

11¹⁵ PM Thursday 22nd 1976
C.P. Tuttle Hill Quarry.

1
00:00:08,450 --> 00:00:03,290
I was just about to make this left turn

2
00:00:12,169 --> 00:00:08,460
when I noticed this large ball of flame

3
00:00:14,509 --> 00:00:12,179
it was almost upon me I I had highly

4
00:00:17,750 --> 00:00:14,519
time to think but it looked like it was

5
00:00:19,550 --> 00:00:17,760
coming right straight at me

6
00:00:22,730 --> 00:00:19,560
I say it was the size of a football

7
00:00:26,810 --> 00:00:22,740
field looked like a cigar it wasn't

8
00:00:29,689 --> 00:00:26,820
pointed onions it was rounded on hands

9
00:00:34,370 --> 00:00:29,699
and then when it did move

10
00:00:37,729 --> 00:00:34,380
that much real Sharp 90 degree angle

11
00:00:39,709 --> 00:00:37,739
when it clerged and took off I don't

12
00:00:41,869 --> 00:00:39,719
think I ever been able to more than Snap
