

SKETCH OF OBJECT
FROM MY POSITION -
AT APPROXIMATELY 103 FT.

Lonnie Jones

1
00:00:07,349 --> 00:00:04,710
this is walters road your roving

2
00:00:10,629 --> 00:00:07,359
reporter at ksrc radio in socorro new

3
00:00:12,789 --> 00:00:10,639
mexico we have with us this afternoon mr

4
00:00:15,190 --> 00:00:12,799
lonnie zamora is the coral patrolman

5
00:00:17,029 --> 00:00:15,200
that while chasing a car found himself

6
00:00:20,070 --> 00:00:17,039
in an area about two miles west of

7
00:00:22,550 --> 00:00:20,080
socorro and one mile east of kfrc radio

8
00:00:25,429 --> 00:00:22,560
station at which time he reports he came

9
00:00:28,150 --> 00:00:25,439
upon an unidentified object resting on

10
00:00:30,070 --> 00:00:28,160
four legs that as he drew closer the

11
00:00:32,870 --> 00:00:30,080
object took off with a loud roar

12
00:00:35,110 --> 00:00:32,880
spouting blue red flame and disappeared

13
00:00:36,709 --> 00:00:35,120

in the sky a great number of cars in

14

00:00:39,510 --> 00:00:36,719

socorro people have gathered here in

15

00:00:42,229 --> 00:00:39,520

front of the studios of ksrc to catch a

16

00:00:44,709 --> 00:00:42,239

glimpse of mr zamora as he arrives and

17

00:00:47,270 --> 00:00:44,719

welcome him with their car horns mr

18

00:00:49,430 --> 00:00:47,280

zamora after coming upon this object

19

00:00:51,510 --> 00:00:49,440

just what did happen i went up that

20

00:00:52,869 --> 00:00:51,520

little road

21

00:00:54,950 --> 00:00:52,879

for about

22

00:00:55,990 --> 00:00:54,960

half a mile again

23

00:00:59,349 --> 00:00:56,000

uh

24

00:01:01,270 --> 00:00:59,359

came up this little barking deal there

25

00:01:04,950 --> 00:01:01,280

on the side of the road tonight

26
00:01:08,070 --> 00:01:04,960
for a glance out the wood of the window

27
00:01:09,590 --> 00:01:08,080
looked to my left continuous white

28
00:01:10,830 --> 00:01:09,600
object

29
00:01:12,390 --> 00:01:10,840
on the

30
00:01:14,950 --> 00:01:12,400
ground

31
00:01:16,710 --> 00:01:14,960
the firefighters might be a car that

32
00:01:18,630 --> 00:01:16,720
turned over

33
00:01:20,390 --> 00:01:18,640
so i also realized the real i think

34
00:01:23,270 --> 00:01:20,400
harry going out there to investigate

35
00:01:24,310 --> 00:01:23,280
thought maybe somebody would be hurt

36
00:01:28,870 --> 00:01:24,320
uh

37
00:01:33,270 --> 00:01:30,789
shaped looking object

38
00:01:35,109 --> 00:01:33,280

it looked something like a like an angle

39

00:01:36,630 --> 00:01:35,119

from the distance i was that looked like

40

00:01:38,710 --> 00:01:36,640

a leg to me

41

00:01:40,950 --> 00:01:38,720

about the size of that car i think

42

00:01:43,109 --> 00:01:40,960

someone said yeah sorry look let the

43

00:01:45,510 --> 00:01:43,119

cart had turned over because they're the

44

00:01:47,350 --> 00:01:45,520

size of the car

45

00:01:49,590 --> 00:01:47,360

and uh didn't have any kind of markings

46

00:01:51,830 --> 00:01:49,600

out of any kind that you noticed

47

00:01:52,830 --> 00:01:51,840

yes it did uh

48

00:01:55,270 --> 00:01:52,840

not from

49

00:01:57,190 --> 00:01:55,280

that that uh

50

00:01:58,550 --> 00:01:57,200

far i didn't see the markings

51
00:02:01,109 --> 00:01:58,560
when i went up

52
00:02:04,069 --> 00:02:01,119
closer to it i did see the markings

53
00:02:06,630 --> 00:02:04,079
and someone said that uh the markings as

54
00:02:08,869 --> 00:02:06,640
you saw it was an upside down b with

55
00:02:11,350 --> 00:02:08,879
three lines running through it

56
00:02:14,229 --> 00:02:11,360
look for a cool teddy bear go please

57
00:02:15,110 --> 00:02:14,239
peel them on these signals and call mark

58
00:02:16,869 --> 00:02:15,120
you know they don't want you to say

59
00:02:19,030 --> 00:02:16,879
anything about the markings all right we

60
00:02:21,030 --> 00:02:19,040
won't question you on that and if we run

61
00:02:23,190 --> 00:02:21,040
into an area that they don't want you to

62
00:02:25,270 --> 00:02:23,200
talk about when you just say so

63
00:02:26,470 --> 00:02:25,280

and this happened about 5 30 friday

64

00:02:29,430 --> 00:02:26,480

afternoon

65

00:02:31,910 --> 00:02:29,440

well it happened about 5 15 about 10

66

00:02:34,229 --> 00:02:31,920

minutes from about 10 minutes to six and

67

00:02:36,229 --> 00:02:34,239

uh you did place a call into sergeant

68

00:02:37,830 --> 00:02:36,239

travis of the state police uh come on

69

00:02:40,710 --> 00:02:37,840

out and help you with the investigation

70

00:02:42,309 --> 00:02:40,720

as soon as i saw his uh object with i

71

00:02:44,949 --> 00:02:42,319

didn't know what it was

72

00:02:47,030 --> 00:02:44,959

i placed a call to uh hard and

73

00:02:48,309 --> 00:02:47,040

challenged he looked faithfully

74

00:02:51,350 --> 00:02:48,319

told him that he would come out there

75

00:02:54,229 --> 00:02:51,360

and help me on this he said yes i'll be

76

00:02:55,750 --> 00:02:54,239

right there for about few minutes

77

00:02:57,670 --> 00:02:55,760

and he arrived

78

00:03:00,790 --> 00:02:57,680

just about two or three minutes after

79

00:03:03,670 --> 00:03:00,800

the object had taken off and and left

80

00:03:07,110 --> 00:03:03,680

well the albany was filled

81

00:03:09,589 --> 00:03:07,120

about a couple of months up there when

82

00:03:11,430 --> 00:03:09,599

he arrived i was still at that direction

83

00:03:13,350 --> 00:03:11,440

it went but that was over the top of the

84

00:03:16,550 --> 00:03:13,360

mountain and we've heard several reports

85

00:03:19,110 --> 00:03:16,560

that it flew low or like it was dragging

86

00:03:21,350 --> 00:03:19,120

something and we've heard some uh it was

87

00:03:22,869 --> 00:03:21,360

very low to the ground at the time i was

88

00:03:23,750 --> 00:03:22,879

seeing that it was very low to the

89

00:03:25,670 --> 00:03:23,760

ground

90

00:03:27,670 --> 00:03:25,680

up to the pearlite uh

91

00:03:28,789 --> 00:03:27,680

meal there and then it started getting

92

00:03:30,550 --> 00:03:28,799

onto

93

00:03:32,869 --> 00:03:30,560

now i also

94

00:03:35,830 --> 00:03:32,879

reported to me that when you first drove

95

00:03:37,750 --> 00:03:35,840

up into the this area and uh decided

96

00:03:40,789 --> 00:03:37,760

this object that the motors were running

97

00:03:42,949 --> 00:03:40,799

and they were going uh

98

00:03:45,190 --> 00:03:42,959

or some sort of such sound as that is

99

00:03:47,110 --> 00:03:45,200

that correct

100

00:03:48,710 --> 00:03:47,120

i couldn't say it because this happened

101
00:03:51,670 --> 00:03:48,720
so fast

102
00:03:53,190 --> 00:03:51,680
i started running those scared but i

103
00:03:55,110 --> 00:03:53,200
don't blame you there are thoughts that

104
00:03:57,990 --> 00:03:55,120
haven't even scared me yet

105
00:03:59,830 --> 00:03:58,000
uh now you didn't say that you saw uh

106
00:04:01,910 --> 00:03:59,840
two what appeared to be people dressed

107
00:04:05,509 --> 00:04:01,920
in white uniforms with uh do they have

108
00:04:07,190 --> 00:04:05,519
helmets on like spacemen or anything

109
00:04:09,030 --> 00:04:07,200
there are people i just

110
00:04:10,630 --> 00:04:09,040
i saw something quite

111
00:04:12,070 --> 00:04:10,640
quite colorful that's what i could say

112
00:04:14,309 --> 00:04:12,080
it looks like there was something in

113
00:04:16,229 --> 00:04:14,319

white cover all right but you didn't you

114

00:04:19,590 --> 00:04:16,239

couldn't identify them as actually being

115

00:04:22,790 --> 00:04:19,600

a human being and you and i are clueless

116

00:04:24,230 --> 00:04:22,800

uh and but

117

00:04:28,790 --> 00:04:24,240

you didn't know where they turned and

118

00:04:30,150 --> 00:04:28,800

saw you or or what then well uh

119

00:04:33,270 --> 00:04:30,160

to my

120

00:04:35,749 --> 00:04:33,280

i would say that this this

121

00:04:37,270 --> 00:04:35,759

quite obvious turned and told me

122

00:04:39,670 --> 00:04:37,280

with a two of them

123

00:04:42,230 --> 00:04:39,680

i would say were two because one was in

124

00:04:45,270 --> 00:04:42,240

france and the other

125

00:04:47,990 --> 00:04:45,280

did you have a chance to to notice what

126
00:04:50,310 --> 00:04:48,000
kind of a doorway they had to this uh

127
00:04:52,870 --> 00:04:50,320
this uh object was flying out they

128
00:04:56,070 --> 00:04:52,880
didn't notice there was no room

129
00:04:59,270 --> 00:04:56,080
and uh

130
00:05:03,270 --> 00:04:59,280
when that took off uh it made a loud

131
00:05:06,950 --> 00:05:03,280
loud growing sound uh that

132
00:05:08,230 --> 00:05:06,960
good very loud noise roar or something

133
00:05:09,990 --> 00:05:08,240
and then after it got up in the air

134
00:05:12,230 --> 00:05:10,000
about 20 feet while the sound seemed to

135
00:05:14,150 --> 00:05:12,240
disappear the sound was

136
00:05:16,790 --> 00:05:14,160
disappeared it was very very quiet you

137
00:05:19,510 --> 00:05:16,800
could hear a pin drop there

138
00:05:21,830 --> 00:05:19,520

and uh now these are markings that left

139

00:05:23,430 --> 00:05:21,840

on the ground now the reports that i've

140

00:05:25,029 --> 00:05:23,440

had and i haven't had a chance to go and

141

00:05:27,909 --> 00:05:25,039

take a look and the winds yesterday it

142

00:05:31,029 --> 00:05:27,919

probably uh spoiled a lot of that anyway

143

00:05:33,350 --> 00:05:31,039

was that uh they were deep indentations

144

00:05:36,390 --> 00:05:33,360

in the ground approximately 10 inches

145

00:05:39,670 --> 00:05:36,400

wide and six to eight inches deep

146

00:05:41,110 --> 00:05:39,680

uh about 15 feet apart that uh is that a

147

00:05:42,150 --> 00:05:41,120

correct report

148

00:05:44,469 --> 00:05:42,160

well

149

00:05:45,550 --> 00:05:44,479

i would say it was about 19 you feel

150

00:05:47,909 --> 00:05:45,560

part

151
00:05:49,350 --> 00:05:47,919
of the

152
00:05:51,110 --> 00:05:49,360
praise

153
00:05:53,189 --> 00:05:51,120
and were there any other prints like

154
00:05:54,550 --> 00:05:53,199
footprints around the area

155
00:05:56,550 --> 00:05:54,560
right after the

156
00:05:58,309 --> 00:05:56,560
takeoff or the end when you were making

157
00:05:59,830 --> 00:05:58,319
the investigation there were some proofs

158
00:06:01,749 --> 00:05:59,840
but i wouldn't know if there were food

159
00:06:03,990 --> 00:06:01,759
prisoners in just

160
00:06:05,510 --> 00:06:04,000
prisons

161
00:06:07,189 --> 00:06:05,520
they didn't you couldn't identify them

162
00:06:09,189 --> 00:06:07,199
as actually being a footprint in the

163
00:06:11,029 --> 00:06:09,199

indentations like maybe somebody might

164

00:06:13,029 --> 00:06:11,039

have walked there or somebody might walk

165

00:06:14,469 --> 00:06:13,039

there somebody walked around there

166

00:06:16,629 --> 00:06:14,479

because it was

167

00:06:17,909 --> 00:06:16,639

when i got there was nobody around there

168

00:06:20,390 --> 00:06:17,919

yet

169

00:06:22,710 --> 00:06:20,400

now there was uh according to a report

170

00:06:24,790 --> 00:06:22,720

on one of the news uh the television

171

00:06:28,550 --> 00:06:24,800

stations in albuquerque claimed that

172

00:06:30,629 --> 00:06:28,560

they had a call uh just about 5 30 in

173

00:06:32,790 --> 00:06:30,639

albuquerque of us are reciting about

174

00:06:35,590 --> 00:06:32,800

flying objects flying in this direction

175

00:06:38,390 --> 00:06:35,600

did you hear anything about that

176

00:06:40,390 --> 00:06:38,400

which uh if that be true means that

177

00:06:42,390 --> 00:06:40,400

someone in albuquerque saw this object

178

00:06:44,230 --> 00:06:42,400

flying in this direction just prior to

179

00:06:47,029 --> 00:06:44,240

you're signing it

180

00:06:48,950 --> 00:06:47,039

and uh which collaborates uh the fact

181

00:06:51,029 --> 00:06:48,960

that there was something here

182

00:06:52,790 --> 00:06:51,039

now it's the feeling i get the feeling

183

00:06:55,029 --> 00:06:52,800

at least lonnie as with the people i've

184

00:06:57,589 --> 00:06:55,039

talked to and they were out in the area

185

00:06:59,589 --> 00:06:57,599

that they are quite sure that something

186

00:07:02,070 --> 00:06:59,599

landed there and something took off from

187

00:07:03,990 --> 00:07:02,080

from this spot because of not only the

188

00:07:06,309 --> 00:07:04,000

imprints that is left in the ground but

189

00:07:08,790 --> 00:07:06,319

the fires that it started and and the

190

00:07:10,790 --> 00:07:08,800

method of which uh uh the

191

00:07:13,110 --> 00:07:10,800

fire or the power that it was whatever

192

00:07:16,230 --> 00:07:13,120

it was using kind of spread itself as it

193

00:07:19,749 --> 00:07:16,240

took off is that right right uh no level

194

00:07:21,990 --> 00:07:19,759

something out there because i feel it

195

00:07:23,909 --> 00:07:22,000

and uh

196

00:07:25,670 --> 00:07:23,919

what was your immediate reaction as soon

197

00:07:28,790 --> 00:07:25,680

as you realize that this thing might be

198

00:07:30,950 --> 00:07:28,800

an object from outer space

199

00:07:33,909 --> 00:07:30,960

well i didn't think it would be

200

00:07:35,830 --> 00:07:33,919

this object mode of space because i

201
00:07:38,710 --> 00:07:35,840
i don't believe in

202
00:07:40,469 --> 00:07:38,720
didn't think about this mother states

203
00:07:43,189 --> 00:07:40,479
well uh it was something that you've

204
00:07:45,670 --> 00:07:43,199
never seen before and enough to carry it

205
00:07:48,710 --> 00:07:45,680
and run in the other direction well what

206
00:07:50,230 --> 00:07:48,720
scared me was a loud noise in the flame

207
00:07:53,670 --> 00:07:50,240
that did it

208
00:07:56,550 --> 00:07:53,680
it had a large flame and as it took off

209
00:07:57,270 --> 00:07:56,560
did that yellow flame or it was a blue

210
00:07:58,790 --> 00:07:57,280
blue

211
00:08:00,790 --> 00:07:58,800
orange flame

212
00:08:03,110 --> 00:08:00,800
i thought this object was gonna blow off

213
00:08:05,350 --> 00:08:03,120

this one started running back

214

00:08:07,510 --> 00:08:05,360

and did you notice whether the uh these

215

00:08:09,749 --> 00:08:07,520

arms that it was sitting on retracted

216

00:08:11,110 --> 00:08:09,759

back into the object it just flew away

217

00:08:12,950 --> 00:08:11,120

or you have

218

00:08:14,710 --> 00:08:12,960

you didn't have time

219

00:08:16,309 --> 00:08:14,720

and inside just running in the other

220

00:08:17,189 --> 00:08:16,319

direction at that time i would have done

221

00:08:18,869 --> 00:08:17,199

it too

222

00:08:21,350 --> 00:08:18,879

are there any other things

223

00:08:22,950 --> 00:08:21,360

about this fighting that you think our

224

00:08:24,629 --> 00:08:22,960

listening audience might be interested

225

00:08:26,950 --> 00:08:24,639

in or something that you'll be allowed

226

00:08:30,070 --> 00:08:26,960

to tell us

227

00:08:33,430 --> 00:08:31,990

and uh

228

00:08:35,829 --> 00:08:33,440

did it disappear

229

00:08:37,269 --> 00:08:35,839

into the high sky after that over around

230

00:08:38,829 --> 00:08:37,279

the pearlite or

231

00:08:40,870 --> 00:08:38,839

or just

232

00:08:42,630 --> 00:08:40,880

yeah a little load to the fertilized

233

00:08:44,070 --> 00:08:42,640

mine then from there on

234

00:08:46,150 --> 00:08:44,080

they just

235

00:08:48,710 --> 00:08:46,160

so fast that you could barely use it

236

00:08:50,870 --> 00:08:48,720

right right up in the air anything

237

00:08:54,310 --> 00:08:50,880

attended to what you were looking at to

238

00:08:56,230 --> 00:08:54,320

see what he was doing

239

00:08:58,310 --> 00:08:56,240

well um do you think we're going to get

240

00:09:00,470 --> 00:08:58,320

any more of them around you

241

00:09:02,310 --> 00:09:00,480

hope not nothing to do

242

00:09:05,430 --> 00:09:02,320

well it was quite an interesting

243

00:09:07,350 --> 00:09:05,440

experience and i'm sure and it's caused

244

00:09:09,350 --> 00:09:07,360

an awful lot of comment

245

00:09:11,590 --> 00:09:09,360

uh

246

00:09:14,150 --> 00:09:11,600

did the investigators that were called

247

00:09:16,389 --> 00:09:14,160

in uh make any comments at all in one

248

00:09:18,470 --> 00:09:16,399

direction or the other

249

00:09:21,430 --> 00:09:18,480

with the exception of that they do not

250

00:09:23,990 --> 00:09:21,440

have any such object in this area oh

251
00:09:25,990 --> 00:09:24,000
they are still puzzled themselves here

252
00:09:28,389 --> 00:09:26,000
and there's been no report on the

253
00:09:30,389 --> 00:09:28,399
samplings they took of the uh area

254
00:09:33,350 --> 00:09:30,399
around there from the burning brush and

255
00:09:34,710 --> 00:09:33,360
the areas that the blast hit the ground

256
00:09:37,190 --> 00:09:34,720
they might give them a clue as to what

257
00:09:39,590 --> 00:09:37,200
kind of power was being used on this no

258
00:09:43,910 --> 00:09:41,110
well uh

259
00:09:45,269 --> 00:09:43,920
i think i've just about covered it here

260
00:09:46,949 --> 00:09:45,279
let's see uh

261
00:09:49,829 --> 00:09:46,959
it wasn't dragging anything we had a

262
00:09:51,509 --> 00:09:49,839
report that it was dragging something as

263
00:09:53,030 --> 00:09:51,519

it landed no i wouldn't say we're

264

00:09:54,550 --> 00:09:53,040

drinking just

265

00:09:56,630 --> 00:09:54,560

blown to the zone

266

00:09:58,230 --> 00:09:56,640

and uh

267

00:10:00,389 --> 00:09:58,240

you can't think of anything else than

268

00:10:03,030 --> 00:10:00,399

about deciding of this flying object

269

00:10:06,470 --> 00:10:03,040

that our listing audience might

270

00:10:07,990 --> 00:10:06,480

be interested in you

271

00:10:09,590 --> 00:10:08,000

so you know

272

00:10:11,509 --> 00:10:09,600

well lonnie i'm sure you've been getting

273

00:10:13,030 --> 00:10:11,519

an awful lot of uh questions and a lot

274

00:10:14,790 --> 00:10:13,040

of inquiry and imagine you're beginning

275

00:10:16,389 --> 00:10:14,800

to get a little tired of it actually for

276

00:10:18,550 --> 00:10:16,399

so many people calling and asking you

277

00:10:20,550 --> 00:10:18,560

about it maybe this will be one way to

278

00:10:22,150 --> 00:10:20,560

keep too many people from him you have

279

00:10:24,150 --> 00:10:22,160

to go through the story over and over

280

00:10:26,790 --> 00:10:24,160

again well it's been a real pleasure

281

00:10:28,550 --> 00:10:26,800

talking to you mr lonnie zamora

282

00:10:29,750 --> 00:10:28,560

this is the gentleman the support

283

00:10:32,389 --> 00:10:29,760

patrolmen

284

00:10:33,509 --> 00:10:32,399

that get a friday at around 10 minutes

285

00:10:36,110 --> 00:10:33,519

to six

286

00:10:38,949 --> 00:10:36,120

come up on an object a flying object an

287

00:10:41,269 --> 00:10:38,959

unidentified fine object as the

288

00:10:43,750 --> 00:10:41,279

government prefers to call them i don't

289

00:10:44,630 --> 00:10:43,760

know excuse me walter i've got some

290

00:10:47,190 --> 00:10:44,640

some

291

00:10:49,350 --> 00:10:47,200

military people that serve everyone talk

292

00:10:50,389 --> 00:10:49,360

to me now believe they're from the u.s

293

00:10:52,230 --> 00:10:50,399

polls

294

00:10:54,150 --> 00:10:52,240

uh what you have is the military people

295

00:10:55,430 --> 00:10:54,160

are here from the ufo to talk to you

296

00:10:57,910 --> 00:10:55,440

right now and to ask you some more

297

00:10:59,750 --> 00:10:57,920

questions about this and they have not

298

00:11:02,389 --> 00:10:59,760

in any way tried to indicate that they

299

00:11:04,550 --> 00:11:02,399

didn't want us to to cover this type of

300

00:11:05,829 --> 00:11:04,560

maneuver so i just told nobody we'll

301
00:11:08,230 --> 00:11:05,839
come here and talk to you in the

302
00:11:10,710 --> 00:11:08,240
registration

303
00:11:12,470 --> 00:11:10,720
well that's fine and we would be

304
00:11:15,110 --> 00:11:12,480
interested in knowing

305
00:11:16,710 --> 00:11:15,120
uh what they think about it is if

306
00:11:18,230 --> 00:11:16,720
if they will allow it and after you get

307
00:11:20,069 --> 00:11:18,240
through talking to them if you call us

308
00:11:21,829 --> 00:11:20,079
back here ksrc

309
00:11:23,910 --> 00:11:21,839
and to give us some of the information

310
00:11:25,269 --> 00:11:23,920
that they might allow you to let us

311
00:11:25,990 --> 00:11:25,279
broadcast

312
00:11:27,190 --> 00:11:26,000
to

313
00:11:29,590 --> 00:11:27,200

all right

314

00:11:31,190 --> 00:11:29,600

and uh this is tomorrow i hope that you

315

00:11:33,990 --> 00:11:31,200

don't come up on any more of these

316

00:11:38,870 --> 00:11:36,790

and as we find out exactly what they are

317

00:11:41,110 --> 00:11:38,880

so it's been a pleasure mr zavoit having

318

00:11:43,110 --> 00:11:41,120

you in our studios and we want to thank

319

00:11:45,590 --> 00:11:43,120

you and i know our listeners thank you

320

00:11:47,110 --> 00:11:45,600

and this is uh expressed by the great

321

00:11:49,190 --> 00:11:47,120

number of cars that are out here in

322

00:11:52,310 --> 00:11:49,200

front of our studio just to get a

323

00:11:58,069 --> 00:11:52,320

glimpse of uh what we might call a coral

324

00:12:02,710 --> 00:12:00,389

studios you've just been listening to a

325

00:12:05,110 --> 00:12:02,720

ksic radio special featuring an

326

00:12:08,710 --> 00:12:05,120

interview with mr london zamora the
