

1
00:00:04,950 --> 00:00:01,990
now where did you

2
00:00:07,110 --> 00:00:04,960
see this unidentified bright object in

3
00:00:09,190 --> 00:00:07,120
the sky can you point it out to us yes

4
00:00:11,669 --> 00:00:09,200
it was right off in this direction right

5
00:00:13,509 --> 00:00:11,679
out east of redmond on the pineville

6
00:00:15,110 --> 00:00:13,519
highway

7
00:00:17,430 --> 00:00:15,120
uh it came close to the ground and

8
00:00:18,950 --> 00:00:17,440
stopped and at that time i pulled over

9
00:00:20,630 --> 00:00:18,960
side the road and stopped the car and

10
00:00:23,590 --> 00:00:20,640
watched it it had moved from where you

11
00:00:26,550 --> 00:00:23,600
first saw it yes it had moved in this

12
00:00:29,669 --> 00:00:26,560
direction east towards pineville over

13
00:00:33,270 --> 00:00:31,669

well i'd say it was a

14

00:00:34,790 --> 00:00:33,280

a round gold

15

00:00:37,030 --> 00:00:34,800

object

16

00:00:38,630 --> 00:00:37,040

that i knew it wasn't a star because it

17

00:00:39,670 --> 00:00:38,640

was too large

18

00:00:41,430 --> 00:00:39,680

and

19

00:00:44,709 --> 00:00:41,440

it was a little

20

00:00:47,430 --> 00:00:44,719

above the horizon in the east southeast

21

00:00:51,189 --> 00:00:49,270

that's about all there was to it and

22

00:00:53,670 --> 00:00:51,199

your sheep heard or saw it

23

00:00:56,229 --> 00:00:53,680

well uh yes a few days after that we

24

00:00:58,630 --> 00:00:56,239

were talking here and he asked me if i

25

00:01:00,709 --> 00:00:58,640

saw that in the sky and he said he saw

26

00:01:01,750 --> 00:01:00,719

it take off and he said just shot real

27

00:01:03,430 --> 00:01:01,760

fast

28

00:01:05,830 --> 00:01:03,440

to the east

29

00:01:08,469 --> 00:01:05,840

yes do you uh do you believe in the

30

00:01:10,550 --> 00:01:08,479

possibility of flying saucers

31

00:01:12,789 --> 00:01:10,560

i believe in possibility almost anything

32

00:01:15,749 --> 00:01:12,799

in the sky these days you know there's

33

00:01:17,510 --> 00:01:15,759

so many things that come to pass and

34

00:01:19,510 --> 00:01:17,520

the government puts so many things up in

35

00:01:21,830 --> 00:01:19,520

the air the air force will not confirm

36

00:01:25,190 --> 00:01:21,840

reports that the federal aviation agency

37

00:01:27,590 --> 00:01:25,200

log shows radar contact was established

38

00:01:29,990 --> 00:01:27,600

from two ground stations and that

39

00:01:32,710 --> 00:01:30,000
anywhere from one to four radar contacts

40

00:01:34,870 --> 00:01:32,720
were made by jet interceptors one of the

41

00:01:36,630 --> 00:01:34,880
big name private groups looking into the

42

00:01:38,390 --> 00:01:36,640
redmond affair is the national

43

00:01:41,510 --> 00:01:38,400
investigations committee on aerial

44

00:01:43,670 --> 00:01:41,520
phenomenon in washington dc who recently

45

00:01:46,630 --> 00:01:43,680
accused the air force of deception and

46

00:01:48,789 --> 00:01:46,640
their evaluations of ufos a member of

47

00:01:51,670 --> 00:01:48,799
their board of governors retired vice

48

00:01:54,149 --> 00:01:51,680
admiral r h hillenkoeter urged that the

49

00:01:57,109 --> 00:01:54,159
air force be forced to reveal all their

50

00:01:59,190 --> 00:01:57,119
findings stating quote it is time for

51
00:02:01,429 --> 00:01:59,200
the truth to be brought out in open

52
00:02:03,429 --> 00:02:01,439
conventional hearings the admiral is

53
00:02:05,749 --> 00:02:03,439
well qualified to bring out the truth he

54
00:02:08,309 --> 00:02:05,759
used to head the top secret hush hush

55
00:02:10,630 --> 00:02:08,319
central intelligence agency that the

56
00:02:13,350 --> 00:02:10,640
thing seen over redmond might have been

57
00:02:15,510 --> 00:02:13,360
a real machine under intelligent control

58
00:02:17,830 --> 00:02:15,520
from somewhere in outer space has been

59
00:02:20,070 --> 00:02:17,840
pointed up quite dramatically by the

60
00:02:22,150 --> 00:02:20,080
instituting of a new and systematic

61
00:02:24,949 --> 00:02:22,160
search for intelligent life on other

62
00:02:27,589 --> 00:02:24,959
worlds called project asthma the

63
00:02:29,830 --> 00:02:27,599

government sponsored search has begun on

64

00:02:31,430 --> 00:02:29,840

the multi-million dollar radio telescope

65

00:02:34,309 --> 00:02:31,440

at the national radio astronomy

66

00:02:36,630 --> 00:02:34,319

observatory at green bank west virginia

67

00:02:39,110 --> 00:02:36,640

dr frank drake who heads the project

68

00:02:41,750 --> 00:02:39,120

states flatly that he expects to receive

69

00:02:45,430 --> 00:02:41,760

intelligent radio signals from planets

70

00:02:47,830 --> 00:02:45,440

of other suns as dr drake puts it
