

A black and white portrait of a woman with dark, curly hair, wearing a light-colored collared shirt. She is looking slightly to the right of the camera with a neutral expression. The background is dark and out of focus, showing some architectural lines.

somebody called in but I'm not I really

4  
00:00:17,840 --> 00:00:25,570  
okay

5  
00:00:30,009 --> 00:00:27,890  
was it just like moving at a slow rate

6  
00:00:33,049 --> 00:00:30,019  
of speed

7  
00:00:38,260 --> 00:00:33,059  
but it was coming down it was coming

8  
00:00:38,270 --> 00:00:46,090  
[Applause]

9  
00:00:50,209 --> 00:00:48,229  
and see if they have any report of

10  
00:00:51,450 --> 00:00:50,219  
anything in the area yeah okay thank you

11  
00:00:58,010 --> 00:00:51,460  
okay

12  
00:01:03,830 --> 00:01:01,850  
two calls in of a vehicle in the sky a

13  
00:01:06,789 --> 00:01:03,840

known object above Samson Drive have you

14

00:01:15,910 --> 00:01:09,550

that's affirmative sir

15

00:01:27,860 --> 00:01:19,010

in the sky he didn't advise directions

16

00:01:42,410 --> 00:01:30,780

[Music]

17

00:01:42,420 --> 00:01:58,969

[Applause]

18

00:01:58,979 --> 00:02:04,630

foreign

19

00:02:04,640 --> 00:02:09,659

[Applause]

20

00:02:13,110 --> 00:02:10,499

[Music]

21

00:02:13,780 --> 00:02:13,120

[Applause]

22

00:02:41,140 --> 00:02:13,790

[Music]

23

00:03:02,229 --> 00:02:52,750

[Applause]

24

00:03:02,239 --> 00:03:12,980

you let me know foreign

25

00:03:12,990 --> 00:03:22,520

[Applause]

26

00:03:22,530 --> 00:03:26,080

[Music]

27

00:03:26,090 --> 00:03:42,550

[Applause]

28

00:03:52,320 --> 00:03:43,240

[Music]

29

00:03:54,320 --> 00:03:52,330

[Applause]

30

00:04:02,170 --> 00:03:54,330

[Music]

31

00:04:06,770 --> 00:04:04,789

this is going to sound really dumb I

32

00:04:08,990 --> 00:04:06,780

hear Liberty police are in an area that

33

00:04:10,789 --> 00:04:09,000

I gotta call about a little bit ago a

34

00:04:13,729 --> 00:04:10,799

woman called claimed she saw something

35

00:04:15,229 --> 00:04:13,739

yeah you called me a little louder okay

36

00:04:17,090 --> 00:04:15,239

I hear they're out there and they've

37

00:04:19,370 --> 00:04:17,100

gotten other calls yeah we finally got

38

00:04:22,250 --> 00:04:19,380

one on him somewhere

39  
00:04:24,950 --> 00:04:22,260  
um what the woman told me was on Sampson

40  
00:04:27,070 --> 00:04:24,960  
Drive like Midway in the block there's a

41  
00:04:31,110 --> 00:04:27,080  
vacant lot or something

42  
00:04:31,120 --> 00:04:36,010  
[Applause]

43  
00:04:36,020 --> 00:04:40,870  
did you really this woman was almost

44  
00:04:46,969 --> 00:04:42,850  
[Applause]

45  
00:04:48,770 --> 00:04:46,979  
he told me that the area was just like

46  
00:04:51,110 --> 00:04:48,780  
Samson Drive there's a vacant field

47  
00:04:53,450 --> 00:04:51,120  
Midway through the block they're telling

48  
00:04:55,070 --> 00:04:53,460  
me this too but I mean it's I mean it's

49  
00:04:56,689 --> 00:04:55,080  
probably some weather balloon or

50  
00:04:59,689 --> 00:04:56,699  
something you know what I mean they're

51  
00:05:02,770 --> 00:04:59,699  
checking the area but I really these UFO

52  
00:05:08,830 --> 00:05:05,030  
to become the liberty for there's no

53  
00:05:13,730 --> 00:05:11,570  
we're telling everybody they're doing a

54  
00:05:16,749 --> 00:05:13,740  
sequel that it says what's that new Star

55  
00:05:20,749 --> 00:05:16,759  
Trek movie generation

56  
00:05:24,409 --> 00:05:20,759  
Lewis green no noise no noise it was low

57  
00:05:26,510 --> 00:05:24,419  
flying and took off so come on Fifth

58  
00:05:28,030 --> 00:05:26,520  
Avenue are you sure it's driving a Fifth

59  
00:05:29,590 --> 00:05:28,040  
Avenue

60  
00:05:33,050 --> 00:05:29,600  
[Applause]

61  
00:05:36,469 --> 00:05:33,060  
are you flying it came down it just

62  
00:05:38,150 --> 00:05:36,479  
zooped over it with a big glowing object

63  
00:05:39,540 --> 00:05:38,160

well we got four calls on it the last

64

00:05:41,650 --> 00:05:39,550

guy said it was a fighter plane

65

00:05:44,629 --> 00:05:41,660

[Music]

66

00:05:46,610 --> 00:05:44,639

so you tell me that I would do like a

67

00:05:48,110 --> 00:05:46,620

big big news story on the water in

68

00:05:50,510 --> 00:05:48,120

Liberty and effects on the people

69

00:05:52,029 --> 00:05:50,520

because these people are clearly

70

00:05:54,650 --> 00:05:52,039

Afflicted

71

00:05:56,990 --> 00:05:54,660

but I appreciate the tip I'll let them

72

00:05:58,850 --> 00:05:57,000

know some more on it I just I dispatch

73

00:06:00,529 --> 00:05:58,860

because God only knows my Lackey would

74

00:06:02,210 --> 00:06:00,539

land here abduct some people and I would

75

00:06:03,590 --> 00:06:02,220

be in trouble by dispatching I was

76  
00:06:05,629 --> 00:06:03,600  
impressed because I heard the way you

77  
00:06:07,570 --> 00:06:05,639  
decide fit and I said she's trying real

78  
00:06:10,010 --> 00:06:07,580  
hard not to break

79  
00:06:13,070 --> 00:06:10,020  
and I'm working with the biggest Jokers

80  
00:06:16,550 --> 00:06:13,080  
on the force tonight so it's real hard

81  
00:06:18,590 --> 00:06:16,560  
not to love you too but if we do run

82  
00:06:20,890 --> 00:06:18,600  
into a UFO eye store I will call you

83  
00:06:26,590 --> 00:06:20,900  
personally okay

84  
00:07:05,689 --> 00:06:28,010  
[Applause]

85  
00:07:12,840 --> 00:07:09,890  
no okay all right have you even once had

86  
00:07:14,090 --> 00:07:12,850  
called other calls yeah

87  
00:07:17,809 --> 00:07:14,100  
[Music]

88  
00:07:19,790 --> 00:07:17,819

thank you so what does it look like now

89

00:07:22,330 --> 00:07:19,800

it was like a uh almost like an

90

00:07:25,850 --> 00:07:22,340

iridescent color it was like a bluish

91

00:07:28,070 --> 00:07:25,860

bluish purple you know it was like a

92

00:07:30,230 --> 00:07:28,080

long straight and it might be that it

93

00:07:33,409 --> 00:07:30,240

almost was like a it had fire coming out

94

00:07:34,610 --> 00:07:33,419

of its back but okay you know maybe it

95

00:07:37,850 --> 00:07:34,620

was I don't know what it could have been

96

00:07:39,770 --> 00:07:37,860

if it was it wasn't I know it wasn't an

97

00:07:44,110 --> 00:07:39,780

airplane okay ma'am I'll let him know

98

00:07:56,210 --> 00:07:53,469

[Applause]

99

00:07:57,710 --> 00:07:56,220

it's supposed to be a large object with

100

00:08:00,529 --> 00:07:57,720

a lot of lights on

101  
00:08:03,350 --> 00:08:00,539  
so I have another report on Samson drive

102  
00:08:05,330 --> 00:08:03,360  
and also we've been advised by caller to

103  
00:08:07,969 --> 00:08:05,340  
the media media formed us it was a red

104  
00:08:10,610 --> 00:08:07,979  
it was a blue green object covering no

105  
00:08:13,029 --> 00:08:10,620  
noise it was in the area of Fifth Avenue

106  
00:08:16,240 --> 00:08:13,039  
Extension

107  
00:08:43,260 --> 00:08:16,250  
just came in

108  
00:08:48,170 --> 00:08:45,490  
[Applause]

109  
00:08:49,520 --> 00:08:48,180  
I could see some lights off in that here

110  
00:09:02,000 --> 00:08:49,530  
in that area

111  
00:09:08,829 --> 00:09:02,930  
[Music]

112  
00:09:20,650 --> 00:09:11,230  
you don't see anything

113  
00:09:26,030 --> 00:09:23,509

to the bottom of the airplane but it was

114

00:09:32,990 --> 00:09:26,040

real big okay we're trying to contact

115

00:09:34,760 --> 00:09:34,230

[Applause]

116

00:09:42,769 --> 00:09:34,770

[Music]

117

00:09:52,210 --> 00:09:44,470

yeah

118

00:09:56,990 --> 00:09:54,949

uh yes so this is Ryan from Liberty Taxi

119

00:09:58,790 --> 00:09:57,000

Police Department in Youngstown Ohio we

120

00:10:02,030 --> 00:09:58,800

have a report of some flying object in

121

00:10:03,650 --> 00:10:02,040

our jurisdiction in our area above the

122

00:10:05,650 --> 00:10:03,660

Sampson Drive Fifth Avenue Extension

123

00:10:08,449 --> 00:10:05,660

area I could not give you any kind of

124

00:10:10,490 --> 00:10:08,459

traffic you know direction that would

125

00:10:11,810 --> 00:10:10,500

help you know that area do you know of

126  
00:10:14,810 --> 00:10:11,820  
anything that should be in our airspace

127  
00:10:16,370 --> 00:10:14,820  
this time close to the ground this is

128  
00:10:17,530 --> 00:10:16,380  
not a prank phone call I swear you can

129  
00:10:18,970 --> 00:10:17,540  
call me back

130  
00:10:22,610 --> 00:10:18,980  
[Applause]

131  
00:10:24,889 --> 00:10:22,620  
I go 60 miles diameter of Youngstown and

132  
00:10:28,030 --> 00:10:24,899  
there is nothing out there oh [\h\_\_\h]

133  
00:10:32,630 --> 00:10:30,550  
accounts five calls in on this

134  
00:10:34,310 --> 00:10:32,640  
something's flying in our area and it's

135  
00:10:35,990 --> 00:10:34,320  
low to the ground would you be able to

136  
00:10:37,610 --> 00:10:36,000  
monitor like a Cessna or something with

137  
00:10:40,690 --> 00:10:37,620  
a light on it well

138  
00:10:44,030 --> 00:10:40,700

you can also

139

00:10:48,960 --> 00:10:44,040

with the radar oh it's a radar uh it

140

00:10:51,590 --> 00:10:50,090

[Music]

141

00:10:53,150 --> 00:10:51,600

[Applause]

142

00:10:56,090 --> 00:10:53,160

I don't want to say you couldn't find

143

00:10:59,569 --> 00:10:56,100

anything is there any like uh claws on

144

00:11:00,889 --> 00:10:59,579

my ears like a personal aircraft or

145

00:11:04,100 --> 00:11:00,899

something like these at night or

146

00:11:05,530 --> 00:11:04,110

something but they could be uh you know

147

00:11:09,650 --> 00:11:05,540

[Applause]

148

00:11:11,030 --> 00:11:09,660

as far as any kind of helicopter they

149

00:11:13,090 --> 00:11:11,040

don't have any kind of requirements to

150

00:11:15,410 --> 00:11:13,100

uh

151

00:11:16,730 --> 00:11:15,420

okay so you have no Communications with

152

00:11:17,720 --> 00:11:16,740

helicopters could be something like that

153

00:11:19,750 --> 00:11:17,730

yeah

154

00:11:22,850 --> 00:11:19,760

[Applause]

155

00:11:24,470 --> 00:11:22,860

all right I'm buying this 100 but are

156

00:11:26,990 --> 00:11:24,480

you uh you know does that location

157

00:11:28,790 --> 00:11:27,000

anywhere in your hospital we are close

158

00:11:31,190 --> 00:11:28,800

to a hospital but the location is away

159

00:11:32,630 --> 00:11:31,200

from it's as low as they said it was to

160

00:11:35,509 --> 00:11:32,640

the ground it would be approximately

161

00:11:37,250 --> 00:11:35,519

five miles away from the hospital uh

162

00:11:39,190 --> 00:11:37,260

we're closer to that end of town is

163

00:11:41,870 --> 00:11:39,200

closer like out towards the Vienna line

164

00:11:43,790 --> 00:11:41,880

by an air basic area and that's what I

165

00:11:50,650 --> 00:11:43,800

thought maybe it was related to yeah we

166

00:11:55,190 --> 00:11:53,210

[Music]

167

00:11:57,290 --> 00:11:55,200

he's still out here northbound climbed

168

00:12:00,290 --> 00:11:57,300

up high and uh nothing's going on here

169

00:12:02,630 --> 00:12:00,300

okay I am going to advise you of this

170

00:12:04,490 --> 00:12:02,640

you can take it and file an energy under

171

00:12:06,530 --> 00:12:04,500

your garbage can if you want to

172

00:12:08,750 --> 00:12:06,540

uh we've got accounts of this hold on

173

00:12:14,050 --> 00:12:08,760

one second for me okay I've got four to

174

00:12:17,509 --> 00:12:15,590

okay

175

00:12:20,269 --> 00:12:17,519

um at this time I've had four to six

176

00:12:23,090 --> 00:12:20,279

calls come in about a lit object well

177

00:12:25,610 --> 00:12:23,100

lit object blue green lights hovering

178

00:12:28,550 --> 00:12:25,620

above uh theory of Samson drive and

179

00:12:31,030 --> 00:12:28,560

Fifth Avenue the object was low to the

180

00:12:33,050 --> 00:12:31,040

grounds did not make any noise

181

00:12:35,410 --> 00:12:33,060

hovered there for some time and then

182

00:12:40,130 --> 00:12:35,420

continued moving down the Fifth Avenue

183

00:12:41,750 --> 00:12:40,140

Extension Road uh my unit was out he got

184

00:12:43,550 --> 00:12:41,760

something he thought was red somebody

185

00:12:45,889 --> 00:12:43,560

described it at the end of a fighter

186

00:12:47,569 --> 00:12:45,899

pilot was playing I don't know what the

187

00:12:49,850 --> 00:12:47,579

hell kind of flying just continue in

188

00:12:51,769 --> 00:12:49,860

their drying here I don't see any but

189

00:12:53,930 --> 00:12:51,779

this is what I was advised of so I

190

00:13:07,269 --> 00:12:53,940

wanted to call okay well you know we

191

00:13:12,230 --> 00:13:10,370

like I said I don't know no I don't see

192

00:13:13,850 --> 00:13:12,240

anything out there nothing on the radar

193

00:13:15,350 --> 00:13:13,860

scope I haven't seen anything yet and

194

00:13:17,690 --> 00:13:15,360

you know we don't really do the same

195

00:13:19,009 --> 00:13:17,700

with the information okay I just I

196

00:13:20,990 --> 00:13:19,019

thought I'd pass along in case somebody

197

00:13:22,610 --> 00:13:21,000

was maybe flying without permission and

198

00:13:24,350 --> 00:13:22,620

you know nightfly or something like that

199

00:13:27,230 --> 00:13:24,360

I didn't know what was going on but uh

200

00:13:28,910 --> 00:13:27,240

as long as I've done my job actually so

201  
00:13:30,530 --> 00:13:28,920  
long and I don't want to sound like a

202  
00:13:33,870 --> 00:13:30,540  
crackpot but that's what we've got in so

203  
00:13:51,350 --> 00:13:33,880  
far okay thank you

204  
00:13:51,360 --> 00:13:54,769  
um  
[Music]

205  
00:13:54,779 --> 00:14:00,370  
stop it

206  
00:14:10,810 --> 00:14:06,110  
is Road and Samson's Drive adding

207  
00:14:16,190 --> 00:14:13,329  
where they were looking for that figure

208  
00:14:19,910 --> 00:14:16,200  
right now yeah did they find anything

209  
00:14:23,210 --> 00:14:19,920  
yet not yet the dispatchers right now

210  
00:14:24,710 --> 00:14:23,220  
she's uh speaking with the air base to

211  
00:14:29,590 --> 00:14:24,720  
see if they have possibly something in

212  
00:14:35,090 --> 00:14:32,930  
since it wasn't very far from the ground

213

00:14:37,990 --> 00:14:35,100  
well that's why she contacted them in

214  
00:14:45,110 --> 00:14:42,110  
they called the news on that I have no

215  
00:14:47,269 --> 00:14:45,120  
idea I'll call and understand if they

216  
00:14:49,730 --> 00:14:47,279  
did but they think it might be from the

217  
00:14:51,590 --> 00:14:49,740  
air base right he said the Liberty

218  
00:14:53,689 --> 00:14:51,600  
dispatches on the uh sun right now

219  
00:14:55,790 --> 00:14:53,699  
speaking with the air base and I think

220  
00:14:58,269 --> 00:14:55,800  
that's where it's from yes all right

221  
00:15:02,530 --> 00:14:58,279  
well thank you

222  
00:15:05,629 --> 00:15:02,540  
please contacted the FAA Administration

223  
00:15:07,670 --> 00:15:05,639  
and once they've advised nothing on the

224  
00:15:09,829 --> 00:15:07,680  
radar scope with a 60-mile radius of

225  
00:15:12,829 --> 00:15:09,839  
Youngstown they did advise they have no

226  
00:15:15,889 --> 00:15:12,839  
Communications with any helicopters or

227  
00:15:16,540 --> 00:15:15,899  
any private owned vehicles or air

228  
00:15:19,870 --> 00:15:16,550  
vehicles

229  
00:15:22,310 --> 00:15:19,880  
[Applause]

230  
00:15:24,230 --> 00:15:22,320  
negative he checked the radar and

231  
00:15:26,269 --> 00:15:24,240  
advised negative nothing on the radar

232  
00:15:29,269 --> 00:15:26,279  
within 60 mile radius of the Youngstown

233  
00:15:32,389 --> 00:15:29,279  
area again he did he did verify they

234  
00:15:34,250 --> 00:15:32,399  
have no contact with any helicopter or

235  
00:15:35,569 --> 00:15:34,260  
private owned vehicles that might be in

236  
00:15:37,550 --> 00:15:35,579  
the area

237  
00:15:38,889 --> 00:15:37,560  
we are continually getting calls on this

238

00:15:42,650 --> 00:15:38,899

stuff

239

00:15:44,990 --> 00:15:42,660

still stands in Fifth Avenue we're right

240

00:15:46,129 --> 00:15:45,000

there I don't see anything up in the air

241

00:15:50,200 --> 00:15:46,139

now

242

00:16:07,100 --> 00:15:55,090

[Applause]

243

00:16:25,200 --> 00:16:07,110

[Music]

244

00:16:46,009 --> 00:16:36,030

[Applause]

245

00:16:50,870 --> 00:16:49,009

new extensions you can see a red glow up

246

00:16:52,610 --> 00:16:50,880

in the sky was huge

247

00:16:54,110 --> 00:16:52,620

it was like seriously but they're

248

00:16:55,790 --> 00:16:54,120

telling me blue green because the media

249

00:16:59,509 --> 00:16:55,800

called this woman was crying to

250

00:17:01,490 --> 00:16:59,519

sterically she's like oh my God and

251  
00:17:04,250 --> 00:17:01,500  
she's screaming and they're like oh God

252  
00:17:06,230 --> 00:17:04,260  
they call me and I'm laughing it off

253  
00:17:08,250 --> 00:17:06,240  
because I can't you know I'm not gonna

254  
00:17:09,730 --> 00:17:08,260  
cause a panic

255  
00:17:12,350 --> 00:17:09,740  
[Applause]

256  
00:17:14,329 --> 00:17:12,360  
I swear to God we got seven to eight

257  
00:17:16,850 --> 00:17:14,339  
calls on this UFO we're doing they're

258  
00:17:19,130 --> 00:17:16,860  
scanning us no I'm telling you what they

259  
00:17:21,069 --> 00:17:19,140  
were coming in at the same time they

260  
00:17:23,449 --> 00:17:21,079  
were coming at the same time

261  
00:17:26,030 --> 00:17:23,459  
and the county side somebody from the

262  
00:17:27,350 --> 00:17:26,040  
county side really I think Pete lusic

263

00:17:29,090 --> 00:17:27,360  
sucked because he came across his

264  
00:17:30,370 --> 00:17:29,100  
channel he goes is that big [\h\_\_\h]

265  
00:17:32,390 --> 00:17:30,380  
thing in the sky

266  
00:17:33,770 --> 00:17:32,400  
and of course we thought they were

267  
00:17:34,970 --> 00:17:33,780  
making fun of us but they went to

268  
00:17:37,100 --> 00:17:34,980  
another channel to do it because they

269  
00:17:56,409 --> 00:17:37,110  
didn't want to be on their means

270  
00:18:01,490 --> 00:17:58,610  
he's trying to give me numbers to report

271  
00:18:04,250 --> 00:18:01,500  
it and I'm taking I'm saying no

272  
00:18:05,510 --> 00:18:04,260  
I want a number he's going well he goes

273  
00:18:08,150 --> 00:18:05,520  
you know I don't have anything of a 16

274  
00:18:10,430 --> 00:18:08,160  
mile radius of you know cheers I'm

275  
00:18:12,049 --> 00:18:10,440  
looking at the radar right now well this

276

00:18:13,630 --> 00:18:12,059

thing wasn't more than about 50 feet off

277

00:18:16,250 --> 00:18:13,640

the ground

278

00:18:17,810 --> 00:18:16,260

I said you might not pick it up I said

279

00:18:19,850 --> 00:18:17,820

you know and I said he goes well maybe

280

00:18:21,650 --> 00:18:19,860

it's a helicopter I said well I heard

281

00:18:29,710 --> 00:18:21,660

from four people something that way the

282

00:18:34,669 --> 00:18:32,630

the only time I heard was my car well

283

00:18:36,169 --> 00:18:34,679

what was what was it was it moving or

284

00:18:38,090 --> 00:18:36,179

was it just yeah it was growing it was

285

00:18:39,950 --> 00:18:38,100

moving you could see it like up in the

286

00:18:41,750 --> 00:18:39,960

air growing and getting further away

287

00:18:44,330 --> 00:18:41,760

from me and so I had to go all the way

288

00:18:44,340 --> 00:18:51,909

[Applause]

289

00:18:56,150 --> 00:18:54,350

there's about 10 other people in Liberty

290

00:18:57,430 --> 00:18:56,160

here just swearing up and down they saw

291

00:18:59,750 --> 00:18:57,440

UFO

292

00:19:01,470 --> 00:18:59,760

oh I don't have a ball in it because I

293

00:19:02,690 --> 00:19:01,480

mean they called already

294

00:19:04,610 --> 00:19:02,700

[Applause]

295

00:19:06,350 --> 00:19:04,620

you think yeah well they're like you

296

00:19:08,450 --> 00:19:06,360

know they're like people are serious

297

00:19:10,190 --> 00:19:08,460

they're very upset and I'm like well

298

00:19:11,630 --> 00:19:10,200

it's got to be a weather balloon or

299

00:19:13,850 --> 00:19:11,640

something and I knew it wasn't a weather

300

00:19:16,090 --> 00:19:13,860

balloon because they you know well FAA

301

00:19:18,710 --> 00:19:16,100

would know about it

302

00:19:21,789 --> 00:19:18,720

well no the media said it was green and

303

00:19:23,710 --> 00:19:21,799

blue lights I had a man who said

304

00:19:26,390 --> 00:19:23,720

he said

305

00:19:31,150 --> 00:19:26,400

but it was huge and it doesn't make any

306

00:19:36,230 --> 00:19:34,490

these lights are incredibly bright and

307

00:19:38,150 --> 00:19:36,240

he goes and this thing's just he gets

308

00:19:40,430 --> 00:19:38,160

and this thing's just hovering it's not

309

00:19:42,010 --> 00:19:40,440

moving and I said well maybe it's a

310

00:19:44,990 --> 00:19:42,020

private plane or something

311

00:19:48,409 --> 00:19:45,000

whatever it was I mean literally

312

00:19:49,730 --> 00:19:48,419

literally if you were underneath it you

313

00:19:51,770 --> 00:19:49,740  
could see it would be like daylight but

314  
00:19:53,330 --> 00:19:51,780  
red light well I logged and I know this

315  
00:19:54,350 --> 00:19:53,340  
is coming back up I know everybody and

316  
00:19:55,630 --> 00:19:54,360  
their brother's gonna be calling

317  
00:19:58,549 --> 00:19:55,640  
tomorrow

318  
00:20:01,730 --> 00:19:58,559  
and I'm like I lost it and I saw it Oh

319  
00:20:12,490 --> 00:20:01,740  
my God no I didn't like you saw it you

320  
00:20:34,050 --> 00:20:19,950  
[Applause]

321  
00:20:40,390 --> 00:20:34,060  
you know

322  
00:20:42,350 --> 00:20:40,400  
[Applause]

323  
00:20:43,610 --> 00:20:42,360  
and then all of a sudden you weren't

324  
00:20:45,169 --> 00:20:43,620  
laughing and I thought well maybe he's

325  
00:20:47,810 --> 00:20:45,179  
trying to make me like think there's

326

00:20:50,990 --> 00:20:47,820

really this UFO there and I was like oh

327

00:20:55,150 --> 00:20:51,000

no I I wasn't joking I Saw The Light

328

00:20:59,390 --> 00:20:57,470

hold on one second howling guy thinks

329

00:21:01,610 --> 00:20:59,400

I'm a UFOs expert he was talking to me

330

00:21:04,330 --> 00:21:01,620

you want me to let you go yeah okay

331

00:21:09,370 --> 00:21:04,340

sweetheart take care bye-bye

332

00:21:13,870 --> 00:21:11,670

Liberty was fighting earlier

333

00:21:28,510 --> 00:21:13,880

[Applause]

334

00:21:36,160 --> 00:21:30,710

all right I'm gonna go look at it now

335

00:21:52,750 --> 00:21:42,170

[Applause]

336

00:21:52,760 --> 00:21:56,600

in 10 minutes

337

00:21:56,610 --> 00:22:03,850

[Applause]

338

00:22:07,909 --> 00:22:06,830  
come on down you'll see me apart I've

339

00:22:10,549 --> 00:22:07,919  
been watching this thing through my

340

00:22:12,529 --> 00:22:10,559  
binoculars I can't quite make it out it

341

00:22:14,330 --> 00:22:12,539  
changes colors from white to Red to

342

00:22:16,730 --> 00:22:14,340  
Green you know those are colors of

343

00:22:18,350 --> 00:22:16,740  
planes but the sucker has not moved it

344

00:22:22,870 --> 00:22:18,360  
hasn't gone any direction since I've

345

00:22:31,549 --> 00:22:26,270  
yeah it's an alien all right prove it

346

00:22:32,870 --> 00:22:31,559  
hello she went outside too okay I

347

00:22:34,909 --> 00:22:32,880  
couldn't believe it I was just putting

348

00:22:36,350 --> 00:22:34,919  
by my house and I looked over you know

349

00:22:38,930 --> 00:22:36,360  
laughingly thinking because we had one

350

00:22:40,310 --> 00:22:38,940  
two weeks ago and I looked over and I

351

00:22:41,690 --> 00:22:40,320

said oh here's a plane coming in the

352

00:22:43,730 --> 00:22:41,700

land yeah because I'm used to seeing

353

00:22:46,549 --> 00:22:43,740

those this thing has not moved in 10

354

00:22:50,890 --> 00:22:46,559

minutes and it's too bright and too low

355

00:22:50,900 --> 00:22:56,289

yeah I wish Santa Claus

356

00:23:02,930 --> 00:23:01,310

did you see my car down on about a half

357

00:23:06,490 --> 00:23:02,940

to a quarter of a mile somewhere there

358

00:23:06,500 --> 00:23:13,570

[Applause]

359

00:23:18,230 --> 00:23:16,190

I mean I got a perfect view where I'm at

360

00:23:22,029 --> 00:23:18,240

I just can't quite make it out to my

361

00:23:26,810 --> 00:23:24,529

right I'm on public service too so hang

362

00:23:28,190 --> 00:23:26,820

on I'm trying to juggle Mike

363

00:23:34,380 --> 00:23:28,200

okay

364

00:23:38,750 --> 00:23:36,070

[Applause]

365

00:23:40,850 --> 00:23:38,760

oh I've been stationary because I called

366

00:23:42,890 --> 00:23:40,860

you yeah however long it took you to

367

00:23:44,430 --> 00:23:42,900

come from over on the west side that

368

00:23:46,690 --> 00:23:44,440

butter has not moved

369

00:23:48,120 --> 00:23:46,700

[Applause]

370

00:23:54,430 --> 00:23:48,130

right now

371

00:23:57,250 --> 00:23:54,440

[Applause]

372

00:24:00,049 --> 00:23:57,260

over here just above the trees

373

00:24:01,789 --> 00:24:00,059

okay is it moved any it looked like it

374

00:24:09,970 --> 00:24:01,799

might have flickered a little and that

375

00:24:14,990 --> 00:24:12,890

okay uh Mikey's up here with me now he's

376

00:24:17,270 --> 00:24:15,000

looking through the binocs it looks like

377

00:24:19,250 --> 00:24:17,280

it might have moved just just slightly

378

00:24:21,350 --> 00:24:19,260

because uh it moved from one side of a

379

00:24:28,430 --> 00:24:21,360

tree to another but it's still uh

380

00:24:32,390 --> 00:24:30,250

[Applause]

381

00:24:34,789 --> 00:24:32,400

did you say you're at Roots at the air

382

00:24:36,190 --> 00:24:34,799

base okay uh it should be stopped you

383

00:24:38,570 --> 00:24:36,200

right

384

00:24:41,470 --> 00:24:38,580

purple looks like it's doing circles

385

00:24:46,630 --> 00:24:41,480

here but uh

386

00:24:49,930 --> 00:24:46,640

what area uh hang on one

387

00:24:54,370 --> 00:24:49,940

secondary do you think it's in now

388

00:24:59,810 --> 00:24:57,190  
on hen Heights

389

00:25:01,310 --> 00:24:59,820  
it's still a little bit South for me so

390

00:25:04,780 --> 00:25:01,320  
why don't you add as far as on Ridge

391

00:25:16,010 --> 00:25:11,830  
[Applause]

392

00:25:21,710 --> 00:25:18,470  
tonight we didn't see it okay well we're

393

00:25:23,690 --> 00:25:21,720  
on hit High north of cave okay there's a

394

00:25:25,730 --> 00:25:23,700  
brand new house under construction we're

395

00:25:27,250 --> 00:25:25,740  
watching it right through the empty

396

00:25:31,380 --> 00:25:27,260  
field

397

00:25:36,830 --> 00:25:33,130  
[Applause]

398

00:25:38,870 --> 00:25:36,840  
the whitish red to pulsating uh greenish

399

00:25:40,130 --> 00:25:38,880  
lavender have you seen any red it was a

400

00:25:42,350 --> 00:25:40,140  
whole red light he said it looked like

401

00:25:44,750 --> 00:25:42,360

well from the distance I mean I can't

402

00:25:47,210 --> 00:25:44,760

tell my binoculars are a cheap set of

403

00:25:49,669 --> 00:25:47,220

binoculars I thought I saw some red let

404

00:25:54,669 --> 00:25:49,679

me check with Dave from his angle do you

405

00:25:59,570 --> 00:25:56,810

I'm telling you we went outside we

406

00:26:03,970 --> 00:26:01,610

all right I'll call an air base again

407

00:26:06,669 --> 00:26:03,980

okay hold on

408

00:26:09,710 --> 00:26:06,679

gladly come down pick you up in the car

409

00:26:14,370 --> 00:26:09,720

come get me all right come get me I'll

410

00:26:15,789 --> 00:26:14,380

be outside okay all right I need a break

411

00:26:18,950 --> 00:26:15,799

[Music]

412

00:26:23,110 --> 00:26:18,960

I don't believe this where's the number

413

00:26:23,120 --> 00:26:40,210

[Applause]

414

00:26:44,149 --> 00:26:42,590

hovering over sight did you show

415

00:26:56,710 --> 00:26:44,159

anything at all in your radar screen in

416

00:27:00,529 --> 00:26:59,090

it goes 50 feet from the ground there's

417

00:27:02,510 --> 00:27:00,539

blue and green lights some people say

418

00:27:04,070 --> 00:27:02,520

they see a red holding light offers

419

00:27:08,250 --> 00:27:04,080

about 50 feet from the ground with no

420

00:27:08,260 --> 00:27:14,090

[Applause]

421

00:27:20,870 --> 00:27:17,930

tell me when he's out here okay uh now

422

00:27:22,510 --> 00:27:20,880

let me ask everybody let me give you

423

00:27:26,210 --> 00:27:22,520

number to contact

424

00:27:28,390 --> 00:27:26,220

675-2549 okay all right all right I'm

425

00:27:31,190 --> 00:27:28,400

going to look at it now myself

426

00:27:32,710 --> 00:27:31,200

talking about the thing that looked like

427

00:27:38,110 --> 00:27:32,720

a UFO or whatever

428

00:27:43,370 --> 00:27:41,029

we got eight calls earlier yeah Liberty

429

00:27:45,710 --> 00:27:43,380

was telling us about it yeah and it's

430

00:27:47,510 --> 00:27:45,720

and we got calls last night on it too he

431

00:27:49,490 --> 00:27:47,520

told you know I said something to Pete I

432

00:27:51,710 --> 00:27:49,500

said yeah it's probably altered how's

433

00:27:53,710 --> 00:27:51,720

the UFO going to be detected on radar

434

00:27:56,870 --> 00:27:53,720

when it's ourselves

435

00:27:58,669 --> 00:27:56,880

I could only hear bits and pieces that's

436

00:28:01,310 --> 00:27:58,679

what we were saying so yeah we got like

437

00:28:03,169 --> 00:28:01,320

eight calls on it earlier so think about

438

00:28:04,730 --> 00:28:03,179  
it for 40 years you've heard about UFOs

439  
00:28:06,970 --> 00:28:04,740  
and they never had one on Rich they got

440  
00:28:09,409 --> 00:28:06,980  
to be self yep exactly

441  
00:28:11,990 --> 00:28:09,419  
I said they'll never get them on radar

442  
00:28:15,169 --> 00:28:12,000  
yeah so who knows actually Roy and

443  
00:28:16,730 --> 00:28:15,179  
called out to uh out to the airport to

444  
00:28:18,649 --> 00:28:16,740  
see if they were picking anything up

445  
00:28:20,390 --> 00:28:18,659  
yeah you know around the area they said

446  
00:28:22,070 --> 00:28:20,400  
they hadn't seen anything but we got you

447  
00:28:23,269 --> 00:28:22,080  
know we just one call or something like

448  
00:28:25,190 --> 00:28:23,279  
that you know you don't think anything

449  
00:28:27,049 --> 00:28:25,200  
else we got like eight different calls

450  
00:28:28,310 --> 00:28:27,059  
from different people on it so that's

451

00:28:29,690 --> 00:28:28,320

hard to say it's the winter months you

452

00:28:31,549 --> 00:28:29,700

get a lot you see a lot more shooting

453

00:28:33,950 --> 00:28:31,559

stars because I don't know if the sky is

454

00:28:36,350 --> 00:28:33,960

clear or something right and I went with

455

00:28:37,730 --> 00:28:36,360

the cold they drag on right up station

456

00:28:39,590 --> 00:28:37,740

tonight there was one good one to come

457

00:28:42,169 --> 00:28:39,600

down I mean it was way down so it was

458

00:28:44,029 --> 00:28:42,179

way bright and

459

00:28:45,649 --> 00:28:44,039

that's what he was he was a joke about

460

00:28:48,230 --> 00:28:45,659

that because I told him I saw that

461

00:28:50,350 --> 00:28:48,240

shooting stars yeah so you're like beat

462

00:28:52,730 --> 00:28:50,360

me up Captain Kirk yeah

463

00:28:55,850 --> 00:28:52,740  
so that probably that's probably what

464  
00:28:57,649 --> 00:28:55,860  
they're saying yeah most likely okay all

465  
00:28:59,930 --> 00:28:57,659  
right yeah well I'll make a note of that

466  
00:29:01,909 --> 00:28:59,940  
for uh whoever else you know comes out

467  
00:29:04,669 --> 00:29:01,919  
tomorrow whatever maybe hopefully she

468  
00:29:06,230 --> 00:29:04,679  
won't uh she won't start up again but

469  
00:29:07,909 --> 00:29:06,240  
just in case well you might as well keep

470  
00:29:09,350 --> 00:29:07,919  
a note of that registration in case the

471  
00:29:13,669 --> 00:29:09,360  
guys like the afternoon turn or somebody

472  
00:29:16,010 --> 00:29:13,679  
right yeah County dispatch is that a UFO

473  
00:29:17,110 --> 00:29:16,020  
or another phone is that a UFO they're

474  
00:29:21,409 --> 00:29:17,120  
looking for him

475  
00:29:24,669 --> 00:29:21,419  
at the gym oh yeah yeah seriously we got

476

00:29:27,590 --> 00:29:24,679

like eight calls on it earlier

477

00:29:28,570 --> 00:29:27,600

hey Leslie would you believe Leslie if

478

00:29:31,070 --> 00:29:28,580

she said yeah

479

00:29:32,330 --> 00:29:31,080

isn't that the UFO so we got like eight

480

00:29:35,470 --> 00:29:32,340

calls on earlier today and they're

481

00:29:39,230 --> 00:29:35,480

looking again unless we said yes

482

00:29:40,789 --> 00:29:39,240

we got calls earlier tonight on it and

483

00:29:42,950 --> 00:29:40,799

um a couple different people the

484

00:29:44,510 --> 00:29:42,960

officers said they saw it and one of the

485

00:29:47,570 --> 00:29:44,520

Helen officers who said he saw that

486

00:29:49,970 --> 00:29:47,580

King's Graves had hides covering it for

487

00:29:51,710 --> 00:29:49,980

like 10 minutes so who knows it's pretty

488

00:29:58,490 --> 00:29:51,720  
messed up we got reports on some last

489  
00:30:05,049 --> 00:30:00,110  
he's just all quiet over there today

490  
00:30:08,810 --> 00:30:07,669  
yeah we well we went out from here and

491  
00:30:15,769 --> 00:30:08,820  
couldn't see it but it's hard because

492  
00:30:20,750 --> 00:30:17,649  
so hovering there for like 10 minutes

493  
00:30:25,430 --> 00:30:20,760  
what was it supposed to be brick blue

494  
00:30:33,549 --> 00:30:27,110  
supposed to be blue and green

495  
00:30:38,210 --> 00:30:36,230  
we called out to the air base earlier

496  
00:30:39,850 --> 00:30:38,220  
and they said that they hadn't had

497  
00:30:43,789 --> 00:30:39,860  
anything on their uh

498  
00:30:45,769 --> 00:30:43,799  
on their radar but if it's if it's an

499  
00:30:46,789 --> 00:30:45,779  
area of hand hiding in King's Graves it

500  
00:30:48,590 --> 00:30:46,799  
would have to be showing up on their

501  
00:30:51,800 --> 00:30:48,600  
radar you know if there was something

502  
00:31:17,590 --> 00:31:02,400  
[Applause]

503  
00:31:17,600 --> 00:31:21,960  
30 seconds

504  
00:32:00,780 --> 00:31:45,320  
[Applause]

505  
00:32:11,590 --> 00:32:00,790  
[Music]

506  
00:32:16,310 --> 00:32:15,490  
you could see it in the distance Belmont

507  
00:32:20,930 --> 00:32:16,320  
[Music]

508  
00:32:24,529 --> 00:32:20,940  
[Applause]

509  
00:32:27,529 --> 00:32:24,539  
I don't see it now I'm down on Logan now

510  
00:32:30,770 --> 00:32:27,539  
let's go in that direction okay

511  
00:33:00,909 --> 00:32:50,420  
[Applause]

512  
00:33:05,750 --> 00:33:02,870  
I was just looking at through the

513

00:33:07,010 --> 00:33:05,760  
binoculars it looks like that it looks

514  
00:33:12,920 --> 00:33:07,020  
like it has something secluding out

515  
00:34:06,110 --> 00:33:19,770  
[Applause]

516  
00:34:10,510 --> 00:34:08,990  
this is going pretty good it's all the

517  
00:34:13,810 --> 00:34:10,520  
way into Liberty now

518  
00:34:21,169 --> 00:34:13,820  
I was now almost into the sun

519  
00:34:39,010 --> 00:34:23,770  
[Applause]

520  
00:34:42,050 --> 00:34:39,020  
22-23 to control

521  
00:34:44,389 --> 00:34:42,060  
22-23 good okay

522  
00:34:46,930 --> 00:34:44,399  
visual on both of them I'm sure you know

523  
00:34:49,790 --> 00:34:46,940  
what I'm talking about

524  
00:34:52,730 --> 00:34:49,800  
10-4 we have multiple departments right

525  
00:34:53,689 --> 00:34:52,740  
now that have sightings on it okay I got

526

00:34:55,990 --> 00:34:53,699

them both

527

00:34:58,329 --> 00:34:56,000

[Applause]

528

00:35:01,130 --> 00:34:58,339

like it's an area

529

00:35:02,109 --> 00:35:01,140

and I got Liberties it looks like it's

530

00:35:04,730 --> 00:35:02,119

down

531

00:35:06,230 --> 00:35:04,740

therefore if you see it any closer you

532

00:35:06,290 --> 00:35:06,240

can identify it with us

533

00:35:12,320 --> 00:35:06,300

[Music]

534

00:35:18,530 --> 00:35:13,490

[Applause]

535

00:35:37,950 --> 00:35:32,560

[Music]

536

00:35:37,960 --> 00:35:42,850

[Applause]

537

00:35:46,870 --> 00:35:43,010

[Music]

538

00:35:54,050 --> 00:35:49,910  
radar at the airport they're advising

539  
00:36:07,150 --> 00:35:55,609  
if there's anything anyway if it's

540  
00:36:08,990 --> 00:36:07,400  
[Applause]

541  
00:36:24,829 --> 00:36:09,000  
[Music]

542  
00:36:24,839 --> 00:36:27,610  
foreign

543  
00:36:30,310 --> 00:36:27,690  
[Music]

544  
00:37:51,730 --> 00:36:30,320  
[Applause]

545  
00:37:57,190 --> 00:37:53,810  
we ended up

546  
00:38:03,970 --> 00:38:00,370  
uh it's another agency

547  
00:38:07,250 --> 00:38:03,980  
okay is anybody close to this thing

548  
00:38:13,450 --> 00:38:07,260  
the last scene it was uh Southeastern

549  
00:38:21,370 --> 00:38:15,950  
46 you should be able to see if there's

550  
00:38:21,380 --> 00:38:29,290  
I don't see anything

551

00:38:33,550 --> 00:38:31,609

see uh if you're in a tree line we'll

552

00:38:36,849 --> 00:38:33,560

probably block your view

553

00:38:39,190 --> 00:38:36,859

I'll be able to see it from uh

554

00:38:42,890 --> 00:38:39,200

yeah you should be able to

555

00:38:47,410 --> 00:38:42,900

82 or 10 Glades or where uh yeah I just

556

00:38:47,420 --> 00:38:51,430

the air base

557

00:38:51,440 --> 00:38:56,829

223 checkup 22 okay

558

00:39:01,849 --> 00:38:59,290

what's your last one

559

00:39:06,530 --> 00:39:01,859

was your last location that you saw it

560

00:39:06,540 --> 00:39:11,290

all right here I'm gonna

561

00:39:11,300 --> 00:39:17,290

give me registration when you can yeah

562

00:39:23,630 --> 00:39:20,030

all right I don't know what this is it's

563

00:39:25,120 --> 00:39:23,640  
some large light in the sky it seems to

564  
00:39:26,089 --> 00:39:25,130  
be changing colors once in a while

565  
00:39:31,550 --> 00:39:26,099  
[Applause]

566  
00:39:31,560 --> 00:39:37,370  
[Music]

567  
00:40:00,500 --> 00:39:44,330  
[Applause]

568  
00:40:00,510 --> 00:40:18,290  
[Music]

569  
00:40:25,550 --> 00:40:21,020  
long

570  
00:40:28,630 --> 00:40:27,080  
control forward

571  
00:40:46,020 --> 00:40:28,640  
[Applause]

572  
00:40:49,010 --> 00:40:46,130  
[Music]

573  
00:41:27,620 --> 00:40:49,020  
[Applause]

574  
00:41:34,830 --> 00:41:28,670  
[Music]

575  
00:41:34,840 --> 00:41:52,520  
[Applause]

576

00:41:52,530 --> 00:41:58,260

[Music]

577

00:41:58,270 --> 00:42:06,190

[Applause]

578

00:42:11,270 --> 00:42:08,150

and then there's two kind of close

579

00:42:12,530 --> 00:42:11,280

together what do they look like well I'd

580

00:42:15,230 --> 00:42:12,540

like to say that they're just like

581

00:42:17,569 --> 00:42:15,240

flickering Stars except I've got four

582

00:42:19,790 --> 00:42:17,579

discernible colors I got red yellow

583

00:42:22,069 --> 00:42:19,800

green and blue and the one just was like

584

00:42:24,109 --> 00:42:22,079

flashy so if there's those planets those

585

00:42:26,270 --> 00:42:24,119

guys were talking about then their

586

00:42:28,130 --> 00:42:26,280

plants with Christmas lights on you can

587

00:42:29,569 --> 00:42:28,140

see them I can see them not like clear

588

00:42:31,210 --> 00:42:29,579  
as they I don't see any wings or

589  
00:42:35,710 --> 00:42:31,220  
anything

590  
00:42:40,810 --> 00:42:39,890  
unreal what are you doing that's what I

591  
00:42:43,370 --> 00:42:40,820  
mean I mean

592  
00:42:45,310 --> 00:42:43,380  
without my binoculars I can see red

593  
00:42:47,270 --> 00:42:45,320  
yellow green and blue

594  
00:42:50,750 --> 00:42:47,280  
way over there they got to be way over

595  
00:42:53,750 --> 00:42:50,760  
in cordless yeah

596  
00:43:30,980 --> 00:42:53,760  
but

597  
00:43:30,990 --> 00:43:42,190  
[Applause]

598  
00:43:45,790 --> 00:43:44,470  
[Music]

599  
00:43:50,750 --> 00:43:45,800  
[Applause]

600  
00:43:55,069 --> 00:43:53,210  
oh Jesus Christ please be a plane oh

601  
00:43:58,550 --> 00:43:55,079  
please come on how are you ready for

602  
00:43:58,560 --> 00:44:02,809  
little [h\_\_\h] where'd you go

603  
00:44:07,809 --> 00:44:05,990  
let the plane so thank God I get nervous

604  
00:44:09,770 --> 00:44:07,819  
when they're coming right at me

605  
00:44:11,630 --> 00:44:09,780  
I'll tell you what they're flying from

606  
00:44:13,370 --> 00:44:11,640  
the Air Force Base really something's

607  
00:44:16,370 --> 00:44:13,380  
got to be all right yeah hold on I'm

608  
00:44:19,990 --> 00:44:16,380  
about to get you rolled again so who are

609  
00:44:24,730 --> 00:44:20,000  
you right here wait where are you uh

610  
00:44:27,589 --> 00:44:24,740  
Warner Road South of uh of uh

611  
00:44:29,630 --> 00:44:27,599  
four up there now there's four planes oh

612  
00:44:31,609 --> 00:44:29,640  
okay so what's up I mean the other

613

00:44:34,990 --> 00:44:31,619  
things are still there these are like

614  
00:44:40,680 --> 00:44:37,010  
all right what are we doing with this

615  
00:44:40,690 --> 00:44:44,710  
[Music]

616  
00:44:44,720 --> 00:44:49,000  
thank you

617  
00:44:49,010 --> 00:44:52,849  
[Music]

618  
00:45:06,190 --> 00:44:54,650  
negative eyes did not show up on the

619  
00:45:10,870 --> 00:45:09,829  
okay the reports from all these local

620  
00:45:12,230 --> 00:45:10,880  
police departments right

621  
00:45:14,930 --> 00:45:12,240  
[Applause]

622  
00:45:17,210 --> 00:45:14,940  
determine if they're all recorded and

623  
00:45:20,329 --> 00:45:17,220  
then a one-party advice this may be some

624  
00:45:21,820 --> 00:45:20,339  
kind of celestial Planet showing during

625  
00:45:24,309 --> 00:45:21,830  
a meteor shark

626

00:45:29,990 --> 00:45:24,319

[Applause]

627

00:45:32,329 --> 00:45:30,000

what I saw was fun a planet it was close

628

00:45:34,069 --> 00:45:32,339

to the tree lines it came off a big red

629

00:45:35,710 --> 00:45:34,079

light it was almost like it was it was

630

00:45:42,290 --> 00:45:35,720

Daylight but right outside

631

00:45:42,300 --> 00:45:51,730

um

632

00:45:56,569 --> 00:45:54,230

that thing with the Air Force Base and

633

00:45:59,630 --> 00:45:56,579

the radar for the planet do you remember

634

00:46:03,050 --> 00:45:59,640

ours last year that we called the Air

635

00:46:05,990 --> 00:46:03,060

Force Base and they said uh no there's

636

00:46:08,089 --> 00:46:06,000

nothing going on but then I don't know

637

00:46:11,210 --> 00:46:08,099

who did it they decided they called the

638

00:46:12,829 --> 00:46:11,220  
uh the National Weather thing and the

639  
00:46:14,870 --> 00:46:12,839  
weather had it on their right sorry

640  
00:46:16,730 --> 00:46:14,880  
don't ask me well you know what I was

641  
00:46:18,650 --> 00:46:16,740  
just thinking like it was ever like

642  
00:46:21,829 --> 00:46:18,660  
running the show out there for this is

643  
00:46:23,089 --> 00:46:21,839  
like really into this no nobody is who's

644  
00:46:25,309 --> 00:46:23,099  
ever ruining the show out here is like

645  
00:46:26,690 --> 00:46:25,319  
laughing at all you guys out there but

646  
00:46:28,069 --> 00:46:26,700  
that's because they're in a closed

647  
00:46:30,290 --> 00:46:28,079  
building and we're out here looking at

648  
00:46:31,550 --> 00:46:30,300  
this okay okay but now what I'm

649  
00:46:32,990 --> 00:46:31,560  
wondering is maybe somebody might want

650  
00:46:35,030 --> 00:46:33,000  
to give the National Weather people a

651

00:46:37,690 --> 00:46:35,040

call because they're not going to

652

00:46:40,320 --> 00:46:37,700

classify [h\_\_\h] they'll call anything else

653

00:46:46,270 --> 00:46:40,330

like they did that last year

654

00:46:51,069 --> 00:46:49,849

that's Venus okay well then uh there's

655

00:46:54,170 --> 00:46:51,079

six of them

656

00:46:56,270 --> 00:46:54,180

yeah there's a she's right about that

657

00:46:57,589 --> 00:46:56,280

meteor shower thing because when I was

658

00:47:00,230 --> 00:46:57,599

standing when I got off the phone with

659

00:47:02,210 --> 00:47:00,240

you in five minutes in this little space

660

00:47:03,710 --> 00:47:02,220

that I'm watching there were six of them

661

00:47:05,990 --> 00:47:03,720

whatever you call them shooting star

662

00:47:08,809 --> 00:47:06,000

things so there's six of them so they're

663

00:47:11,210 --> 00:47:08,819  
there but I don't know what it is but I

664  
00:47:13,490 --> 00:47:11,220  
just wish it was cloudy and we wouldn't

665  
00:47:15,950 --> 00:47:13,500  
see this right exactly well what gets me

666  
00:47:18,170 --> 00:47:15,960  
is what was Liberty chasing then I have

667  
00:47:20,990 --> 00:47:18,180  
no idea last time I heard Venus really

668  
00:47:24,780 --> 00:47:21,000  
didn't wasn't wanted anywhere so I had

669  
00:47:24,790 --> 00:47:28,450  
[Applause]

670  
00:47:33,050 --> 00:47:30,710  
yeah I get a registration where you can

671  
00:47:34,910 --> 00:47:33,060  
I'll tell you what I I couldn't see them

672  
00:47:37,010 --> 00:47:34,920  
well enough from the radar Tower I I

673  
00:47:40,809 --> 00:47:37,020  
climbed up there and the fact that my

674  
00:47:45,109 --> 00:47:43,309  
it's a little chilly so I would have

675  
00:47:46,790 --> 00:47:45,119  
three flights and I thought well you

676

00:47:49,370 --> 00:47:46,800

know as much as I like Star Trek I don't

677

00:47:54,670 --> 00:47:49,380

like it this much

678

00:48:10,430 --> 00:48:06,849

[Applause]

679

00:48:12,410 --> 00:48:10,440

yeah but ironically while everybody else

680

00:48:15,470 --> 00:48:12,420

was watching it a couple of the Niles

681

00:48:20,110 --> 00:48:15,480

guys had a night vision scope some lady

682

00:48:20,120 --> 00:48:29,040

[Applause]

683

00:48:32,250 --> 00:48:31,980

[Music]

684

00:48:59,809 --> 00:48:32,260

[Applause]

685

00:49:01,730 --> 00:48:59,819

and I'm like well it was pretty far away

686

00:49:04,730 --> 00:49:01,740

from all of us you know we really can't

687

00:49:07,309 --> 00:49:04,740

make a good determination but there's

688

00:49:09,230 --> 00:49:07,319  
that chance you know well we're about

689  
00:49:11,569 --> 00:49:09,240  
the last 35 minutes we've been tracking

690  
00:49:13,910 --> 00:49:11,579  
this with a telescope and it's moving in

691  
00:49:17,030 --> 00:49:13,920  
a set heart you know which would be with

692  
00:49:21,170 --> 00:49:17,040  
the rotation it's a planet which one God

693  
00:49:50,109 --> 00:49:25,140  
[Music]

694  
00:49:55,190 --> 00:49:52,870  
or what the situation was

695  
00:49:57,349 --> 00:49:55,200  
but if that's a planet that's a planet

696  
00:49:59,510 --> 00:49:57,359  
it's pretty damn low but oh yeah well

697  
00:50:00,890 --> 00:49:59,520  
like I said it was lower when we first

698  
00:50:02,990 --> 00:50:00,900  
saw it and like I said we've been

699  
00:50:04,370 --> 00:50:03,000  
sitting out here on the Strip just you

700  
00:50:07,130 --> 00:50:04,380  
know everybody's sitting is still not

701

00:50:09,589 --> 00:50:07,140

moving and we every so often we had to

702

00:50:12,410 --> 00:50:09,599

adjust the telescope so it's it's moving

703

00:50:14,030 --> 00:50:12,420

it's arcing in a set pattern so it looks

704

00:50:15,770 --> 00:50:14,040

like it's stationary I think it's a

705

00:50:18,550 --> 00:50:15,780

little higher than you know like where

706

00:50:21,410 --> 00:50:18,560

I'm at right now I can see

707

00:50:23,109 --> 00:50:21,420

because I'm down here at the corners you

708

00:50:28,069 --> 00:50:23,119

know that's even lower than the center

709
