

1  
00:00:03,350 --> 00:00:01,990  
before the local lads had seen the

2  
00:00:04,550 --> 00:00:03,360  
object come over and they went to

3  
00:00:07,030 --> 00:00:04,560  
investigate

4  
00:00:09,350 --> 00:00:07,040  
now malcolm uh mrs bowen has described

5  
00:00:11,190 --> 00:00:09,360  
your mother described uh what they saw

6  
00:00:13,030 --> 00:00:11,200  
from the window of the house and from

7  
00:00:15,190 --> 00:00:13,040  
the street what did you lads do after

8  
00:00:16,790 --> 00:00:15,200  
you've seen it coming over well the rest

9  
00:00:18,150 --> 00:00:16,800  
of them run up and i just stayed there

10  
00:00:19,910 --> 00:00:18,160  
what did you see when it was coming over

11  
00:00:22,470 --> 00:00:19,920  
in the sky what did it look like it was

12  
00:00:24,870 --> 00:00:22,480  
just like an ordinary saucer with a

13  
00:00:26,630 --> 00:00:24,880

round sort of thing on the top

14

00:00:29,029 --> 00:00:26,640

we just go across the fields and you

15

00:00:30,710 --> 00:00:29,039

know saw it in the sky

16

00:00:33,190 --> 00:00:30,720

we thought it was an airplane at first

17

00:00:35,190 --> 00:00:33,200

until we all kept quiet and

18

00:00:37,510 --> 00:00:35,200

we saw it getting round and then we said

19

00:00:39,510 --> 00:00:37,520

it couldn't be an airplane and we didn't

20

00:00:42,150 --> 00:00:39,520

hear any sound

21

00:00:44,229 --> 00:00:42,160

so come over here over the fields here

22

00:00:45,270 --> 00:00:44,239

and it landed in this field here it was

23

00:00:47,590 --> 00:00:45,280

red

24

00:00:49,670 --> 00:00:47,600

and then we ran up and see what it was

25

00:00:52,630 --> 00:00:49,680

and when we ran up we couldn't see it so

26  
00:00:59,590 --> 00:00:52,640  
we ran back down to our mouth was and we

27  
00:01:06,789 --> 00:01:03,670  
well it seemed like a a saucer you know

28  
00:01:09,910 --> 00:01:06,799  
and then it changed in different colors

29  
00:01:11,109 --> 00:01:09,920  
it changed like in a red

30  
00:01:14,070 --> 00:01:11,119  
and then it

31  
00:01:15,830 --> 00:01:14,080  
come into a lack of a greenish color

32  
00:01:17,910 --> 00:01:15,840  
and then a blue

33  
00:01:19,830 --> 00:01:17,920  
it was then as the object started to

34  
00:01:21,510 --> 00:01:19,840  
glow bright red

35  
00:01:23,109 --> 00:01:21,520  
as if somebody lit a bonfire in the

36  
00:01:24,830 --> 00:01:23,119  
middle of the field

37  
00:01:28,950 --> 00:01:24,840  
and it spanned off the

38  
00:01:31,109 --> 00:01:28,960

field but we could see the outline of it

39

00:01:32,870 --> 00:01:31,119

clearly couldn't we yes definitely like

40

00:01:35,350 --> 00:01:32,880

a dome

41

00:01:37,830 --> 00:01:35,360

but we couldn't see no doors

42

00:01:41,030 --> 00:01:37,840

no nothing but there was no heat

43

00:01:42,630 --> 00:01:41,040

it was just a red glow

44

00:01:44,149 --> 00:01:42,640

like a sunset

45

00:01:46,310 --> 00:01:44,159

and then when i

46

00:01:48,469 --> 00:01:46,320

i did get frightened of it yes when it

47

00:01:49,590 --> 00:01:48,479

dropped and i shouted malcolm for all i

48

00:01:53,749 --> 00:01:49,600

was with and

49

00:01:55,830 --> 00:01:53,759

nobody replied nobody replied back to us

50

00:01:57,990 --> 00:01:55,840

we couldn't even hear a bird everything

51  
00:02:00,389 --> 00:01:58,000  
was dead and then there was a man

52  
00:02:02,950 --> 00:02:00,399  
standing behind us

53  
00:02:05,590 --> 00:02:02,960  
and we turned round and he says did you

54  
00:02:07,030 --> 00:02:05,600  
two see it we said yes we did see it

55  
00:02:09,830 --> 00:02:07,040  
didn't we yeah

56  
00:02:11,910 --> 00:02:09,840  
and he said well i was in the bedroom

57  
00:02:15,510 --> 00:02:11,920  
and we thought the fields were on fire

58  
00:02:17,510 --> 00:02:15,520  
because the bedroom was illuminated red
