

1
00:00:10,730 --> 00:00:08,089
thank you

2
00:00:14,810 --> 00:00:10,740
go ahead how you doing yes sir this is

3
00:00:20,150 --> 00:00:14,820
Austin Newman PD yes sir California and

4
00:00:20,160 --> 00:00:23,210
okay brother

5
00:00:27,710 --> 00:00:25,310
you know back here is about three in the

6
00:00:30,950 --> 00:00:27,720
morning great and uh

7
00:00:34,190 --> 00:00:30,960
we noticed light to our East

8
00:00:35,990 --> 00:00:34,200
and it was uh just hovering over a field

9
00:00:38,270 --> 00:00:36,000
about 500 feet

10
00:00:40,250 --> 00:00:38,280
and we were about 60 feet away and we

11
00:00:41,750 --> 00:00:40,260
had to go around the block and by the

12
00:00:43,490 --> 00:00:41,760
time we came on the Block he started

13
00:00:45,470 --> 00:00:43,500

moving

14

00:00:48,950 --> 00:00:45,480
and uh you know he just he just

15

00:00:52,610 --> 00:00:50,410
okay

16

00:00:55,369 --> 00:00:52,620
and then that's all you could see was

17

00:00:57,049 --> 00:00:55,379
the lights that's it it had uh two red

18

00:00:59,750 --> 00:00:57,059
lights and one blue light was in the

19

00:01:01,130 --> 00:00:59,760
Triangular type shape let's see and it

20

00:01:03,830 --> 00:01:01,140
took off at speed that you can't believe

21

00:01:06,050 --> 00:01:03,840
we we chased it and it just vanished

22

00:01:08,870 --> 00:01:06,060
before we could even run another corner

23

00:01:10,190 --> 00:01:08,880
and uh I spent 20 years in service 14

24

00:01:12,050 --> 00:01:10,200
the Air Force and never seen it to move

25

00:01:13,789 --> 00:01:12,060
so fast in my life

26

00:01:14,870 --> 00:01:13,799

and it's unbelievable we read your

27

00:01:16,850 --> 00:01:14,880

reports and I said well maybe we ought

28

00:01:19,190 --> 00:01:16,860

to report it I don't know

29

00:01:21,950 --> 00:01:19,200

but it uh I've never believed it

30

00:01:24,770 --> 00:01:21,960

until now because this thing was just it

31

00:01:26,990 --> 00:01:24,780

just fascinates me to no ends okay now

32

00:01:28,910 --> 00:01:27,000

were these lights absolutely stationary

33

00:01:31,069 --> 00:01:28,920

yeah I was absolutely stationary my

34

00:01:32,990 --> 00:01:31,079

partner uh the one on the headliner he

35

00:01:33,950 --> 00:01:33,000

said that uh hey what's that red and

36

00:01:35,510 --> 00:01:33,960

blue light out there and I saw somebody

37

00:01:38,210 --> 00:01:35,520

must put up a new antenna let's go check

38

00:01:40,429 --> 00:01:38,220

it out and it was just actually this on

39

00:01:43,550 --> 00:01:40,439

the street that I live on and we went oh

40

00:01:44,569 --> 00:01:43,560

what is that about 50 60 feet yeah and

41

00:01:46,550 --> 00:01:44,579

uh

42

00:01:47,810 --> 00:01:46,560

started moving and I suppose hey that

43

00:01:49,370 --> 00:01:47,820

damn thing's moving and we took off

44

00:01:51,530 --> 00:01:49,380

around the corner and as we Round the

45

00:01:54,469 --> 00:01:51,540

Corner we seen it go and we went for

46

00:01:56,149 --> 00:01:54,479

soup for maybe about two miles and it it

47

00:01:57,649 --> 00:01:56,159

just plane disappeared and it was

48

00:01:59,510 --> 00:01:57,659

absolutely no sound it was just

49

00:02:01,130 --> 00:01:59,520

fantastic

50

00:02:02,389 --> 00:02:01,140

so I said well maybe we've been reported

51
00:02:04,609 --> 00:02:02,399
they'll think we're nuts we'll report it

52
00:02:07,990 --> 00:02:04,619
anyway okay what time do you spot that

53
00:02:11,270 --> 00:02:08,000
at about two let's see

54
00:02:13,070 --> 00:02:11,280
two twenty about about 220 I'd say yeah

55
00:02:15,770 --> 00:02:13,080
okay

56
00:02:18,890 --> 00:02:15,780
and it headed uh Southeast

57
00:02:22,610 --> 00:02:18,900
out of the eye area okay we're in the

58
00:02:27,949 --> 00:02:24,949
okay I'd like to get to your names

59
00:02:31,190 --> 00:02:29,690
we even cut off the headlights of our

60
00:02:32,869 --> 00:02:31,200
units because I told myself down so much

61
00:02:34,369 --> 00:02:32,879
I want to take a look at it and it was

62
00:02:39,589 --> 00:02:34,379
just

63
00:02:41,750 --> 00:02:39,599

subscribe it it's unbelievable

64

00:02:43,430 --> 00:02:41,760

this thing was on the move when you saw

65

00:02:45,229 --> 00:02:43,440

it actually disappear

66

00:02:47,270 --> 00:02:45,239

when it disappeared it was stopped when

67

00:02:49,490 --> 00:02:47,280

we saw it right right hanging there

68

00:02:50,809 --> 00:02:49,500

about five six hundred feet up right and

69

00:02:54,170 --> 00:02:50,819

like I said we thought somebody's

70

00:02:58,250 --> 00:02:54,180

erected a new antenna and uh and as we

71

00:02:59,570 --> 00:02:58,260

came around uh far off of Amy drive onto

72

00:03:11,449 --> 00:02:59,580

uh

73

00:03:13,369 --> 00:03:11,459

hey that damn thing's starting to move

74

00:03:15,589 --> 00:03:13,379

and we rounded which is just a very

75

00:03:17,809 --> 00:03:15,599

short distance maybe 50 60 feet around

76
00:03:19,910 --> 00:03:17,819
the corner there and as we round the car

77
00:03:22,369 --> 00:03:19,920
you've let this it took off and uh we

78
00:03:24,530 --> 00:03:22,379
went after it and and I told my partner

79
00:03:26,750 --> 00:03:24,540
he had a dose of Lights because I want

80
00:03:28,850 --> 00:03:26,760
to see it and it it just disappeared to

81
00:03:31,789 --> 00:03:28,860
saw beef like you wouldn't believe

82
00:03:34,009 --> 00:03:31,799
it's okay fascinating do you have any

83
00:03:37,850 --> 00:03:34,019
estimate of how far apart those lights

84
00:03:38,990 --> 00:03:37,860
were uh positioned well just from what

85
00:03:41,809 --> 00:03:39,000
we're looking at actually we're looking

86
00:03:44,630 --> 00:03:41,819
at some slimy diet I'd say

87
00:03:46,670 --> 00:03:44,640
about 20 30 feet yeah

88
00:03:49,970 --> 00:03:46,680

and it was triangular shape type thing

89

00:03:51,289 --> 00:03:49,980

okay the PG E power company is right

90

00:03:52,729 --> 00:03:51,299

behind it right where it was at there's

91

00:03:55,550 --> 00:03:52,739

a great big field

92

00:03:57,229 --> 00:03:55,560

where it was hang it over and then just

93

00:03:58,429 --> 00:03:57,239

at the end that I feel the PG&E power

94

00:04:00,410 --> 00:03:58,439

company so I thought maybe they bring

95

00:04:02,809 --> 00:04:00,420

the new Beacon up there for the aircraft

96

00:04:04,910 --> 00:04:02,819

from a little field here but as soon as

97

00:04:06,170 --> 00:04:04,920

absolutely no sound the wind is local we

98

00:04:07,910 --> 00:04:06,180

just dropped the sergeant off absolutely

99

00:04:09,710 --> 00:04:07,920

no sound at all and that sounds vicious

100

00:04:11,929 --> 00:04:09,720

took off like

101
00:04:14,570 --> 00:04:11,939
I can't believe okay now would that be a

102
00:04:19,310 --> 00:04:14,580
power plant generating plant yeah right

103
00:04:22,909 --> 00:04:21,229
okay did you have it that controls the

104
00:04:24,650 --> 00:04:22,919
power Just Fall there you don't yeah PG

105
00:04:26,650 --> 00:04:24,660
needs right there did you have any

106
00:04:30,230 --> 00:04:26,660
problems with your vehicle or radio

107
00:04:31,850 --> 00:04:30,240
during that period ah damn it was so

108
00:04:33,530 --> 00:04:31,860
damn fascinated I didn't even notice the

109
00:04:36,050 --> 00:04:33,540
radio did you I didn't either

110
00:04:38,870 --> 00:04:36,060
I just couldn't take my eyes off this

111
00:04:40,550 --> 00:04:38,880
thing okay

112
00:04:41,990 --> 00:04:40,560
wait a minute dispatch is so much stuff

113
00:04:46,749 --> 00:04:42,000

what'd you say babe

114

00:04:46,759 --> 00:04:53,570

what was you saying about

115

00:04:59,629 --> 00:04:55,370

that was before that everyone coming

116

00:05:04,070 --> 00:05:01,670

damn I dispatch it says we ran a check

117

00:05:05,570 --> 00:05:04,080

to just about that same time I saw the

118

00:05:07,070 --> 00:05:05,580

after and uh we had to repeat it you

119

00:05:09,050 --> 00:05:07,080

could have copied here but

120

00:05:10,310 --> 00:05:09,060

I don't know it's just that was just so

121

00:05:14,029 --> 00:05:10,320

fascinating this thing I want to chase

122

00:05:16,070 --> 00:05:14,039

it but it's hell no way okay

123

00:05:19,850 --> 00:05:16,080

now is that within the City of Modesto

124

00:05:22,850 --> 00:05:19,860

no I uh it's the city of Newman Newman

125

00:05:24,469 --> 00:05:22,860

okay 20.7 miles south of Modesto okay

126

00:05:27,409 --> 00:05:24,479

Southwest I mean that's something okay

127

00:05:29,390 --> 00:05:27,419

we're right off of I-5

128

00:05:33,230 --> 00:05:29,400

okay gentleman well we sure appreciate

129

00:05:34,790 --> 00:05:33,240

you reporting this okay we'll uh check

130

00:05:36,290 --> 00:05:34,800

this out and if we come up with any

131

00:05:37,430 --> 00:05:36,300

additional information on it while I

132

00:05:39,290 --> 00:05:37,440

will get back to you and let you know

133

00:05:41,629 --> 00:05:39,300

yeah we went after all we had a little

134

00:05:43,070 --> 00:05:41,639

small Runway out here and uh we went out

135

00:05:44,570 --> 00:05:43,080

there and I told you let me check make

136

00:05:45,890 --> 00:05:44,580

sure somebody's flying around we would

137

00:05:46,909 --> 00:05:45,900

have heard noise of course like I say

138

00:05:48,350 --> 00:05:46,919

this thing was

139

00:05:49,550 --> 00:05:48,360

there's definitely stopped there's no

140

00:05:51,529 --> 00:05:49,560

two ways about it

141

00:05:52,790 --> 00:05:51,539

and they said all the years I spent

142

00:05:55,730 --> 00:05:52,800

myself and there was anything to move

143

00:05:57,230 --> 00:05:55,740

like it so did it leave any Trail or

144

00:06:01,309 --> 00:05:57,240

anything that once you when it went away

145

00:06:02,870 --> 00:06:01,319

uh not that I noticed uh I was just so

146

00:06:04,790 --> 00:06:02,880

damn anxious to get my partner to get

147

00:06:05,689 --> 00:06:04,800

going so I could get a good look at it

148

00:06:08,689 --> 00:06:05,699

but

149

00:06:11,330 --> 00:06:08,699

uh it just disappears so fast it's
