800

got the feeling that it was just gonna

216

00:07:40,550 --> 00:07:39,120

keep going which was much of a relief

217

00:07:41,990 --> 00:07:40,560

you know that it wasn't gonna stop

218

00:07:43,510 --> 00:07:42,000

because if it did i don't know what we

219

00:07:45,270 --> 00:07:43,520

do just go uh

220

00:07:47,589 --> 00:07:45,280

okay that's when we were like you know

221

00:07:49,350 --> 00:07:47,599

oh let's go after it you know so we just

222

00:07:51,029 --> 00:07:49,360

literally start running down the street

223

00:07:53,909 --> 00:07:51,039

dad dad come on get in the car let me

224

00:07:55,270 --> 00:07:53,919

chase it and he was just like no no

225

00:07:57,749 --> 00:07:55,280

he was just looking you know looking at

226

00:07:59,189 --> 00:07:57,759

him we're like oh and my nephew damien

227

00:08:01,830 --> 00:07:59,199

said that he probably could could have

228

00:08:04,309 --> 00:08:01,840

thrown like a like a tennis ball or a

229

00:08:05,589 --> 00:08:04,319

rock up and hit it it was that close at

230

00:08:07,749 --> 00:08:05,599

the time there was this house that was

231

00:08:09,430 --> 00:08:07,759

being constructed up on the hill and

232

00:08:11,749 --> 00:08:09,440

there was a telephone pole and the craft

233

00:08:13,589 --> 00:08:11,759

flew like right over the top there was

234

00:08:15,589 --> 00:08:13,599

no sound like even in the neighbor the

235

00:08:17,110 --> 00:08:15,599

neighborhood was really quiet the only

236

00:08:18,309 --> 00:08:17,120

sound that there ever was was that there

237

00:08:19,749 --> 00:08:18,319

was a small

238

00:08:22,390 --> 00:08:19,759

you know just like a small propeller

239

00:08:24,230 --> 00:08:22,400

plane that flew over the top of it

240

00:08:26,790 --> 00:08:24,240

pretty high up it looked like this big

241

00:08:28,550 --> 00:08:26,800

in comparison

242

00:08:31,029 --> 00:08:28,560

but uh yeah that was the only sound at

243

00:08:33,190 --> 00:08:31,039

any point when hal came to get me in the

244

00:08:35,670 --> 00:08:33,200

house and i was cooking dinner he just

245

00:08:37,670 --> 00:08:35,680

told me that there were lights outside

246

00:08:38,870 --> 00:08:37,680

and so i went running out the door

247

00:08:41,509 --> 00:08:38,880

looking

248

00:08:43,110 --> 00:08:41,519

at the lights over the mountain i saw

249

00:08:45,190 --> 00:08:43,120

the lights then you know at that point

250

00:08:48,310 --> 00:08:45,200

and i sat with them and watched them

251

00:08:51,190 --> 00:08:48,320

just exactly as tim described

252

00:08:53,350 --> 00:08:51,200

when it was coming up towards us

253

00:08:55,750 --> 00:08:53,360

and it seemed like it was very high and

254

00:08:57,269 --> 00:08:55,760

i could see it just as clear as a bell

255

00:08:59,990 --> 00:08:57,279

that it was

256

00:09:01,910 --> 00:09:00,000

shaped what i said at the time was like

257

00:09:03,990 --> 00:09:01,920

a carpenter square it looked like a

258

00:09:05,509 --> 00:09:04,000

flying carpenter's square all of a

259

00:09:06,949 --> 00:09:05,519

sudden you know we

260

00:09:09,190 --> 00:09:06,959

it seemed like i either looked away and

261

00:09:11,990 --> 00:09:09,200

i blinked and it was you know right upon

262

00:09:15,030 --> 00:09:12,000

us and then coming right down the street

263

00:09:17,670 --> 00:09:15,040

and as uh as it left and tim and i were

264

00:09:18,710 --> 00:09:17,680

looking up into the light wells

265

00:09:20,550 --> 00:09:18,720

i mean these

266

00:09:22,470 --> 00:09:20,560

these were circular light wells that

267

00:09:24,949 --> 00:09:22,480

were we could not

268

00:09:26,710 --> 00:09:24,959

even estimate really how deep they were

269

00:09:27,910 --> 00:09:26,720

since we didn't know exactly how far

270

00:09:30,230 --> 00:09:27,920

away it was

271

00:09:32,470 --> 00:09:30,240

but the lights looked like they were at

272

00:09:33,350 --> 00:09:32,480

least 15 feet

273

00:09:35,670 --> 00:09:33,360

you know

274

00:09:37,430 --> 00:09:35,680

wide and i don't know how deep because

275

00:09:38,949 --> 00:09:37,440

all we could see was the white light

276

00:09:40,389 --> 00:09:38,959

inside the wells

277

00:09:43,430 --> 00:09:40,399

and then as it proceeded over the

278

00:09:45,990 --> 00:09:43,440

mountain just missing the tops like

279

00:09:47,990 --> 00:09:46,000

hal said um

280

00:09:50,310 --> 00:09:48,000

i looked at the lights in front of it

281

00:09:52,230 --> 00:09:50,320

you might say because i wanted to see if

282

00:09:55,509 --> 00:09:52,240

i could see the top of it

283

00:09:57,430 --> 00:09:55,519

and as it was going through i could see

284

00:10:00,070 --> 00:09:57,440

a slight mound

285

00:10:01,910 --> 00:10:00,080

to the point you know which would have

286

00:10:04,870 --> 00:10:01,920

been the front end of it

287

00:10:06,870 --> 00:10:04,880

it just seemed like a very thin craft

288

00:10:07,990 --> 00:10:06,880

when the right arm was coming over the

289

00:10:09,670 --> 00:10:08,000

house

290

00:10:13,110 --> 00:10:09,680

we were looking at it and i i was

291

00:10:16,069 --> 00:10:13,120

looking at the left arm and it just went

292

00:10:17,670 --> 00:10:16,079

completely over towards the mountain

293

00:10:19,829 --> 00:10:17,680

that i made a comment then i said oh my

294

00:10:21,829 --> 00:10:19,839

god how big is this thing

295

00:10:24,470 --> 00:10:21,839

because it just seemed to cover the

296

00:10:25,990 --> 00:10:24,480

whole entire neighborhood

297

00:10:28,550 --> 00:10:26,000

you know what i said as it went over

298

00:10:32,470 --> 00:10:28,560

after seeing that little plane i said

299

00:10:34,550 --> 00:10:32,480

you could fit 10 stealths on one arm i

300

00:10:37,430 --> 00:10:34,560

guesstimated that it was each arm was

301
00:10:39,110 --> 00:10:37,440
about 700 feet and if it was an

302
00:10:41,350 --> 00:10:39,120
equilateral

303
00:10:43,269 --> 00:10:41,360
triangle in the sense then the distance

304
00:10:46,470 --> 00:10:43,279
between the tails would have been about

305
00:10:48,949 --> 00:10:46,480
700 feet when we talk about this people

306
00:10:52,870 --> 00:10:48,959
get picky and they say well you know was

307
00:10:55,670 --> 00:10:52,880
it 200 feet was it 182 feet away

308
00:10:58,870 --> 00:10:55,680
is it 12 feet wide you know except

309
00:11:00,949 --> 00:10:58,880
listen it was freaking huge

310
00:11:02,550 --> 00:11:00,959
it was going really slow it had these

311
00:11:05,190 --> 00:11:02,560
big lights in it

312
00:11:07,430 --> 00:11:05,200
it it didn't make a sound that's the

313
00:11:09,590 --> 00:11:07,440

point it was there we saw it there's no

314

00:11:10,389 --> 00:11:09,600

doubt in our minds whatsoever what we

315

00:11:12,870 --> 00:11:10,399

saw

316

00:11:15,350 --> 00:11:12,880

my wife and i work he goes to school

317

00:11:17,190 --> 00:11:15,360

that's our lives we're normal folks

318

00:11:19,750 --> 00:11:17,200

we're nothing special

319

00:11:22,310 --> 00:11:19,760

um well you know when it first happened

320

00:11:25,350 --> 00:11:22,320

i think we were so awestruck

321

00:11:29,430 --> 00:11:27,269

we didn't forget

322

00:11:31,110 --> 00:11:29,440

but we didn't know what to do

323

00:11:32,870 --> 00:11:31,120

you know it was like

324

00:11:35,030 --> 00:11:32,880

you know i had already by then i came

325

00:11:36,630 --> 00:11:35,040

back in we all came back in and we were

326

00:11:37,990 --> 00:11:36,640

talking about it then we all kind of got

327

00:11:39,829 --> 00:11:38,000

silent

328

00:11:41,110 --> 00:11:39,839

and we were all sitting at the table and

329

00:11:43,750 --> 00:11:41,120

this was

330

00:11:45,750 --> 00:11:43,760

you know hal tim and damian our grandson

331

00:11:48,389 --> 00:11:45,760

who was then 14

332

00:11:49,750 --> 00:11:48,399

and myself and we

333

00:11:51,190 --> 00:11:49,760

we didn't know what to even say to one

334

00:11:52,710 --> 00:11:51,200

another you know we were just kind of

335

00:11:55,350 --> 00:11:52,720

like sitting there

336

00:11:57,350 --> 00:11:55,360

and then we said what do we do you know

337

00:11:59,750 --> 00:11:57,360

i mean who do we call you know we didn't

338

00:12:00,870 --> 00:11:59,760

know what to do and so we didn't call

339

00:12:01,829 --> 00:12:00,880

anybody

340

00:12:03,430 --> 00:12:01,839

because

341

00:12:04,870 --> 00:12:03,440

well you have that stigma you know it's

342

00:12:07,750 --> 00:12:04,880

like

343

00:12:09,509 --> 00:12:07,760

you trust you know your family and you

344

00:12:10,949 --> 00:12:09,519

know if we say we saw something you know

345

00:12:12,150 --> 00:12:10,959

then we did

346

00:12:13,590 --> 00:12:12,160

and

347

00:12:14,629 --> 00:12:13,600

you know they're they'll support us

348

00:12:16,790 --> 00:12:14,639

either way

349

00:12:18,069 --> 00:12:16,800

there was this kid that lived just a few

350

00:12:19,030 --> 00:12:18,079

blocks from me

351
00:12:21,430 --> 00:12:19,040
and

352
00:12:23,670 --> 00:12:21,440
my stepson knew him he brought the kid

353
00:12:25,829 --> 00:12:23,680
over to my house and the kid did these

354
00:12:27,990 --> 00:12:25,839
drawings and it was exactly what we saw

355
00:12:29,030 --> 00:12:28,000
so i ended up going over this kid's

356
00:12:30,870 --> 00:12:29,040
house

357
00:12:33,430 --> 00:12:30,880
and meeting his father and both of them

358
00:12:35,990 --> 00:12:33,440
described what we saw but they saw it

359
00:12:37,430 --> 00:12:36,000
from like a couple blocks below i

360
00:12:40,150 --> 00:12:37,440
personally and i know they feel the same

361
00:12:42,949 --> 00:12:40,160
way it doesn't matter to me

362
00:12:45,190 --> 00:12:42,959
whether you believe me or not it doesn't

363
00:12:47,190 --> 00:12:45,200

it only matters to you

364

00:12:48,389 --> 00:12:47,200

because we know what we saw we know what

365

00:12:49,910 --> 00:12:48,399

we have

366

00:12:52,150 --> 00:12:49,920

you need to see that you need to

367

00:12:54,790 --> 00:12:52,160

understand that that's it that's where

368

00:12:56,389 --> 00:12:54,800

our attitude is at so you know 10 years

369

00:12:58,870 --> 00:12:56,399

nothing happening and all of a sudden

370

00:13:00,150 --> 00:12:58,880

here we are talking about it fine we'll
