

1
00:00:06,389 --> 00:00:03,590
i saw it first uh called the news media

2
00:00:09,350 --> 00:00:06,399
to their attention yes yeah yeah what

3
00:00:11,110 --> 00:00:09,360
happened what have you seen uh i saw it

4
00:00:12,549 --> 00:00:11,120
coming from the east had two bright

5
00:00:15,430 --> 00:00:12,559
lights on it to

6
00:00:17,750 --> 00:00:15,440
come by us change shapes and positions

7
00:00:19,510 --> 00:00:17,760
and uh right over stephenville here and

8
00:00:22,310 --> 00:00:19,520
then it disappeared and then when it

9
00:00:22,950 --> 00:00:22,320
reappeared it had two f-16 jets chasing

10
00:00:28,870 --> 00:00:22,960
it

11
00:00:30,390 --> 00:00:28,880
miles east of town out there how do we

12
00:00:33,190 --> 00:00:30,400
go there let's let's take you to the

13
00:00:37,830 --> 00:00:35,590

we was up on the hill right there uh

14

00:00:40,229 --> 00:00:37,840

very high point you could see either way

15

00:00:42,150 --> 00:00:40,239

20 miles either way from up there when

16

00:00:45,670 --> 00:00:42,160

we was burning

17

00:00:47,510 --> 00:00:45,680

yes but why why where here uh

18

00:00:49,590 --> 00:00:47,520

this is where the location where we saw

19

00:00:51,590 --> 00:00:49,600

it at yeah when we were well i mean you

20

00:00:53,510 --> 00:00:51,600

you were there just yeah i'll just uh my

21

00:00:55,510 --> 00:00:53,520

compadres live here and i come over you

22

00:00:57,590 --> 00:00:55,520

know one afternoon afterwards

23

00:00:58,790 --> 00:00:57,600

see yeah this is their place and we get

24

00:01:01,750 --> 00:00:58,800

together and

25

00:01:03,110 --> 00:01:01,760

uh talk every every once a week you know

26

00:01:05,590 --> 00:01:03,120

and try to solve the mysteries of the

27

00:01:07,750 --> 00:01:05,600

world or problems and yeah

28

00:01:09,750 --> 00:01:07,760

and so uh while we was up there and we

29

00:01:11,670 --> 00:01:09,760

had a little campfire going

30

00:01:13,590 --> 00:01:11,680

and that's when we looked off the beast

31

00:01:15,429 --> 00:01:13,600

we saw the lights coming at us at a very

32

00:01:17,510 --> 00:01:15,439

high rate of speed

33

00:01:19,030 --> 00:01:17,520

and they continued on and went towards

34

00:01:21,190 --> 00:01:19,040

stephenville and that's where they

35

00:01:22,550 --> 00:01:21,200

stopped and they just stopped out that

36

00:01:24,310 --> 00:01:22,560

way

37

00:01:25,429 --> 00:01:24,320

when it came by it wasn't but about like

38

00:01:27,270 --> 00:01:25,439

this

39

00:01:29,510 --> 00:01:27,280

about a half a mile wide and about one

40

00:01:32,149 --> 00:01:29,520

mile long invisible all you can see is

41

00:01:33,510 --> 00:01:32,159

the very bright lights uh as large as

42

00:01:35,830 --> 00:01:33,520

your cart

43

00:01:37,830 --> 00:01:35,840

it's where down there yeah yes they're

44

00:01:48,069 --> 00:01:37,840

inside there yep let me if we can get

45

00:01:51,350 --> 00:01:49,910

it's going very fast when we first saw

46

00:01:53,510 --> 00:01:51,360

it and then it started slowing both of

47

00:01:56,550 --> 00:01:53,520

those kind of yeah all at the same time

48

00:01:57,990 --> 00:01:56,560

you know a very parallel even same

49

00:01:59,749 --> 00:01:58,000

altitude

50

00:02:02,069 --> 00:01:59,759

then as it comes by all the lights and

51
00:02:03,590 --> 00:02:02,079
the rear reconfigured

52
00:02:05,590 --> 00:02:03,600
and then it went like this and then

53
00:02:08,229 --> 00:02:05,600
that's when each flat set of lights

54
00:02:10,710 --> 00:02:08,239
burst into flames about 50 yards wide

55
00:02:12,710 --> 00:02:10,720
and about 150 yards tall and then two

56
00:02:15,190 --> 00:02:12,720
seconds later it's gone

57
00:02:17,270 --> 00:02:15,200
there were flames also yes very bright

58
00:02:18,790 --> 00:02:17,280
white flames and uh

59
00:02:20,550 --> 00:02:18,800
like i said it was right out there so

60
00:02:22,309 --> 00:02:20,560
they come together where those birds are

61
00:02:24,470 --> 00:02:22,319
is about we're a little further over

62
00:02:27,190 --> 00:02:24,480
than that they come

63
00:02:28,630 --> 00:02:27,200

very slow first yeah it's very fast and

64

00:02:30,869 --> 00:02:28,640

it's just coming in it starts slowing

65

00:02:32,710 --> 00:02:30,879

down and it came to a complete stop it's

66

00:02:35,670 --> 00:02:32,720

tough and that's when the light is

67

00:02:37,750 --> 00:02:35,680

reconfigured and that is the pink

68

00:02:39,830 --> 00:02:37,760

disappeared it took three minutes

69

00:02:43,430 --> 00:02:39,840

that uh yeah from the time we first saw

70

00:02:44,309 --> 00:02:43,440

it until it come by three minutes yeah

71

00:02:45,910 --> 00:02:44,319

hi

72

00:02:47,430 --> 00:02:45,920

how are you

73

00:02:49,270 --> 00:02:47,440

welcome

74

00:02:51,509 --> 00:02:49,280

nice to meet you fine thank you it's

75

00:02:53,270 --> 00:02:51,519

called edo she also saw it because it

76

00:02:55,030 --> 00:02:53,280

stopped and come back back

77

00:02:57,190 --> 00:02:55,040

where are you with them at the same time

78

00:02:59,030 --> 00:02:57,200

yes yes yes

79

00:03:00,790 --> 00:02:59,040

they saw it the first time

80

00:03:02,949 --> 00:03:00,800

then i just got home

81

00:03:04,390 --> 00:03:02,959

and i called the third guy that was here

82

00:03:07,110 --> 00:03:04,400

just to make sure they weren't lying to

83

00:03:13,350 --> 00:03:07,120

me yeah and he told me to go outside and

84

00:03:24,949 --> 00:03:15,670

my camera camera's over here

85

00:03:28,710 --> 00:03:26,869

they just bought it no i've had these a

86

00:03:30,390 --> 00:03:28,720

long time yeah yeah i'll never carry

87

00:03:32,470 --> 00:03:30,400

them with me i'll carry them even to go

88

00:03:34,309 --> 00:03:32,480

to the shower with them in the shower

89

00:03:36,149 --> 00:03:34,319

yes yes

90

00:03:37,990 --> 00:03:36,159

you don't want to lose it again no it

91

00:03:40,949 --> 00:03:38,000

won't happen again next time it'll i'll

92

00:03:42,869 --> 00:03:40,959

have it next time yeah got it all but

93

00:03:43,830 --> 00:03:42,879

those videos that now you have that

94

00:03:46,149 --> 00:03:43,840

people

95

00:03:48,229 --> 00:03:46,159

register yes is exactly the same thing

96

00:03:50,470 --> 00:03:48,239

that you saw i think so it uh it was

97

00:03:52,949 --> 00:03:50,480

re-changing and making different uh it

98

00:03:54,949 --> 00:03:52,959

was looking different reconfiguring when

99

00:03:57,190 --> 00:03:54,959

we saw it so we feel like it's the same

100

00:03:59,429 --> 00:03:57,200

one and it's been seen even this last

101
00:04:01,830 --> 00:03:59,439
weekend it was seen these videos i have

102
00:04:05,589 --> 00:04:01,840
is from saturday and sunday night

103
00:04:08,390 --> 00:04:05,599
okay so you still have your camera

104
00:04:10,470 --> 00:04:08,400
now you you keep it all the time all the

105
00:04:12,830 --> 00:04:10,480
time i never take it out of course it's

106
00:04:14,789 --> 00:04:12,840
you know it's an iphone but i also have

107
00:04:16,949 --> 00:04:14,799
an actual

108
00:04:19,110 --> 00:04:16,959
35 millimeter in the house

109
00:04:21,509 --> 00:04:19,120
you know so if it if it comes or if i'm

110
00:04:23,350 --> 00:04:21,519
outside and it's dark or like it is

111
00:04:26,469 --> 00:04:23,360
right now i'm taking the camera just

112
00:04:28,390 --> 00:04:26,479
waiting for them again absolutely

113
00:04:29,990 --> 00:04:28,400

absolutely what's your name what's her

114

00:04:31,990 --> 00:04:30,000

name sorry claudette

115

00:04:34,150 --> 00:04:32,000

autumn uh-huh okay

116

00:04:36,230 --> 00:04:34,160

well it was definitely an unidentified

117

00:04:38,950 --> 00:04:36,240

flying object the

118

00:04:41,110 --> 00:04:38,960

it came from back off uh

119

00:04:43,189 --> 00:04:41,120

from the west back off out in this

120

00:04:44,550 --> 00:04:43,199

direction kind of the the

121

00:04:45,830 --> 00:04:44,560

southwest

122

00:04:49,430 --> 00:04:45,840

a little bit

123

00:04:52,710 --> 00:04:49,440

and it was it came across

124

00:04:55,110 --> 00:04:52,720

the area at about 2000 feet

125

00:04:59,189 --> 00:04:55,120

it was bright red

126

00:05:01,510 --> 00:04:59,199

kind of an oval-shaped object

127

00:05:04,469 --> 00:05:01,520

it made no noise at all

128

00:05:07,749 --> 00:05:04,479

the thing was as big as my house

129

00:05:10,870 --> 00:05:07,759

wow and about 2 000 feet away

130

00:05:13,189 --> 00:05:10,880

and hovering in the air at a very slow

131

00:05:15,510 --> 00:05:13,199

rate of speed

132

00:05:18,310 --> 00:05:15,520

after it came across a little ways

133

00:05:19,189 --> 00:05:18,320

another one appeared back behind it

134

00:05:21,590 --> 00:05:19,199

and

135

00:05:25,189 --> 00:05:21,600

they were pretty much identical they

136

00:05:27,590 --> 00:05:25,199

were extremely bright uh

137

00:05:30,310 --> 00:05:27,600

extremely red and reddish thing i've

138

00:05:32,550 --> 00:05:30,320

ever seen in the sky

139

00:05:34,870 --> 00:05:32,560

probably two thousand feet away and

140

00:05:37,110 --> 00:05:34,880

about two thousand feet up

141

00:05:39,189 --> 00:05:37,120

then it was large enough that i couldn't

142

00:05:42,310 --> 00:05:39,199

cover it with my thumb at that distance

143

00:05:45,350 --> 00:05:42,320

and if you see anything at 2000 feet

144

00:05:46,629 --> 00:05:45,360

uh away from you and stick your thumb up

145

00:05:50,550 --> 00:05:46,639

you can cover

146

00:05:52,550 --> 00:05:50,560

a house with your thumb at that distance

147

00:05:53,990 --> 00:05:52,560

this thing was as big as my house that's

148

00:05:55,909 --> 00:05:54,000

what i'm trying to

149

00:05:59,510 --> 00:05:55,919

tell you this thing was bigger larger

150

00:06:01,670 --> 00:05:59,520

than my house there were two of them

151
00:06:04,230 --> 00:06:01,680
they were perfectly silent

152
00:06:06,950 --> 00:06:04,240
they came across

153
00:06:09,670 --> 00:06:06,960
at an angle cutting directly across the

154
00:06:10,870 --> 00:06:09,680
wind we had about a 30 mile an hour wind

155
00:06:13,430 --> 00:06:10,880
that evening

156
00:06:16,070 --> 00:06:13,440
which uh was blowing right out of the

157
00:06:18,710 --> 00:06:16,080
north it was sitting right on 32 degrees

158
00:06:22,790 --> 00:06:20,550
and these things seem to pay no

159
00:06:25,749 --> 00:06:22,800
attention to the wind at all

160
00:06:28,070 --> 00:06:25,759
that was buffeting around that night

161
00:06:29,189 --> 00:06:28,080
for them to be going at such a slow rate

162
00:06:31,830 --> 00:06:29,199
of speed

163
00:06:32,790 --> 00:06:31,840

and cutting across directly across the

164

00:06:35,830 --> 00:06:32,800

wind

165

00:06:37,990 --> 00:06:35,840

like that uh just stuck out like a sore

166

00:06:39,909 --> 00:06:38,000

thumb now you said that

167

00:06:42,550 --> 00:06:39,919

its general direction was headed to the

168

00:06:44,710 --> 00:06:42,560

airport no uh the air force right off

169

00:06:45,909 --> 00:06:44,720

over here it was at a different angle it

170

00:06:47,670 --> 00:06:45,919

wasn't headed straight towards the

171

00:06:50,390 --> 00:06:47,680

airport it was headed more of an angle

172

00:06:53,589 --> 00:06:50,400

across this way it it didn't seem to

173

00:06:56,469 --> 00:06:53,599

even know the airport was there uh from

174

00:07:00,150 --> 00:06:56,479

from my position over here i see

175

00:07:04,629 --> 00:07:02,150

to the airport all the time and you see

176
00:07:05,430 --> 00:07:04,639
the angle they come in and you see them

177
00:07:07,670 --> 00:07:05,440
and

178
00:07:09,670 --> 00:07:07,680
you can identify them as aircraft quite

179
00:07:11,990 --> 00:07:09,680
easily from this distance it's it's

180
00:07:15,510 --> 00:07:12,000
literally only a few blocks away to the

181
00:07:18,230 --> 00:07:15,520
airport so these aircraft uh some of the

182
00:07:21,270 --> 00:07:18,240
small aircraft in this area come in

183
00:07:23,350 --> 00:07:21,280
uh fairly low in this area

184
00:07:24,870 --> 00:07:23,360
and they're easily identified as

185
00:07:27,430 --> 00:07:24,880
aircraft right

186
00:07:31,670 --> 00:07:27,440
these were easily identified as not

187
00:07:32,550 --> 00:07:31,680
aircraft and uh the the huge size of

188
00:07:34,150 --> 00:07:32,560

them

189

00:07:36,870 --> 00:07:34,160

uh

190

00:07:40,070 --> 00:07:36,880

they were rather bell-shaped

191

00:07:41,589 --> 00:07:40,080

uh i i don't wanna i don't wanna incite

192

00:07:42,390 --> 00:07:41,599

that this was

193

00:07:44,309 --> 00:07:42,400

uh

194

00:07:47,189 --> 00:07:44,319

something other than it was because it's

195

00:07:49,029 --> 00:07:47,199

unidentified but

196

00:07:50,869 --> 00:07:49,039

if we looked at the

197

00:07:52,309 --> 00:07:50,879

the old

198

00:07:53,670 --> 00:07:52,319

german bell

199

00:07:55,350 --> 00:07:53,680

from the

200

00:07:58,390 --> 00:07:55,360

world war ii

201
00:08:00,230 --> 00:07:58,400
then it looked almost identical

202
00:08:03,350 --> 00:08:00,240
to a bell

203
00:08:05,510 --> 00:08:03,360
and it had a uh

204
00:08:07,589 --> 00:08:05,520
an area around the bottom there was

205
00:08:09,189 --> 00:08:07,599
something around the bottom of it

206
00:08:10,790 --> 00:08:09,199
everything but you couldn't tell what it

207
00:08:14,070 --> 00:08:10,800
was it looked kind of

208
00:08:16,710 --> 00:08:14,080
kind of uh like plasma around the bottom

209
00:08:19,749 --> 00:08:16,720
wow like a ring of plasma around the

210
00:08:22,550 --> 00:08:19,759
bottom of everything which uh

211
00:08:25,909 --> 00:08:22,560
later when i looked at the german bell

212
00:08:27,749 --> 00:08:25,919
and on the internet then it looked like

213
00:08:30,790 --> 00:08:27,759

the spitting image of it

214

00:08:32,790 --> 00:08:30,800

wow everything only it was it was larger

215

00:08:34,949 --> 00:08:32,800

it was as large as my house it was

216

00:08:36,790 --> 00:08:34,959

larger than uh what was shown on the

217

00:08:38,709 --> 00:08:36,800

internet the old bell from there

218

00:08:41,269 --> 00:08:38,719

everything that thing was

219

00:08:43,750 --> 00:08:41,279

probably several times larger so let me

220

00:08:46,389 --> 00:08:43,760

ask you before this incident occurred

221

00:08:47,870 --> 00:08:46,399

did you believe in ufos

222

00:08:50,470 --> 00:08:47,880

well uh

223

00:08:52,070 --> 00:08:50,480

unidentified objects yeah maybe

224

00:08:54,630 --> 00:08:52,080

everything i've seen i've seen

225

00:08:56,870 --> 00:08:54,640

unidentified objects before but nothing

226

00:08:59,430 --> 00:08:56,880

like this i i've seen like a streak in

227

00:09:01,910 --> 00:08:59,440

the sky that that moved too quick or

228

00:09:04,230 --> 00:09:01,920

something you know something like that

229

00:09:06,870 --> 00:09:04,240

but nothing that just came right up here

230

00:09:09,269 --> 00:09:06,880

in front of me

231

00:09:12,630 --> 00:09:09,279

it didn't come to a complete stop

232

00:09:15,110 --> 00:09:12,640

but almost it probably wasn't moving any

233

00:09:17,430 --> 00:09:15,120

more than 10 15 miles an hour at one

234

00:09:20,070 --> 00:09:17,440

point and both of them were running

235

00:09:21,110 --> 00:09:20,080

together they were both about 2 000 feet

236

00:09:24,389 --> 00:09:21,120

apart

237

00:09:26,870 --> 00:09:24,399

uh they came across this area here

238

00:09:29,030 --> 00:09:26,880

and when i looked up at one point then

239

00:09:31,190 --> 00:09:29,040

there was the

240

00:09:33,910 --> 00:09:31,200

one had gone past me the other one was

241

00:09:36,710 --> 00:09:33,920

right up here and i felt a little bit

242

00:09:39,110 --> 00:09:36,720

like a pacman about to be eaten by the

243

00:09:41,030 --> 00:09:39,120

pac-man creatures they were they were

244

00:09:43,350 --> 00:09:41,040

shaped about the same and they were

245

00:09:45,269 --> 00:09:43,360

hovering over me about like this

246

00:09:46,630 --> 00:09:45,279

and it gave me that feeling well that

247

00:09:48,070 --> 00:09:46,640

was the biggest

248

00:09:49,829 --> 00:09:48,080

i mean it was like the biggest slide

249

00:09:51,750 --> 00:09:49,839

i've ever seen before it's real real

250

00:09:54,389 --> 00:09:51,760

bright and it just

251
00:09:57,030 --> 00:09:54,399
was huge but then all of a sudden a um

252
00:09:59,430 --> 00:09:57,040
another bright light just shot off like

253
00:10:01,590 --> 00:09:59,440
to the left of it wow and how many um

254
00:10:02,949 --> 00:10:01,600
how large would you say the whole area

255
00:10:05,269 --> 00:10:02,959
of this was

256
00:10:07,829 --> 00:10:05,279
i don't know it was it was huge it all

257
00:10:09,750 --> 00:10:07,839
happened out over my house actually and

258
00:10:12,150 --> 00:10:09,760
seldom is where it took place i raced

259
00:10:14,069 --> 00:10:12,160
across the sky and it was hard to follow

260
00:10:16,230 --> 00:10:14,079
i also heard that something showed up on

261
00:10:17,590 --> 00:10:16,240
a whole bunch of airport radar things i

262
00:10:20,069 --> 00:10:17,600
never read anything about it in the

263
00:10:21,829 --> 00:10:20,079

paper it came one way and everyone saw

264

00:10:24,230 --> 00:10:21,839

it and then like 10 minutes later it

265

00:10:26,630 --> 00:10:24,240

shot back the same way with military

266

00:10:28,470 --> 00:10:26,640

aircraft in pursuit of it wow but then i

267

00:10:31,590 --> 00:10:28,480

read in the paper that there was no

268

00:10:33,990 --> 00:10:31,600

military aircraft deployed at any point

269

00:10:38,870 --> 00:10:34,000

around stephenville yeah who knows man

270

00:10:40,870 --> 00:10:38,880

it's just very curious there was like uh

271

00:10:43,590 --> 00:10:40,880

it seemed like something chasing

272

00:10:47,829 --> 00:10:43,600

really yeah at times

273

00:10:50,310 --> 00:10:47,839

that it seemed to move faster

274

00:10:52,790 --> 00:10:50,320

like a tease like it was teasing and now

275

00:10:54,470 --> 00:10:52,800

i believe

276

00:10:56,949 --> 00:10:54,480

what's up what are you guys names i'm

277

00:10:58,230 --> 00:10:56,959

ben calvin ryan

278

00:11:01,030 --> 00:10:58,240

josh can you guys all go to school out

279

00:11:02,949 --> 00:11:01,040

here right yep right so when did the uh

280

00:11:04,550 --> 00:11:02,959

take place about seven days ago oh

281

00:11:06,470 --> 00:11:04,560

there's less than less than a week ago

282

00:11:08,069 --> 00:11:06,480

probably about four days ago so where

283

00:11:09,190 --> 00:11:08,079

are you guys gonna happen we're cooking

284

00:11:10,790 --> 00:11:09,200

out in the backyard cooking out of

285

00:11:13,430 --> 00:11:10,800

chad's house in the backyard so you guys

286

00:11:16,470 --> 00:11:13,440

saw it right oh yeah what it looks like

287

00:11:17,750 --> 00:11:16,480

a big flash of light it was huge

288

00:11:19,110 --> 00:11:17,760

yeah

289

00:11:20,710 --> 00:11:19,120

like there's a whole bunch of fighter

290

00:11:22,069 --> 00:11:20,720

jets and stuff but it wasn't a fighter

291

00:11:23,350 --> 00:11:22,079

jet i mean we didn't even see anything

292

00:11:25,030 --> 00:11:23,360

like that because everybody else thought

293

00:11:26,870 --> 00:11:25,040

that's what it was and yeah kind of look

294

00:11:28,470 --> 00:11:26,880

at this

295

00:11:30,310 --> 00:11:28,480

and i think ben was the first one to saw

296

00:11:31,750 --> 00:11:30,320

it to see and he was like hey look at

297

00:11:33,670 --> 00:11:31,760

that and by the time we looked over i

298

00:11:35,590 --> 00:11:33,680

pulled my camera out to take a picture

299

00:11:37,350 --> 00:11:35,600

chad got the same yeah and chad pulled

300

00:11:38,790 --> 00:11:37,360

his out and uh

301
00:11:40,069 --> 00:11:38,800
i mean we really saw something you guys

302
00:11:49,750 --> 00:11:40,079
must have been freaking out and yelling

303
00:11:52,389 --> 00:11:50,870
we stayed up until about four in the

304
00:11:54,470 --> 00:11:52,399
morning trying to just sitting out there

305
00:11:57,990 --> 00:11:54,480
just looking up okay so did he make any

306
00:12:01,509 --> 00:11:59,910
a little bit maybe i could not like

307
00:12:02,870 --> 00:12:01,519
like you ever been duck you know duck

308
00:12:04,629 --> 00:12:02,880
sound

309
00:12:05,750 --> 00:12:04,639
yeah kind of like that just my noise

310
00:12:07,269 --> 00:12:05,760
yeah

311
00:12:12,710 --> 00:12:07,279
i heard that it was a mile long half

312
00:12:17,670 --> 00:12:15,590
100 yards yeah 100 yards 200 yards and

313
00:12:19,990 --> 00:12:17,680

how long was it in the sky

314

00:12:21,910 --> 00:12:20,000

pretty fast i don't know this is just i

315

00:12:23,350 --> 00:12:21,920

mean it was maybe it was enough time for

316

00:12:27,030 --> 00:12:23,360

me to you know pull the camera around

317

00:12:31,030 --> 00:12:29,670

it was just one large ball of light

318

00:12:32,470 --> 00:12:31,040

that's all we saw yeah i mean that's all

319

00:12:34,150 --> 00:12:32,480

that we took a picture how many seconds

320

00:12:36,629 --> 00:12:34,160

was it

321

00:12:43,110 --> 00:12:36,639

five maybe

322

00:12:48,550 --> 00:12:44,870

i think it's the government testing some

323

00:12:50,550 --> 00:12:48,560

out i don't think it's aliens but

324

00:12:52,870 --> 00:12:50,560

i don't know it could be i mean

325

00:12:54,629 --> 00:12:52,880

you never know that's the first thing

326

00:12:56,790 --> 00:12:54,639

that came to our minds

327

00:12:58,550 --> 00:12:56,800

aliens yeah so

328

00:13:00,150 --> 00:12:58,560

no fighter jets at all since then we

329

00:13:02,470 --> 00:13:00,160

didn't see anything

330

00:13:15,269 --> 00:13:03,670

it's definitely a lot of fun you guys

331

00:13:19,110 --> 00:13:16,790

you know what i thought aliens was like

332

00:13:20,790 --> 00:13:19,120

a like a myth you know now and now that

333

00:13:22,790 --> 00:13:20,800

we saw that you know we really don't

334

00:13:24,550 --> 00:13:22,800

know what it is ben is in the army you

335

00:13:26,389 --> 00:13:24,560

know he knows a lot of military stuff he

336

00:13:28,389 --> 00:13:26,399

said he's never seen nothing like that

337

00:13:29,990 --> 00:13:28,399

i know i think it's there's so much

338

00:13:32,470 --> 00:13:30,000

stuff that we don't know about that the

339

00:13:34,629 --> 00:13:32,480

government does like same within roswell

340

00:13:36,150 --> 00:13:34,639

that was just area 51 testing out

341

00:13:39,350 --> 00:13:36,160

military aircraft that's what that's

342

00:13:40,870 --> 00:13:39,360

what i think i mean but i could be wrong

343

00:13:42,629 --> 00:13:40,880

it only makes you think i lived in

344

00:13:44,629 --> 00:13:42,639

roswell for like 13 years and i believe

345

00:13:47,350 --> 00:13:44,639

more that night than i did a little time

346

00:13:49,030 --> 00:13:47,360

there yeah yeah that's true or maybe

347

00:13:51,509 --> 00:13:49,040

like some sophisticated rednecks like

348

00:13:53,110 --> 00:13:51,519

launched a like a flare up into the sky

349

00:13:54,629 --> 00:13:53,120

yeah and it really freaked us out man

350

00:13:56,870 --> 00:13:54,639

and i'm freaked out a little bit did you

351

00:13:58,790 --> 00:13:56,880

guys hear anything from anybody else

352

00:14:00,470 --> 00:13:58,800

oh yeah everybody like there's like more

353

00:14:01,829 --> 00:14:00,480

friends you guys might not have noticed

354

00:14:03,189 --> 00:14:01,839

that maybe somebody else noticed like

355

00:14:04,949 --> 00:14:03,199

any other stories that are going around

356

00:14:07,910 --> 00:14:04,959

town no all of our friends have seen it

357

00:14:09,189 --> 00:14:07,920

you know the neighbors saw everything

358

00:14:10,790 --> 00:14:09,199

people that have lived in stephenville

359

00:14:12,069 --> 00:14:10,800

for a while we just go to school here

360

00:14:13,670 --> 00:14:12,079

but a lot of people that have lived in

361

00:14:15,590 --> 00:14:13,680

stephenville for a long time they said

362

00:14:17,590 --> 00:14:15,600

they've seen somebody's before is there

363

00:14:19,590 --> 00:14:17,600

like a military base nearby there's a

364

00:14:21,110 --> 00:14:19,600

joint reserve base in fort worth but

365

00:14:23,829 --> 00:14:21,120

that's the closest one

366

00:14:25,189 --> 00:14:23,839

it's just a naval air station cars

367

00:14:26,949 --> 00:14:25,199

so you actually took a picture right

368

00:14:29,430 --> 00:14:26,959

yeah you can't show us though

369

00:14:37,670 --> 00:14:29,440

i'm not going to show you

370

00:14:41,990 --> 00:14:40,230

check that out right there

371

00:14:44,069 --> 00:14:42,000

that's what it is

372
