

1
00:00:03,610 --> 00:00:02,210
is that Portland air traffic control

2
00:00:06,829 --> 00:00:03,620
tower in Portland

3
00:00:08,030 --> 00:00:06,839
uh I guess I have a UFO report for you

4
00:00:09,709 --> 00:00:08,040
okay

5
00:00:12,049 --> 00:00:09,719
do you have a fill in the blank form or

6
00:00:13,490 --> 00:00:12,059
where do you want me to start

7
00:00:16,670 --> 00:00:13,500
is this something that was reported

8
00:00:17,930 --> 00:00:16,680
recently yes last night okay can we get

9
00:00:22,010 --> 00:00:17,940
the party's name

10
00:00:26,109 --> 00:00:22,020
okay I got four people

11
00:00:31,930 --> 00:00:28,550
these four gentlemen work for Delta

12
00:00:35,270 --> 00:00:31,940
Airlines at Portland Maine okay okay

13
00:00:39,049 --> 00:00:35,280

either either mechanics and or ramp

14

00:00:44,270 --> 00:00:41,889

that's right next party

15

00:00:46,810 --> 00:00:44,280

and you have all the all the

16

00:00:48,830 --> 00:00:46,820

eyewitnesses the first four gentlemen

17

00:00:49,729 --> 00:00:48,840

we'll go ahead maybe you should ask me

18

00:00:51,110 --> 00:00:49,739

the questions and I'll give you the

19

00:00:52,970 --> 00:00:51,120

answers that's probably more effective

20

00:00:54,490 --> 00:00:52,980

but just a quick description with this

21

00:00:57,470 --> 00:00:54,500

uh well

22

00:01:00,349 --> 00:00:57,480

what they drew these these uh four

23

00:01:04,490 --> 00:01:00,359

people pretty much agreed that it was

24

00:01:04,500 --> 00:01:06,649

um

25

00:01:14,090 --> 00:01:10,550

actually what they drew it looked like a

26

00:01:16,190 --> 00:01:14,100

fedora hat basically okay maybe they

27

00:01:18,230 --> 00:01:16,200

estimated to be the top part of it was

28

00:01:20,149 --> 00:01:18,240

say 30 feet high but actually when he

29

00:01:22,670 --> 00:01:20,159

draws it looks like your typical Flying

30

00:01:24,770 --> 00:01:22,680

Saucer basically

31

00:01:25,850 --> 00:01:24,780

okay what they said was they were on the

32

00:01:26,870 --> 00:01:25,860

ramp

33

00:01:30,249 --> 00:01:26,880

at Portland

34

00:01:32,569 --> 00:01:30,259

was around 10 30 last night

35

00:01:34,010 --> 00:01:32,579

and three other people were on the

36

00:01:35,330 --> 00:01:34,020

ground the other individual was in the

37

00:01:40,069 --> 00:01:35,340

airplane

38

00:01:41,450 --> 00:01:40,079

and they were looking up at the cockpit

39

00:01:43,010 --> 00:01:41,460

so they were you know on the ground

40

00:01:44,389 --> 00:01:43,020

looking up and they saw this thing in

41

00:01:48,350 --> 00:01:44,399

the sky

42

00:01:51,230 --> 00:01:49,249

um

43

00:01:52,730 --> 00:01:51,240

to be about between a thousand fifteen

44

00:01:55,209 --> 00:01:52,740

hundred feet

45

00:01:59,330 --> 00:01:55,219

uh above ground level

46

00:02:02,510 --> 00:01:59,340

moving across the airport to the South

47

00:02:04,789 --> 00:02:02,520

say about 40 miles an hour 40 50 miles

48

00:02:07,069 --> 00:02:04,799

an hour

49

00:02:10,249 --> 00:02:07,079

and they could detect no sound from this

50

00:02:12,229 --> 00:02:10,259

thing at all okay and

51
00:02:14,990 --> 00:02:12,239
one of them or two of them said that

52
00:02:17,630 --> 00:02:15,000
there were no lights like navigation

53
00:02:20,869 --> 00:02:17,640
lights or anything like that but that at

54
00:02:23,330 --> 00:02:20,879
one point there was this brownish glow

55
00:02:26,990 --> 00:02:23,340
the whole thing was

56
00:02:35,390 --> 00:02:29,809
okay I got it okay and this other guy

57
00:02:40,150 --> 00:02:37,550
in an airplane coming up towards

58
00:02:45,170 --> 00:02:43,550
and I was I was a controller on duty at

59
00:02:47,150 --> 00:02:45,180
the airport and I estimated this thing

60
00:02:49,369 --> 00:02:47,160
to be

61
00:02:51,650 --> 00:02:49,379
way after I'd interviewed these people I

62
00:02:54,410 --> 00:02:51,660
estimated this thing should be down

63
00:02:57,890 --> 00:02:54,420

Southwest of Portland by say 15 miles or

64

00:02:59,270 --> 00:02:57,900

so and I ran the radar out and there was

65

00:03:00,649 --> 00:02:59,280

a Target out there

66

00:03:02,869 --> 00:03:00,659

now I asked this guy to go over and take

67

00:03:04,490 --> 00:03:02,879

a look at it

68

00:03:05,690 --> 00:03:04,500

they had this guy vectored right on top

69

00:03:08,449 --> 00:03:05,700

of this thing

70

00:03:10,970 --> 00:03:08,459

and he saw it momentarily

71

00:03:13,790 --> 00:03:10,980

and they they both said that this thing

72

00:03:19,430 --> 00:03:13,800

glowed like a dull brownish glow

73

00:03:23,990 --> 00:03:21,170

and I had them vectored right over top

74

00:03:25,670 --> 00:03:24,000

of the thing and back and forth and then

75

00:03:27,289 --> 00:03:25,680

they saw us momentarily then the thing

76

00:03:30,410 --> 00:03:27,299

disappeared he couldn't see it any

77

00:03:33,589 --> 00:03:30,420

longer and he was out there good

78

00:03:35,930 --> 00:03:33,599

a good 15-20 minutes you know without

79

00:03:39,289 --> 00:03:35,940

ever spotting it again did it leave your

80

00:03:42,830 --> 00:03:39,299

screen at the same time no I had a good

81

00:03:48,589 --> 00:03:46,490

maybe 10-15 minutes while I tracked it P

82

00:03:51,110 --> 00:03:48,599

is radar also attracted peace Air Force

83

00:03:53,390 --> 00:03:51,120

Base radar attracted

84

00:03:56,449 --> 00:03:53,400

they finally launched radar contact with

85

00:03:57,550 --> 00:03:56,459

it about 22 miles Southeast of peace

86

00:04:00,350 --> 00:03:57,560

okay

87

00:04:02,929 --> 00:04:00,360

what time did this all occur

88

00:04:05,210 --> 00:04:02,939

between well it was over the airport in

89

00:04:09,949 --> 00:04:05,220

Portland around 10 30 or so

90

00:04:17,090 --> 00:04:13,910

um zero three two zero it's been 11 20.

91

00:04:18,710 --> 00:04:17,100

the target was at uh 195 at 19 from

92

00:04:21,490 --> 00:04:18,720

Portland

93

00:04:25,450 --> 00:04:21,500

tracking about 195 degrees

94

00:04:28,790 --> 00:04:25,460

at about 40 to 50 knots okay

95

00:04:33,530 --> 00:04:28,800

strong return strong return yeah just

96

00:04:37,310 --> 00:04:35,510

you see a flock of birds and it changes

97

00:04:38,870 --> 00:04:37,320

shape you know and one hit you'll get a

98

00:04:40,850 --> 00:04:38,880

good return and then the next hit you

99

00:04:41,890 --> 00:04:40,860

don't this is a good solid return the

100

00:04:43,909 --> 00:04:41,900

whole time

101
00:04:45,530 --> 00:04:43,919
called The Weather Service and they said

102
00:04:47,090 --> 00:04:45,540
they didn't have any

103
00:04:50,090 --> 00:04:47,100
the last balloon they had sent out that

104
00:04:53,030 --> 00:04:50,100
raison balloon was up at seven o'clock

105
00:04:54,469 --> 00:04:53,040
and when I asked these ramp guys uh

106
00:04:57,120 --> 00:04:54,479
could have been a balloon they said no

107
00:04:59,210 --> 00:04:57,130
okay

108
00:05:01,129 --> 00:04:59,220
[Music]

109
00:05:03,529 --> 00:05:01,139
all right sir can we get your name yeah

110
00:05:05,570 --> 00:05:03,539
I'm area supervisor at the control tower

111
00:05:07,189 --> 00:05:05,580
Portland

112
00:05:09,050 --> 00:05:07,199
well we sure appreciate the information

113
00:05:12,050 --> 00:05:09,060

and if we get any follow-up on this

114

00:05:13,730 --> 00:05:12,060

we'll get back to you now please Air

115

00:05:16,969 --> 00:05:13,740

Force Base the controller's there also

116

00:05:18,170 --> 00:05:16,979

so this thing on radar okay and

117

00:05:20,330 --> 00:05:18,180

uh that was the other thing I wanted to

118

00:05:24,290 --> 00:05:20,340

say oh yeah this thing

119

00:05:25,370 --> 00:05:24,300

got to within about five miles uh the

120

00:05:26,450 --> 00:05:25,380

president's residence up in

121

00:05:28,430 --> 00:05:26,460

Kennebunkport

122

00:05:31,010 --> 00:05:28,440

and I talked to the Secret Service last

123

00:05:33,469 --> 00:05:31,020

night and also this morning

124

00:05:34,430 --> 00:05:33,479

and they would like to

125

00:05:37,850 --> 00:05:34,440

um

126

00:05:40,010 --> 00:05:37,860

I I guess I guess the main thrust is uh

127

00:05:41,570 --> 00:05:40,020

they don't want this publicized they

128

00:05:43,189 --> 00:05:41,580

want to investigate it certainly but not

129

00:05:45,230 --> 00:05:43,199

publicized

130

00:05:47,390 --> 00:05:45,240

because it's pretty sensitive type thing

131

00:05:48,770 --> 00:05:47,400

so that's their that's their main

132

00:05:52,550 --> 00:05:48,780

concern they certainly wanted to

133

00:05:56,870 --> 00:05:55,249

do without the

134

00:05:58,129 --> 00:05:56,880

if you need anything you can also talk

135

00:05:59,270 --> 00:05:58,139

to those people too they'd probably be

136

00:06:01,309 --> 00:05:59,280

interested

137

00:06:02,270 --> 00:06:01,319

and you know finding out what it was too

138

00:06:04,249 --> 00:06:02,280

they're probably going through their

139

00:06:11,570 --> 00:06:04,259

channels whatever they are right so

140

00:06:16,070 --> 00:06:14,270

okay just out of curiosity don't you

141

00:06:18,230 --> 00:06:16,080

guys have any like direct lines to NORAD

142

00:06:20,450 --> 00:06:18,240

or anybody like that no but they all

143

00:06:22,490 --> 00:06:20,460

carry our number they do and when people

144

00:06:23,990 --> 00:06:22,500

call them why they refer them to us

145

00:06:25,909 --> 00:06:24,000

right away

146

00:06:27,650 --> 00:06:25,919

they do yes

147

00:06:29,450 --> 00:06:27,660

do they ever call you back and ask about

148

00:06:32,330 --> 00:06:29,460

what what goes on or anything like that

149

00:06:33,830 --> 00:06:32,340

no they don't as a matter of fact

150

00:06:35,090 --> 00:06:33,840

that's really strange well they're

151

00:06:37,129 --> 00:06:35,100

pretty much out of it at least

152

00:06:40,610 --> 00:06:37,139

officially they're pretty much out of it

153

00:06:46,490 --> 00:06:40,620

and they don't put any time into it but

154

00:06:52,909 --> 00:06:49,070

thank you

155

00:06:54,950 --> 00:06:52,919

Center

156

00:06:57,230 --> 00:06:54,960

have you had anything more on what was

157

00:06:59,330 --> 00:06:57,240

reported last night not a word

158

00:07:01,010 --> 00:06:59,340

nothing from anybody of course that

159

00:07:02,629 --> 00:07:01,020

doesn't mean other people didn't see it

160

00:07:03,589 --> 00:07:02,639

you know we have we figured that for

161

00:07:05,930 --> 00:07:03,599

every

162

00:07:08,689 --> 00:07:05,940

report we get where there's probably a

163

00:07:10,370 --> 00:07:08,699

thousand that we don't get so pretty big

164

00:07:12,350 --> 00:07:10,380

odds there

165

00:07:14,150 --> 00:07:12,360

well I was just wondering if anybody any

166

00:07:16,010 --> 00:07:14,160

other government agent agency got in

167

00:07:18,529 --> 00:07:16,020

touch with you no reference this thing

168

00:07:20,150 --> 00:07:18,539

no they didn't

169

00:07:21,950 --> 00:07:20,160

it's really strange

170

00:07:22,820 --> 00:07:21,960

we were I was going over the winds Aloft

171

00:07:24,710 --> 00:07:22,830

last night

172

00:07:26,770 --> 00:07:24,720

[Applause]

173

00:07:30,589 --> 00:07:26,780

and uh

174

00:07:34,070 --> 00:07:30,599

basically the wind's Aloft

175

00:07:37,070 --> 00:07:34,080

I really don't line up with

176

00:07:38,270 --> 00:07:37,080

it had been a free floating object it

177

00:07:40,249 --> 00:07:38,280

doesn't make sense that it would be

178

00:07:43,790 --> 00:07:40,259

tracking the way it had been tracking

179

00:07:44,529 --> 00:07:43,800

yes and at those speeds for instance at

180

00:07:47,210 --> 00:07:44,539

the

181

00:07:51,230 --> 00:07:47,220

at between one and two thousand feet it

182

00:07:53,029 --> 00:07:51,240

was like between 335 and 340 at about 18

183

00:07:55,969 --> 00:07:53,039

knots

184

00:07:58,309 --> 00:07:55,979

which three thousand feet it was 340 at

185

00:08:00,469 --> 00:07:58,319

20. and we don't get up until the 25

186

00:08:01,670 --> 00:08:00,479

knot range until you're up to 10 000

187

00:08:05,210 --> 00:08:01,680

feet and then it's still out of the

188

00:08:07,430 --> 00:08:05,220

Northwest 325 and 25. yes first time we

189

00:08:09,529 --> 00:08:07,440

come up wins at 50 knots it's up at

190

00:08:12,950 --> 00:08:09,539

flight level two zero zero

191

00:08:15,909 --> 00:08:12,960

and even at that it's still 3 15 at 50.

192

00:08:19,610 --> 00:08:15,919

which means if this thing was tracking

193

00:08:23,450 --> 00:08:19,620

195 to 200 degrees it was tracking

194

00:08:25,369 --> 00:08:23,460

against a kind of a crosswind yes

195

00:08:27,770 --> 00:08:25,379

which

196

00:08:29,570 --> 00:08:27,780

pretty interesting to me did I forgot to

197

00:08:31,070 --> 00:08:29,580

ask you did that pilot ever give an

198

00:08:34,909 --> 00:08:31,080

estimate of the diameter of the object

199

00:08:36,889 --> 00:08:34,919

yeah around 300 feet he thought okay

200

00:08:38,509 --> 00:08:36,899

a 300 feet

201
00:08:41,149 --> 00:08:38,519
and uh

202
00:08:42,409 --> 00:08:41,159
he before he

203
00:08:45,170 --> 00:08:42,419
told

204
00:08:47,630 --> 00:08:45,180
before he made any mention to what he

205
00:08:48,949 --> 00:08:47,640
thought he saw his wife he says I know

206
00:08:51,769 --> 00:08:48,959
what I think I saw

207
00:08:53,990 --> 00:08:51,779
you tell me what you think you saw and

208
00:08:56,150 --> 00:08:54,000
she described exactly what he saw

209
00:08:58,910 --> 00:08:56,160
he was just in here about 15 minutes ago

210
00:09:01,610 --> 00:08:58,920
oh okay and he's going to be away for

211
00:09:03,110 --> 00:09:01,620
the next week or so he's uh he's got to

212
00:09:05,290 --> 00:09:03,120
get down to Trinidad to purchase some

213
00:09:07,430 --> 00:09:05,300

seafood or something then I'll be back

214

00:09:08,930 --> 00:09:07,440

but uh you know we were sitting here

215

00:09:11,030 --> 00:09:08,940

talking about this thing and can't

216

00:09:14,570 --> 00:09:11,040

figure out

217

00:09:16,370 --> 00:09:14,580

could be if it was one of these high

218

00:09:20,449 --> 00:09:16,380

altitude balloons so to speak and he's

219

00:09:22,130 --> 00:09:20,459

real long huge balloons we would think

220

00:09:23,810 --> 00:09:22,140

it would be going along at 50 knots for

221

00:09:24,949 --> 00:09:23,820

one thing and the other thing is we

222

00:09:27,889 --> 00:09:24,959

don't see how it could possibly be

223

00:09:29,810 --> 00:09:27,899

tracking against a quartering wind well

224

00:09:32,690 --> 00:09:29,820

not only that it would be ascending too

225

00:09:34,130 --> 00:09:32,700

at the same time yeah

226

00:09:36,110 --> 00:09:34,140

so uh

227

00:09:37,310 --> 00:09:36,120

and also I I don't know whether these

228

00:09:39,110 --> 00:09:37,320

things are code it would have to have

229

00:09:43,490 --> 00:09:39,120

been coated with some type of metallic

230

00:09:46,430 --> 00:09:43,500

material to produce a radar return

231

00:09:48,590 --> 00:09:46,440

um the way it had I mean I got

232

00:09:50,150 --> 00:09:48,600

I got just a stronger return from this

233

00:09:53,090 --> 00:09:50,160

object as I did from the aircraft when

234

00:09:54,710 --> 00:09:53,100

it was out there circling around it

235

00:09:56,040 --> 00:09:54,720

so

236

00:09:57,170 --> 00:09:56,050

you know yes

237

00:09:59,750 --> 00:09:57,180

[Applause]

238

00:10:03,470 --> 00:09:59,760

yeah the only the only other thing is

239

00:10:04,970 --> 00:10:03,480

that I could see I've seen large flocks

240

00:10:08,329 --> 00:10:04,980

of geese and things like that now

241

00:10:10,430 --> 00:10:08,339

they'll certainly produce speeds uh that

242

00:10:12,470 --> 00:10:10,440

great and also give you a return it's

243

00:10:14,930 --> 00:10:12,480

just as strong as I observed

244

00:10:16,910 --> 00:10:14,940

but uh

245

00:10:18,650 --> 00:10:16,920

there's no doubt about it they certainly

246

00:10:20,810 --> 00:10:18,660

wouldn't produce this glow we're talking

247

00:10:22,610 --> 00:10:20,820

about not only that you've got that

248

00:10:26,090 --> 00:10:22,620

close video from the aircraft too but

249

00:10:28,370 --> 00:10:26,100

you can't eliminate that sure yeah so is

250

00:10:31,730 --> 00:10:28,380

that the president's Retreat there isn't

251

00:10:34,190 --> 00:10:31,740

that uh restricted airspace it's it's

252

00:10:36,949 --> 00:10:34,200

prohibited airspace okay for what

253

00:10:40,190 --> 00:10:36,959

diameter well it's normally a one mile

254

00:10:42,650 --> 00:10:40,200

radius of the point but when he's here

255

00:10:44,050 --> 00:10:42,660

it's a three mile radius six miles

256

00:10:48,310 --> 00:10:44,060

across

257

00:10:52,069 --> 00:10:48,320

which would have put this object uh

258

00:10:54,110 --> 00:10:52,079

probably three miles from the uh

259

00:10:55,850 --> 00:10:54,120

the edge of the prohibited area and

260

00:10:58,009 --> 00:10:55,860

maybe six or seven miles or so something

261

00:11:02,509 --> 00:10:58,019

like that from the center of this thing

262

00:11:04,190 --> 00:11:02,519

and passed to the east of it so

263

00:11:06,530 --> 00:11:04,200

I'm surprised that the Air Force didn't

264

00:11:09,110 --> 00:11:06,540

scramble it yet on that well it would

265

00:11:11,930 --> 00:11:09,120

have had a tough time uh probably

266

00:11:14,150 --> 00:11:11,940

you know tracking something at 59. yeah

267

00:11:16,250 --> 00:11:14,160

you know you said scramble one

268

00:11:18,170 --> 00:11:16,260

helicopter that would have been that

269

00:11:19,490 --> 00:11:18,180

would have been it you know that would

270

00:11:22,069 --> 00:11:19,500

have been the ticket

271

00:11:23,569 --> 00:11:22,079

but uh I guess I don't understand why

272

00:11:25,190 --> 00:11:23,579

the lack of uh when you get something

273

00:11:27,110 --> 00:11:25,200

like this I would have think there have

274

00:11:30,050 --> 00:11:27,120

been more of a procedure in place and

275

00:11:31,670 --> 00:11:30,060

people you know that you call this guy

276

00:11:33,769 --> 00:11:31,680

he calls him he does this and this guy

277

00:11:44,210 --> 00:11:33,779

gets airborne and yeah but it doesn't

278

00:11:49,610 --> 00:11:46,970

yeah you have drawings of this they're

279

00:11:51,829 --> 00:11:49,620

sketches of the army

280

00:11:54,350 --> 00:11:51,839

um yeah I had a Delta guy draw it out

281

00:11:56,569 --> 00:11:54,360

and describe it it's

282

00:11:59,030 --> 00:11:56,579

I mean it's it's really uh

283

00:12:02,389 --> 00:11:59,040

very sketchy if you draw like a fedora

284

00:12:03,350 --> 00:12:02,399

hat it's basically that

285

00:12:04,870 --> 00:12:03,360

um

286

00:12:10,550 --> 00:12:04,880

everybody

287

00:12:13,250 --> 00:12:10,560

elliptical and Sheena are you familiar

288

00:12:15,949 --> 00:12:13,260

with approach plates a pilot's approach

289

00:12:17,389 --> 00:12:15,959

played to an airport there's like what

290

00:12:19,970 --> 00:12:17,399

they call something like a fan marker

291

00:12:23,090 --> 00:12:19,980

it's elliptical in shape and they said

292

00:12:24,610 --> 00:12:23,100

like a football oh okay like a like a

293

00:12:27,949 --> 00:12:24,620

football basically

294

00:12:30,350 --> 00:12:27,959

flat or turned up yeah

295

00:12:34,069 --> 00:12:30,360

uh well it's just like a football game

296

00:12:37,009 --> 00:12:34,079

flat you know flat yeah okay and shape

297

00:12:39,650 --> 00:12:37,019

and it's funny because you know the guy

298

00:12:42,410 --> 00:12:39,660

over at Delta and the guy

299

00:12:44,470 --> 00:12:42,420

in the airplane a half hour later 45

300

00:12:46,790 --> 00:12:44,480

minutes later described the same thing

301

00:12:49,129 --> 00:12:46,800

which you know

302

00:12:51,350 --> 00:12:49,139

so

303

00:12:52,730 --> 00:12:51,360

you know that's all I have okay well if

304

00:12:54,050 --> 00:12:52,740

we get any calls on it you'll be the

305

00:12:56,690 --> 00:12:54,060

first to hear about it oh thanks a lot

306

00:12:58,790 --> 00:12:56,700

okay thank you appreciate it full

307

00:13:00,590 --> 00:12:58,800

Reporting Center hi Bob how are you

308

00:13:03,410 --> 00:13:00,600

anything more on that thing from

309

00:13:05,750 --> 00:13:03,420

Saturday night not one word God I can't

310

00:13:07,550 --> 00:13:05,760

believe this that's very strange

311

00:13:10,850 --> 00:13:07,560

[Applause]

312

00:13:11,750 --> 00:13:10,860

I can't believe this like I said that uh

313

00:13:15,230 --> 00:13:11,760

there could have been a lot of other

314

00:13:17,769 --> 00:13:15,240

people who saw the object and just chose

315

00:13:19,910 --> 00:13:17,779

not to report it

316

00:13:21,470 --> 00:13:19,920

but there haven't been any inquiries

317

00:13:22,150 --> 00:13:21,480

from any other federal agencies or

318

00:13:25,069 --> 00:13:22,160

anything nothing

319

00:13:28,329 --> 00:13:25,079

[Applause]

320

00:13:34,870 --> 00:13:32,470

yes it is I was hoping for uh more calls

321

00:13:36,829 --> 00:13:34,880

[Applause]

322

00:13:38,870 --> 00:13:36,839

well what do you what do you do with

323

00:13:41,449 --> 00:13:38,880

this information you just filed away for

324

00:13:43,370 --> 00:13:41,459

future reference or what yeah we'll just

325

00:13:46,689 --> 00:13:43,380

have to sit on that and just hope that

326

00:13:49,550 --> 00:13:46,699

uh somebody will call on it

327

00:13:51,829 --> 00:13:49,560

of course it's considered a very good

328

00:13:53,569 --> 00:13:51,839

report anyway but we'd still like to get

329

00:13:55,990 --> 00:13:53,579

some more ground Witnesses

330

00:13:58,129 --> 00:13:56,000

okay what kind of

331

00:13:59,870 --> 00:13:58,139

what kind of other stuff do you look for

332

00:14:01,449 --> 00:13:59,880

when you have a situation like this just

333

00:14:04,370 --> 00:14:01,459

another report of the same

334

00:14:06,590 --> 00:14:04,380

same nature is that basically it yeah

335

00:14:08,930 --> 00:14:06,600

confirmation by other Witnesses is what

336

00:14:11,689 --> 00:14:08,940

we would be after

337

00:14:13,370 --> 00:14:11,699

oh I just listened to the to the tape

338

00:14:15,230 --> 00:14:13,380

of the conversation I had with the

339

00:14:16,790 --> 00:14:15,240

people on the ground yes

340

00:14:18,470 --> 00:14:16,800

and it was interesting

341

00:14:19,190 --> 00:14:18,480

I said it was

342

00:14:20,810 --> 00:14:19,200

White

343

00:14:23,750 --> 00:14:20,820

[Applause]

344

00:14:25,009 --> 00:14:23,760

white object and then when I went over

345

00:14:28,550 --> 00:14:25,019

and talked to the internet and

346

00:14:37,310 --> 00:14:32,210

okay and then it just for a moment at

347

00:14:42,050 --> 00:14:40,670

but I don't know you know as it got

348

00:14:44,030 --> 00:14:42,060

further away it might have appeared like

349

00:14:45,410 --> 00:14:44,040

a dark object or something it was right

350

00:14:48,470 --> 00:14:45,420

over the field that could have appeared

351
00:14:50,750 --> 00:14:48,480
white or something like that but

352
00:14:54,590 --> 00:14:52,430
really strange

353
00:14:56,750 --> 00:14:54,600
but I find interesting again is the fact

354
00:14:58,790 --> 00:14:56,760
that the guys on the ground describe

355
00:15:00,889 --> 00:14:58,800
something and then another guy in the

356
00:15:03,970 --> 00:15:00,899
airplane 35 miles away you know half

357
00:15:05,389 --> 00:15:03,980
hour later reported the same thing yeah

358
00:15:07,310 --> 00:15:05,399
[Applause]

359
00:15:09,050 --> 00:15:07,320
hmm

360
00:15:10,189 --> 00:15:09,060
well if he's glowed I would say his

361
00:15:11,310 --> 00:15:10,199
watch

362
00:15:13,310 --> 00:15:11,320
again

363
00:15:16,490 --> 00:15:13,320

[Applause]

364

00:15:20,030 --> 00:15:16,500

like I said I see returns like that yeah

365

00:15:21,889 --> 00:15:20,040

okay well I'll keep waiting hopefully

366

00:15:23,810 --> 00:15:21,899

something will happen okay we'll sure

367

00:15:25,790 --> 00:15:23,820

let you know if we get anything okay see

368

00:15:27,170 --> 00:15:25,800

you Bob thanks for calling

369

00:15:28,910 --> 00:15:27,180

yeah okay bye

370

00:15:30,410 --> 00:15:28,920

it's Bob Gribble of the UFO Reporting

371

00:15:31,610 --> 00:15:30,420

Center in Seattle hi Bob how are you

372

00:15:33,949 --> 00:15:31,620

fine

373

00:15:36,410 --> 00:15:33,959

I have a point of inquiry did you ever

374

00:15:39,829 --> 00:15:36,420

get any more input on that case in last

375

00:15:41,210 --> 00:15:39,839

August uh which one was that the one

376

00:15:43,730 --> 00:15:41,220

where the object was seen over the

377

00:15:45,230 --> 00:15:43,740

airport not a word I was

378

00:15:47,030 --> 00:15:45,240

hoping you would

379

00:15:49,970 --> 00:15:47,040

you would okay what if I haven't had a

380

00:15:52,009 --> 00:15:49,980

word at all nothing okay what about

381

00:15:53,629 --> 00:15:52,019

those Pilots the people who saw the

382

00:15:55,730 --> 00:15:53,639

thing from the aircraft did they ever

383

00:15:56,990 --> 00:15:55,740

have anything more to say he came in

384

00:16:00,410 --> 00:15:57,000

here

385

00:16:03,170 --> 00:16:00,420

when I talked to him extensively and uh

386

00:16:05,720 --> 00:16:03,180

he talked to the Chief and uh

387

00:16:05,720 --> 00:16:05,730

there was just

388

00:16:09,710 --> 00:16:07,249

[Applause]

389

00:16:11,210 --> 00:16:09,720

nothing else came of it and I'm I'm

390

00:16:14,329 --> 00:16:11,220

really kind of disappointed to tell you

391

00:16:16,970 --> 00:16:14,339

the truth I don't know why

392

00:16:18,230 --> 00:16:16,980

anything else but it just died I guess

393

00:16:20,090 --> 00:16:18,240

nobody else

394

00:16:22,910 --> 00:16:20,100

only people that I know were the adult

395

00:16:24,129 --> 00:16:22,920

people you know on the ground and a guy

396

00:16:28,069 --> 00:16:24,139

that was Airborne

397

00:16:30,829 --> 00:16:28,079

but I haven't heard anything I was sort

398

00:16:32,569 --> 00:16:30,839

of hoping over the past months that uh

399

00:16:34,610 --> 00:16:32,579

you would have had something else and

400

00:16:36,170 --> 00:16:34,620

you would have called me with it but I

401
00:16:37,970 --> 00:16:36,180
haven't heard it I haven't even talked

402
00:16:39,410 --> 00:16:37,980
to the adult people again which I'm

403
00:16:42,410 --> 00:16:39,420
probably going to walk over and take on

404
00:16:44,329 --> 00:16:42,420
I'll see if they okay well the reason

405
00:16:46,490 --> 00:16:44,339
the main reason I called is I got a

406
00:16:50,810 --> 00:16:46,500
letter from a guy in San Francisco for

407
00:16:53,030 --> 00:16:50,820
well no San Francisco area and uh for

408
00:16:56,749 --> 00:16:53,040
years he has specialized in Pilot

409
00:16:58,790 --> 00:16:56,759
sightings and he uh was inquiring he

410
00:17:01,670 --> 00:16:58,800
said have you heard anything about this

411
00:17:04,549 --> 00:17:01,680
reported setting Over Kenny was it Kenny

412
00:17:06,010 --> 00:17:04,559
bunkport yeah yes that's uh the

413
00:17:09,409 --> 00:17:06,020

president's Hideout

414

00:17:11,090 --> 00:17:09,419

and he wanted to know if I had any

415

00:17:12,949 --> 00:17:11,100

information on I thought gee that's

416

00:17:14,449 --> 00:17:12,959

strange where did he get it I don't know

417

00:17:17,870 --> 00:17:14,459

that's just it

418

00:17:20,390 --> 00:17:17,880

this was San Francisco yeah what was he

419

00:17:22,189 --> 00:17:20,400

was he a pilot uh no he used I believe

420

00:17:25,189 --> 00:17:22,199

he's retired but he used to work for

421

00:17:26,750 --> 00:17:25,199

NASA yeah down there did you ask him

422

00:17:28,370 --> 00:17:26,760

where he got his information no this was

423

00:17:30,350 --> 00:17:28,380

in letter form so I haven't had a chance

424

00:17:33,870 --> 00:17:30,360

to get back to him what's the guy's name

425

00:17:38,330 --> 00:17:35,710

[Applause]

426

00:17:40,030 --> 00:17:38,340

hold on a second I got an airplane can

427

00:17:43,630 --> 00:17:40,040

you hold on one second sure yeah

428

00:17:49,930 --> 00:17:47,029

I'm sorry yeah that's okay yeah his name

429

00:17:51,850 --> 00:17:49,940

was Richard Haynes

430

00:17:54,650 --> 00:17:51,860

h-e-i-n-e-s

431

00:17:56,210 --> 00:17:54,660

I thought maybe somebody back there had

432

00:17:56,930 --> 00:17:56,220

did some talking to the press or

433

00:18:01,630 --> 00:17:56,940

something no no

434

00:18:05,570 --> 00:18:01,640

[Applause]

435

00:18:07,130 --> 00:18:05,580

you never went that route okay no not a

436

00:18:11,190 --> 00:18:07,140

thing so you were going to send me a

437

00:18:15,470 --> 00:18:13,210

[Applause]

438

00:18:16,450 --> 00:18:15,480

[Music]

439

00:18:21,350 --> 00:18:16,460

a note here

440

00:18:23,270 --> 00:18:21,360

[Applause]

441

00:18:26,710 --> 00:18:23,280

okay

442

00:18:32,690 --> 00:18:30,130

remember that one June or July

443

00:18:33,350 --> 00:18:32,700

uh what was that again guy was on the

444

00:18:35,510 --> 00:18:33,360

road

445

00:18:36,529 --> 00:18:35,520

remember the guy was coming down 95 on

446

00:18:38,810 --> 00:18:36,539

the road

447

00:18:40,150 --> 00:18:38,820

oh yes yeah yeah he came back up here

448

00:18:43,610 --> 00:18:40,160

physically

449

00:18:44,930 --> 00:18:43,620

and uh you know I wanted to know if

450

00:18:48,710 --> 00:18:44,940

there was anything

451
00:18:52,810 --> 00:18:48,720
and I said not a word huh there's two

452
00:18:55,789 --> 00:18:52,820
right there absolutely nothing okay okay

453
00:18:57,950 --> 00:18:55,799
yeah that's pretty sensitive issue so

454
00:18:58,909 --> 00:18:57,960
okay another one about the other one

455
00:19:02,710 --> 00:18:58,919
about

456
00:19:04,850 --> 00:19:02,720
um you know you know I don't see

457
00:19:06,110 --> 00:19:04,860
I don't see any problem with that that

458
00:19:08,870 --> 00:19:06,120
was done

459
00:19:11,570 --> 00:19:08,880
as you know through the order that

460
00:19:13,370 --> 00:19:11,580
police were notified yeah you were and I

461
00:19:15,529 --> 00:19:13,380
even had the guy checked out I even

462
00:19:17,810 --> 00:19:15,539
talked to the police and had the guy

463
00:19:19,150 --> 00:19:17,820

checked out and he was okay okay he

464

00:19:22,190 --> 00:19:19,160

wasn't a cougar or anything

465

00:19:24,650 --> 00:19:22,200

so I you know that's why I called you

466

00:19:26,650 --> 00:19:24,660

with it very good the only thing that

467

00:19:30,529 --> 00:19:26,660

was out of

468

00:19:32,150 --> 00:19:30,539

you know not exactly to regulation was

469

00:19:34,610 --> 00:19:32,160

the fact that I called you yeah

470

00:19:36,049 --> 00:19:34,620

basically in the book it says we're

471

00:19:37,970 --> 00:19:36,059

supposed to furnish him with the phone

472

00:19:39,230 --> 00:19:37,980

number but what the hell he was right

473

00:19:41,750 --> 00:19:39,240

there and I said you want me to do this

474

00:19:44,450 --> 00:19:41,760

he said sure go ahead and it was just a

475

00:19:45,409 --> 00:19:44,460

matter of uh you know I I did the

476

00:19:46,510 --> 00:19:45,419

calling instead of just giving up the

477

00:19:47,930 --> 00:19:46,520

number the number yeah

478

00:19:49,310 --> 00:19:47,940

[Applause]

479

00:19:51,230 --> 00:19:49,320

that's it you know you can do anything

480

00:19:54,890 --> 00:19:51,240

with that one that you want

481

00:19:57,890 --> 00:19:54,900

those guys you know adamant as to what

482

00:20:00,230 --> 00:19:57,900

now and you know so the guys at the

483

00:20:01,789 --> 00:20:00,240

airport in Portland you get four guys

484

00:20:03,649 --> 00:20:01,799

saying all the same thing it's hard to

485

00:20:08,210 --> 00:20:03,659

believe they didn't and there wasn't

486

00:20:10,490 --> 00:20:08,220

something there right so you know but I

487

00:20:13,490 --> 00:20:10,500

know it was nothing and it was done

488

00:20:15,289 --> 00:20:13,500

things might have been done at other

489

00:20:19,390 --> 00:20:15,299

levels that I'm just absolutely not

490

00:20:22,909 --> 00:20:19,400

aware of or privy to I don't know

491

00:20:24,770 --> 00:20:22,919

wow maybe there's a possibility that uh

492

00:20:26,750 --> 00:20:24,780

some of those people on the ground or

493

00:20:28,970 --> 00:20:26,760

even that pilot and the party that was

494

00:20:30,950 --> 00:20:28,980

with him did a little bit of Gossip you

495

00:20:33,169 --> 00:20:30,960

know things were spread Word of Mouth

496

00:20:35,750 --> 00:20:33,179

maybe they did but certainly nothing

497

00:20:38,510 --> 00:20:35,760

nothing in the papers here yeah okay and

498

00:20:42,710 --> 00:20:38,520

I'm glad of it too because I you know I

499

00:20:45,049 --> 00:20:42,720

uh swore both of our friends down all

500

00:20:47,270 --> 00:20:45,059

further south here that hey you know

501
00:20:49,190 --> 00:20:47,280
they just don't need that kind of stuff

502
00:20:52,310 --> 00:20:49,200
their life is complicated enough with

503
00:20:56,690 --> 00:20:52,320
the job that yeah you bet okay I don't

504
00:20:58,190 --> 00:20:56,700
know geez I I wish God that I wish I

505
00:21:02,149 --> 00:20:58,200
knew more about these things I'm just so

506
00:21:03,830 --> 00:21:02,159
ignorant of what it has happened to date

507
00:21:05,630 --> 00:21:03,840
ever since this first started you know

508
00:21:06,649 --> 00:21:05,640
reporting these things first started why

509
00:21:08,810 --> 00:21:06,659
did the Air Force get out of the

510
00:21:10,850 --> 00:21:08,820
business just out of curiosity well I

511
00:21:12,730 --> 00:21:10,860
think they had a wildcat on their back

512
00:21:16,370 --> 00:21:12,740
and they wanted to get rid of it after

513
00:21:18,730 --> 00:21:16,380

19 or 20 years

514

00:21:23,649 --> 00:21:18,740

they've got the answers

515

00:21:28,250 --> 00:21:23,659

and not only that but from the

516

00:21:31,909 --> 00:21:28,260

good information that I have read uh the

517

00:21:33,950 --> 00:21:31,919

CIA stepped in and says hey you guys are

518

00:21:37,149 --> 00:21:33,960

not doing this the way it should be done

519

00:21:39,669 --> 00:21:37,159

you're talking too much and as of now

520

00:21:42,710 --> 00:21:39,679

just goodbye

521

00:21:45,110 --> 00:21:42,720

really yeah but I think that they were

522

00:21:49,010 --> 00:21:45,120

glad to get rid of it sure because they

523

00:21:52,070 --> 00:21:49,020

they had their big job to do and this

524

00:21:54,169 --> 00:21:52,080

was a pain in the ass yeah but how do

525

00:21:55,970 --> 00:21:54,179

they get information from now do they

526

00:21:57,529 --> 00:21:55,980

come to you for information no but they

527

00:22:00,710 --> 00:21:57,539

do give out our number

528

00:22:03,529 --> 00:22:00,720

they do yeah and we know that they are

529

00:22:05,090 --> 00:22:03,539

conducting various investigations when

530

00:22:09,230 --> 00:22:05,100

these things are seen over military

531

00:22:11,270 --> 00:22:09,240

facilities but they do it on the QT

532

00:22:12,890 --> 00:22:11,280

and when we know that they're operating

533

00:22:14,930 --> 00:22:12,900

we just don't say anything and just let

534

00:22:17,029 --> 00:22:14,940

it go with that yeah because we can

535

00:22:20,090 --> 00:22:17,039

understand their problem sure and they

536

00:22:22,430 --> 00:22:20,100

had a heck of a one too yeah

537

00:22:25,430 --> 00:22:22,440

the resources the the funds and Manpower

538

00:22:28,370 --> 00:22:25,440

that were that were probably involved

539

00:22:31,130 --> 00:22:28,380

were staggering I would think at the

540

00:22:32,270 --> 00:22:31,140

time that these things wouldn't take I

541

00:22:35,510 --> 00:22:32,280

mean it's not like you're going downtown

542

00:22:36,710 --> 00:22:35,520

to investigate some one person or

543

00:22:39,710 --> 00:22:36,720

something like that you know you're

544

00:22:41,330 --> 00:22:39,720

talking about a lot of resources a lot

545

00:22:43,789 --> 00:22:41,340

of people and time's been interviewing

546

00:22:46,190 --> 00:22:43,799

and well not only that but we had

547

00:22:49,330 --> 00:22:46,200

information that uh you know they had

548

00:22:52,010 --> 00:22:49,340

their own reporting uh

549

00:22:53,750 --> 00:22:52,020

uh centers their own for their own

550

00:22:55,310 --> 00:22:53,760

information intelligence and everything

551
00:22:57,590 --> 00:22:55,320
in their own circuits going from

552
00:23:00,169 --> 00:22:57,600
facility to facility it got to the point

553
00:23:03,610 --> 00:23:00,179
where the whole system was being clogged

554
00:23:05,149 --> 00:23:03,620
by UFO reports yeah yeah

555
00:23:12,230 --> 00:23:05,159
so

556
00:23:15,049 --> 00:23:12,240
yet not you very rarely see you know

557
00:23:16,970 --> 00:23:15,059
very really hit some papers yeah but I

558
00:23:19,190 --> 00:23:16,980
think did you get the you got that last

559
00:23:19,970 --> 00:23:19,200
copy of information we sent out didn't

560
00:23:21,590 --> 00:23:19,980
you

561
00:23:23,270 --> 00:23:21,600
which was that well there was a

562
00:23:25,970 --> 00:23:23,280
phenomena research report and then the

563
00:23:27,350 --> 00:23:25,980

UFO setting updates attached to it all

564

00:23:29,810 --> 00:23:27,360

right did you send that to me directly

565

00:23:31,730 --> 00:23:29,820

no I sent it to the tower oh I didn't

566

00:23:35,210 --> 00:23:31,740

they if they knew it was coming here

567

00:23:37,149 --> 00:23:35,220

they probably kept it for me because you

568

00:23:39,590 --> 00:23:37,159

know they think I'm a cook

569

00:23:41,269 --> 00:23:39,600

you want me to send some stuff directly

570

00:23:44,149 --> 00:23:41,279

to you oh yeah yeah if you have anything

571

00:23:45,380 --> 00:23:44,159

like that don't I mean how about to your

572

00:23:48,070 --> 00:23:45,390

home address

573

00:23:50,390 --> 00:23:48,080

[Applause]

574

00:23:52,310 --> 00:23:50,400

or you can send it to the tower but as

575

00:23:53,990 --> 00:23:52,320

long as it's just addressed to me okay

576

00:23:55,310 --> 00:23:54,000

and nobody else will open it certainly

577

00:23:57,830 --> 00:23:55,320

it's all right I'll get it in the mail

578

00:23:59,630 --> 00:23:57,840

yeah you got the address here yeah I got

579

00:24:01,669 --> 00:23:59,640

it out of your directory oh okay yeah

580

00:24:02,810 --> 00:24:01,679

that'd be super but if you had already

581

00:24:04,850 --> 00:24:02,820

sent something to me and it wasn't

582

00:24:08,690 --> 00:24:04,860

addressed specifically to me it was

583

00:24:10,430 --> 00:24:08,700

probably deep sixth so uh you know it's

584

00:24:13,850 --> 00:24:10,440

like anything else you're you're in that

585

00:24:15,710 --> 00:24:13,860

yeah I know but it's like you know when

586

00:24:18,049 --> 00:24:15,720

I called down south here and I said hey

587

00:24:20,210 --> 00:24:18,059

you guys won't believe this but you know

588

00:24:22,549 --> 00:24:20,220

I gotta call this dude because I can't

589

00:24:23,750 --> 00:24:22,559

can't take any

590

00:24:25,850 --> 00:24:23,760

chance

591

00:24:27,529 --> 00:24:25,860

and it's like you have to be kidding I

592

00:24:29,690 --> 00:24:27,539

said make do with it what you want but

593

00:24:32,649 --> 00:24:29,700

I'm making the report now here it is

594

00:24:36,289 --> 00:24:32,659

yeah so uh you know

595

00:24:37,610 --> 00:24:36,299

I don't know yeah it's funny

596

00:24:38,690 --> 00:24:37,620

it just happened

597

00:24:40,490 --> 00:24:38,700

movies

598

00:24:43,430 --> 00:24:40,500

it's always this group you know they

599

00:24:45,289 --> 00:24:43,440

think you guys it's not and then only in

600

00:24:46,970 --> 00:24:45,299

the movies they're they're proven to be

601
00:24:49,690 --> 00:24:46,980
in the you know there's always a happy

602
00:24:52,490 --> 00:24:49,700
ending yeah you know the guy's always

603
00:24:55,490 --> 00:24:52,500
Vindicated somehow but I've yet to be

604
00:24:58,310 --> 00:24:55,500
Vindicated but I think

605
00:24:59,810 --> 00:24:58,320
and I'm just doing my job the best way I

606
00:25:01,070 --> 00:24:59,820
can

607
00:25:05,210 --> 00:25:01,080
somebody looks at me a little weird

608
00:25:08,090 --> 00:25:06,409
screen reader and I don't have a crystal

609
00:25:11,690 --> 00:25:08,100
ball I can only go with the information

610
00:25:14,450 --> 00:25:11,700
as I see it right I'm certainly not in a

611
00:25:20,810 --> 00:25:14,460
habit or business or

612
00:25:22,730 --> 00:25:20,820
applying to fabricate stuff like this so

613
00:25:25,149 --> 00:25:22,740

I'd rather do it and look like a nut and

614

00:25:28,990 --> 00:25:25,159

not do it and have something happen and

615

00:25:31,430 --> 00:25:29,000

really without the rest of my account so

616

00:25:33,169 --> 00:25:31,440

okay well I'll get the stuff in the mail

617

00:25:35,570 --> 00:25:33,179

for you and if I come up with anything

618

00:25:37,070 --> 00:25:35,580

additional to that I'll let you know

619

00:25:38,870 --> 00:25:37,080

about it okay are you the only person

620

00:25:40,789 --> 00:25:38,880

that may answer this place no there's

621

00:25:42,110 --> 00:25:40,799

two of us yeah because every time I call

622

00:25:44,750 --> 00:25:42,120

out there you're the only one working

623

00:25:47,210 --> 00:25:44,760

yeah well I'm retired so I got lots of

624

00:25:49,250 --> 00:25:47,220

time oh I see okay

625

00:25:51,529 --> 00:25:49,260

uh just one question did the military

626

00:25:55,090 --> 00:25:51,539

ask you for information

627

00:26:00,529 --> 00:25:57,710

occasionally it isn't something that

628

00:26:03,110 --> 00:26:00,539

happens all the time oh really but uh we

629

00:26:05,750 --> 00:26:03,120

do get calls here from military bases

630

00:26:09,289 --> 00:26:05,760

giving us information and reference to

631

00:26:11,030 --> 00:26:09,299

names and phone numbers and they do pass

632

00:26:13,070 --> 00:26:11,040

out our number frequently

633

00:26:14,690 --> 00:26:13,080

[Applause]

634

00:26:16,430 --> 00:26:14,700

music

635

00:26:20,710 --> 00:26:16,440

in practice we got about the same

636

00:26:24,110 --> 00:26:20,720

coverage with the weather service and uh

637

00:26:25,730 --> 00:26:24,120

well all the military-based Army Navy

638

00:26:27,770 --> 00:26:25,740

Coast Guard and whatever

639

00:26:29,269 --> 00:26:27,780

[Applause]

640

00:26:31,070 --> 00:26:29,279

[Music]

641

00:26:33,409 --> 00:26:31,080

well if I find anything more I'll

642

00:26:35,149 --> 00:26:33,419

certainly not get this stuff in email to

643

00:26:37,130 --> 00:26:35,159

him but uh do you find anything don't

644

00:26:39,289 --> 00:26:37,140

don't hesitate to give me a call it sure

645

00:26:40,850 --> 00:26:39,299

will I'm sure interested matter of fact

646

00:26:43,310 --> 00:26:40,860

maybe I'll walk over and talk to these

647

00:26:46,870 --> 00:26:43,320

guys ever done again with next week or

648

00:26:50,149 --> 00:26:46,880

so I'm just you know those around and

649

00:26:52,909 --> 00:26:50,159

see if they still adhere to their story

650

00:26:54,289 --> 00:26:52,919

basically okay I'll tell you what I want

651
00:26:56,570 --> 00:26:54,299
to do I'm going to also send you some

652
00:26:58,909 --> 00:26:56,580
back issues of this stuff yeah you'll

653
00:27:01,669 --> 00:26:58,919
find that very very informative I I will

654
00:27:02,950 --> 00:27:01,679
I'm sure we will because I'll be the

655
00:27:06,289 --> 00:27:02,960
first to admit up

656
00:27:08,390 --> 00:27:06,299
hey my knowledge of that is ahead of the

657
00:27:11,630 --> 00:27:08,400
movies and I'm sure it's not real

658
00:27:18,049 --> 00:27:14,090
get information as it as it really is

659
00:27:20,389 --> 00:27:18,059
and you know okay thanks very much I
