

1  
00:00:10,470 --> 00:00:07,590  
well the

2  
00:00:12,070 --> 00:00:10,480  
the object was uh liking under a cross

3  
00:00:15,270 --> 00:00:12,080  
council willie just

4  
00:00:19,269 --> 00:00:15,280  
said here we go then and we drove off

5  
00:00:19,279 --> 00:00:22,950  
we're traveling very fast

6  
00:00:28,390 --> 00:00:25,670  
um no no sign that i heard at all it was

7  
00:00:30,310 --> 00:00:28,400  
um there was no outside noise apart from

8  
00:00:32,150 --> 00:00:30,320  
the noise of the car itself the

9  
00:00:33,830 --> 00:00:32,160  
acceleration the acceleration away from

10  
00:00:36,310 --> 00:00:33,840  
us was terrific

11  
00:00:37,510 --> 00:00:36,320  
so really we didn't get under it to hear

12  
00:00:40,549 --> 00:00:37,520  
any sound

13  
00:00:42,229 --> 00:00:40,559

so it was just in front of us

14

00:00:44,389 --> 00:00:42,239

there was no question whatsoever that

15

00:00:46,150 --> 00:00:44,399

them

16

00:00:47,910 --> 00:00:46,160

this was a pigment in the imagination it

17

00:00:50,229 --> 00:00:47,920

was it was definitely there it was

18

00:00:53,270 --> 00:00:50,239

definitely either mined

19

00:00:55,270 --> 00:00:53,280

by some sort of being or remotely
