

1
00:00:03,909 --> 00:00:01,670
it was about

2
00:00:05,590 --> 00:00:03,919
as you say 10 to 2 in the morning on the

3
00:00:08,629 --> 00:00:05,600
early morning of the thursday morning at

4
00:00:10,790 --> 00:00:08,639
the 26th of october 1978

5
00:00:12,789 --> 00:00:10,800
we received a call from a local resident

6
00:00:14,870 --> 00:00:12,799
here in clareville

7
00:00:19,269 --> 00:00:14,880
that there was something flying in the

8
00:00:22,070 --> 00:00:20,470
at the time

9
00:00:24,870 --> 00:00:22,080
i was on the other side of clareville i

10
00:00:27,509 --> 00:00:24,880
couldn't see the object so i patrol down

11
00:00:29,349 --> 00:00:27,519
to what we call marine drive

12
00:00:35,430 --> 00:00:29,359
and

13
00:00:37,430 --> 00:00:35,440

his binoculars

14

00:00:38,790 --> 00:00:37,440

and uh looked up into the sky and

15

00:00:41,750 --> 00:00:38,800

noticed a

16

00:00:42,790 --> 00:00:41,760

oval type like uh object coming from the

17

00:00:44,950 --> 00:00:42,800

west

18

00:00:46,470 --> 00:00:44,960

heading east

19

00:00:48,150 --> 00:00:46,480

in just across the sky here in

20

00:00:49,670 --> 00:00:48,160

clareville

21

00:00:50,709 --> 00:00:49,680

now it appeared to me at the time that

22

00:00:52,229 --> 00:00:50,719

the

23

00:00:53,830 --> 00:00:52,239

object was

24

00:00:56,310 --> 00:00:53,840

anywhere approximately probably two

25

00:00:57,750 --> 00:00:56,320

thousand three thousand feet in altitude

26

00:00:59,029 --> 00:00:57,760

and

27

00:01:00,630 --> 00:00:59,039

its distance from claravel's

28

00:01:02,470 --> 00:01:00,640

approximately about a half a mile no

29

00:01:04,710 --> 00:01:02,480

more than that

30

00:01:05,509 --> 00:01:04,720

now at this time my first impression i

31

00:01:08,149 --> 00:01:05,519

thought

32

00:01:10,550 --> 00:01:08,159

it might have been a jet flying overhead

33

00:01:12,310 --> 00:01:10,560

until the resident

34

00:01:15,670 --> 00:01:12,320

passed me his binoculars and asked me to

35

00:01:18,710 --> 00:01:15,680

take a cloak closer look which i did

36

00:01:23,030 --> 00:01:20,950

at this time i could see blue flashing

37

00:01:26,149 --> 00:01:23,040

lights

38

00:01:28,550 --> 00:01:26,159

now i still wasn't sure

39

00:01:30,390 --> 00:01:28,560

the identity of the object i thought to

40

00:01:32,230 --> 00:01:30,400

myself it could have still been an

41

00:01:35,350 --> 00:01:32,240

airplane so i

42

00:01:37,190 --> 00:01:35,360

trolled to the detachment office

43

00:01:38,390 --> 00:01:37,200

and obtained the telescope that we have

44

00:01:40,630 --> 00:01:38,400

here

45

00:01:41,510 --> 00:01:40,640

now the magnification of this telescope

46

00:01:45,030 --> 00:01:41,520

is a

47

00:01:47,510 --> 00:01:45,040

from 15 x to 60x range it has a zoomed

48

00:01:52,550 --> 00:01:50,870

now i left the detachment office

49

00:01:55,910 --> 00:01:52,560

and it went down to marine drive where

50

00:01:58,310 --> 00:01:55,920

the the complainant was still there

51
00:02:00,149 --> 00:01:58,320
observing this object the object at this

52
00:02:04,550 --> 00:02:00,159
time it stopped moving

53
00:02:05,429 --> 00:02:04,560
and it was just hovering just on the

54
00:02:10,229 --> 00:02:05,439
east

55
00:02:13,910 --> 00:02:12,390
i watched the object again to see if it

56
00:02:16,710 --> 00:02:13,920
was going to move anymore and it didn't

57
00:02:18,309 --> 00:02:16,720
so i set up my tripod that we used for

58
00:02:22,790 --> 00:02:18,319
the telescope

59
00:02:26,070 --> 00:02:22,800
observed the object

60
00:02:27,990 --> 00:02:26,080
at the 15x range

61
00:02:29,750 --> 00:02:28,000
now as uh

62
00:02:31,589 --> 00:02:29,760
i observed in this range it was much

63
00:02:33,750 --> 00:02:31,599

more powerful than the your

64

00:02:36,949 --> 00:02:33,760

normal binoculars that

65

00:02:39,350 --> 00:02:36,959

people buy in your local stores

66

00:02:41,190 --> 00:02:39,360

at this time i noticed distinctly the

67

00:02:43,190 --> 00:02:41,200

blue flashing lights were on each side

68

00:02:46,390 --> 00:02:43,200

of the object

69

00:02:47,910 --> 00:02:46,400

and there was one red one on the top

70

00:02:51,589 --> 00:02:47,920

and it appeared to be in the middle of

71

00:02:53,190 --> 00:02:51,599

the the object itself

72

00:02:55,430 --> 00:02:53,200

now

73

00:02:56,550 --> 00:02:55,440

i was a bit bewildered at first

74

00:03:00,550 --> 00:02:56,560

as to

75

00:03:02,710 --> 00:03:00,560

what it was very astonished so i

76

00:03:03,589 --> 00:03:02,720

zoomed in the object to take a closer

77

00:03:06,390 --> 00:03:03,599

look

78

00:03:07,750 --> 00:03:06,400

now at this time the uh

79

00:03:10,630 --> 00:03:07,760

the object was

80

00:03:11,990 --> 00:03:10,640

filled out the whole uh circular

81

00:03:14,309 --> 00:03:12,000

telescope you know the end of your

82

00:03:16,830 --> 00:03:14,319

telescope circular well it filled out

83

00:03:18,470 --> 00:03:16,840

completely and i had to focus a bit

84

00:03:21,190 --> 00:03:18,480

and

85

00:03:23,110 --> 00:03:21,200

the bottom half of the object was

86

00:03:25,110 --> 00:03:23,120

completely illuminated

87

00:03:26,630 --> 00:03:25,120

by some sort of light now i don't i

88

00:03:28,070 --> 00:03:26,640

couldn't see where the light was coming

89

00:03:30,149 --> 00:03:28,080

from

90

00:03:32,070 --> 00:03:30,159

and it didn't seem to be like a

91

00:03:33,830 --> 00:03:32,080

reflection it seemed like a source of

92

00:03:35,110 --> 00:03:33,840

light

93

00:03:36,630 --> 00:03:35,120

now the

94

00:03:43,670 --> 00:03:36,640

blue light

95

00:03:46,949 --> 00:03:45,509

it's the fastest flashing light i've

96

00:03:51,270 --> 00:03:46,959

ever seen

97

00:03:52,229 --> 00:03:51,280

on any police vehicle or any aircraft

98

00:03:54,630 --> 00:03:52,239

and

99

00:03:56,710 --> 00:03:54,640

the vehicle turned the object turned

100

00:03:59,589 --> 00:03:56,720

around and i noticed that it also had a

101
00:04:01,509 --> 00:03:59,599
blue light on the other side as well

102
00:04:03,270 --> 00:04:01,519
and it too was flashing at a very rapid

103
00:04:05,910 --> 00:04:03,280
speed

104
00:04:09,990 --> 00:04:08,470
i watched it the maximum range

105
00:04:12,789 --> 00:04:10,000
and

106
00:04:14,229 --> 00:04:12,799
i zeroed in on the red light on top to

107
00:04:16,150 --> 00:04:14,239
see if i can make out what it was now

108
00:04:18,069 --> 00:04:16,160
this red light was combined of a red and

109
00:04:20,629 --> 00:04:18,079
a white light so you have

110
00:04:24,550 --> 00:04:20,639
a flashing red and white together you

111
00:04:26,390 --> 00:04:24,560
know you'd have red white red white etc

112
00:04:29,590 --> 00:04:26,400
this light as well was still flashing

113
00:04:30,629 --> 00:04:29,600

quite rapidly

114

00:04:33,590 --> 00:04:30,639

and

115

00:04:36,950 --> 00:04:33,600

i observed the tail of the

116

00:04:38,550 --> 00:04:36,960

if the object was an oval shape

117

00:04:41,110 --> 00:04:38,560

and it also had a small fin like an

118

00:04:42,950 --> 00:04:41,120

airplane a triangular shape

119

00:04:44,310 --> 00:04:42,960

but it was much smaller more it was

120

00:04:45,189 --> 00:04:44,320

stubbier like it didn't seem like it

121

00:04:47,909 --> 00:04:45,199

could be

122

00:04:50,950 --> 00:04:47,919

any use of you know to any aircraft that

123

00:04:51,909 --> 00:04:50,960

you know known to man

124

00:04:53,030 --> 00:04:51,919

uh

125

00:04:54,950 --> 00:04:53,040

the vehicle stayed there for

126
00:04:56,950 --> 00:04:54,960
approximately an hour and a half without

127
00:04:59,749 --> 00:04:56,960
moving

128
00:05:00,629 --> 00:04:59,759
then it started to turn from side to

129
00:05:02,550 --> 00:05:00,639
side

130
00:05:04,629 --> 00:05:02,560
and it would move up and move down

131
00:05:06,870 --> 00:05:04,639
sideways back and forth

132
00:05:08,150 --> 00:05:06,880
and then it proceed to it proceeded then

133
00:05:10,629 --> 00:05:08,160
to leave

134
00:05:12,870 --> 00:05:10,639
the clarenville area

135
00:05:15,670 --> 00:05:12,880
at first

136
00:05:17,670 --> 00:05:15,680
it started off very very slowly

137
00:05:19,909 --> 00:05:17,680
it appeared to be dry uh driving

138
00:05:21,270 --> 00:05:19,919

probably at an air speed of a jet a

139

00:05:25,909 --> 00:05:21,280

normal jet

140

00:05:30,550 --> 00:05:28,310

so i left

141

00:05:32,710 --> 00:05:30,560

the lower road there

142

00:05:34,230 --> 00:05:32,720

in clarenville called marine drive

143

00:05:36,830 --> 00:05:34,240

came back to the office i set up the

144

00:05:41,110 --> 00:05:36,840

telescope here in this office and

145

00:05:43,830 --> 00:05:41,120

and and watched it leave the area

146

00:05:45,990 --> 00:05:43,840

and just as a split second the vehicle

147

00:05:48,950 --> 00:05:46,000

disappeared

148

00:05:50,790 --> 00:05:48,960

now i can't say whether i really myself

149

00:05:51,590 --> 00:05:50,800

i don't even know what what the object

150

00:05:55,350 --> 00:05:51,600

was

151
00:05:57,110 --> 00:05:55,360
a star

152
00:05:59,110 --> 00:05:57,120
in fact

153
00:06:00,870 --> 00:05:59,120
i did try to zoom in the brightest star

154
00:06:04,830 --> 00:06:00,880
just to be on the safe side before i did

155
00:06:11,830 --> 00:06:07,670
and this proved negative there was no

156
00:06:16,070 --> 00:06:14,309
i haven't seen the object since we have

157
00:06:17,909 --> 00:06:16,080
had many reports

158
00:06:23,189 --> 00:06:17,919
about the objects been seen lately but

159
00:06:26,390 --> 00:06:24,469
well that's all i can tell you right now

160
00:06:29,830 --> 00:06:26,400
mr strong about the the object the

161
00:06:33,110 --> 00:06:31,749
give us an opinion of how big the object

162
00:06:35,189 --> 00:06:33,120
might have been how long it might have

163
00:06:38,629 --> 00:06:35,199

been or how high it might have been

164

00:06:41,189 --> 00:06:38,639

well the size appeared to me uh

165

00:06:43,510 --> 00:06:41,199

i don't know if you noticed the 737

166

00:06:45,430 --> 00:06:43,520

boeings that the epa use it was a

167

00:06:48,469 --> 00:06:45,440

little bit larger than that

168

00:06:50,230 --> 00:06:48,479

but a little smaller than your dc-8

169

00:06:52,629 --> 00:06:50,240

was about in the middle there somewhere

170

00:06:53,909 --> 00:06:52,639

a couple of hundred feet yes yes and how

171

00:06:55,749 --> 00:06:53,919

high would it be

172

00:06:57,830 --> 00:06:55,759

it was approximately uh two to three

173

00:06:59,830 --> 00:06:57,840

thousand feet there's no wind it was

174

00:07:02,070 --> 00:06:59,840

just simply

175

00:07:03,990 --> 00:07:02,080

no no the sky was clear there wasn't a

176
00:07:05,990 --> 00:07:04,000
cloud in the sky would you mind holding

177
00:07:08,070 --> 00:07:06,000
up the the drawing you did of the algae

178
00:07:10,309 --> 00:07:08,080
for the cameras

179
00:07:12,230 --> 00:07:10,319
yes this is just a

180
00:07:13,189 --> 00:07:12,240
rough a rough sketch

181
00:07:14,390 --> 00:07:13,199
off the

182
00:07:15,909 --> 00:07:14,400
the object

183
00:07:19,029 --> 00:07:15,919
and you notice here that this is the

184
00:07:21,909 --> 00:07:19,039
tail that i mentioned earlier

185
00:07:23,749 --> 00:07:21,919
and it's a very small tail now the blue

186
00:07:25,589 --> 00:07:23,759
flashing lights there was one on this

187
00:07:27,270 --> 00:07:25,599
side here and one on the other side of

188
00:07:28,629 --> 00:07:27,280

the vehicle and the red light was

189

00:07:31,270 --> 00:07:28,639

approximately

190

00:07:32,790 --> 00:07:31,280

here

191

00:07:37,189 --> 00:07:32,800

and

192

00:07:39,510 --> 00:07:37,199

yes it uh well first i viewed it from

193

00:07:40,790 --> 00:07:39,520

this side and then it turned face onto

194

00:07:41,830 --> 00:07:40,800

me

195

00:07:43,749 --> 00:07:41,840

and

196

00:07:45,270 --> 00:07:43,759

then it turned to the other side i could

197

00:07:48,390 --> 00:07:45,280

see the other light flashing and then it

198

00:07:50,790 --> 00:07:48,400

turned back onto me again from the

199

00:07:52,950 --> 00:07:50,800

slowly turning this slowly yes it wasn't

200

00:07:55,510 --> 00:07:52,960

a quick movement and then it made quick

201
00:07:57,510 --> 00:07:55,520
movements up and down and then back and

202
00:07:58,629 --> 00:07:57,520
forth this way

203
00:08:00,710 --> 00:07:58,639
and

204
00:08:02,869 --> 00:08:00,720
always returning to the same position

205
00:08:04,869 --> 00:08:02,879
where it was before

206
00:08:06,629 --> 00:08:04,879
now the structure i couldn't tell what

207
00:08:09,670 --> 00:08:06,639
the structure was but i could plainly

208
00:08:10,950 --> 00:08:09,680
see there was no windows of any type

209
00:08:13,270 --> 00:08:10,960
on the object

210
00:08:16,230 --> 00:08:13,280
i couldn't see any openings where a door

211
00:08:17,909 --> 00:08:16,240
would be or anything like that but the

212
00:08:19,270 --> 00:08:17,919
it was uh it was obvious that it was

213
00:08:20,790 --> 00:08:19,280

metallic

214

00:08:22,710 --> 00:08:20,800

structure

215

00:08:24,790 --> 00:08:22,720

but the

216

00:08:26,950 --> 00:08:24,800

what type of metal i wouldn't care to

217

00:08:29,110 --> 00:08:26,960

guess but it wasn't it didn't seem like

218

00:08:31,510 --> 00:08:29,120

aluminum where aluminum shines

219

00:08:33,829 --> 00:08:31,520

this was like a dull metal port looked

220

00:08:36,469 --> 00:08:33,839

the very porous dull metal there was no

221

00:08:38,550 --> 00:08:36,479

markings none whatsoever no

222

00:08:40,070 --> 00:08:38,560

no and the light the light lower part

223

00:08:43,509 --> 00:08:40,080

that showed the light was the sort of

224

00:08:45,670 --> 00:08:43,519

the bottom this bottom part here

225

00:08:49,670 --> 00:08:45,680

all this bottom half here

226
00:08:51,670 --> 00:08:49,680
totally glow yes and as i focus the

227
00:08:54,389 --> 00:08:51,680
zoom to maximum

228
00:08:56,070 --> 00:08:54,399
the light was that intense that it was

229
00:08:57,670 --> 00:08:56,080
hard to see you know through the

230
00:09:01,590 --> 00:08:57,680
telescope it was that intense it would

231
00:09:05,670 --> 00:09:03,350
but at a distance with the naked eye you

232
00:09:09,750 --> 00:09:05,680
could plainly see this glow and then the

233
00:09:12,470 --> 00:09:09,760
lights over top of it

234
00:09:16,150 --> 00:09:12,480
the metal appeared to be a grayish

235
00:09:18,550 --> 00:09:16,160
color it appeared to be a a very dense

236
00:09:20,949 --> 00:09:18,560
hit well appear to be like a heavy metal

237
00:09:23,430 --> 00:09:20,959
not not like an airplane metal or

238
00:09:24,870 --> 00:09:23,440

aluminum and although the light was

239

00:09:27,750 --> 00:09:24,880

flashing on the side there was no

240

00:09:30,070 --> 00:09:27,760

indication of a porthole or a window no

241

00:09:32,790 --> 00:09:30,080

just the the light i i couldn't see that

242

00:09:36,790 --> 00:09:32,800

clear what the light was housed in or

243

00:09:40,870 --> 00:09:38,550

and the of course the couple who had

244

00:09:43,430 --> 00:09:40,880

called you in the first case to to bring

245

00:09:45,750 --> 00:09:43,440

about the the sighting they were seeing

246

00:09:48,630 --> 00:09:45,760

it they were witnesses to it anyway oh

247

00:09:50,949 --> 00:09:48,640

yes yes and they had no doubt

248

00:09:52,630 --> 00:09:50,959

no uh well the uh

249

00:09:55,030 --> 00:09:52,640

the husband did look through the

250

00:09:56,790 --> 00:09:55,040

telescope with me at the time

251

00:09:59,430 --> 00:09:56,800

when i had it set up down on the uh

252

00:10:01,750 --> 00:09:59,440

marine drive and seeing a man in his

253

00:10:04,069 --> 00:10:01,760

mid-40s or whatever yes i would say yes

254

00:10:06,310 --> 00:10:04,079

and a resident of florida yes

255

00:10:08,470 --> 00:10:06,320

and this there has been no other times

256

00:10:11,430 --> 00:10:08,480

when the vehicle a similar vehicle like

257

00:10:12,550 --> 00:10:11,440

this had been seen in this area

258

00:10:15,910 --> 00:10:12,560

well uh

259

00:10:18,870 --> 00:10:15,920

the resident called a week prior to that

260

00:10:19,990 --> 00:10:18,880

and stated that the object was there

261

00:10:21,910 --> 00:10:20,000

and

262

00:10:23,910 --> 00:10:21,920

he stated to me this night that this

263

00:10:26,470 --> 00:10:23,920

this was the same object that he'd seen

264

00:10:29,110 --> 00:10:26,480

the week before although

265

00:10:30,150 --> 00:10:29,120

no members of our detachment did observe

266

00:10:32,710 --> 00:10:30,160

it

267

00:10:36,550 --> 00:10:32,720

i understand as a radio man in town who

268

00:10:39,750 --> 00:10:36,560

was also seen an obvious like this

269

00:10:41,509 --> 00:10:39,760

i understood from the sergeant

270

00:10:44,389 --> 00:10:41,519

well i don't know anything about that no

271

00:10:46,230 --> 00:10:44,399

no i don't know anything about that

272

00:10:47,670 --> 00:10:46,240

is there anything else you'd like to say

273

00:10:49,509 --> 00:10:47,680

constantly because i think this is

274

00:10:52,069 --> 00:10:49,519

rather historical film we're doing for

275

00:10:53,990 --> 00:10:52,079

the archives it's a it's certainly the

276

00:10:56,310 --> 00:10:54,000

most um

277

00:10:58,150 --> 00:10:56,320

incredible discovery i think as we

278

00:10:59,590 --> 00:10:58,160

discover a vehicle there's not a

279

00:11:01,110 --> 00:10:59,600

helicopter obviously because that's the

280

00:11:02,949 --> 00:11:01,120

only good over

281

00:11:05,750 --> 00:11:02,959

of this in this way well if it was a

282

00:11:08,550 --> 00:11:05,760

helicopter i uh with the magnification i

283

00:11:10,230 --> 00:11:08,560

had i would have plainly seen the props

284

00:11:12,790 --> 00:11:10,240

rotating

285

00:11:14,630 --> 00:11:12,800

a normal aircraft has a red light above

286

00:11:20,310 --> 00:11:14,640

the

287

00:11:21,030 --> 00:11:20,320

and landings it's very seldom you see

288

00:11:23,509 --> 00:11:21,040

them

289

00:11:25,430 --> 00:11:23,519

operating while in flight

290

00:11:27,269 --> 00:11:25,440

uh usually a jet is much higher than

291

00:11:28,790 --> 00:11:27,279

what this object was this is just barely

292

00:11:31,190 --> 00:11:28,800

above the horizon

293

00:11:33,750 --> 00:11:31,200

was it was it actually over random isle

294

00:11:37,269 --> 00:11:33,760

itself yes it appeared to be around the

295

00:11:39,990 --> 00:11:37,279

district of way bridge in elliot's cove

296

00:11:42,389 --> 00:11:40,000

which is across the water here is

297

00:11:43,829 --> 00:11:42,399

approximately half a mile which is over

298

00:11:45,750 --> 00:11:43,839

that yes

299

00:11:47,350 --> 00:11:45,760

so it's possible that people in that

300

00:11:49,110 --> 00:11:47,360

area might have seen it

301

00:11:51,750 --> 00:11:49,120

oh yes i'm surprised that we haven't

302

00:11:53,509 --> 00:11:51,760

received more reports than we did uh

303

00:11:56,870 --> 00:11:53,519

like i say it was it was in the middle

304

00:11:59,350 --> 00:11:56,880

of the week of course and uh

305

00:12:01,430 --> 00:11:59,360

it was there until approximately uh i

306

00:12:03,430 --> 00:12:01,440

believe 3 30 before it left we're

307

00:12:05,110 --> 00:12:03,440

talking tomorrow october 26th

308

00:12:07,269 --> 00:12:05,120

that's right yes

309

00:12:09,670 --> 00:12:07,279

it's a normal reaction uh

310

00:12:11,269 --> 00:12:09,680

from any human being

311

00:12:14,069 --> 00:12:11,279

you know saying well anybody's talking

312

00:12:16,949 --> 00:12:14,079

about a flying saucer ufo well it's a

313

00:12:18,310 --> 00:12:16,959

lot of mumble jumbo i'd say probably

314

00:12:21,350 --> 00:12:18,320

a lot of people here in newfoundland

315

00:12:22,389 --> 00:12:21,360

don't believe these things but

316

00:12:25,110 --> 00:12:22,399

it

317

00:12:27,350 --> 00:12:25,120

really changed my outlook off the uh

318

00:12:29,030 --> 00:12:27,360

of this situation since i did

319

00:12:31,670 --> 00:12:29,040

cite this object

320

00:12:33,590 --> 00:12:31,680

uh you say mr sterling i still can't say

321

00:12:36,069 --> 00:12:33,600

what it was uh

322

00:12:37,910 --> 00:12:36,079

what kind of a vehicle or

323

00:12:40,069 --> 00:12:37,920

it was or

324

00:12:42,310 --> 00:12:40,079

whatever kind of an aircraft

325

00:12:45,269 --> 00:12:42,320

but uh it certainly changed my outlook

326

00:12:47,030 --> 00:12:45,279

on the situation i i always

327

00:12:49,350 --> 00:12:47,040

had been a non-believer in these things

328

00:12:50,949 --> 00:12:49,360

before but it really changed my opinion

329

00:12:52,790 --> 00:12:50,959

after seeing this thing

330

00:12:54,790 --> 00:12:52,800

like you say no you now believe there is

331

00:12:56,790 --> 00:12:54,800

such a thing as the ufos

332

00:12:58,949 --> 00:12:56,800

well it appeared well after what i've

333

00:13:00,310 --> 00:12:58,959

seen i suppose i wouldn't be able to say

334

00:13:02,470 --> 00:13:00,320

no i don't believe in light i have to

335

00:13:03,990 --> 00:13:02,480

say yes there was no winds on it there

336

00:13:06,069 --> 00:13:04,000

was no sign of

337

00:13:08,310 --> 00:13:06,079

powers or jet engines there was nothing

338

00:13:10,069 --> 00:13:08,320

there that i could see was holding that

339

00:13:12,230 --> 00:13:10,079

thing in the air

340

00:13:13,910 --> 00:13:12,240

other than this small little tail at the

341

00:13:15,670 --> 00:13:13,920

rear end but like i said i couldn't see

342

00:13:19,350 --> 00:13:15,680

how that had any use to you know a

343

00:13:21,190 --> 00:13:19,360

pyramid uh pyramid shape yeah right yeah

344

00:13:22,069 --> 00:13:21,200

of course under the theories the pyramid

345

00:13:24,949 --> 00:13:22,079

was

346

00:13:26,629 --> 00:13:24,959

an anti-gravitational engine

347

00:13:28,470 --> 00:13:26,639

and that they reversed the gravity and

348

00:13:30,470 --> 00:13:28,480

that's how that's one of the theories

349

00:13:31,990 --> 00:13:30,480

they have on these on these

350

00:13:33,910 --> 00:13:32,000

vehicles

351

00:13:35,990 --> 00:13:33,920

but it means that there's a technology

352

00:13:38,150 --> 00:13:36,000

we don't know about

353

00:13:39,990 --> 00:13:38,160

somewhere in the in the cosmo i mean

354

00:13:42,069 --> 00:13:40,000

there's in other words we we've seen a

355

00:13:43,910 --> 00:13:42,079

vehicle that

356

00:13:45,670 --> 00:13:43,920

is concrete any you know exists in the

357

00:13:47,590 --> 00:13:45,680

world

358

00:13:49,590 --> 00:13:47,600

yes well

359

00:13:51,910 --> 00:13:49,600

take up airplane building as a hobby

360

00:13:53,750 --> 00:13:51,920

myself i've known i've known

361

00:13:56,150 --> 00:13:53,760

just about every aircraft

362

00:13:57,829 --> 00:13:56,160

ever built

363

00:14:00,870 --> 00:13:57,839

but this is the first

364

00:14:04,550 --> 00:14:00,880

one of this design that i've ever seen

365

00:14:10,150 --> 00:14:07,750

and uh of course it's impossible to to

366

00:14:11,670 --> 00:14:10,160

estimate how big it was other than it

367

00:14:12,710 --> 00:14:11,680

was between those two planes you

368

00:14:14,629 --> 00:14:12,720

mentioned

369

00:14:19,509 --> 00:14:14,639

but it was certainly been over 100 or

370

00:14:24,389 --> 00:14:22,069

so a vehicle 200 feet long and 30 or 40

371

00:14:25,829 --> 00:14:24,399

feet high hovering for over an hour and

372

00:14:28,790 --> 00:14:25,839

a half

373

00:14:31,829 --> 00:14:28,800

under telescope observation

374

00:14:34,310 --> 00:14:31,839

is certainly something that's

375

00:14:37,509 --> 00:14:34,320

beyond our present understanding of

376

00:14:42,710 --> 00:14:38,790

and

377

00:14:44,389 --> 00:14:42,720

have been

378

00:14:46,470 --> 00:14:44,399

after you've seen it after you start

379

00:14:47,269 --> 00:14:46,480

thinking and being asked about it must

380

00:14:49,990 --> 00:14:47,279

have

381

00:14:51,509 --> 00:14:50,000

really been a strange sensation

382

00:14:54,550 --> 00:14:51,519

well it was uh

383

00:14:56,710 --> 00:14:54,560

my first uh glimpse of it uh

384

00:14:59,670 --> 00:14:56,720

like i said before i was very bewildered

385

00:15:02,870 --> 00:14:59,680

and then after looking into the uh

386

00:15:04,870 --> 00:15:02,880

the other witnesses uh binoculars i was

387

00:15:06,310 --> 00:15:04,880

even more amazed but then after i

388

00:15:08,470 --> 00:15:06,320

observed through a telescope i didn't

389

00:15:10,310 --> 00:15:08,480

know what to think to myself i you know

390

00:15:11,910 --> 00:15:10,320

i said what am i looking at you know is

391

00:15:13,990 --> 00:15:11,920

it a star

392

00:15:16,150 --> 00:15:14,000

and so this is when i went ahead and

393

00:15:17,110 --> 00:15:16,160

focused in the brightest star i could

394

00:15:20,150 --> 00:15:17,120

find

395

00:15:22,310 --> 00:15:20,160

and i said no it's not a star

396

00:15:25,990 --> 00:15:22,320

but these lights is what really threw me

397

00:15:28,150 --> 00:15:26,000

off is not what i expected to see in a

398

00:15:29,749 --> 00:15:28,160

ufo i thought you'd just see

399

00:15:31,670 --> 00:15:29,759

a white light and that you know this is

400

00:15:34,790 --> 00:15:31,680

all there was to it

401
00:15:36,870 --> 00:15:34,800
a blue a blue and a red and white

402
00:15:38,389 --> 00:15:36,880
blue on each side in a red and white

403
00:15:40,389 --> 00:15:38,399
fast and each all of them were

404
00:15:43,910 --> 00:15:40,399
flickering on and off at a tremendous

405
00:15:45,749 --> 00:15:43,920
speed very tremendous speed yes

406
00:15:47,590 --> 00:15:45,759
it was almost like the speed of what we

407
00:15:49,910 --> 00:15:47,600
have those uh those white lights they

408
00:15:53,110 --> 00:15:49,920
use in these rock and roll groups

409
00:15:54,550 --> 00:15:53,120
where it uh distorts the

410
00:15:56,470 --> 00:15:54,560
vision if you're if you're ever in the

411
00:15:58,470 --> 00:15:56,480
building at the time was it was it was

412
00:16:02,069 --> 00:15:58,480
flashing almost as fast as these would

413
00:16:05,590 --> 00:16:04,150

but uh just the same i couldn't tell if

414

00:16:07,189 --> 00:16:05,600

it was revolving

415

00:16:08,710 --> 00:16:07,199

but it appeared to me it was just going

416

00:16:10,389 --> 00:16:08,720

off and on

417

00:16:11,910 --> 00:16:10,399

but you couldn't see where it was coming

418

00:16:14,310 --> 00:16:11,920

from the in other words there was no

419

00:16:16,310 --> 00:16:14,320

windows there must have been a tiny

420

00:16:20,310 --> 00:16:16,320

very tiny opening where the lights were

421

00:16:23,590 --> 00:16:22,069

and we're talking to constable jim

422

00:16:24,870 --> 00:16:23,600
