flying saucers — serious business

An Authoritative Personal Report on
UFOs by the Famous Author-Lecturer
Who Wrote the Best-Selling Book.

1
00:00:05,210 --> 00:00:02,510
how real are the flying saucers

2
00:00:09,470 --> 00:00:05,220
officially called unidentified flying

3
00:00:11,030 --> 00:00:09,480
objects on December 24 1959 the

4
00:00:13,850 --> 00:00:11,040
Inspector General of the Air Force

5
00:00:16,970 --> 00:00:13,860
notified all Air Base commanders that

6
00:00:18,830 --> 00:00:16,980
flying saucers are a serious problem

7
00:00:21,410 --> 00:00:18,840
the government of the United States has

8
00:00:24,470 --> 00:00:21,420
issued orders advising the military how

9
00:00:27,410 --> 00:00:24,480
to recognize the UFOs how to report them

10
00:00:30,109 --> 00:00:27,420
and how to handle fragments of them

11
00:00:32,870 --> 00:00:30,119
are the flying saucers really solid

12
00:00:34,850 --> 00:00:32,880
objects the Canadian government says it

13
00:00:37,670 --> 00:00:34,860

has borrowed pieces of flying saucers

14

00:00:40,069 --> 00:00:37,680

from the U.S Air Force the government of

15

00:00:42,470 --> 00:00:40,079

Brazil collected several ounces of tin

16

00:00:43,910 --> 00:00:42,480

which dripped from a UFO onto the city

17

00:00:46,569 --> 00:00:43,920

of Campinas

18

00:00:50,209 --> 00:00:46,579

the Norwegian government reported in

19

00:00:53,990 --> 00:00:50,219

1952 that it had located and recovered

20

00:00:57,650 --> 00:00:54,000

the outer shell of a UFO which it said

21

00:01:00,049 --> 00:00:57,660

was certainly not made on this Earth

22

00:01:02,389 --> 00:01:00,059

slowly but surely the irrefutable facts

23

00:01:05,030 --> 00:01:02,399

about UFOs have filtered through the

24

00:01:07,910 --> 00:01:05,040

veil of censorship in this and other

25

00:01:10,010 --> 00:01:07,920

countries slowly but surely the nature

26
00:01:13,490 --> 00:01:10,020
and extent of this remarkable phenomenon

27
00:01:15,590 --> 00:01:13,500
has become public knowledge by patiently

28
00:01:18,469 --> 00:01:15,600
piecing together these bits of evidence

29
00:01:20,330 --> 00:01:18,479
as they become available by carefully

30
00:01:22,550 --> 00:01:20,340
weighing the guarded statements of

31
00:01:25,010 --> 00:01:22,560
scientists and Military agencies

32
00:01:27,950 --> 00:01:25,020
involved in the study of unidentified

33
00:01:30,770 --> 00:01:27,960
flying objects we shall see that they

34
00:01:33,770 --> 00:01:30,780
are indeed serious business

35
00:01:36,050 --> 00:01:33,780
what should we do about them what can we

36
00:01:38,510 --> 00:01:36,060
do about them let us consider the case

37
00:01:40,910 --> 00:01:38,520
of the Argentine Naval transport the

38
00:01:43,010 --> 00:01:40,920

Punta Medanos which was making its way

39

00:01:47,149 --> 00:01:43,020

across the South Atlantic near the

40

00:01:49,730 --> 00:01:47,159

Falkland Islands in September of 1963.

41

00:01:51,530 --> 00:01:49,740

an enormous craft of unknown type and

42

00:01:54,170 --> 00:01:51,540

origin approached the naval transport

43

00:01:56,210 --> 00:01:54,180

from a Stern the officers of the

44

00:01:59,929 --> 00:01:56,220

transport estimated that the object was

45

00:02:02,929 --> 00:01:59,939

about 800 feet in diameter it was gray

46

00:02:05,450 --> 00:02:02,939

in color like dull aluminum and in shape

47

00:02:08,510 --> 00:02:05,460

it resembled two huge soup bowls placed

48

00:02:11,630 --> 00:02:08,520

together rim to rim as the strange craft

49

00:02:14,030 --> 00:02:11,640

approached slowly and silently and about

50

00:02:16,729 --> 00:02:14,040

a hundred feet above the sea the Punta

51
00:02:18,710 --> 00:02:16,739
madanos Compass gyrated wildly the

52
00:02:20,990 --> 00:02:18,720
Lights Went Out the intercommunication

53
00:02:23,270 --> 00:02:21,000
system went dead the radar and radio

54
00:02:24,890 --> 00:02:23,280
ceased to function the ship was

55
00:02:27,050 --> 00:02:24,900
virtually helpless

56
00:02:29,270 --> 00:02:27,060
for 20 minutes this state of affairs

57
00:02:31,369 --> 00:02:29,280
continued and then the strange aerial

58
00:02:34,369 --> 00:02:31,379
craft rose ponderously into the heavens

59
00:02:35,750 --> 00:02:34,379
and vanished as mysteriously as it had

60
00:02:38,210 --> 00:02:35,760
come

61
00:02:40,369 --> 00:02:38,220
this is not an unusual case Let It Be

62
00:02:43,729 --> 00:02:40,379
noted the secretary of the Argentine

63
00:02:47,390 --> 00:02:43,739

Navy says this was but one of 13 such

64

00:02:49,670 --> 00:02:47,400
cases in which giant UFOs had interfered

65

00:02:54,830 --> 00:02:49,680
with the operation of Argentine Naval

66

00:02:59,710 --> 00:02:57,650
hostility in their actions but there was

67

00:03:02,390 --> 00:02:59,720
unquestionably a powerful

68

00:03:05,990 --> 00:03:02,400
electromagnetic field which overwhelmed

69

00:03:08,570 --> 00:03:06,000
man-made gear while the UFOs were near

70

00:03:10,850 --> 00:03:08,580
the captain of the Punta madanos found

71

00:03:13,309 --> 00:03:10,860
that he could do nothing while his

72

00:03:16,190 --> 00:03:13,319
vessel was within the field of the giant

73

00:03:18,770 --> 00:03:16,200
UFO it was an experience that has been

74

00:03:20,809 --> 00:03:18,780
shared by many persons in the air on the

75

00:03:23,509 --> 00:03:20,819
ground and at sea

76
00:03:26,210 --> 00:03:23,519
the captain of the Punta madanos was as

77
00:03:28,670 --> 00:03:26,220
helpless as for instance our own

78
00:03:30,649 --> 00:03:28,680
astronaut major Gordon Cooper as major

79
00:03:33,830 --> 00:03:30,659
Cooper was making his final orbit of the

80
00:03:36,949 --> 00:03:33,840
Earth in May of 1963 he was approaching

81
00:03:38,750 --> 00:03:36,959
Perth Australia at night suddenly major

82
00:03:41,630 --> 00:03:38,760
Cooper radioed down to the tracking

83
00:03:44,509 --> 00:03:41,640
station that he was being approached by

84
00:03:47,750 --> 00:03:44,519
a greenish glowing disc with a faint red

85
00:03:51,190 --> 00:03:47,760
glow on one side it was traveling east

86
00:03:53,630 --> 00:03:51,200
to west which no man-made satellite does

87
00:03:55,970 --> 00:03:53,640
200 persons at the tracking station

88
00:03:58,430 --> 00:03:55,980

watched the object on the gear there

89

00:04:00,229 --> 00:03:58,440

they saw it approach Cooper then it

90

00:04:03,229 --> 00:04:00,239

veered away from him and sped on out

91

00:04:06,289 --> 00:04:03,239

into space it was only the first of many

92

00:04:08,869 --> 00:04:06,299

such cases every American astronaut

93

00:04:11,330 --> 00:04:08,879

since Gordon Cooper has also been

94

00:04:14,270 --> 00:04:11,340

approached by unidentified flying

95

00:04:17,150 --> 00:04:14,280

objects and each time the UFOs come

96

00:04:20,990 --> 00:04:17,160

closer to the astronauts and each time

97

00:04:23,150 --> 00:04:21,000

they remain a little longer in 1965

98

00:04:25,490 --> 00:04:23,160

major Edward McDevitt photographed one

99

00:04:27,590 --> 00:04:25,500

of these objects near the capsule in

100

00:04:30,230 --> 00:04:27,600

which he was orbiting the Earth over the

101
00:04:32,150 --> 00:04:30,240
Pacific Ocean and the photograph as

102
00:04:34,909 --> 00:04:32,160
released by The National Aeronautics and

103
00:04:37,730 --> 00:04:34,919
Space Administration clearly shows a

104
00:04:41,270 --> 00:04:37,740
bright egg-shaped thing which leaves a

105
00:04:43,370 --> 00:04:41,280
visible trail from its propulsion system

106
00:04:46,370 --> 00:04:43,380
the astronauts have all been approached

107
00:04:48,710 --> 00:04:46,380
by UFOs one of our surveyor shots to the

108
00:04:51,350 --> 00:04:48,720
moon was followed by UFOs according to

109
00:04:53,350 --> 00:04:51,360
NASA these things have caused power

110
00:04:55,310 --> 00:04:53,360
blackouts by official admission

111
00:04:57,590 --> 00:04:55,320
individuals have been burned by

112
00:05:00,469 --> 00:04:57,600
radiation when they got too close to

113
00:05:02,689 --> 00:05:00,479

UFOs and mid-air collisions with Planes

114

00:05:05,689 --> 00:05:02,699

full of passengers and near collisions

115

00:05:08,210 --> 00:05:05,699

as well can also be found in the reports

116

00:05:11,090 --> 00:05:08,220

around the world these incidents are but

117

00:05:13,490 --> 00:05:11,100

a small part of the worldwide story of

118

00:05:16,550 --> 00:05:13,500

what we officially call unidentified

119

00:05:18,890 --> 00:05:16,560

flying objects in their early form they

120

00:05:21,890 --> 00:05:18,900

were called flying saucers which they

121

00:05:23,930 --> 00:05:21,900

did resemble in flight but as the old

122

00:05:26,330 --> 00:05:23,940

saucer or disc shaped types were

123

00:05:29,090 --> 00:05:26,340

gradually replaced by more sophisticated

124

00:05:31,610 --> 00:05:29,100

models the term unidentified flying

125

00:05:34,909 --> 00:05:31,620

object was officially adopted it could

126

00:05:37,430 --> 00:05:34,919

and did include all types of craft and

127

00:05:40,670 --> 00:05:37,440

objects and the objects themselves did

128

00:05:42,730 --> 00:05:40,680

and still do constitute a major problem

129

00:05:45,529 --> 00:05:42,740

for the governor of the United States

130

00:05:48,409 --> 00:05:45,539

and of many other nations around the

131

00:05:54,770 --> 00:05:48,419

world including Russia which was first

132

00:06:02,210 --> 00:05:58,850

in May of 1946 residents of Northwestern

133

00:06:04,370 --> 00:06:02,220

Russia Norway Sweden Finland and Denmark

134

00:06:06,890 --> 00:06:04,380

were startled by a race of

135

00:06:09,409 --> 00:06:06,900

unconventional objects which darted

136

00:06:11,390 --> 00:06:09,419

about in the skies at first these things

137

00:06:14,150 --> 00:06:11,400

were referred to in the news dispatches

138

00:06:16,310 --> 00:06:14,160

as ghost Rockets but it soon became

139

00:06:19,310 --> 00:06:16,320

evident that they were certainly not

140

00:06:22,070 --> 00:06:19,320

Rockets they changed Direction they were

141

00:06:24,590 --> 00:06:22,080

seen to hover they were silent and they

142

00:06:26,809 --> 00:06:24,600

left no rocket Trail and when the Jets

143

00:06:29,570 --> 00:06:26,819

were set up after them the thing simply

144

00:06:31,730 --> 00:06:29,580

zipped away at Fantastic speed and left

145

00:06:36,350 --> 00:06:31,740

the Jets far behind

146

00:06:39,770 --> 00:06:36,360

that was in May of 1946. it was just one

147

00:06:41,390 --> 00:06:39,780

year after man had exploded his first

148

00:06:43,550 --> 00:06:41,400

atomic device

149

00:06:45,950 --> 00:06:43,560

was there any relationship between those

150

00:06:48,890 --> 00:06:45,960

two historic events or was it pure

151

00:06:50,629 --> 00:06:48,900

coincidence did the Flesh and the

152

00:06:53,029 --> 00:06:50,639

powerful radiation of those atomic

153

00:06:56,749 --> 00:06:53,039

explosions attract the attention of

154

00:07:01,670 --> 00:06:56,759

something or somebody out there in space

155

00:07:03,830 --> 00:07:01,680

if so who or what and from where

156

00:07:05,870 --> 00:07:03,840

scientists and military men were still

157

00:07:08,990 --> 00:07:05,880

pondering those questions in the late

158

00:07:10,430 --> 00:07:09,000

summer of 1946 when the weird objects

159

00:07:14,390 --> 00:07:10,440

vanished as suddenly as they had

160

00:07:15,950 --> 00:07:14,400

appeared in June of 1947 they were back

161

00:07:17,510 --> 00:07:15,960

this time they were over the

162

00:07:19,790 --> 00:07:17,520

Northwestern part of the continental

163

00:07:22,129 --> 00:07:19,800

United States first there was only a

164

00:07:24,890 --> 00:07:22,139

handful of them but their numbers grew

165

00:07:27,050 --> 00:07:24,900

rapidly and their activities expanded a

166

00:07:28,550 --> 00:07:27,060

study of their actions led to the

167

00:07:31,249 --> 00:07:28,560

conclusion that they were definitely

168

00:07:34,309 --> 00:07:31,259

interested in the capabilities of our

169

00:07:36,350 --> 00:07:34,319

various Vehicles they paced our planes

170

00:07:39,469 --> 00:07:36,360

and our trains and our Automobiles and

171

00:07:40,969 --> 00:07:39,479

our ships and our submarines one of them

172

00:07:43,010 --> 00:07:40,979

appears to have been involved in a

173

00:07:46,070 --> 00:07:43,020

bizarre incident which is a matter of

174

00:07:49,249 --> 00:07:46,080

record with the United States Navy this

175

00:07:51,589 --> 00:07:49,259

occurred in the summer of 1947 when the

176
00:07:52,730 --> 00:07:51,599
battleship New York was on patrol in the

177
00:07:54,890 --> 00:07:52,740
North Pacific

178
00:07:56,469 --> 00:07:54,900
the gear picked up an object which

179
00:07:59,629 --> 00:07:56,479
seemed to be following the battleship

180
00:08:01,370 --> 00:07:59,639
presently as the skies cleared the

181
00:08:03,409 --> 00:08:01,380
object could be seen with a naked eye

182
00:08:06,290 --> 00:08:03,419
and could be examined through binoculars

183
00:08:09,170 --> 00:08:06,300
it was some kind of faintly glowing disc

184
00:08:11,990 --> 00:08:09,180
or spherical thing moving in the same

185
00:08:14,450 --> 00:08:12,000
direction and at about the same speed as

186
00:08:16,730 --> 00:08:14,460
the battleship the radar had it for

187
00:08:19,430 --> 00:08:16,740
several hours as did the rangefinders

188
00:08:21,950 --> 00:08:19,440

for the guns at length when the thing

189

00:08:24,050 --> 00:08:21,960

could still be seen the next morning the

190

00:08:26,450 --> 00:08:24,060

battleship opened fire first with the

191

00:08:28,309 --> 00:08:26,460

five-inch guns later with the big

192

00:08:30,950 --> 00:08:28,319

14-inch rifles

193

00:08:33,529 --> 00:08:30,960

when this cannon Aid was finished the

194

00:08:35,389 --> 00:08:33,539

object was gone there was no indication

195

00:08:37,670 --> 00:08:35,399

that it had been hit

196

00:08:39,949 --> 00:08:37,680

when the official report was made by the

197

00:08:42,709 --> 00:08:39,959

commander of the battleship New York the

198

00:08:44,510 --> 00:08:42,719

refutation was promptly issued that they

199

00:08:45,949 --> 00:08:44,520

had only been shooting at the planet

200

00:08:50,449 --> 00:08:45,959

Venus

201
00:08:52,970 --> 00:08:50,459
thus as far back as 1947 the official

202
00:08:56,150 --> 00:08:52,980
policy of issuing explanations which

203
00:08:58,550 --> 00:08:56,160
ignored the facts was in evidence for

204
00:09:00,710 --> 00:08:58,560
one thing the object which followed the

205
00:09:02,889 --> 00:09:00,720
battleship New York was in the wrong

206
00:09:05,870 --> 00:09:02,899
direction to have been the planet Venus

207
00:09:08,930 --> 00:09:05,880
it did not change position relative to

208
00:09:11,509 --> 00:09:08,940
either the ship or the Horizon as a

209
00:09:14,090 --> 00:09:11,519
planet would have done and perhaps most

210
00:09:16,790 --> 00:09:14,100
important and most devastating to the

211
00:09:18,889 --> 00:09:16,800
official explanation neither the radar

212
00:09:21,829 --> 00:09:18,899
nor the rangefinders on the battleship

213
00:09:24,590 --> 00:09:21,839

could possibly have picked up the planet

214

00:09:27,710 --> 00:09:24,600

Venus or any other planet

215

00:09:29,210 --> 00:09:27,720

if this was indeed the first case of

216

00:09:32,210 --> 00:09:29,220

deriding those who reported

217

00:09:35,210 --> 00:09:32,220

unconventional objects in the sky it was

218

00:09:37,370 --> 00:09:35,220

but the Forerunner of many similar cases

219

00:09:39,769 --> 00:09:37,380

and it was also the Forerunner of many

220

00:09:43,430 --> 00:09:39,779

cases in which human beings have tried

221

00:09:45,889 --> 00:09:43,440

to do violence to UFOs perhaps a common

222

00:09:47,090 --> 00:09:45,899

human reaction to something they do not

223

00:09:50,150 --> 00:09:47,100

understand

224

00:09:53,030 --> 00:09:50,160

many centuries ago when several great

225

00:09:54,889 --> 00:09:53,040

shining silvery discs dived out of the

226

00:09:57,050 --> 00:09:54,899

sky toward the troops of Alexander the

227

00:09:59,990 --> 00:09:57,060

Great as the troops were fording a river

228

00:10:01,730 --> 00:10:00,000

most of the soldiers fled the scene but

229

00:10:04,310 --> 00:10:01,740

some of the heartier men stood their

230

00:10:06,710 --> 00:10:04,320

ground and tried to hit the discs with

231

00:10:10,850 --> 00:10:06,720

their arrows and with stones from their

232

00:10:13,250 --> 00:10:10,860

slings in April of 1897 when a glowing

233

00:10:15,829 --> 00:10:13,260

red dirigible-shaped object indicated

234

00:10:17,930 --> 00:10:15,839

that it was about to touch down in a

235

00:10:21,290 --> 00:10:17,940

cattle lot on the farm of Alexander

236

00:10:24,050 --> 00:10:21,300

Hamilton near Leroy Kansas Hamilton and

237

00:10:26,570 --> 00:10:24,060

his teenage son and his Hired Man armed

238

00:10:28,910 --> 00:10:26,580

themselves with axes and rushed toward

239

00:10:31,310 --> 00:10:28,920

the craft it quickly Rose into the air

240

00:10:33,650 --> 00:10:31,320

Out Of Reach taking with it the Hideous

241

00:10:35,990 --> 00:10:33,660

creatures which the men reportedly saw

242

00:10:37,430 --> 00:10:36,000

in the brightly lighted cabin Beneath

243

00:10:39,530 --> 00:10:37,440

The Craft

244

00:10:41,090 --> 00:10:39,540

peasants who worked in a beat field in

245

00:10:44,150 --> 00:10:41,100

Northern Italy reported to the police

246

00:10:46,730 --> 00:10:44,160

that when a disc shaped UFO hovered over

247

00:10:50,630 --> 00:10:46,740

them at very low altitude shortly before

248

00:10:53,389 --> 00:10:50,640

dark one evening in 1954 they pelted it

249

00:10:55,730 --> 00:10:53,399

with clods and stones and one man struck

250

00:10:59,509 --> 00:10:55,740

at a ringing blow with his shovel

251
00:11:01,250 --> 00:10:59,519
on the night of April 18 1962 a glowing

252
00:11:03,949 --> 00:11:01,260
red object was cited by a ground

253
00:11:05,930 --> 00:11:03,959
Observer group at Oneida New York they

254
00:11:07,670 --> 00:11:05,940
immediately notified the military at a

255
00:11:10,850 --> 00:11:07,680
nearby air base and the thing was picked

256
00:11:13,130 --> 00:11:10,860
up on radar it was tracked by radar as

257
00:11:15,410 --> 00:11:13,140
it moved Westward across the country to

258
00:11:17,509 --> 00:11:15,420
a point near Gridley Kansas then it

259
00:11:20,269 --> 00:11:17,519
changed course and descended until it

260
00:11:22,130 --> 00:11:20,279
was below the range of the radar a few

261
00:11:24,410 --> 00:11:22,140
minutes later an unidentified flying

262
00:11:27,470 --> 00:11:24,420
object landed near an electric power

263
00:11:29,329 --> 00:11:27,480

substation at Eureka Utah while the

264

00:11:31,490 --> 00:11:29,339

object was close to the station the

265

00:11:33,949 --> 00:11:31,500

station could not function the military

266

00:11:36,350 --> 00:11:33,959

went into action promptly and scrambled

267

00:11:38,810 --> 00:11:36,360

two flights of armed jet interceptors

268

00:11:41,690 --> 00:11:38,820

one from Phoenix Arizona the other from

269

00:11:43,910 --> 00:11:41,700

Reno Nevada the object remained on the

270

00:11:46,069 --> 00:11:43,920

ground near the power substation for 42

271

00:11:48,769 --> 00:11:46,079

minutes according to military spokesman

272

00:11:50,870 --> 00:11:48,779

as the Jets approached the object took

273

00:11:53,449 --> 00:11:50,880

flight and the electric power again

274

00:11:56,090 --> 00:11:53,459

flowed through that substation pursued

275

00:11:58,310 --> 00:11:56,100

by armed Jets the object streaked across

276

00:12:01,009 --> 00:11:58,320

Southwestern Nevada and it exploded in

277

00:12:03,530 --> 00:12:01,019

Flight about 70 miles south of Reno over

278

00:12:05,990 --> 00:12:03,540

the Mesquite range the brilliant flash

279

00:12:08,090 --> 00:12:06,000

lighted the City of Reno like a giant

280

00:12:10,130 --> 00:12:08,100

photographer's flash bulb according to

281

00:12:12,650 --> 00:12:10,140

the witnesses the military sources

282

00:12:14,870 --> 00:12:12,660

admitted that the object had exploded

283

00:12:17,269 --> 00:12:14,880

but they refused to say whether it was

284

00:12:18,290 --> 00:12:17,279

the result of action by the pursuing

285

00:12:20,329 --> 00:12:18,300

Jets

286

00:12:22,790 --> 00:12:20,339

an interesting case is one which

287

00:12:25,310 --> 00:12:22,800

occurred one evening in October of 1954

288

00:12:28,250 --> 00:12:25,320

near Milan Italy when a crowd gathered

289

00:12:30,110 --> 00:12:28,260

to watch a dimly glowing UFO which had

290

00:12:31,009 --> 00:12:30,120

settled down in an abandoned Sports

291

00:12:33,050 --> 00:12:31,019

field

292

00:12:35,690 --> 00:12:33,060

the witnesses later told authorities

293

00:12:38,389 --> 00:12:35,700

that they had stopped a passing garbage

294

00:12:41,030 --> 00:12:38,399

truck and had armed themselves with part

295

00:12:43,490 --> 00:12:41,040

of its spoiled fruit which they threw at

296

00:12:46,129 --> 00:12:43,500

the craft and its occupants scoring

297

00:12:47,509 --> 00:12:46,139

several hits they said before it Rose

298

00:12:50,090 --> 00:12:47,519

and fled

299

00:12:53,329 --> 00:12:50,100

if this was indeed an extraterrestrial

300

00:12:55,850 --> 00:12:53,339

spacecraft with living occupants it must

301
00:12:58,610 --> 00:12:55,860
have been very disconcerting for them to

302
00:13:04,910 --> 00:12:58,620
cross millions of miles of space only to

303
00:13:09,410 --> 00:13:07,370
the dramatic Advent of such fascinating

304
00:13:12,050 --> 00:13:09,420
objects as those which were first called

305
00:13:14,329 --> 00:13:12,060
flying saucers attracted the inevitable

306
00:13:16,190 --> 00:13:14,339
attention of those individuals who let

307
00:13:17,690 --> 00:13:16,200
their imaginations run away with their

308
00:13:20,030 --> 00:13:17,700
veracity

309
00:13:22,370 --> 00:13:20,040
by 1950 some of these characters were

310
00:13:24,829 --> 00:13:22,380
beginning to spin their stories of

311
00:13:27,290 --> 00:13:24,839
fantastic conversations with alleged

312
00:13:29,750 --> 00:13:27,300
space people some of them expanded the

313
00:13:32,870 --> 00:13:29,760

stories to include alleged rides in the

314

00:13:35,569 --> 00:13:32,880

UFOs others published books replete with

315

00:13:39,170 --> 00:13:35,579

photographs of what they blandly called

316

00:13:40,910 --> 00:13:39,180

spacecraft motherships and all because

317

00:13:43,370 --> 00:13:40,920

they all claimed to have made contact

318

00:13:45,050 --> 00:13:43,380

with the operators of the UFOs the

319

00:13:47,329 --> 00:13:45,060

promoters of these various stories are

320

00:13:49,370 --> 00:13:47,339

known as contactees

321

00:13:51,829 --> 00:13:49,380

one of the most famous and the most

322

00:13:54,350 --> 00:13:51,839

successful was a fellow who had very

323

00:13:57,170 --> 00:13:54,360

limited schooling but unlimited

324

00:13:59,870 --> 00:13:57,180

imagination he concocted an engrossing

325

00:14:02,210 --> 00:13:59,880

tale of his alleged conversation with a

326

00:14:05,090 --> 00:14:02,220

gorgeous female space traveler from some

327

00:14:07,370 --> 00:14:05,100

distant planet he also concocted some

328

00:14:10,069 --> 00:14:07,380

pictures which the Air Force experts

329

00:14:12,710 --> 00:14:10,079

promptly identified as what they called

330

00:14:15,230 --> 00:14:12,720

simulated which indicated charitable

331

00:14:17,690 --> 00:14:15,240

restraint on their part to say the least

332

00:14:20,269 --> 00:14:17,700

This Charming fellow voluntarily listed

333

00:14:23,030 --> 00:14:20,279

his book with the Library of Congress as

334

00:14:25,490 --> 00:14:23,040

a piece of fiction but he sold the book

335

00:14:28,370 --> 00:14:25,500

to the general public as a factual

336

00:14:31,190 --> 00:14:28,380

account I was fascinated by one of his

337

00:14:33,650 --> 00:14:31,200

pictures which he identified as the

338

00:14:35,389 --> 00:14:33,660

craft in which he said he had made a

339

00:14:38,150 --> 00:14:35,399

trip to another planet

340

00:14:40,910 --> 00:14:38,160

it took me eight years to track down the

341

00:14:43,250 --> 00:14:40,920

object which he called a spaceship it

342

00:14:46,670 --> 00:14:43,260

was the top of a canister type vacuum

343

00:14:49,069 --> 00:14:46,680

cleaner made in 1937.

344

00:14:51,230 --> 00:14:49,079

somehow I doubt that very much space

345

00:14:52,670 --> 00:14:51,240

travel is actually being done in vacuum

346

00:14:55,250 --> 00:14:52,680

cleaner lids

347

00:14:58,310 --> 00:14:55,260

of course Mr Edwards was referring to

348

00:15:01,550 --> 00:14:58,320

George adamsky famous contactee from the

349

00:15:06,710 --> 00:15:03,949

every student of unidentified flying

350

00:15:08,449 --> 00:15:06,720

objects quickly discovers that this

351

00:15:11,870 --> 00:15:08,459

present development is what the latest

352

00:15:14,269 --> 00:15:11,880

phase of a very old phenomenon

353

00:15:17,030 --> 00:15:14,279

the Bible contains numerous references

354

00:15:19,810 --> 00:15:17,040

to strange objects variously described

355

00:15:22,910 --> 00:15:19,820

in terms of contemporary understanding

356

00:15:24,650 --> 00:15:22,920

ezekeil's wheels of fire were probably

357

00:15:27,829 --> 00:15:24,660

his description of what would have been

358

00:15:31,069 --> 00:15:27,839

great glowing discs for Wheels in his

359

00:15:33,650 --> 00:15:31,079

day were solid circles the account of

360

00:15:35,509 --> 00:15:33,660

Lot in the Bible tells how he saw

361

00:15:38,870 --> 00:15:35,519

strange beings who came down from the

362

00:15:41,750 --> 00:15:38,880

heavens and who even ate at his table

363

00:15:43,430 --> 00:15:41,760

the Bible contains many references but

364

00:15:45,829 --> 00:15:43,440

those it contains are but a small

365

00:15:49,250 --> 00:15:45,839

portion of the reports which Scholars

366

00:15:53,030 --> 00:15:49,260

have found in various ancient Chronicles

367

00:15:55,730 --> 00:15:53,040

one of these is very old indeed it is

368

00:15:57,530 --> 00:15:55,740

the books of desire which are the

369

00:15:59,930 --> 00:15:57,540

written version of the legends of the

370

00:16:01,970 --> 00:15:59,940

Hill People of Northern India for

371

00:16:03,590 --> 00:16:01,980

thousands of years these accounts were

372

00:16:06,350 --> 00:16:03,600

handed down from generation to

373

00:16:08,689 --> 00:16:06,360

Generation by word of mouth until at

374

00:16:11,569 --> 00:16:08,699

last they were preserved in writing in

375

00:16:14,030 --> 00:16:11,579

the form in which they exist today

376

00:16:15,949 --> 00:16:14,040

the account to which I refer is that

377

00:16:18,410 --> 00:16:15,959

which purports to describe a singular

378

00:16:20,930 --> 00:16:18,420

event in the history of those ancient

379

00:16:23,629 --> 00:16:20,940

people the time of the incident was

380

00:16:26,210 --> 00:16:23,639

about six thousand years before the

381

00:16:28,490 --> 00:16:26,220

Christian era yet some of its details

382

00:16:30,530 --> 00:16:28,500

have been known to modern science for

383

00:16:33,290 --> 00:16:30,540

less than 20 years

384

00:16:36,050 --> 00:16:33,300

the legend tells how strange glistening

385

00:16:39,230 --> 00:16:36,060

metallic vessels were seen in the skies

386

00:16:42,470 --> 00:16:39,240

of Northern India after circling the

387

00:16:44,449 --> 00:16:42,480

earth so we are told these craft landed

388

00:16:46,069 --> 00:16:44,459

and they all struck natives fell down

389

00:16:48,290 --> 00:16:46,079

before the men who got out of the

390

00:16:50,689 --> 00:16:48,300

vessels in a short time the visitors

391

00:16:52,610 --> 00:16:50,699

became the rulers of these people and

392

00:16:54,769 --> 00:16:52,620

they built two cities from which they

393

00:16:57,350 --> 00:16:54,779

ruled for many years the people

394

00:16:59,210 --> 00:16:57,360

prospered under their rulership and all

395

00:17:01,189 --> 00:16:59,220

went well until a grievous

396

00:17:03,769 --> 00:17:01,199

misunderstanding arose between the two

397

00:17:06,110 --> 00:17:03,779

groups of visitors then says the

398

00:17:08,150 --> 00:17:06,120

chronicle one leader took a group of his

399

00:17:10,669 --> 00:17:08,160

companions and they Rose into the sky in

400

00:17:12,350 --> 00:17:10,679

one of their huge vessels they flew to a

401
00:17:15,409 --> 00:17:12,360
point from which they could see the city

402
00:17:17,870 --> 00:17:15,419
in which their opponents dwelt then they

403
00:17:21,289 --> 00:17:17,880
released what the chronicle describes as

404
00:17:24,590 --> 00:17:21,299
a great shining Lance which rode on a

405
00:17:27,590 --> 00:17:24,600
beam of light this weapon exploded in or

406
00:17:30,230 --> 00:17:27,600
above the doomed City the flesh blinded

407
00:17:32,630 --> 00:17:30,240
all who gazed upon it and burned those

408
00:17:35,029 --> 00:17:32,640
in and about the city for a great

409
00:17:37,310 --> 00:17:35,039
distance the water of the river was

410
00:17:40,130 --> 00:17:37,320
poisoned by the explosion and the dust

411
00:17:42,950 --> 00:17:40,140
of the city was also poisoned so that

412
00:17:45,350 --> 00:17:42,960
none dared enter when the visitor who

413
00:17:47,930 --> 00:17:45,360

had launched this attack realized the

414

00:17:49,789 --> 00:17:47,940

enormity of the devastation he gathered

415

00:17:52,070 --> 00:17:49,799

about him the remnants of his own people

416

00:17:55,310 --> 00:17:52,080

put them into the remaining vessels and

417

00:17:57,830 --> 00:17:55,320

Rose into the sky never to return

418

00:18:00,289 --> 00:17:57,840

the devastated City eventually crumbled

419

00:18:03,409 --> 00:18:00,299

and vanished the other city was finally

420

00:18:06,169 --> 00:18:03,419

abandoned and fell into ruins

421

00:18:08,390 --> 00:18:06,179

this account sounds very much like an

422

00:18:10,850 --> 00:18:08,400

early attempt by space beings to

423

00:18:13,789 --> 00:18:10,860

establish a base or a foothold on Earth

424

00:18:14,690 --> 00:18:13,799

it notes that these creatures circled

425

00:18:16,909 --> 00:18:14,700

the Earth

426
00:18:19,850 --> 00:18:16,919
and that was at a time when humans were

427
00:18:22,669 --> 00:18:19,860
of the belief that the Earth was flat

428
00:18:25,370 --> 00:18:22,679
the description of a great shining Lance

429
00:18:27,350 --> 00:18:25,380
that rode on a beam of light Bears a

430
00:18:30,470 --> 00:18:27,360
striking resemblance to a modern rocket

431
00:18:32,210 --> 00:18:30,480
with its flaming exhaust described by

432
00:18:34,970 --> 00:18:32,220
those who had never seen such a thing

433
00:18:36,710 --> 00:18:34,980
before and the great flies that burned

434
00:18:39,529 --> 00:18:36,720
and blinded and poisoned the dust and

435
00:18:41,810 --> 00:18:39,539
the water bears an ominous similarity to

436
00:18:44,630 --> 00:18:41,820
a detailed description of a nuclear

437
00:18:46,909 --> 00:18:44,640
blast and its aftermath

438
00:18:49,310 --> 00:18:46,919

yet all this was said to have taken

439

00:18:51,350 --> 00:18:49,320

place many thousands of years ago and

440

00:18:54,770 --> 00:18:51,360

for men of that time to have imagined

441

00:18:56,990 --> 00:18:54,780

such things in such detail would be more

442

00:18:59,630 --> 00:18:57,000

fantastic than the story itself

443

00:19:03,289 --> 00:18:59,640

The Chronicles of ancient India in this

444

00:19:06,350 --> 00:19:03,299

case merely add mystery to an enigma if

445

00:19:08,750 --> 00:19:06,360

it did not occur as stated then how did

446

00:19:11,510 --> 00:19:08,760

they know about such things in such

447

00:19:14,450 --> 00:19:11,520

precise and accurate detail and if it

448

00:19:16,789 --> 00:19:14,460

did happen as described who were the

449

00:19:20,210 --> 00:19:16,799

strange visitors who sailed their metal

450

00:19:22,850 --> 00:19:20,220

ships in the skies of earth almost 8 000

451
00:19:26,630 --> 00:19:22,860
years before man learned to fly

452
00:19:28,490 --> 00:19:26,640
in or about the year 956 A.D the records

453
00:19:30,409 --> 00:19:28,500
of an ancient Church in Ireland tell of

454
00:19:33,110 --> 00:19:30,419
a weird incident which defies

455
00:19:34,310 --> 00:19:33,120
explanation other than some early type

456
00:19:36,470 --> 00:19:34,320
UFO

457
00:19:38,990 --> 00:19:36,480
it tells how the people attending church

458
00:19:42,350 --> 00:19:39,000
were alarmed by a loud crashing noise

459
00:19:43,909 --> 00:19:42,360
they rushed out to find a metal anchor

460
00:19:46,250 --> 00:19:43,919
hooked in the wood above the front door

461
00:19:47,990 --> 00:19:46,260
of the church the anchor was at the end

462
00:19:50,150 --> 00:19:48,000
of a cable which ran up to a strange

463
00:19:52,730 --> 00:19:50,160

craft hovering in the air a short

464

00:19:54,890 --> 00:19:52,740

distance above the church and a man-like

465

00:19:57,350 --> 00:19:54,900

creature who was apparently trying to

466

00:19:58,970 --> 00:19:57,360

dislodge the anchor was seized when he

467

00:20:01,370 --> 00:19:58,980

endeavored to climb back up the cable

468

00:20:03,650 --> 00:20:01,380

but the bishop who wrote the report for

469

00:20:05,930 --> 00:20:03,660

his superiors said that he made the

470

00:20:08,090 --> 00:20:05,940

parishioners turn the creature loose for

471

00:20:10,190 --> 00:20:08,100

fear they might harm him and that upon

472

00:20:12,710 --> 00:20:10,200

being freed the creature hastily climbed

473

00:20:15,409 --> 00:20:12,720

the cable which was then cut and the

474

00:20:17,930 --> 00:20:15,419

craft sped away in the skies the anchor

475

00:20:20,450 --> 00:20:17,940

says the old church record was kept in

476
00:20:22,370 --> 00:20:20,460
the church for many years as a souvenir

477
00:20:25,130 --> 00:20:22,380
of the incident

478
00:20:27,049 --> 00:20:25,140
in January of 1910 the city of

479
00:20:29,150 --> 00:20:27,059
Chattanooga Tennessee was surprised by

480
00:20:31,190 --> 00:20:29,160
the visit of a large dirigible shaped

481
00:20:33,049 --> 00:20:31,200
craft which cruised about over the city

482
00:20:35,990 --> 00:20:33,059
in broad daylight for about half an hour

483
00:20:37,789 --> 00:20:36,000
in full view of thousands of people many

484
00:20:40,130 --> 00:20:37,799
of whom were admittedly frightened by it

485
00:20:42,529 --> 00:20:40,140
in those days the only similar devices

486
00:20:45,110 --> 00:20:42,539
known to man were a few clumsy

487
00:20:47,630 --> 00:20:45,120
underpowered Zeppelins in Europe totally

488
00:20:49,669 --> 00:20:47,640

incapable of visiting this country next

489

00:20:51,710 --> 00:20:49,679

day the object was back over Chattanooga

490

00:20:53,930 --> 00:20:51,720

and then it Rose into the clouds and

491

00:20:56,690 --> 00:20:53,940

moved away toward the South another

492

00:21:03,710 --> 00:20:56,700

well-attested Enigma in the long long

493

00:21:08,390 --> 00:21:05,930

when you hear the statement that no

494

00:21:11,590 --> 00:21:08,400

professional astronomer has ever seen a

495

00:21:15,770 --> 00:21:11,600

flying saucer you are entitled to reply

496

00:21:18,650 --> 00:21:15,780

Malarkey for that's exactly what it is

497

00:21:22,070 --> 00:21:18,660

the first UFOs ever photographed were

498

00:21:24,950 --> 00:21:22,080

seen and filmed by professor bonella at

499

00:21:26,650 --> 00:21:24,960

the observatory at Zacatecas Mexico on

500

00:21:29,510 --> 00:21:26,660

August the 12th

501
00:21:31,730 --> 00:21:29,520
1883. he and his colleagues saw hundreds

502
00:21:34,310 --> 00:21:31,740
of spindle-shaped craft in formation

503
00:21:37,190 --> 00:21:34,320
passing between their telescope and the

504
00:21:39,350 --> 00:21:37,200
sun on that and the succeeding day

505
00:21:41,930 --> 00:21:39,360
more recently let us consider the case

506
00:21:45,289 --> 00:21:41,940
of Dr Clyde Tomball who is world famous

507
00:21:48,169 --> 00:21:45,299
as the discoverer of the planet Pluto in

508
00:21:49,909 --> 00:21:48,179
1949 Dr Tomball and several other

509
00:21:52,610 --> 00:21:49,919
Witnesses including members of his

510
00:21:55,370 --> 00:21:52,620
family watched a strange cigar-shaped

511
00:21:58,010 --> 00:21:55,380
craft with regularly spaced rectangular

512
00:22:00,590 --> 00:21:58,020
apertures along the sides similar in

513
00:22:02,810 --> 00:22:00,600

appearance to Windows as the craft moves

514

00:22:05,870 --> 00:22:02,820

silently about over the desert near

515

00:22:07,669 --> 00:22:05,880

tomball's Home in New Mexico the noted

516

00:22:09,710 --> 00:22:07,679

astronomer said in a written statement

517

00:22:12,950 --> 00:22:09,720

that he had the impression that the

518

00:22:14,210 --> 00:22:12,960

object was some form of extraterrestrial

519

00:22:16,789 --> 00:22:14,220

device

520

00:22:20,090 --> 00:22:16,799

Dr Seymour Hess of Lowell Observatory

521

00:22:22,130 --> 00:22:20,100

also saw a UFO and had the courage to

522

00:22:25,970 --> 00:22:22,140

report what he had seen it was on May

523

00:22:28,430 --> 00:22:25,980

the 20th 1950. Dr Hess described a shiny

524

00:22:31,130 --> 00:22:28,440

double convex disc which he had watched

525

00:22:33,710 --> 00:22:31,140

maneuvering about in the clear sky of

526

00:22:36,470 --> 00:22:33,720

the Southwest it was completely unlike

527

00:22:39,470 --> 00:22:36,480

any other object he had ever seen with

528

00:22:41,570 --> 00:22:39,480

or without the aid of a telescope

529

00:22:44,770 --> 00:22:41,580

one of the most famous astronomers of

530

00:22:47,090 --> 00:22:44,780

our time was the late Dr H Percy Wilkins

531

00:22:49,549 --> 00:22:47,100

famed among other things for his

532

00:22:51,890 --> 00:22:49,559

leadership of the British celinological

533

00:22:55,430 --> 00:22:51,900

society as a result of his lifelong

534

00:22:58,010 --> 00:22:55,440

study of the moon on June the 11th 1954

535

00:23:00,110 --> 00:22:58,020

Dr Wilkins was in this country on a

536

00:23:01,669 --> 00:23:00,120

speaking trip and he was flying in a

537

00:23:04,430 --> 00:23:01,679

conveyor from Charleston West Virginia

538

00:23:06,470 --> 00:23:04,440

to Atlanta Georgia the weather was good

539

00:23:09,289 --> 00:23:06,480

with scattered clouds and bright

540

00:23:11,570 --> 00:23:09,299

Sunshine When Dr Wilkins arrived at

541

00:23:13,549 --> 00:23:11,580

Atlanta he held a press conference at

542

00:23:16,070 --> 00:23:13,559

which he described an unusual experience

543

00:23:17,510 --> 00:23:16,080

which he had had during that flight he

544

00:23:19,190 --> 00:23:17,520

said that he had been looking out the

545

00:23:21,549 --> 00:23:19,200

window where he was seated near the rear

546

00:23:24,409 --> 00:23:21,559

of the plane when he noticed two large

547

00:23:26,330 --> 00:23:24,419

coppery-looking discs darting in and out

548

00:23:28,610 --> 00:23:26,340

of the clouds they were near enough that

549

00:23:30,350 --> 00:23:28,620

he could discern certain details which

550

00:23:33,590 --> 00:23:30,360

indicate that he was seeing the double

551
00:23:36,169 --> 00:23:33,600
convex type UFO which was just beginning

552
00:23:38,750 --> 00:23:36,179
to replace the earlier type disk or

553
00:23:40,490 --> 00:23:38,760
so-called Flying Saucer Dr Wilkins

554
00:23:42,830 --> 00:23:40,500
described what he had seen to the

555
00:23:45,710 --> 00:23:42,840
reporters in Atlanta and when asked if

556
00:23:49,310 --> 00:23:45,720
he had any idea what the objects were he

557
00:23:52,549 --> 00:23:49,320
replied and I quote him I certainly do I

558
00:23:56,149 --> 00:23:52,559
saw two flying saucers end quote

559
00:23:58,390 --> 00:23:56,159
Frank Halstead who was for 25 years the

560
00:24:02,090 --> 00:23:58,400
curator of the University of Minnesota

561
00:24:05,630 --> 00:24:02,100
Observatory at Duluth says that he has

562
00:24:09,409 --> 00:24:05,640
seen a total of three UFOs two of them

563
00:24:11,930 --> 00:24:09,419

in one day and almost at the same time

564

00:24:13,730 --> 00:24:11,940

no professional astronomer ever saw a

565

00:24:16,909 --> 00:24:13,740

flying saucer

566

00:24:19,909 --> 00:24:16,919

the record indicates otherwise

567

00:24:22,610 --> 00:24:19,919

the time one o'clock on the morning of

568

00:24:24,470 --> 00:24:22,620

September 4th 1965.

569

00:24:27,230 --> 00:24:24,480

two sheriff's deputies from the office

570

00:24:30,230 --> 00:24:27,240

at Angleton had stopped their car on the

571

00:24:32,210 --> 00:24:30,240

highway a few miles from Damon Texas

572

00:24:34,789 --> 00:24:32,220

their attention had been attracted by A

573

00:24:36,830 --> 00:24:34,799

peculiar purplish light which they had

574

00:24:39,169 --> 00:24:36,840

seen in the sky off to one side of the

575

00:24:41,390 --> 00:24:39,179

road they got out of their car to

576

00:24:43,430 --> 00:24:41,400

observe it better a moment later they

577

00:24:44,810 --> 00:24:43,440

got back into the car to get away from

578

00:24:46,669 --> 00:24:44,820

there quicker

579

00:24:48,470 --> 00:24:46,679

the purple light was some sort of

580

00:24:51,350 --> 00:24:48,480

brilliant Spotlight on the front of a

581

00:24:53,570 --> 00:24:51,360

strange football-shaped craft somewhere

582

00:24:55,669 --> 00:24:53,580

in excess of 90 feet long

583

00:24:57,950 --> 00:24:55,679

as the two officers stood there beside

584

00:24:59,810 --> 00:24:57,960

their car the object had turned toward

585

00:25:01,250 --> 00:24:59,820

them caught them in its light and then

586

00:25:03,289 --> 00:25:01,260

dived toward them

587

00:25:06,289 --> 00:25:03,299

the officers roared down the highway

588

00:25:08,510 --> 00:25:06,299

toward Damon and the object easily kept

589

00:25:10,190 --> 00:25:08,520

pace with them at times their speed

590

00:25:12,770 --> 00:25:10,200

exceeded a hundred miles an hour

591

00:25:15,289 --> 00:25:12,780

according to their report but the big

592

00:25:17,870 --> 00:25:15,299

craft continued to follow they finally

593

00:25:20,210 --> 00:25:17,880

lost it near Damon and then went back

594

00:25:21,950 --> 00:25:20,220

out to take another look at it and were

595

00:25:25,010 --> 00:25:21,960

again pursued

596

00:25:27,590 --> 00:25:25,020

this incident at Damon Texas occurred

597

00:25:30,110 --> 00:25:27,600

only a few minutes after police officers

598

00:25:32,390 --> 00:25:30,120

at Exeter New Hampshire had watched a

599

00:25:35,090 --> 00:25:32,400

similar craft carrying brilliant red

600

00:25:37,850 --> 00:25:35,100

lights it had terrified several people

601
00:25:40,850 --> 00:25:37,860
and the police who saw it admittedly

602
00:25:43,070 --> 00:25:40,860
felt squeamish about their experience

603
00:25:45,710 --> 00:25:43,080
the type of craft described in these

604
00:25:48,649 --> 00:25:45,720
incidents is one of about half a dozen

605
00:25:51,350 --> 00:25:48,659
frequently reported first the so-called

606
00:25:53,690 --> 00:25:51,360
saucers which appeared in 1946 over

607
00:25:56,590 --> 00:25:53,700
Northwestern Europe This was followed

608
00:26:00,169 --> 00:25:56,600
about 1953 by the double convex type

609
00:26:02,330 --> 00:26:00,179
resembling two soup bowls rim to rim and

610
00:26:03,529 --> 00:26:02,340
later the football shaped things in many

611
00:26:05,690 --> 00:26:03,539
sizes

612
00:26:08,510 --> 00:26:05,700
we must also include the occasional

613
00:26:10,610 --> 00:26:08,520

cigar-shaped devices and the giant

614

00:26:13,310 --> 00:26:10,620

spherical things with rims around their

615

00:26:15,230 --> 00:26:13,320

equators there are a few others of

616

00:26:16,130 --> 00:26:15,240

various shapes reported from time to

617

00:26:18,409 --> 00:26:16,140

time

618

00:26:20,810 --> 00:26:18,419

but these are the types most frequently

619

00:26:22,190 --> 00:26:20,820

seen and photographed by credible

620

00:26:25,669 --> 00:26:22,200

Witnesses

621

00:26:28,070 --> 00:26:25,679

as they vary in shape so do they vary in

622

00:26:30,590 --> 00:26:28,080

size presumably this is due to the

623

00:26:33,049 --> 00:26:30,600

difference in purpose just as our own

624

00:26:36,649 --> 00:26:33,059

satellites come in many shapes and sizes

625

00:26:38,750 --> 00:26:36,659

for different types of performance

626

00:26:41,330 --> 00:26:38,760

an Air Force Colonel flying over the

627

00:26:43,370 --> 00:26:41,340

Pacific during the Korean War reported

628

00:26:46,130 --> 00:26:43,380

that a shiny little disc not more than

629

00:26:48,590 --> 00:26:46,140

six or eight inches in diameter played

630

00:26:51,049 --> 00:26:48,600

around over the wing of his jet suddenly

631

00:26:53,210 --> 00:26:51,059

spurred ahead and made the same maneuver

632

00:26:55,370 --> 00:26:53,220

around the jet ahead of him then

633

00:26:58,130 --> 00:26:55,380

streaked away and vanished

634

00:27:00,830 --> 00:26:58,140

from that tiny six-inch device or object

635

00:27:03,890 --> 00:27:00,840

the UFOs have been reported up to around

636

00:27:06,409 --> 00:27:03,900

a thousand feet in diameter in such

637

00:27:09,409 --> 00:27:06,419

cases the big ones are always of the

638

00:27:11,810 --> 00:27:09,419

double convex type the pilot co-pilot

639

00:27:14,390 --> 00:27:11,820

and three military Aviation experts on a

640

00:27:17,750 --> 00:27:14,400

charter flight from Anchorage Alaska to

641

00:27:19,789 --> 00:27:17,760

Tokyo in the winter of 1964

642

00:27:22,730 --> 00:27:19,799

reported that they had been paced over

643

00:27:25,730 --> 00:27:22,740

the North Pacific by three double convex

644

00:27:26,930 --> 00:27:25,740

type craft about one thousand feet in

645

00:27:28,970 --> 00:27:26,940

diameter

646

00:27:31,250 --> 00:27:28,980

they could detect no visible indication

647

00:27:33,710 --> 00:27:31,260

of propulsion nor did they see any

648

00:27:36,110 --> 00:27:33,720

operators in the transparent domes on

649

00:27:38,570 --> 00:27:36,120

the top center of the objects but the

650

00:27:40,610 --> 00:27:38,580

UFOs easily eluded the plane's efforts

651
00:27:42,529 --> 00:27:40,620
to close with them and gave every

652
00:27:45,950 --> 00:27:42,539
indication of being highly maneuverable

653
00:27:48,590 --> 00:27:45,960
and under intelligent control when last

654
00:27:51,470 --> 00:27:48,600
seen the UFOs were going straight up at

655
00:27:53,870 --> 00:27:51,480
a speed estimated around 1300 miles per

656
00:27:56,570 --> 00:27:53,880
hour now since the Witnesses in this

657
00:27:59,269 --> 00:27:56,580
case were experts in both Aeronautics

658
00:28:01,190 --> 00:27:59,279
and rocketry their testimony carries

659
00:28:02,870 --> 00:28:01,200
unusual weight

660
00:28:04,669 --> 00:28:02,880
such remarkable performance

661
00:28:07,730 --> 00:28:04,679
characteristics as those we have just

662
00:28:10,669 --> 00:28:07,740
described implies a power source of

663
00:28:13,130 --> 00:28:10,679

tremendous potential the answer may be

664

00:28:16,010 --> 00:28:13,140

found in the statement of Dr Herman OBET

665

00:28:18,470 --> 00:28:16,020

the famed rocket scientist who led an

666

00:28:22,669 --> 00:28:18,480

investigation of UFOs for the West

667

00:28:25,130 --> 00:28:22,679

German government in June of 1954 Dr

668

00:28:27,830 --> 00:28:25,140

obeth told newsmen at Frankfurt Germany

669

00:28:30,769 --> 00:28:27,840

that he and his fellow scientists had

670

00:28:33,350 --> 00:28:30,779

concluded that the UFOs were powered by

671

00:28:35,470 --> 00:28:33,360

some method of converting gravity into

672

00:28:37,909 --> 00:28:35,480

usable energy

673

00:28:41,510 --> 00:28:37,919

theoretically such a process would give

674

00:28:44,330 --> 00:28:41,520

the UFOs or any other spacecraft an

675

00:28:46,669 --> 00:28:44,340

endless source of power since gravity is

676
00:28:48,049 --> 00:28:46,679
known to exist throughout the entire

677
00:28:51,049 --> 00:28:48,059
universe

678
00:28:54,169 --> 00:28:51,059
thus far man has not been able to

679
00:28:57,289 --> 00:28:54,179
determine precisely what it is or

680
00:29:00,529 --> 00:28:57,299
exactly how it works nor how to put it

681
00:29:03,230 --> 00:29:00,539
to work but we are not idle since the

682
00:29:05,810 --> 00:29:03,240
time of Dr obath's statement the United

683
00:29:08,149 --> 00:29:05,820
States has embarked on a costly and

684
00:29:11,029 --> 00:29:08,159
intensive program of gravitational

685
00:29:15,070 --> 00:29:11,039
research true magazine reported in

686
00:29:17,930 --> 00:29:15,080
January of 1960 that we had at that time

687
00:29:19,970 --> 00:29:17,940
46 separate gravitational research

688
00:29:22,850 --> 00:29:19,980

programs underway

689

00:29:25,130 --> 00:29:22,860

and it may well be that Dr obeth's

690

00:29:28,010 --> 00:29:25,140

assertion that men would be going to the

691

00:29:31,909 --> 00:29:28,020

Moon in electrically propelled craft by

692

00:29:35,269 --> 00:29:31,919

1970 will be fulfilled we have found

693

00:29:40,970 --> 00:29:35,279

that gravity can be used there Remains

694

00:29:47,570 --> 00:29:45,350

in 1964 our Ranger 7 sent back thousands

695

00:29:50,810 --> 00:29:47,580

of pictures before it crashed into the

696

00:29:53,149 --> 00:29:50,820

moon Ranger 8 did even better both in

697

00:29:55,430 --> 00:29:53,159

quantity and quality but very few

698

00:29:58,070 --> 00:29:55,440

pictures from that second group were

699

00:29:59,389 --> 00:29:58,080

ever exposed to public gays and those

700

00:30:01,549 --> 00:29:59,399

pictures should have been very

701

00:30:03,830 --> 00:30:01,559

interesting for they were centered on

702

00:30:06,409 --> 00:30:03,840

that area around the crater aristarchus

703

00:30:08,630 --> 00:30:06,419

where so many phenomena have been noted

704

00:30:10,250 --> 00:30:08,640

and where the phenomena are still being

705

00:30:12,830 --> 00:30:10,260

noted for that matter

706

00:30:15,169 --> 00:30:12,840

the story of man's interest in lunar

707

00:30:18,710 --> 00:30:15,179

phenomena was dramatically intensified

708

00:30:22,130 --> 00:30:18,720

by a series of events which may not have

709

00:30:24,470 --> 00:30:22,140

been related and then again perhaps they

710

00:30:27,409 --> 00:30:24,480

were here is that story

711

00:30:31,909 --> 00:30:27,419

Dr Ace of Hall discovered in one six day

712

00:30:34,850 --> 00:30:31,919

period in 1877 that the planet Mars had

713

00:30:38,269 --> 00:30:34,860

two moons where no moons had ever been

714

00:30:40,850 --> 00:30:38,279

seen before moreover the moons of Mars

715

00:30:42,950 --> 00:30:40,860

were brighter than the planet itself as

716

00:30:45,409 --> 00:30:42,960

though they were of different material

717

00:30:47,930 --> 00:30:45,419

and one of the moons revolves around the

718

00:30:51,230 --> 00:30:47,940

planet in an orbit unlike any other

719

00:30:53,690 --> 00:30:51,240

natural satellite if that's what it is

720

00:30:56,090 --> 00:30:53,700

two years after Dr Hall's historic

721

00:30:59,090 --> 00:30:56,100

discoveries the British Astronomical

722

00:31:01,970 --> 00:30:59,100

Society was deluged with reports of

723

00:31:04,549 --> 00:31:01,980

strange lights on the moon in the dark

724

00:31:06,830 --> 00:31:04,559

part of the lunar orb so many

725

00:31:09,769 --> 00:31:06,840

astronomers reported so many anomalies

726

00:31:12,350 --> 00:31:09,779

that the society began to wonder if

727

00:31:14,389 --> 00:31:12,360

there was somebody up there and if they

728

00:31:16,850 --> 00:31:14,399

were trying to make us aware of their

729

00:31:18,710 --> 00:31:16,860

presence by arranging lights in

730

00:31:21,110 --> 00:31:18,720

geometric patterns

731

00:31:23,930 --> 00:31:21,120

the society requested that its members

732

00:31:26,750 --> 00:31:23,940

chart and Report any and all such

733

00:31:29,389 --> 00:31:26,760

oddities on the moon in the hope that

734

00:31:30,710 --> 00:31:29,399

some sort of intelligible signals might

735

00:31:32,269 --> 00:31:30,720

be discovered

736

00:31:37,250 --> 00:31:32,279

well they got a lot more than they

737

00:31:39,590 --> 00:31:37,260

bargained for between 1879 and 1882 the

738

00:31:43,490 --> 00:31:39,600

Astronomical Society received more than

739

00:31:45,590 --> 00:31:43,500

2 000 reports of light patterns on the

740

00:31:47,630 --> 00:31:45,600

dark part of the Moon they received so

741

00:31:50,090 --> 00:31:47,640

many reports that they had to ask their

742

00:31:52,610 --> 00:31:50,100

members to refrain from making any

743

00:31:56,389 --> 00:31:52,620

additional reports the society was

744

00:32:00,169 --> 00:31:56,399

unable to cope with what it already had

745

00:32:02,029 --> 00:32:00,179

in the summer of 1965 Moon watching had

746

00:32:04,490 --> 00:32:02,039

become fashionable once more for

747

00:32:07,490 --> 00:32:04,500

professional astronomers they began to

748

00:32:10,250 --> 00:32:07,500

notice occasional flashes of intensely

749

00:32:12,110 --> 00:32:10,260

bright white light from the floor of the

750

00:32:14,090 --> 00:32:12,120

crater aristarchus

751
00:32:16,669 --> 00:32:14,100
several observatories were linked by

752
00:32:18,710 --> 00:32:16,679
shortwave radio stations so that the

753
00:32:21,049 --> 00:32:18,720
instant any one of them saw this curious

754
00:32:22,010 --> 00:32:21,059
light the other observatories were

755
00:32:25,789 --> 00:32:22,020
notified

756
00:32:28,850 --> 00:32:25,799
this project was called astronnet and it

757
00:32:33,110 --> 00:32:28,860
recorded those slices many times in the

758
00:32:35,950 --> 00:32:33,120
year 1965 and as a result the number of

759
00:32:40,130 --> 00:32:35,960
observatories involved was increased in

760
00:32:42,409 --> 00:32:40,140
1966 and also the results

761
00:32:44,870 --> 00:32:42,419
still another Oddity known to exist on

762
00:32:47,870 --> 00:32:44,880
the moon is that of the objects called

763
00:32:50,750 --> 00:32:47,880

Moon domes these are circular white

764

00:32:53,110 --> 00:32:50,760

hemispherical spots which are at just

765

00:32:57,049 --> 00:32:53,120

about the limit of telescopic visibility

766

00:32:58,909 --> 00:32:57,059

they're probably 600 feet in diameter

767

00:33:02,330 --> 00:32:58,919

it was once thought that these things

768

00:33:05,870 --> 00:33:02,340

were Hills or perhaps tiny volcanic

769

00:33:08,149 --> 00:33:05,880

cones but subsequent study revealed that

770

00:33:10,669 --> 00:33:08,159

the mysterious domes sometimes vanished

771

00:33:11,690 --> 00:33:10,679

in one area and appeared later in

772

00:33:14,509 --> 00:33:11,700

another

773

00:33:16,730 --> 00:33:14,519

what they were and why they seemed to be

774

00:33:20,630 --> 00:33:16,740

hopscotching around on the Bleak lunar

775

00:33:22,850 --> 00:33:20,640

surface no man can say

776
00:33:25,070 --> 00:33:22,860
one of the most baffling lunar anomalies

777
00:33:28,009 --> 00:33:25,080
was the gigantic bridge-like structure

778
00:33:30,649 --> 00:33:28,019
first reported in the early 1950s by

779
00:33:33,529 --> 00:33:30,659
John O'Neill who described the thing as

780
00:33:36,289 --> 00:33:33,539
looking like an enormous Bridge with a

781
00:33:38,330 --> 00:33:36,299
span at least 12 miles long

782
00:33:40,549 --> 00:33:38,340
O'Neill who was then the respected

783
00:33:43,310 --> 00:33:40,559
science editor of the New York Herald

784
00:33:45,710 --> 00:33:43,320
Tribune received the scornful response

785
00:33:48,590 --> 00:33:45,720
he had expected but it dissipated

786
00:33:52,310 --> 00:33:48,600
rapidly when famed British celinologist

787
00:33:54,769 --> 00:33:52,320
Dr H Percy Wilkins reported seeing the

788
00:33:56,630 --> 00:33:54,779

same thing just one month after

789

00:33:59,269 --> 00:33:56,640

O'Neill's discovery

790

00:34:02,750 --> 00:33:59,279

shortly afterward the bridge or whatever

791

00:34:04,549 --> 00:34:02,760

it was vanished from the maracrisium or

792

00:34:05,870 --> 00:34:04,559

at least it vanished from the sight of

793

00:34:12,050 --> 00:34:05,880

man

794

00:34:14,869 --> 00:34:12,060

the army space development program said

795

00:34:16,730 --> 00:34:14,879

that the first men to the Moon must be

796

00:34:20,270 --> 00:34:16,740

prepared to fight for the privilege of

797

00:34:22,129 --> 00:34:20,280

Landing Dr Carl Sagan advisor on

798

00:34:26,149 --> 00:34:22,139

extraterrestrial life to the armed

799

00:34:28,310 --> 00:34:26,159

services said in December of 1962 that

800

00:34:30,649 --> 00:34:28,320

man must be prepared to face the

801
00:34:33,349 --> 00:34:30,659
probability that we have already been

802
00:34:36,649 --> 00:34:33,359
visited by beings from elsewhere in the

803
00:34:40,070 --> 00:34:36,659
universe and that these beings have or

804
00:34:42,230 --> 00:34:40,080
have had bases on the averted Side of

805
00:34:46,310 --> 00:34:42,240
the Moon from where they could easily

806
00:34:49,070 --> 00:34:46,320
see us but where we could not see them

807
00:34:51,950 --> 00:34:49,080
does this help to explain our 20 billion

808
00:34:53,629 --> 00:34:51,960
dollar rice to put men on the moon does

809
00:34:56,510 --> 00:34:53,639
it explain the Russian's repeated

810
00:34:57,770 --> 00:34:56,520
efforts to photograph the averted Side

811
00:35:00,349 --> 00:34:57,780
of the Moon

812
00:35:01,609 --> 00:35:00,359
is the moon already a way station for

813
00:35:03,410 --> 00:35:01,619

space travel

814

00:35:04,910 --> 00:35:03,420

just as we hope to use it ourselves

815

00:35:08,150 --> 00:35:04,920

someday

816

00:35:10,849 --> 00:35:08,160

at this period in human Affairs no man

817

00:35:13,370 --> 00:35:10,859

has the answers to those questions but

818

00:35:19,670 --> 00:35:13,380

the waiting period is rapidly drawing to

819

00:35:25,130 --> 00:35:22,730

12 glowing disc shaped UFOs came over

820

00:35:26,710 --> 00:35:25,140

the city of Washington D.C on the night

821

00:35:30,410 --> 00:35:26,720

of July 19

822

00:35:32,450 --> 00:35:30,420

1952 they were tracked on radar they

823

00:35:34,250 --> 00:35:32,460

were seen by a great many people they

824

00:35:36,230 --> 00:35:34,260

flew in formation around the White House

825

00:35:39,710 --> 00:35:36,240

and the Capitol building and over the

826
00:35:41,510 --> 00:35:39,720
Pentagon they insult Supreme most of the

827
00:35:44,390 --> 00:35:41,520
objects were gone by the time the first

828
00:35:45,950 --> 00:35:44,400
Jets arrived for the Jets which were

829
00:35:48,170 --> 00:35:45,960
supposed to protect the city of

830
00:35:51,349 --> 00:35:48,180
Washington had been on patrol over

831
00:35:53,329 --> 00:35:51,359
Delaware where a huge UFO was hovering

832
00:35:55,670 --> 00:35:53,339
at Great altitude

833
00:35:58,250 --> 00:35:55,680
this incident made worldwide headlines

834
00:36:00,950 --> 00:35:58,260
of course here was the capital of the

835
00:36:03,710 --> 00:36:00,960
world's major power being visited by

836
00:36:05,690 --> 00:36:03,720
alien craft of Unknown Origin and

837
00:36:07,730 --> 00:36:05,700
finding the military powerless to deal

838
00:36:10,250 --> 00:36:07,740

with the development there were three

839

00:36:13,190 --> 00:36:10,260

Washington incidents of this type the

840

00:36:15,410 --> 00:36:13,200

one just mentioned another on July 25th

841

00:36:18,530 --> 00:36:15,420

and the biggest of all on the night of

842

00:36:20,810 --> 00:36:18,540

August 13 1952 when the Civil

843

00:36:24,230 --> 00:36:20,820

Aeronautics Administration reported that

844

00:36:26,150 --> 00:36:24,240

a total of 68 UFOs were present over the

845

00:36:27,230 --> 00:36:26,160

District of Columbia during that one

846

00:36:29,510 --> 00:36:27,240

night

847

00:36:31,910 --> 00:36:29,520

but the military acted promptly when the

848

00:36:34,250 --> 00:36:31,920

UFOs got to Washington they had a

849

00:36:36,490 --> 00:36:34,260

difficult choice to make they either had

850

00:36:39,109 --> 00:36:36,500

to admit what was known about the UFOs

851
00:36:42,290 --> 00:36:39,119
or to pretend there was nothing up there

852
00:36:44,930 --> 00:36:42,300
while they tried to find an answer and

853
00:36:46,970 --> 00:36:44,940
that was the choice they made and it was

854
00:36:49,130 --> 00:36:46,980
a good choice at the time the order

855
00:36:51,589 --> 00:36:49,140
which imposes the strict censorship on

856
00:36:53,450 --> 00:36:51,599
the subject of UFOs is a regulation

857
00:36:57,950 --> 00:36:53,460
which came from The Joint Chiefs of

858
00:37:01,310 --> 00:36:57,960
Staff or higher it is known as jnap 146

859
00:37:05,270 --> 00:37:01,320
which means joint Army Navy air

860
00:37:08,030 --> 00:37:05,280
publication number 146. this conclude

861
00:37:10,670 --> 00:37:08,040
the other military services and requires

862
00:37:13,190 --> 00:37:10,680
them to channel their UFO reports to the

863
00:37:15,650 --> 00:37:13,200

Air Force this is the order which

864

00:37:18,530 --> 00:37:15,660

specifies that the Air Force shall make

865

00:37:20,569 --> 00:37:18,540

all the UFO investigations and shall

866

00:37:23,630 --> 00:37:20,579

make all the Press statements on the

867

00:37:26,210 --> 00:37:23,640

subject it also specifically provides

868

00:37:29,210 --> 00:37:26,220

that the Air Force can tell the public

869

00:37:32,990 --> 00:37:29,220

only that the UFOs are conventional

870

00:37:35,810 --> 00:37:33,000

objects or conditions fortunately that

871

00:37:38,089 --> 00:37:35,820

order was not immediately classified and

872

00:37:40,010 --> 00:37:38,099

a few copies of it got out before the

873

00:37:42,650 --> 00:37:40,020

sensors placed it on the classified list

874

00:37:43,970 --> 00:37:42,660

and prevented the public knowing of its

875

00:37:46,849 --> 00:37:43,980

existence

876

00:37:50,390 --> 00:37:46,859

thus as a result of the aerial invasion

877

00:37:54,650 --> 00:37:50,400

of Washington D.C by unidentified flying

878

00:37:56,810 --> 00:37:54,660

objects in July and August of 1952 we

879

00:37:59,690 --> 00:37:56,820

embarked on an official policy which

880

00:38:02,630 --> 00:37:59,700

Still Remains in force it was a wise

881

00:38:04,609 --> 00:38:02,640

policy at its Inception but time and

882

00:38:06,410 --> 00:38:04,619

events have passed it by

883

00:38:08,569 --> 00:38:06,420

under the conditions of the censorship

884

00:38:10,849 --> 00:38:08,579

regulation the Air Force tried to carry

885

00:38:13,250 --> 00:38:10,859

out its orders but it was a difficult

886

00:38:16,730 --> 00:38:13,260

assignment at best and in the long run

887

00:38:19,010 --> 00:38:16,740

an impossible task the section which

888

00:38:21,170 --> 00:38:19,020

required the Air Force to identify these

889

00:38:23,510 --> 00:38:21,180

things to the public only as

890

00:38:25,730 --> 00:38:23,520

conventional objects or conditions

891

00:38:28,250 --> 00:38:25,740

finally led to the breakdown of the

892

00:38:31,550 --> 00:38:28,260

entire censorship program an almost

893

00:38:33,650 --> 00:38:31,560

inevitable turn of events for as more

894

00:38:37,370 --> 00:38:33,660

and more credible witnesses around the

895

00:38:39,230 --> 00:38:37,380

world reported more and more UFOs the

896

00:38:41,690 --> 00:38:39,240

official protestations that these people

897

00:38:44,690 --> 00:38:41,700

were seeing nothing more than swarms of

898

00:38:48,170 --> 00:38:44,700

luminous flying ants or searchlights on

899

00:38:51,050 --> 00:38:48,180

the clouds began to lose their appeal

900

00:38:54,410 --> 00:38:51,060

the first major Rift between the sensors

901
00:38:56,990 --> 00:38:54,420
and the Press came in the summer of 1965

902
00:38:59,089 --> 00:38:57,000
when tens of thousands of people in the

903
00:39:01,670 --> 00:38:59,099
Great Plains states watched weird

904
00:39:04,250 --> 00:39:01,680
formations of colored lights maneuvering

905
00:39:06,410 --> 00:39:04,260
around in the skies from The Dakotas to

906
00:39:07,790 --> 00:39:06,420
the Mexican border the things were seen

907
00:39:10,310 --> 00:39:07,800
on radar they were seen through

908
00:39:12,349 --> 00:39:10,320
binoculars and with the naked eye they

909
00:39:14,630 --> 00:39:12,359
were seen following planes they were

910
00:39:17,750 --> 00:39:14,640
photographed both by amateurs and

911
00:39:19,490 --> 00:39:17,760
professionals but next day when the news

912
00:39:21,829 --> 00:39:19,500
Services called on the Air Force

913
00:39:23,870 --> 00:39:21,839

investigators for an explanation they

914

00:39:26,630 --> 00:39:23,880

were told that the lights had been

915

00:39:28,450 --> 00:39:26,640

nothing more than four stars in the

916

00:39:31,250 --> 00:39:28,460

constellation Orion

917

00:39:33,170 --> 00:39:31,260

astronomers promptly denounced that as

918

00:39:35,450 --> 00:39:33,180

an impossibility since that

919

00:39:38,390 --> 00:39:35,460

constellation was on the other side of

920

00:39:40,550 --> 00:39:38,400

the Earth at the time of the sightings

921

00:39:43,069 --> 00:39:40,560

hundreds of irate editors loosed their

922

00:39:45,770 --> 00:39:43,079

barbs at the Air Force for this boo-boo

923

00:39:47,510 --> 00:39:45,780

yet under the circumstances it was

924

00:39:48,650 --> 00:39:47,520

probably as good as anything they could

925

00:39:50,750 --> 00:39:48,660

have offered

926

00:39:52,550 --> 00:39:50,760

under the restrictions

927

00:39:56,030 --> 00:39:52,560

the final breakdown of the censorship

928

00:39:58,430 --> 00:39:56,040

program occurred early in 1966 when

929

00:40:00,710 --> 00:39:58,440

hundreds of students and police and

930

00:40:03,730 --> 00:40:00,720

faculty members of the University of

931

00:40:06,310 --> 00:40:03,740

Michigan watched four and sometimes five

932

00:40:09,890 --> 00:40:06,320

glowing football-shaped objects

933

00:40:12,530 --> 00:40:09,900

maneuvering at low altitude in that area

934

00:40:14,930 --> 00:40:12,540

a farmer and his son told authorities

935

00:40:17,690 --> 00:40:14,940

that they had seen one of the things on

936

00:40:19,609 --> 00:40:17,700

the ground and had been close enough to

937

00:40:23,390 --> 00:40:19,619

see that it had a sort of waffled

938

00:40:25,370 --> 00:40:23,400

surface and that it was football shaped

939

00:40:28,670 --> 00:40:25,380

the official explanation was offered

940

00:40:30,050 --> 00:40:28,680

after a very brief investigation only a

941

00:40:33,170 --> 00:40:30,060

couple of hours and three or four

942

00:40:37,370 --> 00:40:33,180

interviews then the public was told that

943

00:40:39,890 --> 00:40:37,380

these people had been seen swamp gas

944

00:40:41,630 --> 00:40:39,900

there was no swamp involved the

945

00:40:43,730 --> 00:40:41,640

temperature was too low for the gas to

946

00:40:46,370 --> 00:40:43,740

have formed and the light Breeze was

947

00:40:49,310 --> 00:40:46,380

capable of dissipating the gas even had

948

00:40:52,250 --> 00:40:49,320

it existed the net result of this Fiasco

949

00:40:55,250 --> 00:40:52,260

was that swamp gas became a national

950

00:40:57,349 --> 00:40:55,260

joke and the Air Force found itself not

951

00:41:00,109 --> 00:40:57,359

only discredited but facing

952

00:41:02,089 --> 00:41:00,119

Congressional investigation and all of

953

00:41:04,550 --> 00:41:02,099

this because it had merely been trying

954

00:41:07,370 --> 00:41:04,560

to carry out orders

955

00:41:10,130 --> 00:41:07,380

as far as the censorship program was

956

00:41:11,810 --> 00:41:10,140

concerned the damage had been done the

957

00:41:14,750 --> 00:41:11,820

nature and existence of the censorship

958

00:41:17,390 --> 00:41:14,760

was painfully obvious editors resented

959

00:41:19,730 --> 00:41:17,400

it and said so hundreds of them one

960

00:41:22,310 --> 00:41:19,740

television network ran a program which

961

00:41:24,770 --> 00:41:22,320

seemed anxious to present the official

962

00:41:27,290 --> 00:41:24,780

side in the best possible light which

963

00:41:29,870 --> 00:41:27,300

was certainly not an easy task on that

964

00:41:31,550 --> 00:41:29,880

particular program one participant was

965

00:41:35,210 --> 00:41:31,560

permitted to make the unchallenged

966

00:41:37,849 --> 00:41:35,220

Declaration that no UFOs were ever cited

967

00:41:40,310 --> 00:41:37,859

on radar that statement was in direct

968

00:41:43,210 --> 00:41:40,320

contradiction to the facts which include

969

00:41:45,109 --> 00:41:43,220

a book on radar sightings of UFOs

970

00:41:46,430 --> 00:41:45,119

compiled by the civil aviation

971

00:41:48,470 --> 00:41:46,440

Administration

972

00:41:51,950 --> 00:41:48,480

another claim made on that same

973

00:41:55,670 --> 00:41:51,960

broadcast was that none of our tracking

974

00:41:58,069 --> 00:41:55,680

cameras had photographed any UFOs Robin

975

00:42:00,710 --> 00:41:58,079

Sanford for more than 10 years an

976
00:42:02,750 --> 00:42:00,720
official of that particular program says

977
00:42:06,069 --> 00:42:02,760
that from 12 to 15 percent of the

978
00:42:08,930 --> 00:42:06,079
tracking station camera pictures include

979
00:42:13,130 --> 00:42:08,940
unidentified aerial objects

980
00:42:15,230 --> 00:42:13,140
by the end of 1965 the UFO cap was

981
00:42:18,050 --> 00:42:15,240
pretty well out of the bag of censorship

982
00:42:20,810 --> 00:42:18,060
since there had been no hostility by the

983
00:42:23,690 --> 00:42:20,820
UFOs scientists contended that it was

984
00:42:26,510 --> 00:42:23,700
not a military concern but a matter for

985
00:42:32,210 --> 00:42:26,520
scientific investigation which seemed

986
00:42:37,310 --> 00:42:34,849
let's discuss the fascinating riddle of

987
00:42:39,710 --> 00:42:37,320
signals from outer space

988
00:42:43,010 --> 00:42:39,720

in this category we must also include

989

00:42:45,950 --> 00:42:43,020

such items as our own nuclear explosions

990

00:42:48,710 --> 00:42:45,960

for their byproduct of that incredibly

991

00:42:50,810 --> 00:42:48,720

brilliant flesh and their radiation

992

00:42:53,150 --> 00:42:50,820

which would be detectable at much

993

00:42:56,030 --> 00:42:53,160

greater distances than the flash itself

994

00:42:58,609 --> 00:42:56,040

may very well have served notice on

995

00:43:01,370 --> 00:42:58,619

other residents of the cosmos that the

996

00:43:03,349 --> 00:43:01,380

Dwellers on this tiny planet of ours are

997

00:43:06,770 --> 00:43:03,359

learning to use the fury of the split

998

00:43:08,589 --> 00:43:06,780

atom that in a relatively short time we

999

00:43:11,450 --> 00:43:08,599

would be able to move about in space

1000

00:43:12,950 --> 00:43:11,460

just as others have evidently been doing

1001
00:43:15,349 --> 00:43:12,960
before us

1002
00:43:19,030 --> 00:43:15,359
this may explain the dramatic appearance

1003
00:43:23,630 --> 00:43:19,040
of unidentified flying objects in May of

1004
00:43:26,089 --> 00:43:23,640
1946 one year after man exploded his

1005
00:43:28,190 --> 00:43:26,099
first nuclear device

1006
00:43:31,450 --> 00:43:28,200
but there had been other indications of

1007
00:43:34,790 --> 00:43:31,460
Life out there both before and after the

1008
00:43:36,890 --> 00:43:34,800
1946 UFO visitation

1009
00:43:39,170 --> 00:43:36,900
and in that other evidence which I

1010
00:43:40,309 --> 00:43:39,180
mentioned there seems to be a pattern of

1011
00:43:43,190 --> 00:43:40,319
sorts

1012
00:43:46,309 --> 00:43:43,200
a time interval which may give us a clue

1013
00:43:48,470 --> 00:43:46,319

to our nearest Neighbors in space

1014

00:43:50,089 --> 00:43:48,480

let us take note of the details of this

1015

00:43:53,210 --> 00:43:50,099

strange business

1016

00:43:57,589 --> 00:43:53,220

Nikola Tesla sent out tremendously

1017

00:43:59,510 --> 00:43:57,599

powerful radio signals in 1899 signals

1018

00:44:02,270 --> 00:43:59,520

that were little more than man-made

1019

00:44:04,609 --> 00:44:02,280

lightning bolts delivered in measured

1020

00:44:06,410 --> 00:44:04,619

sequence they could be picked up at

1021

00:44:08,390 --> 00:44:06,420

Great distance from the Earth

1022

00:44:10,730 --> 00:44:08,400

if anybody was listening

1023

00:44:14,870 --> 00:44:10,740

Marconi picked up strange signals from

1024

00:44:19,190 --> 00:44:14,880

space exactly 22 years later the origin

1025

00:44:21,890 --> 00:44:19,200

of those signals was and is unknown but

1026

00:44:25,550 --> 00:44:21,900

the really interesting Factor here is

1027

00:44:28,849 --> 00:44:25,560

that 22-year sequence between powerful

1028

00:44:30,230 --> 00:44:28,859

man-made signals and signals from outer

1029

00:44:33,950 --> 00:44:30,240

space

1030

00:44:36,710 --> 00:44:33,960

in 1924 when the planet Mars came within

1031

00:44:39,530 --> 00:44:36,720

35 million miles of the Earth the United

1032

00:44:42,470 --> 00:44:39,540

States Navy hired scientists to record

1033

00:44:44,950 --> 00:44:42,480

radio signals on photographic paper

1034

00:44:48,589 --> 00:44:44,960

which moved through a special machine

1035

00:44:51,650 --> 00:44:48,599

the antennas were turned toward Mars

1036

00:44:53,809 --> 00:44:51,660

signals came in when the sensitized

1037

00:44:56,870 --> 00:44:53,819

paper was developed it showed

1038

00:45:00,410 --> 00:44:56,880

unintelligible strings of dots and ages

1039

00:45:03,290 --> 00:45:00,420

but it also showed clumps of signals

1040

00:45:04,849 --> 00:45:03,300

which resembled crude caricatures of

1041

00:45:07,849 --> 00:45:04,859

human faces

1042

00:45:09,770 --> 00:45:07,859

there was no explanation then and there

1043

00:45:12,770 --> 00:45:09,780

is none now

1044

00:45:16,370 --> 00:45:12,780

that was in 1924.

1045

00:45:18,829 --> 00:45:16,380

22 years later the UFOs swarmed over

1046

00:45:21,470 --> 00:45:18,839

Northwestern Europe and began their

1047

00:45:22,670 --> 00:45:21,480

systematic surveillance of man and his

1048

00:45:25,390 --> 00:45:22,680

works

1049

00:45:28,849 --> 00:45:25,400

and more radio signals kept trickling in

1050

00:45:32,750 --> 00:45:28,859

fragmentary signals and 22 years old

1051

00:45:35,030 --> 00:45:32,760

when we got them back from somewhere

1052

00:45:37,370 --> 00:45:35,040

in more recent years many countries have

1053

00:45:39,829 --> 00:45:37,380

built huge radio telescopes those

1054

00:45:42,770 --> 00:45:39,839

telescopes and especially those at Green

1055

00:45:45,109 --> 00:45:42,780

Bank West Virginia have devoted and are

1056

00:45:48,530 --> 00:45:45,119

devoting a great deal of time and

1057

00:45:52,430 --> 00:45:48,540

scientific manpower to the study of two

1058

00:45:55,970 --> 00:45:52,440

particular Stars Tau Si Thai and Epsilon

1059

00:45:58,430 --> 00:45:55,980

iridine some of the incoming signals

1060

00:46:01,010 --> 00:45:58,440

were so startling and perhaps so

1061

00:46:04,250 --> 00:46:01,020

important that a special secret meeting

1062

00:46:07,609 --> 00:46:04,260

of experts in this field was held to

1063

00:46:10,190 --> 00:46:07,619

discuss the findings whatever they were

1064

00:46:14,510 --> 00:46:10,200

why all this spatial attention to those

1065

00:46:17,089 --> 00:46:14,520

two stars Tau Sita and Epsilon Iridoni

1066

00:46:20,270 --> 00:46:17,099

could it be due to the fact that they

1067

00:46:22,210 --> 00:46:20,280

are exactly 11 light years away which

1068

00:46:26,690 --> 00:46:22,220

means that a transmitter in that area

1069

00:46:27,950 --> 00:46:26,700

might be returning our signals 22 years

1070

00:46:30,950 --> 00:46:27,960

late

1071

00:46:33,589 --> 00:46:30,960

if we are being signaled and visited by

1072

00:46:36,170 --> 00:46:33,599

sentient beings from space what kind of

1073

00:46:38,569 --> 00:46:36,180

creatures are they all the credible

1074

00:46:41,210 --> 00:46:38,579

Witnesses including a veteran police

1075

00:46:44,690 --> 00:46:41,220

officer a fine repute in Socorro New

1076
00:46:47,450 --> 00:46:44,700
Mexico described the creatures as small

1077
00:46:50,750 --> 00:46:47,460
man-like fellows less than four feet

1078
00:46:53,569 --> 00:46:50,760
tall wearing shiny space suits and

1079
00:46:56,210 --> 00:46:53,579
transparent helmets much like our own

1080
00:46:59,809 --> 00:46:56,220
Spacemen in miniature

1081
00:47:02,270 --> 00:46:59,819
where do they come from nobody knows yet

1082
00:47:05,950 --> 00:47:02,280
why don't they contact us

1083
00:47:09,650 --> 00:47:05,960
well we have shot at them with Canon

1084
00:47:12,290 --> 00:47:09,660
rifles pistols shotguns and guided

1085
00:47:15,349 --> 00:47:12,300
missiles they may regard this action on

1086
00:47:19,609 --> 00:47:15,359
our part as unfriendly

1087
00:47:21,589 --> 00:47:19,619
when will they contact us if ever

1088
00:47:25,370 --> 00:47:21,599

the fact that they are still with us

1089

00:47:29,150 --> 00:47:25,380

after all these years probably means

1090

00:47:30,670 --> 00:47:29,160

that they intend an eventual contact a

1091

00:47:33,230 --> 00:47:30,680

study of their past performance

1092

00:47:35,870 --> 00:47:33,240

indicates that we are in the closing

1093

00:47:39,470 --> 00:47:35,880

phases of a long and careful

1094

00:47:42,410 --> 00:47:39,480

surveillance at this pace contact may

1095

00:47:44,450 --> 00:47:42,420

occur in the next two or three years or

1096

00:47:47,089 --> 00:47:44,460

it could come tomorrow

1097

00:47:50,089 --> 00:47:47,099

the more we study the evidence that is

1098

00:47:52,790 --> 00:47:50,099

being assembled all over the Earth the

1099

00:47:55,190 --> 00:47:52,800

more inescapable the conclusion that man

1100

00:47:57,589 --> 00:47:55,200

had best prepare himself for the

1101

00:47:59,710 --> 00:47:57,599

greatest event in human history the

1102

00:48:03,410 --> 00:47:59,720

realization that we are about to contact

1103

00:48:05,690 --> 00:48:03,420

or to be contacted by sentient beings

1104

00:48:08,030 --> 00:48:05,700

from elsewhere in the universe

1105

00:48:11,089 --> 00:48:08,040

the late general Douglas MacArthur said

1106

00:48:14,569 --> 00:48:11,099

that this confrontation would be the

1107

00:48:19,190 --> 00:48:14,579

greatest challenge man ever had to face
