[Music]

2  
00:00:18,630 --> 00:00:15,990

every person we spoke to in villa

3  
00:00:21,029 --> 00:00:18,640

coraviche said they saw a flying saucer

4  
00:00:24,070 --> 00:00:21,039

on that day they told us it was huge

5  
00:00:25,670 --> 00:00:24,080

about 900 feet in diameter for hours it

6  
00:00:27,349 --> 00:00:25,680

hovered over the nearby ballistic

7  
00:00:29,750 --> 00:00:27,359

missile base where lieutenant colonel

8  
00:00:31,429 --> 00:00:29,760

vladimir platonov worked as a missile

9  
00:00:33,590 --> 00:00:31,439

engineer

10  
00:00:35,670 --> 00:00:33,600

it looked just like a flying saucer the

11  
00:00:37,830 --> 00:00:35,680

way they showed them in the movies no

12  
00:00:39,510 --> 00:00:37,840

portholes nothing the surface was

13  
00:00:41,990 --> 00:00:39,520

absolutely even

14

00:00:44,310 --> 00:00:42,000

the disc made a beautiful turn like this

15

00:00:46,790 --> 00:00:44,320

on the edge just like a plane there was

16

00:00:49,190 --> 00:00:46,800

no sound i had never seen anything like

17

00:00:51,110 --> 00:00:49,200

that before

18

00:00:53,110 --> 00:00:51,120

lieutenant colonel platoonoff took me to

19

00:00:55,270 --> 00:00:53,120

the ruins of what was then a missile

20

00:00:56,709 --> 00:00:55,280

silos with a nuclear warhead pointed at

21

00:00:58,630 --> 00:00:56,719

the united states

22

00:01:00,549 --> 00:00:58,640

it was dismantled three years ago under

23

00:01:02,630 --> 00:01:00,559

an arms reduction treaty

24

00:01:05,910 --> 00:01:02,640

platoon off was in the bunker on that

25

00:01:08,149 --> 00:01:05,920

day 12 years ago in this room were dual

26

00:01:09,990 --> 00:01:08,159

control panels for the missile each

27

00:01:12,550 --> 00:01:10,000

hooked up to moscow

28

00:01:14,469 --> 00:01:12,560

what happened next so alarmed the soviet

29

00:01:16,469 --> 00:01:14,479

military leadership that a four-man

30

00:01:20,710 --> 00:01:16,479

commission was sent the next day to

31

00:01:23,109 --> 00:01:20,720

investigate including colonel sokoloff

32

00:01:25,350 --> 00:01:23,119

during this period for a short time

33

00:01:27,590 --> 00:01:25,360

signal lights on both the control panels

34

00:01:29,190 --> 00:01:27,600

suddenly turned on the lights showing

35

00:01:31,510 --> 00:01:29,200

that missiles were preparing for

36

00:01:34,950 --> 00:01:31,520

launching as could normally only happen

37

00:01:37,510 --> 00:01:34,960

if an order was transmitted from moscow

38

00:01:40,390 --> 00:01:37,520

no one had touched any buttons no one

39

00:01:42,550 --> 00:01:40,400

had entered any codes and yet as the ufo

40

00:01:44,630 --> 00:01:42,560

hovered over the base the control panel

41

00:01:45,590 --> 00:01:44,640

showed the missiles were preparing to

42

00:01:48,950 --> 00:01:45,600

launch
