

1
00:00:02,750 --> 00:00:01,850
other more incredible things are

2
00:00:05,269 --> 00:00:02,760
happening

3
00:00:07,369 --> 00:00:05,279
during a single year for instance nearly

4
00:00:09,770 --> 00:00:07,379
ten thousand head of farmers livestock

5
00:00:11,950 --> 00:00:09,780
have been mutilated in an area from

6
00:00:14,870 --> 00:00:11,960
Texas to Eastern Oregon and Washington

7
00:00:18,470 --> 00:00:14,880
police and agricultural scientists alike

8
00:00:20,510 --> 00:00:18,480
are helpless no flying predator exists

9
00:00:22,790 --> 00:00:20,520
which mutilates an animal's tender parts

10
00:00:27,170 --> 00:00:22,800
or swallows it up completely leaving

11
00:00:34,209 --> 00:00:29,929
UFOs can be blamed says the University

12
00:00:39,650 --> 00:00:37,310
there is now striking evidence that the

13
00:00:42,470 --> 00:00:39,660

cause is not a configured UFO

14

00:00:48,170 --> 00:00:42,480

spacecraft but what is mistaken for a

15

00:00:54,110 --> 00:00:51,889

invisible flying predators

16

00:00:56,689 --> 00:00:54,120

which can be photographed with the aid

17

00:00:59,689 --> 00:00:56,699

of an UltraViolet filter 18a and

18

00:01:02,209 --> 00:00:59,699

ecta-color film

19

00:01:05,570 --> 00:01:02,219

this was first accomplished by Trevor

20

00:01:08,270 --> 00:01:05,580

James Constable a UFO researcher for a

21

00:01:10,429 --> 00:01:08,280

quarter of a century constable in

22

00:01:13,310 --> 00:01:10,439

Southern California builds equipment

23

00:01:16,789 --> 00:01:13,320

which gathers Oregon energy or etheric

24

00:01:18,410 --> 00:01:16,799

or biological energy years ago he noted

25

00:01:22,190 --> 00:01:18,420

that his energy Gathering devices

26

00:01:25,249 --> 00:01:22,200

attracted invisible Critters

27

00:01:27,109 --> 00:01:25,259

he also photographed them at 35

28

00:01:29,450 --> 00:01:27,119

000 feet through an UltraViolet filter

29

00:01:32,060 --> 00:01:29,460

near a commercial jet

30

00:01:33,890 --> 00:01:32,070

they were invisible to the pilot

31

00:01:37,190 --> 00:01:33,900

[Music]

32

00:01:38,990 --> 00:01:37,200

this is an artist drawing by Don Dixon a

33

00:01:41,450 --> 00:01:39,000

one of the frames of the research

34

00:01:43,010 --> 00:01:41,460

cameras film showing the invisible

35

00:01:45,230 --> 00:01:43,020

flying critter

36

00:01:47,990 --> 00:01:45,240

apparently the Predator sought by

37

00:01:51,649 --> 00:01:48,000

farmers and County Sheriffs Nationwide

38

00:01:55,789 --> 00:01:51,659

is the animal killer

39

00:01:58,490 --> 00:01:55,799

the invisible flying predator

40

00:02:00,230 --> 00:01:58,500

there seems no other explanation of what

41

00:02:04,249 --> 00:02:00,240

has happened to the thousands of

42

00:02:08,930 --> 00:02:06,709

once again a new scientific door is

43

00:02:11,690 --> 00:02:08,940

opened and through it we see invisible

44

00:02:14,150 --> 00:02:11,700

animals which can fly by degravitating

45

00:02:16,190 --> 00:02:14,160

themselves and which seem to live off

46

00:02:18,290 --> 00:02:16,200

the biological energy of other

47

00:02:20,630 --> 00:02:18,300

land-bound animals

48

00:02:24,229 --> 00:02:20,640

that may or may not have any connection

49

00:02:26,570 --> 00:02:24,239

with the spacecraft UFOs but it seems

50

00:02:29,990 --> 00:02:26,580

they have been mistaken for configurated

51
00:02:32,690 --> 00:02:30,000
UFOs with their humanoid crewmen bound

52
00:02:35,690 --> 00:02:32,700
on their separate mission of the study

53
00:02:39,050 --> 00:02:35,700
of the Earth's inhabitants by means of

54
00:02:42,589 --> 00:02:39,060
kidnappings and Sample Gathering of

55
00:02:43,450 --> 00:02:42,599
Earth man's devices
