

*It Made Only a Soft 'Whooshing Sound'*

**Unidentified Flying Objects  
Apparently Are Here To Stay**

1  
00:00:04,309 --> 00:00:02,210  
be interviewed or investigated two

2  
00:00:07,730 --> 00:00:04,319  
separate Landing reports over there one

3  
00:00:11,209 --> 00:00:07,740  
was the December 21st Case by ported by

4  
00:00:13,430 --> 00:00:11,219  
Horace Burns of gratos who said he saw a

5  
00:00:15,350 --> 00:00:13,440  
UFO cross the road ahead of his car his

6  
00:00:18,290 --> 00:00:15,360  
car stalled and the object landed in the

7  
00:00:20,390 --> 00:00:18,300  
field we visited with Professor Ernest

8  
00:00:22,310 --> 00:00:20,400  
gayman of the Eastern Mennonite college

9  
00:00:24,769 --> 00:00:22,320  
and he has done a very thorough

10  
00:00:25,730 --> 00:00:24,779  
investigation job for us he is an icamp

11  
00:00:27,710 --> 00:00:25,740  
member

12  
00:00:29,810 --> 00:00:27,720  
the other incident

13  
00:00:34,970 --> 00:00:29,820

more recent I believe the date was

14

00:00:37,549 --> 00:00:34,980

January 19 and also near Queensborough

15

00:00:40,010 --> 00:00:37,559

uh this involved a man who

16

00:00:42,650 --> 00:00:40,020

said that he had witnessed the youthful

17

00:00:44,690 --> 00:00:42,660

landing and saw some small beings

18

00:00:47,030 --> 00:00:44,700

emerged from the object

19

00:00:49,069 --> 00:00:47,040

there was no kind of communication he

20

00:00:50,810 --> 00:00:49,079

just was confronted by these beings and

21

00:00:53,029 --> 00:00:50,820

he stated that he was very frightened by

22

00:00:55,010 --> 00:00:53,039

The Experience now I hastened to add

23

00:00:57,410 --> 00:00:55,020

that we don't necessarily believe this

24

00:00:59,270 --> 00:00:57,420

story 100 we're interested in objective

25

00:01:01,189 --> 00:00:59,280

scientific investigation and that's why

26

00:01:03,170 --> 00:01:01,199

we were there but at one point I

27

00:01:05,750 --> 00:01:03,180

wouldn't

28

00:01:07,609 --> 00:01:05,760

obviously had been intimidated by some

29

00:01:09,950 --> 00:01:07,619

kind of government agents unidentified

30

00:01:13,130 --> 00:01:09,960

we don't know who they were Air Force

31

00:01:15,890 --> 00:01:13,140

FBI CIA but it was very obvious from

32

00:01:18,050 --> 00:01:15,900

talking to this man's friends who are

33

00:01:20,990 --> 00:01:18,060

very responsible local citizens that

34

00:01:23,690 --> 00:01:21,000

this man had been intimidated I could

35

00:01:25,670 --> 00:01:23,700

not talk about his experience Mr Hall in

36

00:01:27,770 --> 00:01:25,680

your investigation are these two

37

00:01:30,830 --> 00:01:27,780

signings were there any material

38

00:01:33,830 --> 00:01:30,840

evidence of a craft of some kind Landing

39

00:01:36,530 --> 00:01:33,840

no in the first case uh December 21st

40

00:01:37,850 --> 00:01:36,540

there was physical evidence Professor

41

00:01:42,469 --> 00:01:37,860

Gaiman

42

00:01:45,890 --> 00:01:44,630

activity at where the object had been

43

00:01:48,230 --> 00:01:45,900

seen to land

44

00:01:51,050 --> 00:01:48,240

This was later denied by the Air Force

45

00:01:52,490 --> 00:01:51,060

or they implied that Professor Gaiman

46

00:01:53,929 --> 00:01:52,500

was a professor of German and didn't

47

00:01:56,990 --> 00:01:53,939

know what he was doing

48

00:01:59,090 --> 00:01:57,000

but the Air Force failed to mention that

49

00:02:00,889 --> 00:01:59,100

a couple of DuPont Engineers were also

50

00:02:03,410 --> 00:02:00,899

passing and verified the high

51  
00:02:05,569 --> 00:02:03,420  
radioactivity this is a good form of

52  
00:02:08,809 --> 00:02:05,579  
physical evidence as was the fact that

53  
00:02:10,190 --> 00:02:08,819  
the man's car motor failed as the UFO

54  
00:02:12,229 --> 00:02:10,200  
passed by

55  
00:02:15,110 --> 00:02:12,239  
in the second case

56  
00:02:17,449 --> 00:02:15,120  
there was no physical evidence but there

57  
00:02:18,530 --> 00:02:17,459  
had been several and snow storms in

58  
00:02:20,150 --> 00:02:18,540  
between the sighting and the

59  
00:02:22,790 --> 00:02:20,160  
investigation so this is not too

60  
00:02:24,710 --> 00:02:22,800  
surprising as you heard Mr Hall said in

61  
00:02:27,110 --> 00:02:24,720  
the case up at grottos the man said that

62  
00:02:29,449 --> 00:02:27,120  
when the alleged UFO hovered over his

63  
00:02:31,729 --> 00:02:29,459

car passed over his engine stalled up

64

00:02:33,949 --> 00:02:31,739

this also happened in the case of a

65

00:02:35,990 --> 00:02:33,959

sighting in Williamsburg which you are

66

00:02:38,630 --> 00:02:36,000

probably familiar with where two men

67

00:02:40,490 --> 00:02:38,640

were driving down this the highway and

68

00:02:42,350 --> 00:02:40,500

in separate cars both men said their

69

00:02:44,990 --> 00:02:42,360

cars stole out as they came with inside

70

00:02:47,690 --> 00:02:45,000

of a large cone-shaped object hovering

71

00:02:49,970 --> 00:02:47,700

over a field these signings and signings

72

00:02:52,610 --> 00:02:49,980

and the years gone by have also shown

73

00:02:54,589 --> 00:02:52,620

cases where electronic effects have come

74

00:02:56,330 --> 00:02:54,599

about When the UFO had been cited I

75

00:02:59,089 --> 00:02:56,340

asked Mr halt there was any explanation

76

00:03:01,130 --> 00:02:59,099

for this yes we have a section in the

77

00:03:03,470 --> 00:03:01,140

youthful evidence report which lists

78

00:03:06,110 --> 00:03:03,480

fast cases of so-called electromagnetic

79

00:03:07,850 --> 00:03:06,120

interference there is no known

80

00:03:11,030 --> 00:03:07,860

explanation for this

81

00:03:13,729 --> 00:03:11,040

few guesses that it apparently is some

82

00:03:15,890 --> 00:03:13,739

powerful electrostatic field causing it

83

00:03:18,350 --> 00:03:15,900

but the exact mechanism of how it works

84

00:03:20,570 --> 00:03:18,360

nobody knows another case on record

85

00:03:22,850 --> 00:03:20,580

concerning these electromagnetic

86

00:03:25,490 --> 00:03:22,860

interferences happen several years ago

87

00:03:27,470 --> 00:03:25,500

when a group of jet planes were heading

88

00:03:28,970 --> 00:03:27,480

out to sea down somewhere in the

89

00:03:31,790 --> 00:03:28,980

southern part of the country near

90

00:03:34,130 --> 00:03:31,800

Florida and something happened and the

91

00:03:36,890 --> 00:03:34,140

never returned again so they sent

92

00:03:38,089 --> 00:03:36,900

another Coast Guard Plane out to try to

93

00:03:39,830 --> 00:03:38,099

find them see if perhaps they had

94

00:03:41,809 --> 00:03:39,840

crashed or something and this plane too

95

00:03:43,970 --> 00:03:41,819

would never return although they could

96

00:03:46,190 --> 00:03:43,980

never be sure they believed that some

97

00:03:48,649 --> 00:03:46,200

kind of electronic interference had

98

00:03:51,170 --> 00:03:48,659

caused their radar and their Compass to

99

00:03:53,149 --> 00:03:51,180

go completely out of whack and thus they

100

00:03:55,309 --> 00:03:53,159

lost their course and simply ran in a

101  
00:03:57,470 --> 00:03:55,319  
fuel in the middle of the Atlantic this

102  
00:04:00,649 --> 00:03:57,480  
is two in very interesting case

103  
00:04:03,530 --> 00:04:00,659  
it has been the policy of the press both

104  
00:04:05,449 --> 00:04:03,540  
presses to report on UFO sightings only

105  
00:04:07,789 --> 00:04:05,459  
within the state that the sighting

106  
00:04:10,009 --> 00:04:07,799  
occurs I hasten to add here that both

107  
00:04:11,869 --> 00:04:10,019  
prices here in Virginia I think gave

108  
00:04:14,210 --> 00:04:11,879  
very excellent coverage to sightings

109  
00:04:16,490 --> 00:04:14,220  
here in the Virginia area and for this

110  
00:04:18,890 --> 00:04:16,500  
reason richmonders did not know whether

111  
00:04:21,170 --> 00:04:18,900  
Virginia was the only place where flying

112  
00:04:22,909 --> 00:04:21,180  
saucers were being seen during December

113  
00:04:25,610 --> 00:04:22,919

and January we of course knew they were

114

00:04:27,950 --> 00:04:25,620

being seen here and until this report I

115

00:04:30,170 --> 00:04:27,960

feel most richmonders didn't have any

116

00:04:32,570 --> 00:04:30,180

idea that there were sightings elsewhere

117

00:04:34,670 --> 00:04:32,580

during the same period we asked Master

118

00:04:37,249 --> 00:04:34,680

Hall about this yes as a matter of fact

119

00:04:38,749 --> 00:04:37,259

the when the sightings were occurring in

120

00:04:40,730 --> 00:04:38,759

Virginia they were actually occurring

121

00:04:43,550 --> 00:04:40,740

all up and down the East Coast

122

00:04:46,670 --> 00:04:43,560

and apparently these stories very seldom

123

00:04:48,890 --> 00:04:46,680

go out on newswires outside of a given

124

00:04:51,830 --> 00:04:48,900

state so the overall picture is not

125

00:04:53,749 --> 00:04:51,840

realized by anyone in one state we did

126  
00:04:55,430 --> 00:04:53,759  
get sightings at the same time from New

127  
00:04:58,129 --> 00:04:55,440  
Hampshire incidentally there was a case

128  
00:05:00,590 --> 00:04:58,139  
of a car being stalled as the info

129  
00:05:02,150 --> 00:05:00,600  
passed over in New Hampshire there were

130  
00:05:04,850 --> 00:05:02,160  
sightings in Massachusetts Connecticut

131  
00:05:06,950 --> 00:05:04,860  
North Carolina and Georgia when the

132  
00:05:08,990 --> 00:05:06,960  
sighting stopped in the Virginia area

133  
00:05:10,490 --> 00:05:09,000  
they also stopped up and down the coast

134  
00:05:11,749 --> 00:05:10,500  
and now they have shifted out to the

135  
00:05:13,909 --> 00:05:11,759  
West Coast and we're starting to get

136  
00:05:17,150 --> 00:05:13,919  
very similar reports from Washington

137  
00:05:20,030 --> 00:05:17,160  
State Idaho Oregon and all that region

138  
00:05:23,390 --> 00:05:20,040

there was one case where a border

139

00:05:25,550 --> 00:05:23,400

patrolman reported seeing a large disc

140

00:05:27,469 --> 00:05:25,560

shaped object which descended and

141

00:05:29,090 --> 00:05:27,479

hovered above his car ahead of his car

142

00:05:31,790 --> 00:05:29,100

and then

143

00:05:34,370 --> 00:05:31,800

for a few seconds Zoom back up through

144

00:05:36,230 --> 00:05:34,380

the overcast and disappeared on the same

145

00:05:39,290 --> 00:05:36,240

night there was a reported Landing which

146

00:05:40,909 --> 00:05:39,300

the object left markings on the ground

147

00:05:42,770 --> 00:05:40,919

s it's the same sort of thing it's been

148

00:05:46,010 --> 00:05:42,780

very consistent over the years but
