

**JOAN CRAWFORD**

1  
00:00:05,870 --> 00:00:02,990  
in a remote part of South Australia's

2  
00:00:07,970 --> 00:00:05,880  
Flinders Rangers a strange 32-foot

3  
00:00:10,310 --> 00:00:07,980  
circle is etched into the grassy slope

4  
00:00:12,230 --> 00:00:10,320  
of a Hill owner of the property Joan

5  
00:00:14,150 --> 00:00:12,240  
Crawford says it's the remains of an

6  
00:00:16,010 --> 00:00:14,160  
incident back in March witnessed by

7  
00:00:18,769 --> 00:00:16,020  
herself and a neighbor which she's

8  
00:00:21,650 --> 00:00:18,779  
certain was an extraterrestrial visit I

9  
00:00:23,510 --> 00:00:21,660  
saw this enormous light and I stood

10  
00:00:24,710 --> 00:00:23,520  
there and it must have been five to six

11  
00:00:27,890 --> 00:00:24,720  
minutes

12  
00:00:29,269 --> 00:00:27,900  
my legs were like a half set gently I

13  
00:00:31,790 --> 00:00:29,279

was so scared

14

00:00:33,650 --> 00:00:31,800

these photographs show the circle and

15

00:00:35,810 --> 00:00:33,660

other small patches soon after the

16

00:00:37,610 --> 00:00:35,820

incident but the marks haven't faded

17

00:00:39,410 --> 00:00:37,620

whatever happened here that night has

18

00:00:41,389 --> 00:00:39,420

left an obvious scar on the face of this

19

00:00:43,310 --> 00:00:41,399

hill it's now seven months after the

20

00:00:45,350 --> 00:00:43,320

incident and while salvation Jane is

21

00:00:48,590 --> 00:00:45,360

abundant where the original marks were

22

00:00:50,930 --> 00:00:48,600

vegetation still refuses to grow it is

23

00:00:53,450 --> 00:00:50,940

dead the grass is dead and on the

24

00:00:55,130 --> 00:00:53,460

circles there's nothing growing Jones

25

00:00:57,410 --> 00:00:55,140

reported the incident to UFO

26

00:00:59,689 --> 00:00:57,420

investigators but in the meantime she's

27

00:01:01,610 --> 00:00:59,699

ever loss to explain what happened I

28

00:01:04,789 --> 00:01:01,620

told my neighbors and they all laughed

29

00:01:06,590 --> 00:01:04,799

at me by my grandson Wesley who thought
