Gemini IV Astronaut

**OFFICIAL NASA
FOOTAGE TAKEN FROM
GEMINI IV
UNIDENTIFIED LIGHT IN SPACE**

1
00:00:07,249 --> 00:00:04,610
uh during my flight on Gemini 4 1965 I

2
00:00:10,009 --> 00:00:07,259
saw an object in space fairly close to

3
00:00:12,410 --> 00:00:10,019
our spacecraft that I could not identify

4
00:00:14,749 --> 00:00:12,420
it looked to me like maybe the upper

5
00:00:16,430 --> 00:00:14,759
stage of another rocket I tried to take

6
00:00:18,490 --> 00:00:16,440
some pictures of it but unfortunately

7
00:00:20,929 --> 00:00:18,500
the pictures did not come out properly

8
00:00:22,849 --> 00:00:20,939
we would never were able to identify

9
00:00:24,890 --> 00:00:22,859
what it was and all of our ground radar

10
00:00:25,970 --> 00:00:24,900
tracking data indicated that there

11
00:00:27,830 --> 00:00:25,980
shouldn't have been another object

12
00:00:29,990 --> 00:00:27,840
anywhere near us at the time now

13
00:00:33,290 --> 00:00:30,000

Brigadier General Jim mcdivitt Not only

14

00:00:35,450 --> 00:00:33,300

was a former astronaut he also claims to

15

00:00:38,750 --> 00:00:35,460

have seen an unidentified flying object

16

00:00:40,850 --> 00:00:38,760

first welcome here when was that General

17

00:00:44,510 --> 00:00:40,860

it was during the flight of Gemini 4

18

00:00:47,030 --> 00:00:44,520

Mario in June of 1965. could you

19

00:00:50,090 --> 00:00:47,040

describe this UFO for us

20

00:00:52,310 --> 00:00:50,100

yes it was a white object if it had been

21

00:00:54,889 --> 00:00:52,320

about well that high it would have been

22

00:00:57,529 --> 00:00:54,899

about that big around and had a long

23

00:00:59,630 --> 00:00:57,539

white tube sticking out of it any idea

24

00:01:02,150 --> 00:00:59,640

what it was I tried to take some

25

00:01:04,070 --> 00:01:02,160

pictures but because of the way the

26
00:01:05,509 --> 00:01:04,080
camera was set and the way the light was

27
00:01:08,090 --> 00:01:05,519
shining on the windshield we never

28
00:01:10,310 --> 00:01:08,100
really got anything back except a couple

29
00:01:13,310 --> 00:01:10,320
beautiful sunspots on the window nothing

30
00:01:15,350 --> 00:01:13,320
else yet you still believe that that it

31
00:01:18,590 --> 00:01:15,360
was a UFO that you saw in that flight in

32
00:01:21,109 --> 00:01:18,600
orbit well it was a UFO that means I

33
00:01:22,969 --> 00:01:21,119
identified a flying object whether or

34
00:01:25,070 --> 00:01:22,979
not it was light from another planet I

35
00:01:27,950 --> 00:01:25,080
don't really know

36
00:01:31,249 --> 00:01:27,960
General let me laid on the line are you

37
00:01:35,450 --> 00:01:31,259
saying do you believe that life exists

38
00:01:39,710 --> 00:01:38,450

I really do uh I think it would be very

39

00:01:42,590 --> 00:01:39,720

naive

40

00:01:44,630 --> 00:01:42,600

and really super egotistical on our part

41

00:01:47,390 --> 00:01:44,640

to believe that we're the only form of
